WEEKS FLATLY OPPOSES SMALLER ARMY PLAN

WAR SECRETARY TAKES ISSUE WITH HOUSE COMMITTEE OVER CUTTING INSULAR GARRISON

He Rejects All Responsibility for any Reduction in Strength of United States Forces Stationed at Panama Canal or on Hawaiian Islands But Expresses Belief That Garrison in Philippines Might be Reduced—Orders Troops Home from Rhineland.

WASHINGTON. March 20.—By the Associated Press.—Secretary of War Weeks today flatly opposed the proposal of the House Appropriations Committee to reducing the army personnel to 115,000 enlisted men. The Secretary of War took issue with the Committee's proposal limiting the size of the garrisons in Panama and Hawaii, by taking issue, both through a limitation of the appropriation for the soldiers' pay. He declared that he would not accept responsibility for any reduction in the size of the United States forces in Panama and Hawaii, but thought that the garrison in Philippines might be reduced.

RED CROSS NEEDS FUNDS TO FEED HUNGRY KIDS

Having Exhausted Treasury in Efforts to Sustent Starving Babies, C. Z. Red Cross Calls on Public to Help Save Many More.

Ways and means were discussed at the last meeting of the Executive Committee of the Canal Zone Red Cross for obtaining funds for carrying on the work of feeding and helping the women and children who have been left destitute by the present unemployment crisis on the Isthmus. After considerable discussion by the committee it was unanimously decided to ask the people of the Isthmus for help and something definite can be done in the way of repatriation and permanent relief measures.

Chairman (now appointed) of the committee in charge of this work, W. G. Rucker, collector under the Panama Canal and C. H. Johnson, the plans of the committee have not yet been entirely formulated, but in accordance with the conclusions of the Executive Committee they are to give the people of the Isthmus a chance to contribute to this work with the understanding that every cent collected will be sent to San Juan.

No Bail This Time.

This is not to be a drive nor is any bail in the way of dancing or other allowed entertainment to be offered. Subscribers will be given an opportunity to give as much as they can and it is hoped to get as many as possible to pledge a certain amount every month for six months as was done during the war. No amount is so small that it will not be most gratefully received. It should be remembered that twenty-five cents will help a hungry baby more than nothing.

The local chapter of the Red Cross feels that this is a duty that cannot be shirked as the unfortunate people are here and they are hungry. This is not a work of charity that will make or support beggars, but a work of salvation from starvation. The unfortunate people who come to the Red Cross every day for the pitiful allowance that must be doled out because of lack of funds are not beggars. Many of them would not come, they would prefer hunger and starvation if it were not for their little children. The appeals of a hungry child can not be resisted. The children and their mothers must be cared for until permanent relief is possible. The Red Cross hopes for the usual generous support of the public in this good work.

WELL KNOWN ARTIST DIES.

PARIS. March 20.—By the Associated Press.—Premier Poincaré confirmed to the Associated Press tonight, the declaration he made recently to the Finance Committee in the Chamber of Deputies, that France intends to pay her debt to the United States.

Latin American Heavyweight Champion Defeats Sailor Maxted in Seventh of 12 Rounds Bout in Newark Club.

NEWARK, N. J. March 20.—By the Associated Press.—Luis Figo, the heavyweight champion of South America, knocked out Sailor Maxted in the seventh round of a scheduled twelve-round bout here tonight. Figo will be matched to fight Charlie Weiland, the leading heavyweight in Newark.

Bought's box attracted one of the largest crowds ever attending a boxing match in Newark. The Sporting Club being used to capacity.

The spectators included many prominent Latin Americans and members of United States army and navy officers.

The Boxers showed excellent condition when they entered the ring. Figo created a good impression during his trouncing in which he was assisted by Bob Fitzsimons, the son of the late heavyweight champion. He out-fought Maxted at all stages of the bout.

NO SMALLPOX AT PRESENT EXISTS IN COSTA RICA

President of Faculty of Medicine of San Jose, Costa Rica, Declares Salvador Report Lacks Veracity.

Dental of the report that there are San Salvador report that there are 2,000 cases of smallpox in Costa Rica was received on the Isthmus yesterday in the form of a cable to the United Fruit Company.

There is no smallpox whatever in Costa Rica now, and any different statement is wholly untrue and lacks veracity, according to Dr. Boris, President of the Faculty of Medicine in Costa Rica, the cable from the United Fruit Company's Costa Rica agent says.

Following is the full text of the cable:

"The undersigned, President of the Faculty of Medicine of Costa Rica and in charge of the Public Health Service Bureau certifies that the country is entirely free from any epidemic disease, including smallpox, and any different statement is wholly untrue and lacks veracity."

2,600 ALIENS ADMITTED TO U. S. TEMPORARILY MAY REMAIN INDEFINITELY.

WASHINGTON. March 20.—By the Associated Press.—Approximately 2,600 aliens were admitted to the United States under temporary permits which expire on March 2nd, leaving them liable to immediate deportation, were given an indefinite extension of time by the Immigration officials.

SPANISH DRIVE AGAINST MOORS ON IN EARNEST

Important Positions Occupied in Territory Controlled by Beni Said Tribes—Spanish Commanding General Wounded.

MELILLA. March 20.—By the Associated Press.—The Spanish troops under General Francisco Berenguer and their auxiliaries and Fernandez, occupied important positions in the Tagant fort, taken from the Beni Said tribe on Saturday. The tanks drove the Moors from the trenches putting them to precipitate flight.

Fighting in the Beni Said fort began on Saturday at 6 a.m. when General Berenguer, with General Fernandez, attacked the Beni Said fort.

Azucar plateau and general command of the troops left Kandissi passing through Bushua almost without opposition, protecting the tanks, while General Berenguer watched the other flank preventing the filtration of the Moors from Monteburgo.

The operation was evidently executed after the Moors had been consolidated and the tanks engaged in making roads for the passage of heavy material to be used in late advances.

During the engagement the Moors found that the tanks were bullet-proof threw heavy rocks but were forced out of their trenches by the heavy fire of the Spanish machine guns.

Four cannons used by the Moors were captured and either dismounted by the Spanish artillery engineers or removed to the Spanish bases.

If the bill were adopted in the form in which it was introduced in the House by Mr. Endrey, and if it became law, it would affect all veterans whose compensation was discontinued in the course of the next three years, and that would be all the world over cost. It is the opinion of all veterans who are to receive compensation, however, that the present bill and the actual amount depend upon the choice of the contractors. According to the figures made by Secretary McRae, under the assumption that he would take cash and the veterans would receive a payment for each of the 100,000 men and very little more than the expiration of the contract. If we are indeed bound to some sort of taking the maximum payments for the next three years, it is the intention of every soldier choosing either

BRITANNIC-SURREY GAME
ENDS IN A DRAW

Well Contested Match by Both
Clubs. Draw Crowd from All
Over Isthmus.—Britannic's 361 for
8—Surrey's 311 for 8 When Un-
pies Call Time.

Zack Blackman Plays Splendidly for
30. Holford 35 Not Out. Connell 21
and Maxwell 22 for Britannic.
While Sid Archer's 29 Not Out
and Hardinge's 21 Not Out with
Thomas' 25 for Surrey. All Help
to Improve Great British Pastime.

The cricket contest, played last
Sunday at Standard oval between
Britannic and Surrey, both cham-
pions, as far as league trophies are
concerned in that the two clubs have
registered decisive laurels to
their name in defeating all other
clubs from the Atlantic to the Pa-
cific in this kindly sport, came to
its termination in nobody's favor
up to call of time. This game, which
was under the auspices of the
Sportsman Cricket League, was
looked forward to by cricket fans
all over the Isthmus as one of
the best for the season; and so for
the past week Standard oval was
given to scrupulous practice and con-
siderable argumentation on the out-
come of the match with favorites
of both clubs expressing views on
results. The wicket was perfect
and much in favor of the batsmen
so that when Messrs. A. Graham
and S. Ecock had fessed for first
strike Britannic's skipper, who won
the toss, decided to face the attack
Surrey C. C.

At 12:31, Captain Graham, depit
of A. Connell and D. Knights, as
first pair at the wickets and off S.
Blackman of Surrey's 2nd ball,
Connell nicely plied him through
two boundaries for 4 and in the
last ball of the said over Connell hit
Blackman clean over the fence for
6 which registered 10 on the runs.
Ecock, Captain of Surrey C. C.,
then the trundling from the position
end and off the 2nd ball Knights
nicely smacked him to leg for a
brace, then on drove the 3rd ball
for a single. Ecock's 5th ball Con-
nell sent him sky rocketing over
the farthest end of the pavilion for
5 runs. In Blackman's next over
Knights glided the 3rd ball for a
single, while the last ball in the
over Connell netted 4. At this stage
of the game skipper Ecock insis-
ted Blackman by Bradford and the
3rd ball off Bradford, D. Knotts
made a small registering 30 on the
runs. The next ball of Bradford's
broke the pavilion ship, for in Con-
nell attempting to put Bradford
over the fence the said batsman
was nicely caught in long field by
Pinder, score board reading 30-1-
23. Menit off wicket and Knights
who seemed at ease made 30 off
off B.

Knights 1st ball in next over
was plied him through two bound-
aries and the 3rd ball off Bradford
was a single, while the last ball
of Bradford's 2nd over was bowled
by Ecock by plowing the sand, bowle-
d by Ecock, 1st ball, 2nd ball
bound about used results for
Knights in attention.

Ecock was slow to keep. The registration of 30 on the

run. Graham followed and Brad-
ford's 5th ball resulted in Graham
being caught down slips by Ecock
for a cipher. 30-4-0 was record-
ed. Trotman, who followed on,
was also sent back to pavilion off
the eighth runs were added, for
Bradford who was bowling a good
length ball had to be reckoned with
score 30-5-0. McIntosh was next
up, but was rather unfortunate
in disregarding Bradford's good
length balls, tried to place him
through slips to be nicely taken by
S. Blackman for a cipher, score
30-6-0. Beckles must be given a
whole lot of praise for at a time
when the bowling seemed danger-
ous he rendered yeoman service in
safeguarding the attackers. In Ecock's
4th over Beckles got clean bowled
by said bowler for just four runs.
Score 30-7-4. Zack Blackman fol-
lowed and this batsman's inning
produced a sensation in his check
display for 50 for his contribution
of 10 singles 5-2-4-3 and one six
was a splendid inning.

Ecock changed Blackman for
John at this stage and the change
was gratifying to Surrey, for in Z.
Blackman attempting to force a
run placed by Maxwell got run out
score 10-8-50. The 9th wicket
fell when Maxwell was caught by
wicket keeper Hardinge off D. Son-
za and score 132-9-23. Holford and
Joe Hill, who were the last pair at
the wickets, added 35 and 3 respect-
ively with not out to their credit
when Britannic skipper declared
an 181 for 9 wickets.

After recess at 3:30 Captain E.
cock sent Pinder and Thomas to
men Surrey's inning with D.
Knights and Joe Hill opening the
bowling for Britannic. Knights
1st over was a maiden. Hill's 1st
ball Pinder sent him to a brace
and the other balls with no re-
sults. Knights 2nd over and off the
2nd and 3rd balls Thomas and
Ecock clean over the fence for
2 singles. In Hill's next over the
latter was nicely caught down slips
by Knights, score reading 4-1-
3. Blackman followed and Hill's
3rd ball Blackman netted a single.
Knights 1st ball in next over the
latter glided for a single and on the
2nd ball of the said over Blackman
was nicely bowled by Knights with
a beauty. 7-2-1 was recorded.
Challenger followed and after 16
more runs were added, Challener
was given out for obstruction off
Knights' last ball in saying score
33-3-3. Thomas, who at this stage
was playing a masterful, was part
merged by John and off Z. Black-
man's 2nd ball in the over John
made a single, then Thomas and
Blackman's boundary for 3. John
placed Blackman through slips
right on to boundary for 4. In
Knights' next over and last ball
Thomas' defence was broken through
when he was clean bowled by
Knights' score 35-4-5. Skipper
followed and after a single was
added by Thomas to seven. E.
cock was clean bowled by Knights
in a cipher score 38-5-0. D. Beckles
partnered Thomas and 8 more runs
were added when D. Beckles
who did not score, was
bowled by Knights for a cipher
46-6-0. Sid Archer came next
and Thomas and himself took the
score to 57, when Thomas, who
played a good game, was dismissed
by Knights for a well earned 55
score 57-7-55. Hardinge partner-
ed Archer and all efforts to the

end, the pair were futile, for al-
though 2 chances were given by
each batsman after approximately
half hours play the inning was
drawn by Surrey at 111 runs for 8
wickets up to call of time with
Archer and Hardinge still out. Re-
sults: Britannic 181 for 9. Surrey
111 for 8, match ending in a draw.

Mrs. Guy A. Lord BACK IN CAPITAL

Mrs. Guy A. Lord has returned
to Panama after a delightful visit
to La Union as the house guest of
Mr. and Mrs. J. O. Collins. While
in La Union Mrs. Lord visited the
public school to observe the meth-
od of teaching, and has only the
highest words of praise for Pan-
amanian teachers.

Among those who participated
were Messrs. Butler, Cohen, Whit-
hall, Pickering, Davis, and W. J.
Innes. Mrs. Clara Mr. and Mrs. Da-
vis, Misses G. E. Budd, G. M. Budd,
C. McPherson, Ernest J. Campbell, H.
Dickson, Davis, Gribble, Evans,
H. Dixon, and Dudley. After dinner
the guests retired to the dance-
ing hall where the balance of the
evening was spent in dancing.

MISS M. L. HUMBER BETTER

Miss Myrtle L. Humber, Dolly, daughter of Mr. W. J.
Humber, of the Quarantine Station,
who was very ill in New York, is
making rapid progress toward re-
covery, according to information
received by her father last Saturday.

The weather was fine and a
strong northeast blowing to the
match between West End and Sas-
sick last Sunday the 19th inst. The
game was played at the oval of the
latter. The ground was in good
order and the attendance about
1400.

Sassick won the toss and went to
the bat, and their batting for nearly
three hours for 104 runs, was
very good. Layne 22, Sudy 17,
Linton 14, Lane, Nurse 10.

During the interval the game
was eagerly discussed. The sup-
porters of the West End were con-
fident that the team would show
improved playing than their en-
gagement the previous week with
Wonders.

West End then attacked. It was
only a question as to whether the
Sassick would go down to defeat
Linton with the ball soon had all
doubts cast as

VAUDEVILLE AT LENSPESS THURSDAY.

CRIISTOBAL, March 20. The De Lessens Vandeville Company will appear in an entirely new show at the open air theatre at Fort de Leseps Thursday in a return engagement and promises to surpass all previous performances for high class entertainment.

All who have seen the company in its former engagements at Fort de Leseps and Gatun, agree that it is beyond question the best local talent vaudeville troupe ever booked on the Isthmus. Others have remarked that it compares favorably with professional vaudeville in the States.

The added attraction of the coming show is the appearance of those two well known and admired comedians Charley Rintelman and Jack Burns. Also the big dance after the show with free refreshments that will last until the wee hours of the morning. It's the show of shows for the Isthmus without a doubt so it will be quite worth seeing this company at their best.

WHAT'S DOING ON THE ATLANTIC SIDE

ATLANTIC SIDE PARAS

CRIISTOBAL, March 20.—Word has been received from Commander Victor Herbster that they have arrived safely at Garden City, Long Island.

Captain Herbster has been kept informed by radio of the many games played by the Air Station ball team in the service league, in which he had always taken a very great interest.

Mrs. Baker and her daughter Miss Ruth Baker, mother and sister of Mr. Homer Baker, are enjoying their vacation on the Isthmus very much and are both charmed with Gatun.

Among the passengers who sailed on the Pastores for Port Limon Costa Rica, were Dr. Vien Price, J. R. Kansas, M. D., Lathrop and D. G. Taylor.

Mr. and Mrs. William E. Gibbs sailed on the Pastores for New York and Mr. and Mrs. Philip M. Clark Miss R. Stinson and Miss Oldham were passengers for Havana, Cuba.

Sailing on the Abangares for New Orleans were Ned Conner, Frank E. Smith, Arthur A. Holland, a British geologist and Baxter Green of Gatun.

C. A. Blair and William Finnoff spent a good day fishing at Gatun before the latter sailed on the Goethals for New York and landed a big catch of snook.

The Imperial came in from Valparaiso via Manu and way ports in command of Captain R. S. Golde with general cargo and 30 passengers of whom number 17 were cabin passengers.

The Cartago came in this morning from N. W. Orleans with 30 tourists and 13 regular passengers.

Those landing for the Isthmus were William Bures, Walter Burens and Ezra Dubah for Panama, Ray and R. Gregory and sister, Laura Hawk, Ade Spire and Albert Miller for Cristobal.

The homecoming of Mr. Gregory was a particularly sad one, for while he was away in Honduras, doing the work of the American Bible Society his wife was taken ill and in a few days died. He had to return via New Orleans which took almost two weeks before he could reach Cristobal to be at the side of his two little children who were left motherless and with their father so many miles away from them.

The body of Mrs. Gregory is to be sent home to Pennsylvania.

Arrivals from New Orleans on the Zepha included Mrs. J. J. Keith, Mr. and Mrs. Edward Fraher, A. H. Sayers and Mrs. O. Weiss for Cristobal.

From Havana were Mr. and Mrs. W. Latimer, J. Harrington, S. Manning, Miss Z. Prado, J. Sisson, Mr. and Mrs. A. Shafer and Mr. and Mrs. D. Sinclair.

The Misses Beatrice and Helen Houzel, the pretty daughters of Mr. and Mrs. W. H. Houzel of Gatun were the only participants from the lock city at the water sports in Balboa on Sunday.

Both are very fine swimmers and have won a great many prizes.

It looks as if the shooting meet at France Field on Thursday will be one of the most successful held on the Isthmus in many a day. A general holiday has been declared for the post and entries are being received from all parts of the Isthmus.

In the soccer league yesterday the Naval Air Station beat Fort Clayton on the latter's diamond to the tune of two to nothing.

This was a postponed game and proved to be a most interesting one.

Miss Ruth Baker, sister of Homer Baker, who is visiting her brother at Gatun with her mother, is a writer for the Brooklyn Eagle and is sending up to the famous daily a series of articles on the Panama Ca-

nal, which should be most interesting as Miss Baker is a very gifted writer.

ERROL PINTO WAS BURIED SUNDAY AT MT. HOPE

Practically All Jewish Colony of Colon. Representatives of U. F. Co., and Masons, Attended Funeral.

CRIISTOBAL, March 20.—All that was mortal of the late Errol Pinto was laid to rest in the Jewish cemetery at Mount Hope yesterday morning in the presence of a large gathering of friends, practically the whole of the Atlantic side Jewish colony, representatives of the United Fruit Company where he was employed until his death as baggage master at the Cristobal docks, the Master, officers and members of Union Lodge, No. 7 Grand Lodge of Panama, A. F. and A. M. and his brother Vernon Pinto.

The beautiful Masonic Service was said over the body in the Temple of the Union Lodge by W. M. Julius J. Sasso who was assisted by his Wardens, Claude Vaz and A. Frankel, in the presence of every officer of the lodge, practically every member and visiting Master and brother from many other Isthmus lodges.

Following the Masonic service all passed to the residence on Seventh street of the deceased and here the beautiful service of the grand old Jewish Faith was given by M. J. Sasso who is the Reader of the congregation.

The Pall Bearers were all members of the Jewish Faith and were J. L. Toledo, Leopold Simons, Louis Henriquez, Louis Levy, D. Tortilla and Coleman Sasso.

Harold Soto drew the honor.

There were many beautiful tokens of remembrance and among them were wreaths from Union and Alauda Lodges, a big natural flower wreath from the employees of the United Fruit Company and others from Miss and Mrs. G. Leon and Mrs. Pettitt.

The late Errol Pinto died white in Costa Rica for his health. He leaves behind a sorrowing wife and three little children, the eldest of whom is but five years of age.

He was respected and liked by all who knew him and his fellow employees of the United Fruit Company always spoke very highly of him.

There were over one hundred mourners at the graveside. Evidence alone of the loss felt by his early and untimely death.

and Americans, due up to a certain moment, prevented to a certain extent the investment of the capital necessary to carry on a ship supply business on a home scale.

"If the Government Commissaries should retire from the ship supply business ships would then be able to buy on a competitive basis which would in turn foster a trade that should be entirely unhampered and which probably belongs to local commerce, as there is absolutely nothing in any treaty made between the Republic of Panama and the United States which would in anyway presuppose or indicate that the supplying of ships transiting the Canal should be a government monopoly enjoyed by the United States Government to the detriment both to shipping in general and to local commercial interests in particular, he said.

Business Men Agree.

Mr. Urias stated that the Isthmian Maritime Supply Co. with its present facilities is successfully endeavoring to the principal shipping lines transiting the Canal and showed

and heard numerous testimony from private as well as official sources expressing apprehension and satisfaction for prompt and efficient personal service.

Business men on the Atlantic side agree with Mr. Urias and think it only just and fair that local concerns should be given every facility to supply ships transiting the Canal and feel that the stand of the present administration in Washington is unquestionably in favor of private enterprise and that it is within the scope of the Interstate Commerce Commission to look into the matter as it is being interpreted today by the Commissary Division of the Panama Canal.

Life is just one contradiction after another. We read a letter in one of a man the other day that went something like this: "Mr. Always Updry celebrated his one hundred and tenth birthday today. Mr. Always Updry attributes his extra age to regular habits and total abstinence from liquor and tobacco. 'All my life,' said Mr. Always Updry, 'it has been my custom to bed at 7:30 and arise promptly at 8 o'clock. I have plenty of exercise, use neither tobacco nor liquor. If you want to live for two centuries, I think the best way is like this.'

The above interesting advice of how to live a long life and a happy one, would be an excellent course to follow had we not read another testimonial that same day that went this way: "Mr. Johnny Onthepel celebrated his one hundred and tenth birthday today. Mr. Johnny Onthepel attributes his extra age to irregular habits and large doses of red liquor and strong tobacco. 'All my life,' Mr. Johnny Onthepel said, 'I have taken my liquor and tobacco in one load. I never exercise when I can avoid it and go to bed when I feel like it, and follow the same rule as to getting up. If you want to live in two centuries and to top the age gauge at over the hundred mark eat, drink, and be merry."

As you see you stand just as good a chance of a long life if you have a sorry one as you do if you have a des one. We judge from the number of week end festivities that Mr. Johnny Onthepel's advice was taken by Mrs. Johnny Onthepel and Johnny Onthepel, Jr., and all the Misses Onthepels, for never, well, hardly ever, can we remember to have had so many parties of one kind and another to record, and too such altogether pretty, and delightful ones.

Even the "new" young men's class was very busy this past week end, and the debutantes that have sometimes complained that the social calendar had not of the time to it, found a quiet respite

SHUFFLING THE ROSES

Matty Nolan was dead a rather familiar deer Sunday. These are the facts of the case as gleaned by my special eavesdropper present at the apartment. McMahons' manager made a twelve hour demand for a \$500 guarantee for his man. Upon being asked why he did not ask for that at least three days ago, he replied that it was "his business, and because of the substitution of Sewart for Ryan he could state his own terms. These terms would not be met by the Promoter as being absurd, and the match was declared off. The terms of the contract are not known, but a study of them would undoubtedly clear things up. At any event the pugil has a right to know. The curtain raiser and the preliminary were given to the fans free of charge, their tickets being good for the next set of bouts. Matty puts on a week following the Lombardo-Pelow bout, e. Captain Garrison, Lieut. Leggett and Carlos Stevenson of the Boxing Commission agreed to share the expenses of the fighters' entertainment among themselves.

The curtain raiser between Sailor Patchett, weighing in at 101 pounds, and Soldier Shone at 105 pounds, was uninteresting, both in it being a watched condition, but was worth the above mentioned price of admission. Shone stayed the full six rounds by leaning on his opponents' shoulder. The decision was given to Patchett. Shone displayed energy after the fight, not during it, by challenging Patchett for a second bout.

The sum final was much better. Sailor Toko, pug. Dad Hawkins of France Field, to sleep in the 13th round after being in no little danger himself during the second and third rounds. Both of these bouts started off strong, and Toko showed great improvement over his work in previous bouts and had Hawkins dizzy before the end of the round. The second round was even, but the third was clearly Hawkins'. In the following, after stopping a series of rights and lefts to the face, Hawkins found a soft spot and stayed down for keeps.

Soldier Estanion, another ring man from the Army Air Station, challenging anyone at the ample weight of 140 pounds. This decision was accepted by Soldier Eason of Fort Davis, the home of many battles.

Nolan announced that the Lombardo-Pelow bout was set for April 1st, and to give the other side no chance for a howl was not going to hold any bouts on this side on that date. He said a special train would be run from this end, and that round trip tickets could be purchased for one dollar at the Colón sofa fountains.

Sailor Scotty Welsh of Coco Solo wished to meet anyone at 122 pounds.

Took in most of the bouts at the Strand Theatre, thanks to the beauty of the American Theatre program, the results of which are as follows: Battling Lynch and Jim Greb fought a four round curtain draw. Young Carpenter got the decision at the end of four rounds over Kid Jack, Kid Martin knocked out Joe O'Connor in the fifth frame. The main so far was particularly satisfying, being far superior to the preliminaries in the conflicting card at the American. Moreno got the decision over Kid Jimbo, as we understand it, at the end of six rounds of real action. Would advise Matty Nolan to book some of these day completeness looks over. They seldom fail to do their job.

Remarkable shooting by Kirkpatrick was the feature of the day, more remarkable still in view of the fact that he is using a gun loaned by the President of the Club discarded as no good.

BALBOA BOYS WIN MEDALS FOR RIFLE SHOOTING

According to a bulletin issued by the National Sports Syndicate, Jack Jude, George Hudson, H. W. Givens and George Halloran, all of Balboa or Balboa Heights, were awarded medals in the February Winchester Junior Rifle Corps Matches. The bulletin says with reference to these matches:

Winter and Summer, the boys and girls who make up the Winchester Junior Rifle Corps continue to shoot with the small bore rifle. In the summer they do the shooting mainly in the open in the fields, at camps, etc., while in the winter the shooting is done mainly in gymnasiums, at the Y. M. C. A., Boys Clubs, rifle clubs, etc. There are no dull months. In February some 1417 medals were awarded to the winners of various classes, making 2801 medals given in the first two months of the year, which is keeping with the 15,000 medals awarded last year.

The medals awarded in February were as follows: Premium men, 361; Marksmen, 366; sharp shooters, 167; bows, 265; instructors, 6 and experts, 9. Fifty match medals were distributed.

Every boy and girl should know how to shoot a rifle and the one way to learn is to join a Winchester Junior Rifle Corp unit. There is one or more in every city, or should be.

TOWN TROOPS STARTED A CONTEST

On Sunday, March 19th, 1922, the Cristobal Reds journeyed over to Panama to tackle the Panama Base Ball Club, formerly known as the Chocapuchi Diamond. The game was called at 120 P. M. and the Cristobal Reds, being the visiting team, went to bat scoring no runs off the favorable Panama. The Panama

meantime, but to their great surprise they found things very difficult for Stanley, pitcher of the Reds, showed that he was no easy mark. The game continued 0 to 0 until the ninth inning, when the Reds, batting their first half of the ninth, scored 3 runs on 2 errors and 5 hits, when 2 men were out. Two runs were made by the errors of Brown, known as Charles, who got the ball too long. Panama then went to bat, determined to show the fans what they were made of. Harrison, batting for Fred, got out at first. Brown, next to bat, received a blow on the shoulder by pitcher, when the Umpire in question ordered him to first for a base. Shunk, next to bat, got a single off of Brown to second. By this time the fans were wild with cheers and the pitcher for the Reds could not steady himself in the box. Popo, the holding star of the day and sensational second baseman for the Panama Club, was the next to bat when he received 2 and 2. On his last strike he connected directly to right field for two bases. Brown coming home with the first run for Panama, sending Shunk to third. The next man got struck out. Benchi, next up, drew a walk, making the bases full for Panama. Palacio, pitcher for Panama, next to bat, hit a weak grounder to third base when the ball was thrown to first. On this play the three men that were on base came home with the runs, making the score 4 to 1 in favor of Panama. Then the trap for the bases, not seeing this play at first, declared the man out, when there started a confusion.

The Gold Side,

Dear Xavier:
When the article appeared in the Star and Herald some time ago saying that "any man who has lived on the Isthmus six months is mentally unbalanced," or words to that effect, I was inclined to disagree with the writer for I personally know several men who were here only a year before they got that way. Benny Ashmead lived here even longer than that before he began to go out of his class and rock horns with Tongard and Pelow, etc. Dan, who goeses the editor of writing that "the game little sailor in his past fights was always willing to swap punch for punch until something dropped and it was usually the game little Benny, another instance of camping here longer than a half a year before he rushed in where angels fear to tread, and the fact that I had been in a tropical sun 8 years before I showed unmistakable signs of weakening by waiting for the sports column, is unanswerable proof that it is possible by living a blameless life, traveling in the path of strict rectitude, and practicing such becoming modesty, as I have to retain most of ones reasoning faculties for a longer period than even one year."
