(c) Adjustments or Recoveries: Limitations

The State complies with the requirements of section 1917(b)(2) of the Act and regulations at 42 CFR \$433.36(h)-(i).

- (1) Adjustment or recovery of medical assistance correctly paid will be made only after the death of the individual's surviving spouse, and only when the individual has no surviving child who is either under age 21, blind, or disabled.
- (2) With respect to liens on the home of any individual who the State determines is permanently institutionalized and who must as a condition of receiving services in the institution apply their income to the cost of care, the State will not seek adjustment or recovery of medical assistance correctly paid on behalf of the individual until such time as none of the following individuals are residing in the individual's home:
 - (a) a sibling of the individual (who was residing in the individual's home for at least one year immediately before the date that the individual was institutionalized), or
 - (b) a child of the individual (who was residing in the individual's home for at least two years immediately before the date that the individual was institutionalized) who establishes to the satisfaction of the State that the care the child provided permitted the individual to reside at home rather than become institutionalized.
- (3) No money payments under another program are reduced as a means of adjusting or recovering Medicaid claims incorrectly paid.

4.42 Employee Education About False Claims Recoveries

1902(a)(68) of the Act, P.L. 109-171 (section 6032) (a) The Medicaid agency meets the requirements regarding establishment of policies and procedures for the education of employees of entities covered by section 1902(a)(68) of the Social Security Act (the Act) regarding false claims recoveries and methodologies for oversight of entities' compliance with these requirements.

(1) Definitions:

(A)

An "entity" includes a governmental agency, organization, unit, corporation, partnership, or other business arrangement partnership, or other business arrangement (including any Medicaid managed care organization, irrespective of the form of business structure or arrangement by which it exists), whether for-profit or not-for-profit, which receives or makes payments, under a State Plan approved under title XIX or under any waiver of such plan, totaling at least \$5,000,000 annually.

If an entity furnishes items or services at more than a single location or under more than one contractual or other payment arrangement, the provisions of section 1902(a)(68) apply if the aggregate payments to that entity meet the \$5,000,000 annual threshold. This applies whether the entity submits claims for payments using one or more provider identification or tax identification numbers.

A governmental component providing Medicaid health care items or services for which Medicaid payments are made would qualify as an "entity" (e.g., a state mental

health facility or school district providing school-based health services). A government agency which merely administers the Medicaid program, in whole or part (e.g., managing the claims processing system or determining beneficiary eligibility), is not, for these purposes, considered to be an entity.

An entity will have met the \$5,000,009 annual threshold as of January 1, 2007, if it received or made payments in that amount in Federal fiscal year 2006. Future determinations regarding an entity's responsibility stemming from the requirements of section 1902(a)(68) will be made by January 1 of each subsequent year, based upon the amount of payments an entity either received or made under the State Plan during the preceding Federal fiscal year.

- (B) An "employee" includes any officer or employee of the entity.
- (C) A "contractor" or "agent" includes any contractor, subcontractor, agent, or other person which or who, on behalf of the entity, furnishes, or otherwise authorizes the furnishing of, Medicaid health care items or services, performs billing or coding functions, or is involved in the monitoring of health care provided by the entity.

(2) The entity must establish and disseminate written policies which must also be adopted by its contractors or agents. Written policies may be on paper or in electronic form, but must be readily available to all employees, contractors, or agents. The entity need not create an employee handbook if none already exists.

PROVIDER SCREENING

Assures that the State Medicaid agency complies with the process for screening providers under section 1902(a)(39), 1902(a)(77) and 1902(kk) of the Act.

Ordering and referring providers for Medicaid beneficiaries within the provider network of a riskbased managed care organization (MCO) are subject to the compliance of the MCO screening and credentialing process. The State shall rely upon the screening performed by Medicare, other State Medicaid agencies, Children Health Insurance Programs of other States or MCOs contracted by the State for Fee-For-Service (FFS) ordering and referring providers when available. For all other FFS providers the State will perform the screening and enrollment function in accordance with the Act.

ENROLLMENT AND SCREENING OF PROVIDERS

- Assures enrolled providers will be screened in accordance with 42 CFR. 455.400 et seq.
- Assures that the State Medicaid agency requires all ordering or referring physicians or other professionals to be enrolled under the State plan or under a waiver of the Plan as a participating provider.

VERIFCATION OF PROVIDER LICENSES

Assures that the State Medicaid agency has a method for verifying providers licensed by a State and such providers licenses have not expired or have no current limitations.

The process for verification of provider licenses is an electronic process to assure accuracy. The Med-QUEST Division (MQD) sends a request to the Department of Commerce and Consumer Affairs (DCCA) to receive a file of all updated provider licenses. This file is imported into Hawaii's Medicaid

Management Information System (HPMMIS) when it is received from DCCA.

Providers who have not updated their licenses are pended in HPMMIS and recoupment initiated for claims paid during the period between the expiration of the license and the processing of the DCCA file. The pend period is the last day of their previous active license through either the submission of a hard copy of their license for manual input into HPMMIS or the receipt of the subsequent electronic file from DCCA, whichever occurs earlier. Providers with inactive licenses are unable to submit claims for dates of services occurring after the pended date in HPMMIS.

REVALIDATION OF ENROLLMENT

Assures that providers will be revalidated regardless of provider type at least every 5 years.

The State shall rely upon revalidation credentialing performed by Medicare, other State Medicaid agencies, Children Health Insurance Programs of other States or MCOs contracted by the State for Fee-For-Service (FFS) ordering and referring providers. The State shall assure revalidation of Fee-For-Service (FFS) providers not otherwise credentialed.

TERMINATION OR DENIAL OF ENROLLMENT

Assure that the State Medicaid agency will comply with section 1902(a)(39) of the Act and with the requirements outlined in 42 CFR 455.416 for all terminations or denials of provider enrollment.

REACTIVATION OF PROVIDER ENROLLMENT

Assure that any reactivation of a provider will include re-screening and payment of application fees as required by 42 CFR 455.460.

4.5 Medicaid Recovery Audit Contractor Program

Citation:

Section 1902(a)(42)(B)(i) of the Social Security Act

- ☐ The State has established a program under which it will contract with one or more recovery audit contractors (RACs) for the purpose of identifying underpayments and overpayments of Medicaid claims under the State plan and under any waiver of the State plan.
- The State is seeking an exception to establishing such program for the following reasons:
 - a. The State is asking for an approximated .10 FTE Medical Director or Medical Professional. The vendor will establish a network of licensed medical professionals to perform Medical Director duties as defined in this regulation. The exception to the Medical Director will allow the contingency fee to remain below the highest rate paid to Medicare RACs.
 - b. Based on the CMS Informational Bulletin issued on February 1, 2011 and the final federal rules published on September 16, 2011, deferring the proposed April 1, 2011 implementation date for the RAC program to January 1, 2012, the State seeks an exception of its implementation date of April 1, 2011 to January 1, 2013. The deferral ensures compliance with the contract requirements in the contract requirements in the statue which are contained in the current vendor contract.
- The State Medicaid agency has contracts of the type(s) listed in section 1902(a)(42)(B)(ii)(I) of the Act. All contracts meet the requirements of the statute. RACs are consistent with the statute.

Place a check mark to provide assurance of the following:

- The State will make payments to the RAC(s) only from amounts recovered.
- The State will make payments to the RAC(s) on a contingent basis for collecting overpayments.
