By **Ronica Shannon**
for the Citizen

Dr. Louisa Summers of Berea College gave the council a presentation Tuesday regarding the health impact that shared-use paths have had in rural Appalachia.

Berea is home to two shared-use paths, with one beginning at the Berea Municipal Utilities site and the other beginning at the Berea Arena Theater. Summers announced that the two trails would be connected by creating a "Short Line (Pike) Connector."

A survey was given to

shared-use path users, and infrared sensors were placed along the route to detect the number of people using the paths.

"I'm here to give you the results of the number of people who use the shared-use paths and how that affects health," she said.

Berea became a certified Trail Town in December 2015. The Kentucky Tourism Department created the trail towns to boost economic development, Summers said.

Those using the paths were asked, "How long,

Dean Marks 48 Years as Berea's Santa Claus

By **Andy McDonald**

When Norman Dean, Jr. first donned a Santa Claus suit some 48 years ago, he probably couldn't have imagined that his portrayal of Old St. Nick would become part of such a beloved tradition in Berea. But nearly half a century later, Dean, 67, is still enjoying what began as a family tradition.

"Dad was a Santa Claus for the fire department here in Berea, and when

he got to the point that he didn't want to do it anymore, he gave me the suit and said 'You will now be the official Santa,'" Dean laughed.

Since then, Dean makes the rounds every December, visiting schools, churches, hospitals, nursing homes, restaurants and stores, he also does home visits. It makes for a busy holiday season, but Dean says it is well worth the effort. "I love the children, and playing the part

Makers Market to become annual event

Special to The Citizen

Saturday Nov. 18 was a gray, blustery day in Berea, but the Russel Acton Folk Center was bustling with shoppers looking for handmade gifts and holiday decor at the first Berea Makers Market Holiday show.

The event featured modern handcrafted goods from over 40 Kentucky makers, as well as local food trucks, holiday goodies, kids' activities and more.

Sponsors of the event included local event planner Bryan Kidd, of The

Berea College seniors honor friend with CAP

A dear friend of Berea College seniors, Isabella Gormanson and Jessi Adams, died in November after a car collision Oct. 25, but the spirit of BriAnna Cowden was alive and well Saturday at the Christian Appalachian Project's "Santa Day" in Rockcastle County.

Gormanson, 22, of Florence, NC, and Adams, 21, of Duffield, VA, are both child and family studies majors at Berea College, and they wanted to do something during the holidays in Cowden's honor.

The two students represent the Kappa Omicron Nu Alpha Chapter Honor Society. Cowden also was president of the honor society, which is how the three women became friends.

"I got really close to her, and lived in the same dorm with her," Gormanson said. "One of the things the honor society encourages is performing services and giving back to the community. Jessi found where someone had shared a post that "Grateful Threadz" and "Grateful Bread," the thrift store and food pantry operated by Christian Appalachian Project (CAP), were both in need of donations. It was like an instant idea. It was a way to honor BriAnna and it was something we could actually do."

Gormanson and Adams hosted a toy drive from Nov. 13 to Nov. 20, and they collected 500 toys which were handed out to the children.

"Santa Day" was held from 9:30 a.m. to 4:30 p.m., but within the first hour, 60 children had been through the Santa gift line. The total last year for the whole day was more than 200 children.

Ernestine "Tina" Fisher Ponder Wolfe, 89, of Berea, died Saturday, December 2, 2017 at the Berea Health & Rehab Center following an illness. She was a Halde-man, Kentucky native (Rowan County) born May 29, 1928, daughter

of the late Ernest and Myrtle Hamm Fisher. A homemaker, former secretary, loving mother, grandmother and great-grandmother, she attended the Church of God.

She was a resident of Dayton, Ohio until 1969, and a resident of Livingston, Kentucky until 1992 when she moved to Berea.

Survivors include her daughter, Marsha Jones (Jim); son, Larry Ponder (Rebecca); granddaughters, Jamie Kiefer (Jim), Nichole Lashmett (Chad), Amy Crutcher, Kari Adams;

great-grandchildren, Riley, A.J., Ben, Jacob; and step-daughter, Gail Cope (James). In addition to her parents she was preceded in death by her husband, Fred Ponder, Jr.; her 2nd husband, Burl Wolfe; son, Terry Ponder; brother and sister in law, Murvel and Mary Fisher.

Funeral Service was at 1:00 pm, Wednesday, December 6, 2017 at Reppert Funeral Home with Bro. Jack Martin officiating. Burial followed in Red Hill Cemetery in Rockcastle County.

Virginia Rhodus, 75

Virginia Rhodus, 75, of Carlinsville, passed away Saturday evening, Dec. 2 following a battle with cancer, at Carlinsville Area Hospital in Carlinsville, IL.

Virginia was born on Aug. 5, 1942 to Ellen Johnston in Dayton, OH. She graduated from Berea Community High School in Berea with the class of 1961. She obtained her associates degree from a business college in Lexington and later attended Mid-Continent

Baptist College in Mayfield. Virginia married Ronald Rhodus on March 28, 1962 in Richmond.

She enjoyed the simple things in life such as cooking for her family and attending Cross Church, where she was a member. Virginia did many things to make her grandchildren feel special. She wanted other people to feel blessed and happy.

Virginia enjoyed the pastoral ministry serving along side her husband, Dr. Ronald D. Rhodus for 52 years. She was a gifted Bible teacher. Those who knew her were blessed by her positive attitude and spirit of encouragement.

Virginia is survived by her husband, Dr. Ronald D. Rhodus;

mother, Ellen Johnston of Carlinsville, IL; two daughters, Fonda (Jamie) Newton of Hamilton, OH and Rhonnie (Ron) Schaaff of Carlinsville, IL; son, Tim (Kathi) Rhodus of Carlinsville, IL; four granddaughters, Lisa North, Lorra North, Anna Rhodus, and Cassie Beckert; three grandsons, Trevor Rhodus, Andy Beckert and Derek Beckert; eight great-grandchildren.

Funeral services were at the Cross Church, Carlinsville, IL, with Dr. Ronald D. Rhodus officiating.

Burial took place in the Moore Cemetery.

Memorials are suggested to the Cross Church. Online condolences can be given at www.davisanderson-funeralhome.com.

Patsy Jean Purkey, 86

Ms. Patsy Jean Purkey, 86, of Louisville, passed away Thursday, Nov. 30, at the Episcopal Church Home in Louisville.

Ms. Purkey, the daughter of the late John Reuben Purkey and Hattie McKinney Purkey, was born in Madison County on March 1, 1931. She graduated from EKVU in 1953 and went on

to work for Purkey's Supermarket and Hardware. Later, she worked and retired from Plumbers and Pipefitters Local 502 & 633. She was an avid animal lover, especially dogs.

Survivors include her nephew John Purkey and wife Laura; her sister-in-law Helen Purkey and several cousins.

She was also preceded in death by her brother, Charles Purkey.

A Committal Service was conducted at 11 a.m. Monday, Dec. 4 at the Berea Cemetery, 500 Oak Grove Ct, Berea with Rev. Bill Fort officiating.

Combs, Parsons & Collins Funeral Home was in charge of arrangements.

Richard Nearn Barnes, 88

Richard Nearn Barnes, 88, loving husband for 60 years of Mary Elizabeth Barnes, went home to be with the Lord on December 4, 2017. He served Berea College as a Biology Professor for thirty two years from 1962 to 1994 and as Department Chairman from 1986 to 1992.

Richard is survived by his wife and two daughters, Kathryn

Turnbull of Berea and Marcia (Michael) McWilliams of Salvisa, KY and two grandchildren, Ariel (Tim) Miller of Frankfort, KY and Richard (Tamra Lutes) Turnbull of Covington, KY. He was preceded in death by his three brothers, Brents, Bill and Bruce Barnes.

A Celebration of Life will be held December 9 at 2:00 pm at First Christian Church in

Berea. With visitation and reception to follow in fellowship hall. In lieu of flowers, memorial contributions can be made to either First Christian Church 206 Chestnut Street, Berea, KY 40403 or the Richard Barnes Science Scholarship Fund at Berea College. THE DAY GOD TOOK YOU HOME

A million times I've needed you, a million times I've cried.
If love alone could have saved you, you never would have died.
In life I loved you dearly, in death I love you still.
In my heart you hold a place, no one else can ever fill.
It broke my heart to lose you, but you didn't go alone, part of me went with you, The day God took you home.

We love you more than words can say and miss you even more.

BEREA POLICE REPORTS

Dec. 3

Operating a motor vehicle under the influence of alcohol/drugs/etc.: Police arrested Bennett W. Hall at the HWY 1016/Rockcastle Street intersection. According to the report, Hall was driving 43 MPH in a 25 MPH zone. Upon approaching Hall, the officer smelled "a strong odor of marijuana." Hall agreed to a blood test, and told police he had smoked marijuana earlier that day, "... however, after speaking with the above subject, I could smell marijuana on his breath and clothing," the report states.

Fourth-degree assault (domestic violence/minor injury): Police arrested James L. Neeley after responding to a domestic violence report at 107 Elm Street. Upon police arrival, Neeley said he had been in an argument with his girlfriend. "I observed blood on James' hands," the report states. His girlfriend had blood on her lips. She first told officers she had fallen and hit her mouth. However, "... in the 911 call she had told dispatch Jones was on top of her and beating her," according to the citation. She finally admitted to police that Neeley had pushed her to the ground and punched her in the mouth many times.

Fourth-degree assault (domestic violence/minor injury): Police arrested Jacob

Bailey on Jill Drive after being called out for a domestic dispute. Upon arrival, Bailey was attempting to flee the scene on foot behind Walmart. He first told police that he did not assault his girlfriend and that it was an accident. He told police he tossed a set of binoculars into his vehicle where the victim was sitting, which hit the victim in the right eye. Upon making contact with the victim, she advised police that she was sleeping in the couple's vehicle when the above threw a pair of binoculars at her face, striking her in the right eye. She told police Bailey would not let her get away, and that he was grabbing her while calling her derogatory names. "The victim suffered minor injuries from the assault and was transported to Berea Saint Joseph Hospital for treatment," the report states.

Dec. 1

Alcohol intoxication in a public place, first and second offense: Police arrested Joallen T. McKenna on Jill Drive after being dispatched to Walmart in reference to a disturbance. Staff at Walmart advised police that there was an intoxicated male causing issues in the store. McKenna was located by police outside of the store on the grocery side, and staff was present with him. McKenna admitted to drinking alcohol earlier that

morning and stated he was on numerous medications. His eyes were bloodshot, speech was slurred and staff advised that he was unsteady on his feet while walking through the store. McKenna was extremely belligerent while transporting him to the detention center.

Nov. 30

False making or embossing of credit card: Police arrested Jermaine A. King of Chicago, IL, and Keenan C. Washington of Sauk Village, IL, at the Chestnut Street Circle K after police found that King was in possession of a falsely embossed Visa credit card with the name of ILWU Credit Union that he says he purposely bought in Chicago and then had his name put on it. King attempted to purchase 10 cartons of cigarettes at two Berea gas stations, both of which were denied. After being approached by police, King dropped the card and it was later found in the grass.

Washington received the same charge because he knowingly assisted King. He told police that he knew the card was used to purchase goods and that he was the driver to and from these businesses. He told police that he and King would take the cigarettes back to Illinois to make money.

Let Christmas be about precious moments, not presents

Mama's Time-Out Corner

Ronica Shannon

p.m. Within the first hour, 60 children had been given a gift and enjoyed visiting with Mr. and Mrs. Claus.

In trying to find the average amount spent on a child at Christmas, my research yielded a broad range from \$200-\$500 - that's for one child.

Folks, that is absolute proof that America's values have changed; as has the way we celebrate holidays. I realize that gifts are a part of the Christmas tradition because gifts were brought to Jesus when he was born, but we have officially gone too far. Those gifts given to Jesus were out of true thanks and honor. The gifts we give our children are those they asked for months ago.

Another aspect of the holidays I see fading away is tradition. When I was a child,

there was no better smell on earth than the scent of a freshly cut Christmas tree in my grandparent's home. We would string cranberries and popcorn and decorate the tree with family photos and homemade ornaments. Now, trees come in a box instead of the woods, they are pre-lit, so it's almost like a "One-Step Christmas In A Box," no thinking, no traditions, just doing.

My roots stem from the mountains of Eastern Kentucky, where the grandmother holds the entire family together. She is the one who fixed Sunday suppers and holiday meals. I remember her small house in Goose Creek Hollow (Lee County) being filled with aunts, uncles, cousins and other family members.

After my grandmother was

diagnosed with cancer, those days started to fade away and are now days that I can only look back on, remember and smile.

I am afraid that we are bringing up a generation who will not know how important it is to have strong family roots, strong family traditions and fond memories to look back on.

I am challenging readers of The Berea Citizen to buy one less gift this year and spend more time with family. Gifts of toys, clothes and money are here one day and gone the next. Do not waste precious time in life worried about gifts, rushing to stores to be there the earliest and getting hateful because checkout lines are too long. If I just described you, please sit down with your priorities and put them in a different order.

Word From Berea Streets

If you could change one thing about the holiday season, what would it be?

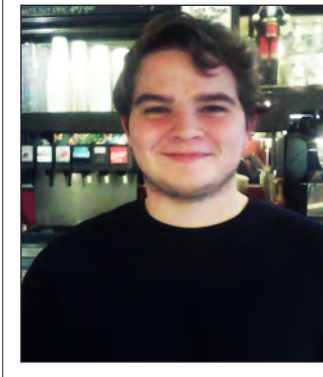

Braunwyn Feldman, Berea-

"Everyone just needs to slow down and enjoy the holiday season."

Aaron Clark, Monticello,

"I'd like to see less focus on material things and more on family, friendships and relationships."

Wade Bradford, Berea,

"Christmas should be more about Christ and less about the presents and gifts."

Steve Gregg announces his candidacy for county jailer

Submitted by Steve Gregg

My 40 years of law enforcement and jail training has given me the opportunity to work directly with inmates and their families. I pledge to focus on tax dollars while operating a facility the county can be proud of. Budgeting is an important part of my goals. I want to do what's best for the community and use tax dollars responsibly.

I want a substance abuse treatment program. This is an innovative approach to kick-

ing opiates for good. Eighty-three percent of intakes are directly or indirectly related to substance use. This is a volunteer program. Inmates would be given Vivitrol once a month and continue the program after being released. It blocks the effects of opiates, including heroin, morphine, and oxycodone for up to 30 days. They would continue this program once released. It gives them a fighting chance to reintegrate into society.

Another is the S.A.P Program better known as Sub-

stance Abuse Program. This program is six months long and designed to address the overall of long-term drug and alcohol abuse, conflict resolution, anger management, socialization, parenting, victimization and reintegration to assist inmates with their incarceration an re-acclimation into society. This is a state approved program.

Faster booking, no more 30-minute waits for police, KSP and sheriff's department. I want use the Zuercher system. Each deputy has a Motion Tablet. The system keeps

logs of all data. The staff can stay on top of detailed history, medical and financial records for each inmate including head counts and this will speed up the booking process.

I also want to implement the iWebVisit System, it allows face-to-face video visitation anywhere you have access to the Internet. Remote video visits are less expensive than voice-only telephone call or traveling to the facility: \$6.00 for a 15-minute visit.

Berea Mayor at Gray's campaign announcement for 6th Congressional seat

Submitted by Jim Gray for Congress

Berea Mayor Steve Connelly stood by Lexington Mayor Jim Gray's side Tuesday when Gray announced he would be challenging Rep. Andy Barr for Kentucky's 6th Congressional District seat.

Beginning in Berea, Mayor Jim Gray will spend the rest of this week visiting all nineteen counties in the Sixth District to hear voters' concerns about their representation in Washington and their suggestions for how to solve the challenges they are facing.

Gray brings a strong record of leadership from his nearly two terms as Mayor of Lexington, where he got the city's finances in order, expanded economic opportunity for working families and brought people together to solve tough problems. Prior to entering public life, Gray served as President and CEO of Gray Construction, his family business that has created thousands of jobs in Kentucky and across the country.

Gray is ready to bring that experience to Congress to fix a broken system and protect the American Dream to ensure that everyone who works

hard and plays by the rules gets a fair shot at success. "I'm running for Congress because too many people are working harder but not getting ahead," Gray said. "From growing up in a middle class family, to building a successful business, I've been lucky enough to live the American Dream. But today, the American Dream is threatened, it's in trouble. Healthcare costs are rising. The price of a good education is as high as ever. Wages aren't growing fast enough to keep up. And Washington is too broken to solve these problems because of partisan politicians like Andy Barr who vote the way their party tells them, not the way that's best for Kentucky." "We need more leaders in Congress who are willing to bring people together to solve problems and protect the American Dream for all hardworking Kentuckians," he said. "That's what I've done as Mayor, and that's what I'll do in Congress." Last month, non-partisan elections forecasters at Inside Elections said that Gray entering the race would be a "game changer" for making this race competitive. They cited Gray's success in the district during his 2016 U.S.

Senate campaign, when he carried KY-06 52 percent and 48 percent over his opponent.

Kentucky's Sixth Congressional District is located in Central Kentucky, contains the cities of Lexington, Richmond and Frankfort, as well

as Anderson, Bath, Bourbon, Clark, Estill, Fayette, Fleming, Franklin, Madison, Menifee, Montgomery, Nicholas, Powell, Robertson, Scott, Wolfe and Woodford counties and parts of Harrison and Jessamine counties.

"Let us not be weary in well doing, for in due season we shall reap if we faint not."

and how far are you walking?"

"The bottom line is that people are walking an average of 58 minutes per day, which is about four miles," she said.

There are 7,784 people using the paths each year, which averages out to be about 170 users per day.

City Administrator Randy Stone said the city is also looking at additional avenues of connecting the two paths.

"We're also looking at the trail on Brushy Fork, which will bring us up to Scaffold Cane Road on the end of Elm Street," he said. "Hopefully, within the next two years, there will be a number of connecting trails in the city. We should have 12 to 15 miles of trails."

In other business:

- Councilman Jim Davis asked Mayor Steve Connelly to update the council on his process of due diligence before possibly ending all contractual agreements between the city and power transmission provider KyMEA (Kentucky Municipal Energy Agency.)

"It continues," Connelly said. No decision will be made until the beginning of 2018, he said.

Last year, the Berea City Council voted to choose AMP Ohio to be the city's power source beginning in 2019, ending its contract with Kentucky Utilities. The council also allowed Connelly to sign an agreement with KyMEA, which would have been used as a transmission provider holding extra capacity for the winter months.

After discussing the issue with AMP representatives, the council was satisfied that there was no need to purchase extra capacity from AMP and KyMEA.

Connelly suggested that before he officially ends all contractual agreements between the city and KyMEA, he must first perform a due diligence study.

- The council heard the final reading of an ordinance changing the zoning classification of property at 1005 Richmond Road North from agricultural to single-family residential.

Councilman Jerry Little recused himself from voting based on a conflict of interest, he said. All

other council members voted in favor of changing the classification.

- The first reading of an ordinance was heard, that if passed, would allow the city to sell property located at 202 and 208 South Broadway Street. The property is selling for \$35,000. Upon passage of a second reading, the property will go to Tri-State Wholesale in London, KY.

"The people who are buying this own a business across the road and wanted to expand," Stone said. "They are really wanting to get started on this."

Councilman Little said the purchase of the property will help Tri-State Wholesale grow.

"The people who are buying this property own a building across the road (from the property being sold) and wanted to expand," Little said.

- A resolution was passed to allow the city to lease Berea City Park property to the Board of Education of Berea Independent School District. The board was in need of property to provide certain athletic facilities to accommodate its athletic programs and spectators, the resolution reads.

The property leased includes Duerson Stadium. Several council members wanted the name of the stadium to be protected, therefore a motion was made by Councilman Caudill to amend the resolution to include such language. Councilwoman Cora Jane Wilson seconded the motion.

The resolution was necessary in order for the district to make improvements to the stadium, which includes the press box, Stone said. The total project is estimated to cost about \$236,000.

- Stone gave an update about the progression of the new City Hall building.

"The work in the basement is one of the last things we're getting done," he said. "We're about 65 percent finished in the basement."

The floors in the building were finished as of the end of last week.

"On December 20th, we will have a full-building walkthrough," Stone said. "We're looking at the last of January before we will be operating in that building."

The next meeting of the Berea City Council is scheduled for 6:30 p.m., Tuesday Dec. 19 at the Berea Police and Municipal Building.

SANTA DAY

CONTINUED FROM PAGE A1

Both Gormanson and Adams think Cowden would have been really happy and proud of what the ladies had done in her honor.

"She had the biggest heart and she loved kids," Gormanson said. "She actually worked as a teacher at a child care center in Lexington. Giving back to others and seeing kids smile made her happy, and I know that us doing this is going to give (the children) a better Christmas."

Cowden held children very close to her heart, Adams said.

"Children were a huge part of her happiness, and I think she would be absolutely delighted to see the children's faces lighting up," she said.

"Those two girls are an absolute blessing," said Sherri Barnett, manager of "Grateful Threadz." Along with the thrift store, the food pantry, "Grateful Bread" is available to Rockcastle County residents.

All proceeds generated by the thrift store go directly back into funds needed to operate other CAP programs. Food from the food pantry, which is also part of Feeding America, comes at no cost to residents, and eligibility is determined based on federal income guidelines. Residents must show proof of income and be a resident of Rockcastle County. The thrift store offers reasonably priced clothing, but vouchers for clothing are available for families going through a devastating event, such as a house fire, Barnett said.

The thrift store and food pantry also serve

as a way for CAP members to build relationships with the people they serve.

"We get to know people, and it's wonderful," Barnett said. "Our mission statement focuses on building hope, transforming homes and families, and sharing Christ's love through service in Appalachia. People come in and they want us to pray with them. It's truly an awesome place. We get to know them on a one-on-one basis. We actually take the time to get to know them and learn about them."

The family atmosphere is one thing that Tina Bryson, manager of public relations for CAP, enjoys most about "Santa Day."

"Everyone here is from Rockcastle County and this is where CAP staff live and work too," Bryson said. "Santa Day is such a family affair for the whole community. CAP is such a great program to be a part of."

"We look forward to 'Santa Day' every year," Barnett said. "The kids get to come in and sit with Santa Claus. It's so rewarding. We have gifts for every child that comes in."

Aside from the thrift store and food pantry, the CAP offers many other programs including elderly services, in-home respite care, in-home infant/toddler services, prescription assistance, family advocacy and more. Visit www.christianapp.org to learn more information about the program and its services.

Added Touch in Richmond, as well as local designer Ana Maria Selvaggio (www.renmeleon.com), with support in part by: This Is Berea (www.thisisberea.com), MACED (Mountain Association for Community Economic Development), and Berea Tourism. Berea Makers Market is organized by local volunteers who love modern handmade goods, and includes two shows yearly - a Holiday market in November and a Spring market on Mothers' Day weekend.

The next event is set for May 12, 2018 at the Russel Acton Folk Center in Berea.

"Berea Makers Market was founded in 2016 to provide a new venue for Makers, especially those who primarily sell online, to connect in person with buyers who are looking for authentic handmade goods with modern appeal," said event founder Laura Wick. "We hope this new market will help foster a new wave of entrepreneurial energy in Berea and be a positive addition to the local craft economy."

Additional information, including a full ros-

ter of Makers from both at www.bereamakers-2017.com, is available www.bereamakers-2017.com.

Ordinance 15-2017

AN ORDINANCE OF THE CITY OF BERA, KENTUCKY, AMENDING ORDINANCE NO. 21-98 TO CORRECT A CLERICAL ERROR IN SAID ORDINANCE BY PROVIDING THAT THE ZONING CLASSIFICATION OF CERTAIN PROPERTY OWNED AT THE TIME BY OLIVER PROPERTIES BE CLASSIFIED R-1 (SINGLE FAMILY RESIDENTIAL) AND R-3 (MULTI-FAMILY RESIDENTIAL)

WHEREAS, on July 23, 1998, the Berea Planning Commission held a public hearing on a zone change application from Oliver Properties requesting that certain portions of Blocks 3 and 4 of Central Park Subdivision be reclassified from I (Industrial) to R-1 (Single Family Residential) and R-3 (Multi-Family Residential); and

WHEREAS, thereafter the Planning Commission made Findings of Fact and Recommendations to the City Council pursuant to KRS 100.211, recommending that the City Council reclassify a portion of the property from I (Industrial) to R-1 (Single Family Residential) and a portion from I (Industrial) to R-3 (Multi-Family Residential); and

WHEREAS, due to a clerical error, Ordinance No. 21-98 included only the R-3 (Multi-Family Residential) classification; and

WHEREAS, it is necessary to correct such error and properly classify the property pursuant to the Planning Commission Recommendation;

NOW, THEREFORE, the City Council of the City of Berea, Kentucky, does ordain as follows:

Pursuant to the authority granted in KRS 100, and in Section 401.2 of the Land Management and Development Ordinance of the City of Berea, and further pursuant to a hearing held by the Berea Planning Commission on June 23, 1998, wherein the Planning Commission found that the requested map amendment for the property located in Blocks 3 and 4 of Central Park Subdivision from I (Industrial) to R-1 (Single Family Residential) and R-3 (Multi-Family Residential) was appropriate based on specific factual findings, and said Planning Commission having recommended to the City Council that the requested map amendment be granted; therefore, the City Council adopts the findings of fact and recommendation of the Planning Commission attached as Exhibit A, and further, pursuant to KRS 100.211, Ordinance No. 21-98 is amended to reclassify the areas as hereinafter described on Exhibit "B" from I (Industrial) to R-1 (Single Family Residential) (being a portion of Block 3) and R-3 (Multi-Family Residential) (being all of Block 4), from I (Industrial).

Ordinance 14-2017

AN ORDINANCE OF THE CITY OF BERA, KENTUCKY, CHANGING THE ZONING CLASSIFICATION OF PROPERTY DESCRIBED OWNED FROM A (AGRICULTURAL) TO R-1 (SINGLE FAMILY RESIDENTIAL)

The City Council of the City of Berea, Kentucky, does ordain as follows:

Pursuant to the authority granted in KRS 100, and in Section 401.2 of the Land Management and Development Ordinance, and further pursuant to a hearing held on November 14, 2017, by the Berea Planning Commission, wherein the Planning Commission found that the proposal for zoning map amendment from A (Agricultural) to R-1 (Single Family Residential) was appropriate based on specific factual findings, and said Planning Commission having recommended to the City Council that the requested map amendment be granted; therefore, the City Council adopts the findings of fact and recommendation of the Planning Commission and further, pursuant to KRS 100.211, the area as hereinafter described on Exhibit "A" hereto (2.48 acres) be and the same is reclassified from A (Agricultural) to R-1 (Single Family Residential).

NOTICE

Notice is hereby given that on December 6, 2017 Kentucky Utilities Company ("KU") have filed an application with the Public Service Commission, Frankfort, Kentucky for approval of revisions in its Demand-Side Management and Energy-Efficiency ("DSM-EE") program portfolio, as shown in KU's Adjustment Clause Demand-Side Management Cost Recovery Mechanism ("DSM") tariff and the resulting changes in its DSM Cost Recovery Component ("DSMRC") charges. In its application, KU will notify the Commission that the revised DSM tariff sheets are proposed to become effective on and after January 5, 2018; however, because KU anticipates the Commission will suspend the proposed changes in the DSM tariff to conduct an investigation of the proposed changes, KU will ask the Commission to approve the proposed changes in its DSM-EE program portfolio and resulting charges under the DSM tariff to be effective on January 1, 2019.

The proposed changes to the DSM-EE program portfolio, if approved, will result in changes to the DSMRC calculated under the DSM tariff for all affected electric rate classes as follows:

Rate RS, RTOD-E, RTOD-D, and VFD			
Current Charge per kWh	Proposed Charge per kWh	Difference per kWh	% Change

KU proposes also to make available DSM-EE program to, and to apply DSM charges to, industrial customers. KU is also revising its definition of "industrial" for the purposes of DSM to include only those customers engaged in activities primarily using electricity in a process or processes that involve either the extraction of raw materials from the earth or a change of raw or unfinished materials into another form or product. KU is also proposing an opt-out for industrial customers' meters serving energy-intensive loads, defined as any meter served under Rate TODP, RTS, or FLS. To be eligible to opt out, an industrial customer must state it has implemented cost-effective energy-efficiency measures not subsidized by other rate classes for the loads served by the meters to be opted out. Customers choosing to opt out eligible meters must submit an opt-out form to KU; properly completed and submitted opt-out forms will be processed and opt-outs implemented by the second full billing cycle following form submission. Opt outs will be effective indefinitely, though a customer may seek to opt back into DSM charges and DSM-EE programs for opted-out meters as soon as one year after opting out. Any opted-in meter or meter that serves load that has participated in a DSM-EE program may not opt out for at least three years after most recently opting in or participating in a DSM-EE program, whichever is later.

In addition, KU proposes to include DSM in the Adjustment Clauses section of Rate FLS because such customers will now be able to participate in DSM-EE programs and be subject to DSM charges unless meters served under Rate FLS are opted out.

The estimated amount of the annual change and the average monthly bill to which the proposed DSMRC charges will apply for each electric customer class is as follows:

Electric Rate Class	Average Monthly Usage (kWh)	Annual \$ Increase	Annual % Increase	Average Monthly Bill \$ Increase
Residential	1,179	(11,001,457)	(63.9)	(2.19)
Residential Time-of-Day	1,171			(2.18)
General Service	1,805	(618,661)	(25.2)	(0.65)
All Electric School	21,341	364,440	275.8	55.91
Power Service	41,148	431,732	15.2	3.29
TODS (Secondary)	245,336			19.63
TODP (Primary)*	1,241,109			99.29
Retail Transmission*	4,160,317			332.83
Fluctuating Load*	46,076,466			3,686.12
School Power Service	46,098			3.69
School Time-of-Day	118,621			9.49
Outdoor Sports Lighting Service	6,056			0.48

* KU formulated the DSMRC Charges applicable to Rates TODP, RTS, and FLS assuming that industrial customers taking service under those rates will choose to opt out eligible meters. Therefore, KU does not anticipate such customers will actually incur the costs shown; however, the table above reflects the impacts to such customers if they elect not to opt out, though the DSMRC Charges, and particularly the DSM Billing Adjustment, may change to reflect the additional revenues from such customers' load paying DSMRC Charges.

Complete copies of the proposed tariffs containing text changes and proposed rates may be obtained by contacting Kentucky Utilities Company at 220 West Main Street, Louisville, Kentucky, 1-800-981-0600, or visiting Kentucky Utilities Company's website at www.lge-ku.com.

Notice is further given that a person may examine this application at the offices of Kentucky Utilities Company, 100 Quality Street, Lexington, Kentucky, and may also be examined at Kentucky Utilities Company's website at www.lge-ku.com. Rodney Wilson, Plant Manager, Hyster-Yale Group addresses Rotary

On the 6th of November 1974 the Hyster Company's Berea plant built its first forklift.

On the 6th of November 2017 the same plant built its 500,000th fork lift.

During those 43 years the company has grown to 19 locations globally with 25 facilities. Berea is the largest with 850 employees in 18 counties that leave a footprint stretching in the south from Whitley and Wayne counties to Fayette and Clark.

Rodney Wilson, the plant manager, proudly displayed this information for members of the Berea Rotary Club. In giving an histori-

cal overview he noted that in 1973 what drew Hyster to Berea were three things—the location along I-64 and I-75, Berea College with its “head and hands” approach to learning, and the strong work ethic of the people in the area.

Two items of special mention are the fact there are 11 workers who have been with the plant for the full 43 years and in 2011 the Berea location was listed as the top plant by Plant Engineering Magazine.

The management philosophy of Hyster-Yale is one that, rather than having many ‘if-then’ rules, operates on expectations of adult behaviors where workers accept responsibilities and are engaged in creating a quality finished product. Workers are offered a career opportunity, not just a job.

During a short question period Wilson ad-

ressed the concept of change that must occur to inspire the millennial generation.

He agreed that Berea could use a technical school and that counselors working with young people should consider that college is not the route for all students.

Guests attending the presentation were Rotary partners, Donna Harrison and Helen Eden, along with the District Interact Chair Barbara Rahn, potential transfer member Rita Davis, and Madison Southern Interact Sponsor Todd Moberly accompanied by club president Willow Raleigh.

Due to the temporary closing of the Artisan Center Café, the club will not meet again until January 9th. The December 12th Christmas Party, which is being held at the Extension Office, will continue as planned.

Isaacs Winner of Find the Citizen Contest

Janice Isaacs of Berea was the winner in the monthly drawing for Find the Citizen. She is pictured with Citizen office manager, Keeley Rader who presented Isaacs with the \$25 cash prize and tee shirt.

Berea Rotary hosts District Interact Chair

Harold Eden, Todd Moberly, Barbara Rahn, District Interact Chair and Willow Raleigh of Madison Southern High School. Rahn of the Rotary Club of Florence, recently visited with the Berea Rotary. The purpose of her visit was to share information about some unique opportunities available to Interact students in District 6740. As the Rotarian Interact sponsor of the NKY Communities club she has been working with an international service project. Students from Kentucky on scholarship from a benefactor went on a mission trip last summer to help paint houses, distribute clothing and work with needy children as a way of making a difference while exemplifying the Rotary motto, “Service Above Self.” Students needed only to earn travel expenses. A similar project is planned this summer for the Dominican Republic. Todd Moberly, Madison Southern Interact Sponsor, and Willow Raleigh, Southern's Interact President, attended the meeting to learn more about this. On the left in the above picture is Harold Eden, Berea Rotary Interact liaison. Those interested in learning more about this can contact Rahn at blr-interact@twc.com.

This quarterly meeting is sponsored by the governor-appointed Kentucky Chemical Demilitarization Citizens' Advisory Commission (CAC). The CAC represents community and state interests to the U.S. Army and Department of Defense. The Chemical Destruction Community Advisory Board (CDCAB) is an independent sub-committee of the CAC made up of a diverse group of community leaders who organized to represent the views and concerns of the local community on issues regarding Kentucky's chemical weapons disposal program. Join community members for an update on chemical weapons destruction in Madison County and share your views with community leaders.

Berea Pirates welcome new superintendent

By Elias Bolton
Pirate Staff Reporter

On November 20, the Berea Independent School district held a reception for parents, staff, and students to have the opportunity to meet the school district's new Superintendent, Dr. Diane Hatchett. The doors were open for members of the Berea Community to come and ask questions and become better acquainted with Berea Community's soon-to-be new superintendent. The reception was an opportunity for Dr. Hatchett to introduce herself and what she hopes to see happen at Berea Independent Schools.

A few elected students at Berea Community High School also had the opportunity to meet with Dr. Hatchett and represent the student body to introduce her to the culture and atmosphere of Berea. The students had a chance to personally meet with Dr. Hatchett and ask questions, as well as discuss what they hope to see happen in the district. High School Senior Crystal Williams said, "I think she is already very passionate about the students here. She seems very excited and energetic; she also seems very eager to make a difference within our school."

The student representatives of Berea Community High School came to Dr. Hatchett with what they

hope to see in the new superintendent. They talked about how they would like to see a support in the

school and it's ideas, support in diversity, a feeling of respect for all, a direct involvement in the students

and the community, a trustworthy character, and most importantly, for the superintendent to love their job.

Student Week on Hey Kentucky!

By MacGregor Lakes
Pirate Staff Reporter

By Emy Lovell
Pirate Managing Editor

On the week of November 13, Berea Community High School students Baylor Hill (junior), Emy Lovell (junior), David Gadd (senior), and Catie Terrill (eighth grader) took part in the local news show Hey Kentucky. Hey Kentucky focuses on a wide range of news topics from local to national that Kentuckians might care about, and is filmed at LEX 18 News in Lexington. Berea students were given the task of reading headlines for host Matt Jones to discuss. "I had lots of fun," said senior David Gadd of the experience.

Student were chosen by middle school Special Education teacher Dustin Busler. Mr. Busler had been invited to go on Hey Kentucky during the month of October and was asked by Matt Jones to select students from the middle and high school to be on the show for "Student Week." The Pirates who were chosen showcase involvement in a variety of clubs and activities at Berea Community.

The student participants had plenty to say about the privilege of being featured on local television. Junior Baylor Hill remarked, "It was an interesting experience and a fun opportunity to see what goes on behind the scenes with a local TV show." Gadd also had a high opinion of his experi-

ence with the show: "It's a great opportunity to see how broadcasting a show works; I've also always watched it and it was fun to be a part of it."

When realizing that they would be seen by the greater public, the Berea students' reactions were mixed. "I thought it was a little embarrassing," Hill remarked about seeing himself on TV. Gadd, however, was much more excited: "It's always cool to be on TV, and I enjoy representing the school when I can."

Regardless of whether the students had stage fright or not, they all enjoyed having the opportunity of working in a real Kentucky television show, learning much about the production and broadcasting process, and representing their school.

Spotlight on student service

By Kamryn Goodrich
Pirate Staff Reporter

Every year Berea Community Middle and High School holds a fall food drive hosted by Student Council and a winter clothing drive hosted by Key Club. Students and staff are encouraged to bring in clothes and non-perishable goods. The food drive occurred from November 1-22; the clothing drive began on November 1 and will continue until December 8. The food collected is donated to the Berea Food Bank and the winter clothes are donated to Berea Community's Family Resources and Youth Services Center (FRYSC).

Items brought in for the food drive were collected every morning in first period by Student Council

volunteers. As an incentive, the first period class with the most food was promised a special lunch with guidance counselor Eef Fontanez. Mrs. Hamilton's class came in first, and will be receiving the lunch bunch reward.

This year, the Student Council's goal was to donate 500 pounds of food to the food bank. Greatly exceeding their goal, over 1,000 pounds of food were collected — double the amount from last year. Many clothing items have also been brought in, and the FRYSC will continue accepting donations after the winter clothing drive ends. Key Club and Student Council are proud of the Berea students who participated in the drives, and are hopeful that they will have even more success next year.

Berea College students meet with high school GSA

By Constance Wright
Pirate Managing Editor

On November 16, Berea Community's Gay-Straight Alliance (GSA) and Dr. Penelope Wong's Berea College classes met at Berea Community to discuss LGBT+ issues.

The meeting is held once or twice a year with many of Dr. Wong's classes including her Child Development and School Structure class, Adolescent Development class, and Education and Culture

class. College and high school students meet in a designated, comfortable setting and have an open conversation with one main purpose: to inform future educators on issues young LGBT+ students face, and to discuss how to solve those issues.

A variety of topics are discussed as students share their personal experiences of being LGBT+ or allies (supporters) within Berea Community. "So often, we hear about youth but do not directly solicit their ideas, feelings and opin-

ions directly," explained Dr. Wong. The meeting acts as a safe space for students to discuss their experiences, good and bad, as young adults on or allied with the LGBT+ spectrum. Over the years, high school students have enjoyed the discussions.

Not only do BCHS students value the experience, but the Berea College students do as well. After studying and learning about education for months, the face to face interactions with high schoolers give them an op-

portunity to ask questions a textbook may not answer. "This might be the most impacting event of my course," Dr. Wong commented. "The teacher candidates are impressed and often astonished by the poise, maturity, depth of knowledge and passion of the middle and high school students about a topic that can be controversial." She also described how the meetings debunk many LGBT+ myths, as well as "beautifully complicate and complement the readings, videos, websites and

discussions we have on LGBTQIA topics," with the help of the students' personal testimonials.

Throughout the years this collaboration, which started in 2013, would have not been possible without the support and encouragement of Superintendent Mike Hogg, Middle and High School Principal Donna Lovell, High School Counselor and GSA co-sponsor Eef Fontanez, High School English teacher and GSA co-sponsor Amanda Hamilton, and Berea College professor Dr. Wong.

Berea boys basketball opens season with three wins

By Emy Lovell
Pirate Lead Photographer

Kicking off the season, the Berea Pirate Boys Basketball team played their first home game on December 1 against Dayton High School for their opening game in the Freedom Automotive Tip Off Classic. The boys showed their strengths through the night and worked together to achieve a victorious final score of 71-47.

Second year coach Eric Swords was hesitant entering the game because he had seen very little film of Dayton High School's basketball team and wasn't sure what to expect. However, Coach Swords stated, "I thought we had a tremendous first half, but a little bit of a let up in the second. Overall, it was good victory." While the Dayton Greendevils showed little energy during the first half and gave the Pirates a lead, they tried to come back in the second half of the game, surprising the team and crowd. Nonetheless, the Pirates never strayed from being in the lead and fought to

keep their energy up and their spirits high as the aggression kicked in.

The Pirates have been working on playing as a team this season: "The biggest thing we have been working on is everyone being involved and sharing the basketball ball," said Coach Swords. "We are much better defensively and do a better job sharing the ball. If we continue working and getting better we should have a winning season." To piggyback his coach, senior David Gadd said, "It's not just about one person, it's a team effort, and I think this year will show that."

Not only did the Pirates come out victorious during their first game of the tournament, but they also went on to win their next two games in the tournament, starting their season with a 3-0 record. Against Dayton, the final score was 71-47. The outstanding pirate scorers were David Gadd with 22 points, Tylen Hall with 14 points, Whaylen Conner with 9 points, Tristan Duckworth with 9 points, Jaylen Dorsey with 7 points, Zane Brown with 6 points, Ben West with 2 points,

and Will Brennan with 2 points. Against Lee County the final score was 71-33 with 11 points from Tristan Duckworth, 9 points from Tylen Hall, 8 points from Whaylen Conner, 8 points from Zane Brown, 8 points from James Brennan, 5 points from Eric Luppens, 5 points from Dylan Hanney, 4 points from Will Brennan, 3 points from Ben West, 3 points from Jaylen Dors-

ey, 3 points from David Gadd, 2 points from Nathan Crutcher, and 2 points from Jacob Robinson. The score of the game against J. Frank White Academy was 60-31, with 13 points from Ben West, 12 points from Tristan Duckworth, 8 points from Zane Brown, 8 points from David Gadd, 7 points from Tylen Hall, 4 points from Whaylen Conner, 2 points from Elliot Sandberg,

2 points from Jaylen Dorsey, 2 points from Eric Luppens, and 2 points from Nick Harrison.

Berea Community High School can't wait to see what else this great team of Pirates has in store, and is excited to continue rooting for the boys. Their next home game is on December 8 versus Calvary Christian. Make sure to come out and support your Berea Pirates!

Lady Pirate basketball defeats Paris

By Elliot Sandberg
Pirate Managing Editor

On November 27, the Berea Community Lady Pirates opened their regular season with a victory against Paris. The young team, consisting predominantly of underclassmen and eighth graders, was able to come back from behind against an experienced Paris squad.

With any young team, nerves will be one of the primary difficulties when opening the season in front of a home crowd. The Lady Pirates were no different; they struggled

early in the game and were trailing Paris entering the fourth quarter. However, the game was still within reach for the girls.

In the fourth quarter, the nerves were gone. After being behind for most of the game, the Lady Pirates outscored Paris 20-3 to end the game. Eighth grader Mati Stepp led the scoring with 13 points, with recent freshman transfer Melisa Gosney close behind with 11 points. The game ended with a score of 40-28.

Gosney expressed her happiness about beginning her career at Berea with a win, saying, "We all did really well and I'm

proud of myself for dropping 11 points in my first career varsity game." The Lady Pirates have no seniors on the team this year, so the underclassmen will be asked to lead the team alongside junior center Adrienne Beggs, the team captain.

The Lady Pirates will look to capitalize on this early season success to continue in their other games. The young team will have to mature quickly, but starting their season with a win is a great mark of progress. Their next home game is on Saturday, December 9 versus Washington County.

Taylor Swift's new album *Reputation* is "one of her best"

By Mikaela Morgan
Pirate Staff Reporter

Taylor Swift is back and dramatic as ever; the queen released her new album "Reputation" on November 10, 2017 and took the world by storm. The album had over 1.2 million copies sold within the first week of release, taking the title of 2017's best selling album. Since the release, over 2 million copies have been sold.

Prior to the release of the album, Swift had been "laying low" from the eye of the media, and even went as far as deleting every single post from her Instagram and Twitter accounts, including her profile pictures. However, on August 23 she broke that trend and announced the release date and title of her Reputation album, as well as the title and release date of her first single from the album.

The next day Taylor Swift's "Look What You Made Me Do" was released, and following the release it broke a series of records including the record for the most plays in a single day on Spotify, and the most watched music video in 24 hours on Youtube. The single hit the top of the charts in countries such as Croatia, the Czech Republic, the United Kingdom, and Ireland, and the single also received a Double Platinum certification in Canada, as well as Platinum certifications in the United States and Australia. With the overall success of her first single, Taylor Swift was armed with three other new singles to give fans a taste of her "Reputation." "Gorgeous" (October 20, 2017), "...Ready For It?" (October 24, 2017), and "Call It What You Want" (November 3, 2017) each held a spot within the top 30 on the US Billboard Hot 100 chart, with "...Ready For It" hold-

ing a top five spot. After the release of these chart climbing singles, fans were more than ready for her album to drop. Reputation climbed the charts, and caused quite the scene on social media.

Swift's newest addition to her collection of albums is a huge 180 degree turn from her previous albums. Swift's first three albums, Taylor Swift (2006), Fearless (2008), and Speak Now (2010) are more representative of her humble beginnings as a country music star. But with her rise of fame and popularity, Swift's Red (2012) album showed the beginnings of her new style as a pop queen. Red was the perfect transition for Taylor to take her place in the pop genre, and by the time she released her 1989 (2014) album she embraced her new style with plenty of force and grace.

Many fans of Taylor Swift have taken to social media to portray their disappointment

in the "Reputation" album, while others have embraced and praised her new style. As a long term fan of Taylor, I personally feel that the album is representative of her growth as an artist and a person. Taylor took all of the mishaps of her rise to fame, and created an album that is representative of her career

and her strength. While many of her songs are powerful and display the new style she has created, several songs, including "New Year's Day" and "Getaway Car," showcase her sweet country girl days. Overall I think that this album is one of her best yet, and from here, Taylor Swift can only go up.

of Santa makes me feel really good. I love seeing the smiles and the joy in their eyes," Dean said.

Other Santas may have their own routines; some do magic tricks, while others may sing songs, but Dean makes sure there's one thing he always does when he's visiting with local children. "On every visit that we do, I have always stressed with the children what the true meaning of Christmas is," Dean said. "I'll ask them what they think Christmas means. Sometimes they'll say, 'It's the toys from you.' I'll tell them that the true meaning of Christmas is about the birth of Jesus."

Berea's Santa has had a good helper for the last 13 years, when Norman's wife, Jean Dean, started playing the role of Mrs. Claus. Norman said Jean is especially good at putting children at ease if they are nervous about meeting Santa for the first time. "I like taking her with me because some of the children are afraid of Santa. Ninety-eight percent of the time, she can break the ice long enough to either sit on Santa's knee, or stand beside Santa to get a picture," Dean said.

Dean has had the honor of being the official Santa for the annual Berea Chamber of Commerce Christmas Parade for the last 32 years, a tradition he and Mrs. Claus happily share even when December temperatures turn frigid at parade time. "For me it's warm because of the suit. She's [Mrs. Claus] the one who complains about being cold," Dean laughed.

Dean hears a lot of Christmas wishes, especially from children, but he has a Christmas wish of his own: "I think my biggest wish right now is for peace on Earth," Dean said. "To end the wars and fighting, and to have people uniting with each other, making peace on Earth."

Fire destroys Gabbardtown house

Photo by Ronica Shannon/The Citizen

The remains were still smoldering Wednesday morning after a fire completely destroyed a residence on Gabbardtown Road Tuesday night. According to Battalion Chief **Stacy Quinley** of the Berea Fire Department a call came in around 7p.m. and the house was fully involved and on the ground by the time firefighters arrived. Quinley said a family was temporarily living in the home which was an older structure but no one was injured in the fire.

BPD with the assistance of the Berea Volunteer Fire and Rescue Squad and Red Lick Volunteer Fire Department was able to keep the fire from spreading to two nearby mobile homes.

Kentucky State Police Troopers responded Thursday to the BP gas station located at the intersection of McKinney Drive and Brenwood Street. Police were searching the back of a red Dodge Caravan with a New Mexico license plate.

Officers sifted through two containers of Similac baby formula, along with duffle bags and other items in search of drugs. No drugs were found, but a drug-sniffing dog indicated to police that drugs were in the vehicle, according to Trooper First Class Scott Pennington.

Police arrested Samuel James Wade, 35, of Harper Woods, MI, and charged him with second-degree fleeing or evading police on foot and possession of a firearm by a convicted felon.

Wade ran across five lanes of traffic and was located by police in a ditch next to Speedway at the Interstate 75 overpass. Wade remained housed at the Madison County Detention Center as of Thursday Dec. 7, but was released Friday, Dec. 8 on a \$5,000 cash bond at 10 percent.

BEREA POLICE REPORTS

Dec. 10

• First-degree possession of a controlled substance, first offense (methamphetamine), and buying/possessing drug paraphernalia: Police arrested Alexandria Coreylyne Paul after being dispatched to Walmart in reference to shoplifting. Police were advised that a male subject had stolen a pair of boots, and then fled in a vehicle. Upon locating the vehicle, which was located behind Cracker Barrel, police were given consent to search. A bag containing seven syringes and a purple, plastic container were uncovered. The container held what was believed to be methamphetamine, according to the report. The items were located inside of a purse belonging to Paul. She told police the purse belonged to her, along with the syringes and the purple container. She later states that there was "Ice" (methamphetamine) inside of the container.

• Theft by unlawful taking under \$500: John Edward Horn was arrested after reportedly shoplifting and fleeing from Walmart. A loss prevention associate advised that Horn took merchandise and passed all points of sale without paying for the merchandise. The associate then advised that Horn had fled the store in a vehicle that was found parked behind Cracker Barrel. Horn told police he had stolen boots.

Dec. 8

• Fourth-degree assault (minor injury): Leslie W. Rawlins was arrested at 118 Jason Circle after police responded to a domes-

tic altercation in progress when they also found a male busting a vehicle window. Rawlins was leaving the residence upon police arrival. According to the incident report, Rawlins told police that he was trying to kiss his wife and might have bumped her in the face. The victim stated she and Rawlins had been in a verbal argument when he told her to go live with her parents, and then struck her in the right ear. The victim stated Rawlins used a closed fist when he struck her, and had visible red marks on and near the right ear.

Dec. 6

• Theft by unlawful taking \$500 or more but under \$10,000: Police arrested Frances N. Stamper after they were informed by Walmart loss prevention that a female had shoplifted and fled on foot. Stamper was located in the parking lot of Yamato. According to the report, she had entered the restaurant and fled out of the rear of the restaurant. Stamper was located with a bystander in the McDonald's parking lot and was detained. Loss prevention informed police that she and an unidentified male pushed a cart to the customer service area, and it contained a 24V princess carriage and two H1 hover boards. Stamper tried to convince customer service representatives the items already had been purchased, then passed the last point of sale and attempted to exit the store on the GM side when loss prevention made contact with her. She then fled on foot and the

unknown male was not located. The merchandise was not damaged and returned to the store. The total value of the merchandise was \$794.

Dec. 5

• Theft by unlawful taking under \$500: Police were dispatched to a shoplifting complaint at Dollar General located at 207 Village Drive and arrested Alyssa M. Sylvia. According to police, Sylvia walked past the last point of sale with \$10.50 worth of merchandise. Sylvia was reported to have been yelling inside the store and using profane language while other customers and children were present.

Dec. 1

• Alcohol intoxication in a public place, first and second offense: Joallen T. McKenna was arrested on Jill Drive after police responded to Walmart in reference to a disturbance. Staff advised there was an intoxicated male on the property causing an issue. McKenna was located outside the store on the grocery side, and staff was present with him. He admitted to police that he had been drinking alcohol earlier in the day, and stated the he was on numerous medications. The report states that his eyes were bloodshot, had slurred speech and staff advised he was unsteady on his feet while walking through the store. McKenna was arrested due to him being a danger to himself and others. He was extremely belligerent while being transported to the detention center, police said.

We're never too old to live life through the eyes of a child

I watched a Facebook video Tuesday of children singing a song in church, and for the most part, they were standing there like a stiff group of scaredy-cats. One person who stood out was a little girl to the right in a pink shirt. Her eyes were closed, she was patting her leg, dancing and swaying back and forth. Seeing

her reminded me of the old saying: "Dance and sing like no one is watching." That's what she was doing. Her voice wasn't coming out of her throat; it was coming out of a pure soul. It was clear that the only thing in the world that mattered to her was right there in that moment.

When I became a parent in 2010 and watched my little girl blossom, it was more obvious than ever why God says He wants us to be more like children. They do not lack intelligence, yet they are simple. The only thing that exists

to them is the present, the right now. They're not dwelling on yesterday or anticipating tomorrow. No, because that would steal their joy. The solutions to their childish problems are simple, yet effective (in most cases), whereas we adults think of seven different ways to solve problems, which usually remain unsolved and prolonged.

How refreshing it would be to simply think about one thing at a time, or focus on one task at a time – I would almost guarantee I would get more work accomplished

and be happier in the process.

As this little girl was encased in her own world, other children were looking at her. She didn't care. As a matter of fact, she didn't even notice.

How many times have we held back from doing something out of fear of what others will think? We have no idea how much joy we have missed out on out of fear that we will be judged. Who cares? I know that is easier said, but think about this – those who may judge you are going to come and go, whereas the only thing we will

be left with is joy or regret – the choice is ours. I had rather be myself than spend a lifetime wondering "what if"

With children, what you see is what you get. They have not been on this earth long enough to learn that certain people and certain situations may call for different behavior.

Personally, I get too caught up in this and sometimes feel I cannot be myself. I wish I were brave enough, like a child, to present myself at face value with no apologies.

Word From Berea Streets

Are you ready for this cold and snowy weather?

Scott Puckett

"I love the winter and cold weather, because I'm warm blooded. I don't even have a winter coat."

Jennifer Whittemore "No, I'm not. I'd much rather be on the beach. Any beach."

Ron Willis

"I'm as ready as I'm ever going to be, I suppose. It's already snowing."

Cameron Files To Seek Election to the Kentucky State House in the 89th District

Carlos Cameron has officially filed to seek election to the Kentucky State House's 89th district. The 89th district includes all of Jackson County and parts of Laurel and Madison Counties.

"After much prayer and consideration with my family, I have

decided to announce my candidacy for the 89th House District," said Mr. Cameron. "Throughout my life, I've done my best to find ways to serve my community honorably. I believe that running for State Representative presents another opportunity to serve even more people and provide them with the leadership they deserve in Frankfort.

Mr. Cameron is a life-long resident of Jackson County having been born and raised there before eventually graduating from Jackson County

High School in 1990. Since that time he worked with Operation UNITE for 9 years fighting the scourge of drug addiction. Most recently, Mr. Cameron served as a Field Representative for Congressman Hal Rogers using his time and talents to communicate the needs of the Kentuckians in the 5th district to Congressman Rogers.

In addition to his career in public service, Mr. Cameron has also been an active member in his community. He's served as the Chairman of the Board for

the Jackson County Regional Food Center working to help small farms get the resources they need to stay in business. And he's also volunteered his time with the Jackson County Industrial Development Authority.

"Our state faces many challenges today that I believe my leadership and values could work to fix in a responsible way," remarked Mr. Cameron. "I will stand strongly for fiscally conservative solutions, creating more jobs for working class families, seeking an end to the drug

epidemic in our Commonwealth, and supporting our Second Amendment rights. I look forward to continuing to share my values and my beliefs with, and the opportunity to improve the lives of, the people in the 89th district."

Together with his wife of 25 years, Judy, Mr. Cameron has three children, Anthony (24), Casey (22), and Chelsey (21). Anthony and his wife Danielle and Casey and his wife Katelynn have blessed Mr. Cameron with three beautiful grandchildren.

"Let us not be weary in well doing, for in due season we shall reap if we faint not."

Appreciates Chamber of Commerce, parade theme

I just want to take a minute and say a heartfelt Thank You to the Berea Chamber of Commerce for the choice of the theme for this year's Christmas parade.

The theme "A Star Spangled Christmas" was a blessing to so many people.

In speaking with numerous citizens of Berea following the parade it is evident that this theme struck a chord with many.

Our Founding Fathers sought to remind America's citizens of

our nation's Christian roots at every opportunity, they were not in the least bit shy of publically proclaiming their reverence for and our nation's dependence upon the providential hand of God.

According to John Quincy Adams, on 4th of July, 1776, the Founding Fathers had taken the principles that came into the world through the birth of Christ and used those principles to birth the nation, thus joining Christian principles and civil government in what he called

an indissoluble bond.

The remaining founding fathers were equally outspoken about the importance of maintaining Christian principles IN, not OUT of the civil arena.

So again I say Thank You to the Berea Chamber for your theme selection and your patriotism, our Founding Fathers would be proud.

"Greensleeves." The "Carols and Lullabies" consists of nine traditional Christmas songs that are well-known in the larger Spanish-speaking world. The carols' origins range from Mexico, to Catalonia, to Andalusia to South America. While folk-like in nature, these arrangements by Susa employ very inventive choral textures and elaborate use of the harp, guitar and marimba.

The concert will be held in the sanctuary of Union Church. The church is located at 200 Prospect Ave., across from Boone Tavern in Berea, KY. Admission to concert is \$5.00 per adult, while children and students may attend free. Tickets are available from Chorale members and at the door.

The Berea Classic Chorale is an adult ensemble of singers from the Berea community, conducted by Larry Brandenburg.

There will be a reception held in the church parlor immediately following the concert. Everyone is welcome to attend. See the Chorale's website (www.BereaClassicChorale.org) for further information.

"In a time when it feels like there's a lot of division and polarization, I would like to thank the City of Berea for setting the example that the country should be following," Romero said. "If you look to your left and right, you'll see representatives from different companies, you'll

see state representatives and local representatives supporting a project."

Romero referred to Novelis employees as "modern-day blacksmiths with raw material," he said. "We use scraps and we make something. We make something that people use and consume, and then we recycle it again."

Most people go through their lives wondering if they make an impact in the world, Connelly said.

"Novelis employees and citizens of Berea don't have that problem," he said.

NOTICE

Notice is hereby given that on December 6, 2017 Kentucky Utilities Company ("KU") have filed an application with the Public Service Commission, Frankfort, Kentucky for approval of revisions in its Demand-Side Management and Energy-Efficiency ("DSM-EE") program portfolio, as shown in KU's Adjustment Clause Demand-Side Management Cost Recovery Mechanism ("DSM") tariff and the resulting changes in its DSM Cost Recovery Component ("DSMRC") charges. In its application, KU will notify the Commission that the revised DSM tariff sheets are proposed to become effective on and after January 5, 2018; however, because KU anticipates the Commission will suspend the proposed changes in the DSM tariff to conduct an investigation of the proposed changes, KU will ask the Commission to approve the proposed changes in its DSM-EE program portfolio and resulting charges under the DSM tariff to be effective on January 1, 2019.

The proposed changes to the DSM-EE program portfolio, if approved, will result in changes to the DSMRC calculated under the DSM tariff for all affected electric rate classes as follows:

Rate RS, RTOD-E, RTOD-D, and VFD			
Current Charge per kWh \$ 0.00290	Proposed Charge per kWh \$ 0.00104	Difference per kWh - \$ 0.00186	% Change -64.1%
Rate GS			
Current Charge per kWh \$ 0.00142	Proposed Charge per kWh \$ 0.00106	Difference per kWh - \$ 0.00036	% Change - 25.4%
AES			
Current Charge per kWh \$ 0.00095	Proposed Charge per kWh \$ 0.00357	Difference per kWh +\$ 0.00262	% Change + 275.8%
Rate PS, TODS, TODP, RTS, FLS, SPS, STOD, and OSL			
Current charge per kWh \$ 0.00059	Proposed Charge per kWh \$ 0.00067	Difference per kWh + \$ 0.00008	% Change + 13.6%

KU proposes also to make available DSM-EE program to, and to apply DSM charges to, industrial customers. KU is also revising its definition of "industrial" for the purposes of DSM to include only those customers engaged in activities primarily using electricity in a process or processes that involve either the extraction of raw materials from the earth or a change of raw or unfinished materials into another form or product. KU is also proposing an opt-out for industrial customers' meters serving energy-intensive loads, defined as any meter served under Rate TODP, RTS, or FLS. To be eligible to opt out, an industrial customer must state it has implemented cost-effective energy-efficiency measures not subsidized by other rate classes for the loads served by the meters to be opted out. Customers choosing to opt out eligible meters must submit an opt-out form to KU; properly completed and submitted opt-out forms will be processed and opt-outs implemented by the second full billing cycle following form submission. Opt outs will be effective indefinitely, though a customer may seek to opt back into DSM charges and DSM-EE programs for opted-out meters as soon as one year after opting out. Any opted-in meter or meter that serves load that has participated in a DSM-EE program may not opt out for at least three years after most recently opting in or participating in a DSM-EE program, whichever is later.

In addition, KU proposes to include DSM in the Adjustment Clauses section of Rate FLS because such customers will now be able to participate in DSM-EE programs and be subject to DSM charges unless meters served under Rate FLS are opted out.

The estimated amount of the annual change and the average monthly bill to which the proposed DSMRC charges will apply for each electric customer class is as follows:

Electric Rate Class	Average Monthly Usage (kWh)	Annual \$ Increase	Annual % Increase	Average Monthly Bill \$ Increase
Residential	1,179	(11,001,457)	(63.9)	(2.19)
Residential Time-of-Day	1,171			(2.18)
General Service	1,805	(618,661)	(25.2)	(0.65)
All Electric School	21,341	364,440	275.8	55.91
Power Service	41,148	431,732	15.2	3.29
TODS (Secondary)	245,336			19.63
TODP (Primary)*	1,241,109			99.29
Retail Transmission*	4,160,317			332.83
Fluctuating Load*	46,076,466			3,686.12
School Power Service	46,098			3.69
School Time-of-Day	118,621			9.49
Outdoor Sports Lighting Service	6,056			0.48

* KU formulated the DSMRC Charges applicable to Rates TODP, RTS, and FLS assuming that industrial customers taking service under those rates will choose to opt out eligible meters. Therefore, KU does not anticipate such customers will actually incur the costs shown; however, the table above reflects the impacts to such customers if they elect not to opt out, though the DSMRC Charges, and particularly the DSM Billing Adjustment, may change to reflect the additional revenues from such customers' load paying DSMRC Charges.

Complete copies of the proposed tariffs containing text changes and proposed rates may be obtained by contacting Kentucky Utilities Company at 220 West Main Street, Louisville, Kentucky, 1-800-981-0600, or visiting Kentucky Utilities Company's website at www.lge-ku.com.

Notice is further given that a person may examine this application at the offices of Kentucky Utilities Company, 100 Quality Street, Lexington, Kentucky, and may also be examined at Kentucky Utilities Company's website at www.lge-ku.com. A person may also examine this application at the Public Service Commission's offices located at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the commission's Web site at <http://psc.ky.gov>.

Comments regarding the application may be submitted to the Public Service Commission, by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, or by sending an email to the Commission's Public Information Officer at psc.info@ky.gov. All comments should reference Case No. 2017-00441.

The rates contained in this notice are the rates proposed by Kentucky Utilities Company, but the Public Service Commission may order rates to be charged that differ from the proposed rates contained in this notice. A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the commission does not receive a written request for intervention within thirty (30) days of initial publication or mailing of the notice, the commission may take final action on the application.

PUBLIC NOTICE

Blue Grass Army Depot (BGAD)
 EPA ID #KY8-213-820-105, AI #2805
 Tentative Approval of Hazardous Waste Permit Modifications

The Kentucky Energy and Environment Cabinet (Cabinet), Division of Waste Management (Division), has tentatively approved Resource Conservation and Recovery Act (RCRA) modifications to the existing hazardous waste permits for the Blue Grass Army Depot (BGAD).

The primary permit actions are:

- Approval of modifications to the Research, Development and Demonstration (RD&D) Permit for destruction of GB nerve agent munitions at the Blue Grass Chemical Agent-Destruction Pilot Plant (BGCAPP). The RD&D permit was originally issued in 2005; the proposed modification will formally update the permit to reflect a number of changes, which were requested under two separate applications. The permittees are BGAD and Bechtel Parsons Blue Grass (BPBG).
- Approval of a permit modification to conduct GB Sample Extraction Operations. This modification is under BGAD's general hazardous waste permit. The permittees are BGAD and the U.S. Army's Assembled Chemical Weapons Alternatives (ACWA).

The U.S. Army is the owner of the entire permitted facility, including the additional activities proposed in this public notice. BGAD is located at 431 Battlefield Memorial Highway, Richmond, Kentucky. The BGAD facility contact is Joe Elliott (859) 779-6374. The BPBG contact is John McArthur (859) 625-6447. The ACWA contact is Todd Williams (859) 625-6264.

What will be done and why?

The hazardous waste (RCRA) regulations require that proposed hazardous waste permits or modifications include a thorough review of all required information to ensure that all program requirements are met, and that all interested parties have an opportunity to review and comment upon the proposed actions. The Division has completed reviews of the respective permit applications and has prepared draft Permits. The draft Permits set forth conditions for conducting the hazardous waste operations. The Division has determined that the application for each permit meets the requirements set forth in the regulations, and that operation of the facility in accordance with the requirements of the Permits will not pose an unreasonable risk to human health or the environment.

The draft RD&D permit modification includes detailed conditions required under RCRA and the Commonwealth of Kentucky statutes and regulations to ensure that the process achieves the required 99.9999% destruction and removal efficiency, and that the storage and treatment processes are monitored to ensure protectiveness of human health and the environment.

While the method of destroying the nerve agent GB is the same as in the original permit that was issued in 2005, a number of changes and updates have been made, including: reductions in the number of treatment units, addition of processes to destroy cyanide, removal of munitions washout process, a perimeter monitoring plan, and addition of a waste transfer station.

The GB Sample Extraction Operation is a short term activity on the Depot to obtain approximately 2 liters of GB agent from projectiles. The sampling operation is expected to last six days. The GB samples will be used for detailed analytical testing.

A fact sheet with more information about the proposed modifications is available as noted below.

How can I tell the Division what I think about these tentative approvals?

Public involvement is encouraged and comments are welcome. Anyone wishing to comment on the tentative decision to approve these permitting actions should submit comments on or before **February 5, 2018**, the close of the public comment period. Additionally, a public meeting will be conducted on **January 31, 2018, at 6:00 pm** in the Perkins Building, Kit Carson Drive, at Eastern Kentucky University, Richmond, Kentucky, followed by a public hearing at 7:00 pm at the same location.

Comments or requests for further information on the Permit Modifications should be mailed to Heather Alexander, Kentucky Energy and Environment Cabinet, Division of Waste Management, 300 Sower Boulevard, Second Floor, Frankfort, Kentucky 40601, with all issues of concern clearly stated. Electronic comments should be submitted to heather.alexander@ky.gov, (502) 782-6303. All comments received by the close of the public notice period noted above will be considered when making a final decision on the proposed permitting actions. Anyone submitting comments will be sent a "response to public comments" document specifying any changes made or not made, with the reasons why, as a result of the comment(s) submitted. Any person who may be aggrieved by the final decision on these proposed permit modifications may file with the cabinet a petition which sets forth the grounds of the objection and demand a hearing pursuant to KRS 224.10-420(2).

Where can I review the documents used to make these tentative decisions?

Stay Warm All Winter With A Natural Gas Furnace

Natural gas heat brings your family together in total comfort. When the outside temperature falls, electric heat pumps struggle while natural gas furnaces bring a steady flow of warm air. Over half the homes in the nation are heated with natural gas, and natural gas is gaining in popularity every year.

There are several good reasons for this, starting with dependability. The natural gas pipeline system ensures the safe and reliable delivery of energy to your home. It's comforting, in more ways than one, to know you and your loved ones can depend on natural gas.

Natural gas makes a house feel like a home with warm, comfortable heat no matter how cold it is outside. When it comes to value, natural gas is clearly the choice. Natural gas is also the cleanest fossil fuel. With the need to reduce the amount of pollutants being emitted into the air and water, natural gas is better for the environment than other sources of energy.

You're probably doing your part. Bundling newspapers, saving gasoline, recycling glass and more. You are concerned about costs and saving our earth's valuable resources. Using natural gas helps to conserve our natural resources for future generations. It's interesting to note that most of the new electric generation projects being planned in the U.S. will be powered by natural gas. It's an available and abundant fuel that takes a vital place in our society today... and in the future.

So the next time you want to heat things up choose natural gas. For this and generations to come.

New council members reflect on 2017

By Ronica Shannon
for the Citizen

Six new Berea City Council members took their seats for the first time in January this year, and after last night's regular meeting, each took a moment to reflect on his or her greatest accomplishments during the year, and goals for the upcoming year.

Councilman Tom Schultz said he was pleased to see the amount of city residents who attend the meetings and get involved.

"I hope next year, more people in the community step up and become lead-

ers because without leaders, you can't have followers," he said. "The biggest thing for me this year is the fact that this council has worked together and also, there have been a few times when we have challenged the mayor, and I don't think that's been done by some of the other councils."

"Looking at the expansion of our parks and recreation is a big deal, because the space we have now is inadequate," he said. "We need more space, and that will not only bring families

BCS recognizes Hogg's retirement

By Ronica Shannon
for the Citizen

Berea Community Schools' Mike Hogg, who will retire at the end of the year, has been "busier than a one-legged cat in a sandbox," during his tenure as Superintendent for Berea Community Schools.

Faculty, staff and students attended Monday night's meeting of the Berea Independent School Board, and several people referred to Hogg's famous "one-liners."

As a token of appreciation, Hogg was presented a book created by kindergarten students. The challenge: take a "Hog-

gism" (one of his famous phrases), and draw a picture to depict what exactly the students think he means when he says "Someone has a burr in their saddle," and "Everybody can do anything ... once."

Aside from the book, Hogg also was presented with the traditional departure gift from the Berea Independent Board of Education, which is a wooden rocking chair.

"So much of our leadership team is here (in the audience)," Hogg said. "They're the ones setting the schedules, caring about

Rotary enjoys annual Christmas Dinner

Callie and Louie Northern ushered in the holiday season for Berea Rotarians at their annual Christmas dinner. Giving renditions of carols, hymns, and country music, the father-daughter duo encouraged a strong sing-along from the group, which also included guests and Rotary partners. Organizers for the event, which was catered by Ann's, were Helen and Harold Eden. In addition to a traditional meal, there were door prizes by local crafts folks and games to test the knowledge of Christmas trivia. Guests were from Mt. Sterling, Lexington, and Catlettsburg, KY. Over fifty were in attendance including Willie Walker Thompson, Assistant District Governor, and Ruthie Maslin, Madison Central Interact Sponsor, both from the Richmond Rotary Club. Due to the reopening of the Artisan Center Café, Berea Rotary will return to its normal meeting scheduled for Jan. 2.

Former Berean named Director of CDSS

The Country Dance and Song Society announces the selection of Katy Tarter German of Asheville, North Carolina, as its new Executive Director. A native of Berea, German grew up immersed in traditional song, dance, and music. She graduated from Berea Community School in 1998 and has returned home for fifteen winters as the Assistant Director of Christmas Country Dance School. She has served on staff for family dance weeks in

Massachusetts, West Virginia, Kentucky, and Idaho.

Before accepting the CDSS position, Katy worked as Agency Relations Manager for the MANNA FoodBank in Asheville, supervising a remote team that works with 200 partner agencies to end hunger in western North Carolina. For this work, she was honored by the Asheville Chamber of Commerce as part of its "40 Under 40" program in 2015, recognizing young professionals

who demonstrate excellence in their career field.

German envisions, "I am deeply honored to be chosen for this role, especially at this time in the organization's history. CDSS has not only held a place in my heart, it also played an integral role in developing the song and dance community that raised me. I am thrilled to have the opportunity to dedicate my professional life to this organization. Let's spread the joy!"

Our Greatest Need

If our greatest need had been information,
 ...God would have sent us an educator;

If our greatest need had been technology,
 ...God would have sent us a scientist;

If our greatest need had been money,
 ...God would have sent us an economist;

If our greatest need had been pleasure,
 ...God would have sent us an entertainer;

But our greatest need was forgiveness,
 ...So God sent us a Savior.

Luke 2:8-11 (KJV)

8 And there were in the same country shepherds abiding in the field, keeping watch over their flock by night.
 9 And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them: and they were sore afraid.
 10 And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people.
 11 For unto you is born this day in the city of David a Saviour, which is Christ the Lord.

Peace on Earth, Goodwill to Men

Scenter Stage

Teresa Scenters, Publisher

Sunday morning as our congregation at Pilot Knob was singing the wonderfully familiar carols of the season I couldn't help but think about the division in our society. One line in particular "Oh hush the noise ye men of strife and hear the angels sing" spoke so loudly to me.

It spoke not just of our condition as a nation but also to what Berea has been lately. How I wish for a reconciler, someone who could help us to see

our commonalities and work toward the good of us all. I'm not sure that any person can do that, but there is One who can. I'll leave you with Luke's account of the birth of Christ from the New Living Bible...

At that time the Roman emperor, Augustus, decreed that a census should be taken throughout the Roman Empire. (This was the first census taken when Quirinius was governor of Syria.) All returned to their own ancestral towns to register for this census. And because Joseph was a descendant of King David, he had to go to Bethlehem in Judea, David's ancient home. He traveled there from the village of Nazareth in Galilee. He took

with him Mary, to whom he was engaged, who was now expecting a child.

And while they were there, the time came for her baby to be born. She gave birth to her first-born son. She wrapped him snugly in strips of cloth and laid him in a manger, because there was no lodging available for them.

That night there were shepherds staying in the fields nearby, guarding their flocks of sheep. Suddenly, an angel of the Lord appeared among them, and the radiance of the Lord's glory surrounded them. They were terrified, but the angel reassured them. "Don't be afraid!" he said. "I bring you good news that will bring great joy to all people. The Sav-

ior—yes, the Messiah, the Lord—has been born today in Bethlehem, the city of David! And you will recognize him by this sign: You will find a baby wrapped snugly in strips of cloth, lying in a manger."

Suddenly, the angel was joined by a vast host of others—the armies of heaven—praising God and saying,

"Glory to God in highest heaven, and peace on earth to those with whom God is pleased."

When the angels had returned to heaven, the shepherds said to each other, "Let's go to Bethlehem! Let's see this thing that has happened, which the Lord has told us about."

They hurried to the village and found Mary

and Joseph. And there was the baby, lying in the manger. After seeing him, the shepherds told everyone what had happened and what the angel had said to them about this child. All who heard the shepherds' story were astonished, but Mary kept all these things in her heart and thought about them often. The shepherds went back to their flocks, glorifying and praising God for all they had heard and seen. It was just as the angel had told them.

The true joy of Christmas is the love of Christ, shared with family and friends. May each of you find His peace, love and joy in the coming New Year.

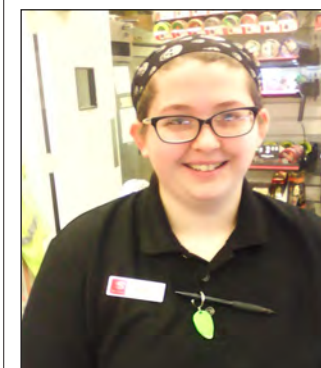

Word From Berea Streets

Do you have big plans for Christmas Day?

Jonathan Yagel, Georgia

"I'm going skiing in Crestview, Colorado. I'm meeting my family up there and we'll be spending my daughter's first Christmas there."

Mackenzie Pingleton

"I'll be working here at the station a full shift on Christmas Day."

Aiden Milwee, Brodhead

"I'm going to my cousin's house in Brodhead. I'll eat and open gifts with my cousins, my grandparents and the rest of my family."

By Randy Coffey/The Citizen

It might take some giving before we see what we have

Mama's Time-Out Corner

Ronica Shannon

Let's take time out to talk about giving.

I will miss my daughter when I get home, but I know she has been doing something very important today. My mom and dad took her to Boonville, my dad's hometown, to hand out toys to local children who are less fortunate.

I am glad she was able to have this experience because most 6 year olds have one thing on their mind, especially this time of year - What is Santa bringing ME?

It is important for us to teach our children

that we are all not treated equally. Not all children have a room full of toys, clothes and electronic devices.

As a mother, I find it very important to expose my child to the other side of reality. We often clean our rooms and closets out and it makes me happy to see my daughter going through her toys and picking out those that can be donated.

However, if it weren't for teaching her that some children have very little, she would not be as eager.

It pleases me beyond words when I hear her say "Mommy, this doll is too old and missing parts. I'm going to throw that one away because I don't want to give another kid junk."

Amen sister. No one

deserves our junk—they deserve our best. Sure, there are times when I've had to convince her that she no longer plays with something and another child could benefit from a certain toy, but those lectures are becoming fewer and farther between.

People like to say that we are raising a generation of "entitled" youth, but that is not entirely true. It certainly is easy to do so, but parents should be careful not to fall into that trap.

We now live in a world where things and stuff are more important than time and relationships. Children judge each other on what kind of stuff they have, what brand of clothes they wear, and so on.

It is tempting for us parents to give in and give our children what they want, and what they think they need, when in reality, it is just so they can be like the rest.

If we truly want our children to be unique, we will teach them about caring for one another and show them how to find ways to build their peers up instead of tear them down.

When children see first-hand that their

actions can put a smile on a face, they will want to do it time and time again.

It is very easy for us to focus only on our children, but I am asking all parents this Christmas season to teach their child(ren) about ways to provide for those who are less fortunate.

Sometimes, it takes giving things away in order for us to see and appreciate what we really have.

"Let us not be weary in well doing, for in due season we shall reap if we faint not."

Tips for auto owners

- Keep it tidy – anything, even if it is trash in a store bag, could be seen as valuable to a thief, who doesn't know what's inside. Conceal all the evidence
- Hide your electronics and accessories, or bring it with you.
- Put shopping bags in the trunk as soon as you get in the car, not before you go into a store. You never know who is watching.
- Get an alarm.

Public Notice Red Lick Creek Watershed Conservancy District

The USDA Natural Resources Conservation Service (NRCS) with assistance from local watershed sponsors, has completed a Draft Watershed Plan Supplement and Environmental Assessment (EA) for the proposed rehabilitation of Flood Retarding Structure (FRS) No. 12 of the Red Lick Creek Watershed (locally known as Pilot Knob or Blue Lick Dam). To obtain an electronic copy of this EA, please contact Sonya Keith at (859)-224-7308 or at sonya.keith@ky.usda.gov.

Information on how to comment on this EA will be provided with each copy of the EA.

All comments must be received on or before January 20, 2018, 5:00 pm (ET). The primary local sponsor is the Red Lick Creek Watershed Conservancy District.

For to us a child is born, to us a son is given, and the government will be on his shoulders. And he will be called Wonderful Counselor, Mighty God, Everlasting Father, Prince of Peace. -Isaiah 9:6

Berea Community hosts annual band and choir concert

By Constance Wright
Pirate Managing Editor

On December 12, Berea Community Middle and High School held its annual winter choir and band concert. Family and friends gathered at Berea Community for an evening full of singing and music.

The night kicked off with the sixth grade choir performance. They performed We Want to Sing; A Solfege Christmas; One Little Candle with soloists Abby Vanwinkle, Parker Price, and Sophie Brewer; and You're Welcome with soloist Greyson Thomason.

The seventh grade choir went next, performing Sebben, Crudele; The Ash-Grove; Frozen (Choral Suite); and Dig a Little Deeper.

Eighth grade was the last of the middle school choral performances for the night, performing the songs Da Pacem Domine, And the Night Shall Be Filled With Music, and Man In The Mirror with soloists Markese Hatcher and Haley Capillo.

The Berea Community high school choir performs. Photo by author.

Their last song, Carol of the Bells—a Berea Community Choral tradition—was accompanied by the high school choir.

After the eighth grade and high school collaborative song, a seminar choir class of both middle and high school students performed four songs, including Set Me as a Seal, Winter Wonderland, and Santa Claus is Comin' To Town. The last song they sang was an a capella cover of White Winter Hymnal by the Fleet

Foxes, in the style of Pentatonix, which was accompanied by the high school choir.

The last choir of the night was the high school choir, performing the songs Zuka Zama and Lux Aurumque, with soloist Shyann Brock.

Following the choir concert was the middle and high school band concert. The sixth grade band performed first, showcasing many of their skills by playing their warm-ups, simple

nursery rhymes, and Christmas classics. They performed Au Claire De La Lune, A Mozart Melody, Jingle Bells, Up On a Housetop, and Jolly Old St. Nick. Additionally, several musicians were featured: Chloe Campbell (saxophone), Kara Welch (flute), and Katie Eiselt (french horn) played Lightly Row; Landon Justice (saxophone), Samuel Stefan (saxophone), Amir Carver (trumpet) and Caleb Campbell (trumpet) played

London Bridge; Jesseca Bowles (keyboard), Dovie Cochran (keyboard), and Grace Cahill (clarinet) played Doodle All Day; Riley Winkler (saxophone) played Skip To My Lou; and Adia Fouch (trumpet) played Oh, Susanna.

Following the sixth graders, the combined seventh and eighth grade band played, performing Instant Christmas Concert and Rockin' Around the Christmas Tree. To show off each grade's own talent, the seventh graders performed An Austrian Carol and the eighth graders played Ring, Ring, Ring!

The last band to play was the high school band. It performed the songs Christmas Recollections, Themes from The Nutcracker Suite, Selections from The Nightmare Before Christmas, and Sleigh Ride.

Overall, the Berea Community Choir Concert directed by Amanda Barnhill and the Berea Community Band Concert directed by Matthew Barnhill were successful, as many students and parents enjoyed listening to and viewing Pirate talent.

A new football stadium?

By Elliot Sandberg
Pirate Managing Editor

For many years, when visitors came to Berea Community School, one of the most striking buildings was the Guy Duerson football stadium. The massive concrete structure served as the home of the Berea Pirate Football Team for over 40 years. However, time had taken a toll on the structure. The concrete pillars were beginning to disintegrate. As well, the stadium was not handicap accessible. For these reasons, the school district decided to tear down the stadium in 2015. For nearly 3 years, the field remained empty after the stadium was torn down. The football team moved to play at the Farristown Middle School football field, a drive of around 10 minutes from the school. Now in 2017, the city has approved new plans to build an improved stadium.

Among the high school students, the senior class is the only class still at Berea Community that was in high school when the stadium was still at the school. Wade Bradford, a senior at Berea Community, fondly remembered his time at the stadium: "We used to run around under the bleachers the entire game, playing football and having fun." The stadium had a unique design, with concrete pads under the stands that allowed for play dur-

ing the games.

Bradford was shocked when the stadium was torn down. He said, "I always thought the stadium would be there forever, but I guess it was torn down for the right reasons." Many students expressed their shock that the stadium was not reconstructed during their time at the school. Savannah Gabbard, a fellow senior at BCHS, said, "I thought that we would have the stadium back for our senior year." Getting the proper funds and support for the stadium took longer than anticipated, however.

After years of waiting, plans are now in place for a new stadium, which include increasing the width of the field in order to accommodate more sports than just football. With a wider field, soccer and lacrosse will be able to host their home games on the field, drastically increasing the opportunities for revenue that the stadium can provide. As well, more students who are unable to drive across town will be able to walk to the stadium and see the games, increasing the community involvement with the teams.

The new stadium has been a long time in the process, but Berea Community students are eager to see the benefits that their patience provides. The community is ready to have Berea teams closer to home to be able to cheer on their Pirates!

Career Day brings community together

By Elias Bolton
Pirate Staff Reporter

On October 14, Berea Community Elementary School hosted its annual Career Day. Career Day is a fun and educational day for men and women in the community to showcase their occupations and what they entail to the elementary school students.

Berea Community Elementary welcomed several students' parents, Berea alumni, and members of the

Berea community such as curator Christopher Miller, Berea Police and Fire, public health educator Laura Nagle, nurses Lisa Peterson and Kristi Barron, professional photographer Crystal Wiley, local yarn shop owner Joan Becc, Berea College farmer Andrew Oles, professional DJ Jason Henninger, and computer programmer Scott Hagen. Going from classroom to classroom they presented to the students what it is they do for a living, how they do it, and even showed the

students some things they use at work and let the students try. The students had the opportunity to watch the presentations, participate in hands on activities, and ask questions about each career. Fifth Grader Joseph Alexander said, "It was cool to see all the different jobs [they] have and to be able to play with the things [they] brought with them. It was really fun." At Career Day, Berea students were able to learn a lot about many different careers and were able to have fun while doing it.

Berea superintendent Mike Hogg retires after seven years

By Emy Lovell
Pirate Lead Photographer

On December 31, the Pirate family will say farewell to one of its most beloved members. Our superintendent Mike Hogg will be retiring from his position of seven years and will be taking the next step in his life.

Mr. Hogg has been a member of our district for seventeen years. Our community has known him as the Director of Districtwide Services, the principal of Berea Community Elementary, and the current superintendent of Berea Independent Schools. Mr. Hogg has a special place in not only every kid's heart, but in every adult's

heart, too. His daily presence will be missed, but we all wish him luck for the future.

As a junior in high school, I would have never guessed I would be so fond of being called "kiddo." If you've ever talked to Mike Hogg, or overheard him in almost any conversation, you know just how crazy about the "kiddos" he is. Mr. Hogg has truly worked to serve students and to help them achieve the things they might not have thought were possible. "As educators—whether you're the teacher, the principal, the superintendent, a custodian, the bus driver—everybody has a role to play. My belief is that it's my job [as an educator] to try to keep doors open and open doors that

may not have been available to some kiddos, or they didn't think [were]. I think my belief still is, and will be until I take my last breath, that the role of public education is to help kids see what can be instead of, necessarily, what is," expressed Hogg as he reflected on his passion for education.

Mr. Hogg has known me my entire life, and growing up he has been someone I admire dearly. Having him as an elementary principal not only made school more interesting, but a lot more enjoyable. Never was there a dull moment with Mr. Hogg. Whether we were looking on as he rode his bike away from the school dressed up as some character we thought was funny,

sitting in our fourth grade science classrooms watching him magically get an egg inside a water bottle, or just in his presence—where he could make the entirety of the elementary side laugh—everyone always enjoyed being around him.

While Mr. Hogg will be leaving our school, he has a lot of hope for the future that lies in the hands of our new superintendent, Dr. Diane Hatchett. "[I hope for a continued] understanding that academic achievement doesn't happen in a silo, it's all these other variables too. It's being in a culture that supports kids and celebrates them for what they're doing," stated Mr. Hogg. "[Academics] don't exist in a vacuum, they

exist with opportunity for kids to demonstrate leadership or the opportunity for kids to participate in things like canned food drives, and disaster relief; raising vegetables [in] raised beds; keeping an eye on our orchard that's growing out front. Maintaining the balance of what students need and what grown ups need, too, is more than just a simple formula."

Berea Community will continue to support Mr. Hogg in his retirement. No matter where this next step takes him, he will always be a Pirate. His legacy at Berea Independent Schools can be seen in the work of our teachers, the closeness of our familial community, and the aspirations of his "kiddos."

Berea boys basketball defeats Pineville High School

By **Gabriel Abaunza**
Pirate Staff Reporter

On December 11, the BCHS boys basketball team shot their way to victory against Pineville High School with the final score of 70-63. The boys had looked to bounce back from an unfortunate loss at home against Calvary Christian on December 8 and were able to achieve that with spectacular calls and plays from Head Coach Eric Swords.

Outstanding players from the Pineville game include Ben West with 8 Points, Whylen Connor with 9 points, Tylen Hall with 13 points, Triston Duckworth with 16 points, and David Gadd, who lead the team with a whopping total of 19 points. It was with these players and their contributions on court that the BCHS basketball team was able to defeat Pineville.

When it comes to Berea Community High School boys basketball, the team is more

than just a team; they feel like family to one another. According to Nathan Crutcher, "I love this team, and I'm really proud of how my fellow teammates played that night, but we could definitely use a bit more improvement in a lot of aspects—especially myself, I played hard that game, but after looking back there were definitely things I could've done to help out more on the court."

Coach Swords stated, "I am proud of how the team battled although we weren't playing

our best in the first half. We made winning plays down the stretch that allowed us to get the win. We are currently 7-2 and I'm extremely proud of how hard we play." In comparison to last year's team, he said, "Our team this year has a lot more experience. We have been in the system for a year and understand what we need to do. There's a lot more balance on the team this year as we have multiple guys who are able to score".

While the boys basketball

team may be 7-2 this year, so far there is still room for improvement as Coach Swords explained: "We definitely need to improve on our free throw shooting if we want to try to accomplish our major goal which is making it to the regional tournament." Coach Swords also encouraged anyone that wants to show their Pirate Pride to come out to the next boys basketball home game on January 9, where the boys will be taking on Burgin County.

Pirate girls basketball falls to Central

By **MacGregor Lakes**
Pirate Staff Reporter

On December 15, 2017, the Berea Community girl's varsity basketball team competed against Madison Central and was defeated 27 to 66.

Entering the game, the Pirates were optimistic. "Going against any large team is nerve wracking," said eighth grader Mati Stepp, "but to be honest coming into the game, I was very confident." Such sympathies were shared by Junior Adrienne Beggs: "I was pretty confident in myself and the team's ability going into the game, but still a little nervous."

One of the observable hallmarks of the game was that the Lady Pirates never gave up. They fought until the very end

with aggression and perseverance, despite the score. "Our team is extremely aggressive and hard working, and I'm proud of everyone for never giving up," explained Beggs.

However hard they played, the game still ended in defeat for the Pirates. "I don't think you can ever be satisfied with a loss," Stepp said. "I don't think myself nor my teammates were happy with that game." She then expressed confidence in the future of the team. "Our team is focused on the next game; we can't dwell on that game and have to keep moving forward." Beggs felt the same, saying, "Our next step is to really just move on from that game, but also use it as a learning experience for how we should address anything we need to work on."

When confronted with the future of the season as a whole, both were very hopeful. "I'm extremely confident that the rest of our season will go really well," said Beggs. "We've been working really hard and I know that's going to pay off." Stepp agreed, saying, "As we continue to progress and get more experienced I am very confident with my team and what we will be able to do this season."

In the face of a hard defeat, the Lady Pirates are ready to move on, using the game more as a learning experience than anything else. They look optimistically to the future and are confident in their abilities in upcoming games. If you want to support the team, come join the Lady Pirates at the Berea Holiday Classic from December 28 through 30.

Spotlight on student achievements

In the past month, Berea Community School has had many individual students and clubs participate in competitions and receive numerous awards. The Pirate faculty, staff, and students are very proud of the student accomplishments.

Two Berea Pirates athletes have been selected to join All-District Sports teams. Alyssa Carter was selected to join the All-District volleyball team due to her stellar performance this season, and Matthew Crutcher was selected to join the All-District football team because of his accomplishments on the field this fall. All-District Team members are selected based off of stats from previous seasons.

The Berea Community Elementary and Middle School choirs will be well represented in this year's Kentucky All-State Chorus ensembles. Sixth grader Sophie Brewer was selected to join the Kentucky All State Children's Chorus in the spring, and fifth graders Sienna Johnson, Chloe Gibson, and Vanessa Richardson will be representing BCES at the Kentucky Music Educators Association's conference in February.

Junior Berea Community High School Band percussionist Ryan Whitt recently auditioned for and obtained a spot in the All-Regional Band, and

received a first chair seating. This means that Ryan is considered to be the top percussionist in our region. Even though Ryan's primary percussion instrument is the snare drum, he, and the other percussionists auditioning, were required to audition with multiple percussion instruments: the keyboard, crash cymbals, and triangle, in addition to sight reading with the snare drum and tambourine. All of the percussionists were placed into respective chairs, and the entire ensemble will be rehearsing January 11-13 to prepare for their concert at Madison Central High School on January 13. Ryan is very excited for this opportunity.

This year, Berea Community Elementary School introduced a new club to their fifth grade students. The BCES Lego Robotics team competed on December 2 in Lexington at the University of Kentucky, and placed third in the competition. The team will be attending another competition in March at Farristown Middle School. The team is led by BCES teachers Robin Burr and Debra Morgan, and team members include Chloe Gibson, Wiley Reed, Elen White, Tess Mclynn, Lesley Morgan, and Sienna Johnson.

The Berea Community Student Technology Leadership Program (STLP) recently attended regional competition in November in Somerset, and several students will be advancing to State competition. The state competition will be

at Rupp Arena on March 28. These students include James Alexander, Abby Ambrose, Thomas Brock, Hayleigh Burrows, Baylor Hill, Kylie Randall, Coleman Reed, Kaitlin Sexton, Aubrey Smith, and Kierstin Shaffer, who competed as the WCB News Team; Ismailia Ceesay who competed in 3-D Printing; and Coleman Reed who competed in Google Classroom.

Both the Berea Community High School and Middle School academic teams are off to a great start to their seasons. In the Class Act Invitational in Louisville Kentucky, the BCHS team won three of their matches, and two students individually placed very well in the competition. MacGregor Lakes placed 20th overall, and Coleman Reed placed 32nd overall. The BCMS academic team took their sixth grade team members to the annual Sixth Grade Showcase. The team placed fourth overall in the quick recall competition, and several students were able to place in the written assessment portion of the competition: Parker Price placed second in Language Arts, Nevin Myers placed fourth in Science, and Quinn Rucker placed fourth in Math. The BCHS team will have its next competition on January 27 at Madison Southern High School.

Berea Community School is full of bright and talented students. The faculty, staff, and peers of these students are very proud of their accomplishments this month, and fully support them in their future endeavors.

Goalkeeper signs to college

By **Emily Nigro**
Pirate Senior Editor

By **Emily Traw**
Pirate Staff Reporter

On Tuesday, December 5, Pirate senior Moira Wideman signed a letter of intent in Berea's Singleton Gym to play collegiate soccer at Midway University, a member of the National Association of Intercollegiate Athletics (NAIA). Moira's fellow soccer and swim teammates looked on as she shared a tear-filled ceremony with her parents and Head Midway Women's Soccer Coach Sherrill Smith. Before she signed, her mother Kristy Wideman, her father and high school soccer coach Craig Wideman, Berea athletic director Jerry Bingham, and Smith all made brief speeches about Moira and her contributions to Berea soccer.

Moira has been playing soccer practically since she could walk. Starting out on a Texas little league team at the age of two, she has continued her career for almost 15 years now and been a goalie since the age of eight. Moira has played for multiple teams in leagues with a variety of skill levels, including recreational, academy, and select, in addition to playing for her school, Berea Community. She even played on an international team that traveled all the way to Denmark to compete. Moira has been coached by her father, Craig Wideman, who has assisted and supported Moira in the development of her soccer and goalkeeping skills, since she was young; however, he only recently became her official coach through his position as the Berea High School Girls Soccer coach, which he took on in 2015.

Moira has made an outstanding impact on the Berea High School Girls Soccer Program. A captain for 2 years and the starting keeper since her freshman year, she ended her senior season with 1,401 saves and broke the school record for most saves in a single game, with 77. She even scored 2 goals and had 11 assists in her high school soccer career. But perhaps Moira's greatest contribution was something

that cannot be measured with a number: heart. Moira put her body on the line game after game to stop a myriad of breakaways. She had a remarkable success rate in one v. ones with an attacking player, and consistently kept Berea in soccer games as the last line of defense. Her goalkeeping elevated the Pirate soccer team and allowed it to be competitive against high-level teams. In fact, according to Moira, "My most memorable moment as a goalkeeper for Berea was [a game in my junior year] when we played Madison Southern, and we beat them for the first time in seven years." She saved 28 shots on goal in that game alone.

This spring, Moira will graduate from Berea Community High School. She has decided to pursue a major in Elementary and Special Education at Midway University, where she will be playing for Midway's soccer program. "When I walked on campus, I felt at home," Moira recalled of her visit to Midway. "Talking to people, they were very accepting; I felt that I could relate to many of them." Moira is looking forward to attending Midway next fall, but admitted, "The most challenging part will be balancing college classes with the amount of practices we will have." At Moira's senior signing ceremony, many family, friends and peers showed up to celebrate both her accomplishments and her plans for the future.

Throughout her time at Berea Community Schools, Moira has undoubtedly made an impression not just on her peers but the community as a whole. In addition to her profound impact on the soccer field, Moira is involved in a number of other activities: She has been a member of the Pirate Swim Team since tenth grade and is also involved in Student Council, Book Club, and Art Club. Moira's commitment both on the field and in the classroom have made her someone that young students can look up to. As such a successful and involved member of Berea Community, Moira will be greatly missed next year. Nevertheless, she is sure to accomplish great things at Midway University—both in its soccer program and in her own academic endeavors.

kids, working and providing daily instructions. I get the accolades for their great work, and it's been my great honor to work with these folks and know that as I walk out the door, that team will still be here."

Hogg spoke specifically about how appreciative he was of the other school board members.

"I'm grateful to be with great people and get to work with them every day," he said.

Board member Will Bondurant said he has had experience with several superintendents, but that there was something about Hogg that set him apart.

"I've worked with a lot of superintendents and most of them, the kids knew there was someone over there in that office, but didn't know who they were," he said. "Mike has

been in the building a lot and I guarantee that every kid in the school knows who Mike is. Mike has been the most hands-on superintendent I've ever been around, I've been around some good people, but I really appreciate what Mike has been for the system."

Board member Linda Wagers said Hogg's tenure had "been a big blessing to the system. I know that your heart is definitely with children and it just speaks out and I know you'll continue with that," she said. "I think this school system has been blessed with the leadership that we have and I'm also talking about all the board members."

"I appreciate you going the extra step to get the Berea Community Schools interconnected with the city and other agencies around the community so that they feel that this is their school," said school board member Dr. Jackie Burnside.

A unanimous vote in

November was taken in order to select Dr. Diane Hatchett to replace Hogg after he retires Dec. 30, and her contract will go through June 30, 2021.

Hatchett has served for six years as the principal of Hancock County Middle School. Hatchett served as assistant principal at Hancock County Middle School. She also served as a guidance counselor, night school coordinator, girl's basketball coach and as a teacher at Owensboro Middle School. She earned a Ph.D. in Educational Leadership and Organizational Development from the University of Louisville, and also served as a Minority Superintendent Fellow in the Daviess County School system.

Additionally, Hatchett has been given the NAACP's Presidential Award, and the Owensboro Human Relations Commission's Emerging Leader Award.

together, but it will bring more families to town. It's a selling point of this community. I'm looking forward to 2018. The council owes a special thanks to Mr. (Councilman Billy) Wooten who has shown that the college community is very helpful and wants to be helpful in this town."

Wooten said he is proud of what has been done for the city on a parks and recreation level.

"I think we've done a lot to enhance recreational infrastructure in ways that we can better promote that in 2018," he said. "We're looking at some programs to better increase recreational tourism, and one thing I would like to see is phase one of the dog park."

Councilwoman Cora Jane Wilson said the togetherness of the council has impressed her during her first year as a council member.

"We work together as a team, and that's my thing," she said. "We don't always agree, but we still work together."

The council action Wilson is most proud of in 2017 is getting the Spoonbread Festival back as a citywide tradition.

"We've had a lot more industries look at us this year," Jim Davis said. "Our economic development committee is working very hard and there are some things that I cannot comment about, but we hope 2018 is a very exciting year for Berea economically."

Davis said he also is proud about being able to restore the Spoonbread Festival tradition in Berea, and mentioned two other things he is proud of.

"We now open our meeting with the invocation and the Pledge of Allegiance," he said. "I feel that those are really important."

Councilman Bruce Fraley noted that no city council person could take credit for anything on an individual basis.

"It's really all eight of us working together," he said. "What I have seen is a sense of unity, mutual respect and professionalism that is really impressive when I look at my other seven colleagues and the way they work with each other, the way they work

with the mayor, the administrator and city staff."

Fraley also has learned a lot about economic development since he took office in January.

In other business: • The council heard the second and final reading of an ordinance allowing the city to sell property at 202 and 208 South Broadway to Tri-State Wholesale, Inc. for \$35,000, which was the appraised value of the land. The property at 202 South Broadway contains 0.16 acres and the property at 208 South Broadway is on 0.95 acres.

"...the intended use of the property at the time it was acquisitioned (by the city) was for the establishment and maintenance of a city garage and equipment storage location for the public works department," the ordinance reads. "Whereas, the public works department has moved to 200 Harrison Road and the property has been vacant and unused for several years...and finds the property is surplus being no longer needed for city purposes and is unsuitable for public use."

Tri-State has been located on South Broadway for several years, said Berea City Administrator Randy Stone.

The final vote to sell both locations of property was passed unanimously.

• The council voted to cancel its regular meeting scheduled for Jan. 2.

• Councilman Steve Caudill recognized how it took more than just the city council to make the city a great place to live and work.

"Many thanks to the department heads and the employees," he said. "Without them, we would be wasting our time."

• Davis gave an update on the actions of the city's economic development committee, which also met Monday. "The sewer project in the industrial park is moving along and should be completed shortly," he said. "The insurance meeting (for city employees) will be Jan. 4 from 9-11 a.m. at the Tolle Building. We still have vacancies."

Davis also mentioned four new businesses that have locat-

ed to the Berea area.

There is "Uprising," which is next to Native Bagel and It's Essential Oils, "Women's Care Center" is in the Gilliam business strip by People's Bank, "Old Town Fabrics," and Copperas Mountain Candle Company, is in the old jail building down on Broadway. I would encourage all of us to patronize them."

• Stone gave another update on the progress of Berea's new City Hall. A building walk through that was scheduled for today has been postponed until the beginning of 2018.

"The basement is about 90-percent complete and our people have done a fabulous job installing all of the information technology," Stone said. "The elevators are now ready and we've been using them. We're looking at March 1. We would like to have everything set up by then so that all of our employees can move into that building in one day."

• Berea Mayor Steve Connelly said he would like to express his personal thanks to Mr. Stone, city department heads and all city employees "... for a very good year, and also, from my family to yours, I'd like to wish everyone a Merry Christmas."

• Wilson also wished the city a Merry Christmas. "I would hope that each and every one of us would remember the true reason for the season and keep that in your heart," she said.

• "I want to thank the mayor, Randy (Stone), the council and all of our city employees for making 2017 a good year and we're looking forward to 2018," said Councilman Jerry Little.

• Fraley asked that the city and its residents continue to support the works of Berea's Economic Development Director Danny Isaacs and the city's Economic Development Committee.

"In 2017, we heard from six prospect industries," he said. "That is compared to only two inquiries in 2016."

The next meeting of the Berea City Council is scheduled for 6:30 p.m. Tuesday, Jan. 16, at the Berea Police and Municipal Building on Chestnut Street.

Berea Community student gets brother home for Christmas

By **Ronica Shannon**
for the Citizen

When 9-year-old Kayden Lawson walked into Ace Hardware Thursday, she looked very confused and a bit scared.

The Berea Community third-grader gets dropped off at the store every day, where her father Scott Lawson is the manager, but Thursday was quite different.

The first person she saw was Santa Claus. She slowly approached him with wide eyes that were confused, dazed and even appeared to be a bit scared.

Kayden's Christmas wish list was unique and undoubtedly much different from those of most third graders. The first thing she wanted was her brother, secondly, she wanted her family to be healthy and lastly, she wanted an iPad.

"I understand that you wanted your brother to come home for Christmas," said Santa - who went by no other name. "Well, that was really hard to do, but I do have a picture for you."

At that moment, Kayden's 20-year-old brother and

Berea Community third-grader Kayden Lawson and her brother, Army National Guardsman Blake Thorn were reunited Thursday at Ace Hardware, which is where Kayden's father, Scott Lawson, is store manager. All Kayden wanted for Christmas was for her brother to come home for the holidays. That wish came true with a little help from family, and of course, Santa Claus.

County offices to consolidate in courthouse annex

By **Ronica Shannon**
for the Citizen

The third floor of the Madison County Courthouse Annex will come to life no later than Feb. 1 because of a mandate from Kentucky Governor Matt Bevin to consolidate

offices, bringing them closer to Frankfort and making them more accessible.

"It came about because the real estate appraisers gave us notice that Governor (Matt) Bevin was consolidating all their offices and moving them to

Frankfort," said Deputy Judge Executive, Colleen Chaney. "We ended up working on an arrangement where we would add a piece of property that has less price per square foot compared to what they're wanting currently."

The Madison County Courthouse Annex is located beside the county detention center and behind the city's white, historical courthouse, which still houses several offices, including the Circuit Court Clerk's office

"When you have du-

plication in five offices spanning over three miles, there is no question that consolidation is an opportunity for savings and creates an environment of increased collaboration," said Madison Judge Executive Reagan

Public will be welcome at Forestry Outreach Center

The Berea College Forestry Outreach Center will open to the public for the first time on Tuesday, January 9th, 2018. Winter Hours of operation will be from 10 am to 3 pm, Monday through Saturday. A Grand Opening celebration is planned for spring of 2018.

Sitting at the edge of the

Boone Trace Trail and just below the Pinnacles, the Forestry Outreach Center will serve as a welcome center for hikers and bikers as well and other visitors to the area. The central part of the building features displays about Berea College and its forest. Restrooms and a water bot-

tle filling station are open to the public. Volunteers and Berea College students will be available to greet visitors and answer questions about the area.

Interdisciplinary educa-

tional programming will help learners of all ages gain knowledge about the local flora and fauna, the history of Berea College and its forest lands, sustainable forestry

Tracy DeWitt Hill, 47

Tracy DeWitt Hill, born August, 10th 1970, passed from this life on December 21st, 2017. Tracy graduated from Berea Community High School in 1988, and attended the University of Kentucky. Later she graduated from Kaufman Beauty School in Lexington, and went on to become an instructor. Tracy made a career shift to technology beginning at Berea Community School where she was the Technology Coordinator. Eventually, she joined Extreme Networks where she orchestrated the K-12 sales team and helped bring technological advancement to school systems all across the country.

Tracy was the proud mother to three sons. Christopher, age 26, lives in Bellingham, Washington and is the

Theatrical Technical Director and Production Manager at Western Washington University. Baylor, age 16, is a junior at Berea Community High School and kept Tracy busy at the football field. Jonah, age 9, kept her busy with his music lessons, acting, friends and activities. Tracy's husband of 19 years, Darryl, is a special education teacher at Berea Community High School. The two met at college and married a few years later.

Family dedication was central to Tracy's life. She was happiest when taking care of her family and loved cooking dinner every night. She was a daily part of her parent's life because they had fun and worked well together, whether they were changing the belts on the lawnmower or shopping for everything under the sun. Many would describe Tracy as generous and caring as demonstrated by the way she cared for her father-in-law in their home to the end of his life. Westside Baptist Church was home

to Tracy and her family and one way she supported the church was as AV services volunteer.

Tracy was well loved and has lifelong friends who will miss her smile and laughter. She was a supportive sister and friend. She was a frequent blood donor, loved to read, dance and travel and could quote "Friends" unflinchingly. Her beauty and strength, inside and out, will always be an inspiration to those who knew her. Tracy will continue to bless others through the gift of organ donation.

A memorial service will take place on December 27, 2017 at 7 p.m. at Westside Baptist Church in Berea. The family will receive friends from 5 to 7 p.m. also at the church.

In lieu of flowers donations in memory of Tracy can be made to The Family Resource Center 3 Pirate Parkway, Berea, KY 40403 or Westside Baptist Church for Audio Visual equipment. Online condolences can be made at www.lakesfuneralhome.com.

Word From Berea Streets

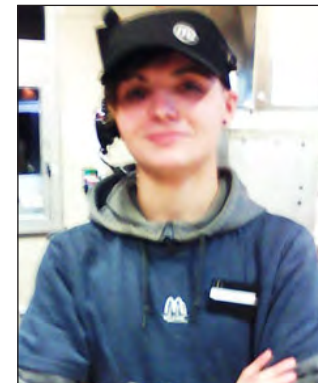

How is working third shift different?

Mike Rollins, Speedway employee - "It gets slow sometimes, but it can get interesting around here very quickly."

Jake Blue, BP gas station - "Third shift in a factory is about like any other shift and you're pretty busy. In a store there are times when we get pretty busy, and times it's kind of slow."

Evan Miller, McDonald's employee - "We stay busy. We're kind of a family on third (shift), and we pull together as a team to get the work done."

Jennie Haymond Files for Madison County Attorney with Kenny Davis Jr. and Harold Richardson Jr. at her side and a Platform of Fighting the Opioid Crisis and Protecting our Most Vulnerable

Advocating for solutions to our state's opioid epidemic, Jennie Haymond officially filed paperwork to run for Madison County Attorney. Prominent community members, Kenny Davis Jr. and Harold Richardson Jr., were there to witness and endorse the candidate. "With the full sup-

port of my family and friends in our community, I have decided to seek the office of Madison County Attorney," said Haymond. "My decision to run for office is guided by my strong belief that our criminal justice system is a necessary tool to fight for our families and public safety. I am committed to holding criminals accountable while also seeking new strategies to reduce substance abuse and protect the health, safety and quality of life for Madison County residents."

Jennie has prosecuted all types of criminal and juvenile cases for the past 10+ years

and pledges to defend Madison County residents and to protect our most vulnerable, especially seniors and children. Her work has included the prosecution of theft, drug, juvenile, assault and other violent conduct cases and enforcing the state and county ad valorem powers.

"My experience bringing violent criminals and drug traffickers to justice and my expertise within the juvenile justice system makes me uniquely qualified to protect our residents and to take on the challenges that come with this office," said Haymond. "I anticipate meet-

ing many members of our community in the months to come and I look forward to earning your trust through the conversations we will have. It is critical that we elect an attorney who stands up for conservative principles, who courageously defends the rule of law, and who is ready to reform policies that do not address our real issues."

Those interested in her campaign can follow her updates at JennieHaymond.com and on Facebook at "Jennie Haymond for Madison County Attorney".

Berea's Environment and its Impact on Me: My Observation

Hello! I'm Bidhu Sharma. I'm 13 years old and in the 8th grade, and I attend Berea Community. I moved here with my family (In the July of 2017) from Clinton, Mississippi as my dad became an assistant professor at the Berea College. Clinton is the 10th largest, and one of the "best" cities in the Jackson Metropolitan area in Mississippi. The population of it is roughly double that of Berea.

As with moving, I felt a bittersweet feeling to leave Clinton, but I also felt anxious to see what lied ahead in Berea. In under a month of moving here, I noticed that I felt much happier and healthier than I did back in Clinton, Mississippi. I started analyzing why is it so?

Nothing in the family changed. My Mom, Dad, and Sister are all the same as they were. I still get the same amount of time and care from them. Since a change in the family is not the reason behind me being happier and feeling healthier, I thought about Berea itself. Can the environment of Berea be positively affecting my health and emotions? That's it! I found Berea's environment more conducive for physical activities and social interaction. I observed that Berea's environment, along with other factors, contributes to my well-being, both physically and mentally.

Berea has a lot of attributes that encourage health and boost happiness. Town has a rich perfusion of oppor-

tunities for physical activity such as side-walks, playgrounds, parks, gyms, public pools, and hiking trails. I see people of all ages walking, jogging, running, bicycling, playing, exercising, walking their dogs, hiking, and swimming in public pools in the summer, and even in the Berea College during the winter. I feel safe when I see people outside engaged in physical activities. I feel motivated when I see that people are very health conscious and they are trying to stay healthy and active. The built environment is highly engaging in town. One doesn't have to buy an expensive gym membership to participate in physical activities, and the physical environment already provides ample ways

for physical activities without spending any of your hard earned money. Almost all restaurants you visit in the town have something for vegetarians, and more importantly, no one gives you a strange look when you ask them that you are looking for a vegetarian meal. Even my school respects nutritional diversity and choice and have a provision of vegetarian meals for the kids who choose to it. Finally,

the people in Berea are nicer and approachable than the people in my previous city. This really helps my mood. I'm almost always joyous because of it. May it be from having better friends and being included more to just being complimented, the citizens of Berea make life a lot more enjoyable.

Ordinance 16-2017

AN ORDINANCE OF THE CITY OF BEREA, KENTUCKY, DECLARING CERTAIN REAL PROPERTY LOCATED AT 202 AND 208 SOUTH BROADWAY STREET AS UNSUITABLE FOR PUBLIC USE AND AUTHORIZING IT TO BE SOLD TO TRI-STATE WHOLESALE, INC., FOR \$35,000, BASED ON THE ECONOMIC DEVELOPMENT WHICH WILL RESULT FROM THE SALE, PURSUANT TO KRS 82.083.

WHEREAS, the City of Berea owns two adjacent lots that lie on the West side of Broadway Street South in Berea, being Tracts C and D on the attached plat, which property totals 1.11 acres; and

WHEREAS, the address of Tract C is 202 Broadway Street South containing 0.16 acres, more particularly described in Deed Book 502 at page 533 in the office of the Madison County Clerk; and

WHEREAS, the address of Tract D is 208 Broadway Street South containing 0.95 acres, more particularly described in Deed Book 186 at page 520 in the office of the Madison County Clerk; and

WHEREAS, the intended use of the property at the time of its acquisition was for the establishment and maintenance of a city garage and equipment storage location for the public works department; and

WHEREAS, the public works department has heretofore moved to 200 Harrison Road and the property has been vacant and unused for several years; and

WHEREAS, the City Council of the City of Berea has therefore determined and finds that the above-described property is surplus, being no longer needed for city purposes and is unsuitable for public use; and

WHEREAS, the above-described property is subject to a 20' sewer easement and a 24' stormwater easement which substantially limits the portion of the property on which structures can be built; and

WHEREAS, consequently the City Council finds that it is in the public interest that it be sold pursuant to law; and

WHEREAS, the public interest will be served on the basis that the Buyer will construct a building for inventory storage on the property and will hire an additional 6-8 employees; and

WHEREAS, KRS 82.083(4)(b) provides that real property may be sold by a city for economic development purposes; and

WHEREAS, the City obtained an appraisal for the property in the amount of \$36,500.00, and the sale price, considering the costs and expenses incident to the sale, is roughly equivalent to the appraised price for the property.

NOW, THEREFORE, PURSUANT TO THE FOREGOING FINDINGS AND DECLARATIONS, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BEREA, KENTUCKY, AS FOLLOWS:

SECTION I

The following property is hereby declared to be surplus shall be sold to Tri-State Wholesale, Inc., 1683 Nevada Ave., London, KY 40741, for the sum of \$35,000.00 pursuant to KRS 82.083(4)(b)

A certain tract or parcel of land lying to the Westerly side of South Broadway Street, in Berea, Madison County, Kentucky, more particularly bounded and described as follows (based upon a November, 2017 survey performed by City of Berea GIS-Survey Department, P.L.S. # 2914):

Being all of Tract "E" (1.10 acres) as shown on a plat entitled "MINOR CONSOLIDATION PLAT: TRACT E", said plat being recorded in Plat Book 27, Page 396, in the office of the Madison County Court Clerk.

And being a part of the property conveyed to City of Berea from Joseph and Jessica Addison by deed dated September 12, 2005, and recorded in Deed Book 596, Page 27 in the office of the Madison County Court Clerk.

And also being a part of the property conveyed to City of Berea from John and Imogene Fowler by deed dated July 27, 1960, and recorded in Deed Book 186, Page 520 in the office of the Madison County Court Clerk.

SECTION II

The Mayor is hereby authorized and directed to arrange for, execute and deliver such documents as are necessary to complete the sale of the surplus property aforesaid.

SECTION III

All ordinances in conflict herewith are hereby repealed. This Ordinance shall be effective upon publication.

Calendar

"Good resolutions are simply checks that men draw on a bank where they have no account."
— Oscar Wilde

Page A9 Wednesday, December 27, 2017

Calendar announcements should include name of event, time, date, location, a brief description and contact information. Announcements promoting sales for profit (unless from a nonprofit organization) are available through advertising department. Announcements should be in by noon Monday; they will be printed as space and time allows.

Calendar of events

December 31

• Deadline to Change Party Affiliation Ahead of 2018 May Primary. Registration forms submitted by mail, in person, or electronically must be received by the county clerk by the deadline. Individuals who prefer to make the change in person should check with their county clerks' offices regarding hours of operation during the holiday season.

December 26- January 1

• Christmas Country Dance School. A fun way to stay warm! Classes in traditional dance styles including English clog, Country, Morris dance, rapper, Danish, Appalachian clogging, and square dance, plus singing, music, crafts and parties. Advanced leadership classes for callers and dance instructors. Hosted at the Seabury Center at Berea College. For more information visit bera.edu/ccds (859)985-3431

January 4

• 9-11 a.m., Tolle Building at 633 Chestnut Street, Drew Alexander from Central Bank will

facilitate workshops about business insurance. There will be a free, two-hour session to include Q&A. Register at <https://businessinsurancedo-sanddotts.eventbrite.com>, or call 986-8528, Ext. 2164. This event is sponsored by the City of Berea's Economic Development Department.

January 15

• Lisa Jones of Berea will teach a six-week acrylic class starting in January. You don't need any experience in art to enjoy the class and leave with a personal piece of art that you will be proud to display in your home or give as a gift!

The six-week class will meet from 6:30-8:30pm on Mondays from January 15 through February 19, 2018. It meets at the Broadway Center, 204 N. Broadway, in Old Town Berea.

• 3:00 p.m. Berea College Convocation, Phelps Stokes Auditorium. Riveting storytelling, emotionally stirring songs of the Civil Rights era and a graphic video montage celebrating an unsung sheroe of the Civil Rights and Social Justice Movement, whose story became a catalyst for the passage of the Voting Rights Act of 1965.

This entertaining production will take the audience on a journey back in time, focusing on the struggle for human dignity and freedom in the U.S. and beyond. Co-sponsored with the Black Cultural Center (BCC), Carter G. Woodson Center for Interracial Education (CGWC), African and African-American Studies, CCC, and the President's Office. Martin Luther King Jr. Memorial Convocation.

January 16

11 am - 5 p.m give blood at Union Church in the Community Room at 200 Prospect Street in Berea. To schedule your life-saving appointment or to get more information, call 800.775-2522, ext. 3758. As always, walk-ins are also welcome.

Taylor. "In addition, this will eliminate the annoyance for customers of being sent from office to office to get an answer to a question."

The top floor of the annex has been occupied by two employees, and "The rest of it is paper," Chaney said. "They're paying pretty good rent to be storing paper, and so even the flop allowed them to stay here in Madison County, instead of having to move to Frankfort."

Half of the annex's third floor will be completely vacant, Chaney said.

According to a press release issued last week by the Madison County Fiscal Court, "... the move is the beginning of a massive relocation effort to save taxpayer money and provide better customer service.

The move is set to take place on Jan. 6, but is to be done no later than Feb. 1. The following offices will be consolidated to the third floor of the courthouse annex: Judge Executive office, planning and codes, information technology, geographic information services, human resources and the finance department.

As a part of the move, the following leases will be moving locations: the Kentucky Board of Real Estate Appraisers will be moving to 321 N. Madison Avenue, and the location of Adult Drug Court has yet to be determined.

The long-term goal of the project is to have the offices of the sheriff (basement), property valuation administrator (first floor), county clerk (first floor), county attorney (second floor) and Madison County government/Fiscal Court (third floor) all in the same building.

"We will continue to use the fiscal court room until further notice, but this will be a vacant office," Chaney said.

Work is being done with the Administrative Office of the Courts to advocate for a new Circuit Courtroom inside the Madison County Courthouse.

The county will be more likely to receive what it takes to construct a new circuit courtroom if they are able to deem the space as vacant, Chaney said.

The only cost associated with moving offices will be \$2,000, and that money will be used to pay the movers, Chaney said.

In other business:

- The court adopted a resolution making it the fiscal entity for the Generation RX Drug Prevention Grant, should it be received by the county. If allotted, the \$35,000 grant will go toward drug prevention efforts in the county.

- Madison County Firefighter Robert Harrison was promoted to Firefighter 4 now making \$9 an hour.

- Melissa Settle was hired to serve in the Administrative III position in the county's personnel department. Settle's rate of pay will begin at \$12 an hour.

- The second and final reading of an ordinance was heard that will change the zoning classification of property at 3575 Colonel Road from urban corridor interstate commercial to urban corridor general commercial.

- The court recognized the retirement of Stacey Brinegar, who worked 23 years for the county road department and Mike Alexander, who served 20 years for the Madison County Fire Department.

The next meeting of the Madison Fiscal Court is scheduled for 9:30 a.m. Tuesday, Jan. 9 at the Berea Police and Municipal Building.

BROTHER

Army National Guardsman Blake Thorn, peeked out of a large box wrapped with festive Christmas paper. Kayden immediately jumped into Blake's arms, wrapping her arms around his neck and her legs around his waist – and that is where she stayed the entire time.

The two stood embracing, simply staring at one another. Kayden's light-brown eyes would not move away from Blake's face and her face reflected a state of disbelief. She did not speak for about five minutes.

"I didn't know what was happening at first, but as soon as I saw that picture, I knew he was coming home," Kayden said. "I'm so excited."

Blake said he had no idea his little sister would literally jump up into his arms.

"I was just relieved knowing that she was actually there and I could hold her in my arms again," he said.

She told her brother that she was proud of him, and he began to talk about how he felt being around his family and holding his biggest fan in his arms.

His eyes began to fill with an oasis of emotion.

"Are those tears?" Blake was asked. "They're about to be," he said.

"This is so amazing, I missed her a lot, so I look forward to spending time with my family and sharing the Christmas joy together."

rie also attended to watch Kayden get the surprise of a lifetime.

He was allowed to come home for two weeks, and will be returning for service on Jan. 2.

Serving in the military is a family tradition. Lori Lawson, mother of Kayden, Blake and Carrie, also is a member of the Army National Guard, but began her military career in the United States Marine Corps.

"Blake was born while I was in the Marine Corps, and I was born while my parents were in the Marine Corps," she said. "Then, I got out for a while, then came back in and not long after I had enlisted, Blake got shipped off to basic training."

Kayden did not take well to Blake leaving.

"The first two weeks were horrible," said Lawson. "She used to cry herself to sleep. Her brother was her everything."

Lawson also noticed other characteristics in Kayden that are commonly associated with

separation anxiety.

"She didn't want anyone to leave her sight," she said. "He's home for 14 days and then he goes back for another 30 days. That's going to be hard on her."

"I miss him a lot because we like to do everything together," Kayden said. When she was asked what is her most favorite thing to do, her answer was simple – "...being with him."

It was Santa Claus who made Kayden's Christmas wish a reality.

"I went to the National Guard Armory in Richmond for a Christmas party and a young lady came up to me and said all she wanted for Christmas was for her brother to come home," he said. "I told her that was going to be awful hard to do, but I told her I'd do my best. I made some phone calls, sent out some emails and got some very important people involved. We were able to put it all together. Christmas is about giving people what they need, and she needed her brother."

practices, and the work of the Berea College Foresters. As a service to the community, Berea College is pleased to be able to offer this interactive environmental education at no cost. They would love to work with school or community groups. To schedule a time for your group to visit the Forestry Outreach Center, contact Wendy Zagray Warren at wendy_warren@bera.edu or 859-756-6094.

A large classroom/event space is also available to lease for non-educational purposes. Those arrangements can be made by contacting Berea College Conference Services at 859-985-3641 or 859-985-3025.

An active volunteer group, Friends of the Berea College Forest, helps maintain the wellbeing of both forest and community.

By working side by side with a common focus on the land that sustains us, their goal is to care for the forest ecosystem and strengthen the bonds of community. Volunteer opportunities include working as a greeter at the Center, quarterly field days for trail maintenance and control of invasive species, and litter control in all areas of the forest. can increase as Friends of the Forest volunteers offer their ideas and support. Volunteers might schedule a hike to share knowledge about a particular aspect of the natural or human history of the forest, give a "porch talk," and/or schedule a performance at the Amphitheater. Volunteers can sign up, share ideas, and agree to serve as the point-person on a project. You can add your name to the volunteer list or arrange a meeting time with Forestry Outreach Center Director Wendy Zagray Warren at wendy_warren@bera.edu or 859-756-6094.

The center extends an invitation to the public to follow them on Facebook at Berea College Forestry Outreach Center or on Instagram @ BereaCollegeFOC. Warren says, "Whether hiking, biking, or stopping by to see the displays, please plan a visit to the Berea College Forest Outreach Center very soon!"
