

AHORN CAMP MOTORHOME

THE BETTER ALTERNATIVE

MODELS 2021

Ahorn Camp models 2021

Since 1991 we have accompanied our customers on their own journeys of exploration. We are delighted that your journey has brought you to the Ahorn Camp brand. In this catalogue we give you a complete overview of our motorhomes in the Camp, Canada and Alaska product lines. This season particularly features upgrades of the interior design of the models in the Camp and Canada series. Modern colours, high quality materials and many LED elements contribute to the feel-good ambience. Externally, all models have gained a strong, characterful futuristic design. New, digital display and operating panels enable simple control of all the design functions. These are just a few of the innovations which you can discover in this catalogue. Learn more about our two new layouts - Canada TF and Canada TU.

The Ahorn Camp brand is steadily expanding, which is why this year, for the fourth time, we are in the Focus Business list of the fastest growing German companies. We are continuing to develop our motorhomes in order to keep setting new standards. In doing so, we stay true to the principles of our company founder Joachim Reichmann, to supply motorhomes with advanced and innovative technology and high production quality at affordable prices.

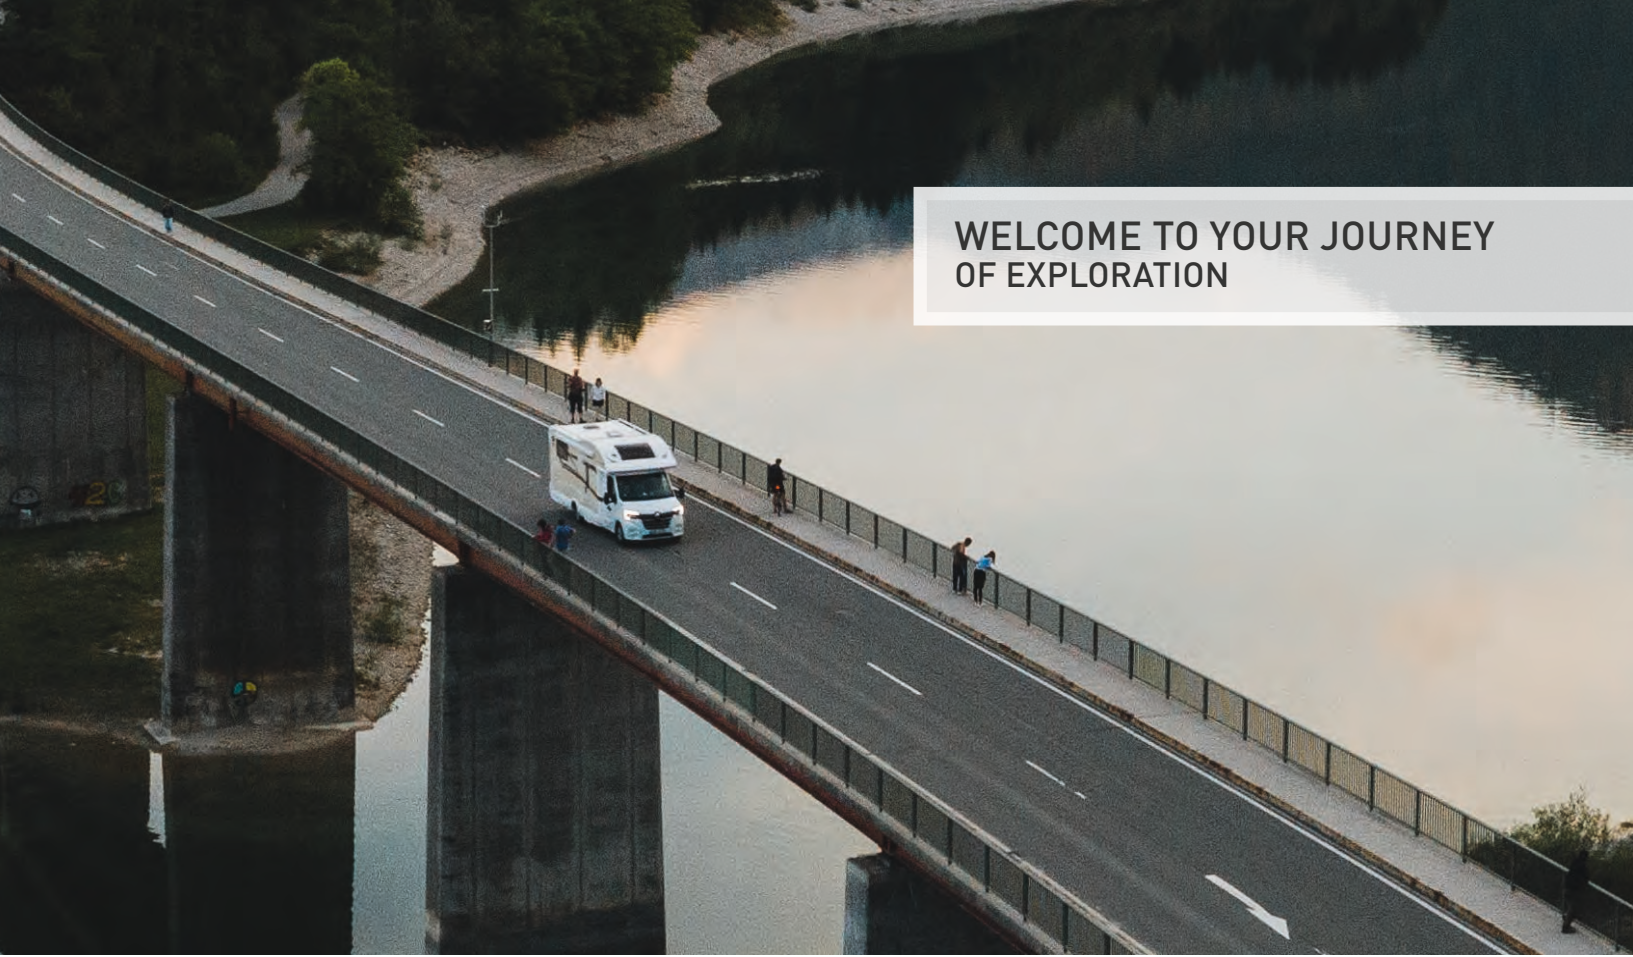

Discover our extensive range of models and find the vehicle of your dreams. We offer support all the way and can advise you online, in one of our three branches or at one of over 30 trade partners across Germany!

WELCOME TO YOUR JOURNEY
OF EXPLORATION

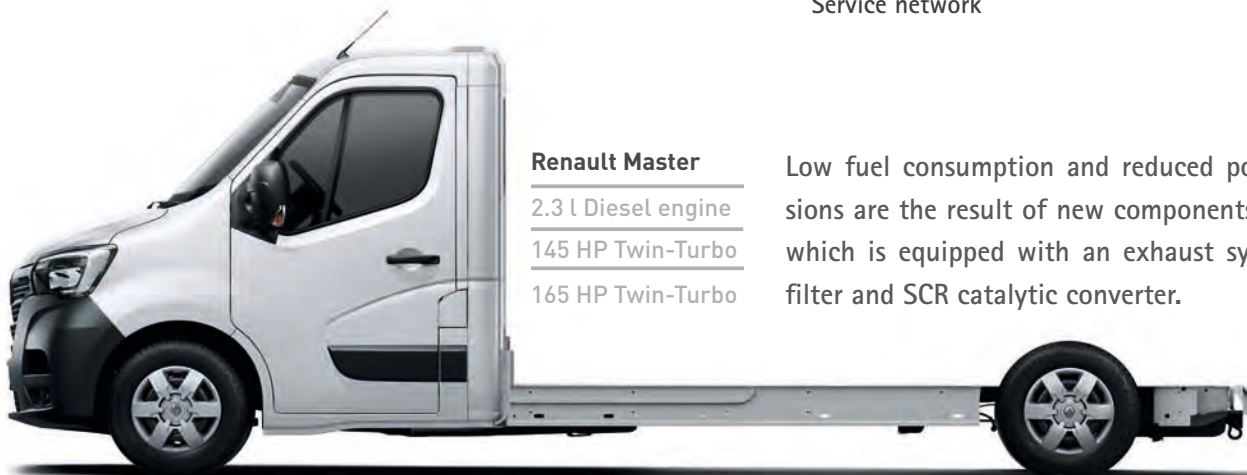

The Renault Master

Design, comfort and driving pleasure

Ahorn Camp has been building exclusively on Renault since 2014 and has developed a close partnership with the French car manufacturer. Customers can find out about Ahorn Camp and have a look at the models in over 30 Renault dealerships across Germany. All motorhome models are based on the Renault Master, which is particularly reliable with a low breakdown record.

- The latest Euro VI-D engines with AdBlue technology
- High-performance twin-turbo engines with high torque
- Low consumption values
- Extensive driver assistance systems available
- Elegant chrome trim on the radiator grill
- Plenty of storage space and practical functions in the driver's cab
- Multiple-times DEKRA endurance test winner
- Rapid breakdown assistance from the Renault Trucks Service network

Renault Master

2.3 l Diesel engine

145 HP Twin-Turbo

165 HP Twin-Turbo

Low fuel consumption and reduced pollutant emissions are the result of new components in an engine which is equipped with an exhaust system, particle filter and SCR catalytic converter.

*with optional folddown bed

Camp series

Semi-integrated

**CAMP MODEL
STILL UNDER 7 METERS!**

The Ahorn Camp series model is extremely compact in length – all models are under seven meters. They are therefore nippy and offer advantages in terms of parking and ferry costs. Despite the compact length, they offer adequate storage space and comfort and feature high quality technical components. Some of these include

Polyvision frame windows, GRP floors, walls and roof, Thetford cassette toilets and fridge, Truma gas heating and Heki rooflights. All LED lights are individually dimmable and controllable via the electronic system. That means you always have the perfect lighting ambience. The marble-effect table and worktops add elegance to the living area. The

dining table can be moved in different directions for optimal use of the space. The ergonomics and the quality of the seat upholstery and mattresses offer maximum comfort. The Camp series includes three semi-integrated and one alcove model.

Ahorn Camp T 590

4 3 (4)*

*with folddown bed

The ACT 590 features a practical and well-considered room layout. The lengthwise double bed offers space for two people and the dinette can be converted to make

another bed. An electric folddown bed is optionally available to provide an extra berth. The model comes with large cupboards and plenty of storage space. Its

compact vehicle dimensions are more than compensated for by its extremely open, friendly and bright interior design.

Folddown bed, option-

Electric height-adjustment (infinitely variable)

+ High quality veneers

+ Folddown bed, optional

LIPPERT

+ Fly net and roller blinds

+ NEW: Tile-effect floor

+ Soft-close hinges

Ahorn Camp T 660 4 (6)*

*with folddown bed

The ACT 660 offers a total of six seats and a full-sized four-person dinette, which can convert into a bed. An electrically folddown bed (infinitely variable) can also be ordered.

This bed can be fully loaded in any height position. With the electric folddown bed installed, the model can fully accommodate 6 people. In terms of living quality, the semi-

integrated version has all bases covered.

+ Dimmable LED lighting

+ NEW: Tile-effect floor

+ Fly net and roller blinds

+ Soft-close hinges

blum

+ Lengthwise French bed

Ahorn Camp T 690 3 (4)*

*with folddown bed

The ACT 690, with an overall length of 6.99 meters, is one of the most compact single bed models on the market. One of its practical features is that the sleeping area

can be separated from the living area by a door. The dinette can be converted to form another bed and an electrically folddown bed is available as an option. The two

garage doors enable simple loading and unloading. The ACT 690 has a large bathroom with a separate shower.

The two single beds can be easily converted into a generous double berth.

There is plenty of storage space under the beds and in a storage compartment in the floor.

+ Fly net and roller blinds

+ Folddown bed, optional

LIPPERT
TRAINING SYSTEM

+ Separable sleeping area

+ Movable table top

+ 2 garage doors

Camp series

Alcoves

Ahorn Camp A 595

Thanks to its intelligent spatial concept the ACA 595 offers extreme travel comfort. The large garage at the rear houses bicycles and bulky sports equipment. The generously-sized

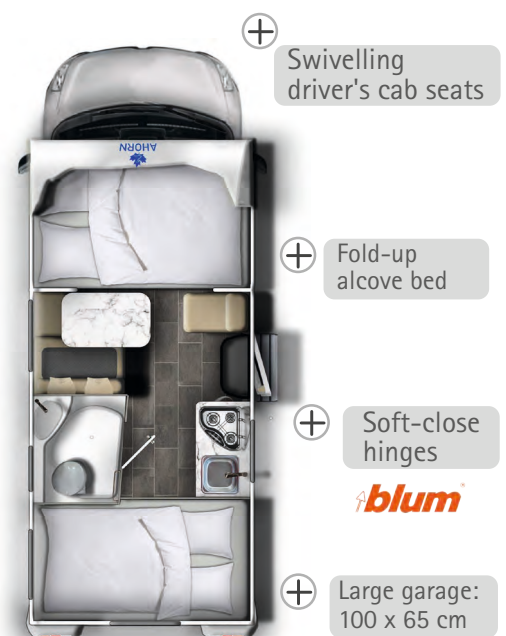

alcove incorporates a double bed for two adults, which can be folded up. This makes the passage into the cockpit easier and improves the spatial feel. The 5.99 m-long

ACA 595 makes travel a pleasure for up to four people.

Really spacious bathroom with shower cubicle and mirrored cabinet.

Bright, friendly ambience with dimmable LED-lighting.

Camp series - Highlights

High quality mattresses and slatted frames

Polyvision frame windows

Truma CP+ panels

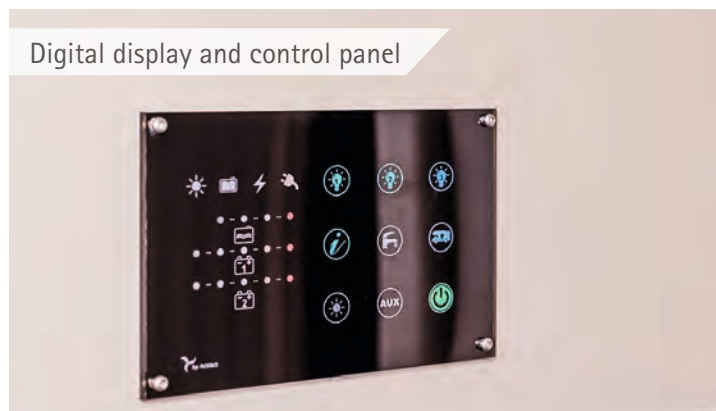

Dometic Heki rooflight with fly net and roller blinds

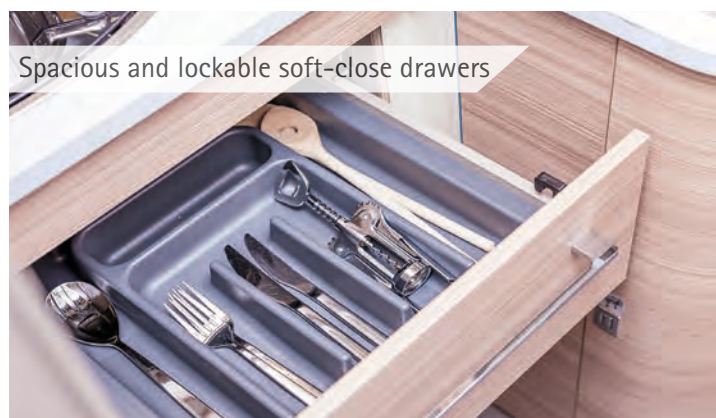

Automatic mode refrigerator with freezer compartment

Digital display and control panel

Spacious and lockable soft-close drawers

Canada series

Alcoves

CANADA MODELS OFFERING MAXIMUM COMFORT!

The Canada series features a modern beige exterior-wall paint finish. Attention has been paid to elegance, comfort and the latest technology. All Canada vehicles have extensive standard fittings and a modern interior design. Just over seven meters long, they offer adequate living and storage space

in an uncluttered layout. The Canada series includes three alcoves and four semi-integrated models. The semi-integrated versions are available with or without an electric fold-down bed (infinitely variable). In model season 2021 the interior design of the series has been completely revised: The

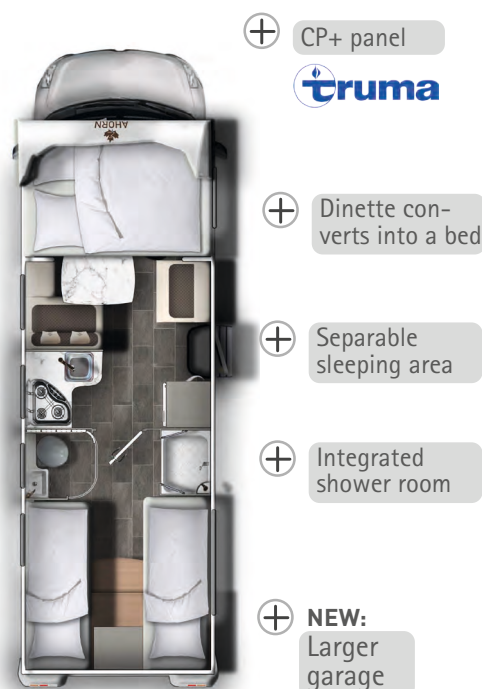

interior is enhanced with modern furniture colours, marble-effect surfaces and tile-effect floor. The series has also been expanded with two new layouts.

Canada AE

The rear bedroom with en-suite can be separated by a door from the living area with alcoves. The single beds can be combined to form one large bed.

TECNOFORM...
+ High quality veneers

Canada AD

The dinette can be converted into a bed in all alcove models. The alcove bed can be folded up during the day to provide extra space.

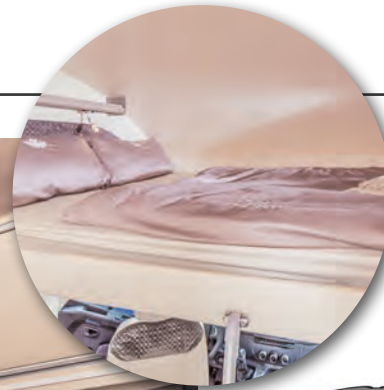

The Canada AD features plentiful storage space, especially in the generous garage, which has big enough to accommodate bicycles and scooters.

Canada AS

With the alcove bed, the two bunk beds in the rear and the two seating groups, which can convert into a bed, there are 7 berths available.

The lower rear bed can be folded down for a larger garage volume. This vehicle is particularly popular with groups and families with lots of children.

+ Soft-close hinges

Alaska series

Semi-integrated

**ALASKA MODEL
STUNNINGLY LUXURIOUS**

The Alaska series has been created for customers with premium demands and meets the highest quality and technical standards. Its different bed variants cater for every sleeping arrangement preference. The models are equipped with state-of-the-art design elements and their elegant interior is made even more stunning with multiple LED elements. The optional panorama roof at the front creates a generous and light-flooded

interior feel. An optionally-available winter package in cooperation with Webasto optimally prepares the vehicle for the winter.

Alaska TE 2 (4)*

*with folddown bed

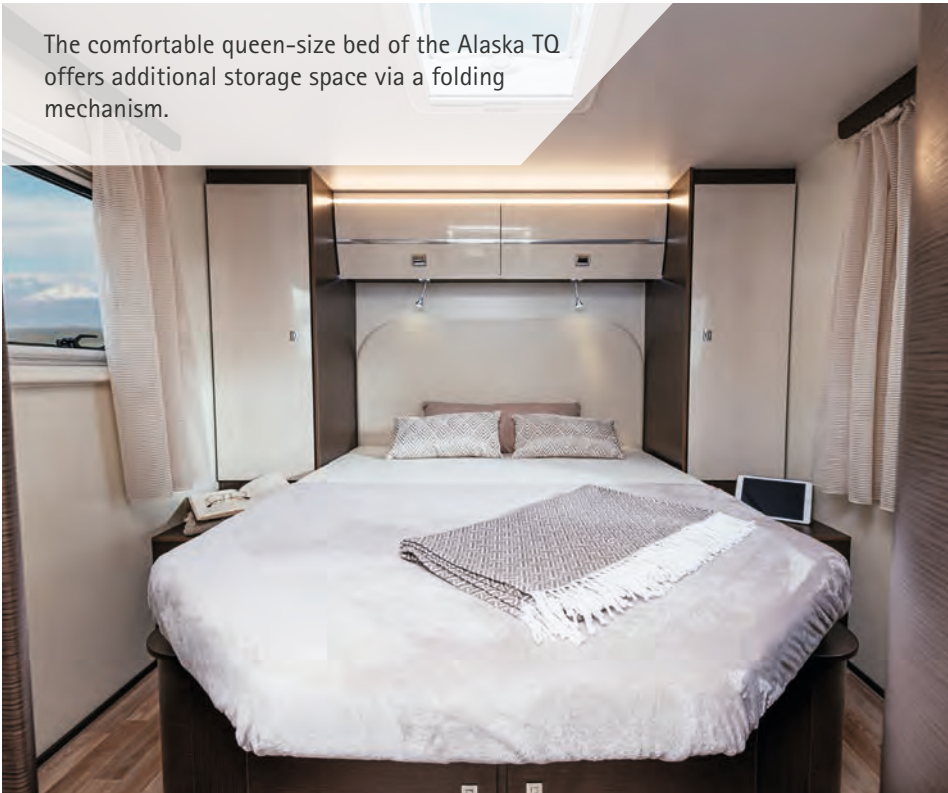

The comfortable single beds of the Alaska TE are set higher up to allow for a large garage with enough space even for a scooter. Alternatively, choose a lower bed with a smaller garage.

Alaska TQ 2 (4)*

*with folddown bed
