ROUND, LINCOLN, NELSON IN RACE FOR SHERIFF JOB

Office Seekers Continue to Storm Clerk's Office Tho Primary Four Months Away.

Although the primary election August 14 is still several months away, candidates for county offices still continue to storm the office of County Clerk Ign. Klimka, Jr., where they pay their filing fees and announce their intention to enter the game of politics.

Three candidates are in the race for sheriff this week, George S. Round, present incumbent, having filed as a republican and Will Nelson and Warren E. Lincoln seeking the democratic nomination.

No biographical sketch of Sheriff Round need be printed for he is known to practically every man, woman and child in Valley county. He is completing his fourth term this year.

Will Nelson is a well known farmer of the Haskell Creek community, where he has lived for over forty years. A public-spirited and successful farmer, he has been active recently in the Taxpayers League and other movements.

Mr. Lincoln is an Ord man who is known all over the county. He was the democrat nominee in 1930, being defeated by Sheriff Round at the general election. Mr. Lincoln is highly respected and generally popular and counts on getting a larger vote this year than he did before.

A newcomer to Valley county politics is Alvin B. Lee, of Arcadia, who filed Saturday on the democratic ticket for the office of county attorney. He is the son of Dr. and Mrs. D. R. Lee and has been practicing law at Arcadia since his graduation from the University of Nebraska law college in 1930. He is opposed by John P. Misker, of Ord, republican, who also graduated from the U. of N. in 1930. Mr. Lee's brother, Miles Lee, is seeking the county attorneyship in Custer county this year.

Henry Holm, a young Noble township farmer, son of Mrs. Ann Holm, is a democratic candidate for county clerk, filing last Thursday. A graduate of Hastings College, Mr. Holm is well qualified for the position he seeks. He is opposed for the nomination by Ign. Klimka, Jr., present county clerk.

A. W. Pierce filed Tuesday on the democratic ticket as a candidate for county assessor. Mr. Pierce has had long years of experience in farming, real estate and insurance work and in selling implements and probably knows values as well as any man in the county. He is opposed by A. R. Brox, republican, who filed a couple of weeks ago.

Alfred A. Weigardt, present clerk of the district court, filed Tuesday as a democrat candidate to succeed himself. Although Mr. Weigardt has been kept busy in recent months as Reemployment Manager for the CWA and hence has not been able to devote his full time to his county duties, he has made a fine record in the office since his election in 1930. No other candidate has filed for this office on either ticket.

Other candidates whose filings have been mentioned in these columns previously are Henry Zikmund, democrat candidate for county supervisor for the district made up of Ord Township, Michigan Township and 1st ward, Ord; L. D. Milliken, republican candidate for supervisor in the same district; W. C. H. Noll, republican candidate for county treasurer and Charley Clark and Arthur Mensing, democrat candidates for the same office; Chas. A. Faudt, democrat, and J. A. Barber, republican, candidates for supervisor, Dist. No. 5; J. L. Abernethy, republican, candidate for supervisor, Dist. No. 1.

Alvin Blessing, republican of Ord, is a candidate for state senator for the district made up of Valley, Custer, Loup and Garfield counties. He is opposed by James P. Murray, Sargent, democratic present incumbent.

Boys' Conference In Ord Friday, Saturday

On Saturday and Sunday, April 7 and 8, Chas. A. Musselman, secretary, and W. E. (Bill) Thomas, boys' worker for the Nebraska Y. M. C. A. state committee, will conduct a boys conference in Ord.

Towns within 60 miles of Ord are expected to contribute to this conference and the boys will come from the Hi-Y organizations and all boys of high school age will be welcome.

The Saturday program will include a luncheon and a banquet in the evening, and the out-of-town boys will be entertained in Ord homes Saturday evening and Sunday. The Sunday program will end shortly after the morning worship which will be a union service at the Methodist church.

Burwell Choir Will Give Program in Ord

A choir made up of singers from the Methodist and Congregational churches of Burwell will present an Easter cantata, "Redemption's Song," at the Ord M. E. church at 8:00 p. m. Sunday. Soloists will include Mrs. Runyan, Mrs. Helbig, L. J. Garrison, Mrs. Farrar, Augusta Bishop, Dorothy Langstrom, and Mary Liggett. The cantata is directed by Mrs. Farrar and should prove a huge treat to Ord people.

BOETTGER TOPS OMAHA MARKET FOR THIRD TIME

Mira Valley Feeder Gives Credit To Clement Bulls When His Cattle Get Top of \$7.00.

George S. Boettger, Mira Valley cattle feeder and farmer, last week topped the Omaha market for the third consecutive time with a shipment of eighteen Hereford steers of his own raising that averaged 1,087 pounds and were sold for \$7.00. Both of Mr. Boettger's previous two shipments likewise topped the market.

Speaking to an Omaha Journal-Stockman reporter, Boettger said: "The longer I stay in the cattle business the more convinced I am of the importance of putting the right kind of bulls in my herd. These steers weren't actually in the feed lot much over six months, but their high quality made them mature rapidly and also helped to put them in the market topping class. So I believe that G. G. Clement & Sons, from whom I purchased the bulls, are deserving of a good share of the credit for the showing that the cattle made. My last two shipments here have brought top prices also."

Although Mr. Boettger is generous in giving credit to the Clement herd for the quality of bulls they provided, he is too modest in disclaiming credit for his own methods of raising and feeding cattle. Credit for the good prices they bring at Omaha is also due to Billy Woods, the commission man who sold them.

To put it in baseball parlance, Mr. Boettger should have credit for the "put-out" but the scorer will have to give "assists" to Clare Clement and Billy Woods. Anyway, the Boettger-Clement-Woods combination is making a team hard for other feeders to beat at Omaha.

—Quiz Want Ads get results.

Among the Quiz Advertisers . . .

We are going to try out the plan of giving special mention to all advertisers who get their advertising copy into the Quiz office on or before 2 p. m. on Tuesday. It got, for a time, so we couldn't seem to get any copy in until Wednesday.

It is impossible to handle it all on that day. If we can get it in earlier we can give it better attention in setting and illustrating and better position in the paper many times. We believe it is an advantage to have this special mention made and if you don't get mentioned next week, it will be because you failed to get your copy in on time. Of course Saturday or Monday will please us and get you better position in this story.

For instance, Charley Faudt gave us his copy for this week the latter part of last week and it will be found on page 9. Charley is leading all writers for his company in the state on amount of business written so far this year. He writes for the State Farm Mutual and their statement; which he is having us print this week, make a wonderful showing. He will have another similar ad next week. Watch for it.

The second man to get his copy in this week, was Anson Cary. His ad was almost a heart failure for Art is about the worst man in town to be late with his ad copy. But that Leonard refrigerator is a beauty and you will like to see it even if you don't want to buy. The ad this week is on page 3.

Ross Lakin was the next fellow to breeze in with his copy and it was marked No. 3. L & L is a familiar signature in Ord Quiz ads for Lakin & Lincoln have long been frequent advertisers. Their ad this week is on page 3 and they want you to come in and get acquainted, though we believe everyone hereabouts knows them. They are easy boys to talk to and they know their berries in their line.

That picture at the head of the Pecinka & Perlinski advertisement looks and acts more like young Mike than it does like either Joe or John. They have been kidding John about his ad last week because the picture showed a dressed fowl which John says they don't often have. But they do have the goods, they meet you with a smile and treat you so you smile when you leave and smile as you come back again. Their ad is on page 3.

Bud Auble is the next guy to merit position here and he has so many ads this week that I am not

PWA OFFICIALS SENDING MEN TO INSPECT PROJECT

Major Oldberg Coming April 10 To Give No. Loup Final Check Before Action Is Taken.

That the Public Works Administration at Washington, D. C., is sending army engineers to the North Loup valley to make a final check-up on the power and irrigation project before action is taken, was the welcome news received Monday by Bert M. Hardbrook, president of the district. The men will arrive April 10.

Major Oldberg, an expert on irrigation, is chief of the party and will be accompanied by other officers who are experts on hydro-electric matters.

Word of their coming came from Engineer E. H. Dunmire, who is in Washington representing the project.

This message is the most favorable news that has come in a long time. It indicates that PWA officials are preparing to give the project their approval. Mr. Hardbrook believes, pointing out that both the Columbus and Sutherland projects were visited by officers from Washington just before they were approved.

Congressman Edward R. Burke, of Omaha, although he does not represent this district, has been unselfishly devoting a large portion of his time to helping push the North Loup project through, word from Mr. Dunmire indicates. Mr. Burke is close to the administration and his efforts are getting results. If the project is approved no small amount of credit will be due Congressman Burke.

Major Oldberg and his party will be accompanied to Ord either by Mr. Dunmire or by N. T. Veatch, Jr., of Kansas City. They will make a thorough inspection of the entire project and Major Oldberg will then leave for Washington at once to make his report.

Mr. Dunmire writes that final action will be taken before April ends, in his judgment, and he believes that the action will be favorable now that the project's new financial set-up has been approved by all departments.

Paid Out \$31,861.85.
Ign. Klimka, Jr., county disbursing officer for the CWA, reports that under the original set-up that closed March 31 he disbursed \$31,861.85 in Valley county. In future it is planned CWA employees will be men who are on the relief roll and to pay them in groceries and fuel, making future cash disbursements very slight.

ORD COMMERCIAL STUDENTS TAKE KEARNEY MEET

Lukenbach Pupils Have 69½ Points; James Milliken Wins Three Firsts.

Twenty of W. L. Lukenbach's Ord high school commercial students went to Kearney Friday to compete in the district commercial contest. That evening they returned with the district championship having won 69½ points. St. Paul was second with 50 points, Ravenna third with 49, Gothenburg fourth with 43½ and Kearney a sorry fifth with 35.

In the Ord group making the trip were Dorothy Fish, Wauwata Cummins, Maxine Johnson, Mildred Smith, Marjorie Nielsen, Pauline Barta, Darlene Anderson, Faye Rashaw, DeEtta Brickner, Ethel Hower, Byrnee Leach, Donna Burrows, Grace Ball, James Milliken, Delta Marie Hoyt, Ruth James and Evelyn Gross.

Ord teams won fourth and fifth places in Champion Shorthand, fourth place in Bookkeeping, first and second in Spelling, first in Novice Shorthand.

In the individual competition James Milliken won first in Champion Typing, with 71.4, and also won first in One Minute Typing, with 82.8. He was the high-point individual in the contest. Olga Vodehnal won fourth in Champion Shorthand, Wauwata Cummins won second in Novice Typing, Mildred Smith won fourth in One Minute Typing, and also won fourth in Novice Shorthand. James Milliken won first and Mildred Smith won sixth in Individual Spelling, the former having a grade of 99 and Miss Smith a grade of 93.

It was a clean-cut victory that clearly demonstrated the Ord students' mastery of their subject. Mr. Lukenbach, who combines the coaching of wrestling with teaching commercial subjects, is getting used to winning first places for only recently his wrestling team placed first in the state wrestling meet at Lincoln.

Dr. Miller's Mother Dies.
Mrs. Emma Rosenbalm, mother of Dr. C. J. Miller, passed away Tuesday evening in the Ord Hospital, where she had been cared for for the past several weeks. A long time resident of Blair, Neb., Mrs. Rosenbalm came to Ord to make her home with her son when her health began to fail a few months ago. Funeral services will be held Friday afternoon.

324 Corn Loans Here.
When the period for corn loans expired March 31, 324 loans had been made in this county and 336,195 bushels of corn are now under government seal. About \$150,000 was loaned to Valley county farmers by the government with corn as security.

Dwight Griswold Files For Governor

DWIGHT GRISWOLD

Dwight Griswold, Gordon editor and former president of the Nebraska Press Association and past commander of the American Legion in Nebraska, Monday filed as a republican candidate for governor. Mr. Griswold was the party's candidate in 1932 but was defeated by Charles W. Bryan as the result of the democratic landslide, although he ran far ahead of his ticket. He was defeated by only 35,000 votes, whereas President Roosevelt won in Nebraska by 157,000.

Mr. Griswold is 40 years old and was born in Sioux county, where his parents were homesteaders. He has served three terms in the state senate, is a University of Nebraska graduate, is married and has two children.

In a statement issued Monday Mr. Griswold said that he will make an active campaign.

HEART ATTACK BRINGS DEATH TO B. BRICKNER

Pioneer Valley County Farmer, 78, Died Monday While Planting His Spring Garden.

Barnard Theodore Brickner, affectionately known to a multitude of friends as "Barney," passed away Monday, April 2, at his home here, as the result of a heart attack. He was seventy-eight years old when death came and had been active and interested in the affairs of life until stricken Monday.

Mr. Brickner's health in recent years had not been the best and a few weeks ago he underwent major surgical treatment at an Ord hospital, emerging with high hopes of recovering his former good health. His condition was improving rapidly and Monday he decided to plant sweetpeas, of which he was very fond. He was engaged in this work when stricken with heart trouble and passed away a few moments later.

Born in Delphos, Allen county, Ohio, on Nov. 24, 1854, Barney grew to manhood there and in 1873 was married to Miss Ida May Carey. In 1884 they came to Valley county, Nebraska, and homesteaded a place southwest of Ord.

To them were born two sons and five daughters, all of whom survive. They are Charles and Sam Brickner, Mrs. Anna Hollaway and Mrs. Belle Kingston, all of Ord; Mrs. Emma Burkey, Grant; Mrs. Rose Howard, Los Angeles, Calif.; Mrs. Muri Gunner, Aurora, Neb.

On July 11, 1887, Mrs. Brickner passed away at the age of 36, leaving her husband with a large family of children, whom he cared for tenderly until they were able to care for themselves. Shortly after her death he retired from farming and moved to Ord and this city has since been his home.

In 1909 he was married to Mrs. Alvina Hockenberry, who shared the joys and sorrows of his later years and lives to mourn his death. He also is survived by one sister, Mrs. Rose Lindeman, Lafayette, Ind., as well as thirteen grandchildren and four great grandchildren.

Mr. Brickner was a member of the Christian church and Rev. Willard McCarthy, pastor of this church in Ord, conducted the funeral rites held at 2:00 p. m. Wednesday, April 4, at Sowl's chapel, interment in Ord cemetery following. Pall bearers were old time friends—Guy Burrows, Gould Flagg, Will Hansen, Emil Fafaita, Jake Beehrle and George Roud.

The deceased was a successful farmer, owning at the time of his death the farm that he and his young wife homesteaded when they came to Valley county fifty years ago. He was known and respected by most people of Ord and community and his death will be sincerely mourned.

MRS. O. ENGER PASSES TUESDAY AT HOME IN ORD

Much-Loved Ord Woman, III With Cancer for Months, Will Be Laid to Rest Today.

Mrs. Oscar Enger, 64, one of Ord's most respected and loved women, passed away at her home April 3, 1934, after an illness of several months with cancer, for which she underwent surgical treatment without avail. Cheerful and brave to the end, the manner of Mrs. Enger's going keeps alive the inspiration she has always been to her family and friends.

Born in Fremont, Neb., March 6, 1870, Martha Elizabeth Watt went with her parents at the age of two years to Colfax county, where the family homesteaded and where she grew to womanhood. On March 12, 1888 she was married to Steven Spidle and later became the wife of Oscar Enger.

To Mr. and Mrs. Enger four sons were born, one of them, Clarence, preceding his mother in death. In 1895 the family came to Valley county and about fifteen years ago moved from the farm to Ord. Few families in the community are more generally respected than the Engers.

The deceased was a loving mother and a good neighbor, known to her farm neighbors of early days and to her town neighbors of later years as always willing to help people in need to the best of her great ability. She was associated with the Presbyterian church and Rev. L. M. Real, pastor of the Ord church, will conduct the funeral rites at 2:00 p. m. today at the M. E. church.

Mrs. Enger is mourned by her husband, who is in frail health himself, and by three sons, Henry, of Ord, Raymond, of Burwell, and Ivan, of Grand Island. She also leaves four grandchildren and many other relatives.

Contract Bridge Fiends Will Play In Ord April 22

Announcement is made today that on Sunday, April 22, a Loup valley contract bridge tournament will be held in Ord. It will be sponsored by the Ord Contract Bridge club and players from all towns and cities in Central Nebraska are invited to compete.

The event will be a pair tournament, as was the Ord city tournament held a few weeks ago. Any pair of players is welcome to compete—two men, two women or a mixed pair.

The first session will be played starting promptly at 1:30 p. m., using the Mitchell movement. The fourteen couples who finish the afternoon session with the highest scores will compete in the evening, play starting at 7:30. The Howell movement will be used at the night session.

Both sessions will be played at the K. of P. club rooms. The admission fee is 35c per player for each session in which he plays. A number of worth-while prizes are being arranged, as well as a large silver cup for the pair winning the championship.

All entries must be received by Edwin Clements, tournament secretary, not later than 6 p. m. Saturday, April 21. For more complete information about the tournament, players may see or write Dr. F. A. Barta, E. C. Leggett or Mr. Clements, who are members of the committee, or J. McCall, who will serve as tournament director.

GIRLS DOMINATE VALLEY COUNTY SPELLING BEE

Only One Boy in Best Ten Spellers in Annual Contest; Rosemary Nielsen Oral Winner.

The old axiom about the female of the species being deadlier than the male held true here Friday. In spelling, at least, Valley county girls are a lot deadlier than Valley county boys for nine of the first ten places in the annual spelling bee were won by girls. Sylvester Micek, who won third place in the written division, was the only boy to place.

Eighty-seven students entered, making it the largest contest ever held in Valley county. The bee was held at the Ord high school auditorium and County Superintendent Clara McClatchey pronounced the words. Judges were Mrs. A. W. Cornell, Mrs. G. W. Taylor and Mrs. Gould B. Flagg.

First place in the oral division was won by Rosemary Nielsen, of Haskell Creek; second place went to Dorothy Schudel, Barker; Lillian Karty, Ord, was third; Muriel Barty, North Loup, was fourth and Mildred Bouda, Dist. 30, was fifth.

Dorothy Schudel placed first in the written division, Edna Hawkes, North Loup, was second, Sylvester Micek, Dist. 30, was third, Angeline Koelling, Dist. 57, was fourth and Jane Ferguson, Ord eighth grader, was fifth.

The youngest student entered was Angeline Koelling, who is in the fifth grade. Dorothy Schudel was the only student to place in both the oral and written events.

First place winners, Rosemary Nielsen and Miss Schudel, will go to Shenandoah, Ia., on April 30 to compete in the Interstate spelling contest against winners from Iowa, Nebraska and South Dakota counties. On April 21 Miss Nielsen will compete in the Omaha World-Herald's Nebraska contest at Omaha. Should she win this event she will be eligible to compete in a national contest at Washington, D. C.

County Superintendent McClatchey is much pleased at the interest shown in the Valley county bee this year. More fifth and sixth graders were entered than before, giving promise of developing into good spellers before leaving the 8th grade and hence having a better chance of placing in the state and interstate contests.

Vodehnal, Faudt To Village Board In Election Upset

North Loup, April 4.—(Special)—Voters went to the polls here yesterday and, by writing in their names, elected William Vodehnal and Charles Faudt to the village board. It was the biggest election upset here in many years.

Candidates nominated for the village board by the caucuses a few weeks ago were S. L. Shineham and L. L. Lewis but they failed to find favor with voters. Vodehnal was high man, getting 185 votes, and Faudt got 178. Shineham got 123 and Lewis only 115.

Clem Meyers was elected police judge, his name being written in by 180 voters to defeat the candidate whose name was printed on the ballot, Ed Post, who got only 35 votes. Roy Lewis and Roy Cox were elected to the school board.

JEWETT ELECTED CITY CLERK AND OLLIS TREASURER

Large Vote Cast at City Election Tuesday; Gould Flagg Is Ord's New Mayor.

Five hundred and forty-nine voters went to the polls Tuesday and cast their ballots for Gould B. Flagg for mayor of Ord and as a result Ord will have a new mayor when the city's municipal year ends April 30. Mr. Flagg was the candidate of both the Citizens and Good Government parties and so only a few scattering written-in votes were cast against him. He will succeed William A. Moses as mayor.

Most election interest attached to the battle for the office of city clerk which will, candidates fondly hoped, carry with it the appointment of city bookkeeper. Rexford Jewett and Miss Ellen Andersen were the candidates and Jewett was elected by a majority of almost 2 to 1. The final vote, unofficial, was 435 to 229.

Every ward gave Jewett a large majority. In the first ward he got 170 votes to Miss Andersen's 93, in the second the count was 139 to 70 and in the third it was 128 to 66.

A nip-and-tuck race developed in the election of a city treasurer, James B. Ollis emerging victorious over Emil Fafaita by a vote of 335 to 306. Fafaita carried the second ward but the other two wards gave a majority to Ollis.

For the city council Val Pullen beat William Heuck in the first ward, 151 to 106; Guy Burrows defeated Dr. F. A. Barta, 121 to 86, in the second ward, and C. B. Gudmundsen was in the third ward, polling 164 votes. Mr. Pullen will succeed Wm. Sack. Mr. Burrows succeeds himself and Gudmundsen succeeds Joe Rohla. John L. Andersen was nominated for police judge and polled 536 votes. He is the present incumbent as well as Valley county judge.

Dr. F. L. Blessing and L. D. Milliken were the popular choices for the board of education, the former leading the field with a total of 482 votes. Milliken got 351 votes and the other candidate, Edgar Mower, got 300 votes.

In the park board race W. A. Anderson, long time member of the board and donor of Anderson Island Park to the city, was defeated for re-election by Ed Beranek and W. E. Lincoln. Mr. Beranek was high man, getting a total of 425 votes. Mr. Lincoln got 334, Mr. Anderson got 228 and the fourth candidate, Geo. A. Parkins, got 213.

Although interest in the election was great, the vote was not a record-breaker by any means, probably because of the dreary, drizzling day. Counting boards worked rapidly and by 10:30 p. m. the curiosity of candidates and the few citizens who stayed up to hear the returns was satisfied.

Now, for the next three weeks, the principal topic of discussion will be as to whether Mayor Flagg and the new council will appoint the newly elected city clerk as bookkeeper or will divide the offices for the first time in many years.

Federal Economy Program Curtailing Ord Mail Service

Until after July 1, it is feared by Postmaster Edwin Clements that mail service in Ord will be somewhat curtailed, although he and other Ord postal employees will make every effort to give as good service as possible. Federal economy measures are responsible.

The allowance for clerk hire in the Ord office has been greatly reduced, the postmaster says, which will prevent using Roy Severson, substitute clerk and city carrier, except on rush days. The regular city carrier, John Lemmon, will make all deliveries in the residential district and this may make the mail later than usual at some homes.

After July 1, when the government's fiscal year ends, Postmaster Clements hopes that the customary allowance for clerk hire will be restored to the Ord office and that more complete service can be given.

County Board In Session.

The county board of supervisors was in session Tuesday but only routine matters were taken up. Supervisors are being asked to authorize a bounty on crows and crow eggs and petitions to this effect are being circulated. Only one petition was presented to the board, so supervisors declined to act until the sentiment of the county can be more correctly learned. Advocates of the bounty are hoping that all petitions will be presented by the next meeting, May 8.

M. E. Church Supper.
There will be a supper in the basement of the M. E. church, Saturday, April 7. The general public is cordially invited. All you can eat for a quarter.

My Own Column

By H. D. LEGGETT

I would like to see the matter of a one house legislature, as proposed by Senator Norris, submitted to the voters at the election this fall. In order to have this done, petitions must be circulated and the names of many thousands of voters secured. Will any man or woman in Valley or Garfield county who is willing to help circulate these petitions please call at my office the first time he or she is in Ord and get some of the petitions. I want three or four in each township, so that the work can be done fast. I would like to see Valley and Garfield the first two counties in the state to turn in their quotas of signers.

Some educators, many perhaps, are asking for and advocating a national department of education. They believe, no doubt honestly, that all education should be directed from the seat of government. Many have believed that the closer government could be kept to the people the better it would be. The tendency, now, seems to be toward concentration of all government in the seat of government, possibly in the hands of one man, if we take seriously a lot of the newspaper comment. One thing is sure, present day education costs several times as much as it did 25 and 50 years ago. It has gradually been getting further away from the people, too. If all education is finally directed from Washington we may expect that the present cost will be doubled. Do the youth of the land, as turned out of the schools of today, get any further. Are they any better qualified to cope with life's problems than they were 25 and 50 years ago? It is a big question and one upon which there is no agreement.

I was talking the other day with an Omaha business man. I asked him how business was. He said the big fellow was doing pretty well but that the little fellow was having a hard time of it. He said as a rule the little fellow was co-operating in the new deal but that the big fellow was chiseling and that nothing was being done about it and that it was sure getting the little fellow. I have had the same answer from several others and I am wondering.

I sometimes wonder if most of the big newspaper writers are employed by the munitions manufacturers. Most of them continually talk and predict war, which is what the munitions makers are supposed to want.

The man that said: "That makes the cheese more binding," didn't know what he spoke. A series of experiments on the digestibility of cheese conducted by the United States Department of Agriculture shows that more than 90 per cent of the important food values of cheese were digested and retained in the body to build up tissues and energy supply.

Every once in a while some fellow comes in with his ad copy after 3 Wednesday afternoon. We handle it but at that time it is impossible to cast cuts for ads. At best it takes a couple of hours to prepare a mat, cast the cuts to get it cool enough to handle and saw it out ready to use in the paper and that just can't be done late Wednesday afternoon. Anyone wanting to use cuts must know it at least by Tuesday. Please give us a chance for our lives. We buy the cut service at a large cost for your convenience, something that most papers do not do and surely you should appreciate the service enough to get your order in time so we can handle it. We don't make any charge for the cut or the extra work that using it in your ad makes. We are glad to do it because we know it makes your ad more attractive.

It is not hard to know why there is an increase in communism in the United States recently. We have been passing through a period of depression; many people are hard up, many are in want and good many more actually hungry, and under such circumstances it is only natural that people become willing to try almost anything, hoping that a change will improve their condition. That is the reason Roosevelt was elected president in the fall of 1932 and unless conditions improve, the swing will be back to the republicans in 1936. But for anyone to say that the President is a party to or has anything to do with a communist movement is too silly to even think about. It is not, however, silly to think that some of his brain-trusters may be guilty, for we have known for years that it was in the colleges of the country that such isms flourished.

Daryl Hardenbrook is back on the Quiz as a regular employee in the mechanical department. He returned Thursday from working at Columbus. In the past Daryl has been employed on the Quiz a great deal. Another new employee is Audrey Melia who has started absolutely at the bottom. She is wrapping papers, gathering and numbering check books, working the round cornering machine, in fact doing anything that requires an active, handy young woman who is willing to work for small pay and eventually we hope she will learn to operate the linotype, feed the job press and get to be an all round printer by the time she decides to forego a career and, er, well, do something else besides work for a salary.

I hope all the candidates will remember that the Quiz job department does just a little nicer job of printing campaign cards than anyone else in the whole country. We want the business; we have a good stock of cards; if you need a nice cut we can get it for you in record time.

I caused two or three people some trouble by forgetting to take their classified ad out last week. One of them was Mrs. Will Hather who phoned me that they were all sold out on seed potatoes after their ad was in one week. I am sorry but I just got too busy.

I never knew till the other day that Fred Cohen was a flannel mouthed Irishman, though I have often wondered where he got his gift of gab. I knew he had kissed the blarney stone sometime. He told me the other day that his people came from Ireland and the family name was Cowan and there were so many Cowans where they lived that they had trouble getting their mail so they changed the name to Cohen. And that's that.

A couple of ladies were buying meat in the Pecinka & Perlin'ski market the other day and started visiting in the Polish language. John Perlin'ski joined the conversation and the ladies expressed surprise that he could talk the language and John asked them what nationality they had thought he was and one of them looking young Mike over, replied, "I always thought you were a bunch of Jews."

As an inducement to our advertisers to get their copy in earlier, I am going to run front page directory, telling about and on what page those ads can be found, for all who get their copy into the Quiz office before noon Tuesday. Most ads can be in on Tuesday just as well as on Wednesday afternoon. Last week, also the week before, we had to work till 11 p. m. and that overtime didn't pay. Last week Bob Noll came in at 4:30 and wanted to use a cut. It was for an Easter flower ad. It was impossible for us to make a cut at that time and we lost the business. Bob could have given us that ad on Monday just as well. That front page hook-up story with your ad is going to be good stuff so be sure and give us the copy before noon Tuesday and it won't make us mad if some of the copy gets in Monday.

While coming from Omaha on February 24th I hit a Standard Oil Company gasoline pump and knocked it all to smithereens. After the accident I gave my name and address to a representative of the company and told him to get the damage repaired and send me the bill and that I would pay it promptly. I didn't hear from the company till last Thursday when a letter came saying that the damage had been repaired, that it was not very great and that there would be no charges so far as I was concerned. And that from a heartless corporation. Of course I was surprised and pleased. And I am not fooled a bit about the expense being nominal because I know if I had been required to hire the repairs made, it would have been well toward a hundred dollars. Anyhow I appreciate the very fair treatment that I received.

If this government is sound I can't understand why its name on a piece of paper upon which no interest is paid, is not just as good as its name on a piece of paper upon which interest is paid.

The codes under which my business and many others are operated these days, are nothing more or less than federal laws. They become federal laws when signed by the president, just as much as though each code was enacted separately by congress. And they are being enforced. The Grand Island Independent, in its issue of March 29, on page 2, column 3, gave a list of auto dealers who had been fined a total of four thousand dollars, for violation of the code, the fines running from \$100 to \$500 each. I have heard of several other fines, later, one for \$600. Heretofore the committee having the enforcement in charge has been going to the town to handle the matter but the announcement is now made that hereafter anyone accused will be taken to the federal court at Omaha which will make the trouble and expense a lot more. It stands all dealers in hand to know the code provisions and observe them.

THE COOK'S COL-YUM, YUM!

Radio programs are overloaded with hatchery advertisements these spring days but we can almost forgive this when we think of the fried spring chicken season that approaches shortly after the hatchery season.

Chicken is probably as typical and popular a dish as may be found in this country today especially fried chicken. Here is the way one local woman prepares it:

Fried Chicken.
Prepare chicken for frying. Roll in a mixture of three-fourths flour and one-fourth cornmeal, slightly butter a frying pan, place the chicken in it, pour over all one cup of sour cream to which has been added two or three tablespoons of tomato juice. Season with salt and pepper. Fry slowly for about one and one-half hours.

Apple Crisp.
Peel and quarter four apples, let stand in salt water twenty minutes. Mix one-half cup butter with one and one-half cup flour, one-fourth teaspoon salt and one-half cup sugar until crumbly. Place apples in a shallow pan and sprinkle with one-half cup sugar and one teaspoon vanilla. Dot with butter and add crumb mixture over the top. Bake one hour. Serve cool with whipped cream.

Potato Yeast.
Potato yeast makes bread making so much more economical. It is always handy and works as fast as compressed yeast.
Pare four medium-sized potatoes, grind in food chopper and boil five minutes in one quart of hot water, stirring constantly. Add one-fourth cup sugar, one teaspoon salt and when lukewarm add one cake of fresh or dried yeast. Keep at ordinary room temperature for twenty-four hours, then keep in a cool, dark place in a sterile jar. Use one cup yeast instead of one cup liquid plus yeast in bread making. Save the last cup of yeast to start another batch, using it in place of the yeast cake, according to directions above.

Blemond Moving to Ord.
M. Blemond, popular owner of the Ord Theatre, has leased the Orcutt house on 15th street and this week is moving his family to Ord from Loup City. Mr. and Mrs. Blemond and their children, Martina and Cornelius, have been justly popular in Loup City during their twenty years of residence there, the former being active in business circles and Mrs. Blemond being prominent in church work. Several farewell parties were held in honor of various members of the family last week by Loup City friends. Ord welcomes the Blemond family.

—Virgil McBernie went home for a few days to see his mother, who lives in Fremont. His mother was not well and while Virgil was there she passed away.

Seeing things is of no value unless you see things through. A bicycle will fall when you let it stand still. If we should stop to consider all possible and probable objections, we would never start.

It is that way with rectal trouble. There are a hundred reasons why you should want to get cured. You could only have a few reasons against it and those objections could be unreasonable. Dr. R. C. Rich, Rectal Specialist. More than thirty years in Grand Island.

DR. R. C. RICH says:

Something DIFFERENT

There are lots of new records to be set yet, so if you didn't get in on the flag-pole-sitting championship, the came-the-farthest-to-trade championship, the beauty prize, or win the golf cup, don't give up.

Mina Sorensen is trying to set some sort of record. Perhaps she has succeeded. She has washed every Monday since she and Carl have been married, excepting three. One of those was last week.

There are lots of Ord females who should be entered in this washed-the-most Mondays competition.

Mrs. Harry Dye misses so seldom her neighbors all rush over to see if she is ill if her wash does not appear on the lines early Monday morning.

Mrs. Ed Holub of Elyria thinks life isn't worth living if she doesn't start the week by washing on Monday. The late Mrs. Alvin Blessing felt the same way.

Then we might have a mop-the-kitchen-the-oftenest meet, to determine the Loup valley championship. Mrs. Ray Kocina always reserves a time shortly after the lunch-time dishes for this, and makes it a daily duty.

Mrs. Lyle McBeth is another mopping enthusiast. She just loves to mop. In fact she likes cleaning and scouring of all kinds. Her spotless home attests this.

An all-around-hand-y-woman championship I believe would go to Mrs. Ign. Klima, Jr. She does anything and everything. She housekeeps, she gardens, she washes the family car. In the fall she hunts. She likes lodge work and she is a rare good story-teller. I don't know whether she gardens or whether this is Ig's work.

I think Mrs. Kirby McGrew would win a contest for the local woman-with-the-shortest-hair, and there would likely be hot competition for the lady-with-the-longest-hair title.

Then we could have a goes-to-church-the-oftenest title bestowed, and I would back Mrs. Leo Long for this particular honor.

And there are lots of other contests we could have, just name your choice.

BACK FORTY

By J. A. KOVANDA

Due to the very short potato crop of 1933, and present high prices, there is much interest in growing potatoes this spring.

First, the acreage of early potatoes in the states to the south of us has already been raised from 15 to 25 percent. Florida has boosted potato acreage by 42 percent; Kansas intends to increase acreage about 15 percent; the general increase throughout the country will be over 7 percent. The yield will probably be average, or about 110 bushels per acre. The 1933 yield in the U. S. was only 99 bushels per acre.

Second, relief agencies are coaxing folks to plant subsistence gardens and raise their own food. More small garden patches of potatoes will be planted this season than ever before.

The conception of potatoes has been declining gradually during the past 10 years. Small crops during the past 25 years have always returned more money to growers than large crops. Prospects are for a 375,000,000 bushel crop, the largest since 1928, when great quantities of potatoes could not be marketed because of low prices.

Those who grow potatoes will have to produce them at a low cost. This generally means that the yield per acre must be raised. The easiest way of increasing the yield is to plant better seed.

The Irish Cobbler is usually considered most satisfactory for early potato production. The vines of this variety are very persistent, and the leaves are better than those of other early potatoes. Cobblers are liable to be hollow if they are grown on very rich soil with an abundance of moisture, but this is generally not a serious trouble.

The Early Ohio is a second choice. Ohio is rather undesirable because they do not survive hot weather very well. If growing conditions are irregular, this variety is also likely to produce many rough potatoes which are either growth-cracked, or which show hollow heart, or have large knobs.

The Triumph variety is grown extensively in northwestern Nebraska, and sometimes does well in Valley county. It is very susceptible to injury during hot weather, when the leaves are liable to burn. Consequently the yield is seldom more than three-fourths of that produced by the Irish Cobbler. Five distinct strains of Triumph potatoes are being certified in western Nebraska. These strains are differentiated on the basis of time of maturity. The earliest of these strains might be suited to this locality. Western potato growers specialize in producing Triumph seed for the southern states. Potatoes are raised in the Gulf coast states during winter and early spring when the temperature averages

five degrees lower than it does in our territory during the growing season.

The best source of seed potatoes is certified stock produced either in western Nebraska or in one of the northern states, such as Minnesota or northern Dakota. Care should be taken to ascertain that the seed is actually certified by the authorized state agency. Even certified seed will generally contain a considerable amount of rhizoctonia and scab disease. If rhizoctonia is prevalent, as it generally is, then the potatoes should be treated with corrosive sublimate or Semesan. But if the potatoes are scabby, they should be treated with formaldehyde.

Potatoes produced under straw make good seed because the ground beneath the straw remains cool. Straw mulching also increases the yield in about nine out of ten years, and is a very desirable practice. It is best to apply the straw mulch about the time the potatoes begin to come through the soil.

When You And I Were Young Maggie

25 Years Ago This Week.
For the first year in a long time, Ord really went dry at the city election. A dry mayor, A. J. Kirkins, and two dry councilmen, W. B. Keown and Andy Purcell, were elected, and the town voted against saloons by a majority of 23.

The primary department in Springdale school was reinforced by the entrance of Harvey Thomson and William Peterson.

John Allen accepted a position in the First National Bank of Burlington.

Little Dorothy McCune of North Loup was the victim of an unusual accident that almost cost her life. In jumping from a wagon, in which she had been playing her scarf became wound around her neck in such a manner that she was suspended in air.

A movement was on to raise funds for a Y. M. C. A. building in Ord.

Fred Bell was contemplating putting in a balcony in his Scenic theatre, due to the large crowds that were attending.

Draper & Parks bought Otto Murschel's bakery and the latter expected to go to Seattle.

F. C. Peterson and John Wheeler were back from Virginia, where they looked at property and made offers on several pieces of land. Mr. Peterson was expecting to buy 320 acres of timber there.

20 Years Ago This Week.

Mr. and Mrs. Daniel Burke were moving to their new home in Clay, Ida., where Dan and his son Clayton had established a lumber yard and hardware business.

Joe Warwick leased the corner across from the Ord opera house and was moving the John Stafford blacksmith shop thereto.

Miss Kathryn Stanton and Wm. Wiberg were united in marriage by Rev. H. H. Berry of Horace.

Evet Smith decided to go into the potato business and was starting with five acres.

The Cornell Bros. implement house was sold to J. D. Rogers and Charles Bais, two of the biggest farmers in Valley county.

Harvey Mann and family were moving to Lincoln.

Writing on the occasion of the 32nd birthday of the Quiz, W. W. Haskell, founder, said:

"On Thursday, April 6, 1882, the writer was present at the birth of the first Quiz. We say it was on April 6, for that was the date borne by the tiny sheet. In fact it was Friday morning, long after midnight, that the first full sheet came off the old foot-power press. The editor and his young wife printed that paper, for the one printer had tired out and gone to sleep hours before."

"The printing was done in a room not over 10x14 feet in the rear of an old shack that stood near where John Beran's office now stands."

"The editor knew nothing about the newspaper business and was not even a printer. All he had to back him up in that precarious time was a long drawn out dream of his youth to some day be a newspaper man and a wife who was as willing to work as he was."

"The printing plant cost \$512 and he owed for every cent of it."

"The name chosen was a word

then not recognized by the dictionaries, being a sort of slang meaning persistent and unpleasant inquiry. When the typefounders were ordered to make the heading they did so with misgivings, even writing to inquire if some mistake had not been made in the wording of it."

"The word, then for the first time given recognition, has since grown to prominence in the family of words and is recognized along with all its English cousins—for it is sure an American word."

"Early issues of the paper look insignificant now, but they showed the marks of best endeavor—poor endeavor though it was—and we must look on them with pride, for we wonder now that an inexperienced kid did even so well."

"The paper grew. It has lived to see 23 changes made in the opposition sheets during the past 32 years. New papers came and went. There were at one time five papers being printed in Ord, one of them being our big and gifted brother—the most venomous opponent of them all."

"Grown old in the harness, the writer may be permitted to express the belief—which is by no means a boast—that the Quiz is one of the best paying country newspaper properties in the state."

"No matter what happens now the paper is bound to grow. Fire might destroy every vestige of material property, leaving nothing but a name and a business in the abstract, but the paper would still be a valuable property. Death will of course take a hand in the game before long, but that will make little difference."

Ord Students Help With Farmers' Fair

Lincoln, Neb.—Six Valley county students of the University of Nebraska have been appointed recently to committees which will have charge of the annual Farmers' Fair to be held here May 5.

Frank M. Kingston of Arcadia, a freshman in the college of agriculture, has been named to the committee in charge of construction. From North Loup, Gertrude M. Hemphill, ag college senior, works with the child care and development exhibit committee.

Ord is represented by four students. Paul R. Pierce, a junior in the college of agriculture, will act on the animal husbandry committee for the fair. In his sophomore year in the same college, Robert L. Cushing will work with the committee in charge of tickets.

Evelyn V. Coe, ag college junior, is on the food and nutrition group. Edith L. James, sophomore in the college, is helping on the tickets committee.

The Farmers' Fair at the college of agriculture is one of the largest events of its kind held by any university. An annual event since

1917, it features the work of the students of the college. About 10,000 people attend the Fair each year. Students in the various depart-

CAN YOU IMAGINE!

CAN YOU IMAGINE—a more convincing testimonial than that of a man in Rochester, N.H., who suffered from gastric trouble for over 40 years, had his stomach washed out at least once a week for two years, and finally took Bisma-Rex with the result that he eats whatever he likes and has almost forgotten how it feels to have an upset stomach!

EXPLANATION

Bisma-Rex is a new antacid treatment that is bringing welcome relief to thousands everywhere who suffer the agonies of indigestion and other acid stomach ailments.

Bisma-Rex acts four ways to give lasting relief in three minutes. It neutralizes excess acid; relieves the stomach of gas; soothes the irritated membranes; and aids digestion of foods most likely to ferment. Bisma-Rex is sold only at Rexall Drug Stores. Get a jar today at Ed F. Beranek's.

We've found the COMPLETE REFRIGERATOR

The CAPRON AGENCY

Now Authorized Leonard Dealers

HERE it is—the complete refrigerator you have hoped someone would build for you some day. Beautiful to look at. Economical to own and operate. Equipped with every convenience you could want.

We are glad to announce that as authorized dealers we are now displaying and selling the 1934 Leonard. We chose Leonard, after careful investigation, as the electric refrigerator which, above all others, will give our customers the service and satisfaction we want them to have.

Leonard has made these cabinets big and sturdy, to last a lifetime. Finishes (whether you choose porcelain or lacquer) are the finest known. White, hard, lasting. In the planned food compartment, there are many new features that will save time and work, and bring you enjoyment and satisfaction.

For 53 years, Leonard has been studying the tastes and housekeeping needs of women—building toward the complete Leonard Refrigerator. Now that it's here, surely you want to see it—at our showroom. There are 11 new models (5 2" porcelain), one of which will meet your ideas as to size and price.

SEE THESE FEATURES

LEN-A-DOR (a touch of the toe and the door swings open); 12 freezing speeds (one for extra fast freezing); Steady Kold Defroster (refrigerates while it defrosts), and "vacation temperature" to cut cost when you're away; sliding and folding shelves, new serving tray; dairy basket for butter and eggs, vegetable crisper, glass defrosting tray; refrigerated shelf, cold chest for storage. And Many Others.

The LEN-A-DOR—A touch of the toe and the door swings open; a great step-saver.

Service Tray—A place to set things on while rearranging your refrigerator shelves.

Dairy Basket—A safe, convenient place for butter, eggs, cheese; with bottle rack.

Sliding Shelf—Pulls out like a drawer—no reaching for dishes at the back.

We cordially invite you to visit our showroom

Mrs. Frances Mills Is Taken By Death

Long Time Nebraska Resident, 79 Years Old, Passed March 30th; Funeral Here Sunday.

Funeral services were held at Sowl's chapel Sunday, April 1, for Mrs. Frances Mills, 79, who passed away at her home here on Wednesday, March 30, after an illness of several months. Rev. L. M. Real conducted the rites and interment was in Ord cemetery.

Mrs. Mills was born in Syracuse, N. Y., on Sept. 21, 1854 and came to Nebraska with her husband in 1884, the remainder of her life being spent in this state. Mr. Mills passed away in 1920.

The deceased lived here for some time and then moved to St. Paul where Mr. Mills was in business. She also lived in Greeley and in Omaha for a time. A few years ago she returned to Ord.

She is survived by one daughter, Mrs. D. S. Wear, with whom she made her home after her husband's death. She also is mourned by several grandchildren, other relatives and many friends.

Mrs. Mills was a life-long member of the Methodist church and an active member of the Eastern Star lodge. The funeral Sunday was attended by many Eastern Star members. Pall-bearers were R. C. Bailey, Fred Kuehl, Edwin Clements, E. L. Achen, R. O. Hunter and J. H. Jirak. Madams Mark Tolen and Clarence M. Davis sang, with organ accompaniment by Mrs. M. J. Cushing.

A number of young people accompanied Emil Dargatz to Grand Island Sunday evening. Those to go were Misses Evelyn Barta, Dorothy Seerley, Jessamine Meyer and Merrill Hughes, Roland Tedro and Bob Rashaw.

Andy Maslonka had a bad fall Monday. He was working on the roof of his house when he fell, breaking his left wrist and cutting his face. Dr. Henry Norris was called and had to take some stitches in the wound on Mr. Maslonka's face.

North Loup News

Mr. and Mrs. Clyde Willoughby entertained at Easter dinner Sunday. Present were Mr. and Mrs. A. L. Willoughby, Beulah and Thelma, Mr. and Mrs. Jim Coleman and baby, James Bell and Roy Stine.

Mr. and Mrs. Irving King and family of Midvale were Sunday dinner guests of Mr. and Mrs. Van Creager.

Mr. and Mrs. Ben Nelson and Miles drove to Brewster vicinity Saturday where they spent the night and Sunday with the Jim Nelsons who lately moved to a large ranch near Brewster.

Bill Gross, Myron and Everett Chadwick, Donald Brennick and Gilbert Meyers drove to the Will Vogeler lately acquired farm Monday, several miles south of Sargent for the purpose of scattering poison to eradicate prairie dogs.

Because of the inclement weather Friday, the Easter egg hunt for North Loup's children was enjoyed Monday. The hunt was sponsored by the Legion Auxiliary.

Mrs. Georgia Greene was hostess Wednesday afternoon to the Fortnightly club. Favorite bits of garden verse were given in response to roll call. The lesson subject "Art" in the home was in charge of Zola Schudel. Art in the garden, Genevieve Hoeppner, picture study, Leta Gillespie. Music was enjoyed by members of the hostess' family. Dainty refreshments were served at the social.

A number of Methodist folks enjoyed an Easter sunrise service at the chalk hills Sunday morning.

All interested Sunday school workers should be present at the annual convention to be held at the M. E. church in North Loup next Thursday, April 12. Rev. White, state Sunday school worker will be present.

Fern Cook came over from Comstock Monday evening to see her father who is very ill. She returned to her school duties Tuesday morning.

Mr. and Mrs. Ham Drawbridge of Sargent were North Loup visitors Sunday.

Mr. and Mrs. Alfred Holman and children, Mrs. Ray Downing and

small daughter Virgil, Vivian and Lorene Holman arrived via auto early last week from Washington state and are guests of Mrs. Holman's mother, Mrs. V. J. Thomas and other relatives and also of Mr. Holman's people at Ord. The Holmans are traveling evangelists.

Mr. and Mrs. Carl Young drove over from Horace Sunday and were guests in the Ernest Padock home.

Clifton and Fannie McClellan received a telegram early Monday morning informing them of the result of a major operation which Mrs. Mabel McClellan underwent at a hospital in Covina, Calif., at 9 a. m., Monday. Due to Mrs. McClellan's ill health the family have been spending the winter months there, not regaining her health as they had hoped for, an operation was deemed necessary. Serious infection of the gall bladder was causing the continued illness.

Mrs. Grace Kellogg Smith, well known to North Loup folk, assisted with the operation.

Mrs. L. A. Hawkes is in Grand Island this week and next receiving medical treatment of Dr. Rich. Mr. and Mrs. Harold McCullough, Ruth and Edna Hawkes accompanied their mother to Grand Island Tuesday morning.

Out of town Easter vacationers returning to their various employments Sunday and Monday were Hazel Crandall to Omaha, Eunice Rood to Edison, Bessie Eberhart to Blair, Nettie Clark to Bloomfield.

Members of the North Loup band and interested business men of the village met at the hall Monday evening and elected officers for the new year. Election results were as follows: Mrs. Louise Brennick as act. as the band's secretary-treasurer, Chas. Sayre as manager and Merrill Anderson as who successfully directed the band two summers ago will act in the same capacity this year.

Bible training opened Monday evening at the Baptist church with eleven enrolled, a few coming over from Scotia to join.

Dr. and Mrs. Dallam entertained friends from Pembine, Wis., from Thursday until Saturday. They were Mr. and Mrs. B. T. Keess and small daughter, Jean, and Miss Essie Bacon. Mrs. Huddins, of Omaha, was also a guest in the Dallam home.

A gathering of relatives was held at the Walter Thorngate home in Riverdale Sunday. Present were Mr. and Mrs. Steve Finch and Gene, the Geo. Samples and Mrs. Pear Sample and children.

Mr. and Mrs. Marilyn Mayo and daughter Marilyn of Lincoln were guests of relatives for the Easter season.

Sunday afternoon while attempting to separate her dog and the family cat at her grandparents' home, the George Johnsons, little Marilyn Mayo was seriously scratched about the face and eyes. The wounds were immediately attended to with tape bandages and the family departed for their home at Lincoln to consult their physician as to the advisability of taking a few stitches in the wounds.

Richard Bartz is nursing a broken collar bone, the result of a collision with a playmate at a game of kittenball Sunday afternoon. Dr. Hemphill attended the break.

Donald Paddock is slowly recovering from a siege of rheumatism which has caused him intense suffering.

Friends are sadly concerned for the condition of Mr. Will Cook who at this writing is very low at his home east of town. Mr. Cook has for several weeks been afflicted with pleurisy and complications. His son Denton came Tuesday from Wayne where he is attending college.

Evangelistic services at the M. E. church conducted by Dr. Minnie Lauermaann of Lincoln closed Sunday evening with the Evangelist bringing a message of her conversion from Catholicism to the protestant faith. A large sized congregation was present at the impressive Easter Sunday morning services as well as the evening. Beautiful indeed were the lovely Easter lilies and other flowering plants brought by friends.

A Mr. Reiland and his daughter June of Woodriver, former parishoners of Rev. Stephens drove up Sunday afternoon for the evening service at the church. Mr. Reiland accompanied by his daughter at the piano sang two sacred numbers which were much appreciated.

A day of social fellowship and competing in various arts was the pleasure of about sixty ladies representing North Loup's women's study clubs and the clubs of the community at the M. E. church last Thursday. This project, a new experiment included contesting in short story writing, poetry, drama, music and needle work. Winners at the North Loup assembly were as follows: Short story, Mrs. Wm. Something New in PERMANENTS

We have purchased a new "THERMIQUE" permanent wave machine, the very latest and best machine built. Some of the reasons why Thermique is heaterless eliminating weight on the head. The heat is produced by a grid within the sachet, both weighing only 1/4 ounce. Thermique is safe. It uses only 2 1/2 volts of electricity so that it is impossible to give any burns or to receive any shocks. Thermique is faster and more efficient. Thermique is exclusive. There is no other method like Thermique and every operator is protected with a Thermique license.

Delco Appliance Bus Coming to Ord April 6

Time was when the caliope came to town and thrilled us with its stirring music. How we came a runnin' to join the excited crowd and watch Bill play that steam contraption.

Today the caliope has been out moded and no longer does Bill follow the saw dust trail. Now he's operating a big modern ballyhoo bus that's colorfully decorated and equipped with powerful radio amplifiers to broadcast music and voice at his will. Besides its entertaining features, Bill's (properly William LemPierre) Bus is a traveling exhibit of modern appliances for rural and urban homes. It is 16 feet long and weighs 8 tons. It is worth \$15,000.00. It has a complete Delco-Light plant in operation, along with radios, fans, vacuum cleaners, water systems and other appliances.

The bus is owned and operated by United Motors Service, General Offices, Detroit, Michigan, national sales and Service organization for the appliances exhibited, and is visiting our city in the interest of L. J. Auble, local distributor. Remember, it will be in Ord all day Friday, April 6.

Those Willard Farm Light Batteries are worth your attention if you have a private light plant. They are sold on easy terms and a 5-year guarantee. Come in and let us tell you a lot more about them.

LETTERS FROM
QUIZ READERS

Following is a letter written by Mrs. Alice Robbins Fought to her relatives at Lincoln, which will be found interesting to old Ord folks who knew, and to the younger set who have heard much about the former Ordites mentioned therein.

4018 Hempstead Circle, San Diego, Calif., March 14, 1934.

Dearest Family:

I had an overwhelming longing to sit down Sunday night and write a long letter to our (departed) parents and tell them the experiences of the day, for I knew that they would so have enjoyed knowing all about it. The next best thing is to write to the rest of the tribe, knowing that there are some of you who have kindly memories of the early days in Ord.

We drove to Long Beach (115 miles) Sunday, taking Agost with us. There was to be a picnic of Ord people, every group bringing their own baskets. We were about the first to arrive in Bixby Park and found a man putting up an "Ord, Nebr." pennant over some tables. There were many tables reserved for the states, counties and towns. This is a popular thing to do. An "Iowa Picnic" brought out 100,000 ex-Iowans. There was a place to register, and a long list of names—hundreds of former Ordites near Los Angeles. We found the man at work was a Mr. Bell, formerly a photographer and later owner of the telephone system at Ord. I didn't remember them clearly. He and his wife are hearty and look well tanned. I didn't learn whether any ex-Ordites work or just live on their money or hopes of getting some. It was an afternoon of past days.

Everett and Anna Williams live near the Park and arrived early. I would not have recognized them. Anna is no longer slender, but her laugh and wise-cracks are just as hearty as of yore. Everett has aged some. Mrs. Keown lives in a bungalow in their yard. She was grieving over the death of Mrs. Sam Stacy at her home a couple of weeks ago. They spent much time together. John Keown's son was there, introduced as an artist, fine-looking, already slightly grey, as these dark types are inclined to do. Anna said she still corresponds with Stella Wickersham Mitchell, who lives in Spokane. Pearl, a widow with two daughters, lives there too.

I was expecting everyone to conform to my mental picture of years ago. But to many who came to me and asked, "Can you tell who I am?" I had to answer no. But Mamie Siler hasn't changed much. Lost 55 pounds for health's sake, still full of interest in life. That's what keeps one young, I am sure. She said she had amassed a fortune and

lost most of it. She owns and manages an apartment house. Mrs. Cox was there and Kitty and Kitty's young lady daughter Alice, all looking joyous and well groomed.

And the Getters—Mark Getter at 85 looks younger than Roy, who is white-haired. Mark is so interested and keen. His wife, formerly Mrs. Schaefer, is the dainty Dresden China type we all dream of emerging into. Her brother, Frank Ferguson, has kept much in touch with the days of old. He told us that Mr. S. S. Gillespie had died only recently. Mrs. Gillespie is interested in elocution and they had given \$50,000 toward a school of expression at some university. They lived at Portland. Had been remembered generously by a wealthy friend who died years ago. What a lot Mr. and Mrs. Gillespie did to mold minds for the good in the early days in Ord. The Alice Getter of our girlhood days is a handsome blond. Her husband and grown children were there.

Mrs. Clarence Bailey-Roberts and her relatives, the Hayeses, were there too. And Ella McCord, beautifully gowned in grey, seemed hardly to have been touched by time. She and Fanny own the home place in Huntington Park. I asked Ella McCord what she had been doing through the years. She looked her astonishment and said: "Why, haven't you heard of the Ella McCord gowns?" I knew then that I had made a faux pas.

Earl Bryan is a judge and quite well off. Ross and Minnie Hutchinson, Beaumont, who now live in Grand Island, were at the picnic. Allen is in Boston and does research work which takes him abroad nearly every year.

Rudolph Sorensen, wife and three daughters interested us. The three sons were absent.

A few of the Ordites we met looked prosperous, most of them did not, but all were enamored with California climate!

Mr. and Mrs. Roy McGee and Doris accompanied George McGee to Hastings Wednesday after Mrs. George McGee, who went there about three weeks ago to have a cataract removed. Although she must keep her eye bandaged she thinks she will be able to see in a short time. Also, her other eye seemed to get stronger and she sees with it better than when she went down. The McGees also visited relatives in Hastings.

Charley Johnson sold nearly a carload of 200-lb. hogs to the Farmers Grain and Supply Co., last Wednesday. Alfred Jorgensen helped truck them in.

Miss Pearl Leach, Alice Bower, Mr. and Mrs. C. F. Wantz and Viola Cochran accompanied Walter Cummins to Elba to a district church meeting of the United Brethren churches last Tuesday. They report a very good meeting. They saw Mr. and Mrs. A. J. Springston. Mrs. Springston has been in poor health for some time.

Mr. and Mrs. Harold Palmer and children and Mr. and Mrs. Carol Palmer and children were at John Palmer's Wednesday evening. It was Duane's 2nd birthday and Eva was 5 years old on March 26th so they celebrated together. Harold Palmer left for Big Springs Saturday. They are thinking of moving there.

Miss Viola Crouch spent the week end with her sister, Mrs. Howard Manchester.

Mrs. Ina Collins entertained her Sunday school class in the church basement Saturday night at a birthday tea. Those having birthdays in January and February and the Junior Young Folks' class were honored guests. The table was beautifully decorated and place cards were red hearts on a lace background and white arrows. Games of various kinds were played and everyone had a good time.

Mr. and Mrs. John Palmer were supper guests at Guy Kerr's Sunday evening.

Guy Sample's expect to move this week to a place near Ord. 36 Friday afternoon as Miss Petty accompanied two scholars to Ord to the spelling contest, and Miss White accompanied most of her pupils to Loup City to a district declamatory and one-act play con-

Two well known Ordites who seek election to Valley county offices are pictured here. Mr. Misko has filed on the republican ticket as a candidate for county attorney. Mr. Klima seeks re-election as county clerk on the democratic ticket.

Harry C. Abernethy, Hero of the World War,
Lived Gracious Life, Writes Family Friend

"The passing of Harry Abernethy at Lincoln hospital brought to an end a life peculiar in its graciousness," writes a friend of the family, and the Quiz is privileged to print in full her tribute to a man who was known to all Ord people.

"Always finely mindful of others, Harry fought his last battle against disease and death with the same gallant fortitude that had been his through life. Glad to see his friends, thoughtful always of their welfare and with the most persistent and tender consideration for the sister so often at his bedside, the long months slipped by bringing him, at last, a welcomed release from pain.

"Harry seemed to find his pleasure in giving others pleasure and chief among his characteristics was his sincere devotion to relatives and friends—a devotion quite devoid of those manifestations of aggressiveness and selfishness that so often mar human relationships. Indeed, one cannot imagine a situation in which arrogance, unfairness or injustice could have part.

"When the World war darkened our horizons and struck terror to our hearts Harry, a peace-loving man well beyond the age of conscription, felt it his duty to enlist. Eighteen months later he returned from overseas, ill with influenza from the effects of which he probably never fully recovered.

"For the next few years he devoted himself largely to the mother who had lost her vision and was in frail health. That in private life, as well as in public, he served others unselfishly, his friends and neighbors will testify.

"He has achieved success who has lived well, laughed often and loved much, who has left the world better than he found it, whether by an improved flower, an uplifting poem or a rescued soul; who has always looked for the best in others and gave the best that he had; whose life was an inspiration, whose memory is a benediction."

Harry C. Abernethy was born May 25, 1874 on a farm near Wilbur, Nebr., the third son of George and Josephine Abernethy. His mother died before he could remember her and when he was five years of age his father, with four small children, moved to Johnson county, where the family resided 22 years. Near the beginning of this period a stepmother came into the family and her influence as an educator and her inspirations left their mark on all the children.

test, which took the afternoon and evening. They enjoyed a picnic supper, and everyone is grateful to Miss White for their good time.

Miss Bernice Weldand spent the week end with Eva Johnson at her home. They returned to Clarks Sunday.

In March, 1901, the Abernethy family moved to Ord, where Harry resided until he and his only sister, Laura, moved to California in the winter of 1926. They resided there for seven years, returning to Nebraska in July, 1933. Harry Abernethy enlisted for service to his country on August 24, 1917, three weeks after the United States entered the World War. He enlisted in the 492nd air squadron at Grand Island, working up to the rank of Sergeant and serving over-seas for thirteen months after duty in various training camps on this side. He was discharged from the service on Feb. 13, 1919 at Garden City, N. Y.

Afflicted with tuberculosis he entered the Veterans' hospital at Lincoln on Sept. 8, 1933 and during the months he was there he received many callers and flowers, also letters and greeting cards, all of which he greatly appreciated. Death came to his relief March 28, 1934.

He is mourned by an only sister, Laura, and three brothers, Will of Tofield, Alberta, Canada, C. E. of Elk Creek, Nebr., and Jason L. of Ord, Nebr., also two nephews, four nieces and hundreds of friends.

The body was taken to Omaha for cremation and the ashes were brought to Ord Saturday by Mr. and Mrs. G. E. Abernethy for interment in Ord cemetery by the side of relatives who had preceded him. At his own request, no funeral service was held.

Christian Science.

"Unreality" is the subject of

the lesson-sermon in all Christian

Science churches for Sunday,

April 8.

The Golden Text is from Pro-

verbs 12:5: "The thoughts of the

righteous are thoughts of the

counsels of the wicked are deceit."

A passage from the Bible used

in the lesson-sermon is from Ex-

odus 20:4, 5: "Thou shalt not

make unto thee any graven image,

or any likeness of anything that is

in heaven above, or that is in the

earth beneath, or that is in the

water under the earth; thou shalt

not bow down to them, nor serve

them."

A correlative passage from the

Christian Science textbook, "Sci-

ence and Health with Key to the

Scriptures" by Mary Baker Eddy,

reads: "To all that is unlike un-

dering and eternal Mind, this

Mind saith, "Thou shalt surely

die," and elsewhere the Scripture

says that dust returns to dust....

Matter never produces mind. The

immortal never produces the mortal.

Good cannot result in evil." (page 277).

THE WEDDING MARCH MURDER

by Monte Barrett

Copyright, 1933, by the John W. Mott Co. WNU Service.

THE STORY

CHAPTER I.—Waiting in the minister's study for the wedding procession to reach the altar, Bill Franklin, about to be married to Doris Carmody, is stabbed to death. Callis Shipley, one of the bridesmaids, is obviously in state of anxiety. Peter Cardigan, novelist, an amateur detective of some note, with Sergeant Kilday of the New York police, begin the official investigation.

CHAPTER II.—The dagger used to kill Franklin is found. Fingerprints have been carefully obliterated. Franklin, who had many visitors, among them his mistress, an actress, "Choo Choo Train"; his intended wife's father, Ambassador Carmody; her brother, Ryle; Daniel Bullis, well-known politician, and an unknown woman in a blue frock, who had quarreled with Franklin. The dead man's law partner, Milo Dunbar, appears. Ryle Carmody admits trying to stop the wedding, after being informed that Webster Spears that Franklin was still friendly with Choo Choo, despite his approaching marriage. Kilday accuses the dead man's kinsman, realizing that through him he can "find out" suspected with whom Franklin had been more or less intimately associated in his business and social life.

CHAPTER III.—Cardigan and Kilday interview Callis Shipley, whose actions in the church and immediately following the discovery of Franklin's body have appeared suspicious. She is somewhat contradictory in her answers to questions but the investigators learn nothing of importance. An interview with Daniel Bullis is also fruitless.

CHAPTER VII.—Kilday, after reviewing the evidence gathered, decides to arrest Webster Spears and have Ryle Carmody shadowed. There is no clue to the mysterious woman in blue, who Cardigan feels is the real clue which will lead him to the discovery of Franklin's assassin.

CHAPTER VIII.—Callis Shipley visits Cardigan, to solicit his aid in clearing Spears and Ryle of suspicion, but the investigator feels she is not dealing frankly with him, and tells her he can do nothing. Really he is not convinced that either Spears or young Carmody is guilty.

CHAPTER IX.—Callis' knowledge that Ryle is being watched had caused her to visit Cardigan. She and Ryle plan to leave the city, leading Ryle's head to question as to do his part in getting away from his trailer, and Callis reaches an appointed rendezvous, but Ryle does not come.

CHAPTER X.—Franklin's apartment is ransacked. Nothing is found. Ryle Carmody could have done it, and Cardigan senses the hand of the murderer. His thought on the "woman in blue," who Cardigan feels the search of the apartment was to find and do away with evidence that might reveal her identity. Peter Cardigan is confident of the place taken from Franklin's body.

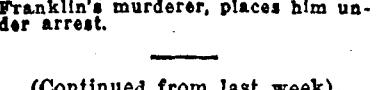

CHAPTER XII.—Kilday discovers the escapee of Callis Shipley and Ryle Carmody after Peter Cardigan, seriously but not fatally hurt, is found on the sidewalk under Franklin's office. Ryle is located at his home, suffering from cuts and bruises which he alleges are the result of an automobile accident. Kilday, convinced Ryle is the man who fought with Cardigan and Franklin's murderer, places him under arrest.

(Continued from last week).

Silently, as before, he moved around the table, anxious once more to reach the partial security of the wall. He rounded the table, his left hand extended before him, his right at his side clutching the revolver.

He was warned. He did not know how. It might have been the faintest whisper of breath—a slight rustle of movement. Or that even more vague instinct of danger which he had often felt before. Whatever it was, he sensed his peril and whirled, swiftly, to face the room.

The blow caught Peter on the back of the jaw, near the ear, just

as he was turning. It was a terrific smash, that would have ended the struggle right then, had he not turned when he did. As it was, it glanced off, but its force knocked him off balance and sent him sprawling to the floor on all fours.

The novelist's quarry had used the same strategy that Peter had adopted. He had been standing, back to the wall, waiting to catch his enemy between himself and the vague light of the windows. As Peter rounded the table he came into the position for which the man had been waiting.

At the impact of the blow, Peter's revolver clattered to the floor. Partly dazed, the novelist lost a precious moment in groping for the weapon in the darkness. In that instant his enemy was upon him. The accuracy of a second blow was spoiled by the darkness. It caught Peter on the shoulder, but it served to acquaint his assailant with his whereabouts. The man was on his back, raining blows down upon him, terrific, fall-like blows, that bruised and stunned, but still could find no vital spot. Unless he could reverse the tables, and quickly, Peter realized he was through.

He drew his right leg up under him, and then kicked out with all his strength. His lashing foot caught the other man in the ankle and sent him spinning against the table. Peter kicked again, but the second effort missed. However, he was free of those crushing blows. Once more he groped for his weapon, but could not find it. Again he had wasted a precious second in vain search for the revolver. Too late now. Peter rolled to the right quickly to avoid the other's rush. Only one blow caught him, and he was half-way to his feet before they came to grips.

Once more the blows rained on him, fierce hammers of rage, any one of which might end the struggle if it landed in a vital spot. Peter was thankful for the darkness which prevented accuracy. Nor was he helpless now. With all his strength he hurled his fists at his invisible foe, and found an uncertain exultation at the hard impact of his knuckles which told him they had found a target.

A random shot caught him on the cheek and sent him reeling backward into a chair. It splintered and Peter caromed into the wall. But his fall had been broken. Panting, he struggled to his feet. Now, for the first time his opponent was between him and the light. Peter could see him there, crouching over the chair, groping frenziedly into the blackness to find him. Choking back his sobbing breath, Peter advanced cautiously. Now was his chance!

The man straightened up just as Peter hurled himself through the air in a flying tackle. He struck his antagonist just above the knees, the impact numbing his shoulder. But Peter did not care. The man was down. Peter was confident of fight on more than e

● You've heard and we've heard a lot of tire claims but here are facts straight from Akron: The Good-year people have completed more than 8,400 stopping tests on automatically-braked cars equipped with various makes of tires both new and worn. By accurate measurements on wet slippery pavement, smooth tires slide 77% farther than new Goodyear All-Weathers—and other new non-skid tires slide 14% to 19% farther than the Goodyears. These figures check with the experience of our Goodyear customers and ourselves. How safe are your tires today?

PROJECT CLUBS ACHIEVEMENT DAY TUESDAY

Women Will Give Exhibition And Program at Opera House As Club Year Ends.

Women's project clubs of Valley county announce that their Achievement Day will be held next Tuesday, April 10, at the Ord opera house starting at 1:30 p. m. and that the public is cordially invited to attend.

Every club will have a part in the program, beginning with reception and registration in charge of the 20th Century club. The Jolly Homemakers have charge of exhibits of work done during the past year and ushers will be members of the Rosevale club.

Mrs. Glo Nelson, county chairman, will preside at the program, which will begin with community singing led by Mrs. E. Smith, with Mrs. M. J. Cushing at the piano.

The principal feature will be a play, "A Ranch Follie," in which various clubs take part. The Jolly Neighbors have charge of the stage setting. The Royal Kensington club portrays the ranch family, the Anti-rust club cleaning servants, the H. O. A. club Chinese cooks, the Cheerio Girls club Mammy Sue, the Ever

Busy club Bill and Pete, each of these being scenes in the play. A number of music games will be played by the Neighborhood club. Busy Bee club and U. R. club and music will be furnished by the Joint Home Art Girls. The Balsa club will give a stunt. Special numbers will be presented by Mrs. Hackett, Mrs. White and Mrs. Wolf.

C. C. Dale, county agricultural agent, will give a talk and it is probable that Miss Ritzpah Douglas, state extension leader, will speak.

NOTICE.

I will be gone from the office April 8, 9, 10 and 11 attending a state meeting of the Nebraska Optometric study group. 1-11 Dr. Glen D. Auble.

Holiday Meeting at Burwell. Mr. Green, of Wyoming, will address a meeting of Farm Holiday association members of Garfield and Valley counties at the Johnson Hall, Burwell, at 2 p. m., Saturday, April 7, it is announced. F. J. Garrison will serve as chairman. Everyone is invited.

—Easter Sunday guests in the country home of Mr. and Mrs. Harvey Hohn were Mr. and Mrs. Jim Sinkler and family of Sargent, Mr. and Mrs. Frank Sinkler and two children of North Loup and Mr. and Mrs. Cecil Clark and son Arden of Ord.

—Eldon Benda is expected to arrive home today from Lincoln where he is attending the state university.

AUCTION

at the Weller Sale Pavilion, Ord
Saturday, April 7

Starting at 12:30 (no later)

HORSES: We are assured of a good run of horses for this auction, but can use many more. Last week's horse sale was the best of the season with buyers here from 5 states. Will also have some good colts.

CATTLE: Last week's cattle sale was very good 25 to 35c higher. The demand is extra good for all classes of cattle and as the horse sale will not be so large as in the past we will be able to devote more time to selling cattle. Bring us your cattle.

HOGS: 150 or more good feeder pigs.

SEVERAL GOOD HEREFORD BULLS.

PWA ENGINEERS INSPECT PROJECT

PROJECT CLUBS IN GROUP MEETING AT OPERA HOUSE

Women Review Work of Year And Enjoy Program as Work Adjourns Till Fall.

The Ord opera house was well filled Tuesday afternoon in honor of the annual achievement day program given by various women's groups of Valley county who have engaged in project work during the past few months. The project work is given under the direction of the University of Nebraska extension department, college of agriculture, in conjunction with the United States Department of Agriculture.

The program Tuesday was most interesting, each of a dozen or more clubs of Ord and Valley county presenting a skit of some sort. Several of the presentations were in costume and nearly all had clever humorous touches and showed talent and thorough practicing. The audience was most appreciative, composed of representative Valley county women, children, and some few husbands. Most of those present, both in the program and in the audience, had travelled a considerable distance to attend.

The program was as follows: Community singing led by Mrs. E. Smith, with Mrs. Marion Cushing of the S. O. S. club as pianist. Mrs. Glo Nelson, county chairman, presided and offered greetings to all in attendance. The Jolly Neighbors club presented a play in costume and appropriate setting entitled "A Ranch Frolic". Royal Kensington club presented a rancher family informally; the Anti-Rust club called their bit "Cleaning Servants". H. O. A. club of Ord gave a skit called "Chinese Cooks"; and Cheerio Girls club presented "Mummy Sug". Ever Busy club was represented by "Bill and Fete", while Neighbors club gave some musical games and added to the general fun.

Busy Bee club called their portion of the program "Crested Hen"; U. R. club brought forth laughs and interest with a scene full of action called "Jump Jim Crow". Mrs. Hackett, Mrs. White and Mrs. Wolf gave special numbers, and the Joint Home Arts club elected to give several musical numbers. Balsa Club gave a clever stunt, after which there was community singing and a talk by C. C. Dale, Valley county agent, through whose office this project work is made available to the women of Valley county.

Twentieth Century club was in active charge of reception and registration. Jolly Home Makers club was in charge of the fine exhibits of work done this year in the several clubs; and Rosevale club provided ushers for the occasion. A very fine program was given, of which all concerned may be very proud.

Project work has been presented in Valley county for several years and is very popular. Several hundred women have benefited by this service, and the demonstration Tuesday afternoon proved that the club members have enjoyed the work a great deal while they learned many useful short-cuts and home helps.

Annual Convention Of Sunday Schools Thursday, April 12

The annual Valley County Convention of Religious Education will be held at the Methodist Episcopal church in North Loup on Thursday, April 12, according to an announcement telephoned to the Quiz Tuesday by Mrs. Will Ollis, secretary of the organization. The morning program starts at 10:00, the afternoon session at 2:30 and the evening session at 7:30.

Rev. John White, secretary of the state association, will give some fine addresses during the day and talks will be made by pastors and sabbath school superintendents of Valley county.

The basket luncheon plan will be used at the noon and evening hours. Each sabbath school in Valley county is expected to send delegates and all church and sabbath school members are invited and urged to be present.

Milliken President Of Ord Golf Club

The newly elected board of directors of the Ord Golf club held their organization meeting last week and elected L. D. Milliken president, Joe Jirak vice president and Alfred A. Weigardt secretary-treasurer. Chairman of committees are as follows: Tournaments, Jay Auble; entertainment, Dave Haight; membership, C. B. Gudmundsen; finance, Alfred Weigardt; publicity, E. C. Leggett.

Many Prizes for Bridge Players In Loup Valley Tournament Here

Gasoline & Oil, Perfume, Hose, Steak Dinners, Are Prizes; Big Entry List Planned.

Not only will a silver cup be given to the pair who have the highest match-point score in the Loup Valley contract bridge tournament being held at the K. of T. hall in Ord on Sunday, April 22, but a number of other interesting prizes will be offered as well. It was announced yesterday by Dr. F. A. Barta, chairman of the committee in charge of the event. The tournament is being sponsored by the Ord Contract club and players are expected to enter from Burwell, Elyria, Grand Island, Callaway, Broken Bow, Greeley, St. Paul and other places.

The tournament will be played in two sessions. In the afternoon an elimination round will be played, using the Mitchell movement, and all except the best four or five pairs will be eliminated. The sixteen pairs will play for the championship in an evening session that starts at 7:30 p. m. To the pair from outside of Valley county making the highest

score at the afternoon session, a complete fill of gasoline and a change of oil will be given by the Service Oil company.

The Beranek Drug Company will give \$1.00 bottles of perfume to the pair of ladies making the highest score in the afternoon.

To the best mixed pair, Frank Hron will give each a pair of his finest silk hosiery.

Two steak dinners will be served by the New Cafe to the pair of men making high score in the afternoon.

M. Blomond, manager of the Ord Theatre, will give two theatre tickets good for any show to the pair having lowest score in the afternoon round.

A silver cup, engraved with names of the winners, will go to the pair winning the championship in the evening session.

All players who contemplate entering should mail or telephone their entries to Edwin Clements, Ord, Neb., as soon as possible. All entries must be in by 6:00 p. m. Saturday, April 21. The entrance fee is 35c per player for each session in which he competes.

Among the Quiz Advertisers . . .

Next week is the annual national "clean-up, paint-up week" and this week merchants who wish to take advantage of the fact and present special advertising are doing so. In order to acquaint as many as possible of the business people with the matter, the Quiz, at its own expense, placed bills about town, telling about it and while several who might have advertised with profit failed to do so, the response was very good.

McLain & Sorensen were the first to get under the wire with their copy, a reminder that they are going to feature household enamels and wall paper, though of course they have a dozen things that the frugal householder will need.

Hans Larsen was a close second and while he couldn't mention a tenth part of the things that he has in stock that the housewives of Ord and vicinity will need, his ad will be a reminder that he will be able to supply you with most anything you may need.

I think Art Capron figured on being first but he missed it a little but he has a real Leonard Refrigerator message that you will be interested in. Art has always been a pretty good advertiser, but quite spasmodic and prone to have his copy in about three weeks after he says he will and last week when I tried to have a little fun with him about it the editor cut out a lot of what I said—though it would make Art sore, he said.

Freeman Haight almost gave the force heart failure when he got his copy in Monday. "Tubby" is a mighty good advertiser but like Art, I usually have to remind him several times. He was in early this time and has plenty good bargains for your consideration. Wish you would tell him you read his ad.

Ed Beranek ran a close race in getting under the wire, almost had a collision in fact, but Ed nosed in ahead and what he says about his stock of wall paper ought to excite the curiosity of all the women who wish to do papering this spring.

Safeway are telling you more, this week, about their Libby sale. They tell the writer that they had a wonderful business last Saturday and have plenty of all kinds of merchandise advertised, for this week, with some items of merchandise that have come in too late for their ad this week.

Manager Blomond came in Monday with his copy too, and as usual, you will find it in the upper left hand corner of the back page. There are several who would like that corner. It is a real asset to always have an ad in the same place.

The Goodyear copy came in the mail and was next to get my attention and it is a lot larger than usual this week. By the way it has been about a year now that Goodyear tires, with the names of Ed Gnaster and Bud Auble as dealers, has been before you every week.

Mr. Zimmerman, manager of the Ben Franklin store, was in bright and early Tuesday morning with his copy. He says he is mighty well pleased with the reception his store has received so far and promises to have something for your consideration in the Quiz every week.

Auble Bros. are another Ord firm that always have an advertisement, never fail, and Glen writes the copy and did so last Saturday before he left for the convention which the eye doctors are holding in Omaha this week, but Jay forgot to bring it over so as to be at the head of the list this week. But read it anyway.

John Goddard brought his copy in Tuesday morning also. John al-

ways scribbles the essential facts on a piece of wrapping paper or on the back of a cardboard sign and leaves Eugene to hunt an appropriate illustration for it and so far he has never kicked at the result, probably because his is good natured. By the way, did you ever see John that you didn't get a smile from him?

Manager Joe Puncocar of the Food Center called me as I went past his store Tuesday forenoon and called me in to get his copy. His boss, Dean Gray, had sent it up and the ad this week is full of good bargains, but Dean has been falling down on the job the past week or two. Joe says his customers always comment on it when his copy is left out.

Ed and Bert, the boys over on the corner at the former Finch station, have been having lots of fun the past few days with a tin horse (or perhaps it is a jassax) that Bert designed and manufactured. It is tied out in the front parking at the station and is sure a wild beast. But the boys' ad tells about the kinds of gas and oils and tires handled, rather than about the nag.

Bob Noll has a couple of ads this week and has a message for all who plan on using space of any kind. One of them will be found in his usual back page space and the other on an inside page and both are well worth your study.

Charley Faudt got under the wire also with copy for his insurance advertisement. Charley is writing a lot of auto and other forms of insurance and is having a series of advertisements printed to show just how good his company is, which is plenty good.

For well toward forty years the name Parkins on watch repair ads in the Quiz, has been a familiar name but until recent years it has been George Parkins Jr. instead of George Jr., or "Buck" as he is generally known. "Buck" invites you to read his ad this week and then come and see him.

The Crosby Hardware is talking about paints in its space this week. Mr. Crosby says there is more paint being used this spring than for several years.

Jake Stoltz claims he went without his breakfast Tuesday morning to write copy for his advertisement and then forgot to bring it over until the last minute to get into this column. Anyhow, the Stoltz Variety store has a showing of almost everything the ladies will need in their annual spring clean-up and you will want to read it.

'Ord Beautiful' In Color Program At Christian Church

A beautiful and unique program is announced by Rev. Willard McCarthy to be given at the Ord Christian church Sunday evening. The name of the program is "Ord Beautiful" and it will consist of photographs of beautiful Ord yards and gardens, in natural color. Most of the pictures were taken by Rev. McCarthy and all of them were colored by him. They will be flashed on a screen by means of a stereopticon.

Everybody is invited to attend this program and it should be well worth seeing.

ORD HIGH WINS HONORS IN LOUP VALLEY CONTEST

St. Paul Wins Academic Event But Ord High in Commercial and Declamatory.

Ord contestants returned from the Loup valley scholastic contest held at Sargent last Saturday with their full share of awards. Nine high schools—Sargent, Burwell, Comstock, Loup City, St. Paul, Scotia, Taylor, Arcadia, and Ord, participated in the contest.

In the morning's program of academic subjects, St. Paul placed high with 88 points, Arcadia placed second with 74 points, Ord placed third with 72 points.

The Ord teams ranked first in several of these subjects. In Algebra Lorraine Kusek placed first, Lillian Kusek second, and Dorothy Auble fifth, giving the Ord team first rank in this subject.

Maxine Jones received fourth place as an individual geometry entrant.

The Ord team placed first in Physics. Arthur Auble and Henry Nielsen tied for first place and Earl Glarborg won fifth as individual entrants. In World History Ord received first as a team, with Pauline Barta first and Richard Severson fifth as individuals. The American History entrants placed second as a team. Ord did not place in Civics or English. No team was entered in first year Latin. Ord took third as a team in Biology.

Ord, with a total of 87 points, won the commercial contest with no close competition. Ord contestants more than doubled the score of their closest opponent, Arcadia, who received 42 points.

Yvonnea Cumming placed fourth individually in the novice one-minute typing test. In the advanced fifteen minute typing Ord's team placed first with James Milliken first and Delta Marie Hoyt second, as individuals. Olga Vodehnal received first and Delta Marie Hoyt second in the one-minute accuracy test.

The advanced shorthand team placed first, with Olga Vodehnal and Delta Marie Hoyt first and second as individuals. The beginning shorthand team placed first also. Darlene Anderson, Mildred Smith, and Maxine Johnson ranked first, second and fourth as individual entrants. The bookkeeping team was first, with Ethel Hower and Donna Burrows first and second as individuals.

The declamatory events made up the afternoon and evening's program. Arthur Auble won first in the extemporaneous division thereby securing that plaque for his school. Kathryn Holub took second in the humorous division with the reading "In the Doctor's Waiting Room." Venus Potts of St. Paul placed first with "Tipping Off the Teacher." Ramona Foreman placed third in the dramatic division with "Camille." Phyllis Wichey from Burwell read "His Masterpiece" to receive first.

"My Lady's Lace" Ord's one-act play, was awarded first in that division, and so was presented another plaque. These two trophies, in addition to the one presented to the commercial students, makes a total of three Ord won out of the six given during the day.

Ribbons which indicated the subject and the rank of the individual were given to all students placing either first, second, or third in any event. Ord contestants received eighteen ribbons; eight firsts, seven seconds, and three thirds.

Ord Winning Fame As Horse Market

Thanks to the Weller Auction company, Ord is rapidly winning state and nation-wide fame as a horse market. Almost every Saturday this spring, five or six eastern horse buyers have been present and the number of horses and mules sold has been well up toward the 200 mark on several Saturdays.

A larger offering of horses and the usual large offerings of cattle and feeder pigs are promised by Col. E. C. Weller for this week.

HELP WANTED.

I want one or more persons in each township in Valley county to circulate petitions, asking to have submitted to the fall election, the proposition of a smaller, less expensive, one house legislature. I think everyone will be willing to let the people say, with their ballots, whether they want this change made or not. I will pay cash to get this work done at once. It is not a kid job. Your money is ready when the petitions are turned in. H. D. Leggett.

Ten Most Valuable Stamps in World Worth \$150,000, Noll Tells Rotarians

Ord Philatelist Gives Talk On Hobby; Says Ging George Also Stamp Collector.

If a stamp collector were to assemble, by purchase, one copy each of the world's ten most valuable stamps, he would have to spend at least \$150,000, said Robert Noll, Ord seedman and amateur philatelist in an interesting talk on stamp collecting before the Ord Rotary club Monday evening. The stamp commonly thought to be the most valuable in the world is the collection of the late Arthur Hine, of Buffalo, N. Y., and is valued at \$50,000, he says.

"Stamp collectors, or philatelists, are commonly looked on as 'nuts', Mr. Noll said, 'rabid along one line but otherwise perfectly harmless unless unduly prodded'."

He then went on to show that down through the ages people of all types and classes have been bitten by the "stamp collecting bug," from the raggedst urchin and his sister on our own streets, through the business and professional classes, up to and in-

cluding King George of England and President Franklin D. Roosevelt.

Other well known stamp collectors mentioned by Mr. Noll include Lillian Harvey, Theodore Steinway, Jimmie Durante, Ellis Parker Butler and many more.

Real pleasure and success can hardly be attained in stamp collecting without a definite plan, the Ord collector says. The mere accumulation of a vast number of different and unrelated stamps is not, in a truly philatelic sense, a stamp collection. He says that many of the most interesting collections in the world contain a relatively small number of varieties.

When one begins to collect stamps, Noll advises him to ask himself, "What shall I specialize in?" He may decide to collect foreign, singles, blocs (four or more stamps joined in some way), bi-colors, surcharges, air-mails, precancels, United States stamps, or any one of a hundred others.

John Viner's Truck Overturns In Ditch

Last Friday John Viner, the truckman, was driving north on the narrow highway just across the river from Ord, which is skirted on either side by a deep ditch. Shortly after passing the Brox place his steering mechanism stuck and his truck went headlong into the ditch, landing on its side in the deep water. John extricated himself unharmed and called the Chevrolet wrecker. The water, the depth of the ditch and the steep bank made it an unlikely place to park a truck, but the wrecker got it out all right. However, traffic was blocked for a while until a goz or more cars driving south were held up. Cars going north fared a little better for they could drive into the Brox yard, turn around and drive away if they desired to. The truck was not much harmed. A kindly spirit must rule over this turnpike, for Mrs. Hather ran her car into the same ditch a few months ago and was not harmed.

Mrs. John Burian Dies On Morning Of Husband's Funeral

Burwell, April 9.—(Special)—John Burian passed away here on Tuesday, April 3, after an attack of pneumonia. As preparations were being made to bury him Thursday morning his wife, the former Mrs. Anna Kamarad of Ord, passed away also.

Mrs. Burian was born Nov. 11, 1868 in Moravia and came to Ord in 1899. Married in Moravia, his first wife died, and he was married to Mrs. Kamarad in 1931.

Mrs. Burian was the father of ten children but all of them preceded him in death except Mrs. Anton Pokorney, who lives near Ord.

Dr. Miller's Mother Is Laid To Rest

Funeral services were held at the Sowl chapel Friday, April 6, at 2:00 p. m. for Mrs. Emma Miller Rosenbalm, who passed away here on April 3, senility being the cause of death. Rev. L. M. Real conducted the rites and interment was in Ord cemetery.

The deceased was born in Geneseo, Henry county, Illinois, on Oct. 18, 1850, the daughter of T. M. and Nancy Brown. She was married there in 1870 to James M. Miller and to them four children were born, two of whom survive.

They are Mrs. J. F. Rosow, now of Lohrville, Ia., and Dr. Clinton J. Miller, now of Ord. One other child died in infancy and another, Vernon, died in 1918 as the result of an accident.

The husband passed away in 1916 and in 1917 Mrs. Miller was married to H. B. Rosenbalm, with whom she lived happily at Blair, Nebr., until his death in 1927.

In December, 1932, Mrs. Rosenbalm came to Ord to make her home with her son, Dr. Miller, and family and here she made many friends who mourn her death. She was a member of the Rebekah lodge and the Women's Re-Be-ka.

—A 7½ pound daughter was born Wednesday morning to Mr. and Mrs. John Goddard at their home. Dr. K. C. McGrew was the physician in charge and Misses Pearl Shirley and Jessie Adams are taking care of mother and baby, who are doing nicely.

MAYOR MOSES ISSUES CLEAN-UP PROCLAMATION

April 15 to 22 Is "Clean-up And Paint-up" Week in Ord, Says Ord Mayor.

William H. Moses, mayor of Ord, this week issued a proclamation in which the week of April 15 to 22 is designated as annual "Clean-up and Paint-up Week" in Ord.

In his proclamation Mayor Moses stresses the fact that all over the United States cleaning and painting will be done during this week, for it has been designated as a national event.

He calls attention to the fact that cleaning-up, when applied to the lawns, homes, business places, parks, streets and alleys of a city, not only makes the city a prettier and more healthful place to live but also is desirable as a fire protection measure.

All citizens should read the full text of Mayor Moses' proclamation on page three of this issue and should co-operate to the fullest extent.

Inspecting Sealed Corn. Inspector E. L. Vogt, of St. Paul, representing the Commodity Credit Corporation, has been in Valley county engaged in the work of checking and inspecting corn sealed under the federal corn loan plan. Inspector Vogt reports that he is pleased with the cooperation extended by borrowers here.

The work of all local sealers will be checked and as many individual loans inspected as time permits. Where conditions violating the terms of the loan agreement are found, every opportunity will be given the borrower to make necessary changes before further action is taken.

5-Year-Old Boy Dies Of Bright's Disease

Robert Merlin, 5-year old son of Mr. and Mrs. Clarence Guggenmos, passed away Saturday, April 7, at his home 14 miles north of Ord, after an illness of only one week with Bright's disease, his sudden death bringing great sorrow to the neighborhood.

The lad was born May 29, 1929 in Horace and is mourned by two brothers, Eldon and Virgil, two sisters, Darlene and Della Mae, his parents and many other relatives.

Funeral services were held at Sowl's chapel in Ord at 2:00 p. m. Tuesday April 10 and interment was in Ord cemetery. Rev. M. C. Smith conducted the last rites.

Margaret Mallender Dies

Miss Margaret Mallender, 29, a sister of Miss Julia Mallender who was a nurse at the Ord Hospital for several years, passed away last week in Denver. The body was brought to Spaulding, her former home, for burial Sunday. Ord friends who went there to attend the funeral were Mr. and Mrs. Guy LeMasters, Norma Mae Snell, Mrs. Ed Zikmund and son George, Mrs. J. J. Mella, Mrs. Will Treplew and Miss Sophie McBeth.

—William (Pike) Hill drove to Stapleton Saturday, returning Sunday, having accepted as a position as business manager and linotype operator. He will go to work next Monday.

OLDBERG, THOMAS HONOR GUESTS AT 'VICTORY' DINNER

300 People Attended Banquet In Ord Last Night To Honor Washington Officers.

Almost 300 men and women, representatives of every town and farm community in the upper North Loup valley, were present last evening at a banquet given in honor of Major C. M. Oldberg and Mr. B. F. Thomas, engineers from the Public Works department at Washington, D. C., who arrived in Ord yesterday to make an inspection of the North Loup power and irrigation project and make a final report to Harold Ickes, secretary of the interior.

The affair was hailed as a "victory banquet" although formal approval of the project has not yet been given. The coming of Engineers Oldberg and Thomas is, however, an indication that the PWA is giving the project every consideration and local irrigation boosters are so positive that it will bear inspection that they are sure of approval now that the PWA has investigated it at first hand.

With the Washington men to Ord came John Latosky, J. Omaha, and J. E. Lawrence, Lincoln, members of the Nebraska PWA Advisory Board, which has recommended the North Loup project in the most glowing terms. Also present is N. T. Veatch, Jr., of Kansas City, member of the engineering firm of Black & Veatch, who made surveys of the project and will superintend construction if it is approved.

This party arrived in Ord late yesterday afternoon, too late in the day to make an inspection of the valley north of Ord. Inspection work is being done today and by tonight it is hoped that Messrs. Oldberg and Thomas will be prepared to forward a favorable recommendation to Washington and recommend that the project be allowed immediately.

The North Loup valley region is fortunate in that the Public Works Department sent such conscientious and able engineers to Ord. Major Oldberg, chief of the party, is nationally famous as an irrigation and flood control engineer and Mr. Thomas, formerly a consulting engineer in St. Louis, is almost equally well known for his work as a hydro-electric expert. They were sent direct from Washington to inspect Nebraska projects and are inspecting this one first of all.

Joe J. Jablonski Files For Supervisor

Yesterday Joe J. Jablonski, a popular farmer of the Elyria neighborhood, appeared in County Clerk Kilma's office and filed as a candidate for supervisor, Dist. No. 1, on the democratic ticket. Mr. Jablonski is well known throughout this district, which is composed of Elyria, Noble and Eureka townships. He is a shrewd and successful business man-farmer and his candidacy is bound to be a strong one.

This district is represented now by Morris Sorensen, a democrat, who has not yet filed for reelection. Jason L. Abernethy is a candidate for the republican nomination in this district.

Another supervisor candidate is S. V. Hansen, who filed late yesterday for the republican nomination in the Arcadia district. Mr. Hansen is now serving his first term and is chairman of the board.

4th Liberty Bonds Called by Treasury

All the Liberty bonds 4 1/4 per cent bearing serial numbers ending with the digits 9, 0 or 1, are called for payment on April 15, 1934 and interest on all such bonds will cease after that date, the Quiz is informed by Ord bankers.

Bonds are redeemable in cash or in exchange for the new issue of 3 1/4 per cent Federal Farm Mortgage Corporation bonds, which are unconditionally guaranteed by the United States government both as to principal and interest. The time is short in which to present the "called bonds" for payment or exchange. Both of the Ord banks will gladly assist the public in the exchange or collection of their 4th Liberty bonds.

—Mrs. Chas. Mottl returned home Sunday after spending a week in the homes of Mr. and Mrs. Vincent Kokes and Mr. and Mrs. Alvin Foth, of Burwell. She is a sister of Mrs. Kokes.

THE ORD QUIZ

Ord, Valley County, Nebraska

H. D. LEGGETT PUBLISHER
E. C. LEGGETT EDITOR
H. J. McBETH FOREMAN

Entered at the Postoffice at Ord, Nebraska, as Second Class Mail Matter Under Act of March 3, 1919.

This paper is represented for general advertising by the Nebraska Press Association

My Own Column

By H. D. LEGGETT

I marvel that there is a single Nebraska publisher who is not a member of the Nebraska Press Association. Yet more than 25 percent of them are not members. Twice in the past two weeks confidential bulletins have come from the office of Secretary Sanford bringing information that I couldn't afford to be without, information that will probably pay me in dollars and cents all that my membership cost. Those publishers who do not belong do not get this confidential information and those are the publishers who are making the most mistakes. Every publisher in the state who does not belong, does profit a great deal by the work done by the association, profits but doesn't pay any of the expense, in other words, those publishers are, are, are, no I won't say it but you all know what they are.

"A couple of weeks ago Friend Leggett of the Ord Quiz wrote a long spell about the code of fair competition, and that a person was not permitted to run his own business. Do not get me wrong, Mr. Leggett was in favor of the code and said he was willing to do everything in his power to help the administration. More power to him, is our remark. However, we are wondering if the government ordered him to start printing an Arcadia section in the Quiz. Certainly that is hardly in keeping with the code of fair competition. Moreover, the way we take it is that his editor in Arcadia is working on a percentage basis, and we hardly believe that is according to Hoyle."

I have clipped the above from the personal column my friend Krikac writes for his Comstock News. My Arcadia manager is working on a commission basis, as has been plainly stated in the paper the past two weeks. If that is contrary to the code, I have not been so informed. I am told that most solicitors of business for the big job printers work on a commission basis. Anyhow, I am sure glad my friend Krikac took me to task, for it gives a chance to let him about collecting job work in Ord, Ericson and all over the country. Of course he didn't get much in Ord and what he did get, was at a price about half the price quoted by Franklin. There is an old saying to the effect that one should first wash his own dirty hose before finding fault with his neighbor's smelly sock. I think my good friend from Comstock had better pipe down for surely he is going to have some things to explain the first time the code committee has a meeting.

Oh Burlington we beg of you To give our railroad back, Give us a train that runs by steam Upon our railroad track.

Give us the good old engine With her whistle, bell, and dome And stick this street car in your grip And take the d— thing home.

—A. B. Ayres, Comstock, in Comstock News.

I don't know whether Mr. Ayres is a trucker or not, probably not, but, anyhow, if the merchants and farmers of Comstock and vicinity and of all the other towns along the lines of the Burlington, had continued to ship their merchandise and livestock on the railroad as they used to do, there would have been no curtailment of train service. Practically every one travels with a car instead of on the railroad. When a merchant begins to lose trade he cuts down on expense, lays a clerk off now and then, discontinues his delivery service and tries to bring his expense within his income. That is what the Burlington and all the railroads are doing. They have got to do that or go broke. And I predict that the time will come when there will be no trains running up these valleys. The business will be handled with trucks and when the railroad is gone the truckers will organize and we will be sorry we quit patronizing the railroads.

In writing last week to renew her Quiz for another year L. Estella Parsons said: "I enjoy the Quiz very much, it is just like a dozen good letters from home each week." Of course such a testimonial pleases me and I am sure our good friend will not object to being thus quoted. I am also glad to know that she enjoys the calendar and hope she will be sending some recipes soon. She says they have moved to Denver from Littleton and has her paper changed to the new address.

There are quite a lot of subscri-

ers who are in arrears and I am having to take them off the list as fast as I can get to it. Took a batch off today. I can't keep the paper going unless it is paid for and it hurts every time I have to take a name off the list.

I wonder just how much importance might be attached to spring election returns over Nebraska. Anyhow, some republicans are getting some comfort out of the returns where party tickets were put up, for they claim a decided trend in their favor. One Nebraska city which has been democratic for ten years, swept the democrats out and installed republicans. Another trend, in many instances the "ins" were knocked out, and republicans generally, being "outs" take this as a good omen. Well, we shall see later. It is too early to risk much on 1934 political results. I do think it is a poor time for republicans to give up hope though.

If the democrat leaders would slip out some day soon and talk to the farmers of Nebraska, and get the word loud and clear, they would decide that it is time to quit their fighting and get organized for the campaign that is coming on fast. It is time the democrats of Nebraska quit kidding themselves and unless they do they are in for a good drubbing at the hands of the voters this fall.

I believe what the farmers of Nebraska would like to see is the nomination of some able, progressive young man for senator, a man young enough so he can grow into a useful senator. One term in the senate is just about enough to let a man get acquainted and get where he can begin to be some account to the state. There is no chance for an old man to start in and hope to ever stay there long enough to be a real asset to the state.

If Emerson Purcell should be elected to congress we would have a representative who would turn a sympathetic ear to any Valley county man or woman who was in need of his services. Mr. Purcell served his district in the Nebraska house, then served his senatorial district three times in the senate. He has been on the state board of agriculture all the time since 1912 and was president of the board twice. He has served five years on the state park board since 1926, resigning the other day to devote his time to his political campaign. Yet, I do not call Mr. Purcell a politician. Most of his public service has been of a nonpartisan nature. He has been a member of the Nebraska Hall of Agricultural Achievement since 1928 as a recognition of his outstanding service to Nebraska agriculture. He has been a member of the official board of the Nebraska State Press association for many years, serving without pay. He is recognized as the leader in Nebraska in the securing of more and better recreation parks for the people of the state. He has always been affiliated with the democrats, when a candidate has run on the democrat ticket, but after he was elected he has known no party in the conduct of the duties of his office. In other words, he has probably been the most non-partisan man in the state while holding office. Is that the kind of a man we want as our congressman? I believe that it is and I believe that Emerson Purcell is going to get a wonderful vote in Valley county when primary day comes.

It is important, when using a clinical thermometer, to cleanse it, before using, in good, hot water, and then not shake the mercury down, to be sure of a high test.

Sure we are going to get the power and irrigation project, but I don't know just when the announcement of approval will come.

They say a new broom sweeps clean. I wish Mayor Gould Flagg and his crew of councilmen would decide to see just how much they can improve the looks of Ord during their terms in office. Ord is a mighty fine town now, but there are a lot of ways that it could be improved in appearance and that at a very small outlay of cash, which cash could be spent where it is needed.

Lester Greenback publishes a newspaper in Kansas, we read in trade paper. Well, Mr. Gold runs a store in Lincoln—Frank Edgecombe in Nebraska Signal of Geneva.

And Charley Silver runs a farm south of Ord and will chuckle when he reads this item in the Quiz this week.

I just discovered the telephone number in Frank Edgecombe's Geneva Signal office, is 17, the same as the Quiz and now I know where a lot of the business I should have had the last couple of years, has gone.

I see the New York Stock Exchange is willing to help congress fix up the new law to govern the exchange. Of course congress should let them help and when a criminal is put in prison the jailer should give him a key and show him how to get out. Be the same thing.

The only way to reduce the present high taxes is to reduce the high cost of government. Of course we won't do it but we could. If everyone would go back to living like we did 40 years ago in everything, there is no reason why the cost would be greater than it was then.

"Wholesale thievery in high places" is the way Arthur Brisbane tells about it. The Wall Street stock gamblers don't want

to be regulated, yet the record shows that they unloaded many millions of worthless stock upon a credulous public, with nothing done about it but talk. And some of the biggest bankers in the nation were parties to those gigantic steals. Then when a little state officer in Nebraska seeks to garner a few shekels, a great hue and cry goes up.

Those of you who are getting statement cards, I wouldn't send them if I didn't need the money to use in paying running expenses. The pink postage free envelope enclosed will be safe to use in sending one or two paper 50c dollars and I will appreciate it.

And those of you who have daily papers expiring and are going to renew, those 50c commissions that I get help and it don't cost you a cent. Just as well let me send them in and save yourself the postage. Phone me to send it and come in the first time you are in town, if your paper is liable to stop, I had to wire one in the other day to save the man's insurance from stopping. No use to wait that long. Do it now.

THE COOK'S COL-YUM, YUM!

Sour cream is a most useful cooking material, and one that city dwellers are mostly denied, as cream is so high priced they cannot afford to let it sour and use it. But most Ord and Valley county residents have plenty of sour cream, and know well how to use it.

Sour cream must be used skillfully or it will ruin more dishes than it will improve. The sourness and thickness of the cream have much to do with the results obtained, so when you send in your cream recipes, try to be as exact in your directions as possible.

The Quiz would be very glad to receive more sour cream and sour milk recipes to use in this column. Sour milk and cream, so costly when you do not have them, so rich and helpful when you do, is plentiful hereabouts, and there are myriads of good uses for it. Please send in your best recipes for using either one, we will be glad to print them.

Quick Sour Cream Cake.
Combine one cup sugar, one cup sour cream, one egg and enough flour to make a medium thick batter. Add a dash of nutmeg and a scant teaspoon of soda.

Apple Cream Pie.
Mix together three-fourths cup sugar, two tablespoons flour, add one cup thick freshly soured cream, one beaten egg, one-half teaspoon vanilla, a pinch of salt and beat until smooth. Add to two cups of finely chopped apples and mix well. Pour in a pastry lined pan and bake until the apples are done or about twenty-five minutes.

A great many things can be done with home butchered beef and pork, and some very delicious dishes are made from them in Valley county. Please send in your recipes.

Pickle for Beef or Pork.
For each one hundred pounds of beef, combine nine pounds of barrel salt, four ounces of salt peter, two ounces of saleratus, two quarts of molasses or two pounds brown sugar, add water enough to make the brine cover the meat. Scald the brine, skim and let cool before pouring over the meat.

Mrs. Mid Garner.

Head Cheese, Pork.
Clean the head cut in quarters and cook in water until the meat falls from the bone. Put a cloth in a good sized vessel, letting it hang over the edges. Cut fat part of the pork and line the bottom of the pan. Then put a layer of lean meat, then a layer of fat. Fill the pan, putting the last layer of fat. In between each layer put a little salt and allspice. Use about one teaspoon of allspice to a head cheese. Cover closely with the corners of the cloth. On this place a flat plate or lid. Put heavy weights on top, using flat irons or bricks. Let stand overnight and it will be ready to use.

Lucille Johnson, Mullen.

Rice Pudding.
Wash one-third cup rice, mix with four cups milk, one-half teaspoon salt, one-third cup sugar, grated rind of half a lemon, and pour into a baking dish. Bake three hours in a very slow oven, stirring three times during the first hour of baking to prevent rice from setting. Raisins or prunes added to the above are delicious and add variety.

Rose Klapal, Comstock.

When You And I Were Young Maggie

25 Years Ago This Week.

David Squires was home from the state university for a few days. Mr. and Mrs. R. M. Cushing and son, Frank, who had recently returned from Texas, spent a day with the A. Ward family, the occasion being Mr. Ward's 67th birthday. Both were Valley county pioneers and old friends.

Work had been commenced on the cement buildings west of the bakery in Arcadia, which was expected to be a nice improvement to the business district of that village.

A pair of half-breed Indians from South Dakota drove 13 head of horses into Ord and sold them to J. W. Carkoski and Albert Ranch. A few days later a rancher from Holt county came to Ord and, replevined the animals, as they had been stolen from him. Later one of the thieves was caught at Butte, Nebr.

John Boyce and Miss Maude Mc-

Tom Borovka was hauling lumber for a new corn crib and granary on his farm near Comstock. Clary were married at the home of the bride's parents near Arcadia.

20 Years Ago This Week.

The Fred Hather blacksmith shop was sold to J. S. Davis of Aurora. The new blacksmith was no stranger to Valley county, as a few years before he served as pastor of the Methodist church at Arcadia, retiring from the ministry because of poor health.

Little Richard Mutter suffered internal injuries when he fell from the delivery wagon driven by George Dworak.

Much excitement was caused in Ord by a man getting off the train from Burwell with a bad case of smallpox. He had boarded the train in the dark, which accounted for Conductor Hanna not noticing his condition. He was promptly taken back to Burwell and officers of that city just as promptly transported him to his home in the country and placed the house under quarantine.

John Cepelka, of Granum, had filed as a republican candidate for governor. All of the state papers reprinted his letter to the secretary of state, with ironic comments thereon.

Peter Hallen bought the Ord electric light plant.

Something DIFFERENT

We may not be able to understand Einstein's relativity theory, but we can draw comparisons of our own. But when we are comparing while very young, we are as adults sometimes surprised.

A young man from a little Nebraska community ran away from home at fourteen to make his fortune and succeeded. At the age of forty-five, now a famous engineer, he stopped off overnight to visit with a brother in the little home town, whom he had not seen in many years.

Driving from the railroad station out to the brother's farm, the little car crossed a small bridge over a creek, just a little harmless Nebraska "creek." "That's Turkey Creek," the Nebraska brother stated briefly.

The visitor was aghast. "That's Turkey Creek?" he repeated in amazement. "Why, all the time I've been away from home I thought of Turkey Creek as a big thing, a mile or so wide, the way it seemed to me at floodtime in the spring, as a small boy. Here I've been in South America and seen the Amazon, and I've worked on projects on the big Yangtze in China, I wasn't awed a bit by the Nile in Egypt, and the Mississippi didn't look so large to me because all the time I'd be saying to myself, 'Well if they think this is a river they ought to see Turkey Creek at home.'"

"And that little riffling thing is the Turkey Creek I've carried about in my vest pocket for years, using it to measure all these big rivers by!"

—Oo—
Bert Cushing writes a note to say he appreciated my remarks about Dr. Shepard, and he has a little anecdote of his own to add.

Shortly before the arrival of Tommy Cushing, now a long-legged young man in high school or university, I am not sure which, Mr. Cushing called Dr. Shepard to the aid of his wife. Bert was pretty excited at the time. So was Laurie, I deduce.

When Dr. Shepard came, he subsided into a chair by the bedside and began to talk to the young couple. He had just returned from a call in the country, so on this occasion in place of pacing the floor or doing anything spectacular, he sat there chatting quietly and soothingly.

And what do you think he talked about?
His amusing little story was of a poor bunny blinded by his headlights, that couldn't get safely away into the dark. "The little rabbit would run now this way, and then that way, now this way and then that way. He just dodged back and forth, the frightened little fellow."

Now Bert can realize that Dr. Shepard's way was the best way, but at the time it happened, he remembers that he was quite disgusted because Dr. Shepard didn't do something, but simply sat beside his patient and tried to help her pass the time without alarm or confusion.

If you want to know how Mr. Beran and Mr. Stiehler can get at their fishing so early in the season, I'll tell you. The earliest warm days, whether of winter or spring, find them trudging north with long fishing poles to try their luck, while other would-be-fishermen haven't any bait to use.

Mr. Beran nurses those worms all winter. In the fall he starts taking care of them, feeding them balanced worm rations all winter. Those worms get their proper X, Y, and Z vitamins all winter and when spring comes they have so much fish-appeal that the fish fight to climb on Mr. Beran's hook at the price of such a luscious, juicy worm for their last fishy meal.

Frank Gross hastens to write from Abilene that nine minutes is long enough for any rat to run. You remember nine minutes was the longest the beer-fed rats could run, much short of the time coffee-fed rats and milk-fed rats could run in a treadmill to test their endurance on the different diets.

Mr. Gross is one of those people with a red nose who invariably states, when it is admired, "Well, it ought to be pretty; it cost me plenty to get it just this shade!"

BACK FORTY

By J. A. KOVANDA

Cold resistant corn may lessen our drought problem in the future. Corn grown in April might then develop before the hot, rainless periods of late summer. June planted corn would survive the early frosts which ordinarily cause soft corn.

Frostproof corn was first produced at the Wisconsin station. By sprouting kernels in iceboxes, it was learned that one kernel out of several thousand will sprout at temperatures ten or more degrees below normal. After twelve years of work, a corn was secured which can be taken into the far northern counties and planted two weeks ahead of other corn.

Three huge electric refrigerators of two and one-half ton capacity were used in Illinois cornfields for similar purposes. The boxes were moved about the fields with tractors, lifted high in the air, and brought down over any desired plants. It was discovered that some corn plants were frozen to death at 40 degrees Fahrenheit while others continued to live and grow at 23 degrees. Selections from the latter are immune to frosts—and corn growers will note that an early frost is always followed by several weeks of beautiful corn growing weather. Cold resistant corn has greatly extended the northern limits of the corn-belt.

Corn that is inbred or self-pollinated for several years becomes small and weak, and has about one-third the size and yield of the original plant. When two such inbreds are crossed, however, the crop from the resulting seed is remarkably restored, and it grows to even greater size than the original corn. It is called hybrid corn.

Hybrid corn in Nebraska will outyield ordinary corn from 15 to 25 percent. Hybrids in Iowa averaged 14.7 percent above open-pollinated corn in 1933.

Hybrid seed may be purchased this spring from several different sources. The Nebraska Experiment Station has a limited amount on sale at prices ranging from 50 cents to \$1 a peck. It can be obtained by writing to the Department of Agronomy of the College of Agriculture at Lincoln.

Hybrid seed corn should not be used longer than one year. The improvement from crossing inbred strains is only temporary, and a new supply of seed must be secured each season. If planted the second year, a smaller yield is obtained than from ordinary seed.

PROCLAMATION

WHEREAS, the week of April 16 to 23 is National Clean-up and Paint-up Week, and

WHEREAS, this worthy movement has in the past resulted in many advantages to community life throughout the United States in safe-guarding Health, in promoting Thrift, in furthering Fire Protection, in stimulating Civic Pride and in making the city more beautiful, and

WHEREAS, it is deemed advisable and proper that Ord shall participate in this nation-wide movement, therefore

BE IT RESOLVED,

That the aforesaid week, April 16 to 23, is hereby designated "Clean-up and Paint-up Week" in the City of Ord, Nebraska, and

EVERY CITIZEN is hereby called upon to devote this week to a persistent and constructive effort to clean up our city by raking his lawn and burning the debris; having all ashes, tin cans and other unsightly and unhealthful trash and garbage removed from his premises or from streets and alleys adjoining; making minor repairs about his premises, to the end of beautifying the same; doing such painting, papering or cleaning within or without his home as his circumstances permit and as he desires; preparing flower beds ready for seeding; and in every other manner observing the spirit of the aforesaid "Clean-up and Paint-up Week."

Given under my hand and official seal this 11th day of April, A. D. 1934.

Attest:

6 WOMEN WENT SHOPPING

They ALL found what they wanted
IN THE NEW LEONARD

Almost any six women, setting out to look at electric refrigerators, will start in six different directions. Each will have in mind some single feature or quality she wants above all others.

Isn't it interesting that so many such shoppers—each with a different idea of what a good refrigerator really is—find "exactly what they want" in the Leonard Electric? The reason is that the new Leonard is the complete refrigerator. No woman need sacrifice any desirable feature to get others she values more.

See the new Leonard at our showrooms, before you decide on any electric refrigerator. There are 11 beautiful models (5 all-porcelain)—product of 53 years' experience in building household refrigeration to suit all tastes, all needs and all incomes.

TEN MOST VALUABLE STAMPS WORTH \$150,000

(Continued from Page 1)

cause, decide to collect United States stamps. Youngsters, on the other hand, usually collect foreign stamps.

Mr. Noll and his wife, who is also interested in philately, decided some time ago to specialize in pre-cancelled stamps. In the beginning they struck a bargain with youngsters of Ord who were collecting foreign stamps, to trade a foreign for each U. S. pre-cancel stamp and girls could collect. This accounts for the enormous rummaging in waste baskets of business men. The boys were looking for pre-cancelled stamps to trade to the Nolls for foreigners. Another Ord Rotarian mentioned by Mr. Noll as a collector of pre-cancelled stamps is John Goddard.

"The 1933 Stamp Standard lists 1,030 countries issuing stamps and up to December, 1931, the varieties of all stamps throughout the world had reached the amazing total of 80,000," Noll told Rotarians. During 1932 in the United States there were 20 different issues; this year has already brought a special Mother's Day Stamp and a 3-cent Tercentenary commemorating the founding of the state of Maryland, with a new presidential issue to come later.

The first regular government

issue of stamps was in 1847, a 5-center, the Ord stamp collector related, although from 1845 until that date provisional issues were made by postmasters. Until 1890 all stamps in this country were manufactured for the government on contract by various printing establishments and since differences often occurred in paper and ink, as well as secret marks put on the stamps by their makers, many differences occurred. In 1890 the Bureau of Printing and Engraving was established and since then the government has made its own stamps.

The pictures of 17 presidents have appeared on stamps and since there are 29 presidents dead and one living it will be seen that 12 never before pictured will appear in the Presidential issue to be made this year. Up until now only one living president has ever been honored by a stamp issue—Warren G. Harding.

Mr. Noll made the entire subject of stamp collecting most interesting to his hearers. In addition to portraits of men, women and children, stamps frequently bear pictures of ships, elephants, bicycles, motorcycles, aeroplanes, monuments, landscapes and seascapes, birds of every variety, fish, maps, alligators, toms, battles, dragons, camels and an endless list of subjects and objects. Some collectors specialize in these types—for instance, a friend of Mr. Noll specializes in "map stamps" and has a most valuable and interesting collection.

Philatelists seldom make money at their hobby, Noll says, although he mentions the case of one collector who invested a half million dollars in stamps and another half million in railway stocks. When his estate was closed up after his death the executor realized almost a million from sale of the stamps and barely \$28,000 from sale of the railway stock.

THE FOOD CENTER

Mrs. Oscar Enger Is Laid To Rest

Rev. L. M. Real conducted the funeral service for Mrs. Oscar Enger Thursday afternoon in the M. E. church, preaching an able sermon that brought comfort to her family and the many friends who crowded the church and followed the bier to Ord cemetery, where the deceased was laid to rest.

A quartet composed of Madams A. S. Koupal and Jos. J. Barta, Messrs. J. R. Stoltz and F. L. Blessing, sang several numbers with piano accompaniment by Mrs. M. J. Cushing.

Pall bearers were Carl Sorensen, Chris and Axel Lindhart, Carl Anderson, Carl Zeiger and Will Nelson, all neighbors and friends of the Enger family during their long residence on a farm northeast of Ord. Honorary pall bearers were Fred Kuehl, Chris Christensen, Gust Rose and John Olsen.

Mrs. Enger passed away at her home here on April 3, after a long illness with cancer. She was 64 years old and had lived in the Ord community since 1895.

—Max McLain, who was ill for several days, was able to return to his school work last week. Monday he went to school but became ill and his mother, Mrs. Stanley McLain, had to take him home. He was improved Tuesday but has not been able to take up his school work.

Personals

—Fred Seery of Ballagh and John Lenners of Virginia, Nebraska were in Ord Tuesday and each purchased a young Percheron stallion from Harry Bresley, trucking their purchases to their homes. Both of the horses sold were fine dapple gray specimens. Mr. Bresley has a number of stallions left and will have an announcement regarding them next week, which horsemen should watch for.

—Ord relatives learn that Anton J. Bandura, of Gilman, Minn., husband of the former Mary Zulkoski, for years a popular clerk in the old Peoples Store, has been called to Fort Snelling for six months' duty with the CCC, with rank of captain, infantry reserves. It is also learned that an 11 pound baby arrived in the Bandura home March 31, which makes five boys and three girls in this fine family.

—James F. Barnes, who has been visiting relatives in New Buffalo, Mich., writes that he is

North Loup News

Fred Swanson went to Polk Tuesday to attend the funeral of a brother-in-law, John Menssen, who passed away at St. Francis hospital Monday morning.

Mr. and Mrs. Adam Copke of Bassett spent several days last week with their son Will Cook and family. Mr. Cook is still in a serious condition.

Mrs. Lois Gross reports that her mother, Mrs. Stella Parsons, who has resided with her brother and family, the Roy Colemans, at Littleton, Colo., has recently purchased a nice little home in Denver where she will now reside.

Three car loads of ladies from the NoLo and Portnightly clubs of this city and others from the clubs of the vicinity drove to Burwell Thursday to participate in the inter-county club arts contest which was held at the M. E. church in Burwell. NoLo placed first in drama and poetry, also second in short story writing.

The NoLo club placing first in their play "The Grapes Hang High," actresses being Madams Myra Hutchins, Betty Manchester, Prudence Dallam and Miss Norburg. The play was coached by Miss Inez Hutchins of the Portnightly club. Mrs. Jessie Babcock placed second in her story, Myra Barber fourth. Mrs. Babcock placed first in her poem, "The Catbird." Those placing in needlecraft were Mrs. Mary Clement, first for her quilt which received much praise from the assembly, the work being done at past eight years of age. Edith Bartz placed first with a rug made by her mother many years ago. Mrs. Dallam second with her oil painting, Inez Hutchins second on lunch set. Mrs. May Miller of the Neighborhood club placed fourth with her poem "There are no little things." Altogether the occasion was most inspiring. The dinner and hospitality of the Burwell ladies was much to be commended.

Mr. and Mrs. Edwin Schudel and family were Sunday dinner guests in the Otto Bartz home.

Miss Fannie McCrellan accompanied her niece Miss Mildred Campbell of Ord to Clay Center Saturday where the ladies enjoyed a visit with relatives until Sunday evening.

Mr. and Mrs. Lester Kizer and family were Sunday guests of Mrs. Ericson were Sunday guests of the latter's mother, Mrs. Eva Kizer.

"Friendship" was the general theme of the NoLo club's guest day entertainment on Tuesday afternoon of last week at the home of Mrs. Beulah Earnest. Mrs. Cora Hemphill was in charge of the afternoon's very pleasant season of fellowship in which about sixty ladies participated. The club read in unison its pledge, "Let us be kind," following which was the singing of one verse of "Auld Lang Syne." Each lady present responded to roll call by naming a friend of former days accompanied by a special significance of such friendship. A second stanza of this old song was then sung, after which Miss Inez Hutchins entertained with musical reading, "My Mother's Wedding Gown." Mrs. Hutchins wearing the wedding gown of Mrs. Esther Babcock. A solo, "Sittin' Thinkin'," was then rendered by Mrs. Babcock. Following this, "Friendship" with its fine qualities was pleasingly analyzed by several club members, closing with a solo, "Friend of Mine," by Mrs. Babcock. The company of ladies was then divided into five groups, each group performing an original stunt. During the social hour delicious refreshments were served by Mrs. Earnest and the assisting hostesses, Madams Jessie Babcock, Della Sayre, Mary Davis and Nina Johnson.

North Loup high school students and the 7th and 8th grades and country students who were present for the spring examinations Friday listened with interest to the presentation of Mrs. Myra Barber's patriotic and original play entitled "Foundations," which was presented in the auditorium in commemoration of the 17th anniversary of the world war.

Mrs. N. C. Madsen is confined to her bed for a period of three months due to a weakened heart. The Madsen sisters, Mrs. Agnes Manchester and Mrs. Freda Ready spent Easter Sunday with their people here. The ladies returned Sunday afternoon to their school duties at Wallace. Terry Carpenter Files for Governor

Terry B. Carpenter, of Scottsbluff, at present Congressman from the 5th district, has filed on the democratic ticket as a candidate for governor. In a statement released Monday he says that if elected he will give full support to the NRA and other phases of the Roosevelt program, will undertake a vigorous school re-

health unto thee, and I will heal thee of thy wounds, saith the Lord."

A passage from the Bible used in the lesson-sermon is from Romans 7:18, 19, 21: "For I know that in me (that is, in my flesh,) dwelleth no good thing; for to will is present with me; but how to perform that which is good I find not. For the good that I would do not; but the evil which I would not, that I do. I find then a law, that when I would do good, evil is present with me."

A correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, reads: "To get rid of sin through Science, is to divest sin of any supposed mind or reality, and never admit that sin can have intelligence or power, pleasure or pain. You conquer error by denying its verity." (page 339).

Proceedings of the County Board

April 3, 1934, at 10:00 A. M.
Meeting called to order by Chairman with supervisors Sorensen, Desmul, Ball, Vasicek, Barber, Johnson and Hansen present upon roll call.

Minutes of last meeting were read and approved as read.
Bank balances as of close of business March 31, 1934, read as follows: First National Bank, Ord, \$46,051.48; First National Bank, Arcadia, \$10,178.90; Elyria State Bank, \$4,077.93; Nebraska State Bank, Ord, \$40,530.46.

Official Bond of Fred Swanson, Precinct Assessor in North Loup, in the sum of Five Hundred Dollars, bearing the endorsement of committee on bonds, was officially and formally approved by Board upon motion duly carried.

The county engineer, Rollin C. Ayres, then presented to the board a program of road construction and improvement during the ensuing season, which was duly considered and upon motion duly carried, was approved and duly authorized.

The Committee on Roads & Bridges then presented a report of inspection of Bridge No. 8-20-15, over Bean Creek, which read as follows:

"We your committee on Roads and Bridges, following your instructions of March 6, 1934, have made an inspection of the bridge site over Bean Creek in Section 10, H. 20, N. R. 15 W., and herewith tender our report.

Bean Creek finds its source in Garfield county some 7 1/2 miles north of the bridge site, and has a watershed of about 28 square miles. During heavy rains or flood stage, the runoff covers the entire valley floor which is some 700 to 800 feet wide. From the light rains the runoff follows a rather meandering course over the valley floor taken by the creek channel proper, which is roughly about 10 per cent of the required size necessary to care for the flow in flood stage. The creek at present is bridged over the existing channel with 16 ft. x 16 ft. timber span on mudsills. The bridge is only very temporary in nature but has been in place some 6 or 8 years with considerable repairs.

The matter of bridging this stream adequately of course would require considerable funds both for approach fill and structure. At the bridge site the small channel makes a large bend to the south forming roughly a letter U with the distance across the standing parts of the letter being about 1200 feet. At flood stage the water rises above the small channel and cuts directly across the bend. The short distance naturally increases the velocity of the water and consequently a wash started on the downstream side and is working across the bend.

This has been going on for several years and the wash has now reached the road. Another heavy rain would very probably bring the wash entirely across the road. An attempt has been made by a landowner to keep the flood from leaving the small channel, and he has improvised a dam composed of brush, posts and woven wire fencing built along the bank of the channel. This dam will not effectively stop the flow and the flood water will either go around the end of the fence or wash it out.

In order that it might be adequately bridged, it would be necessary to build a sufficient grade across the valley floor to confine the water to a single channel, and a bridge to be constructed of sufficient size to carry the flood water. We have investigated the claims of flooding due to the bridge at its present location and can find no foundation therefor.

We would recommend constructing a bridge to care for the flood provided the Township would construct the necessary approach fill and channel to our specifications. Respectfully submitted, Joseph Vasicek, Chairman, Henry Desmul, Ellsworth Ball Jr.

March 19, 1934.
Committee accompanied by Rollin C. Ayres, County Engineer.

Upon motion duly seconded and carried, foregoing committee report on inspection of bridge No. 8-20-15, over Bean Creek was read and on motion duly seconded, ordered placed on file.

After due consideration, it was moved and seconded that the county build said bridge on Bean Creek and providing that Elyria Township builds necessary approach fill and channel according to provisions in report of committee now on file. Motion carried.

ORDINANCE NUMBER 92.
AN ORDINANCE PROVIDING FOR CONNECTING PRIVATE SANITARY SEWERS WITH STORM SEWERS IN THE CITY OF ORD, SETTING FORTH THE RULES AND REGULATIONS IN CONNECTION THEREWITH TOGETHER WITH A FEE FOR THE SAME, PROVIDING WHEN THIS ORDINANCE SHALL TAKE EFFECT AND FIXING A PENALTY FOR THE VIOLATION THEREOF.

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF ORD, NEBRASKA:

Section 1. It shall be unlawful for any person, firm or corporation to connect a private sanitary sewer with or use the storm sewer on "L" street between 17th and 26th street without having first obtained a permit to do so.

Section 2. Any person desiring to connect with such sewer shall make application to the sewer commissioner for such permit; upon receiving such application the sewer commissioner shall issue a permit therefore and shall designate the location of such connection and direct the manner in which the same shall be made.

Section 3. For every house connecting with such sewer the owner thereof shall pay to the City of Ord the sum of Seventy-five Dollars (\$75.00) which sum may be paid in three equal yearly installments and no connection shall be made until the first installment shall have been paid. Any deferred installment shall draw interest at the rate of six per cent per annum from the date of such connection until paid.

Section 4. Upon receipt of any money provided for in the preceding section the City Treasurer shall credit the same to the general fund of said City.

Section 5. All connections made hereunder shall be under the direction of the sewer commissioner. The sewer commissioner shall permit no connection to be made where the fall of the connecting pipe exceeds one-fourth inch to the foot from the lot line to the point of connection; all other work in connection therewith shall be done according to the provisions of Chapter 24, of Ordinance No. 85.

Section 6. Should any person who has connected with such sewer as herein provided for, fail to pay any assessment hereunder when due the sewer commissioner shall upon order of the city council proceed to disconnect the same and prevent the use of such sewer by such person.

Section 7. Any person violat-

ing any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not exceeding One Hundred Dollars (\$100.00) together with the costs of such prosecution and shall stand committed until such fine and costs are paid or otherwise discharged according to law.

Section 8. All Ordinances and parts of Ordinances in conflict herewith are hereby repealed.

Section 9. This Ordinance shall take effect and be in full force from and after its passage, approval and publication according to law.

Passed and approved April Sixth, 1934.

Attest: Lucinda Thorne, Wm. H. Moses City Clerk Mayor.

Rose M. Vodehnal Weds Comstock Man

Tuesday at 2:00 p. m., Judge
John L. Andersen united in mar-
riage Miss Rose Marie Vodehnal,
daughter of Mr. and Mrs. John
Vodehnal, to Charles Visek, son
of Mr. and Mrs. Frank Visek, sr.,
of Comstock, the ceremony taking
place at the home of the judge.

Bridesmaids were Emma Visek,
sister of the groom, and Elsie
Skoll, a cousin of the bride.
Groomsmen were Edward Vodehnal,
brother of the bride, and
Henry Bartu, cousin of the groom.
The bride wore a gown of white
crepe and carried a bouquet of
pink carnations. The bridesmaids
wore gowns of tea-rose crepe.

At six o'clock a dinner with
close relatives as guests was serv-
ed in honor of Mr. and Mrs. Visek
at the home of her parents. The
centerpiece was a beautiful wed-
ding cake adorned with miniature
figures of bride and groom.

Mr. and Mrs. Visek will make
their home on a farm in Woods
Park community near Comstock.
Both are well known and de-
servedly popular in the Ord and
Comstock communities and have
the best wishes of a host of
friends.

OLDBERG, THOMAS HONOR GUESTS

(Continued from Page 1).

This issue of the Quiz was be-
ing printed while the banquet was
in progress last night so an ac-
curate account of the affair can-
not be given. About 300 tickets
were sold, nearly half of them in
Ord where the work was directed
by Val Pullen, president of the
Chamber of Commerce, Freeman
Haught, Stanley McLain, Elwin
Dunlap and Edgar Mower. Many
tickets were sold also in Burwell,
Taylor, Elyria and North Loup
and all of these communities were
generously represented at the
banquet.

A delicious dinner was served
by the American Legion Auxiliary,
with assistance from the domestic
science department of Ord high
school. Elaborate decorations
suggestive of power and irrigation
development in the valley were in-
stalled by George Allen.

The Hon. Marion J. Cushing
served as master of ceremonies in
the absence of Bert M. Harden-
brook, president of the district,
who has for several days been
confined to his bed with an attack
of gall bladder trouble and indig-
estion.

Speakers included N. T. Veatch
Jr., Ralph Norman, Judge A. F.
Alder, of Taylor, George Allen,
John Latenser, of Omaha, Guy
Laverty, of Burwell, Mrs. W. O.
Zanger and Mrs. W. G. Rood, of
North Loup, Zack Harris, county
commissioner in Loup county, Roy-
al Bailey, William Heuck, Dr. C. J.
Miller, Ralph E. Brownell, Bur-
well, George A. Munn, James E.
Lawrence, and Engineers Oldberg
and Thomas.

Each of the local speakers was
expected to outline one phase of
the valley's great need for this
project. Relief of unemployment,
the present high cost of electric
energy in many communities, so-
cial desirability, need of irriga-
tion because of drought and less-
ened soil fertility, and other
phases were to be explained.

This banquet was the largest
and most important affair of its
kind ever held in the entire North
Loup valley region. At the ir-
rigation banquet held last fall
only about 190 people were pres-
ent as compared with almost 300
last night.

Practically every farmer and
business man from Scottia to Tay-
lor wants the project; it will be
the salvation of the entire North
Loup valley, and these facts were
clearly brought out last night for
the benefit of the Washington
men.

Public opinion demands that this
project be allowed and the united
support of the 20,000 people con-
cerned will assure its financial
success when it is allowed.

Two Brothers Die Within Three Days

Burwell, April 9.—(Special)—
Recently Mrs. A. W. Adams and
Miss Anna Hunt were called to
Stuart by a message that their
brother, R. L. Hunt, of Bassett,
was in a hospital there suffering
with pneumonia. While they were
at Stuart they received word that
another brother, T. B. Hunt, of
Giltner, had suffered a stroke.
They immediately went to Giltner,
where they got word that R. L.
Hunt had passed away at Stuart.
Returning to Bassett to attend the
funeral, they received word that
T. B. Hunt had died at Giltner.

Other brothers and sisters in
this family include W. M. Hunt,
Ansley, Ed Hunt, Gates, Douglas
Hunt, O'Neill, and Mrs. Glenna
Cole, Hastings.

68 Gravity Test

Are you good at riddles? Then try to guess whether
"SENSATIONAL high test gasoline" is really higher in
test than "AMAZING high test gasoline."

The longer you try, the more you appreciate the sin-
cerity and directness of Phillips 66 advertising. Instead
of describing the test of Phillips 66 with broad boasting
words, we publish the gravity (or high test) rating in
plain figures—in exact accordance with the method pre-
scribed by the American Petroleum Institute, the official-
ly recognized scientific standard.

When you realize that motor fuels with A. P. I.
gravity figures as low as 42.1 degrees have been adver-
tised as high test, then you appreciate the full meaning
of the Phillips figures above.

They prove that Phillips 66 is Genuine High Test.
They guarantee that you will feel the difference in your
motor in acceleration and speed . . . in power and mileage.
Plus the smoothness and silence of Tetraethyl Lead, the
finest Anti-knock fluid. Besides, you know that this
GEATER GASOLINE will deliver constant unchanging
performance month after month—no matter how much
the weather varies—because it is pre-adjusted to your
locality and its climate every thirty days by Phillips
CONTROLLED VOLATILITY.

Remember, Phillips 66 became a "best seller" among gasolines almost
over night. It has won and kept the steady patronage of millions of
experienced drivers because of outstanding, thrifty results. Join them!
FILL UP WITH PHILLIPS the highest test and anti-knock at the price
of ordinary gasoline!

LOUP PROJECTS 'EXCELLENT,' SAY OLDBERG, THOMAS

Engineers Refuse Comments Until Report To Washington; Are Heartily Entertained.

"Apparently very excellent projects," was the verdict of Major C. R. Oldberg and B. F. Thomas, PWA engineers who came from Washington, D. C., last week to inspect the North Loup and Middle Loup power and irrigation districts, as well as other proposed Nebraska projects. They would make no other comment when they left, preferring to report their findings directly to their superiors at Washington. The result of their inspection may not be made public for two or three weeks.

The Washington men were very heartily entertained while in the Loup valley region. In Ord last Wednesday evening they were honor guests at a banquet held in the Ord high school auditorium and afterward were guests at a smoker in the C. J. Mortensen home. Thursday noon they were entertained at luncheon by the Wranglers club. Thursday evening they were guests at an informal party in the Dr. C. J. Miller home. Friday morning they left for the Middle Loup, where several affairs were held in their honor Friday night and Saturday.

With them to Ord came John Latenser, jr., Omaha, and J. E. Lawrence, Lincoln, members of the Nebraska PWA advisory board. Mr. Latenser returned to Omaha the same evening but Mr. Lawrence remained for the banquet that night and was the principal speaker.

Marion Cushing was toastmaster for the banquet here and speakers included Judge Alder of Taylor, Guy Laverly of Burwell, Mrs. W. O. Zanger and Mrs. W. G. Wood of North Loup, Ralph Norman, Royal Bailey, George Allen, George A. Munn, of Ord, N. T. Veatch, jr., Kansas City, and former attorney general C. A. Sorensen of Lincoln.

Both Mr. Thomas and Major Oldberg were introduced and spoke briefly, the former outlining the work of the PWA but withholding comment on the North Loup project. Major Oldberg was more encouraging, stating that he believed the project to be technically and financially feasible and very desirable in every way. At that time the men had not completed their inspection.

Friday the men seemed much impressed with the valley, the river, the character of inhabitants and engineering features of the proposed project. They refused to make any statement for publication, however. In the Middle Loup valley their attitude is said to have been similar.

It is likely that the result of this inspection tour will be made known at Washington before the end of April, according to advices from E. H. Dunmire, who is remaining there to represent the district. Engineer Dunmire is still most encouraged, writing that he thinks the project has an excellent chance of being approved in the near future.

The coming of Major Oldberg and Mr. Thomas at this time was due in large measure to the efforts of Congressman Edward R. Burke, who has been devoting much time to securing reconsideration of Nebraska projects by the PWA. If the North Loup project is eventually approved, no small share of credit will be due Congressman Burke.

Jacob Stam Found Dead in Bed Sat'day

Jacob Stam, well known farmer of the Horace community for the past twenty years, was found dead in his bed Saturday morning, April 14, death having occurred as the result of a heart attack. Funeral rites were held in Scotia Monday.

Born in Wooster, O., May 30, 1860, Mr. Stam came to Nebraska in 1883 and five years later was married to Hannah Goodier, of Weeping Water, and made his home near that place for several years. After living at different points in Nebraska, the Stam family finally located in Greeley county near Horace, which has been their home ever since.

Mr. Stam is mourned by five children, Henry, of Horace, Mrs. Lynn Collins of Ord, Wm., of Knoxville, Ia., Mrs. Harry Williams and Mrs. Fred Clausen, Horace. Three brothers, George, of Mt. Vernon, O., Wilson, of Sidney, Ia., and Legrand, of Wooster, O., also survive, as does one sister, Mrs. Margaret Kimber, of Wooster, O. His wife preceded him in death on June 12, 1933.

Although Mr. Stam had been in failing health for four years he never lost interest in life. He was a member of the Lutheran church, having been confirmed as a young man. A kind and loving husband and father and a good neighbor, he will be much missed in the Horace community.

—Clover Leaf club met last evening with Mrs. Ed Michalek.

Among the Quiz Advertizers . . .

Last week Harlan T. Frazier came in with some advertising copy so late on Wednesday that we had to decline it. This week he was in early Monday with a couple of advertisements that you will surely be interested in hunting up and reading.

Glen Auble intended to be first on the list this week but he failed to take into account the enthusiasm of Mr. Frazier and got under the wire in second place. That, however, does not lessen the importance of his advertisement.

Both of the Ord banks will be closed next Monday because it is a legal holiday, Arbor day. Most folks have already planted their trees no doubt, but if not, it is not too late.

Another old advertiser is back this week. We refer to Shell Gasoline. Shell is handled by the Co-op Oil Company and for several years have been running nice advertisements in this paper. The series just starting is the finest we have ever had and are worth your attention.

Emil Kokes is getting his Orchard dance pavilion started for the summer season and is making his first announcement this week. He will have a further announcement next week in regard to this first dance of the season.

Mr. Zimmerman, manager of the Ben Franklin store, the new south side variety store, was in early with his copy for this week and says he is pleased with the results of former ads. He is offering a great variety of goods this week.

Bob Noll has two advertisements again this week and he is talking about things that all will be interested in, and especially the women folks. Flower plants, shrubbery, garden seeds, baby chick feeds, sure the women will be interested in Bob's ads.

Haven't found anyone, yet, who ever caught John Goddard when he wasn't smiling. He was smiling

when he brought in his copy this week, a list of prices and not much else, but we turned it over to our advertising man who dressed it up with pictures and say, what do you think of it? Tell Mr. Goddard, when you go in after the bargains, that you read his ad. Then he will give us another next week.

When Manager Joe Puncchoch of the Food Center grocery emporium came in Tuesday morning with his ad copy he said last week end was one of the best he had enjoyed in a long time. He missed having an ad the week before and he said his customers sure asked him "how come." He is offering a lot of real bargains this week.

The Stoltz Variety Store has an ad this week that will interest all the women especially, because it helps them solve the picnic question. Of course it interests the men and kiddies too, for there is nothing they like better than a picnic. Anyhow, read the Stoltz advertisement.

I sometimes used to tell John and Joe, at the meat market you know, when I went in after meat, that I was going to have company that day and to make it good and tough. Well, young Mike heard it one day and when I came to eat dinner I realized that he had jumped to the conclusion that I was going to have company that day. Anyhow, how do you like those "Recipe Advertisements" that we are running for them. Don't let Mike give you any tough meat.

The Safeway boys have another interesting advertisement this week and anyone needing a fair bill of groceries and living not over 50 miles from Ord, can make money by driving over here to take advantage of the bargains offered in this store. They are pricing nationally advertised brands at ridiculously low prices. Be sure to read their ad.

\$38,000 GRADING AND PAVING JOB GETS UNDER WAY

Workmen Busy in East Ord,
Project Will Be Rushed;
Wider Paving Probable.

Work got under way last week on the \$38,000 grading, graveling and paving program being carried out in Ord this summer with federal funds. Peter Kiewitz & Sons, contractors with offices in Omaha and Lincoln, have the contract and Homer Scott is the engineer representing them here.

The project includes grading from the Nels Peterson corner southeast of Ord, through the city and connecting with No. 11 highway west of Ord; paving from the Sack Lumber Yard corner seven blocks west; and graveling on each end of the project.

The paving contract provides for a 20-foot slab of concrete but property owners on L street, desirous of having the paving widened and curbs and gutters installed, have circulated petitions to have a city paving district formed and all of the work done at once.

There are 38 resident property owners in the proposed district, the Quiz understands, and 25 of them have petitioned the city council to establish the district, issue bonds and let a contract for the work. To widen the paving seven feet on each side, including curb and gutter, will cost each lot owner from \$100 to \$125, the Quiz is informed. The council will act on the petition at a special meeting tonight, and since the law requires that only 50 per cent of resident property owners need sign such a petition, it is very likely that the district will be formed and the paving will be widened.

Efforts are being made to have state and federal highway officials extend the program in Ord to pave the entire route of No. 11 highway through town. This was the original plan and it is reported that federal funds are available at Lincoln for the entire project but in some manner the project was cut down and contracts were let for only seven blocks of paving instead of 1.6 miles as was originally contemplated.

There is still an excellent chance that the entire project will be paved, men closely in touch with the situation believe.

Ord Places Second In Triangular Meet

The Ord track team went to Burwell Tuesday and competed in a triangular meet with Burwell and Loup City, placing second. Burwell won with 50 points, Ord scored 44 and Loup City 40. Had Ord's star half-miler, Nielsen, not been disqualified for elbowing another runner, Ord would have won the meet as Nielsen had the event won. Jack Tunnick took both dash events and other Ord track and field performers showed great aptitude. Tomorrow the Ord team will compete in the Wrangler club's invitation meet at Burwell.

80 Players Will Compete in Big Bridge Tourney

About eighty players will compete in the big Loup valley contract bridge tournament being held at the K. of P. hall here on Sunday, April 22, under the auspices of the Ord Contract Club. It was stated yesterday by J. D. McCall, tournament director.

Thirty Ord players are expected to play, ten coming from Grand Island, eight from St. Paul, several from Elyria, Burwell, Greeley, Broken Bow, Callaway and other places. One entry has been received from Columbus.

Play starts promptly at 1:30 p. m. and continues throughout the afternoon. Players who survive the afternoon round will play in the evening, starting at 7:30 o'clock. A number of interesting prizes will be awarded at the close of the afternoon session and the pair winning the championship will receive a large silver cup at the end of the evening round.

Pairs who expect to compete are asked to be on hand so that play may start promptly at 1:30. It is not necessary to register in advance but be sure to be on time Sunday afternoon, Director McCall states.

Mrs. W. N. Hawkins Dies at 2:00 P. M.

Mrs. W. N. Hawkins, an invalid for many months, passed away at her home here at 2:00 p. m. yesterday, April 18. The funeral services will be held at 2:30, Friday, April 20th, in Ord, but the place has not been definitely decided.

Coming to Nebraska from Canada over fifty years ago, the Hawkins family lived in Holt county for some time and about 35 years ago came to Valley county and lived on a farm northeast of Ord until their removal to town. Mr. Hawkins passed away about three years ago and ever since his wife had been in failing health and for the past several months had been bedfast, being faithfully and tenderly cared for by her daughter, Miss Gertrude. Also with her when death came yesterday was her only son, Charles, of San Francisco, Calif., who arrived about a week ago, and two other daughters, Mrs. J. C. Hammons, Bronson, Kas., and Mrs. Knudsen, Omaha, who arrived yesterday morning. Another daughter, Mrs. Dick Anderson, was enroute to Ord from her home at Paxton when her mother passed away.

More complete obituary details will be available next week.

Appointed PCC Inspector. Ray R. Kocina, of Ord, has been appointed Valley county inspector for the Production Credit Association, which has district offices in Broken Bow. Farmers seeking cheap barnyard loans should see Mr. Kocina.

HASKELL CREEK TAKES 2-ROOM SCHOOL CONTEST

As Usual, Barker Fights It Out
With Creekers but Loses
In Athletic Events.

Haskell Creek and Barker, perennial leaders in the scholastic and athletic contest held each spring by 2-room schools of Valley county, fought it out last Friday and Haskell Creek won, Barker being second and Valley side third. Other 2-room schools entered were Davis Creek and Elyria.

The point score of the leaders was: Haskell Creek, 75; Barker, 49; 1-2; Valley side, 40; 1-2.

In scholastic contests held at the Ord high school auditorium in the morning Barker led, 43 to 30 1-2, but in the afternoon athletic contest at the fair grounds Haskell Creek placed in all events but four and piled up 44 1-2 points to Barker's 6, thus winning by a wide margin.

Kenneth Koelling, of Valley side accounted for most of his team's points by winning the 100-yard dash, broad jump and high jump, thus taking individual honors in the track meet.

The contest was held under the general direction of Miss Clara McClatchey, county superintendent of schools. She was assisted in the morning by Mrs. G. W. Taylor, Mrs. A. W. Cornell, Mrs. Mark Tolen and Mrs. J. A. Kovanda. George Bell had supervision of the track meet and had as assistants Merrill VanHorn, Sylvester Carlski and Wilson Bell.

At noon students and their parents enjoyed a big picnic at the fair grounds. The day was warm and sunny, in decided contrast to cold and stormy weather that has ruined many of these events in recent years.

By winning the contest Haskell Creek will, for at least another year, retain possession of a large silver cup that is the trophy. To retain this permanently, a school must win it three years in succession. Barker won it in 1931 and 1932, with Haskell Creek runner-up each year. In 1933 and again this year Haskell Creek won it and Barker has been runner-up. If Haskell Creek should win again next year the cup will remain the permanent possession of this school.

The Haskell Creek school is taught by Miss Hazel Hallisbach and Miss Ann Mortensen, both of whom have taught there for several years. Barker school is taught by Mrs. Bernice Canedy and Miss Beulah Willoughby.

GEO. A. PARKINS NEW PRESIDENT OF ROTARY CLUB

Elected Monday to Succeed J. A. Kovanda; Beranek, Barta, Misko Other Officers.

George A. Parkins, treasurer of the Ord Rotary club ever since its organization in 1922, Monday evening was elevated to presidency of the club to succeed J. A. Kovanda. Mr. Parkins was succeeded as treasurer by James Misko.

Other officers chosen by Rotarians Monday evening were Ed F. Beranek, vice president, and Jos. P. Barta, secretary, both being re-elected. John Goddard and George Allen were chosen new directors.

The district Rotary convention will be held in Omaha late this month and Rotarians decided to send as delegates President Kovanda and President-Elect Parkins, both of whom will be accompanied by their wives.

Archie Geweke New Sabbath School Head

Archie Geweke, Enterprise township farmer, was chosen president of the Valley county Sabbath school association last Thursday at the annual convention held at the M. E. church, North Loup. Aubrey Warren, of North Loup, was named vice president and Miss Irma Lenz secretary-treasurer.

About 70 delegates attended the morning session, 90 were present in the afternoon and the church was crowded in the evening. Rev. John C. White, state secretary, gave several inspiring talks and other interesting addresses were made by pastors and laymen from Valley county churches.

The hospitality of the North Loup ladies was enjoyed at the dinner and supper hours.

The association has adopted a new program for all year's work and the executive committee is meeting today with Rev. Willard McCarthy, of Ord, to launch this work.

—Home Art Circle of the Presbyterian church met yesterday with Mrs. Olof Olsson.

Springdale Couple, Married Fifty Years, Are Honored Guests Sunday

Hon. and Mrs. D. E. Strong
Were Wed April 15, 1884,
Lived Near Ord Ever Since.

At the Methodist parsonage in Ord on April 16, 1884 occurred the marriage of David E. Strong and Miss Della Drake, the ceremony being performed by Rev. R. Randolph.

Mr. Strong was a young man from Rockford, Ill., who for five years had been "batching" on a farm just a few miles north of the present family home near Sumter. His wife was the daughter of Mr. and Mrs. James Drake, also pioneers of the Springdale community.

Since that early day Mr. and Mrs. Strong have gone through all the hardships and pleasures incident to the development of this region from virgin prairies to fine farmsteads. Both have been loved and honored by their neighbors and Mr. Strong was twice chosen to represent Valley and Garfield counties in the state legislature at Lincoln and in 1920 served as a member of the special session that re-wrote the Nebraska constitution. He has been a member of the Valley county board of supervisors also. Throughout his life in Valley county he has been an active and public-spirited farmer and Mrs. Strong has been a true home-maker and a good neighbor.

Kittenball League In Session Friday

On Friday night, April 20, the Ord Kittenball League will hold a mass meeting in the City Hall in Ord at 7:30 p. m. to elect officers and captains and to organize the league for the season. Country teams desiring to play are invited to attend.

Those who have not registered and wish to play should register with John L. Andersen on or before the above date so that their names will be on the list as active players as the captains will select the teams from the registration list.

To date over seventy have registered and prospects for the league looks very promising for the season. The entertainment committee of the Chamber of Commerce have made arrangements with Mrs. Readie for the use of the ground east of her home, on the southwest corner of the park, as a playground for kittenball evenings. Securing the use of this ground is convenient for the players, as when it gets dark they can move under the lighted field.

3 Co. Supervisors Seek Re-election

Three members of the Valley county board of supervisors—S. V. Hansen, Morris Sorensen and Joe Vascek—have filed for reelection in their respective districts since the last issue of the Quiz.

Mr. Hansen, present chairman of the board, has represented Dist. No. 7, the Arcadia district, in very able fashion for the past term and files as a republican for reelection.

He has no opponents as yet. Morris Sorensen, who represents Dist. 1 at present, seeks the democratic nomination at the primary. He will be opposed by Joe J. Jablonski, who filed last week. Jason Abernethy, a republican, is also a candidate in this district.

Mr. Vascek, veteran member from the district formerly composed of Ord and Michigan townships, now seeks nomination and election as a republican in the new district, changed by the addition of 1st ward, Ord city. Other candidates include L. D. Milliken, republican, and Henry Zikmund, democrat.

Farmers Violating Corn Contract Will Be in Big Trouble

Men who have signed Corn-hog reduction contracts, cannot use the contracted acres for any other purposes than those stated in the contract. These uses are: "For planting additional permanent pasture, for soil improving and erosion preventing crops not to be harvested, for resting or fallowing the land, for weed eradication, and for planting of farm woodlots."

Some farmers have misunderstood a story appearing in the state papers in regard to free acres. Free acres does not mean contracted acres, and nothing can be planted on contracted acres for harvest in 1934.

Free acres refers to land which, because it was idle in 1932 or 1933, could not be counted in the small grain base or in the corn base. It is permissible to plant these free acres to a temporary hay crop, but any farmer who plants a temporary hay crop on the contracted acres is violating his contract.

The Valley county allotment committee wishes to make this warning very strong, because it has been rumored that some men who read this story have already seeded their contracted acres to oats, planning to harvest the crop for hay. This must not be done, and if any farmer has done this he should get in touch with the allotment committee at once, because his contract is in danger.

Quiz Is One Day Late.

Due to mechanical trouble, the Quiz is printed a day late this week. When the breakdown occurred a large amount of news matter remained to be set and rather than issue on time and disappoint readers by leaving much news out it was decided to defer publication one day. We are very sorry but the delay was unavoidable.

Melia's Car Borrowed By Unknown, Wrecked

P. J. Melia is still wondering what happened.

Saturday evening he brought his family to town to the movies and parked his Chevrolet near the Mouer hamburger shop. A couple of hours later he returned to find the front end of the car wrecked so badly that it will cost about \$100 to have it repaired.

Evidently someone borrowed it during his absence and ran into something while going at a high rate of speed. Sunday a bolt from the car was found near the entrance to Bussell park and the ornamental concrete posts bore evidence of having been struck by an automobile, so it is believed the car was wrecked in that place. Otherwise the affair remains a mystery.

Spelling Champions Competing Friday At Shenandoah, Omaha

Rosemary Nielsen and Dorothy Schudel, champion spellers of Valley county, leave today for Shenandoah, Ia., where tomorrow they will compete against county champions from Iowa, Nebraska and South Dakota. On Saturday Miss Nielsen, who won the oral championship of this county at the recent bee, will take part in the Nebraska state contest at Omaha, sponsored annually by the World-Herald. Miss Schudel, who won the written championship here, is not eligible to compete at Omaha.

The girls will be accompanied by Miss Clara McClatchey, county superintendent of schools.

ORD AG PUPILS WIN HEAVILY AT STATE CONTEST

J. A. Kovanda's Boys Cup, Two
Medals, 21 Ribbons At
North Platte Event.

Ord agriculture students won six blue ribbons, two medals, one trophy cup, six seconds, five third places, and ten lesser premiums at the Nebraska State high school agricultural contests last week. The events were held on Thursday and Friday at North Platte.

Schools entered were Ainsworth, Big Springs, Broken Bow, Callaway, Chappell, Grant, Gordon, Gandy, Hay Springs, Imperial, Kimball, Ord, Oshkosh, Sidney, Stapleton and Stratton.

Ord placed first as a team in dairy products. The three members, Darrell Fish, Lavern Nelson, and Frederick Jensen ranked first, second, and fourth in the scoring of milk, cream and butter.

An exhibit of eggs shown by Darrell Fish won first at the egg show. Leonard Kilma won third prize in egg grading and candling, and second in farm shop work.

Harold Garnick won first in judging beef cattle, and fourth on all classes of livestock.

Imperial won the crops contest with 3,308 points. Ord, with 3,304 points, slipped into second position. The three crops judges from Ord, Lavern Nelson, Gerald Goff, and Dave Barnhart ranked second, fourth and fifth respectively, as individuals. Ord still has the best chance to win the crops cup next season, being the only school that possesses two legs on this trophy.

The contests were conducted at the North Platte State Experiment Farm by professors from the Lincoln Agricultural college. These contests are final for schools that choose to compete in the western division. The state agricultural contests for the eastern division will be held next week at Lincoln.

Irene Magnussen Married.

Ord friends have received announcement of the marriage of Miss Irene Magnussen to Eugene M. Hoskins, which took place at Logan, Ia., on Oct. 20, 1933. Mrs. Hoskins is the daughter of Mrs. J. Magnussen, was pastor of the Danish Lutheran church. She graduated from Audubon high school a year ago and has been a rural teacher the past winter. The home will be at Harlan, Ia., after May 10.

ORD GLEE CLUBS AND ORCHESTRA WIN AT HASTINGS

Victory in District Event Lets
Ordites Enter State Contest
At Lincoln Soon.

Ord high school musicians covered themselves with glory at the district meet at Hastings Saturday by entering five divisions and coming home with first honors in three of them, second honors in the other two. A great deal of the credit is due Dean S. Duncan, director of music in the Ord schools, who worked long and hard to help his students make this fine showing.

The mixed quartet from Ord competed Friday, securing an excellent or number two rating. In this quartet are James Milliken, tenor, Vivian Cummins, soprano, Lorraine Haas, alto, and Arthur Auble bass.

Saturday the girls glee club competed against seven other entries to win a first rating, officially entitled "superior." Gothenburg also was given a superior rating. The boys glee club, one of three entered, also secured a superior rating. The Ord orchestra, competing only against Loup City, won a superior rating, and in the band competition, both Ord and Lexington were given excellent or second class ratings, while Gothenburg won the superior and Cozad the third class rating. There were only four entries and other bands were all older students, while the Ord band was composed of youngsters only.

A possible best score would have been 42 points and Ord won 38 points. Ord was allowed to enter more contests, but decided to concentrate on only a few. Gothenburg secured the most points in Class B, winning 49. Loup City placed second with 48 points and Ord won third place. The real contest was staged in this class, since all the Class A entries are eligible to compete for the state meet without entering the district meet at all. There are four Class A schools in this district, Hastings, Grand Island, Kearney and North Platte. As the host school, Hastings entered, and Kearney entered because the chairman of the meet was from that place, though their competition was largely a courtesy to other classes of the meet.

Ord Golf Club In Membership Drive

Under the leadership of C. B. Gudmundsen, chairman of its membership committee, the Ord Golf club this week is conducting a membership drive. All fees usually charged non-members are suspended during April and all non-members are invited to use the Ord golf course free of charge. Ord golf club dues are very low, being only \$1.50 per month during the playing season, and Chairman Gudmundsen and his fellow committeemen are hopeful of recruiting several new members.

In the approaching contest held on the new "crown's nest" green, No. 5, Sunday, Lyle McBeth was first, Glenn Noble second, J. Skrivan, St. Paul, third, and Alvin Wegard fourth in the championship group. In the second group Mike Kosmata was first, in the third group, Joe Jirak won and in the fourth group Millard Bell won. In the driving contest Paddock, of North Loup, won with a 225-yard drive against a strong wind. Lyle McBeth was second.

Miss Virginia VanDecar, probably the most able woman player in the Ord club qualified in the morning approaching contest with the second best score but did not compete in the afternoon.

Corn-Hog Contract Information Printed

In this issue of the Quiz appears official notice concerning corn-hog contracts signed in 12 of Valley county's 15 townships. A list of signers and contracted acres in the other three townships appears in the North Loup Loyalist this week. Every signer should check up on the notice of his contract, to see that it is correct, and should check up on notices about his neighbor contracts also to see that no false information has been given.

The county allotment committee composed of M. J. Cushing, Arthur Mensing and Don Round will hear complaints up to next Thursday, April 26, after which time all contracts not questioned will be taken to be correct.

Save this copy of the Quiz for future reference as you will have occasion to refer to it often in coming months.

My Own Column

By H. D. LEGGETT

The people of the United States do not want this country to get mixed up in the League Court or in the League of Nations and it will be just too bad for the political party that negotiates an alliance of that kind.

There are some people who just can't stand it to see their neighbor make a success.

Anyone who thinks that Dwight Griswold is not to be reckoned with at the primary, has another guess coming. His vote two years ago showed his strength and there is no reason to think he has lost any popularity since.

A lot of people are finding fault because they say so many people don't live up to the codes, yet a lot bigger per cent of the people live up to the codes than live up to the ten commandments.

It don't seem possible that Harry Conklin did the things he is charged with doing, as a state officer. A popular young man, high in the councils of his party, apparently headed for greater honors. Surely he would not stoop to graft on a small, piking scale as charged.

Upon hearing that Mayor Moses had received an inquiry as to whether a location for a nudist colony in Ord could be found, Col. Weller at once countermanded an order he had given Frank Hron for a new spring suit.

If Terry Carpenter is elected governor and could and would do the things he says he will try to do, in his statement announcing his filing for that office, he would be a good governor.

I think most of us will agree that it is not desirable to have the government in business. But the ever increasing tendency of the people in business, to exploit the public generally, has forced the present situation of the government in business. Probably the greatest factor in causing a breakdown of all kinds of business was the exploiting of the public by heartless and ruthless gamblers, many of them the big bankers and high officials of the country, who unloaded worthless and near worthless securities upon a public, foolishly bent on securing something for near nothing. The public can't do that but the big boys did and we will be several generations getting out of the mire, if, indeed the whole country don't go bust first.

I notice in the advertisement of Dr. Rich in this "Quiz" paper, that he has been practicing his profession as a rectal specialist in Grand Island for 30 years and I tried to remember how much of that time I had known him. It is a long time since I first met the genial doctor and scores of folks have told me of their cures at his hands and of their confidence in him.

During the world war wages were very attractive and almost anyone could engage in business and make plenty of money. But the cream of the young manhood of the country was conscripted and put into the service of the country at very low wages, compared with what they could have earned in the much less dangerous work in private life. I have been unable to understand why it would not be as just to conscript the money of the rich man, in time of war, as to conscript the life blood of the farmer boy and poor clerk. It is my guess that if the proposed law is passed to conscript all profits of individuals and firms above ten thousand dollars during times of war, that there will be no more wars in so far as this country is concerned. It is not the rank and file who have to do the fighting, who want and bring on the wars; it is the munition makers, the big financiers, the great manufacturers, who will make the big money and not do the fighting.

About the first of each month, or shortly after the first, I send a government postcard statement to each subscriber whose subscription will expire on the 15th of the month. This month there were 163 such cards sent out. As this is written on April 14 about 25 of that 163 have responded with payments for either a year or six months and a few have paid for three months. About fifty of the 163 March 15th expirations have not paid as yet and I must begin to take names off the list if they don't either pay or make arrangements so I know the paper is wanted. Present conditions will not permit me to keep sending it and those of you who have had statements and have just let the matter slide, will be missing the paper. I would like to keep on sending it. I know I am as hard

up as some who have not paid and who I know want the paper. I don't want you to get peeved if your paper is stopped. Most anyone can spare 50 cents if they are not in shape to pay it all and I will appreciate any kind of a subscription payment.

Here is something for you sports guys to shoot at. Any Quiz subscriber who becomes the parent of a baby during 1934 and who notify me within ten days and bring \$1.50, can renew their Quiz for a whole year. That is a saving of 50c, which will buy several new bottles for the baby. I will admit this don't give new entrants into the contest much of a chance, but better start anyhow, as the offer may be renewed next year.

THE COOK'S COL-YUM, YUM!

Pie is always a favorite dessert in American homes. It has been for years and seems to lose none of its popularity with frequent serving. Each generation develops a fondness for it, and each generation of cooks develops new and delicious pie recipes.

Please send in your most unusual pie recipe to be printed in this column. This cannot be a good cooking column without assistance from a great many people. Old stand-by recipes are good to own, but reprinting time after time they lose interest. So please do not send your ordinary recipes, but your most novel and newest ones. Kindly do your share to keep this department running.

Coconut Custard Pie

Line a deep nine-inch pie tin with pastry one-eighth inch thick. Separately, beat four eggs slightly and add one-half cup sugar, one-fourth teaspoon salt, three cups of scalded milk, stirring constantly. Put in one cup coconut and pour into the pie shell. Bake in a hot oven, 400 degrees F. for fifteen minutes, then lower the heat fifty degrees and bake thirty minutes longer or until a silver knife inserted in the pie comes out clean. Let cool and serve.

Dorothy Paddock.

Vinegar Pie

Mix together one cup sugar, two tablespoons flour, one-half teaspoon nutmeg, one teaspoon butter, but three teaspoons vinegar in a cup and fill the cup with water. Then add this vinegar and water to the first mixture. Pour into an unbaked crust and complete the pie as usual. This pie recipe was handed down from my grandmother's day.

Mrs. Mid Garner.

Apricot Dainties

Sift together one and one-half cups flour with one-half teaspoon salt and cut into one-half cup shortening, adding just enough cold water to hold ingredients together, (from four to six tablespoons.) Roll out one-eighth inch thick, cover the back of muffin pans with the pastry. Prick the bottoms and sides with a fork. Bake in a very hot oven for ten to fifteen minutes.

Make a custard of one-fourth cup sugar, one tablespoon cornstarch, one-eighth teaspoon salt, one cup scalded milk, two beaten egg yolks and one-fourth teaspoon vanilla. Sift the dry ingredients together and stir into the hot milk stirring constantly until thickened then add the yolks and cook one minute more, then the vanilla. Let cool and pour into the pastry shells.

Make a meringue of one-half cup drained cooked apricots, mashed thoroughly. Stir in three tablespoons sugar and one-half teaspoon lemon juice. Beat two egg whites stiff and add apricot mixture. Beat until the meringue holds shape. If necessary add more sugar.

Theresa Spotanski, Ashton

Shrimp Salad

Wash and clean one can of shrimp in cold water, then break in halves. Combine with two tablespoons catsup, one teaspoon Worcestershire sauce, one-fourth teaspoon paprika, one teaspoon vinegar, two heaping teaspoons thousand island or bottled salad dressing, dash of celery salt, dash of onion salt, (or one-half teaspoon onion juice). Mix thoroughly by tossing with a fork. Chill before serving. Crab, tuna or salmon may be used in place of the shrimp. For a de luxe salad serve in tomatoes which have had the centers removed and place on crisp lettuce leaves. If Mayonnaise dressing is used, add one very finely chopped pickle.

Mrs. McVean, Paul, Ida.

Salad

Grind two medium sized apples with one cup raisins and one medium sized carrot or two small carrots. Mix well and serve with or without mayonnaise on lettuce leaves.

Mrs. Hall Barnes

Fruit Soup

Cook one-half cup each of dried apples, prunes, raisins and currants with a small stick of cinnamon in eight cups of water, replacing water if it boils away. Boil gently until fruit is tender. Pass through a colander, add two tablespoons vinegar, sweeten to taste and thicken with sago or oatmeal.

Mrs. James Weber, Phillips, Wis.

First Saxophones

Natives of La Mesa Angat, a town in Bulacan province on the island of Luzon, the Philippines, claim the horn invented by Anton Sax was copied from the bamboo instruments devised by their forefathers. It looks like a saxophone, it's held like a saxophone, it's blown like a saxophone, and though it may not twiddle precisely the same tweets, the La Mesa Angatans will rest their case on the preponderance of the evidence.

Rumors of a short-line railroad from Sioux City, Ia., to Julesburg, Colo., were being heard. The Union Pacific was said to be behind the move.

Minserson Coombs was somewhat improved and able to be down town for a few hours at a time.

A mass meeting to discuss the question of voting bonds for the installation of a new city well was largely attended. Mr. Standeven, an Omaha engineer, was the speaker. There was much opposition to the bond proposal.

Haskell Creek

The silver cup stands in its accustomed place in the Haskell Creek school house; it was taken to Ord Friday to the rural high school Field Meet to be awarded to the winner of the meet and as the winners Haskell Creek school brought it back in the scholastic meet, this school won second place, but in the athletic meet their running and jumping ability gave them a margin of about twenty-five points when the meet was over. However we do not mean to imply that the Haskell Creek students run to brawn instead of brain. You should see them work arithmetic.

There was a large gathering of neighbors in the Will Nelson home Wednesday evening helping Mr. Nelson celebrate his birthday.

Mr. and Mrs. Wes Miska visited at Martin Michalek's Sunday.

Mr. and Mrs. Axel Lindhartsen were supper guests in the Henry Jorgensen home Friday evening.

Anna Mortensen returned with them to the Lindhartsen home and remained until Sunday when Mr. and Mrs. Jorgensen and daughters drove over after her.

A New "Super-Charged" Gasoline That Gives up to 6900 More Firing Charges Per Gallon

Shell Refineries Develop a New Way to "Re-Make" the Chemical Structure of Gasoline . . . Resulting in More Mileage, Added Power and Quicker Starting

STOP measuring gasoline by the gallon! It's what you get in your gallon that really counts!

In the new improved Super Shell you get up to 6900 extra firing charges in every gallon. To give you these extra firing charges, Shell developed a costly new refining process. This new Shell process actually "re-makes" the entire chemical structure of gasoline. Even a single ounce contains as much as 54 extra firing charges!

Firing charges in your engine drive your car forward. That's why these 6900 extra firing charges in Super Shell give you more power, quicker pick-up, and extra mileage.

"I GET BETWEEN 1 AND 2 MORE MILES to the gallon from super-charged gasoline, and it makes my car wonderfully responsive," reports still another delighted Super Shell user.

—Kathryn Trombley, St. Louis, Mo.

AUTOMOTIVE ENGINEER IS AMAZED! Mr. Allen Taylor (at left) tried super-charged gasoline and tells Shell technical expert, Mr. Robert I. Lewis, "This new Super Shell has the power we engineers have been looking for in gasoline these last few years."

North Loup News

I. R. Jenkins of Riverdale passed away at his home Wednesday evening (April 11), following a long period of illness. Funeral services were held from the Methodist church in Scotia Saturday afternoon with Rev. Moore officiating. A ladies quartette from this church furnished music. Pall bearers were neighbors and friends of the family, namely, Mike Schudel, Claude Thomas, George Baker, Harvey Ingraham, Albert Brown and John Schultz. Interment was at Mount Hope, Scotia.

Ira D. Jenkins was born in Jones county, Iowa, July 8, 1850. At the age of twelve his parents moved to West Fork, Ia., where he grew to manhood, was married and established his home as a farmer of that community. Mr. Jenkins was twice married, his first wife died in 1894. In 1898 he was married to Miss Carrie Scott of Schiefel. Mr. Jenkins was the father of fifteen children all of whom, with the exception of two dying in infancy are living. The father's wife was the first death in this large family.

Mr. and Mrs. Jenkins moved to Meadow Grove, Neb., from Schiefel in 1901 and later to Grand Island, thence to Texas for Mr. Jenkins' health, remaining there a short time. They then moved to a truck farm near Alda, Neb., and in 1915 to their present home purchased of Frank Olson, the latter moving to the truck farm of Mr. Jenkins. Surviving are the wife who has patiently and loyally cared for her invalid husband.

The children, Mrs. Dave Apters of Grand Island, Mrs. Harvey Cooke of Jerome, Idaho; Mrs. Joe Krievanek of Longview, Wash.; Glen Jenkins of Wendal, Idaho, Mrs. Antone Gradiville of Orina, Neb.; Mrs. Hazel White of Grand Island, Gladys Maddox, Ross and Mrs. Mamie Miller all of Scotia, John, Ollie Joy and Betty of North Loup, also twenty-five grandchildren and thirteen great grandchildren.

The scholastic track meet which has been featured here with much success the past two springs, sponsored by the North Loup school faculty and community service club is being held at the school building here today (Thursday). The meet includes the city's high school and grades and also the rural one and two room schools are participating.

The Noloaglee club will present a benefit concert for the North Loup public library next Wednesday night, April 25 at the Strand theatre. Come and enjoy the concert and do your bit for the library.

The April session of P. T. A. will be held at the high school auditorium next Tuesday evening, April 24. An interesting program on "Better Homes" is being prepared.

Mr. and Mrs. Harry Brubaker and their two small daughters drove up from Hastings Monday evening and were guests until Wednesday of Mrs. Brubaker's relatives, the Thomas, Ingerson and Creager families. Mrs. Brubaker was formerly Emma Barrows. The family live at Sheldon, Ill., and came at this time to attend the funeral of an uncle of Mr. Brubaker, Mr. Parker T. Lewellen, who passed away at his home at Theford, Neb., Tuesday, April 10. Mrs. Lewellen was formerly Miss Margaret Ellen Brown, for several years a Sunday school worker over Nebraska. Miss Brown was married to Mr. Lewellen six years ago in December, the present Rev. John C. White being elected to take her place. Mr. and Mrs. Brubaker and children drove to Theford Wednesday morning for a brief visit at Mrs. Lewellen's home before departing for their home at Sheldon, Ill. This is their first trip home since their marriage four years ago.

For the past ten days Mr. and Mrs. M. D. Earnest have been closing out their stock of merchandise and groceries with quite a degree of success and offering many good bargains. Monday the store changed hands with Mr. and Mrs. Otto Bartz purchasing the stock of goods and taking possession Tuesday morning following Monday evening's inventory. Mrs. Bartz's hat shoppe which has formerly been located at the family home on main street has been transferred to the Earnest store. Mrs. Bartz has had considerable experience as sales lady and will no doubt feel at home behind the counter. Mary Ann is hoping to be an able assistant.

About 11:30 Saturday morning fire was discovered raging in a clothes closet under the stairway at the Ira Manchester home. The discovery was made by Bill, the eldest son, when upon opening the door of the closet flames leaped over him. Before the fire department could arrive, which it did in a marvelously short time, the flames had burned up a dresser in the bedroom, almost demolished a bedstead and some bedding, ruined the walls, ceiling and floors of the dining room, in fact the entire down stairs will have to be redecorated and last but not least, thinks Dorothy Jean, it burned nearly all her wardrobe including most of the every day togs of Mrs. Manchester, all of which were hanging in the closet. The loss to the building, however, is covered by insurance.

The Sidney Wilson family moved Sunday from Mrs. Ida Brown's residence to the late Mrs. Kasson property.

A party from Hastings are engaged this week in cleaning and repairing the city water tower. The tower when redecorated will be a silver hue.

Mr. and Mrs. Horace Davis of Lincoln were week end guests of their mother and sister, Mrs. Mary Davis and Miss Mary.

Mr. and Mrs. Ed Post are spending this week and next with their children, Mr. and Mrs. Carl Unger of Ravenna and Mr. and Mrs. Ray Post of Cairo, also Miss Opal of that vicinity.

The public is invited to be present at an Arbor day festival and tree planting at the Fortnightly club park next Monday afternoon at 6 o'clock when Miss Theiln with her group of primary will entertain with a spring time pageant. The planting of a tree by the children is a feature of this pageant. The children will be costumed as birds, flowers, the sun, etc. Come and enjoy an hour with the children.

Friends will be pleased to learn that Will Cook, who has been so very ill with pleurisy and complications, is now well on the road to recovery.

The Ray Drawbridge family were informed Friday of the illness of their son Pete. The message stated he is confined in the forestry camp hospital at Alma, Neb., with infection in his limbs. Pete was home just a few weeks ago and was looking after feeling fine.

Herb East of Lincoln was a week end visitor of his brother and sister, Fred and Belle East.

Mr. and Mrs. J. A. Barber entertained at Sunday dinner, Mrs. Hattie Clement, Mrs. B. B. Buten and Mrs. Alta Barnhart.

The local W. C. T. U. met with Mrs. V. J. Thomas and Miss Maud Friday afternoon. Mrs. Edna Post led the lesson on "Allies".

Madams Ardell Bailey and Merle Sayre entertained at bridge at the former's home Friday afternoon honoring the birthdays of Florence Hutchins and Elfreida Vodehnal. The honorees were presented with bouquets of pink roses. Lunch and table decorations were in pink and white.

Miss Hazel Crandall, daughter of Mr. and Mrs. Alpha Crandall, became the bride of John L. Stewart of Minnesota, at the First Baptist church in Omaha Saturday, April 7. The ceremony was performed in the presence of Mr. and Mrs. P. E. Clement, the latter a sister of the bride, and Mr. and Mrs. Bert Dana, Dana being a sister of the groom. The bridal party was served a wedding supper at the home of Mr. and Mrs. Clement. Mrs. Stewart is a graduate of the North Loup schools and of the state university. She was a high school teacher in this state for several years, afterwards taking a library course at Albany, N. Y., and later spending one summer at Columbia University. For the past seven years she has held the position of librarian in the Omaha central high school. Mr. and Mrs. Stewart will remain in Omaha until Sept. 1st, Mrs. Stewart retaining her position until that time when on Oct. 1st they will leave for the groom's farm home in Minnesota.

Mrs. Laura Robbins and daughter Selma were week end visitors of Mr. and Mrs. Leland Robbins of Omaha.

Frank Johnson returned Thursday to his daughter's home at Geneva following a two weeks visit here with friends and relatives. Mr. and Mrs. Otto Bartz, Mary Ann and Selma Johnson were Sunday visitors at the Ed Helbig home in Burwell.

Miss Grace Rich of Burwell was a Tuesday visitor at the Otto Bartz home.

The following families enjoyed a wiener roast at the Pearl Weed home southeast of town Monday evening: Chas. Sayre and Arthur Collins.

A number of the North Loup high school music students went to Hastings last Saturday to compete in the district music contest. Among the soloists, Virginia Moulton was given superior rating and Harold Green was adjudged excellent.

A wedding dance was given at the National hall last Wednesday night in honor of Miss Rose Vodehnal and Chas. Visek, who were married at Ord the previous day. The hall was filled to capacity.

Little Lola Freeman visited at school last Friday.

Raymond Waldmann returned home last Saturday from Hastings where he accompanied his class to the District music contest. Comstock is proud of their achievement as they won several prizes which speaks well for their school under the leadership of Miss Dorothy Spooner.

At the Geranium church at 9 o'clock last Wednesday morning Father Thees united in marriage Thomas Waldmann, son of Mr. and Mrs. Jos. Waldmann, and Miss Anna Ptacnik, oldest daughter of Mr. and Mrs. Albert Ptacnik. Eva Ptacnik, sister of the bride, Waldmann, brother of the groom, Alice Waldmann, sister of the groom, and William Ptacnik, cousin of the bride, attended the couple. Dinner and supper were served at the bride's home to immediate relatives. The newlyweds moved at once on the Frank Hosok place in this vicinity.

Lois Bohy of Taylor was in our neighborhood last week soliciting cattle for his pasture in the sand hills.

Twenty-two seventh and eighth graders took county examinations at the Woodman hall last week under Mrs. Lawrence Waldmann, who taught and conducted examinations at the Geranium high school in previous years. This is a much smaller number than formerly.

A meeting of farmers who had signed the corn and hog reduction contracts was called at the National hall last Tuesday night. Nothing of much importance was done, much to the disappointment of some as they expected to receive their contracts from the government.

NEWS OF THE NEIGHBORHOOD

Ord Young Woman Woman Heeds Call to Preach

There was a district or state meeting of the dignitaries of the Pentecostal church at Hastings last week Wednesday. Among the faithful to attend were Miss Marjorie Ball and Miss Ella Bond from Ord. This convention seems to have been vested with authority to license new preachers from those who felt they had a call to this work. Out of a class of thirty young people who took the examination only two passed and were given the coveted license. One of these two was our Miss Ball, who was immediately assigned to work at Maxwell, Neb., whither she went without returning to Ord and is conducting a series of meetings there already. It was but a few months ago that Miss Marjorie started to preach, holding meetings in various points in this vicinity, meeting with marked success. Now, being regularly ordained her field of usefulness is greatly widened and we are predicting that she will be heard from in a large way before long.

"Beautiful Ord" Program Is Greatly Enjoyed

There is but one Rev. McCarthy in Ord and not many of his make-up anywhere. Aside from his pulpit ability, he is possessed with some talents. It is said that he is an artist in his own right. This spring his love of the beautiful has developed into the taking of pictures of many of the fine gardens of Ord, and other things associated with Ord home surroundings. These he made into stereoscopic slides, himself doing coloring and otherwise preparing them for display. Sunday evening he entertained a church full of people by showing these pictures and accompanying the exhibit with appropriate remarks. The meeting had not been advertised but the Christian church was hardly able to seat the spectators. The interest was so manifest that arrangements will be made soon to repeat the exhibit in some larger hall, adding to the collection several plates that he did not have completed in time for the Sunday meeting.

Namless Religious Sect Has Meetings Here

Maybe you noticed a score or so of automobiles parked last Sunday morning at the home of Miss Louise Hackel. This proved to be a state meeting of leaders in the religious sect which claims to have no property, no regular preachers, and not even a name. They are of the same group which had tent meetings in Ord last summer under tents labeled "Gospel Meetings." An inquiring being moved to do so by the unexpected presence of so many out-of-town cars, and naturally first asked the name of the sect. The startling response was that they had no church name and no church organization. They claim to be acting as nearly as they may like the Apostles sent out by the Lord at the dawn of the Christian era. They go without script or purse or any of the provisions made for their physical comforts or sustenance. One member has no more right to preach than another and none of them draw pay for their services. The faithful assembly at the home of one of the brethren, some 4 or 5 homes being used for these meetings in this vicinity. The apostles of some nineteen hundred years ago went forth on foot, but the present-day "saints", as they call themselves, use autos, which is the only successful assault that modernity has made upon them.

Public Speaking Class In Excellent Program

In selecting their entertainment for Tuesday evening, not a few

Ord people made the error of passing up the program put on by Miss Hans and her high school public speaking class at the Methodist church. The readings were excellently rendered. In the musical numbers Miss Olga Lukesh, Miss Vivian Cummins, James Miliken and Dickie Koupal made decided hits. But the outstanding number was the one act play, "My Lady's Lace", put on by Kathryn Holub, Delta Marie Hoyt, Arthur Auble and Bert Boquet. These talented actors have won firsts in two contests this spring and are booked to win honors in other contests to follow. Miss Hans took no part on the program, but her fine Italian hand was shown not only by the way she turned amateur actors into artists, but also in making a rather dull play a peppy one by filling in the vacant places and nearly doubling its length.

Four Valley County Students Honored

Lincoln, Neb., Apr. 18—Four students from Valley county were honored at the sixth annual University of Nebraska honors convocation held here today. Ranking in the upper 10 per cent of their respective classes and colleges. John N. Round of Ord, senior in the college of medicine at Omaha, and Robert L. Cushing of Ord, sophomore in the college of agriculture, were recognized for high scholarship. The honor of superior scholarship was given to Stanley L. Jamison of Arcadia, senior in the college of engineering, and Gertrude M. Hemphill of North Loup, senior in the college of agriculture.

Some 400 students in the University were honored at this year's honors convocation. Those seniors who during the two preceding semesters have been in the upper 3 per cent of their colleges in scholastic standing were honored for superior scholarship, while those students who are in the upper 10 per cent of each class of each college were recognized for high scholarship.

Supreme Court Says S. F. 310 Valid Act

The Nebraska supreme court last Saturday sustained the validity of the enabling act for organization of power and irrigation districts, which was passed by the 1933 legislature. A case challenging legality of the act was brought by Columbus farmer, Walter Lossecke. Justice E. E. Good wrote the court's decision upholding the act.

Projects organized under this act, which is generally known as Senate File 310, are the Columbus, Sutherland, North Loup, Middle Loup, Arickaree and many others. The court turned down every contention that the law is unconstitutional and dismissed the case, taxing costs against Lossecke. Marion J. Cushing, of Ord, was the representative who led the fight for S. F. 310 in the last legislature and said Monday that he is very pleased at the court's ruling.

Orchestra to Broadcast. The young Catholic orchestra, under the direction of Jerry Puncocar will broadcast over KMMJ from Clay Center Sunday afternoon.

Mrs. Cecil Molzen Honored. Diligent Juniors met with Mrs. George Noy April 12, the meeting taking the form of a 1 o'clock luncheon in honor of Mrs. Cecil Molzen, who is leaving at the end of the school year. Mrs. Molzen is president of the club. The color scheme of pink and green was carried out in table decorations, daisies being attractively used in May baskets. The guest of honor was presented a silver baskets filled with snapdragons.

THE WEDDING MARCH MURDER

by Monte Barrett

Copyright, 1934,
by the Bobbe Merrill Co.
WNU Service.

(Continued from Page 11.)

Shipley home, you returned to the church. You knew Franklin had been murdered. To protect yourself, you first said that the girl had told you. You knew she couldn't know Franklin was dead unless she was implicated in the affair. When you saw you were trapped, you tried to wriggle out of it, and the girl tried to help you. I don't know. It might have worked if it had not been for last night."

"Last night?" Rylie Carmody stared fixedly at the detective. "You keep coming back to that. What about last night?"

"You want me to tell you, eh?" Kilday's gaze never wavered from the youth's face. "You were suddenly mightily anxious to escape the man who was following you, last night, weren't you? Because you had something to do that would bear watching."

"You were afraid there was something in Franklin's apartment that might identify you with the crime. You hadn't an opportunity to do it before, because we were watching you. You realized you were under suspicion. That heightened your anxiety and made you all the more eager to destroy that evidence, if it were in the apartment."

"So last night you made up your mind not to wait any longer. You decided to shake the detective and take your chances with Fletcher. And that's what you did. You had a lucky break when Fletcher went out for a couple of hours. But you couldn't find what you went after there and decided Franklin had kept it at his office."

"I don't know what you were after—yet. But I'll find out. Probably some evidence that connected this Shipley girl with the case. Or perhaps it connected you, or even young Spears with the crime. At any rate, that's where Cardigan uncovered you both. It's too bad I didn't have more confidence in him. If I had, I'd have been with him last night, and he would be here, right now. Next time, I'll play his hunch, if there ever is a next time."

The detective scowled. "I don't understand how you caught him so completely off his balance. He was armed. But somehow or other you did. And in the struggle which followed, you knocked him out of the window. But not," he paused to glance significantly at Rylie's bandages, "not before he had put up an awful struggle. He left his mark on you."

"You gave our detective the slip. Why? Because you couldn't afford to be observed when you went to Franklin's apartment and office. You knocked Cardigan through the window, but not before he had left his mark on you. This accident story won't get you anywhere, Carmody."

"Suppose," replied the boy soberly, "that I can prove there really was an accident?"

"Do you have witnesses?"

"Not eye-witnesses, but I can produce the wrecked car. That should be pretty strong circumstantial evidence, as you call it."

Kilday puffed thoughtfully. "The wrecked car, eh? What time was this wreck?"

"About eight-thirty, or perhaps a quarter to nine, on a gravel road about ten miles from Westport."

"Where did you go? What did you do? How did you get back to town? What time was it then?"

The sergeant shot his questions with staccato rapidity.

"I was stunned. I guess it was this blow on the head that did it."

Rylie fingered the discolored eye gently. "I don't know how long I was out. It was quite dark, I remember. The car had overturned and I had been thrown clear. I didn't realize, at first, that I had been unconscious. Then I looked at my watch. It was nine-thirty. That worried me, because I was supposed to meet some one at nine. And the last thing I remembered before the accident, I had had plenty of time."

"There was a farmhouse up the road about half a mile. I could see the lights. So I limped up there and asked for help. I telephoned Westport from there and got a car. Then I returned home."

"What time was it when you reached the farmhouse?"

"I don't know, exactly. It might have been about ten. Not much later, I'm sure."

The sergeant smiled—a slow unpleasant sort of smile in which there was no trace of mirth. "Pretty clever, Carmody, but it won't work. It was somewhere around four o'clock when you started for the country. About four-forty-five you lost the man who was following you. The accident occurred nearly four hours later, within thirty miles of the spot where you were last seen. It didn't take four hours to travel thirty miles—not at the rate you were going. Where were you all that time? What were you do-

ing?" Rylie hesitated. "I was just going for a ride. I wasn't going anywhere in particular."

"You said you had an appointment at nine. With whom?"

"That doesn't have anything to do with the case," the young man replied slowly. "I merely mentioned it to fix the time of the accident."

"You'll have to let me be the judge of what's important now," declared the sergeant gruffly. "Who were you going to meet, and where?"

The young man remained silent. "All right," declared Kilday. "I'll tell you. Your engagement was to go to Franklin's apartment. That's why it was necessary for you to give me the shake first. He last saw you late in the afternoon. There is no record of your movements between then and the time you claim this accident occurred, near Westport. The fact is, after you had searched Franklin's apartment you went to his office, where you had the struggle with Peter Cardigan. Then you became frightened. You needed some means of accounting for your movements at that time. Besides," the sergeant leaned back and studied his man thoughtfully, "you were badly battered in that fight. You were going to have to explain those bruises. What better explanation could you find than an automobile accident?"

"The apartment was searched some time between four-thirty and six-thirty. Your struggle with Cardigan occurred about eight-fifteen because that's the time he went through that window. There are a number of witnesses who saw his fall. Fast driving would have taken you to the scene of the so-called accident by about the time you appeared at the farmhouse. It was no trick for an experienced driver to roll his car off the road in loose gravel. You claim you laid unconscious in the ditch for about half an hour. No passer-by discovered the accident. It hardly seems likely that no one passed the spot in thirty minutes. The roads in that section are fairly well traveled."

"Nevertheless, you were not discovered until you regained consciousness of your own accord, you tell me. Then you limped to the farmhouse. That gives you the added time necessary to complete your alibi. Carmody, there was an accident, all right. But it was a deliberate one, planned by you, to throw us off the track. You were never unconscious. That part of your story has been added to make the time fit into the events at Franklin's office so that it would appear to be impossible that you were there."

Kilday glanced slowly at the room. "Where are the clothes you were wearing?" he next asked. "I want to have a look at them."

"In the dressing room, I suppose," Rylie indicated a door across the room. "It was a brown tweed. You'll recognize it, because it was torn a bit."

The detective, rising, backed carefully into the dressing room, and leaving the door open in order to keep the young man in sight, found the suit.

"This settles it," he said. "Come on. Get some clothes on. You're going down to headquarters with me."

"You have lost your mind," declared Rylie Carmody hoarsely. "Suppose I told you who I intended to meet at Westport at nine o'clock last night? Would you believe me then?"

Kilday smiled. "Sure," he agreed. "Maybe you did have an appointment to meet some one at Westport. If you were clever you did it without strengthening your alibi."

"But I'll tell you something else," he leaned forward, all trace of the smile vanished into the stern lines of his face. "I'll bet you a hundred dollars that you never kept that appointment."

"You couldn't. Not and be at Franklin's office when you were."

CHAPTER XIII

In Search of a Key.

AN AWNING stretched above the sidewalk below, saved Peter Cardigan's life when he plunged through the window of Jim Franklin's office.

In reality, it was only the space of a second, but to the falling man it seemed an interminable period. Then he crashed into the steel support of the awning, the blow catching him midway between the knee and thigh on the right leg. Its force spun him around, so that he fell on his left side.

He did not recover consciousness until some time later, at the hospital, after the attending physician had had time to determine the extent of his injuries. His right foreleg was badly fractured. His left arm was broken and, in addition, three ribs were cracked.

"And a black eye," the doctor added. "If there's anything else wrong with you, we haven't been able to find it."

Peter never replied. He was thinking with chagrin of the quarry who had escaped him in that bitter struggle in the darkened room.

Kilday kept him informed of the progress he was making. It was the novelist's third day in the hospital.

"How are you feeling?" the sergeant inquired with more than ordinary solicitude. "How are the

aches and pains?"

"They'll take care of themselves," Peter studied his friend's anxious expression. "What's on your mind?"

"A habeas corpus hearing to release young Carmody on bail," was the reply. "It's set for this afternoon. I wish you were feeling better. I think the district attorney would like to have you in court as a witness."

Peter smiled. "I'm afraid I wouldn't be much help," he said. "I can't believe Rylie Carmody is the fellow I fought in that office. And I can't believe Franklin was murdered merely to stop the wedding. It doesn't seem reasonable."

"And yet," argued the detective, "the one thing you could remember about your assailant was that he wore a tweed suit. Carmody was wearing a tweed suit."

Peter raised his unbandaged arm in protest, wincing from the pain of the movement. "Almost anyone could wear a tweed suit. That isn't enough to convict young Carmody."

"But coupled with everything else, it is," the detective stubbornly persisted. "The minute I heard what had happened to you, I started my search. I knew from what you told me that you had put up quite a battle. Your opponent certainly would be battered up. Young Carmody has a black eye and is considerably bruised up, otherwise, he was wearing a suit that answers your description. He claims he was in an automobile accident, but it looks as though that were just a cleverly arranged scheme to account for his appearance, as well as his whereabouts, at the time you were having your fight. He claims he had an appointment at Westport at nine o'clock, but admits he never kept it, and won't tell us who he was supposed to meet. He gave our detective the slip that afternoon, so that he had his first opportunity to visit that apartment. And he had a motive in the crime. There's enough to hold anyone on, Peter, and I'm going to hold him."

The novelist studied his friend gravely. "All logical," he admitted. "I'm not sure about one point. In my fight, I don't know whether I battered my antagonist or not. Oh," he smiled, "I know I was considerably battered. But the other fellow was landing his blows on the head, I was hitting to the body. He was aiming for a knockout, and I was trying to wear my man down; working in close as much as possible. I felt sure that if I could make a rough-and-tumble affair of it, I could beat him. I think I would have, too, if I had not dived through the window, attempting to tackle him. All of which means nothing," he admitted, "except that I don't know that I blackened one of his eyes. I can't remember it, although I'm reasonably sure I left some black and blue marks on his body."

"In a fight of that sort," Kilday objected, "you might have landed a dozen blows you can't remember now."

"Admitted," Peter agreed. "But Rylie Carmody's black eye isn't conclusive evidence. How about Dan Bullis? Does he show any signs of having been in a fight?"

"None that I could see."

Peter reached for a cigarette lighted it, and thoughtfully watched the smoke clouds roll ceilingward before he spoke again. "Of course this lets the woman out," he began. "Neither Choo Choo Train nor our mysterious woman in blue was capable of putting up the scrap that I ran into. And of course, if the motive of the crime was to halt the wedding, the crime was committed by a woman, with the single exception of Rylie Carmody."

"Of course there was Webster Spears," put in the detective. "But he was already under arrest. You didn't run into him in that office."

"Which means," continued the novelist, "that either Rylie is our man, or else the wedding itself wasn't the motive. I've already explained why I can't think it was Rylie. A man contemplating murder doesn't advertise the motive, the way he did. We still have the Bullis angle. The murder might have been political, as you first suggested. Or, as I have previously suggested, the woman in blue may be the key to the case."

"She is the only factor of the case that remains unexplained. I still believe it is logical to assume that Franklin was killed in a fit of jealous rage, over a woman, not by a woman. Why couldn't it have been that woman's brother or husband? Sergeant, either you are right, and Rylie is our man, or we still have to locate a blond woman with whom Franklin had an affair."

"There's one thing I never thought to ask," Peter continued. "Did you discover how Franklin's apartment was entered? Did the person who searched those rooms have a key, or were you able to find where he forced his entrance?"

"He must have had a key. None of the windows had been forced and the locks showed no signs of having been tampered with."

"Well, who had keys to Franklin's apartment? We had Franklin's, on his key-ring. Fletcher had one with him. We'd better talk to Choo Choo Train again. She had a key to that apartment. Our burglar used her key, or else—"

"Or else what?"

"Or else our woman in blue had a key, too."

"I'll soon find out," promised the detective. He used the telephone

to call Choo Choo Train, who promised to come to the hospital immediately, bringing her key to the murdered man's apartment with her.

"While we're waiting," Peter suggested, "tell me about Franklin's office. Were you able to determine how my assailant got in there?"

The detective admitted he was puzzled. "The reception room was a wreck," he said. "You must have staged quite a battle there. That's about all we were able to find out, however. There was no fire-escape from which any of the windows could have been entered. The main entrance was the only means of access to the suite. If that door was forced, we couldn't tell it."

"Dunbar helped us, too. Aside from his key, and Franklin's, which you had, there were three other keys to that door. Two of them belonged to clerks in that office and have been accounted for. The third was the janitor's. He, too, tells a straight story."

"So it looks as though our visitor walked in through a locked door, eh?" Cardigan mused.

He reclined against his pillow and stared fixedly at the ceiling through the smoke of a constant procession of cigarettes.

"But how about the outside of the building? Was there any ledge by which the intruder could have reached those windows? Every sensible question has an equally logical answer, if it can only be found."

Before they could explore the question further, the actress ar-

"I'm sorry," she said. "The Papers Said You Were Seriously Hurt."

rived. Choo Choo's black-lashed eyes turned first to Peter.

"I'm sorry," she said. "The papers said you were seriously hurt."

The novelist smiled briefly. "The doctor says I'm to have a short leg that will make me limp a bit," he said. "But I'm getting used to the idea. After all, I'm fortunate to be alive, even if I must carry a permanent souvenir of the experience with me. How about it, Miss Train? Do you care for men who limp?"

"I adore them," declared the actress swiftly. "I detest men who either walk, act or talk just like every one else." But she was obviously at a loss as to how to continue the conversation and turned abruptly to Kilday with the question. "Why did you send for me?"

"You have a key to Franklin's apartment. I want to see it."

The actress searched in her purse and produced the key.

Without saying a word, Kilday carefully compared it with the other key in his possession, the one on Franklin's key-ring. It was identical.

"That is the only key he gave you, isn't it?" he asked.

"Yes."

"Miss Train, has this key been in your possession all the time since Franklin's death?"

Floyd and family had been visiting here for a few days. They left Saturday by auto for Fort Morgan where Floyd is employed.

—Mike Hulinaky, who was a pleasant Quiz visitor Tuesday, says that his community got much more rain than Ord did Monday night. Much more is needed there as everywhere.

—A grocery and kitchen shower was given Friday evening at the Maiden Valley school house Friday evening in honor of Mr. and Mrs. Dale Smith, by the Royal Kensington club. A lunch was served at the close of the evening.

—Monday morning C. C. Haught accompanied C. A. Hager on a trip to Kimball. Mr. Hager will spend a few days on business and Mr. Haught will remain for a month's visit with his daughter, Mrs. W. M. Gray, of that place.

—While attending the high school music contest at Hastings, Virginia Clark and Josephine Romans were guests at the Norris Van Wie home. Mrs. Van Wie is a sister of Virginia's mother, Mrs. Fred Clark.

—Mrs. Burr E. Beck, the former Miss Mazie Fox, has gone to Scotia to join her husband, who is in business there. Mr. and Mrs. Beck were married a few weeks ago and Mrs. Beck remained in the employ of Miss Sophie McBeth here until the latter could secure a new beauty operator.

—Mr. and Mrs. R. N. McAllister drove to Grand Island and home again Saturday.

—Friday a cream can fell from a load of cans, striking V. R. Miller on the head and cutting quite a gash. He was a patient of Dr. Henry Norris.

—Saturday W. A. Anderson was 81 years old. The Jason Abernethy family and members of the A. J. Campbell family and other relatives and friends were calling upon him and wishing him many happy returns of the day.

—Mr. and Mrs. A. W. Tunnick and Miss Ruth Oliver drove to Burwell Tuesday and were visiting relatives and taking in "the track meet in which two of the Tunnick boys competed."

—Mr. and Mrs. Frank Fafetta, Sr., who lately returned from Long Beach, Calif., claim that they had a very good time while they were there. The former Ord people were very nice to them. Mr. Fafetta was ill when he first returned home. He is now able to be up and goes down town.

—Wayne Stanton of St. John, N. D. was lately married. He is a son of Mr. and Mrs. Will Stanton, who formerly lived in Springdale. Wayne is a nephew of Madams R. O. Hunter, Harry Dye and C. C. Brown.

—Mrs. Will Wisda of Lexington was in Ord Sunday visiting her sister, Mrs. Frank Stara. Mrs. Wisda came by auto with Mr. and Mrs. George Collipriest.

—Tomorrow evening there will be a gathering of church and Sunday school members in the Christian church.

Helen Micek, John Potzreba Are Married In Elaborate Ceremony At Elyria Church

At a very beautiful wedding Wednesday morning at nine o'clock in the Catholic church of Elyria, Miss Helen Micek, daughter of Mr. and Mrs. Joe Micek, became the bride of John Potzreba, son of Mr. and Mrs. Mike Potzreba. Father Leonard Ziolkowski performed the ceremony in the presence of a church filled with relatives and friends of the happy young pair.

Attending the young couple were Miss Victoria Micek and Henry Potzreba, and Miss Helen Potzreba and Frank Micek, while little Vivian Zulkoski, daughter of Mr. and Mrs. James Zulkoski, was chosen as flower girl, and young Marvin Jablonski, son of J. C. Jablonski, acted as ring bearer. Music was furnished by Sylvester Carkoski, violin, Leonard Dlugosh at the organ, and also by a choir.

The bride was charming in a fashionably long gown of white satin, made with a circular skirt and yoke of lace. The lace also formed puffs at the top of the long satin sleeves. Her long veil was of net with an embroidered border, caught to the head with a heavy coronet of orange blossoms, and the bridal bouquet was of white roses. The two young ladies attending the bride were gowned in exactly identical pale pink crepe dresses made with three quarter sleeves and high necks. At the throat a pair of white orange flowers was fashioned.

These dresses were long and fitted also. The bouquets of the bridesmaids were of pink carnations and their heads were circled with narrow bands of orange blossoms.

Hoyt home to organize boys and girls 4-H clubs. Mrs. Leo Nelson, county chairman of extension clubs, was present to help them organize. The girls will take the sewing project and choose "The Jolly Juniors Sewing Club" as the name of their club. The boys chose the "Fix It" project which is a new project in Valley county, so named their club Valley county's First Fix Its. In the girls club Loretta Kusek was elected leader, Audrey Hoyt president, Irene Dlugosh vice president, and Kathryn Holub as secretary and treasurer. Harold Garkick will lead the boys club with Erwin Dodge president, Robert Jablonski vice president and Raymond Dlugosh, secretary and treasurer.

Mr. and Mrs. Ed Blaha of Ord called at the Elyria home Saturday afternoon, taking some feed home with them.

Mrs. Joe Gregory will be hostess to the Jolly Homemakers club Thursday afternoon at a Kensington, their project work having come to a close for the year.

Mr. and Mrs. W. B. Hoyt and Mrs. G. L. Hoyt were dinner guests at the Anton Zalud home near Burwell on Sunday.

Mr. and Mrs. Joe Wozniak and daughters Mary and Rose spent Sunday in the John Wozniak farm home.

Mr. and Mrs. Howard Wright, Mrs. C. E. Wozniak, daughter Lucille, Mrs. Albin Carkoski and baby drove to the Chris Sorensen farm home near Burwell Sunday afternoon for a visit. Mr. Sorensen had just returned on Thursday from a several weeks stay at Camp Captain, which is at Custer, S. D., in the Black Hills region. He has had charge of the training in the camp.

Elsie and Otto Pecinka were supper guests at the Bernard Hoyt home Tuesday evening.

Mr. and Mrs. Philip Osentowski and family were Sunday dinner guests at the Joe Clemmy home. Mr. and Mrs. Mrs. Chas. Clemmy of near Burwell, were also guests in the Clemmy home in the evening.

Mr. and Mrs. John Carkoski and Mr. and Mrs. R. E. Garkick and son were Sunday visitors at the Will Dodge home.

Chester Carkoski has been reelected coach of the Hartington schools. He has taught at that place for several years.

John Carkoski had all his teeth extracted a few weeks ago and has been having considerable trouble with an infection in his jaw bone and is making regular trips to his dentist for treatment.

Saturday evening several Elyria folks attended a bride's shower given in honor of Helen Micek at the Mike Potzreba farm home. The bride-to-be received many lovely and useful gifts.

Mr. and Mrs. John Lenowski and family of Loup City and Mr. and Mrs. Frank Golka sr., of Ord were visitors in the M. G. Kusek home Sunday.

—Thursday Mr. and Mrs. Floyd Cook and family of Fort Morgan, Colo., spent several hours calling upon relatives in Mira Valley. They were in the homes of Dan Cook, George Cook and Joe Cook and visiting numerous other uncles and cousins.

—Miss Minnie Gilroy gave a reception and dinner Sunday in honor of her brother and wife, Mr. and Mrs. Clayton Gilroy. Only relatives were in attendance about thirty being there. A fine dinner was served and guests stayed most of the day.

The groom and his attendants wore the conventional black attire.

At the home of the bride's parents wedding feasts were served at noon and in the evening. The room was gay with pink and white decorations, and the same colors were used on the three-tier wedding cake, made by a cousin of the bride, Miss Clara Konkolewski. Bower Brothers provided the music for the two meals, and also played for the big wedding dance held at Elyria Wednesday evening. Serving the wedding meals were five cousins of the bride.

The young couple received a great many lovely gifts. The bride was honored Saturday evening at the home of Mrs. James Zulkoski when that lady was hostess to about fifty friends of the bride-to-be at a miscellaneous shower. A bountiful lunch was served late in the evening.

Mr. and Mrs. Potzreba will be at home on their own farm nine miles west of Ord on what was formerly called the C. A. Sorensen place. Mr. Potzreba attended the St. Paul business college and both he and his bride have many friends over Valley county who wish them much happiness in their new venture.

Out of town guests for the occasion were Mr. and Mrs. Joe Persak of St. Paul, Mr. and Mrs. Tom Eurek of Arcadia, Mrs. John Stenka and daughter of Loup City and Miss Elaine Stenka of the same place. Mrs. Frank Stachura and children and Mr. and Mrs. Stachura and children, all of Duncan.

Christian Church.
Christ's Measure of a Man, will be our subject next Sunday morning. In the evening the subject will be "The Life of Paul." We will chart the life of Paul as we tell the story so all may get a more comprehensive view.

Mid week Bible study Thursday evening.

Bible school at 10 a. m. We are grateful to all who helped to make the Ord flower garden night such a success. Now if our friends will make and save their good kodak negatives this year we may have an even greater display this fall.

United Brethren Church
"Study to show thyself approved unto God, a workman that needeth not to be ashamed rightly dividing the Word of Truth." II Timothy 2:15.

Those who attend the Bible Conference are hearing Rev. Mr. Sawyer with great profit and are manifesting keen interest and appreciation. Mr. Lauer has an unusual insight into the Word of God and many more should avail themselves of the privilege which is ours.

Mamie J. Young, Pastor.

Presbyterian Church Notes.
Sabbath school takes up at 10 a. m. followed by worship service at 10:45. The ordination of newly elected Deacons will be held at this time.

The Pioneer Expression club will meet Sunday afternoon at the church at 2:30. Their officers as elected last week are: Chief Ranger, Beverly Real; Deputy Ranger, Edward Sweet; Recorder, Lyle Flagg; Treasurer, Jeanette Clements; Treasurer, Jerrine Burrows. This group is also meeting next Saturday at the Park to play kittenball.

At seven Sunday evening the Young People will have their meeting and song service at the church.

Aid society will meet next Wednesday afternoon at the home of Mrs. Flagg. Mrs. Chapman will be assistant hostess.

Do not forget the class meeting at the church Thursday night for the study of Christian Education and church government. Mrs. Flagg's Tuxis group are also planning a hike and picnic tonight after school.

Methodist Church
Pioneer's Day will be observed next Sunday morning both in the Sunday school and morning worship. All persons of our congregation who were early settlers in this county, and their children, are especially invited as guests of honor. Services suitable for the occasion will be held.

Our contest with Broken Bow is coming along very nicely with Ord still in the lead. Last week we had 208 at Sunday school and 161 at church. At this writing we have not heard the number Broken Bow had. The contest will continue during April.

The Religious Forum Sunday school class is having Class Day next Sunday morning, and they are also sponsoring the Pioneer's Day Service. This class is composed of young married people, and different leaders take charge of the lesson each week. They have a membership of about 60.

Those having pictures of early scenes in this community that they would like to bring to the church for a display next Sunday morning are requested to bring them early, or else take them to John Haskell who will arrange them for exhibition.

Mearl C. Smith, Minister.

Christian Science
The subject of the lesson-sermon in all Christian Science churches for Sunday, April 22, is "Doctrine of Atonement."

The Golden Text is from Romans 5:11: "We also joy in God through our Lord Jesus Christ, by whom we have now reached the atonement."

A passage from the Bible used in the lesson-sermon is from Hebrews 10: 19, 20, 22: "Having therefore, brethren, boldness to enter into the holiest by the blood of Jesus, by a new and living way which he hath consecrated for us, through the veil, that is to say his flesh.... Let us draw near with a true heart in full assurance of faith, having our hearts sprinkled from an evil conscience, and our bodies washed with pure water."

A correlative passage from the Christian Science textbook, entitled "Science and Health with Key to the Scriptures" by Mary Baker Eddy, reads: "If Truth is overcoming error in your daily walk and conversation, you can finally say, 'I have fought a good fight.... I have kept the faith,' because you are a better man. This is having our part in the atonement with Truth and Love." (page 21.)

Girls of Valley Enjoy 'Play Day'

Fifteen girls from each of five towns of this territory came to Ord Tuesday to enjoy the annual spring play day. Miss Viola Crouch of the Ord faculty was in charge with fifteen Ord girls acting as hostesses to the visitors. During the afternoon five games were enjoyed, soccer, kittenball, basketball, volleyball and baseball.

Miss Elizabeth Haywood came with the Arcadia girls, Miss Della Nass accompanied the group from North Loup, Miss Louise K. Nun of St. Paul brought a group of girls from that town, Miss Clara L. Goff and a representative Sargent quintet came, and from Comstock came Mrs. Erabel Cavett with fifteen girls of that place.

Arriving at one o'clock, the girls were special guests at convocation in the auditorium. First number of the program was a quartet directed by Mr. Duncan. A one-act play, "My Lady's Lace", under the supervision of Miss Hans, was next given, and a mixed quartet sang two groups of songs.

Closing a pleasant afternoon, light refreshments were served to the guests in the auditorium at four thirty. The beautiful weather contributed no small part to the afternoon's enjoyment.

—Madams R. N. McAllister and A. W. Tunnickliff drove to Burwell Monday.

Bronson and Raisch Candidates for Coach

Some time this month the Ord board of education will meet to elect a successor to Cecil S. Moten as athletic coach in Ord high school. Many applications for the position have been filed but the two men being given most serious consideration are graduates of the University of Nebraska, the Quiz is informed by a board member.

Bill Bronson, a former U. of N. quarterback, coached in California two years, in Ohio two years and this year is coaching at Neligh. Clarence Raisch, also a strong candidate, was a star guard and tackle on Cornhusker teams, has coached at Gothenburg and Cozad and was assistant to Choppie Rhodes at the University of Wyoming. Both of the men have also played professional football.

A "dark horse" may be elected yet but at the present time Raisch and Bronson are said to have the inside track.

George Jackson Files For State Office

The news that George Jackson, secretary of the Nebraska State Fair for the past eight years, has filed for the office of land commissioner, gives pleasure to his many friends here, for few men in Nebraska are so qualified for this office as is Mr. Jackson.

Born and raised on a farm and educated in the "college of hard knocks," he moved to Nuckolls county in early life and there became known as a breeder of purebred hogs, cattle and poultry. He served as secretary of the Nuckolls county fair for several years, then for four years as county clerk of Nuckolls county. Then he bought a hardware store and operated it successfully for a number of years, also representing Nuckolls county in the state legislature in the terms of 1913, 1915 and 1917.

A member of the state fair board since 1911, he was elected president in 1924. Shortly afterward he was appointed secretary, serving until 1932 and being instrumental in building up the State Fair until it ranked among the greatest in the nation.

Known personally to every Quiz reader who ever exhibited at the state fair, he enjoys a wide friendship in Valley county and will get a large vote at the primary election next August.

Ord Pastor Chosen District Presbyter

At the Assembly of God church convention held in Hastings last week Rev. W. C. Zeigler, pastor of the Ord church, was elected a district presbyter. Other presbyters include Rev. Guy Rake, Milford, Rev. J. Burkey, Maxwell, and Rev. E. W. White, Grant Island. The new district superintendent is Rev. A. M. Albers, Bayard, and Rev. B. C. Thomas, Lincoln, is vice-superintendent. Rev. Glen Millard, McCook, was chosen secretary-treasurer.

A number of Ord members attended the convention and say that Hastings was chosen the site of the district's annual camp meeting to be held July 19 to 29. Hastings city officials offered use of the city pavilion, with lights, water and plenty of camping space, without charge and the offer was gratefully accepted.

Strong's Observe Golden Wedding

(Continued from Page 1).

To them were born two sons and one daughter and one of these, Marion Strong, and the daughter, Mrs. George B. Nay, live in the Ord community. The other son, Guy, lives at Callaway but comes frequently to Ord to share in the loving care that all of the children and the several grandchildren give to Mr. and Mrs. Strong.

To properly celebrate the 50th anniversary Mr. and Mrs. Nay entertained at dinner Sunday and repeated the affair again Monday evening. Guests Sunday were the immediate family and old settlers who have known Mr. and Mrs. Strong throughout their married life. Included in the party, besides the family, were Mr. and Mrs. Robert Nay, Mr. and Mrs. John McLain, Mr. and Mrs. W. Hather, Mrs. Nancy Covert, Mr. and Mrs. Chas. Stichter, Mr. and Mrs. Leslie Mason and Mr. and Mrs. Will Cronk.

A bounteous dinner was served in the dining room, the honor guest being seated at a small table and other guests at a long one. Both tables were made very lovely with gold trimmings and the centerpiece was a very pretty wedding cake with gold and green decorations.

Guest took their places to the strains of a wedding march played by Miss Mildred Nay, after which the dinner was served by the Misses Ella Marie and Margaret Strong, Betty Strong, Mildred and Vernon Nay, all grandchildren of Mr. and Mrs. Strong. The dinner was enlivened by stories of pioneer days and Mr. Cronk sang a number of songs written by his father. The afternoon was spent visiting and enjoying some piano selections by Mildred Nay and her mother.

On Monday evening 50 relatives gathered at the Nay home and spent a happy evening visiting with "Uncle Dave and Aunt Della," as they are affectionately known. They also enjoyed rook and other games. Dainty refreshments were served at the close of the evening. This gathering also celebrated Mrs. Nay's birthday.

Of the guests who gathered Sunday, Mr. and Mrs. Will Cronk were married on April 19, 1884, just fifty years ago today, and Mrs. Nancy Covert, then Nancy Wigent, was married on Sept. 28, 1884 to Henry Covert, who died at Tenino, Wash., more than 25 years ago. These people have been friends of a lifetime and surely enjoyed recounting old experiences Sunday.

The Quiz is happy to join with these old-time friends of Mr. and Mrs. Strong, and with their younger friends as well, in wishing this fine and honored Springdale couple many more enjoyable wedding anniversary parties together.

Proposal by Proxy

By H. IRVING KING

© by McClure Newspaper Syndicate. WNU Service

HE HAD been a young man once, but Henry Porterhouse was the same lively, witty, well-bred, optimistic youth at sixty-eight that he had been at twenty-five. His nephew, Carlton Brown, his sister's son, considered Uncle John Henry about as near perfect as they make 'em; was a most indulgent nephew and supplied all the old man's needs and luxuries in a most bountiful manner. And these were not a few—especially the luxuries.

Uncle John Henry appreciated his nephew's indulgence, was grateful to him for it, and cast about for an opportunity to do the young man a good turn.

"Carlton is nearing thirty," thought Uncle John Henry, "and not yet married. I wonder if there is anybody he wants—and can't get. I was two years younger than Carlton is when—"

And the old man fell into reverie, looking back through the distorting mists of the vanished years and seeing a beautiful girl—whom the original wasn't at all—who had married somebody else; and sighing to think how sweet life would have been for him—which it wouldn't have been—if she had married him.

"Carlton shall not suffer my fate," decided the uncle. "If there is a girl in this town he wants, by jingo! he's going to have her." And that night, when the two were alone at dinner, he said to his nephew: "Carlton, why don't you get married?" The sudden shot took the young man by surprise; he reddened, hesitated, and then laughed. "Oh, plenty of time for that, uncle, plenty of time."

"No, there isn't," replied the uncle. "I want you to get married right off. Before you get too old. Never thought of marriage, eh? Well, never mind, don't worry. I'll pick out a girl for you." And the gay old boy hurried off to the opera where he had agreed to be in the Stanwix box early.

Rose Stanwix was a picture that evening. She wore something in pink and silver and her eyes were like diamonds. Gay old Uncle John Henry could hardly keep from staring. "Golly, but she's pretty," he thought. Now, there was the very girl for Carlton. Social position, youth and beauty. He asked Rose if he might see her the next afternoon.

Why, of course, Rose would be delighted to see Mr. Porterhouse the next afternoon—weren't they old chums? And she actually gave him a pat on his ruddy, withered-apple cheek. Rose was twenty-six. She was very fond of Uncle John Henry—everybody was fond of him.

Uncle John Henry slept soundly that night, his spirit soothed by the thought of the benevolent plans he had laid for the happiness of his nephew. Promptly at the appointed hour he presented himself before Rose. She appeared to him even more charming than she had the night before in her opera finery. And she seemed such a sensible girl, too.

At length Uncle John Henry got down to business. He discoursed a little on the general subject of the advisability of marriage, and then asked Rose, point blank, why it was that she had never taken the step. She parried by asking him the same question. He sighed that there had been a time—in the dear, dead past—when he had thought of it. But that was long ago—and now he was too old.

"Old!" cried Rose, "why, Mr. Porterhouse! You are the youngest man in our set. What's a few years more or less when the heart keeps young?"

"Do you really think so?" asked Uncle John Henry.

"I am sure of it," laughed Rose. "In that case," faltered the old beau, "if I might offer the heart and hand of an—"

"Mr. Porterhouse!" exclaimed Rose.

He saw a strange look come into her eyes; surprise, amusement—and something else.

He could not grasp on the instant, exactly what that look meant; but he saw in it a signal to keep to the right and keep moving and went on: "er—of my nephew—for your consideration it would afford me—unbounded satisfaction."

Rose cast down her eyes and replied demurely: "I cannot tell you how grateful to you I am for the offer. I will give it my careful consideration. I think you may be assured of a favorable answer."

"Golly!" thought the old man as he left the house, "came near betraying Carlton's interests that time. But what did she mean by looking at me like that? Old men have married young girls before now. And I'm not so very old."

"Carlton," said he that night, "it's all arranged. I fixed it up for you with Rose Stanwix."

"Rose Stanwix," gasped Carlton. "So you proposed to her for me! Well, I have no objections. Your taste was always excellent." And Carlton wrote to the girl that very night. "Uncle tells me he has arranged for us to marry. I guess we had better announce our engagement next month—instead of the month after as we had intended. The joke is on uncle; but we'll never tell him. He's so happy to think he has done something for me."

Wheat Reduction Program Opened

The wheat reduction program has again been opened to wheat producers by the government for wheat producers who did not sign contracts last fall.

The man who signs now will go in on the same terms as if he had signed last fall except that he will not be eligible for the first reduction payment.

He will receive the second payment of about 8 cents per bushel on his allotment which is 54 per cent of the number of bushels of wheat produced on the average in 1930-1931 and 1932. He will also be eligible to receive full payment for the years 1934 and 1935.

In complying with the contract it is necessary that he reduce this year's wheat 5 per cent below the average for the three year period, 1930 to 1932, and that he take 15 per cent of the average wheat acreage for these three years out of production.

The allotment committee for Valley and Garfield counties will accept applications during the week of April 22 to 28. All applications must be made at the county agent's office.

K-BALL LEAGUE DECIDES START PLAY ON MAY 2nd

Officers Elected, Teams Chosen
At Meeting Friday Eve; 77
Now Enrolled in League.

Play in the Ord city kitenball league will begin Tuesday, May 2, with all six teams appearing in five inning games. It was decided at an organization meeting of the league held Friday evening in the city hall. Seventy-seven have enrolled as players and several more are expected to join before the league membership rolls are closed May 5. First regularly scheduled league games will be played May 8.

League officers elected Friday evening are Warren E. Lincoln, president, Alfred A. Wiegardt, secretary, and John L. Andersen, treasurer, each being chosen by a unanimous vote.

Captains for the six teams comprising the league were elected also, these being Harry Wolf, Swede Carlson, Lynn Beeghly, John Haskell, Warren Lincoln and Ed Michalek. It was decided to let the various captains select their players by rotation, each choosing one from the membership list until all are chosen. League officers then made such changes as were deemed necessary to make the teams about equal in playing ability. Those whose names do not appear below but who have registered and paid their fees will be assigned to teams before next Tuesday.

It was decided to make an admission charge of 10c for games with visiting teams and in tournaments and to finance city league games by passing the hat.

Country teams near Ord are invited to join the league, according to official action taken Friday evening. However, they will be amenable to league rules and must submit to equalization by league officers if this is deemed necessary.

Catholic Junior Orchestra On Air

Sunday many Ord families tuned their radios to station KMMJ, at Clay Center, for the program from 2:35 to 3:05 was given by the Catholic Junior orchestra of Ord, a group of children from 10 to 14 years of age that was organized and is directed by Jerry Puncchochar. Although they have been practicing only six months, they play exceedingly well and their program Sunday was greatly enjoyed.

Members are Lorraine Kusek, piano; Edward and Viola Puncchochar, violins; Dean Barta and Everett Gross, cornets; Eugene Puncchochar and Lillian Karty, clarinets; Harry James McBeth and Norma Mae Smith, saxophones; Dick Koupal, baritone; Lillian Kusek, drums.

Ord people who accompanied the orchestra to Hastings were Mr. and Mrs. Joe Karty, Mr. and Mrs. James Pettska, Jr., and daughter, Mr. and Mrs. Rudolph Koupal, Mr. and Mrs. Jerry Puncchochar and George Puncchochar of Burwell.

Brain Tumor Causes Death of Mrs. Gross

Mrs. Sophia H. Gross, aged 90, of east Ord, passed away at 9:00 a. m. April 24, 1934 at her home, after being ill since last November. Funeral services will be held at the Frazier chapel at 2:00 p. m. today with Rev. L. M. Real in charge and interment will be in Ord cemetery.

Born May 6, 1868 in Moravia, the deceased came to the United States about 1900, settling in Wisconsin. Eight years ago she came to Ord and on Dec. 18, 1926 was married here to Alexander Gross. A brain tumor was the immediate cause of death.

Will Broadcast Services.
Rev. and Mrs. E. M. Stanley and Miss Olive Rahlmeyer are broadcasting a series of Pentecostal evangelistic services over radio station KGBZ, York. They are on the air from 4:30 to 5:30 p. m. Sunday and from 8:00 to 9:00 a. m. Mondays and Thursdays.

Little Girl Breaks Leg.
Edna Mae, 4-year old daughter of Mr. and Mrs. Lewis Ruzovski, suffered a broken leg Sunday and was under the care of Dr. C. J. Miller in the Ord hospital. The little girl had accompanied her father to the Joe Golka farm, where Mr. Ruzovski was loading logs into his truck. Edna Mae was standing behind the truck when the engine fell out and struck her, breaking her leg.

Among the Quiz Advertisers . . .

Ten advertisers had their advertisement copy in on Monday this week and that is something I tried to get them listed in the order they came but they came so fast, one after another, that I have mixed them a little. We used to get most of them on Wednesday, sometimes as late as 4 p. m. That don't give either us or the advertiser a fair shake. We can't handle the copy in one day, many errors are sure to creep in, we can't show proofs and we can't give anyone good position. This is being written early Tuesday morning. The deadline to get into this story, is 2 p. m. today and when that hour comes no doubt another dozen ads will be in. Anyhow, the first ten were in Monday, one of them, in fact, the Standard Oil Company advertisement, was in on Saturday.

Every year since 1918 the Standard Oil Company has been a regular advertiser in the Quiz. And they have used large space too. And it must pay them or they wouldn't keep it up. We have recently received a contract for the use of several hundred inches of space and the ads start this week and we hope you will read their ads.

The Safeway boys used to tell me that they couldn't possibly get their copy in till Wednesday, so imagine my surprise when they came rushing in early Monday would have headed the list if Standard Oil hadn't sent their copy Saturday. And the boys have got real grocery prices, too. And it is a pleasure to trade in their store, everything is so clean, the stock is so large and varied. They have, in addition to their store lines which of course they push, a great array of the finest nationally advertised brands. They are featuring their Airway coffee this week.

We almost got Emil Kokes licks Sunday night because we put an April 22 date on his opening dance when it should have been April 29. Dozens of cars of young people came, some from as far away as Ansley. I think the difference in my size and Emil's was all that saved me from a licking Monday when he came in, too. He had to admit that people read the ads in the Quiz, though, and I doubled the size of his ad for this week, and if I decide to take up dancing, I shall surely go to his first of the season dance the coming Sunday night.

Mrs. Lincoln manager of the telephone company reserved space Monday for a list of new phones which will be found in this issue, another evidence that business conditions are improving. Mrs. Lincoln informs us that a new directory will be issued in the spring. That being the case, everyone who is going to install a phone, will want to do so at once, so as to be listed in the new book.

Manager Emil Darges of the Ord Dance Hall has an unusual attraction for his Monday, April 30th dance, in the famous colored orchestra, Shuffle Abernathy and his Harlem Hatters, 14 artists with a national reputation as radio entertainers. You will want to see and hear them if you don't dance.

Agent Johnson of the Union Pacific, said when he brought his ad copy and threw a handful of silver dollars on the desk, that he was going to pay in advance. I had visions of remonetization of silver until I took another look and saw that the money was phony, a souvenir pocket piece about the size of a dollar but light. It is made of the same kind of aluminum the new Union Pacific train is made of and shows a picture of a part of the train on one side. The U. P. is quoting new low special prices of passenger travel.

I almost left Manager Biemond of the Ord Theatre, out of this story because he always has his copy in early often on Saturday. His business, like the Quiz business, has been hard to keep going for many months but he has been showing a steady increase in crowds in recent weeks and is hopeful that the depression is over so far as he is concerned. He is showing wonderful pictures right along and this week's program, always found on the back

page, in the same upper left hand corner, is no exception. Managers Hastings and Janssen and their associates should be proud of the advertising the Shell people are doing this spring. That new gasoline which they are featuring sure has the pep. It does the same thing for your car that goat glands do for an old man, so if you have not tried it, and do so, step on the throttle carefully.

Ed F. Beranek of the Rexall store, is featuring another of those popular 1c sales. They have a couple of ads telling somewhat about it this week and a glance at their windows and tables will convince the most skeptical that they have the bargains.

The Sack lumber people have handled Dupont paint for years and for the same number of years this paper has carried a Dupont paint advertising campaign each spring. It usually runs about three months and is both educational and interesting. Dupont has to be a good paint to stand the test of time in that way. If just half what Manager Joe Puncchochar says about Betty Ann coffee and other Food Center brands is true, Betty Ann stuff is good stuff, and I believe Joe is telling the whole truth. Joe mentions a whole lot of real bargains in his copy this week, including Pep with a baseball book free, for the kiddies.

Manager Zimmerman of the Ben Franklin Variety store, the red front store on the south side of the square, was in early Tuesday with his ad copy. He remembered that this is National Baby Week and his offering is in line with that idea and all you folks who have babies, expect to have them, want to have them or ever have had them, should read the Ben Franklin advertisement.

John Goddard has had a nice advertisement every week this month and says he is convinced that the people read his ads. He was in early Tuesday with his copy, all prepared and ready to go and do those coats look good! Judging from the prices named and the looks of the coats in the store, everyone is a real bargain.

Glen Auble had to take time out from testing a patient's eyes to prepare his advertising copy this week and you will enjoy reading it. I enjoyed watching a young son of Jay Auble, decorating a show window while waiting for the ad copy and was amused when the future jewelry store manager struck his father for an extra nickel on his weekly allowance, when the job was finished. Sure he got it. Showed that the window trim was a means to an end—the boy needed the money and has plenty of brains to figure out a way to get it, just as he will have the brains, when he gets older, to plan ways and means to carry on his business.

Manager Jaquet of Nick's busy corner suburban store (by the way Nick has got the boys all guessing) had his copy in long before noon Tuesday and it took quite a lot of space this week to tell of the special bargains waiting for the customers of the store. By the way, the latest addition to Nick's staff of salespeople is Frankie Andersen, just home from garnering new store ideas from Lincoln, Chicago, Cleveland and New York City. Frankie is directly responsible for the meat department at Nick's but he was sprouting potatoes when I was in and telling a group of admirers about how it is done on the Bowery in N.Y.C.

Bud Auble took time out to count the used tires and tubes while Brother was making up a list of their used cars for me on Tuesday morning and he had about a hundred of both together. Some of them looked like they might have gone down the road quite a way, (the tires, I mean) and many of them are too good to be discarded. And the used cars, the boys had to mark one off the list while I was there, a guy coming in to say he would take it, after the list was made up. A number of other articles are mentioned in Bud's ad this week, so read it.

Ord Couple Wins Loup Valley Contract Bridge Championship

Mr. and Mrs. Edwin Clements in
Top Position, Callaway
Pair Takes Second.

Forty-eight contract bridge players representing six towns competed Sunday in the first annual Loup Valley tournament, held at the Knights of Pythias hall in Ord, and when two gruelling sessions with the pastebards came to an end Mr. and Mrs. Edwin Clements, Jr., of Ord, were declared the winners, thus becoming the first official champions in the history of contract bridge in central Nebraska.

Mr. and Mrs. Clements scored 99 1-2 match points, four more than their closest competitors, Mr. and Mrs. Charles Fredericks,

or Callaway. In third place were Shirley Norton and Archie Clements, Elvira, with 89 points, and in fourth place were Ralph Haggart and P. Christensen, St. Paul, with 84. Mrs. E. C. Leggett and E. L. Vogeltanz placed fifth with 80 points and sixth place went to O. A. Abbott, Jr., and Miss Dorcas Hoge, of Grand Island. Others competing in the championship round were Mrs. Tully and Mrs. Connor, Grand Island, Lester Norton and E. C. Leggett, Ord, George Fredericks and Harry Lamb, Callaway, Dr. F. A. Barta and J. D. McCall, Ord, Dan Webster and Dale Olson, St. Paul, Dick D. Rogers and Judge Orville Chaff, Tekamah, L. Wieland and Dr. Bryson, Callaway, J. Clemmy and Lyle McBeth, Ord.

N. J. PETERSON SEEKS TO ENJOIN ROAD THRU LAND

Files Suit to Stop Contractor In
Excavating Near His Home;
Case Up Saturday.

In district court Friday, Nels J. Peterson filed suit for an injunction to restrain the Peter Klewitt Sons' Company and their local manager, Homer Scott, from excavating for a highway through Mr. Peterson's farm adjoining the city limits of Ord on the southeast. The case will be heard by Judge E. P. Clements Saturday.

The Klewitt company has the contract for constructing the new grade for state highway No. 11 through Ord, including paving through the city and graveling at each end of the new grade.

Mr. Peterson, through his attorneys, Davis and Vogelanz, alleges that the Klewitt company intends to construct this highway through his place and within a few inches of the north side of his home. He has not given permission for the road to be built and his property has not been condemned as provided by law in such cases.

To permit construction of the highway in this place would damage his property to the extent of thousands of dollars, Peterson alleges. A slewing porch on the north side of the house would be made uninhabitable by the noise of vehicles on the highway, he says. Moreover, the new road would cut through and ruin the only place of ground on the place that is ideally adapted for a garden spot. It would also ruin berry bushes and fruit trees, Mr. Peterson claims.

It is understood that state specifications under which the contract was let to Peter Klewitt Sons Company call for the highway to cross the Peterson property. A state right-of-way man visited Ord last fall but failed to come to an agreement for purchase of the right-of-way.

Mr. Peterson asks that the court issue a restraining order at once and a permanent injunction later.

The outcome of this case will have an important bearing on road construction to be done in Ord this summer so the hearing Saturday will prove interesting to many.

OLBERG PRAISES LOUP PROJECTS

Federal Engineer Says Nebraska
Needs Irrigation; He Will
Recommend Approval.

Speaking to daily newspaper reporters in Lincoln Saturday, Major C. R. Olberg, federal engineer sent to Nebraska by Public Works officials to inspect proposed power and irrigation developments, said that in his opinion "Nebraska has some of the greatest irrigable tracts in the country" and that generally the proposed projects seem feasible.

With B. F. Thomas, an electrical engineer, Major Olberg had just completed an inspection of all projects in Nebraska. Olberg said he could not discuss his findings in detail until he submitted his report to Secretary of the Interior Ickes.

"There isn't any question but that you need irrigation in this state," he commented. "And there are splendid places for it. Take those Loup valleys, sections in the Tri-County district which have no irrigation now and those lands below the Sutherland reservoir site which have some irrigation now and you have a wonderful source of development. There will be times when these districts won't need water but when they do, they need it badly."

Olberg and Thomas left Nebraska early this week for Washington.

Hits \$7.85 Cattle Market.

"It looks almost like old times" commented H. B. Thompson, Vinton farmer and stockman, who returned last Wednesday evening from Chicago where he marketed two car loads of choice cattle of his own feeding. He received a price of \$7.85 per hundred for both loads. Frank Hackel, one of his neighbors, shipped one load for him and he was paid \$7.70. Both men returned home Wednesday evening and both were more than satisfied at the prices their cattle brought.

Attended Code Meeting.

Ord automobile dealers in attendance at a code meeting held at the Stratton hotel in Grand Island Monday evening were Murray Nelson, his salesman, Marvin Crow, Lynn Rogers, C. A. Anderson and L. J. Auble. The discussion centered around code regulations and their enforcement, with district code administrative officers as speakers.

Another Pioneer Couple Celebrate Their Golden Wedding Anniversary

Will Show 'Beautiful
Ord' Pictures Again

Rev. Willard McCarthy will present his stereoscopic pictures to "Beautiful Ord" at a union church service to be held Sunday evening, April 29, in the Methodist church. These pictures were shown recently at the Christian church and the crowd was so large that all could not be seated. Monday evening Rev. McCarthy screened some of the pictures for the benefit of Ord Rotarians, much to their enjoyment. About thirty pictures never shown before will be included in the program Sunday evening. Included are views of flower beds and other beauty spots at the Wm. Zabloull, A. S. Koupal, H. D. Leggett, Robert Noll, E. P. Clements, Curt Wilson, Alfred Weigardt, Mrs. Dick Nelson and many other Ord homes. They are beautiful and naturally colored and should be seen by every garden lover. By all means attend the union service Sunday evening.

School To Present Free Music Program

Dean S. Duncan, music supervisor in the Ord schools, announces that the various high school musical organizations, with soloists, will present a free program at the auditorium Friday evening, April 27. The program will consist in part of contest numbers presented at the District 4 music contest in Hastings recently, at which Ord won high honors.

This free program is being given partly to furnish more experience to the students and partly to familiarize patrons with the work being done by the music department. It is hoped that all patrons interested in music will attend.

Dr. Weekes Returns Home.

Dr. C. W. Weekes returned home Tuesday evening from New York City, where for the past several weeks he has been taking post-graduate surgical work under some of the most famous surgeons in the world. He reports a most enjoyable and instructive sojourn in the metropolis.

Potential Arsonist To State Hospital

Saturday the Valley county insanity commission, which has as members Dr. F. A. Barta, Clarence M. Davis and Alfred A. Weigardt, met and committed George Rudkin, 77-year-old North Loup man, to the state hospital at Ingleside, where he was taken the same day by Sheriff George Roud.

Mr. Rudkin has long been a county charge, having been cared for recently in the home of Mrs. H. G. Westberg, North Loup. He has developed a mania for setting fires, witnesses told the commission, and thus is potentially dangerous. On one occasion he built a fire under his bed, threatening to burn the Westberg home had it not been promptly discovered and extinguished.

STRONG-CARSON.

Sunday, April 22 at 9:30 a. m., occurred the marriage of Ella Marie Strong, daughter of Marion Strong, to Ellis S. Carson, son of Mrs. Glenn A. Carson in the Presbyterian parsonage at Smith Center, Kas. Mr. and Mrs. Jack Romans were the witnesses. Mrs. Carson has been a successful teacher for the past winter in a school in Greeley county. Mr. Carson is one of Ord's leading dairymen. The couple will make their home on the Fred Ulrich farm 2 1/2 miles northwest of Ord.

John Haskell Is New Reemploy. Manager

Last week Alfred A. Weigardt, for the past year manager of the Valley County reemployment office, resigned the position and the local reemployment board appointed John Haskell to succeed him. This board is composed of Val Pullen, Carl Sorenson, Alvin Blessing, M. F. Kosmata and Mr. Weigardt, all of them Ordites. F. V. Cornell, state reemployment manager, has confirmed Mr. Haskell's appointment.

The reemployment office will be moved, either to some other room in the court house or to the Haskell building on the south side of the square.

Fined For Bad Check.

Arrested Tuesday morning, Kenneth Hughes was fined \$5.00 in county court when he pleaded guilty to issuing a \$3.00 non-fund check to Ed F. Beranek. He was also ordered by Judge Andersen to pay the costs and make restitution to Mr. Beranek. He paid a total of \$14.00, with costs.

Aslms Boys Buy Gas Truck.

A new gasoline transport truck has been purchased by Carl and Tony Aslms and is being used to haul gas from Kansas to their filling stations in Burwell and Erickson and at their farm in the Joint community. The truck made its first trip last Thursday.

Mr. and Mrs. W. H. Cronk Honored By Family, Friends on
Thursday, April 19.

Last Thursday, April 19, marked the end of a half century of wedded life for Mr. and Mrs. W. H. Cronk and to celebrate the occasion about sixty relatives and friends gathered at their country home 12 miles north of Ord, among them being Mr. and Mrs. Dave Strong, who had celebrated their own golden wedding anniversary only a few days before.

Mr. and Mrs. Cronk were married April 19, 1884 near Ord, Mrs. Cronk being Miss Edith Timmerman, daughter of W. J. Timmerman. They have spent their entire life in the Ord community, living most of the time on a farm. For a few years they lived in Ord while Mr. Cronk operated a livery stable but the attractions of farm life were too strong and they soon returned to the farm.

Before the dinner Thursday, children and friends of the honored couple presented them with a lovely occasional rocker, Herman Rice acting as spokesman for the group.

Mr. and Mrs. Cronk responded, after which Dave Strong and A. J. Campbell made short talks wishing them many happy returns of the day.

The dinner was served cafeteria style and guests marched to the strains of a wedding march with Mr. and Mrs. Cronk and Mr. and Mrs. Strong at the head of the line.

After a short program in which children of the honored couple sang "Don't Forget the Old Folks," and "My Dear Mother" was sung as a solo by Herman Rice, the afternoon was spent by the men playing kitenball and the women visiting.

The guests included Mr. and Mrs. Edward Loft, Holstein, Ia., Mr. and Mrs. Harry Clements and children, Mr. and Mrs. Herman Rice and children, Mr. and Mrs. Jim Hansen and children, Mr. and Mrs. Walter Cronk, all of Ord, and Mrs. Clarence Bresley and Edgar, of Comstock, children of the honored couple. Three others of their children were unable to come—Mrs. John Meese, Wayland Cronk, of Nebraska City, and Mrs. Josco Arnold, of Alberta, Canada.

Other guests were Mr. and Mrs. Robert Nay, Mr. and Mrs. Dave Strong, Mr. and Mrs. George Nay, Mr. and Mrs. A. J. Campbell, Mr. and Mrs. Con Furtwangler, Mr. and Mrs. H. R. Timmerman, Mr. and Mrs. Kenneth Timmerman, Mr. and Mrs. E. J. Timmerman, Mr. and Mrs. Merle Timmerman, Mr. and Mrs. John Campbell, Mr. and Mrs. Harold Nelson and baby, Mr. and Mrs. Oscar Hackett, Mrs. W. D. Long, Mrs. Bertha Long and son and daughter, Mrs. Chester Hackett, Jay Hackett, Marvin Timmerman, Oliver Nelson, Irwin Campbell.

MRS. VAL PULLEN AGAIN STRICKEN, DIED WEDNESDAY

Wife of C. of C. President, Just
Over One Illness, Suffers
Recurrence of Ailment.

It was a great shock to the community Wednesday morning to learn that Mrs. Val Pullen had passed away, for it was generally supposed that she had about recovered from the critical illness that laid her low during the winter and kept her bedfast for many weeks.

While auto riding Tuesday evening with her daughter, Miss Grayce, Mrs. Pullen suffered a recurrence of the diabetic convulsions from which she almost died during the winter and after a night of agony passed away at an early hour in the morning.

Daughter of a pioneer Methodist preacher and herself one of the most respected and loved members of the Ord Methodist church, Mrs. Pullen's death leaves a niche that will never be filled. Although she had been a semi-invalid for many years, she bravely and cheerfully fulfilled her duties as wife and mother whenever she was able. She is survived by her husband and by two daughters, Grayce and Beulah; also by several brothers and sisters.

Funeral services will be held at the Methodist church at 2:30 p. m. Friday, April 27. Next week the Quiz hopes to publish a complete obituary.

Johnson Cafe Quits.

The Valley cafe, conducted in the Haskell building on the south side of the square for several years by Glen and E. L. Johnson, last Thursday closed. Lack of business is responsible and the cafe will not reopen under their management, the Johnson brothers state. W. W. Haskell, owner of the building, is having some necessary repairing and remodeling done and then will seek another tenant.

MAYOR FLAGG, NEW COUNCILMEN SEATED TUESDAY

Rex Jewett Appointed Book-
keeper, Covert, Pardue Police-
men; Norris City Physician.

The city of Ord has a new mayor—Gould B. Flagg.

Mr. Flagg and the new city council, which has as members A. Bartunek, Frank Travis, Guy Burrows, Frank Serphen, Val Pullen and C. B. Gudmundsen, were sworn in Tuesday evening and immediately took their places.

The retiring mayor, William H. Moses, served the city of Ord ably, efficiently and honorably for the past 12 years, eight as councilman and four as mayor, and in turning over the reins of city government to Mayor Flagg he did so with the knowledge that never have Ord's financial affairs been in better condition.

The retiring mayor and council held a brief business session early Tuesday evening to close up old business and the incoming mayor and council, after being sworn in, held a short session in which Mayor Flagg announced his appointments and they were confirmed by the council.

Officers appointed Tuesday evening by Mayor Flagg are:

Chief of police and street commissioner—L. H. Covert.
City hall janitor—Ira Lindsey.
Night police—Roy Pardue.
Park police—A. J. Shirley.
City attorney—Ralph W. Norman.

City physician—Dr. Henry Norris.
Light and water commissioner—George H. Allen.
Sexton of city cemetery—W. H. Barnard.

Fire chief—A. J. Shirley.
President of council—Guy Burrows.

Bookkeeper at city office—Rexford Jewett.

City Engineer—R. C. Ayres.

Members of park board—Ed F. Beranek, W. E. Lincoln.

With the exception of Rexford Jewett, old officers were reappointed in each instance. Mr. Jewett, who was recently elected city clerk, succeeds Mrs. Clayton Gilroy as clerk and city bookkeeper.

Committee appointments made Tuesday evening by Mayor Flagg are as follows:

Judiciary and fire department—A. Bartunek, Frank Travis, Guy Burrows.

Auditing—Frank Serphen, Val Pullen, A. Bartunek.

Finance—Val Pullen, Guy Burrows, C. B. Gudmundsen.

Cemetery and band—C. B. Gudmundsen, Frank Serphen, Frank Travis.

Street and alley—Frank Travis, C. B. Gudmundsen, Frank Serphen.

Electric light and water—Guy Burrows, Val Pullen and A. Bartunek.

After confirming appointive officers and committees, the council passed two ordinances, one an ordinance to fix salaries of appointive and elective officers for 1934 and the other an ordinance to create a new street improvement district, No. 6, in which paving will be laid. Both of these ordinances appear on another page of today's Quiz.

The meeting Tuesday evening was harmonious and augurs well for the administration of Ord's business affairs during the coming year.

Valley County Girls Spell at Two Meets But Fail to Place

Rosemary Nielsen and Dorothy Schudel, who represented Valley county at the inter-state spelling bee held last Friday at Shenandoah, Ia., and the Nebraska bee Saturday in Omaha, made a good showing but failed to place, reports Miss Clara McClatchey, county superintendent of schools, who accompanied them on the trip.

Both girls spelled in the inter-state contest Friday, mastering all words until they came to "glamorous" and "pluquancy" which proved too much for them. At Omaha Saturday only Miss Nielsen, Valley county's oral champion, was eligible to compete. She stayed in the contest throughout the morning and through several rounds in the afternoon, finally going down on the word "apertureance", which she spelled with an "e". Later the judges considered their decision, ruling that this word could be spelled either with an "e" or with a "u", so Rosemary was reinstated, only to go down a few moments later on the word "sacrilege".

"The competition at these contests grows stiffer each year," says Miss McClatchey, who has accompanied contestants to several of them. But she is still hopeful that some day a Valley county boy or girl will win the big interstate event or place first in the Nebraska contest.

On another page appears the announcement of an M. E. bake sale. This sale has been postponed because of Mrs. Pullen's death.

My Own Column

By H. D. LEGGETT

Dr. Wilbur Glen Voliva, head of a crazy cult at Zion, Ill., says that the world is coming to an end about September this year. He has set the date several times before for this same thing to happen but the world didn't blow up. Voliva has also claimed that the world is flat. He now claims to have divine knowledge to support his latest prediction. Of course he don't know a thing about it, any more than he did on former occasions when he predicted dire disaster. I well remember, 50 years ago, when a cult near where I lived in Michigan, got divine information to the effect that the world was coming to an end on a certain day. They disposed of all their worldly goods, packed these selves out in white robes and on the morning of the day when the great blow-up was to come, all repaired to the top of a high hill in the neighborhood to await the great event. Of course nothing happened and they went back home and started scratching for something to eat. Yet there are plenty of foolish people who still fall for that kind of rot.

I got a letter from Ray Luther one day last week, in which he said Cullen lake was still covered with a thick sheet of ice. I had had shipped to him a can of several hundred bullfrog tadpoles to be planted in the lake and he was wanting to know what to do with them until such time as he could plant them.

An election is going to be held this year. Governor and legislators are going to be chosen and it seems to me that one of the most important things the voters should remember to do, is to make sure that the man they vote for for governor, senator or representative be asked to pledge himself to at all times, oppose issuing Nebraska bonds. Nebraska has no bonded debt and it does not want such a debt.

Fifty years ago when the settlers came to Nebraska, there were few trees. But trees were planted and a few years ago Nebraska was quite extensively dotted with groves and rows of trees along the highways. Then the depression came on fuel was high in price and resort was had to the trees and they have been destroyed by the thousands. And a lack of trees will give greater sweep to the winds and will, no doubt, tend to make this a dryer country. Trees that took 40 years to grow were cut and burned in a day. Now it is time to start planting trees again. One tree wouldn't be much for each person to plant, that is, if each family would plant, each spring, just one tree for each member of the family, it wouldn't be long until Valley county would look like a country of trees instead of a treeless plain.

People do not seem to agree on anything. One highly educated, and supposedly smart man thinks one way and another equally smart, thinks just opposite. It seems more reasonable to me, to let everyone work all they wish to work, earn all they can earn, produce all they can produce, even if prices are cheaper. But I don't know. It seems too bad, to me, to destroy foods of all kinds when so many people are going hungry. I am wondering if some, at least, of our trouble, is not our method of distributing the goods and crops produced.

I am taking 25 names off the Quiz list this week and those 25 people will not get the paper. They are back on their subscription and will not go to the trouble of using a pink postage free envelope to tell me that they either want the paper or don't; that they can't pay now or when they will pay. So I am taking them off the list. I will have to take more off next week. The New Deal code under which the Quiz is operating, is making us pay about \$40. a week more in salaries to the same people and the business has not so far, increased enough to make that up. I have got to collect your subscriptions or stop your paper.

I am not taking anyone off the list to be mean. I don't want to lose a single subscriber. I want to get more. I am trying to make the Quiz better, just as fast as business will permit. It is not a question of making money. I don't expect to make any money in 1934, I do hope to break even but after going \$1500.00 in the hole in 1933, which we did, I have little hope of even breaking even in 1934. A merchant who don't have the business, can lay off all clerks not needed. A newspaper lacks business (advertising) it has to keep its help and set the type for the news just the same, in fact, it

really costs more to fill the paper with small sized news type than with larger advertising type. We used to have advertising that required 12 and 16 pages, now there is so little advertising that only 8 and 10 pages are needed. So we just must collect your subscriptions.

We are willing to do four times the amount of clerical work, required when you pay 50c at a time instead of the whole \$2. If you want to do it that way. We feel that if you can't pay at least 50c at a time, there would not be much chance that you could pay \$4. at a time if we kept sending the paper to you till you were a couple of years behind.

Some people are not fair. I kept sending the paper to a man near Burwell. After he had had two statements, and was 8 months past due, I wrote him a letter, asking him to use the pink postage free envelope and tell me just what he intended to do and he finally wrote back saying that he was unable to pay for the paper. My information is that he is well able to pay for it if he wished to do so. So I am convinced that he was deliberately beating me. So others who are honest and will pay as soon as possible, are deprived of having credit on their paper because this man and others are unfair.

A man told me the other day, that his wife was almost heart-broken because they were no longer getting this paper, and added, "We are going to subscribe just as soon as possible." They have been without it for several months. I never see that man that he don't have a big cigar stuck into his face and those cigars cost him a nickel each. I don't know how many he smokes a day. Probably not less than three. But if he would go without one each week he could get the Quiz for his heartbroken wife and have one cent left. Just how much do you think that man really cares for his wife?

I drove to Grand Island Friday to attend a meeting of the Loup Valley Press Association. Most of the time of the meeting was devoted to study of the code under which all printers in the U. S., whether we wish to or not, are forced to work. I have invested almost forty thousand dollars in my business and office building, possibly more than that, I have devoted my best efforts for many years to learning how to run the business but I don't know enough to run it at a profit and I am now being told almost every detail of how to handle it. I am told not only what I may, but what I must pay for help, and that regardless of whether the returns from the business will bring the revenue to do it or not; I am told what I am to charge for any work I may do in my own shop, how many hours a week I may work and have my help work. About the only privilege I seem to have left is the privilege of hoping there will be revenue enough to keep on paying expenses.

In addition to discussing and cussing the code, officers were chosen for the next year and my invitation to the organization to hold their October meeting in Ord, was unanimously accepted. I promised to provide the place for the editors and their wives to meet and to furnish them all they wanted to eat and drink, on the occasion of their visit. I thought at the time of course, only of the crowd that was at the Grand Island meeting, but since coming home, I have been somewhat scared for fear that Frank Edgecombe, Art Brown, Fred Howard, Emerson Purcell and perhaps a lot more of the gang may hear of the Ord meeting and come, in which case I will be right up against it proper. I think Mayor Plagg will let me entertain the editors at the city hall. Perhaps I can get the Methodist Aid to serve the noonday meal. Art Brown is a Methodist but he is the only one of the gang that I know of who would feel at home in a church, even in the basement. I heard some of the women talking about golf so I will depend on Bud Shirley entertaining the ladies at the golf course and probably Dan Webster and Hugh Brown and some of the other sports will desert the meeting to be with the women, claiming that it is golf they are interested in. But we shall see later.

Cowboy Uses Airplane
The modern Texas cowboy uses an airplane and in a few hours covers his ranch. It used to take his father days on horseback to do this.

I am taking 25 names off the Quiz list this week and those 25 people will not get the paper. They are back on their subscription and will not go to the trouble of using a pink postage free envelope to tell me that they either want the paper or don't; that they can't pay now or when they will pay. So I am taking them off the list. I will have to take more off next week. The New Deal code under which the Quiz is operating, is making us pay about \$40. a week more in salaries to the same people and the business has not so far, increased enough to make that up. I have got to collect your subscriptions or stop your paper.

I am not taking anyone off the list to be mean. I don't want to lose a single subscriber. I want to get more. I am trying to make the Quiz better, just as fast as business will permit. It is not a question of making money. I don't expect to make any money in 1934, I do hope to break even but after going \$1500.00 in the hole in 1933, which we did, I have little hope of even breaking even in 1934. A merchant who don't have the business, can lay off all clerks not needed. A newspaper lacks business (advertising) it has to keep its help and set the type for the news just the same, in fact, it

This is what a lady said who was dismissed from treatment last week. "Thank you, doctor, for all your kindness to me while at the Sanitarium. I could not have been treated better. Your ad in my home paper brought me to you. Keep on advertising. I love to read your weekly letters. They are so interesting and so true." Timely service like timely gifts is doubled in value. Putting things off is foolish and could be dangerous. Thirty years of special service is your guarantee of splendid treatment and satisfaction. Continual carelessness is a bitter pill. Be wise and see Dr. Rich, Rectal Specialist at Grand Island.

When You And I Were Young Maggie

25 Years Ago This Week.

A. M. Russell sold his fine Cedar Lawn farm just across the river from Ord to W. J. Hather, the consideration being \$17,000.

A deal was closed whereby Ed F. Beranek became owner of the City Pharmacy, formerly the property of Oscar Luse, who was planning to devote his time to selling automobiles. Ed was an Ord boy who attended pharmacy college in Omaha and for the past three years had been employed by the Sherman McConnell Drug company of that city.

W. A. Anderson, the Ord lightening rod dispenser, was doing some business in the Springdale vicinity.

Raymond Bee of North Loup purchased the old White building and moved his stock of goods to that place.

Con Miller of Springdale returned home from South Dakota by the prairie schooner route.

Mrs. Louise Watts of North Loup was found dead in her bed, to the shock of that community.

While discing on his father's farm, Clayton Timmerman had quite an exciting runaway in which the disc was demolished and one of the horses injured but Clayton was unhurt.

Dr. McGinnis arrived in Ord and established offices at the McMindees barn.

Harold Robbins was appointed clerk of the Lancaster county court.

George Rogers and Frank Money traded their property in Ord for a farm in Garfield county.

W. L. D. Auble and family moved into their new house in east Ord, this being one of the most commodious mansions in that part of the city.

Wilhelm H. R. Fuss and Miss Laura Bremer were married in Mira Valley by Rev. Hellewege, a big reception following at the home of the bride's parents, Mr. and Mrs. John Bremer.

W. C. Nielsen was taking a lay-off on account of a broken shoulder.

Ward VanWise bought the A. M. Robbins quarter on Elm Creek for \$7,000.

20 Years Ago This Week.

Horace Davis, editor of the Ord Journal, was being sued for \$50,000 by Drs. Buck and Loeffler, traveling doctors who had been preying upon Ord people. Mr. Davis' exposure of their methods occasioned the suit.

Rumors of war on the Mexican border was causing much interest in the Ord militia company and orders had been received to bring it up to full war strength.

Twin sons, weighing 7 pounds each, were born to Mr. and Mrs. Joe Bendam of Ceramium.

Banks at Ord, had agreed to close at 5 o'clock instead of at 6 as theretofore.

After working in the Draper bakery for some time, Allen Mann resigned and joined his mother and brother, Russell, in Lincoln.

Something DIFFERENT

The work undertaken by some of the Presbyterian ladies is surely very fine. They are assembling and when necessary making entire layettes for new babies that arrive in this vicinity at homes where it is impossible to provide these necessities.

If you have used or outgrown baby things you do not have further use for, call Mrs. Olof Olson to whom they will gladly come for them or send for them. All such garments are put in first class shape before they are handed on to be used on the newly arrived Valley county baby.

This work is especially worth while and to be praised when you consider the cases of two recent little newcomers whom Ord doctors reported actually arrived in this world on newspapers, for lack of better preparations in very poor homes.

So if you can help this aid circle, please do so. These ladies will gladly do the necessary mending and assemble the garments in collections to be given to the ones who need them most. Little new garments will be also made whenever needed and given by these same ladies.

Myra Thorgate Barber of North Loup is quite proud of having won second place with a short story in the annual contest sponsored by Federated Women's clubs of the Sixth District. She isn't positive that she won it, but she has heard it to be a fact. Myra confides to me that she would like very much to have her old boss, Mr. Howard, learn of this new shred of glory that he descended on her shoulders, and says that he "always reads" my "stuff".

We will now find out whether he reads it or not.

Mrs. Barber's story was called "Eyes That Saw Not", and was about a little Indian boy. It is not her first attempt by any means, as a good many programs and playlets in North Loup have come from her pen. And she is still at it, working diligently.

In the same contest, Inez Hutchins of North Loup won second honorable mention.

Frank Gross of Albion stopped in Ord to visit a few minutes the other day, and the first thing he said to me was "Irma, my nose is all right."

That reminds me, Frank Gross may be of Albion, but he is mostly from that place. His business carries him all over the state, and I would say Mrs. Gross is about 85 percent widow.

Ord residents saw a marvellous sight recently when a big flock of some strange large birds hovered over this city. Various Ord hunting experts classified them as cranes, pelicans, and other long legged breeds.

The big birds were a beautiful sight. "And there must have been five hundred of them if there was one," said one Ord lady.

I missed the spectacle. I would, I most usually miss the fire whistle and all the good fires, too.

The Grand Island Independent reported about a dozen similar birds seen over that city. Ord reports at least five hundred. If it was the same flock, we just aren't as stingy as those Grand Islanders.

THE COOK'S COL-YUM, YUM!

Salads are one kind of food that many men think they do not like, but I believe in practically every case this can be proved to be an error. There are so many salads, sweet and sour, delicate and more heavy, nourishing types, that I believe a man who says he does not like salads has not yet been served the proper one to try out.

Please send in your novel salad recipes. Fresh vegetable time is here again and now is the time to serve lots of salads, as a relief from the heavier winter-time dishes.

May we print your favorite recipe for salad?

Carrot Salad.
Put through the food chopper one cup of diced raw carrots, then add one-half cup diced apples, one-half cup diced celery, and the same amount of finely chopped cabbage may also be added. Dates and raisins may be added if desired. Pour over all a rather sweet salad dressing. Serve cold.

Carrot and Cabbage Salad.
Dissolve one package gelatin in one pint warm water in which is two tablespoons vinegar, one teaspoon salt. Let cool and chill until slightly thickened. Fold in one cup grated raw carrots, and one cup finely shredded raw cabbage. Turn into individual molds and chill until firm. Unmold on crisp lettuce leaves. Garnish with mayonnaise. This serves six.

Macaroni Luncheon Salad.
Combine two cups elbow macaroni which has been cooked in boiling salted water, drained and chilled with three chopped hard-boiled eggs, one cup diced celery, one cup stuffed olives which have been sliced lengthwise, two finely chopped sour pickles, one cup salad dressing. Spread lettuce leaves on a platter, spread the salad over the center and sprinkle generously with paprika.

Wedding Salad.
Take the white meat from four roasted turkeys, cut fine, mix with the same amount of finely cut tender white cabbage and the same

quantity of diced celery. Add the whites of two dozen hard cooked eggs. For the dressing, use the yolks of the boiled eggs, mash and add salt, pepper, dash of sugar and onion juice. Then add one pound of melted butter and one pint of warm vinegar. Taste the dressing and season to suit your taste. When satisfactory, pour over the salad. Keep the bowl in a cool place until wanted.

Mrs. James Weber, Phillips, Wis. Quick and Easy Cake.

Mix together two cups flour, one cup sugar, two tablespoons of cocoa. Make a hole in the center, break an egg into it, add one cup sour cream and one teaspoon soda and beat well. Bake in a loaf in a greased pan. For the frosting, boil one cup sugar, one cup of sweet or sour cream until it threads when let fall from a spoon. Beat and spread over the cake.

Mrs. John Viner.

BACK FORTY

By J. A. KOVANDA

The Agricultural Adjustment Act requires its members to keep records. Farmers have always borne the brunt of much criticism along this line. Sweeping statements have been made to the effect that farmers are poor business men because they keep no accounts and know little about their business. Speakers who are farthest removed from farming and have the fewest facts about the subject can usually discourse on it most eloquently.

Some persons have tried to superimpose on the farmer an elaborate set of journals, cash books, and ledgers that take a lot of time. This is usually the most undesirable kind of accounts. After a farmer has worked hard in the field all day and done chores in addition, he is not in the mood to do much bookkeeping.

A simple and practical account book is given to each member of the Corn-Hog Plan. It is not required that this particular book be kept, but most men will use it because of its simplicity. For the average farmer, the most satisfactory method of accounting is one that requires only a small amount of time, but which is complete enough to furnish him some yardsticks with which to measure his business. Such a system consists chiefly of an inventory once a year and a record of cash receipts and expenses, for which the A. A. record book provides.

Farmers have always kept a certain type of accounts, though not the kind their critics have in mind. When asked about this business, a farmer may go to the granary door to verify his memory as to how many bushels of grain were threshed. He may lift the lid of the grain drill to check

up on how many pounds of seed were sown. Or it may be that he will go to the hog house to see where he has scratched with a nail on a board the date on which a certain sow will farrow. These accounts are worth while, but they could be used to better advantage if kept in an organized record book. A farmer who keeps no records is as handicapped as if he kept a clock without hands.

An accurate account of farm happenings made at the time they occur is far more reliable than memory. Records are useful aids in helping to decide changes in the farming business, in helping to secure loans, for listing debts and for making out income tax and other reports. If the Agricultural Adjustment Act has done no more than to stimulate farm bookkeeping, it will have been worth while.

Says Funds Coming For Loup Projects

The Nebraska Beacon, a political newspaper published at Lincoln by George W. Kline, says in its last issue:

"From Washington comes the information that Nebraska will share in the new public works allotment. In addition to funds for the small undertakings, Tri-County and the North and Middle Loup will be given funds. For Tri-County it is believed that an allotment sufficient to make a start in development will be made."

Midvale News

Rev. and Mrs. H. H. Spracklen, former United Brethren pastor of Ord, stopped over night at the Midvale parsonage on their way to Orchard to attend a funeral and also participate in the 50th anniversary of the Orchard United Brethren church. Rev. Spracklen served the Orchard church for eight years as pastor and has a very large circle of friends in that community. They returned to their home in Amherst Tuesday.

Miss Ellen Mann, field representative of York College returned to York Friday afternoon after assisting in the provisional plan co-operation with the Midvale and Davis Creek U. B. churches. The response was very gratifying in the matter of provisions given and Glenn Eglehoff of Davis Creek church trucked those items which were collected by Thursday night. There are several other such items solicited which will go to York the next load.

Mrs. Hattie Marsh and Mrs. J. B. Osborn of Broken Bow drove to Midvale Sunday to visit Mrs. W. J. Wantz and the minister's family. They returned home in the evening.

Mr. and Mrs. Bud Bell were visitors at the Midvale parsonage on last Sunday evening.

Rev. Wantz, President of the Executive Committee of the Valley County Church School Association attended a business session in the McCarthy home in Ord. Plans were made for the activities of the association for this year.

A group of Ord friends including Rev. Mable Young, Mr. and Mrs. Archie Waterman and Rev. Sauer and Mrs. Fox of Miller called at the parsonage Thursday evening on their way home from Broken Bow. Rev. Sauer has been conducting special services in the Ord U. B. church.

Rev. and Mrs. Wantz and Miss Ellen Mann of York attended the Aid society meeting at the Walter Cummins home on Davis Creek.

We are happy to report that Mrs. Leslie Leonard and son Donny who have been having trouble with infection are much improved.

Mrs. Laverne Burrows of Ord was a welcomed visitor at Midvale church during the regular services last Sunday.

Midvale school set out several trees and had a clean-up day the first of the week to celebrate Arbor Day.

Mira Valley Community club will meet at Valley side school house Thursday, April 26. Everyone is invited.

A small twister of some power

visited the Noll farm Saturday, blowing down a fence and upsetting a rack of feed. Another one did some damage to a building on the Will Prien farm and the dust at times has been such to make driving even in day time a risk. Moisture is badly needed in this section just now.

There are just four more weeks of school at Midvale. School will be out May 19.

Mr. and Mrs. Hutchins of North Loup called at the Walter Noll home last Friday evening.

The Crows and Kindsvaters went to Pender, Nebraska last Sunday to visit Mr. and Mrs. Leslie Crow and family. Mr. Crow will stay at Pender another year, this making his seventh term as superintendent of the Pender public schools.

Haskell Creek

Farm work is progressing as usual in this community this spring in spite of the dust storms and the absence of rain.

Mr. and Mrs. John Tilt and family and Mr. and Mrs. Ben Morris and children were visitors at Martin Michalek's Sunday.

Mr. and Mrs. Raymond Philbrick of Erickson were at the Ben Philbrick home Monday.

Mr. and Mrs. Walter Jorgensen and Harlan called at Harold Nelson's Sunday.

Mr. and Mrs. Henry Jorgensen were at Henry Enger's Sunday evening.

Mr. and Mrs. Mable Smith were at Ben Philbrick's Sunday.

Mr. and Mrs. Chris Nielsen and daughters were visitors at Frank Miska's Sunday.

Mrs. Raymond Pocock was a supper guest at Henry Jorgensen's Wednesday evening. Mr. and Mrs. Will Nelson and Elsie called there in the evening.

Alma Jorgensen and Delta Marie Flynn were at Will Nelson's Sunday afternoon.

Several from this community called in the Harold Nelson home Saturday evening to help Mrs. Nelson remember her birthday.

Mr. and Mrs. Walt Waterman and Dolcie called at Jess Meyer's Wednesday evening.

Mr. and Mrs. Wilmer Nelson and Duane were at Earl Hansen's Sunday.

Mira Valley News

Last Thursday was the day for the scholastic and athletic track meet at North Loup. Schools from this community which participated were Valley side, Happy Hollow and Goldenrod. The Happy Hollow school which is taught by Louis Klein won the silver cup for the one room schools, having earned a total of twenty-seven points.

Valley side proved to be victorious as last year, by again taking home the silver cup for two room schools. They received one hundred and three points. The medals which were offered to the two honor students, were presented to Kenneth Koelling, having a total of twenty-nine points, and Julia Fuss, who earned twelve points. It will be noted that both of these pupils are from the winning school.

A number of young people spent a pleasant day at the John Bremer home Sunday.

Mrs. Russell Hayden was up from Callaway Sunday visiting at the home of her mother, Mrs. G. G. Clement. She returned the same evening.

Mira Valley Community club will be held Thursday evening of this week at Valley side. A Question Box will be one of the features of the evening. Come and bring any question which you cannot answer. Anyone wanting a private answer will please bring a self addressed envelope and these questions will be turned over to Gilbert Babcock and Edgar Lange. Other questions will be answered during the evening program.

The Declamatory contest for the rural two-room schools was held at Valley side Tuesday evening of last week. Barker, Davis Creek and Valley side were the three schools that took part.

Gilbert Babcock took supper at the Harry Stevens home in Davis Creek last Sunday evening. George Bell was a visitor at the G. G. Clement home Sunday afternoon.

A Christian Question Quiz was held at the Evangelical Lutheran church last Friday evening. Edgar Lange, George Bremer and Henry Lange will represent the Walther League in the contest to be held the day of the Rally at Amherst in May. Rev. Keller of Scotta and Rev. Fries of Burwell were the judges.

The Mira Valley baseball team was organized last Sunday. Oscar Hellewege was chosen captain and Clare Clement, business manager.

Standard Oil Co.

In New Advertising

Animals always have and always will be interesting to people. The Standard Oil company is making the most of this interest in their new advertising campaign to drive home to motorists the most valuable selling arguments that any gasoline ever had—“Live Power.” Animals draw upon their live power and reserve energy—and in just the same way motorists are going to use the extra live power that is packed in Standard's Red Crown Superfuel—the swiftest, most agile, most vigorous gasoline sold at on premium price.

The refinery engineers let Standard gasoline out another notch. They reset the complicated controls that govern the great gasoline stills so that Standard Red Crown Superfuel that now comes to you is actually ready to turn loose more power—more live power per gallon than any other regular priced motor fuel.

Standard's advertisements will ask motorists to use Superfuel and judge for themselves.

The Iso-Vis “D” motor oil campaign will warn motorists of the danger of leaving winter made sludge in the crankcase. The greatest cause of high oil consumption is sludge—sludge that fouls cylinders, makes valves sluggish so that gasoline power and mileage are lost.

Standard recommends a change to anti-sludge Iso-Vis “D” motor oil for keeping rings lively and free—reduces oil consumption to the minimum—adds fewer quarts between drains—allows greater efficiency from gasoline and is a most economical lubricant to buy.

Watch this paper for Standard advertisements during the spring and summer months.

Warren Lincoln Will Be Strong Candidate

Warren E. (Abe) Lincoln filed recently for the democratic nomination for sheriff and is proving a strong candidate. He secured this nomination four years ago but was defeated in the general election by George Round. However, friends Mr. Lincoln made in that campaign will help him this time. Other democratic candidates are Will Nelson and Chas. S. Burdick.

MRS. W. HAWKINS IS LAID TO REST BESIDE HUSBAND

Respected Ordite Interred Friday After Rites at M. E. Church; Died April 18.

Impressive funeral services for a greatly loved Ord woman, Mrs. W. N. Hawkins, were held at the Methodist church at 2:30 p. m. Friday, April 18, the rites being conducted by Rev. L. M. Real, pastor of the Ord Presbyterian church.

Mrs. Hawkins passed away at her home here on Wednesday, April 16, at the age of 76 years, 7 months and 18 days, after a long illness during which she was tenderly cared for by her daughter, Miss Gertrude.

Pall bearers Friday were H. B. VanDecar, C. J. Mortensen, M. F. Crosby, Ed F. Beranek, Dr. F. A. Barta and C. A. Hager and music was furnished by a quartet composed of Madams A. S. Koupal and Jos. P. Barta, Messrs. F. L. Blessing and R. J. Stoltz, with piano accompaniment by Mrs. M. J. Cushing.

Interment was in Ord cemetery beside her husband who passed away on April 9, 1931.

Elizabeth Jane McLain, the eldest of a family of eight children was born September 6, 1857 in Georgetown, Ontario, Canada, where she grew to womanhood.

She came with her parents to Valley county, Nebraska, where the family homesteaded six miles east of Ord.

She was married to William Nicholas Hawkins March 26, 1886, afterwards making their home on a ranch in Holt county, Nebraska for a number of years, later moving back to Springdale on their farm. They lived there for eight years, then moved to Ord which has since been their home.

Mrs. Hawkins had been a member of the Presbyterian church for a number of years.

Five children were born to Mr. and Mrs. Hawkins and all of them survive. They are Miss Gertrude Hawkins, Ord; Mrs. L. B. Knudsen, Omaha; Mrs. F. E. Anderson, Paxton; Charles Hawkins, St. Francisco, Calif.; and Mrs. J. C. Hammons, Bronson, Kan.

There are also two sisters and four brothers living; Mrs. Georganna Turner, Venice, Calif.; Miss Sarah McLain, Ord; Will McLain, Winner, S. D. George and Albert McLain, York, and John, of Ord. One sister, Mrs. Emma Lytle, preceded her in death.

There are also eleven grandchildren and numerous other relatives left to mourn.

As the daughter of a pioneer Valley county family and later as the wife of an early settler of Holt county, Mrs. Hawkins suffered and surmounted the hardships that go with pioneering in any land. Her whole life was devoted to the service of others—friends, neighbors, her husband and her children—and her memory will never be forgotten by those who were so fortunate as to know her.

Advertising Pays, Says Kokes.

Emil Kokes, manager of the Orchard Pavilion southwest of Ord concluded Sunday that people really read his ad in last week's Quiz. The printer made a mistake and advertised the opening dance for Sunday, April 22, instead of Sunday, April 29, and when about eighty cars of dancers appeared during the evening Mr. Kokes was kept busy explaining the mistake. Harry Collins and his orchestra will furnish music for the opening dance and it will be held without fail this coming Sunday.

—Miss Frances Hubbard was visiting relatives in Lexington from Saturday until Sunday.

Ord Couple Wins Championship of Loup Valleys Region at Bridge Tournament

(Continued from Page 1).

The largest out-of-town delegation came from Callaway, 14 players from that town, which is often called the bridge capitol of the world, arriving to play in the afternoon's qualifying session. Six of the fourteen survived the preliminary round and went into the evening finals.

From St. Paul came four players, from Grand Island came four, from Burwell two and from Elyria came five, three of whom were paired with Ord players. All others of the forty-eight original entries were Ordites.

Chas. S. Burdick For County Sheriff

Charles S. Burdick, better known as "Charlie," filed this week for the democratic nomination for county sheriff. A farmer, stock breeder, feeder and buyer, an auctioneer and with a wide acquaintance over the entire county, Mr. Burdick should be a formidable candidate. Other democratic aspirants are Will Nelson and Warren Lincoln. Sheriff George Round is unopposed for the republican nomination.

Ord pairs who competed in the afternoon but did not survive to the finals included Mrs. Lester Norton and Dale Norman, Lena Clements and Dorothy McBeth, Mrs. F. A. Barta and Mrs. E. L. Vogeltanz, Mrs. Keith Lewis and Miss Roberta Chase, Harry McBeth and Judge E. P. Clements.

Out-of-town players who competed in the afternoon but failed to qualify for the championship round included F. G. Hager and Russell Smith, R. D. Turner and Mrs. McCullough, Wiggon Lauridsen and John Fredericks, Mrs. Brega and Mrs. Haycock, all of Callaway, C. L. Peterson and T. W. Savage, Burwell.

The victory of Mr. and Mrs. Clements was no surprise to contract fans, in spite of the poor showing made by this pair in the recent city tournament. Both are finished players and, getting off to a good start, they finished high in the qualifying round with 54 match points and then kept up their fast pace by scoring 99 1-2 in the evening round and thus winning the silver cup emblematic of victory.

Probably the biggest upset of the tournament was the showing made by John Clemmy and Lyle McBeth, who won the Ord city tournament a few weeks ago. They survived the afternoon round but in the evening finished low with 54 match points. "We couldn't seem to click," commented Clemmy afterward.

A number of prizes were offered by business houses. To the pair from outside Valley county making the highest score in the afternoon the Service Oil company offered a complete fill of gas and change of oil. This prize was won by Dan Webster and D. Oleson.

St. Paul. Steak dinners offered by the New Cafe were won by Ralph Haggart and P. Christensen, St. Paul. Mrs. Tully and Mrs. Connor, Grand Island, won the perfume offered by Ed F. Beranek. Mrs. E. L. Vogeltanz and Mrs. F. A. Barta won the dishes offered by George Parkins, Jr. To Mr. and Mrs. Edw. Clements went silk hosiery given by Frank Hron. Theatre tickets offered by M. Blomond were won by Mr. Turner and Mr. Frederick, Callaway, who had the lowest score in the afternoon.

The couple entering from the farthest distance were Judge Orville Chat and Dick D. Rogers, of Tekamah, Nebr.

The tournament was directed by John P. Misko, ably assisted by Miss Margaret Frazier. Figuring of match points was handled in a most expeditious manner and there were few delays, which added to the pleasure of competitors. It is planned to make the Loup valley tournament an annual event and next year it probably will be held in either St. Paul or Grand Island.

Ord Church Notes

Christian Church

Next Sunday morning our sermon subject will be "The Kingdom of Jesus." In the evening we will again show lantern pictures of Ord flowers. We will not only have all the slides used a couple of weeks ago but we will have about thirty additions.

Bible school at 10 a. m.
Mid week Bible study Thursday evening.

The Ladies Aid society will meet Wednesday May 2.

We want to thank the M. E. church for loaning us their building for our Ord Flower service next Sunday night. If the people appreciate it anything like they did a couple of weeks ago even that building will be filled.

Presbyterian Church Notes.

Sabbath school will convene at 10 a. m. followed by church worship at 10:45. Rev. Real's topic is "Church Unity".

Sunday afternoon at 2:30 the Pioneer club will meet in the church basement. At 7 p. m. the young people will have their "sing".

Tonight at 7:30, the class on church government holds their regular weekly study. All church members and officers are urged to attend.

Saturday at 11 a. m. the girls of the Junior church are meeting at the Park for a picnic. The boys are to be on hand for a ball game at the grade school grounds at 3 p. m.

The Trustees Board is to meet at 7:30 next Tuesday night at the church.

The Missionary Society will meet next Wednesday afternoon at the home of Mrs. Guy Burrows.

Mrs. C. J. Miller will have charge of the lesson.

Christian Science Services.

"Probation After Death" is the subject of the lesson-sermon in all Christian Science Churches for Sunday, April 29.

The Golden Text is from John 11:26, 28: "I am the resurrection, and the life: he that believeth in me, though he were dead, yet shall he live and whoever liveth and believeth in me shall never die."

A passage from the Bible used in the lesson-sermon is from 1 Corinthians 15:51, 52: "Behold, I will show you a mystery; we shall not all sleep, but we shall all be changed, in a moment, in the twinkling of an eye, at the last trump: for the trumpet shall sound and the dead shall be raised incorruptible, and all shall be changed."

A correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, reads: "When the last mortal fault is destroyed, then the final trump will be sounded which will end the battle of Truth with error and mortality; but of that day and hour, knoweth no man. Here prophecy pauses. Divine Science alone can compass the heights and depths of being and reveal the infinite." (page 292).

Methodist Church.

Next Sunday services as follows:

10 a. m. Sunday school. The contest with Broken Bow closes this date and all who have attended the school during this contest period are specially invited to be present.

11 a. m. Morning worship. A dignified ritualistic service with music led by the vested choir.

8 p. m. Rev. McCarthy will show his pictures of "Beautiful Ord" using many of the ones shown previously with a large number of new slides never shown before.

The offering for the Crowell Home amounted to \$15 for which we thank those who made gifts.

At the Sunday school Board meeting last week, the membership goal was changed from 225 to 300. We surpassed the former mark several weeks ago.

The Hastings district conference meets Thursday and Friday of this week in Aurora. The pastor of this church is attending.

The Pioneer's Day service was well attended. Many interesting

pictures of the pioneers were on display. There were 21 persons present who had been here 50 years or more. R. J. Clark had the record, having been here 62 years. Mr. and Mrs. W. B. Weekes had been here 57 years. Mr. and Mrs. D. E. Strong, who had celebrated their 50th wedding anniversary the week before, were present. Carnations were given to pioneer ladies.

People Like Our Service

There's no getting around it, Ord people like the kind of meats we sell and the kind of service we give at this market. In number of regular, day-after-day, wouldn't-go-anywhere-else customers, we don't believe any small city market in Nebraska can beat us. There must be a reason.

Our women customers say they like these recipes, too, so we plan to continue them for several weeks longer. Last week we gave you a new recipe for Baked Ham—this week we tell you how to use left-over ham in a delicious new salad. We hope you try it and like it.

Pecenka & Perlinski
MEAT MARKET

Ham Salad Loaf.

Soak 2 tablespoons gelatine in 1-2 cup cold water; add 1 cup boiling water. Cool and add 2 tablespoons lemon juice; 1 tablespoon horseradish drained; 2 teaspoons Worcestershire; 1-2 teaspoon onion pulp; 1 chopped pimento; dash of Cayenne, cloves, nutmeg; 1-2 cup mayonnaise; 2 1-2 cups cooked ham. (Either a home-baked ham or boiled ham from this market will do.) When beginning to thicken pour into a loaf pan. Chill till firm. Unmold on platter and garnish with parsley.

Germain Hoyt called at James Wozniak's Sunday.

We are very happy to learn that Mrs. Zack Greenwalt is home and is improving nicely. Mrs. Greenwalt has been in the Ord hospital for two months.

Miss Julia C. Meyers spent Monday night at the John Clochon home.

John Wajtaszek helped Anton Samla with his farm work last week.

Miss Wanda Wozniak of Grand Island spent the week end at the home of her parents, Mr. and Mrs. James Wozniak.

Our school played Pleasant Valley Friday afternoon. While at one time we were several scores ahead they captured the game. Well, it is said every dog fights best in his own yard and they play us at our school Friday and will we take them? We will.

We received our seventh and eighth grade examination returns Tuesday. Much excitement prevailed until the mail man arrived. We have seven in the eighth grade and one in the seventh grade.

The big boys repaired our phonograph and the last few weeks we have had an abundance of music.

This is the last month of school. Teacher and pupils would appreciate a visitor from each home.

PERSONALS

H. Struckman of Garfield county, is in Hillcrest recovering from a minor operation. He is a patient of Dr. J. G. Kruml.

Miss Frances Bradt spent the week end with friends in Omaha.

Mr. and Mrs. Albert McMinden and Miss Gladys of Atkinson were dinner guests Sunday in the home of Mr. and Mrs. Carl Grunkemeyer, Burwell.

Miss Gladys drove to Ord after her nephew, Roger McMinden. The latter is spending the week in Atkinson with the McMinden family. Roger is the oldest son of Mr. and Mrs. Lores McMinden of Ord.

Among the Quiz Advertisers . . .

(Continued from Page 1).

Variety store advertising this week, the kids in those good candy specials and the women in the toilet preparations mentioned and priced so reasonably.

Pecinka's have an attractive advertisement again this week, with another of their popular recipes. I was in the market Monday and asked for Joe but found out that he, like the bankers, county officers and postal boys, didn't work on holidays and he was not here.

Ed and Bert, the Kleinholts boys, have an interesting announcement this week about their tires and oils and they advance some mighty good reasons why you should come and see them.

The Koupal grocery makes its first appearance in this little department this week with a list of grocery bargains that should and will make the thrifty buyers sit up and take notice. Jerry had to sprint a little to get the copy in ahead of 2 p. m. and just made it.

Next week I hope to have a longer list of early birds. They don't have to catch the worm just because they are early birds and I am willing to bet a good cigar that Bill Heuck will never get the name of his firm into this department.

H. D. LEGGETT.

A Little Correction. Later reports from the Pentecostal convention in Hastings, April 10th, 11th and 12 are that several more candidates received licenses as preachers and helpers.

Miss Marjorie Ball received a license to preach and is preaching in Maxwell, but the ceremony of being ordained is something which comes later.

Blacksmithing

The time will come pretty soon, when you will want to use the lists and cultivators. Are they all ready?

Why not bring the lays and shovels in now, before the rush starts and let me sharpen them? Have them bright and ready. Save time. I will appreciate the business.

SEEDING and Baby Chick Time

This is the time for alfalfa and sweet clover seeding. We have a good supply of seed for both of these crops. Home grown sweet clover seed carefully scarified and cleaned. You buy nothing but seed when you get our sweet clover seed.

Alfalfa. We have a high grade of Grimm and Dakota 12 alfalfa at \$10.00 per bu.

Garden Seed. You can always depend on good fresh bulk garden seed when you buy from us. We buy only new crop seed and it must be of high germination and well hand-picked. See our garden seed before you buy.

Chick Starter. Our Chick Starter is giving very good results and costs you but \$2.50 per cwt. Contains plenty of buttermilk, Alfalfa meal and Cod Liver Oil. Try this on your chicks. A real feed.

Gold Fish. We have in our shipment of Gold Fish. Several fancy varieties.

Wool. We are buyers of wool for The Midwest Marketing Ass'n. Sell your wool through this Ass'n and get full value for your wool. Last year many of our sheepmen got 30c per pound for their wool. Get your wool twine and sacks here. And see us before you sell your wool.
