## A Clear Line in Any Clime

WHEN first called upon to build telephone apparatus for India and the East we fully realised the peculiar difficulties—static, warped woodwork, extreme of heat and humidity—and insects.

And we have produced the finest all-wood Telephone Cabinet—impervious to climate, hard usage, white ants and inexperienced handling.

That's why the Crown Agents for the Colonies, Indian Companies and Railway chose our apparatus.

## PREFACE.

THIS volume has been corrected, as far as possible, up to the 1st January, 1925. It may be explained that the list of Officers (pages 5 to 951) are compiled from the Civil Lists of the Government and the Provincial Governments published in October last, while the records of these officers given in Record of Services Section (pages 425 to 730) are based on the corresponding Histories of Services published in July last. Later information received as to changes occurring up to the 1st January last has, however, been used in the compilation of these sections.

In the lists of Officers serving in India (pages 5 to 951) only substantive appointments are, as a rule, shown; and, except in the case of members of the Indian Civil Service, the names of Officers drawing substantive pay of less than Rs. 700 a month are not included. The names shown in italics are those of Officers who are in foreign service, supernumerary, seconded, or employed outside their own departments.

To meet the difficulty that arises from the lack of uniformity in India in the use of surnames, Indian names are in doubtful cases twice indexed, and cross references are made in the Record of Services. Rulers of States are shown under the names of their States.

The principle of selection followed in the Record of Services (pages 425 to 730) is explained on page 43.

The "Index of Subjects and Appointments" is on pages iv to xvi, and the "Index of Names" on page 742 *et seq.* Names in the Honours Lists and Record of Services are shown in the Index of Names by "ft" and "S," with a note prefixed referring to the Alphabetical Lists on pages 139 to 193 and pages 425 to 730.

It is requested that intimations of errors in the Index or of omissions, may be addressed to the Editor of the India Office List, India Office, Whitehall, London, S.W.

February, 1925.

**AGRICULTURAL, EDUCATIONAL, THE GEOLOGICAL SURVEY OF INDIA, AND THE VETERINARY SERVICES.**

Consequent on the acceptance by H.M. Government of the recommendations of the Royal Commission on the Superior Civil Services for the transfer of the recruitment for certain Services to the Government of India or Local Governments, appointments to the Agricultural, Educational, the Geological Survey of India and the Veterinary Services posts in India are no longer ordinarily made by the Secretary of State for India. Almost all such

appointments are now under the control of the Government of India and the Local Governments. If any recruitment for these is undertaken in this country it will be conducted by the High Commissioner for India, to whose Office at 42, Grosvenor Gardens, S.W. 1, requests for information regarding vacancies or which candidates are being sought should be addressed.

**ECCLESIASTICAL ESTABLISHMENTS (CHURCH OF ENGLAND).**

1. Appointments of Chaplains on Probation are made from time to time as vacancies occur.

a. Candidates for these appointments must be Priests who are between the ages of twenty-seven and thirty-four years, and have been for three years altogether in Holy Orders.

3. Applications for nominations should be submitted to the Indian Chaplaincies Board of the Church of England. The candidate should fill in the form of application, which may be obtained from—

(a) The Secretary to the Board (General Sir Robert I. Scallon, G.C.R., K.C.I.E., D.S.O., The Church House, The Avenue, Worcester).

(\*) The Chairman of the Board (the Rev. Canon B. K. Cunningham, M.A., O.B.E., Chaplain to His Majesty The King, Westcott House, Cambridge).

(c) Any one of the ~~Commissioners~~ of the Bishops of the Indian Provinces.

(d) The Secretary, Public and Judicial Department, India Office, Whitehall, S.W. 1.

4. The form should be returned, as soon as possible, to the Secretary to the Board (see (a) above), together with the following, viz. :—

(\*) Certificate of birth.

(6) A medical certificate from the candidate's medical adviser to the effect that he believes him to be fit for work in India.\*

(r) A statement of war service (if any) with the Royal Navy, the Army, or the Royal Air Force.

5. If the Board are satisfied with the result of their enquiries, they will arrange for the candidate to appear before them at a date of which due notice will be given by the Secretary to the Board.

6. On receiving from the India Office notice of a vacancy the Board will recommend to the Secretary of State, for nomination, the candidate whom they consider most suitable, and will forward with their recommendation the testimonials and replies to references which they have received concerning the candidate.

7. Candidates who at the time of their application are working in India should comply with the procedure indicated in paragraph 3 above, and in addition should forward a letter from the Bishop of the Diocese in which they are working; recommending them for appointment as Chaplain. They will not be required to appear before the Board.

8. \* A Chaplain serves on probation for two years, at the end of which he is, if reported fit by a Medical Board in India, and considered qualified by the Bishop of his Diocese confirmed as a Junior Chaplain.

\* This certificate will not exempt the candidate from the necessity of examination by the Medical Board of the India Office nor guarantee him against rejection by that Board. It merely furnishes a firm ground for proceeding with his application.

† Third-class return railway fares will be refunded by the Secretary to the Board to candidates residing outside the Indian area.

‡ A probationer in India at the time of his nomination as a probationer will be allowed to receive in his probationary period any gratuity rendered by him under an Additional Oath Society or other service approved by the Government in India, with the condition that every probationer before the probationary period is of the age of twenty-seven years or upwards. Orders for three years, will not be granted for the Government towards service but not for leave or gratuity. No extension of the limit of age for nomination as a probationer is allowed on account of such service. If a probationer is allowed an account of such service in all cases toward leave, gratuity and pension.

APPENDIX.

NOTICE CONCERNING MILITARY SERVICE PRIOR TO WAR.

1. War service of any kind, prior to appointment to the Indian Ecclesiastical Establishments, shall not dispense with the administrative necessity for a period of probationary confirmation in the grade of Junior Chaplain, nor shall it count as service for invalid gratuity, or short-service gratuity.

a. War service in His Majesty's forces, whether as a Chaplain or in a combatant capacity, may, up to a maximum of four years, count for increase of pay and for promotion to the grade of Senior Chaplain, provided that no service rendered before the age of 27 years—the minimum age limit for chaplaincies—shall so count. A candidate may not offer more than two subjects in Part II. No candidate may offer similar subjects in Parts I and II; that is to say, a candidate taking any modern language in Part II may not offer a modern language in Part I; a candidate taking Physics, or Chemistry, or Biology, may not offer Everyday Science; a candidate taking Lower or Higher Mathematics may not offer Elementary Mathematics; and a candidate taking Modern History may not offer General History. The modern languages that may be offered as subject (4) are French, German, Italian, Spanish and Russian.

In addition to the above-named subjects a candidate may take up freehand drawing, which carries 50 marks.

A candidate must obtain 146 marks in Interview and Record, and such an aggregate of marks in the whole examination as to satisfy the Civil Service Commissioners.

Candidates may undergo the written part of their examination in London, Edinburgh, or at any of the provincial centres in which the simultaneous examination of candidates for admission to the Royal Military College, Sandhurst, is to be held. A provisional list of such centres may be obtained from the Civil Service Commissioners. The oral and practical parts of the examination will be held in London only.

4. Examination Fee.—A fee of £4 is required from candidates examined in London, but when the written examination is conducted elsewhere than in London the fee is 5s. Candidates examined at a college or school will probably be

required to pay a local fee (in order to defray the expenses of superintendence), as to which they should obtain early information from the college or school authorities. The fee payable to the Civil Service Commissioners must be paid by means of stamps of the specified amount. Instructions on this point will be issued to candidates by the Civil Service Commissioners about a fortnight before the examination.

Number of Appointments.—The number of candidates to be selected will probably be eleven.

6. Condition of Eligibility.—Candidates must, without exception on any ground, be above 19 and under 21 years of age on the 1st August, 1925. They must be unmarried, and if they marry before reaching India they will forfeit their appointments. (a) That his character is such as to qualify him for employment in the Indian Police Service.

(b) That save as hereinafter provided he is a European British subject.

(c) That if he (being a European British subject) or his father or his mother was not born within His Majesty's Dominions and allegiance, then at the time of his birth his father was a British subject and that such father still is or continued to be until his death a British subject.

Provided that a ruler or subject of any State in India in respect of whom the Governor-General in Council has made a declaration under Section 6A of the Government of India Act may be admitted to the examination if eligible under (d) below.

Applications received after that date, are not considered.

Candidates are required to attend at the India Office if required; at their own expense, to reply to any enquiries which may be considered necessary in connection with their application.

\* A syllabus may be obtained on application to the Secretary, Services and General Department, India Office.

APPOINTMENTS TO THE INDIAN SERVICES.

INDIAN POLICE SERVICE—continued.

8. Medical Examination.—Those Candidates who are successful in the literary examination will be required, shortly after the result of that examination is declared, to undergo a strict examination by a Medical Board\* at the India Office, as to their physique and capacity for active out-door work in the plains of India. Instruction as to the date and time of this examination will be issued to successful candidates by the India Office.

9. Appointment of Probationers.—The Secretary of State will nominate as probationer\* such competitors as attain the highest aggregate of marks (provided that they obtain the minimum aggregate of marks <see para. 2> and that they pass the medical examination and satisfy the requisite conditions in other respects;.

10. Riding Test.—Selected candidates will be examined by the Civil Service Commissioners as to their ability to ride, and will be required to obtain—

- (a) a certificate from the Civil Service Commissioners that they are able to ride well and to perform journey on horseback; or
- (b) a certificate from the Civil Service Commissioners of minimum proficiency\* in riding.

In the latter case they will be subjected, on their arrival in India, to such further tests in riding as may be prescribed by their Government, and will not be appointed Assistant Superintendents of Police until they shall have passed such tests to the satisfaction of their Government.

11. Allotment to Provinces.—Selected candidates who have successfully passed the above-mentioned test\* will be allotted as probationers-

to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the public service will rank before every other consideration. The allotment will also be subject to the right of the Government of India to make transfers if necessary.

(ii) Uniform.—It is an ordinary condition of appointment that a successful candidate shall provide himself, or be provided by his parents or guardians, with his uniform or the cost thereof. The India Office makes a contributory grant of £50 towards the cost of uniform.

(At Horse and Saddlery.—A successful candidate must, when required to do so by Government, provide himself with a suitable horse and saddlery at his own expense. Local Governments in India are authorised to make to a newly appointed officer a grant of a sum not exceeding Rs. 600 towards the cost of such horse, and saddlery.

13. Departure for India.—The probationers will be required to start for India not later than October, 1925, so as to arrive in the course of November. Failure to embark in time will, in the absence of satisfactory explanation, lead to forfeiture of appointment. Free passages to India will be provided by the India Office, but any probationer resigning his appointment within three years on any ground but that of health supported by a medical certificate will be required to refund the cost of his passage.

14. Period of Probation.—Probationers will be required to qualify by passing the necessary departmental examinations as well as the riding test, if necessary, see Rule 101 within two years of their arrival in India.

\* With a view to prevent parents and guardians from incurring the inconvenience and expense of preparing candidates who may be physically unfit for the Police Service, it is suggested that, before any such preparation is begun, candidates be referred to the medical adviser of the family, or any other qualified medical practitioner, with regard to their physical condition. See Appendix 111.

It is to be understood that this private examination is merely suggested to lessen the chances of disappointment, and that it is by no means intended to take the place of, or to influence in any way, the official examination. Candidates may, if they wish it, more than two years before they are qualified to compete, undergo a preliminary examination as to their physical condition by the Medical Board, which meet at the India Office every Tuesday, under the following conditions:

(a) Applications should be addressed to the Under Secretary of State, India Office, Whitehall, London, accompanied by a fee of 15 guineas and by a statement of the candidate's age.

(b) Candidates must pay their travelling expenses.

(c) It must be understood that the opinion of the Medical Board which will be communicated by the Secretary of State to the candidate at the end of the examination is for the candidate's own information and is not to be considered as a recommendation. The candidate should consider a recommendation as a recommendation only, and should not be influenced by it. The Board's opinion which will be confined solely to the physical fitness of the candidate; and any question as to the fitness of the candidate, if found unfit, should be addressed in writing to the Secretary of State.

(d) Candidate considered to be unfit by the Medical Board at this preliminary examination are not bound to accept his opinion, but may, at their own risk, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board prior to the examination or to their appointment.

(e) As the preliminary examination by the Medical Board is held solely for the candidate's information, a candidate who is informed after such an examination that he is physically fit will have on that account no claim to be accepted as physically fit when he presents himself for the final medical examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the purpose of the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not manifest itself undetected at the preliminary examination, or for other reasons.

(f) Candidates may be expected to take place not sooner than a month after the date of the examination is known. Candidates are warned that the minimum value of minimum physical fitness in riding, which they will not be allowed to proceed to India, is only granted to those who can perform a series of movements which includes jumping. It is therefore important that riding lessons should not be postponed until after the result of the literary examination is declared.

Tests will be (a) Saddling and Bridling; (A) Upright and Down-swing; (b) Trotting; (c) Cantering; (d) Trotting without reins; (e) Trotting without stirrups; (f) Cantering without stirrups; (A) Individual exercises; (B) Jumping a single hurdle, three feet six inches in height. Although the examination will, in the night, be confined to these points, the candidate will not be deterred from applying any other tests which may appear desirable.

INDIAN POLICE SERVICE—continued.

15. *Liability of Probationers to Removal.*—Any probationer who may fail to pass the prescribed examinations within two years or be found unfit for police duties will be liable to removal from the Service. Any probationer so removed from the Service will be furnished with a free passage to England provided he utilises such passage within three months from date of such removal.

16. *Promotion after Probation.*—No probationer will be eligible for promotion, either acting or substantive, until he has passed the prescribed departmental examinations, including the riding test.

17. *Pay, Leave, Pension, and Provident Fund.*—Officers joining the Indian Police under these conditions will find a summary of information regarding leave, pension, and Provident Fund on page 288 *et seq.*

## INDIAN ARMY CADETSHIPS AT SANDHURST.

The notice of the examination issued by the War Office specifies the number of cadetships offered at the examination which are tenable at the Royal Military College, Sandhurst. In the year 1924 70 cadetships carrying appointment to the Indian Army are offered at Sandhurst in the course of a year, and as the examinations are held twice a year, the number of these cadetships offered in connection with any examination is limited to 35, but this depends on the requirements of the Indian Army at the time. Not more than 10 of these will be allotted at each examination to King's India Cadets nominated by the Secretary of State for India (see below) and one or two to King's Cadets nominated by the Army Council, the balance to be allotted by open competition. After the King's Cadets and King's India Cadets have been provided for, the other available appointments to the Indian Army are offered to the Sandhurst cadets in the order of merit on passing out of the College.

A certain number of "Prize Cadetships" are offered at the Army Entrance Examination, and

The nominations are made by the Secretary of State for India in Council according to definite rules, the length and distinction of the father's service being the primary consideration. Special consideration is, however, given to the sons of deceased officers. The services of relatives other than the\* father cannot be taken into consideration in allotting these cadetships.

A King's India Cadet ship carries the right of appointment to the Indian Army, but it does not carry any pecuniary concession except in special cases.

Three Honorary King's India Cadetships at the Royal Military College are offered annually to the sons of officers of the Indian Army or Indian Medical Service, who have reached the rank of Major, and who have died in the Service or have had distinguished war service.

NOTIFICATION NO. 727 (MEDICAL), DATED 411 APRIL, 1919.

In supersession of the Notification of the Government of India, Military (Medical) Department, No. 477, dated 22nd May, 1903, the Governor-General in Council is pleased to publish the following rules under which certificates of age and nationality will be issued to natives of India who are candidates for the examinations for the Indian Medical Service held in England :—

GENERAL RULES APPLICABLE TO ALL CANDIDATES.

I. A candidate for admission to compete in England for the Indian Medical Service is required before leaving India to obtain a certificate of age and nationality, signed, should he be a resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division within which his family resides ; or, should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides.

NOTE.—In the case of a candidate who has proceeded to England without obtaining a certificate, the certificate may be granted to his father or guardian, provided that the latter produces the requisite evidence, and, when making the application, states when the candidate went to England and where he has been residing during his stay in that country.

II. In order to obtain a certificate, a candidate is required, if resident in British India, to prove the date and place of his birth before the Magistrate of the district in which his family resides, or, if resident in a Native State, before the Political Officer of the State in which his family resides.

III. A candidate must, if resident in British India, signify to the Secretary to Government of the Province or the Commissioner of the Division in which his family resides, his desire to compete not less than three months before the date on which he proposes to go to England. If resident within a Native State, he must signify his desire in like manner to the highest Political Officer accredited to the State within which his family resides.

The officer to whom the application is made shall forward it for the purpose of enquiry to the Magistrate of the district or Political Officer of the State in which the applicants family resides.

IV. The Magistrate or Political Officer to whom such application has been forwarded shall call upon the candidate to appear and give evidence of the date and place of his birth, and of his nationality, within one month. He will carefully examine into the value of the evidence given, and forward a summary of it with certified

copies of all documents tendered, and his comment and opinion, to the officer who forwarded the application to him for enquiry.

V. The documentary evidence which a candidate may be expected to produce comprises—

- a. The horoscope.
- b. Family book\*.

- t. If the candidate is matriculated, a certified copy of his application to the Registrar.

Oral testimony of persons acquainted with the candidate's family or otherwise able to give relevant evidence, will also be taken ; and the candidate is required to comply to the best of his power, with any requisition the Magistrate or Political Officer, as the case may be, may make in order to clear up any doubt as to the purport of the documentary proof.

VI. Any declaration of age made after the application of these rules on the occasion of seeking admission to any university examination, educational institution, or Government office, or otherwise recorded in a formal and deliberate manner, will be taken as conclusive evidence in disproof of the subsequent assertion by the same person that he is of different age to that so declared or recorded.

RULES TO APPLY TO CANDIDATES BORN IN HIS MAJESTY'S DOMINIONS.

VII. Where the date and place of the birth have been formally registered in a register kept by any public officer in British India, an extract from the register, duly certified by the proper official, shall be accepted as sufficient proof of the date and place of the birth.

VIII. In the case of a candidate who and whose father were born in His Majesty's Dominions.—If the Secretary to Government, Commissioner of a Division, or the highest Political Officer accredited to the State, as the case may be, is satisfied by the papers submitted, he will issue a certificate in the following form, setting out the nature of the evidence produced by the candidate :—

XI. In the case of a candidate who is a subject of a Native State.—If the Secretary to Government, Commissioner of a Division, or the highest Political Officer accredited to the State, as the case may be, is satisfied by the paper submitted, that the candidate has stated the date and place of his birth and nationality correctly, he will forward the papers with his observations, including any as to the nationality of the candidate's father, to the Government of India, who will consider whether a declaration of eligibility shall, with the approval of the Secretary of State, be issued under Section 6A of the Government of India Act, 1915.

## ROYAL INDIAN MARINE—Officers.

(Pending reorganization of the Service, no new appointments are being made to either the Executive or the Engineer branch;)

All first appointments of executive officers in the Royal Indian Marine are made by the Secretary of State for India, and no candidate can be appointed who is not, in the opinion of the Secretary of State, in all respects suitable.

Candidates must be the sons either of natural born or naturalized British subject\*. In doubtful cases the burden of proof will rest upon the parents or guardians of candidates.

No candidate can be considered for appointment as Midshipman or Sub-Lieutenant who on the date of application is under 17 or over 22 years of age. Preference will ordinarily be given to candidates trained on the "Conway" or the "Worcester," or at the Pangbourne Nautical College. Candidates must have had sea service outside the Indian Ocean.

Candidates who possess a Board of Trade Certificate (Second Mate) will, if selected for appointment, be appointed in the rank of Sub-Lieutenant. Candidates who do not possess a Board of Trade Certificate may be appointed as Midshipmen, but to be eligible for consideration must at the date of appearance before the Selection Board have not less than two and a half years' sea service\*. Candidates appointed as Midshipmen will be required to qualify for promotion to Sub-Lieutenant, on the completion of the qualifying period of sea service, by passing the necessary qualifying service examination.

An application for appointment must be made on the prescribed form, which can be obtained from the India Office, and must be accompanied by certificates of birth and character, in original, which will be returned after being noted. Candidates are required to appear at the India Office before a Selection Board appointed by the Secretary of State. Applications will be recorded and considered by the Board at its next meeting, but no appointment will be made until a vacancy occurs. The names of candidates are ordinarily removed from the list on their attaining the age of 21 years.

The appointment of candidates is not affected by absence from England, but a candidate who has been appointed will be required to report himself to the Secretary, Military Department, India Office, London, S.W. 8, or to the Director, Royal Indian Marine, Bombay, before the expiry of six calendar months from the date of the letter notifying his appointment.

A selected candidate will not be appointed to the service unless a Medical Board certifies his fitness for service in India.

On appointment a first-class passage to Bombay will be provided, and, if required, an advance of pay not exceeding £25, recoverable in India, will be made. If appointed in the first instance as a midshipman, an outfit allowance of £15 will be issued, with a subsequent grant of £10 on promotion to the rank of Sub-Lieutenant. If appointed in the first instance as Sub-Lieutenant outfit allowance will be issued of £25, unless the candidate has already received an outfit allowance from the Admiralty within a year of the date of his appointment, in which case it will be of £10.

Pay commences from the letter notifying the candidate of his appointment, and service for pension reckons from the date on which an officer joins his ship or appointment, if he is 19 years of age or over; otherwise from the date of attaining that age.

As a condition of appointment to the rank of sub-lieutenant officers are required to subscribe for the benefits of family pensions.

The King has approved of the grant of commissions to officers of the Royal Indian Marine.

Application\*\* for appointment or for further information should be addressed to the Secretary, Military Department, India Office, London, S.W. 8.

For conditions of appointment of Engineer Sub-Lieutenants, *see* below.

\* Under the Board of Trade Regulations time served on board a training ship will be allowed to count as equivalent to one-half the time spent in service at sea, up to a limit of two years (i.e. no length of service will be allowed to count as more than one year at sea), subject to the production of satisfactory certificates from the Committee or Captain Superintendent of the Ship.

† In general the elected candidate will be examined by the Medical Board at the India Office, but arrangements can be made, if desired, for the medical examination to be held in India if the candidate at the time of selection is in Indian waters, or if his homeward route would be via India.

## APPOINTMENTS TO THE INDIAN SERVICES.

ROYAL INDIAN MARINE—*continued.*

## PROMOTION.

1. On completing the sea service necessary in each case, Engineer Officer\* of the Royal Indian Marine must apply through their Commanding Officer to the Director, Royal Indian Marine, for examination as to their qualifications for promotion to a higher grade.

2. Should an officer fail to present himself for examination for Engineer Lieutenant within three years of the date of his joining the Service, or for Engineer Commander within three years of the date of his promotion to Engineer Lieutenant, or attain the age of 26 years without having obtained a certificate as Engineer Lieutenant, his case will be submitted to the Government of India in order that it may be considered whether his further retention in the Service is desirable. Failure on the second time to obtain any one of the certificates required will involve a loss of three months' seniority, and the case of an officer who fails a third time will be submitted for the orders of the Government of India as to his dismissal. Failure under any circumstances will involve suspension in the event of promotion taking place, and an officer failing will be required to present himself for re-examination as soon after three months from the date of failure as a Board of Examiners can be assembled.

3. To qualify an Engineer Sub-Lieutenant for promotion to the grade of Engineer Lieutenant, he must have completed at least 18 months' sea

service as an Engineer Sub-Lieutenant in the Royal Indian Marine, and have passed satisfactorily the examination for promotion to Engineer Lieutenant. On qualifying for promotion to the grade of Engineer Lieutenant he will be required to serve in the Royal Indian Marine for 18 months before he is actually promoted to Engineer Lieutenant.

4. To qualify an Engineer Lieutenant for promotion to Engineer Commander, or for an increase of pay as Engineer Lieutenant, he must have obtained, by passing the qualifying Service examination, an Engineer Commander's certificate. Before appearing for this examination, he must have completed at least two years' service in the Royal Indian Marine as an Engineer Lieutenant.

5. Promotion to the grade of Engineer Commander will be made wholly by selection by the Government of India, on the recommendation of the Director of the Royal Indian Marine.

6. The Government of India reserve the right, which they have always exercised, of admitting officers from other services or departments to any class of the establishment, or of making promotions on public grounds irrespective of seniority.

## BENGAL COVENANTED PILOT SERVICE.

*Conditions of Admission.*—1. Appointments to the Bengal Pilot Service are made in the United Kingdom by the High Commissioner for India on behalf of the Government of Bengal, and in India by the Government of Bengal. In the case of appointments made in the United Kingdom, preference will be given, *cetens partibus*, to candidates who have passed through one of the training ships "Worcester" or "Con way," or the Pangbourne Nautical College.

Candidates are not appointed before the age of 18, but applications from candidates under that age may be considered if they have completed their course at any of the above institutions, and have undergone a course of training either with the Royal Naval Reserve or on a seagoing training ship, or both.

2. Every candidate must produce satisfactory evidence as to age and character, and selected candidates are required to appear before the

Medical Board at the India Office for examination as to their physical fitness for the work of a Pilot in a tropical climate.

*Regulations.*—3. A selected candidate, if passed by the Medical Board, will receive a first-class passage to Calcutta and an allowance of £30 for outfit. If he resigns or leaves the service before he has served five years he will be required to refund the cost of his passage to India and the outfit allowance, unless his resignation is due to ill-health certified in the manner prescribed by the Government of India. He will have to give an undertaking with two sureties for such refund. If he is a minor a similar undertaking will be required from his father, guardian or near relative with one surety.

4. A Leadsman Apprentice, on arriving at Calcutta, will report himself to the Port Officer, and will receive Rs. 100 a month from the date

BENGAL COVENANTED PILOT SERVICE—*continued.*

of his arrival, to enable him to support himself in Calcutta and to pay his mess money when on board the pilot brig\*.

5. A Leadsman Apprentice will go through such a course of training and pass such examinations as the Government of Bengal may from time to time prescribe. The rates of pay and allowances of Leadsman Apprentices while on the running list are as follows, without exchange compensation allowance:—

|                              |             |   |
|------------------------------|-------------|---|
| While on the running list :— |             |   |
|                              | Rs.         | (*Plus 50 per cent, of the lead money collected from the ships on which they do duty. |
| Junior Leadmen . . . . .     | 200 a month |   |
| Second Mate Leadsman ...     | 250 a month |   |
| First Mate Leadsman ...      | 300 a month |   |

Special rates of pay are given to Leadsman Apprentices employed as Chief or Second Officer.

6. After five years' service as a Leadsman Apprentice, of which one year must be as a Mate Leadsman, he will be allowed to appear at an examination to qualify for appointment as Mate Pilot, but if he shows exceptional ability, and has passed each previous examination on his first attempt, bears a very good character, and is otherwise well reported on, this period may, with the special sanction of Government, be reduced to 4 years, when, if successful in the examination, he will be promoted to the grade of Mate Pilot on the occurrence of a vacancy. While remaining as a Leadsman Apprentice after passing this examination, he will receive a salary of Rs. 350 a month.

7. After three years' service as Mate Pilot he will be permitted to go up for an examination to qualify for appointment as Master Pilot, and, if successful, he will be promoted to that grade on the occurrence of a vacancy.

8. Vacancies which occur in the grade of Branch Pilot will be filled up by promotion, from the Master Pilots' grade, of men who have passed the Branch Pilot examination.

9. Branch Pilots and Pilots who have passed the Branch Pilots' examination, on attaining the age of 40, will, while under 55 years of age, be examined at intervals of three years by the Marine Surgeon with respect to their eyesight and general physical fitness for the performance of their duties. All pilots who continue in the service after attaining the age of 55 years will be similarly examined every year.

xo. If the Local Government has reason to believe that a Pilot is, owing to physical unfitness of any kind, incapable of discharging his duties properly, it shall arrange for his medical examination, and shall take such action as may seem desirable when the results of that examination are communicated. In particular, Pilots shall be medically examined after the occurrence of any accident to the vessel in their pilotage charge, if the circumstances tend to show that the accident was in any way attributable to physical unfitness on the part of the Pilot.

xx. Pilots are not entitled to any salary while on pilotage duty, but receive as their remuneration a share, at present 50 per cent., but liable to alteration at the discretion of the Government of Bengal, of the pilotage dues paid by ships piloted by them. At present a minimum rate of remuneration is guaranteed, as follows:—

|                                |              |
|--------------------------------|--------------|
|                                | Rs. a month. |
| Branch Pilots . . . . .        | 1,800        |
| Senior Master Pilots . . . . . | 1,200        |
| Junior Master Pilots . . . . . | 800          |
| Mate Pilots . . . . .          | 600          |

12. The Government of Bengal reserves to itself the right to require all Pilots to obtain a Home Trade Master Mariners Certificate before they are promoted to be Senior Master Pilots.

13. Every member of the Pilot Service is subject to such rules as the Government of India, or as the Government of Bengal under the control of the Government of India, may from time to time respectively make in regard to discipline, leave, leave allowances, number of officers in the Service, distribution into grades, tonnage of ships to be allotted to the several grades, &c, and in all respects he is amenable to such orders as may be passed by the Government of Bengal, and is liable to degradation, suspension, and dismissal by the Government of Bengal for any breach of such rules or orders, or for misconduct.

14. The principal leave and pension rules are contained in the Fundamental Rules and Civil Service Regulations (see p 267 *et seq*) but it is to be understood that the rules are subject to alteration at the discretion of Government. Pilots are required to contribute towards the cost of pensions for their widows and orphans.

OFFICE OF THE HIGH COMMISSIONER FOR INDIA, *Xovenber*, X924.

\* The percentage of the lead money collected is payable to Leadsman Apprentices liable to alteration at the discretion of the Government of Bengal.

**Regulations as to the PHYSICAL EXAMINATION of Candidates for Appointments under the Government of India.**

(The revision of these regulations is under consideration.)

NOTE.

These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service ; and that his discretion is in no respect limited by these Regulations.

The Regulations for the physical examination of Candidates for the Indian Civil Service are made by the Civil Service Commissioners, to whom any inquiry should be addressed.

**GENERAL PHYSICAL REQUIREMENTS.**

The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

- 5. The hearing must be good.
- 6. The speech without impediment.
- 7. The teeth in good order, I.\*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.
- 8. The chest must be well formed, the lungs and heart sound.
- 9. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.
- 10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.
- 11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.
- 12. A candidate must not be the subject of chronic skin disease.
- 13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.
- 14. The Regulations as to the standard of vision required are shown separately for each department

3. *Measurement of Height.*—The candidate will be placed against the standard with his feet together, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will lie depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. In the Indian Police Force a minimum height of 5 ft. 4 ins. is required, but in other Departments no fixed limit of height is imposed.

4. *Measurement of Chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the

3. A candidate who has a defect of vision arising from nebula of the cornea is disqualified if the sight of either eye be less than A; and in such a case the acuteness of vision in the better eye must equal J, with or without glasses.

4. Squint or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. The existence of imperfection of colour sense will be noted on the candidate's papers.

2. Myopic astigmatism does not disqualify a candidate for service provided the lens or the combined spherical and cylindrical lenses required to correct the error of refraction do not exceed —2.5 D; the acuteness of vision in one eye, when corrected, being equal to f, and in the other eye f, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals f, and in the other eye equals j, with + 4 D or any lower power.

4. Hypometropic astigmatism does not disqualify a candidate for the service, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals % and of the other \$, with or without such lenses\* or lenses.

acuteness of vision includes two tests, one for distant, the other for near vision. The Army test types will be used for the test for distant vision, without glasses, except where otherwise stated below, at a distance of 20 feet; and Snellen's Optoj-pi for the test for near vision, without glasses, at a distance selected by the candidate. Each eye will be examined separately, and the lids must be kept wide open during the test. The candidate must be able to read the tests without hesitation in ordinary daylight.

3. A candidate possessing acuteness of vision, according to one of the standards herein laid down, will not be rejected on account of an error of refraction, provided that the error of refraction, in the following cases, does not exceed the limits mentioned, viz. :—(a) in the case of *myopia*, that the error of refraction does not exceed 2.5 D; (b) that any correction for *astigmatism* does not exceed 2.5 D; and, in the case of myopic *astigmatism*, that the total error of refraction does not exceed 2.5 D.

4. Subject to the foregoing conditions, the standards of the minimum acuteness of vision with which a candidate will be accepted are as follows:—

The Board, if they consider a candidate unfit, will exercise their discretion as to informing him of the particular grounds on which their opinion is based. No further information can in any case be given as to the Medical Board's opinion, which will be confined solely to the physical fitness of the candidate; and any question as to the eligibility of the candidate, if found physically fit, to be admitted to the particular Indian service which he desires to enter, should be addressed in writing to the Under Secretary of State.

(d) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their OWN risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board prior to the examination or to their appointment.

(e) As the preliminary examination by the Medical Board is held solely for the candidate's information, a candidate who is informed after such an examination that he is physically fit will have on that account no claim to be accepted as physically fit when he presents himself for the final medical examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

### Inoculation for Enteric Fever and Revaccination against Small-pox.

1. All persons appointed to the service of the Government of India from this country should undergo, before starting for India, (a) Inoculation for enteric fever; (A) Vaccination against small-pox.

(a) Statistics show that although inoculation does not confer complete immunity, the risk of infection is much diminished by it, and that when infection does occur after inoculation, the attack is not usually severe. All up-to-date experience goes to confirm the value of inoculation. The treatment does not usually cause any marked disturbance of health. Inoculation can be carried out by a private medical adviser, and should invariably be followed by a period of complete rest of 24 to 48 hours. Application should be made by letter to the Commandant, Royal Army Medical College, Grosvenor Road, S.W., stating whether it is wished that the inoculation should take place at the Royal Army Medical College or whether it is preferred that the vaccine should be sent to the applicants private medical adviser, who should be named in the letter. The vaccine is free of cost in any case, and no charge will be made for vaccination if done at the Royal Army Medical College. The most suitable time for having the treatment carried out is about four weeks before sailing, and if it cannot be done at least three weeks before sailing, it should be left until arrival in India. Application should be made in India to the Chief Medical Officer, Military or Civil, of the Division in which the applicant is stationed. It is not advisable to have the operation carried out on board ship.

(b) With regard to vaccination against small-pox, *all* persons going to India for the first time who have not been successfully vaccinated within the last seven years should have this operation performed either before sailing or soon after arrival in India. It should be understood that the Royal Army Medical College do not undertake to perform vaccination, or to supply the vaccine as in the case of inoculation, and arrangements must be made with private medical advisers,

a. An interval of at least two weeks should be allowed between the above-mentioned operations.

## CIVIL SERVICE FUNDAMENTAL RULES\*

## PART I.

## CHAPTER I.—EXTENT OF APPLICATION.

I. These rules may be called the Fundamental Rules. They shall come into force with effect from the 1st January, 1922.

a. The fundamental rules apply, subject to the provisions of Rule 3, to all Government servants whose pay is debitable to civil estimates in India, and to any other class of Government servants in India to which the Secretary of State in Council may, by general or special order, declare them to be applicable. In relation to services under its administrative control, other than all-India services, a local Government may make rules modifying or replacing any of the fundamental rules; provided that:—

- (a) No such rule shall adversely affect any person who is in Government service at the time when the fundamental rules come into force, and
- (c) Any such rule which ~~grants any privilege or concession not admissible under the~~ terms of the fundamental rules, or of the Civil Service Regulations as they stand at the time when the fundamental rules are introduced, shall require the sanction of the Secretary of State in Council.

3. Unless in any case it be otherwise distinctly provided by or under these rules, these rules do not apply to Government servants whose conditions of service are governed by Army or Marine Regulations.

4. The powers specifically granted by these rules to local Governments may be exercised by them in relation to those Government servants only who are under their administrative control. These powers may be exercised by the Governor-General in Council in respect of all other Government servants, and may be delegated by him, without regard to the limitations of Rule 6, and subject to any conditions which he may think fit to impose, to a Chief Commissioner.

5. The power to ~~make rules or general orders~~ conferred upon local Governments by any of these rules shall be exercised after ~~consultation~~ by the Governor with his Executive Council and Ministers sitting together, but the rules and orders so made shall be made by the Governor in Council or by the Governor and Ministers according as the service affected is attached to a department dealing with reserved, or a department dealing with transferred, subjects. In the case of services performing duties both in a department dealing with reserved subjects and in a department dealing with transferred subjects, the Governor shall decide by which authority the rules shall be made.

6. A local Government may delegate to any of its officers, subject to any conditions which it may think fit to impose, any power conferred upon it by these rules, with the following exceptions:—

- (a) All powers to make rules ;
- (A) The other powers conferred by Rules 6, 9, (6) (6), 44, 45, 83, 119, xai and 127 (\*), and by the exception under Rule 30.

7. No powers may be exercised or delegated under these rules except after consultation with the Finance Department. It shall be open to that Department to prescribe, by general or special order, cases in which its consent may be presumed to have been given, and to require that its opinion on any matter on which it has been consulted shall be submitted to the Governor by the consulting department.

8. The power of interpreting these rules is reserved to the Governor-General in Council.

## PART II.

## CHAPTER III.—GENERAL CONDITIONS OF SERVICE.

zo. Except as provided by this rule, no person may be substantively appointed in India to a permanent post in Government service without a medical certificate of health, which must be affixed to his first pay bill. A local Government may make rules prescribing the form in which medical certificates should be prepared, and the particular medical or other officers by whom they should be signed. It may in individual cases, dispense with the production of a certificate, and may by general order exempt any specified class of Government servants from the operation of this rule.

ix. Unless in any case it be otherwise distinctly provided, the whole time of a Government servant is at the disposal of the Government which pays him, and he may be employed in any manner required by proper authority, without claim for additional remuneration, whether the services required of him are such as would ordinarily be remunerated from general revenues, from a local fund, or from the revenues of an Indian State.

12.—(a) Two or more Government servants cannot be appointed substantively to the same permanent post at the same time.

(b) A Government servant cannot be appointed substantively, except as a temporary measure, to two or more ~~permanent posts~~ ~~at~~ the same time.

(c) A Government servant cannot be appointed substantively to a post on which another Government servant holds a lien.

13. If a Government servant is transferred to duty which there is reason to believe will not terminate within three years, and retains no connection with his substantive post, a local Government may suspend his lien upon that post and fill it substantively, subject to the condition that the arrangements thus made will be reversed on the return of the Government servant in question. When the Government servant transferred draws pay in a selection grade of a cadre, another Government servant may, subject to the same reservation, be promoted to the selection grade, even if no change of duties is involved.

14. Unless his lien is formally transferred or suspended by the local Government, a Government servant holding substantively a permanent post retains a lien on that post or on a post of the same character in the same cadre :—

- (a) subject to the exception in Rule 97, while on leave;
- (b) while on foreign service or holding a temporary post or officiating in another post ;
- (c) during joining-time on transfer to another post, unless he is transferred substantively to a post on lower pay, in which case his lien is transferred to the new post from the date on which he is relieved of his duties in the old post; and
- (d) while under suspension.

*NoU.*—In the case of a chaplain, the acceptance during leave of a benefice in the United Kingdom is not acceptance of foreign service for the purpose of sub-clause (b) above.

15. A Government servant shall not, save in cases of inefficiency or misbehaviour, be transferred substantively to a post carrying less pay than his relative position in the cadre of the service to which he belongs would justify.

16. A Government servant may be required to subscribe to a provident fund, a family pension fund or other similar fund in accordance with such rules\* as the Secretary of State in Council may by order prescribe.

17. Subject to any exceptions specifically made in these rules, an officer shall begin to draw the pay and allowances attached to his tenure of a post with effect from the date when he assumes the duties of that post, and shall cease to draw them as soon as he ceases to discharge those duties.

18. Unless the Governor-General in Council, in view of the special circumstances of the case, shall otherwise determine, after five years' continuous absence from duty, elsewhere than in foreign service in India, whether with or without leave, a Government servant shall not be in Government employ.

### PART III.

#### CHAPTER IV.—PAY.

19. Subject to the provisions of rules made under Section 45A of the Act and to any restrictions which the Secretary of State in Council may by order impose upon the powers of the Governor-General in Council, or the Governor in Council, as the case may be, the fixation of pay is within the competence of a local Government; provided that, except in the case of personal pay granted in the circumstances defined in Rule 9 (23) (a), the pay of a Government servant shall not be so increased as to exceed the pay sanctioned for his post, without the sanction of an authority competent to create a post in the same cadre on a rate of pay equal to his pay when increased

20. When a Government servant is treated as on duty under Rule 9 (6) (b) above, the local Government may, if it thinks fit, by general or special order reduce the amount of his pay and allowances.

21. *Time-scale Pay.*—Rules 22 to 29 inclusive, and Rule 32, apply to time-scales of pay generally. They do not, however, apply to any time-scale sanctioned by the Secretary of State in Council in so far as they are inconsistent with terms specially so sanctioned for such time-scale.

22. When a Government servant is appointed substantively to a post on a time-scale of pay:—

- (a) (i) if he has not previously officiated in the post, or
- (ii) if he has officiated in it but his present substantive pay exceeds the pay which he last drew in it,

he will draw as initial pay the pay of the stage in the time-scale next above his present substantive pay, if any, and will draw increments after the periods usually required ; and

- (b) if he has previously officiated in the post, but his present substantive pay does not exceed the pay which he drew when last officiating,

he will draw initial pay equal to that pay, and will count for increment in that stage the period during which he was drawing the said pay.

23. The holder of a post, the pay of which is changed, shall be treated as if he were transferred to a new post on the new pay; provided that he may at his option retain his old pay until the date on which he has earned his next or any subsequent increment on the old scale, or until he vacates his post or ceases to draw pay on that time-scale. The option once exercised is final.

24. An increment shall ordinarily be drawn as a matter of course unless it is withheld. An increment may be withheld from a Government servant by a local Government, or by any authority to whom the local Government may delegate this power under Rule 6, if his conduct has not been good or his work has not been

satisfactory. In ordering the withholding of an increment\* the withholding authority shall state the period for which it is withheld, and whether the postponement shall have the effect of postponing future increments.

25. Where an efficiency bar is prescribed in a time-scale, the increment next above the bar shall not be given to a Government servant without the specific sanction of the authority empowered to withhold increment\*.

20. The following provisions prescribe the conditions on which service count\* for increments in a time-scale :—

(a) All duty in a post to which a time-scale applies counts for increments in that time-scale.

(b) Other than service in another post, service in a temporary post, and leave, other than extraordinary leave, count for increments in the time-scale applicable to the post on which the Government servant concerned holds a lien, or would hold a lien had his lien not been suspended under Rule 13.

(c) If a Government servant, while officiating in a post or holding a temporary post on a time-scale of pay, is appointed to officiate in a higher post or to hold a higher temporary post, his officiating or temporary service in the higher post shall count for increments in the time-scale applicable to such lower post.

(d) If a Government servant's tenure of a temporary post is interrupted by duty in another post or by leave, other than extraordinary leave, or by foreign service, such duty, leave, or foreign service counts for increments in the time-scale applicable to the temporary post if the Government servant returns to the temporary post.

(e) Foreign service counts for increments in the time-scale applicable to :—

(i) the post in Government service on which the Government servant concerned holds a lien, or would hold a lien had his lien not been suspended under Rule 13; and

(ii) any post to which he may receive officiating promotion under Rule 113 below, for the duration of such promotion.

27. An authority may grant a premature increment to a Government servant on a time-scale of pay if it has power to create a post in the same cadre on the same scale of pay.

28. The authority which orders the transfer of a Government servant, as a penalty from a higher to a lower grade or post may allow him to draw any pay, not exceeding the maximum of the lower grade or post, which he may think proper.

29. If a Government servant who has been reduced to a lower grade or post on account of misconduct or inefficiency is subsequently promoted or reinstated, his previous service in the grade or post from which he was reduced counts for increments, unless the authority promoting or reinstating him declares that it

shall not so count either in whole or in part.

30. *Vi v of Officiating Government Servants.*—  
 (a) Subject to the provisions of Chapter VI, a Government servant holding one post substantially who is appointed to officiate in another post shall not draw enhanced pay on account of the officiating appointment unless it is one of those enumerated in the Schedule to this Rule, or unless it involves the assumption of duties or responsibilities of greater importance than, or of a different character from, the substantive post:

Provided that the local Government may exempt from the operation of this Rule any service other than an all-India Service which is not organised on a time-scale basis and in which a system of acting promotion from grade to grade is in force at the time of the coming into force of these Rules: Provided further that the Governor-General in Council may specify posts outside the ordinary line of a service the holders of which may, notwithstanding the provisions of this Rule and subject to such conditions as the Governor-General in Council may prescribe, be granted the same pay (whether with or without the extra allowance, if any, attached to such posts) as they would have received if still in the ordinary line.

21. For the purposes of this Rule an officiating post shall not be deemed to involve duties of greater responsibility or of a different character than the officiating post is on the same scale of pay as the substantive post. Any two posts are said to be on the same scale of pay when they fall within a cadre or a class in a cadre, such cadre or class having been created in order to fill all posts involving duties of approximately the same character or degree of responsibility in a service or establishment or group of establishments; and that the pay of the holder of any particular post is determined by his position in the cadre or class and not by the fact that he holds that post.

**NOIK.**— If the post in which a (Government servant) officiates is tenable by a Government servant of any one of several grades or classes in a cadre, and the fixation of the pay of all such grades or classes is within the competence of the local Government, the local (Government) may permit the officiating (Government servant) to draw the pay of any one of such grades or classes.

32. A Government servant officiating<sup>1</sup> in a post on a time-scale draw\* as initial pay the stage of the time-scale next above his substantive pay, if any: provided that if he has previously officiated in the post or in a post in the same\* cadre on the same time-scale, his initial pay shall not be less than the pay which he drew when last officiating. All officiating: service in any stage of the time-scale, whether continuous or not," counts for increment in that stage. If the presumptive pay of the Government servant's substantive post at any time exceeds the pay calculated under this rule, he will draw pay equal to that presumptive pay.

**NOTE.**—In cases where the fixation of the time-scale of pay is in the competence of the local Government, the local (Government) may permit the officiating (Government servant) to draw as initial pay any stage of the time-scale.

33. When a Government servant officiates in a post, the pay of which has been fixed at a rate personal to another Government servant, a local Government may permit him to draw pay at any rate not exceeding the rate so fixed, or, if the rate so fixed be a time-scale, not exceeding the lowest stage of that time-scale.

He shall also receive, in addition, such travelling allowance as the Governor-General in Council may fix.

39. **Pay of Temporary Posts.**—When a temporary post is created which may have to be filled by a person not already in Government service\* the pay of the post shall be fixed with reference to the minimum that is necessary to secure the services of a person capable of discharging efficiently the duties of the post.

40. When a temporary post is created which will probably be filled by a person who is already a (Government servant), its pay should be fixed by the local Government with due regard to—

- (b) the existing pay of Government servants of a status sufficient to warrant their selection for the post.

41. A person appointed to a temporary post will draw the pay of that post.

42. **Subsistence Grants.**—A local Government may make a subsistence grant to a Government servant in the following circumstances:—

#### CHAPTER V.—ADDITIONS TO PAY.

44. **Compensatory Allowances.**—Subject to any restrictions which the Secretary of State in Council may by order impose upon the powers of the Governor-General in Council or the Governor in Council, as the case may be, and to the general rule that the amount of a compensatory allowance should be so regulated that the allowance is not on the whole a source of profit to the recipient, a local Government may grant such allowances to any Government servant under its control, and may make rules prescribing their amounts and the conditions under which they may be drawn.

**NOTE.**—Compensatory allowance does not include the grant of a free passage to or from the United Kingdom, which requires the general or special sanction of the Secretary of State in

Council, nor, for the purpose of this rule, does it include a sumptuary allowance.

45. *Provision of Residences.*—When a Government supplies a Government servant with a residence, leased, acquired or constructed at Government expense, the following conditions shall be observed:—

(?) The scale of accommodation supplied shall not exceed that which is appropriate to the status of the occupant.

(Jt) Save in the circumstances mentioned in clause (r) below, the occupant shall pay rent for the residence, and such rent shall not exceed the standard rent which the local Government may fix for the residence, or so percent, of the occupant's emoluments, whichever is less. Emoluments, for the purpose of this rule, include compensatory allowance other than travelling allowance, whether drawn from general revenues or from a local fund, and pension, if the occupant is in receipt of pension.

NOTE.—The standard rent shall be calculated as follows:—

- (i) In the case of leased residences it shall be the sum paid to the lessor, plus such allowance for maintenance and repairs, if these are a charge on the local Government, as the latter may fix.
  - (ii) In the case of residences acquired or constructed by Government, it shall be calculated on the cost of acquiring or constructing the residence, including any capital expenditure incurred after acquisition or construction, together with the cost or assessed value of the site, and shall be a percentage of its cost equal to such rate of interest as may from time to time be fixed by the Secretary of State in Council, plus such allowance for maintenance and repairs as the local Government may fix.
- (0) Nothing contained in clause (b) above shall operate to prevent a local Government from:—
- (i) taking in any particular area a uniform percentage of emoluments, not exceeding 10 per cent., as rent from each Government servant supplied with a residence; provided that, if the uniform percentage taken is less than so per cent., the total amount of the standard rent fixed for all residences supplied in that area is thereby recovered; or
  - (ii) taking from any Government servant who is in receipt of a compensatory allowance granted on account of dearness of living, a rent in excess of 10 per cent of his emoluments.
- (d) A local Government may make rules prescribing the principles on which rent shall be assessed in the case of Government servants who are supplied with residences in more than one station, or who, owing to the nature of their duties, occupy Government residences for a part only of the year; provided that—

- (i) a Government servant to whom more residences than one are allotted, shall not pay less rent for the total period of occupation in any one year than 10 per cent, of his emoluments for that period, or the total of the standard rents for the period of occupation of each house, whichever is less, and
  - (ii) a Government servant to whom a Government residence is allotted for a part only of the year shall not pay less rent than the amount calculated on that residence under clause (b) above for the period of occupation.
- (e) A local Government may, in very special circumstances, for reasons which should be recorded, waive or reduce the amount of rent to be recovered, or grant rent-free accommodation to Government servants who are required to occupy particular houses in order to insure the proper performance of their duties.
- (J) The limit of 10 per cent, prescribed under clause (b) and the uniform percentage of emoluments mentioned in clause (c) above have reference to the rent of the building only. Adequate additional rent should be charged for furniture, water supply and sanitary heating and electric installations, if these are supplied. Such charges should not be forgone, except in very special circumstances, for reasons which should be recorded.

46. *Honoraria.*—A Government servant may be granted a honorarium from general revenues, or permitted to receive an honorarium or a recurring or non-recurring fee from a private person or body, or from a public body, including a body administering a local fund, or from an Indian State, in return for work performed either within or outside the course of his ordinary duties, when the work is of such exceptional merit or of such an arduous or peculiar nature as to justify a special reward. The reasons for the grant of the honorarium or fee shall be recorded in writing by the sanctioning authority.

47. A local Government may make rules fixing the amounts which may be sanctioned as honoraria or fee by the authorities subordinate to it and specifying the conditions under which they may be granted or accepted.

NOTE.—This rule does not apply to the acceptance of honoraria or fees by medical officers in civil employ, which shall be governed by such orders as the Secretary of State in Council may issue in this behalf.

48. (iii) If a compensatory allowance is attached to one or more of the posts, he draws such compensatory allowance as the local Government may fix, provided that such allowance shall not exceed the total of the compensatory allowance attached to all the posts.

## CHAIMIK VII.—DETERMINATION OF PAY.

50. Unless the Secretary-in-Chief in Council is directed otherwise, the pay of a Government servant out of India shall be determined without reference to the pay of State in Council.

51. When a Government servant is with his pay and allowance unitary, the Secretary of State in Council in any particular case otherwise direct, the Secretary-General in Council—

(i) If the deputation is declared by the Government to be under European condition, the Government servant shall be granted not more than two-thirds of the pay which he would draw if he were on duty in India. The Secretary-General in Council may relax the limit of two-thirds in the case of a Government tenant of Indian domicile. A compensatory allowance may be granted by the Secretary of State in Council if the deputation is to Europe or America, or in other cases by the Governor-General in Council.

(ii) If the deputation is declared to be under European condition, the remuneration of the Government servant deputed shall be determined by the Governor-General in Council with due regard to the provisions of rule 40 above, though a temporary post had been created.

(ii) if otherwise, such proportion of such pay and allowance as the revising or appellate authority may prescribe.

In a case falling under sub-clause (ii), the period of suspension or dismissal will be treated as a period spent on duty. In a case falling under sub-clause (i), it will not be treated as a period spent on duty unless the revising or appellate authority so direct.

55. Leave may not be granted to a Government servant under suspension.

## CHAPTER IX.—COMPULSORY RETIREMENT AND RESIGNATION OF OFFICE.

56.—(i) Except as otherwise provided in this rule a Government servant, other than a ministerial servant, is required to retire on attaining the age of 55 years. He may be retained in service after that age with the sanction of the local Government on public grounds, which must be recorded in writing; but he must not be retained after the age of 60 years except in very special circumstances.

(ii) A ministerial servant may be required to retire at the age of 54 years, but should ordinarily be retained in service, if he continues efficient, up to the age of 60 years. He must not be retained after that age except in very special circumstances, which must be recorded in writing, and with the sanction of the local Government.

(iii) The following are special rules applicable to particular services:—

(i) A member of the Indian Civil Service, who is not a judge of a Chief Court, must retire after 35 years' service counted from the date of his arrival in India; provided that, if he has held his post for less than five years, he may, with the sanction of the Governor-General in Council, be permitted to retain it until he has held it for that period.

- (v) A civilian in the Superior Railway Revenue Establishment or the Superior Establishment of the Telegraph Department must retire on reaching the age of 55 years.

This sub-clause does not apply to members of the first and second divisions of the Superior Telegraph Traffic Branch (other than officers of the old Superior Telegraph Establishment), nor to those of the second division of the Superior Telegraph Engineering and Technical Branches whose retirement is governed by clause (a) of this rule.

- (vi) The Bishops of Lahore, Rangoon, Lucknow and Nagpur, though borne on the cadre of the Indian Ecclesiastical Establishment, are not subject to any rule requiring their retirement at a particular age.

In addition, an officer of the Royal Engineers must retire on attaining the rank of General Officer, provided that, if he is holding a post of Chief Engineer, he may, with the sanction of the Governor-General in Council, be permitted to complete a five years' tenure of the post, unless in the meantime he is required to vacate office under some other regulation.
- (4) Military officers serving in any department, other than those mentioned in (1) to (3) of this sub-clause, cease to be in civil employ on reaching the age of 55 years; but any such officer, being a military commissioned officer and having held his post for less than five years, may for special reasons, with the sanction of the Governor-General in Council, be permitted to retain it until he has held it for that period.

NOTE I.— This rule does not apply to a Government servant who is appointed to any post by His Majesty the King Emperor of India, or by the Governor-General in Council with His Majesty's approval.

NOTE a.—For the purposes of sub-clauses (i), (vii) (3) and (vii) (4) of clause (c) of this rule, officiating tenure of a post shall be included in calculating the period of five years.

NOTE 3.—The grant under Rule 86 of leave extending beyond the date on which a Government servant must compulsorily retire, or beyond the date up to which a Government servant has been permitted to remain in the service, shall be treated as sanctioning an extension of service up to the date on which leave expires.

57. The resignation of his office by a member of the Executive Council of the Governor-General, of a Governor or a Lieutenant-Governor shall take effect from the date following that of his embarkation at any port in India other than Aden, or from the date of expiry of five years' tenure of office, or from the date of his successor's entry upon office, whichever of these dates be earliest. His five years' tenure shall begin from the date on which he first entered upon office, whether as a temporary member appointed in India or after the issue of His Majesty's warrant of appointment, but shall not include any period, other than a period spent on leave, during which he draws less than full pay.

## PART IV.

### CHAPTER X.—LEAVE.

#### Section I.—Extent of Application.

58. Unless in any case it be otherwise distinctly provided in Section VI. of this chapter, the rules in Section I. to V. of this chapter apply to all Government servants to whom the fundamental rules as a whole apply; provided that it

shall be open to any person who is in Government service at the time when the fundamental rules come into force to exercise the option of remaining under the leave rules to which he has hitherto been subject. The intention of exercising this option must be specifically declared to the local Government or the Governor-General in Council, as the case may be, within six months of the date on which the fundamental rules come into force, or, if the Government servant be on leave on that date, within six months of his return from leave. Every Government servant who does not make such a declaration will become subject to the rules in Sections I. to V. of this chapter. The option once exercised is final.

NOTE.—A similar option may be exercised by the Government servants mentioned in Rules 97 and 98.

59. Leave is earned under Sections I. to V. of this chapter by a Government servant holding substantively a permanent post in civil employ, or holding a lien on such a post.

60. Leave is earned by duty only. For the purpose of this rule a period spent in foreign service counts as duty if contribution towards leave salary is paid on account of such period.

61. A military commissioned officer appointed to a post in civil employ becomes subject to these rules under the following conditions :—

(i) An officer subject, before such appointment, to the Indian Army Leave Rules becomes subject to these rules from the date of first substantive appointment to a post in civil employ or from the date of completion of three years' continuous officiating duty in such service, whichever is earlier. In reckoning continuous duty—

- (1) Any period of foreign service, to which transfer was made direct from a civil post, may be included, and
- (2) Leave does not operate to break continuity unless the officer has to revert to military employ in order to obtain such leave.

NOTE.—This rule also applies to commissioned officers transferred from the Army Veterinary Department to the Civil Veterinary Department

(ii) A continuous service officer of the Royal Engineer\* becomes subject to these rules from the date of his entry into permanent civil employ or from the date of his election for continuous Indian service, whichever is later.

(vi) A non-continuous service officer of the Royal Engineers, if he elects for these rules, becomes subject to them from the date of his entry into permanent civil employ or from the date of completion of five years' Indian service, whichever is later.

(A) Transfer from military service to a post in civil employ, the tenure of which is limited to a definite period, does not entitle an officer to leave under these rules.

62. Except as provided in rule 6x, a military officer in civil employ remains subject to military leave rules.

63. When a military commissioned officer subject to these rules is temporarily transferred to military duty, but retains a lien on his post in civil employ, the period of his absence counts as duty for leave under these rules.

64. Unless in any case it be otherwise expressly provided by or under these rules, a Government servant transferred to a service or post to which these rules apply from a service or post to which they do not apply is not ordinarily entitled to leave under these rules in respect of duty performed before such transfer; but a Government servant reverting from duty as Judge of a High Court, or as one of the officers specified in rule 98 below, may count such duty for leave as though it were duty performed in a vacation department; all leave taken during the service concerned being treated as taken under these rules.

65.—(a.) A Government servant who resigns the public service or is discharged from it on reduction of establishment cannot if re-employed after an interval, count his former service towards leave without the permission of the authority sanctioning the re-employment

(b) A Government servant who is dismissed or removed from the public service, but is reinstated on appeal or revision, is entitled to count his former service for leave, unless the appellate or reviewing authority declares that he shall not so count it in whole or in part.

#### Section II.—General Conditions.

66. A local Government may make rules specifying the authorities by whom leave, other than special disability leave under Rule 83, may be granted.

67. Leave cannot be claimed as of right. When the exigencies of the public service so require, discretion to refuse or revoke leave of any description is reserved to the authority empowered to grant it.

68. Leave ordinarily begins on the day on which transfer of charge is effected and ends on the day preceding that on which charge is resumed. When joining time is allowed to a Government servant returning from leave out of India, the last day of his leave is the day before the arrival of the vessel in which he returns at her moorings or anchorage in the port of debarkation. A local Government may, however, make rules defining the circumstances in, and the conditions on, which Sundays or other recognised holidays may be prefixed to leave or affixed to leave or joining time.

69. A Government servant on leave may not take any service or accept any employment without obtaining the previous sanction of—

- (a) The Secretary of State, if the Government servant is residing in Europe, North Africa, America or the West Indies; and
- (A) The Governor-General in Council, or any lower authority empowered to appoint him, if he is residing elsewhere.

NOTE.—This rule does not apply to casual literary work, or to service as an examiner or similar employment; nor does it apply to acceptance of foreign service, which is governed by rule no.

70. All orders recalling a Government servant to duty before the expiry of his leave should state whether the return to duty is optional or compulsory. If the return is optional, the Government servant is entitled to no concession. If it is compulsory, he is entitled—

- (a) If the leave from which he is recalled is out of India—
  - (i) To receive a free passage to India; and, provided that he has not completed half the period of his leave by the date of leaving for India on recall, or three months, whichever period is shorter, to receive a refund of the cost of his passage from India.
  - (ii) To count the time spent on the voyage to India as duty for purposes of calculating leave; and
  - (iii) To receive leave-salary during the voyage to India and for the period from the date of landing in India to the date of joining his post to be paid leave-salary at the same rate at which he would have drawn it had he not been recalled but returned in the ordinary course on the termination of his leave.
- (6) If the leave from which he is recalled is in India, to be treated as on duty from the date on which he starts for the station to which he is ordered, and to draw travelling allowance for the journey, but to draw until he joins his post leave-salary only.

71. No Government servant who has been granted leave on medical certificate may return to duty without first producing a medical certificate of fitness in such form as the Governor-General in Council, in the case of a Government servant on leave in Asia, or the Secretary of State in Council, in the case of a Government servant on leave elsewhere, may by order prescribe. A local Government may require a similar certificate in the case of any Government servant who has been granted leave for reasons of health, even though such leave was not actually granted on a medical certificate.

7a. Unless he is permitted to do so by the authority which granted his leave, a Government servant on leave may not return to duty more than fourteen days before the expiry of the period of leave granted to him.

73. A Government servant who remains absent after the end of his leave is entitled to no leave-salary for the period of such absence, and that period will be debited against his leave-account as though it were leave on half average pay, unless his leave is extended by the local Government. Wilful absence from duty after the expiry of leave may be treated as misbehaviour for the purpose of rule 15.

74.—(a) Subject to any instructions which may be given by the Governor-General in Council in connection with the control of the issue of money from treasuries or by the Auditor-General in India in order to secure efficiency and uniformity of audit, a local Government may make rules prescribing the procedure to be followed in India—

- (i) in making application for leave and for permission to return from leave,
  - (ii) in granting leave,
  - (iii) in the payment of leave-salary; and
  - (iv) in the maintenance of records of service.
- (6) The procedure to be followed elsewhere than in India will be prescribed by the Governor-General in Council.

#### Section *UL—Sfxdal and ordinary Um\* Atffo.*

75.—(i) All Government servants who are not hereinafter declared to be subject to the special leave rules shall be subject to the ordinary leave rules.

2. The following Government servants shall be subject to the special leave rules, namely:—

- (a) Any Government servant having at the time of his appointment his domicile elsewhere than in Asia:
 

Provided that no such Government servant shall be entitled to the benefits of the special leave rules who, prior to such appointment, has, for the purpose of his appointment to any office under the Government or of the conferment upon him by the Government of any scholarship, emoluments, or other privilege, claimed or been deemed to be a native of India;
- (A) Any Government servant having at the time of his appointment his domicile in Asia who, prior to the 24th July, 1923, had been admitted to the benefit of the European services leave rules under the Civil Service Regulations, or who between the 1st January, 1922, and the 24th July, 1923, held a post which would have entitled him to such admission had he been subject to the Civil Service Regulations; and
- (c) Any Government servant having at the time of his appointment his domicile in Asia who, prior to the 24th July, 1903, held substantively an appointment in a department in which the attainment of a certain rank or a certain rate of pay entitled the officer to admission to the benefits of the European services leave rules under the Civil Service Regulations;

Provided that a Government servant shall only be entitled to the benefits of the special leave rules when he attains that rank or rate of pay :

Provided further that the concession allowed by clause (c) of this rule is not admissible to a Government servant who attains such rank or rate of pay by reason of being promoted by selection from a subordinate service or post after the 24th July, 1923.

75A. For the purpose of Rule 2 of Rule 75 the domicile of a person shall be determined in accordance with the provisions set out in the Schedule to these rules :

Provided that a person who was born and has been educated exclusively in Asia and has not resided out of Asia for a total period exceeding 12 months shall be deemed to have his domicile in Asia.

75B. A Government servant who, after his appointment to a service or post acquires a new domicile, shall thereby lose his right to, or become entitled to admission to, the benefits of the special leave rules.

75c. In any question arising as to the domicile of any Government servant at the time of his appointment, the decision thereon of the Secretary of State in Council in the case of persons appointed by him, of the Governor-General in Council in the case of persons appointed by him, or of the local Government in the case of persons appointed by them, shall be final.

#### Section IV.—*Grant of Leave.*

76. A leave account shall be maintained for each Government servant in terms of leave on average pay.

(B) In the leave account of a Government servant who is already in Government service when he becomes subject to these rules shall be credited :—

(1) the privilege leave which it would, on the date on which he becomes subject to these rules, be permissible to grant to him under the rule, in force prior to that date: *plus*

(a) one-eighth of the period spent on duty or on privilege leave prior to that date: *plus*

(3) five-twenty-seconds of the period spent on duty subsequent to that date,

(2) one-twelfth of the period spent on duty or on privilege leave prior to that date: *plus*

(3) two-elevenths of the period spent or duty subsequent to that date.

(c) In the case of a military commissioned Officer who becomes subject to these rules, the credit under (b) (i) (2) above shall be in respect of the period of his service in India.

NOTE.—A commissioned officer transferred from the Army Veterinary Department to the Civil Veterinary Department shall be considered, for the purposes of this rule, to have been subject to the Indian Army leave rules from the date of his arrival in India on his last tour of service

(d) Any other Government servant transferred permanently from military to civil employ is entitled to a credit to his leave account based on such portion of his military duty as, under the rules for the time being in force, is permitted to count for pension.

(e) A statutory civil servant or a Government servant who is subject, at the time when these rules come into force, to the Indian Service Leave Rules which were in force in January 1920, is entitled to credit to his leave account, in addition to the periods admissible under Clause (b) above, one-third of any period of leave on medical certificate taken under former rules.

78. The amount of leave debited against a Government servant's leave account is—

(a) the actual period of leave on average pay, including any furlough on average salary taken under Rules previously in force; and

(b) half the period of leave on half or quarter average pay or on leave salary equal to subsistence grant under the Note to rule 83.

NOTE (i)—No privilege leave taken under the former Civil Leave Rules, or by a military officer under the British or Indian Army Leave Rules before coming under civil rules, is to be debited under (i) above.

previously in force, and leave not due taken under these rules, up to a combined maximum of three months, reckoned in terms of leave on average pay, shall not be so debited.

NOTE (lift—In cases covered by rule 77 (</), the leave taken during the period of duty on which the credit to the leave account is based is to be debited as prescribed in notes (i) and (ii) above.

79. When a Government servant who has previously been subject to the ordinary leave rules, is admitted to the benefits of the special leave rules no change shall be made in the amount of leave previously credited and debited to his account, but he shall be entitled to the maximum amount of leave prescribed in rule 81 (a) (i).

80. The amount of leave due to a Government servant is the balance of leave at his credit in the leave account.

81. Leave may be granted to a Government servant at the discretion of the Authority entitled to grant the leave, subject to the following restrictions :—

- (a) The maximum amount of leave which may be granted, expressed in terms of leave on average pay, is the privilege leave which it would be permissible to grant to the Government servant in question on the date on which he becomes subject to these rules, under the rules applicable to him prior to that date, *plus* one-eleventh of the period spent on duty subsequent to that date, *plus*

- (i) On medical certificate, without limit of amount; and
- (ii) Otherwise than on medical certificate, for not more than three months at any one time and six months in all reckoned in terms of leave on average pay.
- (d) The maximum period of continuous absence from duty on leave granted otherwise than on medical certificate is twenty-eight months.
- it) When a Government servant returns from leave which was not due and which was debited against his leave account, no leave will become due to him until the expiration of a fresh period spent on duty sufficient to earn a credit of leave equal to the period of leave which he took before it was due.

8a. The following provisions apply to vacation departments only :—

- (a) A local Government may make rules specifying the departments or parts of departments which should be treated as vacation departments, and the conditions in which a Government servant should be considered to have availed himself of a vacation.
- (A) Vacation counts as duty, but the periods of total leave in rules 77, 81 (a) and 81 (A) should ordinarily be reduced by one month for each year of duty in which the Government servant has availed himself of the vacation. If a part only of the vacation has been taken in any year, the period to be deducted will be a fraction of a month equal to the proportion which the part of the vacation taken bears to the full period of the vacation.
- (c) In cases of urgent necessity, when a Government servant requires leave and no leave is due to him, the periods in rule 77 and 81 (a), as reduced by clause (<t>) of this rule, may be increased by one month for every two years of duty in a vacation department.
- (d) When a Government servant combines vacation with leave, the period of vacation shall be reckoned as leave in calculating the maximum amount of leave on average pay which may be included in the particular period of leave.
83. (a) On the conditions specified in clauses (b), (c) and (d) of this rule, a local Government

may grant special disability leave to a Government servant who is disabled by injury or illness:—

- (i) in the performance of any particular duty which has the effect of increasing his liability to injury or illness\* beyond the ordinary risk attaching to the civil post which he holds; or
- (ii) in, or in consequence of, the due performance of his official duties or in consequence of his official position.
- ✓j The grant of special disability leave is subject to the following conditions:—
- n The disability must be certified by a medical board to be directly due to the performance of the particular duties or to the holding of an official position.
- ↳ The disability must ordinarily have manifested itself within three months of the performance of the duties or of the occurrence to which it is attributed, and the person disabled must have acted with due promptitude in bringing it to notice. The period of three months may be extended by the Governor-General in Council if he is completely or partially lifted as to the cause of the disability.
- 1 i) The period of leave granted shall be such as is certified by a medical board to be necessary and shall in no case exceed two years. If leave for less than two years is granted in the first instance, it shall not be extended except on the certificate of a medical board.
- v) Special disability leave may be combined with leave on average pay if due, up to a maximum of four months of such leave, and with leave on half average pay if due and certified by a medical board to be necessary.
- yr h a Government servant has contracted such disability while serving with a military force, he shall, in the event of his discharge and being unfit for further military service, be eligible for special disability leave on the conditions specified in clause (6) of this rule, provided that—
- i) he is not reported to be completely and permanently incapacitated for further civil service, and
  - u) any period of leave on medical certificate granted to him under military rules on account of the disability is reckoned as part of the period of two years up to which special disability leave may be granted.
- id) If a Government servant has contracted such disability during service otherwise than with a military force, special disability leave may not be given unless the injury or illness is, in the opinion of the local Government, so exceptional in character or in the circumstances of its occurrence as to justify such unusual treatment as the grant of this form of leave.
- ¶ Special disability leave may be granted if a disability contracted as in clause (6) of this

rule is aggravated or reproduced in similar circumstance\* at a later date, but not more than two years of such leave shall be granted in consequence of any one disability.

(f) The period of leave will not be debited against the leave account and will count as duty in calculating service for pension.

(g) Leave salary on such leave will be equal to half average pay, subject to the maxima and minima prescribed in rules 89 and 90.

84. Leave may be granted to Government servants, on such terms as the Secretary of State in Council may by general order prescribe, to enable them to study scientific, technical or similar problems or to undergo special courses of instruction. Such leave is not debited against the leave account.

85. (a) In special circumstances and when no other leave is by rule admissible, extraordinary leave may be granted. Such leave is not debited against the leave account. No leave salary is admissible during such leave.

(b) The authority which has the power to sanction leave may grant extraordinary leave as in clause (a), in combination with, or in continuation of, any leave that is admissible, and may commute retrospectively periods of absence without leave into extraordinary leave.

(c) When extraordinary leave is granted to a military officer subject to these rules, he will continue to be treated as in civil employ for all purposes until he is placed on military temporary non-effective pay by the order of a medical board. If, after being placed on military temporary non-effective pay, he returns to duty in India, he will have no claim to reinstatement in civil employ.

86. Leave granted to a Government servant should in no case extend more than six months beyond the date on which the Government servant must compulsorily retire, or, if a Government servant is retained in service after that date, more than six months beyond the date on which he ceases to discharge his duties.

#### SECTION X—Leave-Salary.

87. Subject to the conditions in rules 81, 88, 89 and 90, a Government servant on leave shall during leave, draw leave-salary as follows:—

(a) If the leave is due, leave-salary equal to average pay, or half average pay during a portion of the leave and half average pay during the remainder, as he may elect; and

ibi if the leave is not due, leave-salary equal to half average pay.

u) Provided that when a non-gazetted Government servant takes leave, and

- (i) his pay is less than Rs. 300, or
- (ii) the leave taken does not exceed one

month... his average pay for the purpose of this rule shall be taken to be the pay which he would draw in the permanent post held substantively by him at the time of taking leave.

88. After continuous absence from duty on leave for a period of 6 months, a Government

servant will draw leave-salary equal to quarter average pay, subject to the maxima and minima prescribed in rules 89 and 90.

these rules is entitled to leave-salary equal to subsistence grant after this period.

89. Except during the first four months of any period of leave on average pay, leave-salary is subject to the monthly maxima shown in the following table :—

NOTE X.—The maximum of average pay does not apply in the case of a Government servant who is entitled, under orders previously in force, to privilege leave for more than four months, during a period equal to that for which he is entitled to privilege leave.

NOTE a.—The maximum for average pay does not apply to a Government servant serving in a vacation department during a period of leave on average pay equivalent to one month for each year since his last leave during which he has not availed himself of the vacation, and to a proportionate fraction of a month during which he has taken a part only of the vacation; provided that, in the case of a Government servant who is transferred with leave to his credit from a non-vacation to a vacation department, the local Government shall decide, on the first occasion on which he takes leave after such transfer, the period not exceeding four months for which the maximum limit of leave-salary shall not be applied to him.

90. Subject to the condition that the leave-salary of a Government servant shall in no case exceed his average pay, leave-salary is subject to the monthly minima shown in the following table :—

NOTE 1.—The minima specified above for Government servants other than members of the Indian Civil Service and military commissioned officers apply only when leave is taken or extended out of India.

NOTE a.—In the case of a military commissioned officer, the minimum leave-salary during such leave as may be added under rule 77 (6) to the leave earned by duty under these rules shall be that prescribed by the military rules to which the officer was subject immediately before he came under these rules; and for an officer of the Royal Engineers who was serving under the Indian Army leave rules immediately before he became subject to these rules, the minimum shall be the rate prescribed by the leave rules for the Indian Army according to the length of his service for Indian pension. In the case, however, of an officer of the Royal Engineers who was serving under British Army leave rules immediately before he became subject to these rules, the minimum for so much of the leave credited as has been earned by service in civil employment shall be at the rate of—

- (i) £555 out of Asia and 555 rupees in Asia if he elected for continuous service in India before the 1st February, 1898; or
- (ii) the amount shown in sub-clause (i) or the pay last drawn by him on duty, whichever is less, if he elects to come under civil leave rules after completing five years' service.

NOTE 3.—A military commissioned officer subject to these rules, who is granted leave on medical certificate in excess of the amount earned by him under both the civil and military rules, may be allowed the civil minimum rate of leave-salary for the period of leave taken in excess of the amount so earned.

91. A Government servant will ordinarily draw leave-salary in rupees if residing in Asia and in sterling if residing out of Asia. Leave-salary drawn in rupees must be drawn in India or, by a Government servant residing in Ceylon, in Ceylon. Leave-salary drawn in sterling must be drawn in London or, at the Government servant's option, in any British Dominion

or Colony which the Secretary of State in Council may by order prescribe ; provided that during the first part of any period of leave on average pay, up to a maximum of four months, a Government servant may, at his option, draw leave-salary in rupees in India, even if he be residing out of India. Leave-salary will be converted into sterling at such rate of exchange as the Secretary of State in Council may by order prescribe."

92. The rupee maxima and minima detailed in rules 89 and 90 are applicable to those Government servants only who reside in India during their leave, and the sterling maxima and minima to those who reside elsewhere.

93. A compensatory allowance should ordinarily be drawn only by a Government servant actually on duty, but a local Government may make "rule" specifying the conditions under which a Government servant on leave on average pay may continue to draw a compensatory allowance, or a portion thereof, in addition to leave-salary during the first four months of his leave; one of these conditions should be that the whole or a considerable part of the expense to meet which the allowance was given continues during leave.

Section VI.—*Exceptions and Special Concessions.*

(44. The rules in Section I to V are not applicable to the following Government servants, whose leave is governed by the Act or by rules made under other sections of the Act:—

06. The only form of leave which may be granted to a Lieutenant-Governor, whether substantive or officiating, is leave on medical certificate for not more than six months. On resuming his duties after such leave, he may receive leave-salary equal to half his pay for the period of absence. If he does not resume his duties he may draw the leave-salary to which he would have been entitled under Rule 97 had he vacated his post before taking leave.

97. When a member of the Indian Civil Service takes leave on vacating the post of

Governor, Lieutenant-Governor or Chief Commissioner or of member of the executive council of the Governor-General, or of a Governor or Lieutenant-Governor, his average pay shall be held to be subject to a maximum of 4,000 rupees. Such an officer will not retain, while on leave, a lien on the post which he has vacated.

98. The following provisions apply to pleader judges of the Chief Court of Lower Burma, and to barristers holding the posts enumerated below ; provided that, in the case of barristers, they were, on first admission to Government service, appointed to some post in which the local Government has declared it to be necessary on public grounds to employ a barrister :—

- fa) Their leave-salary, while on furlough or on subsidiary leave, shall not exceed one-half of the pay which they drew at the time of taking leave ; and
- kb) If holding one of the posts specified in items (3) to (7) above, they are entitled to leave on average pay, in lieu of the privilege leave admissible under the rules made under Section 104, up to one-eleventh of the period of duty performed, on the same conditions as a Government servant serving in a vacation department.

09. The following law officers are entitled to leave under the rules applicable to members of the Indian Civil Service, provided that their pay as Government servants is fixed at a definite rate and that their whole time is retained for the service of Government :—

- An Advocate-General.
- A Standing Council.
- An Official Trustee or Assignee.

»» A local Government may grant to such an officer leave of the following kind\* :—

- (A) Leave on average pay, for four months at a time, up to one-eleventh of the period of duty performed, including uninterrupted duty in military service ; provided that, if privilege leave under military rules has been taken in any calendar year, duty counting for leave on average pay will not commence until the beginning of the following year or from the expiry of six months after the conclusion of such leave, whichever is earlier ;
- , ii) Any leave, other than privilege leave, admissible under military rules, either alone or in combination with leave on average pay.

NOTE.—In the case of a Government servant who is entitled, under orders previously in force, to privilege leave for more than four months, the number of months to be taken at one time as prescribed in sub-clause (i) above may be increased, on the first occasion when leave is taken under these rules, by the number of months by which the amount of privilege leave due exceeds four months.

- b) The total period of leave should be regulated by the limits in force under the military rules to which the officer is subject.
- (c) Leave may be retrospectively commuted by the authority which granted it into any other kind of leave which was admissible to the officer concerned at the time when it was granted.

Provided that except in the case of an officer holding substantively a permanent post for a fixed time, no leave under sub-clause (ii) of clause (a) of this rule may be granted to an officer unless the local Government is prepared to re-employ him immediately upon the termination of his leave.

101. A local Government may make rules regulating the grant to Government servants under its control of :—

- (A) Maternity leave to female Government servants; and
- b) Leave on account of ill-health to members of subordinate services specified in such rules whose duties expose them to special risk of accident or illness.

Such leave is not debited against the leave account.

102. A local Government may make rules regulating the grant of leave on account of ill-health to officers and seamen of Government vessels. Such leave is not debited against the leave account

104. Dunne: their period of probation or apprenticeship, probationers and apprentices are entitled to leave as follows :—

- (a) If appointed under contract in the United Kingdom with a view to permanent service in India, or if appointed in the United Kingdom to post\* created temporarily with the prospect, more or less definite, of becoming permanent;
- (i) To such leave as is prescribed in their contracts, or, when no such prescription is made
- (ii) (1) When the period of probation is not less than three years, to the same leave which would be admissible if they held permanent posts ; or
- (2) When the period of probation is less than three years, to leave on average pay up to one-eleventh of the period spent on duty, to which may be added, on medical certificate, leave on half average pay; provided that the total leave granted under this clause shall not exceed three months reckoned in terms of leave on average pay:
- (b) If appointed otherwise, to such leave as is admissible under rules framed on this behalf by the local Government, subject to the proviso in rule 103.

#### CHAPTER XL—JOINING TIME.

105. Joining time may be granted to a Government servant to enable him :—

- (a) To join a new post to which he is appointed while on duty in his old post; or
- (b) To join a new post,
- (i) On return from leave on average pay of not more than four months' duration, or
- (ii) When he has not had sufficient notice of his appointment to the new post, on return from leave other than that specified in sub-clause (i); or

- (A) On departure on or return from leave, to proceed from or to the place at which he is posted to or from specified stations, when the place concerned is in a remote locality which is not easy of access.

## PART VII.

## CHAPTER XII.—FOREIGN SERVICE.

106. A local Government may make rules regulating the joining time admissible in each of the cases mentioned in rule 105 and specifying the places and rotations to which clause *id*) of that rule shall apply. Such rules shall be framed with due regard to the time required for actual transit and for the organisation of domestic establishment.

107. A Government servant on joining time shall be regarded as on duty and shall be entitled to be paid as follows :—

(a) If on joining time under clause (a) of rule 105, he is entitled to the pay which he drew prior to relinquishing charge of his old post, or the pay which he will draw on taking charge of his new post, whichever is less.

(b) If on joining time under clause (b) or (c) of rule 105 he is entitled—

(i) when returning from extraordinary leave other than extraordinary leave not exceeding fourteen days granted in continuation of other leave; if a member of the Indian Civil Service or a military commissioned officer subject to the civil leave rules to subsistence grant; otherwise no payments at all;

(ii) when returning from leave of any other kind; to the leave-salary which he drew on leave at the rate prescribed for the payment of leave-salary in India;

Provided that the amount of half average pay to be drawn during joining time by a member of the Indian Civil Service or a military commissioned officer subject to the civil leave rules returning from leave on half average pay shall be calculated without regard to the limits prescribed in rule 99.

NOTE 1.—A military officer subject to the military leave rules who retains a lien on his civil post is entitled, on joining time under sub-clause (ii) above, to draw the same amount of leave-salary which he would have drawn had he taken leave under civil leave rules: provided that such leave-salary shall not be less than that which he actually drew during the last portion of his leave.

(c) If on joining time under clause *id*) of rule 105, he is entitled to pay as though he were on duty in his post.

NOTE 2.—A ministerial servant on transfer is not entitled to be paid while on joining time unless his transfer is made in the public interests. A transfer made in consequence of his own misbehaviour does not fulfil this condition.

108. A Government servant who does not join his post within his joining time is entitled to no pay or leave salary after the end of the joining time. Wilful absence from duty after the expiry of joining time may be treated as misbehaviour for the purpose of Rule 15.

109. The rules in this chapter apply to those Government servants only who are transferred to foreign service after these rules come into force. Government servants transferred previously will remain subject to the rule\* in force at the time of transfer.

no.—(a) No Government servant may be transferred to foreign service against his will.

(b) A transfer to foreign service outside India may be sanctioned by the Governor-General in Council.

NOTE.—The Government of Madras is authorised to transfer to service in Ceylon any Government servant other than a member of an all-India service.

(a) Subject to any restrictions which the Governor-General in Council may by general order impose in the case of transfer to the service of an Indian State, a transfer to foreign service in India may be sanctioned by the local Government under which the Government servant transferred is serving.

(b) A transfer to foreign service is not admissible unless:—

(a) The duties to be performed after the transfer are such as should, for public reasons, be rendered by a Government servant, and

(b) The Government servant transferred holds, at the time of transfer, a post paid from general revenues or holds a lien on such a post.

110. If a Government servant is transferred to foreign service while on leave he ceases, from the date of such transfer, to be on leave and to draw leave-salary.

111. A Government servant transferred to foreign service will remain in the cadre in which he held a post prior to his transfer, and may be given such substantive or officiating promotion in that cadre as the authority competent to order promotion may decide. In giving promotion, such authority will take into account—

(a) The nature of the work performed in foreign service, and

(b) The promotion given to juniors in the cadre.

112. A Government servant in foreign service will draw pay from the foreign employer from the date on which he relinquishes charge of his post in Government service. Subject to any restrictions which the Governor-General in Council may by general order impose, the amount of his pay, the amount of joining time admissible to him and his pay during each joining time will be fixed by the authority sanctioning the transfer in conformity with the foreign employer.

115. While a Government servant is in foreign service, contributions towards the cost of his pension must be paid to general revenues on his behalf. If the foreign service is in India, contributions must be paid on account of the cost of leave-salary also. Such contributions shall be paid by the Government servant himself, unless the foreign employer consents to pay them. They shall not be payable during leave taken while in foreign service.

NOTE 1.—Pensions, throughout this chapter include bonus, if any, payable to a Government servant's credit in a provident fund.

NOTE 2. — In the case of Government servants lent to His Majesty's Government, or to British colonies or protectorates, the contribution is payable by the employer, except in the case of Government servants lent to the War Office, whose contributions are paid in accordance with special arrangements with the War Office.

116. Contributions will be calculated on the pay drawn in foreign service. In return for the contributions the Governor-General in Council or the local Government, as the case may be, accepts the charge for the pension, and if the foreign service is in India the leave salary of the Government servant. In calculating leave salary and pension, the pay drawn in foreign service, less such part of it as may be paid as contribution, will count as pay for the purpose of rule 9 (2).

117. The rate of contributions payable on account of pension and leave-salary shall be such as the Governor-General in Council may by general order prescribe.

118. In addition to the contributions prescribed under Rule 117, subscribers to any of the following pension funds must pay to Government a contribution equal to one-fourth or one-sixth of the premium paid to the fund:—

- |   |             |
|---|-------------|
| (i) Bengal Uncovenanted Service Family Pension Fund                               | One fourth. |
| (ii) Bombay Uncovenanted Service Family Pension Fund—                             |             |
| (1) Subscribers who joined the fund on or before the 12th November, 1900. . . . . | One-fourth. |
| (2) Those who joined after that date. . . . .                                     | One-sixth.  |
| (iii) Bengal and Madras Service Family Pension Fund . . . . .                     | One-sixth.  |

119. Subject to any general orders of the Governor-General in Council, a local Government sanctioning a transfer to foreign service may—

- (5) Remit the contributions due in any specified case or class of cases, and
- (6) Make rules prescribing the rate of interest, if any, to be levied on overdue contributions.

120. A Government servant in foreign service may not elect to withhold contributions and to forfeit the right to count as duty in Government

service the time spent in foreign employ. The contribution paid on his behalf maintains his claim to pension or to pension and leave-salary, as the case may be, in accordance with the rules of the service of which he is a member. Neither he nor the foreign employer has any right of property in a contribution paid, and no claim for refund can be entertained.

121. A Government servant transferred to foreign service may not, without the sanction of the local Government, accept a pension or gratuity from his foreign employer in respect of such service.

122. A Government servant in foreign service out of India may not be granted leave otherwise than in accordance with the rules applicable to the service of which he is a member, and may not take leave or receive leave-salary from Government unless he actually quits duty and goes on leave.

123. A Government servant in foreign service in India may, unless special arrangements as to leave have been made on his behalf by the authority sanctioning his transfer, be granted leave by his employer on such conditions as the employer may determine. The leave salary on such leave will be paid by the employer, and the leave will not be debited against the Government servant's leave account.

124. A Government servant in foreign service, if appointed to officiate in a post in Government service, will draw pay calculated on the pay of the post in Government service on which he holds a lien and that of the post in which he officiates. His pay in foreign service will not be taken into account in fixing his pay.

125. A Government servant reverts from foreign service to Government service on the date at which he takes charge of his post in Government service; provided that, if he takes leave on the conclusion of foreign service before rejoining his post, his reversion shall take effect from such date as the local Government on whose establishment he is borne may decide.

126. When a Government servant reverts from foreign service to Government service, his pay will cease to be paid by the foreign employer, and his contributions will be discontinued, with effect from the date of reversion.

127. When an addition is made to a regular establishment on the condition that its cost or a definite portion of its cost, shall be recovered from the persons for whose benefit the additional establishment is created, recoveries be made under the following rules:—

- (a) The amount to be recovered shall be the gross sanctioned cost of the service, or of the portion of the service, as the case may be, and shall not vary with the actual expenditure of any month.

## FUNDAMENTAL RULES OF

i/) The cost of the service shall include contributions at such rates as may be laid down under rule 117, and the contributions shall be calculated on the sanctioned rates of pay of the members of the establishment.

140 A local Government may reduce the amount of recoveries, or may entirely forgo them.

## CHAPTER XIII—SERVICE UNDER LOCAL FUNDS.

128. Government servants paid from local funds which are administered by Government are subject to the provisions of chapters I to XI of these rules.

*Note.*— An officer who does not hold \*substantively one of the appointments mentioned above, but who by rendering officiating service counting as effective service in one of the appointments included in the Schedule appended to Article 475<sup>A</sup> becomes eligible for an additional pension, is entitled to the benefits of this Article provided, in the case of officers who were in service on 29th August, 1910, they have definitely elected the rules referred to in the preamble of the article.

350. The Pensions of all other Officers are regulated by the rules in this Part: Provided that it is open to a Local Government to rule that the service of any class of officers serving under it does not qualify for pension.

351. Future good conduct is an implied condition of every grant of a pension. The Local Government, the Government of India, and the Secretary of State in Council, reserve to themselves the right of withholding or withdrawing a pension, or any part of it, if the pensioner be convicted of serious crime or be guilty of grave misconduct.

The decision of the Secretary of State in Council on any question of withholding or withdrawing the whole or any part of a pension under this Regulation shall be final and conclusive.

*Note.*—[This rule is applicable to all the officers enumerated in Article 349 except Judges of the High Courts, Bishops, Army Veterinary Officers of the Civil Veterinary Department and members of the Indian Civil Service appointed before 16th January, 1904.]

#### CASES IN WHICH CLAIMS ARE INADMISSIBLE.

352. In the following cases, no claim to pension is admitted:—

(1) When an Officer is appointed for a limited time only, or for a specified duty, on the completion of which he is to be discharged.

(A) When a person is employed temporarily on monthly wages without specified limit of time or duty; but a month's notice of discharge should be given to such a person, and his wages must be paid for any period by which such notice falls short of a month,

(c) When a person's whole time is not retained for the public service, but he is merely paid for work done for the State.

(1) This clause applies, among others to the following officers:—Advocate General, Solicitor to Government, Government Pleaders and Law Officers not debarred from private practice, Sheriffs in Presidency Towns, Coroners, Roman Catholic Priests.

(2) When a public servant holds some other pensionable office, he earns no pension in respect of an office of the kind mentioned in Clause (1) or in respect of duties paid for by a Local Allowance.

(e) When an Officer serves under a covenant which contains no stipulation regarding pension, unless the Government of India specially authorises an Officer to count such service towards pension.

353. No pension may be granted to an officer removed for misconduct, insolvency or inefficiency; but to officers so removed compassionate allowances may be granted by the Government of India in cases where the pay of the officer does not exceed Rs. 800 a month, or by Provincial Government in the case of officers serving under it whose pay does not exceed Rs. 500 a month, when they are deserving of special consideration; provided that, without the sanction of the Secretary of State:—

PART IV.—ORDINARY PENSIONS—*continued.*

- (i) No allowance shall be granted to an officer appointed in England, and
- (2) The allowance granted to any officer shall not exceed two-thirds of the pension which would have been admissible to him if he had retired on medical certificate.

*Note.*—[The Government of India may delegate the powers of a Provincial Government under this Article to Minor Local Governments and Heads of Departments in respect of officers whom such subordinate authorities are competent to dismiss and who are under the orders of such subordinate authorities.]

353A. When an officer, belonging to one of the following services, who is proved to be unfit for further advancement, is removed from service by the Secretary of State on the recommendation of the Local Government and the Government of India, he may, with the sanction of the Secretary of State, be granted a pension not usually exceeding, and not necessarily so great as, that which would have been admissible to the officer if he had been invalided on medical certificate. In making their recommendations in such cases, the Government of India and the Local Government will be guided by the circumstances of each case and are not debarred from proposing, if the circumstances justify it, a pension lower or (in exceptional cases) higher in amount than that which would be admissible to the officer if he was invalided on medical certificate :—

- (a) The Indian Civil Service.
- (b) The Indian Political Department.
- (c) The Indian Finance Department (General List, including the Public Works List).
- (d) The Imperial Police Service.
- (e) The Imperial Customs Service.
- (f) The Post Office of India and the Indian Telegraph Department.
- (g) The Geological Survey of India.

- (//) The Engineer establishment of the Indian Public Works and State Railway Departments.

*Note 1.*—[In the case of military officers belonging to the Indian Political Department the pension recommended will, be based on the amount of retiring pension which an officer might have earned at the time under the Army Regulations.

*Note 2.*—[In the case of officers belonging to a class which is neither wholly nor partly recruited by the Secretary of State, the removing authority will be the Government of India.]

*Note 3.*—[In the case of Royal Engineer officers of the Public Works and State Railway Departments the enforcement of the rule will take the form of requiring the officers to vacate their civil appointments and revert to military duty.]

354. *Claims of Widow.*—(a) It being the duty of every Government Officer himself to provide for his family, the Government recognises no claim by a widow on account of the services of her husband, and is almost invariably under the painful necessity of rejecting recommendations made in contravention of this rule.

(b) The submission of such recommendations, save under very extraordinary circumstances, is disapproved, as calculated only to give rise to hopes which cannot be fulfilled.

355. *Limitations.*—(a) An Officer cannot earn two pensions in the same office at the same time, or by the same continuous service.

(b) Two Officers may not simultaneously count service in respect of the same office.

356. For amendments to Rules 356, 357 see Government of India Notification, No. F-26 (4) Civil Service Regulations/24, in Gazette of India, Part I, 11th October, 1924, p. 898.

CHAPTER XVI.—CONDITIONS OF QUALIFYING SERVICE.

BEGINNING OF SERVICE.

(a) Except for compensation gratuity, an Officer's service does not in the case of superior service qualify till he has completed twenty years of age.

(b) In other cases, unless it be otherwise provided by special Rule or Contract, the service of every Officer begins when he takes charge of the office to which he is first appointed.

*Note.*—[In every covenant with an Officer appointed in England by the Secretary of State, not being a Member of the Indian Civil Service or a Civil Engineer or Telegraph Officer educated at the Royal Engineering College, Cooper's Hill, or a Forest Officer, a clause is inserted to the effect that service for leave and pension begins only from the date on which the Officer joins his first appointment in India.]

350. The following exceptions are admitted to the Twenty Years' Rule :—

- (i) All Officers appointed in England by the Secretary of State; \* Indian College Engineers<sup>1</sup> (see Article 627 (\*) >); and Police probationers appointed in India under the orders contained in the despatch of the Secretary of State No. 14 (Judicial), dated 15th March, 1894.

CONDITIONS OF QUALIFICATION.

361. The service of an Officer does not qualify for pension unless it conforms to the following three conditions :—

- First.* The service must be under Government.
- Second.* The employment must be substantive and permanent.
- Third.* The service must be paid by Government.

CHAPTER XVI.—CON DITION OF QUALIFYING SERVICES—*continued.*

The three conditions are fully explained in the following sections:—

361 A. The Government of India may, however, in the case of service paid from General Revenues, even though either or both of conditions (1) and (2) are not fulfilled—

- (1) Declare that any specified kind of service rendered in a non-gazetted capacity shall qualify for pension.
- (2) In individual cases, and subject to such conditions as it may think fit to impose in each case, allow service rendered by an Officer to count for pension.

Subject to such conditions as it may think fit to impose, the Government of India may delegate its powers under this Article to Provincial Governments, Minor Local Governments and Heads of Departments.

*Note.*—(a) Provincial Governments exercise the powers of the Government of India under clauses (1) and (2) of this Article in respect to Officers serving under them if the pension does not exceed Rs. 50 a month. In individual cases where the pension exceeds Rs. 50 a month they may allow half the actual non-qualifying service paid from General Revenues to count for pension, subject to a maximum of twelve months in all.

(b) Minor Local Governments exercise the powers of the Government of India under clause (2) of this Article in respect of Officers serving under them, if the pension does not exceed Rs. 50 a month.]

362. *First Condition.*—The service of an Officer does not qualify unless he is appointed and his duties and pay are regulated by the Government, or under conditions determined by the Government.

368. *Second Condition.*—Service does not qualify unless the Officer holds a substantive office on a permanent establishment.

369. An establishment, the duties of which are not continuous, but are limited to certain fixed periods in each year, is not a temporary establishment. Service in such an establishment, including the period during which the establishment is not employed, qualifies; but the concession of counting as service the period during which the establishment is not employed does not apply to an Officer who was not on actual duty when the establishment was discharged, after completion of its work, or to an Officer who was not on actual duty on the first day on which the establishment was again re-employed.

370. An Officer transferred from a temporary to a permanent appointment can count his service for the temporary office, if, though at first created experimentally, or temporarily, it eventually becomes permanent.

371. An Officer without a substantive appointment officiating in an office which is vacant, or the permanent incumbent of which does not draw any part of the pay or count service, may,

if he is confirmed without interruption in his service, count his officiating service.

373. The service of a probationer who holds a substantive office, and draws substantive pay, qualifies. So does that of an Officer who is on probation for a substantive office, if he is employed in a vacancy reserved for him, pending probation, and in which no other Officer simultaneously counts service.

374. Police probationers and temporary and officiating Assistant Superintendents of Police in all provinces count their service as follows:—

- (1) If recruited in England—from the date on which they report their arrival in India.
- (2) If recruited in India under the orders in Secretary of State's Despatch No. 14, dated the 15th March, 1894—from the date of assuming charge of their appointments.
- (3) If recruited in India before the date of the orders of 1894 mentioned in (2) above—from the date either of attaining the age of 20 years or of assuming charge of their appointments, whichever is later provided that the service has been continuous.

385. *Third Condition.*—Service which satisfies the conditions prescribed in Sections II. and III. qualifies, or does not qualify, according to the source from which it is paid; with reference to this Article service is classified as follows:—

- (a) Paid from the General Revenues.
- (b) Paid from Local Funds.
- (c) Paid from funds in respect to which the Government holds the position of trustee.
- (d) Paid by fees levied by law, or under the authority of the Government, or by Commission.
- (e) Vaid by the grant, in accordance with law or custom, of a tenure in land, or of any source of income, or right to collect money.

386. Service paid from the General Revenues qualifies. The fact that arrangements are made for the recovery on the part of the Government of the whole or part of the cost of an establishment or Officer, does not affect the operation of this principle: Provided that the establishment or Officer is appointed, controlled, and paid by the Government.

390. Service paid from a Local Fund qualifies, or does not qualify, according to the rules laid down in Chapter XLII.

301. *Trust Funds.*—Service paid from funds which Government holds only as a trustee, such as under a Court of Wards or in an Attached Estate, does not qualify.

392. *Fees and Commission.*—Except when fees or commission are drawn in addition to pay from the General Revenues, service in an office paid only by fees, whether levied by law or under the authority of Government, or by a commission, does not qualify.

# CIVIL SERVICE REGULATIONS.

## PART IV.—ORDINARY PENSION'S—*continued.*

### CHAPTER XVII.—RULES FOR RECKONING SERVICE.

#### SPECIAL ADDITIONS.

403. Subject to the restriction specified against the first three offices, an incumbent of one of the offices enumerated below, appointed on account of professional or other special qualifications, whose whole pensionable service has been passed in one or other of such offices, shall, if appointed at an age exceeding 25, be entitled to reckon as service qualifying for superannuation pension (but not for any other class of pension) the actual period by which his age may, at the time of appointment, have exceeded 25 years, subject to the proviso that five years shall be the maximum period which can be so added.

No Officer can claim the benefit of this Article unless his actual qualifying service at the time he quits Government service is not less than ten years.

*Note.*—(The extra years conceded under this Article count towards the limit of 28 years' qualifying service prescribed in Article 475 in the case of the Officers mentioned in the latter rule, or to whom its provisions may be specially extended.)

*Exception.*—Subsequent promotion to an appointment which is not one of the offices enumerated in this Article, but is of similar nature and carries not less, pay, does not deprive an officer of the concession prescribed above, provided that he has, when so promoted, completed not less than five years' qualifying service in one of the offices enumerated in this Article.

404. In the case of Officers who were in the Education Department on 23rd July, 1896, the following rule applies :—

For the purpose of calculating the amount of pension ordinarily admissible to an Officer, not being a Native of Asia, whose qualifying service began after 25 years of age, and whose service

for which pension is claimed amounts to not less than ten years, and has been passed wholly in one or other of the following offices, three years shall be added to the qualifying service :—

- (i) Directors of Public Instruction.
- (ii) Inspectors of Schools.
- (iii) Principals and Professors of Colleges.
- (iv) Headmasters of Colleges and High Schools.

404A. For Officers mentioned in Article 349A, the concession of adding to qualifying service ; is as follows :—

In the case of the Agriculture (Imperial), Educational (Imperial and Provincial Services), Civil Veterinary (Imperial), Factory and Boiler and Smoke Nuisances Inspection, Indian Mines, Mint and Assay, Geological Survey, and Meteorological Departments, the Provincial Judicial Services, Distillery Experts in the Salt and Excise Departments, the Legal Assistant in the Legislative Department of the Government of India Secretariat Officer of the Zoological and the Archaeological Departments, Superintendents of Provincial Government's Presses, the Assistant Solicitor to the Government of India, Commander, Chief Engineer and xst Officer of the Indo-EuVopean Telegraph Department attached to the Cableship *Patrick Stewart* and Medical Superintendent of the Indo-European Telegraph Department in the Persian Section, Presidency Magistrates, Judges of the Small Cause Court at a Presidency town and at Rangoon, City Civil Judge, Madras, Superintendent of Government Museum and Principal Librarian of the Connemara Public Library, Madras, Registrars of Joint Stock Companies for Bengal and Bombay, First and Second Assistant Secretaries to the Government of Bengal Legislative Department and Assistant Secretaries to the Bengal Legislative Council, Port Officers in Madras Presidency not belonging to the Royal Indian Manne, Deputy Superintendent and Remembrancer of Royal Affairs, Bengal, Superintendent, Government Printing, India, and Manager of Government of India Presses, the Resident Engineer, Government Dockyard, Dawbong, Rangoon, the Press and Forms Manager, Bengal, Mathematical Adviser to the Survey of India, the Sub-Divisional Magistrate and additional Magistrates, Rangoon, when recruited from the Bar, Manager and Chemist, Cordite Factory, Aruankadu, and of such other appointments as may be definitely specified in this behalf in other Departments, except those included in clause (r) of Article 474A, in which recruitment is likely to take place normally after 25 years of age, officers recruited over that age may add to their service qualifying for superannuation pension (but not for any other class of pension) the actual period not exceeding five years by which their age at recruitment exceeded 25 years. This concession will not be granted to individual Officers appointed at an age exceeding 25 years to Departments or appointments other than those included above. No officer can claim the benefit of this Article unless his actual qualifying

service at the time he quits Government service is not less than 20 years.

The provisions of this Article apply to members of the Bar directly appointed to judicial posts ordinarily reserved for members of the Indian Civil Service, but, in their case, the maximum period to be added will be ten years.

*Note.*—[The extra years conceded in this Article count towards the limit of 28 years' qualifying service prescribed in Article 475A.]

## PERIODS OF LEAVE.

407. *Superior Service.*—Except as provided in Article 408, time passed on leave other than privilege leave or subsidiary leave does not count as superior service.

408. Time passed on leave with allowances counts as service as follows :—

| If the total service of the Officer is not less than— | He counts as service out of India— | He omits as service in India— |
|---|------------------------------------|-------------------------------|
| 15 years  | 1 year                             | 1 year.                       |
| 20 "  | 2 years                            | "                             |
| 30 "  | 3 M                                | 2 years.                      |
| 35 "  | 4 "                                | "                             |
|   | 5 "                                | "                             |

*Note 1.*—[The periods in columns 2 and 3 are not cumulative, that is, an Officer may not count two years' leave in 15 years' service, or more than four years' leave in 30 years' service. The maximum amount of leave both in and out of India which may be counted is that shown in column 2.]

*Note 2.*—[Total service in this Article means total service reckoning from the date of commencement of service qualifying for pension, and includes periods of leave.]

*Notes.*—[For the purposes of this Article, Ceylon and the Straits Settlements are not held to be "out of India."]

412. *Deputation out of India.*—When an Officer is deputed out of India on duty, the whole period of his absence from India counts. When an Officer on leave out of India is employed, or is detained after the termination of his leave, on duty, the period of such employment or detention counts.

413. *Recall to duty.*—Time spent on the voyage to India by an Officer who is recalled to duty before the expiry of any recognised leave, and (if, within a year from the date on which he can be spared, the Officer takes the unexpired portion of the leave from which he was recalled) the time spent on the return voyage to Europe counts.

## SUSPENSIONS, RESIGNATIONS, BREAKS AND DEFICIENCIES IN SERVICE.

416. *Time passed under Suspension* pending inquiry into conduct counts, if the suspension is immediately followed by reinstatement, but time passed under suspension adjudged as a specific penalty does not count.

417. *Resignations and Dismissals.*—(a) Resignation from the Indian service, or removal from it for misconduct, insolvency, inefficiency not due

to age, or failure to pass a prescribed examination, entails forfeiture of past service (see also Appendix No. 7).

(6) Resignation of an appointment to take up another appointment, service in which counts, is not a resignation of the public service.

419. Any authority who, on revision or appeal, reverses an order dismissing an Officer, may declare that the Officer's past service counts.

420. An *interruption* in the service of an Officer entails forfeiture of his past service, except in the following cases :—

(a) Authorised Leave of Absence.

(b) Unauthorised absence in continuation of authorised leave of absence, so long as the office of the absentee is not substantively filled; if his office is substantively filled, the past service of the absentee is forfeited.

(c) Suspension immediately followed by reinstatement, which need not be to the same office.

(d) Abolition of office or loss of appointment owing to reduction of establishment.

(e) Transfer to non-qualifying service in an establishment under Government control. The transfer must be made by competent authority; an Officer who voluntarily resigns qualifying service, cannot claim the benefit of this exception. Transfer to a grant-in-aid school entails forfeiture.

(f) Transfer to service on the household establishment of the Viceroy.

(g) Time occupied in transit from one appointment to another, provided that the Officer is transferred under the orders of competent authority, or, if he is a non-gazetted Officer, with the consent of the head of his old office.

421. The authority who sanctions the pension may commute retrospectively periods of absence without leave into leave without allowances.

422. *Condonation of Interruptions and Deficiencies.*—Upon such conditions as it may think fit, in each case, to impose, the authority competent to fill the appointment held by an Officer at the time condonation is applied for, were he to vacate that appointment.

*Note.*—[The powers under this Article shall be exercised subject to any rules which the Government of India may deem fit to prescribe.]

423. (1) Upon, any conditions\* which it may think fit to impose, the authority competent to sanction the pension of an Officer may condone a deficiency of three months in his qualifying service.

(3) The Government of India and Provincial Governments may similarly condone a deficiency not exceeding twelve months.

(j) If an Officer claiming Superior service has also rendered Inferior service, the Government of India, or the Provincial Government under whom he is serving, may condone a deficiency in his qualifying service for pension on the superior scale not exceeding one-half his Inferior service, subject to a maximum of twelve months in all.

PART IV.—ORDINARY PENSIONS—*continued.*

## CHAPTER XVIII.—CONDITIONS OF GRANT OF PENSION.

## CLASSIFICATION OF PENSIONS.

424. Pensions for • Superior Service • divided into four classes, the rules for which are prescribed in the following sections of this chapter :—

- (a) Compensation Pensions—*see* Section 11.
- (b) Invalid Pensions—*see* Section III.
- (c) Superannuation Pensions—*see* Section IV.
- (d) Retiring Pensions—*see* Section V.

## COMPENSATION PENSION.

426. A Compensation Pension is awarded to an Officer discharged from the public service because, on a reduction of establishment, his appointment is abolished, and other suitable employment cannot be found for him. An appointment, the pay of which is reduced as part of a general scheme of revision, is abolished within the meaning of this Article.

427. To pension an Officer still capable of useful service is a waste of public money; before a pension is granted to such an Officer discharged on abolition of appointment, it must be carefully considered whether he cannot be otherwise provided for.

## INVALID PENSION.

441. An Invalid pension is awarded, on his retirement from the public service, to an Officer who by bodily or mental infirmity is permanently incapacitated for the public service, or for the particular branch of it to which he belongs.

442. *Rules regarding Medical Certificates.*—If an Officer applying for an Invalid pension is sixty years old or upwards, no certificate by a Medical Officer is necessary; it suffices for the head of the office to certify to the incapacity of the applicant. Otherwise incapacity for service must be established by a Medical Certificate.

444. A simple certificate that inefficiency is due to old age or natural decay from advancing years is not sufficient in the case of an Officer whose recorded age is less than fifty-five years, but a medical officer is at liberty, when certifying that the Officer is incapacitated for further service by general debility, to state his reasons for believing the age to be understated.

445. *Form of Medical Certificate in England.*—The form of the medical certificate given by the Medical Board attached to the India Office, respecting an Officer applying for pension in England, is as follows :—

We have carefully examined Mr. *h* Taking into account all the facts of the *case* as well as his present condition, we consider that he is incapable of discharging the duties of his situation, and that such incapability is likely to be permanent. We therefore recommend that he be permitted to retire from the service of Government on the pension or gratuity for which he may be eligible.

452. *Restrictions.*—An Officer discharged on other grounds has no claim under Article 441, even although he can produce medical evidence of incapacity for service.

454. If the incapacity is the result of irregular or intemperate habits, no pension can be granted.

455. *Applicant to be Discharged.*—An Officer who has submitted under Article 442 a Medical Certificate of incapacity for further service, must not (except for special reasons to be reported to the Local Government) be retained in active service pending a decision on his application for pension, nor can he obtain leave of absence, except subsidiary leave preparatory to retirement. Without the further special orders of the authority which has power to sanction the pension, service after the date of such Medical Certificate does not count for, pension.

456. The object of Article 455 is to discourage tentative applications.

457. Article 455 refers only to the retention\*in active service of an Officer who has furnished a medical certificate in support of an application for invalid pension or gratuity while in India. The retirement of an Officer who is absent on leave other than Privilege Leave, when such certificate is submitted, may have effect from the termination of his leave, and the Officer may continue to draw leave allowance to the end of his leave.

## SUPERANNUATION PENSION.

458. A Superannuation Pension is granted to an Officer in Superior service entitled or compelled, by Rule, to retire at a particular age.

459. (a) Ministerial Officers who have attained the age of fifty-five may be required to retire, but should ordinarily be retained in service so long as they remain efficient, until they come under the provisions of clause (e).

(6) Officers, other than Ministerial, who have attained the age of fifty-five, should ordinarily be required to retire, and should not be retained in service except where unquestionable public grounds for retention exist, and there is no doubt as to the physical fitness of the officer.

(c) Each Officer's case should be taken up when he is approaching the age of fifty-five and before the expiry of each extension of service. Extensions may not be granted for any period exceeding one year at one time.

(d) The powers given by the preceding clauses may be exercised by the authority competent to fill the appointment (if vacant) of the officer who is required to retire or retained in service.

(e) An Officer who has attained the age of sixty cannot be retained in the service of Government save in very exceptional circumstances, and with the sanction of the Local Government.

(f) No claim to compensation from an Officer who is required to retire under the provisions of this Article will be entertained.

*Note*— [The provisions of this Article do not apply to Officers referred to in the note under Article 550.]

464. *Optional Retirement at Fifty-five.*—An Officer in Superior Service, who has attained the age of fifty-five years, may, at his option, retire on a Superannuation pension.

CHAPTER XVIII.—CONDITIONS OF GRANT OF PENSION—*continued.*

## RETIRING PENSION.

465. A Retiring Pension is granted to an Officer who is permitted to retire after completing *qualificat*; superior service for thirty years, or such less time as may for any special class of officers be prescribed.

465A.—For Officers mentioned in Article 349A, the rule for the grant of retiring pension is as follows :—

(D) An Officer is entitled, on his resignation being accepted, to a retiring pension after completing qualifying service of not less than 2s years or, in the case of Imperial Officers of the Forest, Geological Survey, Public Works, Railway, and Telegraph Departments and any others who would be covered by Article 635 of the Civil Service Regulations, not less than twenty years.

(E) A retiring pension is also granted to an Officer who is required by Government to retire after completing twenty-five years' service or more.

*Note 1.*—Government retains an absolute right to retire any Officer after he has completed twenty-five years' service without giving any reasons and no claim to special compensation on this account will be entertained. This right

will not be exercised except when it is in the public interest to dispense with the further services of an Officer.

*Note 2.*—In the case of an Officer who was in the service on or before the 15th November 1919, and who fulfils the conditions of Clause (1) of this Article, acceptance of his resignation will in no circumstances be deferred beyond 1 period of six months from the date on which his application to resign was submitted.

467. An Officer holding two or more separate appointments may not, save with the express sanction of the Government of India, in the Finance Department or, if pensions are a provincial charge, of the Provincial Government resign one or more of such appointments on pension, without retiring from the Public Service altogether. There is no objection to his being relieved from one or more of such appointment at any time, without being compelled to leave the service altogether, but in such case any pension admissible to him for service in the office or offices from which he is relieved will be deferred until he finally retires.

*Note.*—[The Government of India may delegate its power under this Article to Minor Local Governments and Heads of Departments. Provincial Government also may delegate its power to Heads of Departments.]

## CHAPTER XIX.—AMOUNT OF PENSIONS.\*

## GENERAL RULES.

468. The amount of pension that may be granted is determined by length of service, as set forth in Articles 474 to 485. Fractions of a year are not taken into account in the calculation of any pension admissible to an Officer under this part of these regulations.

469. *Currency.*—A pension is fixed in rupees, and not in sterling money, even though it is to be paid in England.

470. (a) The full pension admissible under the Rules is not to be given as a matter of course, or unless the service rendered has been really approved.

(b) If the service has not been thoroughly satisfactory, the authority sanctioning the pension should make such reduction in the amount as it thinks proper.

471. *Limitations.*—An Officer entitled to pension may not take a gratuity instead of pension.

473. An Officer, not being a Military Officer, or a Member of the Indian Civil Service, transferred to service under a Colonial government, on final retirement from the Colonial service on pension or compensation allowance receives, from Indian Revenues, for each completed year of qualifying and uninterrupted service in India, a pension of one-sixtieth of

his average emoluments at the time of his transfer, such average emoluments to be calculated for the last three years, or, if the whole service in India is less than three years for the whole period of service. The pension is subject to a maximum limit of Rs. 2,000 a year for an Indian service not exceeding ten years, and Rs. 4,000 a year in any other case.

*Note.*—[The sanction of the Government of India is required to the transfer of an Officer to any service of the description mentioned in this article.]

## AMOUNT OF SUPERIOR PENSION.

474. The amount of a pension is regulated as follows :—

(a) After a service of less than ten years, a gratuity not exceeding (except in special cases and under the orders of the Government of India, up to a maximum of six months' emoluments) one month's emoluments for each completed year of service. If the emoluments of the Officer have been reduced during the last three years of his service otherwise than as a penalty, average emoluments may, at the discretion of the authority which has power to sanction the gratuity, be substituted for emoluments.

PART IV.—ORDINARY PENSIONS—continued.

(6) After a service of not less than ten years a pension not exceeding the following amounts :—

| Years of completed service. | Scale of Pension                    | Maximum limit of Pension, a year or a month |
|-----------------------------|-------------------------------------|---|

*Note 3.*—[In the event of a case arising which appears not to be covered by the foregoing rules, reference must be made to the Secretary of State.]

*Note 4.*—[On warrants issued to persons drawing pensions stated in rupees it should be noted whether payment is subject to the minimum rate of is. *gd.* the rupee.]

Q35. The rule in Article 934 applies to an Officer under covenant who is entitled by his covenant to pension: the covenanted rate of exchange for his pay and allowances does not, unless it is expressly so stated, apply to his pension.

Ordinarily, he must attend at the India Office for examination by the Board, but, in special cases, particularly if he be residing at a distance of more than 60 miles from London, a certificate from two medical practitioners, in a form to be obtained from the High Commissioner for India, may be accepted. On the required evidence of fitness being furnished, the Judge will receive from the High Commissioner permission to return to India. The authority granting the leave may require a similar certificate in the case of any Judge who takes leave in any locality for reasons of health, even though such leave is not actually granted on a medical certificate.

13. Furlough taken in India shall be reckoned from the date on which the Judge quits\* his office to the date of his resuming duty. Furlough taken out of India shall be reckoned from the date of embarkation at the port of departure from India to the date of debarkation on return to India, except in a case falling under Rule 17.

14. If Furlough be taken partly in India and partly out of India, the commencement and termination of the Furlough shall be respectively determined under the provisions of Rule 13, according as the Furlough begins or ends in or out of India.

The monthly amount, if any, subscribed shall be a sum expressed in whole rupees and not exceeding half the amount which the subscriber was subscribing under rule 7 prior to being placed under suspension. In case, however, the subscriber is allowed full pay for the period of suspension, the maximum amount of subscription permissible shall be the amount which he was subscribing prior to being placed under suspension.

(b) In the case of a month spent partly on duty and partly on suspension followed by reinstatement, the amount subscribed shall be calculated proportionately in the manner indicated in rule 8 (b).

## REALISATION OF SUBSCRIPTIONS.

9. Subscriptions will be recovered by deduction from pay-bills, but they may be made by remittance in cash to the Audit Office when an officer is in foreign service, or is on leave and draws his leave-salary from a Colonial Treasury.

When a subscriber draws his leave-salary from the Home Treasury of the Government of India, his subscriptions may be paid by deductions from leave-salary, the remittances to India being effected by means of the remittance account between England and India, and the credit to the officer's account in the Fund in respect of such remittances being given at the current rate for remittance through Government.

A subscriber who will draw his leave-salary through the Home Treasury of the Government of India, and who desires to subscribe during leave must notify his intention beforehand in order to allow of the deductions from his leave-salary being noted in his leave and pay certificate.

A subscriber who fails to notify his intention to

continue to subscribe when proceeding on leave, can subsequently pay his subscription in cash.

## WITHDRAWALS ON RETIREMENT.

10. The amount which accumulates to the credit of a subscriber in permanent employ will, when he quits the service, become his property and be handed over to him, unless the Account Officer has received notice of an attachment, assignment, or encumbrance affecting the disposal of the amount or any portion of it.

Should such notice have been received, the Account Officer will hand over to the subscriber only that portion of the amount which is not affected by the attachment, assignment, or encumbrance, and shall obtain the orders of the Government of India in the Finance Department, as Administrator of the Fund, regarding the disposal of the balance. A subscriber holding a temporary appointment may, subject to the same condition\*, either withdraw the amount on the termination of his appointment, or leave it in the fund, to be withdrawn at the time he finally quits the service.

## DISPOSAL ON SUBSCRIBER'S DEATH.

11. Each subscriber will, as soon after he joins the fund as possible, be called upon by the Account Officer to furnish a "Form of Declaration" showing how he wishes the amount of his accumulations to be disposed of on his death. A specimen of this form will be found at the end of these rules.

12. For the purposes of these rules, only the following survivors of a subscriber shall be held to constitute his family:—

- (i) widow or widows;
- (ii) children;
- (iii) widow or widows, and children of a deceased son.

An adopted child shall be considered to be a child within the meaning of this rule, when, under the personal law of the subscriber, adoption is legally recognised as conferring the status of a natural child, but in this case only.

If doubts arise in an individual case the Account Officer concerned will refer the matter to the Legal Remembrancer to the Local Government (or corresponding officer) and his opinion shall be final for the purposes of these rules. A declaration in favour of an adopted child is made at the subscriber's risk and can be challenged at any time.

For full particulars regarding disposal of balances on deaths of subscribers see articles 13, 14, 15 and 16 of the rules.

17. (1) Government will not be bound by, or recognise, any assignment or encumbrance executed or attempted to be created which affects the disposal of the accumulations of a subscriber who dies before retirement. (2) The accumulations of the subscriber are not liable to forfeiture on dismissal or on conviction by a Criminal Court except for an offence for which the penalty of forfeiture of the offender's property is prescribed by law.

19. Ordinarily, subscribers should make their own arrangements at retirement to draw in India their accumulations in the Fund. Where, however, a subscriber, whether gazetted or non-gazetted, retires in England, the Account Officer on receiving due intimation of the retire-

ment, shall purchase sterling bills equivalent to the amount to be handed over to him and send the bills to the subscriber in England. Any further subscription paid by the subscriber in England, of which intimation is subsequently received by the Account Officer, shall be similarly remitted after the subscriber's account has been finally made up under rule 25. Where the beneficiaries of a deceased subscriber [as determined by rule 15] are resident in England, the Account Officer in a similar manner, on receipt of due intimation, shall forward the amount payable to them by sterling bills.

Officers proceeding on furlough preparatory to retirement under a superannuation rule may be permitted to draw the deposits at their credit at any time between the date of their proceeding on leave and the date of retirement.

#### ADVANCES FOR SPECIAL PURPOSES.

20. (1) No final withdrawal will be allowed until the subscriber is quitting the service or dies. But when the pecuniary circumstances of a subscriber are such that the indulgence is absolutely necessary, a temporary advance not ordinarily exceeding three months' pay may be allowed from the sum at his credit at the discretion of the sanctioning authority, who shall be—

- (i) the Local Government, for subscribers who are gazetted officers; or such heads of departments as the Government of India or the Local Government, as the case may be, may authorise in this behalf from time to time;
- (ii) the head of the Department, for subscribers who are non-gazetted officers in receipt of Rs. '150 *per mensem* or over;
- (iii) the head of the office, for other officers.

(2) The following are cited as examples of occasions on which the grant of advances may be considered, provided the circumstances are exceptional:—

- (a) to pay expenses incurred in connection with the illness of a subscriber or a member of his family;
- (b) to pay for the passage over the sea of a subscriber or any member of his family;
- (c) to pay expenses in connection with marriages, funerals, or ceremonies which by the religion of the subscriber it is incumbent upon him to perform and in connection with which it is obligatory that expenditure should be incurred.

(3) When one or more advances have already been granted to a subscriber, a subsequent advance shall not be granted to him, except for strong reasons to be recorded in writing by the sanctioning authority, until at least 12 months have elapsed since the complete repayment of the last advance taken. The account officer should bring to notice instances in which the spirit of this instruction appears to be disregarded.

(4) (a) Advances will be recovered at the discretion of the sanctioning authority, in not less than twelve instalments or more than twenty-four. A subscriber may, however, at his option make repayment in less than 12 instalments or may repay two or more instalments at the same time.

(6) In determining the advance to be sanctioned, due regard should be paid to the amount of subscriptions lying to the credit of the subscriber. The amount of the advance should be a sum expressed in whole rupees and ordinarily the monthly instalments should also be in whole rupees, the advance applied for being raised or reduced, if necessary, to enable instalments to be thus fixed.

(c) Recoveries will be made monthly, commencing from the first payment of a full month's pay after the advance is granted, but no recovery will be made from a subscriber while he is on leave of any kind. Recovery may also be postponed while an advance of pay granted to him on transfer or under Article 64 (a) of the Civil Service Regulations is being recovered.

(c) When two or more advances are made, each advance should be treated separately, and the monthly deduction of not less than one twenty-fourth of each advance should be made until that advance is cleared.

(\*) The instalments will be paid by compulsory deductions from pay, and will be in addition to the usual subscription.

21 & 21a. Subscriptions to a recognised family pension fund or payments towards a policy of insurance may, at the option of subscribers, be substituted for subscriptions to the General Provident Fund, subject to certain conditions.

#### RESERVATION OF POWER TO GOVERNMENT TO ALTER RULES.

22. The Government reserve to themselves the power to amend or alter the rules as may be required.

## THE INDIAN CIVIL SERVICE FAMILY PENSION REGULATIONS.

The following regulations are designed to secure suitable provision for the widows and orphans of members of the Covenanted Indian Civil Service not being subscribers to the Bengal, Madras, or Bombay Civil Funds.

The Secretary of State for India in Council reserves to himself the absolute right to regulate from time to time the contributions to be required from Civil Servants under these regulations, and to make any alterations in the regulations themselves that may appear to him equitable: provided always, that the scale of pensions fixed thereby shall not be reduced in the case of actual incumbents. The Secretary of State in Council will endeavour to adjust the contributions to be levied from members exactlj^o that they shall neither be too large nor too small to supply the pensions provided by these Regulations. But if it should appear on experience that they ha've

When fixed too low, the Government will not require any supplementary retrospective payment and if they are found to have been fixed too high, no claim to refund will be admitted.

No insurance fund is established by these regulations. The contributions will be credited against the pensions charged directly to Indian revenues as civil receipts and charges. But in order to adjust the rates of contribution from time to time to what is necessary to supply the pensions provided by these regulations and no more, a separate *pro forma* account will be kept of the contributions levied and all payments made under these regulations, and of the interest which would have been allowed upon such contributions if a mutual insurance fund had actually been established.

In accordance with the principle announced in this notification, that the Government does not intend that the pensions provided by these regulations shall bring any charge on Indian revenues in excess of the amount specially sanctioned in aid of the pensions and for the cost of management the rate of interest to be allowed in this *pro forma* account, will be the rate which may be fixed from time to time by the Secretary of State in Council, upon a consideration of the market rates of the day. Conversion of sterling into rupees and of rupees into sterling in transactions under these regulations and in the *pro forma* account shall be made at the market rate of exchange except where otherwise indicated in Regulations.

All needful statistics of ages, births, marriages, and deaths, will be carefully registered, and these statistics, with the *pro forma* accounts, will be submitted at such periods as may be determined by the Secretary of State in Council to such actuary or actuaries as he may select with instructions to investigate and ascertain whether the rates of contribution are such as will at the rate of interest then to be reconsidered and refixed, supply the pensions payable under these regulations, and no more. The expense of such actuarial enquiries and reports shall be borne by the State.

Upon the report of the actuary or actuaries the Secretary of State in Council will order any necessary alterations in the rates of contribution.

The report of the actuary or actuaries, with the orders of the Secretary of State in Council thereupon, shall be published in the *Gazette of India*, and no alteration ordered in the rates of contribution will take effect before the beginning of the month following the date of such publication. No retrospective adjustments will be made.

The benefits provided at the cost of the State are shown in the regulations; but should it at any time appear from a valuation that the aggregate liabilities on account of those benefits, when the pension list shall have reached a normal state, will exceed £35,000 per annum, they will be subject to such reduction as may be necessary to restrict the assistance to £35,000 per annum, but the reduction shall in no case affect the benefits payable to incumbent annuitants.

The pensions of motherless orphans at all ages are made up by the Government to £100 a year. An orphan in receipt of pension who becomes motherless is entitled to the increased rate with effect from the day following that of the mother's death.

On marriage, daughters are granted a donation of £250, provided by the Government.

All pensions payable in respect of the period 1st January, 1920, to 30th June, 1925, are subject to a temporary increase of 25 per cent. ; this increase having been granted on the distinct understanding that it will not necessarily be continued beyond the latter date. This temporary increase does not apply to the donations payable to daughters on marriage.

5. The pension of a minor orphan will be paid to his or her mother, or other duly appointed or recognized guardian.

*Contributions,*

6. The contributions for pensions under these regulations, and the pensions of widows will be regulated by the class of the contributing member. A member cannot secure a higher pension for his widow by contributing as if he belonged to a higher class.

7. Contributions will be deducted from pay at the time of issue.

8. The circumstance that a member is not in receipt of pay does not relieve him from the necessity of paying his contributions.

9. Donations and disparity fines may be paid in one sum, or in twelve equal monthly instalments. If paid in instalments, interest on the unpaid portion will be levied at the rate of 5 per cent. per annum. The balance of any contribution due at a member's death will be covered rateably, without further interest, from the pensions of his widow and orphans in four quarterly instalments.

10. The following are the rates of donations, disparity fines, and monthly contributions prescribed for the present:—

\* The pensions of sons admitted to pension with effect from a date prior to 1st April, 1914, continue till the age of 21 only (vide Article 10).

## NATURE OF THE FUND.

3. The Fund shall be administered by the Governor-General in Council. It shall be open only to members of the Indian Civil Service, and shall be maintained in two branches, namely, a rupee branch located in India and a sterling branch located in London.

4. To each officer's account in the Fund shall be credited—

(a) All contributions of 4 per cent, of his pay and other specified allowances, made and funded for his benefit, between the 1st April, 1919, and the date on which these rules come into force.

(b) Interest on such contributions, calculated by the method, and at the rate, prescribed in Rule 12.

(c) All contributions made by the officer under these rules, together with interest on such contributions calculated as prescribed in Rule 12.

## CONDITIONS AND RATES OF CONTRIBUTION.

5. Every member of the Indian Civil Service shall contribute to the Fund not less than 4 nor more than 121 per cent, of all emoluments drawn by him after these rules come into force :

Provided that—

(1) contribution shall be optional for members of the Executive Council of the Governor-General or of a Governor;

(2) contribution on account of leave-salary drawn during leave preliminary to retirement shall be optional; but an officer who, after electing not to contribute during a period of such leave subsequently returns to duty, shall contribute at the rate of 4 per cent, on all leave-salary drawn during the leave; and

(3) contribution shall be optional on account of subsistence grant, leave-salary equal to subsistence grant, or minimum leave-salary.

6. The amount to be contributed by each officer shall be fixed by the officer himself, subject to the provisions of Rules 5, 7, 8 and 9 and to the following general conditions :—

(1) The amount shall be fixed in rupees if the officer's emoluments at the time of payment are drawn in rupees, and in sterling if his emoluments are drawn in sterling.

(2) If fixed in rupees, the amount shall be a number of complete rupees, and if fixed in sterling a number of complete shillings.

(3) If the amount fixed by an officer is, in relation to the emoluments on account of which it is contributed, either below the minimum or above the maximum percentage prescribed by Rule 5, the Account Officer shall presume that the contributor's intention was to contribute the minimum or the maximum, as the case may be, rounded off to the nearest rupee or shilling, and shall intimate to the contributor the amount to be paid by, or refunded to, him accordingly.

7. When any emoluments other than leave-salary are drawn from a Government treasury in India, the contribution on account of such emoluments shall be such amount as may be deducted by the officer on this account from the bill on which the emoluments are drawn.

8. When an officer is :—

(a) transferred to foreign service in which he will not be drawing his pay from a Government treasury in India, or

(b) sent on deputation out of India,

he shall, before proceeding to join his new duty, intimate to the Account Officer the amount of his emoluments while on such foreign service or deputation, and the amount of the monthly contribution which he desires to make on account of those emoluments. When the amount of his emoluments is changed during the foreign service or deputation, the officer may intimate to the Account Officer

a change in the amount of his contribution, and he shall intimate such a change when the existing amount falls, in relation to the changed emoluments, outside the limits prescribed by Rule 5.

9. The amount of contribution on account of leave-salary shall be fixed by the following method:—

- (a) Before departure on leave, every officer shall intimate to the Account Officer in India the amount which he desires to contribute monthly during his leave. He shall also intimate whether he wishes to contribute in the event of his drawing subsistence grant, leave-salary equal to subsistence grant, or minimum leave-salary. The amount in each case shall be a fixed percentage of the emoluments admissible to him during his leave. These particulars shall be entered in the officer's leave-salary certificate.
- (b) An intimation thus made to the Account Officer shall be final, and no alteration of the percentage fixed shall be permitted during the course of the leave.
- (c) If no intimation under this rule is made before an officer goes on leave, contribution shall be deducted throughout his leave at the rate of 4 per cent, of his leave-salary.

#### REALISATION OF CONTRIBUTIONS.

10.—(f) When emoluments are drawn from a Government treasury in India, or from the home or a colonial treasury, contributions on account of those emoluments shall be recovered by deduction from the emoluments themselves.

(6) When emoluments are drawn from any other source, contributions shall be paid by remittance in cash to the Account Officer.

11. Contributions fixed in rupees shall be credited to the rupee branch and contributions fixed in sterling to the sterling branch of the Fund.

#### INTEREST ON CONTRIBUTIONS.

12. Interest at the rate for the time being allowed on contributions to the General Provident Fund shall be credited by Government, as from the 31st March of each year, to the account of each contributor to the Fund, subject to the following conditions:—

- (1) Interest for 12 months shall be credited on the amount at the credit of the officer on the 31st March of the preceding year, less any advance taken during the year.
- (2) Interest shall be credited for each month of the year upon the sum by which the minimum amount at the credit of the officer, between the close of the fourth day and the end of the month, exceeded the amount on which interest is credited under condition (1) of this rule. For the

purpose of this rule a contribution paid by deduction from emoluments shall be treated as having been deposited in the Fund on the first day of the month in which payment is actually made.

- (3) Before the amount at an officer's credit in the Fund is finally paid under Rule 18 his account shall be credited with interest up to the end of the month preceding that in which the payment is made, or up to the end of the sixth month after the end of the month in which he quitted the service or died, whichever of these periods be less.
- (4) Before any reduction is made in the rate of interest allowed, in conformity with a reduction in the rate allowed on contributions to the General Provident Fund, six months' notice shall be given to all contributors.

#### ADVANCES FROM THE FUND.

13.—(1) The local Government or, in the case of an officer serving under the Government of India, the Governor-General in Council, may sanction the payment to any contributor of an advance, consisting of a sum of whole rupees and ordinarily not exceeding in amount three months' pay, from the sum standing to his credit in the rupee branch of the Fund.

(2) An advance shall not be granted under this rule to any contributor until at least 12 months has elapsed from the date of repayment of the last instalment of any previous advance, unless the Governor-General in Council, or the local Government, as the case may be, considers, for reasons which shall be recorded in writing, that this restriction may be relaxed.

14.—(n) An advance shall be recovered in such number of equal monthly instalments, not being less than 12 or more than 24, as the sanctioning authority may prescribe. A contributor may, however, at his option, make repayment in a smaller number of instalments than that prescribed. Each instalment shall be a number of Complete rupees, the amount of the advance being raised or reduced, if necessary, to admit of the fixation of such instalment.\*

(6) Recovery shall be made in the manner provided by Rule 10 for the realisation of contributions, and shall commence on the first occasion after the advance is made on which the officer draws pay for a full month. It shall not be made while the officer is on leave or in receipt of subsistence grant, and it may be postponed by the sanctioning authority during the recovery of an advance granted to the officer otherwise than from the Fund.

(c) If any any time, under the provision\* of Rule 13 (2); an advance has been made to an officer before one previously made has been completely repaid, each advance shall be treated separately for purposes of recovery.

(d) When an advance is repayable in 12 instalments, an additional instalment equivalent to that percentage of the advance which

is prescribed for corresponding recoveries under the rules of the General Provident Fund shall be paid as interest in the month following that in which the 12th instalment is repayable. Similarly, when the advance is repayable in more than 12 instalments, an additional instalment of twice the percentage of the advance specified above shall be paid as interest. Such additional instalments shall be rounded off to the nearest rupee.

(e) Recoveries made in accordance with this rule shall be credited, as they are made, to the officer's account in the \* Fund; the date of credit being determined, for the purpose of calculating interest, by the procedure prescribed in Rule 12 (2).

#### INSURANCE POLICIES.

15. Payments towards a policy of insurance of any description on the contributor's own life may, at the option of a contributor, be substituted for contributions to the Fund, subject to the following conditions:—

- (1) If the payments substituted be less than the minimum contribution required by Rule 5, the deficiency shall be paid by the contributor as a contribution to the Fund.
- (2) Government will not make any payments to insurance companies on behalf of contributors, nor will they take steps to keep the policy alive. If a contributor records on his pay bill that he is making payments to an insurance company, the Account Officer shall recover the deficiency, if any, due under sub-clause (1) above, and demand periodically to see the receipts or certified copies of the receipts showing that such payments have been made. Failing the production of such receipts he shall make the necessary deductions from the contributor's emoluments and pay them to his credit in the Fund. Should a contributor prefer, he may make the usual deduction from his pay bills for credit to the Fund and arrange with the Account Officer to draw from the Fund as required the sums necessary to pay premia. Any sums already at credit of the contributor in the rupee branch of the Fund may be withdrawn for such payments. Such withdrawals shall be treated as advances for the purpose of Rule 12 (1) only, and not for the purpose of Rules 13 and 14.
- (4) If any policy lapses or matures, the contributor shall pay to the Fund the amount of premia paid with interest thereon or the sum realised as the case may be.

#### FINAL WITHDRAWAL OF ACCUMULATIONS IN THE FUND.

16. The amount accumulated in the Fund to the credit of a contributor shall be his property, tunded for his benefit, and shall not be liable

to forfeiture in the event of his dismissal from the service or of his quitting it before he becomes entitled to annuity.

17. It shall not be permissible to withdraw a contributor's property in the Fund until he finally quits the service or dies.

Provided that a contributor who<sup>1</sup> has been granted leave preliminary to retirement, or who, while on leave, is either permitted to retire or is declared by a medical board to be unfit for further service, may withdraw the amount standing at his credit at any time between the commencement of the leave, or the date of such permission, or of such declaration, as the case may be, and the date of actual retirement.

18. Sums finally withdrawn from the Fund shall be paid in rupees or in sterling according as they are held in the rupee or the sterling branch of the Fund, and shall be payable in accordance with the following provisions:—

- (1) The local Government shall, on the application of the contributor, direct the Account Officer to pay the amount at the contributor's credit, and such amount shall thereupon be paid in full unless the Account Officer shall have received notice of any attachment, assignment or encumbrance affecting the disposal of the amount or of any portion of it; in which case he shall pay to the contributor such portion only of the amount as is not affected by the attachment, assignment, or encumbrance, and shall obtain the orders of the local Government as to the disposal of the balance.
- (2) If a contributor dies, the Account Officer shall take steps, in consultation, if necessary, with the local Government under which the contributor was serving, to ascertain the person legally entitled to receive the amount at the contributor's credit, and shall pay the amount to that person. Where the contributor has died leaving a widow or children, then, unless the Account Officer has received from him a direction to the contrary in writing, Rs. 5,000 of the sum standing to the credit of the contributor at the time of his decease, or the whole of such sum if it be less than Rs. 5,000, shall be payable to the widow, or, if there be no widow, to the children, or to such person as may be authorised by law to receive payment on behalf of the widow or the children, as the case may be.
- (3) If a person to whom an amount is payable under clause (1) or clause (2) is not in India when withdrawal is made, the Account Officer shall, at the option of such person, to be intimated in writing, either pay the amount in the rupee branch into such bank in India as such person may designate, or purchase sterling bills with that amount and forward them

#### Examination for Promotion.

Officers of the Indian Army in military employ are required to pass an examination in the rank of Lieutenant for promotion to Captain, and again in the rank of Captain for promotion to Major. The tests are similar to those enjoined for Officers of the British Service, varied as may be necessary to suit the requirements of India.

The Staff College certificate exempts an officer from certain examinations.

Officers are not appointed to the command of regiments until they have obtained a satisfactory report after a course at a senior officers' school.

The rates of leave pay for officers holding command, staff and administrative appointments are as follows:—

|  | £     | s. | d. |
|--|-------|----|----|
| Colonel-Commandant or Colonel<br>on the Staff . . . . .                                    | 1,100 | 0  | 0  |

Furlough in India on private affairs is limited to six months, exclusive of privilege leave, in the case of all officers. In no case, however, will combined leave in India exceed eight months.

Leave, either in or out of India, may be on private affairs or medical certificate, and may in either case be combined with privilege leave due.

No extension of leave involving absence from duty for more than two years, whether taken in or out of India, can be granted except on specially urgent grounds and without pay.

An officer who is prevented by ill-health from returning to duty within the maximum period of two years\* absence, will, unless he is specially granted an extension of leave without pay, be placed on the temporary non-effective or the retired list, as the circumstances of the case may require. An officer will also be liable to be placed on the temporary non-effective list or the retired list should his health require an undue amount of leave, whether in or out of India. This power will be exercised by the Government of India, at the instance of the authority empowered to sanction the leave, if the officer be in India, or, if he be at home, by the Secretary of State in Council.

All leave, in or out of India, counts as service for pension.

Leave, whether in or out of India, does not involve forfeiture of appointment, and may be granted at any time, but solely at the discretion of the sanctioning authority, and

\* In addition to pay of rank.

† Unless otherwise provided for in virtue of his appointment.

subject to the conditions laid down in para. 796 *ct seq.* Army Regulations, India, Vol. II.

An officer on leave, whether in India or out of India, will be required to rejoin at once on being recalled to duty, unless certified by a Medical Board as unfit to do so.

These rules do not apply to—

Officers in permanent civil employ.

Officers commanding divisions or brigades or holding other appointments which are governed by special regulations in regard to leave of absence.

Officers holding staff\* and administrative appointments of limited tenure are eligible for privilege leave under the ordinary rules. They may, in addition, during their tenure, avail themselves of eight months' furlough in not more than two instalments. The furlough may be combined with privilege leave, but not more than eight months' combined leave is admissible during the tenure of an appointment.

Continuous absence from duty in excess of eight months will involve the vacation of an appointment.

INDIAN MEDICAL SERVICE.

The above leave rules apply to officers of the Indian Medical Service in military employ, with

the following modification in regard to the rates of pay whilst on leave out of India :—

UNEMPLOYED PAY.

Officers of the Indian Army vacating their appointments, either by the expiration of the prescribed period of tenure or by attaining the age for vacation, will be granted unemployed pay until retirement or further employment as follows :—

*Out of India.*—Officers up to and including the rank of Lieutenant-Colonel will receive the rate of half-pay laid down for British Service Officers in the Royal Warrant, as shown below, but an Indian allowance equal to the Indian element in the pension for which the officer has qualified at the time he becomes unemployed is issuable with the half-pay, except when the special rate of full pay for the first six months of unemployment is issuable to a Lieutenant-Colonel. The special rate for the first six months in the case of a Lieutenant-Colonel will only be issuable to an officer of that rank who has held command of an Indian regimental unit, or an equivalent appointment, for a period of four years.

*Note.*—Colonels who vacate command of an Indian Regimental unit after four years' full-pay service in that appointment will come under the above rule so far as their unemployed pay for the first six months of unemployment is concerned.

A Colonel, except those who become unemployed on vacating command of an Indian unit as provided in the preceding paragraph, will receive the half-pay of rank of a British Service officer of corresponding rank, as laid down in the Royal Warrant, with an Indian allowance of at present 200/ a year.

General Officers will receive the half-pay of rank of a British Service officer of corresponding rank, as laid down in the Royal Warrant, but without any Indian allowance. But a General Officer definitely selected for further employment, and who has been informed in writing by the competent military authority that he has been so selected, will receive an allowance of at present 125/ per annum in addition to the British half-pay of his rank for a period not exceeding two years, during the first period of unemployment in that rank. If he again becomes unemployed in the same rank, British half-pay only will be issuable, even though the full two years were not completed in the first period of unemployment. In the event of employment being offered to such an officer and refused, the special allowance of 125/ per annum referred to above will cease from the date of such refusal and British half-pay only be issued.

*hi hidta.*—The rates of unemployed pay for officers remaining in India during such unemployment will be the same as those issuable in this country, converted into rupees at the same rates as sterling pensions are converted when the latter are payable in India.

Unemployed pay cannot be drawn for any period, exceeding three years, and, with the exception of the first six months of unemployment, during which full pay may be admissible to a Lieutenant-Colonel, no time spent on the unemployed list will count as service for pension;

† This amounts to £50 a year after 18 years' service for pension, increasing by £12 *los.* a year up to 21 years' service, and by £15 a year from 25 years' service up to a maximum of 200 a year after 20 years' service.

## Conditions of Service on the Temporary Non-effective List.

An officer of the Indian Army or Indian Medical Service placed on the temporary non-effective list on the recommendation of the Medical Board of the India Office will be examined as to his fitness to return to duty at such intervals as the Medical Board may recommend. If still reported unfit after three years on the temporary non-effective list, he will be transferred to the retired list on permanent invalid pension, or on retiring pension if entitled to it. An officer reported to be still unfit to return to duty in India after two years on the temporary non-effective list may be permitted to retire on the retiring or invalid pension admissible.

Officers not resident in London when ordered to appear before the Medical Board for the periodical examinations above mentioned will, on application, be provided with travelling warrants, and will also be granted travelling allowance (to be claimed afterwards) in accordance with War Office Allowance Regulations. But an officer who, at other times than the periodical examinations, appears before the Board with a view to restoration to the active list or to being transferred to the retired list will do so at his own expense.

An officer who is unable to appear before the Board when ordered to do so will be required to furnish a certificate to that effect signed by two registered medical practitioners ; if he is

unable to appear for six years he will be placed on the retired list without further report.

An officer whose transfer to the temporary non-effective list was due to medical unfitness caused by military duty (or by civil duty in the case of an officer in civil employ) will, on restoration to full pay, or on retiring direct from the temporary non-effective list, be allowed to reckon towards promotion and pension time not exceeding one year of the period spent on the temporary non-effective list. An officer cannot be promoted\* while on the temporary non-effective list, but if he completes the length of service which, without promotion qualifies for a higher rate of invalid pension, he will receive that rate from the date on which he completed such length of service.

Transfer to the temporary non-effective list involves the vacation of any regimental or other appointment.

An officer on the temporary non-effective list must not leave the United Kingdom without the permission of the India Office.

*Note.*—Officers can only be placed on the temporary non-effective list when the Medical Board report that there is a reasonable probability of their becoming fit for military duty.

An officer who is reported permanently unfit cannot claim to be placed on the temporary non-effective list in order to increase his service for pension.

\* Except promotion granted under the temporary provisions of Army Council Instructions, Nos. 644 and 12x3

The following rules apply only to officers who entered the Indian Army on or after 1st July, 1881.

The regulations applicable to officers who entered the Indian Army before that date can be ascertained from the Secretary, Military Department, India Office.

Retirement is compulsory at the following ages:—

|                     |     |     |     |    |
|---------------------|-----|-----|-----|----|
| Lieutenant-Colonels | ... | ... | ... | 55 |

| Lieutenant-Generals | ... | ... | ... | 67 |
| Generals            | ... | ... | ... | 67 |

but an officer may be retained in the Service beyond these ages in the event of a national emergency. A General Officer who has been unemployed for three years is placed on the retired list, irrespective of his age.

An officer of the Indian Army may apply to retire on pension after 18 years' service, but if he entered the Indian Army after 9th January, 1892, he remains liable to be recalled for service in the event of a national emergency. Officers with less than 18 years' service are not entitled to any pension unless they are invalided on the report of a Medical Board.

In reckoning service for pension all commissioned or warrant service and half-service in ranks below that of warrant officer is included.

For officers of the substantive rank of Lieutenant-Colonel and under, the retired pay will consist of three elements: (a) a Service element, based on the officer's total service, (b) a rank element for the rank from which the officer retires, and (c) an Indian element according to the length of Indian service. In commencing the Indian element, a period of service before the date of landing in India for the first time, up to a maximum of five years, may be reckoned.

The scale will be as follows:—

- (a) Service element: £150 a year after 15 years' service, with an increment of £15 for each completed year over 15.
- (b) Rank element:

| Rank from which retired. | After completing One Year's Service in the Rank. | After completing each additional Year's Service. | Maximum Rank Element. |

An additional pension of £200 a year will be granted to military officers on the supernumerary list who have rendered approved service for three years (including officiating service) in civil posts which now carry a pay of Rs. 4,000 a month or more; and an additional pension of £100 a year subject to the same conditions where the post held now carries a pay of Rs. 3,000 to Rs. 4,000 a month. Each completed 3<sup>rd</sup> year of qualifying service will earn one-third of such additional pensions. The total pensions admissible in such cases will

INDIAN ARMY—*continued.*RETIREMENT—*continued.*

be subject to maxima of £1,000 and £900 a year respectively.

Pending a final decision these rates of pension were subjected to a provisional reduction of 5 per cent, as from the 1st July, 1924, on account of the fall in the cost of living compared with the year 1919. A further revision may take place every three years, reckoning from the 1st July, 1924, to an extent not exceeding 20 per cent, in all, but in the case of an officer who entered the Indian Army before 1st July, 1920, the pension will not in any case be reduced below that which he would have received under the old scale, service for pension being calculated under the new rules. A Lieutenant-Colonel who entered the Indian Army before 1st July, 1920, and who has qualified for the maximum pension under the new rules will in no case be liable to have his pension reduced below the maximum under the old rules (£700 a year). Similarly a Lieutenant-Colonel who entered the Indian Army before 1st July, 1920, and who completes his tenure of command before qualifying for the maximum pension of his rank, shall in no case be granted a lower rate of pension than £700 a year, and in the event of the pension rates being reduced his pension shall not be reduced below the old maximum of £700 a year. The period of six months, during which a Lieutenant-Colonel draws a special rate of unemployed pay after vacating command of an Indian regimental unit which he has held for four years, may reckon as service for pension. This concession does not apply to an officer who has been promoted to the substantive rank of Colonel.

## INVALIDING.

An officer invalided as the result of a disability attributable to military service which was contracted on or after 1st October, 1921, will, subject to certain limitations, be eligible for a pension consisting of

- (a) service and rank elements calculated as above.
- (b) disability element varying from £100 per annum for 100 per cent, disability to £20 for a 20 per cent, disability.

- (c) Indian element commencing at £3 per annum after 5 years' Indian service and rising to £45 after 17 years' service, after which the rates of Indian element stated above will be admissible.

Alternatively he may be granted a pension of £300 per annum, together with disability and Indian elements, after 25 years' service, less £10 for each year or part of a year short of 25 years. Rank element will not be admissible in addition.

In cases in which disability is not attributable to military service, an officer may be granted,

- (a) if he has completed 10 years' commissioned service—a gratuity of £1,000, rising by £100 for each additional year's service up to £1,400.
- (b) if he has completed 15 years' service—the pension which would have been admissible to him under the Royal Warrant had he been an officer of the British Service.
- (c) if he has completed 18 years' service for Indian pension—the Indian pension admissible under the rules above.

## R.A. AND R.E. OFFICERS ON INDIAN ESTABLISHMENT.

By Army Instruction (India) 1005/22, the above rates of pension are applied to Royal Artillery Officers selected for continuous service in the Indian Ordnance Department and Royal Engineer Officers serving under the 1904 conditions of service who have completed 18 years' service for Indian pension, service out of India up to a maximum of five years being allowed to count for Indian element.

No service rendered out of India after an officer has left India finally is allowed to count for Indian element.

The compassionate allowance of a son ordinarily ceases at 18 years of age, and that of a daughter at 21 years of age, or at the expiration of the year commencing on the xst April in which the son is otherwise previously provided for or the daughter is married.

If the officer was killed in action or dies of wounds received in action (within 7 years of being wounded), a gratuity in addition to pension may be granted to his widow.

If the officer's death was due to wounds, injuries or disease directly attributable to the conditions of service, twice the above rate of pension may be granted to the widow, and the rate of compassionate allowance for each child shall be £24 a year (or 140 if motherless); while, in addition, in cases of pecuniary need, an education allowance may be granted by the Secretary of State to each child, not exceeding £35 a year, commencing at the age of 8 years (details to be obtained from the Military Department of the India Office). In such cases, furthermore, pensions may be granted to dependants of deceased officers, if they left neither widow nor children.

Widows and children of officers of the Indian Army and Indian Medical Service are also entitled to pensions under the Regulations of either the Indian Military Service Family Pension Fund or the Indian Military Widows' and Orphans Fund. Under one or other of these sets of Regulations all officers, according to the date of their entering the Service, must subscribe as a condition of their appointment to the Indian Army. The regulations will be found on page 363 *et seq.*

MILITARY (LATE LORD CLIVE'S) FUND—*continued.*WIDOWS' PENSIONS—*continued.*

Pensions at diminished rates (the amount of which will be decided by the Secretary of State in Council) will, however, be granted in certain cases in which the property possessed exceeds the above limits. A diminished pension cannot be granted of a lower amount than £10. This modification of the old rule has effect from 18th February, 1890.

4. The pension of a widow may be withheld or discontinued should her conduct be such as to render her, in the opinion of the Secretary of State, unworthy of it.

5. The pension is liable to be discontinued or reduced if at any time after the officer's death his widow receives any accession of property or income.

6. Pensions lapse on re-marriage and are not restored on a second widowhood.

7. Pensioners neglecting to claim the pension for three half-years will be considered as dead; and no arrears for a longer period than two years back from the date of application for admission or re-admission, as the case may be, will be allowed either to claimants or to pensioners after admission.

8. The widows of officers formerly of the Indian service, who have joined the British army, are permitted to make their choice between these pensions and Royal Warrant pensions.

9. *The widows of officers who have retired from the service are not eligible for the benefit of these pensions.\**

11. The pensions are payable quarterly, on the 1st January, 1st April, 1st July, and 1st October.

12. In the event of any question arising concerning the qualifications of widows claiming these pensions, the decision rests with the Secretary of State in Council.

## INDIAN MEDICAL SERVICE.

## Memorandum regarding the position of officers appointed to His Majesty's Indian Medical Service.

1. This memorandum is based on the regulations in force at the present time. They are subject to any alterations that may be determined on.

## PASSAGE TO INDIA.

2. Officers on appointment are, when possible, provided with passage to India by troop transport; when such accommodation is not avail-

able, passage at the public expense is provided by private steamer, or a passage allowance is granted, if preferred. The wives of officers who are married prior to the date of the officer's embarkation on first appointment to the Indian Medical Service will also be provided with passage to India at the public expense under the same conditions as those applicable to the officers themselves.

\* Except in the case of the widows of General Officers compulsorily retired under the provisions of the Royal Warrants of 31st December, 1877, and 1st May, 1876.

INDIAN MEDICAL SERVICE.— *continued.*

3. Any officer who may neglect or refuse to proceed to India if ordered to do so within two months from the date of terminating his course of instruction, or within two months of the date of his appointment if not required to undergo a course of instruction in the United Kingdom, will be considered as having forfeited his commission, unless special circumstances shall, in the opinion of the Secretary of State in Council, justify a departure from this regulation.

During the course of their service officers of the Indian Medical Service in military employ are entitled to passage from India to the United Kingdom and back whenever they are granted sick leave by a Medical Board in India.

If married, their wives and families will also be granted passage to and from India to accompany them. Further when the families themselves are, upon the recommendation of a Medical Board in India, invalided home for the preservation of life, they may be granted free passage under the conditions of para. 72 of Army Regulations (India), Vol. X. But in neither case will families be provided with free passage if during the preceding five years they have received free passage in any circumstances.

Pending a final decision, these rates of pension were subjected to a provisional reduction of 5 per cent, as from the 1st July, 1924, on account of the fall in the cost of living compared with the year 1919. A further revision may take place every three years, reckoning from the 1st July, 1924, to an extent not exceeding 20 per cent, in all.

33. Service for pension reckons from date of commission, and includes all leave taken under the rules quoted in paras. 24 to 30. (See also para. 39.) Previous war service also counts for pension (see para. 7 of Regulations on page 253<sup>s</sup>).

34. A Major-General, after three or one and a-half years' active employment in a Major-General's appointment, is entitled to retire upon a

pension of £350 or £300 per annum respectively, in addition to that to which he may be entitled under the above scale.

33. A Colonel is entitled, after four or two year-\*' active employment in a Colonel's appointment, to retire upon a pension of £250 or £125 per annum respectively, in addition to the pension to which he may be entitled under the above scale.

In any special case where it would appear to be for the good of the service that a General Officer holding an administrative appointment should be continued in employment, he may be so continued for one year, subject in each case to the approval of the Governor-General of India in Council.

## INVALID PENSIONS.

38. An officer who has become permanently incapacitated for further service in India on account of unfitness caused by service during the Great War may be granted an invalid pension on the following scale :—

40. Officers of the Indian Medical Service are liable, after retirement on pension before completing 27 years' service, to recall to military duty in case of any emergency arising, up to 55 years of age.

## FAMILY PENSIONS.

42. The claims to pension of widows and families of officers are treated under the provisions of such Royal Warrant regulating the

grant of pensions to the widows and families of British officers as may be in force at the time being. (See page 355.)

43. The widows and families of officers are also entitled to pensions under the Indian Military Widows' and Orphans' Fund Regulations, and subscription under those Regulations, from the date of arrival in India, is a condition of appointment, except in the case of Natives of India, for whom it is optional.

## Issue of Leave Pay and Retired Pay.

Military and Marine Leave Pay is made up to the 31st March, 30th June, 30th September and 31st December, and is payable on the first day of each calendar month. Retired Pay is made up at the India Office to the 15th March, 15th June, 15th September, and 15th December,

and is payable on the 16th of each calendar month. The sum payable each month is approximately one-third of the quarterly sum, but only complete pounds are issued, the balance being made up at the end of each quarter.

REGULATIONS FOR THE COMMUTATION OF PENSIONS OF OFFICERS OF THE INDIAN SERVICE.

1. These Regulations are applicable only to officers retired on or after the 1st July, 1881, and who are in receipt of service pensions, or permanent wound, injury or disability pensions.

2. An officer may be allowed to commute a portion, not exceeding one-third, of his pension or pensions, provided that the amount left uncommuted is not less than ^150 a year. An exception to this limit may be made in cases where the total amount of pension or pensions of an officer is less than /180 a year, in which cases pension not exceeding £30 may be commuted, provided that not less than ,£120 a year remains uncommuted.

3. In the case of service pensions, commutation may take place on retirement, or at any time subsequent thereto.

4. An officer who is still serving may commute such portion of his wound pension as is admissible under Rule 2, the amount of pension (or invalid pension) being calculated at the rate appropriate to his rank and length of service at the time of making application to commute.

5. An officer in Europe desirous of commuting must make application, in writing, to the Under Secretary of State for India, stating his desire so to commute, and furnishing information as to his age, rank, and the amount of his pension or pensions.

6. If the Secretary of State for India in Council shall approve the commutation, subject to the report of the Medical Board at the India Office as to the officer's expectation of life, the officer will be informed of the capital sum which will be payable to him in the event of his being found to have an average expectation of life. At the same time he will be instructed as to the date on which he should present himself for examination by the Board. He will have the option of withdrawing his application at any time before the date fixed for his medical examination.

7. The applicant will be required to furnish for the Board's information such particulars as

to his health and habits as are usual in the case of persons proposing to assure their lives with assurance companies.

8. An officer in India desirous of commuting must address the authorities in that country. He will be required to follow a similar procedure. He may appear before a Medical Board at any station in India that may be convenient, such Board being assembled under the orders of the Local Government and presided over (where practicable) by the Chief Civil Medical Administrative Officer of the Province.

An Officer residing in a Colony and desirous of commuting will be required to follow a procedure similar to that in the case of an officer residing in Europe except that he will apply to the Under Secretary of State for India through the official from whom he draws his pension. If the application is approved the officer will be informed as in Rule 6 above, and a special Civil Medical Board will be assembled under the orders of the Local Colonial Government.

The Medical Board will report in the following form:—

"We have carefully examined and are of opinion that he is (or is not) in good bodily health, and has (or has not) the prospect of an average duration of life. We therefore (or do not) recommend compliance with his application to be allowed to capitalise a portion of his pension."

In the case of impaired lives in which compliance with the officer's application is recommended, but with an addition of years of age, the following should be added:—"but as he is suffering his age for purposes of commutation should be taken to be years."

9. The basis of commutation, subject to an addition of years of age in the case of impaired lives, shall be the following table, the age of the officer being reckoned at the age he will attain on the birthday next succeeding the date upon which the capitalised sum will become payable—

These rates will be applicable to all applications for commutation received after the 1st July, 1881.

COMMUTATION OF PENSIONS—*continued.*

NOTE.—*In order to ensure payment at the rate shown for any specified age, it is essential that the application to commute should reach the India Office or the Government of India, as the case may be, at least one month before the date on which the applicant will attain that age.*

10. If the Board report that the officer has an average expectation of life, the capital sum already notified to the officer will be paid immediately in the manner indicated by him on his form of application.

\* T1. In cases where an addition to his age is recommended, the officer will be informed of the Board's recommendation and of the capital sum payable in view thereof. No further steps will be taken pending the receipt of an intimation from the officer that he desires his application to be proceeded with on the revised basis. On receipt of such intimation, payment of the capital sum will be authorised.

12. The capitalised sum will be payable in India if the commutation is effected there; in all other cases it will be payable in England. When commutation is effected in India by officers residing temporarily in that country the commutation will be on the basis of the

current rate of exchange, the rate adopted for this purpose by the Secretary of State being the rate of exchange for telegraphic transfers from Calcutta on London on the 20th of the month preceding that in which the capitalised sum is paid. In each case the officer's pension will be issued in full up to the date of payment unless any delay has been caused by the officer's own fault or that of his agents.

13. In any case in which a pensioner shall accept public employment involving the withholding of pension, a deduction will be made from the salary payable to him equal to the amount which would have been abated from the pension if it had not been commuted, and, in the event of his becoming entitled to a pension in respect of such employment, the amount of such pension granted to him shall not exceed the amount which he might have received had his pension not been so commuted.

14. No refund of any travelling or other expenses incurred by an officer in connection with the commutation of a portion of his pension is admissible.

## THE INDIAN MILITARY SERVICE FAMILY PENSION REGULATIONS,

SELECTIONS FROM THE REGULATIONS FOR THE PROVISION OF PENSIONS FOR THE WIDOWS AND ORPHANS OF MILITARY, MEDICAL, MARINE, AND ECCLESIASTICAL OFFICERS IN THE SERVICE OF THE GOVERNMENT OF INDIA.

[Established 1st January, 1873, closed to future entrants 31st December, 1914. See page 366 for Regulations of the Indian Military Widows' and Orphans' Fund, established 1st January, 1915.]

The Secretary of State for India in Council has reserved to himself the absolute right to regulate from time to time the contributions to be required from officers, under these regulations, and to make any alterations in the regulations themselves that may appear to him equitable, provided always that the scale of pensions fixed thereby shall not be reduced in the case of actual incumbents.

1. Pensions will be provided under these regulations for the widows and orphans of the following officers on the Indian Establishment, not being entitled to the benefits of any of the late Military and Medical Funds:—

Officers of the Indian Army.\*

Officers of the Indian Medical Service, including Indians who avail themselves of the option given to them of becoming subscribers.

Chaplains.

3. Every officer who enters the service on and after the 1st January, 1873, and up to and including the 31st December, 1914, must, as a condition of his appointment, provide pensions for his family under these regulations.

S- For the purposes of these regulations officers are classed as follows (for Marine officers see CB):—

Class I.—Lieutenant-Colonels in receipt of Colonels' allowances and Major-Generals of the Indian Medical Service (See Article 9).

Class II.—Officers of the Indian Army, Royal Artillery and Royal Engineers of 26 years' service, † Archdeacons and Officers of the Medical Service of 20 years' service.

Class III.—Officers of the Indian Army, Royal Artillery, and Royal Engineers of 18 years' service, † Senior Chaplains and Officers of the Medical Service of 12 years\* service.

Class IV.—Officers of the Indian Army, Royal Artillery and Royal Engineers of 9 years' service,\* † Junior and probationary Chaplains and Officers of the Medical Service of more than six years' service.

Class V.—Officers of the Indian Army, Royal Artillery and Royal Engineers under 9 years' service, † and Officers of the Medical Service of less than six years' service.

NOTE.—NO Officer of the Indian Army, Royal Artillery, or Royal Engineers will be compelled to

subscribe in Classes II, III, or IV who has not attained the rank of Lieutenant-Colonel, Major, or Captain, as the case may be. No Officer of the Indian Medical Service will be compelled to subscribe in Classes II or III who has not attained the rank of Lieutenant-Colonel or Major as the case may be. In all such cases the subscriber must elect, within three months of the date of completing the qualifying service, whether he will (i) subscribe in the Class in which his length of service places him, or (ii) continue to subscribe in the lower Class. If he elects (i) he will be charged the donation and increased subscription from the date of completing the prescribed service; if (ii) he will, in the event of subsequent promotion, be charged the donation and increased subscription from the date of such promotion.

An Officer cannot enter a higher Class unless he has previously subscribed in the Class immediately below it.

The Archdeacons of Rangoon, Lucknow, and Nagpur, who receive no archidiaconal allowance, have the option of subscribing either in Class II or Class III, but the option must be exercised within three months of the date of appointment.

5A. Royal Artillery and Royal Engineer officers who have been selected, or who have elected, for continuous service in India have the option of subscribing under these regulations, in accordance with special conditions which are laid down in the Regulations.

Royal Engineer officers under the 1904 conditions of service must elect within three months of their arrival in India, whether they desire to subscribe for benefits under these Regulations, and they must submit a satisfactory medical certificate. On payment of the prescribed donations, according to their class at the time of their application, they will be allowed to subscribe for so long as they remain on the Indian Establishment. On reversion to the Imperial Establishment such officers cannot continue subscribers. In the event of an officer retiring on a pension awarded under Indian Army Regulations, he may continue to subscribe or he may withdraw. On reversion to the Imperial Establishment, or on withdrawal, married officers and widowers with children are entitled to the refunds as prescribed in Article 28 for retired officers, but no refund will be made in respect of unmarried subscriptions or of risks which have terminated by death or otherwise.

5B. Executive and Engineer officers of the Royal Indian Marine who entered that service before the 1st January, 1893, were allowed the option of subscribing under these regulations from that date. Those who elected to do so

\* Officers of the Indian Army become subscribers from the date of the *Gazette of India* announcing their admission to that army; Medical Officers and Chaplains from the date of their arrival in India, or, in the case of a Chaplain resident in India, from the date of his appointment.

† Reckoned from date of first commission with the following exceptions, namely:—

(a) Officers of the Indian Army who have been specially permitted to reckon towards promotion any service\* previous to the date of first regular commission include all service which counts for promotion.

(b) Officers appointed to the Indian Army from the Royal Marines are allowed to reckon service only from the date from which the periods for promotion are reckoned.

INDIAN MILITARY SERVICE FAMILY PENSION REGULATIONS—continued.

will not be permitted to discontinue their subscription so long as they remain in the service, neither will those who declined to subscribe be allowed at any future time to become subscribers.

Executive and engineer officers of the Royal Indian Marine who entered that service after 1st January, 1893, and before 1st January, 1915, must subscribe under these regulations as a condition of their appointment to the service.

*Classification.*

Class III.—Captains and Engineer Captains.

Class IV.—Commanders and Engineer Commanders.

Class V.—Lieutenant - Commanders, Lieutenants, Engineer Lieutenant-Commanders, Engineer Lieutenants, Sub-Lieutenants, and Engineer Sub-Lieutenants.

Any officer holding a first class port appointment, or the appointment of Deputy Director of the Royal Indian Marine, may at his option subscribe in the next higher class to that in which he is placed according to his rank, and any officer who is appointed *permanently* as Director, Royal Indian Marine, may, at his option, subscribe in Class I, provided that such option is exercised within three months from the date on which the officer could first avail himself of it, and that arrears of subscriptions from that date, with interest, if any, are paid by him.

An officer who has elected to subscribe in a superior class will not subsequently be allowed to revert to a lower class.

6. The pensions provided under these regulations are paid as laid down in Article 6, page 368.

7. The amounts of the pensions provided are as laid down in Articles 7 and 7A, page 368.

*Contributions.*

9. The contributions for pensions under these Regulations, and the pensions of widows, will

be regulated by the class of the contributing officer. An officer cannot secure a higher pension for his widow by contributing as if he belonged to a higher class.

As an exception to this rule, the option of subscribing in Class I is allowed as follows:—

(i) To an officer of the Indian Army, also to an officer of the Royal Artillery or Royal Engineers who is a subscriber under these Regulations, at the time of completing 29 years' service on full pay from date of first commission, including any period spent on "unemployed pay," provided he has previously subscribed in Class II.

(ii) To a medical officer at the time of completing 25 years' full pay service, provided he has not previously been promoted to the rank of Major-Gen erai, but has previously subscribed in Class II.

To secure these benefits without medical examination the decision of the officer must be notified within three months of the date of completing the qualifying service, but the option can be exercised at any subsequent period prior to retirement on the production of a certificate of health signed by two qualified medical practitioners. Contributions will be payable in Class I. in the former case with effect from the date of completing the qualifying service, but in the latter case with effect from the date of the letter enclosing the necessary certificate of health.

No officer of the Indian Medical Service will be compelled to subscribe in Classes II or III who has not attained the rank of Lieutenant-Colonel or Major, as the case may be; and no officer of the Royal Indian Marine who is not in a first-class port appointment, or an Engineer Captain or an Engineer Commander of 20 years' service, will be compelled to subscribe in Class II. In all such cases the subscriber must elect, within three months from the date of completing the qualifying service, whether he will (*f*) subscribe in the Class in which his length of service places him, or (*it*) continue to subscribe in the lower Class. If he elects (*i*) he will be charged the increased subscription from the date of completing the prescribed service; if (*it*) he will, in the event of subsequent promotion, be charged the increased subscription from the date of such promotion.

An officer cannot enter a higher Class unless he has previously subscribed in the Class immediately below it, nor can an officer who has elected to subscribe in a higher Class be allowed subsequently to revert to a lower one.

5. The contributions for pensions under these Regulations, and the pensions of widows, will be regulated by the class of the contributing officer. An officer cannot secure a higher pension for his widow by contributing as if he belonged to a higher Class.

\* Officers of the Indian Army become subscribers from the date of their entry into the Indian Army as given in the *Gazette of India* announcing their admission to that Army. Officers of the Indian Medical Service appointed in England become subscribers from the date of their arrival in India, those appointed in India from the date of their permanent appointment to that Service. Indians must exercise the option of becoming subscribers within three months of the date of the *Gazette of India* containing the notification of their permanent appointment to the Indian Medical Service. Executive and Engineer Officers of the Royal Indian Marine become subscribers from the date of their arrival in India unless they are appointed in India, in which case they become subscribers from the date of their appointment. An Engineer Sub-Lieutenant on probation must subscribe; but in the event of his not being confirmed in his appointment after his probationary period he will be granted a refund, if married, under the conditions applying to officers mentioned in Regulation 30 and, if unmarried, of the amount of his contributions without interest. Chaplains, including Probationary Chaplains, become subscribers from the date of their arrival in India or, in the case of those resident in India, from the date of appointment. A Probationary Chaplain must subscribe; but in the event of his not being appointed a Junior Chaplain on completion of probation, or of his resigning while on probation, he will be granted a refund, if married, under the conditions applying to officers mentioned in Regulation 30, and, if unmarried, of the amount of his contributions without interest.

<sup>t</sup> Service for this purpose is reckoned from date of first Commission with the following exceptions, namely:—

(4) Officers appointed to the Indian Army from the Royal Marines reckon service only from the date from which the periods for promotion are reckoned.

- (i) To an officer of the Indian Army, also to an officer of the Royal Artillery or Royal Engineers who is a subscriber under these Regulations, at the time of completing 29 years' service on full pay, including time spent on "unemployed pay," from date of first commission, provided he has previously subscribed in Class II.
- (ii) To a medical officer at the time of completing 25 years' full pay service, provided he has not previously been promoted to the rank of Major-General, but has previously subscribed in Class II.
- (iii) To an Executive or Engineer Officer of the Royal Indian Marine who has completed 25 years' service.
- (iv) To an Archdeacon at the time of completing five years' service as such (excluding any officiating period), provided he has attained the age of 49 years.

To secure these benefits without medical examination the decision of the officer must be notified within three months of the date of completing the qualifying service, but the option can be exercised at any subsequent period during active service on the production of a certificate of health signed by two qualified

medical practitioners. Contributions will be payable in Class I in the former case with effect from the date of completing the qualifying service, but in the latter case with effect from the date of the letter enclosing the necessary certificate of health.

6. The pensions provided under these Regulations are payable in arrear. Payments are made in India monthly and in England quarterly on or after 1st January, 1st April, 1st July, and 1st October.

Pensioners residing *outside India* receive payment either from the Accountant-General, India Office, or at their option, if resident in any of the British Colonies or Dominions, through such other channel as may from time to time be authorised by the Secretary of State for India in Council for the payment of pensions therein. A pensioner drawing pension locally will receive payment at the current rate of exchange, and will in no case be entitled to the benefit of the privileged rates referred to in the note below.\* Pensioners residing *in India* receive payment at their option either from the Accountant-General, India Office, or in India at the rate of exchange applicable to the case as given in the note below.\* A pensioner who has exercised the option and receives payment in India is only permitted to change at the commencement of an official year.

These donations may be paid without interest in one sum within one month from the date of becoming due; or they may be paid in twelve equal monthly instalments, interest on the unpaid portion being levied at the rate of 5\$ per cent, per annum. The balance of any donation outstanding at the date of a subscriber's death will be recovered in accordance with Article 13.

13. Interest at the rate of 5J per cent, per annum will be levied on arrears. The balance of any contribution outstanding at the date of a subscriber's death will be recovered rateably without further interest from the pensions of his widow and orphans in twelve monthly instalments.

*Reports of Marriages, Births, and Deaths\**

14. An officer who is married at the date of his admission into the service must at the time of his admission report the fact of his marriage, and the names and dates of birth of his children, if any have been born to him. A member in the service must report his marriage, or the birth of a child born in wedlock, or the death of a wife or child within one month of the occurrence.

15. The birth of every child born alive must be reported ; but if a child dies before it is 30 days old, no payment in respect of it will be required. If the report of birth be not made within one month, a fine of 10s. will be imposed, and an additional 25. will be charged for each succeeding month's delay. After 12 months' delay, medical evidence as to the state of the member's health must be furnished, in order that it may be determined whether, and, if so, on what terms, liability for orphan's pension should be accepted.

16. If the report of a marriage be not made within one month, any donation which may be payable under Tables V and VI will be increased Q per cent, and interest thereon charged from the date of marriage. After six months' delay donations will be increased to 5 per cent, and interest charged as above. Should no donation be payable under Tables V and VI, a fine of 10s. will be imposed if the report is not made within one month of the marriage, and an additional 25. will be charged for each succeeding month's delay. In either case, after 12 months' delay, medical evidence as to the state of the subscriber's health must be furnished in order that it may be determined whether and, if so, on what terms, liability for widow's pension shall be accepted.

17. In the event of the report of a marriage or the birth of a child not having been made by a subscriber during his lifetime, in accordance with

the rules, the widow or child will not be entitled to any benefits.

The absence of report, however, from an officer who dies between the date of his admission to the Indian Army and the date of the *Gaaette of India* announcing it would not invalidate his widow's or child's claim to pension or involve the additional payments prescribed in Article 16.

*Note.*—The provisions of Articles 16 and 17 are not to be read as implying an option of omitting or postponing any report that a subscriber is required to make under these regulations. Intentional neglect to report is a breach of discipline.

*Posthumous Child.*

18. Provided the birth of a posthumous child is reported within one month and the contribution required by the regulations has been or was being paid for the father's youngest child, if any, living at the time of his death, a pension will be granted to the child without any payment if the child is born of a marriage in respect of which the prescribed payments have been made. The report should be made within 30 days, and a certificate of the child's birth should be furnished.

*Duration of Pensions.*

19. If a widow re-marry, her pension will cease during coverture ; but if she again become a widow she will be entitled to revert to her pension as widow of her first husband. In the event of her second husband being also a subscriber, both pensions may be diawn after his death.

20. The pension of a male orphan is payable until he attains the age of 21 years.

21. A subscriber may provide a special pension for a son who, while under the age of 21 years, is pronounced to be permanently incapacitated from earning a livelihood. The subseption to be paid and the amount of pension which it will provide will be decided on the merits of each particular case. Payment of any pension so provided will be made from the date on which the son attains the age of 21 years or becomes fatherless, whichever is later.

22. The mother or guardian of a male orphan\* who has attained the age of 16 may, with the sanction of the Secretary of State for India in Council, at any time thereafter have the residue of his pension commuted into a single payment, for the due application of which the mother or guardian will be held responsible. When the pension is being drawn in India from a Government Treasury there, it will rest with the Government of India to give the required sanction. The following table gives the commuted value of such pensions.—

Married officers on the temporary non-effective list must continue to subscribe for full benefits, but while in receipt of temporary invalid pension, they will have the option of paying only half rates for their wives. The rates for departmental Officers will be those in force for quartermasters of the same length of commissioned service irrespective of rank.

### Combined Leave.

Combined leave is admissible to departmental officers and warrant officers including members of the Assistant Surgeon Branch of the Indian Medical Department, under rules similar to those governing the grant of combined leave to commissioned officers. Assistant Surgeon, 1st or 2nd Class. After 15 years\* service, £114 with annual increments of £4 ii) to £150 after 24 years' service.

Assistant Surgeon, 3rd or 4th Class. After 15 years' service, £93 with annual increments of £3 up to £120 after 24 years' service.

Where the service has been unsatisfactory, or invaliding is due to disability attributable to

or aggravated by irregular or intemperate habits, the above rates of pension will be subject to such reduction as the Government of India may determine.

7. Retirement is compulsory for all classes at the age of 55 years.

8. In the case of warrant officers, portions of the pensions, not exceeding one-sixth of the whole, may be commuted under rules similar to those stated on page 361, and subject to the production of evidence that commutation will be a distinct and permanent advantage to the individual, and after the production of the written consent of the pensioner's wife if married.

9. Pensions are admissible to the widow and children of a Departmental Officer, Senior Assistant Surgeon and a Departmental Warrant Officer who may die, either while in the service or on the Pension establishment, provided, in the latter case, that she married the deceased previously to his retiring from the army or being invalided.

## REPORTS OF CASUALTIES AMONG OFFICERS SERVING IN INDIA.

A telegraphic report is immediately sent from India on the death of any officer serving in that country. In the case of officers of the British Service, the report is sent to the War Office ; in

the case of officers of the Indian Army, the report is made to the India Office. The next-of-kin in this country is communicated with by the Department which receives the report.

## ENQUIRIES REGARDING OFFICERS AND MEN KILLED, WOUNDED, OR SICK IN INDIA.

The following arrangements have been made with the Government of India with a view to securing early information for the relatives and friends of British officers and men killed or wounded in India:—

The Government of India will—

- (1) Telegraph, as promptly as possible, the names of officers and men killed or wounded in action, or in the performance of duty, or of those who may become seriously or dangerously ill, and will furnish weekly progress reports on dangerous cases.
- (2) Specify as to wounds whether they are dangerous, severe, or slight.
- (3) Telegraph the names of any officers or men who may die of wounds.
- (4) During a campaign, telegraph weekly a brief report of the condition of the wounded generally, specifying the names of any who may not be progressing favourably.

The Government of India will also telegraph the names of any officers who may be severely wounded by fanatics or others.

" Indulgence" Passages to and from India.

Military officers, and officers of the Royal Indian Marine, Chaplains of the Ecclesiastical Establishment and their families, are eligible for the grant of "Not-Entitled" passages in government hired transports, when proceeding on or returning from furlough, provided there is vacant accommodation.

Should such passages be granted, the actual cost of the messing\* on board will be charged, and is payable before embarkation.

Allotment takes place generally in the order of juniority of rank of the officers who desire passages for themselves or for members of their families.

Passages cannot be allotted until within a few days of the date of the sailing of the vessel, nor can any definite information be given beforehand of the likelihood of passages being allotted.

Applications from officers of the Indian Service for "Not-Entitled" passages to India should be addressed to the Secretary, Military Department, India Office. Officers of the British Service should address the War Office. Applications for passages from India should be made through the usual channels.

officer be eligible for promotion while he is in that position. An officer replaced on the effective list, on becoming fit to return to duty, will be restored to the rank from which he retired, and his name will be placed in the same numerical position in that rank which it occupied at the time of temporary retirement. When he returns to duty, the date of his arrival in India will be reckoned as that of his restoration to the active list.

III. Officers will be required to appear before a Medical Board at the expiration of one year on temporary retirement, and again, if retained in that position, before the end of the second year;

and those who, in view to being restored to the effective list, may wish to appear before the Board at other times than those specified, may be permitted to do so. Officers ordered periodically to appear before the Board will be allowed, in the United Kingdom, their *bond fide* travelling expenses, and lodging allowance at the rates admissible under rule, but those appearing at other times, and at their own wish, must do so at their own expense.

IV. The rate of pension admissible to an officer during temporary retirement will be the same as that to which he would be entitled if permanently retired.

**Pension Regulations.**

1885 RULES, WITH SUBSEQUENT ALTERATIONS.

I. The service for pension of an officer of the Royal Indian Marine reckons from the date of his arrival in India if his appointment was confirmed in England, and from the date of joining for duty if it was made subject to a report of fitness by a medical board in India, provided that in either case he had attained the age of 19 on the date mentioned, otherwise his service reckons from the date on which he attained that age.

II. A superannuation pension or an invalid pension granted on account of incapacity for further service due to old age or natural decay from advancing years, shall, if the officers qualifying service began after he attained the age of 30 years be reduced by one-fortieth for every year or part of a year by which his age at the commencement of his qualifying service exceeded 30 years.

III. Retirement at the age of 55 years will be compulsory. But an officer holding the appointment of Director or Deputy Director, Royal

Indian Marine who attains that age during his incumbency, may, with the approval of the Government of India, complete five years in the appointment. The amount of superannuation pension is that admissible as an invalid pension. [This rule will not be applicable to those officers who have already received special extension of tenure.]

The retirement of Royal Indian Marine Officers while on furlough or on leave in England will be carried out by the Secretary of State.

IV. The following memorandum regarding revised pensions for officers of the Royal Indian Marine has been issued by the Secretary of State for India :—

## ROYAL INDIAN MARINE REGULATIONS.

PENSION REGULATIONS—*continued.*

(1) Pensions will in future consist of two parts (a) a service element, based on total service for pension and (b) a rank element beginning from the rank of Commander or Engineer Commander.

(2) The present rates of additional pension for the Director, Royal Indian Marine (if a Royal Indian Marine officer), and the Deputy Director, Royal Indian Marine, will be continued. These are granted to officers of the Royal Indian Marine retiring after five years' service in those appointments (including not more than eight months' absence on leave), as follows :—

|  | Per<br>annum<br>£ |
|--|-------------------|
| For five years' continuous service as Director. . . . .  | .175              |
| For five years' continuous service as Deputy Director. . . . .   | .88               |
| For five years' continuous service, partly as Deputy Director and partly as Director, of which not less than two years shall have been as Director ... | 131               |

An additional pension at the rate of £88 per annum for the Chief Engineer, Bombay Dockyard, will be granted to officers of the Royal Indian Marine retiring after four years' continuous service in that appointment.

(3) All pensions are sterling pensions, and are convertible in India at the official rate of exchange.

(4) The revised rates of pension will have effect as from 1st April, 1919, to all regular officers who, being otherwise entitled, have rendered satisfactory paid service (military, naval or marine) during the Great War, including officers who, having retired on pension before the war, have been re-employed as officers during the war, and have thereafter reverted to retirement. The pensions of the

latter officers will be re-assessed on their rank and service prior to original retirement. The new rates of pension will not be drawn by officers for any period during which they were re-employed.

(5) Temporary rank (including paid acting rank) held during the Great War, followed by substantive promotion to that rank, will count as service in the rank towards pension. Service as an Engineer apprentice does not count for pension.

(6) This pension scheme will be subject to revision in 1924.

(7) " Rank " in this memorandum means substantive rank except where otherwise stated.

(8) Revised rates of invalid pension and rates of unemployed pay are under consideration.

V. Service in the Marine Survey, or in port or shore appointments, gives no claim to any higher pension than that fixed for an officer's rank in the Marine.

VI. The pensions of warrant officers will be calculated under the Civil Service Regulations, Rs. 60 per mensem (compensation in lieu of board and lodging) being added to their pay for the calculation of pension. This also applies in the case of gunners holding the appointments of master-rigger, Bombay Dockyard, boatswain, Kidderpore Dockyard, and the gunner in charge of arsenal's stores, Bombay Dockyard.

VII. An officer may be allowed to commute a portion, not exceeding one-third, of his pension, the commuted value being payable under rules which are identical with those for Military Officers (*see* page 361).

VIII. Compassionate allowances on the following scale are admissible to the families of officers killed in the execution of duty :—

|   | Widow.                           | Child.                         |                                |                                |

The cases of the families of the Director or Deputy Director will be specially considered.

Subject to the approval of the Secretary of State, a compassionate allowance not exceeding in the aggregate the rate shown in the above table for a widow may be granted to the mother or sister-, of an officer who may be drowned, or meet with a violent death, in the execution of his duty, and who does not leave a widow or

child. To be eligible for such a compassionate allowance it must be shown that the mother or sisters were dependent on the officer, and are in distressed circumstances.

IX. The regulations and conditions under which all such compassionate allowances are to be awarded will be analogous to those prescribed for the military service.

## INDIA.

*The following article is compiled principally from the 'Imperial Gazetteer of India,' New Edition; the statistics have been brought up to date as far as possible.*

In the following pages exchange is calculated at the rate of 15 rupees to the pound sterling.

**Physical Features of India.**—By India is meant not merely that great triangular peninsula, the base of which rests upon the Himalayan ranges and the sides of which are washed by the Arabian Sea on the west and the Bay of Bengal on the east, but also the vast entourage of mountainous plateaux across which, through all historic ages, its land approaches have been found. Physically, economically, and politically, the India of to-day is held to include those outlying territories over which Indian administration extends its control, even to the eastern and southern limits of Persia, Russia, Tibet and China.

*Two great Divisions.*—There are two great divisions of India—first, "the extra-peninsular area of highland and lowland; second, the true peninsula. The former includes the more recently elevated plains and peaks of Baluchistan, Afghanistan, Kashmir, the Himalayas, and Burma; the latter, which includes the great depression of the Indo-Gangetic plain, is the ancient India of the dim geological past—the India of old-world fable and of English history.

*Physical Aspects.*—The continent of India extends from the eighth degree to the thirty-seventh degree of north latitude, that is to say, from the equatorial regions to within the temperate zone. It presents extraordinary variety in its physical aspects. In the north rise magnificent mountains bound by snowfield and glacier in eternal solitude. At their feet lie smooth wide spaces of depressed river-basins, either sandy, dry, and sun-scorched, or cultivated and water-logged under a steamy moisture-laden atmosphere. To the south spreads a great central plateau, where indigenous forest still hides the scattered clans of aboriginal tribes, flanked on the west by the broken crags and castellated outlines of the ridges overlooking the Indian Ocean, and on the south by gentle, smooth, rounded slopes of green upland.

*Dimensions and Area.*—Roughly speaking, the length from north to south is equal to the greatest breadth, about 1,900 miles. According to the revised areas adopted in the census of 1921, the Indian Empire contains 1,805,332 square miles of country, and is therefore greater by 40,000 square miles than the whole of Europe, excluding Russia.

*Sulaiman and Kirthar Mountains.*—Westwards from the Indus Valley plains, and facing the Aravalli Mountains, the Sulaiman Mountains shut off North Baluchistan from the Punjab. Stretching southwards from these the Kirthar range, dividing Sind from Baluchistan, presents for hundreds of miles to the Karachi frontier impassable walls of great natural strength. At points transverse lines of drainage open up ways more or less constricted; such are the passes of Mula, Mashkatand Bolan.

At one point opposite to Jacobabad in Sind a deep indentation or bay, the Gandava Basin, opens the way to Quetta which lies in an open plain 5,500 feet above sea-level.

*Pathan Frontier.*—The Sulaiman ranges extend northward to the Gomal river which, politically, marks the northern limit of Baluchistan. Northwards stretch the narrow irregular border districts of the Pathan frontier, now known as the North-West Frontier Province. The country is all mountainous, and through it there run the chief passes into Afghanistan—the Gomal, the Tochi, the Kurram and the Khyber. Parting the Kurram and Khyber valleys almost at right angles runs the great transverse Safed Koh range, a southern offshoot of which separates the Kurram and the Tochi.

*Afghanistan.*—Behind and beyond these bands of border mountains lies Afghanistan, which slopes gently downwards from north-east to south-west but is never lower than 1,500 feet above sea-level. Four great river basins drain the country—the Kabul in the north-east, the Oxus on the north, the Helmand in the centre and south-west, and the tributaries of the Indus westwards. The country is in parts exceptionally fertile and some of its valleys are visions of luxuriant beauty. The northern hills are rich with verdure, their summits crowned with pines.

*Hindu Kush Mountains.*—The Hindu Kush mountains, flanking the northern province of Afghanistan, have several depressions which form comparatively easy byways between north and south, the most famous of which is the Hindu Kush ('dead Hindu'), leading from the Oxus basin to Kabul, over which Alexander the Great led his Greek soldiers. But the approaches to this range from the north are inconceivably difficult, thus forming the real northern mountain barrier of India in this direction. Near Herat, in the far west, there exists the only break in the otherwise continuous and formidable wall of mountains which traverses Asia from the Behring Straits to the Caspian Sea. Near Herat it is possible to pass from the Russian outposts and railway system into India without encountering any formidable altitude—and this is possible nowhere else.

*The Pamirs.*—The crest of the Hindu Kush pushes forward to the Little Pamir, of which it forms the southern boundary, and unites at the extreme eastern limits of the Pamir with two other gigantic mountain ranges; one, running northward, separates Russia from China; the other, running south-east (under the name of Muztagh), divides again into two mighty arms—the Kwen Lun range eastward and the Himalayas south-eastward. These enclose between them the rugged and elevated horn of North-

Western Tibet, parting those desolate uplands from Chinese-Turkestan on the north and from the Trans-Indus borderlands of Kashmir on the south-west.

*Kashmir and Janimu.*—The mountainous Kashmir country is traversed from south-east to north-west by the Indus, which suddenly, near Gilgit, turns to the south-west towards the plains of Peshawar through wild unapproachable mountain districts as yet only partially explored. North-west of the bend are the passes from Gilgit into Chitral and to the Pamirs. Southwards are the valleys of Buner, Swat, and Bajaur. To the west stretch the long offshoots of the Hindu Kush; to the north the Muztagh and its extension the Karakoram.

*The Himalaya Mountains.*—The great bend of the Indus in Kashmir is caused by the initial peaks of the Himalaya Mountains, no part of which lies beyond the river either north or west. Literally the name is equivalent to 'the abode of snow'; the mountains were known to early geographers as Imaus or Himaus and Hemodas. From the great peak of Nanga Parbat (26,182 feet) in Kashmir, the Himalayas stretch in a broad mass, 100 miles wide, eastward for 1,500 miles through 20° of longitude, in a curve which has been compared to the blade of a scimitar, the edge facing the plains of India. Barely one-third of this vast range is known with any degree of accuracy.

*Himalayan Passes.*—The main passes across the Himalayas may be divided into three groups. The Shipki group, marked by the passage of the Sutlej River, makes the line of connection with Tibet and probably determined the position of Simla. There is a well-engineered road for a considerable part of the length, but as a trade route it has never proved a success. The Almora group which determined the position of Naini Tal and Almora forms a line of communication through which traffic is maintained chiefly by the agency of sheep as transport animals. A little to the east of this group the River Gogra effects an opening. The third group crosses the northern barriers of Sikkim from Darjeeling to Southern Tibet and Lhasa. None of these passes at present contributes anything material to the commercial prosperity of India.

*Brahmaputra and Indus.*—On the north-west the Himalayas are enclosed by the Indus river; on the north-east by the Brahmaputra, which rises from nearly the same central point as does the Indus. The two rivers form deep troughs at the back of the Himalayan system during their earlier and glacier-fed stages of existence. They are the natural drains of this gigantic ice-bound district, pouring their glacial floods in opposite directions to either side of India. Their deeply eroded valleys are, however, but scratches on the vast surface of the elevated region of which the Himalayas form the abutment.

*Assam.*—Between the Eastern Himalayan system and Northern Burma lie the Assam Hills and plateaux, the Garo, Khasi, Jaintia and Naga Hills, probably a part of the ancient mainland of Jurassic times which extended to Africa. There are comparatively wide undulating uplands with cliff-bound edges and spurs radiating from them in irregular formation. River and mountain combine to form an unending panorama of scenic

beauty similar to that of Burma. Terraced gardens for the growth of tea climb the hillsides or fill up the undulations of the river bank; there are enormous tracts of waste country and vast impenetrable jungles.

*Burmese Hills.*—The Burmese Hills, which flank the Brahmaputra bend, and the Chindwin river, are of newer formation. Folding and curving like waves of the sea, the hills reach down the western coast of Burma till they terminate southwards in the Arakac Yoma which parts the Irrawaddy basin from the narrow littoral of the Bay of Bengal. So stiff, so steep, and so forest-covered are these solid waves that they have so far proved an insurmountable stumbling block to railway engineering.

*Upper and Lower Burma.*—Beyond them to the east the Chindwin, Irrawaddy and Salween rivers form delightful valleys full of cultivation. Orchid-bedecked forests and undulating wheat-covered plateaux are the chief characteristics; the intersecting drainage lines are deep and steeply enclosed, making it difficult to cross, and railway construction is almost impossible. Lower Burma, with a more humid atmosphere, is inimical to European existence; the productive soil of the great deltas of the Irrawaddy and Salween ensures its wealth on easy terms of agricultural labour.

*Indo-Gangetic Depression.*—In some respects the Indo-Gangetic Depression is the most important physical feature of India. Within the Ganges basin have ever been founded the chief kingdoms, the most ancient cities, the earliest centres of civilization, of industry, and of wealth. From the delta of the Ganges to the delta of the Indus stretches a strange wide depression within which is not to be found a boulder nor even a pebble, to break the monotony of its alluvial surface.

*Basins of the Ganges and Mahanadi.*—The total length of the Ganges is 1,550 miles. The heat-stricken plains of its basin have given India its colouring in history, and from them are derived the popular conception of the India of the last century. The thick humid atmosphere of the Gangetic basin makes all the land green with vegetation—rice-fields, mango groves, tamarinds, and palms—until the river widens out into the deadly swamps and flats of the Sundarbans. The basin of the Mahanadi is separated from the plains of Lower Bengal by a broad band of hill country, but it differs very little from them in most essential physical characteristics. The delta forms the chief feature of the fertile flats of Orissa.

*Indus Basin.*—The Indus plain presents an aspect of flat treeless landscape, a broad grey sea expanding to a level horizon, though not so very long ago forests grew on the Indus. The disappearance of the forests has greatly changed the meteorological conditions. Nowadays the rainfall is scanty, and the heat from April to July is occasionally terrific. The hot dry climate prevents the growth of the vegetation which is found in the reeking atmosphere of Bengal; tamarisk and other scrub fringe the river banks. Irrigation is gradually changing this, and there are green spots which are once again surely altering the character of the landscape if not of the climate also. The frontier stations below

Kohat form oases in the desert, but their humidity, born of excessive irrigation, renders them unhealthy even in the midst of the dry desert air.

*Rivers of the Punjab.*—All the rivers of the Punjab have their sources in the Himalayas, but the Indus and its most important tributary, the Sutlej, alone rise beyond the northern range. Between these two rivers are three other great tributaries of the Indus, the Jhelum, Chenab, and Ravi. These three rivers, with the Sutlej and its tributary, the Beas, all flow from the Kashmir Mountains, and form the five rivers which give the name Punjab to this district. From the natural reservoir in Kashmir these rivers roll down their mud-coloured flood in the snow-melting time, or wind in snaky twists about the floor of their wide beds in the cold season in ever-changing channels which completely baffled the restraint of engineering science.

*The Indian Desert.*—Between the Indus and the Aravalli Mountains lies the Thar or Indian Desert, extending for 300 miles in width, arid, hot and desolate, yet said to be bracing and wholesome beyond any other part of India. Sand-dunes from 50 to 100 feet high are ranged in curves which move in obedience to the westerly winds; there is little vegetation and only a single river-bed of any importance, that of the Luni, draining the northern slopes of the Aravallis. The desert terminates in the Rann of Cutch, a broad depression, once wholly covered by the sea, now chiefly dry land; a salt, barren, blinding waste of sand, where only the wild ass can thrive. These wastes are of recent formation and may again return to the sea. Kathiawar, which borders the Cutch is possibly of an ancient formation as the Aravallis, but south of it in the Gulf of Cambay, and northwards beyond the mouths of the Indus and on the coast of Makran, the process of silting is proceeding apace owing to the influence of the south-west monsoon currents and the action of the rivers. Parts of Kathiawar have yielded to the sea, especially in the neighbourhood of Dwarka, and there are traditions of islands, further south, fringing the coast, which have altogether disappeared.

*Narbada and Tapti Rivers.*—The Narbada and the Tapti further south, flowing into the Gulf of Cambay, form an exception to the general rule which governs the course of the rivers of the Peninsula, inasmuch as they flow from east to west in comparatively deep and narrow valleys. They only remain of the river-system of the submerged western continent. They divide the plains of the Vindhyan system from the Deccan traps and the central plateaux. The two rivers are separated from one another by the Satpura hills which are thickly clad with forest.

*The Deccan.*—South of the Tapti river commences the Deccan, a great three-cornered upheaval, sloping gently from the Western Ghats (3,000 feet) to the Eastern Ghats, overlooking the Bay of Bengal. It consists of wide rust-coloured plains streaked and dotted with hills with intervening bare patches or stunted forests. In the gneissic regions, granite tors and bosses, sometimes of immense size, frequently stud the plains. Black soil, locally known as 'cotton soil,' prevails near the rivers, and there is no

more productive soil in India. The highlands are drained by the Godaveri, Kistna, Cauvery and Penner with their countless tributaries. Fringing this plateau on either side is a narrow strip of coast land comprising the lowlands of Bombay on the west and of Madras on the east, which form the India known to mediaeval tradition, and it was on them that the seafaring foreigner, pushing forward his commercial interests, first set his foot.

*Western Coast.*—The Western Ghats south of Bombay have their seaward slopes clothed with dense forests, and the intersecting valleys are filled with luxuriant vegetation nourished by sea-borne mists and vapours. The lowland coast strip is known as the Konkan, Kanara and Malabar. In the district of Malabar the Ghats merge into the Nilgiris (Blue Hills) 7,000 to 8,000 feet high, at the apex of the triangle of the Peninsula, then drop suddenly into the Palghat Gap. Beyond the Gap the Ghats continue southwards through the Anaimalai group to Cape Comorin. A warm climate and an abundant rainfall (80 to 100 inches annually in the neighbourhood of the Nilgiris) give an abundance of natural flower growth and an indigenous sub-tropical vegetation. Imported Australian trees, eucalyptus, wattle, &c, thrive here.

*Eastern Coast.*—From these hills to the eastern coast, known as the Coromandel coast, stretches an expanse of lowland 100 miles wide, which forms the richest section of the Madras Presidency. The western boundary is formed by the Eastern Ghats which start from the apex near the Nilgiris and conform to the bend of the coast line until they reach the watershed of the Narbada and Mahanadi basins. All the rivers of Central and Southern India break through the range on their way to the Indian Ocean; the deltas of the Godaveri and Kistna and of the Cauvery, with their systems of irrigation, form a remarkable feature in the economic geography of Madras. The rainfall is about 40 to 50 inches; rice and palms are cultivated and a highly developed system of irrigation is employed. Here are found busy centres of native culture and industry, where alone throughout the breadth and length of the continent are seen evidences of a really indigenous native art. The strip of maritime territory between Cape Comorin and the Mahanadi basin, known as the Carnatic, has a humid enervating atmosphere but faintly relieved by the freshness of the sea. The climate and easy abundance of food tell against physical development, and the swanning, indolent, rice-eating population contribute little to the strength of the Empire.

*Southern Limits.*—In the extreme south the Southern Ghats shut the districts of Tinnevely and Madura from the western maritime state of Travancore. Tinnevely and Madura consist mostly of open red, treeless plains, with isolated hills and masses of rocks, presenting a desolate appearance. Groves of palmyra and coco-nut flourish near the coast and along the river-banks. Travancore is very picturesque with undulating country and magnificent primeval forests on the Ghats, and one unbroken mass of coco-nut and areca palms in the maritime lowland strip. The rainfall is abundant, giving effects of climate and scenery like those of Ceylon.

*Ceylon.*—The Southern Island of Ceylon is a Crown Colony, politically separated from India. It is geographically connected with the continent by Adam's Bridge\*, in which are two narrow passages for ship-passing between Palk Strait on the north and the Gulf of Manaar on the south. The Manaar passage is navigable for small boats, the Pamban admits vessels drawing 10 feet of water. The Indian coast line is broken by shoals, rocks and reefs with many evidences of the submergence which separated the Island from the mainland.

*Andaman and Nicobar Islands.*—The Andaman and Nicobar Islands with the Prepara and Cocos groups are formed by the summits of a submarine range extending in a curve for 700 miles, connected with the Arakan Yoma of Burma and Sumatra. The convict settlement of Port Blair in the Andaman\* forms the chief interesting feature.

*Maldivic and Laccadive Islands.*—The Maldivic and Laccadive Islands, with Minicoy lying midway between them, are the visible remains of a great submerged Indo-African continent. Between the Maldivic Islands and the Seychelle Islands, which are connected with Madagascar and Africa by comparatively shallow waters, there exists\* a submarine bank which cuts off the deep ice-cold currents of the Antarctic from the Arabian Sea. The Laccadive Islands are part of the Madras Presidency. The Maldivic Islands are long administratively to Ceylon.

*Aden and its Dependencies.*—The peninsula and isthmus of Aden on the south coast of the province of Yemen, Arabia, with the island of Sirah and the peninsula of Jebel Ihsan, or Little Aden, and Sheikh Othman, are British territory. Aden consists of a huge crater walled round by precipices, the highest peak being 1,775 feet above the sea. In spite of the high average temperature, Aden is not an unhealthy station for troops, and is exceptionally free from infectious diseases and epidemics; it is unfit for long residence. The rainfall varies from 10 to 18 inches, with an irregular average of 3 inches. Water for drinking purposes is largely obtained by condensation. Attached to the settlement are the islands of Perim, a volcanic island in the Straits of Bab-el-Mandeb, Sokotra, a coaling station, in the Arabian Sea, and Kuria Muria, on which are large guano deposits.

*Mergui Archipelago.*—These Islands, which are of wild, fantastic and picturesque beauty, lie off the Mergui coast, Tenasserim. Mangroves grow extensively round the coasts of the northern islands; the pearl fisheries are important, and tin is believed to exist in some of the islands. Edible birds' nests are obtained on almost every rocky island.

*Foreign Possessions.*—The only possessions held in India by European powers, other than Great Britain, are (1) Goa, Daman and Diu Island, on the west coast, belonging to Portugal, (2) Pondicherry, on the south-west coast, Chandernagore on the Hoogly, Karikal on the Cauvery, Yanam on the Godavari and Mahe on the west coast, belonging to France.

**Ethnography.**—India is a mosaic of races, religions and languages, having nothing in common with each other, and this segregation is carried to an indefinite extent by the isolating

institution of caste. The differences between the countries of India are not less than those between the countries of Europe, and the diversities of religion and race are not less wide in India than in Europe. The Madrassi differs widely from the Sikh, and the languages of Southern India are quite as unintelligible in Lahore as they would be in London.

*Seven Main Types.*—The Ethnographic Survey of the peoples of India is still in progress, but analysis of the data up to the year 1905 renders it possible to distinguish provisionally three main classes—Aryan, Dravidian and Mongoloid—in opposition to the older theory that divided the population into two classes—Aryan and aboriginal. Composing these three great classes are seven main physical types—the Dravidian, Turko-Iranian, Indo-Aryan, Scytho-Dravidian, Aryo-Dravidian, Mongol-Dravidian and Mongoloid.

*Dravidian.*—The Dravidians may be regarded as the earliest inhabitants of India of whom we have any knowledge. It is the oldest and most primitive of all the types, and occupies the oldest geological formation in India, Madras, Hyderabad, the Central Provinces, most of Central India, and Chota Nagpur. Labour is the birthright of the Dravidian; he is recognizable by his black skin, squat figure, long head, and the negro-like proportions of his nose.

*Turko-Iranian.*—The Turko-Iranians are represented by the Baluch, Brahui, and Afghans of Baluchistan and the North-West Frontier Province, and are the result probably of a fusion of Turki and Persian elements in which the former predominate. The stature is above the mean, complexion fair, eyes mostly dark, hair on face plentiful, head broad, nose moderately narrow, prominent and very long.

*Indo-Aryan.*—The Indo-Aryan type is represented by the Jats, Rajputs and Khattris of the Punjab, Rajputana, and Kashmir. The stature is mostly tall, skin a very light transparent brown, complexion fair, eyes dark, hair on face plentiful, head long, nose prominent and narrow but not specially long. Very slight physical differences exist between the higher and lower groups of the social scale, and the bonds of caste are less rigid than elsewhere. The type shows practically no signs of having been modified by contact with the Dravidians. It is supposed that the race advanced by slow degrees from the north-west as climatic conditions made it necessary, through tracts, once fertile but now desert, lying towards the south-east of Persia and Central Asia.

*Scytho-Dravidian.*—The Scytho-Dravidian type comprises the Maratha Brahmans, the Kunbis and the Coorgs of Western India, and is probably formed by a mixture of Dravidian elements with Scythian invaders from Central Asia westwards into the Punjab, Sind, Gujarat, Rajputana and Central India. The type is clearly distinguished from the Turko-Iranian by a lower stature, a greater length of head, a higher nasal index, a shorter nose and a lower orbito-nasal index.

*Aryo-Dravidian.*—The Aryo-Dravidian or Hindustani type is found in the United Provinces, parts of Rajputana and in Bihar, and is probably the result of the intermixture, in

varying proportions, of Indo-Aryans and Dravidians. The complexion varies from lightish-brown to black, the head-form is long, and the nose broader, and the stature less, than among the Indo-Aryans.

*Mongolo-Dravidian or Bengali.*—The Mongolo-Dravidians or Bengalis of Lower Bengal, and Orissa, comprise the Bengal Brahmans and Kayasths, the Muhammadans of Eastern Bengal, and other groups peculiar to this part of India. The type is probably a blend of Dravidian and Mongoloid elements with a strain of Indo-Aryan blood in the higher groups. The head is broad, complexion dark, stature and nose medium, and hair on face plentiful. This is one of the most distinctive types in India; the physical degeneration that has taken place may be due to a relaxing climate, enfeebling diet and early marriage.

*Mongoloid.*—The Mongoloid type of the Himalayas, Nepal, Assam and Burma is represented by the Kanets, Lepchas, Limbus, Murmis, and Gumngs, the Bodo of Assam and the Burmese. The head is broad, complexion dark with a yellowish tinge, hair on face scanty, stature short or below the average, nose fine and broad, face flat and eyelids often oblique.

*The Operation of Caste.*—There is a remarkable correspondence, in all parts of India except the Punjab, between variations of physical type and differences of grouping and social position. This is due to the operation of the caste system. Nowhere else in the world do we find the population of a large sub-continent broken up into an infinite number of mutually exclusive aggregates, the members of which are forbidden by an inexorable social law to marry outside the group to which they themselves belong. Whereas all the nations of Europe are the result of a fusion of a number of distinct tribal types into a more or less definable national type, in India the process of fusion was long ago arrested, and the degree of progress which it had made up to the point at which it ceased to operate is expressed in the physical characteristics of the groups which have been left behind. There is consequently no national type and no nation in the ordinary sense of the word.

*Definition of Caste.*—A caste maybe defined as a collection of families or groups of families, bearing a common name, which usually denotes, or is associated with, a specific occupation; claiming common descent from a mythical ancestor, human or divine; and professing to follow the same calling. A member of the large circle denoted by the common name of the caste is invariably prohibited from marrying outside that circle, but within the circle there are usually a number of smaller circles to each of which the same prohibition applies. Thus a Brahman cannot marry any woman who is a Brahman; his wife must be chosen from the same endogamous division of the Brahman caste.

*Evolution of Caste.*—The census of 1901 showed that there were 2,378 main castes and tribes. There is throughout India a tradition that originally there were four castes, and everywhere the Brahman or priest heads the list.

The boundary of a caste may be said to be fixed by the rule restricting intermarriage, but its social status depends on the nature of the occupation of its members and their habits in respect to diet. Caste restrictions impose many disabilities, a sign of which is the energy with which a number of Hindu communities endeavour to improve their position in the social scale accorded to them by their coreligionists by imitating Brahman ways as far as possible. To facilitate the process, the name of the caste is changed, degrading callings are given up, vegetarianism is adopted and Brahmans of the less scrupulous kind are invited to officiate at domestic ceremonies. The members of the new sub-caste hold themselves aloof from former equals and look among other sub-castes for brides for their sons and husbands for their daughters. In this way new sub-castes and even new castes are constantly originating, and the almost insensible transformation, by various agencies, of tribes into castes can to-day be traced all over India.

*Influence of Environment.*—To the racial differences before described must be added variations due to environment which have been developed during the course of many centuries. In the north-west the dry climate and incessant struggles with man and nature have combined to produce a brave, hardy race of good physique, while the easy life in the steamy and fertile rice plains of the Gangetic delta, though encouraging a rapid increase in numbers, has sapped energy and stunted growth.

*Condition of the People.*—The native of India is, with a few marked exceptions, of slighter build and weaker frame than the European; his diet, often from choice and often from necessity, is wholly or mainly vegetarian; he is deficient in energy and capacity for sustained labour; his earnings are much smaller, but his wants are simpler and more easily met—food grains are cheap, rents low, houses inexpensive, and clothing is often a matter of decency rather than of necessity. The normal rate of mortality is high, especially among young children, owing to ignorance and prejudice, and in years of drought it rises still higher, not so much on account of direct deaths from starvation, as through dysentery and diarrhoea, due to the eating of improper food, general debility, and the epidemics of cholera so frequent in famine years.

*Population and Area.*—According to the revised areas adopted in the census of 1921, the Indian empire contains 1,805,332 square miles of country. The Provinces under British administration comprise 1,094,300 square miles, or 61 per cent, of the whole, and the aggregate area of the Indian States is 711,032 square miles, or 30 per cent. The population, as recorded for the census taken in March, 1921, was 318,942,480 persons, or about one-fifth of that of the whole world, of whom 247,003,293 were enumerated in British territory and 71,939,187 in the Indian States.

Statistics relating to the population of India, including the Indian States, will be found in the Statistical Abstract published yearly.

*Average Density.*—As a whole, the average density (according to the census of 1921) is 173

persons to the square mile ; 226 per square mile in British territory and 101 in the Indian States. There are great local variations. In nearly two-thirds of the districts and States the number of persons to the square mile is less than 200, and in about a quarter it ranges from 200 to 500. The units with less than 100 persons to the square mile cover two-fifths of the total area, but contain only one-eleventh of the population, while those with more than 500, though their area is only one-eleventh of the whole, contain one-third of the population.

*Highest Density.*—The greatest density of population is found in the great Gangetic plain, and the next greatest in the narrow maritime coast strips of the Peninsula. Rainfall and irrigation, tempered by the character of the land and the influence of climate, are the causes of the high density in certain areas. Overcrowding is but a relative term, and one of the most prosperous and progressive tracts in the Empire is the densely inhabited portion of Eastern Bengal.

*Urban Population.*—Rather less than one-tenth of the people live in municipalities and cantonments of over 5,000 inhabitants, and of

these more than one-half are found in places of over 20,000 inhabitants. Towns are undoubtedly growing in both number and population owing to the expansion of industries, such as cotton and jute mills and railway workshops, and the developments due to improved means of communication. Only 33 cities, however, have a population of more than 100,000, as compared with about 44 such towns in England.

*Increase of Population.*—Since the first systematic attempt to ascertain the population of India, between 1867 and 1872, the numbers have grown steadily by 23 per cent, in 1872-1881, 13 per cent, in 1881-1891, 2.5 per cent, in 1891-1901, 7.1 per cent, in 1901-1911, and 1.2 per cent. <sup>^P</sup> 1911-1921, that is from 206,162,360 in 1867-1872 to 318,942,480 in 1921. In considering the proportional variations, allowance must be made for greater accuracy in later enumerations, and for the increase due to the inclusion of new areas within the scope of the operations. The population of the areas dealt with for the first time in 1921 1386,533.

The following table compares the results of the census of 1911 with those of the census of 1921:—

|                   | In 1911.    | In 1921.    | Increase or Decrease, 1911-1921. | Percentage, 1911-1921. |

*Internal Migration.*—The large centres of modern trade and industrial enterprises attract people from other parts of the country, and the tea-gardens of Assam and the rice-fields of Burma are mainly worked by labourers from Bengal and Madras. In 1921, however, it was found that more than nine-tenths of the inhabitants of India were resident in the districts in which they were born. The comparatively small volume of migration is due mainly to the restrictions imposed by the caste system, and to the fact that a large proportion of the people depend for their support on one branch of industry, i.e., on agriculture. There is ordinarily little incentive to the tiller of the soil in India to leave his home in order to take up land elsewhere.

*External Migration.*—In 1921 there were 603,526 foreign settlers in India as compared with 650,502 in 1911. Of these 274,000 were from Nepal, 48,000 from Afghanistan, and 108,000 from China; the remainder were mostly of European origin, 116,000 coming from the United Kingdom. The demand for labour in Ceylon, the Straits Settlements and Malay States, British Guiana, Natal, Trinidad and Mauritius attracts a large number of emigrants from India. The majority of the emigrants work as agricultural labourers on rubber, tea, coffee and other plantations.

*Occupations.*—According to the census of 1921, 73 per cent, of the actual workers of India are engaged in agricultural pursuits. The preparation and supply of material substances affords a means of livelihood to 18 per cent, of the population (actual workers), of whom 10 per cent, are employed in industries, 1 per cent, in

transport, and 6 per cent, in trade. The extraction of minerals supports only 2 persons per mille., public administration 8, the public force 7, the professions and liberal arts 16, and domestic service 14 persons per mille. Division of labour is practically unknown in India; the devolution of occupation from father to son, so closely bound up with the caste system, is perhaps the most striking feature in the functional distribution of the people of India, though of late years the influence of heredity on function is growing weaker. All paths of employment are now open to high and low alike; education is no longer the prerogative of the higher castes, and people are thus beginning to desert the avocations of their ancestors in favour of others which they regard as more remunerative or more respectable.

*Religions.*—In the census of 1921 the population is classified as follows:—

|                   | Adherents.  |

\* Religion was not recorded in the case of 2,770,666 persons in the North-West Frontier Province, and 43,093 in certain tracts in Uurma.

These figures show the mass of the population to be divided between the Hindu and the Muhammadan religions, the proportion being about 1 Muhammadan (Musalman) to 3 Hindus. Of the Buddhists nearly 97 per cent, are found in Burma. The numbers of the various religions in each province, State, and agency, and further statistics showing the distribution of the whole population according to religion will be found in the Statistical Abstract.

**Languages.**—Excluding the Gilgit Agency in Kashmir and the Tribal areas of the North West Frontier Province, where a language census was not taken, it was found in 1911 that there were 222 distinct languages recorded as vernacular in the Indian Empire. Of this number 145 belong to the Tibeto-Chinese family, 25 to the Indo-European, 14 to the Dravidian, and 17 to the Austro-Asiatic, the remainder are unclassified. The languages of the Tibeto-Chinese group are spoken by about 13 million persons, or about 4 per cent, of the population. They predominate in Burma, the Assam hills, and in a portion of the Himalayan area. The indigenous languages of the Indo-European family belong to the Aryan sub-family. This has two branches—the Indian and the Eranian. The languages of this group are spoken by nearly three-fourths of the total population of India. They are current everywhere except in Burma, the Assam hills, and the part of the peninsula which lies south of the line extending roughly from Kolhapur to Puri. The Indian branch includes the Sanskritic languages—Hindi, Bengali, Rajasthani, Gujarati, Panjabi, Oriya, Marathi, and others, spoken by nearly 230 million people. Baloch and Pashto are the chief languages belonging to the Eranian branch. In the south of the peninsula Dravidian languages are spoken almost universally. This group comprises Tamil, Malayalam, Kanarese, Telegu, and a number of others, spoken by over 64 million people. The Austro-Asiatic family claims about 4.5 million speakers. It has two local sub-families, the Mon-Khmer and the Munda. The principal members of the former are Mon or Talaing in the neighbourhood of Rangoon, Khasi in the centre of the Assam range, and Palaung and its allied dialects in the neighbourhood of the Salween—each with about one-fifth of a million speakers. Of the Munda sub-family whose main habitat is the Chota Nagpur plateau, Kherwari (3.5 million speakers) is the most important language.

**Hindustani.**—Hindustani is spoken over the whole of the north and west of continental India as a second language, or *lingua franca*, used alike in the court and the market-place by every one with any claim to education. Urdu is that form of Hindustani which is written from right to left in the Persian character; it makes a free use of Persian (including Arabic) in its vocabulary. The Hindi form of Hindustani is written from left to right in the Devanagari characters. Rekhta is the form of Hindustani used in poetry; Dakhani is the form used by Musalmans in the Deccan, it is written like Urdu, but is not so much Persianized.

**Education.**—In 1911 it was found that only 9 per thousand of the people could both read and write, viz., one male in 9.5, and one female in 96. In 1921, 82 per 1,000 were literate, 1 male in 7 and 1 female in 48. It is probable that these proportions are somewhat smaller than is really the case. Burma, with its extensive system of indigenous free education imparted by the monks, easily holds the first place, one-half of its male and one-ninth of its female population being able to read and write, but the number of really educated people is probably smaller here than in any other province. There are more literate persons among the people who speak the Dravidian and Mongolian languages than among those whose vernaculars belong to the Aryan family. The Parsis are the best educated, with nearly three-fourths of their total able to read and write. Then come the Jains with 30 per cent., then the Buddhists and the Christians with nearly 29 and 25 per cent, respectively. The Sikhs and Hindus have each about 6 per cent., the Muhammadans over 4 per cent., and the Animists only 2 per cent. 160 males and 18 females per 10,000 of the total population were literate in English in 1921 as compared with 95 males and 10 females per 10,000 in 1911.

The number of scholars in public and private institutions and fuller statistics showing the distribution of population according to religion and education will be found in the Statistical Abstract.

**Meteorology.**—India probably presents a greater variety of meteorological conditions, actions and features, than any area of similar size in the world. The normal annual rainfall varies from 426 inches at Cherrapunji, in the Assam Hills, and from between 300 and 400 inches at exposed positions on the Western Ghats and the Arakan and Tenasserim Hills, to less than 3 inches in Upper Sind. In 1861 a rainfall of 905 inches was measured at Cherrapunji, while at stations in Upper Sind it has been nil. A rainfall exceeding 25 inches in 24 hours is of occasional occurrence, and tails exceeding 15 inches are comparatively frequent.

**The Monsoons.**—The primary fact in the meteorology of India is the alternation of seasons known as the south-west and north-east monsoons. The former is a season of winds of oceanic origin, of high humidity, and of frequent and heavy rain over the whole area; the north-east monsoon is a season of winds of continental origin and great dryness. From this point of view the terms wet and dry monsoons seem to be more appropriate. The causes of the monsoons are many and complex, but the fundamental facts that underlie the explanation of their origin are the differences of temperature in the winter and summer months between Central and Southern Asia, and the Pacific and Atlantic Oceans in the same latitudes.

**Dry Monsoon.**—The dry monsoon lasts from about the middle of December to the end of May, and may be divided into two periods, one of comparatively low, the other of increasing and high, temperature. The former, the cold

weather of Northern India, includes the months of January and February, the latter extends from March to May.

*Wet Monsoon.*—The wet monsoon may also be divided into two periods: the first, from June to September, is the monsoon proper, when general and heavy rain falls occasionally or frequently in nearly all parts of India; the second is the retreating monsoon period, lasting from October to December, when the area of rainfall contracts southwards and the intensity and volume of the fall diminish.

*Normal Rainfall.*—The following gives a statement of the mean or normal rain fall in India, derived from the average data of about 2,000 stations distributed somewhat unequally over the whole of the country:—

|  | Inches. |
|--|---------|
| Cold weather (January—February)                        | 0.99    |
| Hot weather (March—May) ...                            | 4.58    |
| South-west monsoon (June—September) . . . . .          | 34.6s   |
| Retreating south - west monsoon (October—December) ... | 4.95    |

The rainfall of the first half of the wet monsoon is much less valuable and effective, on the whole, for agricultural purposes than the rainfall of the second half. It is essential that there should be occasional to frequent rain in August and September and occasional rain in October, in order to bring the chief food crops to perfection. An abrupt termination of the rains in August may cause the whole of the rice crop in a province to fail to come to maturity. In North-Western and Central India not only may the rains of the south-west monsoon fail more or less completely, but also the preceding or following cold-weather rains, and failure of the first is, in about two cases out of three, accompanied by failure of the second. This double drought is most disastrous.

*Average Temperature.*—Temperature is perhaps, next to rainfall, the most important feature of meteorological observation in India from the economic standpoint. The highest day temperatures usually occur in Northern India in the month of May. The hottest area is the Pat desert of Upper Sind, of which Jacobabad is imperfectly representative, and after that, the adjacent tracts including the South Western Punjab and North Western Rajputana. At Jacobabad, in seventeen out of twenty years, the highest day temperature ranged from 117° to 126°; the average mean temperature at this station for the year is 80°·4. The average mean temperature at other stations in the plains varies between that of Jacobabad and 71° at Rawal Pindi. In the hill stations the average mean varies from 42°·6 at Leh to 70°·4 at Pachmarhi.

*Agriculture.*—The soil of India for agricultural purposes may be divided into three great classes:—Alluvial tract, Deccan trap, and crystalline tract. The alluvial tracts are the most extensive and the most important; they occupy the greater portions of Sind, Gujerat, Rajputana, the Punjab, the United Provinces, Bengal, the Godaveri, Kistna, and Tanjore Districts of Madras, extensive parts of Assam and Burma, and the maritime strips and river

courses of the Peninsula. Water is found at moderate depths, but in some parts of the Punjab and the United Provinces the wells are deep. Alluvial soils are generally suitable for irrigation; with moderate and well-distributed rainfall a great variety of autumn and spring crops can be grown.

*The Trap Soils.*—The Deccan trap covers the greater portion of Bombay, the whole of Herar, one-third of the Central Provinces, and one-half of Hyderabad. The fertility of the soil varies to an extraordinary degree; the rich black cotton-soil is highly retentive of moisture, and this is the only kind that is generally adaptable for irrigation purposes. Canals and tanks are not suitable for irrigation in the broken country of the Deccan trap areas, but a considerable area is cultivated under wells, and this represents some of the highest farming in the country.

*Crystalline Tracts.*—The crystalline tracts occupy the remainder of the Peninsula area, including Madras and Mysore, as well as a long strip along the coast of Southern Burma. The soils vary considerably; the more fertile districts are irrigated with advantage from tanks and wells, and will, under suitable conditions, repay the cost quite as well as the alluvial soils. Rice forms the chief product, though the best soils are suitable for a large variety of crops.

*Conservation of Manures.*—The chief obstacle to the improvement of Indian agriculture is the lack of manure, due to the use of dung as fuel, and the reluctance of the people, owing to their caste restrictions, to make use of many valuable manures. The Government have reserved areas where firewood may be looked for in the future, with a view to removing one of these obstacles; in the forests under State control timber and minor produce are granted free, or at reduced rates, to local residents. Improved sanitary methods, both for towns and villages, in the form of sewage farms, septic tank systems, or the poudrette system, have been the means of enormously increasing the size of crops in some districts, and the better conservation of manure will, with further extension of these systems, greatly benefit agriculture. Mineral manures are not plentiful in India and their cost is high.

*Rotation of Crops.*—The practice of regular rotation of crops is followed in many parts of India, whilst the common Indian system of mixed crops serves in many respects the same purposes. This latter practice is undoubtedly successful and profitable, and it enables the cultivator in an unfavourable year to minimise the risk of total failure of his crops. The pulse crop is in every province mixed with other crops; it enriches the soil with nitrogen, and its long tap-roots enable it to withstand drought.

*Principal Crops.*—The principal crops are rice, wheat, millet (two types, jowar and bajra), pulse (gram or chick-pea), oil-seed (sesamum, linseed, rape, mustard, castor, ground-nut, poppy-seeds, and coco-nut seeds), sugar-cane, cotton, jute, tobacco, opium-yielding poppy, pepper, tea, coffee, cinchona (for quinine), indigo, and many kinds of

vegetables and fruits. The areas under cultivation will be found in the Statistical Abstract.

*Rice and Wheat.*—Rice is grown on about one-third of the cropped area in British India. The quantity exported in 1922-23 was 2,125,000 tons, of which Burma contributed about 80 per cent. Wheat occupies about 10 per cent, of the whole cultivated area. The amount exported in 1922-23 was only about 270,000 tons as against a pre-war average of about 1,300,000 tons.

*Draught and Dairy Cattle.*—In India cows are kept chiefly to produce work cattle, and milk is obtained largely from buffaloes. Camels are employed for tillage to some extent in Northern India, but agricultural operations as a whole, and also the transport of goods by road, mainly depend upon the draught power of bullocks and male buffaloes. In the forests elephants are utilized for removing timber. The sanctity of the cow among the Hindus and the general disinclination to "take life results in the maintenance of a considerable number of old and decrepit animals which are the first to succumb during periods of scarcity and famine. Hay-making is not practised by the Indian cultivator and reserve stocks of fodder are not maintained. In the deltaic areas and in rice tracts generally the cattle are miserably weak. Grazing lands are here scarce, and rice straw, which provides little nourishment, is the only fodder available in any quantity. Hides are exported in very large quantities, but their quality is variable. The Government dairy farms and cantonment grass farms are gradually leading up to improved methods.

*Sheep and Goats.*—Sheep and goats are bred most successfully in areas receiving a moderate rainfall. In peninsular India the shepherds own large flocks with which they wander from place to place. The sheep are generally inferior both as mutton and as wool producers; they are clipped twice a year, and a fleece rarely weighs more than x) lbs. Goats are valued for their meat and milk, and in the Himalayas for their hair. The flesh of goats is largely used instead of mutton.

*Horses and Mules.*—Horses are bred mainly for sale to the Army Remount Department and the police. The purchase of remounts is facilitated, and horse-breeding has been gradually encouraged, by prizes offered at old-established fairs. For many years attention has been given to the breeding of mules for military purposes.

*Co-operative Credit Associations.*—The agriculture of India is, generally speaking, in the hands of men with small holdings who work mostly on borrowed capital. To minimise the evils of borrowing from private money-lenders the Government has in some districts curtailed \*the peasant's right to raise money on his land, whilst credit associations of a co-operative character are encouraged. Sums are also advanced by Government for specific purposes at from 5 to 8 per cent, as against the ordinary rate of 24 to 37} per cent, exacted by the village money-lender. In March, 1905, the year after the passing of the Co-operative Credit Societies

Act\*, there were altogether 41 societies; for the year 1920-21, there were 43,366 societies, with a membership of 1,756,925. The total working capital available in 1920-21 amounted to ^16,272,574. The amount of State aid in loans from the Government in 1920-21 was £230,354.

*Agricultural Researches.*—Agricultural research and experiment in India are carried out by the Agricultural Departments in the Provinces, in 1901 an Inspector-General of Agriculture was appointed, but in 1912 the duties were amalgamated with those of the Director and Principal of the Agricultural Research Institute at Pusa under the title Agricultural Adviser to the Govt. of India and Director of the Agricultural Research Institute. A number of expert advisers are employed, such as cotton-specialists, mycologists, entomologists and chemists. A Board of Agriculture was created in 1905, to meet annually for discussion of programmes. Crops are being improved or brought back into cultivation, land rendered infertile by alkali salts is being brought into profitable cultivation, and the confidence of cultivators is being won.

*Mines and Minerals.*—The high quality of native-made iron, the early manufacture of high-class steels, and artistic products in copper and brass gave India a prominent position in the ancient metallurgical world, while until about forty years ago the country was the chief source of the nitre used in the manufacture of explosives. The chemical manufacturer of Europe, armed with cheap supplies of sulphuric acid and alkali, has been enabled to stamp out, in all but remote localities, the once flourishing native manufactures of alum, alkaline compounds, blue vitriol, copperas, copper, lead, steel and iron, and seriously to curtail the export trade in nitre and borax. Practically nothing has been done to develop those minerals which are essential to modern metallurgical and chemical industries, while most striking progress has been made during recent years in opening out deposits from which products are obtained suitable for export, or for consumption in the country, by what may be called direct processes.

*Coal.*—Coal is the most valuable mineral product worked in India, and supports a larger body of labour than any other mining industry. In 1923 over 200,000 persons were engaged in its production? The majority of the workmen follow the vocation of agriculture as well as mining, and return to their homes during the periods of sowing and reaping. The output has risen from 1,397,818 tons in 1884 to 19,658,000 tons in 1923. The chief sources of Indian coal are the Gondwana coalfields of the Peninsula, the remainder being obtained from seams of Tertiary age in Burma, Assam, the Punjab, and Baluchistan. Gondwana coal is found in the Darjeeling area and in Bhutan and Assam, but the seams are difficult to work. The Jherria coalfield in Bihar and Orissa, and the Raniganj field partly in Bengal and partly in Bihar and Orissa, produce between them

over Co per cent, of the total output. Ceylon, the Strait\* Settlements and Sumatra are the chief buyers of Indian coal.

*Mineral Oil.*—The petroleum resources of India are confined to the systems of folded rocks at either end of the Himalayan arc; the Iranian system in the west, including the Punjab and Baluchistan and extending into Persia; and the Arakan system on the east, including Assam and Burma and extending into Sumatra, Java, and Borneo. In 1894 the production amounted to 11 £ million gallons of crude oil; in 1919 it was estimated at 305 million gallons. India imports mineral oil in large quantities, the imports for 1922-23 being nearly 133 million gallons.

*Amber, Graphite, and Mica.*—Amber is found in very small quantities in Burma. Graphite is found in small quantities in various places, but little progress has been made in mining it. India has for many years been the leading producer of mica, turning out more than half of the world's supply.

*Gold.*—Gold is washed in small quantities in the river gravels of various parts of India, and it is mined from a rich reef on the Kolar field in the State of Mysore. In 1920 the production of gold amounted to 499,068 ozs., by far the greater part of which came from the Mysore goldfields. Electric power for working these mines is obtained from the Cauvery Falls. There are also gold mines at Hutti in Hyderabad and in the Anantpur district in Madras.

*Tin, Lop per, Silver; Lead and Antimony.*—The only persistent attempt to mine tin is in Burma, but the output is insignificant. Copper is found in Southern India, in Bihar and Orissa, and in Burma. An attempt is being made to work lodes near Pangyang, in the Northern Shan States, for the production of silver and lead, and in Southern Burma for antimony.

*Iron.*—Iron ores are widely distributed in India, but smelting after European methods is confined to Bengal and Orissa where coal is found in proximity to the ore. The output of iron-ore has been rapidly increasing in recent years.

*Manganese.*—India takes the second place among the manganese producing countries of the world, the output in 1919 being 535,000 tons; 789,000 tons were exported in 1922-23, as against 519,000 tons in 1921-22. The deposits occur in the Central Provinces, and Central India, in parts of Madras and Bombay, in Gwalior, and in Southern Burma. In some parts of the Nagpur area the deposits extend to 6 miles, and are 100 feet thick with pure ore.

*Salt.*—About 2,000,000 tons of salt are consumed annually in India, and of this rather more than two-thirds are manufactured locally. Of the manufactured salt, about 63 per cent, is produced by evaporation from sea water, 28 per cent, from sub-soil water and lakes, and 9 per cent by mining and quarrying. Deposits of rock-salt are confined to the Punjab and the North-West Frontier Province, and about 150,000 tons a year are here obtained by mining or quarrying. The principal source of supply is the Mayo Mines,

near Khewra, in the Salt Range, where the salt deposits have an aggregate thickness of 550 feet, 275 feet of which are of very pure material of a pink or light red colour. The Sambhar Lake in Rajputana is the most important inland source of supply by evaporation.\*

*Gem Stones.*—The only precious and semi-precious stones at present mined in India are the diamond, ruby, sapphire, spinel, tourmaline, garnet, rock-crystal, agate, cornelian, jadeite and amber. Amber has already been referred to; of the rest only the ruby and jadeite attain any considerable value in production. The output of diamonds is comparatively unimportant. The ruby-mining industry of Burma has lately undergone a favourable change, but the value of the stones produced in 1920 was only about £41,000.

*Famine in India.*—India is, and always has been, mainly agricultural and agricultural under conditions peculiarly exposed to famine. The soil is parcelled out in minute farms. The farmers have no capital and depend to a large extent on unorganized local credit, which shrinks when harvests fail. Off the land, but dependent on it, are millions of agricultural labourers, the vast majority of whom have only casual employment and are thrown out of work when harvests fail. Thus, the masses of the Indian people depend upon the harvests, and these depend upon a periodic, but by no means regular, rainfall. But not every failure of the rains causes famine, since the people are not generally dependent upon the out-turn of a single harvest, and the spring harvest may be good although the autumn crops have failed.

*Famine Relief.*—Modern famine policy is thus a struggle against nature and has two objects, the one remedial the other protective; it seeks to relieve distress when droughts come and in many ways to fortify the people against drought. Under the stern but efficient teaching of experience, an elaborate system of relief has been worked out, which attempts to save life without inducing the population to rely upon Government aid rather than upon their own industry and thrift. Standing preparations are made on a large scale in ordinary times; the country is mapped out into relief-circles of convenient size, and programmes of suitable relief works are revised annually in every District, matters being so arranged that a telegram from head-quarters can mobilize relief. Precautions against possible outbreaks of cholera, &c., are also made in order that the disease may not be spread to the non-affected areas.

*Famine Protection.*—The efforts of the Government of India are, however, not confined to relief, but are mainly directed to ascertaining how far it is possible to diminish the severity of famines or to place the people in a better condition for enduring them. Most of these efforts will be found more fully described under other sections. With the introduction of the reforms scheme the annual appropriation of ₹1,000,000 made from Imperial revenues for famine relief and insurance disappears, and in

\* Some further particulars will be found under the head of "Salt Duty."

future each Provincial Government will be required to set aside from its resources a fixed sum every year for famine insurance. The sums thus set aside will be devoted, in the first instance, to outlay in the construction of protective works, and, if necessary, in relief measures, the sum not required for these purposes being utilised in building up a famine insurance fund.

Railways have revolutionized the conditions, and an absolute dearth of food is now unknown; increased knowledge of the economic conditions of the country and the social conditions of the people, and an elaborate system of agricultural intelligence, enable the government to grapple with famine problems as never before. Irrigation works are undertaken, whether commercially profitable or not, to protect areas that are liable to drought. The land revenue is reduced or remitted, and co-operative credit societies have been founded in order to assist the landowners in times of scarcity; and attempts are made to draw the surplus population from agricultural pursuits to find a means of subsistence in manufactures or some such employment.

**Forests of India.**—Forests form the head-works of Nature's irrigation scheme in India, not only by storing rainfall water in the soil, but also by supplying moisture to the atmosphere by transpiration from the foliage. The grazing which they afford to countless herds in years of drought assumes a special value in conserving the cattle upon which the agriculture of the country depends. The supply of material for house building, fuel, &c, and the use of forest leaves as manure for the cultivator's fields, are sources of material wealth to the inhabitants in the vicinity, whilst the timber and other products which are utilized throughout the world are a valuable asset to the State.

*State Forests.*—The State forests, *i.e.*, lands administered as forests by the Forest Department, cover an area of about 250,000 square miles, or nearly one-fourth of the total area of British India. The proportion of forest area to total area varies considerably in the different provinces. Thus in Bihar and Orissa it is 3¼ per cent., in Assam 47 per cent., and in the Andamans, where it is highest, 70 per cent. The forests are divided into four classes—Reserved, Protected, Unclassed and Public—according to the degree in which they are given over to or protected from the use of the public. In Burma a forest estate is being built up, which in the future will be unique in organization and value.

*Control and Revenue.*—The duties of demarcation and survey, of protecting forests from men, cattle and fire, devolve upon the India Forest Department, comprising an Imperial and a Provincial Service. Subject to the general supervision of the Government of India, the control of Forest Administration rests with the Local Government in each province. Forest operations are subject to the control of the local executive officers in matters affecting the rights of the people. The gross revenue from Indian forests in 1922-23 was £3,680,938. The charges amounted to £2,696,438, leaving a surplus revenue of £984,500.

**Irrigation and Canals.**—Irrigation has been resorted to in India from time immemorial as a means of supplementing the natural rainfall and of storing water for use at critical periods. In general it may be said that the security of the harvest depends on the existence of some form of irrigation in almost all parts of India, except in tracts such as Eastern Bengal, Assam, or Lower Burma where the average rainfall is not less than 70 inches in the year. As an example of the magnitude of some of the works undertaken by the Government of India may be mentioned the Lower Chenab Canal which irrigates over 2,000,000 acres, equal to about two-fifths of the whole cultivable area of Egypt.

*Types of Works.*—Irrigation works are of three great types—lift, storage and river works—which are represented by wells, tanks, or reservoirs, and canals. About 30 per cent. of the irrigated area, or 14,200,000 acres are irrigated from wells; the average area irrigated by tanks is about 7,300,000 acres and over 21,000,000 acres are irrigated by canals. The wells and smaller tanks are often the property of private individuals, but the larger tanks and the canals are undertaken by the Government.

*Financial Considerations.*—With the introduction of the reforms scheme the old classification of irrigation works into "major" (*i.e.*, those undertaken from loan funds) and "minor" (*i.e.*, those undertaken out of ordinary revenues) has been replaced by a classification based on their productivity, and the receipts and charges relating to waterworks, navigable canals, embankments and other purely agricultural works are separated off from those relating to irrigation works proper. For the year ending 1922-23 there was a net profit on productive irrigation works, after taking into account working expenses and interest on capital outlay, of over 7 per cent. Thus, having regard to the remunerative character of the greater part of the outlay, and to the immense value in times of scarcity of the food supplies which can be relied on with confidence from the irrigated area, the policy of Government is to spare no efforts to make ample provision for irrigation works. The tracts in which the net revenue would probably exceed the expenditure on new works, namely, in Punjab, Sind and parts of Madras, are not usually liable to famine.

*Navigable Canals.*—Irrigation canals are not always suitable for navigation, and many canals have been constructed for navigation which do not irrigate a single acre. The great rivers are navigable by steamers all the year round, and there are innumerable small rivers, tributaries, creeks and backwaters which are fully utilized by small native craft.

**Railways.**—*Guaranteed Companies.*—Railway construction began in India about the year 1850, and was, for a number of years, carried out through the agency of joint stock companies under contract with the State. The companies were given a guarantee of 5 per cent. on their capital outlay, with half the surplus profits in addition. No capital expenditure beyond that

involved by the grant of free land was entailed on the State, but the general revenues had to meet the amount by which the net receipts fell short of the guaranteed interest. The light railways which were constructed on these terms have played an important part in the development of the country. Although British capital was thus attracted into India, without which these great works could hardly at that time have been constructed, yet for many years these railways imposed a considerable burden on Indian revenues. All the old guaranteed companies have now been purchased by the Government under their contracts, the last one, the Madras Railway, having been purchased on 31 Dec, 1907.

*Direct State Agency.*—In 1870 Government began to borrow money for railway developments by direct State agency, but expenditure was to be met by the receipts from the guaranteed railways, and no increased charge was to be thrown on the revenues. In 1879 this system ceased, and the capital outlay was limited to what the Government could borrow in India without unduly pressing the market or could spare from revenue.

*Assisted Companies.*—These restrictions would, however, have hampered the work of construction, and economic progress would have been severely checked, had not the Government in 1880-81 decided again to evoke the aid of private capital, which it was hoped, would be obtained on better terms than in the days of the old guaranteed companies. From that time onwards a number of companies have assisted in the development of Indian railways. The terms of their contracts vary considerably; some have a guaranteed rate of interest or rebates on traffic interchanged with trunk lines, others receive a subsidy, others have received no more than a free gift of the land required for the construction of the line.

*Policy of Advance.*—In 1883 the Government proposed a more ambitious programme; railways were to be made as required, but were, as a rule, to have a good prospect of repaying their interest charge, those for famine purposes being paid for, with irrigation works, from the famine insurance grant. Since 1885, when the first programme under the new conditions was introduced, the annual expenditure on railways has constantly increased, with the exception of the war period, during which expenditure was necessarily much curtailed, with the result that in the immediate future most of all money available for expenditure on railways will have to be devoted to the improvement of existing lines.

*Main Results.*—As the net result of rather more than seventy years' construction policy, India on 31st March, 1924, had been provided with 38,039 miles of railway, of which 430 were opened in 1923-24. The capital at charge, i.e. the outlay incurred by the Government in the purchase and construction of its railways, including the liability which remains to be discharged by means of Annuity and Sinking Fund payments, amounted on 31st March, 1924, to about Rs. 6,40,91,46,000. After meeting interest and other miscellaneous charges, and certain annuity and sinking fund payments which go to the dis-

charge or debt, there was a net gain for 1923-24 on the results of working the State Railways of Rs. 6,41,26,000. The total net gain to the Government from the working of the railways since 1858-3 until the end of 1923-24 amounts to about Rs. 42,83,72,435. Statistics relating to the number of passengers and weight of goods carried, average rates charged per mile, &c, in recent years, will be found in the Statistical Abstract and in Vol. II of the Report by the Railway Board on Indian Railways.
