# THIS IS BIG

COMBINING  
INC RESEARCH  
AND  
KENDLE  
TO CREATE ONE  
GLOBAL FORCE

Uniting these two leading CROs has created a powerful new global force to meet your Phase I-IV clinical development needs. Through our increased scope, we're now even better positioned to develop innovative approaches for your drug development programs and deliver the next generation of strategic alliances.

*Expect BIG things from this new global force.*

Visit [www.incresearch.com/BIG](http://www.incresearch.com/BIG) or call 866-462-7373 to learn more.

Therapeutic Foresight. Trusted Results.™

GLOBAL SCALE & EXPERIENCE | OPERATIONAL EXCELLENCE | THERAPEUTIC EXPERTISE

# 35 YEARS OF ROCK SOLID PERFORMANCE

When you've been in business for 35 years you are known for a lot of things. Biomedical Systems is the only company in the world that provides over 20 modalities in Cardiac Safety, Imaging, Pulmonary, Pathology and Neurophysiology. With offices in North America, Europe and Asia, Biomedical Systems centralizes diagnostic data for Phase I - IV and post-marketing safety studies.

## CARDIOVASCULAR SERVICES

12-Lead Digital ECG | TQT/Intensive QT Studies | Holter Monitoring | Echocardiography | ABPM | Wireless ECG Telemetry | Cardiac Event Monitoring | Impedance Cardiography

## IMAGING SERVICES

RECIST | Cheson | MacDonald | RANO | SUV/VAC | Sharp/van der Heide | McDonald | DCE-MRI | Modified Barron's | BMB-Maas

## PULMONARY SERVICES

Spirometry | Peak Flow With Electronic Diary | Nitric Oxide (eNO) | Challenge Testing | DLCO | Lung Volumes | Pulse Oximetry | Forced Oscillometry

## PATHOLOGY

Liver | Kidney | Large and Small Bowel | Lung | Lymph Node | Bone Core | Endometrium

## NEUROPHYSIOLOGY

EEG | Ambulatory EEG | Audio Evoked Potential (AEP) | Video EEG (vEEG) | Visual Evoked Potential (VEP) | Sleep Medicine | EMG

**biomedical** systems  
35 YEARS OF ROCK SOLID PERFORMANCE

For more information on Biomedical Systems' full suite of service offerings, please call our North American headquarters at 1-800-877-6334 or our European headquarters at +32-2-661-2070 or visit our Website at [www.biomedsys.com](http://www.biomedsys.com).

# APPLIED CLINICAL TRIALS

YOUR PEER-REVIEWED GUIDE TO GLOBAL CLINICAL TRIALS MANAGEMENT

Over 18,250\* BPA-qualified  
clinical trial professionals  
around the globe are reading  
Applied Clinical Trials...

**WHY?** Because ACT delivers over 19 years of editorial excellence with the current and high-quality content that clinical trial professionals trust. By reading ACT, industry professionals learn effective and efficient solutions to strategic and tactical challenges within the tightly regulated, highly competitive pharmaceutical environment.

## 2011 Directory & Buyers Guide

### From the Publisher

Welcome to **Applied Clinical Trials' 2011 Directory & Buyers Guide**. We know you will find a great deal of information to facilitate your search for CROs, IRBs, Labs, and Sites and for suppliers and outsourcers of Clinical Packaging, Consulting, Contract Research Services, IT, Lab Supplies, Subject Recruitment, Training & Education, and Career Recruitment & Staffing.

It is my hope that the 2011 Directory & Buyers Guide proves to be an essential and invaluable part of your desktop reference tools.

Kind regards,

**Wayne K. Blow**

# Unlock your potential

What if you could shed complex study management burdens and focus on your core business? By engaging development solutions that combine confident clinical and regulatory expertise, sophisticated technology, and integrated global resources, you can reduce oversight costs and concentrate on your highest priorities, whether they're research, acquisition, expansion—or all of the above.

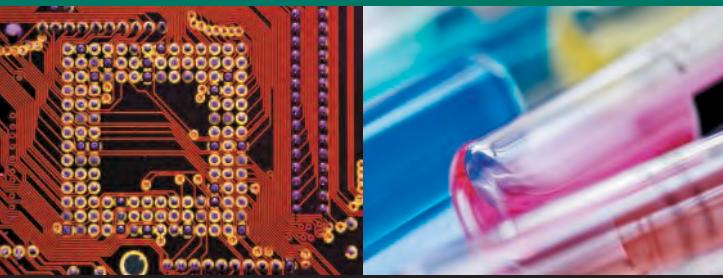

Our convergence of expertise, technology and global resources make PAREXEL your strategic partner with a comprehensive range of integrated solutions. We're right where you need us to:

- Save costs through efficient study management, reduced oversight costs, and bundle discounts
- Accelerate development through faster startup, transparent data, and seamless integration
- Mitigate risk with reliable data, increased accountability, and confident protocols
- Optimize quality and processes with better site management, standardized procedures, and study flexibility

Visit [www.PAREXEL.com/unlock](http://www.PAREXEL.com/unlock) to arrange an executive briefing, with specific suggestions for your therapeutic/product area.

*The First CRO Built to  
Work the Way You Do.*

Hello.

We're Theorem Clinical Research, formerly known as Omnicare Clinical Research. And our name isn't the only thing that's changed. We're the industry's first full-service, global CRO designed to work the way you do. With 1,000 dedicated professionals working in 32 countries, Theorem offers the experience, services and support of a global CRO. Our core CRO services are Early Phase, Phase II/III and Late Phase, however, we feature specialized Business Units in Medical Device, Technical Services and Pharmaceuticals. Our approach enables us to integrate our teams into the most complex clinical trials easier. So you can get to a decision point faster. It's the right approach, supported by the right people, backed by the right-sized CRO. We're Theorem Clinical Research. And we're excited to show you all the ways we've changed.

[www.TheoremClinical.com](http://www.TheoremClinical.com)  
[moreinfo@theoremclinical.com](mailto:moreinfo@theoremclinical.com)  
1.800.290.5766

Our relationships are strong and we treat our customers with the utmost care and respect. Medpace is a mid-size, global CRO currently conducting clinical trials in over 40 countries. To some sponsors we may not seem big enough. Fact is, our size and experience allows us to give all our sponsors the personalized service they need, from our therapeutically focused medical professionals to our seasoned project teams, while being able to execute quality programs worldwide. More importantly, we believe our work speaks for itself.

**Globally, Medpace has earned an enviable record of more than 30 approvable new drug and device submissions.**

# Medical Device Consulting

Regulatory and Clinical Research Institute, Inc. (RCRI) is a leading medical device consulting firm offering Clinical, Reimbursement, and Regulatory strategy services as well as medical device contract research organization (CRO) services.

RCRI has provided strategy and CRO services to over 400 medical device, IVD, and biologics firms.

Contact us today at 952-746-8080 or rcri-inc.com.

RCRI is ISO 9001:2008 certified.

knowledge // trust // service

**our therapeutic focus**

- Allergy
- Asthma
- Dermatology
- Diabetes

**&HWHUR 5HVHDFK** is the industry's leading early phase CRO specializing in full-service clinical pharmacology, bioanalytical and scientific affairs. You can count on the people behind our services. Our scientists and medical staff have unmatched knowledge and experience to provide accurate, reliable data.

Cetero develops practical approaches specifically designed to accommodate your research needs and accelerate your drug-development process.

We have a proven track record of delivering accurate data when you want it, in a format you want, with an unwavering commitment to quality.

# { PERFORMANCE IS A VIRTUE }

**AT THE DAVITA CLINICAL RESEARCH CENTRAL LABORATORY,  
WE ARE DEDICATED TO CONDUCTING EACH PROJECT ON TIME.**

The DaVita Clinical Research (DCR) Central Laboratory features the latest in analytical methodology and technology. Our investments in both equipment and our over 47,000-square-foot facility allow us to generate a daily test volume of approximately 144,000 tests on 60,000 samples per day. Each and every clinical project has a project manager to ensure that client-specific requirements are met and communication is maintained. Our convenient data access system allows fully compliant order entry and reporting anytime, anywhere.

DCR is always striving for innovation, and our latest milestone at the Central Laboratory is green packaging for samples. The unique green packaging features an IATA-compliant, storage-friendly design that results in significant shipping cost reduction.

DCR CENTRAL LABORATORY	
FACILITY:	47,000 SQUARE FEET

**Aptiv**Solutions  
*Accelerating the Possibilities*

## ACCELERATING THE POSSIBILITIES

That's what **Aptiv Solutions** is all about. We offer flexible, customized solutions that enable biopharmaceutical and medical device companies to adapt to the rapidly changing development market.

### HARNESSING THE POWER OF ADAPTIVE TRIALS

Aptiv Solutions is the only CRO to offer design, simulation and execution of adaptive clinical trials – and the only partner to make fully functional adaptive trials a reality.

### THE INDUSTRY LEADER IN MEDICAL DEVICE DEVELOPMENT

Aptiv Solutions has conducted hundreds of medical device studies – and every one of the PMA applications accepted for filing was approved.

### THE OPERATIONAL SUPPORT OF A GLOBAL CRO

Aptiv Solutions has more than 700 professionals providing expert services from early phase product development consulting through to regulatory approval and beyond.

Learn how Aptiv Solutions can accelerate the possibilities for you, visit us online at [www.apativsolutions.com](http://www.apativsolutions.com)

# Can your EDC do this?

DIGITAL SOURCE DOCUMENTS

## SureSource™ - Electronic Source Record (ESR)

It looks like paper, writes like paper, but collects data like a computer. Eliminate CRF data entry, SDV and up to 70% of data queries. Remotely monitor source documents from anywhere.

## ESR - What EDC Should Have Been

## » From collection site to central laboratory, 7 days of stability.

*“At MEDTOX, we understand the value of a sample and its integrity in a **global** clinical trial; the performance of Cyto-Chex BCT and its ability to preserve white blood cells from site to laboratory for up to 7 days at room temperature provides an impeccable level of service to our clients. It is our goal to always deploy the latest technologies for our clients’ benefits—even if that technology is in a blood collection tube.”*

**Marya Awker MLS(ASCP) QCYM**

*Supervisor Flow Cytometry Laboratory, MEDTOX*

### Secure. Convenient. Efficient.

- » Preserves patient samples for immunophenotyping by flow cytometry for >7 days at room temperature
  - White blood cell antigen expression for 7 days
  - HIV CD panel of markers for up to 14 days
- » Maintains sample integrity from collection site to central laboratory locations worldwide
  - FDA-cleared for the collection, transportation and storage of HIV-infected samples
- » Improves laboratory efficiency— batch samples up to 7 days

**Be Certain; See for Yourself.**

Superior  
**science**  
is nothing without good  
**chemistry**

ACM Global Central Laboratory is an advanced clinical trials lab with world wide capabilities. Yet it's our focus on the needs of our clients that makes us different. Our inherently flexible approach allows us to offer our customers an array of capabilities and the personal attention required for any size trial.

*You'll choose ACM Global Central Lab for the science, but you'll stay for the chemistry.*

*Join the conversation at our blog "Central Labs In Focus" - [www.acmgloballab.com/blog](http://www.acmgloballab.com/blog)*

# Starting a pivotal clinical trial?

Don't have any weak links in your drug development program.

Randox offers our pharmaceutical, central laboratory and CRO clients fully customized Quality Control sera, tailored to your specific trial requirements, ensuring it covers all parameters and most importantly the full clinical range you require.

- Specify lot sizes, analytes & levels
- Single or multi-analyte options as required
- Four year lots covering long term clinical studies
  - Liquid or lyophilized controls
- Reference method values for many analytes

**aQusera**

covers 170 parameters

Antioxidants • Blood Gas • Cardiac • Clinical Chemistry • Coagulation • Diabetes • Immunoassay • Immunology/Proteins • Lipids • TDMs • Toxicology • Urine • Speciality & Research Controls  
Plus: Liquid ready to use point-of-care controls including Urinalysis • Blood Gas • Cardiac

*'World's leading manufacturer of Customized Quality Control sera'*

Clinical trials professionals  
**across the globe**  
are reading  
**Applied Clinical Trials**

*Applied Clinical Trials* magazine is the first global information resource about the process of managing clinical trials. Pharmaceutical, contract research organizations, laboratory, regulatory, clinical research and academic professionals across the globe acknowledge *Applied Clinical Trials* as a strategic reference delivering information that can be immediately applied to daily work.

**APPLIED CLINICAL TRIALS. YOUR TICKET TO THE CLINICAL TRIAL WORLD'S MOST VALUABLE RESOURCE.**

Taking the trial  
to the patient

MEDICAL RESEARCH NETWORK

The Medical Research Network (MRN) is a unique clinical trial support organization offering nursing focused patient recruitment & retention solutions globally for clinical trials. Headquartered in the UK & now with a North American operation, the MRN offers Site Nurse Support and Home Trial Support services across the globe.

## Patient Recruitment Specialists

At the MRN it's all about patients... finding them, treating them, keeping them.

Established in 2006, the MRN is the worlds leading provider of home healthcare for patients in clinical trial; taking the trial to the patient makes participation more convenient and appealing for the patients and boosts recruitment rates considerably (from 60% upwards). This ease of participation also significantly improves patient retention, consistently above 95%.

For trial sites with resource constraints, the MRN also offers a Site Nurse Support service, placing experienced research nurses and/or coordinators into the sites to ensure enrollment and retention targets are met.

During the last 4 years, MRN has been involved in the conduct of over 110 projects across a wide range of therapeutic areas, ranging from complex trials in oncology, rheumatology, enzyme replacement therapy, hematology and others requiring drug administration of IV therapies and other injectables in the home, as well as simple blood draws in neurology, anti infectives, respiratory, renal & many others.

Should you wish to find out more about our services or discuss a specific project please contact us.

**Aptiv**Solutions  
*Accelerating the Possibilities*

## ACCELERATING THE POSSIBILITIES

That's what **Aptiv Solutions** is all about. We offer flexible, customized solutions that enable biopharmaceutical and medical device companies to adapt to the rapidly changing development market.

### HARNESSING THE POWER OF ADAPTIVE TRIALS

Aptiv Solutions is the only CRO to offer design, simulation and execution of adaptive clinical trials – and the only partner to make fully functional adaptive trials a reality.

### THE INDUSTRY LEADER IN MEDICAL DEVICE DEVELOPMENT

Aptiv Solutions has conducted hundreds of medical device studies – and every one of the PMA applications accepted for filing was approved.

### THE OPERATIONAL SUPPORT OF A GLOBAL CRO

Aptiv Solutions has more than 700 professionals providing expert services from early phase product development consulting through to regulatory approval and beyond.

Learn how Aptiv Solutions can accelerate the possibilities for you, visit us online at [www.aptivsolutions.com](http://www.aptivsolutions.com)
