## HEADLINES of the WEEK

**As Compiled by  
the Grosse Pointe News**

Thursday, April 27  
**CHRYSLER CORP.** reported a record first-quarter loss of \$119 million and indicated that it expects to be in the red for all of calendar year 1978. The company's loss is the worst for any quarter in its history. Equal to \$1.8 a share, the \$119 million figure amounts to a 198¢ net loss on a turnover from the same period in 1977. During the quarter, which includes the months of January through March, the company received a tax credit of \$40 million on previous losses. It is not for this credit, Chrysler would have lost \$160 million in the red for the quarter.

Friday, April 28  
**FIFTY-ONE** construction workers plunged screaming to their deaths Thursday when a scaffold inside a power plant collapsed and crashed 188 feet to the ground. Ten of the victims were members of one family. State police said the wood and steel scaffolding, hanging five feet from the top of the partially completed boiler, came down with a roar, sending the workmen to the ground in a mass of twisted metal and splintered boards. "They knew what was happening, but there wasn't anything they could do about it," said one witness.

Saturday, April 29  
**THE U.S. DEPARTMENT** raised prices for food, energy and housing increased in March. The U.S. Consumer Price Index rose to an annual 10 percent. The March 0.8 rise in the consumer price index is the highest rate at a pace of 9.6 percent. In Detroit, a jump in housing costs helped push consumer prices up 1.5 percent from February to March, nearly twice the rise nationally. In Detroit, the index had climbed 2.2 percent and accounted for more than half of the overall increase.

Sunday, April 30  
**AT GRADUATION** ceremonies at the University of Michigan in Ann Arbor yesterday, Vice President Walter Mondale said the Carter administration can live with a 14 percent General Motors tax increase and he suggested that national inflation figures reported this week may be exaggerated. He said the GM retail increase of an average \$100 per car "a responsible increase well within the limits of our inflation fighting policy."

Monday, May 1  
**THE GOVERNMENT** has begun exploratory research on a new nuclear bomb that would be smaller, lighter, heat and blast but reduce radioactive fallout. The report on the new weapon was finished last week by the "Washington Post" and the White House has made no comment as of yet. Funds for the basic research on the so-called "clean blast bomb" are contained in an Energy Department budget request for \$15 billion on nuclear weapons and other research activities next year.

Tuesday, May 2  
**THE FIRST PEISON** to reach the North Pole alone is James W. Baker, 50, of Uemura who completed his 500-mile, 37-day adventure yesterday. Uemura dog sledged to the North Pole and overcame such setbacks as being attacked by a polar bear, a three-day blizzard, snowflurries and the pregnancy of one of his dogs. The 37-year-old veteran adventurer isn't finished yet. His trip was just the first leg of a 3,500-mile journey that he plans across the ice-bound North Sea to Greenland.

## Officials Review New GPP Budget

**Proposal \$425,000 Higher Than Current Fiscal Year Public Hearing Set for May 8**

By James J. Njaim

The Park held a preliminary hearing on the city's proposed 1978-79 fiscal year budget, which is set at \$3,875,000. The hearing, which was open to the public, was held on Wednesday, April 26.

Although only a few minor adjustments were made, the new budget was left as proposed. It showed an increase of \$425,000 over that of the 1977-78 fiscal year. It was pointed out at the hearing that although the tax levy of 19.50 mills will remain the same, the city's taxpayers will receive a slight increase in their tax bill amounting to about seven percent, due to the State Equalized Valuation (SEV), the real property which is mandatory under state law. Reasons for hike

Mayor Matthew C. Patterson brought out that a contributing factor to the increase in the new budget was due to wage and pension increases to police and fire personnel, (the pension hike was voted for by the people).

## Library Week Celebration Offers Many Activities

Six days of bustling activity for adults and children alike will be lined, according to library director William T. Peterson. Ballroom launchings are scheduled on all three library branches, May 13, with each of the hundreds of participating children attaching a request for his or her ballroom dancing ticket to contact the library.

## Farms Council Strives To Trim New Budget; Water Funds Also Viewed

**Scions Seek to Cut Proposed 18.25 Mills Down to 17.95; Final Decision Expected on Monday, May 15**

By Wendy K. Settle

The Farms Council has requested the city administration to "gear down" the 1978-79 fiscal year general fund budget from 18.25 mills, as was originally proposed, to 17.95 mills. This represents an overall \$40,000 decrease in tax revenues.

"They're (the council), trying to reduce the taxes," said City Comptroller Carol C. Lock and I'm sure by increasing budget revenues in some areas and decreasing costs in others, we can get it down to 17.95." Areas in which the city might be able to increase revenues and cut budget costs were discussed at the council's second budget hearing during its regular meeting on Monday, May 1.

## City to Form CB Auxiliary

The City Council gave its okay Monday, April 23, to plans to form a Citizen's Band Communications Support Unit that will assist police, fire and public works personnel during emergency situations. Director of Public Safety Bruce Kennedy said the Grosse Pointe History Club will donate a \$450 base station radio to the group to help get it started. ## Budget in GPW Takes New Shape

**Adjustments Made to Lower Percentage Rise in Public Safety; Average Tax Bill to Increase in Proposal**

By Roger A. Whna

The Woods Council sitting as the Finance committee pulled together its final 1978-79 fiscal year budget proposal at its fourth budget hearing on Tuesday, April 25, while scheduling its final review of the document for Monday, May 1, after the regular council meeting.

After discussing the public safety department's budget, along with both the Enterprise and Special Fund budgets, the proposal stands at \$2,819,982 up from the current fiscal year total of \$2,707,982. The new budget also includes a two mill capital improvement tax levy as a first step toward a proposed 10-year program. Pending further adjustments on Monday night, the debt service levy for 1978-79 stands at 11.7 of a mill per thousand of the city's current assessed valuation, while the general fund levy is 10.88 mills making a total of 13.77 mills, lower than the current 11.82 mill.

## GP City Studies Alternatives in Adopting Budget

**Officials Strive to Avoid Predicted \$90,000 Deficit in Spending Either by Reducing Staff, Raising Taxes or Combination of Each**

By Susan McDonald

Grosse Pointe City Manager Thomas Kressbach this week asked the council to either raise taxes or cut back on personnel and spending next year. The City, the smallest and oldest of the Pointes, has run into small budget deficits for the past two years and has depleted its reserves for covering them.

## Wanted Woman Flees Home; Man Apprehended by Officer Short Time Later

A public hearing on the proposed budget will be held Monday, May 8, at 7:30 p.m. Copies of the documents are available at the same office.

To come the books for the 1978-79 fiscal year, Mr. Kressbach presented three alternatives to consider before approving a final budget. They include:

- Reducing the staff by 10 percent by cutting two public works, fire and two police positions.
- While this action would save the city about \$90,000, it also would result in sharply reduced services. Police and fire manpower levels would be "critically low" at times, Mr. Kressbach warned.
- In addition, the City's convenient backdoor rubbish pick-up would be eliminated and curbside pickup instituted.

## Cases of Measles Peak, Fall at Parcels School

A rash of measles and chicken pox swept through a Grosse Pointe middle school last week but was reported under control and on the decline, school officials said. At its high point, Friday, April 28, Parcels Middle School officials reported 120 children were absent from school. There were about 50 cases of measles and chicken pox, according to Principal Max Hanzek.

## Woods Budget Takes New Shape

(Continued from Page 1)  
On the proposed public safety budget, which showed an increase of over 10 percent above 1977-78, the council at its hearing Wednesday April 19, and again on the 25th expressed some concern over the rise and the fact that, as negotiations toward new pacts continue, the department might feel that the percentage increase in the overall proposal was the true feeling of the council.

Councilman George Custer, finance committee chairman, wanted to make it clear that this wasn't the case regarding the city's feeling of what officers should receive, while wanting the budget to reflect a 6.5 percent increase.

**Hikes Reviewed**  
Mr. Petersen indicated around 50 percent of the new fiscal year proposal is attributable to unnegotiated base salaries for officers. A reason for this proposed hike, he reiterated, is during the current fiscal year, 11 officers weren't at top pay, but for the upcoming fiscal year, only eight officers won't be at top pay.

He noted the rest of the increase as contemplated is seen in fringe benefits, (over \$70,000), higher costs in hospitalization, pensions, workmen's compensation, holiday pay and overtime pay. Mr. Petersen also said the proposed salary figures didn't exceed the maximum amount authorized by the council for bargaining.

Mayor Benjamin W. Pinkos said some items are locked in but other areas grow and compound themselves on the cost front, e.g., salaries and fringes. He suggested that items such as the latter ones be held to normal rises in, for instance, inflation.

Appreciating the concern expressed, Mr. Petersen asked if certain monies aren't incorporated in the budget and negotiations aren't successful, and if an arbitrator awards specific dollar amounts, from where will additional funds be obtained?

If this turns out to be the case, Mr. Pinkos said the city could borrow the money for one fiscal year and then set a higher levy the following year.

Mr. Pinkos also felt it was important to obtain accurate percentage increases in a performance budget wherein monies are allocated to the department in which an employee works.

As it turned out, based upon the committee's discussion, the salary and fringe benefits for administrative aide Gerard E. McNamara for property maintenance code enforcement was removed from the public safety budget and placed in the general government budget, said Mr. Petersen.

As a result, the general government proposal for 1978-79 rose in percentage from 1.69 percent under the 1977-78 budget to around 4.65 percent over the budget.

At the same time, Mr. Petersen trimmed other fringe benefit costs in public safety, along with street patrolling costs in the area of overtime and holiday pay, with the latter allocation falling from \$649,009 to \$616,103.

This reduced the public safety budget to an overall 6.85 percent increase over the current budget.

In relation to this, the contingency fund was increased from Mr. Petersen's recommended \$37,794 to \$69,944.

**To Pursue Again**  
On the Enterprise Fund budget, which isn't tax supported but, according to Mr. Pinkos, "citizen supported," the proposed 1978-79 total stands at \$1,494,936. The current budget cost is \$1,131,519.

This budget covers such areas as water-sewer, which jumps from \$763,592, in 1977-78, (not including the first sewage district increase via Detroit), to \$1,146,300, for the upcoming fiscal year, (including new sewage charges from Detroit and Wayne County), parking, boat docks, concession and the Youth Service Division.

Under parking, funds are included for crossing guards which the Grosse Pointe Merchants Ass'n. had previously requested be included under public safety. The total cost is the same as in the current fiscal year, \$20,550, said Mr. Petersen.

(The council, if it desires, could still make any such

adjustment prior to the adoption of the budget on the 15th.)

The subject of crossing guards, for which the city pays, was once again viewed in another way in relation to the benefits other cities receive from the service, e.g., The Shores, Farms and Harper Woods, and a feeling, on the committee's part, that those receiving benefits should pay for them.

**Special Funds Eved**  
In fact, a suggestion was made that the School Board could budget for such service and all affected cities would then pay a pro-rata share.

However, that discussion quickly ended with members saying they would pursue it another time.

On the Special Funds budget, the city is expecting \$120,000 in Federal Revenue Sharing monies which will be used for repairs and resurfacing of the local street system. Around \$100,000 was expected in such monies in 1977-78.

For highways, the 1978-79 figure is placed at \$916,439 of which \$172,758 is proposed to come from the planned two mill capital improvement levy. The current fiscal year figure is \$690,386.

Finally, the motor vehicle and equipment fund is \$372,690 for the new fiscal year as against \$370,431 for 1977-78.

The overall costs of salt during the heavy winter were viewed by the committee. For the current year, \$28,204 was budgeted and around \$33,623 was used for major streets, while a total of \$51,789 was budgeted and about \$72,934 was used for local streets.

**Storage for Salt**  
For 1978-79, a total of \$35,396 has been budgeted for major streets and \$69,038 for local streets — a grand total of \$104,434 which includes supplies and labor, salaries and fringe benefits.

With heavy winters still in sight, the committee viewed buying salt from the state at reduced rates but Mr. Petersen said there is a delivery problem and he didn't want the community to get caught short.

A suggestion was then made that the municipality might get salt delivered in the summer and have it stored in the community toward taking advantage of the rate.

Mr. Pinkos even suggested that the Grosse Pointes-Clinton Refuse Disposal Authority might consider buying salt and reselling it to the eight member municipalities, (including all the Pointes), at basic cost and overhead.

Then, trucks taking garbage to dump at the site could return to their respective cities with salt.

## Park Police Arrest Suspect

(Continued from Page 1)  
that from the woman's residence. The suspect, identified as Nathan Moore, 20, of Dike street, Detroit, was charged with the burglary of an occupied dwelling and using a gun during a commission of a felony.

**Praises Officers**  
Lt. Duncan said Moore was arraigned for a preliminary hearing before Park Municipal Judge Beverly Grobbel later in the day on warrants approved by the Wayne County Prosecutor's Office, charging him with the two counts.

Judge Grobbel set bond at \$20,000, two sureties, and ordered Moore be remanded to the Wayne County Jail when bond could not be posted. His examination date is scheduled for Friday, May 5.

### SO TRUE

It's indifference, not honest difference, that places any nation in the greatest jeopardy.

Lt. Duncan pointed out that using a gun during a commission of a felony automatically brings a prison term of two years, besides whatever sentence a trial judge imposes, if the accused person is convicted.

"Without a doubt, all officers responding to the call did an excellent job," the lieutenant said. "Everything was conducted in a very efficient manner."

"We are thankful that the woman was not hurt when the suspect aimed the gun at her and ordered her not to move. It took nerve for her to run out of the house as most people would have been too frightened to move."

The lieutenant said Moore had confessed to officers of the detective bureau that he was involved in a holdup earlier that morning in Detroit before going to the woman's house.

Detroit police have placed in hold of Moore for questioning and investigation regarding this incident.

**Funeral Home Addition Eyed**

The Woods Planning Commission at its regular meeting Tuesday, April 25, unanimously approved a request from the A. H. Peters Funeral Home, 20705 Mack avenue, to construct a second story addition to its building at the corner of Mack and Vernier road.

In a letter to the commissioners, Robert C. Wakely of Wakely-Kushner Associates Inc., architects and engineers, of Warren, indicated the addition is merely a relocation of the existing second floor casket display room so that Mr. Peters can move his business offices for his three funeral homes into his building in The Woods.

To accomplish this, he said Mr. Peters would like to "add to the existing second floor. He also indicated that the number of parking stalls has not changed.

In relation to the latter point, Building Inspector Earl Wakely stated that under the provisions of the zoning ordinance, no additional parking is required due to the fact that off-street parking requirements are based on the number of funeral service rooms.

He also stated it appeared the real elevation blends well with the existing building.

Inter-Faith Center executive director Ed Egnatios said the group will look to Sen. Bond "for inspiration and directions as the next 10 years of our involvement in Grosse Pointe go by."

"Many people in this community were inspired by the words of Dr. Martin Luther King Jr. when he spoke here several years ago," Mr. Egnatios said. "We hope Mr. Bond can provide an update on what has happened and will be happening in the area of racial justice."

The Grosse Pointe Branch of the Inter-Faith Center was established by local churches in 1969. Its activities include sponsoring race relations workshops and seminars, textbook evaluation in the public schools, consultation

**Park Reviews Budget**

(Continued from Page 1) in 1976), a jump in sewage disposal costs imposed by Detroit last year which goes into effect in the 1978-79 fiscal year and an increase in insurance costs, plus inflation. The budget also includes wages for part-time summer recreational help. Other items included in the budget are Federal Revenue Sharing funds and monies coming from the Community Block Grant Program, which will be used to help pay for street lighting and street paving and repairs. The latter comes from the State Highway Fund tax on fuel and gasoline taxes distributed to the counties, cities and villages throughout the state. A large sum of money to come out of the budget is for taxes paid to Detroit on the Windmill Pointe Park section and parking lot located in that city, which has been paid under protest. The Park has been paying these taxes to Detroit for the past few years, according to City Attorney Herold Deason, and the matter is still in litigation. The city may or may not expect a refund of these taxes, depending on a Wayne County Circuit Court ruling. Outgoing City Manager Robert A. Stone, who was at the meeting with his successor, John Crawford, outlined an example of the difference between the 1977-78 and 1978-79 fiscal budgets. Example Given He pointed out that for 1977-78, the city needed \$3,450,000 to operate. The tax levy operation was 18.60 mills, (\$18.60 per \$1,000 assessed valuation), and .90 of a mill, (90 cents per \$1,000 assessed valuation), for debt service, for a total of 19.50 mills. A sample tax bill showed a home assessed at \$30,000. Using the SEV factor of 1.15 multiplied into the \$30,000 brings the valuation of the home to about \$34,500. Applying the city tax rate of \$19.50 per \$1,000 as required to the valuation set by the state, the city tax would then be \$672.75. Applying this formula to the 1978-79 budget, The Park tax levy operation is 18.70 mills, and the debt service, .80 of a mill, still leaving the levy at 19.50 mills. To the same \$30,000 home, a SEV factor of 1.23 is multiplied into the valuation, raising the SEV of the property to \$36,500. Assessing the city tax rate of \$19.50 per \$1,000 hikes the tax to \$719.55, an increase of \$46.80, or seven percent more than that of 1977-78. Before adjourning, the council set Monday, May 8, its regular meeting night, as the date for a public hearing on the new budget.

**Park's Marina Project Done**

John Stevens Associates, Inc., architects, engineers, and planners of Detroit, reported the completion of 57 new wells in the expansion of The Park's marina at the mouth of Lake St. Clair, according to a news release from the firm. The addition of the wells brings the number of available spaces to Park residents to 276. An entirely new pier, No. 5, was additional and new wells were created at the east end of the marina by in-filling at Pier No. 1. John Stevens of the firm said the new wells are of all steel construction with reinforced concrete walkways. They accommodate up to 26-foot boats, the size most in demand by Park residents. Funded by revenue bonds, whose cost in turn is paid for by boat owners through their rental costs, Mr. Stevens added that the project was within its budget of \$116,257. General contractors were McCracken Construction Co. In addition to an overall master plan for the marina and the design and engineering for the new wells, the firm also directed the modification of existing oversized wells to most effectively use the area.

# Book Marks Liggett's Development, Growth

## 'Centennial' Set for Publication This Fall

One dedicated group of University Liggett School, (ULS), alumni have been working for almost a year now out of a cluttered "Centennial" office at the school on a very special 100th birthday project—a full-length history of the three schools to be published with Wayne State University Press this fall under the title "Centennial."

"We've contacted every single person who ever graduated, taught at or was in any way affiliated with any of the schools that eventually formed ULS," says author Anne Wormer, a former reporter for the "Chicago Tribune" and "Detroit News."

"We've received hundreds of letters, full of recollections and photos and we're using them all to put together the story of the school."

Working with Mrs. Wormer on the project are Barbara Smith Smith, former advertising copy writer, Kay Welchenbach, retired ULS English teacher, Carrie Ford, a freshman at Skidmore College, and Vincent Trofi, chairman of the school's English department.

A sampling of their work, dealing with the founding of Grosse Pointe Country Day School, one of three ULS antecedents, follows:

### Yearning to Breathe

"By 1914, the auto industry had so altered Detroit's destiny that a once serene city along the Detroit River was being transformed into an industrial metropolis whose products would forever change the world.

"And as the city surged toward industrial domination, every aspect of life within it changed... life styles, manners, morals, fortunes and, not in the least, the shape of the city itself.

"As far back as the 1870's, Detroiters of means had begun moving away from first the city's trade and commerce and later the industry and congestion attendant with its dramatic growth.

"And it is perhaps paradoxical that as the city of industry prospered, the yearning to breathe free led to development of such previously 'rural' areas as Grosse Pointe, Birmingham and Bloomfield Hills.

"Until the turn of the century, most residences in Grosse Pointe were summer homes adjoining large farms along the lakefront. In 1882, Joseph H. Berry had built his rambling stone residence — 'Edgemere' — at what is now the beginning of Grosse Pointe Farms.

"The 'villas' of James McMillan and John S. Newberry, built on a site known as 'Lake Terrace,' facing Lake St. Clair, had long been a great point of interest among Detroiters taking long carriage rides along the St. Clair shore.

### Originally Farm

"Other celebrated lakefront homes included 'The Poplars' built in 1884 by W. A. McGraw. The 10-acre estate featured a main house, known as a 'Queen Anne cottage,' ringed by rows of Lombardy poplars. Built in 1885, 'Sans Souci' was the home of M. S. Smith, who had purchased the 20-acre estate for \$21,000 from prominent attorney D. Bethune Duffield.

"The Pines,' built much earlier in the late 1850's, was the home of Alfred E. Brush, the first Detroit to settle in Grosse Pointe for the summer.

"Villa Otsikita,' home of W. K. Muir, was built in 1882. Muir was managing director of the Great Western Railway of Canada and later general superintendent of the Detroit and Milwaukee Railroad.

"Bellehurst... was the home of Henry A. Newland. Built in 1873, the 25-acre estate adjoined the property of St. Paul's Catholic Church at the lakefront.

"Also along the lakefront stood the Grosse Pointe Club. Built on a seven-acre site in 1886, the club property originally was a farm and later a hotel. The land was acquired for the club by L. P. Campau at a cost of \$16,000.

"The original building included billiard rooms, a bowling alley, ladies' parlor, 10 bedrooms, servants' quarters and a grand salon.

### Density Changes

"In 1887, a railroad was built along Jefferson avenue from the Waterworks to Fisher road, a move tending to open the way for establishment of permanent residences.

"Grosse Pointe Farms was organized in 1893, and soon after that the Detroit and Lake St. Clair Railway was built from Fisher road to Mount Clemens. Grosse Pointe boulevard was then opened from Fisher road to Weir lane, thereby keeping the railway off the impressive lakefront in Grosse Pointe Farms.

"By 1906, an orchard was removed and McKinley place was subdivided from Lakeshore road to Grosse Pointe boulevard. This was the first instance of subdividing land to sell to Detroiters.

"The Village of Grosse Pointe Park was incorporated in 1907, extending at that time from a point east of Alter road to Cadieux and from the lake to a point just south of Mack avenue.

"Permanent homes began springing up along the lakefront and Windmill Pointe drive soon after 1900. And by 1910, the advent of the automobile and popularity of the rail lines had changed the destiny of Grosse Pointe from a placid summer resort to an elegant suburb of impressive year-round residences and rambling estates.

### Consider Need

"For a number of years during that period, the belief had been growing that the fashionable new community should have its own private school, primarily one to prepare students for Eastern secondary schools. Several efforts preceded what eventually led to establishment of the Grosse Pointe School in 1915.

"An afternoon kindergarten and pre-school class had been started at the edge of Grosse Pointe Park in 1912.

"A year later a 'morning school' was opened in upstairs quarters at the rambling Lakeshore drive home of Paul H. Deming Sr., an officer of the Union Guardian Trust and other financial institutions.

"About 12 of us would gather each morning in that little upstairs room. Our teacher was a pleasant woman who had been specially trained to work with younger grades. I remember my mother had arranged for special miniature desks to be installed, and it was all in all a quaint little group of first through third graders," recalled Paul H. Deming Jr., who later attended the new Grosse Pointe School and Detroit University School. "The Grosse Pointe School."

"A brief history of Grosse Pointe Country Day School, printed in 1941 and written by attorney Selden Dickinson, traces the actual founding of the school to the aftermath of an epidemic of whooping cough which swept through Detroit and suburbs in 1914: "It seemed to take more than average toll from among the children who lived at the Pointe and attended either the Detroit University School or Liggett. It became imperative that some method be developed whereby the children could be kept up with their school work while they were in quarantine. Miss Jeannette Liggett was consulted and she suggested that Mrs. Etzfreda Betzner Trybom be employed as a tutor. Though a stopgap solution, its very insufficiency brought the urgency of the school problem home to a number of parents."

"The same history recounts a suggestion by a handful of Grosse Pointe parents that the Liggetts establish a branch school in their community. Miss Jeannette apparently considered the plan, but preferred instead to move

her entire school to Grosse Pointe if a suitable building and equipment could be provided.

"Under consideration for some time, the plan to relocate the Liggett School in Grosse Pointe ultimately was rejected because of parents' desire for a small, independent school serving both boys and girls from pre-school to 10th grade. Mrs. Trybom was asked to organize a staff and plan a curriculum for such a school, and formal organization of the Grosse Pointe School Co. was affected in May.

### Provision to Expand

Headed by financier J. M. Alger as president and attorney L. S. Trowbridge as secretary-treasurer, the board also included D. F. Alland, a prominent lawyer; Paul Deming; D. M. Ferry Jr., son of the Detroit seedsman; banker David Gray; R. P. Joy, president of Packard Motor Co.; J. S. Newberry, a director of the National Bank of Commerce; and surgeon Dr. H. N. Torrey.

"Subscribers raised \$60,000 and contiguous parcels on Grosse Pointe boulevard at McKinley place were purchased from the heirs of Joseph H. Berry and the Newberry estate. Marcus Burrowes was selected as architect with the assignment to build 'the finest and best equipped school building west of the Alleghenies.'

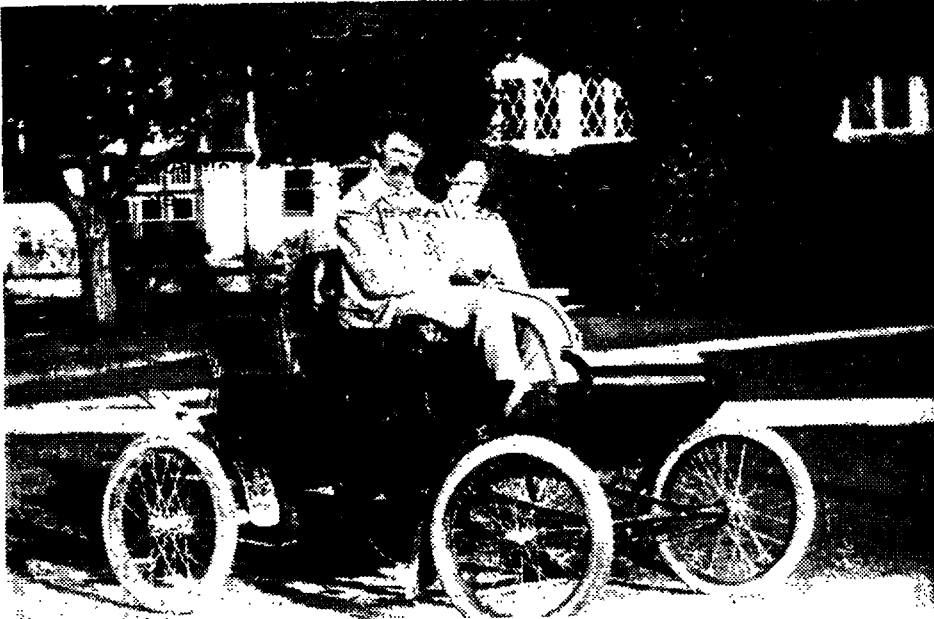

"The original plan called for accommodation of 150 pupils with provision to expand when necessary."

**Alcohol Talk Set at Kerby**

Kerby PTO members are urged to attend a special meeting in the gym, 285 Kerby road, Tuesday, May 9, at 8 p.m. to learn what their children should know about alcohol and its related problems.

Offered by the Family Life Education Council, (FLEC), the program will explore such questions as "What are children's attitudes on alcohol?" and "What do you tell your children about drinking outside the home?"

Students from South High School, who have had substantial training in the various aspects of alcohol, will present the program.

Pat Manthe, Kerby program chairman, points out that the program does not promote abstinence, but rather promotes a knowledge of the facts, explaining that alcohol is an integral part of the Grosse Pointe community's makeup.

Mrs. Manthe has been assisted by Lois Bryant, a FLEC board member and Kerby parent, who is involved with the Alcohol Awareness Program.

ing taxes and cutting personnel is the third, and probably most feasible alternative proposed by the city manager.

The budget could be balanced with a .7 of a mill rubbish tax levy along with a reduction of one police, one fire and one-half public works/parks position, according to the document.

No layoffs would be required in the third proposal because both the police and fire departments currently have one unfilled position each due to unexpected leaves. Mr. Kressbach noted that the vacancies already have had a negative effect on city services.

The council will decide which course to take at its regular monthly meeting, Monday, May 15, at 7:30 p.m.

Mr. Kressbach attributed The City's financial fix to a number of uncontrollable cost increases, including liability, fleet and worker's compensation insurance, new state-mandated unemployment compensation requirements, medical insurance, social security and utilities.

Mr. Kressbach considers the third alternative, reducing manpower and raising taxes, to be the most reasonable because "it deals with two basic facts: we need more revenue to stabilize the budget and, at the same time, we need to keep taxes at a reasonable level."

**Churches Start Funding Drive**

Father John F. Schweder of Saint Matthew Parish, Detroit, and James McCarthy of Saint Clare of Montefalco, Grosse Pointe, will coordinate the 1978 Archdiocesan Development Fund, (ADF), for the Detroit-Grosse Pointe Vicariate of the Archdiocese of Detroit.

The annual drive is now underway in every parish and mission of the Archdiocese. It provides the funds for ongoing works of religion, education and charity in Wayne, Oakland, Macomb, Monroe, Lapeer and St. Clair Counties.

Cardinal John Dearden, Archbishop of Detroit, has announced a minimum goal of \$2,150,000 for the 1978 ADF. This represents an increase of approximately seven percent over last year's total in pledges and cash.

Parishes in the Detroit-Grosse Pointe Vicariate contributed \$202,918 to the 1977 ADF.

The Vicariate is made up of Our Lady Queen of Peace, Harper Woods, Our Lady Star of the Sea, Saint Amrose, Saint Clare of Montefalco, Saint Paul, Grosse Pointe, Saint John Berchmans, Saint Juliana, Saint Martin, Saint Matthew, Saint Phillip Neri and Saint Philomena, Detroit.

budget item because of the present dispute The Farms has with Detroit over storm drainage.

Other items on the water fund budget include salaries, proposed at \$33,000, extraordinary maintenance, \$23,000, and general insurance, \$18,000.

Mr. Kressbach and City Mayor John King have informally proposed such consolidation plans in the past, but have not met with positive responses from other municipalities.

**'Big Foot' Hits Home in Park**

The home of Lucien Vandeneele of Maryland road was forcibly entered sometime between 9 a.m. and 3 p.m. on Monday, April 17, according to a report made to Park authorities.

Entry into the residence, the lower of a two-flat building, was accomplished by smashing the rear basement window and crawling into the basement, investigating officers said. The burglar, or burglars, walked up the basement steps to the first floor and made a thorough but neat search throughout the entire home, police said.

The only item reported missing was a portable color television set, according to Mr. Vandeneele.

Park authorities are of the opinion that the burglary was the work of "Big Foot," who has been breaking into homes in The Park, City, Farms and Woods the past few weeks. They said the MO, (method of operation), is the same.

**GPMA Ready for Big Event**

Wayne County Commissioner Erv Steiner and Woods Mayor Benjamin W. Pinkos will serve as auctioneers for the second annual Grosse Pointe Merchants Ass'n. (GPMA), Dinner-Auction (Friday, May 26, at the Grosse Pointe Yacht Club.

Approximately 150 pieces of new and valuable merchandise, from restaurant gift certificates to electrical appliances and sporting goods, will be sold to the best bidders.

All items are donated by the merchants of Mack and profits will be turned over to the Fraternal Order of Police, Lodge 102, the association of all Pointes and Harper Woods policemen, and the Foundation for Exceptional Children.

Last year's auction at the Grosse Pointe Hunt Club was so successful that several thousand dollars were raised and donated by the merchants of Mack to various senior citizen organizations.

The 1978 committee decided to hold this year's auction at the Grosse Pointe Yacht Club in order to accommodate the many persons who could not get tickets last year due to the sell-out crowd.

All Pointers are invited to participate in the auction. Cocktails will be served by subscription at 7, dinner will be served at 8 p.m. and the auction will follow.

Tickets are \$10 per person and may be obtained from any member merchant along Mack or by calling the Dried Flower at 884-9400 or Grosse Pointe Woods Recreation at 881-8692.

**Two Mailboxes to Stay for Now**

Two mailboxes which were set ablaze in The Farms last month, will not be pulled by the post office as yet.

One box in Kercheval avenue On-the-Hill was victimized twice, sometime between Wednesday evening, April 19, and Thursday morning, April 20, and again on Sunday morning, April 23, while the other, located at Kercheval and Fisher road, was vandalized on Saturday morning, April 22.

Henry Horn, supervisor, mails and deliveries, Grosse Pointe Post Office branch, 18640 Mack avenue, said a hold has been put on pulling the boxes to see how the situation goes.

"If we don't have any further problems, we will leave them," he said.

In the incidents, which also included a fire at a box

located at the corner of Grosse Pointe boulevard and Muir road sometime between the 19th and 20th, some mail was totally destroyed, other pieces were partially burned and still others survived the flames.

On both the 22nd and 23rd, the mail which wasn't burned ended up getting doused with water.

Such destruction carries, upon conviction, 10 years in federal prison and/or a \$10,000 fine.

Mr. Horn said citizens who have any information on the incidents should call him at 226-6498, 226-6499 or 278-3072, (the latter number is to share such information privately with Mr. Horn). He stated citizens also may contact postal inspectors by calling 226-6732.

A total of \$40,000 is still needed to balance the budget for the next fiscal year in the War Memorial's current 1978 Annual Family Participation Campaign.

In an effort to get the needed monies in quick three major efforts have been launched.

A third follow-up letter is being sent to all givers of record and teams from the Senior Men's Club of Grosse Pointe are mounting telephone campaigns for three successive Saturdays to contact citizens in the Center's behalf.

Grosse Pointe Theater also is offering a special benefit performance of their "sell-out" run of "Hello Dolly" on Monday evening, June 12. It will be followed by a party with the cast in costume, impromptu singing and dancing and refreshments.

The evening of show and party is \$12.50, \$7 of which is income tax deductible. Funds raised at the benefit will go to update the furnishing, lighting and sound of Fries Theater and to add to its safety.

**Fire at Cottage Proves Minor**

A fire in the laundryroom of Cottage Hospital, 159 Kercheval avenue, on Friday, April 28, brought responses from three Pointe fire departments. The blaze was extinguished within 15 minutes and damage to the building was minimal.

Two fire trucks from The Farms and one each from The City and Park answered the call which was reported by phone at 9 a.m. All four trucks were back at their stations by 9:30 a.m.

The fire started in the lint duct of the laundry room dryer. It was caused by a faulty blower motor which overheated and set the lint in the duct on fire.

Farms Fire Chief Warren Schultz said, "Old age and overwork got to the motor. The damage was really nothing. Cottage just needs to replace the motor."

The laundry room is located at the rear of the hospital in the basement. Because of the location, Chief Schultz noted, "It could have been a major fire," and that's the reason why both The City and Park assisted on the call.

"As it turned out," Chief Schultz said, "the lint had burned out and we basically just blew the duct out with water."

**New City Manager Is Welcomed in GP Park**

By James J. Njaim

The Park Council and citizens sitting in the audience were introduced to the municipality's new city manager, John Crawford, while hearing a farewell address from outgoing City Manager Robert A. Slone, at its meeting Monday, April 24.

Mr. Crawford, who came from Center Line, where he had been that community's city manager for the past nine years, was introduced by Mayor Matthew C. Patterson. The new administrator assumed his duties that Monday morning.

Mr. Patterson welcomed Mr. Crawford and wished him the best in his new position, stating that he was of the opinion that Mr. Crawford would be good for The Park and its citizens.

The mayor noted Mr. Crawford brings his experience as chief administrator of Center Line, and that he will receive the full cooperation of the city council and other members of The Park administration.

At the close of the meeting, Mr. Slone, who remained on the job for an additional month until Mr. Crawford's resignation became final on Friday, April 21, in Center Line, stated that he concluded his career with the city by attending his 732nd council session,

including Monday night's meeting.

Mr. Slone's last day on the job was Friday, April 28, after more than 20 years as the municipality's city manager. Before coming to The Park, he was city manager in Flushing and Rochester.

Mr. Slone expressed his appreciation to Mr. Patterson and the council, plus previous officials, for their full cooperation, which made his work so much easier. He also had a word of thanks for the heads of the various departments of the city, past and present, for their aid during his administration.

"I have had the good fortune of working for a fine community," Mr. Slone said. "I have made many friends through the years and have raised and educated my children here, have seen them through college and finally work at their chosen careers. I am deeply grateful for all of this."

Mr. Slone added that he and Mrs. Slone will be coming to The Park often from their newly constructed home in Elk Rapids, Mich., to meet old friends and renew acquaintances.

**Accosting Case Proves Relief**

An apparent accosting incident in The Woods, to the relief of everyone, turned out to be, after investigation by the Youth Service Division, (YSD), nothing more than a lesson for two boys in the deposit of trash.

The boys, one 11 and the other 17 years of age, said they were standing outside Treder's Drugs, 19876 Mack avenue, when a man in a car addressed them. The boys then jumped on their bikes, but not before taking down the vehicle's license number, and fled from the scene.

Subsequent investigation by YSD Det. James Fowler uncovered the fact that the "suspect" was actually a local minister, who saw the boys throw paper on the ground, not in the trash can.

As a result, he called to tell them not to litter.

With this denouement, the case was cleared and closed.

**Tap Dancing Program Set**

Tap dancing is back in vogue as a result of the renewed interest in dancing sparked by John Travolta in "Saturday Night Fever," says War Memorial officials.

Dancing lessons will be offered on Wednesdays May 17 through July 19 at the Center, 32 Lakeshore road. Beginners will convene at 10 a.m. and intermediate students will meet at 11 a.m.

Taught by Patricia Critchfield Hendrie, the fee is \$30 for 10 weeks.

For further information, call 881-7511.

**STUDENTS PUBLISHED**

The semi-annual anthology "Young America Speaks" will include essays written by nine Austin Catholic Prep students including juniors John Maksym, William Peseski, Matt Stanczyk and Frank Urbanic and seniors John Baines and Ken Pascany. He presently serves as professor and chairman of the Department of Neurosurgery at the medical school, and as chief of neurosurgery for Harper-Grace Hospitals, Detroit.

**Air Force Sets Exhibit at NH**

Few people ever experience the thrill of piloting a multi-jet engine aircraft. North High School students, however, will be given the opportunity when the Air Force Thrill of Flight Van exhibit visits their school today, May 4. Featuring a real jet cockpit, the exhibit combines film and sound to create the setting of a 600 mph flight at an altitude of 200 feet. Students in the cockpit will view segments of low level, roller coaster footage over mountains and valleys. Besides the cockpit, a multimedia theater is included in the exhibit. The theater is used to give a film and slide presentation showing aspects of Air Force life. Sponsored by Cecil Ust in cooperation with the U.S. Air Force, the exhibit will be on display from 9 a.m. to 3 p.m. Air Force personnel will be at the display site to help students during their simulated flight and to answer the student's questions.

Then, with 8,000 other patrolers from across the coun-

try, they marched down Constitution avenue past local, state and national dignitaries and some of America's most famous landmarks.

Cheryl was chosen from among 55,000 youngsters in more than 2,400 schools as one of Michigan's top safety patrolers for the 1977-78 school year.

This is the first national rally Michigan patrolers have attended since the Washington, D.C., Police Department began sponsoring the event in 1967. Previous trips took Michigan patrolers to Gettysburg National Military Park, Hershey, Pa.

Self-confidence is always the best brand — it sells above par on any market in the world.

### Auction Slated to Aid Estate

Plans were recently unveiled for a unique auction to benefit the preservation and maintenance fund of the Meadow Brook Estate in Rochester, Mich., by Lawrence F. DuMouchelle, president of the DuMouchelle Art Galleries.

The auction will be held Friday, May 12, at 7 p.m., Saturday, May 13, at 11 a.m., Sunday, May 14, at 12 noon and Monday, May 15, at 11 a.m.

"The event will be one of the most unique antique auctions in history," said Mr. DuMouchelle. "For the first time, to my knowledge, fabulous antique pieces from people all over the world, (both donated and on consignment), will be placed on the auctioneers block to benefit this magnificent estate on the campus of Oakland University."

Meadow Brook Hall, was designed by William Kapp of Smith, Hinchman and Grylls. Hundreds and hundreds of the finest craftsmen in the

Enthusiasm is really the only kind of fuel that will keep the fires of ambition burning.

United States took over three years to build this palatial manor-home.

The 107-room house was officially opened in 1929 and was filled with some of the finest antiques and paintings in the world, all collected by the owners Mr. and Mrs. Alfred G. Wilson.

In the 1950's, the Wilson's decided the estate to Oakland University for a cultural and educational center.

None of the antiques in this historic house will be offered. But an "expert selected array" of fabulous furniture, paintings, silverware, china, antique glass, jewelry and oriental rugs will be offered.

This auction will take place at the Meadow Brook Estate Riding Ring, Oakland University, located in Rochester.

Preview days of the auction will be held Saturday, May 6, from 10 a.m. to 5 p.m., Sunday, May 7, from 12 noon to 5 p.m. and Monday, May 8, from 10 a.m. to 5 p.m.

A post paid catalog of this auction is available for \$4 at the DuMouchelle Art Galleries, 409 East Jefferson Avenue, Detroit 48226.

### Development Plans Tabled

A request from Standard Federal Savings and Loan Ass'n. of Troy to develop the northeast corner of Mack Avenue and Blossom Lane was tabled via two separate motions by the Woods Planning Commission at its regular meeting, Tuesday, April 25.

One motion as approved tabled the bid for further consideration of solutions in relation to apparent ingress and egress problems, while the other motion tabled the request so that the plans as originally submitted are changed to conform to a more Colonial appearance.

### Accuse Four Kids in B-E

Four juveniles were arrested by Park police on Friday, April 21, and are being held for the breaking and entering of the home of Dr. Stanley C. Waggoner, according to information released by Police Chief Henry Coonce.

Two other juveniles believed involved in the burglary are still being questioned.

The chief said the arrested juveniles, two 15-year-olds and two 16-year-olds, are accused of breaking the rear porch window of the doctor's residence to gain entry into the house.

These juveniles have been released to juvenile court authorities for further disposition in the case, although a full investigation has not been completed, the chief said.

The four are accused of taking a safe from the doctor's house and carrying it to the garage, where they opened the vault and removed several items, most of which have been recovered. Chief Coonce did not specify the items were not, nor did he say if the safe contained any money.

The juveniles then took a car parked in the garage and escaped from the scene, but they were apprehended in Detroit by Park police. The vehicle, still in their possession, was recovered.

The chief said because the Waggoner family was not at home at the time of the break-in, a search warrant was obtained to complete a search of the house and to determine what had been taken from the safe.

### Demam Takes German Honor

Kenneth Deman, a sophomore at North High School, took first place in Michigan's Annual German Contest of the American Ass'n. of Teachers of German. This marks the fourth time a North High student has won this prestigious award.

Ken's award is an all-expense paid study trip to Nuremberg, Germany, from June 19 to July 17. In addition, he and his teacher, Dr. Brigitte Rauer, chairperson of the Foreign Language Department, will be honored

at a luncheon in Ann Arbor on Saturday, May 6.

This is Ken's second year of study in German. He has had no previous background in the language. Reading German short stories and essays, in addition to his regular course work, has helped him in his Germany studies.

The greatest influence, however, has been "Dr. Rauer's enthusiasm, dedication and highly individualized teaching approach," Ken added.

The word "touchstone" is used in many different contexts these days, but its original use had to do with the making of fine jewelry. The touchstone is a hard black stone, occasionally used in assaying. The original was a peculiar bituminous quartz or flinty slate obtained from Lydia in Asia Minor, and hence known as Lydian stone. Black basalt may also be used as a touchstone. Its test of the fineness of gold is the color of the streak made by rubbing the gold metal on the stone.

Mother's Day is only days away. Why not remember her with a fine gift from VALENTE JEWELRY, 16601 East Warren at Kensington, Detroit, 881-1800! We have many pieces of fine jewelry and beautiful diamonds that will please any woman, no matter what the age. You can even bring in precious stones from Mother's old jewelry and we will re-set them in a custom made setting. We can design a new setting for old diamonds. # New National Smoker Study:

## MERIT proven major alternative to high tar smoking—see results below.

The first real alternative—major alternative—to high tar smoking has just been reaffirmed by extensive new research conducted among thousands of smokers.

That alternative: MERIT.

### Nationwide Studies—Thousands Of Smokers Involved

The research involved a complete spectrum of smokers from both high and low tar backgrounds. It was conducted nationwide and in two parts:

1. A nationwide taste-test comparison against leading high tar cigarettes.
2. Detailed interviews with current MERIT smokers from all over the U.S.

© Philip Morris Inc. 1978  
Kings: 8 mg "tar," 0.6 mg nicotine av. per cigarette, FTC Report Aug. '77  
100's: 11 mg "tar," 0.8 mg nicotine av. per cigarette by FTC Method.

Warning: The Surgeon General Has Determined That Cigarette Smoking Is Dangerous to Your Health.

Could MERIT taste hold its own against high tar brands? Does MERIT satisfy smokers over a long period—or do MERIT smokers find themselves slipping back to old favorites and switching around?

The results will interest you:

**Confirmed:** Majority of high tar smokers rate MERIT taste equal to—or better than—high tar cigarettes tested! Cigarettes having up to twice the tar.

**Confirmed:** 9 out of 10 MERIT smokers not considering other brands.

**Confirmed:** 85% of MERIT smokers say it was an "easy switch" from high tar brands.

**Confirmed:** Overwhelming majority of MERIT smokers say their former high tar brands weren't missed!

**Confirmed:** Majority of high tar smokers confirm taste satisfaction of low tar MERIT.

### First Major Alternative To High Tar Smoking

MERIT has proven conclusively that it not only delivers the flavor of high tar brands but continues to satisfy!

This ability to satisfy over long periods of time could be the most important evidence to date that MERIT is what it claims to be: the first major alternative to high tar smoking.

NOTICE OF PUBLIC HEARING of the City Council, Acting as a Board of Appeals Under The Provisions of The Zoning Ordinance of The CITY OF Grosse Pointe Woods MICHIGAN

NOTICE IS HEREBY GIVEN that the City Council, meeting as a Board of Appeals under the provisions of Section 5-11-5 of the 1975 City Code of Grosse Pointe Woods, will meet in the Council-Court Room of the Municipal Building, 20025 Mack Avenue, Grosse Pointe Woods, on

MONDAY EVENING, MAY 15, 1978

at 7:30 p.m. o'clock to hear the appeal of William Matouk and Anthony Lufty of 658 Anita, Grosse Pointe Woods, who are appealing the denial of the Building Inspector to issue a Building Permit for property described as

Lot 37, except the easterly part thereof measuring 8.03 feet on the southerly lot line and 9.03 feet on the northerly lot line, Arthur J. Sculliv's Eastern Super Highway Subdivision, Private Claim 183 393 577 611 and recorded in Liber 56, Page 76, Wayne County Records (located on corner of Mack Avenue and Fleetwood).

Mr. Matouk and Mr. Lufty propose to construct a building on said lot with the occupant of the building being Sullivan Furs. The Building Permit was denied because Section 5-3-16 (H) of the 1975 City Code requires that there be twelve (12) off-street parking spaces. Mr. Matouk and Mr. Lufty propose only eleven (11) off-street parking spaces and therefore a variance for one (1) parking space is required before plans for constructing a building on said lot can be approved.

This will be a public hearing and all interested parties are invited to attend. CHESTER E. PETERSEN City Administrator-Clerk GPN-5-4-1978

## From Another Pointe of View

By Janet Mueller

The brochures are out, the tickets printed for the Grosse Pointe Garden Club Council's Annual Garden Tour, and a lovelier way to spend a lovely June afternoon you couldn't imagine.

Four dates this year are June 9 and 10, Friday and Saturday. Hours are 1 to 5 o'clock both days—and DO plan to start promptly at 1, and not stop until 5, (after viewing the Trial Garden at the Grosse Pointe War Memorial, a pause on the War Memorial's terrace where the Grosse Pointe Shores Garden Club will be dispensing refreshments is not only permitted but recommended), for it takes a full afternoon to really take the tour.

Besides the Trial Garden, you're invited this year to enjoy the gardens of Mr. and Mrs. John Stephens in Clairview road, Mr. and Mrs. Raymond Robbins in Chalfonte avenue, Mr. and Mrs. Earl I. Heenan in Touraine road, Mr. and Mrs. William Young in Fair Acres drive, Mr. and Mrs. Frederick G. Ruffner in Lewiston road and Mr. and Mrs. Adrian DeWindt in Audubon road.

Worried about finding your way? On the back of each brochure there's a map, drawn by William J. Nixon, with each stop clearly marked. And as if that's not enough, Christine Edwards will scurry—

## World of Wares At Action Auction

Items Going Up for Bids Tomorrow at Grosse Pointe Academy Fund-Raiser Range from Vacation Cruises to Precious Jewels

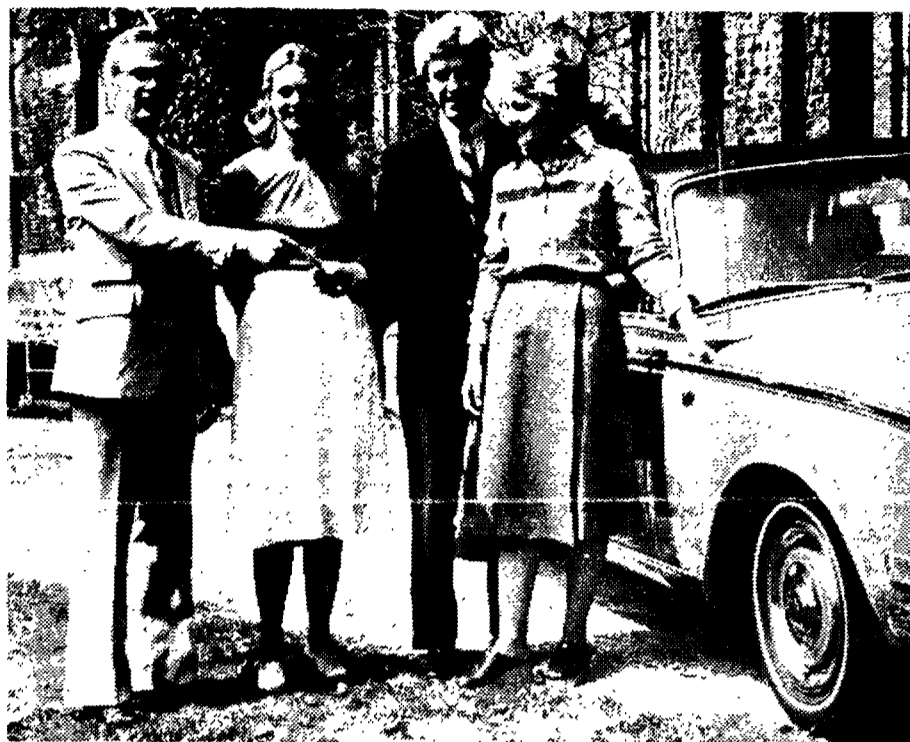

Donations from companies, resorts and retailers outside of Detroit are adding a new dimension to Action Auction '78, The Grosse Pointe Academy's popular fund-raiser, to be held tomorrow, Friday, May 5, at the Grosse Pointe Yacht Club.

"We have always been fortunate to have the generous support of large and small local businesses and Detroit sports teams, joined by parents and friends who offer the use of their vacation homes, private planes, boats and hunting lodges," comments Michael Timmis

who, with his wife Nancy, serves as general chairman of this year's auction.

"This additional support of non-Detroit organizations substantiates my faith in the business community's awareness of the importance of educational excellence."

## Please, Use My Car for The Evening!

BILL WILLIAMS, (pictured at left), presents the keys of his Rolls Royce to NORMAN CURE, (pictured second from right), that he has donated, with a chauffeur, for an evening to the Grosse Pointe Academy's Action Auction '78 that will be held Friday, May 5, at the Grosse Pointe Yacht Club. Mr. Cure, MRS. NORMAN CURE, (pictured at the far right), and MRS. ALFRED J. FISHER, III, (pictured second from left), and Mr. Fisher are co-chairpersons of the auction.

Acquisition chairpersons Mr. and Mrs. Norman V. Cure and Mr. and Mrs. Alfred J. Fisher, III, promise Action Auction guests an array of items they can't resist, from a Mississippi River Cruise to a diamond and 18 karat gold pin to a Beta Max

Television Recorder to a pinball machine, plus vacations at Arizona's Wickenburg Inn, Palm Spring's Ironwood Country Club, Virginia's Homestead, California's Beverly Wilshire and New Mex-

ico's Bear Mountain Inn. These are welcome additions to the unique and generous donations of local individuals and merchants.

Other items that promise to keep auctioneer Larry DuMouchelle and his spotters busy keeping track of the high bids are a Sheraton antique dining table, a Ford freighter trip, (this received the highest bid in last year's auction), Master's Golf Tournament and Super Bowl tickets, tennis parties at Eastpointe Racquet Club and Grosse Pointe Indoor Tennis Club and visits to the Lions, Red Wings and Express Soccer training camps.

To insure that guests are in the mood for bidding at the live auction, over 100 items will be offered at a write-in auction during the cocktail hour beginning at 5:30 o'clock.

General admission is \$17.50. Reservation information may be obtained by calling Doreen McPhail, 886-1222.

 Dear Friends, Many of our customers have asked about the history of Crabtree and Evelyn. Some say they remember the name from jars of English preserves during World War II. For others, it conjures up memories of old apothecaries, an age of simple toiletries and edible items, an era where additives were not an important part of life. In the old tradition, food and toiletries were of good quality and prepared from age old recipes. "Homemade is best" was a natural tradition. Crabtree and Evelyn is in keeping with these traditions. Our Perfumers, Herbalists, Food Specialists and Designers all strive to maintain these high standards and recreate classical English Toiletries and Foods. By strictly following Old English Recipes, our products come as close to the original scents and flavors as possible.  
 The package is your first introduction to Crabtree and Evelyn. The visual feeling of Old England has been lovingly brought back for our customers to enjoy. Each item is a small work of art. Venice Lace Accents Bodice, Sleeves and Hem of Bride's Jersey; Pair Will Make Their Home in St. Clair Shores

The wedding of Nancy Naomi Fink and David R. Burr Friday evening, April 28, in Grosse Pointe Memorial Church was followed by a reception at the Detroit Yacht Club.

The bride is the daughter of Mr. and Mrs. George E. Fink, of Berkshire road, the bridegroom the son of Mr. and Mrs. Harvey R. Burr, of Bedford road, Detroit. For the 7:30 o'clock rites at which Dr. Ray Kiely presided, the former Miss Fink chose a jersey gown styled with a high-necked, Empire

bodice of Venice lace and illusion and a pleated skirt hemmed in matching lace.

Her long sleeves ended in lace cuffs, and a lace headpiece held her lace-edged illusion veil. She carried a Colonial arrangement of mixed flowers with coral roses and baby's-breath.

styled with a knife-pleated skirt, self-tie neckline and long sleeves.

The newlyweds will make their home in St. Clair Shores.

## Sixten Ehrling Ends DSO Season This Weekend

Sixten Ehrling, former Detroit Symphony Orchestra music director, will conduct the orchestra at Ford Auditorium in the last three scheduled performances of the 1977-78 subscription season this evening, Thursday, May 4, Friday morning, May 5, and Saturday evening, May 6.

The evening performances at 8:30 o'clock.

Friday morning's NBD Coffee Concert at 10:45 will be preceded by a complimentary coffee hour at 9:30. WJR radio personality Hal Youngblood will conduct an on-stage pre-concert interview with Maestro Ehrling at 10:15 o'clock.

The audience at the Saturday night concert is invited to meet the conductor and musicians at a Reprise Reception sponsored by the DSO's Junior Women's Association, in the auditorium lobby following the performance.

The program includes Berlioz's Roman Carnival Overture, Mendelssohn's Symphony No. 4, (Italian), and Strauss' Sinfonia domestica.

Maestro Ehrling made his American conducting debut in 1961 with the DSO. Two years later he was appointed the orchestra's music director, a position he held for 10

years. He is currently head of the Juilliard School's conducting program and music advisor of the Denver Symphony Orchestra.

Tickets for the Thursday and Saturday evening concerts are available at \$9, \$8, \$7, \$6, \$5, \$4 and \$3.50. A limited number of tickets, at \$2, for students and senior citizens are available at the box office starting at 7:30 o'clock concert nights.

Tickets for Friday morning's NBD Coffee Concert are \$8, \$6.50 and \$5. Tickets are available at Ford Auditorium box office, all Hudson's and Ward's ticket outlets and the Detroit Tonight desk at the Plaza Hotel in Renaissance Center.

Master Charge and VISA charge card customers may order tickets by phone at 962-5524.

Sixten Ehrling, born in the Swedish seaport of Malmo, began his music lessons when he was four and studied piano and violin. Between 1936 and 1940 he studied at the Royal Academy of Music in Stockholm.

His conducting career began at the Dresden State Opera, where he worked with Karl Boehm.

In 1940 Mr. Ehrling began a 20-year association with the Royal Opera in Stockholm. During the same pe-

riod he appeared as guest pianist in many European music centers.

After his American conducting debut with the Detroit Symphony in November, 1961, he was immediately re-engaged to lead six weeks of the symphony's subscription season in 1962-63.

He then served as music director of the DSO for 10 seasons, appearing annually

with the orchestra at the summertime Meadow Brook Festival which the orchestra helped inaugurate in 1964.

He made his conducting debut with the Metropolitan Opera in 1972, and for the last several years has appeared as guest conductor of the National Arts Centre in Ottawa and the Dallas, Denver, Detroit and Rochester Symphonies.

Here are a few rules for hairstyles: don't let your hair droop aimlessly about your face—it may look just plain uninteresting. Don't try a pageboy cut if you are more than forty. A knot of hair on the back of your neck can add years to your appearance. If you have classic features, have a smart cut and a slight permanent, and wear your hair brushed lightly back from your face. Shaping and a wave can make it look smart and sophisticated. An elaborate hairdo is difficult to maintain over a period of time.

For a lovelier you, call or visit GROSSE POINTE COIFFURES, 20127 Mack Ave., 881-2090. All of our operators are highly qualified, well-trained and creative, to give you what you are looking for in a flattering hair style. Even with today's do-it-yourself hairstyling which is so prevalent among young people, hair should still be properly cut once every 6 weeks for the proper styling.

### GREAT BRITAIN

The Royal Jubilee is over and Britain can return this year to its usual pageants—the Changing of the Guard, Trooping the Color, the Derby and Ascot and the Lord Mayor's Show, not to forget Wimbledon, Henley and the Antiques Fair—plus all of that marvelous theatre. That the lures of Britain are endless is attested to by the vast numbers of Americans who cross over every year to visit its traditions, admire its scenery, troop through its stately homes, become steeped in its history.

To get around you have a number of choices: rental cars; convenient escorted bus tours, a network of local buses, the train and the handy BritRail Pass. Or you could make it easier for yourself by taking one of the very many tours being offered this year.

The British are all for having you get the most out of your travel dollar. After all, it was a Briton who helped push down the transatlantic air fares. They're well aware that many of those who will come over on cheaper flights will want to economize. A careful traveler will find that a rising pound will not wipe out the good value to be found in Britain, even in London, the haven these days of the big-time spenders. Small hotels are available (but must be booked early).

Travelworld's staff can assist you with your travel plans to England or any other European destination. Stop in at 21127 Mack (N. of Vernier) or call 882-8190.

### Shores Garden Club to Meet

## Planning A May Party

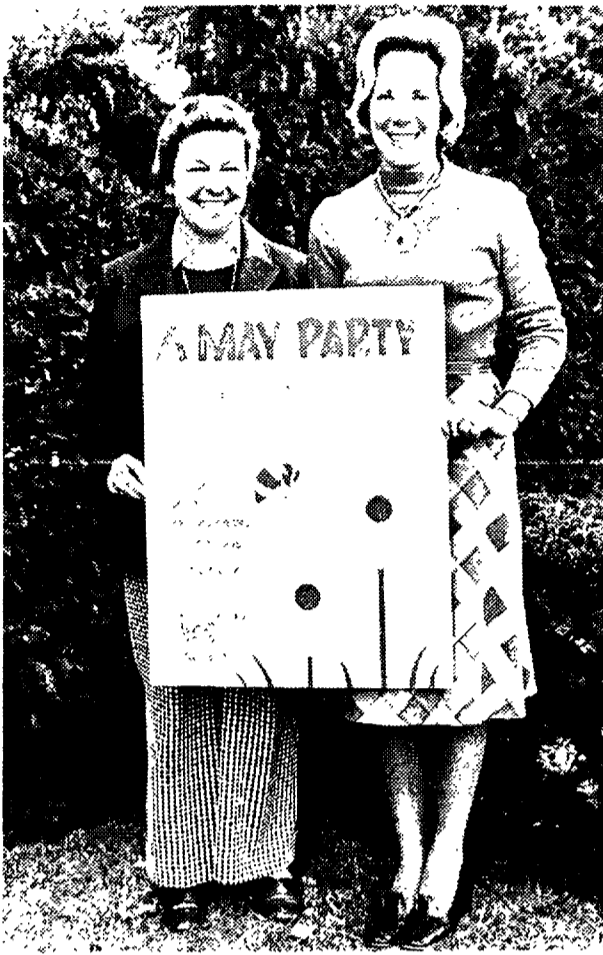

Photo by Mike Buhler

A May Party Tuesday, May 16, at Christ Church, Grosse Pointe, will have many special attractions, from lovely antique furniture, hanging baskets and flats of flowers to smocked children's dresses, informal modeling of clothes for "big girls" from Martha's Closet and the popular Country Kitchen, run this year by MRS. CHARLES R. KINNARD and MRS. VERNE C. HAMPTON, (left and right), with help from Mrs. Richard Bachman. Country Kitchen stock ranges from chocolate chip cookies to pheasant casserole, home-baked bread to home-canned jam, and there's lots of it... but if you want to get what you want we advise you to get to the party early, (doors open at 10 in the morning), for no matter how high the shelves are piled, Country Kitchen goodies are always sold out early.

## Mr. Campbell Claims Bride

Cosette Hull Tracy spoke her marriage vows Saturday, April 1, to William Yates Campbell in Saint Paul's Episcopal Church, Lansing, where a reception at the Hilton Inn followed the 6 o'clock ceremony.

The bride is the daughter of Mrs. Martha J. Tracy, of Lansing, and Douglas H. Tracy, of East Lansing, the bridegroom the son of Mrs. Smith Campbell, of Washington road, and Dr. Erick W. Campbell, Jr., of St. Albans, Vt.

The newlyweds vacationed for two weeks in Bermuda. They are making their home in the Birmingham area.

For the rites at which Father LaVerne Morgan presided, the former Miss Tracy chose a princess-style gown of white organza. Bands of Cluny and Val lace formed a panel down the front of the gown, which featured a full, circular train.

Her Camelot headpiece and chapel length veil were trimmed with matching daisy lace. She carried a cascade of stephanotis with two cymbidium orchids.

Suzette Lee Tracy, honor maid for her sister, carried a basket of cymbidium orchids and peach carnations.

Bridesmaids, carrying baskets of peach carnations and yellow Fuji mums, were Susan D. Campbell, of Baltimore, Md., sister of the bridegroom, Susan J. Sadler and Susan Jones, sorority sisters of the bride, and Elizabeth Lundquist.

They wore floor length frocks of coral knit with spaghetti-strap, halter bodices, and two-piece capes of choral chiffon. The fabric crown covers and streamers of their picture hats of Swiss hairlace matched their dresses.

Dr. Frederick W. Campbell, III, of Royal Oak, was his brother's best man. Ushering were Dean Harden, of London, England, Jeffrey S. Jones and Jeffrey S. Pitak, of Ann Arbor, Robert W. Stover, of Cleveland, O., and Douglas H. Tracy, Jr., of Lansing, brother of the bride.

The mother of the bride pinned two coral carnations to the neck of her opera length dress of tiered chiffon, floral-printed in muted cocoa, blue and coral shades. The bridegroom's mother selected a long gown of aqua chiffon and a purse corsage of cymbidium orchids.

Both the bride and the bridegroom, a University Liggett School alumnus now associated with Michigan National Bank, received their Bachelor of Arts degrees from Albion College and their Masters degrees in Business Administration from Bowling Green State University.

They were honored at a luncheon at the Michigan State University Club given by the bridegroom's uncle and aunt, Mr. and Mrs. Stephen W. Smith, of South Oxford road, the day of the wedding.

MRS. JOHN A. BOLL, OF DEVONSHIRE ROAD

Last year it was horseback riding — until she fell off the horse. And, sailing through the air, Mary Ann Boll thought: "Who needs this?"

Through the years, there's one organization she's stuck with. Mary Ann is chairman of the 25th anniversary Bon Secours Hospital Assistance League.

It opens October 12, with Art Linkletter. Gloria Vanderbilt is scheduled to appear November 9.

Peg Bracken, of the "I Hate to Cook Book," takes the stage February 8, and the season ends March 8 with nationally syndicated columnist Jack Anderson.

The Assisstance League has already given Bon Secours its new Emergency Room Wing and purchased an emergency generator.

The new pledge will provide a roof garden where patients and staff can relax, and will purchase the building for Bon Secours Family Practice in St. Clair Shores.

Maries to meet that pledge will come from all Assisstance League projects: the Gift Shop and Memorial Fund and special projects sponsored by the individual groups.

Mary Ann hopes, of course, that A LOT of the monies to meet the pledge come from the Celebrity Series and its Program Book.

It's going to be a beautiful book. The cover design is set, its motif the fountain in Bon Secours foyer which has a very special meaning for Mary Ann.

My other sister, Kathy (Mrs. Peter) De Vine, used to belong — but she lives in Ohio now and can't make the meetings.

Their mother, Nell Harrigan, is a past-president of the league. The fountain is a monument at the grave, the late Edward R. Harrigan.

It has just arrived in time for outdoor use this spring and summer—"The Spair Chair", made of a white plastic frame with a canvas sling and canvas covered pillows.

Wicker World . . . has expanded. There's a new room "Just For Baskets". You can also special order floor length made-to-measure table cloths.

Shades Of Summer . . . a special array of water toys from Tomy. You'll want to see all of them at The School Bell.

(not you), and tell them: "Sorry. Come back next week."

Actually, in 25 years, such fiascos have been few and far between. Celebrity Series subscribers return year after year — which must mean they're a well-satisfied, well-served group.

All Members Work The series is an all-league project. Each member has been asked to bring in at least one ad for the Program Book.

Advertising committee chairman Mrs. Thomas Kolojeski and co-chairman Mrs. Joseph Eichenlaub are doing a superb job, heading a corps of captains who, in turn, are responsible for their own team corps.

Ticket chairman Mrs. Donald Currier and co-chairman Mrs. Clayton Alandt have proved their worth by selling out the house.

And there are all the others, from Mrs. Philip J. Meath, current president of the Assisstance League, to the ladies in charge of promotion, mailing, transportation, talent . . . too many to list, but to all of whom Mary Ann is most grateful. She couldn't do it without you.

States Army Tank-Automotive Research and Development Command in Warren.

Cindy had the type of childhood that psychologists say is apt to produce a healthy, responsive and responsible person.

Her father is James L. Webers, chairman of the English Department at Parcels Middle School. Her mother works in Public Relations with the Metropolitan Detroit YMCA.

When his three daughters were growing up, Mr. Webers devoted time and effort toward expanding their outlooks. He took the family camping for whole summers. He even took them along a few times when he went hunting.

Cindy was encouraged to read extensively. "I dug archaeology, (pun intended), and anthropology — especially American Indian — and classic fiction."

She loves to learn, always has, but after high school she got bored with a Liberal Arts course at Wayne State and dropped out. "Learning is fine, but I need to do real, productive work to feel happy."

When her husband, Price, asked if she'd be interested in the co-op program . . . "I just about jumped at it. Price is 100 percent supportive of me in this thing." She's running almost straight A's in her academic courses.

At first, Cindy thought working on tanks would be beyond her physical strength. "So I worried . . . but the type of work I do here, and the freedom I'm given to do it has really turned me on."

"I don't know if I'll be staying on at TARAD-COM when I graduate next year, but the experience will have been great."

She doesn't push Women's Lib. "I don't have time to get into human politics. I assume I'm equal. The guys here have adapted to a woman worker wonderfully well."

"Naturally, I get some teasing — well-intended, I know. Yesterday at quitting time, one of the guys said, 'Cindy's lucky. At the same time she can wash her dishes and her dirty hands.'"

In private life, she's into animals. As a child she owned, at different times, 58 rabbits, a possum and eight tarantulas. She got rid of the tarantulas when one of them killed the cat.

Now Cindy limits her pets to plants, turtles and a planned-for terrarium filled with chameleons, land crabs . . . whatever's on hand now. She attributes her tendency to own animals to a sense of pseudo-motherhood.

Real motherhood is DEFINITELY in the future. The Albertsons are preparing economically to buy a house and raise two children. "Any combination of either or both sexes," Cindy says. "And I'll stay home to raise them until they're in school."

But first comes that economic stability; no children until Cindy can take off and raise them. So for the time being — happily — back down the turret of that tank!
