

WM2013 EXHIBITORS IN ALPHABETICAL ORDER

AAT Carriers, Inc.

Contact: Nina Wilson Booth#: 619
1110 Market St, Warehouse Row, Ste 316B
Chattanooga, TN 37402
P: 866-797-4617 F: 866-421-1804
Email: nwilson@aatcarriers.com
Website: www.aatcarriers.com

AAT Carriers specializes in hazardous transportation services which includes transporting all hazardous material, hazardous waste, explosives, nuclear, sensitive material, and shipments that require high security. We are devoted to being one of the premier nationwide carriers for hazardous and sensitive materials, dedicated to providing quality and superior service 24/7/365.

ABW Technologies, Inc.

Contact: Aimee Dura Booth#: 502
6720 191st Pl NE, Arlington, WA 98223
P: 360-618-4416 F: 360-618-4444
Email: adura@abwtec.com
Website: www.abwtec.com

ABW Technologies specializes in custom metal fabrication and systems integration for the Nuclear Industry. ABW is experienced in Shipping Packages, Gloveboxes, Mechanical Equipment and Vessels. ABW's mature NQA-1 Program and reputation for excellence, makes them the preferred fabricator for clients nationwide.

ACZ Laboratories, Inc.

Contact: Michael McDonough Booth#: 508
2773 Downhill Dr, Steamboat Springs, CO 80487
P: 970-879-6590 x617
Email: michaelm@acz.com

ACZ Laboratories, Inc. has provided high quality analytical services to clients throughout the United States and internationally for over thirty years. Our staff consists of 57 chemists, technicians and support personnel that have extensive experience performing inorganic, organic, geochemistry and radiochemical analyses. ACZ's radiochemical clients range from municipal drinking water suppliers to mining corporations. ACZ has experience with radiochemistry analysis on many different matrices including: drinking water, waste water, groundwater, surface water, soil, sediment, core samples, tailings, waste rock, plant and biota tissue.

AECOM

Contact: David Wilson Booth#: 108
300-300 Town Centre Blvd,
Markham, ON L3R 5Z6 Canada
P: 905-477-8400 x385 F: 905-477-1456
Website: www.aecom.com

AECOM is a global provider of professional technical and management support services to a broad range of markets, including transportation, facilities, environmental, energy, water and government. With approximately 45,000 employees around the world, AECOM is a leader in all of the key markets that it serves, including nuclear, radiological and radioactive waste technical subsectors. AECOM provides a blend of global reach, local knowledge, innovation and technical excellence in delivering solutions that create, enhance and sustain the world's built, natural, and social environments. A Fortune 500 company, AECOM serves clients in more than 130 countries worldwide.

Aerotek, Inc.

Contact: Allyson Curran Booth#: 411
7301 Parkway Dr, Hanover, MD 21076
P: 410-579-3063
Email: acurran@aerotek.com
Website: www.aerotek.com

Aerotek Government Services serves government agencies, integrators and contractors with talent management, program support and managed services solutions. Whether you are meeting cyclical or surge demands or require additional personnel for entry level to senior staff positions, Aerotek can help you execute programs and tasks almost anywhere in the world.

Alaron Nuclear Services

Contact: Scott Eckler Booth#: 1026
2138 State Rte 18, Wampum, PA 16157
P: 724-535-5777 F: 724-535-1165
Email: eckler@alaron-nuclear.com
Website: www.alaron-nuclear.com

Alaron Nuclear Services is a subsidiary of Veolia ES Technical Solutions. Alaron provides a complete range of services to companies engaged in the nuclear marketplace. Services include, but are not limited to: Pump and Motor Refurbishment, Decontamination, Service Level I Coatings, Waste Handling, Facility Access, Contaminated Equipment Storage and Special Projects.

Alliant Corporation

Contact: Kirsten Perry Booth#: 927
320 N Cedar Bluff Rd, Ste 200, Knoxville, TN 37923
P: 865-251-5064 F: 865-769-0946
Email: kperry@alliantcorp.com
Website: www.alliantcorp.com

Alliant Corporation, a Service-Disabled Veteran Owned Small Business, provides professional services in the areas of Environmental/Waste Management, Safety and Health, and Project Controls. Alliant supports construction, manufacturing, power/utilities, and drilling. Clients benefiting from Alliant's support include US DOE, the USACE, NASA, TVA, Fluor, URS, Shaw, Bechtel, B&W, and CH2M HILL, Inc.

ALS Environmental

Contact: Lance Steere Booth#: 426
960 W LeVoy Dr, Salt Lake City, UT 84123
P: 801-835-9610
Email: lance.steere@alsglobal.com
Website: www.alsglobal.com

ALS provides complete Environmental Analyses, Radiochemistry, Industrial Hygiene/Air Quality, Stack Testing, Asbestos, Dioxin/Furan/Congeners, Emergents, Explosives, Agent Degradation, Mycology services from 15 US facilities and a global network of over 60 environmental laboratories in 20 countries. NELAP, DOD ELAP, DOECAP, APHIS, AIHA, State approval. Celebrating over 33 years of service in the US. Welcome Columbia Analytical, the newest member of the ALS network!

AMEC

Contact: Wendy Parker Booth#: 315
206 E 4th St, Ste 850, Plymouth Meeting, PA 19462
P: 610-828-8100
Email: wendy.parker@amec.com
Website: www.AMEC.com

From landmark remediation programs to local waste management projects, AMEC's inter-disciplinary team develops and implements integrated solutions that incorporate innovative technologies to address complex radiological, hazardous, and multimedia contamination challenges. AMEC helps clients move projects through cleanup and regulatory compliance to environmental excellence, adding a sustainability focus to our services to maximize benefits for mankind and the local/regional ecology. As one of the largest engineering, project management and consultancy firms in the world, AMEC operates in nearly 40 countries through a network of 270 locations from the Australian outback to the Arctic.

American Crane & Equipment Corporation

Contact: Lisa Walleigh Booth#: 503
531 Old Swede Rd, Douglassville, PA 19518
P: 610-385-6061 x224 F: 610-385-3191
Email: lwalleigh@americancrane.com
Website: www.americancrane.com

American Crane & Equipment Corporation is a leading provider of cranes, hoists, manipulators, and specialized lift systems. Customers include commercial nuclear plants, US DOE facilities, US DOE laboratories, and defense facilities. American Crane's recent focus has been supplying cranes and replacement trolleys/hoists for dry spent fuel storage and radioactive waste remediation. Critical lift cranes having enhanced crane control features are also being supplied for material handling of critical equipment. American Crane has an ASME NQA-1 and 10CFR50, Appendix B QA Program and maintains a full-time service department with capabilities to perform crane mechanical and controls upgrades. American Crane has the in-house capabilities to provide all the cranes needed for new nuclear power plant construction.

American DND, Inc.

Contact: Bill Schaab Booth#: 1029
PO Box 533, Grand Island, NY 14072
P: 866-699-5515 F: 716-773-5515
Email: bschaab@americandnd.com
Website: www.AmericanDND.com

American DND performs SAFE Environmental Remediation, Demolition & Nuclear Decommissioning. As a Service Disabled Veteran (SDV) and Small Business (SB) we also help clients comply with Diversity and set-aside Programs. Our Management Team possess extensive "Lessons Learned" from performing over \$500M of DND Work at over 500 projects over the past 30 years. Radiological Decommissioning projects have been performed at Savannah River Site, West Valley (currently working), Yankee Nuclear Facilities, Oakridge Plants, Fernald, Rocky Flats, US DOE, DOD, & USACE Projects. American DND is ready to help with the toughest of your DND Projects.

AMR German Products & Services GmbH

Contact: Andreas Roth Booth#: 122
Willhoop 3, Hamburg, 22453 Germany
P: 49-4060-9465422
Email: andreas.dashatwas@gmail.com

AMR German Products & Services GmbH provides Engineering Support and Global Business Development in radioactive and hazardous materials management as well as transport security and logistics monitoring.

We come with more than 20 years of experience in the business from medium-sized companies to global groups and maintain an excellent worldwide network to support your success.

ANTECH Corporation

Contact: Robin McKay Booth#: 610
9050 Marshall Ct, Westminster, CO 80031
P: 303-430-8184 F: 303-430-8215
Email: robin@antechcorp.com
Website: www.antech-inc.com

ANTECH designs and supplies assay equipment for measuring LLW and TRU waste and for safeguards measurements. ANTECH also provides on-site measurement services for LLW and TRU waste drums and boxes and for decontaminating and decommissioning TRU gloveboxes so that they can then be measured and disposed of as LLW.

Applied Research Center

Contact: Walter Quintero Booth#: 635
Florida International University
10555 W Flager St, EC 2100, Miami, FL 33174
P: 305-348-5012
Email: quinterw@fiu.edu
Website: www.fiu.edu

Florida International University's Applied Research Center is a university based research center located in Miami, Florida. Since 1995, ARC has supported US DOE's environmental restoration mission by conducting applied research in key US DOE-EM's technical areas such as Decontamination & Decommissioning, Waste Processing, and Soil & Groundwater. In 2007, US DOE and FIU established the US DOE-FIU Science & Technology Workforce Development Program; this unique program is designed to develop a pipeline of minority scientists and engineers students (called DOE Fellows) specifically trained and mentored to join federal or private sector workforce.

Applus RTD - Quality Inspection Svcs, Inc.

Contact: Daniella Pacitti Booth#: 501
13131 Dairy Ashford Rd, Ste 230
Sugar Land, TX 77478
P: 832-295-5024
Email: daniella.pacitti@applusrtd.com
Website: www.ApplusRTD.com

Applus RTD - Quality Inspection Services, Inc. utilizes an ASME NQA-1-based QA program to provide services in nondestructive testing and inspection, civil material testing, and subsurface investigation (geotechnical, environmental, geophysical).

Advanced NDT techniques include digital radiography and INCOTEST®; a unique corrosion survey method that allows surveys to occur without the need to make contact with the surface, even while the installation is in operation.

QA/QC offerings include vendor surveillance, receipt inspection, auditing, and program development. Applus RTD has over 35 offices across the US.

ARES Corporation

Contact: Andrew Smith Booth#: 1109
1100 Jadwin, Ste 400, Richland, WA 99352
P: 509-531-3016 F: 509-946-6006
Email: asmith@arescorporation.com
Website: www.arescorporation.com

Founded in 1992, ARES is a nationally recognized engineering, risk management, and project management firm with over 850 employees. ARES has successfully lead and performed engineering design, systems design, risk assessment, readiness review, planning, and project execution in support of major US DOE, NNSA and National Laboratory projects, operations, facilities and sites.

AREVA – GOLD SPONSOR

Contact: Jan Phillips Booth#: 301
7207 IBM Dr, CLT 1D, Charlotte, NC 28262
P: 704-805-2405 F: 434-382-6590
Email: janice.phillips@areva.com
Website: www.us.areva.com

AREVA Federal Services - one company, many solutions. AREVA provides its customers with solutions for low-carbon power generation in North America and all over the world. As the leader in nuclear energy and a significant, growing player in the renewable energies sector, AREVA combines US and Canadian leadership, access to worldwide expertise and a proven track record of performance. Sustainable development is a core component of AREVA's strategy. Its more than 5,000 US and Canadian employees work every day to make AREVA a responsible industrial player helping to supply ever cleaner, safer and more economical energy to the greatest number of people. AREVA Inc. is headquartered in Bethesda, MD.

ARS International, Inc.

Contact: Kimberly Jack Booth#: 615
 2609 N River Rd, Port Allen, LA 70767
 P: 225-381-2991 F: 225-381-2996
 Email: kbrewer@amrad.com
 Website: www.amrad.com

ARS International, Inc. is an 8(a) certified, Native American, Veteran Owned Small Disadvantaged Business offering the following services: Environmental Remediation Services, Analytical Services, Mobile Laboratory Services, Demolition/Deactivation/Decontamination Services, Health Physicist Services, Hazardous Waste Management Services, Field Sampling Services, as well as additional environmental services.

Arvia Technology

Contact: Alex Adams Booth#: 225
 The Innovation Centre, Sci-Tech Keckwick Ln,
 Daresbury, Cheshire WA4 4FS United Kingdom
 P: 44-8451-231264
 Email: alex.adams@arviatechnology.com
 Website: www.arvianuclear.com

Arvia's unique technology destroys toxic and non-biodegradable organic contaminants from a wide range of aqueous effluents using adsorption coupled with electrochemical regeneration. Arvia's technology has been developed for the destruction of low-level waste (LLW) and intermediate-level waste (ILW) oils in the nuclear industry. The technology, however, can also be applied to a number of other organic radioactive waste streams found at nuclear industry sites.

AT&F Nuclear, Inc.

Contact: Kevin Centrell Booth#: 731
 12314 Elmwood Ave, Cleveland, OH 44111
 P: 216-252-1500 F: 216-251-4963
 Email: cantrellk@atfco.com
 Website: www.atfco.com

AT&F Nuclear is an "N" stamp fabricator and material organization. Experience includes: NQA-1 nuclear equipment fabricating, canisters, casks, racks, tanks, pressure vessels, heat exchangers, reactor internals, structural supports, piping systems, and dedicated material supply. With 72 years of experience, AT&F has the capabilities, capacity and quality culture to provide a reliable, best value service to customers.

ATI Metals

Contact: Cheryl Botti Booth#: 614
 100 River Rd, Brackenridge, PA 15014
 P: 724-226-5977
 Email: Cheryl.Botti@ATImetals.com
 Website: www.ATImetals.com

As the world's leading specialty metals company, ATI offers a broad array of high-strength, corrosion-resistant materials for new construction and waste management nuclear energy applications. Our products are integral to the performance of reactors, reactor vessels, steam generators, turbines, piping systems, personal and equipment radiation shielding products, wet storage racks, dry storage casks and transport containers.

**Atomic Energy of Canada Limited – GOLD SPONSOR**

Contact: Kathy Ackland Booth#: 108
 115 Toronto Rd
 Port Hope, ON L1A 3S4 Canada
 P: 905-885-8830 x41137 F: 905-885-9344
 Email: acklandk@aecl.ca
 Website: www.phai.ca

Atomic Energy of Canada Limited (AECL) is Canada's premier nuclear science and technology organization. For 60 years, AECL has been a world leader in developing peaceful and innovative applications from nuclear technology. AECL ensures that Canadians and the world receive energy, health, environmental and economic benefits from nuclear science and technology with confidence that nuclear safety and security are assured.

Attention IT, Inc.

Contact: Jeanice Pratt Booth#: 517
 1704 Schaeffer Rd, Knoxville, TN 37932
 P: 865-769-8888 F: 865-769-8931
 Email: jeanice@attentionit.com
 Website: www.attentionit.com

The eMWaste® Primary Suite is the only web-based COTS software that tracks hazardous, radioactive and mixed waste. eMWaste® provides electronic "cradle to grave" tracking of profiles, container certification, characterization, inventory, processing, treatment, overpack, shipping, and disposal operations.

All this while keeping a full historical record of container movements, processes, parent/daughter processes, and shipping disposition of the container. eMWaste® is composed of nine suites and offers LIMS, Processor, Disposition, Document Control, Dispatch, Project Management, and Contract Management to our customers.

Avantech

Contact: Joe Amico Booth#: 1129
95-A Sunbelt Blvd, Columbia, SC 29203
P: 860-930-0459
Email: jamico@avantechinc.com
Website: www.avantechinc.com

AVANTech, Inc. is a comprehensive water treatment company providing integrated solutions for the nuclear industry. We also provide custom design-build solutions for our nuclear clients utilizing our ASME certified fabrication facility and UL Certified panel shop. AVANTech recently completed the contract for designing, manufacturing, and starting up the contaminated water system (SARRY) at Japan's damaged Fukushima Nuclear Power Site.

Babcock & Wilcox Technical Services Group, Inc. – PLATINUM SPONSOR

Contact: Aimee Mills Booth#: 1101
13024 Ballantyne Corporate Pl, Ste 500 Charlotte, NC 28277
P: 980-365-4583
Email: aemills@babcock.com

Babcock & Wilcox Technical Services Group, Inc. (B&W TSG), a subsidiary of The Babcock & Wilcox Company, provides a variety of services including uranium processing, environmental site restoration, and management and operating services to the US DOE and National Nuclear Security Administration. B&W TSG's principal operations include: managing and operating nuclear production facilities; managing and operating environmental management sites; managing spent nuclear fuel and transuranic waste; and providing critical skills and resources for US DOE sites.

Babcock Services, Inc.

Contact: Phil Gallagher Booth#: 608
8113 W Quinault Ave, Kennewick, WA 99336
P: 509-737-0812 F: 509-737-0813
Email: pgallagher@babcockservices.com
Website: www.babcockservices.com

Babcock Services, Inc. and its affiliate company IceSolve specialize in providing high quality professional services to the nuclear industry. BSI performs the Design/Fabrication/Operating of specialized fuel pool volume reduction equipment. We also own and operate the Oak Ridge Service Center, performing decontamination of tools and equipment for the purposes of recycling and reuse.

Banda Group International, LLC

Contact: Tim Hall Booth#: 417
111 Congress Ave, Ste 400, Austin, TX 78701
P: 512-681-4494 F: 512-279-7810
Email: timh@bandagroupintl.com
Website: www.bandagroupintl.com

Banda Group International, LLC (BGI), a 8(a)certified, veteran owned MBE, is a world-class technical and project management services company supporting government and private sector clients around the globe. Founded in 2003, we provide specialized capabilities in construction safety management; occupational safety and health program development, assessment, and oversight; project management and execution; startup and commissioning; environmental management and compliance; industrial hygiene management; and radiation safety management.

Barnhart Nuclear Services

Contact: Lauri Riebow Booth#: 319
107 N Bancroft St, Fairhope, AL 36532
P: 251-706-5390
Email: Lriebow@barnhartcrane.com
Website: www.barnhartcrane.com

Barnhart's team of experts has backgrounds from the nuclear industry. Barnhart has the kind of innovative design and execution that reduces Critical Path and reduces a project overall costs. Barnhart has built an impressive nuclear project resumé.

Bartlett Services, Inc.

Contact: Lauren Buckman Booth#: 621
60 Industrial Park Rd, Plymouth, MA 02360
P: 508-591-1149 F: 508-591-1397
Email: lauren.buckman@bartlettinc.com
Website: www.bartlettservices.com

Bartlett Services, Inc. is a leading provider of professional and technical, radiation safety, D&D and environmental management solutions with over

30 years of experience serving government facilities and contractors. We offer complete project management and implementation, quality personnel, contamination control and epoxy coatings and other decontamination technologies to support our client's needs.

BIG Entsorgungstechnologien GmbH

Contact: Hubert Strobel Booth#: 122
Im Farchet 13 1/2, Bad Tölz, 83646 Germany
P: 49-8041-78770 F: 49-8041-1822
Email: info@big-pressen.de
Website: www.big-pressen.de

BIG Entsorgungstechnologien GmbH is experienced for more than 20 years in planning, designing and manufacturing machines and plants for conditioning low and intermediate level waste for longtime storage or final disposal. Our equipment and services cover processes as cutting or shearing, sorting, compaction, handling systems, design studies and on-site services.

Bluegrass Concrete Cutting Inc

Contact: Robert Hulick Booth#: 1125
107 Mildred St, PO Box 427
Greenville, AL 36037
P: 334-382-0200 F: 334-382-0815
Email: bhulick@concretecutters.com
Website: www.concretecutters.com

Bluegrass is a specialty decommissioning subcontractor specializing in concrete surface decontamination using it's dry diamond shaving system. Walls, floors, ceilings can be shave to required depths leaving a surface smooth enough for direct frisk. Bluegrass is also the industry leader in diamond wire cutting of concrete and metal structures. We have successfully cut reactor nozzle, reactor heads, large components, bio-shield and containment walls. Bluegrass has participated in every significant commercial decommissioning project in the United States as well as numerous US DOE projects.

Brokk

Contact: Tony Marlow Booth#: 114
1 Coral Bell Ct, Santa Fe, NM 87508
P: 505-699-8923 F: 380-805-2521
Email: tmarlow@brokkinc.com
Website: www.brokk.com

Brokk heavy duty remotely controlled machines are used worldwide in many challenging applications including; D&D, demolition, remote surveys, size reduction, sorting/handling radioactive waste. The operators complete multiple tasks at safe distances from high radiation or hazardous environments.

Our machines feature remotely interchangeable attachments and can be customized to meet specific project requirements.

Burns & McDonnell Engineering Co., Inc.

Contact: Willie Clark Booth#: 125
9400 Ward Pkwy, Kansas City, MO 64114
P: 816-333-9400 F: 816-822-3517
Email: wclark@burnsmcd.com
Website: www.burnsmcd.com

Burns & McDonnell has a solid reputation of providing comprehensive turnkey services to federal, institutional, and commercial facilities worldwide. During our 114 year history, Burns & McDonnell has acquired extensive experience in working with government agencies, US DOE Contractors, the Corps of Engineers and other DOD agencies, giving us a thorough knowledge of processes, procedures and requirements needed for successful project completion. Burns & McDonnell's professional staff is dedicated to providing quality services in an economical and timely fashion.

Since Burns & McDonnell is 100% employee-owned, our staff has a vested interest in the firm's success, which translates into responsive, expert service for our clients.

Cabrera Services Inc.

Contact: Shannan Ryll Booth#: 817
473 Silver Ln, East Hartford, CT 06118
P: 860-569-0095 F: 860-569-0277
Email: sryll@cabreraseservices.com
Website: www.cabreraseservices.com

Cabrera Services is an SBA-certified small minority-owned business providing full-service environmental remediation services for hazardous, toxic, and radioactive waste (HTRW) sites. Cabrera specializes in radiological engineering and remediation, radioactive waste management, environmental engineering, MARSSIM/TRIAD survey design and implementation, on-site measurement & analysis, and MEC/UXO response and range support.

Cameco Fuel Services Division

Contact: Bill Koch Booth#: 108
205 Peter St, Port Hope, ON L1A 3V6 Canada
P: 905-885-1129 x4017 F: 905-885-0162
Website: www.camecoporthope.com

Cameco Fuel Services Division is a major supplier of uranium processing services required to produce fuel for the generation of clean electricity. The Division is headquartered in Port Hope with operating locations in Port Hope, Cobourg and Blind River, Ontario. The Port Hope conversion facility is one of only four commercial converters of uranium hexafluoride (UF₆) and the only commercial supplier of uranium dioxide (UO₂) in the world.

Cameco Fuel Manufacturing produces finished fuel bundles for CANDU® reactors and specialized components for nuclear reactors. The Blind River Refinery is the world's largest and newest uranium refinery producing high-purity uranium trioxide (UO₃). Also, half of Ontario's electricity is generated using uranium processed in these facilities.

Campbell Scientific

Contact: Brittany Batt Booth#: 1111
815 W 1800 N, Logan, UT 84321
P: 435-227-9000 F: 435-227-9001
Email: bbatt@campbellsci.com
Website: www.campbellsci.com

Campbell Scientific manufactures rugged, reliable instrumentation for measurement and control. Our low power requirements allow for automated data collection and transmission in harsh environments and remote locations. Applications include monitoring weather, soil water, water level and quality, slope stability, and research.

Canberra Industries – BRONZE SPONSOR

Contact: Tammy Pattison Booth#: 200
800 Research Pkwy, Meriden, CT 06450
P: 800-243-3955 F: 203-235-1347
Email: tammy.pattison@canberra.com
Website: www.canberra.com

Canberra is the leading supplier of innovation and cost-effective nuclear measurement solutions and services used to maintain safety of personnel, assess the health of nuclear facilities and safeguard the public and the environment.

Applications for Canberra offerings include health physics, nuclear power operations, Radiation Monitoring Systems (RMS), nuclear safeguards, nuclear waste management, environmental radiochemistry and other areas.

CAST Transportation

Contact: Al Wetsch Booth#: Semi B, 335
9850 Havana St, Henderson, CO 80640
P: 303-534-6376 F: 303-853-3377
Email: awetsch@casttrans.com
Website: www.casttrans.com

CAST Transportation is a motor carrier handling Heavy Haul, Hazmat, LL Waste, Flatbed, Lowboy & Chemical Tanker movements. CAST operates a Rail Transload Center from its tracks on the BNSF at Irondale Station (Denver, CO). Participant in the WIPP Program and has been a privately held company since 1948.

CB&I

Booth#: 1025
One CB&I Plaza, 2013 Research Forest Dr
The Woodlands, TX 77380
P: 832-513-1000
Website: www.cbi.com

Central Research Laboratories

Contact: Kristy Dellach Booth#: 322
3965 Pepin Ave, Red Wing, MN 55125
P: 651-388-3565 F: 651-385-2109
Email: kadellach@destaco.com
Website: www.centres.com

Central Research Laboratories designs and manufactures equipment and systems for the safe and efficient handling of hazardous materials in a remote environment. This includes telemanipulators and glove ports for dexterous handling and waste drum transfer systems for sealed repeatable transfers of materials across containment boundaries.

Ceradyne, Inc.

Contact: Elizabeth Utley Booth#: 421
3250 S 614 Rd, Quapaw, OK 74363
P: 918-673-2201 F: 918-673-2309
Email: eutley@ceradyne.com
Website: www.ceradyne.com

Ceradyne, Inc. provides BORAL®, BorAluminum®, BORTEC® MMC, Enriched Iron Boride and BoroBond® for wet and dry SNF storage, fresh fuel transport, neutron absorption, waste remediation and shielding. Strong technical expertise and ability to supply the Boron 10 isotope provides Ceradyne a unique position for fuel cycle and waste stream management.

CH2MHILL®

CH2M HILL, Inc. – PLATINUM SPONSOR

Contact: Ashley Rath Booth#: 723
9191 S Jamaica St, Englewood, CO 80112
P: 720-286-2327 F: 720-286-9090
Email: ashley.rath@ch2m.com
Website: www.ch2m.com

CH2M HILL, Inc. specializes in the operations and management of complex nuclear programs and projects around the globe. CH2M HILL provides innovative clean up, environmental remediation and closure solutions for commercial and government nuclear facilities and sites in the US, UK, and Canada while safely delivering projects ahead of schedule and under budget.

COH Inc.

Contact: Gilles Lafleur Booth#: 738
801 Curé Boivin, Boisbriand, QC J7G 2J2 Canada
P: 514-770-6500 F: 450-430-6611
Email: glafleur@coh.ca
Website: www.coh.ca

COH Inc. is a leader in the design, manufacturing, installation and service of custom overhead equipment used in the most severe and demanding lifting, handling and positioning applications where enhanced safety by means of either single-failure proof features or seismic design may be required. Operating since 1969, COH is highly recognized for the outstanding quality and reliability of its engineered products in the nuclear, automotive, cement, hydropower, aluminum and steel industries. In the nuclear industry, COH provides electric wire rope hoists, electric overhead and gantry traveling cranes for fuel handling systems, cask handling (inside or outside of the power plant), turbine handling and radiation exposed high precision lifting equipment for research facilities.

Columbiana Hi Tech

Contact: Don Olson Booth#: 428
1802 Fairfax Rd, Greensboro, NC 27407
P: 336-852-5679
Email: dolson@chtnuclear.com
Website: www.chtnuclear.com

Columbiana Hi Tech (CHT) is a leading manufacturer and designer of nuclear fuel cycle packaging. CHT is the world's largest manufacturer of front-end radioactive packaging and a major fabricator of containers and related products to transport and store spent nuclear fuel.

Conestoga-Rovers & Associates

Contact: Jeff Daniel Booth#: 108

Premier Technology, Inc. began manufacturing operations in 1996 and has grown to over 340 employees in that time.

With our current shop capacity, management, and manufacturing experience, Premier is capable of performing large-scale projects ranging up to \$100M. Premier is a progressive manufacturing company focused on the integration of technology and science with professional craftsmanship.

We perform construction management, custom engineering, design, fabrication, testing, and installation for the nuclear, DOD, US DOE, aeronautical, food, and chemical processing industries. We are known for our ability to supply the highest quality turnkey engineering, custom fabrication, system integration, and field installation solutions to those industries. Examples of custom fabricated items are: vessels, heat exchangers, exhausters, gloveboxes, hot cells, stairs, railing, platforms, conveyors, conveyance systems, structural steel items, skid technology, etc.

Project Services Group, LLC
