SOFTBALLERS

ALL TIED UP

This Week's Games Provide Three-Way Upset.

As the first half of the Softball League ended Tuesday there was a three way tie for first place between the Firemen, Kiwanis, and America Legion Teams.

The Kiwanians defeated the American Legion Team 11-10 to create a deadlock. Armstrong, P. Kline and "Stinky" Vetter led the hitting of the victors while Marshall, Wine and Merchant did the heavy hitting for the losers.

The Firemen climbed into a tie for the league lead by outscoring the Chamber of Commerce Team 17-11. Douglas, Conner, Bolding, and Whetzel were the sluggers for the Firehouse. Men with Fox, Noland, and Bourne being the bitters for the last place commerce team.

THIS IS YOUR WAR

Never in history has the call for defenders of freedom been so urgent as at this moment.

Brave men are stout-hearted men who would rather fight to stay free than live as slaves.

If that is the way you feel about it, your place right now is with the Navy-your Navy-in American's first line of attack. Shoulder to shoulder with the red-blooded men of action who are not only remembering Pearl Harbor, but are doing something about it.

It's your war as well as theirs. And the Navy needs your help to win it. All the warships, all the fighting planes America can produce, count for nothing without the men to man them. Skilled men who know their jobs. Fighting men who want action. Patriots who love their country and serve it as Americans should.

There's a big job to be done. There's a big opportunity for the men who do it. Are you willing to help to do it and take advantage of that opportunity? If you are, you can do it today by joining the Lee Naval Volunteers at your Navy Recruiting Station which is open in the Post Office Building at Manassas on Thursday of each week.

COMMERCE GROUP REGRETS RESIGNATION OF NYA HEAD

The Chamber of Commerce at its weekly luncheon meeting passed resolutions regretting the resignation of Dr. A. E. Jakemann, head of the Manassas State Vocational School, and expressing the hope that he may soon be returned here. The resolutions also contained an expression of appreciation for the fine work he has done while head of the residency here.

A motion was passed to make a substantial donation to the U. S. O. fund. Dr. Cocke, head of the jail committee, stated that plans for the renovation of the jail would shortly be had before the Board of Supervisors for final action.

DAYLIGHT TEST DECLARED OK

Public Cooperated in Commendable Manner.

Mr. Hunton Tiffany, Coordinator of Civilian Defense for Prince William has received much deserved praise on Tuesday's daylight air-raid test, which was an unqualified success.

Everywhere throughout the test there was evidenced the finest public cooperation, not only in Manassas, but in all of the communities where civilian defense organizations have been perfected.

There was a decided shortage of qualified defense workers in this test due to their daytime employment in Washington and other places outside the County, but even with a reduced staff of qualified workers, the test was very gratifying in every respect.

The yellow alert signal was sent out from the Defense Headquarters in Manassas at 10:05 A. M. The blue signal followed at 10:15 and the red at 10:25. In Manassas the usual alarm was sounded by the fire engines traversing the principal streets of the town. All traffic was almost instantly halted; the streets cleared very quickly. The all clear was sounded by the regular fire-department sirens at 10:55.

There were no incidents of wilful violations reported. The next scheduled air-raid test will be a State-wide blackout to be held on the night of August 18. In general this blackout will resemble the all night one held on June 17, with the notable exception that our next test will not last all night as previously, but will probably be restricted to half of the night. Defense officials are believed to have decided that at least for the present half of the night will serve every purpose of test and not subject the defense workers to all night vigil.

SEES HER 93RD FOURTH OF JULY

Miss Mary Jane Burnley of Miami, Florida, has just celebrated her 93rd Fourth of July. She is probably the only person living who remembers seeing Revolutionary Soldiers parade on the 4th of July.

METHODIST ANNUAL SUNDAY SCHOOL PICNIC

The Nokesville Methodist Sunday School picnic will be held on Sunday, August 2, at J. F. Hale's Run Bottom. Immediately following preaching service. Come and bring your family and picnic basket.

ANNOUNCEMENT OF HOWARD SMITH

No more forthright announcement has ever appeared in the columns of this or any other newspaper than the announcement by Hon. Howard W. Smith on the back page of this issue of the Journal and we urge our friends to read it carefully.

Those who have followed the distinguished career of Judge Smith in Congress through the days preceding our entry into the war and to the present date, and who have read the editorial and news columns of this newspaper, will not have to be convinced that he is telling the absolute truth and that the malicious campaign now being waged against him is slanderous.

No greater public service to the nation and to Virginia, and particularly to his own legislative district has been rendered by any

Representative in the national Congress. He is the avowed enemy of the alien foe, the labor racketeer, the fifth-columnist and the "boondogger" who would avishly waste the nation's wealth under cloak of war.

Powerful forces are at work to discredit our distinguished Representative. He survived a "purge" of great momentum because of the universal esteem and confidence which he holds in the hearts of his fellow Virginians. And now we have our only effective way of showing the Country what we still think of our beloved neighbor and friend.

We can only do this by coming out in full force on August 4 and making the necessary "X" in the little square opposite the name of Howard W. Smith.

ANY MUSIC TODAY?

Please remember to get out your old sheet music, song books or unused musical instruments and contribute them to music for the services.

You won't have to repair the torn sheets, if you have all of them be sure to take them to the Library in the Manassas High School or call one of the members of the Fine Arts Section of the Woman's Club. You get the pieces all together, and they will do the repairing before it goes to the service camps.

Now, really folks, this is a little thing, but it will mean so much to those boys of ours, and to you, knowing that you have done a bit extra for someone's happiness. Here's hoping Prince William's contribution is very large!

EASTERN STAR

The Chapter met at 8:00 P. M. Tuesday evening. Improvements have been made by the Manassas Lodge in the third floor of the Temple, as well as some minor improvement made by the Chapter in the Recreation Room on the second floor. Plans have been laid for other necessities and improvements as well. It is hoped that these may be completed by Fall.

The Chapter is looking forward to the visitation of the Worthy Grand Matron, Mrs. Jessie Wilkins. Members will please read their notification cards and the Journal very closely for the announcement of this.

At the close of the meeting Mrs. Stauff was the lucky winner in the Grand March. Delicious and cooling refreshments were served by the social committee.

GETS ARMY PROMOTION

Clarence E. Curtis, attached to the air service, stationed in the Caribbean area, 10th Naval District, at San Juan, Puerto Rico, has just been promoted to rank of staff sergeant, with the citation that his squadron is proud of him and wishes him success.

Sergeant Curtis, who is the son of Mr. and Mrs. W. N. Curtis, of Manassas, enlisted at Richmond on October 2, 1940. His former associates are proud to know that he is doing so well.

BULLETIN

The Smith Committee for Manassas announces that there will be a rally at the courthouse next Thursday evening, July 30th at 8 o'clock.

The general public is invited.

PIANO RECITALS

On Friday evening 3, the piano pupils of Edna Lee Armsrong gave a recital at the Brethren Church, Nokesville, Va.

The theme of the recital were (1) On an Animal Farm, (2) Patriotic Melodies and (3) From the Master's Pens.

The friends and relatives who attended the recital enjoyed the interesting and well-prepared numbers of the following students: Marie Kerlin, Charlotte Mertz, Judith Peters, Gail Thacker, Betty Lou Harpine, Rosa May Godfrey, Ruth and Edna Diehl, George Herring, Frances and Mary Owens, Lois Sloop and Aliene Nolley.

On the previous Wednesday, July 1, Miss Armstrong presented her Calverton piano pupils in a recital. This was held in the Calverton Methodist Church. It was their fourth annual recital and proved to be a very successful one.

The Nokesville High School Sextette, under the direction of Miss Lois Sloop, sang two beautiful selections on this occasion. The group was composed of Misses Mary Owens, Catherine Bittle, and June Mayhugh and Messrs. Eugene Nolley and George Herring.

ENJOY OUTING

Mr. and Mrs. Ashby Barbee and family, Mrs. C. A. Barbee, Mr. and Mrs. Billie Montgomery and daughter, Mary Lou spent Sunday at Davis Beach. In spite of the heat everyone enjoyed the outing and met many old friends.

Master John Champion is spending two weeks in St. Louis, Mo. visiting relatives and friends.

Mrs. C. W. Staggs and son, Claude, returned Monday after a very pleasant vacation at Grundy, Virginia, which is Mrs. Staggs' home town.

Honorable Howard W. Smith
Member of Congress
House Office Building
Washington, D. C.

My dear Judge Smith:

I am addressing this communication to you in order to advise you that I am supporting you wholeheartedly in the Democratic Primary to be held on August 4th.

Your past record in Congress has been eneviable and I feel that it expresses the consensus of opinion of the majority of the inhabitants of this District. If one would take the time to study your attitude toward organized labor it would clearly convince them that you are not opposed to organized labor but are rather opposed to labor being controlled by a few who have profited as a result of the untiring efforts of the individual member. As a matter of fact, you are the laborer's friend.

I shall do all in my power to get the vote out in this county and if there is any other act that I might do for and on your behalf I shall be glad to do the same upon being so advised.

With every good wish for your continued success and hoping that you will continue to bring Honor to the Eighth District as you have in the past, I remain

Most Cordially

MANASSAS MACS OUT OF SLUMP

Remington For Macs 8 To 1 "Breens" Hurling Defeats

"Cabby" Breen hurled 6 hit ball Sunday as the Manassas Macs came out of a slump and defeated Remington 8 to 1. Breen was in complete control all the way striking out 12 men and not giving an earned run, as he won his first game of the season.

The scoring for Manassas went like this. Wilt first up for the Macs lined a long fly which fell near the foul line in right field for a triple. Manager Maurice Smith then laid down a beautiful bunt scoring Wilt and Smith was also safe when Lee dropped the throw to first. Roseberry sacrificed Smith to second and he scored as Charleton Posey singled to center. In the fourth Breen singled Wilt singled, Smith singled, Roseberry walked and Shorty Vetter singled for four more runs. In the fifth Buddy Merchant singled and three walks followed which forced Merchant across home. And the last run came in the sixth when Vetter walked; stole second and third and scored as Buddy Merchant bunted him across. The Macs have improved greatly so come out and support the boys every Sunday.

DELEGATES RETURN

Mr. and Mrs. Keith Lyons and Mrs. W. F. Cocke have returned from Sweet Briar, where they were delegates to the adult conference of the Diocese of Virginia.

REA EXECUTIVE AT CONFERENCE

ATTEND REA CONFERENCE AT NATIONAL HEADQUARTERS

Mr. John Y. Roseberry, Superintendent of the Prince William Electric Cooperative which operates 240 miles of electric lines serving 621 farmers and 58 commercial establishments and war industries in this area, will leave Friday, July 24, 1942, for the National REA Headquarters at St. Louis, Missouri, where he will attend the 20th conference of system superintendents and managers during the week of July 27, 1942. More than 50 superintendents and managers from the North and Middle Atlantic seaboard have been invited to attend.

REA Administrator Harry Slattery and other national officials will address some of the sessions, while others will be given over to round-table discussions in which the men attending and members of the REA technicolor staff will exchange information in the town-meeting style. The part REA systems are playing in the war effort, with special emphasis on the use of electricity in producing food and relieving the farm labor shortage, will be subjects for discussion. With the use of vital war materials curtailed, ideas and plans for home-made electrical equipment adapted to farm use will be exchanged and discussed.

REA systems all over the country are now serving Army landing fields, air beacons, naval and marine bases, ordnance plants, a large mid-western aluminum plant, as well as numerous small industries producing war equipment.

"This will be my first visit to the new REA national headquarters since it moved from Washington to St. Louis as a part of the Federal Government's wartime decentralization program," said Mr. Roseberry. "While I'm there, I'll be able to discuss first hand specific problems of the Prince William Electric Cooperative system with REA officials."

REA BOOKKEEPER WILL ATTEND SPECIAL ACCOUNTING SCHOOL

C. S. Gillan, bookkeeper of the Prince William Electric Cooperative will leave August 16, 1942, for Richmond, Virginia, where he will spend the week of August 16 to 21, 1942, attending a special Rural Electrification bookkeeper's school, according to John Y. Roseberry, Superintendent of the system.

The first four days of the school will be devoted to a study of approved standard accounting methods used in rural electrification systems throughout the country, and on Friday the sessions will be given over to general operations problems. Superintendent John Y. Roseberry will attend the final day of the school.

Member meter reading, which has recently been adopted by the Prince William Electric Cooperative as well as in a great majority of the 788 REA cooperatives throughout the country, is doubly important now with conservation of rubber and gasoline vital to the war effort. Several hundred thousand miles of driving along the nation's 30,000 miles of REA lines are saved every month through these member-participation practices.

Part of the final session will be given to a discussion of what REA lines have done, and can best do, in the war effort. How to make the best possible use of present facilities and how to prepare and maintain the cooperative's records in such shape that quick adjustments can be made to every war emergency, will be discussed at Friday's session.

CLUB HOLDS BUSINESS SESSION

The Kiwanis Club gave its session over last Friday evening to committee reporting which was more (or less) successful. Due to transportation difficulties, the Club missed a very fine program which "Chick" Gillan had worked up.

The "barber shop trio" also got into action with considerable execution. Despite the very hot evening, the little sponsors were unusually charming. Mr. Staggs, county engineer, was present as the guest of Kiwanian Parrish and put in a good word for the "records" campaign.

ODD FELLOWS TO INSTALL OFFICERS

Highland Lodge No. 252, I. O. O. F., of Manassas, will hold installation of officers on Tuesday night, July 28. All members of the Order are urged to attend.

The Lodge is receiving many compliments upon the manner in which the new lodge hall has been improved and the grounds beautified.

"RALLY BEHIND THE VIRGINIANS"

Just as the heroes of Virginia died in this struggle for farm and fireside, so, too, are the sons of the Old Dominion enlisting in the now famous "Lee Battalion" that they may again defend their native State from foreign invasion.

COUNTY AGENTS COLUMN

MEETING THE WAR EMERGENCY WITH LIME

Of all the war necessities, none is more important than food. More food and feed must be produced and the job must be done with greater efficiency. Unfortunately, there is a lack of labor and a scarcity of fertilizer materials because of the war. The right use of lime will be great help in overcoming both of these deficiencies. For lime makes fertilizer more effective and lime makes it possible to grow more food and feed on less acres.

Lime increases the feeding area of plant roots and makes it possible for them to forage more effectively for themselves so as not to be so dependent upon fertilizer. Availability to the plant of any fertilizer applied to the soil or availability of plant food already in the soil is increased by liming. A large amount of experimental evidence conclusively shows that for most crops, the more lime there is in the soil, the bigger and better will be the crops that grow on that soil.

WHEAT STORAGE

No warehouses are available for storing wheat for government loans. By meeting requirements for home storage of grain, government loans may be obtained by eligible growers on wheat stored and properly cared for in bins on the farm. Payment is provided for storing the wheat which may have to be kept for as long as two years. Fumigation will be necessary from time to time for keeping down grain weevil. Further information on storing wheat on the farm and receiving the government loan may be had from the county office.

FALL GARDENS

Canned foods will be high in price and hard to obtain during the coming winter. Many vegetables may yet be planted that will mature for fall and winter use. These include Stringless Green Pod Beans, Detroit Beets, Late Flat Dutch or the Yellows Resistant Wisconsin All Season Cabbage, Chantenay Carrots, Golden Cross Bantam or Country Gentleman Corn, Dwarf Blue Scotch Kale, Imperial No. 44 or Black Seeded Simpson Lettuce, Tender green Mustard, Scarlet Globe or White Icicle Radishes, Marglobe or Rutgers Tomatoes, Purple Red Top or Yellow Aberdeen Turnips and Pomeranian White Globe or Seven Top Turnip Salad. Dwarf Curled Scitch Kale, if planted sufficiently early to develop strong roots, will survive below-zero temperatures.

WAR RATIONING INFORMATION FOR PRINCE WILLIAM COUNTY

Regardless of any information received from the rationing Board. Any one applying for gas for trucks will have to appear in person (or person entitled to use of same) at the Rationing Board Office with their registration card any day beginning Monday, July 20 from 10 A. M. to 5 P. M. and 7 P. M. to 9:30 P. M. except Saturday evening.

Those applying for supplemental gas will not have to appear in person nor will those applying for gas for non-highway use. Mail application in.

Make all applications and inquiries direct to the War Price and Rationing Board No. 76 — Phone 247 — Office in the Court House Building, Manassas, Virginia. Those who live at a distance from Manassas should transact their business by phone or mail whenever possible. Save rubber and gasoline. The office is open from 8:30 to 5:00 P. M. All rationed commodities come under this board.

WHAT NOT TO DO
Do not phone or approach Local Board Members on the street, at their place of business, or in their homes concerning Rationing Regulations. All applications or inquiries must be made direct to the Board Office and be acted upon by the full board in regular meeting. Individuals who are giving their time to this War Work cannot possibly be expected to keep all the complicated regulations and answers at their finger tips. Many of your questions require hours of study by the Board before an answer can be given. Please bear this in mind. Refer all questions to the Board Office — It is for your use.

WHEN IN DOUBT — ASK QUESTIONS
YOUR LOCAL BOARD IS ORGANIZED TO HELP YOU.
C. C. Cloe, Chairman

GASOLINE TIRES

It is my responsibility to make proper distribution of gasoline, so that the public will not be handicapped in getting to and from their work, and also that proper transportation of needed supplies are made. At the same time it is my duty to see that no unnecessary use of gas is made.

Be conservative in making out your application and do not exaggerate the mileage. We are going to be fair with you, and we only ask the same consideration. Save a trip to Manassas by using phone or mail whenever possible. For your benefit we have arranged to have for distribution, a supply of all application blanks at the following locations:

- Quantico — J. Hunt Moncure
- Triangle — D. J. Martin
- Woodbridge — Davis Garage
- Independent Hill — E. L. Herring
- Manassas — Hynson and Bradford
- Nokesville — Spitzer's Garage or P. L. Trenis
- Haymarket — Roland's Garage
- Catharpin — Alvey's Store
- Gainesville — Wood's Store
- Nokesville — Hynson and Bradford

All Gasoline dealers should take inventory of their gas on hand at close of business, July 21, and report same to the Board at once, together with the information of total storage tank capacity.

PEWRYTERS AND BICYCLES

It is my job to administer the rationing of typewriters and bicycles. There are very few individuals who are eligible to purchase typewriters. Most of them are for Government use. However, we will be glad to answer any inquiries.

Bicycles are available for use in necessary work, and not for pleasure. Children's bicycles are not frozen. Please feel free to write us at any time that you wish information about typewriters or bicycles.

E. E. Rohr.

PRICE CONTROL

It is my job to administer Price Control. This applies to practically every merchant doing business in this county. If you have not already posted your maximum prices on the different commodities you sell, which has to do with cost of living, you should do so at once, and mail this Board a copy. This is a ruling that must be complied with at once. Please write the Board at once should you wish further information—We do not wish to burden you with any more work than is necessary, and will be glad to assist you in any way we can.

J. L. Bushong

"According to a Washington report, over 600 men have lost their lives at sea—in an effort to deliver gasoline for pleasure driving in the Eastern States. This means that the gas shortage is no longer a question of burning gasoline. It is now a matter of burning conscience."
"Some people and certain newspapers continue to grumble about their loss of gas. But our armed forces have yet to protect their loss of blood. There are so-called Americans complaining today that they may have to walk. There are other Americans, casualties in battle, praying that some day they may be able to walk again."
"The measure of their heroism is the measure of the gas slacker's cowardice. The gas slacker has his constitutional rights mixed up with his driver's license."
"To the Gasolotionists, America is only a road map. But for a man who doesn't need it, a full gas tank means an empty heart."

OCCOQUAN

At its last regular meeting, the Town Council of the Town of Occoquan, Va., ordained that the Corporation Taxes for the coming year would be at the rate of \$0.50 on the \$100.00 valuation of real and personal property. In the drive now under way in the State of Virginia to raise funds for the U. S. O. (United Services Organizations), Occoquan District has a quota of \$300.00 to collect. Our District has always come out on TOP so do not let us fall this time. We should exceed our quota in this very worthy cause.

The following named GOOD FOLKS have volunteered to canvass our district. Some one of them will call on every person for a contribution; so do

NUMBER 53 * How to cut down on waste by eliminating waste * A list of foods that are really low priced * An illustrated story worth reading

Haste in shopping makes waste in food and in time too

It has always been our family duty to waste as little food as possible—to-day it is our patriotic duty. And certainly the most effective way to do this is to plan menus and shopping lists together—a week at a time. For this gives you the opportunity to fit one day's leftovers into the next day's menu—to vary meals—to keep meals well-rounded nutritionally—to stick to the budget—and to plan definite times for shopping, thus cutting down on your shopping trips.

take careful planning. And at all times the perishability of different meats and vegetables must be kept in mind.

For meats, you might select shoulder lamb chops, enough ham loaf for two nights, and Swiss steak. In the refrigerator, most meats will keep about a week; cured meats like ham and bacon will keep longer; ground meats, poultry, and fresh fish should be cooked the same day or day after buying.

For Vegetables, you might choose corn, string beans, carrots, tomatoes, cucumbers, green onions, lettuce, and celery. That's not counting the potatoes and onions you'd have on hand already. As soon as you get home, wash the vegetables quickly, dry, and store them in a covered container in the refrigerator. Use green and leafy vegetables that day or the next. Carrots and corn will keep longer. Here are three menus the Safeway Homemakers' Bureau suggests you might have planned before buying

MONDAY DINNER

Baked Ham Loaf Garnished with Canned Spiced Peaches Scalloped Potatoes Tossed Vegetable Salad of Tom Lettuce, Finely Sliced Green Onions, Celery, and Quartered Tomatoes with French Dressing Gingerbread with Whipped Cream

TUESDAY DINNER

CHRIST FOR ALL—ALL FOR CHRIST

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in after years.

Jesus came from Nazareth of Galilee, and was baptized of John in Jordan.—Mark 1:9.

A GREAT PATRIOT

The charges are being made, sometimes more or less indirectly, that our present Congressman, Howard Smith, failed to support the President in his request for the repeal of the Neutrality Act.

Let us look at the "Record." On November 12th last a measure calling for the repeal of the section prohibiting the arming of merchantmen, and which had already passed the House, with Mr. Smith's support, came back from the Senate, with a gag rule, and carrying amendments which were tantamount to war.

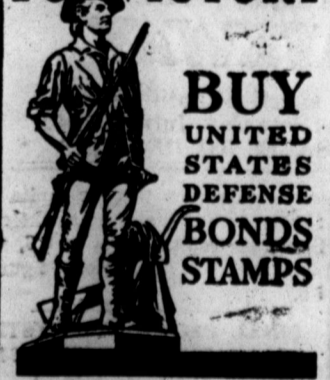

Mr. Smith sensed the fact that in the unprepared state of the nation and the unbridled turmoil constantly being stirred up by the labor racketeers furnished a very poor background for the support of thousands of young men who would be forced into action, incompletely trained and with no assurance of the sort of support that the home front should furnish in the way of materials, etc.

He very sensibly took the action which he did and thus tried to furnish another stumbling block for the greed of the labor racketeers, not the individual laborer or mechanic who is a catspaw and victim for the very unions which he is often forced to join.

This sort of political flub-dub will in no wise affect any one who takes the trouble to investigate the true situation. It is intended purely to produce an atmosphere of apparent lack of patriotism in making it appear that Mr. Smith had opposed the President in some measure of preparation for war.

Events subsequent to the above vote prove distinctly that

THE ENEMY WITHIN OUR GATES

Every patriotic American who values the safety of our Country ought to read what the August, 1940 issues of "The National Republic" said in a copyrighted article concerning "The Activities of Movements ending to Undermine the Institutions of the Republic."

It is a deserved tribute to Hon. Howard W. Smith, beginning with the salutation, "Hats off to Virginia's Patriot" and ending with the revelation that the New Deal in Washington had twenty-two times renewal the "temporary entrance" permit of an alien C. I. O. agitator.

"Few people," this article states, "understand what a long drawn out fight Congressman Howard W. Smith, of Virginia, put up to secure the recent passage of the bill to deal with subversive forces in the United States."

A better appreciation of his admirable fight may be had by recalling that of the hundred or more major attempts during the past ten years to push any semblance of legislation through Congress which would have had an adverse effect on the subversive elements within our country, all but Congressman Smith's efforts have been without avail.

Written two years ago, the above quotation applies even more forcibly to the present campaign against Judge Smith, who steadfastly, and with remarkable success continued his effective legislation against the Red menace.

Only a short while ago a number of Congressmen sternly joined hands with Judge Smith to stop strikes in defense industries, by refusing any further to uphold the hand of the President until he curbed the subversive activities within organized labor which were effectively strangling the war effort.

ti-Strike Bill, which passed the House and was throttled by the Labor Committee in the Senate, will burst out by popular demand and we will get that anti-strike legislation, a ceiling on wages, and much more that we need in spite of the New Deal opposition.

In retaliation for the stern insistence that radical labor cease stabbing at the nation's vital war effort, a candidate has again been put out against Judge Smith, backed by the unlimited financial resources and Un-American cunning which is always thrown against those who have had the courage and intelligence to successfully fight the Red menace.

And we wish to add this solemn warning: If men like Judge Smith can be unseated in Congress, just as surely as the sun rises and sets, our democratic form of government will be overthrown at home while our boys are fighting across the seas to preserve it.

TUESDAY'S AIR-RAID TEST

This newspaper feels that Mr. Tiffany; his staff of patriotic defense workers and the general public deserve much praise for the effective manner in which Tuesday's daylight air-raid test was carried out in the various communities of Prince William County.

These tests unquestionably put the public to considerable inconvenience, but they are not being held any more frequently than Defense Officials feel is absolutely essential to the development of an effective protective organization. That the public appreciates this fact, and also has a fine evaluation of the serious intent of these practice air-raid tests, is indicated by the unselfish and serious minded cooperation which our Defense workers are receiving everywhere.

In some sections of the country, judging from newspaper reports, great emphasis is placed upon acquiring expensive equipment, but here in Prince William it is loyalty, dependability and efficiency which are being stressed. As one good worker said, "We are satisfied to do the best we can with whatever facilities the authorities are able to provide," and it is evident from Tuesday's test that Prince William has really made satisfactory progress in air-raid defense.

Unquestionably we have a long way to go before we are really ready for the attack which many sincerely believe will finally come, but we know the enemy also has a long way to come and we will be pretty well set to receive his blows, if we continue as we have begun.

ABBOTT & COSTELLO REACH NEW HILARITY IN "RIO RITA"

Bud Abbott and Lou Costello celebrate their twelfth year together in a highly explosive comedy called "Rio Rita," which opens next week on Thursday and Friday, July 30-31 at the Pitts Theatre.

The picture has nice balance, with Kathryn Grayson and John Carroll providing colorful romance and song. An amusing plot affords a reasonable background for the comedians, if one were needed, and Metro-Goldwyn-Mayer gave the vehicle elaborate production touches.

Eros Volusia, famous Brazilian dancer, makes her screen debut in a series of novel rhythms, including the Samba, which she created. This adds to the variety of the production, which unquestionably gives Abbott and Costello the stellar vehicle of their career as a comedy team.

Miss Grayson, M-G-M's most promising singing discovery, who recently scored in "The Vanishing Virginian," again reveals a delightful personality, and brings her rich voice to the screen in two duets with Carroll, "The Ranger's Song" and "Long Before You Came Along," and a solo version of "The Shadow Song" from Dinorah. Carroll sings the theme song, "Rio Rita."

An able supporting cast included Patricia Dane, Tom Conway, Arthur Space, Peter Whitney and Dick Rich, who portray a group of spies highly perturbed by the antics of Abbott and Costello.

The story brings the comedians into the action as stowaways in the turtle-back of Carroll's sports roadster as he arrives in search of his childhood sweetheart, Rio Rita, played by Miss Grayson. She happens to be the proprietress of a resort hotel.

Abbott and Costello become involved when they raid a basket of what appear to be apples, but in reality are trick radios owned by the spies. Appointed house detectives in the hotel, they dig themselves deeper into trouble, but always with a maximum of hilarity in the famous Abbott and Costello manner.

DANIEL WEBSTER TOWERING FIGURE IN DIETERLE FILM

One of the greatest statesmen and orators in American history, Daniel Webster, has been generally overlooked by Hollywood's picture makers.

The noted New Englander finally comes into his own, however, in "All That Money Can Buy," screen version of Stephen Vincent Benet's "The Devil and Daniel Webster," a whimsical legend of the famous leader's debate with the devil over a man's soul, which William Dieterle roduced for RKO Radio.

Born at Salisbury, New Hampshire, on January 18, 1782, Webster was educated at Phillips Exeter and Dartmouth, from which he graduated in 1801. He was admitted to the bar four years later and in 1813 went to Congress as a representative from Massachusetts.

Although he dropped out of politics on several occasions to practice law, at which he was enormously and financially successful, he gained his chief fame with his fiery speeches on tariff and slavery questions.

Considered as probably the most eloquent speaker of his day, Webster's ability to sway his hearers is used as the climax of "All That Money Can Buy," with the great orator appealing in thrilling fashion to the unholy jury of scoundrels and murderers which the devil summons up to try the case.

THRILLS AND LAUGHS EFFECTIVELY IN "SUNDAY PUNCH"

A thrilling prize fight, a zestful romance, and the by-play of a cast of well-known comedians provide mirth and heart interest as well as drama in "Sunday Punch," current attraction at the Pitts Theatre.

The action opens in a New York boarding house for prize fighters. One of the group is the title contender, played by William Lundigan. Blonde Jean Rogers enters as the landlady's niece. Lundigan is smitten by her charms, as is also the man-of-all-work about the place, cleverly portrayed by Dan Dailey, Jr., Dailey decides he'll have a chance to win her if he becomes a fighter. Guy Kibbee, as a broken-down fight manager, discovers that Dailey has a "Sunday punch," or peculiar "haymaker," books him for a series of fights, and Dailey proves terrific.

He is finally matched with Lundigan, whom he worships. At the same time he learns the facts about Lundigan's love for the girl he hopes to win. The fight becomes a grudge battle, followed by a dramatic solution of all the problems.

Lundigan, recently seen in "The Bugle Sounds," is convincing as a prize fighter as well as an actor, and he and Dailey put up a sensational ring battle. Miss Rogers enacts an out-of-work showgirl with conviction and handles her dramatic situations expertly.

War Research

In war the advantage is on the side with the best weapons. The work of scientists in America's research laboratories, developing new materials and new equipment, means a lot to our fighting men.

1. It takes years to build up and equip a large, organized, and able staff for research. Fortunately, industry did this long ago.

2. Long before Pearl Harbor, laboratories like General Electric's were serving their country—solving technical problems of war.

3. History repeats! In the last war "wireless" was developed for military needs—to become, with peace, a giant broadcasting industry.

4. So it will be this time. Research will help to win the war, and its many wartime discoveries will help to build a better future.

General Electric believes that its first duty as a good citizen is to be a good soldier. General Electric Company, Schenectady, N. Y.

(A sergeant speaks his mind)

'I'm going to give it to you straight.

"We read a lot of stuff about how civilians are fighting 'war nerves.' Going to shows...dancing...reading...having fun to relax from all the grimness today and keeping up their morale.

"Sure, it's a good idea, but don't forget this. Soldiers and sailors can have 'war nerves,' too. I don't mean anything to do with courage and stuff like that. Believe me, they got plenty of nerve to take it—and dish it out—whatever the orders are.

"What I mean is that soldiers, maybe even more so, need shows and dancing and decent places to go when they're on leave. Boredom and monotony during their time off are as bad enemies as any goose-stepping German or Jap. We got to fight them, too.

"That's why everybody in this man's army gives thumbs up to this USO. They're doing a job, Mister. Fighting a fight.

"They're putting on swell shows...running club-houses...providing read-

ing matter...taking care of troops in transit...following the flag wherever the army orders with their mobile units. They're spelling morale in our language with a capital M.

"So listen, all you folks. Next time you see a show or do a little rug-cutting or read a book or light a smoke or just sit down to play a game of gin rummy or listen to the radio in your nice comfortable living room, just remember that there's lots of guys in O. D. and blue that can also use some of same.

"It all adds up to this...we like the job the USO is doing for us...and we hope you on the home front keep it rolling!"

The war chest against "war nerves" needs replenishing. Soon you'll be asked to help. Well, you heard what the sergeant said!

FINAL DATE DRIVER'S PERMITS WILL BE AUG. 31

Crawley F. Joyner, Director of the Division of Motor Vehicles has announced that due to the deluge of requests for renewals of driver's permits, the final date for securing them will be moved from July 31st to August 31st. Mr. Joyner said that this final extension of time was made in the hope that all requests could be handled by the Department and be in the hands of the owners by September 1st. On that date the police will be instructed to make the usual arrests for failure to have a new driver's permit.

More than 600,000 permits have already been mailed out but the depleted force of the Department is struggling to get out thousands of others. In spite of the fact that many owners have been forced to put up their autos for the duration, everyone seems to be renewing their driver's license. Mr. Joyner said, and added that this was possibly due to the fact that it would prevent the necessity at some future date of having to take the original examination all over again.

CONGRATULATED BY STATE DEFENSE COORDINATOR

Mr. W. H. Lamb, one of the editors of this newspaper, was advised this week by Mr. Hunton Tiffany, Defense Coordinator of Prince William County, that Hon. J. H. Wyse, State Coordinator of Civilian Defense, has congratulated him upon his work as a member of the Civilian Defense Training School which was conducted last May in Manassas under the direction of Mayor Harry P. Davis.

The letter follows:

July 17, 1942
Mr. Hunton Tiffany, Director-Coordinator
Prince William County Civilian Defense Council
Manassas, Virginia.

Dear Mr. Tiffany:
Under separate cover, by today's registered mail, I am returning "Notes taken at the Civilian Defense Training School, Manassas, Virginia, by Mr. W. H. Lamb."

I have gone through these notes carefully, and I think it is the most complete outline on Civilian Defense training that I have ever seen.

I wish it were possible to have it reproduced and furnish a copy to every person concerned with the Civilian Defense Corps in the State. However, the cost is prohibitive.

Please extend my thanks and congratulations to Mr. W. H. Lamb.

Sincerely yours,
(Signed) J. H. Wyse
Coordinator.

Upon completion of the training course Mr. Lamb qualified for local service as an Auxiliary Policeman attached to the staff of Mr. Tiffany and he has continued his defense studies with special reference to the subject of Bombs. He lectured on this topic before training classes recently held at Dumfries and Manassas.

Mr. Lamb has also just been designated a member of the Fairfax County Defense Council under the reorganization by the recently appointed Coordinator Robert B. Walker, who replaces Mr. R. M. Loughborough as head of the Defense Organization of Fairfax County.

CENTREVILLE

Rev. Robert Stevenson, assistant to Mr. Thompson, will conduct services at St. John's at 10:30 Sunday morning. After the services, a short meeting will be held to set up a Bible class and also possibly lay plan for a class in catchism. Mr. Stevenson has accepted an invitation from the Altar Circle to give lecture on "China" after the weather becomes a bit cooler. He is the son of a medical missionary now at New Delhi, India and should have a very interesting picture to draw for his audience.

On August 2nd, Rev. O'Ferrall Thompson, student-in-charge at St. John's, will conduct a dedicational service for certain articles which are being given to the church. A missal stand is being given by Mrs. Payne in memory of her parents while the Altar Circle, through cooperation with certain member of the vestry, is presenting a prayer desk and a credence table. Mrs. Virginia Gentry, of Rock Hill and Mr. Calvin Albrecht were married Friday, July 17. We wish them much happiness.

Tech. Sgt. Lester Nichols, spent the week-end visiting friends and relatives here. This is probably his last time home for a long time. Mrs. Garnett Gillis and sons have returned to New York after a very pleasant visit to her sister, Mrs. Anne S. Turberville.

ANNOUNCEMENT

I hereby formally announce my candidacy for reelection to Congress from the Eighth Congressional District, subject to the Democratic Primary to be held on Tuesday, August 4, 1942.

I have represented this District in Congress since 1930. I have been elected each time by large majorities, and I take this occasion to thank my many loyal friends and supporters for their continued confidence. Many new constituents have entered my District due to the urgencies of the War, and in view of my inability to personally meet and discuss with them my record, I take this occasion to state my position relative to matters of public interest.

In the position I have taken on the many problems that have confronted the Congress during my service, I have refused to be a "rubber stamp" or to be subservient to the will of any minority pressure group seeking special privileges.

I have never offered for public office on the platform that I had no principles worth risking my political life for, no independence of judgment worth fighting for and no conscience worth living with. I never will. I will never bow to the will of any selfish minority group seeking special advantages and who may threaten me with political assassination. On the contrary, I now pledge the people of my District that if reelected to Congress, I shall continue to fight evil where I find it, and to oppose domestic policies destructive of the American system of free government. I shall oppose and expose rascality and racketeering without hesitation or fear.

I have voted in favor of every bill and every appropriation recommended by the President for National Defense and for our war effort both before and since Pearl Harbor, including the fortification of Guam.

UNFALTERING SUPPORT OF THE PRESIDENT'S PREPAREDNESS AND DEFENSE PROGRAM

It has been falsely stated that I did not support the President's recommendation for the repeal of that Section of the Neutrality Act which prohibited the arming of Merchant ships. On August 9, 1941, the President sent a message to Congress in which he said: "I recommend the repeal of Section 6 of the Act of November 4, 1939, which prohibits the arming of American-Flag ships engaged in foreign commerce." This was the only recommendation of the President in that message with respect to the Neutrality Act. The bill to carry out the President's recommendation (H. J. Res. 237) came before the House on October 16, 1941. I, personally, presented the Resolution for consideration of the bill to the House and made the first speech for it in the House (Congressional Record, page 8160) and voted for it on a roll call vote (Congressional Record, page 8250). When the bill went to the Senate, the Senate went further than the President's recommendation and added an amendment authorizing our merchant ships to venture into belligerent ports. This meant war for which we were not prepared. At that time, November 12, 1941, we had lost 25,000,000 man days of labor in that year alone through strikes, sit-downs and other labor stoppages. The time lost by strikes in the twelve months prior to Pearl Harbor would have produced enough planes and guns, ships and munitions to have turned the scale in our favor on any of the battle fronts. I spoke and voted against the Senate amendment, although I voted for and supported the President's recommendation. My action was a sincere effort to bring about increased production of arms and munitions for our boys in the armed forces since such increase was vitally essential, due to the slowdown in production brought

about by the selfish and arbitrary actions of certain labor leaders.

The utterly false statement has been repeatedly made that I have not supported the President in preparedness measures and the War effort. These statements are wholly untrue and known to be untrue by those who make them. My votes in favor of every bill and every appropriation recommended by the President for National defense and our War effort are a matter of public record, and I challenge anyone to refute the statement here made.

VIGOROUSLY OPPOSES AND DENOUNCES RACKET

I vigorously opposed and denounced the racketeering practices of certain labor leaders, who, under threat of strikes, in vital war work, compelled free American citizens to pay initiation fees to their unions of from \$50.00 to \$1500 for the privilege of working in defense of their country at a time when the work of every available man was essential and the lives of our soldiers were at stake.

The most prominent leader of the CIO recently said: "Nothing must stop the work of organizing the unorganized in America-not even a great National emergency." Do the people of America realize the significance of this ominous threat to their liberties? While all our energies and activities are being diverted to fight the threat of dictatorship from abroad, we should not be unmindful of the equally serious threat of dictatorship at home by a handful of selfish, power-seeking labor leaders. The cold fact is that one labor leader possesses the absolute power today to halt the production of steel any moment he says the word, and only last week, in the "Little Steel" case, he held the covert threat of strike over the head of our Government, to enforce his demands. Another labor leader possesses the power to halt the production of automobiles and tanks at any moment he gives the order. Another labor leader has the power to halt, over night, the production of coal which makes the wheels of your factories turn to send the munitions to the boys we have placed on the battle lines. Another labor leader has the power to halt all construction at any time he sees fit to do so. The veiled threat to exercise these destructive powers is, today and everyday, an ever present menace hanging over the head of your Government, and its armed forces. These powers have been brought about through legislation that I have been opposing; and through the failure of the Congress to enact corrective measures that I have introduced. No country is safe, in peace or war, when such destructive powers rest in the hands of any minority group. These are cold facts that you ought to be thinking about, whether you are for me for Congress or against me.

AUTHOR OF ALIEN REGISTRATION ACT

The radical and communist controlled publications have attacked me because I was the author of the Alien Registration Act which became a law in 1939 by which we were enabled to have a complete registration; finger-printing and location of every alien in the United States prior to the beginning of the war. I am very proud of my part in bringing about this Law which is now playing a most important role in protecting America from subversive activities by helping the F. B. I. to locate and watch enemy aliens who are all too frequently trying to sabotage our war effort.

One such radical publication, commonly known as the "Uptown Edition of the Communist Daily Worker" recently published a series of false, libelous, and defamatory articles about me. I would not dignify it with mention but for the fact that my opposition has knowingly and mali-

ciously circulated copies of this publication through this District.

It has been the traditional habit of the voters in the Eighth District to elect their Congressman on his own merits and accomplishments rather than on the shortcomings of his opponents. When mud-slinging becomes the chief qualification of a candidate for public office, I shall not offer to compete.

I have lived in the Eighth District all my life. I have been in public life for 30 years in different capacities, and my record, good or bad, is well known to the greater number of people from my community. I could not conceal it or change it if I wished, and I do not wish to do so. My opponent and I have both lived in Alexandria for many years. I gladly invite a comparison of our records for honesty, integrity, and public service in the community in which we both live.

THREATENED WITH PURGE

Because I have dared to raise my voice in protest against work stoppage on war contracts, because I have dared to protest against the racketeering practices of certain labor leaders, I have aroused their enmity. A candidate has been brought out against me in the person of the Secretary-Treasurer of the International Machinists Union. These leaders have agreed to furnish the money to conduct his campaign, and they have sent their emissaries from outside into Virginia to tell the people of our state whom they shall send to Congress.

PROPOSED WAR LABOR POLICY

I early learned to appreciate hard work. I have never sought to deny to any man the right to join a union or to engage in collective bargaining. I am in favor of collective bargaining, but I am in favor of having it conducted in an orderly and lawful manner and in a way that will protect the individual union members as well as the public. The individual union member is just as good an American citizen as anyone else and is entitled to be protected from the racketeering practices of unscrupulous labor leaders. These practices are recognized and resented by the majority of union members, but there is little that they can do about it under existing conditions. I will continue to be the real friend of the working man, and I shall continue to fight for his rights against those who attempt to use him to their own selfish ends.

I believe in a liberal Democratic Party; I believe in sound principles of Government; I believe that no Government can long survive without sound money, sane expenditures, and a proper respect for the Constitutional limitations placed upon the Congress by the founders of our Nation.

It is my belief that my constituents sent me here to be a Congressman in the real sense of the word. They do not expect me to cringe and crawl and grovel and tremble with fear when threatened with political reprisal by selfish groups seeking to use the machinery of the United States Government to further their own private interests.

When I first ran for Congress in 1930, I made one campaign promise, and only one, which I now quote:

"I will not pledge my support blindfolded to any unknown measures, to any person, on any subject, but will use my best judgment and discretion after careful study and consideration, and vote for such measures as I believe to be in the interest of the welfare of our country and in conformity with the wishes of my constituents."

I have faithfully performed the pledge. I repeat it to you now. If re-elected to Congress, I shall continue to pursue that policy.

Respectfully,

Howard W. Smith
