## Harold Flieder Is Injured By Car

Seven year old Harold Flieder, son of Mr. and Mrs. Charles Flieder, suffered a bruised nose Monday morning when he ran into a car driven by Paul Linke. Harold, a second grade student, was on his way to school, and ran out from behind a passing truck directly into the side door of the Linke car.

Linke picked the boy up and took him to Dr. C. J. Miller, where he was treated for minor bruises.

## Dynamite Blasts Ditches 400 Feet Long Here

Ditching Demonstration Conducted by Soil Conservation Office and Dupont Men.

A mighty explosion which shook business places and houses in town Tuesday afternoon sent mud, water and weeds flying nearly 300 feet into the air during the ditching demonstration conducted at the Leo Long farm one mile east of town Tuesday afternoon. The demonstration was conducted by the Valley County Soil Conservation office, with the assistance of technical experts from the Dupont Company.

T. H. Michell, Dupont technician, who placed the dynamite, set 150 pounds of the high explosive into a swamp which Mr. Long wished diverted into a drainage ditch so that the marsh could be used for growing hay. After the blast, a ditch 400 feet long, six feet wide and three feet deep remained.

Dynamite sticks were set about 14 inches apart to obtain the desired results. According to Valley County Conservationist Leslie Nash, it took about an hour and a half to place the dynamite.

## Water Turned into Burwell - Sumter Canal Mon. Morn

Other Canals in North Loup District in Use Soon; Middle Loup Next.

Water was turned into the Burwell-Sumter canal of the North Loup River Public Power and Irrigation district Monday, according to M. S. Dodd, engineer-manager, thus starting the 1947 irrigating season in this valley. On either Thursday or Friday of this week water will start down the Ord-North Loup canal, and down the Taylor-Ord canal early next week.

So far there have been no calls for irrigation water from farmers but it was deemed best to start the flow, get the canals soaked up and hold down growth of weeds so as to be in readiness for actual irrigating when the need for water arises.

Water will be turned into the Middle Loup district's canals some time next week, estimates Dodd, who is manager of that district also. Assistant chief engineer for both districts is Glen Beerline. Superintendent of the North Loup district is Jim Nevrika and of the Middle Loup is Claud Williams.

Full maintenance forces for both districts have been organized, mostly from men experienced in irrigation from other seasons.

In the North Loup district dam tenders are Jack Kraus at Taylor, Charles Anderson at Burwell and Archie Bradt at Ord. Ditch riders will include Earl Bartholomew, Cloatie Tucker, Mike Kusek, Herman Worm, J. F. Tucker, Jack Craft and Jake Kwiatkowski. Frank Sevenker is maintenance and construction foreman and Francis Simons and Clyde Paddock are dragline operators. Mrs. Evelyn Boro is office book-keeper.

In the Middle Loup district the ditch riders include Anton Tyrdik, Pete Duryea, Jim Hagood, Percy Beman, Lyle Smith and Tom Sekuleia.

## Burwell to Inaugurate Baseball Season Here

The opening game of the season in the Loup Valley League will see Burwell playing Ord on the local diamond, Sunday, May 11. According to Manager Bruce Covey, the game promises to be a hotly contested one.

Schedule for the league is published on another page of this issue. Readers are asked to clip the schedule and file it for future reference.

News was received in Ord this week of the death of Albert Marsden Russell. Russell, a long-time Ord resident and owner of a hardware store here, died at his home at Portland, Ore., Sunday, born in Byron, N. Y., he was 85 years old at the time of his death.

## Valley Editors To Meet Here May 10

Members of the Loup Valley district of the Nebraska Press association will hold their annual meeting in Ord on Saturday, May 10. About forty and their wives are expected, including President Minor Harris, of Palmer Journal, and Secretary Bill Plourd, of Fullerton News. Officers and directors of the state association also are expected.

Visitors will convene here about 10:30 a. m. and will be guests of Quiz Engraving Service at luncheon in the Legion club at 12:00. A short tour of irrigated sections of the valley as guests of the Chamber of Commerce will follow luncheon, after which a business meeting will be held in the Legion hall.

Speakers will include William H. Smith, of Seward, president of the state press association; Guy Ludi, of Wahoo, vice-president; and A. C. Gardner, of Crete, treasurer of National Editorial association.

## District W.S.C.S. Convention to Be Held in Ord

Famed Negro Soprano to Be Featured On Program.

Two units of the Methodist church, the Hastings District Conference and the Woman's Society of Christian Service, will hold a joint session in Ord Wednesday, May 7, at the Ord Methodist church, according to an announcement made Monday by Rev. Carl McConnell.

The groups will convene at 10:00 a.m. in the sanctuary of the church, with a devotional service which will be conducted by Mrs. Ralph Baring, district secretary of Spiritual Life of the Society. Dr. John L. Knight, Chancellor of Nebraska Wesleyan University will deliver an address to the group at 10:15.

Highlighting the program is the appearance of Miss Wilma Fletcher, Negro soprano soloist, who has been widely acclaimed in musical circles.

Also listed on the program are forums, group discussions, and separate sessions, promising a varied and interesting program. The closing address will be delivered by Dr. Everett E. Jackman, superintendent of the Norfolk district.

Rev. McConnell says that the public is invited to attend any or all of the convention sessions.

## County's Red Cross Drive Almost Double Announced Quota

Valley County's 1947 drive for funds for the American Red Cross went way over the top, according to an announcement by Loren Good, county fund drive chairman. Latest reports indicate that \$1562.60 has been turned into the national Red Cross chapter. The county's quota was \$832.

Mr. Good stated that he wished to express his appreciation to all those who contributed to make the drive a success.

## Ord FFA Team Wins At State FFA Convention

Compete With Entries From Six Other Towns.

Ord High School's Future Farmers of America representatives took a blue ribbon, a superior rating, in the parliamentary procedure contest, which was part of the Nebraska Future Farmers convention held in North Platte Friday and Saturday. Ord's FFA advisor is J. A. Kovanda.

Members of the Ord FFA team who attended were Eldon Foth, Wayne Goff, Ray Timmerman, Irwin Iwanski, and Jim Kucera. Waverly's entry was also awarded a blue ribbon.

FFA Foundation awards totaling more than \$700 were made to the over 300 youths who attended the convention. These awards included the champion farm mechanics member, champion rural electrification member, ten awards to local chapters for community service, an award of \$100 to the Star State Farmer of Nebraska and another \$100 award to the champion speaker.

The Future Farmers of America is a national organization of, by and for farm boys studying vocational agriculture in public secondary schools which operate under the provisions of the national vocational education acts. Major purposes of the organization are development of agricultural leadership, co-operation, citizenship, patriotism and improved agriculture.

Programs of work are set up annually by each association and are built on the needs of the individual and the community.

## County Farmers to Be Honored On "Rural Day"

Chamber of Commerce & Fire Department to Organize Day's Program.

A gala program of activities is being planned to honor Valley County farmers on Thursday, May 22. The occasion to be known as "Rural Day" is sponsored by the Ord Chamber of Commerce and the Ord Fire Department.

Starting off the day's events will be the presentation of diplomas to the county's rural 8th grade students by County Superintendent Clara McClatchey. High scholastic honors also will be awarded at that time.

At noon, all farm families will eat a picnic hunch together at the school. Each family is asked to bring a lunch.

The special event of the day is a scavenger sale to be sponsored by the Ord fire department. Farmers and town residents are asked to bring livestock, poultry, old farm machinery, old furniture, etc., which will be auctioned off by M. B. Cummins. Proceeds from the sale will go to furnish tymeant on the rural fire truck.

Rural youngsters will have a chance to show their athletic abilities at a rural track and field meet on the Ord athletic field immediately following the scavenger sale. Regular track events, 100-yd. dash, shot put, discus, pole vault, etc., will be judged by Ord high school's coach, Alex J. Cochrane.

## 2nd Ward Sewer Construction to Last 30 Days

Supt. Keirle Says It Will Take Thirty Days More To Finish Job.

Sewer construction in Ord's second ward, which was started 2 weeks ago, will be completed in about thirty days, according to C. C. Keirle of Omaha, who is superintendent of the job for Charles Roebbeck Construction Co.

There are 7,000 feet of pipe to be laid in the second ward, and Keirle estimates that his men are able to lay about 300 feet of pipe a day. There are fifteen men working on the job, ten from Ord and five who accompanied the construction company superintendent.

The City Council, at a special meeting Tuesday evening, approved construction of a sewer in the third ward. The council will take steps to let the bids on construction of the projects during the first week in June, according to acting City Attorney E. L. Vogeltanz.

## Irrigation District's Financial Woes on Way to Solution, Says Vogeltanz

Water Users Sent Lawyer to Washington, RFC Found Highly Cooperative.

E. L. Vogeltanz, Ord attorney, who was sent to Washington, D. C., by the North Loup Water Users association, is optimistic about the solution of financial difficulties of the North Loup River Public Power and Irrigation district.

Mr. Vogeltanz presented the matter to the entire Nebraska delegation of senators and representatives on Tuesday, April 22, and has their promise to help in any way possible.

The Ord attorney also had numerous conferences with this district's representative, Dr. A. L. Miller, and with Senators Hugh Butler and Kenneth Wherry. These men arranged for and accompanied Mr. Vogeltanz to a conference with officials of the Reconstruction Finance Corporation which holds the bonds of the district.

It was pointed out to the RFC that the district is in financial difficulty, not because of any fault of the farmers, but largely because income producing power units were eliminated while the irrigation works were under construction. The Ord attorney declared that another reason for the present financial tangle was that the PWA built the project and some of its engineering and construction was deficient. Those deficiencies he added, now need major repair and reconstruction, and it is now evident that the district was financially unsound when it started operation.

During the conference, the RFC officials expressed much interest in the suggestions made by Mr. Vogeltanz and indicated a desire to continue cooperation toward the working out of a solution of the financial problems of the district by requesting that he submit his suggestions in writing for detailed study and consideration. Senator Butler offered his office and his secretaries so this could be done. Among the suggestions made by the Ord attorney were a complete resurvey of the district, repair and construction of such of the works as are needed, the advancement by RFC of sufficient money to make repairs and improvements, estimated at \$200,000, the scaling down of the present indebtedness by one third and the floating of a new 40 year loan, bearing 2% interest annually for the amount of the scaled down indebtedness plus the amount now to be advanced to place the district in top notch condition.

RFC officials told Mr. Vogeltanz that, while they have had many conferences with district officials in the endeavor to work out a solution of district problems, his was the first concrete proposition they have had from the people of the North Loup valley. The officials indicated that they would give it their earnest consideration.

Representatives of the water users and the district have held frequent conferences in the past to reach a satisfactory solution of mutual problems and cooperation will continue to that end.

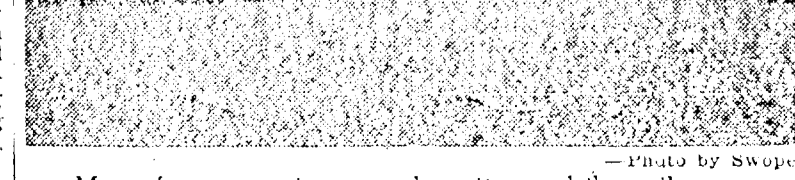

Both M. S. Dodd, district engineer-manager, and George A. Munn, attorney, expressed themselves as extremely pleased with the reception given Mr. Vogeltanz in Washington. They are hopeful that the RFC will give favorable consideration to his suggestions. Mr. Vogeltanz himself feels that a start has been made toward working out a satisfactory agreement concerning the district's difficulties, financial and otherwise.

## Evelyn Kokes Wed In Navy Ceremony at Tsingtao, China

Mr. and Mrs. John Kokes of Ord, Nebraska announce the marriage of their daughter, Evelyn Margaret, to Lt. Commander Henry R. Ennis (MC) USN of Rahway, N. J. on April 5, 1947, at the St. Michael's Cathedral in Tsingtao, China. Rev. Mullins, Lt. Cmdr. USN performed the double ring ceremony.

The bride wore a blue suit with dubonnet accessories and a corsage of white calla lilies. Her attendant, Lt. Cmdr. Anne Clark (NC) USN of Perth Amboy, N. J., stationed aboard the U.S.S. Repose, wore a checked suit with grey accessories. The best man was Cmdr. Luis Gens (MC) USN commanding officer of the First Marine Hospital in Tientsin, China. Capt. C. H. Coggins, senior medical officer of the Repose, gave the bride away. Lt. (jg) F. Delaney (MC) USN, Lt. (jg) H. Oetting (MC) USN, Lt. (jg) Eggleston (MC) USN, and Lt. O. Krome USMC served as ushers.

Following the wedding ceremony a reception was held at the Edgewater Mansions for 150 guests. A dinner for 14 followed the reception.

The bride is a graduate of Ord high school, St. Francis School of Nursing, Grand Island, Nebraska, and for the past three years has served in the Navy Nurse Corps. She is now attached to U.S.S. Repose stationed in Tsingtao, China, and will continue until her resignation from the Navy has been accepted.

The groom is a graduate of the New York Medical College, joined the Navy in 1941 and for the past twenty months has been attached to the Fleet Marine Force in China. He is now Battalion Surgeon for the Fourth Marine Division in Tsingtao, China, and expects to return to the United States in the near future.

## Kosmicki - Wadas

At a double ring ceremony performed by Rev. Jurzenski at St. Francis Catholic Church in Ashton Monday, April 21, Miss Anna Kosmicki, daughter of Mr. and Mrs. Jacob Kosmicki of Ashton, became the bride of Sylvester Wadas, son of Mr. and Mrs. Joseph Wadas of Ord.

The bride's gown of white satin and the full skirt fell into a long train inserted and edged with 2-inch lace. Her fingertip length veil, also edged in lace, was topped by a beaded coronet. Pink and white carnations mixed with fern made up the bridal bouquet.

Miss Irene Gawrych, niece of the bride, served as maid of honor. Her gown was of Nile green marquisette. The bridesmaids, Miss Adeline Wadas, sister of the bridegroom, and Miss Aggie Goc, niece of the bride, were dressed in identical gowns of pink and yellow marquisette. The bride's attendants all carried pink and white carnations mixed with fern, and matching ribbons in their hair.

The bridegroom's attendants were his brother, Bill Wadas, and Louis Kosmicki, brother of the bride.

Following the ceremony, a reception was held at the home of the bride's parents. Later in the evening, Mr. and Mrs. Wadas were honored at a wedding dance held at Wichman's Pavilion in Loup City.

The young couple will live on a farm northeast of Ord.

—Ernest Holloway drove to Ord from Burwell Sunday to get Mr. and Mrs. D. A. Moser. The Mosers returned to Burwell with their son-in-law and were guests at a birthday dinner at his home honoring Mrs. Moser's 92nd birthday. Also attending were Mr. and Mrs. Everett Holloway and family, and Mr. and Mrs. Seward Holloway and family.

## WHO HAS THE VALUES?

Several years of rising prices, it is evident that we have become value-conscious, and insist on money's worth, no matter what they are. We have kept the quality of our merchandise down on the following items:

- Batteries, 32-volt and 6-volt
- Generators, hand and electric
- Separators
- Reed 32 and 6-volt Winchargers
- Oil pumps
- Light, 32-volt and battery sets
- Light fixtures
- National milkers
- Tools, new and used
- Welding

Received a small shipment of scarce 32-volt bulbs. Get yours while they last.

Making fast delivery on our seed corn. Some have been made, so get yours at once and shipment. Get a few bottles of "Old Nick" when you get your seed corn and protect worms, mice, squirrels, pheasants, crows that attacks seed in the ground.

# The Ord Hardware

The first Chamber of Commerce coupon book, good for over sixty dollars in merchandise, is presented to Mrs. Ralph Craig by Mrs. Lucille Jenison. The Craigs moved to Ord from Gothenburg. Mrs. Craig is employed in the county superintendent's office, and her husband works for the Ord Auto Sales.

Members of the Chamber of Commerce Welcome committee, Mrs. Lucille Jenison and Miss Clara McClatchey, and Chamber of Commerce secretary, John L. Andersen, pose with welcome gifts which Ord merchants are presenting to Ord newcomers.

## Newcomers to Ord Are Given Real Welcome by Chamber of Commerce

Ord's Chamber of Commerce is making it worthwhile for new families to move to Ord. The city group has printed coupon books which are given out to each new family moving to town. The coupons can be redeemed at Ord business places for everything, ranging from a picnic ham to two theatre tickets. Total value of all coupons is over \$60.

Here are the offerings of various Ord merchants; two pounds of weiners or bologna, Pecenia's Market; pair of ornamental salt and pepper shakers, Fafaita's Furniture; can of tomato juice, 1 qt. homogenized milk, and one pound frozen peas, Carson's Market; one pound of butter, Ord Cooperative Creamery; one handkerchief, Chases; two qts. milk, 1 pint of cream, Stewart's Dairy; \$5.00 on the purchase of a Gibson electric stove or refrigerator, Adams Repair Shop.

Ten-lb. sack flour and a package of Ranch House pancake mix, Farmers' Store; one pound Edward's Coffee, Safeway; one qt. ice cream, one dozen rolls, Ord City Stores; carton Ranch House pancake mix, Brox Grocery; one meal, Jones' Cafe, kitchenware, Ord Hardware.

Waste paper basket, Absolon's Variety; one pound of coffee, Table Sully; 1/2-dozen roses. Noll Seed Company; \$1.00 on the purchase price of a ton of coal, Sack Lumber Yard; \$1.00 in trade, Nelson Motor Company; 25c screw driver, Western Auto Supply; haircut, Lewis and Merrill; \$1.00 in trade, Valley County Implement Company; \$1.00 in trade, Kasal Billiard Hall and Beer Parlor; \$1.00 in cash, E. S. Murray.

Two pieces of pie, two cups of coffee, the Ord Grill; \$1.00 credit in merchandise, Dillo Troyer; one picnic ham, North Side Meat Market; oil change, Phillips '66 Station; 1.00 in trade, Muncy Jewelers; \$3.00 in trade, Nebraska State Bank; piece of pie, cup of coffee, Diner Cafe; haircut, Theatre Barber Shop; \$1.00 on purchase of a dozen portraits, Swopes Studio.

1 suit, 1 coat or 1 dress dry cleaned, Lenison; \$1.00 in trade

any Ord store, John Haskell; \$1.00 in trade, Auble Motors; 1 piece of pie, 1 cup of coffee, Vera's Coffee Shop; \$5.00 in trade, Jack and Jill; \$1.00 worth of watch or optical repairs, Auble Brothers; 60-days subscription, The Ord Quiz; one jar B-V at any Ord Grocery, Herbert Cline; 2 quarts of oil with a change, Sinclair Station.

\$3.00 in trade at any Ord store, First National Bank; Membership fee for one share of stock, Protective Savings and Loan Association; \$1.00 in trade, Brown McDonald; \$1.00 in trade, Thomsons; \$25 in trade, Gamble Stores; \$1.00 on any insurance policy, Jack Brown.

Members of the welcome committee of the Chamber of Commerce who are in charge of distributing the coupon books are Marlin Taylor, Chairman, Mrs. Lucille Jenison and Miss Clara McClatchey. They are asking the cooperation of Ord residents, and request that they be notified when a new family moves to town.

The first coupon book was distributed last week to Mr. and Mrs. Ralph Craig, who moved here from Gothenburg. Mr. Craig is employed at the Ord Auto Sales, and Mrs. Craig is employed by County Superintendent Clara McClatchey.

## My Own Column

By H. D. Leggett  
In a letter from my old friend  
Ben G. Russell, written when he  
mailed a check to renew his Quiz,  
he takes me to task for not  
writing this column. I have  
neglected it for two main rea-  
sons; I am getting lazy in my old  
age and there has been a scarc-  
ity of space and a surplus of ma-  
terial to be used. So, of neces-  
sity my stuff was usually left  
out and a week or two later  
when it appeared some of it was  
pretty rotten. There are those  
who say it was all rotten all the  
time.

You wouldn't think to look at  
the picture below, apparently a  
straight young fellow, is around  
70 years old, a little over I be-  
lieve. But Ben loves trees and  
plants and seeds and flowers, has  
worked with them all his life,  
and perhaps that love of the  
beautiful in nature has kept him  
looking young. His home is in  
Denver where he has been for  
many years engaged in floral  
and greenhouse work.

In his letter he mentions going  
to Fort Hartsuff once with an  
uncle, B. P. Russell who drove up  
there to preach a funeral sermon.  
He also recalls the time in an  
early day when 1500 Pawnee  
Indians came into town and were  
so friendly that some of them  
went about entering houses to  
ask for something to eat, without  
the formality of knocking; he  
also recalls one occasion when

a bunch of cowboys from the Cal-  
umus ranch country came into  
town and rode their horses right  
into a saloon and shot the lights  
out. And the cowboys of Sheriff  
Sheriff Bob Nichols walking  
down the middle of the street with  
a gun on each hip. Ben says  
when he was 11 years of age he  
drove a horse and buggy to  
North Loup alone to get a man  
by the name of Willcoxen to  
come and plaster the Russell  
house. I dare say the road in  
those days was not much the slab  
that we drive on between Ord  
and North Loup now. Ben's  
father was Rev. E. A. Russell, a  
well known early day Baptist  
minister and missionary.

The members of the legisla-  
ture are going to make a bad  
mistake if they pass a sales tax  
law, knowing, as we do, how  
bitterly the people in general are  
opposed to it. An honest assess-  
ment of all property should be  
sufficient, and we should go with-  
out the things that we couldn't

then, pay for. It would cost a  
large slice of what a sales tax  
would raise to administer it, cre-  
ating another army of those  
feeding from the public trough.  
Even if the law is passed, provid-  
ing for the graveling of the  
mail routes of the state, it will be  
many years before they get  
around to doing the job. They  
have to spend a large slice of the  
money in high priced engineer-  
ing; then a bigger slice in grad-  
ing and bridges and culverts. If  
the gravel could just be hauled  
and spread on the roads as was  
done in Michigan when I was just  
a lad, we could soon have good  
roads most of the year. I don't  
like the idea of having to spend  
three fourths of the money get-  
ting ready to put on the road,  
what we want there, the gravel.

It is very apparent that our  
members of congress are be-  
tween the devil and the dark blue  
sea on the proposed labor leg-  
islation. They know what they

should do and  
majority of

### Valley Fliers Get Grudges Off Chest

Air Enthusiasts Have 3 Hour Gripe Session; Agree to Bury Hatchet.

Members of the Valley Fliers club got it off their chest in a three hour gripe session held Monday evening at the City Hall. The meeting was attended by Airport Manager Gene Barnett, and councilmen E. S. Murray, F. L. Blessing and J. W. McGinnis, who were there at the request of the club.

Members of the club had fallen into disagreement with Barnett over the manner in which the Ord airport has been managed. A series of petty arguments, threats, and accusations occupied most of the evening. Those attending finally talked themselves out, discovered that their differences were not too great after all, and finally agreed to bury the hatchet, become friends, and work together in the interests of flying and the Ord airport.

Gene Barnett, airport manager, told the club that at present 18 students were registered at the field for flight instruction under the G. I. Bill of Rights. The group includes two from Scotia, five from Ericson, eight from Ord and one each from Arcadia and Burwell.

Club members decided to investigate affiliation with the Nebraska Civil Air Patrol and will make efforts to establish a branch of the patrol at Ord.

### Notice to Reckless Drivers

Because of numerous complaints coming both to councilmen and myself regarding reckless driving in Ord, it has been decided to quit giving warnings and begin making arrests in such cases.

There are a number of drivers in Ord, principally school boys and other younger people, who drive recklessly often and most of these have been warned by police in the past. Now such warnings will be no longer given and you will be arrested if you drive in a reckless manner.

This applies both to daytime and night time driving and all speeding and reckless driving within the city limits hereafter will cause arrest and trial in police court if it is detected by police. Watch your driving and save trouble and expense.

### Peterson Waits Action By Rural Switching Lines

L. F. Peterson, general manager of the Ord and Burwell lines of the Nebraska Continental Telephone Company, revealed Monday that he is still awaiting action by rural switching line officials regarding the proposed metallicizing of rural phone lines.

Peterson says that it is up to the farmer's to get together and inform him of their decision regarding the metallicizing of the lines to cut out interference from the REA power lines. As yet, he added, very few farmers have contacted him.

When the switching line officials get together and decide on a date for the meeting, Peterson will then inform officials of the telephone company who will attend the meeting and explain the entire metallicizing procedure and its approximate cost.

### Host Teams Win In Mid-Nebraska

Greeley, Scotia and Spalding Aro Victors in Season's Openers.

Opening day games in the Mid-Nebraska league were successful for each of the three home teams Sunday.

Greeley combined 14 hits with 4 North Loup errors to win a slugfest 14-8 at Greeley. The losers got 12 bingles during the game. Earnest, Williams and Sinteck hurried for No. Loup, while Nordheus and Smith divided Greeley's mound duties.

Scotia pounded Lowe and Wibel for 11 hits and downed Wolbach 7-3 at Scotia. Groettinger, H. Beck and Quick combined to limit the losers to six hits.

Spalding had little trouble with Ericson at Spalding. The Irish won an 11-2 victory on eight hits and 12 Ericson bobbles. Kelly held Ericson to seven hits. Donna and Lockhart hurried for the losers.

League standings:

|            | W | L | Pct.  |

### CHURCH NOTES

The Methodist Church, Ord, Nebraska.  
Carl F. McConnell, Minister.

For three Sundays, the morning worship service at the Methodist church has been held downstairs in the dining room. The reason? The sanctuary has been in the process of renovating and painting. Most of the renovating job will be completed this week. We shall worship in the sanctuary next Sunday morning at the 11:00 o'clock hour.

"Come let us go up to the house of the Lord, to worship and sing praises to Him." Such a beautiful place in which to worship, should fill us with spiritual inspiration.

Church school, 10:00 a. m., Evet Smith, supt.

Worship service, 11:00 a. m. Sermon topic: "Team-work"

Methodist Youth Rally: Including all the young folk of the Ord sub-district, of the Hastings Dist. Registration starts at 2:30 p. m. Program to follow. Lunch, special feature for the evening.

Sunday guests of Mrs. Lena Taylor were Mr. and Mrs. A. R. Gibson of Berwyn, Mr. and Mrs. A. B. Barnhart and Mr. and Mrs. Frances Barnhart and daughter of Sargent, Mr. and Mrs. Jim Vogeler and Robert. Mrs. Tillie Barnhart and son, Ray, of Omaha are also guests in Mrs. Taylor's home. Mrs. Jim Vogeler accompanied Mr. and Mrs. Gibson home and Tuesday submitted to a major operation at a hospital in Broken Bow.

Mr. and Mrs. Delbert Bridge spent Sunday with Mr. and Mrs. Ed Manchester helping celebrate Mr. Manchester's birthday.

Thursday evening guests of Mr. and Mrs. Delbert Bridge were Mr. and Mrs. Hillis Coleman, Mr. and Mrs. Leland Stillman and Mr. and Mrs. Victor Cook. Mr. Bridge's birthday was celebrated.

Dale Cress has resigned as county agent of Buffalo county and has accepted a position as director of promotion and sales for pumps and other irrigation equipment for Sears Roebuck and Company. His territory will be that portion of Nebraska from Kearney west to the Wyoming line. The Cress family will continue to live in Kearney.

Nolo club members and their guests spent a pleasant afternoon Tuesday at the home of Mrs. Cora Hemphill when the club entertained at the annual guest day. Roll Call was "A Beauty Spot I Have Seen". Slides of Glacier National Park were shown, also some slides of beautiful gardens. The Odd Fellows lodge loaned their projector, and C. J. Goodrich operated the machine.

An original poem on Spring written by Mrs. Fern Maxson was read by Mrs. Florence Hutcheson. The clarinet quartette from school played two numbers. The hostesses served a lovely lunch.

## Valley Flyers Get Grudges Off Chest

### Air Enthusiasts Have 3 Hour Gripe Session; Agree to Bury Hatchet.

Members of the Valley Flyers club got it off their chest in a three hour gripe session held Monday evening at the City Hall. The meeting was attended by Airport Manager Gene Barnett, and councilmen E. S. Murray, F. L. Blessing and J. W. McGinnis, who were there at the request of the club.

Members of the club had fallen into disagreement with Barnett over the manner in which the Ord airport has been managed. A series of petty arguments, threats, and accusations occupied most of the evening. Those attending, finally talked themselves out, discovered that their differences were not too great after all, and finally agreed to bury the hatchet, become friends, and work together in the interests of flying and the Ord airport.

Gene Barnett, airport manager, told the club that at present 18 students were registered at the field for flight instruction under the G. I. Bill of Rights. The group includes two from Scotia, five from Ericson, eight from Ord and one each from Arcadia and Burwell.

Club members decided to investigate affiliation with the Nebraska Civil Air Patrol and will make efforts to establish a branch of the patrol at Ord.

## Notice to Reckless Drivers

Because of numerous complaints coming both to councilmen and myself regarding reckless driving in Ord, it has been decided to quit giving warnings and begin making arrests in such cases.

There are a number of drivers in Ord, principally school boys and other younger people, who drive recklessly often and most of these have been warned by police in the past. Now such warnings will be no longer given and you will be arrested if you drive in a reckless manner.

This applies both to daytime and night time driving and all speeding and reckless driving within the city limits hereafter will cause arrest and trial in police court if it is detected by police. Watch your driving and save trouble and expense.

## Peterson Waits Action By Rural Switching Lines

L. F. Peterson, general manager of the Ord and Burwell lines of the Nebraska Continental Telephone Company, revealed Monday that he is still awaiting action by rural switching line officials regarding the proposed metallicizing of rural phone lines.

Peterson says that it is up to the farmers to get together and inform him of their decision regarding the metallicizing of the lines to cut out interference from the REA power lines. As yet, he added, very few farmers have contacted him.

When the switching line officials get together and decide on a date for the meeting, Peterson will then inform officials of the telephone company who will attend the meeting and explain the entire metallicizing procedure and its approximate cost.

## Scoutmaster Needed by Ord Troop May 1

Needed immediately in Ord is a scoutmaster to take charge of the Ord troop, preferably by May 1st. John Hannah, who has held the position for almost two years, some time ago expressed a desire to be replaced by that date. Reports Bill Steep, chairman of the Scout troop committee. So far a successor to Mr. Hannah has not been found.

A man to serve as assistant scoutmaster also is needed because the troop has grown too large for one man to handle for best results. Ord men interested in Scout work are asked to talk to Steep about it immediately.

## Notice to Reckless Drivers

Because of numerous complaints coming both to councilmen and myself regarding reckless driving in Ord, it has been decided to quit giving warnings and begin making arrests in such cases.

There are a number of drivers in Ord, principally school boys and other younger people, who drive recklessly often and most of these have been warned by police in the past. Now such warnings will be no longer given and you will be arrested if you drive in a reckless manner.

This applies both to daytime and night time driving and all speeding and reckless driving within the city limits hereafter will cause arrest and trial if police catch it if it is detected by police. Watch your driving and save trouble and expense.

## Valley Fliers Get Grudges Off Chest

Air Enthusiasts Have 3 Hour Gripe Session; Agree to Bury Hatchet.

Members of the Valley Fliers club got it off their chest in a three hour gripe session held Monday evening at the City Hall. The meeting was attended by Airport Manager Gene Barnett, and councilmen E. S. Murray, F. L. Blessing and J. W. McGinnis, who were there at the request of the club.

Members of the club had fallen into disagreement with Barnett over the manner in which the Ord airport has been managed. A series of petty arguments, threats, and accusations occupied most of the evening. Those attending finally talked themselves out, discovered that their differences were not too great after all, and finally agreed to bury the hatchet, become friends, and work together in the interests of flying and the Ord airport.

Gene Barnett, airport manager, told the club that at present 18 students were registered at the field for flight instruction under the G. I. Bill of Rights. The group includes two from Scotia, five from Ericson, eight from Ord and one each from Arcadia and Burwell.

Club members decided to investigate affiliation with the Nebraska Civil Air Patrol and will make efforts to establish a branch of the patrol at Ord.

## Peterson Waits Action By Rural Switching Lines

L. F. Peterson, general manager of the Ord and Burwell lines of the Nebraska Continental Telephone Company, revealed Monday that he is still awaiting action by rural switching line officials regarding the proposed metallicizing of rural phone lines.

Peterson says that it is up to the farmers to get together and inform him of their decision regarding the metallicizing of the lines to cut out interference from the REA power lines. As yet, he added, very few farmers have contacted him.

When the switching line officials get together and decide on a date for the meeting, Peterson will then inform officials of the telephone company who will attend the meeting and explain the entire metallicizing procedure and its approximate cost.

## CHURCH NOTES

The Methodist Church, Ord, Nebraska. Carl F. McConnell, Minister.

For three Sundays, the morning worship service at the Methodist church has been held downstairs in the dining room. The reason? The sanctuary has been in the process of renovating and painting. Most of the renovating job will be completed this week. We shall worship in the sanctuary next Sunday morning at the 11:00 o'clock hour.

"Come let us go up to the house of the Lord, to worship and sing praises to Him." Such a beautiful place in which to worship, should fill us with spiritual inspiration.

## Pop Corn Contracts

Our popcorn contracts for 1947 are looking mighty attractive when you consider the price of field corn. Most authorities are predicting much lower prices for this summer and next fall for all grains. If you plan on growing a cash crop of corn, come in and look over our popcorn contracts with The American Pop Corn Co. These people are very reliable and took all of their contracts last year and all through the year we had buying orders for them. Do not hesitate to place a contract with them. We still have about 300 acres to contract.

## Seed Potatoes and Plants

We have seed potatoes on hand as this is written. Also fresh Bermuda onion plants direct from the grower in Texas. Also have cabbage, tomato and pepper plants as well as pansy and blooming flower plants. We will carry a good stock of these plants all the planting season.

## Sweet Clover and Alfalfa Seed

We still have very large stocks of alfalfa and sweet clover seed and we feel that this is an ideal spring for planting legume crops. We need these legumes in our crop rotation to keep up soil fertility and large crop production. We have as hardy alfalfa seed that is local grown as you will find in any section of the alfalfa producing section of our land.

## Trees

This week will about wind up the trees for this year. The last of this week we will have cherry and Chinese elm seedlings. Come in and get the trees now and get them started.

## Weedicide

There are many good weed killers on the market but we have been handling Weedicide and believe that it is one of the very best. We have this weed killer in sizes that are suitable for the small yards or fields, where you do not have enough to call in the district to do your work for you. If everyone would use this on dandelions we would see much better lawns in a very short time.

## Baby Chicks

New low prices on Hill Baby Chicks and we are able to get them on very short notice. If you are in a hurry, we will phone your order in if you want 300 or more. The reduction amounts to \$3.00 per hundred to \$7 on some of the sexed chicks. We also have a few brooder houses and we have two new brooder houses for sale. Let us quote you.

## Grain

Grain Markets have been on the down grade all this week and we have seen prices drop from 5 to 8¢ per day. If you have grain to sell we believe that it would be well to sell part of it now. We might see higher prices this summer but there is every sign that they might be lower. If you want to buy or sell grain see us and let us bid on your grain or quote you on grain delivered to your farm. Let us quote you on truckloads of feed delivered. Hog, cattle or poultry feeds, we have them at prices that are right.

Because of numerous complaints coming both to councilmen and myself regarding reckless driving in Ord, it has been decided to quit giving warnings and begin making arrests in such cases.

There are a number of drivers in Ord, principally school boys and other younger people, who drive recklessly often and most of these have been warned by police in the past. Now such warnings will be no longer given and you will be arrested if you drive in a reckless manner.

This applies both to daytime and night time driving and all speeding and reckless driving within the city limits hereafter will cause arrest and trial in police court if it is detected by police. Watch your driving and save trouble and expense.

## State Will Spend \$3,000 At Airport About August 1st

### New Concrete Apron, Lights, Drainage and a Bridge on Summer Schedule.

The Nebraska airport commission has agreed to make certain improvements at the Ord municipal airport which will enhance value of the field greatly, it was reported to the Rotary club Monday evening by Gene Barnett, airport manager. According to Dr. F. L. Blessing, chairman of the city council's airport committee, the improvements will cost about \$3,000.

Included will be a 100-foot concrete apron in front of the hangar, some drainage structures at south end of the field and a new bridge leading into the property from the highway. Cost of an electric line from the closest point on the city line which runs to the Stewart farm also will be paid by the state. With 17 students now taking G. I. training here the Ord field is becoming a busy place. Barnett says several are ready to be graduated and a new class will be formed very soon. There are 3,000 former veterans in the Ord territory eligible for flight instruction under the G. I. bill, he says.

Recent visitors to the field seeking gas and service have included a Texas man flying to the Canadian border and Middletown, O., man flying to Wyoming. There have been numerous planes from nearby Nebraska cities visit here. A Civilian Air Patrol unit may be formed in Ord soon, Barnett said.

—Mr. and Mrs. Rex Jewett and son and Mr. and Mrs. Dale Philbrick drove to Grand Island Sunday, where they participated in a trap shoot.

## Harold Flieder Is Injured By Car

Seven year old Harold Flieder, son of Mr. and Mrs. Charles Flieder, suffered a bruised nose Monday morning when he ran into a car driven by Paul Linke. Harold, a second grade student, was on his way to school, and ran out from behind a passing truck directly into the side door of the Linke car.

Linke picked the boy up and took him to Dr. C. J. Miller, where he was treated for minor bruises.

## Dynamite Blasts Ditches 400 Feet Long Here

### Ditching Demonstration Conducted by Soil Conservation Office and Dupont Men.

A mighty explosion which shook business places and houses in town Tuesday afternoon sent mud, water and weeds flying nearly 300 feet into the air during the ditching demonstration conducted at the Leo Long farm one mile east of town Tuesday afternoon. The demonstration was conducted by the Valley County Soil Conservation office, with the assistance of technical experts from the Dupont Company.

T. H. Michell, Dupont technician, who placed the dynamite, set 150 pounds of the high explosive into a swamp which Mr. Long wished diverted into a drainage ditch so that the marsh could be used for growing hay. After the blast, a ditch 400 feet long, six feet wide and three feet deep remained.

Dynamite sticks were set about 14 inches apart to obtain the desired results. According to Valley County Conservationist Leslie Nash, it took about an hour and a half to place the dynamite.

## Water Turned into Burwell - Sumter Canal Mon. Morn

### Other Canals in North Loup District in Use Soon; Middle Loup Next.

Water was turned into the Burwell-Sumter canal of the North Loup River Public Power and Irrigation district Monday, according to M. S. Dodd, engineer-manager, thus starting the 1947 irrigating season in this valley. On either Thursday or Friday of this week water will start down the Ord-North Loup canal, and down the Taylor-Ord canal early next week.

So far there have been no calls for irrigation water from farmers but it was deemed best to start the flow, get the canals soaked up and hold down growth of weeds so as to be in readiness for actual irrigating when the need for water arises.

Water will be turned into the Middle Loup district's canals some time next week, estimates Dodd, who is manager of that district also. Assistant chief engineer for both districts is Glen Beeline, Superintendent of the North Loup district is Jim Nevilka and of the Middle Loup is Claud Williams.

Full maintenance forces for both districts have been organized, mostly from men experienced in irrigation from other seasons. In the North Loup district dam tenders are Jack Kraus at Taylor, Charles Anderson at Burwell and Archie Bradt at Ord. Ditch riders will include Earl Bartholomew, Claude Tucker, Mike Kussek, Herman Worn, J. Tucker, Jack Craft and Jake Kwiatkowski. Frank Sevensen is maintenance and construction foreman and Francis Simons and Clyde Paddock are dragline operators. Mrs. Evelyn Boro is office book-keeper.

In the Middle Loup district the ditch riders include Anton Trudik, Pete Duryea, Jim Hagood, Percy Beman, Lyle Smith and Tom Sekutera.

## Burwell to Inaugurate Baseball Season Here

The opening game of the season in the Loup Valley League will see Burwell playing Ord on the local diamond, Sunday, May 11. According to Manager Bruce Covey, the game promises to be a hotly contested one.

Schedule for the league is published on another page of this issue. Readers are asked to clip the schedule and file it for future reference.

## A. M. Russell Dies at Portland, Oregon

News was received in Ord this week of the death of Albert Marsden Russell, Russell, a long-time Ord resident and owner of a hardware store here, died at his home at Portland, Ore., Sunday, born in Byron, N. Y., he was 85 years old at the time of his death.

## Valley Editors To Meet Here May 10

Members of the Loup Valley district of the Nebraska Press association will hold their annual meeting in Ord on Saturday, May 10. About forty and their wives are expected, including President Minor Harris, of Palmer Journal, and Secretary Bill Plouffe, of Fullerton News. Officers and directors of the state association also are expected.

Visitors will convene here about 10:30 a. m. and will be guests of Quiz Engraving Service at luncheon in the Legion club at 12:00. A short tour of irrigated sections of the valley as guests of the Chamber of Commerce will follow luncheon, after which a business meeting will be held in the Legion hall.

Speakers will include William H. Smith, of Seward, president of the state press association; Guy Ludl, of Wahoo, vice-president; and A. C. Gardner, of Crete, treasurer of National Editorial association.

## District W.S.C.S. Convention to Be Held in Ord

### Famed Negro Soprano to Be Featured On Program.

Two units of the Methodist church, the Hastings District Conference and the Woman's Society of Christian Service, will hold a joint session in Ord Wednesday, May 7, at the Ord Methodist church, according to an announcement made Monday by Rev. Carl McConnell.

The groups will convene at 10:00 a. m. in the sanctuary of the church, with a devotional service which will be conducted by Mrs. Ralph Baring, district secretary of Spiritual Life of the Society. Dr. John L. Knight, Chancellor of Nebraska Wesleyan University will deliver an address to the group at 10:15.

Highlighting the program is the appearance of Miss Wilma Fletcher, Negro soprano soloist, who has been widely acclaimed in musical circles.

Also listed on the program are forums, group discussions, and varied and interesting program. The closing address will be delivered by Dr. Everett E. Jackson, superintendent of the Norfolk district.

Rev. McConnell says that the public is invited to attend any or all of the convention sessions.

## County's Red Cross Drive Almost Double Announced Quota

Valley County's 1947 drive for funds for the American Red Cross went way over the top, according to an announcement by Loren Good, county fund drive chairman. Latest reports indicate that \$1562.60 has been turned into the national Red Cross chapter. The county's quota was \$832.

Mr. Good stated that he wished to express his appreciation to all those who contributed to make the drive a success.

## Ord FFA Team Wins At State FFA Convention

### Compete With Entries From Six Other Towns.

Ord High School's Future Farmers of America representatives took a blue ribbon, a superior rating, in the parliamentary procedure contest, which was part of the Nebraska Future Farmers convention held in North Platte Friday and Saturday. Ord's FFA advisor is J. A. Kovanda.

Members of the Ord FFA team who attended were Eldon Foth, Wayne Goff, Ray Timmerman, Irwin Iwanski, and Jim Kucera. Waverly's entry was also awarded a blue ribbon.

FFA Foundation awards totaling more than \$700 were made to the over 300 youths who attended the convention. These awards included the champion farm mechanics member, champion rural electrification member, ten awards to local chapters for community service, an award of \$100 to the Star State Farmer of Nebraska and another \$100 award to the champion speaker.

The Future Farmers of America is a national organization of, by and for farm boys studying vocational agriculture in public secondary schools which operate under the provisions of the national vocational education acts. Major purposes of the organization are development of agricultural leadership, co-operation, citizenship, patriotism and improved agriculture.

Programs of work are set up annually by each association and are built on the needs of the individual and the community.

## County Farmers to Be Honored On "Rural Day"

### Chamber of Commerce & Fire Department to Organize Day's Program.

A gala program of activities is being planned to honor Valley County farmers on Thursday, May 22. The occasion, to be known as "Rural Day," is sponsored by the Ord Chamber of Commerce and the Ord Fire Department.

Starting off the day's events will be the presentation of diplomas to the county's rural 8th grade students by County Superintendent Clara McClatchey. High school seniors also will be awarded at that time.

At noon all farm families will eat a picnic lunch together at the school. Each family is asked to bring a lunch. The special event of the day is a scavenger sale to be sponsored by the Ord fire department. Farmers and town residents are asked to bring livestock, poultry, old farm machinery, old furniture, etc., which will be auctioned off by M. B. Cummins. Proceeds from the sale will go to finish tayment on the rural fire truck.

Rural youngsters will have a chance to show their athletic abilities at a rural track and field meet on the Ord athletic field immediately following the scavenger sale. Regular track events, 100-yr. dash, shot put, discus, pole vault, etc., will be judged by Ord high school's coach, Alex J. Cochran.

## 2nd Ward Sewer Construction to Last 30 Days

### Supt. Keirle Says It Will Take Thirty Days More To Finish Job.

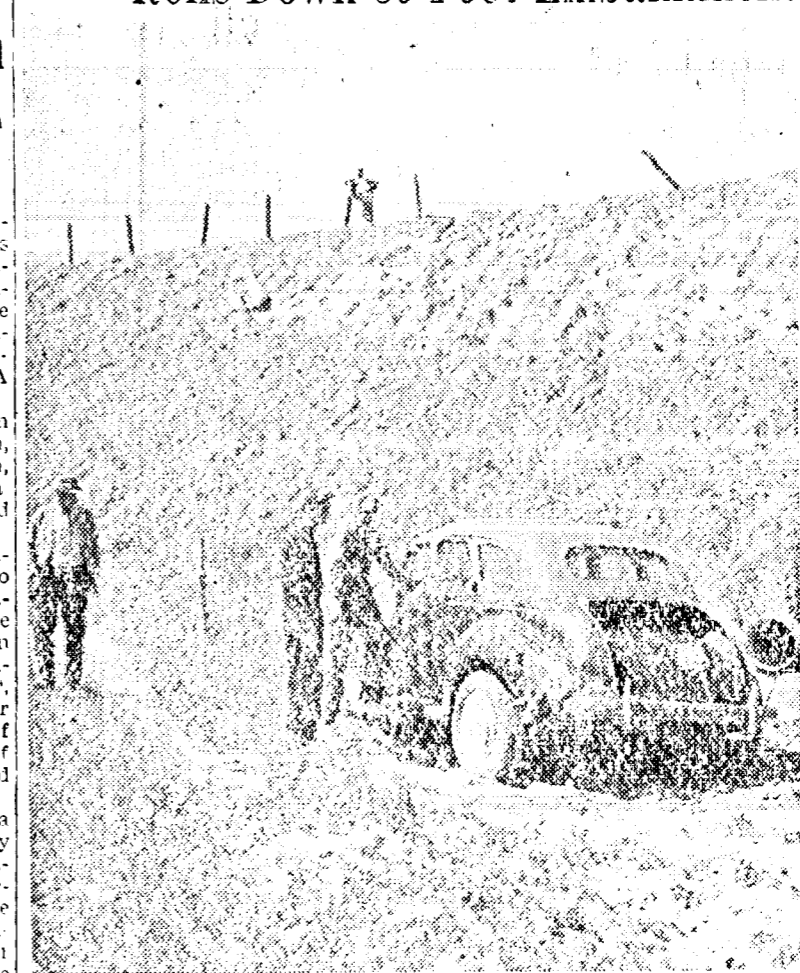

Sewer construction in Ord's second ward, which was started 2 weeks ago, will be completed in about thirty days, according to C. C. Keirle of Omaha, who is superintendent of the job for Charles Roebuck Construction Co.

There are 7,000 feet of pipe to be laid in the second ward, and Keirle estimates that his men are able to lay about 300 feet of pipe a day. There are fifteen men working on the job, ten from Ord and five who accompanied the construction company superintendent.

The City Council, at a special meeting Tuesday evening, approved construction of a sewer in the third ward. The council will take steps to let the bids or construction of the projects during the first week in June, according to acting City Attorney E. L. Vogeltanz.

—Mrs. Winnie Cornell and daughter Amy and family of Hastings are visiting at the home of Mrs. Cornell's parents, Mr. and Mrs. E. S. Coats.

## Occupants Uninjured When Car Rolls Down 80 Foot Embankment

Eldon Chalupa and a companion were uninjured when the Chalupa car, a 1940 Chevrolet sedan, went off the road seven miles west of Ord early Saturday morning and went rolling down a 70 foot embankment. Chalupa told Valley county Sheriff Bob Hall that he had gone to sleep and lost control of the car.

## Irrigation District's Financial Woes on Way to Solution, Says Vogeltanz

### Water Users Sent Lawyer to Washington, RFC Found Highly Cooperative.

E. L. Vogeltanz, Ord attorney, who was sent to Washington, D. C., by the North Loup Water Users association, is optimistic about the solution of financial difficulties of the North Loup River Public Power and Irrigation district.

Mr. Vogeltanz presented the matter to the entire Nebraska delegation of senators and representatives on Tuesday, April 22, and has their promise to help in any way possible.

The Ord attorney also had numerous conferences with this district's representative, Dr. A. L. Miller, and with Senators Hugh Butler and Kenneth Wherry. These men arranged for and accompanied Mr. Vogeltanz to a conference with officials of the Reconstruction Finance Corporation which holds the bonds of the district. It was pointed out to the RFC that the district is in financial difficulty, not because of any fault of the farmers, but largely because income producing power units were eliminated while the irrigation works were under construction. The Ord attorney declared that another reason for the present financial tangle was that the PWA built the project and some of its engineering and construction was deficient. Those deficiencies, he added, now need major repair and reconstruction, and it is now evident that the district was financially unsound when it started operation.

During the conference, the RFC officials expressed much interest in the suggestions made by Mr. Vogeltanz and indicated a desire to continue cooperation toward the working out of a solution of the financial problems of the district by requesting that he submit his suggestions in writing for detailed study and consideration. Senator Butler offered his office and his secretaries so this could be done. Among the suggestions

made by the Ord attorney were a complete re-survey of the district, repair and construction of such of the works as are needed, the advancement by RFC of sufficient money to make repairs and improvements, estimated at \$200,000, the scaling down of the present indebtedness by one third and the floating of a new 40 year loan bearing 2% interest annually for the amount of the scaled down indebtedness plus the amount now to be advanced to place the district in top notch condition.

RFC officials told Mr. Vogeltanz that while they have had many conferences with district officials in the endeavor to work out a solution of district problems, his was the first concrete proposition they have had from the people of the North Loup valley. The officials indicated that they would give it their earnest consideration.

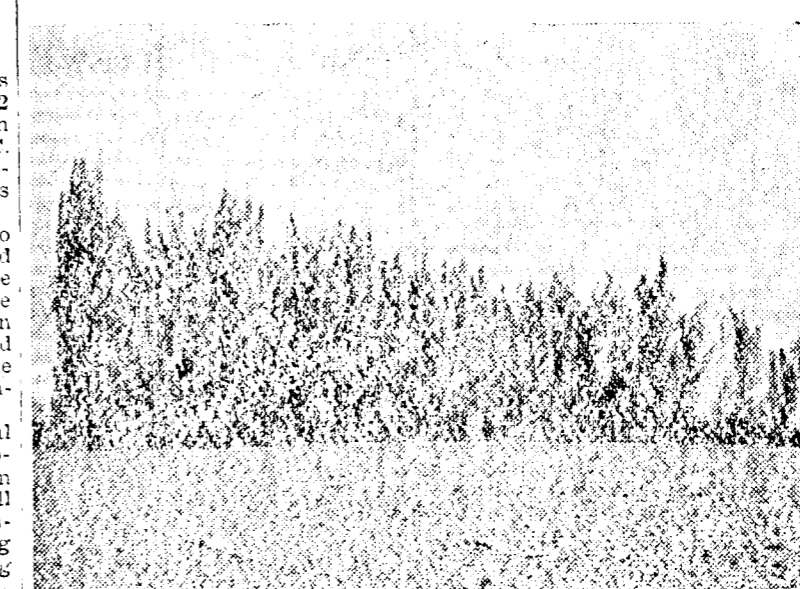

Representatives of the water users and the district have held frequent conferences in the past to reach a satisfactory solution of mutual problems and cooperation will continue to that end. Both M. S. Dodd, district engineer-manager, and George A. Munn, attorney, expressed themselves as extremely pleased with the reception given Mr. Vogeltanz in Washington. They are hopeful that the RFC will give favorable consideration to his suggestions. Mr. Vogeltanz himself feels that a start has been made toward working out a satisfactory agreement concerning the district's difficulties, financial and otherwise.

## Real Estate Taxes Delinquent May 1

Valley County treasurer George Satterfield issued a reminder to county property owners Tuesday morning that all real estate taxes will become delinquent on Thursday, May 1.

After that date, he added, taxes begin to draw seven percent interest.

## Mud, Water Fly From Dynamite Blast

Many former servicemen who witnessed the soil conservation's dynamite ditching demonstration Tuesday were reminded of bomb explosions when the 150 pounds of dynamite was detonated. Mud and water in the ditching area flew over 300 feet into the air.

## Songs And Dances to Greet First Day of May

### Community Chorus & Campfire Girls Will Present May Day Festival.

A joyous welcome of song and dance in honor of the first day of May will be staged on the courthouse lawn Thursday afternoon, beginning at 3:00. All business places in Ord will be closed for the duration of the program from 3:00 to 1:30. In case of inclement weather, the program will be held in the Ord high school auditorium.

Under the direction of Mrs. Leslie Nash, will feature folk songs of many nations in its first appearance. On the program are May Day Carol (English); Cielito Lindo (Mexican); Maranona Lullaby (Australian Aboriginal); Flax, My Flax (Russian). All through the night (Welsh); Old Joe Clark (American) and Waters Ripple & Blow (Czech).

The Tando and Odako groups of Campfire girls will furnish an old time square dance and a May pole dance, as their part of the program. The Campfire girls are under the direction of Irene Doe and Deloris Donnellson, assisted by Irma King with the dances and music.

Campfire girls participating in the program are Ruth Ollis, Sharon Olsson, Eloise Jobst, Marlene Nelson, Margaret Jean Munny, Sharon Mae Hansen, Jerry Austin, Karen Swales, Carol Goff, Marcelyn Whiting, Elaine Cook, Kay Hughes, Lorraine Dunlap, Sharon Jean Hastings.

Marilyn Absolon, Darlene Janreck, Lorraine Janreck, Margaret Boro, Mary Jo Clayton, Beverly Carter, Mary Thompson, Carolyn Romans, Karen Neumaner, Aelene Studnicka, Virginia Wilson, Agnes Ramaekers and Ruth Harms.

Also featured on the program is the trumpet trio, composed of Jay Stoddard, Don Hill, and Jim Misko. The trio will play Brahms' "Cradle Song."

Of special interest to those who will be unable to attend the program is the announcement by the Chamber of Commerce secretary, John L. Andersen that radio station WOW in Omaha will send its announcer, Ray Clark, to transcribe the entire program. The program will be played over WOW at a later date.

## County Youths Asked to Join In 4-H Club Work

### Extension Office Hopes To Get Work Organized Next Month.

County Extension agent C. C. Dale is asking that all boys or girls who wish to carry on 4-H club work this year either call or write the Extension office, soon. Dale says that it is hoped that club work can be completely organized and get underway within the next month.

According to the County Agent, school will soon be out and many young people will be without any organized program for the summer months. He feels that 4-H club work will fill in this time with a combination of organized work and play.

The girls' 4-H club program fits into the summer months especially well. Cooking, clothing and homemaking clubs which are the favorites with the girls can be completed during the summer vacation.

On the program for 4-H members in Valley County this year will be judging and demonstration days, a district 4-H Club camp in June, probably at Long Pine which any 4-H member is eligible to attend, and finally an opportunity to show products and win cash and ribbons or trophies with an exhibit at the Valley County fair.

Any youngster between the ages of ten and twenty years is eligible for membership. The Extension office would like to hear from any individuals or groups, living either in town or in the country, who are interested in club work.

## Kenneth Collins Pays \$6.70 For Reckless Driving

Fifteen-year old Kenneth Collins pled guilty to a charge of reckless driving before Police Judge John Haskell Wednesday morning.

Collins, who was arrested Tuesday by Jis Mortensen, was fined \$1.00 and costs of \$6.70.

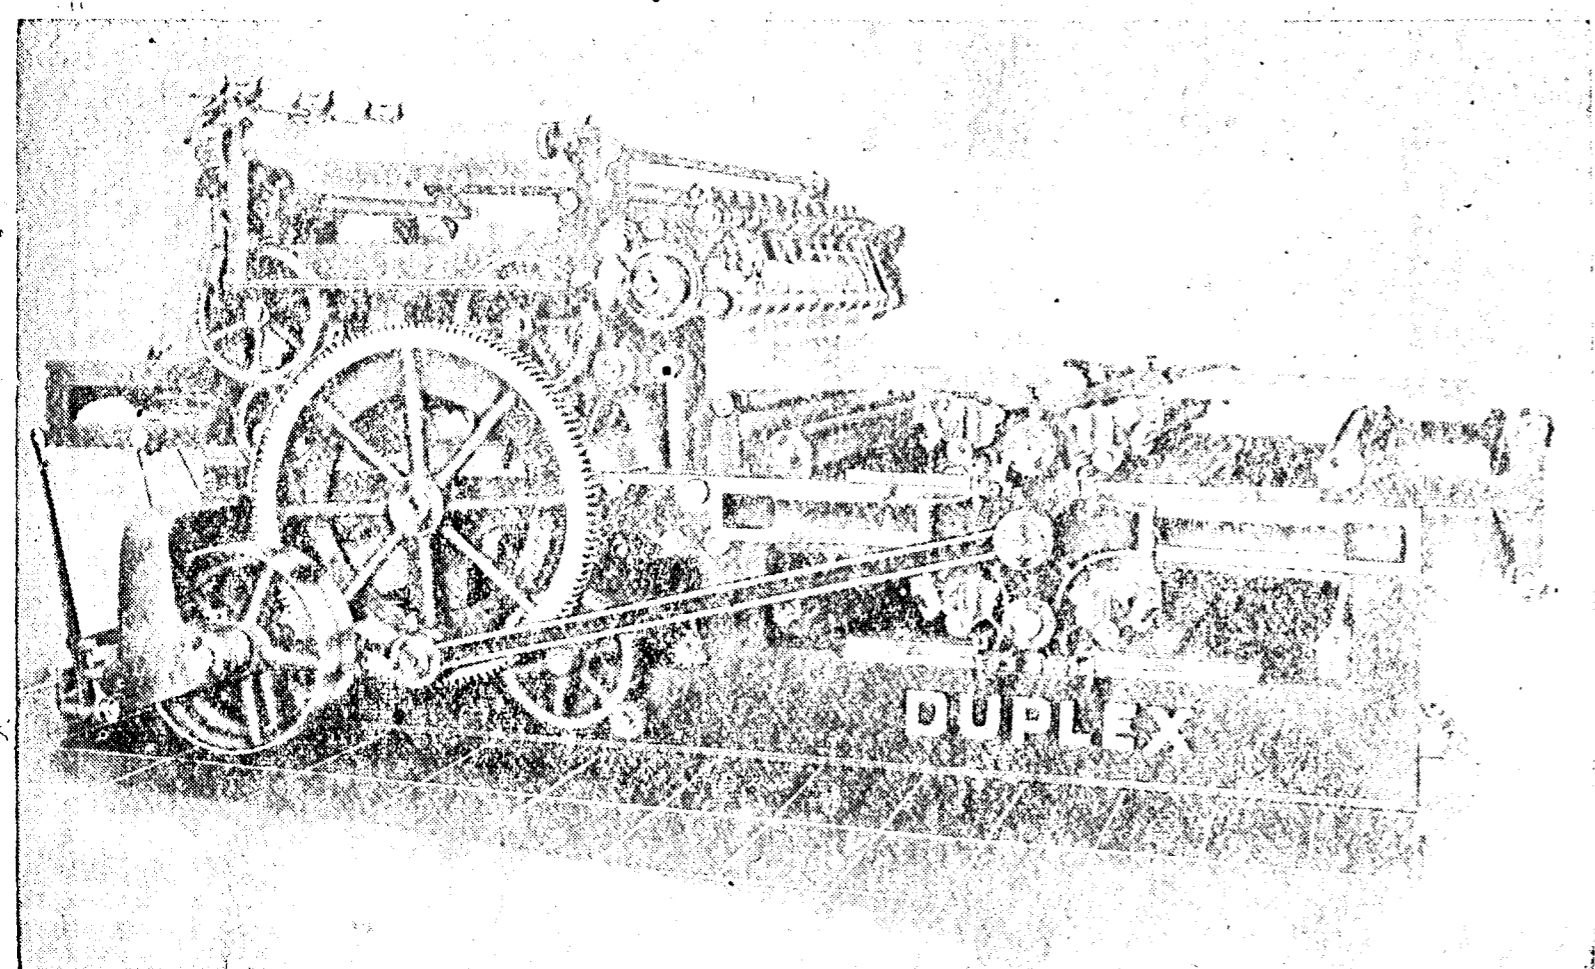

Collins' arrest was the first in the crackdown on speeders and reckless drivers within the city limits, which was ordered by Mayor M. B. Cummins. Previously such drivers had been given warnings. However, due to numerous complaints which had been made, both to the mayor and the city councilmen, it was decided to order the crackdown.

## Ord's Winning FFA Team

Members of Ord high school's FFA team and their adviser pose proudly with the banner they won at the state convention at North Platte last week. The group rated a blue ribbon in parliamentary procedure. Seated, left to right, are Irvin Iwanski, Wayne Goff, Eldon Foth, Jim Kucera, Ray Timmerman and adviser J. A. Kovanda.

## First Issue Of Quiz Printed On New Giant Press

This issue of the Quiz, Volume 65, No. 5, is the first issue of the newspaper to be printed on the new giant Duplex press. Readers will note the increase in size of the paper from seven to eight columns. The new press, partially installed last September, has set idle until this week due to lack of parts and the inability to obtain a competent machinist to finish the erection. The press has a capacity of 4,000 four, six or eight page newspapers an hour and delivers these papers completely folded ready for mailing. The Quiz is now printed from roll print instead of sheets. E. C. Leggett, editor-manager of the Quiz stated this week "that with this first big mechanical step taken—a step we have been trying to take for nearly a year, the way is clear for us to constantly enlarge the newspaper, make it more truly representative of the area it serves."

### Martin Michalek Buried At Sidney

Services Held Last Week for Former Ordite; Farmed Here for 11 Years.

Funeral services were held last Wednesday afternoon in Sidney from the Gehrig Funeral Home for Martin Michalek, 68, who died at a Sidney hospital. Death was attributed to a stroke. The Rev. Walter Jewett of the First Methodist church officiated at the services, and interment was in the Sidney cemetery.

Mr. Michalek had spent his entire life in Nebraska. He was born at Fairwell, Nov. 7, 1878, and spent his boyhood in the Fairwell and Elba communities. He was married at Elba in 1900 to Bertha Kaminski.

From 1911 to 1930, Mr. Michalek engaged in business at Burwell, and later farmed near Ord for about eleven years.

Survivors include four children, Mrs. C. A. Brown of Omaha, Mrs. Ralph Emery of San Francisco, Calif., Joseph Michalek of Julesburg, and Ed Michalek of Scottsbluff. Six grandchildren and one brother also survive.

### Ord Masons Hosts at Meeting Thurs.

Members of Ord Lodge A.F. and A.M. entertained a large number of visiting Masons and members of the Eastern Star at the Masonic Banquet Hall last Thursday evening. About 140 persons from Burwell, Arcadia, Scotia and St. Paul attended.

Featured speaker of the evening was Raymond C. Cook, of Plattsmouth, who is chairman of the board of trustees at the Masonic home in Plattsmouth. Also attending the meeting was Lute M. Savage of Omaha, grand custodian of the state of Nebraska and Harold W. Wedel of Arcadia, assistant grand custodian of the state of Nebraska.

To be eligible a woman must have a son, brother, or husband who is a member of the American Legion, a son, brother or husband who was killed in action, or a daughter who is a member of the auxiliary. Former members of the Wads, Waves and Spars, are also eligible for membership in the auxiliary.

### Receive Injuries in Accident Sunday

Three Ord boys and three Arcadia residents received cuts and bruises when a car driven by Alvin Stewart of Ord struck an auto belonging to W. J. Ramsey of Arcadia about two o'clock Sunday morning. The accident occurred three or four miles west of Arcadia near the Bressler farm.

Mrs. Edna Hunsley, passenger in the Ramsey car, was thrown against the windshield, receiving cuts about the face and head. Both Mr. and Mrs. Ramsey were badly bruised and shaken. Stewart and the occupants of his car, George Cetak and Otto Matresh, were also bruised.

According to Stewart, the lights of an approaching car had blinded him, causing him to lose control of the car, which swerved into the Ramsey automobile following directly behind the car with the blinding headlights.

The Ramseys were on their way to Broken Bow, where Mr. Ramsey was to take the train for St. Louis, Mo.

### North Loup Wins Tri-School Meet

North Loup high school breezed to an easy win in a three-school track meet held at North Loup Tuesday. No records were broken in the contest which resulted in North Loup, 80 points; Arcadia, 47 points and Palmer, 13 points.

### E. L. Vogeltanz Speaks Over State Radio Stations

E. L. Vogeltanz, Ord attorney who was in Washington, D. C. last week conferring with R.F.C. officials regarding financial difficulties of the North Loup River Public Power and Irrigation District, was featured on a 15-minute transcribed interview over four Nebraska radio stations Saturday and Sunday.

The interview with Nebraska's congressman, A. L. Miller, was heard over stations in Grand Island, North Platte, Norfolk and Kearney.

### Track Team Places In Kearney Meet

Coach Alex Cochrane took nine of his track stars to Kearney Friday to participate in the Kearney Invitational Track and Field meet. Those taking part were Bob Edwards, Frank Ramaekers, Ray Timmerman, Jay Stoddard, Paul Laugen, Wayne Goff, Al Blessing and Lyle Stewart.

Edwards tied for 2nd, in the pole vault with a height of 10 feet, six inches. He also placed fourth in the high jump with a distance of five feet, six inches.

Ord's relay team placed first in its heat with a time of 1:29.2. However, the time was not fast enough to place in the final event.

Jay Stoddard was first in the low hurdles, but his time was also not sufficient to qualify for the finals.

### Church Baseball League To Be Formed in Area

A church baseball league is in the process of being organized in this area, according to an announcement by Rev. Warren O. Studer. Thus far four teams are included, and it is hoped that others may join.

Listed as league members are Horace Baptist, Seventh Day Baptist, Ord (combination) and First Lutheran churches.

Games thereafter will be played on Thursdays, subject to change according to agreement by the teams playing.

The rules agreed upon by the teams participating thus far are: 1. Attendance at some church service, two weeks out of a month.

2. Teams have first choice among their own members. However, teams going outside own membership are limited to using players from own community.

### Safeway Official to Give Talk at Final Session of School

G. M. Maxwell, personnel department official of Safeway Stores, Inc., Omaha, will be the main speaker at the final session of the Salesman's Night School of Ord, conducted by the Ord Chamber of Commerce and the Board of Education.

Mr. Maxwell will speak from a broad experience in dealing with sales problems. He is one of the instructors in the Safeway school for employees which is conducted by that organization.

About fifty regular attendants at the night school classes will receive graduation certificates from the state department of vocational education, according to E. R. McKing, moderator of the course.

### Auction To Spark Auxiliary Meeting

Members of the American Legion Auxiliary will have an opportunity to offer their canned fruits and vegetables and homemade jellies and jams for sale at the group's regular monthly meeting Tuesday evening.

Each member is asked to bring a home-preserved article and a respective new member to the meeting. Proceeds of the canned goods sale will go to the child welfare fund.

Bake Sale at the Pecanka Meat Market, Saturday, May 3, by the Catholic Ladies of Elyria.

### 25th Reunion Plans Are More Definite

Plans for the 1922 graduating class of Ord high school to hold a class reunion and dinner in honor of its 25th anniversary have become more definite and the event has been scheduled for Friday, May 30, which is Memorial day. A dinner will be held at the Jones Cafe that evening, at 7:00.

Several members of the class living at a distance have notified Mrs. Opal Burrows of their intention to attend and others are being contacted. Herbert L. Cushing, who was superintendent of schools when the class graduated and who now is president of Kearney State Teachers college, has been invited as honor guest and speaker.

Friends and relatives of 1922 graduates are asked to call them to their attention, if they are not Quiz subscribers, and the graduates are asked to write to Mrs. Opal Burrows, Ord, Nebr., saying whether they will or will not be present. If they cannot be present they are asked to write informative letters about themselves which can be read at the dinner.

E. C. Leggett, who was class president, will preside at the meeting.

### Jr.-Sr. Banquet to Be Held Tuesday

The annual Junior-Senior banquet, sponsored each year by Ord high school juniors in honor of the senior class will be held Tuesday evening at the high school auditorium, beginning at 6:30. Approximately 176 persons are expected to attend the banquet.

Principal speaker on the program is Mrs. Lucille Tolon. Following the banquet, Harry Collins and his orchestra will furnish music for the dance in the auditorium.

### Class Reunion to Be Held Sunday, May 4

An old-fashioned get-together will be staged by Ord high school alumni who were graduated from the years 1920 to 1935 inclusive. A reunion of those six graduating classes will be held at the Masonic Hall Sunday evening at 8:00. Those who plan to attend are asked to bring a covered dish and sandwiches.

## Evelyn Kokes Wed In Navy Ceremony at Tsingtao, China

Mr. and Mrs. John Kokes of Ord, Nebraska announce the marriage of their daughter, Evelyn Margaret, to Lt. Commander Henry R. Ennis (MC) USN of Rahway, N. J., on April 5, 1947, at the St. Michael's Cathedral in Tsingtao, China. Rev. Mullins, Lt. Cmdr. USN performed the double ring ceremony.

The bride wore a blue suit with dubonnet accessories and a corsage of white calla lilies. Her attendant, Lt. Cmdr. Anne Clark (NC) USN of Perth Amboy, N. J., stationed aboard the U.S.S. Repose, wore a checked suit with grey accessories. The best man was Cmdr. Luis Gens (MC) USN commanding officer of the First Marine Hospital in Tientsin, China. Capt. C. H. Coggins, senior medical officer of the Repose, gave the bride away. Lt. (jg) F. Delaney (MC) USN, Lt. (jg) H. Dettling (MC) USN, Lt. (jg) T. J. Gleggston (MC) USN, and Lt. O. Krome USMC served as ushers.

Following the wedding ceremony a reception was held at the Edgewater Mansions for 150 guests. A dinner for 14 followed the reception.

The bride is a graduate of Ord high school, St. Francis School of Nursing, Grand Island, Nebraska, and for the past three years has served in the Navy Nurse Corps. She is now attached to U.S.S. Repose stationed in Tsingtao, China, and will continue until her resignation from the Navy has been accepted.

The groom is a graduate of the New York Medical College, joined the Navy in 1941 and for the past twenty months has been attached to the Fleet Marine Force in China. He is now Battalion Surgeon for the Fourth Marine Division in Tsingtao, China, and expects to return to the United States in the near future.

## WHO HAS THE VALUES?

After several years of rising prices, it is evident that most people have become value-conscious, and insist on getting their money's worth, no matter what they are buying. We have kept the quality of our merchandise up and prices down on the following items:

- Farm light batteries, 32-volt and 6-volt
  - DeLaval separators, hand and electric
  - Good used separators
  - New and used 32 and 6-volt Winchargers
  - Shallow well pumps
  - Radios, 110-volt, 32-volt and battery sets
  - New lighting fixtures
  - DeLaval and National milkers
  - Electric motors, new and used
  - Belts and belting
  - 32-volt irons
- We have received a small shipment of scarce 32-volt, 50-watt bulbs. Get yours while they last.

We are making fast delivery on our seed corn. Some substitutes have been made, so get yours at once and avoid disappointment. Get a few bottles of "Old Nick" Seed Treatment when you get your seed corn and protect it from wire worms, mice, squirrels, pheasants, crows or any pest that attacks seed in the ground.

## Kosmicki - Wadas

At a double ring ceremony performed by Rev. Juzanski at St. Francis Catholic Church in Ashton Monday, April 21, Miss Anna Kosmicki, daughter of Mr. and Mrs. Jacob Kosmicki of Ashton, became the bride of Sylvester Wadas, son of Mr. and Mrs. Joseph Wadas of Ord.

The bride's gown of white satin and the full skirt fell into a long train inserted and edged with 2-inch lace. Her fingertip length veil, also edged in lace, was topped by a beaded coronet. Pink and white carnations mixed with fern made up the bridal bouquet.

Miss Irene Gawrych, niece of the bride, served as maid of honor. Her gown was of Nile green marquisette. The bridesmaids, Miss Adeline Wadas, sister of the bridegroom, and Miss Aggie Goc, niece of the bride, were dressed in identical gowns of pink and yellow marquisette. The bride's attendants all carried pink and white carnations mixed with fern, and matching ribbons in their hair.

The bridegroom's attendants were his brother, Bill Wadas, and Louis Kosmicki, brother of the bride.

Following the ceremony, a reception was held at the home of the bride's parents. Later in the evening, Mr. and Mrs. Wadas were honored at a wedding dance held at Wichman's Pavilion in Loup City.

The young couple will live on a farm northeast of Ord.

Ernest Holloway drove to Ord from Burwell Sunday to get Mr. and Mrs. D. A. Moser. The Mosers returned to Burwell with their son-in-law and were guests at a birthday dinner at his home honoring Mrs. Moser's 92nd birthday. Also attending were Mr. and Mrs. Everett Holloway and family, and Mr. and Mrs. Seward Holloway and family.

The first Chamber of Commerce coupon book, good for over sixty dollars in merchandise, is presented to Mrs. Ralph Craig by Mrs. Lucille Jenison. The Craigs moved to Ord from Gothenburg. Mrs. Craig is employed in the county superintendent's office, and her husband works for the Ord Auto Sales.

Members of the Chamber of Commerce Welcome Committee, Mrs. Lucille Jenison and Miss Clara McClatchey, and Chamber of Commerce secretary, John L. Andersen, pose with welcome gifts which Ord merchants are presenting to Ord newcomers.

## Newcomers to Ord Are Given Real Welcome by Chamber of Commerce

Ord's Chamber of Commerce is making it worthwhile for new families to move to Ord. The city group has printed coupon books which are given out to each new family moving to town. The coupons can be redeemed at Ord business places for everything, ranging from a picnic ham to two theatre tickets. Total value of all coupons is over \$60.

Here are the offerings of various Ord merchants: two pounds of weiners or bologna, Pecenia's Market; pair of ornamental salt and pepper shakers, Fafita's Furniture; can of tomato juice, 1 qt. homogenized milk, and one pound frozen peas, Carson's Market; one pound of butter, Ord Cooperative Creamery; one handkerchief, Chases; two qts. milk, 1 pint of cream, Stewart's Dairy; \$5.00 on the purchase of a Gibson electric stove or refrigerator, Adams Repair Shop.

Ten-lb. sack flour and a package of Ranch House pancake mix, Farmers' Store; one pound Edward's Coffee, Safeway; one qt. ice cream, one dozen rolls, Ord City Bakery; two pounds cookies, Lee

any Ord store, John Haskell; \$1.00 in trade, Auble Motors; 1 piece of pie, 1 cup of coffee, Vera's Coffee Shop; \$5.00 in trade, Jack and Jill; \$1.00 worth of watch or optical repairs, Auble Brothers; 60-days subscription, The Ord Quiz; one jar B-V at any Ord Grocery, Herbert Cline; 2 quarts of oil with a change, Sinclair Station.

\$3.00 in trade at any Ord store, First National Bank; Membership fee for one share of stock, Protective Savings and Loan Association; \$1.00 in trade, Brown McDonald; \$1.00 in trade, Thomsons; \$25 in trade, Gamble Stores; \$1.00 on any insurance policy, Jack Brown.

Members of the welcome committee of the Chamber of Commerce who are in charge of distributing the coupon books are Martin Taylor, Chairman, Mrs. Lucille Jenison and Miss Clara McClatchey. They are asking the cooperation of Ord residents, and request that they be notified when a new family moves to town.

The first coupon book was distributed last week to Mr. and Mrs. Ralph Craig, who moved here from Gothenburg. Mr. Craig is employed at the Ord Auto Sales, and Mrs. Craig is employed by County Superintendent Clara McClatchey.

## Your County FAIR

I have just finished reading a bulletin from the office of the Secretary of the Ord Chamber of Commerce, which, quoting a nationally known newspaper columnist, emphasizes the fact that a stranger in a community judges that community by the little superficial things that appear on the surface.

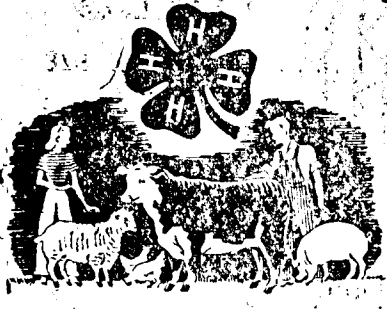

I couldn't help but think how applicable that is to the point, we have been trying to get across with regard to our County Fair.

I know and you know that we live in a great county and that our county has a great agricultural industry. Knowing it ourselves we sometimes forget that others from outside our county don't know it and can only judge us by superficial observation.

Our County Fair is no more than an observation post through which many strangers pass hurriedly and in so doing get a hurried impression of our industry. Whether that impression is to be good or bad depends on us. Let's put our best foot forward.

Plan your exhibits now, and then—

## My Own Column

By H. D. Leggett  
In a letter from my old friend Ben G. Russell, written when he mailed a check to renew his Quiz, he takes me to task for not writing this column. I have neglected it for two main reasons: I am getting lazy in my old age and there has been a scarcity of space and a surplus of material to be used. So, of necessity my stuff was usually left out and a week or two later when it appeared some of it was pretty rotten. There are those who say it was all rotten all the time.

You wouldn't think to look at the picture below, apparently a straight young fellow, is around 70 years old, a little over I believe. But Ben loves trees and plants and seeds and flowers, has worked with them all his life, and perhaps that love of the beautiful in nature has kept him looking young. His home is in Denver where he has been for many years engaged in floral and greenhouse work.

In his letter he mentions going to Fort Hartsuff once with an uncle, B. P. Russell who drove up there to preach a funeral sermon. He also recalls the time in an early day when 1500 Pawnee Indians came into town and were so friendly that some of them went about entering houses to ask for something to eat, without the formality of knocking; he also recalls one occasion when

a bunch of cowboys from the Calamus ranch country came into town and rode their horses right into a saloon and shot the lights out. And he recalls of Sheriff Bob Nichols walking down the middle of the street with a gun on each hip. Ben says when he was 11 years of age he drove a horse and buggy to North Loup alone to get a man by the name of Wilcoxson to come and plaster the Russell house. I dare say the road in those days was not much the slab that we drive on between Ord and North Loup now. Ben's father was Rev. E. A. Russell, a well known early day Baptist minister and missionary.

The members of the legislature are going to make a bad mistake if they pass a sales tax law, knowing as we do, how bitterly the people in general are opposed to it. An honest assessment of all property should be sufficient, and we should go without the things that we couldn't

then, pay for. It would cost a large slice of what a sales tax would raise to administer it, creating another army of those feeding from the public trough.

Even if the law is passed, providing for the graveling of the mail routes of the state, it will be many years before they get around to doing the job. They have to spend a large slice of the money in high priced engineering; then a bigger slice in grading and bridges and culverts. If the gravel could just be hauled and spread on the roads as was done in Michigan when I was just a lad, we could soon have good roads most of the year. I don't like the idea of having to spend three fourths of the money getting ready to put on the road, what we want there, the gravel.

should do and what the large majority of their constituents want them to do, but when, as happened the other day, 250 thousand representatives of union labor descended on Washington in protest, while very few country people went to the trouble of going or even writing, they might allow themselves to be fooled. But if they do, no doubt in 1948 a lot of them will find out where they made their mistake. Union labor is well organized and a few of them make a big noise just like a couple of coyotes after a rabbit, and impress the members of congress while the rank and file of the people at home attending to their own business, make little impression.

Fined At Wahoo  
Ray Holcomb of Arcadia, was fined \$50 and costs and license was revoked for one year, April 21, in the Wahoo, Neb., justice court for driving a cattle truck while intoxicated.

# Truman Specials

On Sale — 9 o'clock

## Friday Morning

Mr. Truman, our President, has asked business men in all lines to reduce prices wherever possible in order to check inflation which everyone realizes is becoming very serious.

Our supply houses have sold us a big truckload of merchandise at deeply cut prices and we in turn are going to forget profits on all of these thousands of items. We invite all business concerns, everywhere, to join us in this effort to check inflation.

Thursday evening guests of Mr. and Mrs. Delbert Bridge were Mr. and Mrs. Hillis Coleman, Mr. and Mrs. Leland Stillman and Mr. and Mrs. Victor Cook. Mr. Bridge's birthday was celebrated.

Dale Cress has resigned as county agent of Buffalo county and has accepted a position as director for pumps and other irrigation equipment for Sears Roebuck and Company. His territory will be that portion of Nebraska from Kearney west to the Wyoming line. The Cress family will continue to live in Kearney.

No club members and their guests spent a pleasant afternoon Tuesday at the home of Mrs. Cora Hemphill when the club entertained at the annual guest day. Roll Call was "A Beauty Spot I Have Seen". Slides of Glacier National Park were shown, also some slides of beautiful gardens. The Odd Fellows lodge loaned their projector, and C. J. Goodrich operated the machine.

An original poem on Spring written by Mrs. Fern Maxson was read by Mrs. Florence Hutcheson. The clarinet quartette from school played two numbers. The hostesses served a lovely lunch.

Mr. and Mrs. A. E. Knepler of Los Angeles, who are visiting Mrs. Knepler's parents, Mr. and Mrs. Charles Mayo in Ord, were Monday supper guests of Mr. and Mrs. Hillis Coleman.

Mr. and Mrs. Arthur Collins, Dean and Russell of Ozark, Mo., and Mrs. E. T. Beushausen, of Loup City came Thursday and

were guests of Mrs. Charles Collins until Saturday. Mr. and Mrs. L. R. Sheldon were also dinner guests Thursday and Mr. and Mrs. Doyle Collins and family of Grand Island were supper guests. Mr. and Mrs. Boyd Mulligan and Mr. and Mrs. L. R. Sheldon were Friday evening guests of Mr. and Mrs. Charles Collins.

## Valley Fliers Get Grudges Off Chest

Air Enthusiasts Have 3 Hour Gripe Session; Agree to Bury Hatchet.

Members of the Valley Fliers club got it off their chest in a three hour gripe session held Monday evening at the City Hall. The meeting was attended by Airport Manager Gene Barnett, and councilmen E. S. Murray, F. L. Blessing and J. W. McGinnis, who were there at the request of the club.

Members of the club had fallen into disagreement with Barnett over the manner in which the Ord airport has been managed. A series of petty arguments, threats, and accusations occupied most of the evening. Those attending, finally talked themselves out, discovered that their differences were not too great after all, and finally agreed to bury the hatchet, become friends, and work together in the interests of flying and the Ord airport.

Gene Barnett, airport manager, told the club that at present 18 students were registered at the field for flight instruction under the G. I. Bill of Rights. The group includes two from Scotia, five from Ericson, eight from Ord and one each from Arcadia and Burwell.

Club members decided to investigate affiliation with the Nebraska Civil Air Patrol and will make efforts to establish a branch of the patrol at Ord.

## Services Held Tuesday For Mrs. Dorothy Nunns

Dorothy Allen Nunns Died In Ord Following a Brief Illness.

Funeral services were held Tuesday afternoon at 2:00 at the Hastings-Pearson chapel for Mrs. Edgar D. Nunns, who died in Ord Saturday, following a brief illness. Rev. William Becker of Friend officiated at the services, assisted by Rev. R. T. Cordry of Ord.

Palbearers were Raymond Cronk, Marvin Wilson, Bert Boquet, Richard Rowbal, Dean Misro and Edwin Peterson. Interment was in the Ord City Cemetery with Mizpah Chapter, Order of the Eastern Star No. 50, conducting services at the grave.

Dorothy Lucile Allen, only daughter of George H. and Viola Allen, was born in Stromsburg, Nebr., on Nov. 15, 1917, and passed away in Ord April 28, 1947 at the age of 30 years.

Dorothy was graduated from Ord high school in 1935 and received a B. A. degree from the University of Nebraska in 1940. She became a member of the Congregational church at Friend on Easter Sunday, March 31, 1929. She was a member of Ada Chapter No. 52, Order of the Eastern Star, Omaha.

On July 13, 1940, she was united in marriage to Edgar D. Nunns, and was residing in Albert Lea, Minn., until shortly before her death.

Surviving in addition to her husband are two sons, William Allen and James Robert; one daughter, Roberta Suzanne; her parents, Mr. and Mrs. George Allen of Ord; three brothers, George Allen, Jr. of Alliance, Lieut. Warren P. Allen of Manila, P. I.; and Galen Allen of Ord.

## Visits Homestead After Sixty Years

Sixty years after he lived on the old homestead between Burwell and Taylor as a small boy, Elmer Gard, of Walla Walla, Wash., revisited it Sunday. The place is now occupied by Lew Bohy. Mr. Gard is here visiting his brother, Dr. George R. Gard, and the two took a 160 mile auto trip Sunday, revisiting scenes familiar to the elder Gard sixty years ago but unseen since.

## Ord Team Defeats Kearney In Golf

The Ord high school golf team composed of Doug Dale, Al Blessing, Don Hill and Charles Davis defeated a Kearney high team in a dual meet Sunday. The Ord boys having a combined score of 298 to 352 for Kearney. Low score was shot by Blessing who had 68 on the par-66 course, for 18 holes. At 2:00 p. m. Friday the Ord boys meet Grand Island on the Ord course, on May 9 they will play in the state tournament at Lincoln.

## Entertain at Two Bridge Parties

Mrs. A. F. Kosniata and Mrs. Joe Jirak were co-hostesses at a dessert bridge party Monday afternoon and another Monday evening at the Kosniata home. Prizes in the afternoon went to Mrs. M. J. Cushing who held high score, and Mrs. L. D. Milliken who held second high. Mrs. Keith Lewis held high score in the evening and Mrs. Paul Armstrong held second high.

## IN MEMORIAM.

In loving memory of our dear son and brother, Cpl. Anton A. Hvezda, who was killed in action near Munich, Germany, two years ago, the 29th of April. The passing years will never dim the lovely memories we have of him. Deep in our hearts his memory is kept, for he is one we shall never forget. Mike Hvezda and family

## Peterson Waits Action By Rural Switching Lines

L. F. Peterson, general manager of the Ord and Burwell lines of the Nebraska Continental Telephone Company, revealed Monday that he is still awaiting action by rural switching line officials regarding the proposed metallicizing of rural phone lines.

Peterson says that it is up to the farmers to get together and inform him of their decision regarding the metallicizing of the lines to cut out interference from the REA power lines. As yet, he added, very few farmers have contacted him.

When the switching line officials get together and decide on a date for the meeting, Peterson will then inform officials of the telephone company who will attend the meeting and explain the entire metallicizing procedure and its approximate cost.

## Fire Truck Fund Grows A Bit More

Only \$500.00 Short of Goal Of \$6000 Now; More Money Is Expected.

The fund for the purchase of a new rural fire truck for this area, increased to the \$6000 goal this week to bring the grand total to \$5497.91, Freeman Haight, secretary of the department reported today. Haight expects the fund to reach its goal shortly as quite a number of donations have been pledged.

## Host Teams Win In Mid-Nebraska

Greeley, Scotia and Spalding Aro Victors in Season's Openers.

Opening day games in the Mid-Nebraska league were successful for each of the three home teams Sunday.

Greeley combined 14 hits with 4 North Loup errors to win a slugfest 14-8 at Greeley. The losers got 12 bingles during the game. Earnest, Williams and Sinterk hurried for No. Loup, while Nordheus and Smith divided Greeley's mound duties.

Scotia pounded Love and Wobach 7-3 at Scotia. Grootingzer, H. Beck and Quick combined to limit the losers to six hits.

Spalding had little trouble with Ericson at Spalding. The Irish won an 11-2 victory on eight hits and 12 Ericson bobbles. Kelly held Ericson to seven hits. Donna and Lockhart hurried for the losers.

## CHURCH NOTES

The Methodist Church, Ord, Nebraska. Carl F. McConnell, Minister.

For three Sundays, the morning worship service at the Methodist church has been held downstairs in the dining room. The reason? The sanctuary has been in the process of renovating and painting. Most of the renovating job will be completed this week. We shall worship in the sanctuary next Sunday morning at the 11:00 o'clock hour.

"Come let us go up to the house of the Lord, to worship and sing praises to Him." Such a beautiful place in which to worship, should fill us with spiritual inspiration.

Church school, 10:00 a. m., Evet Smith, supt.

Worship service, 11:00 a. m. Sermon topic: "Team-work." Methodist Youth Rally, including all the young folk of the Ord sub-district, of the Hastings Dist. Registration starts at 2:30 p. m. Program to follow. Lunch, special feature for the evening.

Christian Church, J. W. Paine, Minister

Maggie King, School Supt. 10:00 a. m., Bible school. Will you come and study with us? 11:00 a. m., church service. Sermon subject: "Some Old Paths."

Thus saith the Lord, stand ye in the way, and see, and ask ye the old paths, which is the good way, and walk therein, and ye shall find rest for your souls. But they said, We will not walk therein.—Jer. 6:16.

## Ord Piano Pupils Present Recital

## CARD OF THANKS

We take this means of thanking all those who assisted us in any way during the death of our wife, mother & sister, Flora A. Whitford. We are especially grateful for the many beautiful floral offerings. All of the Family

## Card of Thanks

We take this means of expressing our thanks to our friends and neighbors for their kind words and deeds during our recent bereavement. Also Rev. Cordry, the pallbearers and for the beautiful flowers. Mrs. W. L. Ramsey and family.

## Card of Thanks

I wish to express my thanks to my friends for the many cards and letters, and for the visits during my illness. Your thoughtfulness will always be remembered. James Wachtrie.

## CARD OF THANKS

I wish to take this means of expressing my thanks to all my friends who remembered me, during my stay in the hospital. Your thoughtfulness will always be remembered. A. O. Aufrecht.

## Pop Corn Contracts

Our popcorn contracts for 1947 are looking mighty attractive when you consider the price of field corn. Most authorities are predicting much lower prices for this summer and next fall for all grains. If you plan on growing cash crop of corn, come in and look over our popcorn contracts with The American Pop Corn Co. These people are very reliable and took all of their contracts last year and all through the year we had buying orders for them. Do not hesitate to place a contract with them. We still have about 300 acres to contract.

## Seed Potatoes and Plants

We have seed potatoes on hand as this is written. Also fresh Bermuda onion plants direct from the grower in Texas. Also have cabbage, tomato and pepper plants as well as pansy and blooming flower plants. We will carry a good stock of these plants all the planting season.

## Sweet Clover and Alfalfa Seed

We still have very large stocks of alfalfa and sweet clover seed and we feel that this is an ideal spring for planting legume crops. We need these legumes in our crop rotation to keep up soil fertility and large crop production. We have as hardy alfalfa seed that is local grown as you will find in any section of the alfalfa producing section of our land.

## Trees

This week will about wind up the trees for this year. The last of this week we will have cherry and Chinese elm seedlings. Come in and get the trees now and get them started.

## Weedicide

There are many good weed killers on the market but we have been handling Weedicide and believe that it is one of the very best. We have this weed killer in sizes that are suitable for the small yards or fields, where you do not have enough to call in the district to do your work for you. If everyone would use this on dandelions we would see much better lawns in a very short time.

## Baby Chicks

Low new prices on Hill Baby Chicks and we are able to get them on very short notice. If you are in a hurry, we will phone your order in if you want 300 or more. The reduction amounts to \$3.00 per hundred to \$7 on some of the sexed chicks. We also have a few brooder stoves and we have two new brooder houses for sale. Let us quote you.

## Grain

Grain Markets have been on the down grade all this week and we have seen prices drop from 5 to 8¢ per day. If you have grain to sell we believe that it would be well to sell part of it now. We might see higher prices this summer but there is every sign that they might be lower. If you want to buy or sell grain see us and let us bid on your grain or quote you on grain delivered to your farm. Let us quote you on truckloads of feed delivered. Hog, cattle or poultry feeds, we have them at prices that are right.

## Scoutmaster Needed by Ord Troop May 1

Needed immediately in Ord is a scoutmaster to take charge of the Ord troop, preferably by May 1st. John Hannah, who has held the position for almost two years, some time ago expressed a desire to be replaced by that date. Edw. Bill Beck, chairman of the Scout troop committee. So far a successor to Mr. Hannah has not been found. A man to serve as assistant scoutmaster also is needed because the troop has grown too large for one man to handle for best results. Ord men interested in Scout work are asked to talk to Steen about it immediately.

## Notice to Reckless Drivers

Because of numerous complaints coming both to councilmen and myself regarding reckless driving in Ord, it has been decided to quit giving warnings and begin making arrests in such cases.

There are a number of drivers in Ord, principally school boys and other younger people, who drive recklessly often and most of these have been warned by police in the past. Now such warnings will be no longer given and you will be arrested if you drive in a reckless manner.

This applies both to daytime and night time driving and all speeding and reckless driving within the city limits hereafter will cause arrest and trial in police court if it is detected by police. Watch your driving and save trouble and expense.

## How Minors are Prevented from Breaking the Law

Minors in Nebraska face a fine of up to \$50 if found guilty of purchasing alcoholic beverages through misrepresentation of age.

To discourage minors from attempting misrepresentation this committee provides retailers with "Sworn Statements" which must be signed in doubtful cases. The \$50 fine for misrepresentation is emphasized.

The tavern keeper risks revocation or suspension of his license... in case of sales to minors through misrepresentation of age.

Two North Loup young men, Laverne Hutchins and Wayne Barber took part in the Spring Concert of Kearney college from the college auditorium Tuesday evening. As piano soloist, Laverne Hutchins played George Gershwin's "Rhapsody in Blue". He also plays in the band of the Symphony Orchestra and president of the A Capella Choir at the college. A senior in the college, LaVerne is a member of Phi Tau Gamma Fraternity, College's Men League.

Wayne Barber who is a freshman in the college, is a member of the Men's League, and the A Capella Choir. In the band he plays with the basses. The son of Mr. and Mrs. G. D. Barber, his parents are now living at 877 Grant St., Vallejo, Cal.

## Nearly One Hundred Served at Mother-Daughter Banquet

**NORTH LOUP**—Nearly one hundred North Loup mothers and daughters attended the mother-daughter banquet sponsored by the Dr. Grace Missionary Society Thursday evening and spent a pleasant evening together. The guests ranged from two year olds to eighty-five year old great grandmothers.

Tables were daintily appointed with pastel shaded candles, umbrellas and sprinkling cans for nut cups. The two course dinner was served by the men of the church. Mrs. Myra Barber was toastmistress for the program. Mrs. Harlon Bremick and daughter, Jeannette, played a piano duet and Dolores Cox a piano solo.

Mrs. Inez Burrows spoke on "What I Like About My Daughter" and Jacqueline Burrows on "What I Like about my Mother". Mrs. Cora Hemphill's subject was "If I were a Girl Again". Mrs. Mary Davis accompanied by Nevada Burrows gave a whistling solo. Birds and the Brook and Lucia Grace Switzer gave "If I were a Grown Up". Feature of the evening was a book review by Mrs. Dorothy Switzer, "Friendly Percussion".

Coach Cook's relay team brought home another trophy from Kearney Friday when they participated in a meet at Kearney college. The time for the relay was 1:35.5, a new record.

Jackie Burrows, daughter of Mr. and Mrs. Ed Burrows has been chosen to represent North Loup at Girls state in Lincoln in June. The Legion Auxiliary are sponsoring the project and Jackie was chosen from the junior class of high school after much careful thought.

A representative must come from the upper bracket of the junior class and be outstanding in leadership and extra curricular activities, all of which qualifications Jackie has.

Mrs. Myra Barber was in Grand Island Monday attending a meeting of the Midwest Chaparral Federation of poets. Mrs. Barber is treasurer of the organization and also had a part on the program.

Cub scouts met Tuesday evening at the home of Brudine Ingerson. Two new cubs, Kenneth Cook and Gayle Brown were ushered into the scouts. Parents of the boys and their scout master, Rev. Warren Studer were present.

## Wm. Stine Dies in Sacramento, Calif.

**NORTH LOUP**—Funeral services for Wm. B. Stine, 84, were held Saturday afternoon at Surprise, Neb., from the Methodist church at Surprise and burial was in the family plot in the Surprise cemetery. Rev. Bros. pastor the church officiated at the service. Mr. Stine passed away Tuesday, April 22, at the home of his daughter, Mrs. Anna McCune in Sacramento, where he had been for the past six years because of ill health. He had been bed fast since November, 1946, when he fell and broke his hip.

Born at Benton, Pa., January 14, 1863, Mr. Stine came to Nebraska when 19 years of age and farmed near Ulysses, Nebraska, with his brother, George, for three years. Returning to Pennsylvania, he was united in marriage with Clara Jane Coleman in 1890. To this union were born two children, Orville, R., of Powell, Wyo., and Mrs. Anna McCune of Sacramento, Calif. His wife passed away in 1908.

His second wife, Mildred McCune, also preceded him in death in 1923. Mr. Stine farmed near Surprise till 1920, when he came to a farm near North Loup where he lived a few years and then he moved to North Loup and opened a cafe and also a truck line.

Surviving are his wife, Mrs. Lou Stine, of North Loup, his son and daughter, a brother, Alfred, of Bertrand, a sister, Mrs. Mary Laubach of Benton, Pa., an adopted son, Paul Stine, of Rosevale, Cal., stepson, Bud Beebe, of North Loup, a step daughter, Mrs. Vera Anderson of Scotia, Neb., seven grandchildren, four great grandchildren, and many other relatives and friends.

## Capture 15 Coyotes in a Half Hour

**NORTH LOUP**—Sunday morning Bates Copeland and Ollie Penton went coyote hunting on the Charles Otto farm in the hills west of town and with only a gun and a shovel got fifteen coyotes, all in one hole. They knew the young ones, thirteen of them, were in the hole, from the noise they heard, and were much surprised to discover there were two old ones, which they shot, in the same hole. Bates thinks if the bounty which the legislature voted, had been appropriated, at the rate of \$30 a scalp, that was as good a half hours work as he had ever done.

## Willa Cather, Beloved Nebr. Novelist Dies

Willa Cather, Pulitzer prize-winning novelist, died of a cerebral hemorrhage late Thursday at the age of 70. Her works included "My Antonia" (1918), "Death Comes for the Archbishop" (1927) and her last "Saphira and the Slave Girl" (1930).

The Pulitzer award was given for "One of Ours" in 1923. Although born in Virginia, Willa Sibert Cather was reared in Nebraska and many of her novels had midwestern settings.

Miss Lela Ingraham, daughter of Mrs. Mable Werner, of Rockham, S. D., became the bride of Richard Ingraham, son of Mr. and Mrs. John Ingraham, at 1:00, March 22, at the home of Mr. and Mrs. Allen Jones, sister and brother-in-law of the groom, Hoquiam, Wash.

Rev. O. R. Rife officiating in the presence of the immediate family of the young couple. The ceremony was performed before the fireplace which was banked with green studded with lovely spring flowers. On either side, there were large baskets of greens and daffodils. Lights from many tall tapers cast a soft glow over the couple as they repeated their vows. The bride was lovely in a soft white crepe dress, simply made. Her only attendant, Mrs. Jones, wore an afternoon dress of soft blue. Mrs. Jones was the bridegroom's attendant. Immediately following the ceremony, a wedding supper was served with Mrs. Jones presiding. Centering the table was a lovely bride cake. The couple left for a short wedding trip, the bride wore an aqua dress with a beige short coat and accessories of black and white. The bride was a graduate of Rockham high school and the groom of North Loup high school. Mr. Ingraham has been employed by the Long Poultry Co. since last December. The young couple will make their home in Hoquiam.

Mr. and Mrs. Walter Cummins spent several days last week at the country home of Mr. and Mrs. Lloyd Johnson.

The Junior-Senior banquet is being prepared and served by mothers of the juniors.

North Loup school will close for the summer vacation on May 16. Baccalaureate services will be held May 11, at the Methodist church with Rev. Warren Studer giving the address. Commencement will be May 15, Thursday at Seventh Day Baptist church with Rev. Samuel Mitchell the speaker.

The annual May Fellowship luncheon will be held May 6 at the Seventh Day Baptist church at 12:30. The luncheon is sponsored by the local church council of women. All women of the community are urged to attend. Bring a covered dish, sandwiches and your own table service. A short program and a business meeting will follow the luncheon.

Rev. and Mrs. Samuel Mitchell attended the meeting of Masons and Eastern Star members in Ord Thursday, April 24.

## Land Buying Opportunities ARE BECOMING FEWER

At one time our Banks had about 100 farmers in Valley county, nearly as many in Custer, and a large number in other nearby fields. Our farms in Custer, Loup, Garfield, Wheeler and Howard have all been sold. Every buyer has gotten good value and good treatment. They have been helped over rough places and other helps. When at all possible we have returned farms and ranches to farmer owners — many now free of all debt. We now have a few good farms in Valley, Sherman and Greeley counties. This is the only place where there are yet bargains. Inspect then invest.

## North Loup Woman Expert On Freezing Of Foods

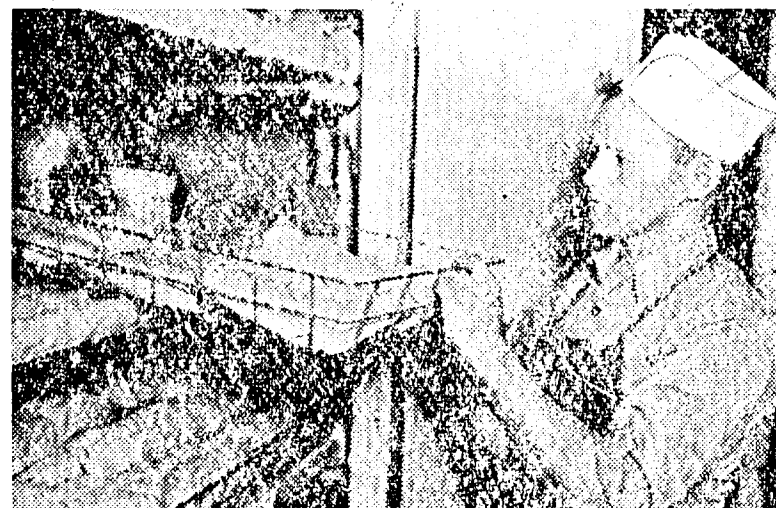

Mrs. Clarence Switzer, of North Loup, demonstrates some of the secrets of freezing foods properly. Upper right: Creamed chicken, an extra portion of the family dinner, is thoroughly cooled and put into frozen food container. It can be used when meals have to be rushed.

Lower right: Even French fries can be prepared and then put into the locker. French fries are cooked to a light brown and when taken out of the locker, heated to a crisp golden brown.

Upper left: Ice box cookie dough is placed into a cellophane bag and then sealed with a hot iron. Dough can be taken directly from the locker and sliced off, ready for baking, whenever the family feels in a mood for cookies.

Lower left: A fruit pie, raised rolls and cheese biscuits. Mrs. Switzer fills baking dishes with cake batter. These will be put into the locker and when taken out, popped directly into the oven. A fruit pie, raised rolls and cheese biscuits are ready to wrap.

Center: Mrs. Switzer wraps a pie which will add to the family's frozen food store in the locker at the North Loup Cheese factory.

Merlin Von Horn, GI trainee at the Cheese factory, places foods prepared and wrapped by Mrs. Switzer into the frozen food locker.

The Loup Valley region's expert on the comparatively new process of preserving foods by freezing is Mrs. Clarence Switzer of North Loup. Mrs. Switzer's renown as an authority on frozen food methods has been confined neither to this territory nor to the state. At present she is writing a column in a national trade magazine, "Quick Breeze."

Mrs. Switzer claims that anything and everything used in the kitchen can be frozen, and to prove her statement, she has frozen foods ranging all the way from cake batter and baking powder biscuits to creamed chicken and French fried potatoes.

The freezing process, declares the North Loup housewife, lightens the homemaker's work considerably, and enables her to spend more time with her guests when they drop in unexpectedly for dinner. When preparing foods for her own family, Mrs. Switzer usually doubles the recipe, and puts the additional food into the family frozen food locker.

Then when company calls, it is easy to extend an invitation to stay for dinner. Rolls, fruit pies, vegetables, ready-cooked meat dishes, and French fried potatoes direct from the locker are simply popped into the oven and while rolls and pies are baking and the other foods thawing, the hostess has time for a leisurely visit with her guests. A frozen fresh fruit salad makes a delightful entree.

When freezing foods, says Mrs. Switzer, any normal recipe can be used. Cooked foods should be completely cooled before being put into frozen food containers. Rolls and breads should be raised before being put into the locker. Ice box cookie dough can be packed into a cellophane carton into the locker and then simply sliced off when the family gets hungry for cookies.

Many foods, states Mrs. Switzer, actually improve with the freezing process. Frozen pie crusts are always much more flaky than the unfrozen crusts. There is no thawing-out process necessary with pastries and rolls. Mrs. Switzer prepares her food in plates or containers that can be put right into the oven out of the locker.

According to Mrs. Switzer, many people do not know that canned foods can be frozen and kept as easily as uncooked foods. It is a simple matter to make a larger amount of food when preparing the family meals and to put the unused portion into the locker. Especially adaptable to this procedure are creamed meat dishes, meat pies, and even fried chicken.

There is just one rule to follow when placing foods in the locker, says Mrs. Switzer. Label all packages and containers with the name of the food they contain, and the date. Foods should be used before they get too old.

## Clinical Use of Blood Tests May Determine Cancer

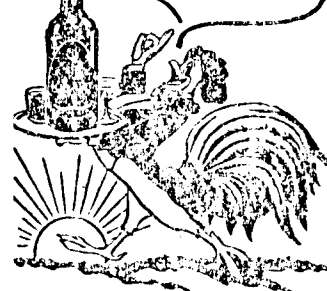

Beginning next year, Sweden will make clinical use of blood tests to detect cancer in its early stages, according to a Swedish physician who is now visiting in the United States.

Dr. Sture Osterlind, sent to this country by the Swedish State Institute of Public Health, says that blood tests are useful in determining cancer, even in "suspicious, border-line cases."

Dr. Osterlind said that a positive reaction may not always mean cancer, though it may uncover inflammation with cancerous possibilities.

If you call it "baby-sitting" the younger generation will know you must be quite aged. Howard W. Hopkirk, deputy director of the child welfare league of America, Cambridge, Mass., told a group of social workers that "teen-agers who care for baby while parents go to the movies have another word for it. They call it "bratting."

## Valley Women's Clubs Convene At Arcadia

State Institutions Are Badly  
In Need of Funds, Says  
Doctor.

The Loup Valley Inter-County convention of Women's clubs was held at the Methodist church in Arcadia Thursday, with organizations from Burwell, North Loup, Loup City, Rockville and Arcadia participating. Theme of the convention was "Co-operation."

The principal address of the day was presented by Dr. Howard Oliver, director of recreational therapy at the Hastings State hospital. Dr. Oliver stressed the urgent need for more funds for state institutions, funds which would make possible the employment of badly-needed additional doctors and nurses to give specialized care to patients. Dr. Oliver stated that building repairs and extra equipment are also an urgent necessity.

Also on the program were talks by members of the North Loup and Rockville clubs, and a stunt by a younger North Loup organization. Members of the Loup City Unity club presented a puppet show. A book review, "Out On a Limb," was given by Mrs. George Tunnicliffe, of Burwell.

Others taking part in the program were Mrs. P. G. Paige of Loup City, president of the Federation, Mrs. E. Hallock, of Burwell, Mrs. Don McDonald of Rockville, Mrs. Kermit Erickson of Arcadia, Myra T. Barber of North Loup, Merle Oulthouse of Loup City and Mrs. L. Babcock of North Loup.

Ben Wall, an Arcadia high school student, presented an original oration.

The next meeting of the Federation will be held this fall in Loup City.

## Engagement of Miss Walford Announced

## FHA Warns Home Buyers to Look Before Purchasing

**Five Points to Be Considered Before Buying a Home.**

Families in search of a home of their own have been advised by Holger Holm, state director at the Omaha office of the Federal Housing Administration, to investigate before they buy, no matter how urgent their need. Mr. Holm, who is in charge of the Omaha office, let the FHA do the investigating by applying for an FHA insured mortgage to finance the transaction.

"Buying or building a home is perhaps the largest investment a family ever undertakes," Mr. Holm said. "The family's future happiness and success depends largely upon the suitability of the investment."

He stated that the FHA weighs all factors in a case before making a commitment to insure the mortgage. There are five major aspects which are carefully considered:

1. The structure and lot on which the mortgage is placed. The house should be well designed, soundly constructed and located on an adequate lot.
2. The neighborhood in which the property is located. It should be free from nuisances, provided with adequate utilities and facilities, and accessible to church, school, shopping center and place of employment.
3. The relation of the property to the neighborhood. It should fit into the neighborhood in general design, price range, and other aspects.
4. The borrower and his relationship to the transaction. The property should be suitable for the family's need, and the monthly payment should not be too large for the family's budget.
5. The mortgage "pattern" or the terms of the proposed transaction. All major factors in the case should be in reasonable relationship to one another.

## Mira Creek Bridge Goes Down Under Bredthauer Truck

The Valley county bridge east of North Loup across Mira Creek gave way beneath a heavily loaded truck belonging to A. Bredthauer Saturday. The girders of the bridge bent beneath the rear wheels and the back end of the truck crashed through the plankings coming to rest with the bed of the truck on the solid part of the bridge and the front wheels up in the air.

The driver of the truck was unhurt and the truck itself suffered little damage. Valley County Road Commissioner Tracy Hamilton inspected the bridge after the accident.

While Mr. Hamilton did not definitely say so, the bridge will probably have to be replaced by a new structure. Traffic along the county line can be rerouted to the south to connect with the state highway between North Loup and Scotia.

The bridge is located about 100 yards west of the Greeley county line and was built when road traffic in that area was extremely light.

Bureau's Plans For Irrigation Are Outlined

Reclamation Bureau Wants Diversion from Loup on Basis 1930-40 Usage. Legislators and other interested persons were given an outline of the bureau of reclamation plan for irrigation and power in central Nebraska. The outline was presented by Paul Harley of the bureau's Grand Island office, at a dinner sponsored by the Kearney Chamber of Commerce Wednesday night. Harley said the bureau plan involves irrigation, hydro-electric power, wildlife protection and retention of silt, but dealt mainly with irrigation in his talk. Diversion of water from Loup valleys is a part of the program for use of the state's water resources to the best advantage, Harley said, adding: "The Loup valleys have more water available than can be used on irrigation lands." Therefore, he continued, it is desirable to divert some of it to the Platte valley "where it can be used." Steps taken by the bureau in drawing up the plan included, Harley said, these factors: Studies were made of the Loup valleys for land which could be irrigated practically. Water requirements were calculated using 1930-40 as a base period. Excess water was determined and considered available for diversion into the Platte valley. Reservoirs were designed for holding non-seasonable water. Introducing Harley, Kearney Chamber President Barlow Nye declared the meeting did not relate directly to any legislation now pending before the senate. "We want to educate the legislators on the factual information of water resources in the state, Nye said.

Cost Of Living Hitting New High

Two Per Cent Rise Recorded From Mid-February to Middle of March. The cost of living rose two per cent between mid-February and the middle of March to a record high of 156 per cent of the 1935-1936 average, according to a report by the bureau of labor statistics. The bureau said that prices increased for all major groups of items used by moderate income families in large cities. Food prices advanced 3.9 per cent during the month after having declined 2.9 per cent between mid-November and mid-February. Other living essentials rose less than one per cent. The retail prices of necessities in mid-March stood at 20 per cent higher than a year ago and more than 58 per cent above August of 1938. A special bureau food survey in 12 cities indicates that food prices have dropped one-half of one per cent between March 15th and April 15th. The drop was counter to the usual trend from mid-March to mid-April.

Hansen Found Not Guilty on Faulty Brake Charge

Jack Hansen, arrested February 18 by Valley County Sheriff Bob Hall, was found not guilty of a charge of operating a motor vehicle without proper brakes by County Judge John Andersen Thursday morning. The case grew out of the injury of Franklin Ackles when he was struck by Hansen's car late in January. Ralph Norman represented the state of Nebraska and Ben Rose of Burwell was the defendant's counsel. Testifying on behalf of the defendant were his parents, Mr. and Mrs. Carl Hansen, a mechanic, M. L. Wright, Morris Keefe, Roland Rhoades, and the defendant's wife, Evelyn Hansen.

Community Chorus Plans Their Summer Rehearsal Schedule

Ord's new Community Chorus, which will make its first appearance at the May Day Festival on Thursday afternoon, has an active summer program ahead of it. The chorus held its last rehearsal, prior to the May Festival, Tuesday evening. There will be no rehearsal on Friday evening. The next get-together of the group will be on Friday, May 9, when the organization will begin work on music for Memorial Day services. At that time, those persons of high school age, or over, who were asked to join the chorus during its formation, and were unable to attend, will again be eligible for admission. Top activity scheduled for the chorus this summer is the Summer Concert. Theme of the concert will be a flower show, with each selection based on the theme of a certain flower.

Dr. H. E. McClure Conducts Research On Encephalitis

Dr. H. E. McClure, formerly stationed in Ord under the Pittman-Robertson game control act is one of five University of California scientists to report further evidence linking the transmission of "elephant's tusk" or encephalitis, to wild birds. The first indication that the virus of the disease is carried in the mites, or ticks, of wild birds, is disclosed in the report. The scientists found mites in the nests of several northern California wild birds, but did not attempt to transmit the disease in their laboratory experiments. Encephalitis symptoms are similar to those of poliomyelitis or infantile paralysis. It affects the nervous system. Fatalities from the disease have been reported mostly in California's central valleys. Mrs. Nass Hostess to Needle & Thimble Club. May 20 Deadline For Certified Seed Blanks

Application Blanks Available At County Agent's Office.

A reminder to Valley County farmers who have small grain fields on which they wish to produce certified seed was issued by County Agent C. C. Dale this week. Mr. Dale says that May 20 is the deadline for filing applications for certified seed. Application blanks are available at his office. Small grain varieties which are eligible for certification include Pawnee wheat, Ezond and Velvon II, barley and Cedar and Osage oats. Any Valley County farmers who are growing any of these varieties from seed which was certified in 1946, should consider the advantages of producing a crop of certified seed this year, declared the County Agent. There is a good demand for all these varieties. In case a farmer applies for certification and later finds that his crop is a failure or not good enough to warrant certification, his application will be cancelled and all fees refunded provided he notifies the Nebraska Crop Improvement Association before the inspector has left the Lincoln office to inspect his fields.

This week we will continue the record of the county commissioners for the year 1875. At the house of Bailey, April 19, the commissioners met and allowed the county clerk's "salary" for the year 1875 in the amount of \$175. Maybe Leonard Woods is getting too much. Anyway, it

sure is a lot more than the clerk got 72 years ago. But, then, too, there may be more work to do. The following item is given as it was written into the record:

"Now come J. H. Collins into court and presents a sworn statement from A. E. Tourzalin, land commissioner of the Burlington and Missouri Riv. R. R., said statement setting forth that in previous years grievous taxation had been imposed by Valley county on the said company's lands within the said boundaries of said Valley county, and praying that the said county adopt as a basis of valuation for purposes of taxation for the year 1875 a certain exhibit attached to said statement claimed by the affiant to be two thirds the value of said company's lands, which statement was filed for future consideration.

ment of a voting precinct, one for the appointment of precinct officers, and one for the appointment of a road commissioner. Not knowing what to do, the board deferred action until Judge Hoxey, district attorney, could be consulted.

April 21, the board agreed that since the Burlington and Missouri Riv. R. R. Co. had failed to comply with the terms of settlement (of taxes) offered them by the county, they would leave the offer open until May 6, 1875, and if the railroad had failed to comply by that time, the terms would cause to be built thereon a court house equivalent in value to the lots thus donated." The townsie company filed a bond for the performance of said proposal and the county board accepted the proposition. Nov. 17, John L. Means appeared before the board and offered to build a court house, 16 by 24 feet in size, with 9 foot walls, on the Ord townsite, for the sum of \$800 in warrants. This offer was accepted by the board. Means filed his bond, which was approved and the contract executed. Warrants totaling \$310 were issued Means on the court house contract.

Nov. 29, final settlement was made on the Ord bridge with Mr. Means. The total length of the bridge was 831 feet and the total

cost to build was \$9,719.30. The total amount paid to date was \$6,078.53. A certificate of indebtedness was issued for the balance due to be paid from the proceeds of the bridge bonds as soon as they were converted into cash. The contract had called for a bridge to cost \$9 per ft., which would have amounted to \$7,479. Why the bridge cost more than \$2,000 more is not explained. Dec. 6, C. H. Rood was ordered to deliver his government needle gun to C. H. Potter. This ended the eventful year of 1875.

lizer then, is for a nitrate fertilizer. Recommendations of the State Agricultural College agronomists are that nitrogen fertilizer be applied to corn at the last cultivation at the rate of forty pounds of nitrogen per acre. This requires an application of 120 pounds of ammonium nitrate, the principal fertilizer which is available locally.

For wet lands which tend to be alkaline, a fertilizer may be used as a starter, says Robert A. Olson, Extension Agronomist. Mr. Olson recommends the application of 100 pounds of 10-20-0 fertilizer. The figures indicate the percentage of elements in the fertilizer. Thus, in 100 pounds of nitrogen and 20 pounds of phosphorus, and no potash. The agronomist states that on low wet lands the phosphorus may have considerable value. Although such soils in general are not lacking in phosphorus, this element may be tied up with other minerals of an alkaline nature, so that it is not available for plant use.

Farmers who wish to experiment with this type of land are advised to treat strips of it with the 10-20-0 and leave other strips untreated, so they can observe the effects. The phosphorus may speed up the maturing, so they can observe the effects. The phosphor-

ous may speed up the maturing of the crop by as much as two weeks on such land. There is some of this 10-20-0 fertilizer available locally.

Although, in general, commercial fertilizers are not recommended except for irrigated crops, there are some farmers in Valley County who are experimenting with their use on dryland crops this year.

In addition to the arrests, 1,150 motorists were given equipment violation cards for operating their vehicles with faulty equipment. Improper lights headed the list with 630 violations.

In the field of service the Patrol assisted 877 motorists in distress, removed 328 dangerous obstructions from the highways and presented 93 safety programs.

These railroad lands were first taxed at 2.50 per acre, regardless of the location or actual value of the land. This valuation was later reduced to \$2 per acre. Finally, April 22, 1874, an abstract showing the cash value of said lands was presented by one A. J. Leach, and the two dollar valuation was recorded, and the price shown on the abstract was adopted. This price is not given, but varied according to the value of the land, and must have been much less than \$2 per acre. This land was later bought up by John W. Bookwalter, after the railroad had sold quite a number of quarters to settlers who preferred to buy land rather than homestead it.

At the above meeting two bills of interest were allowed, one to John Case for supplementary work on the Ord bridge, in the amount of \$63, and one to Rufus Collins for \$16.15, for timbers furnished for the Ord bridge. April 20, the board received petitions from Taylor county (unorganized), one for the establish-

ment of a voting precinct, one for the appointment of precinct officers, and one for the appointment of a road commissioner. Not knowing what to do, the board deferred action until Judge Hoxey, district attorney, could be consulted.

ment of a voting precinct, one for the appointment of precinct officers, and one for the appointment of a road commissioner. Not knowing what to do, the board deferred action until Judge Hoxey, district attorney, could be consulted.

April 21, the board agreed that since the Burlington and Missouri Riv. R. R. Co. had failed to comply with the terms of settlement (of taxes) offered them by the county, they would leave the offer open until May 6, 1875, and if the railroad had failed to comply by that time, the terms would cause to be built thereon a court house equivalent in value to the lots thus donated." The townsie company filed a bond for the performance of said proposal and the county board accepted the proposition. Nov. 17, John L. Means appeared before the board and offered to build a court house, 16 by 24 feet in size, with 9 foot walls, on the Ord townsite, for the sum of \$800 in warrants. This offer was accepted by the board. Means filed his bond, which was approved and the contract executed. Warrants totaling \$310 were issued Means on the court house contract.

Nov. 29, final settlement was made on the Ord bridge with Mr. Means. The total length of the bridge was 831 feet and the total

cost to build was \$9,719.30. The total amount paid to date was \$6,078.53. A certificate of indebtedness was issued for the balance due to be paid from the proceeds of the bridge bonds as soon as they were converted into cash. The contract had called for a bridge to cost \$9 per ft., which would have amounted to \$7,479. Why the bridge cost more than \$2,000 more is not explained. Dec. 6, C. H. Rood was ordered to deliver his government needle gun to C. H. Potter. This ended the eventful year of 1875.

lizer then, is for a nitrate fertilizer. Recommendations of the State Agricultural College agronomists are that nitrogen fertilizer be applied to corn at the last cultivation at the rate of forty pounds of nitrogen per acre. This requires an application of 120 pounds of ammonium nitrate, the principal fertilizer which is available locally.

For wet lands which tend to be alkaline, a fertilizer may be used as a starter, says Robert A. Olson, Extension Agronomist. Mr. Olson recommends the application of 100 pounds of 10-20-0 fertilizer. The figures indicate the percentage of elements in the fertilizer. Thus, in 100 pounds of nitrogen and 20 pounds of phosphorus, and no potash. The agronomist states that on low wet lands the phosphorus may have considerable value. Although such soils in general are not lacking in phosphorus, this element may be tied up with other minerals of an alkaline nature, so that it is not available for plant use.

Farmers who wish to experiment with this type of land are advised to treat strips of it with the 10-20-0 and leave other strips untreated, so they can observe the effects. The phosphorus may speed up the maturing, so they can observe the effects. The phosphor-

ous may speed up the maturing of the crop by as much as two weeks on such land. There is some of this 10-20-0 fertilizer available locally.

Although, in general, commercial fertilizers are not recommended except for irrigated crops, there are some farmers in Valley County who are experimenting with their use on dryland crops this year.

In addition to the arrests, 1,150 motorists were given equipment violation cards for operating their vehicles with faulty equipment. Improper lights headed the list with 630 violations.

In the field of service the Patrol assisted 877 motorists in distress, removed 328 dangerous obstructions from the highways and presented 93 safety programs.

Honored at University

Three young people with Ord connections were honored at University of Nebraska last week. Richard Lahr, son-in-law of Mr. and Mrs. C. C. Dale, was honored by being tapped a member of Innocents, senior honorary men's society. So was Gould Flagg, jr., better known here as Bailey Flagg. And Priscilla Flagg, sister of Bailey, was chosen a member of Mottar Board, senior women's honorary society. The Flaggs are former Ord residents.

Added to High School Trophy Case

Ord high school hit the trophy jackpot in the mail last week. Trophies, which had been won for the past three years and whose manufacture was impossible due to the shortage of critical materials, arrived in one group. Here high school superintendent C. C. Thompson poses with the eleven trophies which were delivered.

County's Cancer Drive Goes Over Set Quota of \$250

Valley County's drive for funds for the fight against cancer has topped the \$250 quota set by the state unit of the American Cancer Society. Miss Ella Weckbach, chairman of the drive here announced Monday.

A sum of \$250 dollars has been raised in the county, said Mrs. Weckbach, and that sum may be enlarged when North Loup reports its collections. Sixty dollars of the present total amount was donated by Arcadians. Fund drive chairman in Arcadia was Mrs. W. J. Ramsey.

The remainder was collected by Ord's Campfire Girls in their Cancer Tag Day collections, and Ord business men.

The national goal in the drive was \$12,000,000, with a \$70,000 state goal set.

According to Mrs. Weckbach, the Cancer Society has definitely declined to hold periodic diagnostic clinics in North Platte. Patients will have to be entered in the clinic by their physicians. However, there will be no charge for services.

Editorial Group to Visit Hartsuff

Editors attending the Loup Valley Press association meeting being held here Saturday will make an inspection of old Ft. Hartsuff during their Chamber of Commerce-sponsored tour of the valley, it is planned. Great interest attaches to the fort, which may soon become a federal park.

Clark Weckbach, president of the Chamber, will welcome editors to Ord in a luncheon talk and Editor Miner Harris, of Palmer, president of the district association, will respond.

Luncheon in the Legion club at noon, a tour of the valley and a business meeting will comprise the program planned.

Band Clinic to Be Held in Ord This Summer

Instructions Free For Town and Country Music Students.

The first annual summer band school will be held in Ord this year, it was announced Tuesday by William Nelson, instructor of music at Ord high school. All students in the county, whether in town or rural schools, who are in the fifth grade or over and desire to begin instructions on musical instrument are eligible to attend the clinic, said Mr. Nelson.

Purpose of the clinic, which will begin June 2, and last through July 25, is to start a reserve of young instrumentalists who will be available for membership in the high school musical organizations when they reach high school age.

Classes will be held in the mornings only with each class meeting twice each week. Students must furnish their own instruments, but the instructions are free. Those desiring to participate in the clinic are asked to contact either Miss Irma King at the grade school or Mr. Nelson at the high school.

All classes will participate in a final concert at the close of the school.

Mr. Nelson says that there are many Ord residents who have old musical instruments which are not being used and are just collecting dust. Those instruments, he added, could be put to good use by the beginning instrumentalists. He asks that anyone wishing to sell or rent a musical instrument contact him immediately.

Edwin E. Barrett Dies Suddenly Tues. Morning

Prominent Young-Business Man Stricken With a Heart Attack at Elyria.

Edwin E. Barrett, 35, young owner of the Ord Hardware, died suddenly of a heart attack early Tuesday morning at the Leon Cramy home in Elyria, while attending a birthday party there. The Ord innkeeper and Dr. F. A. Barta were called immediately but Dr. Barta reported that death was instantaneous and that efforts at resuscitation were useless. Barrett had been suffering from a heart ailment for several years.

Mrs. Dora Jorgensen Specializes in Pie Baking; 70 Pies A Week

Mrs. Housewife, the next time you grumble about how much time it takes to make a pie when you are in search of a suitable dessert for dinner, consider this: How would you like to make 3,610 pies a year? That's 70 pies a week on the average of 10 pies a day. Well, that's exactly what Mrs. Dora Jorgensen does every day of the year. Mrs. Dora Jorgensen makes pies which are sold to Ord's cafes. Every day of the year she prepares tempting meringue-covered banana cream and custard pies, juicy cherry, berry and apple pies are carried from Mrs. Jorgensen's kitchen to the restaurants.

From Mondays through Fridays, Mrs. Jorgensen bakes eight pies a day. On Saturdays she gets an early start at seven o'clock and bakes pies throughout the morning on until two o'clock in the afternoon. When she is finished, she usually has about thirty pies ready for transportation to her cafe customers.

Mrs. Jorgensen says that she has been baking pies almost as long as she can remember. As a matter of fact, she doesn't even remember when she baked her first pie. It was just two years ago, however, that she started investigating the commercial side of pie-baking.

Obtaining the sugar for her pie industry is no problem, says Mrs. Jorgensen. She has her customers furnish the sugar before she ever starts to bake a pie.

Midnight Fire at Light Plant Causes \$700.00 Damages

A midnight fire of undetermined origin caused about \$700 damage to a switchboard and fuse box at the Ord light plant Monday, leaving the city without service for a little less than two hours.

City engineer George Allen told the Quiz that so far as he had been unable to determine the cause of the fire. The blaze consumed several rubber curtains which had been hung to protect workmen on the new engine and dynamo installation and spread to an oil switch. The fire was extinguished by workmen at the plant.

Ord Saddle Club Holds Gymkhana Sunday Afternoon

Members of the Ord Saddle Club participated in a Gymkhana at the Valley County Fairgrounds Sunday afternoon. Eighteen members took part in the featured stake race and water race.

Coming from a distance were Mr. and Mrs. Emil Barta, who rode in five miles from Springdale to participate in the event.

Similar meetings are being planned by the Saddle Club every three weeks.

May Day Festival Draws Huge Crowd

Program Held in H.S. Auditorium Due to Inclement Weather.

A crowd, estimated at between 750 and 800 persons jammed the Ord High School auditorium Thursday afternoon to attend the May Day Festival, sponsored by the Ord Chamber of Commerce.

Originally scheduled to take place on the court house lawn, the program had to be held at the high school because of the high winds and dust, which would have made presentation outdoors impossible.

Feature attraction on the hour and a half program was the first appearance of Ord's 75-voice community chorus, under the direction of Mrs. Leslie Nash. The chorus' rendition of folk songs of many nationalities was thought a huge success.

Adding to the festivities was the appearance of Ray Clark, announcer for radio station WOW in Omaha, and director of the Noon Day Forum. Mr. Clark recorded the entire program, in addition to interviews with Carl Weckbach, John Anderson, Ralph Norman, Mrs. Nash, Dr. Glen Auble, George Clement, Mrs. Edwald Kekes, Freeman Haught, and several Ord children. The transcription was played on Mr. Clark's program Saturday noon at 12:45 over WOW.

An colorful May Pole dance and an old-time square dance were presented by Ord's Campfire girls, under the direction of Mrs. Wallace Doe, Miss Irma King and Miss Deloris Donnellson. Also on the program was a trumpet trio composed of Jay Stoddard, Don Hill, and Jim Misko.

30 Day Sentence for Three Time Loser

Robert Kwiatkowski pleaded guilty to a charge of writing an insufficient fund check before Valley County judge John L. Anderson Wednesday and was sentenced to 30 days at hard labor. He also was ordered to pay court costs of \$10.01.

Kwiatkowski had written a \$10 check on the First National Bank in Ord, payable to William H. Bolger of Arcadia. It was his third offense. He was brought into court twice last year on a similar charge.

Two Ord Students Chosen to Attend State Camps

Marlene Cook and Al Blessing To Represent Ord at Lincoln.

Miss Marlene Cook and Al Blessing have been chosen by the Ord American Legion and the Legion Auxiliary to represent Ord at the 10th annual session of the Cornhusker Girls' State and Boys' State, which will be held at Lincoln on the campus of the University of Nebraska college of agriculture from June 7 to June 14.

Both Miss Cook and Blessing are members of the junior class of Ord High School. Both rank in the upper 50 percent of their class scholastically.

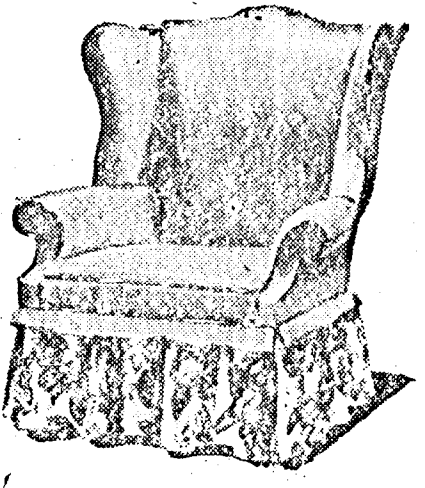

Miss Cook has taken an active part in dramas at the high school and is a member of the O.K.ettes, the Glee Club and the Elementary Club.

Blessing, a top-ranking high school athlete, has lettered in football, basketball and track for the past two years, and received a minor award in track during his freshman year.

Boys' State and Girls' State, sponsored by the American Legion and the Auxiliary, are a plan for training in the functional aspects of citizenship. Their purpose is to teach the youth of today constructive attitudes toward the American form of government.

The two groups organize their own city, county and state governments. They choose their own officials in accordance with regular election procedures. They learn the duties of the various city, county and state offices and introduce and argue their own bills in a legislature.

**Pop Corn is in DEMAND!**

SMALL SEED COST  
EASY TO GROW  
HIGH CONTRACT PRICES  
NO EXTRA WORK

There is Extra Profit in raising pop corn! The price of pop corn is the highest in history and usually proves more profitable than any other crop you can raise. Delivery and settlement is made in the fall when grain and live stock prices are generally low.

This year we are furnishing our growers with our special, high yielding pop corn seed. It is full of vigor, fast growing and is acclimated to this territory. This special seed is thoroughly graded and of high germination, insuring an even stand. The seed cost is low—averaging only about 75c per acre.

Take advantage of this opportunity to raise pop corn... and next fall you will harvest a highly profitable crop. Write us for further particulars.

An inspired gift idea for Mother's Day—give her an "extra" radio for her kitchen or bedroom! The "Troubadour" performs like a big set, but is small and compact... a gift she'll remember always.

The styling of the "Troubadour" is as modern as the atomic age. Its maroon speaker grille forms a striking contrast to the ivory plastic cabinet. The use of ALNICO 5, a newly developed alloy, gives the "Troubadour" greater power and much better tone than you'd expect to find in a set so small. See and hear this new radio... it's an ideal gift for Mother.

**Plans For Restoring Of Fort Hartsuff Recall Memories to Pioneer**

Plans for the restoration of Fort Hartsuff and its eventual end as either a state or a national park are bringing back many memories to the Loup Valley's early pioneers. One of the latest of these to comment on the old fort is Mrs. G. L. Larkin of Battle Creek, Mich.

Says Mrs. Larkin in a letter to the Quiz: "I remember one Fourth of July when we all went to Fort Hartsuff. We had the First Citizen flag and the soldiers coming to meet us fired shots over the flag. My father, R. W. Bancroft and Bill Wigent had their hands full trying to quiet the horses. We were marched to the picnic grounds where we enjoyed dinner.

After dinner everybody sat around and sang old songs. Norm Wigent grabbed a tin milk pail and drummed for us, using his fist as he had no drumsticks. Some one began complaining that Norm would drum a hole in his milk pail. One of the soldiers said 'I'll pay for the pail. Let him play!'

Fifty-seven years ago, my husband and I, with others visited the Fort. On the back porch of one of those houses was a foot scraper inscribed with the letter 'H'. It had been made by my brother-in-law, Will Helson, who had been a blacksmith at the Fort."

**Inquiry Letters Being Mailed to Kin Of War Dead**

Free Information Given About Return and Reburial Program.

Letters of inquiry to poll decisions as to final burial whether in a private or military cemetery overseas or a private or national cemetery in this country, are being mailed from Washington to next of kin of deceased inured in 15 of the 207 temporary military cemeteries over the world. That announcement was made this week by the office of the Quartermaster General.

All next of kin will not receive the letters at the same time. However, all letters will be sent out over a period of 18 to 24 months as the evacuation movement progresses.

Information concerning the return or reburial program is free and available to anyone through the Kansas City Quartermaster Sub-Depot, 601 Hardesty Avenue, Kansas City, 1, Missouri or the Quartermaster General's office in Washington, 25, D. C.

The Kansas City Sub-Depot, of which Col. M. A. Quinn is the officer in charge, will be the center for the distribution of remains to eight states, Missouri, Kansas, Iowa, Nebraska, Colorado, Wyoming, North Dakota and South Dakota.

**Announce Plans for Girls' Nation**

Plans for a Girls' Nation, to be sponsored by the American Legion Auxiliary for the first time this year, have been announced by Mrs. Norton H. Pearl, national president.

The Girls' Nation, which will follow the pattern of the Auxiliary's Girls' States, will be held on the campus of the American University in Washington, D. C. August 9 to 14. Selected girls from each Girls' State will attend for the study of national government.

**Disabled Veterans Will Serve As Patrol Radio Men**

Eleven disabled veterans are being trained as radio operators to assist in the operation of the Nebraska State Safety Patrol radio system, it was announced last week by Capt. C. J. Sanders.

He stated that the training of these disabled vets would release eleven patrolmen from the radio stations to patrol duty on the highways. With the shortage of patrolmen on the highways, he added, this will enable the patrol to meet better the coming tourist season traffic problem.

Before being assigned to active radio duty, these men are receiving a rigid course on radio operation and laws.

L. O. Durfee, service officer of the Veterans Administration stated, "The program instigated by the patrol to train these veterans for state highway patrol radio operators is most beneficial as it affords a feeling of self-support and self-confidence. Physically, this will benefit the veteran more than any medicine that could be administered. We sincerely hope that others in this state will follow."

### Burwell Captures Class "B" Track Crown Saturday

Ord Places Second in Regional Meet; Ainsworth Is Third.

Coach Bill Wolcott's Burwell Longhorns ran away with the Class B regional meet at Burwell Saturday, scoring 96 points. Ord, Burwell's closest competitor, placed second with 42 points. Ainsworth held third place with 32½ points, Bassett fourth with 25½ points. Broken Bow scored 21 points, Loup City 17, and O'Neill 12.

Outstanding star of the meet was Thode of Loup City who cleared the bar at six feet, one-half inch, in the Class B high jump.

Six Ord boys, Edwards, Ramaker, Stewart, Stoddard, Timmerman and Lawson were able to qualify for entrance in the state track meet which will be held at Lincoln May 16 and 17. In order to qualify, a boy must place first, second or third in an event.

Friday, Ord's track team will journey to Broken Bow for a dual meet with that school to close the season.

Results of Saturday's events:

Pole Vault: First, (tie) M. Anderson, Burwell, and Leach, Burwell, third, Edwards, Ord; fourth, Simpson, Burwell; fifth, Hagerly, Loup City; 10 feet, 8 inches.

Shotput: First, Foster, Burwell; second, Goff, Burwell; third, (tie) Stewart, Ord, and Burke, Bassett; fifth, Hoschouser, Ainsworth; 41 feet, 5½ inches.

120-yard high hurdles: First, Foster, Burwell; second, Nelson, Broken Bow; third, Richardson, Ainsworth; fourth, Messenger, Burwell; fifth, M. Anderson, Burwell; time 16.4.

100-yard dash: First, Laverty, Ainsworth; second, Hall, Burwell; third, Heskett, Broken Bow; fourth, Ramakers, Ord; fifth, D. Anderson, Burwell; time 10.4.

880-yard run: First, Geserlech, Bassett; second, Martin, Broken Bow; third, Simpson, Broken Bow; fourth, Cass, Burwell; fifth, Hallock, Burwell; time 2:10.

Broad jump: First, Thode, Loup City; second, D. Anderson, Burwell; third, Timmerman, Ord; fourth, Anthens, Ainsworth; fifth, Hungerford, O'Neill; distance, 20 feet, 5 inches.

Discus throw: First, Foster, Burwell; second, Stewart, Ord; third, Goff, Burwell; fourth, Al-loway, Burwell; fifth, Blessing, Ord; distance, 123 feet, 5½ inches.

High jump: First, Thode, Loup City; second, Foster, Burwell; third, Haas, Ainsworth; fourth, Harrod, Burwell; fifth, Edwards, Ord; height, 6 feet, one-half inch.

200-yard low hurdles: First, Stoddard, Ord; second, Johnson, Broken Bow; third, M. Anderson, Ainsworth; fourth, Van Doozer, Bassett; fifth, Foster, Burwell; time 2:16.

440-yard dash: First, Hunger-

ford, O'Neill; second, Burke, Bassett; third, Crook, Ainsworth; fourth, Goff, Ord; fifth, D. Anderson, Burwell; time 59.6.

220-yard dash: First, Loverty, Ainsworth, and Ramakers, Ord; second, third, Hungerford, O'Neill; fourth, Heskett, Broken Bow; fifth, Hall, Burwell; time 23.8.

1 mile run: First, Skudler, Burwell; second, Mars, Burwell; third, Coleman, Bassett; fourth, Coover, Broken Bow; fifth, Krantz, Broken Bow; time 5:01.5.

880 yard relays: First, Ord; second, Bassett; third, Ainsworth; fourth, Burwell; time 1:40.6.

### Baseball Season to Open Sunday

Burwell Opening League For Ord; Covey Expects Fast, Young Team.

Weather permitting, the newly organized Loup Valley baseball league will open its season Sunday and Burwell will be Ord's foe in a game to be played at the athletic field here. Other opening clashes will see Mason City at Ansley, Broken Bow at Litchfield, and Arcadia at Loup City.

Bruce Covey, manager of Ord's entry, says he will have a young but fast team and if the boys get the pitching strength they need he believes Ord will finish well up in the league race.

First practice game was played Tuesday evening against a Mira Valley church league team and Manager Covey started Campbell on the mound, later giving Johnnie Hannah, Bert Barnes and Bill Anderson a chance to show their wares. The latter, a 17-year-old high school junior, looked especially good, striking out two in the two innings he worked.

Campbell, who saw much service last season, probably will be Covey's choice to start against Burwell, with either Bud Novosad or Donald Dahlin doing the catching. At 1st base Fox will probably start, with Christensen in reserve. At 2nd will be either Barnes or Jensen, with George Fryzek at shortstop and Jack Koll at 3rd. In the outfield Manager Covey has been working Furtak, Rich, Stull, Jensen, Rikli and Geweke. The Ord team will gain strength when college and university players return home in June and there is a possibility also that some of the good Mira Valley players will play with the Ord team.

Little is known about the strength of the Burwell team which will oppose Ord, or how other teams in the league will shape up, but it is believed a good brand of amateur baseball will be played.

The athletic field diamond is in good shape and new dugouts have been installed this spring for the convenience of players. Water is being piped to the grounds.

Local fans will have another gratis chance to see Ord in action before Sunday's league opener, as Covey has scheduled another practice game with Mira Valley for Friday evening. Fans are invited to attend this game and also to be present for the opener Sunday.

### Jack Jefford Featured in 'The Flying North'

Jack Jefford, former Broken Bow resident who taught flying classes in Ord, is one of several pioneer American flyers whose stories are featured in a new book, "The Flying North", written by Jean Potter and now being published by the Macmillan company of New York.

Jefford, who taught Ord's Evelyn Sharp to fly, is now chief patrol pilot for the Civil Aeronautics Administration in Alaska.

The author of the Flying North, Miss Potter, is well acquainted with the veteran pilot, predicts that Jefford will move into bigger fields in his chosen profession soon. "If he does," she says, "he will fly the world as skillfully as he now flies Alaska, as casually as he flips a silver dollar, as gaily as he leads the Eskimo musicians at Unalakleet."

## "Rural Day" Track And Field Events Are Announced

Rural Students To Participate In Athletic Contests.

Events which are to be featured at the rural track meet which is part of the "Rural Day" program to be sponsored by the Ord Chamber of Commerce Thursday, May 22, have been announced by the Chamber of Commerce Secretary, John L. Anderson.

First event on the track schedule, which will begin at 2:00 in the afternoon is the 7th and 8th grade boys running broad jump and the 7th and 8th grade girls' running high jump.

Second on the program is the 7th and 8th grade boys' running high jump, followed by the 60 yd. dash for 5th and 6th grade boys and the 60-yard dash for 5th and 6th grade girls.

Other features on the program are the 60 yard dash for 7th and 8th grade boys, the 60 yard dash for 7th and 8th grade girls, and the 60 yard dash for 3rd and 4th grade mixed boys and girls.

Two 100 yard dash events are listed, one for 5th and 6th grade boys and the other for boys of the 7th and 8th grades.

Of special interest will be the 3-legged, 50-yard dash events for both boys and girls of the fifth and sixth grades. Final event of the afternoon's program is a 220 yard mixed relay for members of the 5th, 6th, 7th and 8th grades.

Eighteen medals and one plaque are to be awarded during the afternoon. Judge for the event is Ord high school coach, Alex J. Cochrane.

### Dog Torturer Uses Strand of Barb Wire

Frank Fafeita, Bert Boquet, Jr., and Earl Barnes teamed up Saturday night to rescue a dog. Attracted by howls of anguish from the dog, Fafeita walked out of his store to investigate and discovered that someone had tied a strand of barbed wire tightly around the dog's tail.

Boquet held the dog, while Barnes and Fafeita worked for several minutes trying to cut the barbed wire loose.

**Gospel Meetings to Be Held At Masonic Hall**

Rev. L. F. Swanson To Lead Two Weeks of Meetings Here.

Rev. Lawrence F. Swanson of Gothenburg, will lead two weeks of unusual gospel meetings at the Masonic basement beginning Sunday. In addition to the usual Bible-centered message, Rev. Swanson will bring with him the additional attractions of sound moving pictures and illustrations of Bible truth by magical object lessons and painted felts with colored light effects.

Rev. Swanson, who was pastor in Chicago for several years, and for the past 18 months has been representing the Baptist General Conference of America as field missionary and evangelist, has just closed a week of meetings at the Penn's Park Baptist church in Omaha.

Services here in Ord will be held at 4:15 p. m. Monday through Friday and 8 p. m. Tuesday through Saturday. The Sunday services will begin at 7:45 in the evening. Visiting pastors and featured musicians are expected at some of the services.

Entertaining afternoon Bible instructions for the boys and girls will be held for one hour each day of next week, Friday evening, May 15, at 8:00, the young students will give a program for their parents and friends sharing their last meeting with all who wish to attend.

**Auxiliary Nets \$16.25 On Sale of Canned Goods**

Members of the American Legion Auxiliary added \$16.21 to their child welfare fund at their meeting Tuesday evening, when they auctioned off home-canned fruits, vegetables, jellies, and preserves, and home-made cookies and cakes.

Auctioneer for the occasion was Corwin Cummins.

During the auxiliary's business meeting, Mrs. Gladys Weckbach, president of the group, asked for volunteer workers for the bingo stand at the Legion Carnival which will be held in Ord May 28 to 31. Mrs. Gladys Allen was appointed chairman of the volunteer workers.

Also discussed were plans for a covered dish one o'clock luncheon on Memorial Day for Capt. and Mrs. Chauncey Crutcher, Capt. Crutcher, USN, commandant of the Naval Ammunition Depot at Hastings, will be the featured speaker at the Memorial Day services to be held here.

**Business Men's Nite School Closes Thurs.**

The final session of night school in sales training was held Thursday night at the Ord high school with George Maxwell, sales training instructor of Safeway Stores, Inc., Omaha, serving as guest speaker.

The course, which lasted five weeks, was held under the joint auspices of the Ord Chamber of Commerce, Ord public schools and the state department of vocational education. About 10 Ord sales people will receive certificates from the state signifying they have taken the instruction.

**High School Juniors And Seniors Banquet At Top Hat Night Club**

Soft lights and sweet music marked the entrance of Ord High School's senior class into the "Top Hat" night club Tuesday evening, where they were greeted by their hosts, members of the junior class.

Ord's annual junior-senior banquet had all the glitter and glamour of a big city entertainment spot, as uniformed ushers led the guests to their tables and attractive girls, attired in short black satin skirts, topped with crisp white aprons, scattered through the crowd selling souvenirs.

Theme of the banquet was a strictly hush-hush affair, and was kept secret until the last moment. The 150 guests who attended the formal event were seated at long tables, where huge paper top hats and cardboard canes served as centerpieces. The overhanging ceiling and walls of the high school auditorium where the event took place were decorated in pastel blue and white, with silhouettes of dancing couples forming a decorative pattern.

Harry Collins and his orchestra, who furnished music both for the banquet and for the prom following were seated on the stage in the center of a huge top hat. At the far west end of the auditorium stood a silver coke bar.

Featured banquet speaker was Mrs. Lucille Tolen, whose subject was "After the Show—What?" Toastmaster for the occasion was Lores Stewart president of junior class. Paul Laursen, president of the senior class, gave the response.

## Funeral Services For Frank Cech Held At Hall

Was Resident of This Area and Comstock Since 1903.

### Eldon Foth Winner Of DeKalb Award

Eldon Foth, Ord high school senior, is the first winner of the DeKalb medal. The medal is to be awarded annually to senior high school boys who excel in vocational agriculture extra-curricular activities. Foth has received five blue ribbons during the past two years in agricultural contests. He also has been prominent in music and dramatics, has served as cheer leader, and is a member of the track team. He is president of the local Future Farmers of America chapter. The name of each annual recipient of the DeKalb medal and certificate will be inscribed on a plaque which will be hung in the vocational agriculture classroom.

Funeral services were held Sunday, April 27, at National Hall for Frank Cech, who died at his home in Custer county Thursday, April 24, at the age of 63 years and 7 months. The Rev. A. J. Hindman officiated. Interment was at the National cemetery. The Mitchell funeral home was in charge of arrangements.

Frank Cech was born in Czechoslovakia on August 22, 1878. At the age of 24, he was married to Miss Antonia Uhar. To this union were born two children, Joe and Anna.

In 1906, the family came to America and settled in the western part of Custer county. After a few years, he farmed the place called "Woods Park", near Comstock.

In 1915, his wife died, and he was married to Kristina Vaclavik. The family moved to a farm fourteen miles northeast of Sargent in 1917, where Mr. Cech remained until his death.

Surviving are his wife, two sons, Joe of Sargent, and Frank of Cret; three daughters, Mrs. Anna Northrup of Venice, Calif., Mrs. Mary Bower of Burwell, and Antonia of Sargent. Seven grandchildren and one great grandchild and three sisters, Antonia Kukulish, Anna Lebuska and Marie Nepomnik.

### Card of Thanks—

We wish to take this means of thanking all who sent Beverly cards, letters, gifts and flowers during her illness and stay in the hospital. We especially wish to thank her roommates and teacher, Miss Mims. Mr. and Mrs. Dean Whitman and Beverly.

### CARD OF THANKS

We wish to thank our many friends who in any way assisted us in the death of our beloved father, Kristina and Antonia Cech. Mrs. Anna Northrup, Mrs. Mary Bower, Mr. Joe Cech, Mr. Frank Cech.

### Pop Corn Contracts

We still have about 200 acres of White Hulled Pop Corn contracts to write. If you plan to plant popcorn this year let us show you these contracts. We are very anxious to get these contracts written this week if possible. Our growers of Dwarf Popcorn last year made good money from these contracts.

### Plants

This week we will have a truckload of plants on hand. Tomato, Cabbage, Egg plant and Peppers, and possibly we will have a few flower plants. Good quality plants that are true to name.

### Hybrid Seed Corn

We have good numbers of Standard Hybrid Seed on hand, also some Loves white and a very few bushels of Cornhusker. These hybrids are adapted to our section and have proven that they top hybrids. Come in and get your extra seed corn. We are now taking future bookings on these hybrids for next year.

### Armours Tankage

The past few years good protein feeds have been very scarce and tankage, has not been obtainable much of the time. We are now in position to furnish you with genuine Armours Tankage in large quantities. If you want a ton or a truckload, see us at once. Armours Tankage satisfies the user so get a supply now. There is not much chance of this feed being cheaper for some time. We would be very glad to quote you a price on this tankage.

### Chicks and Feeds

We also have a very good 40% Hog Supplement if you prefer a mixed protein feed. Hill Hatchery is making very low prices on all chicks now and if you have room to start another flock of chicks we believe that it will pay you well. There are many of the authorities that feel that eggs and poultry will be very high in price this fall. So start another flock of chicks right now. We can get them on very short notice. A very large stock of poultry feed always on hand. This feed is fresh and of very high quality. You will like it all next fall but we are always able to get the same brand of fresh feed if you buy from us.

### Alfalfa Seed and Sweet Clover

We still have very good stocks of alfalfa and sweet clover seed on hand. This seed is very high quality, re-cleaned and of high germination. Get some of this seed while it is plentiful. Maybe you don't want to sow it till next fall but this is a very good time to get your supply.

### Grain

We have very large supplies of yellow corn, oats and barley and if you are in the market for grain let us quote you on what you need. We will price it either delivered or at the elevator. The quality of these grains is very good.

## New School Land Lease Bill Passed By Legislature

### Measure Provides New Rules For the Leasing of School Lands.

A new state policy on Nebraska's biggest farm—the 1,000,000 acres of State-owned school land—was approved by the Legislature Tuesday.

EB 33, designed to bring the State a greater return from the land and to result in better care of the property, was passed, 40-0.

Much of the school land has been held by the same lessees for many years. They have had almost an absolute right to renewal of the 25-year leases.

Several months ago, the State Supreme Court ruled that the leases, when up for renewal, must be submitted to competitive bidding. The person who offered the highest bonus would get the lease.

This brought protest from the lessees. The "compromise" bill passed Tuesday.

Require lessees to follow good soil conservation practices, or risk cancellation of their leases.

Requires lessees to "operate" the land, and not sublease it without written approval from the Board of Educational Lands and Funds.

Calls for reappraisal of the land every five years, and when a lease expires.

Requires application for renewal of lease not less than three months nor more than six months before expiration of old lease.

Continues rental at 6 per cent of appraisal value.

Reduces lease period from 25 to 12 years.

Provides that no lessee can hold more than 610 acres unless it is bounded entirely on two sides by land owned or operated by the lessee.

The bill is a co-ordination of two bills introduced by Senator Earl J. Lee, Fremont, as chairman of the Judiciary Committee.

## Poppy Day In Ord Set For May 24th

### Mrs. Cecil Clark, Chairman of Drive, Tells History of Buddy Poppy.

May 21st will be Poppy Day in Ord and throughout the United States, Mrs. Cecil Clark, of the American Legion Auxiliary, announced today.

On that day everyone will be asked to wear a memorial poppy in honor of the dead of the two world wars and to make a contribution for the welfare of the disabled veterans, their families and the families of the dead.

Volunteers from the Auxiliary and young women's groups of the city will distribute the flowers on the streets throughout the day.

Mrs. Clark, Poppy Chairman of the Auxiliary, will be in general charge. Plans are being made to cover the city completely so that everyone will have an opportunity to honor the war dead and aid the living victims of the two conflicts.

"The Saturday before Memorial Day has been observed as Poppy Day in all parts of the

country for many years," said Mrs. Clark, in announcing the date of this year's observance. "Poppies have been worn in memory of the war dead ever since the close of World War I. They are replicas of the wild flowers which grew on the battle fields of France and Belgium, fought over in both wars, but they have come to symbolize memory for those who died in any part of the world.

"The poppies which the Auxiliary will distribute are all handmade, shaped from crepe paper by disabled veterans working in hospitals and convalescent workshops throughout the country. The disabled men take special pride in making the flowers to honor their fallen comrades and the work is valuable to them as occupational therapy, besides bringing them much needed earnings."

## Relatives to Raise Marilla Flynn Fund

### Memory of Pioneer Valley Co. Woman to Be Perpetuated at Fort Hartsuff.

When Fort Hartsuff is finally bought and paid for, the name of one of the donors will be Marilla Flynn, who passed away more than three years ago at Ord, at the ripe age of 87 years. Mrs. Flynn lived in the valley as a young woman at the time Fort Hartsuff was a real defense for the settlers, and had the honor of being the first woman to become a permanent settler of the upper Loup valley.

Now her descendants are promoting a movement to see that her memory is preserved in the purchase of the Fort she learned to love and to regard as a haven of refuge in time of Indian raids. They have started what is known as the "Marilla Flynn" fund, and are pooling their gifts to the Fort Hartsuff organization and giving it all as one fund in her name, asking no special recognition for themselves.

Here, briefly is the history of Marilla Flynn, born Marilla Frederick, daughter of Wolfgang Frederick. She was born in Richland Center, Wis., March 1, 1857, and came to Valley county with her father in July, 1872, only two months after the first settlers had arrived at Fort Loup. Mr. Frederick left his daughter, then only 15 years old, in the covered wagon near the Sheppard place near North Loup while he scouted ahead for a homestead to his liking.

The Sheppards invited the girl to come and stay with them while her father was away, and ever after they were the closest friends. This friendship also included the MacAnultys and the Kelloggs of near Scotia. Mr. Frederick found the place he liked in the northeast corner of Ord on Elma Creek and at once settled on it. With the help of neighbors he built a sod house. The nearest neighbors were the Sheppards, ten miles to the southeast.

Like many of the heroes of the early days, that house was fearfully and wonderfully made, but it served the purpose of a pioneer home, and many a newcomer was made welcome there. Marilla did the housekeeping for her father during the first years. The soddy had a dirt floor, and the parlor floor was covered with straw, over which was stretched a carpet made by sewing burlap sacks together, fastening it down with wooden stakes along the borders of the room.

Later, when she needed money to buy herself some clothes, Marilla went to Fort Hartsuff, where she worked in the family of one of the officers, probably that of Lieut. John Coppinger, who was the commandant at the time. When he was transferred to Fort Omaha in 1877, she went along and worked for them there. It was there that she met her future husband, Sgt. Richard Flynn, and they were later married at Cheyenne, Wyo.

Here we come to an intimate incident in her life at Fort Hartsuff, which is not generally known, but which no doubt enhanced the value of the Fort greatly in her estimation. While employed there she became engaged to First Sergeant Dougherty, Co. A, 23rd Infantry. In the "Battle of the blizzard," fought in the hills north of Burwell, in 1876, Sgt. Dougherty was killed while leading a charge against the ambushed Indians at the orders of his superior officer, a lieutenant named Hyle.

After their marriage at Cheyenne, Sgt. and Mrs. Flynn lived first at Fort Laramie, where he was stationed, later being transferred to Omaha. Flynn spent ten years in all in the service of his country. Mr. Flynn who had spent a strenuous life in the Indian wars, contracted lung trouble, which caused his early death in 1895. Mrs. Flynn was left to take care of the family of ten children. To her credit it can be said that she kept them all together, and even managed to accumulate enough to buy herself a farm a few years later.

Leaving the army in 1885, Mr. Flynn moved his family to the Mingson Coombs timber claim, two miles southeast of Arcadia, where they lived for six years. They then moved over on the Braden table east of Arcadia. After four years there Mr. Flynn died, and Mrs. Flynn moved her family to a smaller farm on Oak creek. After a year or two there she bought the farm in Springdale cornering with that of her father, and where they lived until 1910, at which time she moved to her home in Ord.

The Fredericks and Flynn were fighting pioneers, and still are. Wolfgang Frederick was a veteran of the Civil war. Richard Flynn spent ten years in the Indian wars. In fact he was with-in hearing of the gunfire at the Custer massacre, but his group was held back by the Indians and were unable to render assistance in time. Two of the Flynn sons, the twins Wesley and Leslie, served overseas in the first World war.

Orbits will recall the tragic death of Robert Flynn, son of R. P. Flynn of Blair, and grandson of Marilla Flynn. He was returning with the crew of their plane from a flight over Germany early in the recent war, when it became necessary to bail out over the English channel, and Robert was killed. His body now rests in a cemetery in London. His brother Tommy and cousin, James, a son of Frank Flynn, were also in World War II.

In view of all these facts it is only fitting that the memory of Marilla Flynn should be perpetuated in the Fort she loved so well, and her children and grandchildren are seeing to it that this is done. She was not only the first white woman in this territory, but she lived for a time farther up the valley than any of the early settlers. Later came Doc Harter, who established a post office and store near her home in Springdale. Also later in 1874 came the Danes of Tuttle Creek, the Haskells, the Baileys, W. D. Long and others, but she and her father were first.

The children of this remarkable pioneer woman are: Mrs. Lizzie Knapp, North Loup; Frank Flynn, Ord; R. P. (Dick) Flynn, Blair; Daisy Arnold, deceased; Maisy Fredenburg, near Vancouver, Wash.; Bessie, deceased; Wesley, deceased; Leslie, Los Angeles; and Rachel Oliver, North Loup. She now has 25 grandchildren and 27 great-grandchildren. It is of interest to note that the girls, Daisy and Maisy, were twins, as were the sons, Wesley and Leslie.

## Nebraska's Bond Record Praised By Official

State Is Third In Nation In Sale of Series "E" Bonds.

High praise was given to Nebraska citizens for their bond buying throughout the war and for their peacetime record in buying U. S. Savings Bonds at the six group meetings of the Nebraska Bankers Association by Merrill L. Predmore of Washington, D. C. Predmore, director of the agricultural section of the Treasury U. S. bonds division, explained the new Treasury Bond-A-Month plan to the organization.

In his talk he outlined features of the Bond-a-Month plan which is intended to make it as easy for the professional, small business man or farmer to buy bonds monthly through the checking accounts at their bank, as it is for workers on payroll savings in large industrial plants.

Predmore said that bond purchases in Nebraska during the war period, based on total income of the state as compared with Nebraska's share of the national income, were 25 per cent higher than would normally be expected, and that U. S. Savings bond sales in Nebraska for the entire year of 1946, based on Nebraska's share of the national income, were 69 per cent more than normal estimates. He also said that Nebraska ranked third in the nation in 1946 for "E" bond sales, in comparison with sales as against maturities and redemptions.

"The fact that Nebraskans are holding on to their government bonds speaks well for the thrift and good sense of your citizens and for the good advice their bankers have given them," Predmore stated.

#### ROADS

We hear much talk about the condition of our roads today, and yet, like the weather, nobody seems to be doing much about it. Our governor estimates that it will cost the state ten million dollars in the next ten years to put the roads back in good condition again. This is only an estimate, and when they have to deal with the future, are the merest guess work. It might be done for ten million, and it might take twenty million.

Like many other evils that come upon us, this question of roads is a direct result of the war. Perhaps the weather of the past

six months had something to do with it, but the war must bear the greater part of the blame. With the coming of war, all work on the roads of the state, with the exception of absolutely necessary repairs, had to stop at once. Many materials used in different phases of road building, particularly structural steel, were diverted to war purposes.

Like every other business, the business of building and maintaining roads in the state had to furnish a quota of men for the service, and also for equally important war work. So for several years, while the important and necessary busi-ness lines were running as usual over our arterial highways, none of the little maintenance work was done. Many autos went into retirement, but others traveled much more than usual carrying troops and food from defense plants.

With travel continuing and work on the roads practically at a standstill, the result was inevitable. When the war ended, the roads were already in bad condition, and they certainly have not been improving since. The weather of the past seven months put the finishing touches to all the hard surface roads in the state. The moisture seeped in under the outer edges of the hard surface, and then the ground froze, heaving the paving. As a result the edges of all roads of the type are in a dangerous condition.

Even worse were the places where the surface had cracked and the water could get through the center of the roadway. Between Ord and North Loup there are at present eight or ten places where vehicles must almost stop in passing over them. This is bad enough for the occasional user of the highway, but it is deplorable for the buses which must make the trip on time every day. The fact that the drivers manage to get their vehicles through on schedule is a modern miracle.

In the early days of the country roads were of minor importance. They were laid out chiefly to keep people from driving across their neighbor's land, and they were made principally through use, each vehicle following in the tracks of the one before it. Then four to five miles an hour was fast enough, and a few bumps along the way did no harm. Today the average speed on the highways is ten times what it was then, and a good, hard-surfaced highway is essential to maintaining that speed.

While money for road work may be hard to obtain, it is certain that much work must be done, and that soon, much of it this year. The problem is puzzling the unicameral. They are trying to figure out a way to get the necessary funds without putting too much of a burden on the already overtaxed property owners. In a time when every available source of income is taxed to the limit, the all important question is how to get the money and keep everybody happy. More power to them! (J. L. W.)

#### SOMEWHAT DIFFERENT John L. Ward

There are two old sayings that occur to me as I sit down to write this column. "There is divinity that shapes our ends," and "Providence looks after children and fools". Sometimes it seems that way. If it had not been for that divinity that gives to dumb creatures a knowledge that mankind does not have, and apparently can never acquire. That knowledge is essential to self preservation. Perhaps that is why the fish have

learned that there will be fresh water flowing down Mira Creek from the North Loup irrigation flume to the river all summer long. For some time quite a variety of fish have been waiting in the lower part of Mira Creek, commonly known as the "Bayou", for the time and the fresh water to arrive, clear the moss of the stream and make it possible and feasible to move to their favorite haunts further up. Now the water has come, and the annual trek of the finny tribe has begun.

Nobody has told the little wren to build in a place where the opening is too small to permit other birds, sparrows especially, to get in and raise Cain with their house-keeping. The fact is that all wrens know that they must secure the future of their offspring by using such a nest. Since suitable natural homes are hard to find, they turn quite naturally to those houses built for them by their human friends. However, don't offer them a retreat with a hole larger than one inch in diameter, or they will refuse to build there. Any larger size permits the sparrows to get in, and then there is plenty of trouble. In building bird houses, simplicity is preferred by the birds, as well as modest colors. Cases are known where birds refused to use a house painted in flashy colors, but promptly changed their minds when a more subdued hue was substituted.

That reminds me of the fact that I gathered a lot of apple and orange boxes the past winter and built bird homes, for ourselves and most of the neighborhood, at least, for all who asked for them. Then, after all the houses were finished, I cut down a couple of decrepit old box elders, and found that the hollow sections of the upper limbs of the trees would have made even more suitable bird houses than any I had built. The past week we witnessed two new arrivals here.

The wrens arrived Monday, and those who had the care of the Boomer place across the hedge came first. They immediately got busy clearing out all the old nest material, planning no doubt to start at the bottom and rebuild completely. Lucky birds! For them there will be no housing shortage, no lack of good building material, no lack of competent builders, no quarreling between capital and labor over prices, hours or working conditions. They just go ahead and work as they please, when they please and where they please. No eight hour day for them. The robin's alarm clock goes off at day break, and from that until dark they keep everlastingly at it, stopping only for occasional meals, which they get for themselves. The only pay they ask is a few worms now and then, the right to work, and something to sing about. They never complain about working conditions, and the only time they organize is when some danger, such as the neighborhood tomcat or a garter snake threatens the safety of their families. Then they all turn against the common enemy.

The second arrival of the week, was the brown thrush, who is usually heard before he is seen. You couldn't hire a thrush to sing, but they gladly sing for nothing, and take the lead in the melody that brighten each morning in May. Now, a final remark about a little bird we discovered down on the creek. He is about the size of a small sparrow, is bright brown above and lighter brown beneath. He is never quiet, but keeps on the move, and the noise, being along in the brush right down by the water's edge. He seems to be looking for something, insect eggs, or larvae, or something else he likes to eat. I don't know his name, but wish I did.

Various writers over the country have been expressing their preference of radio shows. I agree with some of them and cannot see how some of the others arrive at their conclusions. To me, a radio show, unless it serves some worth while purpose, does not justify the right to exist. So I do not put Bob Hope, Bob Burns, Red Skelton or any of the other so-called top notch radio stars at the head of my list. I listen to them, not to learn anything, but merely to be entertained. In taking the people's minds off the miseries of the day, perhaps their programs are worth while. But to me there is an uplift to Tom Brenneman's morning programs that cannot be found in any program worked up by a ghost writer for the express and only purpose of being funny. His programs, by their very nature, are entirely unrehearsed. What is more, they bring pleasure and do honor to a group of people who too often find themselves neglected and alone, the old ladies.

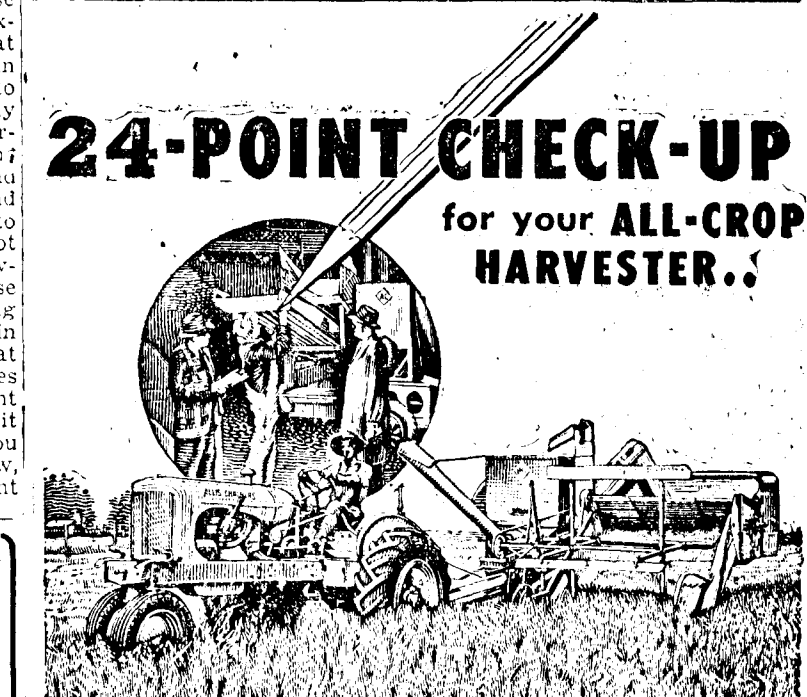

Now that the smoke of battle has cleared away, I find that a lot of people planted trees this year, many on Arbor Day, some before,

and some after. As I mentioned before, I recently cut down two trees that had outlived their usefulness. Boxelders do not show their age rings clearly, as most other trees do, and it is almost impossible to tell how long those trees struggled through their exciting existence. They saw at least two periods of drought, in 1934, and in 1939, and it is safe to say that neither did them any good. Then they were hit by perhaps a dozen severe hail storms that beat them up, and by wind storms that tore off branches and left the raw ends sticking out to become rotten and eventually rot out the heart of the trees. However, I would guess that those trees spent sixty years in reaching a point where one was 22 inches in diameter, the other 18. It takes at least one generation, in some cases two, to grow a tree to what might be called maturity. That is why it is important to plant trees. If you want shade ten years from now, plant trees today. If you want

fruit five years from now, plant at once, and plant wisely.

## MRS. ETHEL HAMER Quiz Representative North Loup

Miss Clara Jensen took her pupils, sixth, seventh and eighth graders to Ord and Hartsuff for a field trip Friday. They stopped in Ord in the morning and visited the Quiz office and the Ord Water and light plant, went on to the fort where they had their picnic lunch and later returned to the Ord park for a good time before returning home. Mrs. Jim Coleman, Mrs. Cecil Knapp, Mrs. Lee Mulligan, Mrs. Clarence Switzer and Miss Jensen took cars.

Mrs. Nina Schultz had been looking forward to a visit with her son, Floyd, of Sheffield, Ala., last Wednesday but had word from him at Ottumwa, Ia., that they had been in a car accident and would not be able to come on. They, Mr. and Mrs. Schultz and her sister, Miss Helen Wilbur, were driving early in the morning in Ottumwa and a truck obscured the view so that they did not see another car or the stop lights in the intersection. Mrs. Schultz had a badly bruised left

shoulder and a broken left arm beside several bad facial and leg cuts and two broken ribs. Miss Wilbur whose home is at Kendallville, Ind., had met the Schultzes at Peoria, Ill., and the ladies planned to spend the time in Fullerton, Neb., with their mother, while Mr. Schultz visited here. Miss Wilbur has a broken right leg and will be in the hospital in Ottumwa for many weeks. Mr. and Mrs. Schultz plan to leave for their home in Sheffield as soon as she is able to travel.

Mrs. Jim Coleman, Janet and Jill and Mrs. Lee Mulligan and Burdette were shopping in Grand Island Saturday. Mr. and Mrs. Richard Babcock spent Sunday in the Clyde Keown home near Scotia.

Mrs. Edward Mulligan arrived on the Saturday morning bus from her home in Dix, Neb., and plans to spend the month of May with her sister, Mrs. Roxana Jefferies. LaVerne Veleba who has been working in California since his discharge from the army, has come home and will help his father, Joe Veleba on the farm for the summer.

mother, Mrs. Bagby has been with the Studers the past three weeks. He is a student at Northwestern University and is having spring vacation. He flew to Grand Island.

The Young Ladies club met Monday evening at the home of Mrs. Donald Vogeler. Mrs. Dale Mulligan was assistant hostess.

The Business Womens club met for dinner Tuesday evening at the Portis cafe and then spent the evening at the home of Mrs. A. L. Willoughby with Miss Clara Jensen and Mrs. Don Tolbert, assistant hostesses.

The Dr. Grace Missionary society held an all day meeting Wednesday at the home of Mrs. Ellery King.

Mrs. Charles Klingler of Grand Island came up on the Saturday night bus and was a guest of Mrs. Fanny Sample till Monday.

Weekend guests of Mr. and Mrs. Roy Hudson were Mr. and Mrs. H. H. Harter, Mrs. E. B. Engle, all of Lincoln and Mr. Harter's mother, Mrs. H. H. Harter of San Jose, Cal.

Arnold Leonard who coaches at Arapahoe, Neb., has on his track team a sixteen year old boy, Eugene McCue, who has made a number of records in track and basketball. The boy who is sixteen, weighs 150 pounds made 21 feet, 1 inch in the broad jump, 11 in. in the 100 yard dash and in 14 scheduled basketball contests piled up 427 points. Arapahoe people and his coach are looking forward to the time when he is in high school.

"No, but I need the steak knife to cut up these wheat cakes," explained the customer.

## State's Tavern Conditions Still Further Improved

To a greater extent than ever before, Nebraska tavern owners keep their places clean and wholesome, and conduct them in an orderly, reputable way.

These Dealers have come to know it is good business to avoid practices or conditions that could be objectionable to the public, and to guard against law infractions such as sales to minors or intoxicated persons, and to refuse to tolerate noisy or boisterous conduct.

By constantly improving their standards, these dealers have earned high rating with leaders in the beer industry—and with the public. It is their well-merited reward.

These improved conditions are partly the result of the Nebraska Committee's program of Self-Regulation, now in its 9th year. This program is aimed at still further improvement. The Nebraska Committee solicits public cooperation to that end.

## Salvation Army Starts Drive For Regional Funds

C. E. Rusmisseil Heads Group Who Will Make Campaign In This Area.

C. E. Rusmisseil, chairman of the Salvation Army Service Unit for Ord, in approaching the campaign for funds for local and regional welfare needs, announces that special letters will be mailed to local citizens and that a uniformed Salvationist with official authorization will make personal calls to raise the initial campaign funds.

On completion of the campaign, a portion of the funds will be left with the local committee, of which C. J. Mortensen is treasurer. The balance will go into the Salvation Army regional fund for the maintenance of a hospital for unmarried mothers, fresh-air camp benefits for mothers and children, veterans' Christmas cheer, and other regional services including a reserve fund for emergency and disaster.

The local committee cooperating with and sponsoring the newly established Service Unit, are: Keith C. Lewis, Ralph W. Norman, Mrs. H. D. Leggett, and F. L. Stoddard.

A very definite program of service will be conducted with the fund for Ord. For example, every school child in the school area will be provided with tooth powder and tooth brush who cannot afford it. Documented evidence reveals that millions of children need this preventive care.

Vitamins that are so necessary for good health will be part of the program. Glasses, tonsillectomies, dental care, hospitalization for unmarried mothers, and many other services now come to rural children in the establishing of the rural service unit, and teachers, nurses, and local citizens can feel free to bring worthy need to the attention of local welfare committee.

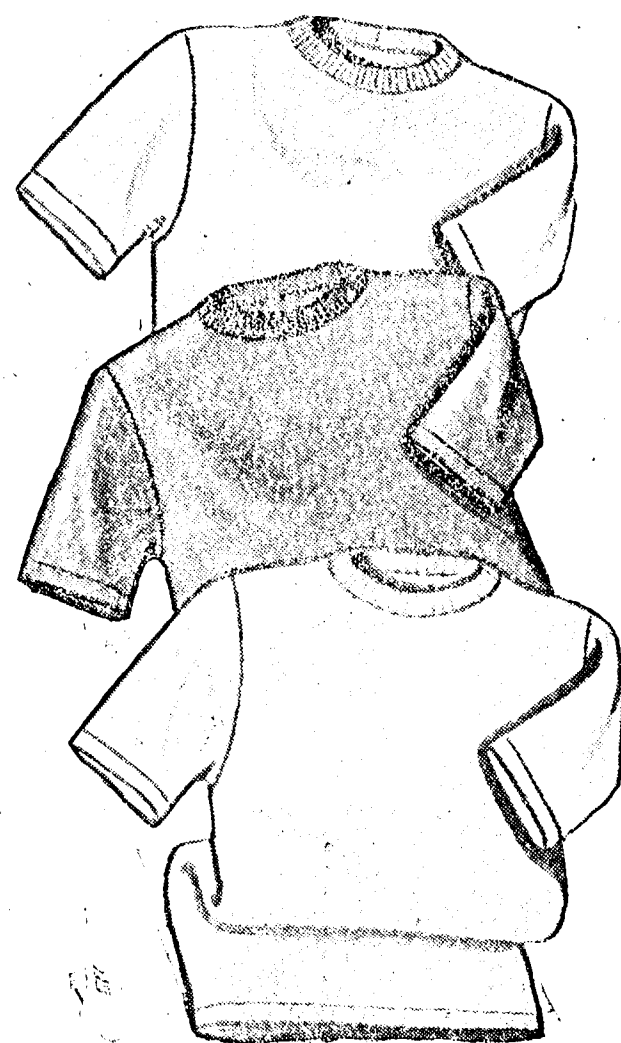

There will be no restrictions on the use of the funds and the local committee can render services at the point of need to the limit of their funds.

Mr. C. E. Rusmisseil and his committee were whole-hearted in their cooperation with the Salvation Army and all its traditional services.

Brigadier John T. Seddon, director of Service Units for the Salvation Army in Nebraska, expressed his deep appreciation of the Ord committee for this expression of confidence and goodwill and stated: "The Salvation Army Service Unit will bring long-standing and overdue facilities to rural and open country areas in the county."

## Carol Drake offers 2 shortcake suggestions

Fragrant and rosy-ripe, strawberries, raspberries and cherries say it's shortcake season again.

**BISCUIT SHORTCAKE**—Shortcake shortcut: Make individual shortcake squares by putting out dough on ungreased cookie sheet, cutting parallel lines through dough 2 inches apart lengthwise and widthwise.

3 cups all-purpose flour 1 teaspoon salt  
1/2 cup shortening 1/2 cup milk  
4 teaspoons baking powder 2 egg, well beaten  
1/2 cup sugar

Sift flour, then measure, and sift again with baking powder, sugar and salt. Cut in shortening with two knives until size of small peas. Add milk and egg; stir with fork until mixture is dampened. Turn out on lightly floured board and knead lightly for 2 minutes. Roll or pat to 1/2-inch thickness. Cut as above, or with 3-inch biscuit cutter. Dot half the biscuits with butter; place other half on top. Bake in hot oven (450° F.) 15 minutes or until done. Split hot shortcakes; fill with sweetened fruit. Serve garnished with whipped cream and additional fruit. Serves 6.

**SPONGE SHORTCAKE**—Light and tender, this moist sponge cake is speedier than a true sponge cake, for it bakes in 30 minutes and served while warm.

1 cup all-purpose flour 1/2 cup sugar  
1/4 teaspoons baking powder 2 tablespoons shortening  
1/2 teaspoon salt 1/2 teaspoon vanilla

Sift flour, then measure and sift again with baking powder and salt. Beat eggs with rotary beater until thick and lemon-colored; add sugar gradually, beating well after each addition. Sift in flour mixture, all at once, fold to blend. Melt shortening in hot milk; stir into batter. Add vanilla and pour into well-greased 8-inch square cake pan. Bake in moderate oven (350° F.) 30 minutes or until done. Remove from pan; split cake and put fruit between and on top of layers. Serves 6 to 8.

## Closed Season of Fowl Looms

Chicago—Dr. Clarence Cottam, assistant director of the U. S. Fish and Wildlife Service, has asserted that "if the North American waterfowl situation continues as bad as it is now I will recommend a closed or extremely limited hunting season next year."

Addressing the first of 11 regional conferences called by the service, Dr. Cottam said that the American waterfowl situation "is in the third great crisis of this century," he continued.

"During the past two years we have dipped deeply into our breeding stock. This trend must be halted. We are not going to try to set the season next year until after we see what the spring hatch will be, but the chances are we will have to tighten our belts."

Hail Falls In Hall County

Hail fell in parts of Howard county last week, covering the ground. Little damage resulted because all vegetation is far behind season and there was an absence of wind.

Rain, lightning and thunder accompanied the storm. The moisture varied from about one inch north of Nysted to 40 inch in the vicinity of the North Loup River.

Slot Machines Go Out When County Cracks Down

Threat of Complaint by Carson Results in Action; Owners Will 'Sit Tight'

Slot machines in the Ord Victory Club and the Ord American Legion club were hurriedly removed last Thursday when county sheriff Bob Hall, acting upon orders from county attorney Ralph Norman, told operators of the clubs to 'act or else'.

The county attorney's action was precipitated by insistent demand from Hugh Carson, newly elected member of the Ord city council who stated that he would file formal complaint and demand prosecution unless the machines were removed.

The machines, eight in the Victory Club and five in the Legion Club, were not confiscated since no complaint was filed, but were removed upon warning of county law enforcement officers.

Interviewed by the Quiz, Carson stated "The things are illegal and I can't understand why they were ever allowed to start, so I saw that they were removed before."

"Two Sets of Laws" There seem to be two sets of laws operating in this town. Apparently some can break them and some can't.

Otto Niemeyer, owner and operator of the Victory Club and the Quiz that he would "set light for a while." "I don't think I can operate the club with only a portion of the facilities and I don't intend to lose money in the operation. But I'm going to wait a while and see what happens before I make a decision as to keeping the club open."

The American Legion club is now closed. Charles Baylor, manager of the club since its inception last fall, tendered his resignation effective May 15, and the club is searching for a new manager.

"The Legion has no comment to make either officially or unofficially about removal of the machines," Ed Jensen, secretary of the Ord post, told the Quiz. "And until we get another manager we are going to mark time and see what happens."

Slots Will Not Return According to Ralph Norman, county attorney, slot machines will have a difficult time returning to Ord or Valley county.

"I have had numerous complaints about the operation of them, and finally I ran across someone who insisted on action," Norman stated. "Rather than file a complaint with the resultant prosecution and confiscation, I ordered them out, and as far as I'm concerned, they'll stay out. If they do reappear, complaints will be filed and prosecution follow."

"The slot machines were something I inherited. They were there when I took office, and I had no desire to change the existing situation unless there was demand for a change. But the demand came so I did my duty," he concluded.

VPW Install New Officers Thursday New elected officers of the Veterans of Foreign Wars, Ord, were officially installed at a special meeting of the post on Wednesday evening, Ottis R. Fent, past commander of the Grand Island post, VFW.

"Taking the oath of office were Paul Armstrong, commander; P. J. Benda, senior vice-commander; R. Piskorski, junior vice-commander; Harold Christensen, quartermaster; John Wozab, post advocate; Edwin Jensen, trustee; and Stephen Carkoski, chaplain.

Appointive officers announced Armstrong were Harley Eschmann, sergeant-at-arms and E. R. Apling, adjutant.

Local Business Houses Embark On Price Cutting Venture In some spots in the nation it's known as the Newburyport plan. In other places it's known as the Truman plan. Whatever it is, it adds up to lower prices to consumers on cost-of-living items.

And Ord business firms are right in line with the rest of the nation. For the past few weeks the Quiz has been carrying advertisements which, in greater or lesser degree, promise lower prices to consumers. Some stores have held "Truman specials. Others, with no funds to simply advertise cut prices. Discounts from 10 percent to as high as 50 percent are to be found in most stores over town.

Leo Wolfe Wins DeKalb Medal

LEO WOLFE Leo Wolfe, son of Mr. and Mrs. Carl Wolfe, was awarded the DeKalb medal and his name will be engraved on the DeKalb plaque which will be hung in the high school assembly.

The medal was given for outstanding achievement in vocational agriculture work and for the highest average for the four years of high school work, as well as his extra curricular activities.

Among the projects which he carried out during his four years of high school his last year he raised three beef heifers, sow and litters and raised ten acres of hybrid corn.

Living ten miles from school, most of the four years he came from home each day, and missed very few days.

Stock Growers To Meet In Ord On Saturday, May 24

W. A. Johnson, secretary-treasurer of the Nebraska Stock Growers Association has announced that officers of the organization have planned a sectional meeting to be held in Ord Saturday, May 24, at 2:00 p. m. at the Valley County courthouse.

The meeting is a preliminary to the association's annual convention which is being held in North Platte, June 12, 13, and 14. Planning to attend the Ord meeting are Charles Faggins, secretary of the Nebraska Brand committee, and E. E. Clark, chief investigator.

The pre-convention meeting in Ord will provide cattlemen and others interested in the livestock industry of the state a chance to discuss and inspect and theft prevention.

A similar meeting is being held on the same day at the Garfield county courthouse in Burwell.

Fort Hartsuff Financial Drive Begins May 19

Financial Committee Hopes to Raise \$6,500 During Campaign

The first actual drive for funds to be used for the restoration of Fort Hartsuff near Blyria will get under way Monday, May 19. Dr. Glen Aible, chairman of the Fort Hartsuff Association announced Tuesday morning.

Head of the financial committee which is handling the campaign is Charles Weckbach. He is to be assisted by Ed Vogeltanz, John Haskell, Orin Kellison, Ed Swopes, Carl Weckbach, James Ollis, Alfred Hill, Corwin Cummings, C. J. Mortensen, Ed Armstrong, F. V. Haught, Verne Anderson, C. C. Thompson, Loten Good, and John Anderson.

Mrs. C. J. Mortensen will have charge of a woman's team which will assist in the collection of contributions.

This is the first actual drive to be staged by the association, although a preliminary plea for money brought in contributions exceeding \$1,000. A special effort is being made during the drive to contact all farmers in this territory and that surrounding Fort Hartsuff.

It is estimated that around \$7,500 will be needed to purchase the land on which the fort stands and to make improvements on the old building so that the site will be accepted for a state or national park.

As such, the old Fort will serve not only as a tribute to the early day pioneers who settled in the Loup Valley, but will also enrich the education of the younger generation who show great interest in the lives of the Indians and the settlers who were the Valley's first citizens.

High Scholarship Honors to Joyce Achen, P. Laursen

Shirley Anderson Appointed Alternate for Regent Scholarship

Two Ord high school seniors, Joyce Achen and Paul Laursen, this year have walked off with practically all scholarship honors which are awarded annually to the senior class.

The Regent scholarship, which is awarded annually by the University of Nebraska, also has been won by Miss Achen as the result of an examination given to the ten highest ranking students in the senior class. Laursen and Shirley Anderson were appointed as alternates for the scholarship.

SHIRLEY ANDERSON Shirley Anderson, daughter of Mr. and Mrs. Bess Achen, has been named class valedictorian, holding the highest average in a class of 92 seniors, with 99 A's. Laursen won the second highest scholarship honor, salutatorian, having received 29 A's and three B's during his four years of high school.

The Regent scholarship, which is awarded annually by the University of Nebraska, also has been won by Miss Achen as the result of an examination given to the ten highest ranking students in the senior class. Laursen and Shirley Anderson were appointed as alternates for the scholarship.

Other members of the Ord placed second with 78. Third place individual honors went to Gordon Tully of Grand Island, and Al Blessing of Ord won fourth place.

The top four individual scorers were all awarded medals. Other members of the Ord team, Doug Dale and Charles Davis, shot 81 and 88 respectively.

Friday the Ord team will go to Lincoln to participate in the state grass greens tournament.

Burwell Baseball Team Wins, 7 to 2

Old Outfit but Infield Errors Was Cause of Loss: Pitching Good

Loup Valley's League Results Burwell 7; Ord, 2. Mason City, 11; Huxley 2. Ord won from Huxley, 7. Arcadia, 21; Loup City, 17.

The Ord baseball team lost its first game in Loup Valley's league competition Sunday, Burwell being the winner by a score of 7 to 2. Manager Bruce Coyey's boys were out for the opposition to only six for Ord, but it was infield errors that caused the loss. No less than eight bobbles were charged against the Ord team, three of which were charged to third baseman Stull.

Stull, however, redeemed himself at the bat by getting two safe bays and making one of Ord's runs, and also handled six putouts.

Graves pitched a steady game for Burwell and was never in trouble. Bill Anderson, Ord's youthful starting hurler, went four innings and struck out six Campbell finished.

Ord plays at Mason City next Sunday. The box score of the Ord-Burwell game:

Table with columns: Ord, Burwell, AB, R, H, I. Rows for Welch, Bob Johnson, Simpson, Bill Johnson, Prassen, Snyder, Wright, Wombacker, Graves, Mattern, and Furtak.

Construction Worker Dies at Hospital Here

Norman Flick, 67, an employee of the Rebeck Construction Co. died Tuesday at a local hospital following a three day period of illness. According to Dr. C. W. Weckes, Flick was suffering with purulent meningitis, had lapsed into a coma Saturday before being taken to the hospital. Dr. Weckes stated the purulent meningitis is not the contagious form.

Senior Class Play Is Aply Presented

A well-crowded auditorium greeted the Ord senior class play, "George Washington Slept Here," when it was presented Tuesday evening by a cast which included in leading parts Virginia Goff and Adrian Klina as Mr. and Mrs. Fuller, a couple who had bought a ramshackle Pennsylvania farm house and were trying to learn to like it. Miss Goff, an attractive blonde, was excellent in a difficult part and Mr. Klina was adequate as her spouse.

Strongest supporting parts were played by Wayne Goff as Mr. Kumber, the handy man, Joyce Achen, the young daughter of the pupils, and Jim Fafetta as the suitor for her hand. All did splendidly.

Other members of the cast were Harriet Rich, Lyle Waldmann, Shirley Anderson, Marvin Jablonish, Eldon Polk, Irwin Iwanski, Kathryn Guggenmos and Jack Kell.

The play was directed by Mrs. J. A. Kovanda.

Ordites Take 2nd In State Sand Greens Tourney

Chantleers Are Topped By Grand Island Team Which Was Defeated Here

Ord high school's golf team took second place in the Nebraska Sand Greens golf tournament which was played at Kearney Friday afternoon with a score of 235. Champions were the Grand Island high school team members, scoring 231. The Grand Island team had been defeated by the Chantleers one week before.

Third place honors in the match went to Fremont with 259. Kearney took fourth place with 262 and North Platte was fifth with 265.

Bob Kukulreim of Grand Island took top individual honors with a score of 75. Bill Hill of Ord placed second with 78. Third place individual honors went to Gordon Tully of Grand Island, and Al Blessing of Ord won fourth place.

The top four individual scorers were all awarded medals. Other members of the Ord team, Doug Dale and Charles Davis, shot 81 and 88 respectively.

Henry Geweke Jr. Found Dead in Pasture Tuesday

Popular Stock Buyer Missing 24 Hours; Circumstances Point to Suicide

Friends were shocked Tuesday evening when it became known, about 6:30, that the body of Henry Geweke, Jr., 53-year-old Mira Valley farmer and livestock buyer had been found in a pasture on his farm, and that circumstances pointed to a suicidal death.

The body was found by Ole Whitford, one of Mr. Geweke's farm employees, and Jack Rashaw, who had been delivering a load of fuel to the farm. Mr. Geweke, they said, had left home at noon the previous day, saying he was going to look at horses in the pasture but that no alarm over his continued absence had been felt because he often left suddenly on livestock buying trips which kept him away from home over night.

HENRY GEWEKE, JR. Soon after noon Tuesday, however, Whitford recalled Mr. Geweke's statement about going to the pasture and he and Rashaw decided to investigate, they told officers. Result was the discovery of his car, parked near a windmill in a hill pasture about three miles from the Geweke house.

"Toxin Crystals Found" The body was found lying on a blanket in a little grove of trees about 100 yards from the car. In a pocket of the coat he was wearing was found a small bottle containing crystals said by officers to be of a well known poison, and an empty bottle beside the body showed a similar deposit of the crystals in the bottom, indicating that the poison had been mixed with water. The crystals have not yet been chemically analyzed, say officers.

Whitford and Rashaw went to the house and telephoned Ord and a group made up of County Attorney Ralph Norman, who also is county coroner, Sheriff Bob Hall, Deputy Sheriff Vern Anderson, John Bowen, Litchfield, 7. Arcadia, 21; Loup City, 17.

Mr. Norman stated Wednesday morning that no inquest will be held. He also said that no suicidal letter was found either on or near the body or in Mr. Geweke's car or house and that there is no apparent motive for suicide, though circumstances indicate suicidal death. He fixes time of death at between noon and 3:00 Monday afternoon.

Business associates said Wednesday that his financial affairs were in excellent shape at this time.

Was 53 Years Old Mr. Geweke was born Dec. 9, 1893 and lived in Valley county throughout his life. He is mourned by his wife, his mother, Mrs. Augusta Geweke, and by a brother, Arthur Geweke, and members of the latter's family. There are no children.

A farmer and livestock man throughout his life, Henry was known all over Nebraska and the west as an expert on horses and mules and was highly respected. He was bought them on an extensive scale for the government. He also engaged in livestock feeding and speculative handling of all kinds of livestock.

Genial and generous to a fault, he had a large circle of friends who will sincerely mourn his untimely death and sympathize with his sorrowing relatives.

Funeral services will be held Friday at the Evangelical church in Mira Valley at 3:00 o'clock p. m.

**H. S. Aeronautics Class Has Session At Ord Airport**

Members of Ord high school's aeronautics class and their instructor, F. L. Stoddard, held a class session at the Ord municipal airport last week.

Airport manager Gene Barnett told the boys about the physical examination, aeronautical knowledge and aeronautical skill required for solo flight and the earning of different kinds of pilot certificates. Mr. Barnett emphasized the importance of weather in flying and suggested that the boys regularly observe the types and movements of clouds as aids to forecasting.

Information concerning airway forecasts was given by Ellis Carson. Mr. Carson permitted the boys to use his receiver to hear an airway station report. He also told of the making of flight plans and the importance of reporting one's arrival at the stated destination after submitting flight plans.

Following the talks, the boys were given plane rides by Mr. Barnett and Mr. Carson.

**Grade School Picnics Begin Friday Noon**

In case of inclement weather, the picnics will be held at the grade school.

**Small Group Attends Editorial Meeting**

The crowd was disappointingly small Saturday when the Loup Valley district of the Nebraska Press association held its annual meeting in Ord. Members and guests present enjoyed dinner at the Legion club, followed by a trip to Fort Hartsuff as guests of the Chamber of Commerce, after which was a short business meeting. Movies of the National Editorial Association tour of Texas, shown by Guy Ludl, editor of the Wahloo Democrat, closed the meeting.

State officers present, besides Mr. Ludl who is vice-president included W. H. Plourd, of Fullerton state treasurer, and Miss Nancy Mahood, of Lincoln, secretary of the state group.

New District president is C. J. Dunham, editor of the Burwell Tribune. Mr. Plourd was re-elected district secretary-treasurer.

**Ign. Klima Writes from Washington**

The Quiz this week received a letter from Ign. Klima, former Valley County clerk. Mr. Klima says that he and Mrs. Klima are both busy—she as head waitress in a large cafe, while Mr. Klima is employed in a Civil Service position as Fiscal accounting clerk in charge of all irregular or unacceptable remittances in the Life Insurance Collections Division of the Veterans Administration district in Seattle. The district is comprised of Washington, Oregon, Montana, Idaho and Alaska.

The Klimas have just finished a ten days visit with their daughter Doris, who was graduated from the American Academy of Arts last August and seems to be off to a good start in her chosen profession as a commercial artist in Chicago.

Bob Klima and his wife are still living in San Antonio, Tex., where he is attending college.

**No. Loup to Graduate 26 Senior's Thursday**

Twenty-six young people, the largest class of seniors, will graduate from North Loup high school Thursday evening, exercises to be held in the Seventh Day Baptist church, with Rev. Samuel Mitchell giving the address on "The Danger of Being Un-Important."

Mrs. Ava Johnson and Mrs. Harlan Brennick will play the processional. Phyllis Babcock will give the salutatorian address and Ramona Mitchell the valedictorian. The high school girls chorus will sing two numbers, "Little Davy Play on Your Harp" and "Dear Land of Home".

Baccalaureate services were held Sunday evening from the Methodist church with Rev. Warren Stueder speaking on "Weather Vanes or Mountains". The high school boys quartette sang "Kentucky Babe" and "America the Beautiful". Junior ushers for Sunday night were Charles Beebe, Myles Nelson, Corinne Meyers and Wilma Smith. Mrs. Johnson and Mrs. Brennick played the processional on two pianos.

**Foot Harris Starts Work on Building**

Work on foundations of the new carpenter shop to be occupied by Floyd "Foot" Harris was started Monday morning. The building will be erected just south of Mr. Harris' present shop, and the space vacated will be used as an alley.

The new building will be 20 x 60. Mr. Harris plans to move a portion of the old building onto the new foundation. Second story of the building will be removed and the material salvaged to build an addition on the rear.

**Families Reunite to Honor Mother As Nation Observes Mothers Day**

In millions of homes throughout the United States Sunday, American families gathered to pay homage to the queen of their tiny kingdom, their mother. Sunday was Mom's day, and the nation's children sent gifts, cards and flowers to the mothers who helped them through their childhood days.

For Mom, on the other hand, it was a day of recollection. A day in which to remember the thousands of little things there were to do for children. Dresses and trousers to mend, shoes to polish, Saturday night baths, washings and ironings, and a kind word and comforting caress when trouble came.

For others, the nation's Gold Star Mothers, there was the remembrance of a tearful farewell to a lad in khaki or navy blue. And then the unspeakable sorrow at the arrival of a telegram announcing that her boy would not be coming home again. He had made the supreme sacrifice. And in giving his life for his country, that lad gave the courage, the love of country, and the high ideals which his Mom had taught him.

Sunday was a day for family reunions, as the children and their sons and daughters, and in many instances, even their grandchildren gathered around the family dinner table. Those who lived too far away, made sure they were remembered by cards and flowers.

Here in Ord, a special day of prayer throughout the city's churches was dedicated to Mother. Florists conducted a rushing business as fond husbands and loving sons bought corsages for Mom to wear on her day.

And Monday morning, when the festivities were over, Mom went back to work. There was a washing to be done. The house to be cleaned,—a million and one tasks to be performed.

# Congratulations and BEST WISHES to the CLASS of '47

WE, who have known you graduates all your life feel proud, yes, and a little sad, as we watch you leave your class rooms behind and go forward to adulthood and responsibility. Sad . . . because you have grown up, but, proud, too, that your record is so fine . . . that you are capable of taking the world in your stride.

## Pop Corn Contracts

We have about 100 acres of Dwarf Hulless Pop Corn contracts to put out for the American Pop Corn Co. And we also have about 125 acres of Hybrid White Hulless to place for the Albert Dickinson Co. If you can use an acreage of popcorn see us at once so that we can have the seed here when you want to plant. These people are both reliable pop corn contractors and you need not hesitate in writing a contract with them.

## Ammonium Nitrate

Our last car of Ammonium Nitrate is being loaded this week and should be here early next week. Be prepared to take your Nitrate off the car and save storage and handling charge. We are now contracting our next year's supply of Ammonium Nitrate for delivery next winter. If you plan on using Nitrate next year let us place your order now. It is very evident if we are going to have enough of this Nitrate that you will have to take our delivery early and store it.

## Hybrid Seed Corn

We have around 30 or 40 bushels of early white Hybrid seed corn and we have pretty fair supplies of Standard 405, 615, 613 and 939. If you need a few bushels of seed corn, come in and let us supply you with what you need. Place your reservation now for Cornhusker Hybrids for next year. This year the supply did not nearly meet the need. Cornhusker hybrids are extremely popular. Two years ago Cornhusker No. 48 was high yielding corn in the Valley county test plots in both dry land and irrigated fields. And last year the Cornhusker Hybrids took the high yields in the State tests. Place your order now and have a supply of this seed for 1948.

## Baby Chicks

Hill Hatchery has been making very good discounts for May chicks and are making another discount for June hatched chicks. Get your chicks now and get them started. There is every indication that eggs and poultry will be a good price this fall.

## Forage Seeds

This year's most forage seed is very high and scarce. All canes are very high and hard to get. Sudan is plentiful as is also German millet and Atlas sorgo. But we feel that there is a definite shortage of cane seed. It would have well to buy your seed and take it out now and you will have it when you need it.

## Grain

We have been having very erratic grain markets this year; and it is pretty hard to tell you when to buy or sell grain. We suggest that anyone you have grain to sell that you move it to market and not try to out-guess the markets and when you need to buy grain come in and let us quote you on what you need delivered to your farm. Our trucks are available for hauling your grain most anytime. Right now we have a very large supply of barley on hand; oats and corn are not too plentiful but if you need some let us get it for you.

## Feeds

We are carrying a very large stock of all chick and hog feeds, regardless if you want a supplement or a complete feed let us quote you and you will find that we have large stocks of fresh feed on hand all the time.

## MEMORIAL DAY FLOWERS

It is time to place your orders for Memorial Day. The situation is not too bright. It seems definite that Nebraska Peonies will not be out and the suppliers from Missouri tell us that they do not believe that the Missouri Peonies will be available for Memorial Day.

We expect good supplies of Glads from Florida and Carnations and Roses will be in fair supply. We expect to have some very nice plantings of Geraniums and Ferns or Petunias and Ferns in a small container, and will have Blooming Pansies.

We would like to urge you to place your order very early as the peony shortage is really serious this year.

## "Pretty Red Flower" Leads to Recovery Of Veteran's Speech

Saturday, May 17, has been designated as Poppy Day in Ord. The little red crepe paper flowers, worn in honor of the dead of both world wars, will be sold by members of Ord's American Legion and proceeds from the sale will go to aid disabled war veterans.

Symbolizing the poppies which grew on Flanders Field, battleground of the first World War, the tiny flowers have given employment to thousands of disabled veterans who make them in hospitals and convalescent workrooms in every part of the country. The work gives them beneficial occupation and the help and encouragement of earning money.

The story of how the poppies helped one wounded soldier recover his speech was told this week by the director of a veterans' hospital in Michigan. Here is the story as she told it:

"No word had ever passed the lips of the young veteran. Some experience during the war had frozen him into perpetual silence. At the hospital attendants wondered if he could even hear, he was so oblivious of everyone and everything.

"His doctor prescribed the making of poppies as occupational therapy treatment, but he could not be induced to try to make the little crepe paper flowers. One day a hospital worker sat beside him and, working very slowly, made a poppy. He watched with interest. As a finishing touch, she fluffed out the petals and held it up to

him. An amazed and delighted ward physician heard him say: "Pretty red flower!"

"As a result, the veteran began making poppies, breaking his silence frequently to exclaim: "Very pretty red poppy!"

He began to speak to ask for poppy-making materials. Gradually other short sentences followed. His recovery had begun.

Declared the director, "At the hospital they wonder; was it the red of the poppy or the significance of the flower that grows in Flanders Field, where they learned, the veteran's father is buried?"

## Attorneys Open Office in Columbus

Law offices have been established at 2519 1/2 Thirteenth street in the Scott building in Columbus, by Attorneys William A. Goetz and Leonard W. Cronk.

Both are veterans of World War II, and graduates of the University of Nebraska law school.

Goetz, a former Ord resident, son of Mrs. Frank Kasal, is a naval veteran. He was in the services for four years, including 23 months spent with the Seventh fleet.

Goetz, who comes from Omaha, spent four and a half years in the service. His record includes 19 months with the 96th infantry in the South Pacific.

## June 1 Deadline on Car Applications for Disabled Vets

Disabled Nebraska World War II veterans who may be eligible for an automobile or other conveyance at government expense, but who have not yet made application, should do so before June 1 to assure consideration of their requests.

That announcement was made this week by Frank W. Schumling, Veterans Administration contact representative at the City Hall in Kearney.

Under the law, veterans of World War II are entitled to compensation for the loss, or loss of use, of one or both legs at or above the ankle from war-service disability, are declared eligible for conveyances provided they meet state licensing requirements.

Schumling explained that this congressional act is scheduled to expire on June 30 and that applications must be completed by that time to be considered. To be on the safe side, veterans interested should submit their application to the VA by June 1.

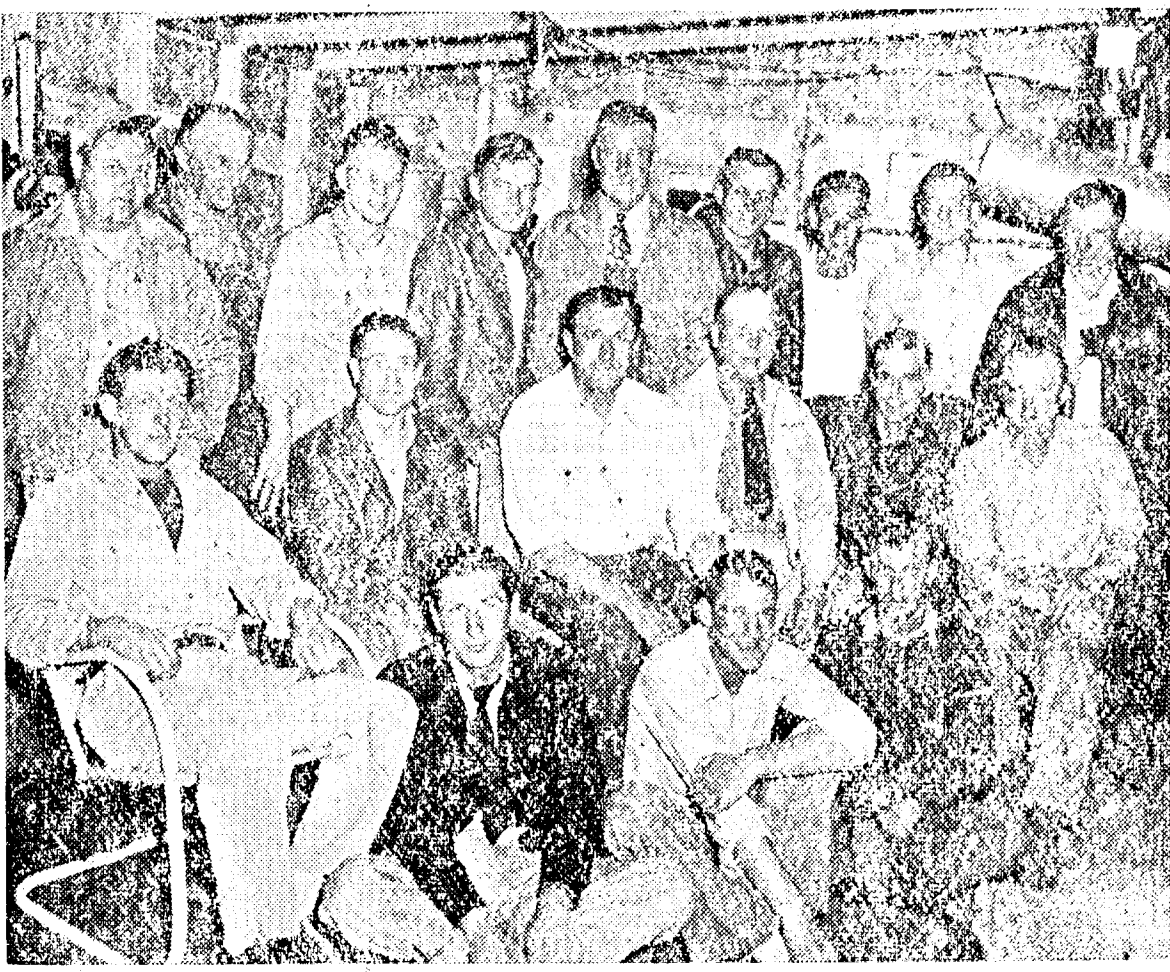

Plans are under way for the past nine months, 147 Nebraska World War II veterans have made application for conveyances and 102 of these have been certified by the VA as eligible, Schumling said.

## TB Tests Given At St. Paul Last Week

About 1,050 persons were given Tuberculin tests in Howard county last week.

Plans are under way to have the positive reactors taken to Kearney to be X-rayed. Chest pictures may be taken for \$1.00 to the patient.

Justice of the Peace E. S. Shattuck was stumped by an unusual request as he was performing a marriage ceremony in Carlsbad, N. M. They reached the part where Justice Shattuck was ready to say: "I now pronounce you man and wife," when the bridegroom asked that the word "provided" be added. "Provided what?" asked Mr. Shattuck. "Provided it works," was the reply. With no precedent to guide him, the judge declined.

**ONE LAXATIVE IS ENOUGH**

SOME folks keep many kinds of laxatives on hand. They include castor, mild, strong, and harsh types for different members of the family. Actually, all you need is a single bottle of new, improved ADLERIKA, the FAMILY LAXATIVE. It's a scientifically compounded Tonic-Up laxative originated by a doctor... works quickly, but gently, to move waste through the digestive tract. Stimulates sluggish intestinal muscles equally well for youngsters or older people. Try it and you will learn why over 20,000,000 bottles have been sold. *Caution: Use only as directed.*

## Over 50,000 Universal Jeeps' Now at Work on Farms and Ranches!

**THE 'JEEP' DOES MORE JOBS—**

- Pulls plows, discs, harrows, and other farm implements.
- Hauls loads to 1200 lbs. on or off the road.
- Tows loads to 2 1/2 tons at highway speeds.
- Power take-off delivers to 30hp on the belt.
- Powers mowers, sprayers—other shaft-driven equipment.
- Works the year 'round!

The Universal "Jeep" has proved its value in the best test of all—round-the-year use on thousands of farms and ranches.

The "Jeep" is the all-around vehicle farmers needed—always ready for hauling, towing, field work and powering equipment. With 2- and 4-wheel drive (6 speeds forward, 2 reverse) and power take-off, the "Jeep" has power and versatility to handle almost any farm job. It is a paying investment. Come in now and inspect it.

### Beer Retailers Approve Self-Regulation

The beer retailers of Nebraska, generally, are sincere advocates of Self-Regulation in the beer industry.

The law-abiding beer dealers welcome suggestions from this office for improving conditions in their places. And they cooperate gladly and promptly. As good business men and respected citizens, they wish to conduct their places in a clean, wholesome and law-abiding manner.

When one fails to cooperate, this Committee promptly presents the facts to legal authorities. The number is small.

You can help keep beer retailing on a high plane by confining your patronage to reputable dealers. A word of commendation to those who run exceptionally clean and orderly places encourages them to do still better.

### Pop Corn is in DEMAND!

SMALL SEED COST  
EASY TO GROW  
HIGH CONTRACT PRICES  
NO EXTRA WORK

There is Extra Profit in raising pop corn! The price of pop corn is the highest in history and usually proves more profitable than any other crop you can raise. Delivery and settlement is made in the fall when grain and live stock prices are generally low.

This year we are furnishing our growers with our special high yielding pop corn seed. It is full of vigor, fast growing and is acclimated to this territory. This special seed is thoroughly graded and of high germination, insuring an even stand. The seed cost is low—averaging only about 75c per acre.

Take advantage of this opportunity to raise pop corn and reap the full benefit of a highly profitable crop. Write us for further particulars.

#### THE COST OF NEWSPRINT

Without newsprint, a newspaper cannot exist. And the cost of newsprint has risen steadily since before World War II.

Most of the newsprint used by American newspapers comes from Canadian mills. It is made of wood pulp which comes from the vast lumbering regions of Canada. During the war labor shortages caused both the lumber industry and the newsprint industries to run into difficulties. Those difficulties seemingly still exist—at least the price continues to go up, and the supply continues precarious.

Here is the story of what The Independent has paid for each ton of newsprint since 1931:

|              |         |
|--------------|---------|
| 1931-35      | \$14.00 |
| 1936         | 15.00   |
| 1937         | 16.50   |
| 1938-42      | 51.00   |
| 1943 (March) | 58.00   |
| 1943 (Sept.) | 62.00   |
| 1944 (May)   | 65.00   |
| 1946 (Jan.)  | 71.00   |
| 1946 (July)  | 78.00   |
| 1946 (Oct.)  | 88.00   |
| 1947 (April) | 91.00   |

The increase since 1931 has been 113.63 per cent. The increase in 16 months has been 32 per cent. And the boosts are coming in bigger chunks.—Grand Island Independent.

#### SOMEWHAT DIFFERENT

By John L. Ward

Because several items have come to mind in the past few days, I thought I might as well use them this week, so the beginnings of the year 1876 will have to wait until next week. After all, it is now more than seventy years since they were recorded in slow and difficult long-hand, with a steel pen, and, sorry to say, in many cases with very poor ink. Luckily for us moderns, we have ample facilities for recording valuable records and the best of materials

are available, even for the kiddies in their work in the lower grades. We may have among us a future president, a future governor, a future writer, a future artist, a future person whose early history may some day be priceless. If that history is not available when the time arises for people to prize it, it will not be for the lack of good materials.

In writing the story of Marilla Flynn last week, I did something which I very much regret, and the only way to correct the mistake is to acknowledge it. I overlooked the name of my good friend, Clifford Flynn, in giving the names of Flynn's children. The fact that Clifford is not angry at me is good proof that he is a friend of mine. Now, nobody in the Ord territory needs to be told who Clifford is. His long service with the Farmers Grain and Supply company has made him a fixture in the place, and on those infrequent times when he has not been on the job, people have looked around, then asked, "Where's Clifford?" I will bet that there are a lot of people who know him by his first name, and have not yet learned what his last name is. Now, if you people who depend the story about Marilla Flynn to keep will write in Clifford's name, I certainly will appreciate it.

In all my lifetime I could have seen perhaps a dozen presidents or vice-presidents, but the nearest I ever came to seeing one was when I saw William Jennings Bryan on several occasions, and he never got to be president, although he tried three times. My son Don will not like you, but just can't help mentioning that he saw a president last week while visiting friends in Kansas City. They were sitting in a friend's automobile when a motorcycle escort came along followed by several expensive cars. In one of the cars a president was seated, and he was smiling and bowing right and left to the crowd that assembled as if by magic to do him honor. As he passed the car in which son and I were seated, he made a special bow in the direction of a naturally felt honored, as the little man was President Miguel Aleman of Mexico.

At last Willie Francis is dead. Nobody needs to be told that Willie the negro who escaped death last year in the Louisiana electric chair because the chair failed to work properly. Nobody denies that he was found guilty in accordance with due process of law, and was found worthy of death. Therefore, in the opinion of some people figured that he should not again be placed in jeopardy for his crime. It was an intervention of providence. When we check those things we commonly attribute to providence, we can only find a simple and sufficient explanation. At least Willie figured, or some friend figured for him, that he should not face the issue a second time.

As a result, the state of Louisiana has been carrying on a fight now for more than a year for the right to carry out the sentence of the court. The case was taken twice to the United States supreme court, three times to the Louisiana supreme court, and three times to the state pardon board. The expense in connection with the case must have been staggering. But why? Back of it all is the criminal lawyer who saw in the case an opportunity to make himself famous all over the land as the man who fought a case unique in the history of law. This country has two extreme types of lawyer, the man, like Darrow, who would take any case, even when he knew his client guilty, and the man, like Lincoln, who would not take a case when he felt that the man was guilty and should suffer his just deserts. Fortunately for America, most lawyers hit a happy medium between these two extremes.

I do not know what I said last week that was objectionable, but I found my column, published under my own name, had been edited, and a sentence removed. I now find myself in the same category with several popular comedians, which makes me feel rather important. My only regret is that it destroyed the sense of what I had written to a certain extent. On the other hand, it may be that the change was made in some other type, and quite unintentional.

After investigating, I find that I left the sentence out myself.

I wonder how the soldiers' gatherings, now known as state conventions, would compare with those of the Grand Army of the Republic, known as encampments. In those days long lines of tents were set up, and assigned to the visitors. Plenty of firewood was available for camp fires, and the delegates brought in their food and cooked it over the fires. When I was just a little kid, I recall going to one of those encampments held at Kearney with my parents. It was all new and awe-inspiring to me. The cannon fired at dawn threw me into a state of terror. I had never heard such a noise before. One evening after attending a program we were stumbling along through the darkness toward our tent, when we passed a place where some negroes were cooking over a smoldering campfire. I asked my father what it was, and he said, "That is those cannon you heard this morning." I started backing away from the one campfire, caught my heel, and sat right down in the hot ashes of another one. I got up in a hurry, but my good clothes were practically ruined.

#### MORE ABOUT ROADS

When the county was first settled, people did not bother much about roads, as they could travel from place to place by following the line of least resistance. However, there were quite a number of roads laid out in the early years. Most of those laid out then were not on section lines, the place commonly designated as proper for roads. The section line idea was good enough for the level country, but in many cases not suitable for rolling land.

The first Valley county road began at the west edge of North Loup and ran north to what used to be known as the John Fish corner, then west one and one half miles. This road was later extended to the south, all the way to the Sherman county line. Later a road was laid out on the section line just half a mile east, and this road parallels the other road for some distance, both south and north of North Loup. Many of our early day roads are not on section lines, and are still in use.

The only place worked on the county roads in the early days was at places where a gully or creek intervened. Those old roads consisted of a rut on either side made by the wheels of pioneer wagons, two spaces just inside them worn down by the feet of horses, and a ridge in the middle. The road was in such a condition that it had to be before the road served the needs of early settlers, and were about all we had until the arrival of the automobile.

Most road work in those days was done by working out the poll tax. A man could not pay his poll tax in cash, he either had to do work on the roads, or hire someone else to do the work for him. While this work was done under a road overseer, much of it was haphazard and accomplished little of value. Sometimes the road was left in a very bad condition than it had been before the work was done.

The worst feature about early roads was that they were almost impassable after a rain or snow. Since people did not travel the roads as much then as they do now, this did not make so much difference. The horses could pull the wagon through the mud, and the public got along. When autos came, it was different. Something had to be done. The county roads were improved in various ways, until today most of the main roads are gravelled.

The recent war made it impossible to keep up the graveling program, but people traveled the roads, and today they are all in deplorable condition. County Board Chairman Tracy Hamilton is faced with the difficult problem of keeping up roads that were neglected for four or five years, and that with very little funds, the resources of the people are strained almost to the breaking point.

What we need today, and must have, is patience. In time all the needs of our roads will be taken care of, but it will take years. The only thing we can do now is to take the bumps as we find them, plow through the mud when the need arises, and hold our autos

down to a reasonable speed and save gas and tire. Who knows, perhaps the lower speed may save a precious life here and there. John L. Ward.

#### LETTERS FROM QUIZ READERS

School TAXES Too High Say Ord Twp. Farmers

To the Editor of the Quiz: Several people both in and out of Ord township have told me they were looking for a letter on my Ord Township assessing. Well, here goes and if you are disappointed remember you asked for it. There are 154 schools. Ninety-three are for farmers, actual digging dirt farmers. The rest are for a lot of landlords, mostly business men in Ord and a few hired men. I found two flocks of sheep, no turkeys, a lot of chickens (they) and a lot of trouble with theft, as many farmers were losing their chickens old and young. About every farmer had a dog, some very cross, (I mean the dog) some had a good appetite as they wanted to eat me.

One farmer said he thought a lot of his dog and wished I would take my leg out of the dog's mouth. The 154 people I met were very friendly and treated me fine and I feel sure they gave in their property as it should be. I have assessed for 22 years in Vinson and Ord townships and one in Liberty and I have found people generally honest about their assessments.

The farmers of Ord township that took time out to express their opinion on national affairs, say they do not like our president's foreign policy and are distinctly against the aid to Greece and Turkey and think there is entirely too much money being spent to bolster up the oil interest across the ocean, and a few expressed the opinion that the much talked of depression is about due to appear. Personally I think it may be postponed a few years, as the big industries are raising wages and contracting with the workers for two years.

The population of Ord township appears to be in a slump. One question I had to ask is "How many live in your house?" 27 answered 2, 26 answered 3, 4 answered 7. Only 7 families out of 93 with 1 and 5 children each and over half the 93 families with no children or only one child. My personal inquiry, taxes and Dr. Edlin too high, can't afford children, let the city people raise them. If we raise them they will go to the city; no kid wants to farm nowadays.

Well, as to the brood sows, on 33 of the 93 farms there are no brood sows and 16 of the 93 have 2 brood sows each. Those who have hogs appear to have more sows than last year, but they say there are a lot of pigs dying and others not doing well.

There are over 10 sections of Ord township in Ord school district and the school tax is fierce. It's so bad that the farmers are threatening to quit all live stock and just raise grain as they can market it before the first of April, the tax day, and I have been told by some that the ten sections will pay any lawyer \$1000.00 if he can get the valuation on their property cut down so their tax will equal the property tax on the other 26 sections in Ord township, who pay the tax at 60 per cent of the tax on these 10 sections goes to the Ord schools. If that is anywhere near the truth the farmer may be right when he says he cannot afford to raise children to supply the city with children. I found a lot of corn on farms in Ord township in the irrigated part of the township outside of Ord school district and we have five large cattle feeders in our township and they sure got a dirty deal from our law makers in Lincoln who make the assessment schedules. Stock cattle were left the same valuation they were last year 1915 but they put the fat cattle up nearly one third in price above 1916, and the stock cattle raised in price during the past year as much as the fat cattle. Each raised about the same. If I was a cattle feeder I would get organized and have a man at Lincoln next year to see about that. The feeder takes more chances than anyone and he is a benefit to the stockman and the farmer. Makes a home market for both cattle and corn.

There are four real dairy herds in Ord township. Two are high grade Jerseys, one is a Guernsey and one is a mixed herd of dairy blood and there are quite a lot of one and two head of dairy cows on the stock farms. It appears there were more stock cattle than last year and feed is very late and pastures are very late and short. Some few farmers were planting corn the past week and others say they will wait for spring to get here as it is cold now.

I got along fine with my new county assessor Walter. He appears to be good natured and willing to answer any tax question and he has not threatened to throw me out of the office yet. Well, now you know all about your township and I am glad to be through for this year. Will now get to work on our little farm and hope if I am on the job next year, to meet you all again and hope I won't have to get dog bit any more. Yours truly, ERNEST S. COATS.

## MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers believe nagging backache quickly once they discover the cause of their trouble may be tired kidneys. They suffer a nature's chain of taking the excess acids and waste out of the blood. The kidneys pass about 3 pints a day. When disorder of the kidney prevents a poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains and migraines, frequent urinating up nights, swelling, puffiness under the eyes, backaches and dizziness. Frequent or constant passing of kidney stones and sometimes shows there is something wrong with your kidneys or bladder.

Don't wait for Don's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Don's give happy relief and will help the 15 million of kidney troubles flush out poisonous waste from your blood. Get Don's Pills.

Dale of Ord and the county chairman of North Loup were present to help the local officers plan a program for the remainder of the year. Mrs. S. S. Mettenbrink was elected local chairman of the Extension clubs of Arcadia.

**Banquet Friday Evening**  
The Junior-Senior banquet was held Friday evening, May 9th in the basement of the Methodist church. The dining room was decorated with black and silver streamers which are the Senior class colors. The numerals 1937, were made of American Beauty roses class flower, and placed against a background of light and dark green lattice work.

The theme of the banquet was "An Old Fashioned Garden" with three large tables placed in the form of a triangle, in the center of which stood a small table with a beautiful garden scene of miniature garden furniture, small lattice work and dolls made of crepe paper seated in the tiny chairs.

Each nut cup represented an old fashioned flower with the placard in the form of a booklet with an American Beauty rose on the cover and containing the program, menu, the Junior and Senior officers, faculty members and the waitresses and waiters.

JoAnn Meyers, president of the Junior class acting as toastmaster, gave a talk, "Open the Garden Gate", Gene Cox, "Close the Garden Gate", Florence Sell, "Our Garden Walls", Rita Benson-

"Flowers in Our Garden", Ben Wall—"Rocks We Have Moved", Don Woody—"Seed We Have Planted", Superintendent Bugbee—"Leaves We Have Raked". Following the banquet they went to the High school auditorium for the Prom.

A large circle of roses was hung from the center of the auditorium ceiling from which streamers, ranging from white to dark blue, formed the sky. In the corner of the room was a garden, surrounded by a rose twined picket fence. In the garden was a wishing well, lawn chairs and statues of an old fashioned couple. The senior class motto, "He Who Looks Behind Makes No Progress" in large black and silver letters, covered the front of the stage.

As Mrs. Erickson played the march "Pomp and Circumstance", JoAnn Meyers and Don Woody followed by the flower girls, Linda Swanson and Caroline Brown and the page boys, Jimmy Tuning and Denny Beeline led the queen, Dawn Bellingier, and the king, Gene Moody and their attendants, Maxine Miller and Gene Cox to the throne where they were crowned. The sextette then sang, "Lilacs in Bloom", followed by a dance of the waitresses and waiters. The waitresses dressed in old fashioned dresses were, Rae Jean Bossen, Donna Greenland, Janie Gates and Shirley Owens. The waiters dressed in dark suits were Allen Collier, Dean Woody, Louie Rasplicka and Raymond Dalby. The remainder of the evening was spent dancing.

**Baccalaureate Service**  
Baccalaureate services were held in the High school auditorium Sunday evening, May 11th, with Rev. Ray McColley of the Balaora church delivering the sermon. Invocation was given by Rev. C. A. Busby, a solo by Alysie Burt, music by the girls sextette and the Professional and recreational was played by Mrs. Kermit Erickson.

## ANNOUNCEMENT!

The local Fort Hartsuff financial committee, with John Haskell as chairman, has decided to make their organized solicitation for funds, starting Monday, May 19th.

The general plan is to complete the fund in May and June with each community choosing the time most convenient to them.

Recent encouragement indicates that it has a very good chance of becoming a National Park.

Contributors to this worthy project will receive a suitable certificate of recognition.

The proposed general plan of reconstruction is to make a public recreation grounds and suitable place for youth organizations such as Boy Scouts, Camp Fire Girls and others to go camping.

Mail Coupon to C. J. Mortensen, Ord, Neb., or your community chairman, listed below:

Guy Fletcher, Taylor; B. W. Wagner, Burwell; John Haskell, Ord; Lester Norton, Elyria; Roy Hudson, North Loup; Henry Bredthauer, Scotia; Kermit Erickson, Arcadia; Edd Krikoe, Comstock.

You may make a pledge to be collected later or enclose check. Suitable certificate will be issued as soon as available.

Corn Planting on Normal Schedule, Grain Men Report

Late Spring Delayed Start but Recent Weather Favorable; Last Frost May 7.

After a slow start due to the cold, late spring, corn planting in Valley county is very nearly back on normal schedule, believe C. C. Dale, county agricultural agent.

Given good weather the rest of this week he believes planting will be on a normal basis by May 25.

Mr. Noll points out that at least ten days remain for profitable planting of the early varieties of hybrids.

Both Dale and Noll agree that the season is most favorable to give corn a good start and that plenty of sub-soil moisture now in the ground will assure a fine crop if summer rains come as needed.

Wheat Looks Good Both men are impressed by prospects for a good wheat and rye crop also.

Not so favorable are prospects for oats and barley. Acreage of both will be small because of the late spring but farmers who did succeed in seeding oats and barley should profit by a wonderful crop, on the basis of present prospects.

Sweet clover acreage seeded was below normal, but alfalfa seeding was about as usual, Mr. Noll says.

Alfalfa Season Starts With completion of corn planting farmers are beginning to turn to work in the alfalfa field and under way this week is getting cutting of the first crop.

Horace Travis, government weather recorder, says 1947 moisture to date totals 5.55 inches as compared with a 2-year average of 8.92 for the first five months.

A heavy rain before the end of May might bring this season up to average, he points out. Total rainfall in 1946 was 26.65 inches, much of which came late in the fall to put the sub-soil in fine condition for spring operations.

May Frost—Free Last frost this spring came on May 7, he says, and it was so light that no apparent damage was done, even to fruit.

In general crop prospects in Valley county are the finest they have been in any season since care for the drought years in the opinion of Bob Noll and others who observe such things carefully.

Services Held At Mira Valley For Henry Geweke

Prominent Farmer & Livestock Man Died at His Home May 12.

Funeral services were held Friday afternoon at the Mira Valley church for Henry Geweke, prominent farmer and livestock man.

Rev. Warren Studer officiated. Three musical numbers were rendered by a men's quartet, composed of four cousins of Mr. Geweke, Harry Foth, Orel Koelling, Reuben Cook, and Harold Koelling, accompanied by Mrs. Wilma Cook.

Burial bearers were George Bremser, Howard Cook, Richard Fricke, Paul Zentz, Martin Fuss, Edwin Lenz, Will Foth and Walter Fuss. Honorary pall bearers were Thomas Lindley of Omaha, Ted Carpenter of Grand Island, Duane Williams of Arcadia, Roy Warden of Burwell, Verne Robbins, Joe Dworkak, Jack Haskew, Crawford Mortensen, M. B. Cummins and Joe Osentowski.

Henry Herman Geweke, son of Henry and Augusta Geweke, was born in Mira Valley, Dec. 9, 1893, and passed away May 12, 1947, at the age of 53 years, 5 months and three days.

Shortly after he was born, the Gewekes moved to Olean where Henry spent ten years of his youth. The family later moved back to the Valley where they built the farm home which he lived in until his death.

Through his business activities he was widely known. He did an intensive livestock business. During his life he had an enviable gift of driving, away from his social attitude. He was a cheerful supporter of every good enterprise, giving liberally to them all, including the church where he held his membership.

In passing he leaves to mourn his wife, Eva, and two stepchildren, his mother, Mrs. Augusta Geweke, and one brother, Archie, and family, in addition to a host of relatives and friends.

Memorial Day Program Planned Navy Captain to Be Guest Speaker at Memorial Services.

Capt. Chauncey D. Crutcher, commanding officer of the Naval Ammunition Depot at Hastings, will deliver the Memorial Day address at the Memorial services to be held here next Friday morning.

Ord's observance of Memorial day will begin with the parade to the amphitheatre at the Ord City Cemetery, led by the Ord high school band, and followed by members of the American Legion and the Veterans of Foreign Wars.

Also participating in the services will be the firing squad and Ord's new 75-voice Community Chorus which will sing "Land of Hope and Glory" from the Pomp and Circumstance March.

Members of the D. A. R. will conduct their usual services, following which Capt. Crutcher will deliver the address of the day.

Closing the ceremony, the Community Chorus will sing "The Star Spangled Banner", accompanied by the band.

Diplomas Given to 52 Seniors Mon. Evening

Awards Presented to Joyce Achen and Paul Laurson.

"The mark of an educated man is the ability to discriminate," Nebraska's Governor Val Peterson told members of the Ord high school senior class at commencement exercises here Monday evening.

The Governor told the 52 seniors who received their diplomas: "I have three wishes for you. They are, that you learn to suspend judgement until all the evidence is in; that you will be willing to learn the truth regardless of the consequences; and lastly, that you can learn to be graceful about accepting the truth that change is natural and change is inevitable."

Governor Peterson was introduced by Ralph W. Norman, the chief executive was in Ord only a short time, arriving and departing by plane.

The musical prelude and the processional, "Triumphal March," were played by the Ord high school band under the direction of William Nelson.

### Seniors Hold Class Night Program

#### Senior Week Activities Began With Sunday Evening Services.

Highlighting the class night program which was held by Ord high school's seniors Tuesday evening at the high school auditorium, was the announcement of Joyce Achen as the winner of the Business and Professional Women's Club Award, and Paul Laursen, the winner of the Haskell-Melia award.

Laursen and Miss Achen have taken virtually all honors which are awarded annually to the senior class. Mrs. Viola Kellison, president of the B. P. W., made the award to Miss Achen, and John Haskell presented the award to Paul Laursen.

Selection of the B. P. W. award winner is based on school experience, scholastic record, service to school organization, and personality. Presentation of the Haskell-Melia award winner is based on scholastic and extra-curricular work, character and exceptional leadership.

Miss Achen also presented the valedictory address to the class night program, while Laursen gave the salutatory.

The class history was read by Martin Piskorski and Shirley Anderson, and Verda Munn presented the class philosophy. Jim Fafaita recited the class motto.

Special music on the program was furnished by a senior girls' group, a senior boys' group, Eldon Foth, Virginia Kapustka, and Jack Koll.

Fined For No Drivers License Richard Nelson, 15, appeared before Judge John L. Andersen in county court Thursday morning and pleaded guilty to a charge of operating a motor vehicle without a driver's license. Nelson, who was arrested by Sheriff Bob Hall, paid a fine of \$1.00 and costs of \$6.00.

**North Loup Honor Students**

Three high school seniors were honored Thursday evening at the commencement exercises at the Seventh Day Baptist church when Supt. A. I. Friesen presented Ramona Mitchell with a Regents scholarship, announced Leland VanHorn as alternate and Joan Clement as receiving honorable mention.

**RAMONA MITCHELL**

Ramona Mitchell was also valedictorian of the class, earning in the four years of her high school, 336 A's and 4 B's. She was awarded a scholarship good in any of the church colleges in the state of Nebraska and plans to attend Wesleyan at Lincoln in the fall. After two years there she will enter another school, probably Northwestern University, for a course in journalism. The daughter of Rev. and Mrs. Samuel Mitchell, Ramona attended high school at Deaver City, Nebr., her freshman and sophomore years. She was a member of the Crystal and Annual staffs.

Leland VanHorn is the son of Mr. and Mrs. Lloyd VanHorn and has received all his twelve years of education at North Loup. He does not plan to attend college at present.

Joan Clement is the daughter of Mr. and Mrs. Hugh Clement and has also been a North Loup student for twelve years. June 1st, she plans to go to Grand Island to work as a nurse's aid in St. Francis hospital and hopes to become a trained nurse.

**PHYLLIS BABCOCK**

Phyllis Babcock, daughter of Mr. and Mrs. Erlo Babcock was salutatorian of the class and was awarded a scholarship good in any of the state normal schools. But Phyllis has already made plans to attend Nebraska State University where she will major in home economics. This week she was happy to receive word she has been chosen as a resident of Loomis residence hall. A member of the Crystal and annual staffs, she was active in music and dramatics. To Joan Earnest, who won the medal for outstanding commercial work, went a scholarship good at Norfolk Junior college, as third in the class in scholarship.

**Farm Bureau and Women's Club Make Movie Survey At Palmer**

In a survey taken by the Farm Bureau and the South Side Women's club at Palmer last month, members of the two organizations classified radio programs and movies as to their suitability for a child audience.

First on the survey of programs unfit for children was the Inner Sanctum program with its weird, eerie, frightening noises.

Second, the major murder mysteries which include Mr. and Mrs. North, The Thin Man, Mr. District Attorney, etc. According to a Woman's club official these programs all deal with murder and death, and though they may try to show that crime doesn't pay, they are certainly hard on the emotional side of children's nature.

Third on the list was the group of radio programs that are intended for comedy but verge so closely on vulgarity. Children are quick to pick up phrases, sayings, etc.

Among the programs recommended for children were:

"Let's Pretend," a program that dramatizes the old fairy tales.

Ranking second on the list were the family programs that deal with family life, its complexes and humor such as "Henry Aldrich," "Fibber McGee and Molly," and the Dr. Christian plays.

Religious programs were listed in third place.

Mrs. Paul Aschewege, co-chairman of the Associated Women of the Farm Bureau, said that good musicals were first on the list of movies recommended for the younger generation.

Drawn by advertisement of a "special" price on shoe repairs, a young man took two pairs of shoes to a cobbler, in a downtown department store. A sweet young thing was the clerk. "May I help you, please?" she asked politely. "I want these shoes half-sold," the man said. The girl took the shoes, gave him a claim check and then left him standing open-mouthed with this inquiry: "And do you want good leather or do you want our special?"

A reporter for the Clara City Herald, a weekly newspaper at Clara City, Minn., telephoned Mayor John Barney and asked, "Any news today, Mayor?" "Yes," shouted Mr. Barney. "Hurry! Call the fire department! My house is on fire!" The reporter relayed the report to the fire department and firemen raced to Mr. Barney's home and extinguished a blaze on the roof.

Police at Springfield, Ill., sought a dissatisfied customer who suddenly fled from a Springfield department store without exchanging the shoes she complained were too large. Clerks checking the sale said the woman had a lot of nerve in the first place. The shoes turned out to be a pair which had been stolen from the store a few days previously.

**Called Off**  
Mr. and Mrs. Floyd Chatfield announce that the marriage of their daughter, Wilma Hazel, to Mr. Harry Hopkins, will not take place.

**Berniece Parkos Wed To William Adams**

At a solemn nuptial high mass celebrated by Rev. Thomas Siodowski Saturday morning, Miss Berniece Parkos, daughter of Mr. and Mrs. John Parkos of Ord, became the bride of William David Adams of Omaha, son of Mr. and Mrs. Mart Adams of Kansas City, Mo.

The bride was attractively gowned in white organdy and satin. Her satin bodice was topped with a brocade design and a round neckline with an organdie inset. The long leg omignon sleeves were also of satin. The skirt was of organdie over satin, and fell into a long train. The lace trimmed, fingertip-length veil fell from a coronet of seeded pearls. The bridal bouquet was of red carnations.

Attending the bride were her sister, Miss Dorothy Parkos, and a cousin, Miss Margaret Blaha of Omaha. Miss Parkos' gown was of pink satin with a shirred bodice and full skirt. Miss Blaha's gown was fashioned in the same style in pink nylon. Both bridesmaids carried colonial bouquets of pink carnations and white daisies and wore coronets of pink carnations in their hair.

Serving as attendants for the bridegroom were Leo Blaha of St. Paul, and Clayton Blaha of Grand Island. Both are cousins of the bride.

A reception honoring the young couple was held at the Knights of Columbus Hall at five o'clock, with a wedding dance at the Ord Bohemian Hall later in the evening.

Miss Parkos has been employed in Omaha at the Monarch Life Insurance Company, and her husband, who served three years in the merchant marine, is now working as a stationary engineer at Glaser's Provisions in Omaha. They will make their home in Omaha.

**Engaged To Arcadia Man**

**HIS FAVORITE STEW is always perfect with SAFEWAY MEAT**

Every man enjoys a good old-fashioned stew. He may sing the praises of the more expensive steaks and roasts, but just watch him go for a savory stew made with tender, juicy meat from Safeway. Safeway meat can lift a stew out of the ordinary—make it a dish you can serve with pride. This is because even the thrifty cuts at Safeway come from just the top grades—because they, too, carry Safeway's money-back guarantee of complete eating satisfaction. So for a stew at its very best, make sure the meat is from Safeway.

### Blaine County to Retain Brewster as County Seat

Blaine county voters' Tuesday decision to keep their county seat at Brewster.

A proposal to move the court-house from Brewster, population 55, to Dunning, population 267, failed to receive the required 60 per cent approval of the voters.

Returns showed 346 votes for Dunning and 313 for Brewster with 71 mail votes still to be counted. In view of the 60 per cent requirement the outcome was not in doubt. Brewster has been the county seat for 60 years.

Neighbors and friends of Mrs. Lloyd Waller have helped with her farm work which was delayed when Lloyd became sick and later passed away. Tuesday they finished planting the corn. Men who helped with the plowing and planting were Russell Barber, Wayne Cook, Marion Tucker, Vicland Stillman, Hillis Coleman, Vic Cook, Paul White, Richard King, Arthur Otto, Wayne Barber, Jim Scott, Elwin Boyce, Gilbert Babcock, Carl Stude, Don and Harry Waller, Harry Houghton, Mrs. Harry Waller, Mrs. Carroll Annayas and Betty Jo Veleba helped prepare and serve dinner for the men.

The North Loup Saddle club will hold another gymkhana on their polo grounds in the southeast part of town Sunday afternoon at 1:30. Mr. Scoopes will be down from Ord to take some pictures and anyone else wishing to take pictures will be welcome to do so. All members of the club and anyone who wishes to are urged to attend.

A meeting of the North Loup band is being held Wednesday evening in the music room at the school house to get some plans made for a summer band and make plans for Memorial Day. Cliff Hawkes will be leader while Mr. Babcock is away.

Would the party that borrowed asbestos siding cutter belonging to Sam Luning Co. please return. Need the use of it. Fred Clark. 8-1tp

### 1922 Ord Hi Grads Expected May 30th

Several out-of-town members of the Ord high school graduating class of 1922 will return here for the 25th anniversary reunion of the class Friday evening, May 30, according to Mrs. Opal Burrows, the class secretary. This is the evening of Memorial day and the class members and their wives or husbands will have dinner to-

gether at a local cafe, followed by a short program. Definite announcement as to place will be made next week. Those 1922 graduates who live in the Ord vicinity are asked to notify Mrs. Burrows at once whether they will or will not be present, so it may be known how many to plan dinner for. —Mr. and Mrs. Ralph Stevens were business visitors in Grand Island Saturday.

### Tractor Rolls Over, Runs Over Driver

Frank Bratka, 23, who lives seven miles north of Elyria, escaped with severe bruises Saturday when the tractor he drove, got out of control, rolled over, and landed on its wheels. With motor running and still in gear, the tractor drove over him, the front wheels passing over his body. Bratka jerked his head out of the path of the rear wheels which removed his hat. He then arose, caught the tractor and drove it home for medical assistance.

### Airport Dedication Committee to Meet

Apking, Gene Barnett, Ellis Carson and Dr. Blessing.

## Ord Livestock Market

announces its offering for the regular weekly sale

### Saturday, May 24

Sale Starts Promptly at 1:30 O'clock

The market was very strong last week on all classes of stock. We had a pretty fair offering but not enough to go around. If you have anything to sell in the stock line, now is a pretty good time to sell. The offering this week looks like the following:

- #### CATTLE
- 55 small calves
  - 22 head of 650-lb. whiteface steers that are good
  - 32 head of yearling heifers
  - 15 cows
  - 8 cows with calves by their side
  - 4 extra good milch cows
  - 4 good breeding bulls

- #### HOGS
- 155 head of weaning pigs and heavy feeder shoats
  - 8 sows to farrow this month
  - Several breeding boars

- #### HORSES
- 8 head of good farm horses
  - 1 good young saddle mare

- #### MISCELLANEOUS
- Emerson 2-row tractor hitch, several other pieces of machinery.
  - 1941 Chevrolet 1/2 ton pick-up with five good tires; 1935 Plymouth four door sedan with four good tires. Both vehicles mechanically perfect.
  - Be sure and read the Aulse Motors sale bill for their closing out sale, Monday, May 26.

## Ord Drops Second By 13 to 5 Margin

Mason City Was Impressive In Easy Win Sunday; Bow Team Coming Here.

Ord dropped its second Loup Valley league game at Mason City Sunday by a 13 to 5 score, the game being called at beginning of the eighth inning because of rain.

The local boys got off to a good start and scored twice in the first inning on hits by Furtak, Christensen and Barnes and a walk given to Fox, but Dahlin and Rich struck out to end the scoring. In their half of the same inning Mason City bounced back to score six times on five hits, a walk and an error and took a lead that proved big enough to win the game, though they went on to tally 8 more times in later innings "just in case."

Billy Anderson was Ord's starting pitcher and after that shaky first inning did well. He was succeeded by Johnnie Hannah, who never got the plate located, and Campbell pitched good ball to finish. Anderson was charged with the loss.

Mason City came up with an aggregation of experienced players including three Cox brothers and they made Ord's team of youngsters look bad by comparison. Ord made 7 hits to 13 for Mason City and looked poor in the field, though the official scorer only charged 4 errors against them.

Next Sunday the Broken Bow boys play on the Ord field. Manager Covey is working his team hard in practices this week and hopes to put a stronger team on the field for this game.

Box score of Sunday's game:

## Pop Corn Contracts

We still have about 50 acres of Dwarf Hulless Pop Corn contracts to place and 125 acres of Hybrid White Hulless. It is getting a little late for contracting but we would like to place this acreage and if you are interested come in at once so we can get the seed. This White Hulless is an early maturing corn and has done very well in this section. These contracts are with The American Pop Corn Co. and The Albert Dickinson Co. and you will be safe in writing contracts with these two old popcorn companies.

## Forage Seeds

Forage seeds are high and scarce this year. However we do have good stocks of all kinds and will take care of you on high testing high quality seeds. You may be assured of the quality of our seed. We would like to book your order now for future delivery if you are not ready to take your seed at this time.

## Nitrate

It is very hard to get delivery on Nitrate but last reports our car was to be loaded the last of the week. To those of you that have orders we will phone you when car arrives. We are now booking orders for Nitrate for delivery next fall. With the fertilizer situation as it is we will have to take early delivery if we get the amount wanted. This year we have had to not accept many orders as it was impossible for us to get delivery on the Nitrate that we had booked. Let us have your tentative order now.

## Grain

Grain markets have advanced quite a lot the past couple of weeks and we are in the market for any grain that you have to sell. Let us make you an offer if you are needing corn, oats, or barley for feeding, let us quote you prices on these grains delivered to your farm. When harvest arrives kindly remember that we have trucks available for hauling your grain from the machines and that since we have loading facilities on both Burlington and Union Pacific that we will be in position to give you very good service on the grain that you have for sale. You may be sure that our price is in line with terminal markets. We have new Fairbanks Morse truck scales and our Track Scales have just been taken care of by a factory man so our weighing facilities are the best.

## Baby Chicks

We are still selling quite a lot of baby chicks for summer delivery. Hill expects to hatch thru June and if you need chicks let us place your order. We can get them on short notice.

## PEONIES

for Memorial Day

Last week the best information that we could get was to the effect that the Peonies might not be obtainable at all. But the weather has been a little more favorable this week and in talking with the growers Tuesday of this week it looks as if we might have a limited amount of good quality of peonies. We will book orders subject to getting what we have promised with the understanding that there is a possibility of not getting too many. Orders will be filled in rotation for mixed colors.

On other flowers we will have good supplies of Gladiolus, Carnations, Roses, Calla Lilies, Daisies and other mixed flowers. We will appreciate your early orders and will do our best to fill them as requested.

## Blooming Plants

We will have a limited supply of blooming geraniums, petunias and pansies. We will have some nice arrangements potted up just right for decoration for your cemetery lot.

We wire flowers anywhere

## Noll Seed Co.

Florists

We will pay 10¢ a pound for good clean cotton rags, no overalls or Leno curtains.

Better Business Bureau Issues Warning Against Racketeers and Linen Salesmen.

The Better Business Bureau has issued a warning against the racketeers and phony linen peddlers who usually make their appearance around this time of the year. Ord residents are asked to be on the lookout for these travelers and report them to the Chamber of Commerce.

This is the way they work. Claiming to be roofers who have just completed a job in the neighborhood, the racketeers tell the housewife that they have noticed that the gutters need repairing and inasmuch as they already have their equipment in the vicinity, they will do the job for a fraction of the price which ordinarily would be charged. They assure her that it will cost only a few dollars.

After slipping on a few brushes of cheap paint on the gutters and wasting a lot of time, they present a bill for as much as \$25.00, and become sullen and insulting if refused. They usually settle for a great deal less, but the amount they collect is far more than the job was worth.

The women who accompany these racketeers also work from house to house showing linens and laces which they claim are hand-made imports from Ireland or Canada. They say they have a great deal more in customs and that it is necessary for them to raise some money in order to secure the merchandise. They then offer the linens and lace as security on loans of money and state they will return for the goods as soon as they can obtain the rest of the merchandise from the customs.

The victims are under the impression that the linens are worth many times what they "lend" to the peddlers, hand over the money and that will probably be the last time they'll ever see the "borrowers", according to the Better Business Bureau.

Investigations disclose that the merchandise is machine-made and worth less than the "loan."

If approached by an itinerant salesman with any such proposition, investigate before investing.

## Rural "Free Delivery" Proves to Be Expensive For a Writer On a Farm

The following story of the misadventure of a staff writer of the Dayton, (Ohio) Herald of April 21 is very heartrending and may set the R.F.D. back twenty years.

"On Oct. 1, 1916 I wrote a story all sweetness and light about the 50th anniversary of Rural Free Delivery.

Last week I stuck up my mailbox on R. R. 1, Clayton, and now I report that Rural FREE Delivery is not free but very expensive. After one day of service Rural Free Delivery had cost me \$51.30 and the expenses are still multiplying by leaps and bounds. Almost \$55 for one days mail with 353 days a year!

Just in case you believe that figure was pulled from thin air here is an itemized expense account which I would willingly notarize if someone could lend me a buck.

ITEMIZED EXPENSE ACCOUNT  
Mail box (aluminum) . . . \$ 2.01  
Black paint . . . . . 59  
Paint brush . . . . . 35  
Labor . . . . . 5.28  
Mileage (business only) . . . 2.47  
Band-aid and iodine . . . . . 07  
Bill . . . . . 30.00  
100 baby chicks . . . . . 12.50  
Finding the mailbox was the first headache. You can't just put up any hunk of box for Uncle Sam's servant. I travelled to three neighboring towns before I found what I was looking for, gleaming in silver paint, complete with little red flag and approved by no less a person than the postmaster general.

Back at the farm I started out economically enough on the construction job with a salvage 4x4 and rusty nails. First there was the excavation for the post. Not being willing to work for a common laborer's salary (\$1 per hour) I put myself on carpenter's scale (\$1.75) throughout the project. I held labor costs down on the initial installation but then the foreman with skirts came along and vetoed the 4x4 post. So the mailbox came down and then went up again this time perched on a rustic tree limb (Cutting down the tree added almost \$1.75 to labor expenses and also brought the first aid item into the budget.

The mail box up and boldly inscribed with name and number, the project seemed closed. But it was only the beginning.

First there was a trip (23c) to Clayton to tell the postmaster we were ready to receive the U. S. mail. Two days later there was another trip (23c) to find out why no mail.

Then the mail came, and it not only marred an otherwise pleasant day but threatens to shape the entire future.

I wasn't there when it happened but the wife received the initial delivery, a long-forgotten bill for \$50 and a poultry farm postcard advertising baby chicks for sale.

## Less Than Third of Nation's Farms Are Operated by Tenants

According to 1915 census figures, farm tenancy has declined sharply during the last five years. Less than a third of the farms are now operated by tenants—only 32 per cent. This compared with nearly 39 per cent of the farms being tenant-operated in the 1910 census.

In the 1920's when increasing tenancy was causing considerable concern; farm tenancy was as high as 42 per cent. The southern states led in tenancy with 40 per cent followed by the northern states

with 25 per cent, and the western states with 15 per cent. An official of the bureau of agricultural economics points out that war conditions were favorable to decrease of farm tenancy. Young men who would have been likely to start farming as tenants went to war or into industry, and many small tenant farms were added to larger farms operated by owners who were able to care for more land because of mechanization. In some cases, tenants who prospered on farms during the war years, were able to buy their farms.

## Hydro Properties Will Be Sold

Custer County District Announces Sale Will Be Consummated May 22.

The Custer County Public Power district has announced that its Doris lake hydroelectric properties west of Sargent will be sold May 22. The board of directors organized the sale recently and have advertised for sealed bids.

The Doris lake set up includes real estate, buildings and a generating plant. Custer county Public Power district directors reserved the right to reject any or all bids. The sale is subject to final approval of the REA.

The property consists of a diversion dam on the Middle Loup river west of Sargent, which diverts water into a canal leading to a turbine generating plant. Accumulation of sand and silt in the canal has always posed a maintenance problem. In cold weather ice has piled up at the generating plant, the plant has operated regularly, but has not been considered a dependable source of power.

The Doris lake property was declared surplus after the Custer county district received power transmission facilities from Platte valley sources.

## Washing Machine Battered After Fall From Moving Truck

Former Ord resident, George Dworak, who is now owner of the IGA Food Market in St. Paul, has been having washing machine trouble. When the Dworaks were moving their household goods from Ord to St. Paul, Mr. Dworak borrowed a semi-trailer from Roman's Transfer.

When he reached North Loup with his furniture, George heard a noise in the back of the truck and went to investigate. He found that the wind had opened the doors of the trailer and the washing machine had fallen out. Going back along the road, he discovered the much-battered washer just two miles from Ord.

**SELF-CLEANING HOUSE PAINT**  
is still available

the paint that cleans itself

1 Starts White - Stays White  
Why is Du Pont House Paint so brilliantly white? Because it's made with titanium dioxide, the pigment that's even whiter than snow! This paint stays white too, because—

2 It's Self-Cleaning  
Du Pont House Paint is so formulated that, as time goes by, a microscopically fine white powder forms on the surface. Heavy rains wash this powder away, taking dust and dirt with it, and leaving the surface clean and white again. (Excessive accumulations of dirt, particularly in sooty industrial communities, or in heavily shaded locations, may delay or interfere with this process.) Because this "self-cleaning" is gradual, the wearing qualities of the paint film are not abnormally affected.

3 Guards the Surface  
Forms a beautiful, durable coating that protects against rust, rot and decay. Available in white and popular tints. When you paint your house, use the paint that gives it both lasting beauty and lasting protection.

4 Costs Only . . . . .  
Du Pont Self-Cleaning House Paint costs no more than other good paints. We can recommend a reliable painting contractor.

### Applications For Rental Housing Speeded Up, Says State Director

During the first quarter of 1947, applications for mortgage insurance in the total amount of \$273,000 on 35 rental housing units were received in the Omaha office of the Federal Housing Administration, according to Holger Holm, FHA state director.

In releasing these figures, Mr. Holm stressed the efforts that are being made by FHA to speed the processing of applications for mortgage insurance. On large-scale projects, he said, there is necessarily a certain amount of detailed paper work. However, he pointed out that in order to save time the Washington office of FHA has delegated to the local insuring offices a considerable amount of discretion in making decisions and has instituted a number of short cuts in processing.

As a further means of expediting the handling of applications, Mr. Holm said, a number of insuring offices, including the Omaha office, have appointed Housing Project representatives who are available for consultation with mortgagors and sponsors of rental projects.

It is anticipated that the services of these representatives will be especially valuable on projects where the sponsor is new to this kind of undertaking and unfamiliar with detailed FHA requirements and procedures. Housing Project representatives, he continued, are prepared to render all possible aid to sponsors in seeing that their proposals are made in such form as to be acceptable for FHA processing. They will analyze tentative proposals and suggest changes where necessary to bring them into line with FHA regulations and will see that the information presented by sponsors is complete and that all documents are in order.

They will also study the formulating of the corporate structure set-up, the subdivision layout, building plans and specifications, contract documents and title policies.

#### PROTECT THE BIRDS

Our feathered friends got a good rest during the recent war. Everybody had something else to occupy their minds, and they left the birds alone. Then, too, there were no air guns made during the war, and the boys who might have used them had something else to do.

That is changed now, and these boyhood weapons are making their appearance again. In themselves they are harmless. The harm comes, as in many other cases, in the use to which they are put. To the owner of a new air rifle a target is a necessity. The usual circles on the side of the barn soon become too lame. A moving target is desired. The most enticing target is a bird flitting here and there among the bushes.

It is usually conceded that the English sparrow is the legitimate prey of these would-be Nimrods, since nobody likes them. But the trouble is that it does not stop there. One person does not like blue jays, another objects to the aggressiveness of the blackbirds, a third thinks the woodpeckers, yellowhammers and flickers should be exterminated because they try to save the trees by digging the borers out of them.

If the boys with the air guns were to listen to the pet peeves of everybody, and were lucky in their hunting, there would be very few birds left for us to enjoy. The only safe rule to follow is to re-

member that the birds are our friends, and as such, are entitled to our protection. Every kind of bird has some definite use, and without them this world would be a dreary place indeed.

So, the next time you feel an urge to shoot an air rifle, take a few shots at the owner of the place first, and see how he likes it. If he approves of you using him as a target, you may feel safe in shooting all the birds on his farm. The use of a gun is a privilege and carries a responsibility. Give our feathered friends a chance.

#### FAIR TIME IS COMING

This may seem rather early to talk about the county and state fairs, but as a matter of fact, talking about the fair is in order at any time. We spend a few days enjoying the fair while it is here, but those who take the fair seriously spend all the rest of the year getting ready for the next fair. Rome was not built in a day, and worth while exhibits are not drawn out of a magician's hat.

Somewhere in Nebraska today the grand champion is being developed who will be declared the best in the state at Lincoln next fall. That animal is being developed now, and has been under development all his life, with the ultimate goal of state championship in view. The days when winning stock could be developed in a few days are long gone. They are fed for years by men who have spent a lifetime studying the art of making champions.

In our own communities, as in every other in the state, we are seeing young people graduate from our high schools with diplomas, and we feel justly proud of them. What we see and approve is the completion of their education, in so far as the public schools are concerned. What we do not see, and do not think about, are the long years spent in the county school or the grade school, in preparation for that final hour of triumph.

A fair is an exhibition, and in the respect, our public school graduates are a fair in themselves, and we feel justly proud of them. The world loves a winner, and the world loves a good loser, the fellow whose best was not quite good enough. But the world has no use for the quitter, the fellow who says: "What's the use? I haven't got a chance!"

#### SOMEWHAT DIFFERENT

By John L. Ward

At the first meeting of the board of county commissioners, held Jan. 4, much of the accumulated business for the beginning of 1947 was disposed of. Then, as now, much of the time was taken up with the allowing of bills. Officers were appointed for the newly organized precinct No. 5, known as Calamus. For justices of the peace there were E. D. McKenney and W. J. Holliday. E. D. McKenney lived to a ripe age, and died in the last decade at Burwell. Holliday was a storekeeper at Calamus during the time the Fort was occupied by troops.

Road supervisor for Road District 7, also comprising Calamus precinct, was I. W. Stephens. Constables for the precinct were A. T. Morris and Elisha Shoemaker. At the meeting of Jan. 14 a quantity of official bonds were approved. Among them and among the officers' their makers' names should be Thomas Tracy, county judge, M. B. Goodenow, sheriff, Charles Badger, county coroner, P. Mortensen, county treasurer, and H. A. Babcock, county clerk.

I wish to state here that H. A. Babcock's first name was Herman, and not Herman, as it was incorrectly printed in the Quiz recently. I know I had it right, but the proof reader doubtless thought I had made a mistake. There never was a Herman Babcock in Valley county history. A. J. Greene told the board at this meeting that eight hundred dollars worth of property owned by him in Kansas, had been assessed to him in Valley county in 1873, and the board made a refund of the amount.

The next day, Jan. 15, Block No. 20 in Ord was selected to build the court house on Thursday, Jan. 20 was selected as the day to move the county safe to Ord, and everybody was invited to attend, and, presumably to help. It was voted to recompense W. D. Long for lumber destroyed in moving the safe. R. W. Bancroft and A. S. Adams were appointed to confer with the post commander in regard to bridge matters at Fort Hartsuff.

The county surveyor was ordered to survey Block 20 in Ord on Tuesday, Jan. 18. Due to the fact that he had been chosen, by election, no doubt to membership on the county board, the resignation of Mingson Combs as justice of peace in Precinct 4 was accepted. Feb. 10, the county clerk was ordered to make an accounting of the total indebtedness of Valley county to the board. The ambiguous statement appears that "W. H. Mitchell be appointed official paper, provided the paper is published every week, otherwise to forfeit."

April 4: "Now comes M. Coombs and takes his place on the board." It was ordered that the clerk petition the governor for 500 stand of arms. Apparently the fear of Indian raids was still in the minds of the settlers. It will be recalled that the Custer massacre occurred in June, 1876. It was resolved that the court house be accepted as far as completed, as the county is occupying the same. It was agreed to pay the county clerk \$270 for the present year.

J. H. Collins again brought in a statement from A. E. Tourzalin, land commissioner for the Burlington, etc., railroad, setting forth that the Burlington lands were assessed too high, and asking a re-

duction. This statement was filed for further consideration. On motion of A. S. Adams the county liquor license was raised from \$60, to \$500 per year.

The poll tax for Garber and Taylor counties was ordered struck off the tax list for the year 1875. Just what area these counties comprised is not definitely clear from the records, but it is presumed that they included the territory to the north and west of Valley county, and, not being an integral part of the county, it would not have been possible to charge the settlers there poll tax. A resolution was passed which required that the county clerk and county treasurer be at the court house every Monday morning after May first. Before this time any person wanting to find either official had to hunt for him, since there was no settled location for their offices.

The board met May 1 for settlement with Peter Mortensen, county treasurer, and found that there was on hand in all state funds, a total of \$33.80, and in all county funds, \$157.74. This was the best showing the office had made since the county was organized. May 22, a proposition from the Assistant Adjutant General's Department of the Platte to assist in the construction of a bridge across the river at Fort Hartsuff, was accepted as follows: "Wherever the citizens of Valley and Taylor counties furnish and deliver on the bridge site plank sufficient to cover said bridge and piling sufficient for its construction, the county commissioners will let the contract for the bridge." This reference to Taylor county indicates that it must have been territory to the north, which would be more interested in having a bridge than the territory to the west.

John Case was to circulate a subscription to obtain material for the bridge. At the June 5 meeting a petition dated May 22 for the Fort Hartsuff bridge was accepted and placed on file. It was agreed to let the building of the bridge by private contracting of a bridge to furnish the commissioners with a copy of the proceedings in regard to the building of the bridge. The statement of the Burlington relative to the value of their lands for taxation was not accepted.

The June 19th meeting found the commissioners passing a proposition to give the voters a chance to decide at the next general election as to whether they wanted to let lands in the amount of \$5,000 for the construction of a bridge across the North Loup river at Fort Hartsuff. It was further agreed that the contract for the bridge be let to John L. Means at a price of \$9.50 per lineal foot.

It was resolved that the unorganized territory north of Valley county be set off as precinct No. 6, and that unorganized territory west of Valley county be set off as precinct No. 7. Charles Badger was appointed county historian, in accordance with the governor's proclamation.

### Sweet Clover Adds 175 lbs. of Nitrogen Per Acre to Soil

Co. Agent Compares Sweet Clover With Commercial Fertilizer.

Many queries have been received at the office of Valley county extension agent, C. C. Dale, during the week concerning the comparison of commercial fertilizers with an application of manure or plowing under a crop of sweet clover. According to the county agent there has been considerable work done at the Ohio Experiment station in determining the amount of nitrogen added to the soil by sweet clover. It was discovered that sweet clover, in its first year of growth, if neither cut nor pastured, had added 175 pounds of nitrogen per acre to the soil on Nov. 1.

If pastured off so that the plants grew only two to three inches in height, the crop had added only 50 pounds of nitrogen per acre to the soil on Nov. 1.

If the crop was not pastured nor moved in the fall and plowed under the following spring, at various dates it added the following amounts of nitrogen:

Plowed under April 10, 180 pounds nitrogen per acre.

Plowed under April 20, 180

### 25 Traffic Fatalities In Month of March

The Nebraska safety Patrol reported Tuesday that there were 25 traffic fatalities in Nebraska for the month of March. March of last year showed 22 traffic fatalities. The March fatalities brought the 1947 total to 62 fatalities. Last year there were 61 fatalities for the first three months. They also reported that of the 25 traffic fatalities, five

were pedestrians. The tragic part was that three of these pedestrians were small children killed within a period of five days. They added that "warm spring days are an invitation to children to spend more time playing outdoors. Wise motorists will keep this in mind and regard every child as a human caution signal."

2 Hurt Critically as Huff Car Leaves Road, Rolls 200 Ft.

Sac Walford Taken to Omaha Hospital, Legs Crushed; Billy McMullen Hurt.

L. E. (Sac) Walford and Billy McMullen Jr., were critically injured, Mrs. Walford and daughter Elinore Hae were bruised and...

Huff, who during the war was a colonel in the army and directed truck maneuvers in this area, was driving the party back to Burwell after entertaining them in an Ord night club.

It is thought that Walford was thrown out of the car, which then rolled over on him for its course.

Young McMullen, fiance of Walford girl, suffered a dislocated and fractured hip, the bone protruding through the flesh, and also was in a state of concussion throughout Sunday.

Mrs. Walford and her daughter were less seriously hurt and were able to leave the clinic hospital Sunday afternoon, after treatment.

Mr. Huff was given hospital treatment at the Ord hospital. One arm was cut deeply and he suffered from bruises and shock but the injuries were said to be superficial.

The accident occurred on Highway No. 11, which is under construction, almost exactly on the Garfield-Valley line.

From Omaha now comes word that specialists there were successful in setting Mr. Walford's fractures and that he believes his legs can be saved.

Drive For Funds in Cancer Fight Totals \$280.93

All Are Eligible For the North Platte Cancer Clinic.

Total amount received in the 1947 drive for funds for the battle against cancer in Valley County was \$280.93.

Other recent contributions to the campaign were \$3.20 from the Ord Dancing Club, \$20 from the Nebraska State Bank, and \$20 from the First National Bank.

In speaking Mrs. Weckbach also announced that as soon as definite information is available, a list of clinics in this territory, in addition to the one at North Platte, will be announced.

There is no distinction as to the eligibility of residents of certain counties to receive services of the tumor clinics.

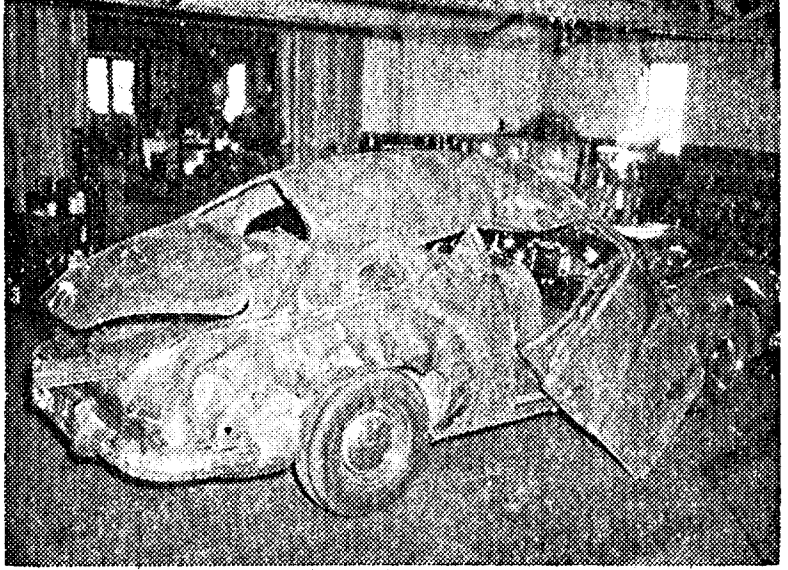

Ladies of the G. A. R. Hold Special Service

The Ladies of the G. A. R. held their usual memorial services at the Evangelical United Brethren church Sunday morning.

Other features were a salute to the flag, and a solo, "Hurry Old Glory," by Patty Brown, and a duet, "I Love My Native Land," by Mrs. Harsaw and Mrs. Trub.

Mr. and Mrs. Herbert Cushing of Kearney will be Memorial week end guests at the home of Mr. and Mrs. C. J. Mortensen.

Lack of Funds to Halt Engineers' Loup Basin Work

Irrigators Are Asked to Join Loup River Basin Association.

An appeal to irrigators in this district to protest the stoppage of work on the Sargent and Lillian projects and the Mullen Reservoir was made by B. Coonrad, secretary-treasurer of the Loup River Basin and Irrigation and Conservation Association.

The Association received notice last week that owing to the lack of funds, the reclamation crew working on the above projects have received orders to pack up and leave the basin.

He says there are two ways in which to act immediately to keep the engineers in the Loup Basin. The first of these, he declares is to write to Senators Kenneth S. Wherry and Hugh Butler and Representative A. L. Miller in Washington, D. C.

The second of these, states Coonrad, is to join the Loup River Basin Irrigation and Conservation Association, which recently employed counsel to help defeat the diversion bill.

Dues for the Association are listed as: individual membership, \$1.00 per year; municipality, commercial, county or state member organizations, rural organizations, clubs within the area, \$5.00 per year; irrigation districts built or proposed, ditch companies, canal companies, pumping plants as follows based upon acreage represented: 100 to 500 acres, \$2.50; 500 to 3,000 acres, \$5.00; 3,000 to 10,000 acres, \$10.00; 10,000 or more acres, \$15.00, all payable per year.

Some other officers of the association are: E. M. Black, Fullerton, president; L. P. Jacobsen, St. Paul, executive vice president; H. C. Kayton, Cedar Rapids, D. C., secretary; D. W. Doolittle, M. S. Dodd, Ord, and D. Roll, Anselmo.

Capt. Crutcher to Speak in Ord on Memorial Day

Community Chorus to Appear on Memorial Day Program.

Ord's observance of Memorial Day in honor of the nation's heroes who were killed in war, will begin at 10:00 Friday morning with a parade to the amphitheatre in the Ord cemetery, led by the Ord high school band.

Other organizations to participate in the parade are the American Legion, Post No. 38, Ord's Veterans of Foreign Wars, and Ladies of the G. A. R.

At the Amphitheatre a Memorial address and tribute to the dead will be delivered by Capt. Chauncey D. Crutcher, commanding officer of the Naval Ammunition Depot at Hastings.

Following Capt. Crutcher's address, the firing squad will deliver a salute to the dead, and Ord's new 75-voice Community Chorus will sing "Land of Hope and Glory," from the Pomp and Circumstance march. The ladies of the G. A. R. will conduct their usual services, and the day's program will close with the singing of "The Star Spangled Banner," by the community chorus, accompanied by the high school band.

Special features will be films of India and missionary work in Africa, in addition to colored slides of bible stories. An Achievement Day Program will be presented Sunday, June 15, at the Methodist church.

Electrical Crisis Facing Ord Until New Engine Goes

Present Demand Load Bigger Than Capacity; One Engine Down; Relief Soon.

Add headaches of the month: Those of Light and Water Commissioner George Allen and his crew to keep an uninterrupted flow of electricity to Ord consumers.

Sum these factors: 1. A new 1000 KW engine about ready to run, although installation is not yet complete.

2. A 500 KW engine idle with a burned out generator.

3. Two other engines with a total of 650 KW capacity running steadily but not quite big enough to handle the peak load of Ord when all the electric stoves, etc., are turned on.

4. Continuous bad weather which has taken the crew out of the plant time after time to make line repairs, etc., when they could have been working on the new engine or the damaged one.

5. A program of city sewers, street building, which Allen, as city engineer, must supervise.

Ask George Allen. A rather tired smile spreads over his face, "Well, it won't be long now, and I for one will be glad when it's over."

The Ord light plant has been faced with a steadily increasing load since the end of the war when a trickle of new electrical appliances came on the market.

And the load has crept up steadily, month after month. Every new water heater installed means an extra 250 to 300 kilowatt hours a month the plant must generate.

Every new stove—every radio—every washing machine adds to the load.

About a year ago the city placed an order for their new 1000 KW generator to take care of the increasing load, and also to provide current for the REA lines in this area.

Installation of this engine and generator is about complete, and Allen plans to use the engine this week as an emergency stand-by until his other large generator is repaired.

According to John Bates, representative of the St. Louis company which is installing the new Diesel, about 6 weeks work remains to complete the installation.

Several items such as exhausts are not complete, and the building itself still lacks a few windows, and a complete roof.

"But, it'll make juice and that's what we need right now," Allen states.

Ord's present peak demand load is running from 650 to 700 KW daily. The new 1000 KW generator will handle it easily by itself, and with use of the smaller ones will be able to handle REA demand for current when the time comes.

Tuesday night's storm gave Allen and his crew an special headache. The heavy clinging snow broke innumerable tree limbs over town, shorting and breaking wires, and the crew expects to be busy most of Wednesday repairing recurrent damage around town.

Legion Baseball Team Organized

Fafeita, Heuck, and Wolfe to Assist the Boys As Managers.

Ord's Junior American Legion baseball team was organized last week, and team members began practice. Acting as assistant managers of the team are Bill Heuck, Harry Wolfe and Frank Fafeita.

Bill Anderson is captain of the team. The Legion Juniors will play their first game of the season some time during the second week of June. According to Anderson, a number of last year's team members are back, and from all appearances, the Juniors should win most of their games.

Members of the team are Al Blessing, Jay Stoddard, Don Wozniak, Vern Wells, Ed Piskorski, Dick Toien.

Paul Stoddard, Ladd Cochrane, Virgil Witherax, Allan Blaha, Jack Waldman, A. Jensen, Merritt Jensen, Dick Nelson, Jim Kucera.

Richard Heuck, Bill Anderson, Bob Fuss, Richard Malolepszy and Kenneth Collins.

Ruth Applegarth Dies Sunday At Loup City Hospital

Services Held In Ord Tuesday For 29 Year Old Mother.

Services were held in Ord at the Hastings-Pearson chapel Tuesday afternoon for Mrs. Lawrence Applegarth, who died in a Loup City hospital Sunday afternoon of diabetes. Mrs. Applegarth had been ill a week.

Ruth Greathouse, daughter of Mr. and Mrs. Justin Greathouse, was born in Albion on Nov. 28, 1926. Shortly after her birth, the family moved to Valley County where she resided until the time of her death.

Ruth was graduated from Ord high school in 1944. On Feb. 3, 1945, she was married to Lawrence Applegarth.

She is survived by her husband, a four-month-old daughter, Vicki Lynn; her mother, Mrs. Geneva Greathouse; one brother, Leonard Greathouse of Ordland, Ill.; three sisters, Mrs. Hilda Blacker of Newman Grove, Esther Greathouse of Lexington; and Mrs. Stella Borge of Ord, Ore.

Funeral services were held at the Hastings-Pearson chapel Tuesday afternoon. There were 6 inches of snow on the ground in Alliance when daylight came Wednesday and the temperature was in the low 20s.

Rotary to Sponsor Big Recreational Summer Program

Cochrane Employed to Supervise Plan of Sports, Play, for Children.

The Ord Rotary club has decided to sponsor a two months recreational program for the youth of Ord and has employed Alex Cochrane, high school coach, as director. The program is expected to get under way about June 10.

All Ord boys and girls from the third grade up are eligible to be invited to take part in the program, which will operate 5 days each week from 9 a. m. to 9 p. m. Bussell park and the athletic field will be the center of recreational activity, though part of the events planned may be held elsewhere.

For the younger children there will be games and supervised play; for the older ones there will be athletic contests, hobby shows, etc. Boys and girls of high school age will play golf and tennis matches arranged and there will be other supervised activities for them.

It is hoped to take the older children to Grand Island or Kearney to swim at least twice during the two months.

Cost of the program will be in excess of \$400 and will be paid by the Rotary club out of its treasury as a contribution to community welfare. The Ord schools will cooperate through the loan of athletic equipment.

If the recreational program is appreciated this season it is hoped to make it an annual summer event. More complete announcements of the plan will be available next week.

Memorial Day Ball Game Is Scheduled

A baseball game in Ord has been scheduled for Memorial Day, Friday, May 30, according to Manager Bruce Covey of the local league team. Ericson and Ord will cross bats at the athletic field diamond at 2:30 p. m.

Ericson has a good team this year with Don Patrick as hurler. Ord is overdue for a win. Manager Covey says he probably will start F. E. Lehman, who has been showing promise.

American Legion to Elect New Officers

New officers for the coming year will be chosen Tuesday night, June 3, when members of the American Legion hold their regular meeting at the Legion hall.

May 28 Snow Storm Latest on Record, Does Big Damage

Electric Lines Go Down All Over City, Fruit Ruined by 29 Degree Cold.

A freakish May 28 snow storm, latest on record here, did serious damage to trees throughout the area, and interrupted electric service when lines were torn down by branches broken off by their loads of snow.

The 29 degree cold which accompanied the storm is believed to have caused heavy loss of fruit and certainly ruined tomato, and other tender vegetable plants. Damage to farm crops will be negligible, it is thought.

Greatest danger to wheat and rye is that clearing skies may bring a severe freeze. Several sections of the city had neither lights nor power, some sections had power but no lights and so it went all day as more branches went down and Manager George Allen had a crew of line men working all day making temporary repairs and telephone lines also were hard hit.

Worst immediate effect of the storm, so far as Ord people were concerned, was interruption of electric service. Several sections of the city had neither lights nor power, some sections had power but no lights and so it went all day as more branches went down and Manager George Allen had a crew of line men working all day making temporary repairs and telephone lines also were hard hit.

Total moisture up to 8:00 Wednesday morning was 1.19 inches, says Horace Travis. Light snow was still falling at that hour. Tuesday evening the temperature was 43 degrees; by morning it was down to 29.

Ericson reported a foot of snow while North Loup reported 2 inches with 85 of an inch of moisture. At the John Kokes farm on the sand flats 6 inches of snow and 24 degrees cold was reported.

The storm was wide-spread and was worse in western Nebraska where snow was falling about noon Tuesday. There was 6 inches of snow on the ground in Alliance when daylight came Wednesday and the temperature was in the low 20s.

Old timers here, searching their memories for similar May storms, remember that day but it became in the month as this. Jake Hoffman remembers a May 22 snow storm a few years before the first World War but is unable to recall what year it was. M. B. Cummins and others recall the heavy snow storm of 1930 which melted off early in the day. One of the most disastrous spring storms in history is remembered by Dr. George R. Gard, on April 29, 1903.

He recalls that a circus was billed for Ord that day but it became snowbound at North Loup and ate that village out of both human and animal provender before the Union Pacific rail line was opened so the circus train could get away.

Snow continued falling throughout Wednesday morning and at 1:00 p. m. Horace Travis said total moisture would approximate 1 1/2 inches for the 2-day period. There was no sign of a let-up in the storm at that hour.

WINS JUDGING HONORS

Leonard Kokes, who is a junior at the University of Nebraska College of Agriculture, was named the junior division of the annual crops judging and identification contest which was sponsored by the University Tri-K club. He also was named as fifth high individual in the dairy judging contest recently which was sponsored by the Varsity Dairy club.

Leonard is the son of Mr. and Mrs. Adolph Kokes of Ord, and a member of Alpha Gamma Rho, a national agricultural fraternity.

Many Ord Homes Dark and Frigid

"No heat, no lights, no telephone" was a common complaint Wednesday noon as Ord people, unable to cook at home, flocked to the cafes for noon meals.

There was no heat because many homes depend on electricity to operate stokers or oil burners; electric stoves and lights were off because power lines were going down faster than city linemen could repair them. Telephone lines were down in many sections of the city, and many were out of service because of short-circuits with electric lines.

The down town section, where some lines are in underground conduits and where there are no trees to fall under weight of snow, was least affected.

As the storm continued it seemed likely Wednesday afternoon that many people would go heatless and be in the dark that night. The situation seemed likely to get worse before it could get better.

### Miss Kuehl Wed at

#### Early Summer Scene

Carnations, peonies, iris and huckleberry banked the altar of the Methodist church in Ord Sunday afternoon for the wedding of Miss Luetta Kuehl and Oris Allen Hurlbert.

The bride's parents are Mr. and Mrs. F. H. Kuehl. Mr. Hurlbert is the son of Mrs. Anna Hurlbert and Ed Hurlbert.

Mums and lilies of the valley, tied with white ribbon lined the aisles, as Rev. R. T. Cordry performed the double ring ceremony at 2:00 p. m. in the presence of relatives and friends.

Miss Carolyn Auble sang, "Beloved", and "The Lord's Prayer" was sung by Hilding Pearson. Both were accompanied by Mrs. Glen Auble.

The bride's gown of sheer nylon was fashioned with sheer net and an off the shoulder yoke caught with clips of rhinestones, a gift from the bridegroom. Soft folds of the skirt fell to the floor. The three-quarter length veil fell from a coronet of flowers. A cascade of sweetpeas, lilies of the valley and moss fern, tied with pink ribbon, fashioned the bridal bouquet.

The bride's attendants wore dresses of the various rainbow colors in honor of the Camp Fire group of which Miss Kuehl was a member for several years.

After the reception, Mr. and Mrs. Hurlbert left for a honeymoon to the Black Hills, after which they will be at home at the Lewis apartment.

Out-of-town guests attending the wedding were Mr. and Mrs. Steve Swartz and family of Omaha, Mr. and Mrs. Claus Dahneke and Mr. and Mrs. Carson Kuehl of Millard, Mr. and Mrs. O. F. Rose and Mrs. John Weisnand and children of Kellogg, Miss Patty Achen of Chicago, Ill., Miss Reva Lincoln of Omaha, Miss Marilyn Long of Lincoln, Misses Loretta Achen, Carolyn Auble, and Charlene Munn of Hastings, Mr. and Mrs. Ivan Mattson of Kearney, and Mr. and Mrs. Dwight Johnson, Mr. and Mrs. Bob Jablonski and Mr. and Mrs. Ben Rose, all of Burwell.

Mrs. Henry Adams, matron of honor, wore pink and carried a colonial bouquet of carnations. The bridesmaids were Misses Patty Achen and Reva Lincoln. Miss Achen's gown was blue and she carried a colonial bouquet of pink carnations. Miss Lincoln wore yellow and her colonial bouquet was of orchid carnations.

The candlelighters, Misses Arlene Timmerman and Roberta Stoddard, wore blue georgette and satin dresses and carried white corsage bouquets with pink carnations. The flower girl, little Beverly Swartz, wore sheer white marquisette and carried a basket of rainbow colored sweetpeas. Ring bearers Phyllis Bleach and Denny Hurlbert wore white and carried pink roses.

Henry Adams and Lloyd Hurlbert served as the bridegroom's attendants, and George Cetak and Frank Misko were ushers.

Miss Marilyn Long had charge of the guest book and wore a gown of blue silver brocade. Her corsage bouquet was of pink carnations. In charge of the gift table was Miss Loretta Mae Achen, whose gown was of sheer pink and black.

A reception in the church basement followed the ceremony. Baskets of garden flowers decorated the reception room. Mrs. Fred Stoddard and Mrs. Carl Sorensen had charge of the reception table, which was set with white linen. The wedding cake, tall tapered and bouquets of sweetpeas formed the centerpiece. Silver service belonging to the late Mr. and Mrs. Neils Jorgensen was used.

Mrs. Dick Teague and Mrs. Bessie Treptow served the guests assisted by the Misses Betty Haight, Charlene Munn, Clarice Benn and Joyce Achen. Mrs. Albin Bartunek and Mrs. Will Zabloudi had charge of the gift table decorations. Mr. Warren Lincoln, Mrs. Leo Long, Mrs. John Koll and Miss Mena Jorgensen acted as hostesses for the guests.

After the reception, Mr. and Mrs. Hurlbert left for a honeymoon to the Black Hills, after which they will be at home at the Lewis apartment.

Out-of-town guests attending the wedding were Mr. and Mrs. Steve Swartz and family of Omaha, Mr. and Mrs. Claus Dahneke and Mr. and Mrs. Carson Kuehl of Millard, Mr. and Mrs. O. F. Rose and Mrs. John Weisnand and children of Kellogg, Miss Patty Achen of Chicago, Ill., Miss Reva Lincoln of Omaha, Miss Marilyn Long of Lincoln, Misses Loretta Achen, Carolyn Auble, and Charlene Munn of Hastings, Mr. and Mrs. Ivan Mattson of Kearney, and Mr. and Mrs. Dwight Johnson, Mr. and Mrs. Bob Jablonski and Mr. and Mrs. Ben Rose, all of Burwell.

### FLOWERS for Decoration Day

We will have a very large stock of Peonies and Carnations for Decoration Day. We have been very fortunate in obtaining a very large supply of both Peonies and Carnations, but Roses are rather hard to get a good supply. If you had planned on local flowers and find now that the storm has ruined them, if you will let us have your order early we feel that we will be able to take care of your needs.

We have a limited amount of blooming plants. And doubt if we will be able to get more of them. If you are interested in them phone and we will save them for you, as long as our stock lasts. We have a few small containers planted with blooming plants and ferns.

Sunday Game Results, Broken Bow 6, Ord 5. Burwell 3, Anselby 1. Arcadia 11, Litchfield 7. Mason City 8, Loup City 7. (reported.)

Inability to hit when hits meant certain runs spelled defeat for the Ord team in its third Loup Valley league start Sunday and Broken Bow took a 6-5 decision in a game that kept fans on the edge of their seats til the final out.

Ord out hit the Indians eight to six with Christensen getting 3 out of 4 times at bat, but fourteen locals were left stranded on the base paths during the fray. Each team made four errors.

Campbell started on the mound for Ord and pitched good ball til the sixth when four Broken Bow hits and a walk produced four scores. The other two tallies were made in the second on a walk, an error by Novosad and a single by Kleeb. In their half of the same inning Ord bounced back to take the lead with 4 runs scored on 2 walks, 3 hits and a Broken Bow error. Ord's fifth score came in the eighth when Christensen tripled and came in on Stull's single.

Billy Anderson pitched airtight ball the last 3 innings, giving away one free pass but allowing no hits and no runs. In the eighth he retired the Indians on four pitched balls, as batters grounding out to the infield.

Novosad and Jim Finley, back from college duties, added strength to the Ord team and Manager Bruce Covey is grooming Finley, a left hander, for use as a relief hurler when Anderson takes up Legion baseball after next Sunday.

This week Ord goes to Arcadia. The box score of Sunday's game:

## Pop Corn Contracts

All forage seeds have been very scarce this year and they have been high priced. We believe since we have had this storm that the demand will be far greater than the supply so we urge you, if you are going to need Sudan, Cane, Sorgo, Atlas, or any of the grain sorghums, that you will get your order in very early.

## Seed Corn

We have quite a few bushels of real good seed corn of an early maturing date. It looks as if there would be a very great demand for early seed corn and if you need some be sure to get your order in at once.

## Grains

The grain markets have been strong all week and probably with the storm of this week we may see higher markets the first of the next week. If you have grain to sell see us and we will be glad to make you an offer on whatever you have to sell. If you have corn to sell it might be a good time to move it before the hay season gets started. If you are in the market for grain let us make you a price on what you need delivered to your farm.

## Feeds

Reports from our customers prove that our poultry feed is making a name for itself that some offered. Our formula are not changed every few weeks to meet price conditions on some of the protein feeds but we hold to our regular formula regardless of the price of the ingredients. Another thing our feeds are always fresh and you do not pay for a lot of high priced radio advertising when you buy our feeds. If you are not one of our customers come in, try out a few bags, and we feel sure that you will be a regular customer.

## June 4th Special

For June 4th we are going to make a special price on laying mash, alfalfa and sweet clover seed. If you feed a laying mash take advantage of this special price and if you are going to sow any alfalfa or sweet clover in the next few weeks you can make a very nice saving if you will buy on June 4th.

## Hog Feeds

Now is the time to get those pigs weaned on a good Pig Starter, and we have one that will really do the job and please you. You can get your pigs weaned without losing all that baby pig fat and you will be able to get your pigs on an earlier market at around 200 lbs. As soon as they get a little weight if you will use our 40% Hog Supplement you will find that you will really put on the pounds of meat on your pig crop. If you prefer we can furnish you with meat scraps or tankage.

## Grain

Corn and barley have reached new high prices on this year's crop. We have purchased considerable grain this week. If you have wheat, corn, barley, rye or oats to sell, it will pay you to get our bids.

## SEED CORN

We do have a few bushels of Steckley's Nos. 10, 11 and 12 which are early corns. If in need of a bushel or two, call us on the phone at once.

## FEEDS

Prices of feeds have advanced along with grain and mill feed prices. We do have a few bargains for you.

- Yellow Corn, per bu. .... \$1.49
- Omar Egg Mash ..... \$4.10
- 40% Protein Hog Supplement .... \$4.80
- Bulk Crushed Rock Salt, per 100 .... 75c

Miss Joanne Barber Wed to Dale Jillson

In a 4:00 p. m. candlelight ceremony in the First Methodist Church at Kearney on Thursday, Miss Joanne Barber, daughter of Mr. and Mrs. Glenn D. Barber, of Vallejo, Calif., became the bride of Dale Jillson, son of Mr. and Mrs. J. M. Jillson of Dalton.

Organ music was by Mrs. Ed Miller of Kearney. Miss Neva Jane Harris of Axtell sang "I Love Thee" and "Because."

Wearing harmonizing suits of blue and rose, Miss Jessie Gilpin of Grand Island, and Mrs. Francis Bell of Oshkosh, lighted the graduated candleabra. Mrs. Henry Dress of Mitchell, was her sister's maid of honor. Her sky-blue crepe two-piece dress was pleated trimmed in self material. Her corsage was a solitary gardenia.

Appearing on the arm of George Binger of Kearney, Miss Barber chose for her dress a soft gray virgin wool suit accented by king-sized mother-of-pearl buttons. She carried two gardenias mounted on a white bibelot. Her hat was fashioned from white stephanotis.

Serving as best man was Donald Boyd of Superior. Robert Harris of Amherst and Robert Hayes of York were ushers.

In charge of the guest book was Miss Jean May of Hardy who wore a picture hat of white straw with her afternoon frock of black and white figured rayon.

Following the ceremony, Mr. and Mrs. Jillson left for Lincoln where he will enter the summer session of the University of Nebraska.

College of Pharmacy. Both Mr. and Mrs. Jillson were former students at Kearney State Teachers College, where she was a member of the 1917 graduating class. Mr. Jillson returned to the campus after 36 months service with the United States Coast Guard, having served 18 months in the South Pacific.

Mrs. Jillson was active on the campus holding memberships in Sigma Tau Delta, Delta Pi Beta sorority, Student Council, Press Club, A Cappella choir, was 1911 editor of the college newspaper, "The Antelope," served on the staff of the yearbook, and was a member of several all-college plays in addition to being a member of the radio staff at the college.

Out-of-town guests at the ceremony included Mr. and Mrs. Claude Barber, brother of Mrs. Jillson, Mr. and Mrs. M. J. Jillson of Dalton, Mrs. Paul Blessing of Ogallala, Mr. and Mrs. Odie Bell of Kimball, Mrs. John Meier of Oshkosh, Mrs. John Bachman and Mrs. Clarence Carlson of Campbell, Mrs. Richard Clark of Gibbon, and Wayne Barber of North Loup, brother of the bride.

Officers were elected. They are: president, Verlee Mulligan; vice president, Claris Kirby; secretary, Lorraine Sitch; treasurer, Lorraine Sitch; and news reporter, Patsy Brown. The club has three projects. They are all sewing projects. Four members are taking "Learning to Sew", one is taking "Homenaking", and two are undertaking "Winter Wardrobes." The next meeting will be held Saturday, June 7, at 7:30 p. m. in the entertainment committee for the next meeting is Verlee Mulligan and Carol Benn. The other two members are Mary Beth Chatfield and Roberta John.

Mrs. McOstrich Hostess To Amigas Mrs. Darrell McOstrich was hostess to Las Amigas at her home Friday afternoon. Mrs. Edgar Apking was a guest for the afternoon. High score was held by Mrs. McOstrich.

17th Anniversary Saturday was the 17th wedding anniversary of Mr. and Mrs. Howard Huff and that evening they entertained a group of friends at their home and later at the Victory Club in Burwell on the occasion of the 17th anniversary of Mr. Huff's birthday and they again entertained.

MASTER OF ALL HARVESTS

Shown here are a few of the 100 crops that can be successfully harvested with the All-Crop Harvester. Notice the range of sizes... from tiny, fine-screen sand drop grass to giant, thick-podded lima beans... feathery Rhodes grass... hard to open flax bolls... wheat... lespedeza... soybeans... sorghums.

The All-Crop Harvester, year in and year out, successfully handles more different crops under more difficult conditions — with greater influence on the trend of agriculture — than any other harvesting machine.

DU PONT HOUSE PAINT IS SELF-CLEANING

Du Pont House Paint is the whitest paint you've ever seen—but that's not all. Du Pont House Paint protects against decay, rust, and rot.

Starts white, stays white Du Pont House Paint is made with titanium dioxide, the pigment that's whiter than snow! So your house, newly painted with this remarkable paint, starts dazzling white. Further, it stays white, because...

It's self-cleaning All paints collect dirt on exposure. But, with Du Pont House Paint, "self-cleaning" starts after a few months of normal weather conditions. A fine white powder forms on the surface. Heavy rains wash this away, carrying the dirt with it—leaving the newly exposed surface clean and white again! (Unusual climatic or dirt-collecting conditions in extremely sooty industrial communities... of course, delay this process.) Because this "self-cleaning" is gradual, the wearing qualities of the paint film are not abnormally affected.

Despite this remarkable quality of Du Pont House Paint, it costs no more than other good paints. Also available in light colors.

**BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys**  
If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.  
The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.  
If the 15 miles of kidney tubes and filters don't work well, poisonous waste accumulates in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show the same thing wrong with your kidneys or bladder.  
Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 52 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

## MRS. ETHEL HAMER Quiz Representative North Loup

Students receiving awards for scholarship and omitted in last week's list are Janet Coleman, eighth grade, Carolyn Hamer, seventh and Lucifera Switzer sixth. All were highest in all subjects in their grade. Four North Loup eighth grade pupils, Janet Coleman, Connie Eberhart, Dale Hutchins and Harold Klingensmith were in the top ten in the county.

Judy Sheldon celebrated her fourth birthday Friday afternoon with a birthday party, having a number of her little friends as her guests.

Mr. and Mrs. Otto Bartz, Mrs. Nellie Helbig, of Denver and Mrs. Edward Mulligan of Dix, Neb., spent the weekend at home.

Fred Boyd Cox, son of Mr. and Mrs. Bert Cox, who has been stationed at Ft. Eustis, Va., has been sent to West Point, where he will train cadets to drive an army duck. He drove one of the ducks from Ft. Eustis to West Point. Boyd was originally in the army for eighteen months and enlisted for three more years. He

was home on a furlough the first of the year.

Mrs. Lena Taylor arrived home Monday from a three weeks vacation in Omaha and Larabee, Ia. Mrs. Elton Cernik had the thrill of a long distance telephone conversation Friday morning with her husband, Pvt. Eldon Cernik, who is with the army of occupation in Germany. Monday Mrs. Cernik had a call from the operator in New York City telling her the call would come through Friday morning so she had time to decide what she wanted to say. Pvt. Cernik has been overseas nearly a year. Mrs. Cernik works at the Penney store in Ord and spends her weekends in North Loup with her mother, Mrs. Lena Taylor.

Marcia Rood who has been teaching in Clark, Neb. the past year arrived home Friday. She will spend June and July in her home where Mr. and Mrs. A. I. Friesen have been living.

Friday guests of Mr. and Mrs. Merrill Koelling and Arden were Mrs. Koelling's parents, Rev. and Mrs. Nathan Thomas, of Fullerton, her sister, Mrs. A. L. Jarosz and daughter, Janna, of Chicago and her grandmother, Mrs. J. E. Prickett of Alma. Saturday, accompanied by Mrs. Koelling and Arden they drove to Alma taking

Mrs. Prickett home. Mrs. Koelling and Arden caught the bus at Grand Island and arrived home in the evening. Mrs. Janosz and daughter will make another visit in the Koelling home before returning to Chicago.

The executive committee of the North Loup Alumni association have held a meeting and decided to hold the summer alumni party on Thursday June 12, at the Seventh Day Baptist church. Bring sandwiches, a covered dish and your own service. North Loup alumni are urged to keep the date of this meeting, June 12, open and plan to attend.

This is the first annual put out by the school for fifteen years and is dedicated to the two North Loup Alumni, Richard Jefferies and Dale Gilmore who lost their lives in World War Two. An unusually large number of pictures, with the class and class prophecy and class will and the year's school news makes a nice book, which is nicely bound in the blue of the school color.

Jean Earnest was editor of the book, and was ably assisted by all members of the senior class, each in his own capacity.

Ben Nelson and Claude Barber were in Lincoln on business Tuesday.

Barber-Jilson  
JoAnne Barber, daughter of Mr. and Mrs. G. D. Barber, and Dale Jilson, son of Mr. and Mrs. M. J. Jilson, Dalton, Neb., were united in marriage at the First Methodist church in Kearney, Neb., at 4:00 o'clock, P. M. Thursday, May 22, in the presence of about one hundred and fifty guests. The double ring ceremony was performed by Rev. Chas. B. Hankins. The church was decorated with spring flowers and candelabra. Miss Jessie Gilpin, Grand Island and Mrs. Priscilla Bell, Kearney lighted the candles. Pipe organ music was played by a friend of the bride throughout the ceremony. Miss Neva Jane Harris of Axtell sang "I Love Thee" and "Because".

Matron of honor was the bride's sister, Mrs. H. E. Dress, of Mitchell. The bride wore a grey tailored suit with white accessories and she carried a white Bible on which were three gardenias, sweetpeas and white streamers. Her attendant was attired in a blue dressmaker's suit and she carried two gardenias and wore one in her hair.

Don Boyd was the groom's attendant and both men wore grey suits. After the ceremony while the couple knelt on the altar, Miss Harris sang the Lord's Prayer.

Mrs. Jilson graduated from Kearney college Thursday morning and Mr. Jilson is also a student there in the pharmacy department. **WEED ERADICATION**

The problem of keeping the weeds from taking the crops has puzzled the world since the beginning of farming and gardening. When mankind first started farmers in the valley of the Nile, used a forked stick for a plow. No doubt the problem of getting rid of the weeds troubled him then just as it does the farmer of today, who can farm a quarter section as easily as his ancestor did a single acre.

To understand the weed problem, we must understand weeds. What is a weed? The best answer is that it is a plant growing in the wrong place. When it grows where we want it, it ceases to be a weed. It is also well to keep in mind that all our cultivated plants were once weeds, or grasses. The only reason we have weeds today is that we have not yet

learned what use the Lord intended us to make of some of them. The weeds that bother us most change from time to time. For example, in the early days we had sandburrs, sunflowers and Russian thistles. The difference is that they do not seem to bother us as much as they did half a century ago. More intensive cultivation has had much to do in keeping these weeds down. Today we find the public is plagued by sour dock, fire weed, wild oats or barley, and even dandelions.

The coming of irrigation assured us of better crops in the areas under the ditch, but it brought with it a new plague of weeds and grasses, as many of the seeds are carried all over the district by the water, which keeps the banks moist and growing conditions perfect for an abundant crop of weeds. In summer the location of all irrigation ditches can be traced by the more abundant growth of weeds on the banks.

To combat the weed nuisance this county has organized a weed district, and efforts are being made to get rid of many of the more detrimental of our weeds. This organization works with the farmer and brings the latest developments of science to bear in the elimination of weeds. The farmer owes it to himself to make use of this service. (J.L.W.)

**SOMEWHAT DIFFERENT**  
 By John L. Ward

I hope the lynchpin can read this column this week. I have been having trouble getting a ribbon to fit the typewriter, and this may account for some of the mistakes we make between us. For example, last week the Quiz and I had Rev. Oscar Babcock losing his life before he came to Valley county in 1872. Luckily the mistake was so obvious that most people knew that I meant he had lost his wife. Some day we will all, I hope, reach that blissful land where typographical errors are unknown, but we will all be so busy pluming our wings and polishing our horns then that it won't make any difference.

Last Monday I went to Burwell

at the insistence of that grand old guy, Andy Snyder, and changed the dates on the rodeo buildings, making them read Aug. 13, 14, and 15, 1947. I was busy that day, but I took time to think a little as I worked. Like a lot of the boys, I was on the grounds at that first rodeo, and have been busy at most of them since. For example, about 23 years ago I painted the "SERVICE GATE ONLY" sign over the west gate. I repainted that sign last Monday, and was surprised to find that the style of my work has changed a lot in that time. I never use the type of letters I used then any more.

But, after all, there have been a lot of changes in 23 years. Homer Stokes was president of the rodeo then, Ed Clark looked after the grounds. Frank Beach was chief of police. Frank Manasil was secretary. Other presidents have come and gone. There were E. M. White, Dr. E. E. Clark, Harry Doran, Dr. Roy S. Cram and Frank Manasil. Two have passed on, three have moved elsewhere. Dr. Cram has returned from the wars, and is up to his neck in work as usual. Now the association must find a new president. Of material available, Andy Snyder ranks high. Personally, I hope to see him at the head of the job this August. He has earned it.

Not that there are no others capable of holding the job. That is what has made the rodeo a success. That is what makes any enterprise a success. Wholehearted cooperation of capable men can do a lot, and Burwell has had plenty of capable men, which is a lot better than being just lousy. When everybody gets behind an enterprise, nothing can stop it. That is why the Fort Hartsuff park project is going to be a big success. Everybody is in favor of having a park, and everybody, the old timer especially, is doing all he can to make it a success.

But, pardon the digression. I had a few more remarks to make about signs at Burwell. It is now nearly 25 years ago that I got the idea of building that fence just south of the service gate entrance to the rodeo grounds. The merchants paid for that fence, which I erected and sold to them with ads on at the rate of a dollar and a half per running foot. I checked over in my mind the list of firms that bought advertising space there. Of the larger advertisers, many are no longer in business. The depression times took both the banks and three of the general merchandise establishments went out of business.

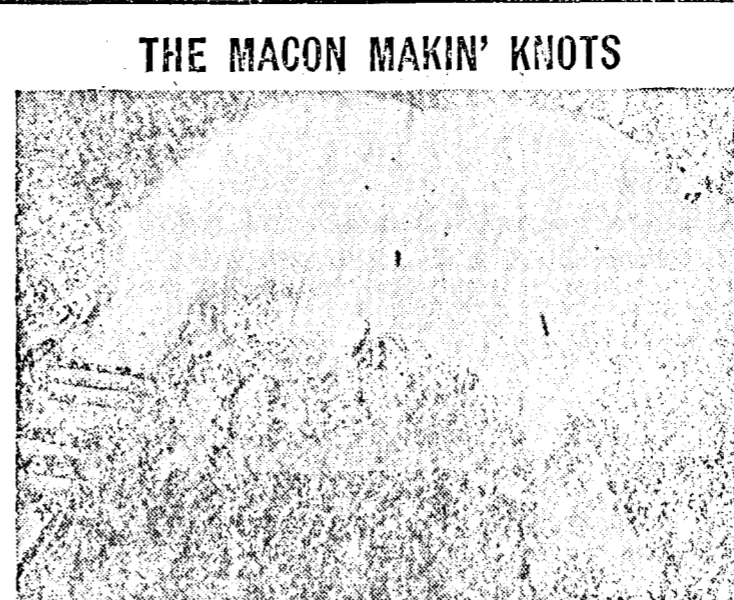

The three lumber yards are still going, two under the same name, the third sold to new people. At least six advertisers have gone to their final reward. When that fence was built, autos traveled slowly over dirt roads, and people had time to read the ads. Today the ads are gone, for what good would an ad be on a fence along a highway where people travel fifty miles per hour. When I was painting those signs, often an auto would stop, just to have a look at the ads. Now they zip by in a cloud of dust. Tomorrow more of us will be up in the air so high that an ad to be effective would have to be painted on the roof in letters ten feet high. But, thank God, people will still be reading the newspapers, and will still be finding mistakes!

No column in spring would be complete without something about fishing. Friend Wesley Hutchins and I took a trip to the Cedar. We didn't get many fish, but had a

good time anyway. Incidentally I found out that hip boots are heavy to lug around, especially when they are full of water. I dug up the old North Loup, I thought you could walk across just anywhere where the water was shallow. The first step I made was a misstep. I hit quicksand and settled in nearly waist deep. Luckily I was close to shore, and help was near. That not needed. I got out by myself, but it took about ten minutes of precious fishing time. Rubber boots may keep the water out, but they sure hold a lot when they are filled.

The past week I received letters from two former residents and old friends. The first was from Julia Westberg of Portland, Ore., and brought me word of C. E. Gossett, a former resident of 40 years ago, who now lives nine miles from Graham, Ore., on a three acre tract. The plot she describes as a "small slice of Paradise". Mr. Gossett is past 80 years of age, but does the work on his place, and the family always has on hand a supply of canned vegetables, fruit and meat, as well as a store, and help was near. That not needed. I got out by myself, but it took about ten minutes of precious fishing time. Rubber boots may keep the water out, but they sure hold a lot when they are filled.

**Farwell Has \$5,000 Fire**  
 tin of a second fire loss in a little over a year when about 4 a. m. Saturday fire was discovered in the Anton Gnaster beer tavern building. The interior of the building was badly gutted and Mr. Gnaster estimates his loss at around \$5,000 which was partially covered by insurance. The Jehorek garage which adjoins this building was threatened for a while but the fire boys managed to keep that place from catching on fire. A little over a year ago Farwell suffered another bad fire loss when the

Collision elevator was destroyed by fire. Mr. Gnaster is a brother of Ed Gnaster or Ord.

**John Pesek to Leave Soon for Australia**  
 Pesek will make the trip to the "land down under" by airplane, a jaunt that will set him back about \$1400 for plane fare alone. The wrestler's main purpose in making the journey is to purchase additional dog racing stock. Pesek, who introduced the Just Andrew trainer, John Pesek, is making plans to leave for Australia in July. He is a racing dog fancier.

**This Program Speaks For Temperance**

This Committee's chief aim is to maintain good conditions in places where legal beer is sold. This is accomplished by educating tavern owners and checking tavern conditions... assisting authorities to guard against bad practices and maintain a high class of retailers and beer taverns—all in the public interest.

This program of Self-Regulation, in operation since 1938, has had the noteworthy effect of weeding out most of those who abuse their license privileges, and maintaining high tavern standards.

If you have traveled, you know that Nebraska's Liquor Control Statute, properly enforced as it is, provides one of the nation's best systems of alcoholic beverage control. Beer industry Self-Regulation helps maintain observance of a good law. It is a program which definitely speaks for temperance.
