PREFACE

In offering this Directory of Churches, gospel preachers and song leaders in the churches of Christ we are conscious of errors that are beyond our power to correct. Practically every day changes are being made in addresses and this continues right up to the day of publication.

As this little booklet is being mailed out we are already starting a corrected list for 1950. All preachers and singers are requested to cooperate with us by writing the Firm Foundation Publishing House, Box 77, Austin, Texas a postal card advising us of any change of address.

We have arranged the names in the different states and countries in separate lists, thus adding greatly to the convenience of the reader and the value of the booklet. It should be carefully filed and frequently consulted.

We have compiled as nearly complete as possible the list of churches of Christ, arranged by states of the United States which we have added to this volume, making it much more valuable than any previous edition. Any information in regard to congregations which we have not included will be appreciated.
