CHAS. A. SPIESS OF SAN MIGUEL POLICE SEARCH WILL BE ELECTED PRESIDENT OFFICER OF CONVENTION BELIEVED, HOWEVER, THAT HE WILL BE SHORN OF THE REAL POWER OF OFFICE BY SAFEGUARD COMMITTEE

Republicans in Caucus in Senate Chamber of the Capital Building Last Night Place in Nomination the Black Eagle, By a Vote of 50 Against 18 Cast for Frank W. Parker, of Dona Ana; Solomon Luna Withdraws His Name for Sake of Party Harmony; Major Whiting Nominated for Sergeant-at-Arms and George A. Armijo for Clerk.

(Special Dispatch to the Morning Journal.) Santa Fe, N. M., Oct. 2.—Charles A. Spiess of San Miguel county, who is president of the convention which is to draft the constitution for the state of New Mexico, was elected president of the convention shortly after the opening of the convention tomorrow morning. Mr. Spiess was nominated for the presidency shortly before midnight tonight at the convention of the caucus in the Senate chamber of the capital building last night.

While the victory rests with Mr. Spiess, and was only achieved after a long, hard and persistent fight, it is almost a barren one, for the caucus puts on the shoulders of a committee on committees, the real power of authority which ordinarily goes with the office. A resolution adopted declaring in favor of the selection of a committee on committees, will have the effect of shoring Mr. Spiess of his power in the convention, which will now be practically the same as the power exercised by the vice-president of the United States in his capacity as president of the senate.

Mr. Spiess was nominated for the presidency by a vote of 50 to 18, received by Judge Frank W. Parker of Dona Ana county. One of the biggest features of the caucus was the presentation of the name of Solomon Luna of Valencia county for the presidency of the convention. By withdrawing his name at a critical moment, Mr. Luna saved the caucus from a prolonged session and a probable deadlock.

The caucus was called to order in the Senate chamber of the capital building at 8:20 by Territorial Clerkman E. O. Bursum. Mr. Bursum, in his opening remarks, stated that the purpose of the caucus was to determine the policy to be pursued at the convention with reference to the adoption of a constitution, which he said was the first step toward the goal of statehood.

WATERS FOR BODIES OF SAILORS

Twenty-Nine Bluejackets From New Hampshire Believed to Have Perished When Tender Upset in North River.

ELEVEN MEN MISSING MAY HAVE ESCAPED Court of Inquiry Investigates Cause of Accident; Heroic Sailor Drowned After Rescuing Many Seamen.

(By Morning Journal Special Leased Wire) New York, Oct. 2.—Spies was given out from the building New Hampshire Bluejackets list of twenty-nine men who were supposed to have perished by the swamping of a barge which was being towed in the vessel at anchor in the Hudson river last night.

The following is the list of the men missing from yesterday's liberty party who are thought to have been in the boat that swamped last night: The list follows: BOYLAN, J. R., ship's cook, fourth class, Brooklyn. EDWARDS, J. E., gunner's mate, third class, New York. TURNER, J., water tender, Brooklyn.

(By Morning Journal Special Leased Wire) Los Angeles, Oct. 2.—Three hundred shovels scattered by a mudslide for thirty hours into the debris of the wreck of the Times building have uncovered five of the nineteen bodies buried under tons of muck. The bodies were still at work tonight burrowing other victims, aided by a huge railway crane and derrick which is lifting out of the mass the curled and twisted remains of heavy iron work and the iron machinery that fell down through flaming floors upon their fire-trapped operators.

WHITING NOMINATED FOR SERGEANT-AT-ARMS After a warm contest in which a number of names were placed before the convention, Major W. H. Whiting of Albuquerque was nominated for sergeant-at-arms at the convention. Major Whiting's wife, personal acquaintance with the delegates was the principal factor in his nomination. George B. Armijo of Santa Fe was nominated for clerk of the convention, there being also several other candidates for the nomination.

(By Morning Journal Special Leased Wire) Los Angeles, Oct. 2.—Three hundred shovels scattered by a mudslide for thirty hours into the debris of the wreck of the Times building have uncovered five of the nineteen bodies buried under tons of muck. The bodies were still at work tonight burrowing other victims, aided by a huge railway crane and derrick which is lifting out of the mass the curled and twisted remains of heavy iron work and the iron machinery that fell down through flaming floors upon their fire-trapped operators.

REVISIT LIST SHOWS TWENTY-ONE PERISHED Los Angeles, Oct. 2.—Following is a revised list of dead in disaster. Only five bodies have been recovered, but as no trace of the others has been found, it is concluded they are dead. The dead: THURSHILL, HENRY ELDER, 42, printer, married, one child, body not recovered.

DEMONSTRATE TO CAST THEIR VOTES FOR H. B. FERGUSON The democratic delegates will hold a caucus at 10 o'clock tomorrow morning, at which it is understood, a resolution will be adopted to the effect that the solid democratic vote will be for H. B. Fergusson of Bernadillo county as nominee for the presidency of the convention.

OPENING GAME OF BASEBALL SERIES AT TWO O'CLOCK STARTS ONE SOLID WEEK OF AMUSEMENT

Balloon Ascension and Parachute Leap in Front of Grandstand This Evening Will Be Repeated Every Day in the Week; Big Parker Carnival Entertainment Outfit Arrives With Blazes of Electricity and Will Be Ready for Business on Plaza Tonight; Crowds Arrive on Every Train.

ILLUMINATION OF ALVARADO IS DAZZLING

Big Crowds Swarm Around Hotel and Railroad Station as Thousands of Electric Light Bulbs Glow.

Thousands of people turned out to see the illumination of the Alvarado hotel and station last night and at seven o'clock the walls and porches and pavements around the hotel and station were lit with people. The illumination of the country and when outlines every arch and gable and tower of the long building in even more elaborate than when it was first put on this point ago and the cost of installing the thousands of electric bulbs of four and eight candle power together with the expense of thinking the street out of the South is staggering.

OVERWORK CAUSES SUICIDE New York, Oct. 2.—With his mother frantically endeavoring to restrain him, Dr. Hubert Gudder, a young physician from Asheville, N. C., committed suicide today by cutting his throat. Dr. Gudder graduated from the University of Pennsylvania last year and returning to his home, broke down from overwork.

Albuquerque and Roswell Open Baseball Tournament Promptly at 2 o'Clock Today

President J. H. O'Reilly of the Fair Association Will Pitch the First Ball Over the Plate. Formally Inaugurating the Series; the Winner of the Albuquerque-Roswell Game Will Play Santa Fe; John Mullen, of Western League to Umpire.

One of the big features of the program at the fair grounds today will be the double-header baseball game. The fair tournament will be opened by the Albuquerque and Roswell teams which will play the initial game of the series. The winner of this game will play Santa Fe immediately after the final inning of the first game.

President J. H. O'Reilly, of the Fair Association, has been invited to formally open the tournament by pitching the first ball over the plate. Mr. O'Reilly has accepted the invitation and will be in the box for one of the teams for a very few seconds. Being an old-time baseball player, it is quite likely that Mr. O'Reilly will send the ball straight over the pan, counting a strike on the batsmen unless he is fortunate enough to be able to make connections.

The first game of the double-header is scheduled to begin promptly at 2 o'clock. John Mullen, this season with the Western and next season with the American league, is the official umpire for the season and will be in his position this afternoon.

Interest in the tournament is great among the fans and it is expected that good baseball will be the rule all the week. Although it has not been officially announced, it is understood that the Los Lunas Cheyenne Indians and the Trinidad club will play tomorrow afternoon.

The Roswell club which meets Albuquerque today, arrived in the city at midnight last night. White and Clark Dille, prominent business men of Roswell are with the team as managers and will remain all week. A number of reporters accompanied the Roswell team and there will be plenty of Roswell news in the grandstand. The Roswell team is composed of the following players: Baxter, Newmyer, Johnson and Davis, pitchers; Cook, second base; Brown, first base; Crawford, third base; Clark, right field; Lyons, center field; Reynolds, left field; Hornbuckle and Kelly, catchers; Ware, shortstop; Shea, utility man.

The Santa Fe club, which is to meet the winner of the Albuquerque-Roswell game at the conclusion of the first exhibition, arrived Saturday night with Manager F. C. Blandy in charge. The team is composed of the following players: W. Parsons, left field; George Parsons, catcher and first base; D. Anderson, right field; L. Anderson, third base; Pettus, first base and catcher; Bud Gatewood, "Doc" McCarthy and Henry O'Hanlon, pitchers; Tex Jones, shortstop; Harry Welch, second base; Ted Arcer, utility man. The team is accompanied by N. Schuyler and W. H. Kerr, two well known Santa Fe fans.

The Los Lunas Cheyenne Indians and the Trinidad club are scheduled to arrive today, ready to report for play immediately.

The officials for the tournament are: Umpire, John Mullen; score-keeper, Grover Divine; series manager, William Zirkow; grounds manager, William Mason; assistant, Rogers.

ALBUQUERQUE WINS FROM SANTA FE IN A SLOW GAME

Eighteen Errors and Twenty Hits Made in Nine Innings; Some Good Individual Work By League Material.

A good crowd of fans witnessed a rather slow exhibition of the national sport at Traction Park yesterday afternoon, Albuquerque winning from Santa Fe, thirteen to seven. But few of the participants went through the game errorless and both sides pounded the ball quite frequently. Eighteen errors and twenty hits were recorded during the nine innings, on the part of some of the "big leaguers" here to participate. In the some good individual work was done throughout which begins today. Pettus, of Chicago, and Welch of Topoka were with Santa Fe, while the Albuquerque team was strengthened by Graham, who made it around the bases three times during the game.

A broncho busting contest between cowboys followed the baseball game and afforded considerable amusement to those who remained. The Score:

PADDOCK WILL BE POPULAR PLACE DURING FAIR

Visitors to the Race Track May See the Horses Before and After the Races; Race Officials Announced.

An extensive paddock, which will accommodate a large number of horses, has been built near the grandstand at Traction park and layers of race horses, who like to watch the animals at close range may do so at any time during the week. A club house for the jockeys has been built adjoining the paddock. The announcement of the track officials and the rules and regulations covering the races was made at fair headquarters yesterday. The officials are as follows:

Starting Judge—J. W. Frazer, of Colorado Springs. Clerk of Course—Thomas F. Binkert. Judges—R. R. Pollock, C. E. Worrall, Frank Jones. Timers—George Tietzel, James McCarriston and T. J. Shirok. The rules and regulations are as follows:

Entries close for running races at 11 o'clock the day before the race at the office of the secretary at the race track. Horses with their weight most parade in front of the grandstand before going to post. Horses must be in paddock twenty minutes before each race.

Where there are more than six entries in a race, horses will be allowed to scratch down to six. Under that number, five per cent of the purse will be charged down to four. No scratches allowed below four without consent of judges. This order is imperative and any one failing to comply with the same, will be fined. All scratches must be in by 11 a. m. on the day of the race.

ALBUQUERQUE NEW MEXICO

THE FAIR IS ON.

This afternoon at Traction park the thirtieth annual New Mexico fair and first state exposition will be formally opened and New Mexico's big fiesta week will be on.

Judging from the way the crowds have begun to arrive, the attendance this year is to be excellent. The fair is in many respects to be the most meritorious ever held. The management has worked more or less quietly, but very industriously.

The Lakewood Progress has found out how to win the tail of the octopus—if, by the way, that much abused creature has a caudal appendage. It says: "An exchange says that the biggest trust on earth is the country newspaper."

It is good news to the people of Albuquerque that the big woolen mill project is progressing satisfactorily. Its backers should have every encouragement from the people of this city.

"How can I make a boy stop asking me for a good night kiss?" asks an inquirer in the department column. Maybe, Angeline, if you let him kiss you once, he would not ask again.

The clock in the capital at Santa Fe is stated, is once more ticking. The alarm will go off about the time Charles A. Spess endeavors to commandeer the executive chair of the constitutional convention.

When it comes to a choice between religion and wages the action of the Rosedale mining employes shows us that the average man can be more godly when he is paid his salary.

The new lead office at Fort Sumner is in full blast with more business than it knows what to do with. We are moving along in New Mexico.

President Taft is coming around and very diplomatically gives the insurgents a share in the credit for new legislation.

New Mexico has three hundred and a quarter thousand people. Quite a bunch of citizens, that.

If you haven't hung out your flag do so. And if you don't happen to have a flag, get one.

The Members valley is showing the world when it comes to pumping for irrigation.

organized labor in general has made the eminently fair and just demand that the public suspend judgment until a thorough investigation has revealed the culprits. If Los Angeles wants to redeem herself before the country she must ferret out the criminals and punish them.

THE SPEED MADNESS.

Four killed and nineteen seriously injured, some of whom may die, is the price of the sixth race for the Vanderbilt cup, run on the Long Island course on Saturday.

WHAT CHANCE IS THERE FOR A FELLOW ANYHOW?

The doctors made Martin Tierney stop rolling the steam rollers because it gave Aesculapius a headache.

THERE WAS INTENSE EXCITEMENT

at Central avenue yesterday when a deprived and undesirable citizen was caught in the act of making off with an egg from out of the grocery.

GOOD TALK.

The people of Valencia county should keep in mind that the territorial fair will open next Monday at Albuquerque.

A GHOSTLY JOKE.

The Albuquerque Journal does not believe Charles A. Spess of San Miguel county to be the most suitable candidate for presiding officer of the constitutional convention.

HINTS TO THE SCIENTISTS.

The scientists have found the germ that makes the soil barren. Now if they will find the germ that makes the high cost of living, and eradicate both of these noxious microbes, the average consumer can have a chance for his life.

GOOD NEWS FROM CALYPSO

Miss Lee, Having Tried Many Medicines Without Benefit, Recovers Rapidly, by the Use of Cardui.

Calypso, N. C.—"For three years," writes Miss Julia Lee of this city, "I suffered with almost everything a woman could, more especially, acute inflammation. I tried three doctors with but little benefit, and had almost lost hope, when I decided to take Cardui."

Now I am in better health than I have been for three years."

One medicine will not cure every kind of sickness, because different ailments act on different portions of the body.

The troubles of most women, who are delicate, arise from simple lack of strength. The most obvious way to help them is to give them a remedy which will bring them the particular strength they lack.

Cardui's success in benefiting and curing sick and ailing women is due to the fact that it gives women strength where they most need it.

Being composed exclusively of vegetable ingredients, which act gently and sympathetically upon special organs, it is a tonic which is at once refreshing and rebuilding.

Three years of success prove that this is a fact. Try Cardui today.

Write to Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions and 24-page book, "Home Treatment for Women," sent in plain wrapper on request.

GOLD DUST Reaches Dirt Everywhere

The ease with which you can clean everything by using Gold Dust Washing Powder is immortalized in the saying: "Let the Gold Dust Twins do your work." Nothing has ever been invented that attacks dirt and grease like Gold Dust. It removes every vestige of dirt and grease, and is also a positive disinfectant.

Use Gold Dust in the kitchen for washing dishes, crockery, glassware and pots. Use Gold Dust in the bath-room for cleaning bathtubs, washbowls, sinks, pipes and metal work. Use Gold Dust in the laundry for softening hard water and washing clothes.

Use Gold Dust for scrubbing floors, doors and woodwork and in every form of housecleaning. Use Gold Dust for cleaning refrigerators, sterilizing milk cans and dairy utensils, for cleaning silverware, oil cloth and stove tops, for cleansing brooms, combs and brushes.

Use Gold Dust—in fact—for any purpose for which soap or any other cleanser is ever used.

Use Gold Dust for washing clothes and dishes, scrubbing floors, cleaning woodwork, oil-cloth, silverware and tinware, polishing brasswork, cleaning bathroom pipes, refrigerators, etc., softening hard water and making the finest soap suds.

Do not use Soap, Naphtha, Borax, Soda, Ammonia, or Kerosene with Gold Dust. Gold Dust has all desirable cleaning qualities in a perfectly harmless and lasting form. The Gold Dust Twins need no outside help.

IRRIGATION FEVER AFTER RAMPANT AT WILLARD CURED BY Lydia E. Pinkham's Vegetable Compound

New Wells Going Down and Presence of Representatives of Pump Manufacturers is Significant.

[Special Correspondence to Morning Journal] Willard, N. M., Oct. 1.—The irrigation fever, the pumping bug, is ravaging Willard and environs and the Estancia valley. New wells are being dug here and there every few days and the presence here of numerous traveling representatives of pumping machine manufacturers is alone enough to show how the wind is blowing.

W. A. Dunlavy of Willard has let a \$1,000 contract for sinking a well on his property adjoining this place, a reservoir covering one acre to be a part of the system by which he intends to irrigate his land.

Property at Willard has been changing hands rapidly of late and values are better than ever before.

Although this year has been the driest for many years in this valley, late crops are making a remarkably good showing, such as millet, corn, fodder and beans. Loads of first class feed are daily being hauled into the town and Willard and its vicinity will be in fine shape for the winter season.

ROSWELL-TUCUMCARI RAILROAD TRACKS TO BE LET AT ONCE [Special Correspondence to Morning Journal] Roswell, N. M., Oct. 1.—It was announced here last night that Alvin H. Morrison, the promoter of the Roswell-Tucumcari railroad, would be here tonight, and, having secured the rights for the road in New York, would let the contract for the work at once.

The register and receiver of the United States land office received a telegram yesterday morning from Roswell to return for a period of ten days extra clerks to hurry forward the work of copying the records for the new land office at Fort Sumner and to send the records to Fort Sumner as soon as they are made.

WATER USERS BUSY PREPARING FOR ENGINEERS Numerous Improvements Desired on Carlsbad Project Farms Will Yield Return of Half Million This Year.

[Special Correspondence to Morning Journal] Carlsbad, N. M., Oct. 1.—The Carlsbad Water Users' association of the Carlsbad project is making preparations to receive the army engineers appointed by the president to inspect the reclamation projects.

J. W. Winters of Chihuahua, Cal., returned home today, the owner of 160 acres twelve miles southwest of Deming. He will install a pumping plant immediately upon his return here with his family.

A. M. Spryberry, who came here from Georgia, has bought a tract of land adjoining that of John Hand. He will begin development right away.

John Hand commenced the harvesting of his forty acres of beans yesterday. Mr. Hand says the crop will bring between \$1,500 and \$2,000, and he says it will be a shame to take the money, because he only irrigated them with the rest of about \$1,500 in irrigation, and there has been hardly any work in raising the crop.

J. J. Jacobson is in town from his farm west of Deming. He is preparing for another bumper crop which will net him 148,000 pounds of beans last year in the shade.

The cleanup fever has caught the community. The town trustees have declared war on the weeds and have men out cutting and burning them. In the country the farmers have begun cutting the weeds along the roads and the fences.

TUCUMCARI BANKERS PURCHASE CONTROL OF VAUGHN SAVINGS BANK [Special Correspondence to Morning Journal] Vaughn, N. M., Oct. 1.—President Jesse Oils and Cashier Grant Oils have sold their interest in the Vaughn Trust and Savings bank to H. B. Jones, president of the First National bank of Tucumcari. Mr. Jones is the president of the bank recently burned at Duran. The two banks will be

Cured by Lydia E. Pinkham's Vegetable Compound. Baltimore, Md.—For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gave feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though new life had been given me and I am recommending it to all my friends.

If you would like special advice write to Mrs. Pinkham, Lynn, Mass., for it. She has guided thousands to health, free of charge.

consolidated, the Duran bank bringing its business to Vaughn.

William Little, on his claim, a mile and a half from town, is decidedly the most successful farmer anywhere in the vicinity of Vaughn. On his claim, he has twelve acres planted to beans. He will gather two thousand pounds. His corn, milo, maise and peas are all fine.

D. W. Cotter has bought the concrete building adjoining his store on Cedar street. Charles Whiteman has leased it for a bakery.

The lumber yards of Hamilton & Hart are being moved here from Bushman, N. M.

NEW IRRIGATORS RAPIDLY TAKING UP LANDS IN VALLEY OF MIMBRES [Special Correspondence to Morning Journal] Deming, N. M., Oct. 1.—Mr. Haymond of Burbank, Cal., yesterday bought a fifty-acre and an eighty-acre tract from Lee Lester. All of the land lies within two miles of Deming. Mr. Lester has announced his intention of installing pumping plants immediately in order that the whole acreage will be in shape for intensive cultivation next year.

John E. Ketchum of Burbank, Cal., returned home today, the owner of 160 acres twelve miles southwest of Deming. He will install a pumping plant immediately upon his return here with his family.

A. M. Spryberry, who came here from Georgia, has bought a tract of land adjoining that of John Hand. He will begin development right away.

J. W. Winters of Chihuahua, Cal., returned home today, the owner of 160 acres twelve miles southwest of Deming. He will install a pumping plant immediately upon his return here with his family.

McQUEEN GRAY, President of the University of New Mexico, Chairman, Committee of Selection.

University Notes.
Mr. and Mrs. Harold Allen of New York were visitors last Friday and observed with much interest the changes made in the Valley since they were students here several years ago. Mrs. Allen was then Miss Mabel Anderson, who graduated from the Normal department and taught in Albuquerque. Mr. Allen after leaving the Preparatory department graduated from Amherst college with special honors. He is now assistant in New York City for the great American Iron and Steel Manufacturing company. Mr. and Mrs. Allen have long an interest in the University and expressed themselves as being greatly pleased with the Pueblo style of architecture. A delightful social occasion occurred at Friday night given by a new organization on the hill, styling themselves the Kappa Mu chapter. The invitation was to the University people living in the vicinity. All the young ladies appeared in black with aprons and white caps. The evening was devoted to conversation, music and dancing. Good results always flow the use of Foley Kidney Pills. They contain just the ingredients necessary to tone, strengthen and regulate the kidneys and bladder, and to cure backache, O'Leary & Co. OSTEOPATHISTS TO MEET TODAY
Territorial Board of Osteopathy to Examine Applicants Who Desire to Practice in New Mexico.

The Territorial Board of Osteopathy will meet at 8 o'clock this morning in the office of the president of the Board, Dr. C. H. Conner, Stern Building, for the purpose of examining applicants who desire to practice osteopathy in New Mexico, and to transmit such other business as may come before the board. The other members of the board, in addition to President Conner, are Dr. Charles A. Whelan, of Santa Fe, and Dr. C. L. Parsons, of Roswell.

ALBUQUERQUE HAS UNEXCELLED SERVICE
General Manager of the Colorado Telephone Company Says This City is Up to the Minute Telephonically.

That Albuquerque has telephonic service, both local and long distance, that cannot be excelled in any other city in the United States, was the statement of Mr. E. M. Burgess, general manager of the Colorado Telephone company, who arrived in the city yesterday from El Paso on a short inspection trip, and will leave tomorrow for his headquarters in Denver.

"Conditions in Albuquerque are very pleasing in a telephone way," said Mr. Burgess. "Albuquerque should feel proud of its excellent service. The telephone system, as every telephone subscriber and user knows, is equal and in many cases better than that of any other city or town in the United States."

"Albuquerque is the geographical center of the long distance lines and now has direct connection with all the large cities within a radius of five hundred miles. Denver, Trinidad, El Paso, Las Vegas and Santa Fe are some of our most popular stations east of Albuquerque, while we have frequent calls to Estancia, Roswell, Alamogordo, Portales, Santa Rosa and many other towns in eastern New Mexico, Johnstown, Monticello, San Miguel and towns south of Albuquerque are frequently called for, while the completion of the line into El Paso gives Albuquerque direct connection with that city and affords the public a most convenient service."

"The recent completion of the long distance line to Amarillo now puts Albuquerque in direct connection with the entire Texas valley and the Texas Panhandle. This valley and the Panhandle, as everybody knows, is quite a stretch of country and the Amarillo connection we considered quite an achievement. It is gratifying and deeply appreciated by the public."

Grand Jury Investigations and Indictments Results in Absolute Closing of Saloons Yesterday.

The delinquent that were handed out to customers over the bars of the Albuquerque third parties yesterday were few and far between. The man that got a drink of booze yesterday carefully took it from a bottle purchased the night before.

EXAMINATIONS FOR FOREST RANGERS IN OCTOBER
Four Hundred New Men Will Be Needed in 1911; Some of the Qualifications Required.

The civil service commission will hold an examination for assistant forest rangers on October 24-25, 1910. The United States department of agriculture estimates that 400 rangers will be needed during the fiscal year ending 1911. Assistant forest rangers are paid an entrance salary of \$1,100 per annum. The examination will be held at various points in the West, including Alaska, Arizona, California, Colorado, Florida, Idaho, Kansas, Michigan, Minnesota, Montana, Nebraska, New Mexico, Nevada, Oregon, South Dakota, Washington, and Wyoming. No examinations will be held in Arkansas, Oklahoma and Utah, except at Reno, Nev., the headquarters of the Kalbar national forest. Some 300 of the Kalbar forest is in Arizona, residents of Arizona will, under the law, have preference in appointments for this forest.

make the holding of another examination unnecessary. The requirements and duties of forest rangers are thus described in "The Use Book," which contains the regulations and instructions for the use of the national forest.

"In some forests the ranger must be a specialist in one or more of these lines of work. Thorough familiarity with the region in which he seeks employment, including its topography and its forest and industrial conditions, is usually desired, although thorough knowledge of the region through which he may be appointed is experience in similar regions.

"The examination of applicants is along the practical lines indicated above and actual demonstration, by performance, is required. Invalids seeking light out-of-door employment need not apply. Experience, not book education, is sought, although ability to make simple calculations, intelligent reports upon ordinary forest business is essential.

"For duty in some parts of Arizona and New Mexico the ranger must know enough Spanish to conduct forest business with Mexicans.

"Where saddle horses or pack horses are necessary in the performance of their duty, rangers are required to own and maintain them. The forest service furnishes no personal or horse equipment.

"Rangers execute the work of the national forests under the direction of supervisors. Their duties include patrol to prevent fire and trespass, estimating, surveying, and marking timber, the supervision of cuttings, and similar work. They issue minor permits, build cabins and trails, oversee grazing business, investigate claims, report on applications and report upon and arrest for violation of forest laws and regulations. Intelligent and experienced will be rated on the answers to the questions on these subjects in the application form and on the applicant's use of English in the written test. Letters for the tests in ruling and packing will be provided by the forest service.

"Details regarding the examination, including the names of the places at which it will be held, will be sent to anyone applying to the United States civil service commission, Washington, D. C.
