# UNCLE JIM'S BAPTIST REVIVAL HYMN

One of the best things at the recent meeting of the Southern Baptist Convention in Fort Worth, Texas, May 16-20, 1934, was the recitation of the following hymn in Negro dialect by Editor J. S. Farmer of the Biblical Recorder of North Carolina, in his response to the address of welcome:

> Sin's rooster's crowed, Ole Mahator's riz, De sleepin'-time is pas'; Wake up dem lazy Baptissis, Dey's mightily in de grass, grass, Dey's mightily in de grass.

Ole Mahater's blowed de mornin' horn, He's blowed a powerful blas'; O Baptis' come, come hoe de corn, You's mightily in de grass, grass, You's mightily in de grass!

De Meth'dis team's done hitched; O fool, De day's n-brenkin' fan'; Gest up dat lean ole Baptis' mule, Dey's mightily in de grass, grass, Dey's mightily in de grass.

De workmen's few an' mons'rous slow, De cotton's sheddin' fas'; Whoop, look, jes' look at de Baptis' row Hit's mightily in de grass, grass, Hit's mightily in de grass!

De jay-hird squeal to de mockin'-bird: "Stop! Don' gimme non o' yo' sass; Better sing one song for de Baptis' crop, Dey's mightily in de grass, grass, Dey's mightily in de grass!"

And de ole crow croak: "Don' work, no, no;"
But de fiel'-fark say, "Yans, yuns,
An' I spec' you mighty glad, you debhlish crow,
Dat de Baptissis's in de grass, grass,
Dat de Baptissis's in de grass!"

Lord, thunder us up to de plowin'-match, Lord, pecrten de hoein' fas', Yes, Lord, hab mussy on de Baptis' patch, Dey's mightily in de grass, grass, Dey's mightily in de grass!

### THE FOREWORD

This is the thirteenth edition of the Southern Haptist Handbook. Three things have contributed to making it the best of all the Handbooks yet offered to the public:

First, it has (see Part II) the most thorough-going presentation and analysis of Southern Baptist work, along all lines, ever published in one volume.

Second, it has (see Part I) an informing and challenging presentation of the Brotherhood Movement of the South—a phase of our life and work which has never had a proper hearing before Southern Baptists.

Third, it carries certain special features this year which in themselves are more than worth the 50 cents which we charge for a copy of the Handbook-see the full text of President Dodd's address before the Southern Baptist Convention at Fort Worth, Texas; also the author's address on "One Hundred Years of Baptist Progress;" slso a sketch of Dr. I. J. Van Ness' thirty-four years of marvelous service with the Sunday School Board, and the thirty-four years progress of Sunday school work; also other special features.

Since we are bringing out the Handbook this year around the Fourth of July, three months earlier than formerly, we are clothing it in the patriotic

DR. M. E. DODD

Panior of First Baptist Church, Shreveport, Louisiama, since 1912 (with the exception of α few anoths) and now serving his second year on president of the Sauthers Saptist Convention, having been unanimously re-shelted at the meeting of the Convention in Fart Worth, Taxes, Mαγ 18, 1934.

# INTRODUCTION: THE PRESIDENT'S ADDRESS

Following is the address of Dr. M. E. Dodd, on president of the Southern Reptist Convention, delivered at the opening of the 78th session of the Convention, at Fort Worth, Taxon, May 18, 1834.

### THE FUNDAMENTALS OF OUR FAITH

In the midst of a world of chaos and confusion we Southern Baptists stand unshaken in our faith. We believe in God, and in his Son Jesus Christ our Lord, and in the Holy Spirit. We believe in the virgin birth, the vicarious death, the bodily resurrection and the personal return of our Lord and Saviour Jesus Christ. We believe in the Bible as the divinely inspired word of God and as an all-sufficient revelation of God's will concerning our faith and practice. We believe in the church as the agency and instrument through which to fulfil the purpose of God in spiritual ministry to the world. We believe in personal salvation by grace and through faith in Jesus Christ. We believe in social justice and righteousness as inevitable fruits of personal salvation.

We accept the commusion of Christ to preach the gospel to every creature as the supreme marching orders of a church and the highest and ultimate fonction of a Christian.

#### THE GLORY OF OUR CHURCHES

In the first chapter of the first book of the Bible we see God in the midst of the old creation—cosmos.

In the first chapter of the last book of the Bible we see Christ in the midst of his new creation.—the churches.

We read that Christ loved the church and gave himself for it, that the church is his temple, his field, his force, his flock, his family, his body, his bride.

Since Christ and the Scriptures thus exalt the church, I have sought to discharge the duties of the high office to which you called me a year ago by promoting every plan, program, policy and principle with the churches and their pastors in the forefront of all my thoughts.

In the Revelation picture of Christ we see him moving among his churches looking, studying, evaluating them; condemning some things in all of them except one, commending some things in all of them except one, calling upon them to repent and pointing the way for them to go.

I have tried to think of my work as that of going with Christ among the churches of the Southern Baptist Convention. I have desired to be a faithful representative and mouthpiece of Christ to the churches. With the Aposlle Paul, I have carried the burden of all the churches on my heart. Each church in all of our Convention territory, from the smallest in the countryside to the largest in the city, has been thought of as a divine institution planted for a divine purpose, equal in authority, in rights and in responsibilities with every other church.

### THE EFFECTIVENESS OF OUR CO-OPERATIVE PROGRAM

It has been my conception that the missionary, educational and benevolent enterprises which this Convention seeks to foster, are the enterprises of the churches. These agencies and institutions are only the means through which the churches fulfil their duty to God and by which the churches may carry out the commission of Christ.

These agencies and enterprises are only the servants of the churches. Christ did not give his commission to a convention but to the churches. If the churches choose to send messengers to sit in a Convention assembly and to devise means and methods by which they may more effectively carry out Christ's commission, that is their privilege and opportunity. If they do not so choose that is their responsibility,—and to their Father they stand or foll.

All of our pastors and churches need to remind themselves constantly that just as the individual Christian can make his life count for the most by uniting and co-operating with other Christians in the church, even so can the church count for the most in carrying out the commission of Christ by uniting with other churches in a co-operative program.

The messengers of the churches need to remind themselves of the moral obligation which they assume to support decisions and commitments of the Convention when they enter into council and conference with their brethren.

Messengers from the churches have seen fit to establish two groups of agencies through which to fulfil their mission. These agencies head up in the respective state conventions and in the Southern Baptist Convention. And the respective state conventions are equal in authority, privilege and opportunity, and since the support for their respective causes must come from the same source it is quite desirable and even necessary for them to enter into some sort of working agreement. Therefore, considerable effort has been made during the past year by the present administration to secure such working agreements. We have gone about this task upon the assumption that the Southern Baptist Convention and the respective state conventions as such, have no funds of their own to give to any cause. They are only the administrators of the funds which are put into their hands by churches and individuals. Therefore, neither has any right or authority over funds belonging to the other. In the matter of securing support

for their respective enterprises the two conventions are very much in the position of two children in the same family looking to the same source for their support. It is, therefore, necessary that they should cultivate a spirit of brotherliness, of understanding and of co-operation. These we have tried to foster and promote in every possible way during the past year.

And, again, since the agencies of this Convention are only the servants of the churches through which the churches have the opportunity and privilege of carrying out the commission of Christ, we have also put forth every effort to co-ordinate and correlate the work of the agencies so as to make it easy for pastors and churches to co-operate in the fullest possible manner. Overlapping in organization and duplication in promotion and propaganda have confused many pastors and churches.

Conferences with executives of the various agencies have been held and careful consideration has been given to these matters. Some progress has been made. But there remains much more to be done. I believe, however, that correlation and co-ordination can and will be accomplished by the agencies themselves without any action upon the part of the Convention being necessary.

There came an opportunity through an invitation from Dr. A. W. Beavin, president of the Federal Council of Churches in America, during the year to sit in informal conference with the presiding officers of other American evangelical denominations. This conference, representing some twenty-seven million members, assembled in Washington on December 6. The present state of morals and religion and the question, "What can we do?" climed the best and most earnest thought of those who participated in the conference. The conferees found themselves in agreement on many matters of fundamental faith and joined in issuing a united and challenging call to their several communions to rally to Christ and the church as never before. It is my personal thought that, in a day when the battering rams of atheism and infidelity are being hurled tagainst all religion, and especially against evangelical faith, we Southern Baptists may and should form every possible liaison with others in holding the lines against the common enemy, wherever it can be done without sacrificing our denominational integrity and our peculiar message.

# THE GREAT AIMS OF OUR ENDEAVORS

In discharging the duties of this office my desire has been to encourage and promote:

- 1. Doctrinal Soundness and Proclamation!
- 2. Spiritual Vitality and Unity!
- 3. Missionary Zeal and Activity!

After a year of intimate contacts with our people in practically every part of the Convention territory, having traveled \$1,706 miles attending conferences and conventions, I am convinced that Southern Baptists remain doctrinally sound. If error, hereay or false teaching have shown themselves in any place, they have been short lived. They cannot endure the withering fires of Southern Baptist faith and fortitude, the love and loyalty to their Lord and his Word and work.

But it is not enough to be doctrinally sound in conviction and confession. If the doctrines we profess are true and if they have brought a blessing to us, we are under imperative obligation to share them with the rest of the world. There must be doctrinal proclamation. We should shout our shibboleths from the housetops, on the atreet corners, in pulpit, platform, press, and on radio, not in the spirit of proselyters seeking to pull others over to our side, but in the spirit of propagandists seeking to share a heautiful benefit and blessing with our fellow human beings.

In the matter of spiritual vitality and unity it may be said that Southern Baptiats were never before more nearly one in their spiritual unity, ideals and saims. But we must stand asharted before the world at our failure to achieve only a moderate measure of the spiritual vitality which is necessary for the emergency conditions under which we are now living.

Our Sunday School Board and our Women's Missionary Union and other agencies have achieved splendidly and nobly in the matter of standards for their organizations. They have discovered and adopted the finest scientific and saychological system of education program and propagands known to the intellectual world. In these things, and thus far, all right-thinking Southern Baptists will join me in commending them and in rejoicing over their notable achievements. But we would say to them as Christ said to the religious leaders of his day, "These ye cought to do but not to leave undone the weightier matters of the law even justice and righteousness and truth." It is possible to measure up to mechanical standards without achieving a single spiritual ideal. I would, therefore, stress the need for all of our pastors, teachers, responsible leaders in local church and denominational enterprises by word of mouth, by printed page and by all other means of communication to suphasiss more and more the absolute importativeness of growing Christian character and accuring Christian conduct which come only from spiritual life and vitality.

### FACING SQUARELY SOME OF OUR FAILURES

In the matter of missionary real and activity we find ourselves humiliated. We profess to believe in missions as our supreme task. And we promise ourselves, promise such other, and promise Christ over and over to do more for missions, and yet for many years we have been doing less and less. Nor are our diminishing giffs the natural result of financial depression. The down grade began long before the depression came. It may be that the amounts received by our missionary enterprises do not represent the temperature of our people on the subject of missions. Our system of collecting and handling denominational funds is partly responsible for the poor showing on missions.

When 83.4 per cent of all monies raised is used in the local church, 10.12 per cent is used inside the state borders and only 6.48 per cent gets out to the support of all the Christly causes of this Convention, including our missionary enterprises around the world, we cannot escape the shame of this inequality in the division of funds. We should set ourselves steadfastly to the speediest possible correction of this matter.

I would call attention also to the disadvantage which the furtherest away causes suffer by the slow movements of our Baptist money. We rightly and scripturally urge our people to bring their tithes and offerings to God's house on the first day of the week. Why should not the churches and State Executive Boards do the same thing and make weekly remittances of denominational funds? Too much mission money lies too long in the bask account of the local church, and too much Southwide money lies too long in the bank account of same of the State Executive Boards. Certainly the least they can do would be for the churches to close their books not later than the fifth of each month, send forward denominational funds immediately, while the State Executive Boards should close their books not later than the tenth of each month and send the Southwide funds forward immediately. The Executive Board of the Southern Baptist Convention already follows the practice of remitting to the various agencies weekly the funds on hand.

# THE PROPER CARE OF OUR MINISTERS-YOUNG AND OLD

The preaching of the gospel has always been thought of as our primary, fundamental and imperative task. Of course it is desirable, and even necessary, to have a prepared ministry through which to render this mission effective. Therefare we have colleges and seminaries. But they should be looked upon as a means to a higher and more glorious end and not as an end within themselves.

We know, also, that soldiers of the cross, as well as soldiers of the country, need to be taken care of when old age creeps upon them or when they are invalided home from the battlefield. Therefore, we have a Ministerial Relief

Board and hospitals. But these should be thought of as a mesna to a higher end. The soldiers of the cross on the battlefield should be freed from anxiety and worry about old age and invalidism. If those who send them out could give them assurance of being taken care of when sick or old, it would release their full powers for concentration upon and consecration to the work of Christ. Adequate support for the Old Ministers Relief Board and the hospitals would give such assurance.

# SOME OF OUR PRESENT, PRESSING PROBLEMS

During the past few years our Baptist battle fronts have been sorely pressed. But for the most part the lines have held. The hardest pressed sector has been in the financial area. On that front, retreat has continued almost to the breaking point. But the retreat has been definitely halted and we are not ready to sound the note for advance.

Looking to the future we may say that our task is to mobilize, organize and vitalize all of our forces and then to evangelize our fields. "More men, more money and more missions" must be our battle cry.

In this Convention we should humbly confess our sins and pray for costs of fire from the attars of God to cleanse our lips and lives. We should here dedicate ourselves anew with all that we are and have to the service of Christ and his church.

We should send forth from this Convention a challenge to our people to avail themselves of God's means of grace for a renewal of faith and spiritual experience by daily Bible reading and prayer, by faithful attendance upon the services of God's house, by observance of the ordinances of the church, and by full devotion to the Bible teaching on stewardship. They should be challenged to be honest and fair with God by bringing their tithes and offerings into God's house on God's day for God's work in order that God may fulfil his promise to open the windows of heaven and pour them out a blessing.

In this Convention we should pledge ourselves and call upon our people to join us in a new devotion to the one supreme task of winning others to a personal faith in Christ.

In this Convention we should cry out against all social injustice, unrightcousness and unholiness. We cannot and will not evade the responsibility of properly positionizing ourselves in the midst of an order in which social and economic inequalities and injustices are brought to our attention daily.

We will maintain our age-long Baptist position as to separation of church and state. Yet at the same time we will recognize our responsibility, through spiritual teaching, to create the ideals by which a better state may be established. The work of the architect and the artisan are one in creating the cathedral. The one dreams the dream, the other furnishes the material and labor by which the dream is realized. Just so the spirit forces of the church and the arm of the state are one in producing the highest social order. The church conceives the ideal, the state provides the agency for its realization. The dreamer and the doer unite in producing the living order.

It is my carnest prayer and hope that the Holy Spirit may have complete control of all the sessions of this Convention and may guide in every thought, word and deed.

<sup>\*</sup>it will be noticed that President Bodd, slong with some others, has assumed that the Standards of Excellence, followed by the W.M.U. and the Standard School Board, are "mechanical." We should like to join to saue with President Dodd on this assumption. We great that it is expended to give these standards a purely mechanical interpretation; but one guest be very far removed from their apirt and intent to do so.

# THE MAN POWER OF SOUTHERN BAPTISTS

### THE MAN POWER IN THE SOUTH

It is interesting to note the differences in the man-power of the different sections of the United States. No two sections, in fact, have the same man-power. Counting only the male population, 21 years old and up, the following is the picture which the 1930 census presents:

Total population in the United States, 21 years old and up	72,943.624
Per cent of the total population (all ages and races)	59.01%
Men (all races) 21 years old and up (30.02%)	37,056,757
Women (all races) 21 years old and up (28.99%)	35.886.867

In the Northeastern states there are 99.9 men to every 100 women.

In the Southern states there are 300.8 men to every 100 women,

In the North Central states there are 104 men to every 100 women,

In the Western states there are 107.7 men to every 100 women.

n the South the men 21 years old and up (all races), number	11,345,774
racen)	27.07%
acgro men 21 and up in the South (6.25%)	2,598,182

In the Southern Baptist Convention territory, however, there are notable differences between the various states in the number and per cent of the men 21 and up (see table following). For example, Southern Illinois, South Carolina, North Carolina, Georgia, Alshama, and Mississippi rank lowest in man-power; whereas Arizona, District of Columbia, Florida, Maryland, Missouri, Oklahoma and Texas all take higher rank in man-power, with Missouri leading all (see table following).

# THE MAN POWER OF SOUTHERN BAPTISTS

Coming now to the question of the man-power among the 4,173,928 Southern Baptists, we are confronted with the fact that no exact figures are available. In the absence of actual statistics, however, we have two ways of coming upon the approximate number of men, 21 years old and up° among Southern Baptists—first, to make an actual survey of typical groups of Southern Baptist churches, and second, to apply the ratios and percentages of men found in the several states (see table on the preceding page) to the Baptists of these states.

In following the first line of investigation, we made a survey of seventy churches, grouped into four associations, with the following results:

The churches in the distinctly rural association showed only 18.2 per cent of the membership to be men 21 years old and up. The churches in the town and country association showed 21.74 per cent of the membership to be composed of men 21 years old and up. Whereas, the most highly developed urban association showed 28.5 per cent of its membership to be composed of men 21 years old and up.

We think it is worthy of note at this point that our country churches and our more undeveloped churches, without the large men's classes in Squday school and without very much organisation, have decidedly fewer men in them than our better developed town and city churches.

Of the total number of men found in the 70 churches surveyed, we found the following status of enlistment:

The country churches showed from 60 per cent to 79 per cent of the men in their membership wholly unenlisted.

The town and village churches showed an average of 62 per cent of the men wholly unenlisted.

Whereas the best urban churches showed an average of 60 per cent of the men wholly unenlisted.

Remembering that 21,000 out of our 24,270 churches are distinctly rural and making full use of the percentages and ratios obtained in this survey, also following as closely as possible the varying percentage and ratios set out in the preceding table compiled from the 1930 census, we are here giving the figures which represent the approximate man-power of Southern Baptists in the various states and in the whole Southern Baptist Convention, in the table following:

### CHAPTER II

# HOW THE BROTHERHOODS DO THEIR WORK

By Dr. Dudley H. Isom, Secretary, Louislana Sophist Brotherhood, Shreveport, Louislana

About the only knowledge I have of the Brotherhoods and their work is that gained through personal experience during the past ten years. My views have been somewhat altered since writing the manuscript for the volume known as the "Baptist Brotherhood Manual." The number of Brotherhoods have increased; the number of men developed through these organizations has mounted; the thoughts, actions and expressions of trained men have brought the writer closer to the actual need of the Baptist man-power and how it should be supplied through local organizations. Hence, in a revised issue of the Manual there will be changes to conform with the progress made in the Brotherhood work in recent years.

The Work Begins with the Individual Man: What I conceive to be the work of the Brotherhood heads up in the individual man of the church; the type and volume of service rendered rests upon the spirit of that man. Then with a group of consecrated, service-apirited men merging their wills and coordinating their energies through the medium of a Brotherhood organization, the unenlisted will be enlisted, the undeveloped will be developed and the unutilized will be utilized to the glory of God and the uplift of mankind. That individual must first believe that when the Lord said, "Come unto me all ye that labor and are heavy indem and I wilf give you rest," he meant rest from the weariness of traveling the road of sio and not rest from the labors of the Kingdom. He must believe that "having been made free from sin he became a servent of righteousness." He must believe that Paul was sincere, when he said, "I beneech you therefore, brothren, by the mercles of God, that you present your bodies a living sacrifice, holy, accapitable surto God, which is your reasonable service."

He must believe that since he has obeyed that impulse to "Come" he must be found faithful in carrying out the Master's injunction to "Go." What has been said of the individual does not minimize the significant fact that the momentum for carrying on a successful program in the church, through a men's organization, comes from the district, siate, and Sauthwide Brotherhoods. Instruction and inspiration passed down from these other organizations furnish the local Brotherhoods with what it takes to carry on.

In a word, here is what I mean. The writer attended his first Southern Baptist Convention in Houston, Taxes. He received inspiration from the Brother-

hood report. Returning, he proposed to his paster that a Brotherhood be organized in the church. This was done, promptly. Need was seen for an Associational Brotherhood. Within a few months there was such an organization, out of which grew many local organizations. This Associational Brotherhood is active today because of the inspiration received by an individual from the mother organization.

To summarise this introductory word, let me say that from experience I believe man must be incited to action in the Lord's service by the Scriptures and inspired and developed through organizations. With men inspired and the Brotherhood medium to work through, the following may be accomplished; each male member of the church personally contacted, each unenlisted man of the church enlisted to attend the Brotherhood and church services, group development through the study of programs on personal evangelism, missions, stewardship and church doctrine. Also there will be individual development. between regular weekly meetings, through extension work, street services, programs in jails, hospitals, and so forth. With this development taking place among the men of the church a greater soul-winning program will be fostered, Scriptural giving will be adhered to, men will become missionary enthusiants; they will he doctrinally edified and a great spirit of harmony will prevail between pastor and people. Let us see how the Brotherhoods do their work from a Southwide. statewide, associationwide, and churchwide aspect. We shall take them in the order suggested.

1. The Baptist Bretherhood of the South. This organization was set up by the Southern Baptist Convention in May, 1907, as the Layman's Missionary Movement. Leaders among the men of the South saw merit in such a movement to quicken the missionary spirit of the men in the Baptist churches. They had the proper conception for spreading the Kingdom. To conquer the world for Christ, men must be enlisted to support the church and its program of carrying the Gospel to all nations.

The great burden of propagating this Laymen's Movement among men was left to one paid secretary for the eighteen southern states. The movement grew and many churches throughout the southland set up local organizations. only thing they knew to do, after organizing, was to meet once each month for a great stirring address on missions by an outsider. More men gave some and some men gave more for the support of missions. In 1926 the title of the movement was changed from "The Layman's Missionary Movement" to the "Baptist Brotherhood of the South." This covered both classes of men in the one great movement, namely, pastors and laymen. Under this title the General Secretary, Dr. J. T. Henderson, has directed churches in the study of stewardship, missions, church efficiency, the office of deacon, financing a church and organizing the men to carry on in the churches he visited. He has written helpful tracts and instructive and inspirational books on these subjects. Many men have been inspired by and through his leadership. At present the chief functions of the Brotherhood of the South are, interesting the various states in providing enough through their budgets for the employment of a State Brotherhood secretary, the teaching of classes in Brotherhood books and organizing the men in statewide rallies. This work under the general direction of Secretary Henderson is headed by the Executive Committee of the Baptist Brotherhood of the South. On this committee are Knozville Members, Non-Resident Members and State Members. An Advisory Committee, composed of seven, pastors and laymen, meets frequently with the Secretary on matters effecting the Brotherhood movement. A Southern Baptist Men's Conference is held once each year, the day preceding the Southern Baptist Convention opening. Through this Conference and the personal leadership of the General Secretary the progress of the work throughout the South depends. We cannot hope for sensational results until more states catch the spirit and insist upon the appointment of paid accretaries for arousing, enlisting, and developing the men of the churchen

2. The State Baptist Brotherbood. The State Baptist Brotherhood must have an appropriation for maintaining its work, if the movement is to succeed with any degree of satisfaction. You will excuse me for using the state of Louisians as an example, but I know more about this state than any other one in the Union. A group if men appealed to the State Convention for an appropriation sufficient to pay the salary of a Secretary and also to help maintain an office

in connection with the other departments of the work. The Convention granted the request and the President of the state men's organization called the Advisory Council together for the purpose of choosing a Brotherhood secretary. The man was named, called and elected by the State Executive Board. His office was equipped alonguide the other state departments. He immediately set forth to select a key man in each association and "sold" him on the worth of the Brotherhood to the church. This key man interested other men (pastors and laymen) and announced a meeting of all interested men for one Sunday afternoon. At this meeting the question of an associational organization was discussed. Where such organizations were set up they utilized the laymen in organizing the men of the churches. The state Secretary busied himself in teaching the Brotherhood Manual in churches, associational groups, encampments, and so forth. He held district meetings of the men once each year for inspirational value and urged Associational organizations. The day prior to the State Convention there was called a meeting of all the men of the state for the purpose of getting more men to attend the State Convention, also to learn more about the Brotherhood work and develop the men who attended. The State Brotherhood is an organization for promoting the utilization of men, in the association and churches, and to assist individual men in serving their churches better. The officers in the state organization are a President, Vice-President, and Secretary. An Advisory Council composed of eight men, one from each district in the state, works in close co-operation with the secretary and other officers. A local Committee is held in tact for immediate action when the Secretary desires advice on matters of much importance.

3. The Associational Brotherhood. This is one of the most important bodies next to the local church group. Any dissociation may have an organization of its men whether or not there be a single church organization. The officers in this organization are a president and secretary. It is suggested that the men of the association meet at least quarterly, if not monthly. When they meet quarterly, the fifth Sunday is usually chosen. The meeting lasts shout two hours. The order is as follows; Song service-ten minutes; devotional-ten minutes; round table-thirty minutes; special music-five minutes; address by one of the masters in the association—thirty minutes; business session—twenty minutes; voluntary remarks-ten minutes and congregational song and adjournment—five minutes. There should be two standing committees that never cease to function, namely, Committee on Organization and Committee on the Every-Member Canvass. The first should strive to get invitations into churches where there are no Brotherhoods and neek to set up organizations. We are advocating now that the vice-president, in charge of programs in each local Brotherhood, he a committeeman for assigning the unorganized local organizations to certain churches for setting up new organizations. In other words, all the local program chairmen in the association will act as the Organization Committee. The committee on Every-Member Canvass should lay itself open to be used by the associational promotion chairman and be ready to assist in any church where its services are really needed. The president of the Associational Brotherhood will see that these committees function and that the men of the association have an inspirational, spiritual and educational program at least once each quarter. He should check up on the work by visiting the pastors of the association in the interest of new organizations and the Brotherhoods that are already organized. Other committees may be appointed by the president when need is seen for them. A committee on missions may keep busy holding services in strategic centers in the association, with an aim to organizing Sunday schools, B.Y.P.U.'s, and so forth. The president will suggest to the Moderator of the district association the name of a capable man to prepare the annual Brotherhood report. This places the responsibility in the hands of someone who

4. The Local Baptial Brotherhood. The Baptiat Brotherhood in the church is a great force for enlisting the men of the church for weekly programs of study. As these men are enlisted to attend and take part on the programs there is a noticeable development of their Christian courage, missionary spirit, and desire to be of greater service to the church. They become better acquainted with the other brethren of the church, with the denomination of which they are members and the Holy Word of God. They become better prepared to serve the church, the community in which they live and the Christ whom they worship. The Brotherhood unconsciously promotes co-operation between paster and people between men and the denomination and between men and the Master.

The success of a Brotherhood depends largely upon the beginning it has and the spirit of those composing the membership. The beginning is usually optimistic when the pastor is in thorough sympathy with the organization and the descons favor it. A steady growth is made certain when the proper officers are selected, the weekly meeting put into effect, good program material used and plenty of activity engaged in during and between the meetings. Much depends upon the type of programs rendered. The "Baptist Brotherhood Quarterly of Weekly Programs," distributed from the Knoxyille office, furnishes the highest possible type of programs for use in the Brotherhoods. The ten-point record slips, for gathering the Individual reports in each weekly meeting, stimulates interest and activity on the parts of the members. Before undertaking to give the work of the Brotherhood and the officers let me hasten to explain that real success visits only those Brotherhoods which meet weekly. There is no reason why men should meet less frequently than once each week when they are asked to meet for only one hour.

Men spend an hour each week in Rotary clubs, Kiwanis clubs, Lions clubs, roung Men's Business clubs, and so forth, and give a great deal of time in between serving on various committees. Having been a member of Rotary, I have seen men enter the meetings late, hungry and exhausted from travel to make up their attendance. Civic clubs are excellent; practically every one having worthy aims and objects, but they should not have primacy with Christian men. Men should not be criticised for enjoying their club life, with all of its time fellowship, that God forbid that they "kick against the pricks" when asked to engage in an hour's serious thought, with the brethren of the church, once a week.

Getting away from the busile of the business world and focusing on the church departments, that have been the mainsprings in church life for several decades, we find the Sunday school meeting weekly, the Woman's Missionary Society meeting weekly and the Baptist Young People's Union meeting weekly. These organizations would fail dismally in their programs should they be limited to monthly, or even semi-monthly, meetings. Why even in the fourth-time church there are weekly Sunday school classes and B.Y.P.U. meetings, and in meeting the regular time of meeting, and as to a real honest-to-goodness program of practical personal service, it is weefully missing.

We have tried them all. If you want only a great stirring, inspirational address once each month by an autsider, that wears off before the men get hack home, then the monthly Brotherhoud meeting will suffice. If you want to half-way carry on a program among the men of the church, call them together once every twa weeks. If you want your men to engage in a well-rounded program of enlistment, development and utilization, meeting weekly, using the men of the Brotherhood on the programs and assigning them tasks of personal service between meetings, you are contemplating something that will last. Brotherhoods that meet monthly and semi-monthly are less difficult to organize but harder to maintain; Brotherhoods that meet weekly are more difficult to orgazine but easier to maintain. There is a program of work that challenges; part in it. There is the development of the INSIDER and not the OUTSIDER WHO IS INVITED IN. Men study programs on missions, personal evangelsm, stewardship, doctrines and how to appreciate the office of pastor. It works, brethren, but you will never believe it until you try.

Should we meet Sunday, Monday, Tuesday, Wednesday, Thursday, Friday, or Saturday? SUNDAY? And why not? We have the Lord's husbandmen doing the Lord's harvesting on the Lord's day. What time on Sunday shall we meet? One hour before evening worship. Why that is the B.Y.P.U. time? Yea, so it is. But we are asking no person of the B.Y.P.U. age to enter into the Brotherhood service.

# OFFICERS OF LOCAL BROTHERHOODS

These officers with their respective duties are as follows:

THE PASTOR. All Brotherhoods should recognize the pastor as the first officer. All church organizations have a right to expect some of his time and attention. The Brotherhood cannot expect him to attend every meeting, but

the wise pastor will meet with his men just as frequently as possible. His presence and leadership are an inspiration to them. A boost for the Brotherhood from the pulpit is always helpful. Pastors enjoy observing the work of others; they should not be called upon for speeches each time they attend the Brotherhood meeting.

THE PRESIDENT. It has been the unanimous opinion of the nominating committee and the Brotherhood that the one chosen for president is the man best suited for the place. He has been prayerfully and carefully selected to direct the Brotherhood in its activities. The president should assume his duties and obligations with an air of confidence and determination. He should plan, pray and push, utilizing the talents surrounding him, in carrying out his policies to fruition. He should preside firmly yet tactfully over the assemblies, always being alert to seize every opportunity to counsel with and assist his fellow men in their assigned tasks.

THE VICE-PRESIDENT IN CHARGE OF MEMBERSHIP. The primary responsibility of this officer is to build the membership by enlisting the unenlisted and contacting all absentees weekly. This can best be accomplished by organizing the present membership into UNITS. The term "UNITS is used to discriminate the Brotherhood organization from other church bodies. The heads of these UNITS will be recognized as CHIEF STEWARDS: other members being recognized as Stewards. Again this Biblical term STEWARDS uniquely discriminates from other church organizations. Care should be exercised in the selection of these CHIEF STEWARDS: Consult the individuals who hest qualify to direct the work of these UNITS and be assured of their interest in SERVICE. A Brotherhood organization with fifteen members should be divided into three UNITS. This places five active men on each UNIT. With the CHIEF STEWARD functioning, under the direction of the vice-president, in charge of membership, these UNITS will soon add others to their rosters. No UNIT should contain more than twelve men. When this number is reached other UNITS should be added. When a Brotherhood exceeds thirteen UNITS, totaling one hundred and fifty-six men, prother Brotherhood should be organized by dividing the membership. Thirteen UNITS enables each member to serve quality or the recognition of the recognition of the program once each quarter.

VICE-PRESIDENT IN CHARGE OF PROGRAMS. Programs filled with inspiration, instruction, and spirituality, interestingly presented each week, should keep the membership growing and the Vice-President, in charge of programs, busy. Such programs are found in the "Local Brotherhood Quarterly of Weekly Programs." When the Vice-President, in charge of membership, working with and through his units, brings in a group of men—active, absentees, and prospects—it is left to the Vice-President, in charge of programs, to furnish just the type of programs that will hold their attention and create a desire to return weekly thereafter. A method that has been used very successfully is that of rotating the weekly programs among the units. This gives each unit an opportunity to demonstrate its ability to put on programs and at the same time gives each man in the Brotherhood a chance to serve regularly. Seek to inject something different into each programs. A pleasant surprise in connections with the regular program will enliven things and fascinate those attending. The Vice-President, in charge of programs, will preside over the main program only: the President will preside at all other times.

THE SECRETARY. Records kept accurately by an efficient secretary are something to be prized. The secretary should keep an accurate record of all weekly meetings and a personal report of each member. He should make weekly reports to the Brotherhood, monthly reports to the church and quarterly reports to the Associational Secretary. Where there is no associational organization he will report directly to the State Secretary each quarter. He should keep the Brotherhood well supplied with assorted tracts, useful literature, books and quarterlies. He will remind the membership of approaching associational, state, and southern meetings. In the event of a change in officers he should submit such changes to the State Brotherhood Secretary for his files. Any interesting news items should be forwarded to the State Secretary for print.

#### CHAPTER III

# THE TASK OF THE SOUTHERN BAPTIST BROTHERHOOD

The organization of the Southern Baptist Brotherhood, as outlined by Isom, in the preceding chapter, is built about the great eight-fold task to which Southern Baptist men have set themselves. In fact, this organization, in the churches, in the district associations, in the state conventions, and in the Southern Baptist Convention, is but the agency or Instrument by which and through which the Baptist men of the South seek to carry out this great eight-fold service. It will help us to appreciate the task of our Southern Baptist men, however, if we pause here to get a view of the task which the men in other great denominations have conceived and outlined for themselves.

### (NORTHERN) METHODIST MEN AND THEIR TASK

One of the most progressive and aggressive bodies of laymen in the nation is the group of men connected with the (Northern) Methodist Episcopal Church. They have adopted as their national motto: "A Million Methodist Men Making the Mind of the Master Their Main Motive and Mission." The motto of their local Brotherhoods is: "A Man for Every Tank, And a Tank for Every Man." They, too, have conceived their tank to be eight-fold, as follows:

- "1. Lay Evangalism. The passion to discover the mind of Christ, reproduce the character of Jesus, and point out the way of life to others should become the major passion of Christian men.
- "2. Stewardship. The Church must major on the training of laymen in the principles and practice of Christian stewardship for the whole of life—time, talent, personality and income.
- "3. Boya' Work. The boy problem will be simplified when the man problem is solved. The supreme problem of the boy is one of competent and consecrated leadership.
- "4. Lay Speaking. The message of the lay speaker has been an indispensable factor in the growth of the Church. This type of ministry must not be allowed to go by default.
- "5. Bible Class. A ceaseless and vigorous endeavor should be made to secure the presence and participation of every churchman in a Bible Class or some other type of study group or discussion conference.
- "6. Citinonabip. The Church man cannot escape his obligation as a first-class Christian citizen in the community, helping to bring shout higher forms of secial and civic life.
- "7. World Peace. The men of the world must become convinced that war is wrong in its motives, pagan in its methods, and futile in its results. This is an educational process and Church men must lead the way.
- "8. World Service. The primary responsibility for the support of general educational and missionary causes rests with men, and their assistance should be systematic and adequate."

# NORTHERN BAPTIST MEN AND THEIR TASK

The men of the Northern Baptist Convention, however, have worked out the most thorough going and definite plan and program of work for their men to be found in the nation. We especially commend their booklet entitled, "Coaching Men for Church Taske." This is a revised manual, prepared by the National Council of Northern Baptist Men, with headquarters at 152 Medison Avenue, New York City, and selling for 25 cents. It represents a nationwide study of men's work, also round-table conferences with the men in thousands of Northern Baptist churches. These studies and conferences revealed the fact that there are at least fifteen distinct lines of service in all our Baptist churches which devalve upon the men of these churches, as follows:

"(1) To promote Christian education and Bible study; (2) to share with Christ in evangelixing the world; (3) to teach the Christian use of possessions; (4) to recruit men for Christ through personal contacts in the home; (5) to entire the non-participating church-members in worship, in service, and in giving; (6) to create among men a spirit of Christian fellowship and good-will; (7) to develop and train the boys and youth of the church in Christian character; (8) to strengthen the Christian home by the renewal of family worship; (9) to apply Christian ethics and morals to business and professional life; (10) to eliminate prejudice and race discrimination; (11) to support civic righteousness; (12) to commend reduction of armaments; (13) to co-operate in community social advances; (14) to aid sympathetically interdenominational projects; (15) to function aggressively in the Every-Member Cunvaes."

These fifteen tasks, or special lines of service, which devolve upon the men of our churches, however, were found to combine themselves into seven great outstanding tasks as follows:

- "1 Rible Study-at home and in Sunday school.
- "2. Missions—including mission study classes, reading missionary periodicals, and siding by gifts and voice in the promotion of world evangelization.
- "3. Christian Use of Possessions—including the promotion of the giving of the tithe, and the restriction of one's investments and methods of financial dealings to channels which would honor Christ and serve a needy world.
- "4. Evangelism—Or Recruiting for Christ—including personal soul-winning, also service in grappel teams, in Daily Vacation Bible Schools, by letters, and by public teatimony for Christ.
- "5. Enlistment-enlisting non-participating members in worship, service and giving.
- "6. Fellowship-including social programs for men and boys, recreational programs for boys and men, and acts of good-will and friendliness to members of other races and denominations.
  - "7. Work for Boys and Youths, along all lines."

# TASKS OF SOUTHERN BAPTIST MEN

The tasks of the men of our Southern Baptist Brotherhoods is not very different from the tasks which Northern Methodist and Northern Baptist men are undertaking. So far as I have been able to discover, no one has attempted to summarize the tasks of Southern Baptist men after the manner which has been done by these other denominations. If we will go back over the reports which the distinguished leaders of our Brotherhood movement have made in recent years, however, it will not be difficult to see clearly all the great lines of service which our Southern Baptist men have set for themselves. They may be summarized as follows:

- 1. An Intensive Study of Stewardship and Missions.
- 2. Magnifying the Work and Worth of the Men in Our Churches, the deacons and all other official leaders in particular.
- 3. "Business in Religion and Kellgion in Business," to use the splendid phraseology of our digtinguished General Secretary, Dr. J. T. Henderson.

- 4. Extension Work-organizing local, district and state Brotherhoods every
- 5. Enlistment-"Laymen Enlisting Laymen," to use our General Secretary's wise and pointed statement.
- 6. Emphasizing the Stewardship of Life and Possessions, including "the giving of the tithe as a minimum."
- 7. Helping in the Every-Member Canvasses and Sufeguarding the Budgets of the Churches, Where the Mission Causea Wore Being Shunted Aside.
- 8. Promoting All the Interests of the Co-operative Program, Everywhere and at All Sassons.

One wonders what will come to pass in the Kingdom of God, when 500,000 to 1,000,000 Southern Baptist laymen, each one of them giving the tithe and each one of them having found his own place of service, shall move forward as one man in this great program of eight-fold service!

For we must learn how to-

"Play for the tenm!-don't ever dream The prize is just for you;

The prize is just for you;

The game's the thing where you must fling

Your strength—and your vanity, too!

"'Tin so In life-to win the strife It's teamwork that we need; In work or play we must throw away Our ego's selfish greed.

"If together we pull, a united whole, And strive for the common good, This sad old earth will know the worth Of genuine brotherhood?"

### CHAPTER IV

# HISTORY OF THE BAPTIST BROTHERHOOD OF THE SOUTH

Dr. J. T. Henderson, 27 years Secretary of Brotherhood of South

# I. THE LAYMEN'S MISSIONARY MOVEMENT

(Inter-Denominational)

Seed Thought-The need thought of this movement was planted in the mind of the late John B. Sleman, a business man of Washington City, as he sat in the Student Volunteer Convention in Nashville, Tennessee, March 2, 1906. It was the hour for presenting the large company of student volunteers that were attending the large company of student volunteers that were attending the large company of student volunteers that were attending the large company of student volunteers that were attending the large company of student volunteers that were attended to the company of student volunteers. tending this meeting. As Mr. Slems, saw these cultured and consecrated students assemble on the platform and heard them speak burning words regarding their life purpose, this thought came to him as a divine inspiration: "If the laymen of North America could only have the vision of obligation that fives these aludents, they would arise in their might and provide all the funds needed for this enterprise." "New shall they preach except they be sent?" This thought burned in his mind and he spoke of it to some of his intimate friends.

The Seed Germinates-The centennial of the famous haystack prayer meeting, held by the five students of Williams College at Williamstown, Mass., in 1806, and which gave birth to the modern missionary enterprise, was celebrated in New York City on November 13 and 14, 1906; as the triumphs of the Gospel during the past hundred years were recounted, it was suggested that the greatest barrier to the speedy evangelization of the nations is the widespread indifference of laymen. This afforded a favorable opportunity for the seed thought of Mr. Sleman to germinate.

Launching the Movement -A meeting of laymen was called for the next day, November 15, at 4 p.m., and a committee appointed to report on a plan for enlisting men in the cause of missions.

The afternoon was stormy, but about seventy-five strong laymen came tothe alternoon was stormy, but about seventy-nee strong laymen came together, and for two hours engaged in a prayer service seeking divine guidance. At the close of the devotions, Judge Morring Williams, of New York, a Baptist descoy, on behalf of the committee, submitted a preamble and resolutions recommending the organization of the Laymen's Missionary Movement. After an intermission of one hour for supper, this report was discussed and adopted an intermission of one hour for supper, this report was discussed and adopted an intermission of the supper suppersistence. and an executive committee of thirty laymen appointed to take supervision of the movement. The late Samuel B. Capon, of Boston, an eminent Congrega-

tionalist and a prosperous business man, was elected chairman and J. Campbell White, of New York, secretary. While Mr. White is a layman, he had been a successful missionary of the United Presbyterian Church to India for ten years.

At the hayetack prayer meeting one hundred years before, the leader, Samuel J. Mills, had said, in reference to starting the movement to give the Gaspel to the world, "We can do it If we will." On this occasion the chairman-elect, Samuel B. Capen, prompted by a sublime faith and under the inspiration of a prophetic vision, said, "We can do it AND we will."

This was the beginning of the Inter-Denominational Laymen's Missionary Movement. Its first work was to suggest that a number of business men visit the mission fields of the world, study Foreign Mission work at close range, and report their findings. Sixty-six representative men went at their own charges and, on their return, reported unanimously that the missionary enterprise merits the generous support of business men.

The several denominational movements were the outgrowth of the interest created by this general movement.

### II. LAYMEN'S MISSIONARY MOVEMENT OF THE SOUTHERN BAPTIST **CONVENTION, 1907-1926**

Origin-In response to a call issued by Hon, Joshua Levering, of Baltimore, and the late Gov. W. J. Northen, of Atlanta, a number of representative Baptist men convened in Calvary Baptist Church, Richmond, Virginia, May 16, 1907. at 3 p.m., the day before the opening of the Southern Raptist Convention, to consider what steps Southern Haptists should take regarding this movement. J. Campbell White of New York, secretary of the inter-denominational movement, was present by special invitation and made a stirring appeal for the larger recognition and enliatment of men. After a conference of considerable en-thusiasm and unanimity, it was decided to recommend to the Convention that a Laymen's Missionary Movement, under the auspices of Southern Baptists, be launched. The Convention endorsed the recommendation and appointed an Executive Committee of nine laymen with headquarters in Baltimore. J. Harry Tyler, of Baltimore, a graduate of Bruwn University, was made chairman and served with conspicuous fidelity until a short time before his death, which occurred May 15, 1918, while the Southern Baptist Convention in St. Louis was considering his sixth annual report. Hon. Joshua Levering, of Baltimore, one of the chief promoters of the trovement and a most capable member of the committee, was elected successor to Mr. Tyler. F. S. Biggs and C. M. Ness, of Baltimore, were elected secretary and tressurer, respectively, and were faithful officials until the headquarters of the committee were removed in May, 1914, to Chattanooga, Tennessee.

While the movement was launched on May 17, 1907, the Executive Committee was more than a year in securing a general secretary. J. T. Henderson, the first and only general secretary the Brotherhood has had, began this work July 1, 1908, and for the first six years held this position in connection with the presidency of Virginia Interment College, Bristol, Virginia.

During the two years that the movement had its headquarters in Chattanooga, Hon. Newell Sanders, United States Senator, was chairman of the Executive Committee; E. H. Ralston, secretary, and Chas. F. Hood, treasurer. These were all busy men, but were uniformly faithful to the trust committed to them. They gave both time and money to this cause without any hope of financial return

For the convenience of the general secretary and at his request, the head-quarters were transferred to Knoxville, Tennessee, by the Convention in seasion at Asheville in May, 1916, and a new committee appointed. J. H. Anderson was made chairman, L. T. McSpadden, secretary, and A. I. Smith, treasurer.

These men were all zealous Christians and had high rating in business. Other capable men have been elected to these offices from time to time

The Southern Baptlat Convention, on recommendation of the Executive Committee, in 1926, changed the name to the Baptist Brotherhood of the South,

# III. BAPTIST BROTHERHOOD OF THE SOUTH, 1908-1914

For the first six years of this organization, as indicated before, the general secretary remained president of Virginia Intermont College and was under the necessity of giving considerable attention to the direction and supervision of this institution; besides, during these six years, he had no salaried helper, either Southwide or state. The general plan of the secretary during those early years was to visit all the state conventions possible, speak of the obligations of men, especially in the matter of financial support, always stressing the importance of bringing the offerings into the storehouse every Lord's day; he also placed great stress on adopting the tithe as the minimum standard of Kingdom support. He made it a point to attend the meeting of every district association and assembly possible, undertaking to create sentiment among the men for larger activity and greater loyalty to the work of their churches.

During those years he did not urge the organization of Brotherhoods for a twofold reason: first, there had not been sufficient opportunity to create a favorable sentiment; in the second place, there were no calaried workers to visit such organizations and assist them. Under such circumstances there was little hope that Brotherhoods would survive and prosper.

The general secretary visited a great many churches on invitation and atressed the different objects for which the organization stands. He spoke on Stewardship, advocating that God holds the supreme claim on our thought, time, talents and treasure; he also discussed the missionary enterprise, emphasizing the claim that the layman's obligation to send is as binding as that of the missionary to go. This service had such recognition and approval that the head quarters received more invitations than the secretary was able to accept. Speaking tours were arranged running through from ten to eighteen days, and the places visited usually made provision for the traveling expenses.

In the effort to create sentiment in favor of all these policies, the Brotherhood has made large use of tracts on the various phases of stewardship, including tithing, the doctrine of missions, the office of deacon, and so forth.

This work attracted the attention of the Committee on Program for the Baptist World Alliance, which met in Philadelphia, June 16-23, 1911, and the general secretary was invited to speak on the program of this meeting.

For several years after the Laymen's Missionary Movement of the Southern Baptist Convention began operations, the Inter-Denominational Movement was also active. Dr. D. Clay Lilly represented this movement in the South and at different times between 1910 and 1916 arranged for great conventions of men in all the leading cities of the South. Recognizing the work that the Laymen's Missionary Movement of the Southern Baptist Convention was doing in promoting the Scriptural plan of Kingdom support, Doctor Lilly invited the general secretary to speak in all these conventions on this topic, and paid his traveling expenses. During one of these years these conventions were conducted in New Orleans, Louisiana; Jackson, Mississippi; Birmingham, Alabama; Atlanta, Georgia; Columbia, South Carolina; Richmond, Virginia; Greensboro, North Carolina; Lexington, Kentucky; Memphia, Tenassee; Little Rock, Arkansas; Oklahoma City, Oklahoma; Fort Worth and Houston, Texas. Some of the most eminent men of the various denominations were on the programs of these conventions; notable among these were Dr. C. F. Reid and Dr. W. W. Pinson from the Southern Methodists, and Doctors Eghert Smith and C. H. Pratt of the Southern Presbyterians. Doctor Lilly considered the presentation of "The Scriptural Support of the Kingdom" so vital that he requested the Christian business men of Houston to close at noon for an hour, during the convention in that city, and hear this discussion. The response was very gratifying.

The Laymen's Missionary Movement of the Southern Baptist Convention modestly and yet justly claims to have been the pioneer in the matter of installing a worthy budget and of making adequate provision for it by a thorough canvass to secure weekly pledges, hased on the tithe.

During the first six years of its activitien the notable Southwide meeting of Baptist men was held in Chattanooga, Tennessee. This convention which met in February, 1913, was attended by thousands of men from all sections of the South, all of whom paid \$1.00 admission. This was considered by many as one of the most significant meetings ever conducted among Southern Baptists. LitLord with a tenth of their income.

erally hundreds of men in this meeting, for the first time, decided to honor the

During these same years some regional and state conventions of large significance were conducted. Among the regional conventions were the two held in Atlanta, Georgia, for the territory east of the Mississippi, and at Shreveport, Louisianes, for the western section. Great state conventions of men were held in Durham, North Carolina; Richmond, Virginia; Nashville, Tennessee; Columbia, South Carolina; Dallas, Texas, and in a number of other states.

Attention is now directed to the period between 1914, when the general secretary began to give his full time to this cause, and the year 1926, when the name of the organization was changed to the Baptist Brotherhood of the

During this period the general secretary continued to have no assistance except what came from voluntary and gratuitous service. While the movement has stood from the beginning for absolute toyalty to the denominational program and its systematic support, it has been its policy to help promote any emergency call that the denomination might authorize.

During the years 1917 and 1918 a serious financial situation arose with the Fukuoka Academy in Japan. To save this institution, the Foreign Mission Board was in sore need of \$6,000. The Laymen's Missionary Movement, mainly through correspondence and the gratuitous service of key men in the different states, undertook to enlist a number of emergency men. An emergency man was one who would agree to sign a pledge to pay as much as \$5.00 extra each year to relieve any urgent situation with either of the two Mission Boards. There was a very prompt and liberal response to this call and in a few months the full \$6,000 had been received by the Laymen's Missionary Movement and promptly sent on to the Foreign Mission Board.

This call resulted in securing a little over 1,800 emergency men, which gave a total fund of \$9,100. This enabled the Laymen's Missionary Movement to furnish the Home Mission Board with \$3,100 to employ some workers to render a much needed service among the soldiers in the camps during the World Wor.

The entire expense of raising this fund was \$125.00.

The general secretary did what he could through correspondence, public addresses, and through the press to stimulate the Baptist men of the South to give loyal and liberal support to the 75 Million Campaign.

While the movement through all the years has undertaken to promote tithing, as a rule, little effort has been made to secure an accurate list of those adopting this policy. During 1922, however, voluntary and zealous workers were selected in all the states and this cause was given unusual attention. At the close of that year, the office of the Laymen's Missionary Movement was able to report 199,240 tithers among the men.

During the second period the policy of conducting conventions of men, regional and state, was continued with good results. In these meetings, in addition to the discussion of missions, stewardship, and tithing, it was the custom to devote one session to personal testimonies in regard to the blessings that attend tithing; as a result, a great many men were led to adopt this standard of support.

It was also decided that the same plea that can be made for the enlistment, organization and training of the women and young people can be made with an equal emphasis for a similar work among the men. As a result, quite a number of Brotherhoods were organized and hundreds of men were enrolled in study classes. The office of the Brotherhood in the meanwhile prepared a Constitution and By-Laws both for a church and associational Brotherhood, also different leaflets that deal with the conduct of such an organization, and a very attractive certificate to be awarded to the men who took the study course.

During this period the Brotherhood gave renewed attention to the conduct of schools of missions and stewardship in churches that call for this service, preparatory to the Every-Member Canvass; indeed, the general secretary was

not able to respond to all the invitations that came. As a rule, this work was done in representative churches in the hope that these prominent churches would transmit it to others in their community and association.

A rather striking example of the value of such preparation is found in the case of the First Baptist Church of Greensboro, North Carolina, of which Dr. J. Clyde Turner is the successful paster. This school continued through five days and unusual attention was devoted to the preparation of the large number of men who had been selected to make the canvans. They became deeply concerned about the success of the effort and made liberal pledges before starting on the canvans. In a personal letter the paster says the following: "I recall that under the stimulus of your work our hudget for that year was more than subscribed." The report has reached us that this church since that time has led the state in its support of the Co-operative Program.

The example of a young business woman in this campaign is a striking illustration of the advance in giving that comes from the adoption of the tithe. Prior to this school she had been contributing ten conta a week, five cents each to local support and the Co-operative Program; when the canvassers called she told of her conversion to the tithe and said that her income was \$25.00 a week; she, therefore, signed a pledge for a tithe of that sum, \$1.00 per week for lucal support, and \$1.50 per week for the Co-operative Program.

While the record both of this church and the young woman are quite striking, many others not quite so unusual have been reported from time to time.

The Brotherhood has thought it wise all the while to emphasize the financial and spiritual significance of honoring the Lord with at least a tenth.

Early in September, 1925, Mr. L. A. Ellison, a banker of Ada, Oklahoma, was employed as associate secretary. He entered upon his work October 1, 1925, with headquarters at Little Rock, Arkansas. Secretary Ellison operated in the states west of the Mississippi River and stressed all the activities for which the movement stands. He is a fluent and popular speaker and made friends for himself and the cause wherever he went.

The Executive Committee was pleased with the service he was rendering and was anxious to see his work become permanent. Some conditions arose, however, in connection with his home that constrained him to offer his resignation to take effect February 1, 1926.

### 1926-1934

Soon after the resignation of Mr. L. A. Ellison, Mr. Geo. J. Burnett of Bluefield College, West Virginia, was elected to succeed Mr. Ellison. He established hendquarters in Memphis, Tennessee, began his work on July 1, 1927, and rendered service in the states west of the Mississippi River and some border states on the other side. Mr. Burnett proved to be unusually strong in helping churches to provide for a debt and some that were greatly burdened were given relief through his help. He was thoroughly committed to the Every-Member Canvass as an agency for providing adequate support, both for the local church and the Co-operative Program. He was quite successful in leading prosperous men to make a liberal advance in their pledges, and always urged the churches to give the Co-operative Program a worthy share of their budget. He never failed to stress the importance of the tithe and to magnify the cause of Missions.

As an example of his success in promoting the financial interests of a church, we call attention to the following figures: a church in Springfield, Missouri, which he assisted, both in its preparation and in the Every-Member Canvass itself, reports a gain of \$1,086.23 for the Co-operative Program the first six months after the canvasa; the receipts for that period the year before were \$2,821.01, as compared with \$4,907.24 the new year.

While Mr. Burnett was faithful and enthusiastic in the Brotherhood service, he received a call from the Southern Baptist Theological Seminary, which he felt constrained to accept; he resigned to take effect January 1, 1931. Some of the more prosperous members of the Executive Committee who were already liberal supporters of the Co-operative Program were so deeply impressed with the importance of this class of service and the need of additional workers that they volunteered to contribute the extra sum of \$8,420 to support T. H. Haynes and T. J. York for a year as district secretaries.

SOUTHERN BAPTIST HANDBOOK, 1934

Mr. York began his service July 1, 1930, had his headquarters in Birmingham, Alabams, and operated chiefly in Alabams, Georgia, and Mississippi. He rendered very vatuable service in schools of stewardship and missions, running through five nights each, and preparatory to the Every-Member Canvass. He was thoroughly Scriptural in his methods and did a work that was permanent; he was therefore very much in demand.

Following the resignation of Mr. Burnett, Mr. York was elected to succeed him as associate secretary with headquarters in Little Rock, Arkansas. He operated chiefly in the states west of the Mississippi and continued to manifest ability and faithfulness in the discharge of his duties. His success is exemplified by the following figures which were obtained from the treasurers of the state boards of Arkansas and Missouri:

Two churches in Arkansas in which he rendered service showed a gain for the first six months following the canvass of \$355.88. Six other churches in Arkansas showed a gain for three months of \$1,270.23. Eight churches in Missouri showed a gain of \$102.78 for three months, making a total net advance of \$1,726.89 for the Co-operative Program for a period of six months with two churches, and a period of three months for fourteen churches. While these data represent only sixteen churches, Mr. York visited sixty-two, besides rendering service in two state conventions, fifteen training schools for men, and twenty associational meetings during the year.

Mr. York was held in very high esteem by the Executive Committee and it was a matter of deep regret that he was suddenly called from his earthly labors just about one year after he began his service as associate secretary.

Because of declining receipts by the boards no successor has been elected.

T. H. Haynes began his work as district accretary on July 1, 1930, with Knoxville, Tennessee, as headquarters, and continued his activities for one year. His service was devoted chiefly to the rural churches of East Tennessee, responding to only two calls outside of Tennessee.

He understood the country churches and was quite successful in winning the hearty co-operation of the pastors and the leading members.

For the first time, a number of churches adopted a worthy budget, took a course of training, and conducted a successful Every-Member Canvass. This resulted in more liberal and systematic support of the pastor and the Cooperative Program. He demonstrated beyond any question that the rural churches are responsive to Scriptural methods when presented in a fraternal and practical way.

One country pastor, in whose church Mr. Haynes conducted a School of Stewardship and Missions and then assisted in the canvass, reports as follows: "We tried the Every-Member Canvass at Roseberry. Our contributions gained 250 per cent over any previous year. The result was a great revival with ninety-two conversions. We are now building a new church house."

Secretary Haynes was responsible in large measure for the success of a conference of men held in the First Baptist Church of Knoxville, June 18-18, 1931, and conducted by the general secretary. He manifested great resource-fulness in the enlistment of the pastors and leading laymen in the territory adjacent to Knoxville, also secured large publicity through the daily press. This widespread publicity and thorough preparation resulted in an average attendance of 208 men each evening, representing sixty-four churches. The

First, "I have been a pastor for thirty-one years and have never had an Every-Member Canvass. I am converted."

Second, "I have driven sixty miles every night to be here. If we could have had all the brethren every night that are present this evening, it would have made a new church at Sevierville."

Third, a layman said, "We are mighty happy to be here. Our Brotherhood is ready to go out in the Chilhowee Association and do what we can to help put on an Every-Member Canvass in every church."

Fourth, another paster says, "My wife and I have driven eighty-four miles every evening to be in these meetings. We have one of our deacons here this evening and are planning to have a school followed by an Every-Member Can-

The threefold objective that is stressed in all the work of the Brotherhood, the promotion of SPIRITUALITY, INFORMATION and SERVICE is illustrated by the following reports, recently received:

A Georgia pastor writes, "The night you left we succeeded in organizing a Brotherhood with about one hundred members. It is our purpose to keep after this matter until every man in our church and congregation is enlisted. Our Brotherhood rendered fine service during our revival meeting, doing much personal work."

The chairman of a Texas board of deacons says, "We enjoyed your visit and it was very helpful. We have already about 150 more pledges than we had last year. Our Brotherhood is going slong nicely. We had about 100 present at the last meeting and expect 125 or more at our regular meeting next Monday night."

The paster of a church in North Carolins, in which the general secretary conducted a school of stewardship and missions, reports: "Our Every-Member Canvass resulted in securing 478 pledges from a local membership of sbout 600. It was the best canvass the church has had in its history and in a large degree you are responsible for it. The three days you spent with us changed the minds of many of our members about giving. The one descon who had never pledged before, signed a card and had the other members of his family to do so. Every descon and officer in our church made a pledge."

We would call attention to some unusual features in connection with another school conducted in a North Carolina church. First, it was sponsored by the Brotherhood, a live organization of which a deacon, who is an eye specialist, is president. Second, while the church had been conducting such a school for three years, this was the first time a class had been provided for the men. Third, there was a spirited rivairy between the men and the wamen as to attendance; the average attendance of the women was a little in the lead, but the men excelled in enrolment. There were sixty-nine men all told who stended this class study.

Although this church had averaged about \$10.00 per capits last year for the enterprises of the Kingdom, the Brotherhood at its first meeting following the school pledged \$800, an amount sufficient to support a missionary in the foreign field for a year. This was strictly an extra.

The pre-Convention meeting of Baptist men in Washington in 1933 was a notable occasion; at the evening session great addresses were made by R. E. Gaines of the University of Richmond, Pat M. Neff, president of Baylor University, and J. L. Kraft, cheese manufacturer of Chicago. Those present will never get away from these addresses nor from the marvelous singing of the 1,200 men in the audience. The joint meeting with the Northern Baptist men that followed the next day was also a memorable occasion.

The recent meeting in Fort Worth the day prior to the opening of the Southern Baptiat Convention was likewise a very great success. The Brotherhood office has had letters from both pastors and laymen referring to this occasion in a most favorable way. During the two-day sessions the lower floor of the large auditorium of the First Methodist Church was full of men. At the evening session the gallery also was literally crowded. The full attendance was estimated at 2,200 men, and all the addresses and reports were of high order.

Dr. M. E. Dodd, president of the Southern Baptist Convention, volunteers the following statement regarding the value of the Brotherhood work:

"After a visit of Secretary Henderson to our church and his work with the descons, each descon chose four helpers and they formed themselves into visitation committees. Their work had more than any other one human thing to do with the success of the great evangelistic meeting conducted by our own church forces.

"Following a visit of Secretary Burnett, during a financial campaign, a great number of large givers increased their subscriptions and the number of subscribers increased over twenty-five per cent,"

The figures from two churches in which the general secretary conducted schools of stewardship and missions some months ago show an advance of \$808.19 for the seven months immediately following his visit as compared with the same seven months the year before. The advance of another church for five months was \$432.11. These figures indicate an advance of \$1,240.30 for about a half year in only three churches out of 94 visited during the year.

These are reported as samples of the service in general

The statement below is a summary of his activities for the Convention year ending April 30, 1933.

The general secretary during the past year delivered 249 addresses, attended and conducted 143 conferences, spoke at 18 banquets, conducted 14 schools of stewardship and missions, attended 18 associational meetings, spoke in 87 different churcheshin 13 states and District of Columbia, wrote 4 new tracts and sent out an aggregate of 436,000 copies of our various tracts, attended pastors' and Laymen's Conference in Texas, Interdenominational Council on Men's Work in Louisville and State Brotherhood Convention in Louisians and traveled 30,912 miles at a net expense of \$254.45.

This summary is a fair average of the service rendered during the twentysix years the Brotherhood has been in operation.

During the twenty-six years of his service, the records show the general secretary has traveled about one million miles and delivered approximately six thousand five hundred addresses.

In Birmingham a school for the study of the duties and qualifications of the deacon was conducted by the general secretary for representatives from all the churches of the association. The secretary of the school reported an average attendance of 250 deacons for the five evenings of the school and 120 of them qualified for the Brotherhood Certificate.

The Brotherhood entered heartily into the promotion of the Christmas Thank Offering in 1928, preparing and distributing a special envelope for the use of the men. Through the press, correspondence and public address we advocated a liberal response to this appeal.

For two years the Executive Committee has vigorously advocated the observance of Layman's Day and the response has been very encouraging. The observance the second year was a large advance over the first year.

The Brotherhood is in most hearty accord with the Hundred Thousand Club and published an appeal of its own to the men in tract form.

It is worthy of note that the policies of the Brotherhood have had a most stimulating effect upon the members of the Executive Committee. The aggregate advance in their support of the Co-operative Program since they became members, is at least \$330,000; this sum is a little more than double the entire expense of conducting the Brotherhood through the twenty-six years of its operation.

# EXECUTIVE COMMITTEE OF THE BROTHERHOOD

An Executive Committee of forty Christian men, is elected by the Southern Baptist Convention, fifteen of whom reside in Knoxville, Tennessee, the head-quarters of the Brotherhood; several live in communities near Knoxville, and the others are state representatives.

Seven local pastors are also elected and serve in an advisory capacity.

The following list represents the members of both the Executive and Advisory Committees as they exist today:

Knoxvilla Members—J. H. Anderson, Chairman; D. G. Cockrum, Secretary; A. S. Andrews, Treasurer; B. A. Morton, C. H. Baker, T. H. Rose, J. H. Brakebill, John I. Dale, J. Pike Powers, Jr., E. C. Mahan, W. L. Warters, T. H. Haynes, H. D. Blanc, A. I. Smith, J. B. Jones.

Non-Resident Members—B. L. Glascock, Maryville, Tennessee; T. J. Staffard, Sevierville, Tennessee; C. S. Stephens, Morristown, Tennessee; E. L. Willson, Athens, Tennessee; T. R. Bandy, Kingsport, Tennessee; Dr. J. T. Warren, Jefferson City, Tennessee.

State Members—H. L. Anderton, Alsbama; Z. A. Snipes, Georgis: M. E. Moffitt, Mississippi; I. E. Taylor, Arkansas; Courts Redford, Missouri; J. E. George, Oklahoma; D. H. Powell, Louisiana; Earl B. Smyth, Texas; R. I. Creek, New Mexico; W. E. Williams, Illinois; J. Ollie Edmunds, Florids; P. H. Jones, New Mexico; W. E. Williams, Illinois; J. Ollie Edmunds, Florids; P. H. Jones, Tenneasse; M. M. Kinard, Arizona; Johnson J. Hayes, North Carolina; Horace Tenneasse; M. M. Kinard, Arizona; Johnson J. Hayes, North Carolina; Horace L. Bormer, South Carolina; Francis A. Davis, Maryland; T. Carlisle Crump, District of Columbia; Frank Owens, Kentucky; B. F. Moomaw, Virginia.

Advisory Committee—Dr. F. F. Brown, Dr. S. P. White, Dr. W. B. Harvey, Rev. J. K. Haynes, Dr. J. L. Dance, Rev. T. C. Wyatt, Rev. W. H. Ford.

The lucal committee meets monthly.

# THE CALL FOR MEN

The Lord evidently intended that MEN should have a large place in the work of the Kingdom. This is indicated by the fact that he entrusted the official and ordained leadership of the churches to MEN. The Apostles, who sat the feet of the great Teacher for three years that they might be prepared to preach his Gospel after his return to the Father, were all MEN.

When it became necessary in the early church that the pastors be relieved of some matters of business and detail that "they might give themselves continually to prayer and the ministry of the word," they recommended the selection of "seven MEN of honest report, full of the Holy Ghost and wisdom." to be "appointed over this business."

When scattered abroad because of persecution, the laymen of the church in Jerusalem "went everywhere preaching the word."

A growing number of pastors are recognizing that men should have a larger place in the activities of the Kingdom and are majoring on their enliatment and development; indeed, many pastors are making the study of their men second only to the study of their Bibles.

This policy is stressed in the two following books: "Harnessing the Man-Power of the Church," by F. L. Slaymaker, and "Giving the Men a Chance," by Dr. W. F. Welt.

John R. Mott says, "The church cannot make rapid progress in its world mission until men are organized in a manner comparable to that which exists among the women."

It should be the objective of our leaders to provide for the men the twofold need suggested by Doctor Goucher: "A deep spiritual life instructed in the things of God."

President Hibben says, "We need a generation of mon that are deep-thinking, far-seeing, and self-sacrificing."

"God give us men; a time like this demands Strong minds, great hearts, true faith and ready hands."

### CHAPTER V

# WHY A BROTHERHOOD IN EVERY BAPTIST CHURCH

By D. H. Powell, President, Louisiana Soptist Scotherhood

This paper is based primarily on experience and observation. It deals with methods that have been thoroughly tested and which have proved to be entirely practical.

It has been revealed, time after time, that there is a lack of enliatment, information, preparation, vision, consecration, leadership, utilization, and of is a cause for this unfortunate condition. We are convinced that there is a remedy if accepted and applied.

When we are told that it requires from 12 to 29 Haptists in our churches twelve months to win one soul to Christ; and when we are told that the average yearly contribution is less than \$6,00 per member; and when we are told that there are 7,850 churches in the Southern Haptist Convention giving men 21 years and up unenlisted, and that our Boards and Institutions are the need for prayerful organized effort of the men of our churches.

Are We Willing To Pay The Price? Are we as Southern Baptist men advance as God would have them advance? There is a practical remedy for on business conditions, the price of cotton and corn, but to the contrary—progress of Christian people is dependent, in large measure, upon our willing-temedy at hand, by adherring to a definite standardized program in every

First Thinga First: If we expect to adhere to a definite standardized program, it is absolutely necessary that we learn to put first thinga first. Without for personal pleasures and luxuries. What we need is not sympathy, but to purchase the things they are interested in. If we are interested in the church first we find men, almost invariably, practice and we find time to attend its aervices and contribute to its financial support.

Why Organiza? It seems unnecessary to raise the question "Why Organize the Men of our Churches?" Yet judging from the progress made, or rather the lack of progress to date, there seems to be a lack of conviction on the part of many of our leaders concerning this most important matter. Occasionally we find people who contend that the churches are over-organized, and as a rule the ones who contend that the churches are over-organized, are, more or less, like the ones who contend that the churches call for too much money. It is those who do not bring their tithes and offerings to the churches who complain, and not the ones who are giving. As a rule, those who have not tested the real value of organized offert, are the ones who complain about over-organization. We never bear a paster who has tested the value of a well-organized Sunday school, B.Y.P.U., W.M.S., and Brotherhood complaining about over-organization.

It is peculiar that we are so sensitive about organizing for the purpose of better equipping ourselves for God's service and at the same time realize that no business, profession, institution or individual has ever attained the maximum in efficiency except through organized, systematic efforts. Then why expect the men of the church to function without organization?

A Business Firm With Only a President: What would we think of a business firm attempting to operate with only a president? Any time we find a firm succeeding, we find it departmentized according to the requirements of such institution, in order that it be in position to render the most efficient service. Then when we speak of organizing a church into departments some one wants to object on the ground that we should do our church work without organization?

As Army With Only A General: Suppose we attempt to visualize the results of an Army attempting to function on the voluntary method. It has no office except a general. He walks out on the platform occasionally and speaks to the boys about a great conflict anticipated between his forces and the opposing general across the border. He states that he expects every one to be in his place on a given date, yet at the same time presents no definite plan for special preparation, drill, practice, and so forth. No general would attempt such a foolish thing. On the contrary, upon investigation, we find this same general would have at least eleven subordinates, heads of different groups and departments, all reving to one end, namely: to build and develop this army so that it would be ready for battle at a moment's notice.

The Pastors Our Generals: Then if it he necessary for men to make such definite preparations to do battle against other men, how much more necessary that we make all possible preparations to battle against the devil. After all, there should be only one purpose in all this organized effort of Southern Baptists, that of co-operating under the leadership of our pastors, who are in reality the generals in this vast army of Southern Baptist men, equipping ourselves through organized efforts for the day of battle, in order that we may not lose to the devil and his forces.

Why All Man Do Not Volunteer: Many people seem to think that every man in the church should volunteer and be ready for service at a moment's notice. We agree that men should do this. At the same time we realize that this will never be done by the majority. And there are many reasons why it will not be done.

With many it is because they have not been enlisted for definite service. Men like a definite proposition and place of service.

With many others it is a lack of information, or vision, for without information a man cannot have vision.

With still others the lack of preparation makes a man feel that he is not capable, therefore he does not volunteer.

With some no doubt, it is a lack of connecration, for certainly no man will become a willing servant until he is connecrated.

Many anly lack leadership (and men do not become leaders by accident but by preparation).

Underneath all is a lack of general interest, as no man becomes interested in his church and denominational program until he has at least been informed of its purpose and impressed as to his personal obligation to the program.

All this is no reflection whatsoever on the pastor's preaching. The men of the Brotherhood realize that the major service in any church is the pulpit. And the main purpose of the Brotherhood is to magnify the pulpit by serving the pastor and his church, thereby making it possible that more souls be saved, and lives be developed and dedicated to the Master's use. But this cannot, and will not, be done from the pulpit alone. It will only be done by real leadership through personal contact by the men through co-operative, organized efforts.

The Purpose of The Brotherbood: The purpose of the Baptist Brotherhood movement may be summarized as follows:

First: To enlist the inactive men of the church,

Second: To develop all men of the church to become more useful Christian stewards.

Third: To utilize the man power of the church in spiritual service.

Need Of Enlistment: As to the need of enlistment among our men, we are sure no one would question, especially those who are now active in organizational work. According to experience and observation, and according to the 1933 annual of the Southern Baptist Convention, we find that nearly 600,000 or 71 per cent of our men are unenlisted. We repeat again, that we do not believe that the falling off of collections among the churches of Southern Baptists in the past few years is due so much to general business conditions as to churches!

Need of Development: It has been said that one of the greatest discoveries has been that of the unity of man. It has been proven that every man has a three-fold nature—physical, mental, and spiritual. It has also been proven that, except there be a healthy development of the whole man, he cannot be expected to attain the maximum of efficiency in any line. We find through our present program of weekly meetings, dealing specifically with the vital topics concerning our church and denominational program, and offering the most part in developing the whole man.

Utilizing The Man Power: Here the Brotherhood is attempting to stamp out one of the greatest sins known in our churches today—that of indifference. The Brotherhood is attempting to eliminate this not only by enlisting and developing the men, but by utilizing their talents in specific personal service. In other words, the Brotherhood stands for the entire church and denominational program.

We believe that each department of our church, Sunday school, W.M.S.. Brotherhood, B.Y.P.U., has definite and distinct functions, without duplication, and that each department should do its work without prejudice, realizing that in order to promote a successful co-operative program we must first meintain a thorough co-operative spiritual program in all the departments of our church.

# DISTINCT VALUES OF THE BROTHERHOOD

Let us pause here, therefore, and summarize the distinct and outstanding values of the Brotherhood.

First, it provides a definite systematic plan of collisting the inactive men of the church.

Second, the Brotherhood provides, through its weekly meetings, systematic methods of developing the whole man, not only by keeping the men informed concerning the entire church and denominational program and the vital topics (doctrinal, stewardship, missions, evangelism), but by offering wholesome social contact.

Third, the Brotherhood offers definite opportunity for preparation and training in actual personal service.

Fourth, through the Brotherhood Organization the men catch the real vision of their obligations to their church and denominational program.

Fifth, through the activities of the Brotherhood, men are becoming more consecrated.

Sixth, through the Brotherhood activities, men are developing leadership, one of the most needed qualities of man.

Seventh, the Brotherhood incites action. Men find their place for service who never knew they had a definite place in the church life. It is most intersenting to hear the testimonies from these individuals. Hundreds of them testify to the joy they are receiving since being enlisted. However, they often state that they have many things to regret, due to the fact that they were not approached earlier in life. Numbers of them are now 60 and 65 years of age standing on their feet to speak for the first time, stating what it would have meant if one had approached them 30 or even 40 years ago, as they consider those years almost a total loss, so fer as personal service is concerned. No longer than last Sunday, June 10, 1934, in a regular Brotherhood meeting, a man who is now forty years of age testified to what it would have meant in his life some member of the Brotherhood had approached him 20 years ago, as he considered these 20 years practically lost. This is a most serious matter, for next in importance to our failure to lead the lost men to Christ is that of neglecting to save the lives of our men for service.

Eighth, the Brotherhood affords a trained army of men standing ready at the command of the pastor to serve in any capacity. When the pastor wants to put over a program in the church, if he has a well-organized active Brotherhood, he will not be forced to kill a lot of time experimenting with same new organization and pleading with a group of indifferent men. His organization is already perfected and the men are sold on the entire church program and they believe in supporting the pastor to the fullest extent.

Ninth, the Brotherhood Organization completes a well-rounded church program and eliminates the necessity of additional organizations. We are convinced that the auxiliaries of our churches should be in position to take care of any form of service known to the church, except pastoral duties, which no one except the pastor can perform.

Tenth, the Brotherhood stimulates the entire church program. The pastor of any church who has an active Brotherhood will testify that it stimulates the regular church services, morning, evening, mid-week, the financial program, also Sunday school, W.M.S., and B.Y.P.U. In many cases, where the men are enlisted in the Brotherhood their wives and children who were also inactive beforehand become active in the W.M.S. and B.Y.P.U.

Eleventh, the Brotherhoud affords an opportunity for the pastor and his co-workers to distribute the responsibility. It places responsibility on groups and individuals who otherwise would never have become active. The main reason our church program has been so difficult to put over in the past, especially among our men, is due to the fact that, generally speaking, very little has been expected, therefore very little received. It has been definitely proven that if expected, therefore very little received. It has been definitely proven that if or pastor of any church will prove to his men that he is expecting them to organize and make preparations for the specific purpose of siding personally in the various activities of the church he may rest assured that the majority will not disappoint him. To further illustrate:

I presume practically every method has been tested in putting on the Every-Member Canvass. We have found none quite so successful as the method of utilizing the services of the existing organizations in the church, as follows:

Officers of the Sunday school and their workers canvass the church members who are members of the Sunday school only.

The officers of W.M.S. and their workers canvass all women and children who are members of the church and not in Sunday school.

Officers of the B.Y.P.U. and their workers canvass all young people who are members of the church and not in Sunday school.

Officers of the Brotherhood and their workers canvas; all men who are members of the church and not in Sunday school.

Twelfth, without a doubt the Brotherhood will play a major part in solving one of the greatest problems of Southern Baptists, that of the rural church. It has been thoroughly tested and proven that a Brotherhood organisation is a chance to function. Of course this means revolutionizing when given a chance to function. Of course this means revolutionizing the associational and district program. For after all is said and done, we cannot expect to promote a successful associational, State, and Southwide program, unless we first thoroughly organize and standardize the programs in the local church from the largest to the smallest.

To Our Overworked Pastors: The men of the Brotherhood are at your command! Under your leadership we offer our unselfish service, not to run the church but to serve it! Don't neglect us men! Dare to call on us for great try, except the time in your pulpit, will be the hour which you spend with your men in their weekly Brotherhood meetings. By this act you will not only bind you will also learn more about your men and their problems! Thus you will multiply your own powers of service manifold, while calling out and using every men in your church in the service of the King!

### CHAPTER VI

# HOW THE BROTHERHOOD WORKS AND WHAT IT MEANS TO MY CHURCH

By Dr. E. E. Colvin, Calvary Septist Church, Alexandria, Louisiana

Putting the Man in Their God-given Place: It is one of the deep-scated convictions of my soul that the men should lead in all of the activities of our churches. I believe that the men bore the major responsibilities in the churches mentioned in the New Testament. And I think that it was a tragedy unspeakable when the men began to sit back or to side-step their place and work and thereby to force the women and young people to carry the responsibilities that God intended the men to bear. I believe that our churches will grow and prosper exceedingly when, and only when, their man-power is harnessed and directed. Not that I would minimize or despise the work of our women, our young people and our boys and girls, nor that I think that they should do less. On the contrary, they ought to do even more. But their own work is quite sufficient for them, without attempting to do what the men should do. The problem before us today, however, is the failure of so many of our men to use any of their talents for God. When our men are reached and enlisted and organized and inspired they will transform every phase of our church life. This has been amply demonstrated in my church.

My first experience with a Brotherhood in the church was at Forest, Louisians. Forest is a vary small town situated in the midst of a thickly-settled farming community. The church is really a country church. There I learned the marvelous transforming power of a Brotherhood. The church prospered as never before in its history when the Brotherhood began to function. From the beginning it met weekly at the same hour used by the B.Y.P.U.'s. So far as I know, this gion originated there. Since then it has apread until almost all of the Brotherhoods in Louisians use it. I will never cease to be grateful to the men of the Forest Brotherhood who demonstrated to me the boundless possibilities of a real Brotherhood.

Our Calvary Baptist Church Brotherhood is now three and a half years old. It was organized two months after I theame paster of this great city church. Since the night of its organization it has not every Sunday evening at the B.Y.P.U. hour, which is one hour and fifteen minutes before the preaching cervice. The program uses one hour and then the men have fifteen minutes of followship before going into the church auditorium. We would not even consider

trying to have a Brotherhood if it should meet less often than once a week. We are convinced that the B.Y.P.U. hear cannot be surpassed. No man can even estimate the worth of this men's organization to the life of Calvary Church The Brotherhood means that my church has a real organization for its men where they learn what to do and how to do it, and where they actually do it.

Fellowship: In our churches we need more friendliness and fellowship. The Brotherhood means that the men of my church have a real men's organization in which genuine Christian fellowship and brotherhood are developed and are given an opportunity for expression. In the Brotherhood the men learn to know and appreciate and help one another, and they learn their pastor better and he in turn learns his men as he could not possibly learn them without a Brotherhood. In many churches the pastor is a stranger to his men. Our Brotherhood means that the men and the pastor hecome intimate friends. If the Brotherhood did nothing else, this alone would justify its existence.

Mission Study: For many years our women have been studying and tearning. Our men sorely need information, if our churches are to make progress. The Brotherhood means that in my church the men study various books in order to help them become better and more useful Christians. It has been my privilege to teach doctrinal books, mission study books, soul-winning books, and stewardship books to a large number of men of my church. Without a Brotherhood it is doubtful whether many of these men would have studied these books. I believe that they are bigger and stronger Christians because of their studies. It is really smazing how eagerly the men seize the opportunity to learn more shout Christ and his Kingdom, the church and its work, the denomination and its program, and their own obligations and responsibilities as Christian men.

Gifts to Missions: However, merely studying will not accomplish much in the development of Christian character. In our Brotherhood we learn by doing by study. Some have become Sunday school teachers and are passing on to others what they have learned. The financial record of our church for the past three years shows that in spite of the depression, we contributed more than the church did the three preceding years. I do not believe that this would have been done if we had not had a Brotherhood. The men of the Brotherhood are could get all of our men into our Brotherhood, our financial troubles would be ended. During the past three years we contributed considerably more to missions than the church did the preceding three years. Mission study and information in our Brotherhood account for much of that.

Soul-Winning: Studying books on soul-winning never won a soul to Christ, but when men who have studied soul-winning go to their lost friends and make an honest, prayerful effort to win them to Christ, souls are saved. Sometimes a member of our Brotherhood brings a lost man to my study. Sometimes a man will arrange for me to have an interview with a lost friend. I find that an interview, prayerful layman and his pastor make a good soul-winning team. I have baptimed more men in the last three years than in all the pravious years of my ministry. I think that this means that the Brotherhood of my church is a valuable soul-winning agency. Our men believe in and practice personal evangelism.

Helping Other Departments: The Brotherhood in my church has exerted a remarkable influence over the work of the other organizations and services of the church. When the Brotherhood was organized we had one faintly struggling Senior B.Y.P.U., two weak Intermediate Unions, one armail Junior Union, and for women who become leaders and aponsors in our B.Y.P.U. organization). We found that it was easy to get the rest of the family when we succeeded in latermediate Unions, four active Junior Unions and five times as many arrolled in the B.A.U. as we had three and a helf years ago. More than 25 per cent of all who attend these various training services remain for the preaching service! Consequently we have to use extra chairs in our church additionium where if our Brotherhood had not found and enlisted them. Many men are they were converted.

Adults in Sunday School and Prayer Meating: After the organization of our Brotherhood the Adult Department of our Sunday school begon a good steady growth. In turn the other departments grew as the men brought their wives and children to study God's Word. The attendance at the morning worship service has grown steadily until frequently we have had to use extra chains to accommodate the congregation. And, believe it or not, the attendance at one accommodate the congregation. And, believe it or not, the attendance at our accommodate the congregation and the tripled soon after the Brother-hood west to work. Now we have many men present each Wednesday evaning. Also, there are many homes where family devotions are observed since the men have been attending Brotherhood.

Helps W.M.U. Work: Though it may sound strange, the Bratherhood has helped the W.M.U. wonderfully. Men who formerly opposed their wives, more or less strenuously, in their W.M.U. work now encourage them. There are now eleven circles in our W.M.U. where there were only six when our Brotherhood was organized.

The Four Wheels of the Church: Every other organization and service of my church has been directly or indirectly helped by our Brotherhood. I feel that the Brotherhood is an essential church organization. I sometimes use my automobile as an illustration. On several occasions I have driven it more than six hundred miles a day. With it I have covered 125 miles in 136 minutes. It is a good car. It has a good steel body and four good wheels under it. I think of the church as the body. Then the four wheels are the Sunday school wheel, the B.Y.P.U. wheel, the W.M.U. wheel and the Brotherhood wheel. No car will get very far if it has only three wheels! If one and of an axis is dragging on the ground the other wheels will not move and the whole body will stand still! All the power of the mighty motor under the hood will fail to move the hody of the car unless there are four good wheels on the ground! Many of our churches are trying to run without the Brotherhood wheel and they are not gatting anywhere. They have the other wheels, but the body doesn't move. I believe that every church ought to have all four wheels. When we get them the mighty power of God will anable us to carry the glorious gospel of the crucified Christ and a-mile a-minute speed to all men averywhere! Our churches will become living, moving, flaming, goapel-bearing bodies!

The Paster at the Steering Wheel: There is one more wheel to an automobile—the steering wheel. The paster should sit at the steering wheel of his church and his right foot should preas down the accelerator to the floor-board all the time. Brathran, make no mistake about this. If anybody also tries to take the steering wheel out of the paster's hands he will ditch the whole thing! If the paster holds his position by the will of God, any other person becomes a life the paster holds his position by the will of God, any other person becomes to dangerous enemy to the church and to the cause of Christ if he tries to take the steering wheel! A sincere paster will strive earnestly to steer his church the steering wheel! A sincere paster will strive earnestly to steer his church the steering wheel has enabled my church to go about the Master's business at a speed which the gospel needs. When south are dying without Christ we ought to be ashamed to drag along at an ox-cart pace when we could be moving at V-B speed. Let's go!

Helping Other Churches: The wonderful accomplishments of our Brotherhood have not been confined to our church. Our men have helped to organize Brotherhoods in many other churches. Frequently they have gone more than Brotherhoods in many other churches. Frequently they have gone more than discouraged and ready to quit before our men helped them to organize their men in Brotherhoods are now gloriously preaching with their men auptoring IBFM as never before in their lives. Many churches in this section of porting IBFM as never before in their lives. Many churches in this section of Louisiana have been completely transformed. Some have been forced to enlarge Louisiana have been completely transformed. Some have been forced to enlarge their buildings. Some have increased their offerings to missions. Some have increased their offerings to missions. Some have increased their offerings to missions. Some have their pastors. Some that had been giving nothing to missions are now making regular contributions. Some that rarely troubled the waters of baptism are now winning many souls. In turn their men are typing to other churches to help in organizing and enlisting the men. Though our going to other churches to help in organizing and enlisting the men. Though our parts old it already has many grandchildren! The Brotherhood idea is especialized almost as fast as goasip in Louisiana and the churches are being transformed!

Real Helpers to Real Pastors: Some pastors are afraid that a Brotherhood might be the means of establishing a clique that would try to run the church and to oppose the plans of the pastor. The opposite results are actually groduced. The Brotherhood magnifies the church. It seeks to fit into and to promote the program of the church. It does not set up separate plans and programs of its own. It seeks to support the pastor. My men tell me to tell them what I want done and they will do it. This has always been the attitude of my Brotherhood. My men have been tried many times and they have never desarted or betrayed me. The Brotherhood in my church means that I, as the pastor of my church, have a large group of men who stand courageously behind their pastor in his efforts to win souls, to fight sin and to huild up the church. It is a great help to me when I stand in my pulpit as Sunday evening to know that all about a Brotherhood in my church means that I have a large group of men who stand in the second that a large group of men who are willing to visit our church members and prospective church members. It means that I have a large sumber of real pastor's assistants! I would not give up my Brotherhood and attempt to continue as pastor of this church! And church that has three or more men in it can have a Brotherhood in any church! And a Brotherhood can transform your church in twelve months! Try ic!

### CHAPTER I

# SUMMARY OF SOUTHERN BAPTISTS, 1933

(Fourteenth Annual Report)

By E. P. Alidiedge, Secretary of Survey, Statletics and information

#### STRANGE DEVELOPMENTS IN 1933

The year 1933 was a year of peculiar gains and losses. Not since 1926 have we had a year which was so strange and erratic. With a gain of 236 churches, for example, we report a loss of 138 ministers. With a gain of 253 Sunday schools, we report only 18,015 net gain in enrolment—one of the lowest net gains im, Sunday school enrolment in twenty years. And with a gain of 144 church houses, we report a loss of \$5,342,796 in church property! This anomalous condition, however, is not difficult to understand. Let us look at the outstanding facts in the case:

### CHURCHES AND SUNDAY SCHOOLS REVIVED

The thoughtful student of Southern Baptist affairs is struck with the large gains, made in the last three years, in the number of our churches and Sunday schools. Here is the situation:

In 1931 we gained 75 churches and 325 Sunday schools. In 1932 we gained 229 churches and 527 Sunday schools. In 1933 we gained 235 churches and 253 Sunday schools. Total gains in 3 years, 539 churches, and 1,105 Sunday schools.

Now, in view of our former losses, both in the number of churches and Sunday schools, this is indeed a renearkable situation. But it has a very simple explanation. When the various state mission boards, some years ago, cut off the sid and the workers which had been carring for our weak and struggling churches and Sunday schools, out in the country districts, these little churches and Sunday schools went down, but they did not disband their organizations. As this work has been re-inaugurated in the various states, during the past three years, these little churches and Sunday schools have been revived and have begun to function once more. The fact that the Sunday schools are increasing twice an fast as the churches is accounted for by the aggressive and thorough-going work of our various state Sunday school secretaries.

### GREAT MEMBERSHIP GAINS AND BAPTISMS

White our membership gains and baptisms for 1933 are not as large as were those of 1932, they are still well above the average of the last 14 years. For our average yearly number of baptisms for the past 14 years has been about 204,000; whereas our average annual gain in church membership has stood at about 86,000 a year. In 1932, to be sure, we went far above this average on both items; and in 1933 we have again overtopped this aplendid yearly record, reporting 211,393 baptisms and 107,788 net gain to the membership of our churches. As will be seen by referring to the table below, this is the third year is succession that we have reported over 200,000 baptisms with an average of more than 100,000 met gain to the membership of the churches.

Here is the record in baptisms and net gains in church membership since

```
In 1920, there were 173,595 haptisms, with a net gain of 187,998

# A WARNING TO OUR BIG URBAN BUNDAY SCHOOLS

When we come to consider the Sunday school gains in 1933, we note that, in spite of a net increase of 253 in the number of Sunday schools, the net gain to the Sunday school enrolment amounts to only 18,015—one of the smallest to the Sunday school enrolment amounts to only 18,015—one of the smallest gains reported in twenty years. How is this anomalous condition accounted for? The explanation is as plain as the day—the great urban Sunday schools have let up in their culargement programs, and they have experienced a decided have let up in their culargement, while the country Sunday schools have stood their grounds and made fair gains.

In seven of the states, for example, there have been good, substantial gains (in the country churches) in the number of Sunday schools, while the total enrolments show actual, though small, losses. The seven states are as follows:

Alabama gained 28 Sunday schools, but lost 938 in enrolment. Georgia guined 35 Sunday schools, but lost 1,817 in enrolment. Misabalppi gained 13 Sunday schools, but lost 1,817 in enrolment. Misabalpi gained 13 Sunday schools, but lost 1,182 in enrolment. North Carolina gained 39 Sunday schools, but lost 957 in enrolment. South Carolina gained 9 Sunday schools, but lost 1,518 in enrolment. Texas gained 11 Sunday schools, but lost 603 in enrolment. Total Sunday schools gained, 116; total losses in enrolment. The following states made fairly good enrolment gains in 1933: Oklahoma gained—7,590 in enrolment. Kentucky gained—5,861 in enrolment. Virginla gained—4,255 in enrolment. Florida gained—4,268 in enrolment. Florida gained—1,998 in enrolment. Arkansas gained—1,998 in enrolment. Tennessee gained—1,109 in enrolment.

Taking the South as a whole, we now have 21,784 Sunday schools (with a gain of 253 over the past year) and 3,069,484 pupils enrolled (a net gain of 18,015,aver the past year).

```
The record since 1916 (Dr. J. M. Frost's death) stands as follows:
In 1917, we reported 18,394 Sunday schools, with 1,784,992 enrolled.
In 1918, we reported 18,134 Sunday schools, with 1,789,208 enrolled.
In 1920, we reported 17,686 Sunday schools, with 1,759,208 enrolled.
In 1921, we reported 19,684 Sunday schools, with 1,835,936 enrolled.
In 1922, we reported 29,685 Sunday schools, with 2,147,654 enrolled.
In 1928, we reported 20,691 Sunday schools, with 2,220,036 enrolled.
In 1924, we reported 20,601 Sunday schools, with 2,220,036 enrolled.
In 1926, we reported 21,760 Sunday schools, with 9,536,958 enrolled.
In 1926, we reported 21,760 Sunday schools, with 2,491,772 enrolled.
```

In 1927, we reported 21,147 Sunday schools, with 2,683,331 enrolled.
In 1928, we reported 21,556 Sunday schools, with 2,780,043 enrolled.
In 1929, we reported 21,399 Sunday schools, with 2,797,129 enrolled.
In 1930, we reported 20,972 Sunday schools, with 2,778,666 enrolled.
In 1931, we reported 20,679 Sunday schools, with 2,839,183 enrolled.
In 1932, we reported 21,004 Sunday schools, with 2,952,910 enrolled.
In 1983, we reported 21,531 Sunday schools, with 3,051,469 enrolled.

### SCALING DOWN THE LIST OF NINISTERS

For the last three years we have made a special effort to purge our list of ordsined ministers from all names that should not be included in this roster. Nevertheless, a few months ago, a dear friend from Texas sent us a list of almost a dozen ministers who had moved away or were dead, one among them having been dead for nine years! We are sure size, that 150 additional names should be deleted from this list, if only we could secure the proper information! On the other hand, there are perhaps 250 new names which should be placed on this roster, if again we could only secure the information! When will our brethren become willing to co-operate with us in this matter? Post cards are not expensive! Buy out! Then sit down and go over the published list of the names of the ministers of your state and write me the corrections which should be made!

The main groups of our Southern Haptist ministers, however, have not changed appreciably in the last five years. They still stand approximately as follows:

3,000 old ministers, retired from active service.

2,000 young ministers in training, and beginning.

3,000 missionaries and denominational workers.

9,000 active pastors, giving full time to the work. 5,000 inactive ministers, in secular work.

175 to 200 die every year.

200 to 220 new ministers ordained yearly.

### THE LY.P.U.'S GO MARCHING ON!

Since the close of the World War, Southern Baptist young people have turned to their churches in marvelous fashion! And they keep on coming! In 1931 they passed the Epworth Lesgues of the (Northern) Methodist Church and became the greatest single body of organized young people to be found in any single denomination in America!

Then, in 1932, they came in with another year of smashing gains, showing a net increase of 2,228 Unions and 36,894 young people added to their numbers! Then, when we got the statistics for 1933, we found them with still another remarkable year—a year showing a gain of 2,421 Unions and an added enrolment of 34,441 young people for the year! Going late the lead of all young people's froups is A merica in 1931, and then hanging up a two years record of 4,849 new Unions, or 193 new Unions for every mouth in the past two years, and 71,335 new young people enrolled for the two years, or almost 3,000 new years people shoulded for every mouth of this period! If there is any parallel to this record in the United States or the world we have not even heard of it!

### PRODICIOUS WORE OF THE WOMEN!

If any one wants to find facts that are stranger than fiction—and ten times as interesting—let him learn what is going on in the W.M.U. work of Southern Baptist women! What a record they made in 1933! What a report they have to carry up to Fort Worth! Take s look at some features of it!

# CHURCH PROPERTY TUMBLES AGAIN!

For the third consecutive year during this depfession, Southern Baptist church property showed a great decline in 1933. This took place, moreover, in spite of a healthy gain in the number of church houses. So that it is not an actual loss which we have suffered, but only a terrible deflation of real estate values. Here is the three years' record:

In 1931 we gained 89 church houses, but sustained a loss in the value of church property amounting to \$912,341.

In 1932, we gained 128 church houses, but sustained a loss in the value of church property amounting to \$7,347,686.

In 1933, we gained 144 church houses, but sustained a loss in the value of church property amounting to \$5,342,796.

Three years' gains in the number of church houses-361.
Three years' loss in the value of church property-\$13,602,823!

# STILL FURTHER LOSSES IN CONTRIBUTIONS

If any one imagined that Southern Baptists' gifts had struck bottom in the year 1932, he was simply mistaken—there was a further drop of \$4,052,127.12 in 1932, he was simply mistaken—there was a further drop of \$4,052,127.12 work of the churches, and \$1.070,237.31 representing the further fail-off in our work of the churches, and \$1.070,237.31 representing the further fail-off in our gifts to missions and benevolences! What is even more remarkable, and gifts to missions and benevolences! What is even more remarkable, and Southern Baptist Convention shared in it—every unit except the District of Southern Baptist Convention shared in it—every unit except the District of Southern Baptist Convention state executive offices showed a gain in Virginia, Illinois and Missouri (counting state executive offices showed a gain in Virginia, Illinois and Missouri (counting when the amounts sent direct to state and Southwide institutions are included when the amounts sent direct to state and Southwide institutions are included when the amounts sent direct to state and Southwide institutions are included the record is an overwhelming, smashing victory for the depression—only the District of Columbia went forward, every one of the 16 states fell back to the District of Columbia went forward, every one of the 16 states fell back to the missions and benevolences!

The wreck of the past four years certainly seems complete. Here it is:

#### OUR PER CAPITA GIFTS FOR 20 YEARS

The real status of our gifts during the past few years can not be understood until reduced to a per capita basis. This, in fact, is the acid test of all giving. Let us dure, therefore, to look back over our record since 1913, on the per capita basis:

\*This apparent loss came by the separation of 117,000 Landssarkers and B.M.A.'s from our liets.

It will be seen from this table that Southern Baptists' per capita gifts to the local work of the churches has dropped down to the 1919 level, whereas their per capita gifts to missions and benevolences goes back 25 years to the level of our gifts in 1908.

### WHAT'S THE MATTER WITH SOUTHERN RAPTISTS?

Let me repeat and put some teeth in what I suggested a year ago—that the trouble with Southern Baptists may be summed up in three points, vix:

- 1. We are still 68 per cent unenlisted—and there is no Southwide effort, nor concerted movement, nor effective organization, and, apparently, no great desire to solve this problem or even to get at this biggest of all tasks among Southern Baptists. We are going on defaulting in the face of our biggest challenge!
- 2. The 32 per cent who are calisted do not dere to give as God has prespered them! We dare to talk about "sacrificing for Christ," but if this 32 per cent of Southern Baptists had honestly given the tenth last year, our mission and benevolent causes alone would have received \$2,000,000 more in 1933!
- 3. The churches are giving too large a proportion of their gifts to their own local work. In 1932, the churches gave 81.9 cents out of every dollar to their local work, and only 18.1 cents out of the dollar to all missions and benevolences. In 1933, however, it was still worse—only 16.6 cents out of the dollar went to missions and benevolences, while 83.4 cents out of every dollar was used on the local work of the churches If the patters and descons in our local churches centimue that sert of division of their budgets, even for a few years, then no power on earth can save Southern Baptiet work!

## CHAPTER II

## BAPTIST PROGRESS—THE PAST ONE HUNDRED YEARS, 1833-1933

(An address delivered at Tuscalousa, Alabama, on the completion of 100 years' history of the Tuecaloosa Association, March 19, 1934.)

## L A STRANGE WORLD-OUR FIELD

The world in 1833 was a very different world from the one in which we live today. In 1833, for example, railroads and steamships were just beginning to be built, the most extended railroad in the United States being only 34 miles long. And there were no telegraphs, no telephones, no electric lights, no cables, long. And there were no telegraphs, no telephones, no electric lights, no resorts, no Pullmans, no automobiles, no gas engines of any type, no wireless, no airplanes, no moving pictures, no sound pictures, no radios, almost no highways, peor mail facilities and few newspapers. For the news traveled slowly, in that poor man racciness and rew hewspapers. For the news wateres sometimes on far-off day being sent by sail boat, stagecoach, pony express, or runners on

The world of 1833 was also much smaller in population and more widely separated than the world of today. It seems incredible, for example, that the world's population should have grown from \$50,000,000 in 1833 to 1,062,000, 000 in 1933, or more than 1,100,000,000 in the 100 years! But this is the plain fact in the case. The population growth of the main nations, including our own nation, during this time, sounds like a fairy tale—stranger than fiction:

Netions	-		· women spectrons:
Great Britain		1430	1930
	24	400,000	107,114,000
Russia	2.0	.500,000	49,746,874
Italy	46	.100,000	62,348,782
Italy Belgium		,210,400	40.786.000
Deiglob		.00,000	7,416,419
Turkey Dates See		600,0ap	7,923,077
		146 010	13,440,610
Roumania		300,000	122,175,046

And, whereas it required three to six weeks to cross the Atlantic Ocean 100 years ago, a fast steamer covers the distance today in less than five days—and the interpid aviators make it in thirty-six hours! And, whereas it required the hest sailors a year or more to sail around the world, 100 years ago, a lone aviator has but recently (in 1933) encircled the whole earth within eight and

If the population of the world, however, has had a phenomenal growth in the past 100 years, the Christian forces of the world have had a still more remarkable growth. Here is a summary of the amazing facts in the case:

Christian Groupe	III THE COL	
Total World Population   18.00   1.	71.549.056 71.004.004 11.640.840 10.006.006 20.640.660	Gain 330.82% 112.24% 177.84% 182.22% 182.24% 186.71%

# II. A NEW NATION—OUR PROVING GROUND

The Baptists of 100 years ago, moreover, were not only a part of a very different world from the one we live in today, they were mostly citizens of a new nation (not yet sixty years old, in fact) which was dertined to develop the greatest army of Baptists in the whole world.

Pomulation: The population of the United States, 100 years ago (1830), for example, comprised only 12,860,702 persons—with one Baptist to every 31 persons in the population; whereas at the close of 1933, there were 126,144,000 persons in the United States with one Baptist to every 13 persons in the population. It will be seen therefore that the growth of the population and the growth of Baptists in the United States during the past 100 years is without any parallel in modern times.

Problems: This unparalleled growth of our nation and of our Baptist necple, moreover, was made in the face of many of the gravest problems that ever came to a new nation-problems many of which remain unsolved today.

One hundred years ago, for example, the first railroads and steamships were just being built—and all the gigantic problems of transportation, as we know them today, were beginning to rise up before our pioneer people.

One hundred years ago, the first anti-slavery societies in the United States (organized in 1829) were holding their first national meetings, launching their first nation-wide campaigns for the freedom of the Negro slaves and, unconsciously, hastening the issues of the most disastrous and devastating Civil War (1860-1865) which ever overtook a peace-loving nation.

One hundred years ago, our young nation was confronted with the Black Hawk War in Illinois and the whole great problem of pacifying the American Indians, segregating them from the white settlements, transporting them to the portions of the country assigned to them, composing their tribal difficulties, and beginning the long and tedious process of trying to make American citizens of

One hundred years ago, the Congress of the United States began its second effort to build up a high protective tariff, "to save our infant industries," and as we have seen repeated in recent years, to damage and well-nigh destroy the foreign markets of the new nation.

One hundred years ago (1833), Andrew Jackson began his second term as President of the United States-the first truly democratic administration the new nation had known. Like the present Roosevelt administration, moreover, Jackson had trouble with the banks and with France refusing to pay her (Napoleonic) war debts. Jackson, however, cut the Gordeon Knot by destroying the United States Bank outright and ordering France's ships and cargoes in American ports to be forcibly selzed for the payment of her debts.

One hundred years aga, with the exception of some twenty of the older states on the Atlantic Coast, the United States was a vast, uninhabited and mostly unknown wilderness. Even the state of Alabama, which had been admitted to the Union in 1819, could boast of only 309,527 inhabitants in 1830, forty near coast of whom were alease. Eventwhere in the Middle West. West. forty per cent of whom were slaves. Everywhere in the Middle West, West, Southwest and South, with few exceptions, the most primitive conditions and the most perplexing pioneer problems obtained. Only the most meager beginnings had been made-everything was yet to be done

Progress: Such, in brief, were the conditions which confronted our Baptist fathers 100 years ago, when they numbered only 463,419 in the whole nation. That they should be able, in the face of such conditions to come to the year 1933 with a hoat of 9,500,000 Baptists in this nation is a story of religious achievement without a parallel in any other nation or in any denomination in modern times.

## III. A NEW DEMONSTRATION—OUR ACHIEVEMENTS

Great and Growing Numbers: Just how great has been the achievements of the Baptists of America in the past 100 years may be judged, in part at least, by our marvelous growth in numbers and resources.

- In 1639, the first Baptist church in America was organized.
- In 1683, there were only 1,125 Baptists in America.
  In 1680, there were only 100,000 Baptists in America.
- In 1838, there were 403,429 Baptists in America.

```
In 1856, there were 1,008,321 Baptists in America.
In 1876, there were 2,106,572 Baptists in America.
In 1886, there were 3,163,234 Baptists in America.
In 1894, there were 4,011,794 Baptists in America.
In 1904, there were 5,015,574 Baptists in America.
In 1913, there were 6,248,133 Baptists in America.
In 1917, there were 7,212,844 Baptists in America.
In 1921, there were 8,149,192 Baptiets in America.
In 1927, there were 9,100,432 Baptists in America.
In 1934 or 1935 there will be 10,000,000 Baptists in America.
```

# Summarising this achievement, we note that:

```
317 years (1639-1856) were required to win the first million,
20 years (1856-1876) were required to win the second million.
10 years (1876-1886) were required to win the third million.
 8 years (1886-1894) were required to win the fourth million.
10 years (1894-1904) were required to win the fifth million.
 9 years (1904-1913) were required to win the sixth million.
 4 years (1913-1917) were required to win the seventh million.
 4 years (1917-1921) were required to win the eighth million.
 6 years (1921-1927) were required to win the ninth million.
 8 years (19274,935) were required to win the tenth million.
```

The growth of Baptists in America, however, has been much greater in the South than in the North. In 1833, for example, there were 235,428 Baptists in the South, counting both whites and colored, as compared to 167,991 Bap. tists in the North; whereas in 1933, there were over 7,000,000 Baptists, of all kinds and colors in the South, or one Baptist to every six persons in the population; whereas there were only 2,500,000 Baptists in the North (white and colored), or one Baptist to 33 or more persons in the population. Thus it has come to pass that, taking the country as a whole, there was one Baptist to every 31 persons in the population in 1833; whereas there is now, in 1933, one Bapto every 13 persons in the population.

A complete tabulation of the Baptists in the South and in the United States, for 1833, may be found on page 61 of The Baptist' for 1835. This tabulation

Honorable Place Among the Denominations: Baptists, however, were not the only religious group in America in 1833-in fact, at that time they ranked third among the denominations. Nor have they been alone in experiencing a marvelous growth in numbers in the past one hundred years. In fact, thanks to the great floods of immigrants which came to America for thirty years, Roman Catholics in the United States have had even greater growth than the Baptists though Baptists now rank second among all religious hodies in America. The growth of the main denominations for the past one hundred years (see Allen's Register for 1832) has been as follows:

Complete Religious Freedom: The unparalleled growth in numbers and the honorable place among other denominations which the Baptists of America have attained in the past one hundred years is directly due to an earlier and still greater triumph of our Baptist people—the achievement of complete religious liberty and the complete separation of church and state which alone can safeguard and preserve religious liberty. Tolcration, to be sure, had been granted by many countries, but religious liberty was unknown anywhere on earth until Roger Williams set up his "lively experiment" in Rhode Island and showed the whole civilized world the workability and blessing of this distinctive Baptist principle and doctrine.

The fact that religious liberty, or even toleration, was bitterly denied the Baptists of America for one hundred years explains the tragic fact that we had a net gain of only 34,000 in the first hundred years of our history in this nation; whereas, during the next hundred years, with full religious liberty, our net gain was more than 2,000,000.

Building Greet Sunday Schools: Some of the more forward-looking Baptist churches had begun Sunday school work about the close of the Revolutionary War, but it was not until 1833 or thereabouts that our churches generally began to think and plan seriously for Sunday schools. By 1833, however, practically all the better churches in New England and in the middle colonies, and many churches in the South, had launched into Sunday school work. So that there were between 760 and 1,000 Sunday schools in the 6,000 Baptist churches in the United States in 1833, whereas there are today over 47,500 Sunday schools with 5,500,000 pupils enrolled in the Baptist churches in the United States.

In the meantime, Southern Baptists have achieved a "Believe It or Not" in Sunday school work in the last 16 years. For they have made a net gain, during this time of 3,137 new Sunday schools and 1,266,477 new pupils enrolled, or an average of 79,154 new pupils every year for the 16 years - record surpassing the combined gains of any three main denominations in America.

Great Missionary Enterprises Sustained: One hundred years ago, the great modern missionary movement, launched by William Carey in 1792, had begun to seriously challenge and to win most of our forward-looking churches in America. Adoniram Judson, Luther Rice and a score of other missionary heroes had linked their great lives to the movement. The Triennial Convention of the Baptists of America had been organized in Philadelphia in 1814 to support the movement. The seventh session of this convention had been held in New York City in 1831 with 124 out of the city delegates in attendance. Dr. Spencer H. Cone of New York City had been elected president, while Dr. Jesse Mercer of Washington, Georgia, had been made president of the Board of Managers, and some \$48,967.00 had been raised for foreign missions, education and publication work.

The Baptist missionary movement thus begun, however, had to fight for its life for twenty years (1825-1845), the battle reaching its climax of bitterness and intensity in 1839. For, on the one band came the great Hardshell and Campbellite movements, both of them distinctly anti-missionary, which attacked the cause of missions with the disholical cunning, and much of the bitterness of spirit and the sheer desperation and fury of wild beants of the jungle. On the other hand stood the great majority of our Baptist pastors and preachers, holding aloof, not taking sides either way, but allowing the great mission causes of our Redeemer's Kingdom to be crucified! Nothing, except the horrors of the Reconstruction, have ever tried the souls of our Baptist leaders as did this battle for the mission causes.

The leaders of the great missionary enterprise, however, never faltered. With personal sacrifices and bitter persecutions such as no future generation of Baptists have known, they went on conquering and to conquer, until the missionaries of the two great white conventions and the one great Negro convention which came out of the old triennial convention, have literally girdled the globe with their missionary messages and filled the world with the glory of their missionary achievements.

Great Devisive Movements Overcome: In the meantime, the very faithfulness of the Baptists of America in bearing the message and carrying the cross of world missions gave them a denominational unity and solidarity and a triumph over the anti-missionary and devisive movements of the Hardshells and the Campbellites which was truly wonderful. For in spite of the fact that these two great devisive movements look out of the Baptist canha 200,000 or more persons (that is practically one-half of all the Baptist forces in 1833), God gave back to the Baptiste on net gain of 126 per cent during this atreasful period (1825-1845)! So that no one today, looking over the yearly gains of Southern Baptiste during this period can find the alightest trace of any loss—only the steady march of mounting gains, from 156,012 in 1825 to 352,950 in 1845!

Great Gains Amidat the Ravages of Wars Nor were the conquering forces of the Baptists of America halted by the ravages of the Civil War and the Reconstruction (1860-1880). On the contrary, thanks to the great revival of [857] in the North and the still greater revival in the Southern armies and camps during the war, the Baptists of America saw their numbers increase from 1,172,-610 in 1860, to 2,510,209 in 1850—a net gain of 1,337,389, or more than 66,000 a year for the 20 years covered by this greatest national disaster!

Evangelisation of the Negro Race. In the meantime, the Baptists of America have wrought a work in evangelizing the Negroes of the South (innocent cause of the great Civil War); which is without any parallel in the history of the Negro race or any other underprivileged race. And, while this great work was begun more than one hundred years ago, the outstanding results have all come to pass since 1833. Unhappily, we do not have accurate statistics before 1845, when the Southern Baptist Convention was organized. But from that date, here is the record of a truly marvelous achievement:

In 1845, there was I Negro Baptist in the South to every 16.7 colored persons in the population.

In 1860, there was 1 Negro Baptist in the South to every 12 colored persons in the population.

In 1880, there was a Negra Baptist in the South to every 6.4 colored persons in the population.

In 1930, there was 1 Negro Baptist in the South to every 3.2 calored persons in the population.

Great Organized Life and Work: It remains to say that the organized life and work of Baptists, so well begun a hundred years ago, has been developed into one of the mightiest agencies for the advancement of the Kingdom of God known to modern times. For, whereas the Baptists of any hundred years ago, had one great general convention, 19 state conventions, same 20 achools and colleges and some 20 religious weeklies, 224 district associations, supported by 5,947 churches and 403,419 members, the regular Baptists alone, in the United States, have 95 state conventions, about 3,000 district associations, 57,000

churches, 8,523,742 members, 47,500 Sunday schools, 5,500,000 enrolled in their Sunday schools, 49,000 church houses, 8,500 pasters' homes, church property valued at \$460,000,000, with \$78,000,000 contributed for all purposes in 1929. In addition there are 15 small miscellaneous groups of Baptists having some 480,000 members.

Baptist educational institutions comprise 18 theological schools, four religious training schools, 88 colleges and universities, 51 junior colleges, 84 academies, and two Indian schools. These institutions have a total of 5.328 instructors, 84,456 students, of which number 5,845 are ministerial students; they occupy 1,603 buildings which, with the grounds, are valued at \$122,266,300; they have endowment amounting to \$126,624,879; total property and endowment in 1928, \$248,893,179.

Their orphanages and schools for homeless children number 35 and care for 5,250 children. The property includes 225 buildings and, together with the grounds, is valued at \$6,250,000. These homes have endowment amounting to \$1,500,000, bringing the total value of the homes to \$7,750,000.

In addition to the care of the homeless children, the Baptists of America maintain 31 homes for the aged and infirm, which are equipped with 76 buildings, 1,704 hospital beds, where 50 physicians and 50 nurses care for 1,031 patients. This property is valued at \$3,491,600, and the endowment amounts to \$2,054,751, or a total of \$5,546,351.

Also the Baptists of America now own and operate 37 hospitals, having 4,600 beds and caring for 90,700 patients annually. The property comprises 94 buildings and, together with the grounds, is valued at \$17,500,000, with only \$162,883 endowment. These hospitals last year employed 1,163 physicians, had in training over 1,500 nurses, and expended \$4,700,000 on maintenance.

In addition, the three great bodies of regular Baptists in America maintain three immense publishing houses, the combined receipts of which are more than \$8,000,000 annually, from which receipts they give back to the denomination three-quarters of a million dollars annually for benevotent work.

And now that God has blest us these hundred years of the past, with bleasings which stagger the mind to conceive, what shall we say to his mighty challenge for new age just ahead? May we not join in the prayer which is voiced in William Steward Gordon's Methodist Hymn of the New Age, and say:

> "O Master of the modern day, Our hearts are kindled as we know, Thou walkest still along life's way As in the ages long ago! And by the magic of Thy will New worlds Thou art creating still!

"We thank Thee that the truth moves an, With wireless wave and healing ray; That yester's noon was but the dawn Of brighter glories in our day. And now by faith, in holy dream We glimpse tomorrow's grander gleam!

"Enlarge our minds to grasp Thy thought, Enlarge our hearts to work Thy plan, Assured Thy purpose faileth not, To put Thy Spirit into man! God of this new age and hour Thrill us again with holy power!"

## CHAPTER III

## BOARDS. AGENCIES AND INSTITUTIONS OF THE CONVENTION

## 1. FOREIGN MISSION BOARD

6 North 6th Street, Richmond, Vo.

Dr. Charles E. Moddry. Executive Secretary

The Foreign Mission Board of the Southern Baptist Convention was organized 89 years ago in the month of May, 1845. The first missionary appointed by the Board was Samuel Clopton of Virginia. He went out to South China in 1846 and died in Canton in 1847. Since that time about 1,000 missionaries have been sent out to the several fields where we maintain work. At the present time there are 303 missionaries in the active service of the Board.

The fields of the Foreign Mission Board have been entered in the following order: South China, 1845; Central China, 1847; Africa, 1860; North China, 1860; Italy, 1870; Mexico, 1880; North and South Brazil, 1882; Japan, 1890; Argentina (including Uruguay), 1903; Interior China, 1905; Pakhoi China, 1914; Chile, 1917; Hungary, Jugo Slavia, Rumania, Spain, Palestine, and Syria, 1921-eighteen missions in fourteen countries.

## SEVEN LEAN YEARS

In 1926 the Board received a total of \$2,272,197.96 for the current budget, the greatest amount ever received in one year. Now for seven years, we have been on a retreat and our income has been disestrously and progressively downward. We came to the end of the year 1983 with a total income from all sources of \$600,630.94, a decrease in seven years of \$1,671,567.021

Truly they have been seven years of terrible struggle and eacrifice, and the number of missionaries in active service has decreased from 644 to 393. All phases of native work, such as evangelism, colportage, primary and middle schools, colleges, seminaries and hospitals, have been discontinued or greatly curtailed. The Seminaries have been closed entirely in Italy, Spain, and Japan. Three hospitals have been closed in China and scores of primary and intermediate schools have been discontinued.

The greatest loss sustained in our foreign mission work during these seven lean years has been in missionary personnel, not alone in numbers, but in morale and spirit, as well as in health and physical vigor.

We would remind you that your missionaries, as a group, are old or middleaged men and women. Very few young people have been sent out in seven years, and the ranks are terribly and cruelly thinned and the wavering line is breaking everywhere. One year ago, we made a cereful survey and found ever fifty missionaries in active service who were already sixty-five and beyond. Many were in the accention, and four were beyond eighty. These seven lean years have taken a fearful toll of the missionary personnel of this Board.

We believe the worst is over, and we devoutly hope 80. For the first quarter of 1933 we received for our current budget \$241,398.16, while for the first quarter of 1934, we received \$313,472.32, a gain in three months of \$72 074.16.

## OUR 1934 SUDGET

The Washington Convention one year ago instructed the Board to make the rise washington convention one year ago macrocies the bound to make the appropriations for 1934 upon the basis of the cash receipts for 1933. The receipts for 1933 were \$600,630.94. The Board made every possible reduction and curtailment and found that the budget as finally adopted totaled \$605, 764.65, an excess of \$5,133.71 over the hudget as authorized by the Convention. However, we balanced the budget by not electing a Secretary of Education and Promotion and a Field Secretary succeeding Dr. W. D. Powell who retired on February 1, 1934.

The budget for 1934, as set up at the annual meeting of the Board, is as

follows:	1934	1933 53,056.97	Comparison 1,139 87 More

We call attention to the fact that we spent \$86,753.92 for interest in 19331 We have not enide \$60,000 for interest for the year 1934! This amount spont far interest this year would pay the salaries, expenses, and outfit for forty new missionaries

## WE ARE PAYING OUR DESTS

On January 1, 1933, the debt in Banks totaled \$1,115,000. In sixteen months we have paid the aum of \$75,600 on the principal, in addition to interest. The total debt in our four banks in Richmond now stands at \$1,039,500.

# THE LOTTIE MOON CHRISTMAS OFFERING

The objective set for the Waman's Missionary Union for the Lottie Moon Christman Offering was \$135,000. Up to April 18th, we had received a total of Christman Offering was \$135,000. Up to April 18th, we had received a total of 2173,344.74! Out of this amount, the sum of \$110,000.00 was set aside for the salaries, ront, children's allowances, and ravel expenses of 103 missionaries.

Our hearts overflow with unspeakable gratitude to the Woman's Missienary Union for the courageous and heroic waz in which they have stood by the Foreign Mission Board during these terrible and heart-rending years. The

noble women of the South rallied to the cause of foreign missions in the darkest and most trying days that ever came to a mission board, with a generous devotion and holy passion, equal to that of the women of Galilee, who followed Jesus and ministered unto him.

#### THE 100,000 CLUB

The amount received from the 100,000 Club for the debt of the Foreign Board up to April 15, was \$26,152.88. This has brought hope to our bankers, and greatly relieved the strain upon our credit. We wish to pay our sincere tribute of gratitude to Dr. Frank Tripp, the Director of the 100,000 Club, for his unselfish and sacrificial efforts to make the Club a success.

During the year we have received a total of \$11,051.44 from the Wade Bryant Club for our debt. This is largely a gift from the women of Virginia.

## THE FOREIGN MUSSION BOARD'S FENSION PLAN

Last year we made a careful study of the whole question of salaries, pensions and retiring allowances for missionaries. Accordingly we entered into negotiations with our Relief and Annuity Board, and finally agreed upon a plan whereby the Relief and Annuity Board would set as the pension agent of the Foreign Board in the administration of the pension plan agreed upon. The matter was presented to the two Boards in October and unanimously adopted, effective January 1, 1934.

The Pension Plan in brief, provides that five dollars per month shall be paid to the Relief and Annuity Board and this Board guarantees to pay each missionary the sum of \$500.00 per year if totally disabled while in the service of the Board, or upon retirement at sixty-five years of age, provided the missionary elects to retire at that time. Continued service after that time must be by the vote of the Mission and approval of the Foreign Board.

The new Pension Plan has been received enthusiastically by the missionaries, and we are deeply grateful to the Relief and Annuity Roard, and especially to Secretary Thomas J. Watts, for making it possible for the Foreign Mission Board to make this generous provision for our missionaries. Already we have placed twenty-two missionaries, who have served with fidelity and devotion, on the Pension Roll. Most of these are broken in health, but some have retired because of the infirmities of age.

## FUNDING AND TRUSTEEING WITH THE RELIEF AND ANNUITY BOARD OUR GIFT ANNUITY CONTRACTS

In accordance with the instructions of the Southern Haptist Convention in Washington, May, 1933, the Foreign Mission Board entered into a contract with the Relief and Annuity Board, dated March 23, 1934, and effective as of April 1, 1934. Under this agreement, the outstanding Annuity Contracts of the Foreign Mission Board, representing gifts of \$326,000, with annuity payments totaling \$23,639.50 are funded by the payment to the Relief and Annuity Board of securities at their market value and cash aggregating \$207,779.

## NEW DEPARTURE IN PUBLICITY

In 1916, when the Foreign Mission Journal and the Home Field were merged into the Home and Foreign Fields, the Foreign Mission Board turned over to the new magazine a subscription list of about thirty thousand. We made a careful study last year of the whole question of publicity for the work of our Board. We found that Home and Foreign Fields has about eight thousand subscribers. We felt that it was imperatively necessary that larger numbers of the Baptists of the South should be informed about the work of foreign missions. We made a further investigation and found that while the Baptist State papers had lost heavily in their subscription lists during the terrible years of the depression, they still had more than 123,000 paid subscriptions. We were faced with the necessity of either launching a new foreign mission magazine or working out some plan for greater publicity for our work through the medium of our Baptist State papers.

We therefore entered into negotiations with the editors of our several State papers for larger space week by week for the work of our Board. We are happy to inform you that the editors met us more than half way, and have been most generous and co-operative in our efforts to reach more of our people with the story of foreign missions. Since the first of January we have been running a page each month in all of our Baptist papers of the South and in two, we have run a page twice each month.

The results of this new form of publicity for these few months have been marvelous. We believe sincerely that we are at the dawning of a new and triumphant day for foreign missions and we attribute a great deal of this new interest to the sympathetic and generous way in which the editors of Baptist papers of the South have rablied to our support.

## REORGANIZATION OF OUR EDUCATIONAL DEPARTMENT

At the annual meeting of the Roard in October, the name of the Department of Education was enlarged and changed to the Department of Education and Promotion. It was decided to elect a Secretary of Education and Promotion and the duties of this officer were defined as follows:

"This officer shall have general oversight of the Educational and Promotional work of the Board, such as the books, charts, motion gictures, writing, and providing data and facts for the papers and mission magazines, conducting mission study classes and Church Schools of Missions, holding conferences on stewardship and tithing, presenting the cause of foreign missions before colleges and schools and all general gatherings of the denomination.

"It shall be the duty of this officer to organize and co-ordinate the efforts of the missionaries at home on furlough in deputation work and church and associational achools of missions. He shall work in closest co-operation and harmony with the State Secretaries and State Boards, the Woman's Missionary Union, the Haptist Brotherhood, the Student Volunteers and the Baptist Student Union in all matters of promotion, and shall assist the Executive Secretary in every way possible in laying the great cause of foreign missions on the hearts and consciences of Southern Baptists."

The position of Secretary of Publicity was created and Miss Inabelle Graves Coleman of Greenstoro, North Carolina, was elected to this position. The duties of this officer were defined as follows:

"It shall be the duty of this officer to assist the Educational and Promotional Secretary, write tracts, booklets, articles for the general press, the denominational press and mission magazines.

"To prepare a graded series and cycle of mission study literature for children and young people.

"To hepresent the Board before conferences and gatherings of the W.M.U. and auxiliary groups, summer camps and assemblies of students and young people, and in all other ways possible promote the welfare of the whole Foreign Mission enterprise."

Miss Coleman came with us on November the first, and has already made a worthy place for herself in the enlarged plans of the Foreign Mission Board for more effective and wider publicity for our work.

# REORGANIZATION AND READJUSTMENT NECESSARY ON THE FOREIGN FIELDS

It has been fourteen years since a Secretary of the Hoard visited our mission fields in Europe and the Near East. The work in every country needs sion fields in Europe and the Near East. The work in every country needs reorganization and readjustment to meet the changing conditions and enlarging needs. It is now more than sixty years since we began work in Italy. It is one of the most difficult mission fields in the world, but our cause is making sure one of the most difficult mission fields in the world, but our cause is making sure and steady progress in the face of dindnishing income and our inshillty to send reinforcements so sorely needed. Dr. and Mrs. D. G. Whittinghill have carried the whole burden of our Italian Mission alone for a number of years.

## A COMMISSION TO THE ORIENT

The following motion was adopted at the March meeting of the Foreign Mission Board:

"Fully three-fourths of all the mission work of the Foreign Mission Board is being done in Japan, China, Brazil, Argentina and Chile. In each of these countries within recent months, the changes in the political, social, industrial, and religious life of the people have been far-reaching in their sweep and revolutionary in their character.

"These nations are seething with unrest and a spirit of intense nationalism and a desire for self-determination that will inevitably destroy the very life and structure of our work in these countries, unless we are far-seeing and wise.

"Therefore, it bebooves the Foreign Mission Board to make a careful and accurate survey of all phases of our work in these lands, and formulate and recommend to the Convention a plan and program of work that will guide the energies and challenge the endeavor of our people for the next decade.

"We, therefore, recommend that the Convention authorize the Foreign Mission Board to select a wise and judicious committee of five brethren and sisters who at their own charges, will visit our mission work in the Orient early in the new year of 1935, and report their findings together with their recommendations, to the Board.

"We recommend further that a similar committee be sent to South America in the summer of 1936, to make a careful survey and study of our mission work in those countries, and report their findings and recommendations to the Board."

The Foreign Mission Board proposes also to send a like commission to South America in the summer of 1935.

At the recent assaion of the Convention the Foreign Mission Board set apart fifteen new missionaries to the work as follows: Rev. and Mrs. R. Elton Johnson, Brazil, Dr. and Mrs. Sanford Emmett Ayers, medical work, China. Dr. and Mrs. Leonard Long, medical work, Nigeria, Africa, Rev. and Mrs. Hermon S. Ray, Japan, Dr. W. Maxfield Garrott, Japan, Dr. J. Christopher Pool, Nigeria, Africa, Miss Ruth Walden, Nigeria, Africa, Miss Elizabeth Routh, Nigeria, Africa, Miss Kathleen Manly, Nigeria, Africa, Miss Helen Yates, China, and Misa Elizabeth Hale, China. Surely we have come to a great and challenging hour when we can send out fifteen new missionaries at one time!

## STATISTICAL TABLE FOR ALL FOREIGN MISSIONS, FOR THE YEAR 1933-Continued

## 2. THE WORK OF THE HOME MISSION BOARD

315 Red Rock Building. Allunia, Gu.

J. B. Lawrence, Executive Secretary Frequency, Home Mission Board

Home Missions might be defined as that group of missionary and evangelistic activities which, either because of their size or their difficulty, can best be handled by a Souhwide denominational agency. In short, Home Missions is the denomination as a whole taking the Gospel in all its fulness to the people within its bounds who have it not. Home Missions differ from Foreign Missions only in the conditions under which the work is done; not at all in the message and very little in the method.

## THE PURPOSE OF THE HOME BOARD

For eighty-nine years the Home Mission Board has been working as an agency of the Southern Baptist Convention. It has through all these years worked to unify the efforts of the denomination and to direct these efforts in the evangelization and Christianization of the Homeland. Its purpose has been to create enthusiasm among our flaptist people for the salvation of the lost in the land where they live. It is still engaged in this task.

## CAUSE FOR REJOICING

The outlook for the Home Mission Board is brighter right now than it has been since 1928. This is not because we have received more money, but it is because of the confidence which the brethren throughout the territory of the Convention evidence in the Board, and because of the belief registered everywhere by our people that the Board is still doing and will continue to do a necessary and valuable mission work.

There is not a year since 1928 that the Board has not lived within its income and paid something on the principal of its debts. During this time over \$700,000 has been paid on the principal of the debts and the mission work, that part of the work which has to do directly and specifically with the making and baptizing of disciples, has been maintained and, in fact, increased.

The loand this year, through the magnificent offering of the women in the March W. h of Prayer, will put thirty-two new missionaries in the field. It is now in the process of adjusting its debts so that it can go on with its mission program and pay its debts as it gets the money. The overhead operating expenses for the last Convention year was only \$10,063,49. The many expressions of appreciation for the way the affairs of the Board are being handled are indeed heartening. We take courage and press on.

#### THE FIELDS OF WORK

The old frontiers of Home Missions have passed and new frontiers have taken their place. The "Covered Wagon" or the "Prairie Schooner" no longer registers the drift of population to the West. The geographical frontiers have given place to the social, racial, and economic frontiers, and the wide expanse of the prairies of the West as mission fields have been replaced by industrial centers and rapidly growing cities. The "man who does not have a chance" in the homeland today is not on the far-flung horizon-line, but in the congested sections of our cities; and these cities are more and more becoming pagan in their thought and life. The Indians, the Foreigners, the Jews, the deaf mutes, the underprivileged, the mountaineers, and the Negroes are our field, and together they "cover Dixie like the dew."

Home Mission fields, therefore, cannot be defined simply by geographical metes and bounds; they must be defined in terms of soul-values as well. The rapidly developing industrial life of the South, together with world-currents that are flowing through and around our Southern Zion, are creating ever enlarging opportunities for mission work. The problem of races in the homeland is a crosssection of the world-field. It is Foreign Missions at home. Our people face a changing order. Great social and moral issues are rapidly shaping themselves within the territory of the Southern Baptist Convention. The supreme challenge of the hour is to make the homeland Christian.

#### THE WORK BEING DONE

The Board has in all departments and fields of its work, 202 missionaries and workers. It is maintaining in all over 400 mission stations and preaching places; it is operating in whole or in part five Good-Will Centers, two rescue missions, and a Seamen's Institute: it has fifteen schools operated by its missionaries, and is furnishing the property of eight Mountain Schools free of charge to local Boards of Trustees for the operation of schools in the mountains; it is operating a Tubercular Sanatorium; and has a Building and Loan Department with over a million dollars loaned to churches.

## THE WORK THERE IS TO DO

There is a vast amount of Home Mission work to be done. In Oklahoma more than 100,000 Indians will never have a chance if the Home Mission Board does not send them the Gospel. The 225,000 Spanish-speaking people in New Mexico will never know about Christ as a personal Saviour unless some one goes to them with the New Testament story. The Baptists of Texas, great as they are, are not able to preach the Gospel to the 800,000 Mexicans in their midst; they need the help of the Home Mission Board. In Southern Louisiana, in the great Acadia Section, the land of romance and beauty, there are more than 600,000 Frenchspeaking people who will never have a chance to know Christ as a personal Saviour if missionaries of the New Testament are not sent to them. More than 7,000,000 people live in the mountain sections of Arkansas, Missouri, Tennessee, Alabama, Georgia, North Carolina, Virginia, and Kentucky. Those who have never been in these sections can hardly imagine the spiritual destitution one finds there. Thousands of boys and girls in the mountains are growing up without a chance, and they will never, have a chance if missionaries of the cross are not sent to We also face a city problem. In the territory of the Southern Baptist Convention there are twenty-four cities of one hundred thousand population and more, and in not one of these cities are the local church forces, aided by all the assistance the State Boards can render, able to meet the missionary needs. Millions of people living in these cities are unchurched and will remain unchurched; they will never have a chance if help does not come from the outside. Nor should we overlook our brother in black. There are approximately 10,000,000 Negroes in the territory of the Southern Baptist Convention. Many influences are at work to pull them away from their faith. Catholics are putting forth great effort to win them. Worldliness, indifference, and all sorts of isms are making great inroads upon their churches. They need us now more than they have ever needed us. Shall Southern Eaptists leave this needy people without a chance? And what shall we say of Cuba and Panama? More than 2,500,000 people in Cuba and Panama are dependent upon Southern Baptists for the Gaspel of salvation. Shall we not strengthen the thin lines of our missionaries there! Shall the millions over there have a chance!

## SOCIAL AND MOBAL MENACES

Here in the homeland, as elsewhere in the world, forces are at work on a gigantic scale to give a new "set" to our social, economic, cultural and religious life for generations to come. Vast changes are taking place. A new world is being created right in our midst. The forces at work are mighty and sinister. There is the modern-world spirit, the passion for possession, the revolt against atheistic communism, racial antagonisms, and casts of labor and capital. We cannot meet these mighty opponents of the Cross of Christ in isolated groups. In this field of cross currents and adverse elements we must bring the impact of the whole denomination to bear upon the task of creating a Christ-like social

#### A NEW APPRAIRAL OF HOME MISSIONS

The Home Mission Board would invite Southern Baptists to make a new appraisal of the Home Mission task and to evaluate anew the importance of that task in the light of present-day world movements.

The challenge of Home Missions is a call to new frontiers of work; it is a call to love for the lost because they are lost, of every tribe and nation, right here in our midst; it is a call of the neighbor to the help of the spiritually helpless who lie wounded and stripped on the side of the road that runs by the door where we live; it is a call for the adjustment of racial relations here at home that test the Christ-spirit of our churches and prove or disprove the reality of our mission passion and love for the peoples of lands afer to which we are sending missionaries; it is a call to denominational strategy in the winning of the formissionaries; it is a call to denominational attacegy in the winding of the foreigner in him land; it is a call to emulate the spirit of Christ who died for the whole human race and who has commissioned us to preach the Gospel both at home and abroad; it is a call to establish through the Gospel wrought into the actuality of conduct and character a Christ-like social order here in the homeland as a demonstration of what Christ can do for a nation that accepts him,

We thank God for our trials, for out of the crucible of affliction cometh patience, and from patience, experience, and from experience, wisdom. May Southern Haptists be wise in meeting the mission tasks in the homeland. God's Kingdom must come here if it would come in the world. The Home Mission Board only craves the privilege of belping to bring that Kingdom in.

## 3. THE SUNDAY SCHOOL BOARD

161 Flooth Ave., M., Noshville, Tenn.

Dr. I. J. Van Nam, Executive Secretary

We have had several changes in our Board membership. Dr. W. C. Bilbro a long-time member passed away during the year. He was feithful and helpful in his service. Rev. H. B. Cross, pastor of Judson Memorial Baptist Church, was elected to succeed him. Dr. Powhstan W. James, who moved from Nashville recantly to accept the pastorate of the First Baptist Church of Tuscaloom,

Alabama, has been unusually helpful and faithful in his service to the Board I. Frank Jarman was elected to succeed him. Dr. T. L. Holcomb was elected, as the Oklahoma member, to succeed Dr. A. Hope Owen, who removed to another state. The full Board has held one meeting during the year. One of the notable improvements in our affairs has been the personal and understanding interest our Board members have taken in our detailed work.

John C. Slemp, formerly of East Tennessee, and more recently associated with the Watchman Examiner in New York, has been elected as associate editorial secretary, and entered upon his duties January 1st.

As anticipated in our report last year, we began with our issues for the third quarter of 1933, operations under our new contract with the Marshall & Bruce Company. This contract covers all of our periodical publications except Home and Foreign Fields, at specified contract prices and under definite publication conditions. This new contract is much to our advantage in its definiteness and protecting conditions, as well as with somewhat better prices. Pending operations under the new contract, settlements were made for all claims under the old contract, in accordance with the agreements as stated in our report of last year. We received a \$70,000.00 credit on the accounts as they stood at the time of settlement, and during the past year have received two payments of \$5,000.00 each, according to the agreement of settlement, and will receive \$40,000.00 additional, payable \$5,000.00 every six months during the life of the existing contract.

Our receipts for the calendar year 1933 were \$1,616,667.98, as over against \$1,591,024.03 the preceding year, which indicates an increase in our receipts of \$25,643.95 for the year. The first four mouths of 1934 have shown a decided increase in sales, showing that our schools are recovering from the depression condition. Receipts from all sources for this period from January 1 to April 30, have been \$517,370.84.

In our Auditor's Report we will show some drastic, but proper adjustments, Some years ago, for example, the Board instructed that a re-appraisal of our property be made, which had greatly enhanced in value. This year we have reduced these property valuations to the original costs. At the same time we have re-examined our assets of every kind, and placed new appraisal values upon them. Our tables of assets and liabilities will show these readjustments.

Our contributions to denominational work for the past year were \$374,449.31.

While endeavoring to make adjustments in our expenditures during these last few years we have tried, however, not to reduce the appropriations for these main nurposes any more than could be helped. We have instead drawn heavily on our renources this year to hold these denominational contributions of helpfulness intact, for never has the call for help along these lines been greater, and with the lessened resources of other agencies, state and Southwide, our ability to help has been the more essential. Some of the appeals to us have been particularly vital to our denominational life. For example, at the most earnest appeal of the Executive Committee it was seemingly necessary to save the Convention from default, for us to advance \$14,860 for payment of interest on the Ridgecreat bonds covering two interest periods. It will be interesting to study also the table showing the help we have had to give directly to churches to enable them to clear themselves of accumulated debts with us, in order to go on with their work. More than at any time in our history have we been compelled to aid mission schools to continue. With the crippled condition of the Home Board, we have had to extend aid to many enterprises.

With this policy of using our profits to develop our field, as is illustrated so forcibly in the above table, there has grown up among Southern Baptists a system of organization, Southwide and state, peculiar and different from that of any other denomination, but not surpassed in its effectiveness, if it is equalled Each state has built about our methods an organization of its own, yet fully co-operating with us, while independent in its operations.

' It has throughout been our custom to aid these state organizations in two ways: (1) by appropriating to them a proportion of our earnings based on each state's business with us, and by this to help them in maintaining their force of workers; (2) by also putting at the service of these states and churches the services of our own efficient and helpful workers, when needed to aid and strengthen our work on the field and in the churches, and (3) by constantly recognizing emergencies when we must help in a special way.

It has for many years, therefore, been our practice to use our earnings primarily for promoting the development of Sunday achool and B.Y.P.U. work. Practically every other denomination in this country has carried on this kind of work by soliciting direct contributions from schools and churches. This policy of ours, which reserved to the states this direct source of revenue, and supplemented it, has received the continuous approval of each succeeding Southern Baptist Convention, and as a result, through our direct co-operation with State Boards, as well as in the maintenance of our own great service departments, Southern Baptists have had an unsurpassed growth in recent years, the figures of which are given elsewhere. During the last year we have had to draw to some extent on our reserves so as not to let this work sag.

#### BIDGECREST

We have continued to operate the Ridgecrest Assembly, of which we assumed the management for a period of years at the earnest request of the Executive Committee. Its problems have not yet been solved, but we have kept the property in good condition, and made the assembly useful in many ways, though the task has been difficult. The program this year is a very fine one, and bears directly upon our denominational life in various aspects. The following outlined program will indicate the scope of our efforts to make this assembly a denominational asset, and not merely a recreational center. We have in some measure ancreeded in this.

At the earnest solicitation of the Executive Committee of the Convention we, with reluctance but faced by stern denominational necessity, agreed to furnish that Committee with the necessary funds, \$14,860.00, to cover the interest which was due on the Ridgecrest bonds. Our commitments for Ridgecrest, however, cover only the payments already made, and its future will have to be determined by the Executive Committee, or the Convention itself.

## THE HUNDRED THOUSAND CLUB

With the Convention's consent, we offered to bear the expenses of THE HUNDRED THOUSAND CLUB movment so that the full proceeds of that fund could go, untouched for expenses, to the debts of the various boards. We have paid for this purpose to date \$14,874.38. With the ground work of this movement already established, the expense, if it is continued, should not be so large. Dr. Frank Tripp, who is in charge of this movement, has been considerate and careful in his expenditures. We believe the fact that every dollar given goes directly to the debts, has been an essential in this movement. Our investment seemingly has already yielded many fold.

## CO-OPERATION WITH OTHER AGENCIES

We have continued our co-operative relationships with other agencies.

With the Woman's Missionary Union, not only in common co-operative missionary work, but by contributing \$3,200.00 to their headquarters expense.

We have continued a similar co-operation with the Baptist Brotherhood organization, financially to the extent of \$2,760.00.

With the Executive Committee of the Convention we have co-operated to the extent of \$18,016.33, in addition to their rooms in our building.

To the Promotion Committee we have furnithed quarters and \$4,462.65 for expenses.

To the Baptist World Alliance, we have made a contribution of \$3,250.00, as instructed by the Convention, sending this through the Executive Committee.

We have given to the W.M.U. Training School \$1,875.00; to the Southwestern Theological Seminary \$2,250.00, and to the Baptist Bible Institute \$1,500.00, in each came to enable these institutions to co-operate in maintaining helpful courses. of study along the lines of our work.

#### OUR BOOK STORES

Our chain of seventeen book stores have presented an interesting, but per-plexing problem. It has been a trying period for them, as with other similar ines of business for the last year. At the end of the year 1933, these stores, however, showed a slight margin of profit, when the chain is considered as a whole. They seem to be an essential to the west textbook training work of the denomination, and in the ready securing of supplies. We can only report that they are being carefully watched, and we hope can so be managed as to make the chain as a whole at least pay for itself. We urge that they be patronized wherever possible, and that their credit be maintained by prompt payment for nurchases.

## BUBAL WORE

We have continued our direct efforts to reach our rural churches. Southern Baptists have the largest rural constituency in the nation. At least two-thirds of our churches, and proportionately almost that much of our total membership are in rural churches. The only consistently maintained movement to reach these churches for development, other than financial, has been that committed to us. Through co-operation with the State Boards we are constantly pushing our efforts to help these churches to help themselves through the Sunday school primarily. The response everywhere is eager and intelligent. With Sunday school development follows progress in other lines of work. We have from the first the advantage of the relationship through our periodicals with these churches. Our methods are flexible and adaptable, and are readily accepted and put in practice when properly presented. We find a growing co-operation and responsiveness from our rural churches.

## STATISTICS AND OUR STATISTICAL DEPARTMENT

We have great satisfaction in our unique Department of Survey, Statistics and Information. Our people have yet to fully appreciate and use its facilities. No such similar department is to be found in any other denomination nor is any agency other than the government offices. We now prepare the statistical information, from a Southern Raptist standpoint, for the government and for similar publications distributed through general religious channels. In the office of this department are to be found the statistical records of all religious bodies in this country and of the world.

The value of this work is not fully realized by pastors and others. We have gathered a library and a collection of publications that enable us to help pastors and others to secure reliable information covering a vast field, and especially regarding facts of religious history or current religious life.

The service of this unique department is urged upon our people when facts and figures are wanted. We desire, above all, to have pastors understand that we will gladly furnish and search for information useful in their work.

## OUR TRACT WORK

Few-ventures of our own, or of any denomination, has been more helpful than our tract work. These tracts are offered free to pastors and workers. The original list carefully planned, has been the nucleus of the issues, but additions have been made to the list from time to time. More and more postors are writing for this helpful material, which is free for the asking.

The figures we present are impressive, not merely as figures, but as indications of the widespread use of these tracts. During the last year 968,845, or practically one million, have been printed. The total issues now go to, the enormous total of 24,907,549.

## A PLEA FOR UNDERSTANDING

The Sunday School Board must at times ask for a clearer understanding, on the part of its constituency, of its place in the denomination's life, and how and why these relationships have come about.

Originally the Board was organized for the publication of Sunday school periodicals (taking over the Kind Word Series then issued by the Home Mission Board).

Very naturally from its name, however, it found itself interested in field work, and early in its life put its first Sunday school secretaries in the field.

Originally the B.Y.P.U. work was led by a separate and independent Southern B.Y.P.U. organization, and the Convention early in its developments decided this should also be a part of the Board's task.

The Statistical work so faithfully done by Dr. Lansing Burrows, found its way by direction of the Convention's action to us.

The Student Movement was originally an Inter-Board Commission, representing the Foreign, Home and Sunday School Boards and the Woman's Missionary Union, but by direct Convention action this was transferred to our charge,

As the Sunday school movement grew in the South, the Convention directed that certain lines of its developments should come under denominational control. As the for-reaching movement for departmentizing the Sunday school grew over the country, these departments had to be cared for by us if our schools were to be under Baptist direction. Notable among these was the growing organized class movement, such as the Baraca Movement, under undenominational direction and control. This led none too soon to our own denominational direction for this needed work. In this way our various departments were organized one by one to care for specific lines of work.

The Daily Vacation Bible School began to be a real development throughout the country and demand was made that we foster and direct it.

As our vast Teacher-Training Work developed and our study courses for the B.Y.P.U. and with it the equally widespread study work of the Woman's Missionary Union, the need for supply centers convenient to the people, led first to the establishment of state Book Stores, and then a desire that we oversee and extend this branch of service to the churches.

No one planned all this in advance, or even anticipated it, but our great development, year by year, has led us into one of the greatest organized movements in the country for denominational development, and under denominational

All this has brought about vast developments, with a vast constituency and with vast responsibilities, but with vast possibilities for usefulness and further development. It was ours to follow the pathways opened by Divine Providence, and to go where these paths led. But the "Interpreter's" guiding hand has been the Divine leading, and in every stage of this development we received the approval and direction of the Convention, and reported back for approval and guidance.

## 4. WORK OF THE RELIEF AND ANNUITY BOARD

2002 Tower Petroleum Bldg., Dallos, Texas

Dr. T. J. Watte, Executive Secretary

The Relief and Annuity Board has enjoyed a large measure of success from the beginning of its operations until the present time. This success has been marked, even in "troublous times" through which the world has been passing since 1929. The Buard's actual financial losses have been negligible. The continued success of the Board's work, particularly as regards its investments, should impress our Baptist people everywhere with the soundness and dependability of this fiduciary agency of the Convention. Besides having met its every contractual obligation with regularity and punctuality its every-increasing assets have been safeguarded with scrupulous care. The Board's investments are in fundamentally sound scounting which have produced assented. have been safeguarded with scrupulous care. The Board's investments are in fundamentally sound securities which have produced earnings since 1918 of approximately \$2,000,000,000. Our earnings on invested funds during 1933 aggregated \$212,773.12, or 5.23 per cent. The total income of the Board from all sources during the calendar year was \$378,717.42. The net amount added to endowments and reserves, after disbursing \$262,088.66, was \$115,728.76. The total of the assets of the Board on December 31, 1933, was \$4,016,652.63. Since December 31, 1933, these assets have been increased to approximately four and a quarter million dollars. There are other invested funds held by the various State bodies, the income from which the Board receives regularly, which if added te the funds in the Board's actual custody would advance its assets to approximately \$4,350,000.00.

## DIVERSIFICATION OF INVESTMENTS

The investments of the Board have been so diversified as to accomplish the greatest security of its funds, and at the same time produce a satisfactory return therefrom. About one-half of these investments are in first mortgage real estate notes. The remainder are in bonds, stocks, real estate, and cash.

## THE FOREIGN MISSION BOARD'S PERSION PLAN

While a detailed statement of this plan cannot be given in the brief space available in this Handbook, it is a matter of great satisfaction to the Relief and Annuity Board that it has been enabled to become the pension agency of the Foreign Mission Board whereby every missionary of that Board, after reaching age 65, will be entitled to a pension of \$500.00 per year for life, and such amount will be available to all missionaries who have the misfortune of becoming totally and permanently disabled. Already twenty-one missionaries have been retired on account of age and disability and are receiving monthly annuities of \$41.66. Nearly four hundred active missionaries are participating in the plan.

#### THE TWO DEPARTMENTS OF THE BOARD'S WORK

As has heretofore been stated from year to year the Relief and Annuity Board's work comes under two general heads, first, Relief and second, Annuity.

#### RELIEF DEPARTMENT

In the Relief Department the best possible provision is made for the care of aged ministers and the widows of such in the bounds of the Southern Baptist Convention. The funds thus used are obtained from the income on the Board's Relief Endowment, which is all too small, and from the contributions of the churches through the Co-operative Program and special designations. The total amount appropriated for the calendar year 1934 is only \$65,000, and this is a ridiculously small sum for Southern Baptists to make available for their needy ministers and widows. The only known way to the Board whereby the benefits can be increased is for the churches to increase their gifts. The women of Texas, seeing the need of increased benefits for Texas ministers and widows, made a special offering of nearly \$6,000.00 in February and March of this year with result that many new applicants were placed on the roll, and all the benefits were increased by 50 per cent. A like result would be had in other states if the good women would follow this course and so supplement the gifts of the churches.

#### ANNUITY DEPARTMENT

The Relief and Annuity Board is definitely committed and is assiduously work ing at the business of preventing old age dependency among the preachers and the families of preachers in the Southern Baptist Convention. The Service Annuity is the major plan now being promoted. Our churches are all too slow in manifesting a readiness to participate with their ministers in this far-reaching and promising plan, and even our ministers have been too tardy in beginning to practice that thrift which will enable them to reap the benefits of this plan. If our ministers and their churches will co-operate purposefully and systematically with the Relief and Annuity Board a new day would soon dawn in the which the problem of our age dependency would be definitely solved.

Other plans supplementing the Service Annuity are the Savings Annuity and the Special Annuity. These plans, as well as the Service Annuity, must be understood to be appreciated. Full explanation will be given upon application to the Relief and Annuity Board.

## 5. THE EXECUTIVE COMMITTEE OF THE SOUTHERN BAPTIST CONVENTION

161 Eighth Ave., N., Noshville, Tonn.

By Dr. Austin Crouch, Executive Secretary

#### ORGANIZATION OF THE COMMITTEE

The Executive Committee, as now organized, was created by the Southern Baptist Convention at its meeting held in Louisville, Ky., May, 1927.

The membership of the Executive Committee consists of the president and senior secretary of the Southern Baptist Convention, one member from each of the co-operating states and the District of Columbia, and nine members at large. According to the By-laws of the Convention, the president of the Convention and the senior secretary of the Convention must be elected president and recording secretary, respectively, of the Committee. The treasurer of the Executive Committee is by virtue of his office the treasurer of the Southern Baptist Convention.

## DUTIES AS SET FORTH IN CHARTER

The fundamental functions and duties of the Executive Committee are set forth in its charter, as follows:

## I. Act for Convention ad interim:

To act for Convention ad interim, in matters not otherwise provided for in its plans of work; to have oversight of arrangements for meetings of Convention, with authority, if necessary, to change the place of meeting.

## 2. Hold and administer property:

This corporation shall have the power to take title to and hold all properties, real or personal, and to convey title to property under the authority of the Convention, and all funds, such as monies and securities, that are dunated or transferred for the use and benefit of the Convention by gift, or left by will for such purposes; to act as custodian for all such properties and funds, holding them in trust for the Convention to be managed, controlled and administered by said committee in accordance with the direction, general or special, of the Convention.

To be named in transfers of real estate or personal property for the use and benefit of the Convention, either by deed conveyance, or will. To receipt for all monies or securities given to the Convention; to endorse all papers that need endorsement in the name of the Convention, and to execute all receipts and acknowledgments, and, if necessary, to attach the seal of the Convention to these papers.

The following funds of the Southern Bantist Convention are held by the Executive Committee:

	Dorothen Van Deusen Opdyke Fund\$1	62,054.21
	Herrick and Stout Funds	5,861.12
(3)	Miscellaneous Fund: Gifts of stocks and bonds—par value	5,500.00

\$173,406.33

## 3. Agreements with State Conventions;

To act in an advisory way on matters of policy and co-operation arising between the agencies of the Convention and co-operating state agencies; to represent the Southern Baptist Convention in all negotiations with state conventions and state boards and other co-operating bodies in matters of common interest. It shall be the authorized agency of the Southern Baptist Convention to conclude all agreements with co-operating state agencies for the conduct of necessary arrangements as to handling of Southwide funds raised in the various states and all other related matters.

## 4. Recommend Budgets and Percentages:

To recommend to the Convention an operating budget for the Convention year, and to recommend the percentages of Southwide funds to be allocated to each cause or agency, which operating budget shall include all agencies of the Southern Baptist Convention.

#### 5. Prepare a Consolidated Financial Statement:

To present to the Convention a consolidated financial statement of all the agencies of the Convention, which statement shall show the assets, liabilities, and debts of the agencies.

## 6. Make Recommendations to the Convention:

It shall have no authority to control or direct any agency of the Convention. but it shall have full authority to study the affairs of the agencies of the Convention, and make suggestions when deemed advisable to the agencies, and to report its findings to the Convention, and to make recommendations to the Convention concerning any matter whatsoever,

## DUTIES ASSIGNED BY CONVENTION

In addition to the duties set forth in the charter of the committee, the Convention, from time to time, assigns to the committee other tasks of a more or less permanent nature. Among the larger tasks thus assigned the committee are:

#### 1. The Education Board's Affairs:

When, in 1928, the Convention discontinued the Education Board, it took the following action: "That the Executive Committee of this Convention be recognized as the successor in law to the Board of Education, and that all of the interests and obligations of the Education Board, financial, legal, and otherwise, be and are hereby committed to the Executive Committee of this Convention.'

The title to all property formerly held by the Education Board has been transferred to the Executive Committee. This includes the property of the Southern Baptist Assembly located at Ridgecrest, N. C., the Winter Assembly, Umatilla, Fla., and the Indian School and Orphanage, Nuyaka, Okla. handling the affairs of the Education Board, the committee has faced both legal and financial difficulties.

The indebtedness of the committee, on behalf of the Education Board, was on April 30, 1934, \$405,525.00. Since taking over the Education Board's affairs the committee has, as of the above date, paid out \$142,702.75 in interest.

## 2. Expenses of Convention and Convention Annual:

The Convention at its meeting held in St. Petersburg, May, 1932, assigned to the Executive Committee the duty of handling all expenses incurred by the annual meetings of the Convention, and the printing and distribution of the Convention Annual. Last year these expenses were \$8,421,84. These expenses are pravided for as set forth in-Convention Procedure-see page 15, 1934 Convention Annual.

## 3. Promotion and Publicity:

By action of the Convention at Washington, D. C., May, 1933, the work formerly done by the Promotion Committee of Southern Baptists was transferred to the Executive Committee. At the annual meeting of the Executive Committee, June 14, 1933, steps were taken to effectively perform these new duties. A Committee on Co-operation and Enlistment was added to the list of standing committees. This committee consists of seven members, with Louis D. Newton as chairman. During the first year an intensive campaign of promotion was carried on. In addition to the work done by others, M. E. Dodd, President of the Southern Baptist Convention, and also of the Executive Committee, traveled more than 50,000 miles in the interest of the Co-operative

Walter M. Gilmore, the Publicity Director of the Promotion Committee of Southern Baptists, was elected Publicity Director of the Executive Committee. During the year more than two and one-half million copies of literature were distributed; seven issues of The Baptist Program, a publication with an average circulation of 13,000, were published and sent out free to pastors and other workers; and numerous articles were furnished both to the denominational papers and to the daily press. The committee also furnishes the Baptiet Bulletin Service for the churches, through which it reaches from 25,000 to 30,000 members each and every Sunday. This service is self-sustaining.

## 4. The Baptist Hundred Thousand Club:

The Southern Baptist Convention at its annual meeting in Washington, D. C., May, 1933, created the Baptist Hundred Thousand Club for the purpose of paying the debts of the agencies of the Convention. The promotion of this movement was entrusted to the Executive Committee,

At the annual meeting held June 14, 1933, the Executive Committee adopted plans for carrying out the instructions of the Convention. Frank Tripp, pastor of the First Baptist Church of Saint Joseph, Mo., was elected General Leader. During the year the General Leader organized the campaign and vigorously pushed the movement, he himself having traveled approximately 48,000 miles.

The Baptist Sunday School Board graciously agreed to bear the expenses of the movement so that all funds contributed might be applied on the principal of the debts. To date, June 12, 1934, \$116.805.91 has been received and distributed among the agencies sharing in the Baptist Hundred Thousand Club

## SPECIAL DUTIES

From year to year the Convention assigns various tasks to the Executive Committee. Two of the most important tasks assigned this year by the Convention, meeting in Fort Worth, are:

- 1. To devise a plan for meeting the expenses of publishing the Annual and other Convention expenses so as to relieve the Southwide agencies from this burden.
- 2. The duty of providing, if possible, a larger income for the Southwestern Baptist Theological Seminary at Fort Worth, Texas.

## 6. THE SOUTHERN BAPTIST THEOLOGICAL SEMINARY

The Seeches, Louisville, Kentucky

Dr. John R. Sumpey, President

The Southern Baptist Theological Seminary was founded in Greenville, S. C., in 1859. The original faculty consisted of James P. Boyce, of South Carolina, John A. Broadus, of Virginia, Basil Manly, Jr., of Alabama, and William Williams, of Georgia. The story of the heroic struggles of these nable men to keep the seminary alive during the trying years which followed the War of Secession is a chapter in Southern Baptist history full of inspiration for all who know the facts. Teachers of our Christian colleges and seminaries who are carrying on in the face of financial difficulties would derive courage from the story as told by John A. Broadus in his memoir of James P. Boyce and by A. T. Robertson in his "Life and Letters of John A. Broadus."

The seminary was moved to Louisville, Ky., in the fall of 1877, doing business in rented buildings until 1887 when New York Hall was creeted. Thus the Southern Seminary had to wait twenty-eight years before it owned a building of its own in which to carry on. The four buildings at Fifth and Broadway, erected at a total expense of two hundred thousand dollars, were the home of the seminary until March, 1926, when the professors and students were transferred to the magnificent permanent home of the seminary at The Beeches in east end of Louisville. After practically all of the collectible subscriptions to the Building Fund have been gathered in, there remains a debt of \$606,000.00 on the new plant. It has been the settled policy of the Southern Seminary for many years to live within its income. Of course the heavy debt remaining on the institution greatly hampers its usefulness. It should be lifted as quickly as

During the session of 1933-34 the enrolment in the seminary was 341, all being young men studying for the Christian ministry. Many of the wives of the 166 married students also attended classes, but could not be regularly matriculated, since the fundamental articles of the seminary reserve the right of matriculation to young men studying for the Christian Ministry,

The Southern Seminary has matriculated in seventy-five years 7,120 young men studying for the ministry. These students have come from almost every state in the Union and from many foreign countries. The alumni of this insti-tution are found in almost every nation in the world. A large majority of the missionaries under the Foreign Mission Board of the Southern Baptist Convention have been trained in The Southern Raptist Theological Seminary and the W.M.U. Training School in Lauisville. More than three thousand former students of the seminary are at present pastors of Baptist churches in the

United States. Many of the missionary secretaries, religious editors, college presidents and professors, seminary presidents and professors are graduates of the Southern Seminary. The sacrificial lallers of Boyce and Broadus and their successors have been richly blessed.

Some of the alumni of the seminary are giving regularly to the endowment of the Old Testament Chair. If every former student of the Southern Seminary would make a sacrificial gift to his Alma Mater, the endowment of the Old Testament Chair could be completed within twelve months.

The Student Fund Endowment of nearly four hundred thousand dollars has made it possible for many men to come to the seminary through modest grants to assist students in paying their board or the rental of an apartment. The seminary can only assist with part of the necessary expenses of students.

The Southern Baptist Theological Seminary is rendering magnificent service and is worthy of generous support from Southern Baptists. Pastors should arge men and women to remember the seminary in their wills.

The Bantist Hundred Thousand Club has in it large promise for the liquidation of the deht of the Southwide causes. We of the Southern Seminary rejoice in this movement and pray for its success. If the Southern Seminary can come to own its new home free of debt, its usefulness will be greatly advanced.

While the Southern Seminary has suffered from the long and serious financial depression, it has been able by rigid economy to meet the interest on its debt promptly and to reduce the principal somewhat. Through cuts in salaries and the reduction of the administrative expenses it has been possible to meet all current expenses. The wisdom of Southern Baptists in providing an endowment for the support of the institution is apparent to all. This endowment should be increased as rapidly as possible through gifts and bequests,

We who are investing our lives in the seminary are grateful to God for the privilege of helping young preachers in preparing for the largest possible usefulness as pastors, teachers, editors, executive secretaries, and missionaries. We seek to create in them through the help of the Holy Spirit evangelistic fervor and missionary passion. All the work of the Southern Seminary is keyed to the spread of Christ's kingdom.

## 7. SOUTHWESTERN BAPTIST THEOLOGICAL SEMINARY

Seminary Hill, Texas

L. B. Seerbarough, President

The Southwestern Seminary has had another fine year. Its student body, counting resident students is 376, its correspondence students, without duplications, 107, making a total who have received instruction here of 483, but the sominary has had a very difficult year in finances. It has gone on with a force of teachers necessary to give maximum instruction to the hundreds and hundreds

of students. The teachers have carried on their work at great personal sacrifices because of reduction of income, but heartily they are going ahead. The student body represents this year an advance of 35 over last year. There was an increase in the assets of the seminary of \$35,000 which appeared in the Endowment. We have had students from every state in the South and several states of the North and from many other countries. Our students would average 80 per cent or a larger per cent of college graduates. We have had remarkable success this year in getting pastorates and other positions for other students with which to make their way through school. We have had shout 35 fine scholarship girls. The work has gone on very satisfactorily and gloriously. The practical work of the students in missions, evangelism, organization of churches, Sunday schools and other enlistment enterprises has been marked in a great way. Thousands have been led to Christ, hundreds and hundreds of training classes have been taught, and a wide range of kingdom-building enterprises fostered.

The Southwestern Seminary is not only scholarly but practical and the students get fine instruction in practical kingdom affairs as well as information in the great problems of life. The Southwestern is facing the future with a spirit of sacrifice but with buoyant optimism. We believe God has a place in his Kingdom for us to work and do our part in furnishing the denomination and the churches the right sort of trained leadership. We are happy in the task and greatly grateful to God for the results slready attained. We crave the love and confidence of the denomination and their full financial co-operation in building this school of the prophets.

## 8. THE BAPTIST BIBLE INSTITUTE

New Orleans, Louisiana

Dr. W. W. Hamilton, President

The Baptist Bible Institute is a Southwide theological school located in the city of New Orleans. In the year 1817 Mr. Cornelius Paulding, a prominent Baptist and business man, mentioned to J. A. Ranaldson, a missionary of the Triannial Convention, that a school should be established in New Orleans for the training of preachers, missionaries, and other Christian workers.

As far back as 1849 Doctor Manly, Sr., wrote to his son Basil, as follows:

"What do you think of a great Baptist college for the Southwest to be located in New Orleans? The idea seems to me to be very rational, feasible, and eligible. That is, and is to be, the place of chief commercial importance through the whole region drained by the Mississippi.

"When we have once gotten our great college established there, endowed, officered, and in full motion, we will then place by its side a first-rate theological institution, for profound requirements in that line."

There was never an agitation for the founding of a theological seminary in the South that New Orleans was not prominently mentioned as the location. Perhaps the only reason a theological school was not founded here long ago was the occasional prevalence of yellow fever, but owing to the triumphs of medical

science and the improvement of hygienic conditions New Orleans has become one of the healthiest cities of its size in the United States. Fall, winter, and spring months are particularly attractive to both tourists and students.

Early in 1914 Dr. P. I. Lipsey mentioned in The Baptist Record, of which he was editor, the value of such a school in New Orleans. An informal conference of friends of the enterprise was called in 1915 to meet in the Cotton liotel, Houston, Texas, for consultation. John T. Christian presided and there were present George H. Crutcher, M. E. Dodd, A. J. Holt, P. I. Lipsey, J. B. Lawrence, R. P. Mahon, and others. A committee consisting of John T. Christian, M. E. Dodd, and G. H. Crutcher was appointed to bring the enterprise before the Southern Baptist Convention and the Louisiana and Mississippi State conventions. In 1917 a memorial of the joint committee of the Home Mission Board and the Louisiana and Mississippi State Conventions was presented by M. E. Bodd to the Southern Baptist Convention, in session in New Orleans, and was acted upon favorably by the Convention at that time. The Home Mission Board and Sunday School Board were instructed to co-operate with other interested bodies in establishing and safeguarding a school in New Orleans "which should have the English Bible as the heart of its curriculum, with missionary training courses, personal workers' courses, pastoral training courses, Sunday school training and gospel music courses, grouped around that center, for pastors, missionaries. Christian laymen and women who desire to better fit themselves for service."

A Board of Directors, six from Louisiana—three from the city of New Orleans, and three from the state—three from Missansippi, three from the Home Missans Board, and three from the Sunday School Board, met in Coliseum Place Baptist Church, New Orleans, July 10, 1917, and effected a permanent organization with B. P. Robertson, President of the Board; A. T. Terry, Secretary; and O. B. Webb, Treasurer.

The achool was named the Baptist Bible Institute. Dr. B. H. DeMent, pastor of the First Baptist Church, Greenwood, South Carolina, was elected President, and entered upon his duties October 1, 1917. The school was opened October 1, 1918.

The skies are brightening for our Baptist Bible Institute. The school has won its place in the confidence and love and prayers and gratitude of our people. There is heard very rarely any more any suggestion as to curtailing its endeavor to minister wisely and fully to the great number of students in its immediate territory.

The night classes have done excellent work this session. The studies have been from our regular courses, two hours from Tuesday being transferred to Monday night. One is a study of the Bible, book by book, from the angle of evangelism. The other is from Religious Education No. 2, and gives attention to the principles of teaching and the available material. These night classes are specially for workers in New Orleans.

The correspondence students use the same textbooks as the students who attend classes in the Raptist Bible Institute and other schools. A similar examination is given and the same high grade of work required. The student must make a written report on every lesson, and his work is graded and the grades recorded.

The one-year courses include the Biblical, W.M.U., Practical, Language and Historical, and Theological Groups, and are arranged for busy pastors and others who would like a year's training. Should the students desire to continue, they will not lose credit and will be in line for further study.

The student pastors have continued to go out in many directions each weekend, and to minister to weak churches and mission stations. They have helped in planting new stations and in founding new churches. There have been times when their lives have been threatened, and when they have proved their faith by their readiness to suffer for Christ's sake. They have often gone forth in lears, but they have had faith to believe in the certain harvest.

The distribution of Bibles and Gospel portions, as reported by the New Orleans department of the American Bible Society, has during the past eleven years amounted to 1.027,762 volumes. These have been in many languages and nave been given out largely by Baptist Bible Institute students and through the generosity of our Sunday School Board in Nashville. Doctor Van Ness is quoted as having asid the only objection he had to the Institute was that it kept the Sunday School Board taxed to pay for these volumes which are distributed.

French and Spanish and Italian work has been continued almost exclusively under the direction of our New Orleans churches. They have employed atudents knowing these languages who could give much of their time to such activity. Not for many years have we had as much done among the French people, and the results have been unusually gratifying.

When the Institute began its work in New Orleans in 1918 there were six small and struggling organizations with 1,242 members entoiled. The last minutes of the New Orleans Association show 23 churches with 1,031 additions for the year, an enrolment of 6,271 members, 58 B.Y.P.U.'s, 58 W.M.U. organizations, 4,304 in the Sunday schools, total gifts of \$67,110.39, and church property valued at \$667,070.00, not including the Baptist Hospital and the Baptist Bible Institute.

The faculty consists of James E. Gwatkin, Elmer F. Haight, Maurice G. Beckwith, Albert E. Tibbs, John W. Shepard, James Washington Watts, and W. W. Hamilton, President. These teachers have at times gone on part salarics, and often without any at all. They have not faltered in their faithfulness, and the president wishes here to express his appreciation of their acholarship, their ability, their loyalty, and their self-sacrifice. Our Baptist people will more and more honor and appreciate them as they come to know of their worth and their work.

If there were no property in New Orleans to show for the debt on the Institute, the growth of Baptists in institutions, in organizations, in numbers, in gifts, in mission stations, in morale, in standing, would be worth more than we have spent in these sixteen years. When to these are added the workers trained and the results of their labors in state and home and foreign fields, we are led to praise God anew for those who laid the foundations upon which we are building.

The work of practical activities and of faculty and student pasters maintains the same high level and brings continued gratifying results:

## 9. AMERICAN BAPTIST THEOLOGICAL SEMINARY

White's Creek Pike, Nashville, Tennesses

Dr. O. L. Halley (Born June 21, 1852, died February 10, 1834)

Ten years of history have now been made in Southern Baptists' endeavor to assist their Negro brethren to build and maintain this new seminary for the education and training of Negro Baptist youths for the service of the gaspel ministry. In spite of many discouragements the work has gone forward. Also there are now some genuine tokens of encouragements which we pause here to

## SOME GENUINE ENCOURAGEMENTS

And, first of all, we mention the profound and ever deepening conviction, upon the part of all who are closely connected with the institution, that this Seminary is set to serve and is now serving the greatest single need in the life and work of the Negro Baptists of America. Not only so, but we believe that, when it has been given appartunity to function properly, it will also prove to be a mighty agency for the advancement of racial peace and co-operation in America.

Some comfort and encouragement have also come to us from our reflection upon the fact that the difficulties and discouragements which we have encountered these first ten years are not worthy to be compared to the trials and hardships and heartaches which came to the builders of our great Southern Baptist Seminary in those first ten dark and terrible years (1869-1869) when the greatest Baptist leaders of that day had to fight for the life of that institution every step of the way. For surely we can wait and work and suffer and hold on for still other decades, if in the end we may hope to see our Negro Baptist brethren with a great school for their prophets, yonder at Nashville, Tennessee, which will rival in service and in glory our own great Southern Baptist Seminary in Louisville, Kentucky?

We have been especially cheered and enheartened, this past year, by witnessing a deeper interest in the Seminary's welfarte on the part of our Negro Baptist brethren, and the launching of more definite financial plans to care for their part of the operating expenses of the Seminary. In fact, but for this greater interest and the more dependable and definite plans of financial support inaugurated by the National Baptist Convention at the beginning of the session of 1933-1934, we would have been forced to close the doors of the Seminary this year, since, for the first time in ten years, the help sent to the Seminary from Southern Baptists fell short of our actual needs to the amount of \$2,300.

But Southern Baptists have, again and again, given us great hope and encouragement in recent years, not only by their readiness to provide the buildings of the Seminary and furnish one-third of the operating expenses of the institution, but hy coming to our rescue with substantial help for the Student's Aid Fund and for scholarships for worthy Negro Baptist boys who want to give their lives to the Gospel ministry. For if it is absolutely necessary that each one of our three great Southern Baptist seminaries have a large student's aid fund-and it is-then it is three times as urgent and necessary that our Negro Baptist Seminary have such a fund, since white Baptist ministerial students have three times as much money, on the average, as Negro Applist ministerial students, and more than three times the apportunity to secure outside help. And we offer praise to God and eternal thanks to Southern Baptist individuals and churches who have come to our rescue and given to Dr. O. L. Hailey generous help for our Student's Aid Fund and for scholarships, pantry showers and other emergency assistance. The fact is, without this special aid our Seminary for the Negro boys at Mashville, Tennessee, would long ago have been forced to close its doors. Henceforth this fund is to be known as the O. L. Hailey Student's Aid Fund, in memory of this great friend of the Negro race who made the plans and raised the first sums of money which have gone into the creation of this fund.

Contrary to certain reports that have gone out about this baby institution, now a husky child ten years old, we are genuinely proud and encouraged by the enrolment of the Seminary during these first ten years. When the difficulties and hardships, recounted above, are taken into consideration, and when we remember that there are from 490 to 520 Negro theological students enrolled in the various Negro Baptist colleges over the South every year, we think it speaks well for our baby institution that the enrolment has increased from 15 students in 1924 to 60 students in 1934. The second year, for example, we enrolled 37; the third year, 29; the fourth year, 30; the fifth year, 33; the sixth year, 32; the seventh year, 32; the eighth year, 56; the ninth year, 52; and the tenth year, 60. The total enrolment for the ten years has been 376. Beginning in 1926, the Seminary has sent out 22 graduates in the past eight years, as follows: six men with the degree of Master of Theology, eleven men with the degree of Bachelor of Theology, and five men with the certificates of Credit for having finished the Ministerial Course.

We have also been genuinely encouraged by the successful efforts of our Negro brethren in regaining ownership and control of the old Roger Williams University property, situated hard by our Seminary property, and their plans to build there a missionary training school, supplemental to the work of our Seminary. We certainly wish them God's blessings in this new undertaking!

Then, we have been deeply cheered and encouraged, in the last few years, to come into the actual experience of a growing fellowship and spirit of cooperation with our Negro brethren of the National Baptist Convention. Since
members of both the Holding Board and the Board of Directors of the Seminary
come from the two great racial groups of the Baptists of America and, since
the two groups have served together, suffered together, hoped together and
prayed together for the Seminary, for more than ten years now, we have peased
beyond the theory-stage and come into the actual experience, and a growing
experience too, of fellowship and partnership with our Negro brethren in the
building of this Seminary for the Kingdom of our Lord.

## DR. O. L. HAILEY'S CONTRIBUTION

But for the gracious gift of God, in the person of one man, however, we should not have a seminary, nor even the hope of a seminary, for Negro ministerial students, at Nashville, Tennessee, today. That man, of course, was Dr. O. L. Hailey. For aix years (1913-1919) he gave the best of his splendid powers and every minute of nis spare time, to the systematic agitation of the proposal to found a great seminary for the training of Negro Baptist students for the ministry, this seminary to be supported jointly by the National Baptist Convention and the Southern Baptist Convention.

Then, in 1919, when the idea had taken firm hold upon the hearts of the leaders of both conventions, Doctor Hailey gave up his pastorate at Dallas, Texas, moved his family to hashville, Tennessee, and devoted the next five years of his splendid life (body, mind and spirit), to the task of leading his brethren, white and colored, in the work of establishing the American Baptist Theological Seminary.

And then, when his dream came true and the Seminary opened its doors for students, on September 14, 1924, Dr. O. L. Hailey began his last and crowning ten years of work for the new seminary—the full record and far-reaching meaning of which, only the Judgment will disclose at the last. Leader, teacher, helper of everybody, general secretary, propagandist, money-raiser, and radiant evangel of the Seminary, he literally glorified the new institution with his rich and gracious personsity and his marvelous and manifold service. And, with infinite patience, unwavering convictions and undaunted courage, he went right on, confidently and joyously bearing the toll and hardships and losses and crosses like a strong man in his youth, until more than eighty years of glorious service had been fulfilled. Then, as a hero of Christ who had finished his course and guarded the faith, he bade us adieu on February 10, 1934, and went forth to receive his crown!

In memory of this leader and here in the Kingdom of God, therefore, let us be highly resolved today to go on with this task which he began so well, until we shall build a theological school for Negro Baptist students at Nashville, Tennessee, which shall be worthy of our divine Lord and the servant He gave us for this Task.

## RECOMMENDATIONS OF THE COMMISSION

In the annual meeting of the commission, held in the offices of the Sunday School Board at Nashville, Tennessee, April 19, 1934, the following recommendations were unanimously adopted, viz:

"1. In view of the effort of the National Baptist Convention to clear off silits indebtedness on the Seminary and in view of the fact that this effort, if successful, will immediately call upon Southern Haptists for some \$4,000 conditional indebtedness which we have incurred in the operation of the Seminary, we recommend that the character and amount of this Southern Bautist Indebted.

ness be reported to the next meeting of the Executive Committee of the Southern Baptist Convention, with the request that the Seminary shall participate with the other Southern Baptist institutions in the debt-paying funds of the Baptist 100.000 Club.

- "2. We recommend that the Southern Baptist Convention continue to give one per centum of its undesignated Southwide receipts to the operation of the American Baptist Theological Seminary, on the following conditions:
- (1) That all teachers and executive officers of the American Baptist Theological Seminary shall heartily subscribe to the Seminary's Articles of Faith.
- (2) That the president, dean and all teachers in the Seminary be men of thorough scademic and theological training, high moral character, outstanding ability as teachers, and co-operating Baptists in their church and denominational relations.
- (3) That the Seminary continue to have the endorsement and financial support of the National Baptist Convention in an amount which shall be at least twice the sum given by Southern Baptists, from year to year.
- (4) That the Seminary be open to Negro Baptist theological students of whatever name or affiliation, and others who may be approved by the faculty.
- "3. In view of the fact that the Negro churches of the nation are now requiring from 850 to 1,000 highly trained and consecrated young Negro ministers every year, in order to fill the vacancies made by death, ill-health, and old sage; whereas all the theological schools of the nation, of every name and order, are turning out fewer than 100 such Negro ministers each year, we recommend that Southern Baptist individuals and churches give us a much larger Student Aid Fund and many more scholarships for the Negro Baptist boys who want to come to the Seminary at Nashville.
- "4. Due to the lack of funds immediately available, the Commission postponed till after this assion of the Convention the election of an Executive Secretary to fill the vacancy made by the death of Dr. O. L. Hailey. We request that the Convention leave the Commission free to fill the vacancy when, in its judgment, the needs demand and the resources justify."

# 10. SOUTHERN BAPTIST HOSPITAL 1700 Nopoleon Ave., New Orleans, Louisiana

Dr. Louis J. Bristow, Superintendent

The Southern Baptist Hospital, located in New Orleans, Louisiana, is operated by the Hospital Commission of the Southern Baptist Convention, which commission was formed by the Convention in 1923 by the election of one member of each state then represented in the Convention. The Hospital Commission today is composed of the following members:

F. S. Groner, Texas, President; Louis J. Bristow, Louisiana, Secretary-Treasurer; Allen S. Cutts, Florida; A. B. Blainck, Arkanaas; Frank M. Purser, Missianippi; H. E. Kirkpatrick, Louisiana; W. A. Kuykendall, New Mexico; M. P. Hunt, Kentucky; F. Baron Gibson, Georgis; J. L. Ford, Illinois; E. P. Vandiver, South Carolina; E. Hilton Jackson, District of Columbia; J. R. Black, Tennessee; S. H. Templeman, North Carolina; C. H. Arendall, Alabama; S. E. Ewing, Missouri; J. N. Campbell, Arizona; George R. Brooks, Maryland; Andrew Potter, Oklahoma; Weston Bruner, Virginia, Local Membera; R. K. Longino, W. N. Adams, M. Dombourian, R. F. Lawton, O. B. Webb, George E. Butler, Thomas H. Hedgepeth, O. J. Farnsworth.

The hospital is organized with a superintendent as administrative head, who, under the charter, is the executive officer of the commission. Of course, there are departments and subdivisions of the internal work of the hospital, as are usual in a technical institution of its kind, each under its own proper director or supervisor.

## RISTORY

The hospital represents a cost of \$1,134,136.82, and was opened in March, 1928, and has always paid its operating expenses, including the cost of its charity work, from its operating income. No part of the co-operative funds from the churches has ever been used to operate the hospital, but all such receipts have been used to pay for the plant, or interest on the debt incurred in construction of the buildings. Moreover, the hospital has earned an operating profit every year, and has actually paid on the debt from its earnings \$269,365.12.

Since its opening the Southern Raptist Hospital has carned from operation more than its total receipts from the co-operative funds, which is a remarkable showing. It has received from the denominational contributions a sum insufficient to pay even the interest on its indebtedness, and all payments on the interest have been made from its earnings. While the hospital was not established as a commercial institution, and should not be so conducted, its management found that it could not continue to exist otherwise. Its history has been an outstanding achievement in Haptist work.

Not only has the hospital paid from its earnings in eight years \$209,365.12 on its debt, but it has done charity work which cost \$261,061.42, of which only \$40,404.88 was contributed. That is, from its curnings it has given \$220,656.54 to the sick in free service.

All the above figures are from the eight-year period which ended in March, 1934.

#### ITS PROGRESS

Notwithstanding the economic depression of the past four years, the Southern Baptist Hospital made a substantial advance, and Southern Baptists have every reason to be gratified at the success of the institution.

As a denominational asset the hospital ranks very high. Located in a city into which Southern Baptists have poured mission money and sent consecrated laborers for three-quarters of a century, all of which made but little visible effect upon the community, the Southern Baptist Hospital is one of the outstanding institutions of New Orleans, patronized every year by many thousands of persons of all types of religious faith, coming from every section of the city, state and neighboring states, and foreign countries. These contacts, directly or indirectly, leave a favorable Baptist impress whose value cannot be computed.

As a scientific house of healing the Southern Baptist Hospital has no superior in its equipment and service, as is attested by the highest national authorities, which rank none above it; and as a denominational missionary agency. Southern Baptists have none which excels in its immediate environment.

#### DENOMINATIONAL WORK

A feature of the Hospital's work which indicates its denominational value is that it cares for missionaries of the Foreign Mission Board who become sick and are sent to it for treatment. This Hospital, also, at the request of the Foreign Board, agreed to give all missionaries on furlough and all newly appointed missionaries a thorough "checking over" before they sail for their fields. The Hospital also serves missionaries of the Home Board and other denominational workers; and all this is done at the expense of the Hospital.

## A PRESSING PROBLEM

The pressing problem of the hospital is the payment of its building debt. If Southern Baptists would pay that they would at once release operating earnings of about \$40,000 a year for additional free work for the poor, or to give reduced rates to those who pay, or for direct missionary work in New Orleans or elsewhere.

Of course, there are departments which ought to be enlarged, such as the department of pediatrics, or the children's ward. The hospital is doing a capacity work in pediatrics, but the opportunity for actual service to suffering humanity in this field is limitless. If one would win a parent let him serve his child.

However, the one pressing need of the hospital in New Orleans is the payment of its debt. Set it free in its beneficial service of healing humanity's hurt! The Hundred Thousand Club movement promises great help.

## PROSPECT AND APPEAL

From the foregoing it may be seen that the Southern Baptist Hospital has an alluring prospect for service to suffering humanity. Its primary mission is to heal the body—a work which Jesus gave so prominent a place in his own ministry. And we do it for the same reason he did, namely, to direct men to the Great Physician, the Healer of body and soul.

One cannot study the New Testament and escape the fact that Jesus laid great emphasis upon healing the body. Matthew says (8: 16ff that he healed all that were sick, that it might be fulfilled which was spoken by Isalah the prophet, saying, Himself took our infirmities and bare our sickness (see Isalah 53: 4). Mark says (1: 32), "they brought unto him all that were diseased and he healed them." Luke says (4: 40), "all they that had any sick with divers

diseases brought them unto him; and he . . . healed them." John who gives more attention to his teaching than his works, relates details of some remarkable healings, which gave Jesus splendid opportunities to teach the people. And he commanded his disciples to "heal the sick" (Matt. 10: 8; Mark 6: 13; Luke 9: 2, and 10: 9, and so forth).

This, then, is the basis of the appeal of the Southern-Baptist Hospital, namely, the example and command of Jeaus, and its own record of service.

## 11. SOUTHERN BAPTIST SANATORIUM

El Pasa. Texas

W. W. Brillon, M.D., Superintendent and Director

Although we receive patients from any denomination and have representatives to a certain extent from all, we find that we average about 75 per cent members of the Baptist church. Out of the other 25 per cent the greater portion are Methodists with a few Presbyterians, members of the Christian Church and occasionally a member of the Catholic Church or belonging to no church whatever.

We have a large assembly hall to which the patients can be rolled in their beds and many more are enabled by this to attend religious services and entertainments than would otherwise be possible. As a rule we have Sunday school every Sunday morning which is well attended, and as often as it is possible for some minister of one of the Baptist churches here to do so they hold services, usually on Tuesday evening, which the patients always enjoy. We also try to have programs occasionally, especially musical programs of a diversified nature, for all of these things help the patients to keep up their spirits and aids them in their fight for health.

From the standpoint of financial operations we show the income and expense for the past twelve months:

of this amount there is still \$1,300.00 uncollected, and we will probably collect about \$400.00 or \$500.00 of it; the balance will be applied to charity work. The Home Mission Board has maintained the expenses of one patient.

We have maintained an average number of patients for the year of 41 per month, and we have had for the past year about eighteen employees on the staff, including nurses, tray boys, orderlies, cooks, sweepers and moppers, engineer, truck driver, bookkeeper, stenographer, and so forth.

We have a greater number of patients today than at this same time last year and they are on a little better rate; we are also receiving a few state patients—patients whose expenses are being paid by the state of Texas—which will be a great help to us in the operating of the institution. The depression seems to be autosiding and the foture of the sanatorium seems to be much brighter. Profits are so much less the past few months due to the fact the cost of operating has gradually gone up but we have been able to maintain extremely low rates even yet.

## 13. SUMMARY OF W.M.U. WORK IN 1933

111) Comer Bldg., Birmingham. Alabama

By Kathleen Mullery, W.M.U. Corresponding Secretary

In celebrating its Silver Anniversary in 1913, Woman's Missionary Union of the Southern Baytist Convention adopted the design as pictured to the left on this page. Increasingly popular has it grown as an emblem of the union, being featured in its publications, on its stationery, as ornamental scale for letters and place-cards and as the official W.M.U. pin. Students of the history of Christianity readily recognize that the double fish-head shape of the design seeks to memorialize the custom among the persecuted early Christians of using the fish-head as a secret sign, the meaning of them being: "Jesus Christ, God's Son," for the letters which make up the Greek word for fish were the initial letters of the words in their secret sign.

Not only in the shape of the pin symbolic but equally so are the emblems inscribed on it—the World, the World, the Light of the World. The Scripture it sets forth is the general watchword of Woman's Missionary Union, its significance in the illustration being to indicate that W.M.U. members and their organizations are "laborers together with God" in taking to the whole world the open Bible with its message of Jesus as the Light of the World. With this illustration thus pictured, let us review the past year's activities of Woman's Missionary

Union, seeking also to set forth the chief aims and to anticipate what may this year be achieved.

Activities—Enlistment, personal service and mission atudy arouse W.M.U. members and their organizations in almost numberless activities. As for enlistment, the past year's reports show a record-breaking total of 33,678 W.M.U. organizations embracing an unprecedented membership of 581,442. The organizations are divided as follows: 11,002 Women's Missionary Societies, and 22,676 W.M.U. young people's organizations. The latter are graded as follows: 6,620 Sunbeam Bands for boys and girls up to nine years of age; 4,369 Royal Ambassador Chapters for boys from nine to seventeen years; 6,997 Girls' Auxiliaries for girls from nine to seventeen years; 6,997 Girls' Auxiliaries for young women from seventeen to twenty-five years. The union's membership is made up of 299,328 young people and 282,114 women.

When a church maintains a Woman's Missionary Society and at least one of each of the four grades of young people's organizations mentioned in the preceding paragraph, that church has a full graded W.M.U. Enlistment activities of many years, augmented by similarly carnest efforts of last year, show the fine total of 2,299 such Southern Baptist Convention churches. When each of the necessary organizations meets every point on its respective Standard of Excellence then the church has an A-1 Full Graded W.M.U. Truly gratifying is the fact that 230 of these 2,290 churches are A-1. In fact seven of them have been A-1 for the past nine consecutive years, eight for eight years, and so on, there being ninety-seven that become A-1 for the first time in 1933.

Among the activities through personal service are the following entries: work in Good Will Centers, Homemakers' Cluba, mission Sunday schools, cottage prayer meetings, girls' clubs, hoys' clubs, industrial schools, rescue work, sewing clubs, Americanization classes, kindergartens, day nurseries, Vacation Bible Schools, clean-up crusades, adult classes; work for prisoners, Negroes, blind, deaf, Jews and foreigners. In carrying on these activities, 11,021 societies report that visits were made, 1,763 religious services were held, 2,683 hours were given in nursing the sick, while at least 8,259 people were asked to accept Christ as their Saviour. In promoting their many personal service activities, 10,194 of the women's and young people's organizations participated, 8,339 of them having such work directed by a committee.

Mission study also occasioned much activity, a statement which will be readily granted when it is known that the year's total of classes among the women was 18,581, and among W.M.U. young people was 11,461, making an unsurpassed total of 30,042 W.M.U. mission study classes. Not only did many teach and yet more study in these classes but also literally thousands took the prescribed tests and were awarded 208,947 small seals and 3,022 large seals, the actual awarding of which amounted to a big activity.

Even more regular and more member-wide study has been accomplished through the use of the missionary programs as published in the union's three monthlies.—Royal Servica for adult women, The Window of Y.W.A. for younger women, World Comrades for boys and girls and younger children. This past year these magazines had an average monthly circulation as follows: Royal Service, 61,500; The Window, 7,400; World Comrades, 14,500. It required great activity to secure these renewals and new subscriptions, even as it meant constant application to get their carefully prepared material faithfully used.

Aims—Each of the activities thus far set forth—mission study, personal service, enlistment—is one of the chief aims of Woman's Missionary Union. However large the achievements, none of them has attained its possibilities. This is also true of the three other chief aims of the union—missionary education of the young people, stewardship of tithes and offerings, individual and united prayer. Higher and yet higher is the sim of each.

Humanly speaking, the best aid toward attaining these six aims is the organization's Standard of Excellence. The ones for Sunbeams, Girls' Auxiliaries and Royal Ambassadors consist of eight points each, while the ones for Young Women's Auxiliaries and Women's Missionary Societies have ten points each. Any organization that reaches only four points on its standard is in Class D—there were 2,965 organizations that were thus graded last year. The next higher grade is Class C—there were 3,073 in Class C. Then there is Class B—its number was 3,885. At the top is Class A-1, signifying the reaching of every point—there were 4,340 A-1 organizations among the women and young people last year. Looking again at these figures it will be seen that they are on the ascending scale, the number of organizations in the next higher grade being more than in the lower grade. The truly "grand" total of standard W.M.U. organizations is 14,263, which is more than one in every three of the union's total of 33,678 organizations. However, the aim is: "All on the standard and every one A-1."

If the standard is a human agency loward high aims, stewardship has the added approval of the Scriptures in saying that "it is required in stewards that a man be found faithful." The union's advocacy of the stewardship of tithes and offerings has thus far been rewarded by the enrulling of almost every fourth W.M.S. member as a tither, while every eleventh meraber in W.M.U. young

people's organizations is a tither. The reported number of tithers among W.M.U. young people is 27,256; among W.M.S. members the number is 65,148; the total of W.M.U. tithers is 92,404.

During the 46 years of its history, Woman's Missionary Union members have given to all causes other than local a really grand cash total of \$44,822,137. Over one-fourth of this—\$12,718,621—was for foreign missions, while over one-seventh—\$6,885,493—was for home missions. One of the chief loys connected with the gifts to foreign missions during the 46 years was the ingathering of the Lottle Moon Christmas Offering, its total is included in the figures mentioned above but it glowingly shines forth as \$2,626,777. Similarly the home missions total includes the Anne W. Armstrong Offering, the record of this has been kept for only twenty-six years but even so it shows a heartening total of \$1,079,710.

The past year's records indicate that over one-sixth of the union's annual cash contributions of \$1.607,305 was given to state missions—\$293,956; that over one-fifteenth was given to orphanages—\$110,358; and that over one-seventh was given to Christian education—\$232,229. Eager have many W.M.U. members also been to aid in the reaching of the high aim of the Baptist Hundred Thousand Club, the literature of which has heraided the good news that a majority of its members are women, the union's rather reasonable conclusion being that most of these women are W.M.S. and Y.W.A. members.

The banner of stewardship has also been lifted much higher during the past year through the encouragement among graded W.M.U. young people of their Stewardship Declamation Contests. The general plan for them is to start in each organization; the organizations of a given church then engage in joint contest; after each church has thus selected its best contestant for each grade of the young people, its group is sent to the associational contest; in turn follows the divisional try-out; then the statewide contest. For the Y.W.A.'s there is also the glory of the Southwide try-out at Ridgecrest Y.W.A. Camp each June.

This past year Woman's Missionary Union has given an added urge to the stewardship of tithes and offerings by keeping an "Honor Roll" of Southern Baptist Convention churches in which every renident woman member of the church made some gift to missions during the year. There are eighty-nine churches on this "Honor Roll," distributed as follows: forty-seven in Virginia, twenty-four in Florids, ten in South Carolina, five in Alabama, two in Tennessee, one in Mississippi. It is believed that this effort to "popularize" gifts to missions will be even greater this year—in fact one of these states has set out to enlist twelve times as many churches as it had last year on the "Honor Roll."

Anticipations—Highest of all the union's aims is its constitutional desire to stimulate among its members the spirit of missions. Certainly all of the aims and activities as already set forth are essential aids in creating this stimulus. However, its recognized source and power are found in prayer for mission work and workers. In at least six ways the union encourages its women and young people to intercede individually and unitedly for missions. One way is through the study of books on prayer as related to missions. Another is the emphasis upon missionary devotionals at the organization's meetings. Still another is the urge for the establishment and maintenance of family alters. The fourth is the Missionay Calendar of Prayer as published in Reyal Sarvice. Then there are the seasons of prayer—for home missions in March, for state missions in the fell and for foreign missions in December. The sixth is really a part of the December assen, for it is the "Day of Prayer Around the World." Word has confie from the many Southern Baptist Convention foreign mission fields that on that day last December their Baptist women spent many hours in prayer for worldwide missions, some of the groups praying throughout the day, even as was true of many societies in the homeland. Thus it is believed that the world was girdled that day by payer—aye, that it was lifted by those prayers to the very thone of God even as countless hearts girdle and lift it day by day.

That every W.M.U. member may thus come to intercede for missions is assuredly the union's highest enticipation. In heatening its realization, the W.M.U. seal design will increasingly exert an inspiring influence as it keeps before its constituency the world, the open Word and the Light of the World, with W.M.U. members and organizations as "laborers together with God."

## 14. THE BAPTIST 100,000 CLUB

Dr. Frank Tripp. St. Joseph. Mo.

The far-reaching influence of debt on the part of an individual is simply a miniature picture of the effect debt has on the part of a great Christian group. No man can serve his family or community to the highest degree of efficiency when handicapped by harassing debts. Neither can a great denomination like ours make its maximum contribution to world evangelism when accumulated debts hang like leaches on our institutions and Mission Boards, sucking the very vitality out of them. Debts present one of the most serious problems with which governments and religious groups have to deal. Nothing will discourage an individual, a family or an institution, like debts. Indeed, they are like milistones about our neck, they devitalize, discourage, and in many instances, defeat.

Southern Baptists have been discouraged. Many of the strongest and most optimistic leaders among us have lost their spirit of adventure and conquest. The enormous debt on our Southwide agencies is, in my humble judgment. largely responsible for the defeatist's spirit that threatens to lay its deadly hand upon our great and beloved denomination. The denomination that leads the way out by paying its debts will not only contribute generously to the success of the new deal, but will demonstrate to our creditors and to the whole world that we, as Christians, believe in a square deal.

The payment of our debts will reveal our sense of loyalty to the fundamental principles of honesty and integrity. There is a great deal more involved in this debt-paying movement than the most of our people realize. There is much more at stake than the five and one-half millions of dollars we owe. Governments can amortize as they like, big business can juggle and adjust if they wish, but we must be Christian to the core and pay in measures heaped up, pressed down and running over. In this day of social rebuilding, Baptists must maintain their world prestige and influence by saving their honor as well as their institutions. We are being tested and the way we behave ourselves now will largely determine our usefulness for the next fifty or one hundred years. Character and confidence are the basis of credit. For us to fail or disappoint the men and financial institutions that have expressed their faith in us in terms of large financial risk, would be a tragedy unspeakable and an irreparable damage to everything Southern Baptists hold dear to their hearts.

I say here as I have expressed myself elsewhere and on other occasions, that the most important thing before Southern Baptists today is a revival of the practices of common honesty and square dealing. It is far more important that we be honest than it is that we shall agree on some plan or method of approach. The payment of debts will not only reveal our regard for these fundamental principles, it will also reveal our interest in our world-wide program. I resent the suggestion made by some that we are paying for a dead horse.

If Southern Baptists still have the passion for lost men burning upon the ulters of their souls, let them relieve their Mission Boards from the hondage of debt that these boards may go forward in the greatest world-girdling program of evangelism and enlistment in all our history. If we do not want to lower our standards of preaching and teaching, let us roll the stone of debt away from the doors of our seminaries and thus release them to do the work for which they were originally established. If you want your hospital at New Orleans to heal broken bodies, unstop deaf ears, make the blind to see and the lame to walk, pay the debt on the hospital and release the huge sum now being paid annually as interest for the Christian hospitalization of the deserving poor,

I am more concerned about what Southern Baptists think of their mission. education and benevolent program than I am in the organizational set-up for the promotion of a deht-paying movement. If we really love our denomination and want to conserve everything we have gained, let us be done with dillydallying and pussy-footing and get down honestly to the job of saving our agencies. Remember that every time you pay a dollar through the Hundred Thousand Club, you reduce our debts one hundred cents and release six cents with which to enlarge our current program.

We not only owe the money and are honor bound to pay it, we are well able to pay it. Doctor Alldredge tells us that we have more than four million Southern Baptists. If one hundred thousand of this great army of more than four million want to do and will, I think that every dollar could be paid without anything that is akin to sacrificial giving. Here is a simple formula which I have suggested throughout the Convention territory, which, if adopted and practised by less than three per cent of our members, will raise one hundred thousand dollars a month.

> Lay aside a penny a meal during the week days, except Christmas and Thanksgiving Lay saide five cents at your Sunday dinners and five cents at your Christmas and Thanksgiving dinners By this simple process you will save \$12.03 a year.

Surely Southern Baptists will not claim inability to pay in the face of what this program of sharing will do. Let us remember that real giving is in sharing our little as well as giving of our abundance. When we are ready to match our ability with our willingness to do, we will lift the debt load in one year. To be able to meet our obligations and refuse to do so, is dishonest and dishonorable. and no Christian group can expect the rekindling of evangelistic fires until that group practices the high principles of Christian loyalty and honesty.

I have said that we are able to pay our debts and I want to go on record now, that there are enough of our people who are willing and ready to under-write these obligations if given the opportunity. The number of members in the movement now does, by no means, represent or indicate the movement's possibilities. When our Southwide executives, our pastors, the W.M.U. leaders, Brotherhood leaders, B.Y.P.U., and Sunday school leaders take the movement seriously, we will have a different story to tell. People are not going to the pastor's study or church office and break in and hunt up a pledge card in order to join the club. We are going to have to go after them.

If the entire Pennurces of the Southern Baptist Convention were thrown hehind this movement for sixty days, we would have a Five Hundred Thousand Club instead of a One Hundred Thousand Club. If I were on the outside as a creditor looking in, I would expect to get my money when the pastors, executives, and secretarial leadership of the Convention started majoring and stopped minoring on the payment of the Convention's debts. Being on the inside as a debtor and a pastor, I am willing to face out on my responsibility and say that our debts will be paid when our pastors and leaders make up their minds that they must be paid. I somehow feel that every preacher who has his heart under this burden is in good training for a wider and more enduring apiritual service to this denomination in the future.

We are paying debts. Just to say that be are paying debts sends a thrill through our hearts. The task will not be accomplished in a day, a month or a year, but it will be completed. We are not going out of the mission business,

we will not close the doors of our Institutions. The clouds are lifting, the defentlst's spirit is dying, fires of evangelism are burning, the spirit of adventure and sacrifice is returning. We are on the way out.

The Baptist Hundred Thousand Club is not a campaign to raise five and one-half million dollars, but a movement to enlist at least a hundred thousand people, each giving a dollar a month until we raise enough money to pay every debt on every agency and institution owned and operated by the Southern Baptist Convention. The movement is gaining momentum. Memberships are coming in in every mail. We are making history. Many of us have dreamed of a day when we will assemble in a Convention to give ourselves without reservation to prayer, meditation and inspiration; when debts will be no more, when the entire energies of the Convention can be dedicated and consecrated to the taking of the measage of salvation around the earth. It is our hope and prayer that the Hundred Thousand Club will unburden our Mission Boards and emancipate our institutions to the end, that we may during the next ten years write the most interesting chapter in the history of our beloved people.

## THE 1933 RECORD

From the list here given it appears that Ponca City, Oklahoma, Dr. Cornelius. Bowles, paster, led the South in 1933, baptizing 377 in the associational year. However, the Tabernacle Church, Atlanta, was a close second, haptizing 366 in the associational year. Both of these have been left behind in 1934, however, by the Crawford Avenue Baptist Church, Augusta, Georgia, Rev. G. F. Tyner, paster. This church haptized 448 in the first five months of 1934.

## CHAPTER VI

## B.Y.P.U. AND STUDENT WORK OF SOUTHERN BAPTISTS

## L THE B.Y.P.U. DEPARTMENT -

J. E. LAMBDIN. Secretary and Editor
W. A. HARBELL. Associate
C. AUBREY HEARN. Associate

Our program of ENY.P.U. and B.A.U. work for 1934 is constructed around the great theme, "Christ Our Authority." The B.Y.P.U. and B.A.U. activities and literature are correlated to emphasize the great truth that Christ must reign in our lives, our churches, and in our denomination. A chart of the Calendar, autlining the program for the year, has been distributed to the churches. This program properly motivates the work, suggests great objectives for the unions, and autlines activities in keeping with the theme.

## MISSIONS IN THE B.Y.P.U. AND B.A.U.

The great church program of training church members in B.Y.P.U. and B.A.U. now puts the proper emphasis on missions alongside of its attention to the devotional life, doctring, stewardship and Bible study.

A graded missionary reading course for Juniors, Intermediates, Seniors, and Adults was launched in January of this year.

One program on missions is given in all unions every month,

Study courses on missions are also offered in each department of the work.

Our unions are in a great campaign throughout this year to enlist 25,000 Southern Baptizts as subscribers to Hems and Fareign Fields. The pastors should join in this movement and give their whole-hearted support in getting these subscriptions. A discount of 25% is allowed to unions sending in clubs of five or more annual subscriptions. A circular is provided by our department giving complete details.

## OUR MINISTRY TO THE DENOMINATION

The B.Y.P.U. and B.A.U. not only train in missions but in every phase of the denominational life. It is our purpose to train church members who will have a Southwide and worldwide vision of service. All the denominational agencies are adequately set out in the B.Y.P.U. and B.A.U. literature. The three great seminaries are presented in the Senior programs for July, August, and September. A program on state missions will be given in October, and one on the Every-Member Canyass in November.

We have done everything in our power to inform our young people about the Baptist Hundred Thousand Club and to colist them in it.

#### SOUTHWIDE CONFERENCE & GREAT MEETING.

The Southwide Conference, held in Nashville, December 27-29, 1933, was great in every way. Approximately three thousand attended the meeting. More than fifteen hundred of these were from outside the Nashville Association. All phases of our training program and the worldwide missionary program of the denomination were presented in this meeting. The book of proceedings, under

the title Christ Our Authority, is ready for distribution. It contains all the addresses and conference reports. It may be ordered from our bookstores for fifty cents.

## LEADERSHIP CONFERENCE AT MIDGECREST, JULY 20 - AUGUST 3

Pursuant to instructions from the Board, we are holding a Southwide B.Y.P.U. and B.A.U. Leadership Conference at Ridgecrest, July 29-August 3, 1984. This Conference will ofter a high type of program. Dr. G. S. Dobbins will bring a series of lecture-conferences on the task of leadership in our churches. Our own workers, J. E. Lambdin, E. E. Lee, W. A. Harrell, Aubrey Hearn, and others will conduct practical laboratories for developing plans and solving problems. Ethel Hudson Williams will be there for a Chalk Talk each day. Dr. E. P. Alldredge will present a series of Baptist High-Lights. Dr. R. G. Lee will be the evening speaker each day. The speakers for the opening day, July, 29, will be Dr. I. J. Van Ness and Dr. J. O. Williams. Pastors and all others are urged to attend.

## EDITORIAL WORK

Seven periodicals are edited—four quarterlies carrying program materials for Juniors, Intermediates, Seniors, and Adults; two quarterlies carrying program helps for Junior and Intermediate leaders; and The Monthly B.Y.P.U. Magazine for the promotion of every phase of B.Y.P.U. and B.A.U. work.

A complete record system for all unions and the General Organization is published.

Materials for daily Bible readers' courses are also supplied. Wall Standards of Excellence, A-1 awards, Bible reading awards, and diplomas and seals for all the study course books are prepared and issued free to the state offices.

Study course textbooks for all grades are planned and edited.

Free tracts covering every phase of B.Y.P.U. and B.A.U. principles and methods, are edited and distributed by the department. Special literature is prepared as needed. This includes the annual Calendar of B.Y.P.U. and B.A.U. Activities and advertising matter for Southwide B.Y.P.U. Study Course Month.

## PROMOTIONAL WORK

The Southern Baptist program of B.Y.P.U. and B.A.U. work is promoted through all our literature and through field work in co-operation with the state B.Y.P.U. forces. Several special means of approach to the churches and associational B.Y.P.U.'s are listed here.

- 1. The Monthly B.Y.P.U. Magazine—This magazine gives a fresh approach to the young people and leaders every month. Through its columns we actively promote standardization, better methods, better programs, better social life, soul-winning, enlargement, associational work, Bible reading, denominational loyalty, stewardship and missions, and guidance in choosing life work. It is practical and inspirational in its appeal.
- 2. Special Literature—A special poster of distribution to all the unions, which outlines a Calendar of B.Y.P.U. and B.A.U. Activities for each year, is published.
- 3. Free Tracts and Other Supplies.—Our free helps for B.Y.P.U. and B.A.U. workers, including tracts, Standards of Excellence, diplomas and seals, A-1 swards, are furnished regularly to the state B.Y.P.U. departments, as well as to churches which request them. They are a valuable aid in B.Y.P.U. and B.A.U. promotion.
- 4. Field Work.—The Secretary and Associates of the B.Y.P.U. Department co-operate with the state B.Y.P.U. departments in conducting training achools, associational and local B.Y.P.U. revivals and children campaigns, conventions and examples.
- 5. General B.Y.P.U. Organization—The B.Y.P.U. Department is promoting the entablishment of the General Organization in every Baptist church in the Convention. It is the plan we advocate to solve problems of leadership, grading,

enlargement, and efficiency. Our book, The General B.Y.P.U. Manual, is the standard textbook on the subject for which we give credit. We also publish free literature on the subject, and a General Standard of Excellence. Our churches everywhere are rapidly coming to this plan.

6. Associational B.Y.P.U.—The development of the associational B.Y.P.U. is our plan for establishing B.Y.P.U.'s and B.AU.'s in every Baptist church. The associational B.Y.P.U. develops a force of volunteer workers in the association who can conduct training schools, enlargement campaigns, conventions, and institutes. With our enlarged force we are now better prepared to render assistance in this great work.

7. Correspondence—A huge volume of correspondence with B.Y.P.U. and B.A.U. workers in the churches is carried on by the B.Y.P.U. Department, and thousands of free tracts and other helps are sent out. In this way hundreds of our churches that cannot be reached by our field workers are helped.

#### PROGRESS IN 1915

 Organization—Statistics compiled by Dr. E. P. Alldredge show a total of 31,624 unions in the South, with 618,283 enrolled. This is a gain of 2,421 unions and 34,441 members in one year.

#### STUDY COURSES

#### 1. B.T.F.U. Administration

The H.Y.P.U. Department of the Baptist Sunday School Hoard has a splendid course of studies to offer for B.Y.P.U. directors and general officers, all Senior officers and committees, pastors, and Junior and Intermediate leaders. The books are as follows:

The General B.Y.P.U. Mannel—J. E. Lambdin. Cloth, 60c; paper, 40c. This book is completely rewritten from the former text, A General B.Y.P.U. Organization, and taken its place in this course.

A seal, "Proficiency in Senior Methods," is granted to all holders of the B.Y.P.U. Administration diploma who have completed either the Senior B.Y.P.U. Manual or Senior B.Y.P.U. Administration.

Junior and Intermediate B.Y.P.U. Leaders' Manual-Ins S. Lambdin. Cloth, 60c; paper, 40c.

The beautiful Administration diploma is given for the completion of The General B.Y.P.U. Manual. It carries spaces for seals on the other books.

A mastery of these books means a thorough technical preparation for leadership in all grades of B.Y.P.U. work and in the General B.Y.P.U. Organization.

enlargement, and efficiency. Our book, The General B.Y.P.U. Manual, in the standard textbook on the subject for which we give credit. We also publish free literature on the subject, and a General Standard of Excellence. Our churches everywhere are rapidly coming to this plan.

- 6. Associational B.Y.P.U.—The development of the associational B.Y.P.U. is our plan for establishing B.Y.P.U.'s and B.AU.'s in every Haptist church. The associations B.Y.P.U. develops a force of volunteer workers in the association who can conduct training schools, enlargement campaigns, convections, and institutes. With our enlarged force we are now better prepared to render assistance in this great work.
- 7. Correspondence—A huge volume of correspondence with B.Y.P.U. and B.A.U. workers in the churches is carried on by the B.Y.P.U. Department, and thousands of free tracts and other helps are sent out. In this way hundreds of our churches that cannot be reached by our field workers are helped.

#### PROGRESS DI 1923

1. Organization—Statistics compiled by Dr. E. P. Alldredge show a total of 31,624 unions in the South, with 618,283 enrolled. This is a gain of 2,421 unions and 34,441 members in one year.

#### FOUNDATION PRINCIPLES

In addition to the first fundamental of prayer as a foundation of the B.S.U. there are three other principles to which the Department with scrupulous integrity has athered throughout the past year, as well as from the first activities of the B.S.U. of the South. FIRST, to take the students themselves into the activity and make it their own movement. To do this it has not been necessary to surrender the leadership. There has been mutual accord in all things. Students have been taken into council on every project. Students have presided dents have been taken into council on every project. Students have presided over every general meeting. Students have helped produce the literature. Students now, a student movement. SECOND, to offer the students nothing but the best. In this matter we have won the following of the best element of the Baptist students of the South. Whether it be speakers for their meetings, or leaders, or paper upon which the messages were printed, or a choice between one or two colors of ink, we have given them the best. If necessary give them one or two colors of ink, we have given them the best. If necessary give them the best. THIRD to uncompromisingly hold up the eternal verities of God's Word. There has been no substitute for the essence of religion, and that upon the highest planes of spiritual emphasis. ligion, and that upon the highest planes of spiritual emphasis.

### OUR APPROACH TO-THE CAMPUS

Throughout the full range of our work on a local campus our unproach is through the now accepted book of B.S.U. methods, THE BAPTIST STUDENT UNION. This book is the basis for the methods used on all campuees. For the study of this text, and upon a satisfactory completion of a

written test, an attractive diploma is awarded. In addition to this feature it is nor invariable custom to work in co-operation with the administrative officers of Baptist schools and with the local Baptist pastor in all college centers. With the favor of the administrative officers and the local pastor we then proceed with the work for and with the atudents themselves.

Our effort is to co-ordinate all of the Baptist organizations that are functioning on the campus, to strengthen the work of each unit organization and to unify the entire Baptist activity of the campus in one campus program of religious work in and through a B.S.U. Council representing all of the varying phases of the work.

#### PRESENT STATUS

The work among students, the B.S.U. activity of Southern Baptists, now faces the future with possibilities formerly unsurpassed in the realms of its activities. From the standpoint of organized activity it is firmly rooted. On the majority of campuses of the South, campuses of all kinds, there is a dependable organized activity among the students. In each state of the South, from Maryland to Arizons, there is a dependable state organization and program of activity fitted, to the needs of the students and the schools. There is also a distinctly Southwide unification of the Baptist students by means of which a perennial program of definitely directed activities is promoted. While there is no Southwide organization there is Southwide cohesion and direction. The students, the college administrators, the denomination at large have heard the call, have seen the need, have accepted the challenge, and have adopted the principles and program. For this we greatly rejoice.

#### THE 1933 STUDENT BETREAT, RIDGECREST, N. C.

This Southwide meeting, as a phase of the program for Baptist students, went to unprecedented and unsuspected proportions June 15-23 last. The growth from year to year of this meeting reads more like fiction than fact. The first such gathering was in 1826 with an attendance of about 60. It doubled early of the two years thereafter with an attendance of 212 in 1928. Each meeting thereafter grew in attendance until in 1933 there was a registered attendance of 663, with many attending but not registering.

But the attendance is not the most prominent, nor the most desirable characteristic of that gathering. It is the spiritual emphasis and consequent power that is predominant. Attendance is solicited and the program is built upon that basls. While the attendance has become large the meeting is yet one of the minorities of the campuses. These minorities generate power. All speakers and leaders are asked to promote that emphasis. The personnel of the group consists of Student Religious Secretaries (full-time); Student Religious Workers (part-time); State B.S.U. Officers; B.S.U. officers on local campuses; and leaders among students who are not office holders.

The purpose of the meeting is spiritual but at the same time practical. Leaders plan together for the coming year. Character building through atudent participation and leadership, paralleling the inspiration from adult speakers and leaders. Inspiration and consecration of the individual to the work of God and the extension of his kingdom. The results have been profound and farresching. Of the 1983 Student Retreat a prominent speaker who should know, said that it was not only the largest student meeting in America, but it was the most powerful spiritually of any in the world.

The program features the study of textbooks, group discussions, interest groups, prayer groups, inspirational addresses, demonstration of B.S.U. activity. While the program reaches and maintains a high spiritual plateau, at the same time it is extremely pragmatic. It includes B.S.U. methods, life problems, student problems, Bible study, vocational guidance, missions, recreation, leadership conference, faculty group discussions, and conferences for the promotion of the Sunday school, B.Y.P.U., Y.W.A., Student Volunteer Band, ministerial groups and other student religious activities.

#### BUMMER ACTIVITIES IN B.S.U.

The summer months lend themselves to very definite activities on the part of the Baptist students through the B.S.U. Several activities are as follows:

In Colleges—Regular H.S.U. work is done on the compuses throughout the South during the summer months just as through the other months of the school term. In many cases a special organization is necessary. The task and objective, however, are essentially the same as during the regular scholastic term.

Denominational Mustings—At summer assemblies, young people's conventions, encampments, and other gatherings of Baptists the B.S.U. work has become, in many cases, a regular phase of denominational activity. It is the pleasure of the B.S.U. department to work in such meetings through co-operation with the state leaders.

Student Visitation of Churches—For several summers extensive and telling work has been done by the students as they visit the churches throughout the states. In some states, where the work is best organized, there is a systematic effort to visit all churches within the state. This is voluntary service. It costs the State Hoard nothing. It costs the churches nothing. It has telling results in enlivening interest within the local churches as well as its effect upon the students who do the work.

Plans were made in the spring of 1934 for this work to assume a greater variety of activities. Some of these are: A single visit to a church as formerly; students teaching study courses of several days' duration; students assisting in achools of Missions; students conducting revival services. All of this will be done in co-operation with the leaders in the various states, both the state-wide leaders and the local pastors. This work is voluntary on the part of students, It has assumed tremendous proportions and far-reaching good is being

#### STATE B.S.U. CONVENTIONS

Within the months of October and November, 1933, there were held seventeen state B.S.U. conventions. These conventions were held in seventeen different states and sponsored and promoted jointly by the students themselves, the State Mission Boards, and the Student Department of the Baptist Sunday School Board. The attendance upon these seventeen conventions, counting only registered visitors and a number of local students equal to the largest delegation coming from another school, was approximately three thousand.

The key-note of the seventeen state B.S.U. conventions was "CHRIST LIVETH IN ME." The predominant emphasis in all the meetings was the spiritual values with the proper amount of practical suggestions for the organized of the work on the various campuses. The students in the various states helding the office of state B.S.U. president deserve laudable praise for their faithfulness and efficiency in the valuntary service of promoting these meetings.

The state presidents who were elected at the 1933 meetings and who now hold office are given in the table below.

# THIRD ALL SOUTHERN BAPTIST STUDENT CONFERENCE

In keeping with the plan of the Department of Southern Haptlet Student an All-S uthern Student Conference will be held in Memphia, October 20-28, 1934. The seventeen state conventions, above mentioned, will merge into this one meeting. Since the close of the state conventions last fall there has been concerted effort toward the meeting of the Memphis conference. The forecast indicates there will be an attendance of twenty-five hundred. Arrangements have been perfected with the Baptists of Memphis and the Memphis Chamber of Commerce for entertainment on the hotel plan, with provisions for some Harvard Plan entertainment. At the time of the writing of this report some of the nation's greatest speakers have been engaged and plans have been practically completed for bringing from London the leader of young Baptists of Great Hritain for international contact and for a message from the young people scross the sea.

#### STUDENT SECRETABLES AND STUDENT WORKERS

In agreement with those who are workers either part-time or full-time with students the terms "Student Secretary" and "Student Worker" are to be used to designate respectively those who give their full-time and those who give only part-time to student religious direction.

A roster of Student Secretaries and Student Workers is given below. It is accurate to the time of writing this report.

Southern Baptists is for intelligent, efficient, and consecrated leadership. The Student Secretary is the answer. The Student Secretary as employed falls local campus; (2) State Student Secretary. More and more the denominational dera e the wisdom of such leadership. More and more workers are being placed in the field. It is gratifying to note how, through the depression years, so many secretaries have been retained. It is even more gratifying to notice how many new secretaries have been put in the field despite the financial condition through which we have passed and are now passing. To this corps of worke sees in high order of another through the depression consecration, their high ideals, and their Christian leadership among the students.

# THE BAPTIST STUDENT MAGAZINE

One specific stipulation of the Southern Baptist Convention, when the program of student work was launched, was that there should be a Southwide magazine which should serve as a unifier of the students and should deal with subjects of doctrine, denominational activities, practical plans, and inapiration. The Baptist Student, a monthly magazine appearing throughout the nine months of the scholastic year, is now in its twelfth year. This magazine goes to every tax-supported and Baptist campus in the South and in addition thereto it has won for itself readers throughout America and in many foreign countries. The purpose of the magazine is to keep before the rising generation morthly in the spiritual development. The magazine is pragmatic as well as inspirational, carrying each month plays, pageants, practical plans and proven methods for promoting student religious work.

During the past year the magazine has had a samewhat larger subscription list than formerly. In addition to this subscription list it has best to a selected list of our foreign missionaries, as well as college administrators and denominational leaders in the homeland. The editorial staff acknowledges grate-

#### LITERATURE FOR DISTRIBUTION ..

As the B.S.U. work has grown intensively and extensively there has been an increased demand for free literature. The department has endeavored, however, to hold this down to the minimum. Essential to the success of the work, however, is a limited number of pamphlets, hulletin board posters, brochures, booklets, and so forth. Through the year we have kept a sufficient supply of this free literature but have endeavored throughout to use it conservatively and not to replenish the supply of any save that vital to the work and necessary to progress.

Among the free literature best known and most widely used is the series of pamphlets known as the Cap and Gown pamphlets. In addition to the pamphlets, there are placards, a B.S.U. Calendar of Events, Covenant Cards, a limited number of complimentary copies of the magazine, and so forth.

#### B.S.D. S DECOMING FIRST MAGNITUDE

A Standard of Requirements for B.S.U.'s on local campuses is consistently stressed. On the Standard there are ten points required. Each of these is an aim at sustained effort and successful endeavor for holding some phase of the religious life of the campus to a worthy position of efficiency. From year to year there is increased effort on the campuses of the South for meeting these requirements. A alogan has been established which serves as an inspiration. That slogan is: "It is a Distinction to Ba First Magnitude." The major emphasia is not put upon the Standard nor upon grading. The Standard affords a worthy goal for efficient service and is interpreted as a minimum and not the maximum work that should be done for efficiency.

The campuses upon which the B.S.U. has met the requirements for First Magnitude recognition appear below. It is a worthy showing and schools appearing thereon deserve to be recognized for their efficiency in student activities in the spiritual life of the institution.

#### SOUTHWIDE ACTIVITIES

In addition to the activities of the B.S.U. on local campuses and activities of the state B.S.U. unit, there are certain activities promoted on a Southwide basis. Publicity, Miterature, suggestions, programs, report blanks, and so forth, are sent out from the Nashville headquarters for the promotion of these events. Furthermore, each event appears on the B.S.U. Calendar of Events. Throughout the past year there has been hearty and widespread co-operation in the observance of these events, each of which seeks as its objective some spiritual ideal that will prove helpful to the individual student, helpful to campuses on which it is promoted and helpful to the cause of Christ. These events, with the approximate time of their observance, are as follows:

- (1) STUDENT JOIN-THE-CHURCH DAY in October, or near the opening of the fall term.
- (2) B.S.U. STATE CONVENTIONS in October and November as discussed above.
- (3) STUDENT NIGHT AT CHRISTMAS, the last Sunday night of the year. This event has won its way into the regular program of hundreds of churches throughout the South.
- (4) STUDENT EVANGELISTIC WEEK in February is an effort to enlist individual attidents in personal soul-winning, aside from or in connection with the evangelistic meeting of the school.

- (6) MISSIONARY EMPHASIS WEEK in March. This is in keeping with the general emphasis of missions in March by all Southern Baptist agencies.
- VOCATIONAL EMPHASIS WEEK in April which also has found its way for hearty annual observance on campuses of all kinds and in churches adjacent to campuses throughout Southern Baptist territory.
- (7) BAPTIST STUDENT RETREAT AT RIDGECREST. This was discussed at length elsewhere.
- (8) SUMMER STUDENT VISITATION OF CHURCHES. This phase of our work, mighty in its impact and far-reaching in its spiritual power, has been discussed elsewhere.

#### CHAPTER VII

# CONTRIBUTIONS AND FINANCES OF SOUTHERN BAPTISTS

"How many loaves have you? Go and see."-Jesus.

In spite of the ravages of the greatest economic depression in history, and in spite of the greatest financial losses our Southern Baptist people have ever sustained—except that which came with the Civil War and the Reconstruction-our 4,173,928 Southern Baptints are amply able to give \$100,000,000 a year to the Lord's cause; whereas in 1933, we actually gave only \$23,269,361.34 to all religious purposes, in the churches and out to the end of the world.

1. Southern Baptiste, for example, still have between aix and eight billion dollars in wealth. These figures come from the National Industrial Conference Board, the highest authority on wealth and income in this nation. The figures, moreover, are in substantial agreement with those of two other great authorities on such matters. They simply cannot be set aside or seriously challenged. They represent facts!

The findings of all these great authorities, moreover, indicate that the wealth of this nation in 1933 was over \$250,000,000,000-or more than \$1,981 for every man, woman and child, white and colored, one day old and up, in this nation. Now, as Southern Baptists comprise, practically speaking, one-thirtieth part of the people of this nation (and our people numbered 4,173,928 as compared to 126,140,000 population in the nation in 1983), it will be seen that our wealth stood, normally, at eight and one-third billion dollars. Not only so, but as we rarely receive members under eight years of age and, as the average age of receiving young people into our churches is a little past twelve years, it will be seen that the average wealth and income of our Southern Baptist people in higher (16 per cent higher) than the general average for the whole population (white and colored) in the South and Southwest.

Owing to certain economic conditions in this section, however, the general average of wealth (and income too) in the Southern and Southwestern states is approximately 20 per cent lower than the general average for the nation as s whole. But if we mark down our wealth (and income) 20 per cent, because of economic conditions in the South and Southwest and then mark it up 16 per cent because we do not receive infants into our churches but only those who are old enough to hear and heed the gospel message, we come face to face with the fact that the 4.173,926 Southern Baptists have a combined wealth of \$7,820. 000,000-or an average of \$1,850 for every member in our churches.

The tabular view of our national wealth, indicating its increase and decline since 1850, according to these same high authorities, is an follows:

 Southern Baptists, moreover, still have from \$250 to \$300 yearly income per member. On February 20, 1934, for example, the National Industrial Conference Board published a carefully revised estimate of the total and per capits incomes of every man, woman and child, one day old and up, of all races, in the United States. This estimate shows that every person, one day old and up, white and black, in this nation, had on the average, an income of \$316 in 1933this average income having declined from \$683 in 1929!

Now, if we mark down this \$316 average income 20 per cent because of economic conditions in the South and the Southwest, and then mark it up 15 per cent because the average age of our youngest church members is a little past twelve, we still have left \$300 as the average annual income of each one of our 4,173,928 Southern Baptists for the year 1932 at least! That means that every one of our 4,173,926 Southern Baptists could have given and should are given \$30 each to the Lard's cause in 1933; whereas we actually gave only \$5.53 each to all causes, both in the churches and out to the end of the world!

Look over the chart of the Industrial Conference Board below, showing the average general income of each person, the average wages of all salaried workers, and the index of wholesale prices of commodities in the United States since 1909-it is a most illuminating document:

<sup>\*1926</sup> is regarded as the basic year, though 1921 was almost as good.

of \$1,252,178,400 each year (or \$300 per member) and, therefore, could give \$125,217,840 to all religious causes if we would all give the tenth, we believe it is time to quit this cheap and sinful talk shout "escrificing for Christ" and to be willing to give bonestly as God has prospered us. Alsa, alsa that we should done to talk about "sacrificing for Christ," when God has given us an average of \$300 a year income, and each of us therefore could easily give him back \$30 a year, whereas we have been willing to actually give him but \$5.63 per member for the year 1933, keeping back \$24.37 of his tithe for ourselves!

One of the Southern Methodist bishops has recently said that his people are "greatly in need of recovering the spirit of self-excrince"! Not so with Southern Baptists! Less than five per cent of our Baptist people have ever known the meaning of the word "self-sacrifice"! What we need, and what our churches and mission causes are dying for, is a good dose of downright honesty that will make as willing to give absolutely as God has prespeced us! For a people, any people, to receive \$300 a year income and he able, therefore, to give \$30 a year to the Lord's cause, but actually give only \$5.63 is a crime against God and the great, needy, broken, suffering world that our Saviour died to redeem! Then to talk about "sacrificing for Christ," in the face of such a record, is almost blasphemous!

4. Do we done to look over the tragic record Southern Baptists made in 1933? Does the whole world hold a more pitiable record than this? And size, this record was made when God was blessing us as he is blessing no other people on earth today!

#### (1) Who Does the Giving Among Southern Baptists?

Total church members	4,173,928	
(a) Not giving to any minion or benevolent cause -not even to the orphanages	2,638,271	(88%)
(b) Those giving to some one or more of our mission and benevolent causes.	1,535,657	(32%)
Baptist churches! (c) Those giving the tithe, not over	225,000	

### (2) What Did They Give to Missings and Benevolences?

Total gifts to missions and benevolences (1933) \$3,880,773
(a) Per member gifts (counting total members)
for the year, for missions and benevalences 93 cents
(b) Per member gifts (counting total members)
by the day, for missions and benevolences-less than
is of 1 conti

#### (3) What the Actual Givers to Missions and Banevalences Gave:

Total gifts to missions and benevolences (1983) \$	9,680,779
Total actual givers (32%)	1,586,65
Actual gifts per actual giver for the year	\$2.5
Actual wifts per actual giver, by the day,	\$0.69

# (4) What the Tithe From Our Enlisted Members Would Have Meant:

If this 1,535,667 (32%) who are enlisted had given the full tithe last year (not less than \$30 for each enlisted member) and had allowed only 16 2/3 cents out of the dollar to go to missions and benevolences (and that is the way we divided our dollars last year) we would still have had \$7,647,571 for missions and benevolences, instead of the \$3,880,773 which we did give! In other words, in this case, we would have almost doubled the amount actually given for missions and benevolences! Or, to state it still another way, even the enlisted 1,535,657 (82%) of our Southern Baptist chuech members (in 1933) actually gave a little less than half of their tithe!

<sup>3.</sup> With Southern Baptists, therefore, it is a question of being willing to give beneatly as God has prospered us, and quit talking about making "ascrifices for Christ. For since it is now clear that our 4,173,928 Southern Baptists own some \$7,820,000,000 of the wealth of this nation, and have a combined income

# 7. UNFAIR DIVISION OF SOUTHERN BAPTIST GIFTS

In order that we may see the great and grievous wrong which we are doing our mission causes, I am here showing how Southern Baptists have divided their gifts as compared to the way Southern Presbyterians divide theirs:

#### NORTHERN BAPTIST CONVENTION'S RECORD, 1933

The Board of Missionary Co-operation reports that receipts for the unified budget for 1933-34 were: \$2,473,000. The receipts for the year 1932-33 were: \$2,932,289. That means that we fell short this year \$459,289. These figures are not specially significant in themselves, for we all know that this has been a particularly difficult year. The sad and tragic thing is that each year we are forced to lower our budget, and then at the end of the year we find that we have fallen short again. We know of no further great economies that can be effected. The only hope that we can see is that a larger spirit of sacrifice and devotion shall possess our people.-Watchman-Ezaminer.

#### THE WEALTHY GIVE MERE PITTANCE

Mr. A. C. Marts calls attention to the fact that Americans, in the prosperous year of 1929 gave but 1.9 per cent of their income to benevolent causes, while putting into social accounts and into other forms of investment 34 per cent of their income! Says he:

"Thoughtful people are reflecting upon the lessons to be learned from the unpleasant experiences of the past few years, and one conviction that seems to be emerging is that brought on our financial ruin by overreaching for more wealth. Had we put a larger portion of our income sach year during the 1920's into our cultural and humanitarian institutions, instead of back into new investments, we would probably be much richer today in terms of dollars and cents, as well as in the cultural sense.

"We learn from Mr. Robert R. Doane's new book, Measurements of American Wealth, that in 1929, for instance, there were 1,122,650 persons who made income tax returns on incomes ranging from \$5,000 to over a million dollars. These persons reported total realized incomes of \$20,055,000,000. They were permitted to make deductions of gifts to philanthropic enterprises up to 15 per cent. Many of them did give away that much, but as a group they listed gifts of only \$380,000,000, which is 1.9 per cent. But they put back into savings and into investments in overproduction approximately \$6,300,000,000 or 34 per cent

"If by constant and intelligent efforts the college presidents, ministers, and other cultural leaders of the land can persuade us in the years ahead to give more and more of our surplus income to the upbuilding of the culture and character of the nation, America will become a richer, happier, and finer people." -The Christian Advocate.

#### THE COST OF THE NEW DEAL

With the national debt of the United States at around \$23,000,000,000, it is said that recovery activities now under way will increase it by more than 60 per cent. The National Industrial Conference Board has thus estimated the cost of the various New Deal measures at \$11,735,000,000;

# HOSPITALS AND ORPHANAGES OF SOUTHERN BAPTISTS 1933

# ELEVENTH ANNUAL REPORT OF THE HOSPITAL COMMISSION

Like all other institutions, the Hospital Commission has experienced financial difficulties for several years; but we have kept operating expenses paid, have paid for all charity work done, and have paid interest and bond maturities when due.

#### A Year in Figures

During the year we have given 5,981 patients 39,730 days of service. Of them 664 were given free service and 502 were given part free service, at a total cost of \$26,311.01.

#### . 100,000 Clab

We have received \$707.49 from the Hundred Thousand Club, all of which has been applied on capital debt. The Hospital did not begin to participate in the Club's receiple till January, 1934. We commend the Hundred Thousand Club as a means of paying the debts of the Convention's Agencies; and we trust it will be continued and enlarged.

#### Flooretal

It has been our policy to pay all accounts by the tenth of the month following purchase, and the "accounts payable" in the attached financial statement have all been paid before this report is written.

During the year we paid \$26,800.00 on the capital debt, and \$21,412.50 interest.

W r evv d 11 the Co-operative Program, as compared with \$16,308.25 last year, \$21,097.48 in 1932, and \$22,516.32 in 1931.

We closed the year with an addition of \$11,674.60 to the net worth of the property.

#### Conclusion

have been opened, crippled limbs have been made whole, discased bodies have been healed, broken spirits have been soothed, crushed hearts have been minutered to—all in the Name of Him whose mission was and is Healing Humanity's Hurt.

We thank God and take courage.

F. S. GRONER, President.

#### THE CHURCHES AND THE HOSPITALS

The editor of The Modern Hospital magazine, Dr. Otho F. Ball, shows how large a part of the hospital work of the United States is carried or supported by the churches of the various denominations. Says he:

More than one thousand of the voluntary hospitals of our country are directly sponsored by the church and many more not so classified are sided by the various religious organizations. The strictly church hospitals maintain approximately 118,000 beds and in 1932 gave treatment to nearly 2,000,000 resident patients and at least as many more sick were diagnosed and treated in out-patient departments attached to these institutions.

The importance of church participation in hospital service will be the more appreciated from the following table:

#### CHAPTER IX

# SCHOOLS AND COLLEGES OF SOUTHERN BAPTISTS

#### SOUTHERN BAPTIST EDUCATION COMMISSION

#### SECTION I

In some respects the report of the Education Commission this year is the best it has been privileged to make since its organization. Every man on the Commission under the direction of the sub-committee chairman has functioned with a definite purpose in view. The success of the work of the Commission is due to the untiring service of each member in all the States and the District of Columbia which comprise the territory of the Southern Baptist Convention.

#### Enrolment Facts Encouraging

The most encouraging fact from the Church College point of view is the increased enrolment. Whereas colleges as a whole in the United States have lost approximately nine per cent according to a national survey which appeared on April 14, our own Baptist colleges and universities have a net gain of eight per cent. In 1932-33 there were 12,077, while this year, 1933-34 there are 12,896 students in the senior colleges. Appreciable gains are observed also in many of the academic over junior colleges. The complete statistical report shows the exact enrolment figures.

Graduate student enrolment shows a loss from 167 to 108 or a loss of 59. While our report shows a loss of 22 ministerial students, it is because three of our colleges did not report the number of ministerial students this year. There is no doubt a substantial gain. Graduate students in our seminaries show a gain of 43 students while there is a loss of 32 ministerial students and eleven student volunteers.

#### Faculty Considerations

Many of the Senior Colleges have apparently taken advantage of the economic necessity of the last year and have added to the faculties sixty-five men and 90 women, or a total of 155. The total last year being 874—this year 1,029. Some of the most interesting administrative policies are discovered. They are divergent. While one college with only twenty-two faculty members takes care of student enrolment of 400, another college has 53 faculty members for 475 students. One little college has 22 faculty members for 36 students.

It is not possible to report the facts with regard to the salaries paid to faculty members. This is a matter of such great variation that one is bound to reach the conclusion that in some of our colleges there must have been discovered some kind of commodity dollar to use instead of New Deal sixty-cent dollar. Not only must man not live on bread alone, but the faculty man has learned how to live and eat on the dollar alone.

#### Income from Permanent Endowments

While the value of church college property and endowment shows little change as compared with last year, it is of little significance as to the exact volume of either property or endowments. We have \$53,000,000.00 book value in these two types of investments. The significant fact is that incomes from the use of property, whether in the form of buildings or bonds have been

Rates for rooms and board and defaults on interest payment on bonds have reduced incomes of colleges from ten to eighty per cent, with a return to normal economic conditions it is thought that better rates can again be restored and that incomes from endowment will be recouped with a slight loss as that of nearly any business institution in the United States. Endowment committees

have been exceedingly diligent in their efforts to maintain high-standard secur-

#### What is Christian Education?

When our Baptist Colleges were established in the South, Christian education was identified with them. Furman, Mississippi College, Mercer, Bethel, Georgetown, Baylor, Wake Forest, Howard, Quachita, William Jewell, Union, Stetaon, and others meant Christian education. They still mean it. But Christian education has a broader definition now than formerly. It does not mean the same thing to different people even in the same local church. No better argument can be stirred to flame than one which arises over a discussion of the meaning of Christian education.

The question is not raised here by your Commission with the purpose of answering it catagorically. Such an aswer would be accepted by some, rejected by others. It is only honest and fair to the Southern Baptist Convention, however, to call attention not only to facts of student enrolment, value of physical property and endowments, faculty statistics, volunteer and ministerial registrations in our colleges but what is just as valuable the interpretations of observable and catalogueable facts.

Evangeliam, once a major function in our Church Colleges, is completed by devoted partors and fathers and mothers for more than 95% of students in our Baptist Colleges today. Churches have done their work well and should be given the praise for it. The cellege is concerned primarily therefore with Christian culture for the 95%, and evangelism plus Christian culture for the other five per cent.

Are we to limit Christian culture to students in Church Colleges alone? Are our efforts to be confined to Baptist College Campuses? People as a whole no longer identify Christian education and Church College education. Attention was called last year in Washington to the argument by a State University President in the South to what he considered a fact that his State University was as much a Christian institution as any Methodist, Baptist, or Presbyterian College in the State. He added, moreover, that it was more so because his faculty members in these denominations; as well as the students, were more numerous and fully as attentive and devoted to Church duties.

#### Will Church Colleges Pass Away?

Is it inevitable that Church Colleges must pass away as some say? If so, must Christian education pass away at the same time?

It is the belief of your Commission that neither will come to pass very soon, or ever. If civilization needs the Church, then the same civilization needs the agency for the development of Christian leadership. Definitely, the Church College must in our opinion so readjust its ideas, its methods, its organization and its plans and policies to fit a growing, changing world, but meanwhile there must never for a moment be a flickering of an eyelash with regard to the principles of Jesus who came to the world that men might have life, that they might have it more abundantly. Unless both of these things take place, and if the Southern-Bapist Convention will take thought and act wisely in the light of a clear vision, both can and will, the Church College will pass away and Christian education will shift ground and be carried forward in an area controlled by the State. Already many Baptist are for the change in order, in part, to be rid of the financial load involved in financing Baptist Colleges. Never has there been such a need for a full-time secretary of Christian education whose functioning would be worth, in the Judgment of your Commission, ten times the

Your Commission has been able to secure a non-discriminatory interpretation of the federal law which in one college alone has resulted in bringing in cash to worthy working students for times the amount of money that was allotted by the Convention for the Education Commission this year.

We feel that the Commission should be silotted an expense fund of \$1,000 and that a full-time secretary should be employed and we, your Commission, so recommend.

May the challenging call of a new and better social, economic and religious world, converted to Christ and nurtured according to his Christian teaching in the Sermon on the Mount be so clear and so insistent that a ready and whole-hearted response will be registered for a forward march toward a nobler Christian

#### Senior Callege Notes

Baylor College reports having sent out five groups of fifteen students each, to five associations in Texas, to conduct "B.T.S. training schools" --- of one week each.

Baylor University has combined Economics, Sociology, and Political Science departments in one Social Science Department; created three new and inclusive departments: Modern Language Department, Classical Department, and Biology Department. A Home Economics Department has been added.

Baylor University reports only 18 students of 1933-1934 as non-church members.

Baylor University is establishing a great Biblical Library in honor of Dr. J. B. Tidwell who has been head of their Bible Department for 25 years.

Baylor University reports \$200,000 having been added to the \$650,000 previously given them by Mr. and Mrs. John G. Hardin.

Bessie Tift College reports a financial campaign in progress with \$200,000 as goal.

Coker College has dropped B.S. degree; modified and liberalized its graduation requirements,

Furman University reports study and revision of curriculum in process; Sunday afternoon Vespers started this year; Student Movement guaranteeing "Open Politics" on the campus; wide extension of Student Council suthority and activity.

Judson College reports major curriculum changes in process, but without giving details.

Mercer University reports definite work in process looking to re-organization of curriculum along junior college-senior college lines.

Mississippi College reports "more concentration required after the first two years in college."

Mississippi Woman's College reports: (a) 25% gain in attendance this year; (b) practice teaching arranged for; (c) statewide campaign in progress to raise \$100,000 for payment of debts of Baptist Colleges in Mississippi.

Oklahoma Baptist University reports: (a) organization of School of Education; (b) shift from Departmental to Divisional Organization in College of Libersi Arta; (c) campaign to raise \$40,000 this spring.

Ouachita College reports that its faculty members and students are presenting the claims of Christian education to local Baptist churches all over Arkansas.

Quachita College reports organization of a Student Council.

Quachita College has added Department of Home Economics.

Simmons University has gone from Quarter to semester basis.

Stetaon University reports: (a) full-time B.S.U. secretary; (b) claims of Christian education presented by Stetaon representatives in every Baptist Association in Florida and before the State Baptist Convention.

Union University reports a summer campaign in prospect for raising \$100,000.

William Jewell College reports a Special Sustaining Fund Campaign in all Missouri Baptist churches, for the college, during April and May.

The senior colleges show a gain of 818 in total student enrolment for the regular pe yea. In graduate students they lost 59 by comparison with 1982-1933. Their 1938 summer appointent was off 803, or about 20%. Their

net gain of 818 is encouraging, since college registrations over the country have dropped off approximately 8% this year.

The senior calleges show a small gain in the enrolment of Ministerial Students, and a heavy loss in Student Volunteers.

Marked enrolment increases are shown by Baylor University, Furman University and Greenville Woman's College combined, Howard-Payne College, Mississippi Woman's College, and Wake Forest College.

Financially, the Senior Colleges are having a pretty rough time of it. Denominational support has fallen off, almost to the vanishing point in some states. This year we asked for a report from the colleges: (a) on Inactive Endowment Funds since 1929; (b) on drop, if any, in percentage of Endowment Income since 1929.

Reports show: (a) Inactive Endowment Funds since 1929; no report ten colleges; "yes," two colleges; "none," two colleges. Fifteen colleges report \$1,257,906 out of \$7,040,481 Endowment as Inactive. This means 18% of these Endowment Funds, inactive. (b) Percentage drop in Endowment Income; gain, one college; no decrease, seven colleges; no reply, seven colleges; "yes," five colleges. Nine colleges reported decreases as follows: 1.6-10%, 2%, 18%, 20%, 20%, 20%, 37%, 40%, 50%; average, 25.44%; Median, 20%.

These figures while they are disturbing from the viewpoint of a few of the colleges, speak well for the financial management of most of these institutions.

Data regarding additions to the libraries of the Baptist Senior Colleges give cause for slarm. The figures for 1933-1934 follows: no report, seven colleges; fewer than 600 volumes, eight colleges; 500 volumes, eight colleges; 500 to 1,000 volumes, three colleges; 1,000 to 2,000 volumes, two colleges; above 2,000 volumes, William Jewell College.

Among the Senior Colleges there have been the following changes in administration:

#### SECTION III

#### Theological Schools

Nothing of special note was reported to the Survey Committee by any of the Baptist Theological Schools, except Baptist Bible Institute.

B.B.I. reports organization of B.S.U. Council, following the State Conventions of B.S.U. and Y.W.A. at B.B.I. this winter,

B.B.I. reports the gift of \$10,000.00 insurance policy during 1933-34.

#### Senior College Notes

Baylor College reports having sent out five groups of fifteen students each, to five associations in Texas, to conduct "B.T.S. training schools" of one week each.

Baylor University has combined Economics, Sociology, and Political Science departments in one Social Science Department; created a new inclusive Modern Language Department, Classical Department, and Biology Department. A Home Economics Department has been added.

Baylor University reports only 18 students of 1933-1984 as non-church numbers.

Baylor University is establishing a great Biblical Library in honor of Dr. J. H. Tidwell who has been head of their Bible Department for 25 years.

Baylor University reports \$200,000.00 having been added to the \$650,000.00 previously given them by Mr. and Mrs. John G. Hardin.

Bessie Tift College reports a financial campaign in progress with \$200,000.00 as goal.

Coker College has dropped B.S. degree; modified and liberalized its graduation requirements.

#### SECTION V

#### Academy Notes

Acadia Academy: Added, Director of Music and Missions.

Eldredge Baptist Academy: B.S.U. organized. 1,036 acres land being donated for farming purposes, agricultural studies and food production.

Fork Union Military Academy: Much student initiative in religious activities this year. Pay particular attention to Christian character in selection of faculty.

Magoffio lostitute: Extensive improvements made in the school farm,

North Greenville Baptiet Academy: 160-acre farm, with dairy equipment, valued at \$11,000.00, now operated at a profit,

Smoky Mountain Industrial Institute, at Bostic, N. C.: \$1,157.67 from Duke Endowment, April, 1933.

The Survey Committee in our 1933 report, we are convinced, took too extreme a position regarding Baptist Academies in general. We learn that some of these schools are in areas that are largely destitute, both religiously and educationally. Baptist academies so situated, if under wise Christian directionally.

tion, serve as centers of light and put forward the work of the Kingdom in heroic fashion. They are in position to do invaluable service, both to Christian Education and along evangelistic lines. They deserve the hearty support of the Southern Baptist Convention, and the full backing of their Baptist State Convention.

#### SECTION VI

# Beeclel Questions Directed to Soptist School Heeds by the Survey Committee of the Education Commission, 1833-1936. Were on Follows:

- "7. Any Special Developments you care to mention for the furthering of Christian Education in your State or in the Southern Baptist Convention?
- "8. Any Special Policies or Goals in Christian Education you want to see taken up by the Southern Baptist Convention?
- "9. Do you favor enlarging the work of the Sunday School Board, in the interest of more inclusive Christian Education emphases? If no, why and in what ways? If not, why not?
- "10. What are your atrongest Negative Criticisms of the Education Com-
- "11. What Specific Suggestions will you make for rendering the work of the Commission More Effective?
- "NOTE: Use Extra Sheets Freely in Answering Sheet Two, Especially Items 7-11."

#### REPLIES:

No Reply from the head of any Theological School.

Question 7, two replies from Baptlet Senior College presidents:

Mercer University: "The inclusion in 'The Teacher,' and in the 'Sunday School Builder,' suitable material on Christian Education is significant."

Ouachite College: "Messages on Christian Education from faculty members to the churches help all concerned."

Central College (Junior): "We made a great mistake in discontinuing the Southern Baptist Convention Education Board."

Dodd College: "There is the necessity of more emphasis, growing out of conviction, on the part of all our Haptist groups, on Christian Education. To fail here is to fail in all our missionery work."

Jonesbaro Baptist College (Junior): "Reselling of Baptist Schools to Baptist People."

Southwest Baptist College: "In our state, we need an educational program for our Baptist people. We have a number of schools that are being inadequately supported and the uncertainty of their continuance makes it hard on every Baptist school of the state. A survey was made some years ago and definite recommendations were passed by the General Association, but we have not been able to put these recommendations into effect. We need to develop a Christian Education consciausness among our Baptist people."

#### REPLIES TO QUESTION 8

Baylor University: "Southern Baptists should have a definite educational policy." (In agreement with this sentiment: Rlue Mountain College, Furman University, Mercer University, Union University.)

Averett College: "More pronounced Christian Education Emphasis."

# REPLIES TO QUESTION 9

Averett College: "Yez. The present name does not suggest half the work the Sunday School Board is doing."

Chowap College; "Need Christlan Education emphasis in Sunday school programs at regular intervals.

Mercer University: "Yes, in accordance with a resolution passed by the Education Committee at its 1933 annual meeting." (In substantial agreement with above, Baylor University, Blue Mountain College, Furman University, Union University and Averett College.)

Quachita College: "We need more help from the Board in our training pro-

Carson-Newman College: "If co-operative, yes; if in nature of control, no." Three Senior college heads, lamdona Baptist Academy, replied "No" to question

Fork Union Military Academy: "Yes, for the following reasons:

- "(a) Sunday School Board in position, in advisory capacity, to co-ordinate and unify our Baptist schools in their program of Christian Education.
- "(b) The Board is in position to send out literature and finance helpful conferences on Christian Education.
- "(c) Such activities on the part of the Sunday School Board promise the largest possible returns for the outlay made."

Harrenyo Military Academy: "Yes."

Beatic, North Caroline, Smoky Mountain Industrial Institute: "Yes. Put on Bible Institutes to combat rising tide of Athelam in the South."

The scarcity of replies to questions 7, 8, and 9 is significant. It shows apparent inertia, complacency, status quo attitudes, and lack of interest in constructive planning and creative leadership in Christian Education, as characterizing the outlook of those who are peculiarly charged with the responsibilities of educational leadership in the Southern Baptist Convention. If we cannot look to these men and women for inspiring, challenging and crusading direction of energies towards larger goals in Christian Education, we are headed for disaster. The members of your Survey Committee do not believe that the heads of our Baptist schools are lacking, either in interest in Christian Education or in the capacity for Convention-wide leadership in Christian Education. Rather, we choose to think of them as somehow not adept to their opportunities for such leadership. Even so, we cannot afford longer to sin away our days of grace as regards the definite challenges of Christian Education among Southern Baytists! The times demand action-immediate action-constructive planningheroic attainment of more worthy Christian Education goals.

#### The Education Commission

The answers to questions 10 and 11 were rather general. Their agreement in two particulars was remarkable:

- (1) That the present Education Commission is a sort of futile Christian Education genture, and
- (2) That the Southern Baptist Convention must strengthen the Education Commission in such ways as to provide for more adequate Christian Education through it, or some successor to it.

Your Survey Committee members are convinced that this criticism of the Commission is fundamentally correct. We have difficulty in getting reports. Our work, at best, is wholly inadequate to our implied responsibilities. At present, Christian Education has insufficient standing with the Southern Baptist Convention.

We believe that some such recognition of the commanding interests of Christlan Education is one of the major issues facing Southern Baptists today. We would go further and insist that it is now the paramount problem calling for worthy action by the Southern Beptist Convention.

#### NATION'S COLLEGES ARE IN FINANCIAL DISTRESS

Alma Mater is in serious financial straits.

A survey of 279 institutions by the Federal Office of Education shows that church colleges are feeling the pinch more severely than other privately controlled institutions. Almost half the church colleges are seven private colleges are in arrears on faculty salaries. Each of thirty-two colleges, of which thirty are church colleges, owes its faculty members more than \$20,000. Nine church colleges and one private college owe more than \$40,000 each in sularies.

All this indebtedness is due to notes for tuition given by needy students, to accumulated obligations for salaries and other operating costs, to obligations for buildings and repairs, and to mortgages, bonds and miscellaneous debts.

Only twenty of our 210 church colleges, and only seven out of sixty-nine private colleges have no students who have not had to give notes for their tuition. In each of twenty-eight church institutions and fifteen private institutions more than 300 students have given notes for all or part of their tuition. Five church colleges and six private colleges have each more than \$80,000 due them from students they are carrying on their books. Tuition notes to the amount of \$10,000 and up are in the hands of treasurers of each of ninety-six church colleges and forty-three private colleges reporting.

Seven institutions are in "the red" on current maintenance obligations to the extent of \$125,000 or more, and twenty-nine have \$50,000 or more outstanding. Eighty-five church colleges and fifty-two private colleges report they have been able to pay current operating expenses, including salaries.

Of 228 institutions replying, ten said they had capital improvement obligations of \$500,000 or more. Bonds requiring interest payment, nortgages, and other debts comprise the fourth source of financial difficulty. Sixty-three church colleges report a total of \$10,399,713 in such debts; private colleges, \$6,950,000, a total of \$16,494,713 for eighty colleges.

Faculties have met the situation bravely. In eighteen church institutions and three private colleges salaries, which were never large, have been cut 50 per cent or more. Twenty-one of sixty-nine private institutions, and 174 out of 210 church colleges reporting have reduced salaries 20 per cent or more. Only twenty-three church colleges and twenty-one private colleges have not reduced the faculty salary scale.

The showing is a matter of serious national concern, said Dr. Fred J. Kelly, chief of higher education of the U. S. Office of Education. "Adequate facilities for higher education, always closely identified with social progress, are even more essential now than ever before. The greater complexity of social and economic life requires more years of school and college to prepare for it." And, "in the absence of a program for youth employment there is need for greatly increased college facilities."

But any program for the rehabilitation of education must include the public schools, thousands of which have been closed or had their sessions shortened.

### CHAPTER X

# SUNDAY SCHOOLS AND D.V.B.S.'S OF SOUTHERN BAPTISTS

The year 1933 proved to be the most peculiar year in Sunday school progtess with Southern Esptiats—and with the other denominations as well—which has come to us in twenty years.

To begin with, there was a net gain of 253 Sunday schools, and notwithstanding this very encouraging fact, there was a net gain in Sunday school enrolment amounting to only 18,015—one of the smallest gains in Sunday school enrolment ever experienced by Southern Baptists!

As was noted in Chapter I above, this strange situation was brought about by two things: (1) The revival of many rural Sunday achools which had been allowed to lapse temporarily; and (2) a real let-up (and a let-down) in the work of our great urban Sunday schools. Further on, in this chapter, for example, we note that the large Sunday schools (those earolling 900 or more), on the whole, showed a decrease of nice in number and a decrease of 7.685 in enrelment in 1933! Furthermore, we rechecked the Sunday school figures in the seven large states which showed slight losses in Sunday school figures in the seven large states which showed slight losses in Sunday school figures in the larger urban Sunday schools, rather than to any fall-off in the country Sunday schools. But when Alabama, Georgia, Klüssissippi, Misacuri, North Carolina, South Carolina and Texas each showed a slight loss in enrolment, we found the gains in the other states seriously cut down. It so happened, therefore, that in spite of fairly good gains in Oklahoma and Kentucky, and slight gains in Virginia, Florida, Arkansas and Tennessee, we were forced to report a total of 21,784 Sunday schools (a gain of 253 over last year), but only 3,069,484 in Sunday school enrolment—a gain of only 18,016 for the year!

As will be seen further on in this chapter, most of the other main denominations in the United States have come upon this same strange let-down in Sunday school work. In the table dealing with the Sunday school gains and losses of the main denominations (the Lutherans were omitted because we could not accure their Sunday school statistics for 1933), it will be seen, for example, that five out of ten main denominations listed there show losses in Sunday school enrolment (losses aggregating 80,000 or more for the year), while the other five show only slight gains—except the Disciples, about whose statistics we cannot be sure, since very large errors crept into the printing of their statistics in 1933. But allowing the large gains of the Disciples to stand as we give them, this table shows this staggering, stunning fact. Here are 10 main denominations in the United States, having 15,086,680 smolled in their Sunday schools, who were able to make a net carolment gain to their Sunday schools, who were able to make a net carolment gain to their Sunday schools of only 6,403 in the year 1933! Except during the Great War in 1918, nothing comparable to this has happened in the United States in thirty-four years!

#### THE SUNDAY SCHOOL AS A CRIME DETERRENT

So many persons have made inquiry for trustworthy statements and statistics showing the influence of the Sunday school in the solution of the problem of crime among the young people in America that I have taken the liberty of quoting here certain sections of an interesting article in The Churchman of September 24, 1932, by Louise Franklin Bache, dealing with this vital question. Savs Miss Bache:

"A prominent district attorney in one of the larger cities of our country. after years of experience with racketeers and gangaters, states that his experience has proven that men and women charged with these serious offenses do not attend church or Sunday school. 'It is my emphatic opinion, states this district attorney, 'that the lack of church and Sunday school influence directly causes many of our young men to be in the criminal class. In the church and Sunday school the young man will meet the right-thinking people and receive moral and religious training which will be of great influence for good in later life. Do not take my word for it,-ask any rabbi, priest, or minister or any successful husiness man of today what he has to say. Above all, do not get the opinion that only mollycoddles attend church or Sunday school.'

"Another judge of a supreme court in New York State, after twenty-two years on the bench in which time over 4,000 boys under the age of twenty-one years had passed before him, states that only three of this number were members of a Sunday school. Testifying further, he says, 'In 1902 cases of suspended criminal sentences in each of which a minister, priest or rabbi became interested at my request, only sixty-two boys were brought back for violations of the conditions of parole. I believe that the reform in the remaining cases was prompt and permanent. In fact, I regard our Sabbath schools, including those of all faiths, as the only effective means to stem the rising tide of vice and crime among our youth. Society carries the heavy burden of criminality chiefly because of the lack of religious training of its youth. If all children could be kept under the influence of sabbath schools and the grown-ups were interested in some church, we could close our prisons and jails instead of being compelled to enlarge and increase their number. The problem of youth is the problem of humanity. There are 17,000,000 boys and girls in the country growing up without moral training from any source,—Protestant, Catholic, or Jewish.

"Now for the opinions of the chaplains of Massachusetts prisons. These men who work year in and year out with criminal and incorrigible youth are ununimous in stating that they believe the increase in crime indicates the waning influence of the home and church. Parents, they state, have not accepted the responsibility of properly rearing their children and setting them a good example. The church has failed to cope with the quickened tempo of American life by providing a more adequate religious educational program. There must be, comment these men, an awakened home life which shall have as its basis true comradeship and shall represent a revival of the art of living together. There must be also a reverence for religion and a co-operation among schools, the church and the state."

". . . As one judge of a juvenile court of a middle western city puts it, 'No parent or mother today is wise enough to raise boys and girls to worthy maturity without the help of religious background.' Another pastor of a New England church asks the pertinent question, 'Parents should show the way. But are

"A United States Commissioner of Correction gives it as his impression that the influence of the home and church are both failing, with the result that the youngster of today knows more about bottlegging than any other item of our economic and social life. Dozens of well-known judges and ministers charge parents with indifference to their children's welfare and failure to set a good example.

"Parents must practice what they preach, states a former juvenile court judge. 'What kind of an example does a parent set when he takes the child to Sunday school while he goes to play golf? Parenta should go to the house of worship. Lack of example in this direction must be answered by the parents. The first act of a father or mother should be to take the child to church and see that he is taught religion as a foundation. All of us learn more by example than by precept."

#### SALOONS OR SUNDAY SCHOOLS?

The (New York) Christian Advocate of March 16, 1934, gives this very pointed paragraph upon the problem of saloons and crime in one great California rity:

"San Francisco has a population of 650,000. A recent census by religions, four-fifths complete, gives these figures:

Protestant Families	112
Catholic Families	162
Jewish Families 6,	118
	160
	30D
Foreign Families	316
Colored Families	120
Protestant Population Listed	122
Number Attending Sunday School all ages 144	205
Number not Attending Sunday School-all ages 144,	305

"It used to be said that there were more bartenders in Frisco than Presbyterians, and the same was equally applicable to Methodists. Why not? When only 10,000 attend Sunday school in a Protestant population of 150,000, is it strange that so large a proportion gravitate to the saloon?"

#### LATER REPORTS

In the issue of the New York Christian Advocate of August 4, 1932, attention is called to the fact that the world's Sunday school forces are considerably larger than was first officially reported (see table above). The corrected figures for 1932 are as follows:

"There are 361,145 schools now as compared with 310,057 in 1913, and 255,544 in 1907. The enrolment of officers and teachers is up from 25,037,836 a quarter century ago to 36,646,829 in 1932, a gain of 11,508,993, or 46 per cent. A study of the detailed exhibit shows that Europe shows the smallest rate of increase, only 1.4 per cent in four years, against 14.3 in North America, 21 in South America, 8.6 in Asia and 36.4 in Africa. The fact that 20,000,000, mostly young people, present themselves for instruction in our church schools is a sobering thought. The opportunity is still ours. It may soon pass. Sunday school attendance in this country is now at a standstill. In some churches—notably our own—it is slipping. It cannot decline appreciably without carrying with it the future strength of the church."

# DAILY VACATION BIBLE SCHOOLS, 1933

By Dr. Homer L. Grice. Socretary, 181 Eighli Ave., N., Nashville. Tennessee

A total of 635 Daily Vacation Bible Schools were reported in 1933—593 sending in reports direct to the department, 13 reporting indirectly, and 29 reporting in the minutes of district associations.

#### ENBOLMENT

Five hundred ninety-three schools reported an enrolment of 88,600, or an average of 141 to the school. Five hundred fifty-five schools reported an average daily attendance of 50,951, or 108 to the school. The 555 schools that reported their daily average attendance had a total enrollment of 78,791. Of these 555 schools, therefore, the average daily attendance was 76 per cent of the enrollment.

One hundred twenty schools reported an enrolment of 850 children from non-Protestant homes, or an average of eight to the school.

Two hundred schools reported an enrolment of 3,086 children that attended no Sunday school, or an average of 15 to the school.

#### THE FACULTY

Five hundred fifty-four schools reported a total faculty enrolment of 10,088, or 18.2 to the school. Of these, 39 were paid, and 10,049 were volunteers.

Twenty-five schools paid part of the faculty, and 668 paid none of the faculty.

There was an average of one faculty member to every eight pupils enrolled.

#### HOW THE SCHOOLS APPEALED TO THE PUPILS

Pour hundred sixteen schools reported 23,351 pupils that did not miss a day. An average of 56 pupils to the school made a perfect attendance record.

#### COST OF SCHOOLS

Five hundred thirty-nine schools reported a total cost of \$12,531.20, or an average of \$23.25 to the school. These same schools reported an enrolment of 76,925. The cost for each pupil enrolled was therefore 164 cents a day in a 11-day school; or less than 1½ cents a day. At this rate a 20-day school would have cost 30 cents a pupil as compared with the suggested cost of one dollar in The D.V.B.S. Guide.

Schools that can	20 days or more 35 or	3%

The diagram on page 6 shows, by states, the number of days that each school was in session, together with the totals for all the states.

#### LENGTH OF DAILY SEESIONS

Five hundred thirty-seven schools reported a total of 1,499 hours daily, or an average to the school of two hours and 48 minutes a day. The distribution of the schools according to the length of the daily session was as follows:

Hours and	Minutes	Schoole	Housean	d Minutes	Schoole
1 2 2 2	00 30 00 15 30	12 59 3	3 3 4 5	00 15 80 00 00	283 21 13 2

Three hundred twenty-two schools out of the 537 reporting on this item (60%) had daily sessions of three hours or more; only 13 schools had daily sessions shorter than two hours.

# ATTENDANCE BY DENOMINATIONS

Four hundred five schools reported on the attendance by denominations. The pupils were classed according to the Sunday school that they attended. The distribution was as follows:

These figures represent fairly accurately a cross-section of the average Baptist D.V.B.S. Note that 29% of the enrolment was non-Baptist.

### DEPARTMENTAL STATISTICS

Three hundred twenty-six schools reported enrolment for all four departments; fourteen additional schools reported all four departments but did not give enrolment figures.

Of every 100 pupils enrolled, 17 were Beginners, 26 were Primaries; 40 were Juniors, and 17 were Intermediates.

Of every 100 pupils enrolled, 40 were boys, and 60 were girls.

#### CHAPTER XI

SOUTHERN BAPTIST HANDBOOK, 1934

# SUNDAY SCHOOL ACHIEVEMENTS-THE PAST THIRTY-FOUR YEARS, 1900-1934

At the close of 1933 (December 28, to be exact), the celebration of Dr. I. J. Van Ness' thirty-four years' service with the Sunday School Board of the Southern Baptist Convention, was held in the dining room of the Andrew Jackson Hotel, with over a thousand guests in attendance. It was called the "Double Seventeen Celebration" since it sought to properly recognize and commemorate both the seventeen years which Doctor Van Ness had served as Editorial Secretary (1900-1917), and the seventeen years which he had served as Executive Secretary of the Sunday School Board (1917-1934).

The following program, in addition to the banquet and the special music. was the main feature of this celebration:

Chairman of Program Committee, Dr. W. Henderson Barton, Edgefield Baptist Church, Nashville, Tenn.,

Toastmaster, Dr. William Francis Powell, First Baptist Church, Nashville, Tenn.

Scripture Reading, Dr. M. E. Dodd, President of the Southern Baptist Convention, Shreveport, La.

Invocation, Dr. C. Oscar Johnson, Third Baptist Church, St. Louis, Mo.

"The Board and the Book"-an address by Dr. George W. Truett, First Baptist Church, Dallas, Texas,

"Training for the Future,"-an address by Dr. Carter Helm Jones, First Baptist Church, Murfreesboro, Tenn.

Presentation of Book of Greetings, Dr. Hight C Moore, Editorial Secretary of the Sunday School Board, Nashville, Tenn.

Response, Dr. I. J. Van Ness, Executive Secretary of the Sunday School Board, Nashville, Tenn.

Closing Prayer, Dr. John R. Sampey, President of the Southern Baptist Theological Seminary, Louisville, Ky.

The entire program was broadcast over radio station WLAC of the Life & Casualty Insurance Company, Nashville, Tenn.

Since this celebration called forth a review of Southern Baptist progress for the past thirty-four years—particularly the progress of our Sunday school work (which was eloquently set forth in Dr. George W. Truett's address) and also the essential and vital facts about Dr. L. J. Van Ness' outstanding and unique leadership in our Sunday school work (as set forth in the address of Dr. Hight C Moore), we are herewith passing on to the brotherhood both of these two valuable historical statements:

#### Thirty-four Years of Sunday School Progress, 1908-1934

#### A Med's-Eye Vlew

The growth of Southern Baptists since the year 1900, when Dr. I. J. Van Ness first became connected with the Sunday School Board, is nothing short of maxing. The solid facts which tell of this growth are stranger than fiction. The 787 district associations, for example, have become 909; the 19,558 churches have become 24,085; the 80,465 baptisms in one year have grown to 226,855; the 11,000 ordained ministers have become 22,801; the 10,115 Sunday schools have become 21,531; the 670,569 Sunday school pupils have become an army of 3,051,469; the 3,151 W.M.U. organizations have become 31,549;

the 1,058 B.Y.P.U.'s with 37,030 young people enrolled have become 29,203 B.Y.P.U.'s with 583,842 young people enrolled; the value of all church property has grown from \$20,025,344 to \$210,000,000; and the total gifts of the churches for all purposes has mounted up from \$3,456,014 to \$27,341,488.

The population of the South (Southern Baptist Convention territory), moreover, has grown from 26,486,657 in 1900, to 41,561,438; whereas the member-ship of Southern Baptist churches has increased twice as fast as the population, amp of Sauthern Baptist churches has increased twice as rast as the population, mounting up from 1,657,996 to 4,966,140. And, whereas the population of the United States has grown from 76,094,575 in 1900 to 126,800,000 in 1933, the Baptists of the United States have grown from 4,258,676 in 1900 to 9,496,149 in 1933. And whereas the population of the world has grown from 1,643,000,000 in 1900 to approximately 2,000,000,000 in 1933, the Baptists of the world have grown from 5,008,960 in 1900 to 11,952,929 in 1933!

#### The Sunday School Board

Thirty-four years ago (1900) when Dr. I. J. Van Ness became first connected with the Sunday School Board as its editorial secretary, the receipts of the Board were \$78,380.97 the year; whereas, in 1933, the receipts were \$1,517,-613 461 The net resources of the Board in 1900, moreover, were but \$68,359.53, as compared to \$2,496,000 in 1933! The first year Doctor Van Ness was with the Sunday School Board the total amount given by the Board to all denominational causes was \$24,689.68; whereas in 1933 a total of \$437,172 was given to denominational work out of the Board's receipts. The first year Doctor Van Ness served as editorial secretary, the Sunday School Board issued four quarterlies, two monthlies, five weeklies, one semi-monthly and published one book; whereas in 1933 19 quarterlies with 2,524,400 circulation, 7 monthlies with a combined circulation of 128,000; and 4 weeklies with a combined circulation of 112,200-and 14 books were published.

Regular Schools and Colleges: In 1900, Southern Baptists had 90 schools and colleges with 14,264 students, property valued at \$5,474,200 and endowment amounting to \$1,948,180; whereas in 1933, Southern Baptists had 72 schools and colleges, with 19,491 students, property valued at \$37,773,244 and \$22,088,-

Theological and Training Schools: In addition to the regular schools and colleges, in 1900, there was one theological seminary at Louisville, Kentucky, with 256 students and property and endowment amounting to \$835,000; whereas in 1938 there were three theological schools and two training schools, with 932 students and property and endowment amounting to \$7,153,744.

Orphanages: In 1900 Southern Baptists had 12 orphanages which cared for 1,332 children and property valued at \$575,000; whereas in 1933 Southern Baptists had 19 orphanages which cared for 4,729 children and property valued

Hospitale: In 1900 Southern Baptists had but one hospital, located at St. Louis, Missouri, which cared for 760 patients and property valued at \$300,000; whereas in 1933 Southern Baptists had 25 hospitals which cared for 80,000 patients and property valued at \$14,712,000.

Ise Sunday Schoole: In 1909 Southern Baptists had 19,118 Sunday schools with 670,669 persons enrolled; whereas in 1988 there were 21,531 Sunday schools with 3,051,469 enrolled. In the last 17 years, since Doctor Van Ness became Executive Secretary of the Sunday School Board there have been

a net gain of 3,137 Sunday schools and 1,266,477 net gain in the pupils enrolled or an average met gain of over 79,000 pupils a year.

3. The B.Y.P.U. Work: In 1900 the H.Y.P.U. work in the South was officially in its sixth year, though there had been some young people's unions in Southern Baptist churches since 1891. In 1900, however, after six years of growth, there were 1,058 unions among the young people of the South, and 37,030 young Christians enrolled in these organizations; whereas in 1933, there were 29,203 B.Y.P.U. a and 583,842 young people definitely enlisted in these training schools of the churches. In 1900, moreover, there were but two B.Y.P.U. periodicals in existence—the Young People's Lender (launched by Doctor Van Ness in 1894) and the B.Y.P.U. Quarterly which was also launched by Doctor Van Ness in July, 1900. In 1933, on the other hand, Southern Baptists had a great B.Y.P.U. Department under Mr. J. E. Lambdri with a staff of five assistant which published six quarterlies and one monthly magazine. Southern Baptists, moreover, were able to boast the greatest body of organized young people of any single denomination in the world.

#### A DOUBLE SEVENTEEN OF DISTINCTION

By Hight C Moore

Seventeen Years Editorial Secretary, 1800 to 1916 Seventeen Years Executive Secretary, 1917 to 1922

In the days before the Double Seventeen, Doctor Van Ness found each step a preparation for the stride to follow:

In the church of his boyhood home at North Orange, New Jersey, the pastor, Dr. Edward Judson, son of the great missionary, preached the sermon under which he was converted, baptized him, led him to make his first religious talk, and made him secretary of the Sunday school then presided over by Mr. Samuel Colgate, father of Mr. Russell Colgate, now president of the International Sunday School Convention.

From the Southern Baptist Theological Seminary at Louisville he graduated in 1890 and upon the recommendation of Dr. John A. Broadus came to Nashville as first pastor of Immanual Church. During the six years of his pastorate he received what he still calls a "university education" through almost daily association with Drs. J. M. Frost, W. R. L. Smith, Geo, A. Lofton, Charles S. Gardner, Edgar E. Folk, and other notable leaders.

While editing for the Sunday School Board a weekly, The Young People's Lander, he displayed such journalistic ability that he was secured with the late Dr. T. P. Bell as editor of the Christian Index, Georgia. Here he wrought with singular fidelity for four years, having intimate co-work with such renowned preschers as Drs. Henry McDonald and J. B. Hawthorne.

The First Seventeen began on New Year, 1900, when Doctor Van Ness returned to Nashville and began his illustrious career as Editorial Secretary of the Sunday School Board. He was most closely and sympathetically associated with Doctor Frost not only in the internal affairs of the Board but also in its broadening service to Southern Baptists and in its contacts with the Bible school work of other evangelical denominations.

When in 1916 Doctor Frost passed away the Board and the brotherhood turned to his faithful fellow-worker, Doctor Van Ness, as the fittest man who could be found to fill the great vacancy and carry on the work.

So the second Seventeen began with 1917 and it began with a prayer which included this petition:

"Lord, make me big enough to work with other people and let them get the credit."

The prayer has been answered. He has been hig enough to work assiduously and harmoniously with other people; big enough to help deliberately in their development; and big enough to let them have the credit for achievements to

which he directly contributed. Undoubtedly this is a cardinal secret of his ability and acceptability as one of the outstanding executives in the religious world.

Moreover, his genius for organization has never constructed or operated intricate and complex machinery with a single hand upon the lever of control. On the contrary it is simplicity itself. For each position he seeks the best man or woman he can get; then leaves room for an abundant initiative; gives large credit for the good work done and lends every aid for the promotion of efficiency. His employes are thus his colleagues, and so they are developed rather than dwarfed under his administration. He has about him nothing of the Master who expects servility or of the chief who exacts ubedience.

Among Southern Baptists, as the late President Mullins once said, he is perhaps without a peer in his ability to discern the drift and emphasis of denominational opinion. Intimately identified with them, as in the heat of battle, and closely observant of them, as from a conning tower, he has rare insight of their need, their temper, their resources, their possibilities. Hence his judgment is sought and valued in the councils of his denomination.

In wider contacts, international and interdenominational, he has proven fraternal and frank, always courteous but never compromising, at once a dependable co-laborer and a staunch Baptist. In rate degree therefore he has served not only his own people but all who love the Lord in sincerity and truth.

As a Christian seer and statesman he has in remarkable degree the double faculty of the wide sweep of the field-glass and the deep look of the magnifyingglass. With wonderful accuracy and facility he is thus able to sense a situation in its perspective and relate it to the Kingdom of God.

And now, Doctor Van Ness, while your bow abides in strength and your sinewy frame remains undaunted by this "Double Seventeen" years of strengus, sacrificial and successful labor, we wish on this happy occasion to present you a slight token of our esteem. You will please accept this book of greelings containing a personal message of affection and admiration

# COMPARATIVE STANDING OF DENOMINATIONS IN THE SOUTH, 1926

About the most interesting table to be found in this Handbook is the one which appears on page 213. This table shows the comparative standing of eight main denominations, in 1926:

110	Impilate	 6,451,941	(\$7.80%) (\$8.81%)
183	Mathedists		(14.60%)
177	Danah mtanian n		(4.69%)
190	Disabilar of Christ	 445,750	(2.54%)
693	I adharana	 740.1	(2. Ht %)
(2)	Entreopaltane		(4.8896)
(0)	All others	3,241,884	(7.36%)

There are three surprising facts disclosed in this summary, viz: (1) If we put the two Campbellite bodies together (that is,

South in 1926—and 2,897,592 Roman Catholics; and (8) it will surprise most of our people to know that the Baptists number almost equal that of the six main Protestant bodies in the South—there being 6,652,941 Baptists of all varieties as compared to 6,717,766 Methodists, Presbyterians, both kinds of Campbellites, Episcopalians and Lutherans combined.

Other striking points set out in this table may be summarized as follows:

Of the total church membership in the South, in 1926, amounting to 17,-558,165, nome 6,652,941 were Baptists.

Baptists were in the lead of all other denominations in the following states, viz: Alabama, Arkansas, Florida, Georgia, Kentucky, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia.

Roman Catholics lead all other denominations in Louisians, Missouri, District of Columbia, Arizona, Southern Illinois, Maryland and New Mexico.

Methodiats are close accords in a number of states and second in the South as a whole, but actually lead in none of the Southern states.

Methodists have their greatest numbers, however, in the following states, viz: Texas, with 488,604; North Carolina, with 465,683; Georgia, with 398,173; Tennessee, with 312,600, and Virginia, with 300,483.

Lutherans are strong in Missouri, Southern Illinois, North Carolina, Maryland and Texas.

Episcopalians are stronger in Virginia and Maryland than in any other states of the South, though there are more Baptists in Kentucky than Episcopalians in the whole South.

The Campbellites, counting both bodies, have their greatest numbers in Kentucky, Tennessee, Missouri and Texas, their numbers standing as follows in these three states, viz: Kentucky, 160,911; Tennessee, 101,807; Missouri, 164,651; Texas, 176,059.

\*\*(Northern) Methodists included their unlocated and inactive list this year 1550-334) and cleim a big main; but if this mance sulcested and inactive list is included for 1982, it shows (what is correct of course) that they have actually austained a great loss.

# POPULATION AND PROGRESS OF CHRISTIANITY IN U. S. AND THE WORLD

## UNITED STATES POPULATION 125,693,000 July 1, 1933 126,144,000 Jcm. 1, 1934

The following is the population of the United States as of July 1, 1933, as reported by the Bureau of the Consus:

The population of the United States has increased 2,917,954 since April 1, 1930, to a new high of \$\frac{1}{2}5.693,000.

So declared the Cennus Bureau in presenting some complicated additions, subtractions and divisions arrived at by estimating the increase since the 1830 census on the basis of the available data regarding births, deaths, immigration and emigration.

The population of the several states was estimated by distributing to them the increase in the national population arcording to the per cent which each state increased in relation to the national increase. There was a decrease in a state's population, the consus figure was retained and no estimate was made.

The estimated population by states was as follows:

#### SWEDISH BAPTIST GROWTH

In August, 1933, the Associated Press announced the latest report of Esptist growth in Sweden. Beginning with six members in 1648, Esptists in Sweden have grown to 65,649, with 686 congregations, and 931 churches and changle.

## BAPTIST PROGRESS IN FINLAND

We are indebted to Mr. Edwin E. Sundt and the Watchman-Examiner for the following interesting story about the Baptists in Finland:

"The Baptist movement in Finland is comparatively modern. About 1850 Swedish converts to the New Testament foith come to the Aoland Island and evangelized the people. Converts from these meetings were summoned before the Court of Bishops held in Aobo, which in turn resulted in the conversion of one of the judges. From his family came a long line of devoted, intelligent and fearless group of leaders. Much of the history of Baptists in Finland centers around Rev. Henri Heikel's home and subsequent career.

"From 1870 to 1900 persecutions were almost continuous, some of the Baptist people suffering the penalty of imprisonment, heavy fines and even exile for their faith. In most cases persecutions were inspired by ministers of the state church who, failing to recognize the spiritual emphasis among Baptists, charged them with every conceivable guilt.

"Nevertheless, truth prevailed. By 1902 Baptists in Finland claimed thirty-six churches and 2,340 members. In 1930 the Swedish-speaking group had twenty-eight churches, seventeen active preachers, and thirty-two Sunday schools, while the Finnish-speaking conference reported eighteen churches. At present the total membership approaches 4,000.

"On a recent visit to Finland I had occasion to meet some of the leaders. When they were asked what constituted their greatest problem and need they answered unanimously that the state church with its powerful influence and enormous financial atrength, plus its traditional opposition to dissenting religious believers is the greatest hindrance to the progress of spiritual truth.

"The visitor has no difficulty in discovering that the state church has, however, lost practically all its moral and ethical influence on the people. Their churches are empty. Ministers are paid by the state, and each clizen pays a church tax which in many cases arouses the objections of large groups of people. Though every citizen thus nominally may be claimed by the Lutheran church it is evident that religion in general lacks vitality.

"Among the largest Baptist congregations is the church at Helsingfors, the heautiful capital of Finland. Rev. C. G. Hjelm is the active and vigorous pastor. At Vasa is located another fine church with Remandard Eden as leader. Pastor Eden is a former missionary and the author of an excellent history of the Baptist movement in Finland. In the same city is located the only training achool for Baptist pasters. This school offers a three-year course, and is ably guided by Rev. John Petterson, the principal."

## BIG JEWISH CITIES IN UNITED STATES

As listed by the World Almanac, 1933, the following are the eleven cities having the largest Jewish population in the United States:

## NEW ZEALAND BAPTIST UNION CELEBRATES ITS JUBILEE

In September, 1932, the New Zealand Baptist Union celebrated its 50th birthiday, having been organized in 1882.

The growth of Baptists in this far-away land "on the other side of the world" has been as follows:

In	1882	there	were	2,028	church	members.	
						members.	
						members.	
						members.	
						members.	
In	1932	there	Ware	8.212	church	members.	

The total area of New Zealand (several islands) is 103,722 square miles, and the total population is 1,344,469. As this is a part of Great Britain, the Church of England predominates in New Zealand, the various denominations standing as follows:

Church of England (adherenta)	
Presbyterians (adherents)	
Roman Catholic (population)	178,864
Methodiats (adherents)	121,212
Baptista (adherents)	21.995

Brethren (adherents)	12,924
Salvation Army (adherenta)	12,241
Church of Christ (adherents)	7,984
Congregationalists (adherents)	7,282
Jews (population)	2,591
Other Faiths (adherents)	30,634
No Faith	62,586
Not Specified	6,973

## CANADA'S PEOPLE AND CHURCHES

According to the recent (1931) census Canada has 10,376,786 population, so compared to 8,788,483 in 1921—a net gain of 1,588,303. The statistics of the various religious groups in Canada, unhappily, deal with "adherents" rather than actual church membership—the adherents, presumably, being three and one-half times the actual membership. The comparative adherents, for the past decade, covering the main denominations are as follows:

Religious Bodies	1921	1931
Roman Catholics	3.389.636	4.098,546
Presbyterians	1,409,407	870.482
United Church		2.016.897
Anglicans	1.407.994	1.635.321
Methodists		In United Church
Baptists		443,229
Lutherans		394,063
Congregationalists		In United Church
Greek Church	169,832	186.587
Jewa	125,197	166,606

### OTHER DENOMINATIONS

"Other religious denominations are supported in the following proportions: Mennonite, 88,565; Salvation Army, 30,636; Pentecostel, 25,917; Confucian, 23,982; Evangelical Association, 22,080; Mormon, 21,947; Christian Science, 18,418; Adventist, 15,983; Church of Christ and Disciples of Christ, 15,778; Buddhist, 15,670; Brethren and United Brethren in Christ, 15,067; Doukhobor, 14,905; International Bible Students, 13,439; Christian, 11,431; Plymouth Brethren, 6,881; Pagan, 4,994; Unitarian, 4,445; Holiness Movement, 4,115."

## BAPTISTS AND OTHERS IN THE PHILIPPINES

There are 7.083 islands and islets in the Philippines—also many religions and irreligion. The territory comprises 114,400 square miles—or almost half the size of Japan proper. But there are only 12,204,100 souls in the Philippines as compared to 83,000,000 in Japan. The main religious bodies in the Philippines are reckoned as follows:

Roman Catholics (population)	8,823,163
Independent Philippina Church	4,000,000
Total Protestant bodies	
Buddhists	
Mohammedana	
Bentiste (Northern)	8.368

## SWITZERLAND-SMALL BUT WONDERFUL!

It is well nigh impossible for Americans to understand how small is the wonderful country of Switzerland—only 16,940 square miles in area, yet having a population of 4,666,460. Religiously, Switzerland is the home of one great branch of Protestantism, known as the Reformed Church. About 2,250,000 persons (57 per cent of the population) is Protestant; while 1,585,311 persons (41 per cent of the population) is nominally Roman Cathodic. But the Jesuits are outlawed in Switzerland. There are also 50,000 of the old Cathodics and about 20,000 Jesu in the country. Liberty of conscience is guaranteed by taw, Baptista number only 1,641,

## NEGROES IN AFRICA AND AMERICA ISLAM AND CHRISTIANITY IN AFRICA

As most of our readers doubtless know, a titanic struggle has been going in Africa for almost 100 years, between the small forces of Christianity on the one hand and the gigantic forces of Mohammedanism on the other hand. The great apostle of Christianity to the Mohammedans, Dr. Samuel M. Zwemer, thus sums up the situation at the present time:

Population of Africa	140,000,000
Protestant converts	1,200,000
European Christians in Africa	1,715,000
Roman Catholic population	2,510,317
Coptic Church of Egypt	876,669
Abyssinian Church	3,000,000
Total nominal Christians	9,301,986
Mohammedana and converts	49,000,000
Untouched heathers	81,698,014

## STACK MAN'S BURDEN IN AMERICA

The following short, but pointed summary of the black man's burden in America is taken from The Crisis, edited by the outstanding, cultured, radical Negro leader of America, Dr. W. E. B. DuBoise. Much that he says is easily and readily answered; but our people ought to know how Negro leaders of today think and feel-also we ought to fearlessly set about correcting many of the actual wrongs which he mentious.

#### Here is Dr. Dullelee's utterance:

"Negroes form one-tenth of the population of the United States, but own only 1/140 per cent of the wealth. Their per capits wealth is \$215 as compared with \$3,000 for the average American. In those southern states where eight of the twelve million Negroes live there is not one Negro member of a legislature, not a Negro who holds a county office, not a member of a city council. Negroes are thus taxed without representation. In the sixteen former slave states, during 1930, over a million Negro children of school age were not in school one day in the year. Southern Negro children, forming a third of the achool population, received but a tenth of the school funds, while the average term for the million and a half who attended school was only six months. Many of the persons thus called and treated as "Negroes" are predominantly Nordic blood, with perhaps one Negro great-grandparent out of sixteen.—The Crisis.

## REPORT ON LYNCHINGS FOR 1933

Dr. R. R. Moton, president of Tuskegee Institute, Tuskegee, Alabama, made the following report on the lynching record in the United States during 1933:

"I send you the following information concerning lynchings for the year 1933. I find, according to the records compiled in the Department of Records and Research of the Tuskegee Institute, that there were 2B persons lynched in 1933. This is 20 more than the number for 1932, 15 more than the number for 1931, and seven more than the number for 1930. Fourteen of the persons bynched were in the hands of the law; nine were taken from jails and five from officers of the law outside of jails; the hodies of two of the victims were burned.

"There were 87 instances in which officers of the law prevented lynchings. Six of these were in Northern and Western states and 31 in Southern states. In 24 of the instances the prisoners were removed or the guards augmented or other precaution taken. In the 13 other instances, armed force was used to repel the would-be lynchers. A total of 48 persons, 11 white and 37 Negro, were thus saved from death at the hands of mobs.

"Of the 28 persons lynched, 4 were white and 24 were Negro. The offenses charged were: murder, 8; rape, 8; attempted rape, 3; wounding persons, 8; altercation, 1; no offense reported, 3; striving man, 1; slapping youth, 1; kidnaping, 2; stealing liquor, 1; insulting women, 1; threatening men, 1.

"The states in which lynchings occurred and the number in each state are as follows: Alabama, 3; California, 2; Georgia, 4; Lauisiana, 4; Maryland, 1; Mississippi, 3; Missouri, 1; North Carolina, 1; South Carolina, 4; Tennessee, 3;

## REGULATING LIQUOR SELLING IN UNITED STATES

High authorities told us, laconically, "Prohibition was impossible, but regulation will be simple and easy, and speedily restore respect for law." Well, just take a look at the beginning we have made in simplifying and regulating the usle of liquors in the United States.

#### NEW STATE LIQUOR LAWS

In the National Municipal Review for May, Elizabeth Laine and Luther Guick present a compilation of the "Requirements of the New State Liquor Lawe" as of May 1.

In 21 states the sale of beverage liquor is still illegal. The situation in each is indicated, as follows:

State	Lagal Status	Referendum on State Dry Law	Legal Alcoholic Beverage

"Of the 26 new permanent state liquor laws 11 embody the government ownership plan and 15 the license plan, although in two of these latter, namely, Maryland and Wisconsin, specific provision is made for ownership of liquor by county governments and the establishment of county liquor stores. To the list of license systems should be added the District of Columbia, and also Kentucky, which . . . has a disguised beverage liquor law. Likewise, to the list of government ownership systems may be added the yet unratified county store liquor law of Mississippl."

The distribution of the types of control systems is indicated as follows:

## License Plan

		Titana i .wu
State		Types of retail sales permitted beside package sale
Arizona		All liquors by the glass in hotels and restaurants with meals.
California		Beers and wines by the glass in restaurants, and so forth, with meals. Beers expressly prohibited.
Colorado	2	Beers and wines by the glass in hotels and restaurants.

Delaware

Connecticut	Beers and wines by the glass in hotels and restaurants.
	Beer in taverns.
District of Columbia	All liquors by the glass in restaurants and hotels. Beer and wine in taverns.
Illinois	Liquors in taverns as well as hotels and restaurants. Bars expressly prohibited.

Pennsylvania	All liquors by the glass in hotels and restaurants. Bars expressly prohibited.
Vermont	All liquors by the glass in hotels and restaurants.
Virginia	Beers and wines in hotels and restaurants.
Washington	Beers and wines in hotels and restaurants. Beer in taverns.
What he mainten of	these states, whether under license or state monopoly

"In the majority of these states, whether under license or state monopoly, the, entire control of the traffic is in the hands of a special state commission or other state governing body. In Arizona, for example, the whole traffic is under the control of the state tax commission, in California the state board of equalization, and in Colorado the state treasurer, while in Indiana the excise director is entrusted with this power. In Maryland and Wisconsin the power is divided between the local governing bodies and the state comptroller and the state trassurer respectively. The following states, however, have placed the control of the alcoholic beverage traffic in the hands of special liquor commissions:

## Commission has exclusive control

Connecticut	Delaware	Iowa
Michigan	Montens	Ohio
Oregon	Pennaylvania	Washington

### Commission above appear with local commiss hadies

	Commission	tperes	COBITOI	WICE	TOCAL	Coversial	Dogle
Illinois			nchusetts	9		Minnesot	
Mississippi		Mineo				New Jern	
New Mexico	D	New				Rhode Isl	and
Vermont		Virgi	nia				

"Although as a general rule the sale of alcoholic fiquors by the drink is more restricted under the state ownership plan, there are, as the table above indicates, very important exceptions to this. Delaware, Michigan, Ohio, Pennsylvania, and Vermont, for example, although operating under state authority types of laws, permit the sale of all kinds of alcoholic liquors, including spirits, by the drink, while in California, Colorado, Connecticut, and Indiana, where the license type of liquor control is law, the consumption of beer and wine only is permitted on the premises where such beverages are sold.

"Personal purchase permits are prescribed by but a few states. These are Iowa, Montana, New Mexico, Oregon, and Washington. Delaware should be added to this list as a state requiring a personal purchase permit, but only for liquor for personal stock.

"The matter of fixing the prices of the various liquors is limited almost exclusively to states where the state authority system of liquor control is in use. The important exceptions to this are the instances of Massachusett, where the maximum prices of all liquors are to be drawn up by the liquor commission, and Rhode Island, where the determination of all wholesale prices is left to the commission. The taxes and license fees vary from state to state."

The limitations on quantities that may be purchased are as follows:

State	Amount
California	5 gallons.
Connecticut	Not less than I quart.
Delaware	1 bottle spirits; 12 bottles beer or wine.
Indiana	24 bottles beer or wine; 4 quarts spirits.
Kentucky	1 quart liquor or wine every 7 days.
Mississippi	24 ounces every 7 days.
Oregon	Commission may limit quantities which may be purchased a any one time. No regulations as yet.
Virginia	I gallon of alcohol or spirits at a time.
Militaganain	1 gullon

The followin	g states have provisions with reference to liquor advertising:
State	Type of Provision
Delaware Indiana	No poster advertising except for beer and wine. No hottles of apirits or any other advertisement in any show windows.
Iowa Massachusetts	Under supervision of the Commission. Under supervision of the Commission. Commission to regulate all forms of advertising.
Minnesota Montana	Advertising other than that by newspapers and periodicals only by the Commission, except beer which is under the supervision of the Commission. Advertisements in newspapers, and so forth, may not quote prices and must state that liquor is for sale only at state liquor stores.
Ohio	Under the supervision of the Commission.
Oregon	Under the supervision of the Commission, with the additional reservation that there is to be no advertising by state stores.
Pennsylvania	Under the supervision of the Commission.
Virginia	Under the supervision of the Commission.
Washington	No advertising in any form by the Commission.

"The greatest uniformity in all the laws occurs in connection with such provisions as the prohibition of sales to minors, intoxicated, or interdicted persons, and of sales on Sundays; the prohibition of 'tied houses' through interlocking business, direct or indirect interest, or through losses; and the provision of the privilege of local option."

There are innumerable special provisions, such as those governing sale to women, drinking in public, contribution by licensees to campaign funds, the civil liability of sellers of liquor for damages incurred by intoxicated persons and the equal liability of landlord with licensee for collations of law and limitation of profits. Wisconsin is the only state that licenses har tender.

## A WORLD-FIELD WHITE UNTO HARVEST

At the request of Miss Kathleen Mallory, I have recently gathered up the latest available statistics covering the great world-field of Southern Baptists. And what challenging and even actourding facts I have found?

Number of great countries comprised	15	
Total population (including all Africa) 865,000.00		
Southern Baptist mission fields in 13 countries		
(We combine Argentine and Uruguay, also Palestine and Syria	)	
Population of 13 foreign mission fields	00	
Total Baptists (white and colored) in 13 foreign fields 236,9  That is, fewer than the one state of Florida.	ВБ	( .03%)
Total Evangelical Christians (Baptists included) 5,237,3	42	( .7 %)
Total Catholics (Roman and Eastern Orthodox) 128,894,8	18	(17.29%)
Grand total, all nominal Christians 184,132,1	60	(17.99%)
Grand total, wholly unchurched and poreached 611.507.6	40	(B2.01%)

Here, then, is a Catholic field with 128,894,818 souls, on the one hand, and a wholly unreached and unchurched non-Christian field of 611,507,840 souls, on the other hand, both great groups stript of their raiment, broken and suffering in body, and dying of sheer neglect, while we, like the priest and the Levite are passing by on the other side, knowing little, caring little and doing almost nothing to bring them back to God!

For the 4,173,928 Southern Baptists (in 1933) gave barely 20 cents (four nichols) each to these 129,000,000 Catholics and these 611,000,000 out and out heathenel And yet so white is this great world harvest field and so faithful were our 398 foreign missionaries and the native Christians that we had 15,969 baptisms, and a total not gain to the membership of our foreign mission churches of 14,882-one of the greatest gains in the history of any foreign mission work! That is to say, after Snuthern Baptists had kept nineteen more of our foreign missionaries here at home, because of our decreasing gifts to world-missions. God gave the 395 whom we left on foreign fields, a larger number of souls added to our fareign mission churches in this one year than we gained in all our foreign mission work from 1845 to 1907 (the first sixty-two years of the Foreign Missian Board's work). Far in 1907, after sixty-two years of fareign mission work, Southern Baptists bad only 14,179 church members on foreign fields; whereas in the one year of 1932, with the number of our foreign missionaries cut down to 398, God gave us a net gain of 14,882 church members on foreign fields! We doubt if that story can be matched in the whole world! What a challenge it brings to Southern Baptiste for a great forward movement for foreign missions!

Let us take a look, then, a careful look, a wide-awake look too, at the situation in the several great countries which go to make up this great world-field which is now so white unto harvest:

## RELIGIOUS POPULATION OF NEW YORK CITY

Between 1920 and 1930 the Roman Catholic population of New York City increased 420,078; Eastern Orthodox peoples 19,637; Jewish population 23,509; while the Protestant population gained 633,177. The lant available figures give as the population of New York City according to religious preferences: Protestant, 2,580,024; Eastern Orthodox, 115,096; Jewish, 1,875,521; Roman Catholic, 2,363,805. The foregoing figures have been gathered by Dr. Walter Laidlaw, executive secretary of the Cities Census Committee. Those who know Dr. Laidlaw will agree that these figures are as dependable as can be given. We have apoken of this matter before, but we are now giving this information at the earnest request of a careful reader of our paper.

—Watchman-Examiner, Dec. 10, 1931.

## Onward March of Christianity

The following figures, furnished by "Christian Herald," are perhaps the most nearly accurate of all the various estimates of the march of Christianity down the centuries.

"We have never seen any estimate claiming to be accurate, showing the aggregate number of Christians in the first century A.D. From that little gathering of 120 souls in Jerusalen (mentiorfield in Acts 1), the numbers must have increased rapidly, especially when we take into consideration the activi-

ties of the disciples, not only in home but in foreign missionary work. Greece. Italy, and what is now Asia Minor or Anatolia, were visited, and the gospel preached with most encouraging results. There is a tradition that the king of Edasas with all his people accepted Christianity in one day. Many of the larger cities had doubtless a considerable Christian following. Besides these, the gospel spread, during the first century, to the southern shores of the Mediterranean and the islands of that sea. We give below the figures of the growth during the following centuries and the total throughout the world today. It should not be forgotten, however, that there are extensive territories in Asia (including Tibet) and in Central Africa, and part of South America still unreached to say nothing of the Arctic lands. At the close of Jesus' earthly ministry, thousands were brought into the kingdom and at the end of the first century A.D., the little group in the 'upper room' had augmented to half a million, according to the best estimates of experienced writers. In one of his sermons, Dr. Talmage quotes Sharon Turner, an eminent English jurist and historian, and recognized as a man of unusual accuracy—who gives these surprising statistics in regard to the growth of Christianity:"
