TO SUBSCRIBERS.

We present herewith our third edition of the San Francisco Block Book, and feel that, with all the additions we have made and the increased size, you will be thoroughly satisfied, and will fully appreciate our efforts to make the book the very best and most accurate of its kind published.

Hereafter we will issue a volume *every two years* and hope for a continuance of the generous support given our former publications.

A second volume, taking in South San Francisco and the Homesteads, is in contemplation now and will probably be issued the latter part of the year.

To help subscribers in posting, we have added at the bottom of each page the date we commenced printing and stopped posting that page. The interval required to do actual manufacturing is all that subscribers will have to post.
