## Detroit Strikers Rout Foes In Plant Battle

### Woman, 2 Men Are Injured In Day of Rioting

#### Swarm Administration Building of Stamping Company

By the Associated Press  
Embattled unionists came to grips with their adversaries yesterday at a pivotal point on the nation's coast-to-coast strike front.

"Sit down" strikers, bombarded with heavy lead pellets, swarmed into the administration building of the Ferro Stamping company at Detroit and routed most of their 20 non-union foes. A woman and two men were injured.

Gov. Frank Murphy offered the services of State Labor Commissioner G. A. Krogstad in adjusting a score of labor disputes in progress there. A strike of 100 workers forced 1,000 into idleness at the P. W. Woolworth five and ten cent store and 15 drivers and salesmen at the Canada Dry Ginger Ale company started "sit down" strikes.

Picket lines tightened in other centers. Altogether about 30,000 were jobless in controversies over wages and union recognition at a half hundred factories and foundries, mills and boat yards and utility and airplane plants in many sections of the nation.

Pickets gathered at the Pansteel Metallurgical corporation in North Chicago, Ill., where 61 squatters fled a tear gas attack Friday. Five union and Committee for Industrial Organization leaders were hunted on warrants charging conspiracy to obstruct a court order for the strikers' eviction. Two others were arrested and released on bond.

The Douglas Aircraft corporation's announcement that it would resume operations next week at Santa Monica, Cal., was challenged by William Busick, organizer for the United Automobile Workers' aircraft division. He declared a "concrete wall" of pickets would be thrown around the world's largest plane plant. The Northrop corporation, Douglas subsidiary, also planned to reopen. The disputes at the two companies affected 6,750 employees.

### Peggy Garcia Needs \$2,500

#### Blonde Cries For Bail Instead of Heart Balm In Jail Cell

NEW YORK, Feb. 27 (AP)—Peggy Garcia cried tonight for bail instead of balm.  
The winsome blonde, whose \$300,000 breach of promise suit against Violinist Dave Rubinoff was thrown out of court yesterday, needed \$2,500 to gain freedom of a bigamy charge.

All afternoon she fretted and fumed in the House of Detention, waiting for someone to bail her out. Miss Garcia, who was arrested Thursday night with Michael LaRocca, a tombstone salesman, said the indictment charging them with bigamy was "just too foolish."

"But I wasn't a married woman," she insisted today.  
She also denied a suggestion by District Attorney William C. Dodge that a blackmail ring might have been behind her suit against Rubinoff.

"Why, the idea of such a thing," she pouted. "It was my own idea. My very own."  
Visitors, who found her all dressed up and ready to leave at a moment's notice, asked what she planned to do when released.

"I'm going to start rehearsals of my sketch," she said. A Bronx cafe has signed her to appear in a "musical version" of her life.  
She said the policemen at the House of Detention were "adorable," the matrons "grand," and the food "lousy."

### 'Lindy Baby' Of Argentine Found Dead

LA PLATA, Argentina, Feb. 27 (AP)—Baby Eugenio Peyrera Iraola, Argentina's "Lindbergh baby," was found today, the life choked out of his little body, five years almost to the day after Charles A. Lindbergh Jr. was kidnaped from Jersey's Sourland hills.

Like baby Lindbergh, 2-year-old Eugenio, the seventh child of baronial cattle wealth, was killed by his kidnaper. He was stripped of his little suit, choked and wounded, and left, his arms crossed on his chest, in the slime of a pigeon at the edges of beautiful "La Sorpresa," his parents' estate.

Five years ago next Monday, the Lindbergh baby was kidnaped from his famous parents' Hopewell, N. J., estate, precipitating perhaps the most intense manhunt in American annals. It led to finding of the child's broken body two months later, not far from his secluded home.

Bruno Richard Hauptmann paid for the crime in Jersey's electric chair.

Hunt Is On  
Argentina's greatest murder hunt was on tonight. Several suspects already were held. But police were reluctant to decide whether one of these was the "bearded man" who carried little Eugenio away last Wednesday evening and, presumably, strangled him before he was left in the pispis, a mile and a half from his luxurious home.

It was believed the blue-eyed child, bearing marks of strangulation as well as scalp and leg wounds, had been slain Thursday, the day after he disappeared.

Grandfather  
First word today that Eugenio had been found sent his grandfather, the powerful Senator Antonio Santa Marina, racing from Mar Del Plata for the Estancia in a motor car with physicians on the hope the baby was still alive.

Father  
It was a lost hope.  
The child's father, Simon Peyrera Iraola, a wealthy horsebreeder who had been directing the search from Mar Del Plata, also rushed to La Sorpresa, but the baby's mother remained in the resort city, stricken with grief.

Newspaper reports said the baby's wealthy grandfather had indicated a willingness to pay ransom, and that he had been in contact with the kidnaper, but authorities declined to confirm the report.

### 2,000 Pay Tribute To Martin Johnson At Kansas Funeral

CHANUTE, Kan., Feb. 27 (AP)—Those who knew him as a lad and those who followed him into African fastnesses joined today in tribute to Martin Johnson, explorer killed in an airplane crash.

More than 2,000 persons were present at the funeral services in the municipal auditorium.

Mrs. Osa Johnson, wife and exploring companion, attended in a wheel chair. She is recovering from injuries suffered in the same crash that took Johnson's life in California Jan. 12.

### Tomlins Are Hit By Double Trouble

It was double trouble for the Tomlins, 922 E. Church street, last night.

William Tomlin, 48, received a severe ankle fracture about 8 p.m. when he slipped on ice and fell in the back yard at his residence. Mrs. Tomlin, 49, who became excited when the accident occurred, also fell while trying to aid her husband. She received a slight nose fracture.

Both Mr. and Mrs. Tomlin were taken to University hospital for treatment. Mrs. Tomlin was released after X-ray pictures to determine her injuries had been taken. Mr. Tomlin is confined in the hospital.

### A Blow To Selassie

Ras Desta Demtu

Capture and execution by the Italians of Ras Desta Demtu in Ethiopia is a severe blow to Emperor Haile Selassie, now living in exile in England. Ras Desta, it was understood, was to have been Selassie's representative at the coronation of King George VI in May.

### Pearson Case Is Reopened In California

#### Coroner's Jury Unable To Find Evidence Of Circumstances

BANNING, Cal., Feb. 27 (AP)—The sheriff's office reopened the baffling Humphrey Pearson case tonight after a coroner's jury was unable to determine the circumstances under which the screen writer was shot to death in his Palm Springs home last Wednesday night.

"The case is wide open—it is far from closed," said Under-Sheriff Steve Lynch of the Riverside sheriff's department.

Pearson was found with a bullet wound through his heart in the bedroom of his home. His body lay sprawled across his wife, the former Rive-King Bowman, once the toast of Columbus, Ohio, society.

Hysterical  
Mrs. Pearson was too hysterical today to appear at the inquest conducted by Coroner Ben White. She has been subject to hysteria since her husband's death.

Sheriff Carl Rayburn declared his investigation showed the death of Pearson was accidental. The evidence he presented, however, failed to convince the jury.

Deliberate 15 Minutes  
The group deliberated approximately 15 minutes before returning a verdict that Pearson came to his death "from a gunshot wound under circumstances which the jury is unable to determine from the evidence presented."

Alfred Blackman, the Pearson butler, told of visiting the Pearson bed three times during Wednesday night.

He said the first time he entered the room, Pearson appeared to be drunk or asleep on the bed. He said on his second visit, Mrs. Pearson was on the floor, endeavoring to telephone, while her husband still lay on the bed.

### Ask Share Of Church Land

BERLIN, Feb. 27 (AP)—The government tonight called on German churches to share part of their lands with the landless and spoke of the "necessity of compulsory measures" if they failed to do so voluntarily.

Hans Kerrl, minister for church affairs, appealed to the Evangelical churches and German bishops to cooperate wholeheartedly in the government's task of finding land for small settlers.

### All For A Lady's Honor

Football Player, Editor Lose Good Standing At Drake University

DES MOINES, Feb. 27 (AP)—An "affair of honor" cost a Drake university football-playing boxer, Ernest Bergmann of Chicago, and a campus paper editor, Dan Anderson of Salt Lake City, their "good standing" with university officials today.

After questioning several students, the university faculty committee placed Bergmann and Anderson, whom the boxer admitted "socking" Wednesday in defense of a coed dancer's "honor," on strict probation.

In addition, the committee removed Anderson, who still bore a black eye as witness that "I didn't fall down soon enough," from his position as campus paper editor.

But Anderson, who didn't fight back when bulky, blond Bergmann knocked him "cold" although he denied he inscribed a picture of Heloise Martin, coed dancer, "Today's Hot Tip," didn't take the faculty discipline lying down.

### Japan's War Chief

Lt. Gen. Kotaro Nakamura

Japan's new minister of war, Lt. Gen. Kotaro Nakamura, is pictured leaving his residence in Tokio to attend an audience with Emperor Hirohito. The new cabinet, beset by the militarists on one hand and a rising group of liberals on the other hand, is having difficulty. The nation faces economic problems due to increased armament expenditures.

### Unable To Buy Steel For Navy

WASHINGTON, Feb. 27 (AP)—A movement to put the government into the munitions business gathered momentum in the house today as a result of the navy's recent inability to buy steel.

Leaders of a bloc recently organized to seek nationalization of essential parts of the munitions industry decided to use the steel situation as a springboard for their proposal.

They called a meeting of the bloc for Tuesday to consider legislation authorizing the government to buy or build a steel plant.

This step followed failure of steel companies to bid on a large part of recent navy orders. Navy officials have declared that the failure to bid was due to a provision of the Walsh-Healey act requiring holders of government contracts to observe a 40-hour week. The United States Steel corporation has indicated that in certain steel manufacturing operations a 40-hour week is not feasible.

Representative Scott (D-Cal.), who with Representative Maverick (D-Texas), heads the house bloc meeting Tuesday, asserted today: "Why should the United States government be at the mercy of a couple of steel companies? If it's our policy to maintain a navy purely for national defense and not to keep these steel and shipbuilding companies in business, then the government could make its own steel and build its own ships."

Meanwhile, the labor department announced it hoped to break the steel deadlock by getting one concern to submit bids without demanding any exemptions from the Walsh-Healey act.

### Many Worries For Assembly

DES MOINES, Feb. 27 (AP)—Iowa's vacationing lawmakers will come back to the statehouse next week to start the last half of the legislative session with work and worry on their hands.

With the exception of a handful of emergency measures which have been enacted into law, chief issues confronting the session when it opened Jan. 11 have scarcely been touched.

The homestead tax relief bill, stalled at the halfway point in the house, heads the list of problems the lower chamber will face when it meets again Wednesday afternoon following the recess which started Thursday.

Ready for house debate when the homestead bill is finished, the farm-to-market road bill, to set up administrative machinery for a secondary road improvement program, was high on the house calendar.

Another key problem nearing house consideration was the liquor by the drink bill. Along with the liquor question the lower chamber will face action on beer control problems.

The general forecast of rising temperature for Monday throughout the middle west indicates the possibility of light rains for tomorrow.

## Loyalists Take Oviedo Prison In Hard Drive

### Recruits For Each Faction In Court Plan

WASHINGTON, Feb. 27 (AP)—Supporters and opponents of the Roosevelt proposal for reorganizing the judiciary each gained a senate recruit today.

Senator Smathers (D-NJ) declared himself for the White House program, asserting that "all the people of the nation will be best served by adding new and younger members to the supreme court, men with liberal and progressive approach to the national and economic problems."

Donahay  
Senator Donahay (D-O) aligned himself with the opposition and said "this entire controversy vitally affects the judiciary, a coordinate branch of the government, and should be referred to the people—the source of all political power."

Meanwhile, the supreme court retirement act, which congressional leaders hope will bring about some withdrawals from the high bench, and a diminution of the present tense conflict, awaited President Roosevelt's certain signature.

Retire on Full Pay  
The act, passed by senate and house, provides that "supreme court justices may retire with full pay after reaching 70 years of age. President Roosevelt's proposal, yet to be acted on, provides that for every judge past 70 who fails to retire a new judge shall be appointed."

Tonight, Senator Pope (D-Idaho) went on the radio to urge the enactment of the Roosevelt legislation, asserting that a "major portion" of a legislative program approved by the people in the last election is "at the mercy of the reactionary judges packed into the court by former presidents."

1st Decision Day  
The court itself, meanwhile, imperturbably prepared for its first decision day in a fortnight next Monday. The tribunal has had under consideration three rulings which might have a direct bearing on the controversy and President Roosevelt's appeal for a "liberal" rather than a "narrow" interpretation of the constitution.

Two of the cases involve the constitutionality of the Wagner labor relations act and of a Washington state law imposing minimum wage standards. In addition, the court had yet to grant or refuse a rehearing on the New York unemployment insurance law, on which it split four-to-four early in the present session.

Appeals  
Appeals for rehearing are generally disposed of in a few days, but this one has been pending for weeks. The evenly divided court in this case had the effect of leaving unchanged a court of appeals decision upholding the constitutionality of the act.

Mexican Officials Clamp Censorship On Vera Cruz News  
MEXICO CITY, Feb. 27 (AP)—Alarmed by threatened mass violence over the Vera Cruz church-state issue, government officials today clamped a censorship on news from the district.

Catholics, who recently reopened their churches forcibly in "peaceful rebellion" against anti-church laws, openly armed themselves against any attempt by the Anti-Religious Confederation of Workers of Mexico (CAMT) to stage a demonstration tomorrow.

### No Orchestra, So Senior Postpone Hop Indefinitely

The Senior Hop will not take place next Friday, as scheduled, it was announced last night.

Because it was not possible to secure an orchestra "the Senior Hop has been indefinitely postponed," Stephen Don Dorsey, M4 of Cumberland, party committee chairman, said last night.

### Capture Last Strong Post Of Insurgents

Attackers Seize Great Quantities Of Arms And Munitions

BAYONNE, French-Spanish Frontier, Feb. 27 (AP)—Spanish government militiamen captured the Oviedo prison today and drove steadily along the streets leading to the center of the long-besieged city, government reports reaching here tonight, said.

The prison, the accounts said, was one of the insurgents' last remaining heavily-fortified positions in the war-scarred capital of Asturias.

Many insurgents and great quantities of munitions were seized in the old building, the reports said. Then the advance stalled in a rainy storm, which also prevented planes from taking off, and both sides took the opportunity to recuperate from the desperate, hand-to-hand fighting of the last seven days.

The insurgents have held Oviedo for months, but only recently have government troops intensified their attack. Their push into the city's outskirts has sent the defenders behind ramparts and even underground, but the insurgents still hold out as did their comrades in the Alcazar at Toledo.

A statement from insurgent headquarters at Salamanca, Spain, declared the government's second big offensive at Oviedo had been resisted successfully. Insurgent commanders within the beleaguered city asserted the attacks had cost the government forces 12,000 men and that their own losses were "minor."

Refugees arriving in Bayonne by warships from Santander declared however, casualties had been high in both government and insurgent ranks at Oviedo.

Three train-loads of wounded from the Oviedo front were brought to Santander Thursday, they said.

### Shells Smash Madrid Center

MADRID, Feb. 27 (AP)—The whine and crash of insurgent shells broke a five weeks' respite for central Madrid today. Madrilenos, going about their business in cold, cloudy weather, screamed as the first shell smashed a downtown building. Children scattered for shelter. Passerby dragged a wounded man into a cellar.

### Nebraska Gas Tax Lowered

LINCOLN, Neb., Feb. 27 (AP)—Nebraska's five cent a gallon gas tax will drop to four cents at midnight Sunday.

Nebraska's one house legislature labored for six days on Gov. R. L. Cochran's measure to renew the five cent tax for road and relief purposes but three factions were unable to compose their differences until today.

The assembly's legal council ironed out constitutional defects, but a constitutional rule makes it impossible to enact the measure before Tuesday.

As a result the one cent additional tax first assessed in 1935 and used entirely for relief purposes will expire, depriving the state of about \$6,800 a day in gasoline taxes.

By holding a Sunday session the legislature could have enacted the law Monday but the 43 members shouted down a motion for that purpose. Major oil companies immediately ordered the price reduction.

W. B. Banning, director of the state department of agriculture, expressed belief heavy imports of gasoline would begin rolling into the state soon after midnight tomorrow under the four cent tax.

New Problems Raised by Strikes

WITH THE forceful eviction of strikers from the Pfanzestel Metallurgical plants in Chicago Thursday, sit-down striking enters a new phase of history. Gov. Henry Horner of Illinois has declared such tactics illegal.

A sheriff's force chased the strikers out of the plants by using hundreds of gas shells and grenades. This action represents one of the major problems in dealing with sit-down strikes. Since they are an innovation, law-enforcing agencies lack means of dealing with the emergency they create.

The problem all along has been perplexing. Policemen are sure to be more sympathetic with strikers than with big business men for reason of their similar station in life. Still, they are controlled by agencies and men bound by duty to protect individual property rights, as well as to perform other functions. As law enforcement agents, policemen have only the one alternative—to evict the strikers.

While this is in accordance with law, the dangers to human life both in respect to strikers and policemen creates another problem not answerable in the light of law.

It would seem that sit-down striking has brought to the fore a pressing need in this country. We must first redefine the rights of property owners and those who invest property with value by reason of their labor. Then we must safeguard ourselves against recurring violence by a clarification of the right of assemblage, guaranteed by the constitution. We should concede, in connection with this, that picketing is fundamental to strike policy. Law-enforcing agencies should not interfere with this practice. A good practical reason is obvious; labor will not brook such interference without forceful reprisal.

Perhaps we should provide definite areas where agitators, labor leaders and other classes can meet and deliver public speeches without fear of police interference. In other words, we should provide Trafalgar Squares, patterned after that historic square in London.

One of the primary needs concerns the negotiation for settlement of strikes. Every possible method of conciliation should be exhausted before strikes are called. Between these two immovable forces—labor and industry—must come an understanding. The security of our governmental system and the safety of our citizens depend upon it.

Several big league ball parks are being utilized as sites for winter sports exhibitions. Baseball fans will be tougher with base runners next season—now that they have seen what real sliding looks like.

What Educated Seniors Think

IT IS THE popular supposition that four years of university life will blast all the superstitions out of the average student's system. Since one of the purposes of education is to do exactly that, we more or less assume the senior is a worldly who doesn't fall for so-called "cheap chaff."

But investigations at Ohio State university have proved that the senior is—superstitious. Dr. Willard L. Valentine of the psychology department says that, indeed, seniors are about as superstitious as the freshmen.

about sports and business while women's are about domestic duties and personal affairs.

The dear professor insults us. A limited survey on this campus shows that no one believes any longer in the old salt: "cold hands, warm heart."

When And Why?

PROSPECTS of ending the fratricidal slaughter in Spain must appeal strongly to humane instincts the world over. Yet announcements of genuine non-intervention measures after months of subterfuge are coupled with reports of Franco-British willingness to allow the rightist rebels to crush the loyalist government's forces. Why do stories that this willingness arises from a desire that the killing may cease arouse as much skepticism as relief?

Is it because stress on the humaneness of ending the war now is too thin a veil for more material interests in Spain?

Is it because many people believe that if the provisions of international law had been fulfilled by the democratic powers—who in strict legality should have supplied the Spanish government with the means of protecting itself against the general Franco's military coup—the war would have been over before Italian or German aid could have been enlisted on the rebel side or Russian aid on the loyalist side?

The answers to such questions are in the realm of might-have-beens. Against them must be placed the conditions of today rather than the theories of yesterday. Impartial observers have reported by letters to friends outside Spain that large sections of the populations of centers under storm felt slight interest in the outcome and are thoroughly weary of war.

Many would regret a fall of the popular front government in Spain. Many would strongly oppose a renewal of clerical and military oppression, and many would feel that a defeat of democracy in Spain should be charged to a further retreat on the part of the great democracies before the pressures of the dictatorships. Even these, however, must welcome the new hope that a blockade on supplies will stop the killing. One question, nevertheless, must remain: When and why do powerful governments decide that it is humane to end a war?

Washington World

By CHARLES P. STEWART, Central Press Columnist

WASHINGTON, D.C.—A reader of this column, one Harry Stoddard, addressing me from Toledo, Ohio, has, to offer, a solution of this country's (and, for that matter, the world's) capital-and-labor problems, which he wants to publish.

He says it is a "simple solution." I accept this assurance with my fingers crossed. Nevertheless, Mr. Stoddard evidently has done some thinking on his subject, which is more than most folk have done. He may be a second Henry George, for all I know. Parenthetically, Henry George's plan never has been adopted. Anyway, why should not Economist Stoddard's scheme have a hearing? It has at least one merit—novelty, so far as I am aware.

I do not know who Mr. Stoddard is. But it is no discredit to him that he is not a recognized expert yet; there are plenty of recognized experts whose expertness has accomplished nothing more tangible than far than his scheme has. And his hasn't even had an audience. Let's listen.

"Employ labor," urges Economist Stoddard, "on a commission basis, labor to receive 85 per cent, while capital receives 15 per cent for furnishing the tools—building, machinery, management and salesmanship. "Through this method," Mr. Stoddard argues, "there will be a constant earning power of both capital and labor. "In slack periods, when the earning power of each is reduced, there is less demand for commodities. Therefore the natural trend will be toward lower prices, holding the earning capacity of each at a proper level. Thus it will be unnecessary to make any drastic changes in our present social system."

Tuning In... with Jean Thompson

Joe Penner has invented a new game for children called "Alpha Bath" in which he applies the alphabet soup idea to the bath, making use of large letters that float. It sounds like Penner. He's on CBS at 5 this afternoon.

One of the outstanding events of the season, the appearance of Yehudi Menuhin, world famous violinist, and his sister Hephizbah in the piano, in their only joint recital anywhere in the world this year, will be broadcast as the highlight of the Ford Sunday evening hour heard tonight at 8 o'clock over CBS.

Freddy Martin, whose orchestra is heard in the "Penitence Serenade" broadcast this afternoon over NBC at 3 o'clock, believes he's found something unique in the way of radio fans. Freddy recently received a letter from a nurse in Rochester, Minn., requesting him to include a certain tune on one of his broadcasts. Accompanying the letter was a petition echoing the request and containing the signatures of 200 nurses, internes and other employees of the famous Mayo Clinic. And just to make sure Freddy wouldn't have any excuse for not coming through, a professional copy of the tune was also enclosed.

A new song, "Garbo Loves Taylor," for which Eddie Cantor wrote the lyrics, will highlight the comedian's program tonight over CBS at 7:30. . . Arthur Rodzinski will direct the New York Philharmonic this afternoon at 2 o'clock, CBS. . . The world's youngest newspaper columnist, seven-year-old Dorothy Warner of Tappahannock, Va., is visiting New York to study Metropolitan journalism at first hand. Phillips Lord has invited Dorothy to broadcast on his program at 4 o'clock, NBC-Blue network this afternoon.

Setting at rest all the rumors that Haven MacQuarrie's "Do You Want To Be An Actor?" will fade from the airwaves comes the announcement by MacQuarrie himself that he has signed for an additional 10 weeks on his present contract. The program is on NBC tonight at 7 o'clock.

Screen Life

By HUBBARD KEAVY: HOLLYWOOD—Short course in Hollywood economy, told in a memorandum from my desk by one of the office boys: "Mr. Keavy, to go to Mon. to say that the title of Deanna Durbin's picture, '12 Men and a Girl' has been changed to '100 Men and a Girl.'"

That brings to mind the most famous re-tort ever made by a 'quickie' producer. His director wanted Universal called tana to film an outdoor picture, instead of to Los Angeles' Griffith park, where there are stones and trees, but in limited numbers. Sid the quickie man: "A rock is a rock and a tree is a tree—shoot it in Griffith park." Harry Cohn is supposed to have said it.

Was It Coincidence? Romance department: The long-standing Herbert Marshall-Gloria Swanson romance (Bart was going to divorce Edna Best any minute, Hollywood heard for years) is definitely and irrevocably off. Friend who visited Gloria says she won't even answer the phone when her calls. Maybe it was just a coincidence that Rudy Vallee opened his program the other night with "Last Year's Kisses," the song Alice Fay introduced in "On the Avenue." And maybe it was not.

The negatives of that bathtub picture of Myrna Loy—the one double-trucked in a recent magazine—have been destroyed. It was taken at M.G.M. 7 years ago. Ginger Rogers and some of the "Stepping Toes" company borrowed the Warner studio's ship set the other day. It was the first time Ginger had been on the lot since "Gold Diggers of 1933." Mervyn LeRoy depicted it. He and Ginger were on the verge of getting married, but they broke up during the filming. Much of Ginger ended up on the cutting room floor. Ginger and Mervyn didn't meet, although he was some place in the studio.

A New Yorker At Large

By JACK STINNETT: NEW YORK—Marguerite Churchill has a mad on. It's because of the way Hollywood treats small-town girls and working girls . . . in pictures.

"The idea that in order to play a small-town girl you have to dress in sunbonnet and pigtail is ridiculous," she protests.

"Why the American small-town girl today is just as smartly dressed as the Garbos, Kay Francis and Carole Lombards of Hollywood. And where do you find the best-dressed women in New York? In the so-called fashionable shopping section of Fifth avenue? No. You find them in Wall street during the lunch hour.

"I've played those Mother-Hubbard roles and I know. Not very long ago, I was cast in a picture as a secretary to Ralph Bellamy. I reported for work in a \$15 street dress and a simple little coiffure that I had worked out myself. And I had to change clothes and make-up . . . They said I looked too sophisticated. Those Hollywood gentlemen better get around and find out what's going on in the United States."

At the moment, Marguerite Churchill is playing the lead in the dramatization of James Hilton's "And Now God Bide." It's a provincial English maiden that Miss Churchill portrays, but there is no lack of sophistication.

There's no lack of sophistication in Miss Churchill's offstage either. To give you an idea, she is the creator of that coiffure composed of a smooth crown of hair circled by a tight roll. But she never had a chance to use it in a picture.

Her indignation was voiced by a corner of Billy Lahr's Tavern, where a goodly portion of the working Broadway crowd catches its between-show cocktails and food. But Marguerite was having tea . . . the English way . . . strong tepid, with milk.

Marguerite was born in Kansas City, Mo. Her father, E. F. Churchill, architect, built the Garden Theater there. The family left soon after that and traveled over half the globe before Marguerite came to New York.

You can't be around her five minutes without hearing about husband George O'Brien. They have been married four years, but she still snaps out of a moment of dreamy-eyed reverie to say enthusiastically: "He certainly is the answer to this maiden's prayer."

### Members Of Philo Club Get Awards

Scholarship prizes will be awarded to Philo club members by Daniel Feder of the psychology department at a meeting of the club in the cafeteria of Iowa Union this evening at 8 o'clock.

The prizes are awarded on the basis of last year's work. Students receiving awards include Morris Druker, L2 of Marshalltown; Julius Wolk, M4 of New York, N.Y.; Ber Lev, E4 of Canada; Ruth Belsky, A4 of Dubuque; and Elmer Rosenbaum, A2 of Cedar Rapids.

Honorable mention will be given Seymour Shapiro, A2 of Davenport, on his last year's work in freshman engineering.

The program will include selections on the accordion by Donato Petrucci, L1 of Davenport, a dramatic skit by Louis Garfin, A3 of Mason City, and readings by Deana Krantman, A2, and Betty Brady, A1, both of Marshalltown.

### Kurtz Writes A New Book

Prof. E. B. Kurtz of the college of engineering has written a book, "The Science of Valuation and Depreciation," discussing valuation and depreciation problems in regard to the electrical industry.

This book is based on almost 20 years of study and research, beginning with an undergraduate thesis written at the University of Wisconsin in 1917. Prof. Kurtz is now presenting integrated and coordinated principles which, in his opinion, virtually constitute a science.

Professor Kurtz is the author of four other engineering books. One of these was jointly written with Prof. G. F. Corcoran.

### Photographs Of Lightning Are On Display Here

Photographs of lightning discharges, proving the existence of ball lightning, are now being exhibited in room 113, physics building. Several pictures portray different stages of the discharge.

Lightning, once considered the work of the devil, has been the subject for much study and thought in the physics world. Until these photographs were taken ball lightning was only a supposition.

The collection of pictures belongs to J. C. Jensen of Nebraska Wesleyan university at Lincoln, Neb. Jensen was formerly a student at the University of Iowa.

### Art Exhibition Will Include 'The Dancer' by Farnsworth

"The Dancer" by Jerry Farnsworth is among the pictures in the 47th annual exhibition of American paintings to be shown in the main lounge of the fine arts building, beginning Monday. The exhibition is circulated by the Art Institute of Chicago.

The exhibition is one of the most comprehensive exhibitions of art in the United States, according to Prof. Lester D. Longman, head of the graphic and plastic art department. It contains 47 paintings by the leading artists of the present time, including work by Wayman Adams, Francis Chapin, William Glackens, Eugene Speicher, Albert Sterner and John C. Johnson.

### Sing-- For Glory

Eight S.U.I. Men's Groups to Vie For Honors

Sing for the glory of the dear old fraternity, and, incidentally, for the chance to compete for a gold loving cup.

Tomorrow at 7:30 p.m. eight University of Iowa men's groups will appear in the preliminaries of the Second All-University Sing. William Jackson, E2 of Cedar Rapids, is in charge of the contest, which will take place in the river room of Iowa Union.

Beta Theta Pi, led by Chandler Griffin, A1 of Vinton, Sigma Chi, led by Robert Peterson, A3 of Council Bluffs, Alpha Tau Omega, directed by Ed Stepanek, A2 of Cedar Rapids, Phi Delta Theta, directed by Daniel O'Malley, A2 of Glen Ellyn, Ill., Delta Upsilon, led by Jack Dale, A2 of Davenport, and Phi Kappa Sigma, led by Ted Hay, A4 of Farrar, comprise the fraternity entry list.

Law Commons and the Quadrangle represented by George Cockburn, L1 of Cedar Rapids, and Orval Matteson, A3 of Elgin, Ill., are other competitors in the contest tomorrow.

Margaret Brandt, G of Hastings, Neb., Barrett Stout, G of Kirksville, Mo., and Joseph Saetvelt, G of Sheldon, all of the music department will judge tomorrow night's sing, choosing four groups to appear in the finals Monday, March 8.

Each men's group is limited to seven minutes and two songs, one of which must be "On Iowa" and the other one the group's choice. Judges will base their decisions on diction, pitch, quality, tempo, variety and arrangements.

The women's preliminaries will take place in the river room Wednesday at 7 p.m. with 14 groups competing. Frances Mary Zoock, A3 of Davenport, is in charge of arrangements. Alice Mikulasek, A4 of Newton, is general chairman of the entire project.

Prof. Roy C. Flickinger, head of the classical languages department, will give the first in a series of freshman-sophomore special English lectures in room 221-A, Schaeffer hall, Tuesday at 7:30 p.m.

Prof. Flickinger will give an illustrated lecture on "The Greek Theater." He is the author of a book on this subject.

The lectures will be given at intervals this semester to supplement the teaching material of the freshman and sophomore required courses. The second lecture will be given by Prof. Charles A. Hawley of the school of religion on "Prophecy" March 9.

### S.U.I. Alumnus Will Be Honored At N.Y. Dinner

W. Earl Hall, alumnus of University of Iowa and now editor of the Mason City Globe-Gazette and president of the Iowa State Safety council, will receive formal recognition at a dinner in New York Wednesday for winning the C.I.T. Safety foundation's \$500 reward for the best editorial of 1936 on highway safety.

Announcement will also be made at the dinner of the winner of the \$5,000 grand award to be presented by the foundation to the person deemed to have contributed the most to the cause of traffic safety during 1936.

Mr. Hall was graduated from the university in 1918 and while a student was prominent in campus activities. He was a member of A.P.I., of Sigma Nu, social fraternity and Sigma Delta Chi, professional journalistic fraternity. He also served as editor of The Daily Iowan, and was a member of the Hawkeye staff.

After serving in the intelligence division in the World War, he took graduate work at the university. In 1919 he joined the Milwaukee Journal staff and in 1929 began working for the Mason City Globe-Gazette. He is a former member of the board in control of athletics of the university and is also former state commander of the American Legion.

Mr. Hall has been active in alumni affairs and is now serving as district director of the alumni association.

### Hastings College Triumphs In Women's Forensic Tourney

Two speakers in the upper fourth of individual debaters and a debate team which argued both affirmative and negative and ranked in the upper fourth in each case put Hastings college, Hastings, Neb., at the head of the schools attending the university's intercollegiate forensic tournament for women here yesterday and Friday. The results were announced at a luncheon yesterday in Iowa Union, concluding the tournament.

Winning four of their five debates, Hermione Allen, A2 of Onawa, and Beth Browning, A1 of Iowa City, placed Iowa among the three schools which made up the upper fourth of negative teams. The other two were Hastings college and St. Olaf college, Northfield, Minn. Besides those from Hastings college, the debaters from Augustana college, Rock Island, Ill., and Western State Teachers college, Kalamazoo, Mich., placed in the highest fourth of affirmative teams.

Individual Ratings Following are the speakers who ranked among the upper fourth of individual debaters regardless of teams, given in the order of their ranking. The numbers signify the average for performances. Superior rating equals 5; excellent, 4; good, 3; fair, 2; and below average, 1.

Norma Cope, Hastings, 4.2; Gertrude Lindberg, Kalamazoo, 4; Ila Simkins, Augustana, 3.8; Margie Dahl, St. Olaf, A.S., 3.8; Marcie Lehn, Iowa, 3.66; Ardyce Gilna, Hastings, 3.6; Mary Snyder, Iowa State Teachers college, 3.6; Victory Pearson, Augustana, 3.6; Joyce Perrin, Iowa, 3.5; Janet Brown, Franklin college, 3.5, and Ruth Langager, St. Olaf, 3.5.

After-Dinner Speaking Miss Brown of Franklin college was first place winner in the after-dinner speaking contest at the dinner Friday evening in Iowa Union. Betty Holt, A2 of Iowa City, won second. The general topic for the speeches was the question, "Is American materialism destroying our culture?"

Elaine Pagel, G of Egan, S. D., took first place in the extempore speaking contest Friday afternoon in the house chamber of Old Capitol. Margaret Craig of the University of Wichita was second. The speeches were given on current events.

Coaches Do Judging The coaches from entering schools served as judges for all three of the forensic events. The five rounds of debate were on the question of governmental fixing of minimum wages and maximum hours in industry.

The visiting schools were: Western State Teachers college, Kalamazoo, Mich.; Hastings college; University of Wichita, Wichita, Kan.; State Teachers college, Kirksville, Mo.; Carthage college, Carthage, Ill.; Augustana college; Franklin college, Franklin, Ind.; St. Olaf college, and Iowa State Teachers college, Cedar Falls.

### Geologists Get A Gift of \$300

A gift of \$300 to the geology department was acknowledged this week by the state board of education. The gift was received from Frederick O. Thompson of Des Moines and is to be used for the purchase and distribution of reprints of scientific articles of paleontology and geology written by Prof. A. K. Miller.

Professor Miller's articles, published over the last 10 years in the "Journal of Paleontology," the "American Journal of Science," and other scientific journals deal mainly with fossil cephalopods, animals related to the chambered nautilus.

Mr. Thompson, a Harvard graduate, is himself interested in the fossil plants, particularly those occurring in the carboniferous rocks of the Mazon Greek area in Illinois. He has presented the University of Iowa with several thousand excellent specimens of fossil plants. Some of these have been sent on exchange to museums in Holland and France during the last year.

### Three Judges Selected For Book Contest

Judges for the private library contest under the auspices of Union Board will be Prof. Wilbur L. Schramm of the English department, Prof. Frank L. Mott, director of the school of journalism, and Dr. Clarence Van Epps of the college of medicine, according to an announcement yesterday by the Union Board library committee.

Four prizes will be awarded. Two \$5 book awards, one for an undergraduate and the other for a graduate with the best well-rounded collection of books, will be given. A third \$5 book prize is offered for the collection of best quality editions, and for the best specialized collection. A \$3 book prize will be given.

Entry rules will be ready Tuesday at the Union library. Contestants must hand in their lists of books by April 16. The winning book collections will be on display April 30, May 1 and 2 in the Union library.

Lavanda Carr, A3 of Clermont, and Alice Denay, C3 of Des Moines, are co-chairmen of the committee in charge of the contest.

### Walter Painter Gives Lecture

The primary motive for reading business papers, according to Walter Painter, chairman of the committee on education of the Associate Business Papers, incorporated, is to enable the reader to get ahead. Everyone is anxious to improve his condition, he explained in a lecture on the "Fundamentals of Business Paper Advertising" yesterday morning in the house chamber of Old Capitol.

He divided business papers into three classes, the industrial, trade and professional. Each of these has its own type of reader for which definite copy appeals may be used. He enumerated these before his listeners.

"The two general kinds of business papers are the vertical, written for all ranks of men in an industry, and the horizontal, which touches a wider group because of a common interest," he started.

In concluding he added, "A little slang of the trade may be used in trade papers. Business paper advertising may be interesting and engaging as well as instructive."

### Casey to Talk Of Propaganda In Politics

Prof. Ralph D. Casey, head of the journalism department at the University of Minnesota, will speak on "Republican Party Propaganda, Strategy and Technique in the 1936 Campaign" at a graduate college lecture in the senate chamber of Old Capitol tomorrow at 1:10 p.m. The lecture will be illustrated by charts.

PROF. RALPH D. CASEY

Professor Casey is one of the country's leading students of party propaganda. He began his career as a reporter on the Seattle Post-Intelligencer and has worked as general reporter on the New York Herald and as publicity manager for the Seattle Chamber of Commerce.

As a professor in journalism he has held positions in the Universities of Montana, Washington, Wisconsin and Oregon. Since 1930 he has been head of the journalism department of the University of Minnesota.

He served as a member of the committee on pressure groups and propaganda from 1930 to 1934 and on the social science research council. He was one of the editors of "Propaganda and Promotional Activities," the leading bibliography in the field.

Mrs. Casey will accompany her husband during his visit in Iowa City.

"Journal of Paleontology," the "American Journal of Science," and other scientific journals deal mainly with fossil cephalopods, animals related to the chambered nautilus.

Mr. Thompson, a Harvard graduate, is himself interested in the fossil plants, particularly those occurring in the carboniferous rocks of the Mazon Greek area in Illinois. He has presented the University of Iowa with several thousand excellent specimens of fossil plants. Some of these have been sent on exchange to museums in Holland and France during the last year.

### Parent Education Groups Will Meet

## As EVERY WOMAN knows

Dressing for the role is a worth while hobby. And STRUBS is now showing those spring coats for casual campus wear featured in Harpers and Vogue that simply delight the heart and eye in the dream of great moments that are to pass. The new "China Clipper" coat—hip-length—a full swing skirt that is just a "moment" longer in the back—belted and fitted—with patch pockets—that fairly screams of smartness as the correct thing! It's slightly shorter and double breasted with more buttons. All give broadness to the shoulders. Bright cheery colors are the theme song for spring—coming in shrimp, carnation gold, coronation blue, red earth and they hit a sweet color in butterscotch and camel. A late development is the camel hair and shaggy fleeces in black.

## IF YOU want to dash into spring

"a head" of the mode put yourself in the expert care of ETHEL GILCHRIST'S BEAUTYKRAFT SALON! Their Rilling Permanent Waves not only act as a tonic conditioner, but give your hair the glamor that college formals demand! The Rilling permanent leaves your hair soft and pliable—easy enough for you to manage for week day classes and capable of coming forth in a blaze of glory when transformed into an intricate, elegant coiffure when the occasion demands!

## 4595—That's the number

her to dial for anything good to eat or drink! Quick service and free delivery have convinced students for years that "MAIDRITE" is headquarters for the best!

## THEY TELL me there's none keener

Than KELLY'S CLEANERS. You'll have "no regrets" if you call them and put your spring "sprucing up" in their hands. Undoubtedly they are the oldest and best in town. Their low prices would knock the spots off of anybody's clothes. Just call 2494 for free pick up and delivery.

## IT WILL change the whole

disposition of your car if you will stop in at DOC'S HOME OIL SERVICE STATION and have your winter motor oils and greases changed. She'll run a lot smoother and not sputter so much about the way you treat her. So blow her to a treat of a new grease job and notice the change in her attitude.

## LET YOUR SPRING COAT BE A JIGGER.

HEIGH-HO! You college girls! The time for that important announcement regarding the HAWKEYE YEARBOOK SALES CONTEST is drawing night! Yearbook promises to be bigger and better than ever, it will practically sell itself—So here's your chance to get in on the ground floor, girls, and win those big cash prizes! Further developments next week!

## COL POPCORN says his favorite

hankout is SWIFTS, the object of your "confections." Anything to suit your sweet tooth is their specialty. A mighty quick habit to form is to make this your most frequent stopping place.

## COME ON "BUD," your little

Daisy will certainly bloom if su'posey you send her a few flowers to melt her ice. It will be love in bloom for you if you call ALDOUS FLOWER SHOP and order a big bouquet for her. The pick of flowers will win her approval and number you as being A-1 with her.

## JUST ON ACCOUNT of St. Pat's

day is coming, you'll be getting green "Eye-deas" for parties and dinners. PIPER'S CANDY SHOP will furnish all the sweets if you but give way to them. Breezy in any time and have a "lick" in their candies.

## KEEP STEPIN'—fetch your gal

to the PASTIME to see the year's outstanding film with a cast of thousands, "Green Pastures." The added feature is Edmund Lowe in "Scotland Yard Commands." Feature that: two of 'em for 36c any time. Until Tuesday you'll find two other dandies held over by request, Gloria Stewart in "The Girl on the Front Porch" and the 1935 football players in "The Big Game."

## ARE YOU aiming at the Phi

Beta Kappa key? Well then, start using good notebooks, paper and pens. File your notes! Keep an orderly notebook! ART SCHOOL SUPPLY always has the complete and high class stock including anything a four point student could desire.

## OF Course, you remember

ter. Be a bunny and send an Easter basket to one of those "egg" friends of yours or to younger members of your family. KRESGEE'S have just the idea in the cunningest fuzzy animals perched on baskets of delightfully colored eggs. You'll be appreciated double if you send some of these.

## FLATTERING FLOWERS

Turn your head to spring and your hat into a veritable garden of posies—Yes, sire, they're all the go—and THE JUDY SHOP is simply brimming over with new models. Demure daisies on smart sailors, pert posies on the very popular pill-box... or a halo of blossoms on your off-the-face hat. You'll want to see them—you just can't miss—I even ordered one myself they were so irresistible.

## THOSE NEW peasant frocks

with the full skirt gathered in back are about the newest and most flattering things that we've seen this spring!

## WE'VE TRACKED down the

rendezvous of the boys and girls when they're in search of satisfying sandwiches or bubbly beverages! JOE'S PLACE specializes in sandwiches fit for a king or queen, and when topped off with a cool drink they can't be beat for a truly good lunch.

Illinois Beats Iowa, 40-29, To Stay in Big Ten Running

Lou Boudreau Scores 16 For Point Honors

Hawkeyes Play Great Game Most of Way; DeHeer Is Iowa Ace

BY JOHN MOONEY Daily Iowan Sports Editor The University of Illinois maintained its first place ranking in the Western conference basketball race last night by turning back the Iowa Hawkeyes, 40 to 29, but only after the Iowans had fought the over-confident invaders to a standstill for 37 minutes of the fray.

Coach Rollie Williams gambled and kept his regular center, Jack Drees, on the bench and used Floyd DeHeer in the pivot position. The coach's hunch proved correct and DeHeer turned in the best game of his career, sinking four baskets and keeping the Hawks in the running with his sterling play under both baskets.

Louis Boudreau, Illini "hotshot," proved the sparkplug of the winner's attack with his six field goals and four free throws.

Boudreau opened the scoring as he picked up a loose ball and dribbled the length of the floor for a basket. Sam Johnson was fouled by Henry and he made one of the shots from the foul line.

DeHeer split the net for the first of his four counters to send the Hawks into a momentary lead, but Combes countered on a free throw and then tipped in a set-up to tie it up, 5 to 5.

Thompson and Vopicka traded baskets to leave the score tied. DeHeer crashed through for his second bucket, but Combes converted on Thompson's foul to leave the Hawks with a one point margin. Van Ysseldyk and DeHeer counted for the Hawks while Riegel was scoring via Thompson's misdemeanor.

Converts Free Throw Boudreau converted a charity toss, Riegel dropped in a long shot, Boudreau pivoted and dropped one in, and Riegel whipped in a long shot before Stephens could convert on Vopicka's misdemeanor. The speedy Boudreau eluded the Iowa defense on a slick under-the-basket play to send the Illini ahead, 18 to 14, and Van Ysseldyk's free throw left the Iowans trailing 18 to 15 at the half.

Coming back from the rest period, Van dropped in a free toss, but was off by Henry's gift shot, but Van Ysseldyk was not to be denied and he pivoted in the air to send the Hawks within one point of the leaders.

Riegel scored on DeHeer's foul, Boudreau dropped in a long looper, Johnson and Henry traded foul shots and the score remained almost the same. Benny Stephens was called for fouling Boudreau, Van dropped in a beauty, and Elmer Braffon scored a free throw to bring the Hawks to within two points of the Illini.

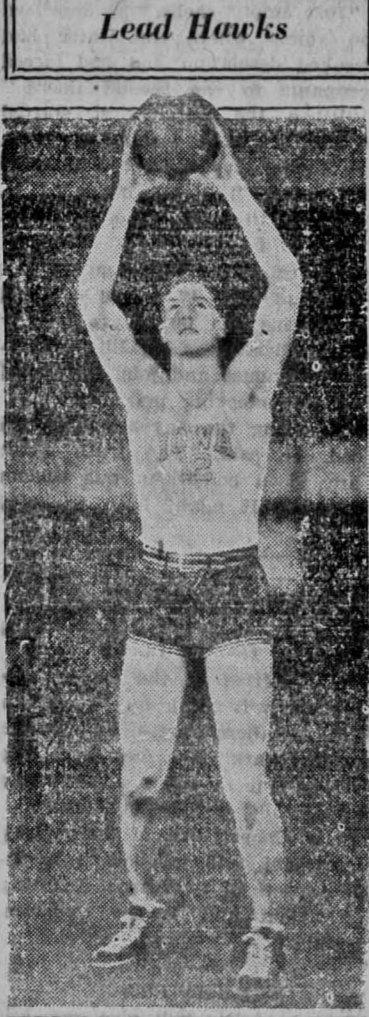

Realizing that a defeat at the hands of the Iowans would probably ruin their chances for the Big Ten cage title, the Illinois five opened up with the heavy guns to pile in basket after basket to plaster the overwhelming 40 to 29 defeat on the Hawks.

High School Miler Breaks Record For The One Mile Run

NEW YORK, Feb. 27 (AP)—Out of a record-smashing orgy in the national high and prep school track and field championships in Madison Square Garden today came the fastest mile ever run indoors by a schoolboy as 15-year-old Leslie MacMittell of New York's George Washington high school, travelled the distance in the sensational time of 4:23.4.

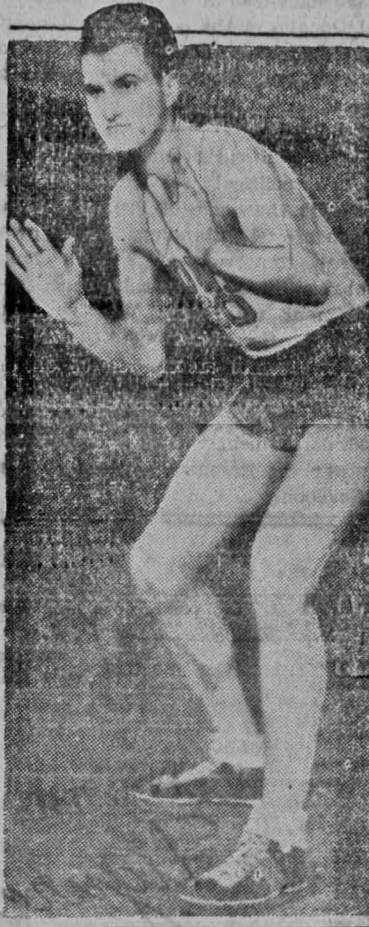

MacMittell, running in the first of the three races in which the fastest times determined the final placings, clipped eight full seconds off the old record of 4:31.6 made last year by Ray Trail of Mont Pleasant, Schenectady, N. Y. He was asked to match strides with Bradley Rendell of Falconer, N. Y., to whom he bowed outdoors last fall, but the up-state star was a full 60 yards back of the New Yorker at the finish.

Rendell runner-up Although finishing second, Rendell's time of 4:34.8 was good enough to give him runner-up honors by a margin of two-tenths of a second over Alfonso Napolim of Crosby, Conn., who won the second race. Thomas Moran of Kearny, N. J., winner of the third division in 4:41.9, was fourth in the final reckoning.

McClure Eliminates Johnny Dawson In Houston Tournament

HOUSTON, Tex., Feb. 27 (AP)—Edwin McClure of Shreveport fought his way into the finals of the 23rd annual Houston country club invitation tourney today by eliminating Johnny Dawson of Chicago, 1 up in 19 holes. McClure defeated Gus Novotny, another Chicago veteran, 1 up in 19 holes in his quarter final match.

T. J. Aherm went into the finals by eliminating Ed Herron, 1 up in 19 holes. Both players are from Houston. Aherm won his quarter final match from O'Hara Watts of Dallas, 4 and 3. Aherm and McClure will meet in the 35 hole finals tomorrow.

Gophers Hold Early Margin To Win, 30-17

Rolek Stands Out For Minnesota in No. 8 Win for Gophers

MINNEAPOLIS, Feb. 27 (AP)—Minnesota's fighting band of basket shooters kept right in the thick of the Western conference championship race tonight by crushing Wisconsin, 30 to 17.

A crowd of 12,800 persons watched the Gopher team hang up its eighth victory in 10 league starts this season. For Wisconsin it was the eighth loss in 10 games.

Lead at Half The Gophers rambled to a 17 to 7 lead at the half-way mark and then spent a large portion of the second stanza protecting that advantage.

Martin Rolek, Minnesota's star guard, played his usual fine defensive game, in addition to turning in seven points for high scoring honors for the evening.

Rosemont In Late Spurt To Win Handicap

By ROBERT MYERS SANTA ANITA PARK, CAL., Feb. 27 (AP)—Rosemont, the favorite, captured the third running of the \$100,000 Santa Anita Handicap today in a brilliant chapter of American turf history.

Rosemont's fell behind as the Foxcatcher farm's big bay champion thundered under the wire to win from C. S. Howard's sensational Seabiscuit in a finish so close it took a photograph to decide the winner.

Indian Broom Third Maj. Austin C. Taylor's Indian Broom was third, and the Canadian sportsman's other candidate, Special Agent, ran fourth in the field of 18 starters.

A record-breaking crowd of more than 50,000 crammed Santa Anita's famed racing plant for the day's festivities, spending more than \$1,000,000 through the betting mills during the day and \$296,553 on the feature race alone.

Comes from Behind Jockey Harry Richards brought Rosemont from behind as they neared the far turn, and with Seabiscuit, Special Agent, Indian Broom and a gallant Don Roberto battling gamely, literally lunged down the track to win.

It was the second major victory for the sapphire blue and gold silks of William duPont Jr.'s Foxcatcher stable in a week of Santa Anita's fabulous purse offerings. Trainer R. E. Handlen saddled Rosemont for victory in the \$7,500 San Antonio Handicap last Saturday.

Wins \$91,800 Today's triumph brought \$91,800 first prize money to the Foxcatcher coffers and Handlen won \$10,000 offered by the Los Angeles Turf club for the trainer of the winning horse. Jockey Richards collected better than \$9,000 for his ride.

Weather Perfect In perfect weather and over a strip good but not quite fast, Rosemont, the son of The Porter and Garden Rose, ran the mile and one-quarter in 2 minutes and 2 and 4-5 seconds. It was three-fifths of a second under the track record.

The balance of the field finished in this order: Time Supply, Don Roberto, Red Rain, Grand Manitou,

Deckard Sets Record To Capture Steeplechase

Cunningham Out Of 1500 Meter Run As San Romani Wins

NEW YORK, Feb. 27 (AP)—Slender Tommy Deckard, Indiana university teammate of Don Lash, galloped to a record-breaking victory tonight in the 3,000 meters steeplechase as the National A.A.U. indoor track and field championships got underway in Madison Square Garden before a crowd of 14,000 fans.

Deckard was clocked in 8 minutes, 48.6 seconds as he ran away from the veteran Joe McCluskey of the New York A. C., former king of the steeplechasers and holder of the national indoor mark of 8:56. McCluskey set the former record in 1924 and had captured the event five straight years.

McCluskey set the pace for seven laps, but was unable to match the fast finish of Deckard, who registered his first national championship victory in impressive style. Trailing McCluskey by nearly 50 yards, in third place, was the national outdoor steeplechase titleholder, Harold Manning of Wichita, Kan. Deckard lapped the six other starters in the obstacle race.

Uncorking a whirlwind sprint in the stretch, Archie San Romani of Emporia, Kan., Teachers college, captured the classic 1,500 meters championship run in the National A.A.U. track and field title meet tonight on the Madison Square Garden boards. San Romani rushed past Luigi Becchi of Italy and Gene Venzke of the New York A. C. to win in 3:51.2.

First Triumph San Romani made his first triumph of the eastern indoor season a thriller as he came up with a terrific "kick" from third place to beat Becchi by two yards and Venzke by three in a six-man field that was minus the great Glenn Cunningham, king of the American milers.

Cunningham, because of a cold, withdrew on short notice, thus losing a chance to turn the tables on his conqueror of a year ago, Venzke, in the same event.

Robinson Wins Elroy Robinson of the San Francisco Olympic club came from behind with a terrific "kick" on the last half lap to beat Abe Rosenkrantz of Michigan Normal by two yards for the 1,000 meters title. Robinson's time of 2:29.4 was two seconds off the meet record.

Two defending champions remained on top in their specialties as Sammy Richardson, Negro star of the Achilles club, Toronto, retained the broad jump crown, and Irving Foltwitsky of Rhode Island State college, in the 85-pound weight throw.

PURDUE TAKES WILD CONTEST BY 69-45 SCORE

LAFAYETTE, Ind., Feb. 27 (AP)—Purdue went on a scoring rampage here tonight and trounced Indiana university's cagers, 69 to 45, in a wild game.

Coach Ward (Piggy) Lambert withheld three of his Purdue regulars at the start of the game and, with another out for the season with injuries, the Hoosiers opened firing against their Hoosier rivals with only one regular.

Purdue n Early Lead Anderson, Seward and Dickinson led a fast attack, however, which sent Purdue into a 26-13 lead after the first 15 minutes of play.

Then, Lambert sent regulars Jewell Young and Pat Malaska into the game.

Young Gets 22 Points From this point, Young completely stole the show, scoring 22 points to come within five of setting a new conference record for the season. Young has another game Monday night in which to try for the record.

The total number of points scored by the two teams tonight, 114, sets a new conference record.

Downey, Huffman Out Indiana never had a chance the first five minutes but Andres and Johnson, sophomores, led a late attack which boosted the Indiana total. Both Downey, Purdue guard, and Huffman, Indiana guard, lost to their teams for the season because of injuries, watched the game in street clothes.

Northwestern Track Team Wins From Chicago and Purdue

CHICAGO, Feb. 27 (AP)—Northwestern university's indoor track team won the final event, the mile relay, today to win first place in a triangular meet with Purdue and Chicago. The final point totals were Northwestern 39; Purdue 36; and Chicago 33.

Northwestern Beats Chicago

Wildcats Take Victory 34-27; McMichael Gets 13 Markers

EVANSTON, Ill., Feb. 27 (AP)—The University of Chicago's basketball team suffered its 11th straight Big Ten defeat tonight, losing to Northwestern, 34 to 27, at Patten gym before 4,000. The Maroons have yet to win a conference game.

In winning its fourth Big Ten game, Northwestern took a 10 point lead midway in the first half and maintained that margin throughout the game except in the last two minutes when Chicago cut it by a few points. At the half, the Wildcats led, 20 to 9.

McMichael Stars Mike McMichael, veteran Purple forward, led both teams for individual high scoring, with five baskets and three penalty tosses. Several of his field goals, were one-handed shots while on the run under the basket.

Jack Mullins, Maroon forward, scored 10 points to lead the Chicago offense.

South Atlantic Golf Tournament Won By Kathryn Hemphill

ORMOND BEACH, Fla., Feb. 27 (AP)—Kathryn Hemphill of Columbia, S.C., withstood a valiant stretch drive by Marian Milley of Lexington, Ky., today to win the South Atlantic women's golf tournament.

The score was 2 and 1 after the superb play of Miss Milley, winner in 1935, almost dissipated the four up edge held by Miss Hemphill at the turn.

Minnesota Pins Iowa Grapplers

Gym Team Is Nosed Out By Gopher Squad

MINNEAPOLIS, Minn., Feb. 27 (Special to The Daily Iowan)—Minnesota's powerful gym team, 1936 conference champions, avenged an earlier defeat and gave the Hawkeyes their first loss of the season here last night by the close score of 56 1/2 to 65 1/2.

The meet, last dual encounter of the season for the Hawks, snapped their winning streak at five straight, and gave them a record of five won and one lost for the season.

Although versatile Eugene Wettstein again led the individual scoring, he failed to do as well as his previous performance against the Gophers. Wettstein collected a first on the horizontal bar and seconds on the side horse and parallel bars for a total of 22 1/2 points.

Nissen Wins Easily Capt. George Nissen, Iowa's national intercollegiate tumbling champ, easily took his event with 86 1/2 points, the highest single event score of the evening, and capped a third on the parallel bars to garner 15 1/2 points for the Iowans.

Joe Kochwasser, second only to Nissen as a tumbler on the Hawkeye team, finished a bad third last night behind Nissen and O'Heron, Gopher tumbler. In the first meet with the Gophers, Kochwasser beat out O'Heron for the second position.

The summaries: Horizontal bar: Won by Wettstein (I), 78.5; Stuart (M), 2nd, 72; Lynn (M), 3rd, 67. Side horse: Won by Johnson (M), 73.5; Wettstein (I), 2nd, 72; Captain Dech (M), 3rd, 70.

Flying rings: Won by Russell (M), 75; Stuart (M), 2nd, 71; McCloy (I), 3rd, 70.5.

Parallel bars: Won by Co-Captain Shawbold (M), 81.5; Wettstein (I), 2nd, 75; Captain Nissen (I), 3rd, 65.5.

Tumbling: Won by Captain Nissen (I), 86.5; O'Heron (M), 2nd, 74.5; Kochwasser (I), 3rd, 56.5.

Nebraska Noses Out Kansas LINCOLN, Neb. (AP)—University of Nebraska moved into a first place tie in the Big Six conference basketball championship race here last night by nosing out the Kansas university Jayhawks, perennial champions, 37 to 32, before a crowd of 7,600 persons. It was the largest crowd ever to witness a Big Six basketball game.

Tommy Deckard, who usually is overlooked because of Don Lash's brilliance, came to his own in the National A.A.U. track meet last night. Whenever Lash and Deckard run in the same race, Lash wins and Deckard places near the front, but last night he deserted the ranks of the milers to enter the 3,000 meter steeplechase, which he won in the record-breaking time of 8:46.6.

Last spring we were asking Glenn Cunningham, then a student at the University of Iowa, how he would rank the milers and we were surprised when he said to watch that Archie San Romani of Kansas. At that early date, Glenn characterized him as a "comer." Last night, this same lad ran away from the field to capture the classic 1,500 meters in the Nationals. Glenn withdrew at the last minute because of a cold.

Captain Millen Scores Lone Iowa Victory

MINNEAPOLIS, Minn., Feb. 27 (Special to The Daily Iowan)—Capt. Dick Millen was the lone Iowa victor tonight as the University of Minnesota grapplers overpowered the Hawkeye team for its eighth, consecutive win.

Millen piled up a time advantage of 2 minutes 35 seconds to capture a decision from Matten of the Gophers.

First Defeat Tonight's defeat was Iowa's first in four years of Big Ten dual meets. Minnesota won two falls, Ross McCorquodale, 118 pounder, pinned James Thompson of Iowa after eight minutes 36 seconds and Duane McConnell threw Maurice Matthews of Iowa in two minutes 54 seconds to win the 155 pound event.

Wilbur Nead, whom Coach Mike Howard was counting on in the heavyweight class, lost his first bout of the season to Gustafson of the Gophers.

Vergamini Beaten Iowa's other unbeaten matman, Carl Vergamini, took his first beating of the current semester from Whitaker, Minnesota's 175 pounder, who was decided by Zabel of Minnesota, a former pupil of the Minnesota mentor, E. C. Bartelma. Bartelma was coach at Cresco high where Maland gained his high school reputation.

The summaries: 118 pounds—McCorquodale (M) threw James Thompson (I) 8:36. 126 pounds—Dick Millen (I) defeated Matten (M) time advantage 2:35.

135—Zabel (M) defeated Don Maland (I) time advantage 5:02. 145 pounds—Borlough (M) defeated Lester Cottrill (I) time advantage 7:54.

155 pounds—McConnell (M) threw Maurice Matthews (I) 2:54. 165 pounds—Hanson (M) defeated Xavier Leonard (I) time advantage 4:34.

175 pounds—Whittaker (M) defeated Carl Vergamini (I) time advantage 2:08. Heavyweight—Gustafson (M) defeated Wilbur Nead (I) time advantage 5:30.

Advertisement for BITS about SPORTS by JOHN MOONEY, featuring a portrait of John Mooney.

FRANK SCHOOLEY, program director of radio station WHL in Champaign, Ill., pulled a real practical joke on his associates last night after the game. In the afternoon, the radio equipment car was tagged by the Iowa City police for parking in the boulevard outside the journalism building. Schooley called his friends, Noran Rivold, radio technician, and Dave Hoff, sports editor of The Daily Illini, and informed them that he was being held at the police station until they could pay the fine. After 15 minutes of worrying and fussing around, the boys discovered that it was all a hoax and that Schooley was at the home of Carl Menzer all the time.

One of the better cracks heard at the game last night: "Illinois beat Iowa through 'charity tosses'."

Iowa, up until the last few minutes of the game last night, played the highly touted Illini off their feet, but the closing drive of the invaders was too much for the Hawks. Reporters who had seen the Illinois team play before this season, remarked that they were not up to par, but the play of the Iowans last night may have had something to do with that.

From a wire story, it seems that the Chicago White Sox are really going to travel in style when they go to California for their spring training. Twenty-one players, coaches, and sports writers will travel on the "streamliner," and will be the first time that such a trip has ever been attempted.

# Michigan Rallies In Last Half to Down Ohio State, 38 to 24

## J. Townsend Leads Scoring With 15 Points

### Ohio State Leads By Nine Points at The Halftime But Loses

COLUMBUS, Ohio, Feb. 27 (AP)—With a furious second-half rally that swept Ohio State off its feet, the University of Michigan remained in the Big Ten basketball title fight tonight with a smashing 38 to 24 victory over the Buckeyes.

Ohio State went into the second half leading, 18 to 11, after outscoring a ragged Wolverine five during the first 20 minutes of play.

Townsend Leads Michigan

On baskets by Thomas and Raudabaugh, the Buckeyes increased the advantage to 22 to 11, but the Michigan scoring machine, led by forward Johnny Townsend, went into action and halted the Buckeyes.

Townsend, the leading scorer with 15 points, got 11 of them during the second period.

See Gets 10 Points

The lanky John See ran next to Townsend with 10 points. Center Earl Thomas led the Buckeyes with nine, of which he got seven in the first half.

Eighty-three hundred spectators saw Ohio in its final home game of the season.

## Yankees' 1st Squad Leaves for Florida Minus 4-Regulares

NEW YORK, Feb. 27 (AP)—The New York Yankees' first squad left for training camp in St. Petersburg, Fla., today without three regular pitchers and their star catcher.

Pitchers Lefty Gomez, Red Ruffing and Monte Pearson, and Catcher Bill Dickey were the missing first-liners. The contemplated substitution of Gomez to Col. Jacob Ruppert's terms today did not develop.

Pitcher Jim Tobin, a youngster coming up from Oakland, is also assigned, though he is said to be en route to camp.

Only four pitchers, Walt Brown, Jack LaRocca, Frank Makosky and Vito Tamulis, left New York today. Insider Don Heffner was scheduled to join them in Baltimore and Manager Joe McCarthy in Washington.

Training for pitchers and catchers will start Monday.

## Streamlined Train To Take Chisox To Camp Site in Style

CHICAGO, Feb. 27 (AP)—The Chicago White Sox are going to travel in style when they leave Monday evening for spring training camp at Pasadena, Cal.

Twenty-one players, coaches and sports writers will travel on the streamlined City of Los Angeles. It will be the first time a ball club has made its spring trip on a streamliner.

## ST. PAT'S TURN TO DIOCESAN TOURNAMENT

After closing the season against St. Wenceslaus of Cedar Rapids Friday night, the attention of the St. Pat's basketball squad was focused on the diocesan tournament at Davenport tomorrow.

In their role of defending champions, the Irish will start proceedings at 9:30 when they meet St. Martin's of Muscatine. The Pearl City parochials are represented by one of the strongest teams in the history of the school this year and are expected to give the Iowa City quintet a real tussle.

Uses Two Sophomores

Coach Ryan in the last two games has used a starting line-up consisting of two sophomores, a junior and two seniors. The sophomores are Love and Bradley, who form one of the scrappiest pair of forwards on the Irish squad. Bradley has been a regular for the major part of the season and has helped the Irish scoring machine considerably with his fine passing and basket shooting.

Hod Love is expected to spark the Irish quiet in their efforts to regain their title. Possessing a fighting nature, Love is always on the go and adds much needed height to the Irish five. Hod Demery is the junior to start on the Irish quiet. Feared by all opponents for his accurate eye from the center of the court, Demery helps the Irish scoring machine in getting away on a fast break and controlling the rebounds off the basket.

## Hope for Trophy

The two seniors on the first five, members of last year's champion quintet, are Dick Healy and Chuck Patterson. The chief aim of these two cagers is to bring back the first place cup and place it in the Irish trophy shelf. Outstanding all season for their brilliant play, these two men will close their careers in tournament play.

Other men who will probably make the trip to Davenport are Aaron and Pinney, seniors at guard and forward, and Walden and Carelton, two utility men.

## Record-Holder For 5 Minutes Graves Sets New Mark, Sees It Broken

By GAYLORD HODENFIELD

Thirty-one state high school champions crouched tensely waiting for the starter's gun that would set them off on the most grueling of all foot races, the half mile relay. The scene was set in Soldier field, Chicago, in June, 1933. The event was the first heat of the 880 in the national interscholastic meet and more than 12,000 persons were in the stands.

With the sound of the gun the runners sprinted for the inside lane. For the first 100 yards they were so packed that it was impossible to single out individuals as everyone fought for a favorable post and waited for the inevitable stringing out as the slower runners found the place too tough.

Won by Long Lead

Less than 150 yards from the start a lone figure forged to the front and started to "pour it on." Running easily and seeming to increase his stride at every step, the pace setter gradually pulled away from the pursuing pack and coming into the back stretch lengthened his lead to 20, 25 and finally broke the tape 30 yards from his nearest pursuer.

The crowd was silent as the judges compared notes. The record in this event has stood for 21 years. The famous Ted Meredith, who had represented the United States in the Olympics while still in high school had set it in 1912.

## Marquette Negro Breaks High Jump Mark at New York

NEW YORK, Feb. 27 (AP)—Marquette university's great Negro jumper, Edward T. Burke, brought the national A.A.U. track and field championships to a smashing climax tonight by clearing the bar at a foot 9 1/4 inches for a new world record in the high jump.

The average motorist now spends about \$15 a year for tires, less than 8 per cent of the amount spent by automobile owners 30 years ago.

## CORNHUSKERS IN SWIMMING VICTORY, 53-22

LINCOLN, Neb., Feb. 27 (AP)—University of Nebraska swimmers set five new Big Six conference marks this afternoon as they defeated Iowa State 53 to 22 in a dual meet here. The Huskers captured every first place in the nine events.

New records were in the 300 yard medley relay, 220 free style; 100 yard free style; 200 yard breast stroke and 440 yard relay.

## Feller O.K. Veteran Catcher Says Feller 'Will Do All Right by Himself'

HOT SPRINGS, Ark., Feb. 27 (AP)—Veteran Wally Schang, who has seen a great deal of major league pitching in the past 20 years, believes Rookie Bob Feller will "do all right by himself" with the Cleveland Indians next season—but Feller isn't so sure.

Stopping off here enroute to the Cleveland training camp at New Orleans, the 18-year-old strikeout sensation of the American league admitted he was getting a "kick" out of all the "fuss" that is being made over him, but was visibly embarrassed when a delegation visited his room with a formal welcome to the city.

"All New to Him"

"It's all a little new to him as yet," said Schang, Cleveland coach who was a major league catcher 18 years, and who is acting as a sort of "chaperone" for the youthful inexperienced Feller.

"The husky, broad-shouldered youngster with clean-cut features and clear gray eyes is making no predictions as to how many games he will win.

"I might get in trouble," he grinned. He thinks Cleveland's pitching "wasn't so hot" last season although he personally won five games and lost three.

New Curve

Equipped with a new curve, something more than the "winkle," he boasted last season, the quiet spoken schoolboy star is "kicked pink" with the way his control is improving.

"I've been working on the curve and my control is better. It seemed like I would walk about every third man."

Schang Agrees

Schang who caught some of baseball's greatest pitchers while with the New York Yankees, Philadelphia Athletics, Boston Red Sox and St. Louis Browns, agreed with him.

"For a while there Bob was throwing the ball behind the batters about as often as he threw it in front of them," he declared, "but he is past that stage now. His main difficulty seems to be in getting

## THE OLD HOME TOWN

himself "in the hole"—that is, he is usually careless with his first two pitches and generally throws them wild. He'll learn."

Comes for Inspiration

Feller came here especially for an "inspiration" appearance before some 350 baseball school students. He said only a few words to the diamond hopefuls, remarking he hoped they would be as successful as he was in reaching the "big time."

Schang and Feller left for Memphis to join other members of the Cleveland club en route to New Orleans.

# City High School Debaters Will Enter State Debate Tourney

## Tourney Will Be Conducted Here in April

### Six Students Win 2nd Friday at Davenport Tournament

Iowa City high school debaters are eligible to enter the final state debate tournament here April 1, 2 and 3 as the result of six students' winning second Friday at Davenport in the southeastern district contest, E. J. McCreary, coach, announced last night.

Dorothy Keyser, Betty Williams and Roland Christensen comprised the negative team which won six of the 11 debates taken by City high. Miss Williams was able to debate only once when her voice gave way. Miss Keyser took her place on the team for the remainder of the contest.

Upholding the affirmative side were Mary Jane Showers, Marvin Chapman and Howard Hines. Mr. Hines debated only once, against Bloomfield, and won.

**High Schools**  
Eight class A schools contested in the Davenport division on the question, "Resolved: that all electrical utilities should be governmentally owned and operated." The same question will be used in the finals.

By winning 12 debates the host city won first, Iowa City second with 11, Burlington third with 9 and Newton and Oskaloosa tied for fourth with seven debates each. Oskaloosa, however, was eliminated on the percentage basis. Bloomfield, Mt. Pleasant and Ottumwa did not place.

Mr. and Mrs. E. J. McCreary accompanied the teams to Davenport.

**Wins Last Week**  
City high won its eligibility to enter the Davenport district tournament last week when it tied with Burlington for first place honors in the sub-district contest here. Davenport and Mt. Pleasant also represented this district at the contest Friday.

The four winning schools will debate in the class A division of the final state contest here in April.

About 14 schools are expected to debate in this division. Twelve class B schools and 8 class C schools are also expected in their respective divisions.

In addition to the debate contest, there will also be contests in original oratory, extemporaneous speaking and interpretive reading.

At the same time in April eight or nine junior colleges will come to Iowa City for a similar tournament.

## AROUND THE TOWN

with MERLE MILLER

This reporter thought one of the most significant statements made at last week's anniversary celebration was when President James. Conant of Harvard university declared, "I doubt whether it is so very important—or even valuable that a student work his way through the university."

That the one who "works his own way" will become the best man in the end has become an Iowa platitude. . . . Actually the students who work aren't the ones who get the most out of the university. Often a part-time job is an excuse for learning nothing at all—not that most students need any excuse. . . .

Some students may benefit by working, but it's this writer's guess that most would be a lot better off not undermining their health and mental outlook by too long hours of outside work.

There are exceptions, of course. That's where the illusion grew up.

Some day, and rather soon I hope, a brave film company will produce a full-length cartoon—in full color, of course. . . . I'd like a simple, melodramatic opus starring Mickey and Minnie Mouse. . . . Probably Horace Horse, my favorite character actor—because his face reminds of Lionel Barrymore—Donald Duck, Pluto the Dog and Betty Boop playing the supporting roles.

I'd like that because, although good, the movies all take themselves so seriously these days. . . . It's a little difficult to get emotional and philosophic when somebody's overcast is in your lap and you are just one of several hundred other humans packed into the theater.

All the late movies have been about life and the other world and such. . . . This is to the old-fashioned melodrama with a fight on the cliff's edge, a pure heroine and a hero with nar on his chest. . . .

Perhaps America is on the way to having its own royal family should Mrs. Roosevelt—as has been rumored—be nominated for the presidency in 1940. . . . Why not John and Franklin Jr. and perhaps Mrs. Boettiger next? . . . It's an idea anyway. . . .

Smart talk around the town these days deals with a probable raise in pay for the mayor of Iowa City. . . . At least a dozen persons will bet their bottom dollars the present city council will raise the mayor's \$1,500 yearly check before the election on the 29th. . . .

Thumbed through a decrepit little volume on 15th century table manners in general library yesterday afternoon. . . . Observed the most significant rule was "Don't dip your thumb into your drink. . . . But times haven't changed. . . . A local restaurant owner tells me at least three-fourths of his customers dunk—and like it. . . .

It might still do. . . . A couple of localities the other night attended a dinner party in Cedar Rapids were given finger bowls—they thought. . . . Husband was about to dip his fingers in when he noticed the others were drinking out of the bowls—It was white wine served in bowls. . . . Smart hostess are doing

it, they say. . . . Bridge is on the wane again, a scout reports. . . . A lot of localities

## Student Candidate for Mayor Flays City Primary Election System; Is "Definitely in Race"

### Claims Main Issue in Election Is Light, Power Ownership

M. L. Crowder, independent candidate for mayor, last night bitterly attacked Iowa City's primary election system declaring the small number of persons who voted Monday proved his contention that city primaries are a "silly farce."

Crowder, 22-year-old chemistry graduate student in the university and advocate of municipal ownership of public utilities, dispelled all doubts as to whether he would be a candidate in the city election, March 29. He stated that he is "definitely" in the race.

**Withdraw**  
The student candidate withdrew from the democratic majority contest a month before the primary after forming the present system of selecting party candidates "undemocratic."

"National party lines don't mean a thing in local or even in state politics," Crowder declared last night. "Obviously, the main issue in Iowa City is not whether the candidate is a republican or democrat but whether he favors or opposes municipal ownership of light and power facilities."

**Secondary Issue**  
He termed law enforcement and cooperation between the University and city as secondary issues in the present municipal campaign. Crowder predicted the city democratic convention, March 6, will accomplish nothing satisfactory to most Iowa City voters.

"Only a small number of citizens will actually favor whomever the party nominates for mayor," he said. "Delegates, sometimes elected by less than a half-dozen votes, go to the convention without open minds. They are already prejudiced or promised to some particular candidate. As I said when I withdrew from the democratic nomination contest, this is not democracy."

As a remedy for what he calls the evils of the present municipal primary system, Crowder last night suggested a system by which any person who wishes to run for city office would be allowed to enter the primary race without party differentiation or backing.

Under his plan each mayoralty candidate would declare his stand on only local policies. The three persons receiving the highest number of votes would be the candidates for mayor in the regular city election.

## Plan Campaign Against Static

### Chamber of Commerce Seeks Cooperation From Public

A program designed to educate and secure the cooperation of Iowa City residents in eliminating radio interference will be introduced here in the near future, it was said yesterday at the Chamber of Commerce office.

Iowa City's Chamber of Commerce is sponsoring this program in connection with the bill introduced in the Iowa legislature by Representative Leroy S. Mercer of Johnson county. The bill, if enacted into law, would give cities power to pass an ordinance controlling the installation and operation of services found to interfere with radio reception.

In conducting the educational campaign, the chamber will send out questionnaires from which it hopes to learn the origin of radio interferences in the city.

A chamber committee will be appointed to analyze and remedy the causes of interference reported by residents. The date when this service will be available will be announced later, it was said yesterday.

It was stressed that this is not a movement to "crack down" on anyone but rather a cooperative movement to benefit all city residents. A survey reveals there are radios in 90 per cent of the city's homes.

# Education vs. Flood

And the rampaging water of the Ohio and Mississippi rivers won out in most of the battles!

COLLEGIATE DIGEST presents here exclusive photos of flood damage and relief activities at four of the nation's educational institutions, only an incomplete picture of the part educators and students and their alma maters played in history's worst flood, for in most instances cameras were forgotten in the work of preventing history's record of 1937 river ruin from becoming blacker. The photos of the University of Louisville's plight were taken by that institution's Superintendent of Buildings and Grounds, L. O. Adams.

### Bible and Jones Are Almost Twins

These Names Make News

ON a Saturday afternoon in 1928 Dana Xenophon Bible of Nebraska and Major Lawrence McCeney (Biff) Jones of Army had a number of things in common. They coached highly respected football teams about to engage each other, they had the same birth date, October 8, and both had served as lieutenants in separate aero squadrons with the A. E. F. The final score was Army 13, Nebraska 3. In 1935 Nebraska's bald-headed grid tutor evened the score. His Cornhuskers trampled Major Jones' Sooners of Oklahoma two years in a row.

Biff Jones

Now ex-servicemen Bible and Jones are about to have coaching at Nebraska in common. Bible goes to the University of Texas at something like \$15,000 a year, leaving behind him tearful farewells and a record of bringing the Huskers six Big-six championships in eight years. An army transfer robbed Oklahoma of Biff Jones's services several months ago. Now he has been lost irrevocably to the Sooners. He has resigned his commission in the U. S. A. to become Nebraska's new coach.

D. X. Bible was born in Jefferson City, Tenn., 46 year ago, Biff Jones in Washington, D. C., five years later. Jones was captain of West Point eleven in 1917. Delta Kappa Epsilon Bible warmed the bench frequently as a football sub at Carson-Newman College. He supplemented his B. A. degree with graduate work at North Carolina, Ohio State, and Centre College. Before the war Bible had coached Mississippi College three years, Louisiana State one year. After the war Biff Jones rose from assistant coach at West Point to the head coachship (1926-29). Army regulations causing his transfer, he followed in D. X.'s footsteps at Louisiana State where he developed an undefeated eleven in 1933, ordered Huey Long out of the dressing rooms between halves in 1934.

Dana Bible

At Nebraska D. X. established a reputation as coach and soft-spoken gentleman with a habit of smacking his lips as he talked. Biff Jones has the gallantry of an Army officer of the old school, without its starched aloofness.

# Dartmouth's Big Show

SPORTS PAGE readers may think that it's all sports and no play for those who attend the Dartmouth College Winter Carnival, but that wasn't so this year, for the Dartmouth Outing Club planners of the 27th annual snow festival arranged many social events and considerable entertainment for the 1,037 feminine guests (more than ever before) who took over the 22 fraternity houses for the week-end (members must room elsewhere, often out of town when they speak for rooms too late). There were big-time orchestras for big-time parties, skiing exhibitions by foreign experts, students from Swiss and Canadian universities, and any number of winter sports contests—besides actual participation in all manner of winter sports. COLLEGIATE DISTRICT here devotes all too inadequate a space for highlight and sidelight photos of Dartmouth as showman, sportsman and host.

## Floating Mines Cripple French Freighter Off Coast of Spain

### Stricken Ship Third To Be Menaced By Blasts Within Five Days In Spanish Revolution

LONDON, March 1 (AP)—Floating mines crippled another foreign ship off Spain today while official British pronouncements hinted at certain renewal of attempts to bring Spanish peace.

The stricken ship—third to be menaced by mines in the shiplanes off Spain's east coast within five days—was the French freighter Marie Therese le Borgne.

She made port at Palamos, Spain, but shipping circles showed alarm. The place where she hit the mine was near the spot where the British merchantman Llandoverly Castle was damaged similarly last week. Moreover, the French transport Sebua reported she narrowly had avoided a mine off Barcelona.

**Peaceful Solution**

Hope for new international efforts to find a peaceful solution of the Spanish war, now 7 1/2 months old, was buoyed by Foreign Minister Anthony Eden's declaration to commons that the government had proposals for halting the war "constantly in mind."

Authoritative sources said they believed Eden was considering new mediation attempts if and when the European neutrality committee's arms-and-men embargo shifts off foreign interference in Spain.

**Embargo Effective**

The foreign secretary's assurances that "every effort will be made" to make the committee's embargo "as effective as possible" came as he prepared to send the first contingent of 130 British observers to Portugal to check up on the Lisbon government's compliance with the agreement.

## Confession Of Argentine Man Ends Hunt For Kidnap-Slayer

### Admits Killing Son Of Rich Family After Five Days Quizzing In Lindbergh Sequel

MAR DEL PLATA, March 1 (AP)—Argentina's "Lindbergh case" was solved tonight, police said, when a dull-eyed hobo confessed kidnaping and killing Baby Eugenio Pereyra Iraolo.

Police announced Jose Gancedo had admitted the crime after five days of questioning.

A detective garbed as a fellow hobo, or "hinyero," posed as a prisoner. He obtained the confession, writing an end to one of the greatest man-hunts in the history of this country.

**Wealthy Family**

The two-year-old child, son of a wealthy Argentine family, disappeared from the garden of the family's vast estancia Wednesday night. His body, unclothed and with arms crossed on the breast, was found in a pig pen on the estate, a mile and a half from the garden, Saturday. There was evidence he had been strangled.

Police said that the prisoner's full name was Jose Gancedo Gonzalez and that he was 44 years old and a Spanish immigrant who had been in Argentina many years. They said his only previous police record was suspicion of theft.

**Mentally Deficient**

If found mentally deficient, he is likely to go to the asylum. Otherwise he would be liable to life imprisonment since Argentina has no death penalty.

Gancedo's reserve broke down after five days of questioning. Police had described him as their principal suspect.

The detective's act of obtaining the confession while posing as a prisoner in the Mar del Plata jail was repeated before Dr. Juan Arco, secretary of the local court, shortly after it had been made.

## Threaten Open Ducat Skirmish On Coronation

### British Tradesmen In Battle Over 85,000 Tickets for Crowning

LONDON, March 1 (AP)—British tradesmen—among them many of the throne's most loyal subjects—threatened tonight to engage in open controversy with the office of works over distribution of 85,000 tickets for the coronation parade of King George and Queen Elizabeth.

The newest murmur of dissent mounted into an angry clamor for tickets on two sides, with cooperative work societies pitted against federated trade organizations.

The possibility the Duke of Windsor may marry Mrs. Wallis Simpson before the coronation date of May 12 was even momentarily pushed into the background, despite reports the wedding has already been set for May 2.

First hints of the dispute over parade seats arose with published reports the cooperatives would get the best places for the colorful procession.

Fishmongers, shoemakers, poultry, game and rabbit workers in the trade organizations arose quickly to support their own demands for tickets. They enlisted the British legion on their side after war veterans declared themselves "outraged" because they could not get the tickets they wanted.

## State Senators Pass Five Bills

### Fail To Take Action On Confirmation Of Appointments

DES MOINES, March 1 (AP)—The Iowa senate passed five bills in a short afternoon session today but failed to take up scheduled action on possible confirmation of Gov. Nelson G. Kraschel's appointments to the state unemployment compensation commission.

Meanwhile, Speaker La Mar Foster (D) of West Branch, after a senate "investigating committee" reported it had failed to find the house, held another "record straightening" house session which erased previous dummy sessions and put a new light on the lower chamber's spring recess.

**Called to Order**

Shortly before 4 p.m. Foster called the house to order. By a process of calendar juggling, it was still Thursday evening as far as the house journal went. With three house members and the speaker present, the chamber adjourned until 4 p.m. today.

Quick as a wink, officially at least, four days passed. Then, at the scheduled time, the house came to order again, and through lack of quorum, adjourned until tomorrow evening, when it is expected to go through the same motions again.

**Ends Bickering**

The trouble started when Foster, last Thursday, put an end to bickering over how long the spring recess would be by banging his gavel and announcing the house would recess until Wednesday noon.

Friday morning Rep. C. L. Rice (D) of Delta, came to the chamber and proclaimed the house in order. He then recessed the chamber until the fall of the gavel and did the same thing all over again Saturday morning.

"We should give Mr. Rice a medal for his serious effort," Foster said. He explained the "Rice sessions" would not show up in the lower chamber's journal.

## Wallace Warns Of Land Waste

### Barren Landscapes Are Ominous Signs, Says Secretary in Speech

ST. LOUIS, March 1 (AP)—Secretary of Agriculture Henry A. Wallace told the North American Wildlife conference today that "barren landscapes" are "ominous signs to warn us of the widespread disaster that will follow if we continue the wasteful, careless and unprofitable exploitation of our land and its resources."

In an interview before the conference opened, J. N. "Ding" Darling, former chief of the U.S. biological survey and temporary chairman of the General Wildlife federation, said destruction of natural waterways and forests is making the United States into a "biological desert."

**Stomachs**

"In a short time we'll begin to feel it in our stomachs," the famous cartoonist added, "and empty stomachs are a greater menace to America than sit-down strikes."

Wallace declared the problem was one of land utilization, asserting "the conditions which favor wildlife and promote wilderness areas are identical with those that alleviate the effects of drought, provide flood control, prevent soil erosion and provide for the preservation of our fertile soil."

"The land utilization problem," the secretary continued, "is, in fact, based on the fundamental principle that in the United States there is enough land to meet generously every national need and every requirement of agriculture, industry and recreation."

## "Dusty" Insists On \$35 Floral Tribute For Wife's Funeral

Walter "Dusty" Rhodes, charged with the killing of his wife, Mable, insisted that she have the finest floral offering available for her funeral, it was learned here yesterday.

When Rhodes, accompanied by his wife's relatives and parents stopped at the Tama Floral company to purchase flowers for the funeral, Rhodes, in a show of devotion for his dead wife, was determined to purchase a \$35 casket piece.

His father-in-law, however, called attention to a \$20 piece, declaring that Rhodes "would need the money for other expenses and the children."

The \$20 offering was chosen over Rhodes' objections. His father-in-law also insisted that Rhodes allow him to pay for the funeral flowers. Rhodes accepted.
