

How to do a team banner

Team banners are a source of pride and identity for our Region 678 teams and each team should proudly display their banner at each game and at Picture Day.

Typically all teams from U5 to U14 have team banners in some form or another.

There are only a few rules:

- **You may put player FIRST names only** on the banner. **DO NOT** put first AND last names or uniform numbers. (Note: Just putting uniform numbers with NO NAME is OK too, but kids like to see their name.) This is done for the child's safety
- Beside your team name, don't forget your coach, assistant coach and team parent. You may want to also include your Team Number.
- Please stay away from trademarked names, particularly Disney names. Other examples are "The Barbie Dolls", "The Spongebobs" etc. Also team names cannot be associated with a Brand name or registered slogan such as "Just do it"
- Team names should be fun and non-political. If there are any questions regarding appropriateness of your name, contact your division coordinator via the board page on ayso678.org.

Two ways to get a banner:

1. **Order through a vendor.** Easiest and fastest way to get a banner. Once you have a team name, you can pick from thousands of designs and they include the banner stand and carrying case with the purchase

You can shop local or online. For your convenience, the following pages include some banner vendors but their inclusion does not imply any endorsement by AYSO Region 678.

2. **Make one yourself.** You can purchase supplies a local fabric store and have the team decorate the banner. Typically, teams use felt or other fabrics and decorate with paint, glitter or use cloth letters.

To create the banner stand, you can buy $\frac{3}{4}$ " or 1" PVC tubing (used for garden sprinklers) and the fittings. You may want to use Velcro, snap rings or grommets or just thin rope to mount the banner to your stand. Make sure it is easy to assemble and disassemble.
