Libby Barnett, Maggie Babb

Vibrational Medicine Richard Gerber, 2001-03-01 The original comprehensive guide to energetic healing with a new preface by the author and updated resources. • More than 125,000 copies sold. • Explores the actual science of etheric energies, replacing the Newtonian worldview with a new model based on Einstein's physics of energy. • Summarizes key points at the end of each chapter to help the serious student absorb and retain the wealth of information presented. Vibrational Medicine has gained widespread acceptance by individuals, schools, and health-care institutions nationwide as the textbook of choice for the study of alternative medicine. Trained in a variety of alternative therapies as well as conventional Western medicine, Dr. Gerber provides an encyclopedic treatment of energetic healing, covering subtle-energy fields, acupuncture, Bach flower remedies, homeopathy, radionics, crystal healing, electrotherapy, radiology, chakras, meditation, and psychic healing. He explains current theories about how various energy therapies work and offers readers new insights into the physical and spiritual perspectives of health and disease.

A Practical Guide to Vibrational Medicine Richard Gerber, 2013-09-24 At the dawn of the 21st century, the old paradigms of medicine have begun to fall apart. A growing number of pioneering researchers embrace a new view of healing—one expounded by Dr. Richard Gerber in his groundbreaking bestseller, *Vibrational Medicine*. Now he shows how to put this new way of thinking into practical use, describing the role of consciousness and thought forms, as well as the benefits of homeopathy, acupuncture, color and light healing, magneto biology, and other therapies. A traditionally trained physician, Dr. Gerber combines scientific evidence with traditional methods from the East and West to unlock our potential for healing ourselves.

Vibrational Medicine for the 21st Century Richard Gerber, 2000-04-26 As we enter the 21st century, the nature of healthcare is shifting dramatically. Many scientists and leading-edge thinkers now believe that human beings are more than biological machines with parts that age and wear down, only to be treated by drug therapy and surgery. A number of pioneering researchers embrace a new view of healing called vibrational medicine that combines the best of ancient healing love with a modern view of the body as an energy machine affected by many alternative techniques and treatments. Dr. Richard Gerber is a traditionally trained western physician who is also one of the leading researchers and practitioners of vibrational medicine. In his new book, designed for lay readers, he takes us on a comprehensive journey to the new frontier

of medicine where he presents the body as a complex, integrated life-energy system that houses our soul and all its creative expressions explores the role of consciousness and thought-forms in health and illness describes the benefits of the main vibrational healing modalities, including homeopathy, acupuncture, Chinese medicine, flower essences, color and light healing, magnetobiology, radionics and distant healing, and varieties of hands-on healing. Dr. Gerber combines the latest scientific evidence with case studies of real patients who have benefited in specific ways from vibrational remedies, and where vibrational approaches exceed the results of traditional western techniques. He rounds out his book with a resource section of recommended reading, providing additional names and addresses of associations and individuals working on the vibrational frontier. In this ground-breaking self-help work, Dr. Gerber writes, In the world of vibrational medicine, illness is thought to be caused not only by germs, chemical toxins and physical trauma but also by chronic dysfunctional emotional-energy patterns and unhealthy ways of relating to ourselves and other people. Rather than relying on drugs and scalpels to treat illnesses, the vibrational approach employs different forms of energy to bring about healing changes in the mind, body, and spirit of the sick.

Vibrational Healing Through the Chakras Joy Gardner, 2014-11-12 Every life form is made up of vibrations that coincide with the harmonic frequency to which all life is attuned. The vibrations of the body easily go out of tune when a person is exposed to physical or emotional stress. *Vibrational Healing Through the Chakras* provides the most up-to-date information on the use of vibrational tools such as crystals, aromas, sounds, bodywork, and homeopathy to help the body remember its own healthy harmonic resonance. Author Joy Gardner offers this in-depth look at vibrational healing for people interested in improving their own health and well-being, as well as those who want to become practitioners of this gentle art. Explore how to use vibrations to release old dysfunctional patterns in the body-mind and replace them with new patterns that resonate with the body's own healthy frequencies. • An in-depth resource guide to using vibrational tools at the chakra points to heal the body and mind. • Includes a detailed explanation of chakras and the human energy field and how to heal with a variety of tools including colors, crystals, aromatherapy, and light.

Flower Essences and Vibrational Healing Gurudas, 1989-01-01 New flower essences including ginseng, bo, and rosa webbiana, detailed information on treating animals and plants with flower essences, and new material for the current 108 essences described in the book including their relation to astrology, the 12 rays, animals, and plants.

Energy Medicine in Therapeutics and Human Performance James L. Oschman,2003 Focusing on the wealth of information emerging in the area of energy medicine, this unique resource explores mechanisms by which mind and body processes influence the body's healing and performance potential. Content draws on an extraordinary range of sources to explore theories of human energy - from physiology and biophysics, to examples drawn from the realms of spontaneous healing, cutting-edge athletic and artistic performance, the martial arts, and various contemplative and spiritual practices. Providing new insights and theoretical models, it offers ways to apply these concepts directly, practically, and clinically.

The Basic Code of the Universe Massimo Citro,2011-07-26 Explains the universal information code connecting every person, plant, animal, and mineral and its applications in science, health care, and cosmic unity • Examines research on consciousness, quantum physics, animal and plant intelligence, emotional fields, Kirlian photography, and the effects of thoughts, emotions, and music on water • Reveals the connections between the work of Ervin Laszlo on the Akashic field, Rupert Sheldrake on morphogenetic fields, Richard Gerber on vibrational medicine, and Masaru Emoto on the memory of water DNA dictates the physical features of an organism. But what dictates how something grows--from the division of cells in a human being to the fractal patterns of a crystal? Massimo Citro reveals that behind the complex world of Nature lies a basic code, a universal information field--also known as the Akashic field, which records all that was, is, and will be--that directs not only physical development and behavior but also energetic communication and interactions among all living and non-living things. The author examines research on consciousness, quantum physics, animal and plant intelligence, the power of intention, emotional fields, Kirlian photography, and the effects of thoughts, emotions, and music on water. Linking the work of Ervin Laszlo on the Akashic field, Rupert Sheldrake on morphogenetic fields, Richard Gerber on vibrational medicine, and Masaru Emoto on the memory of water, Citro shows how the universal information field connects every person, plant, animal, and mineral--a concept long known by shamans and expounded by perennial wisdom. Putting this science of the invisible to practical use, he explains his revolutionary system of vibrational medicine, known as TFF, which uses the information field to obtain the benefits of natural substances and medications in their "pure" informational form, offering side-effect-free remedies for health and well-being.

Healing Power of Your Aura Barbara Y. Martin,Dimitri Moraitis,2006-04-19 In *The Healing Power of Your Aura*, internationally acclaimed aura expert Barbara Y. Martin explores the fascinating world of the aura and health. With remarkable insight and clarity, Barbara demonstrates how your aura is the spiritual support system to your physical body and shows you how to tune into your own energy field to help restore your body to its natural state of health and well-being, with specific healing meditations for more than 80 types of physical conditions from headaches to cancer.

Energy Medicine - E-Book James L. Oschman,2015-09-04 See how energy therapies can normalize physiology and restore your patients' health! *Energy Medicine: The Scientific Basis*, 2nd Edition provides a deeper understanding of energy and

energy flow in the human body. Using well-established scientific research, this book documents the presence of energy fields, discerns how those fields are generated, and determines how they are altered by disease, disorder, or injury. It then describes how therapeutic applications can restore natural energy flows within the body. Written by recognized energy medicine expert Dr. James Oschman — who is also a physiologist, cellular biologist, and biophysicist — this resource shows how the science of energetics may be used in healing diseases that conventional medicine has difficulty treating. Easy-to-understand coverage simplifies the theory of energy medicine and the science behind it, providing detailed, coherent explanations for a complex subject. Well-established scientific research shows why and how energy medicine works. Multi-disciplinary approach covers energy medicine as it applies to various healthcare disciplines, from acupuncture to osteopathy to therapeutic touch and energy psychology.

Born a Healer Chunyi Lin, Gary Rebstock, 2019 Born a Healer is the inspiring life story of Master Chunyi Lin. It chronicles his journey from an often-terrifying childhood during the tumultuous Cultural Revolution in his native China to becoming the renowned healer and teacher he is today. Discover the events that led him to energy healing, the challenges he faced with his mind and body, and the beautiful formation of Spring Forest Quigong. Born a Healer was written for anyone searching for a way to help others heal from pain, sickness, disease, injury, stress, anxiety, and depression. It will help you find a balance and insight into your life, abundant energy, a more positive outlook, and understanding of the way the universe works.--Page 4 of cover.

The Healing Energy of Your Hands Michael Bradford, 2013-02-20 THE HEALING ENERGY OF YOUR HANDS demystifies the art of healing. Beginning with a basic explanation of the nature of healing energy, illness, and the role of the mind in the healing process, Bradford offers techniques so simple that anyone, even a child, can work with healing energy. The author's intention is that anyone using his book can awaken his or her natural healing talents quickly and easily. Topics include sensing energy, clearing energy blockages, eliminating negative self-talk, using affirmations, balancing the chakras, cleansing the auric field, relieving pain, and creating forgiveness.

Reiki Energy Medicine Libby Barnett, Maggie Babb, 1996-05-01 Reiki is an ancient, hands-on healing art with origins in the Tibetan sutras. It has been used primarily by individuals in a daily practice that helps recharge, realign, and rebalance energy in the body. Today Reiki is joining other complementary therapies in the conventional settings of hospitals, hospices, counseling centers, emergency rooms, intensive care units. Nurses, physical therapists, surgeons, midwives, and anesthesiologists report that Reiki can help manage pain and promote healing. Counselors and caregivers treating those with terminal illness find that Reiki gives patients an increased physical, emotional, and psychological ability to cope. Reiki Energy Medicine explains the body's energy system, and describes how Reiki can be used in a variety of settings to balance energy and create the conditions needed for healing. Reiki Energy Medicine is the first book to show how this ancient art of touch therapy can work within our mainstream health care system. As our health-care system challenges institutions to offer high-quality but cost-effective service, Reiki can be an important tool that can help maximize patient care and minimize recovery time. Reiki does not require complicated techniques or extensive training: practitioners of many disciplines are able to easily incorporate it into their specialties.
