About the Conference

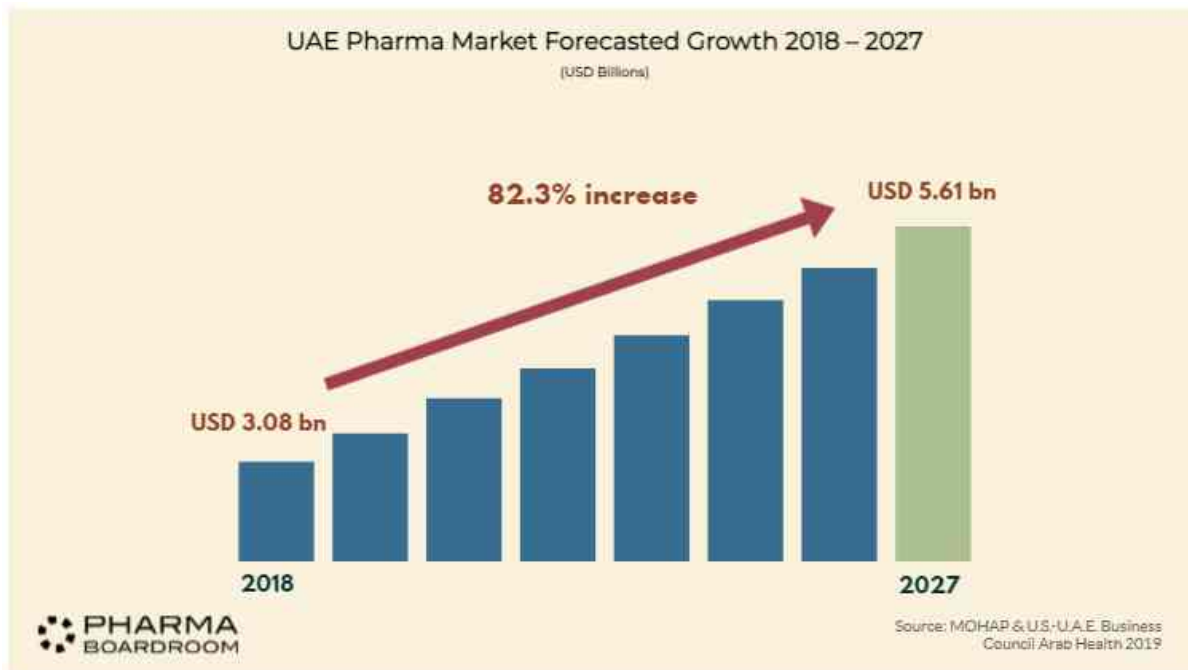

Association of Pharmaceutical Research (APR) and BioLeagues Worldwide invites to the "9th World Conference on Pharmaceutical Science and Drug Manufacturing" on 1st & 2nd December 2021, at Dubai UAE. This conference open doors for many researchers in academia, clinicians, and industry representatives working in these exciting areas. It is expected to bring together both reputed scientists in advanced stages of their career and young researchers from many related disciplines. This conference expects many ideas to emerge at the interfaces between disciplines aiming to solve the most important problems relating to the health and wellbeing of humanity.

Pharmaceutical Industry in Dubai

Dubai is a city and emirate in the United Arab Emirates known for luxury shopping, ultramodern architecture and a lively nightlife scene.

The UAE pharmaceutical sector appears to be following a path similar to that seen at regional levels. It is expanding rapidly to meet primarily the evolving needs of a growing population which is expected to reach almost 11.1 million by 2030 according to the World Bank projects.

About Association of Pharmaceutical Research (APR)

Association of Pharmaceutical Research is one of the world's leading professional Associations caring for people. APR is a non profitable professional association meant for research and development in the field of pharmaceutical science & technology. APR is an international forum for Researchers, Academicians, Doctors and practitioners for sharing knowledge and innovation in the field of pharmaceutical science & technology. APR aims to bring together worldwide researchers and professionals, encourage intellectual development and providing opportunities for networking and collaboration.
