

APTURA® LT30 Self-Retracting Lanyard

Advanced Performance Technology

APTURA LT30 SRL Features

- A durable, engineered high-impact thermoplastic housing to increase service life.
- Rugged, impact-absorbing protective bumpers for added durability.
- A field-replaceable lifeline option. In the event that the webbing should become damaged, this option provides a field-replaceable web lifeline, eliminating costly returns to the manufacturer. The Aptura LT30 is the first 30' SRL on the market to offer this feature.
- A lightweight design starting at 7.5 pounds, making it one of the lightest 30' SRL's on the market.
- A standard lifeline length of 30'. Available in lengths from 13' to 30' in 1' increments.
- A 400 pound working capacity as a standard feature.
- An integral load indicator lets you know when it is time to remove the product from service.
- SRL connector with integral swivel.
- Meets all applicable OSHA standards, and is CSA certified.
- ATO ordering flexibility allows you to order the exact options, and only the options you want.

All these features and more combine to deliver the lightest weight, most versatile SRL available on the market today, the APTURA LT30 self-retracting lanyard.

*Because every life has a **purpose...***
