Objectives:

1.(GCP) is the international ethical, scientific and practical standard to which all clinical research is conducted. Compliance with GCP provides public assurance that the rights, safety and well being of research participants are protected and that research data are reliable. This programme is aimed at improving the conceptual knowledge of the participant for Good Clinical Practices and resolving any dilemmas that a working professional may face regarding the application of GCP guidelines at his workplace.

2.This Program has been designed to introduce the students to various aspects and basics of GCP, its need and benefits in assuring the ethical and scientific integrity of clinical trials. GCP compliance provides assurance that the rights, safety and well-being of trial subjects are protected, and that the results of the clinical trials are credible. .

Course Outcomes:

1. After the successful completion of Course,the student shall be able to :
2. Describe the fundamental principles of Good Clinical Practices (GCP).
3. Discuss the medical research in India and types of clinical research.
4. Explain the roles in clinical research (sponsor, review board, the competent authority, monitor, auditor, investigator, research professional).
5. Identify principles of ICH GCP, including the E6 R2 Addendum.

Two -week Add on course on Good clinical Practice was organized from 08-12-2022 to 23-12-2022 in which around 30 students registered and participated. Certificates were issued to students who successfully met criteria of attendance and qualified assessment. It is overwhelming to note that all students gave positive feedback on overall conduct of Course. Objectives:

Main objective is not to treat people but to provide immediate attention to a sick or injured person at the scene. First aid helps prevent the situation from getting worse while waiting for full medical care.

The five main aims of first aid are to:

- ✓ Preserve life
- ✓ Prevent the escalation of illness or injury
- ✓ Promote recovery
- ✓ Provide pain relief
- ✓ Protect the unconscious

Learning Outcomes:

After the successful completion of Course, the student shall be able to :

1. Provide basic life support and first aid.
2. Understand and be able to respond to dangers to ensure the safety of yourself and Others in the area
3. Assess and assist a collapsed or injured person(s).
4. Apply basic first aid to a range of traumas and/or medical conditions

A Two Week Add on course on First Aid Fundamentals was organized from 01-2-2023 to 16-02-23 in which around 95 students registered and participated. Certificates were issued to students who successfully met criteria of attendance and qualified assessment.

It is overwhelming to note that all students gave positive feedback on overall conduct of Course. The event concluded with speeches of coordinator and resource person and thanks note by Head of the department.
