Second Regular Session, Fifty Seventh Legislature

Idaho Legislative Budget Book For Fiscal Year 2005

This *Legislative Budget Book* is the primary reference document used by the Joint Senate Finance – House Appropriations Committee in setting the Idaho State Budget. This year we are making the comprehensive detailed version available to all Legislators through the attached compact disk on the inside cover.

Section I of this document contains statewide summary reports, charts, graphs and historical tables. **Section II** provides some historical summary information about the state's four largest budgets, Public Schools, Higher Education, Medicaid, and Corrections, which comprise about 75% of the state General Fund.

Section III provides a more detailed description of agency budget requests for over 80 divisions, and can be accessed with the compact disk attached to the inside cover of this document. Also included is the Governor's recommendation for each division, which provides the Legislature with a side-by-side comparison of the agency budget request and the Governor's budget recommendation in a single, inclusive budget document.

Policy oversight is emphasized in this document by grouping and displaying minor programs at the agency or divisional level, and clearly displaying and comparing the key policy budget decisions that need to be made. Detail objects of expenditures (personnel costs, operating expenditures, capital outlay, and trustee & benefit payments) are de-emphasized to a certain extent, but in doing so allows the use of larger fonts with fewer pages. There is also a section for each state agency entitled *Issues & Information* that includes organizational charts, performance measures and other analysis that hopefully contributes context to the discussion of each agency's budget.

A comprehensive database and numerous working files also support the information contained in this document. This enables the Legislature's Budget and Policy Analysis staff to provide an extensive amount of fiscal information to Legislative leadership, members of JFAC, germane committees and the Legislature as a whole.

IDAHO STATE BUDGET PROCESS

The Idaho Decision Unit (DU) Budget Model

Benchmark 1

FY 2004 Original Appropriation: The amount appropriated last session for the current fiscal year, which began July 1, 2003, and runs through June 30, 2004. It is the amount of spending authority specified in the original appropriation bill.

Decision Units adjusting current year Appropriation

Reappropriation: An appropriation is usually good for only one fiscal year. However, in some instances, the Legislature allows an agency to carryover unexpended balances to the next fiscal year, thus increasing the total appropriated spending authority over the amounts designated in the original appropriation bill.

Supplemental Appropriation: These are generally requests for additional funding in the current fiscal year to address unforeseen emergencies. However, supplementals may also be used to delete funds (*rescissions*) or transfer funding between expenditure classes, funds, programs or agencies.

Benchmark 2

FY 2004 Total Appropriation: The amount specified in the original appropriation bill plus reappropriations (carryover), supplemental appropriations and other adjustments made by the Legislature or, potentially, the Board of Examiners.

Decision Units adjusting current year Expenditures

Expenditure Adjustments: Agencies can adjust their appropriations, within legislatively approved guidelines, to accurately reflect the way the money will likely be expended. Adjustments can include **Executive Holdbacks**, recording receipts to appropriations, recording noncognizable funds, transfers between expenditure classes, and transfers between programs.

Benchmark 3

FY 2004 Estimated Expenditures: The expenditure class detail (personnel costs, operating expenditures, capital outlay, and trustee & benefit payments) of how an agency intends to expend its current year appropriation. Includes the total appropriation plus all current year adjustments.

Decision Units adjusting current year Base

Base Adjustments: This is where funding provided for one-time (non-recurring) purchases for the current year is removed from an agency's budget, and where across-the-board base reductions or funding holdbacks are made. These adjustments also allow an agency to reorganize its operations for the coming fiscal year, if desired, by transferring funds between programs or summary objects.

Benchmark 4

FY 2005 Base: The Base is the major benchmark in the appropriations process. The Base reflects current year estimated expenditures plus base adjustments minus one-time funding. It is the starting point in building an agency's appropriation for the next fiscal year.

Decision Units adjusting Maintenance of Current Operations (MCO) service level for next fiscal year

Personnel Cost Rollups: These are increases in the cost of maintaining a range of employer-paid benefits for state employees such as social security, retirement (PERSI), and health insurance.

Inflationary Adjustments: Agencies are directed to request an increase in their operating and trustee/benefit expenses, based on the Consumer Price Index (CPI), to address higher, inflation-driven costs.

Nonstandard Adjustments: These adjustments identify costs that are not accurately classified in the other "maintenance" adjustments but which are necessary to maintain current levels of service. These increases are often beyond the control of the requesting agency or represent increased volume within current responsibilities. Examples include increases in audit fees, legal fees, rent, insurance premiums, personnel reclassifications or growth service group populations such as students or prisoners.

Annualizations: This budget component identifies full-year costs for budget items which were partially funded in the prior year.

Employee Compensation: Known as Change in Employee Compensation (CEC), this decision unit identifies increases in salaries and variable benefit costs for classified and exempt state employees.

Fund Shifts: Replaces a loss of one fund source with another to maintain existing levels of service.

Benchmark 5

FY 2005 Maintenance of Current Operations (MCO): MCO includes an agency's Base budget plus the appropriate "maintenance" adjustments that may be required to maintain current service levels. This level of funding does not support the expansion of existing programs or the addition of new programs

Enhancement Decision Units for next fiscal year

Program Enhancements: These decision units, listed in priority order, reflect an agency's desire to either add new program elements, expand the scope of existing services or respond to increasing work loads.

Benchmark 6

FY 2005 Total Appropriation: The total funding appropriated for the coming fiscal year, that will begin on July 1, 2004 and end on June 30, 2005. It includes an agency's Base budget plus any maintenance adjustments to support current service levels plus any authorized enhancements to expand service levels or add new services.

General Fund Summary

FISCAL YEAR 2004

<u>REVENUES</u>	<u>Current Statutory Budget</u>	<u>Governor's Recommendation</u>
1. Beginning Balance	\$ 15,745,000	\$ 15,745,000
2. FY 2004 baseline Executive Revenue Est. (4.4%)	1,814,811,900	1,814,811,900
Revenue Adjustments:		
3. One cent sales tax (HB 400)	170,460,000	170,460,000
4. Cigarette tax increase to 57c (HB 452)	22,150,000	22,150,000
5. Federal flexible grants	50,000,000	50,000,000
6. All other legislation impacting General Funds	5,203,000	5,203,000
7. Transfers out for deficiency warrants		(11,915,500)
8. Transfer to the Public Schools health & safety fund		(377,500)
9. Transfer to the Disaster Emergency Fund		(125,000)
10. Total Estimated Revenues	<u>\$ 2,078,369,900</u>	<u>\$ 2,065,951,900</u>

39. Grand Total	<u>\$ 2,154,762,900</u>	<u>\$ 2,083,815,600</u>
40. <u>ESTIMATED ENDING BALANCE</u>	<u>\$ 15,650,400</u>	<u>\$ 68,511,900</u>

General Fund Summary

FISCAL YEAR 2004

Fiscal Year 2004, as shown on the facing summary table, is based upon an executive revenue estimate of 4.4% over FY 2003 actual collections (line 2). In addition to this "normalized" revenue projection, there are several adjustments made in lines 3 through nine, including the increased sales tax, cigarette tax and the \$50.0 million in federal flexible grant funds received as part of H.R. 2, the Jobs and Growth Tax Relief Reconciliation Act of 2003 which was signed into law in April, 2003. There is also an adjustment required for deficiency warrants - a transfer out of the General Fund to cover the costs of fire suppression, pest control and hazardous materials clean-up which total \$11.9 million (line 7). Overall, the FY 2004 revenue contains more than enough resources to cover current expenditures and leave a sizeable year-end balance, but it is important to recognize that \$72.6 million in FY 2004 revenues will fall out of the FY 2005 revenue stream (the federal relief and the cigarette tax increase), and another \$180 million will fall out of the FY 2006 revenue stream with the sunset of the one cent sales tax increase authorized last year.

On the spending side for FY 2004, the Governor is recommending no basic changes to the budget authorized by the Legislature for FY 2004 with the exception of recommending a \$4.0 million supplemental for the Catastrophic Health Care Fund to cover anticipated costs for indigent medical services, and some minor current year adjustments in other agencies. The federal relief package also includes a one-time match rate reduction in the state's Medicaid program which will enable the state save an estimated \$15.0 million, after taking into consideration the growth in caseload. The overall picture, however, is quite positive, and the state will be able to carry over sizeable balances in both FY 2004 and FY 2005 to help offset the sales tax sunset.

FISCAL YEAR 2005

The Governor's budget recommendation for Fiscal Year 2005 is predicated on a "normalized" revenue estimate of 6.2% over the FY 2004 estimate (line 19). Added to this base estimate is the final year of the temporary sales tax increase (line 20), and the continuation of three tax credits authorized for fiscal years 2002 through 2004 for research and development, broadband investment and jobs credit. In addition the Governor is recommending the normal statutory transfer to the Budget Stabilization Fund (line 24).

On the spending side the Governor is recommending some basic increases for health insurance costs, medical inflation, a 2% Change in Employee Compensation, Medicaid caseload increases and Public School formula increases. This budget level is a very basic "Maintenance of Current Operations" spending plan, which overall reflects a 4.8% increase and leaves a balance of \$68.5 million to carry forward into FY 2006 to help off-set the impact of the sales tax sunset.

Most of the state agency and institution budget increases are between one and three percent, with the glaring exception of Medicaid, which reflects an increase of 15.2% and pulls the overall budget increase up to 4.8%. The summary table showing the individual agency budget recommendations can be found on pages 17 and 19. The intent, of course, in keeping the expenditure level as flat as possible, and maximizing the amount of General Funds carried over into FY 2006, is to help off-set the impact of sunsetting the temporary one cent sales tax increase, which will decrease General Fund revenues by about \$180 million in FY 2006.

Change in Employee Compensation (CEC) Legislative History

FY 1998 to FY 2005

Idaho Code §67-5309B(d) requires the Division of Human Resources to conduct or approve salary surveys within relevant labor markets and make a report to the Governor of proposed salary changes and their estimated costs. The Governor must submit the division's report or his own report to the Legislature prior to the seventh legislative day. By concurrent resolution, the Legislature may accept, modify or reject either report. Failure by the Legislature to act prior to adjournment shall constitute approval of the Governor's report.

FY 2005

The Governor recommends a compensation increase of 2% to be distributed based on merit. No adjustment to the pay line is recommended. The Division of Human Resources recommended the following: (1) statute change to allow for pay schedules unique to occupational groups; (2) provide an average of 10% permanent merit raises for nursing occupations; and (3) one of the following: provide a 6.8% CEC in the first installment of a five year plan of annual increases to achieve market parity; or provide as much funding as possible for a permanent CEC, and "refine the current law to specify the goal of average market pay targets", or provide 2% one-time funding to be used for bonuses to support retention and recognition of employees, and allow agencies to use savings in their operating budgets to address needs in their personnel budgets.

FY 2004

The 2003 Legislature took no action, thereby adopting the Governor's recommendation by default, which was no increase in funding for employee compensation, but to allow compensation increases with agency salary savings wherever possible.

FY 2003

The 2002 Legislature took no action, thereby adopting the Governor's Recommendation by default. It provided no increase in funding for employee compensation, but allowed employee compensation increases to be made from agency salary savings.

FY 2002

Because the 2001 Legislature did not adopt a CEC resolution, the Governor's Recommendation was approved by default. It provided a 4.5% increase for all state agencies -- 3.5% to be used for performance related increases plus 1% to address agency specific compensation issues (2% for higher education faculty). CEC was budgeted at \$20.2 in General Fund money and \$37.4 million in all funds.

FY2001

The Legislature adopted HCR 35, which was the employee compensation resolution adopted by the Joint Legislative CEC Compensation Committee. HCR 35 ratified the framework of the Governor's recommendation, which included a 5% move in the

payline structure, and a 3.5% CEC, distributed based on merit. HCR 35 also included language encouraging agency directors to make special efforts for low-wage employees who are performing satisfactorily in their positions. CEC was budgeted at \$14.6 million General Fund and \$28.5 million total.

FY 2000

The 1999 Legislature took no action, and by doing so accepted the Governor's recommended 3% statewide average pay increase for state employees. The Governor's recommendation included no movement in the payline, with the full 3% CEC to be distributed on the basis of merit. CEC was budgeted at \$13.4 million General Fund and \$22.8 million total.

FY 1999

SCR 122, a product of the CEC Committee, concurred with the Governor's 5% performance-based pay raise which included a 2% payline move. Moving the payline required only about \$500,000 in General Fund money and \$800,000 in all funds. The Committee also added its own "decompression" emphasis by way of an expectation stated in the resolution that agency directors will give due consideration to employees who have been performing satisfactorily in a position for five or more years but who are below the policy pay rate within their pay grades. CEC was budgeted at \$21 million in General Fund money and \$35.5 million in all funds.

FY 1998

The CEC Committee voted to accept the Governor's recommendation of a 2% pay increase with no payline movement and individual increases to be based on performance. JFAC voted to not fund any CEC increase, but encouraged agencies to provide merit-based raises with monies available in their existing appropriation (e.g. salary savings). HCR 25 stated the Legislature's support for the Governor's CEC recommendation and authorized and encouraged agencies to provide such pay increases to the extent possible within existing appropriations. Zero General Fund and total dollars were budgeted for CEC.

Change in Employee Compensation (CEC) 20 Year Historical Comparison

Fiscal Year	General Fund Expenditures	% Chg	Personnel Commission*	CPI % Chg	CEC Funded

Average Annual Change		4.62%	0.25%	2.14%	2.00%
Cum. Ave. Annual Change		7.80%	6.42%	3.06%	3.07%

* CEC recommendation from Personnel Commission (prior to FY2001) or Division of Human Resources pursuant to Idaho Code §67-5309B(d).

¹ Reflects payline move

² Payline move was effective 9/20/87 (reducing overall cost to 3%, resulting in one-time savings)

³ Only 2/3 funded for most agencies

⁴ Includes payline move

⁵ Reflects payline move; step for step policy removed, so increases are based solely on performance.

⁶ DHR recommended a salary increase to address competitive pressures, but did not recommend a specific percentage.

⁷ No general CEC increase recommended, but recommended .5% allocation to all agencies to retain and recruit staff. An additional 2% was recommended for select

⁸ Additional recommendations include a 4% CEC for nursing occupations and 2% for corrections officers, and allocate another 1% merit pool to be awarded in August 2003 contingent on a pre-determined level of state revenues.

State Employer Paid Benefit Costs

FIXED BENEFITS - per eligible employee:

	Annual Cost	Monthly
Health Insurance (medical and dental)	\$5,430.00	\$452.50
Medical Continuation Reserve - Disability, 30 month	\$14.00	\$1.17
Flexible Spending Account (FSA)	\$2.00	\$0.17
Group Insurance Administrative Budget	\$36.00	\$3.00
Retiree Health Insurance Subsidy	\$96.00	\$8.00
Integrated Behavioral Health Plan (IBHP)	\$95.00	\$7.92
TOTAL FIXED BENEFITS	\$5,673.00	\$472.76

VARIABLE BENEFITS - % of Gross Salary:

FICA - Social Security	6.20% (to \$89,200)
FICA - Medicare	1.45%
Unemployment Insurance (Idaho Code §72-1301)	0.38%
Life Insurance	1.10%
Retirement - regular rate (Idaho Code §59-1301)	9.77%
Other Rates: police officers and fire members 10.01%	
Unused Sick Leave (Idaho Code §67-5339)	0.65%
(benefit = 1/2 sick leave balance, up to 600 hours, multiplied by the hourly rate at retirement to purchase health insurance)	
Div. of Human Resources (Idaho Code §67-5314)	0.62%
Only agencies with classified employees pay the Div. of Human Resources rate	
Average Workers Compensation Rate (Idaho Code §41-1601)	0.92%
Workers Compensation rates vary by agency	
TOTAL VARIABLE BENEFITS	21.09% x salary

Example: Employer Paid Benefits

	<i>low end</i>	<i>middle</i>	<i>high end</i>
<i>Hourly rate</i>	\$7.80	\$16.65	\$32.18
<i>Annual Salary (hourly rate x 2080 hours)</i>	\$16,224	\$34,632	\$66,934
<i>Fixed Benefits (Health Insurance)</i>	\$5,673	\$5,673	\$5,673
<i>Variable Benefits (21.09 % x salary)</i>	\$3,422	\$7,304	\$14,116
<i>Total</i>	\$25,319	\$47,609	\$86,724
<i>Ratio of Benefits to Annual Salary</i>	56%	37%	30%

Other benefits:

(1) Paid Holidays = 10 days (Idaho Code §67-5302(13) and §59-1607(1))

(2) Sick Leave = 96 hours per 2080 hours or about 12 days per year. (Idaho Code §67-5333 and §59-1605)

(3) Vacation time based on credited state service. About 12 days/year for first 5 years, 15 days/year for next 5 years, 18 days/year for next 5 years, and 21 days/year thereafter. (Idaho Code §67-5334 and §59-1606)

(4) As part of the Gain Sharing program (whereby excess investment gains from the PERSI defined benefit fund are distributed to employees, employers, and retirees), the Choice Plan was also established as an optional defined contribution 401(k) plan open to all members who are eligible. The Choice Plan is in addition to, and separate from, the mandatory defined benefit retirement plan. (Idaho Code §59-1308) NO EMPLOYER CONTRIBUTION.

(5) 457 deferred compensation plan offered through the Public Employee Benefit Services Corporation (PEBSCO). NO EMPLOYER CONTRIBUTION.

State Employee Paid Benefit Costs

MONTHLY PREMIUM RATES:

Provider	Employee Only	Employee + spouse	Employee + child	Employee and 2+ children	Employee + spouse & Children

History of Non-program Transfers from the Millennium Fund

H701 (2002 Idaho Sess. Laws 156) transferred to the General Fund the April 2002 tobacco payment (\$19.3 million) distributed to the State of Idaho pursuant to the tobacco Master Settlement Agreement.

S1517 (2002 Idaho Sess. Laws 205) transferred to the General Fund \$10 million from the fiscal year 2003 scheduled tobacco payments.

S1195 (2003 Idaho Sess. Laws 341) transferred the following: (1) \$798,200 to the Income Fund for FY03 Millennium Fund projects; (2) \$2,438,700 to the Income Fund for FY04 Millennium Fund projects; (3) the entire remaining balance of the fund to the General Fund (\$43.6 million); and (4) \$16.3 to the General Fund from the April 2003 tobacco payment.

* Public Schools and the state General Fund budget reflects the 2004 Original Appropriation.

~The average annual growth rate in state General Fund expenditures from 1982 to 2004 has been 7.6%, essentially identical to the average annual growth rate in General Fund support for Public Schools over this same time period. Public school enrollment has grown at less than 1% annually during this time.

~In 1982, Public Schools made-up about 48% of the state's General Fund budget. This funding level has not changed significantly, with Public Schools now accounting for about 47% of the state's General Fund budget.

~Because the number of children enrolled in public schools has grown so slowly over time (less than 1% a year, on average), most of the state funding increases for Public Schools have gone into increasing the salaries of teachers and administrators, and reducing class sizes.

Public School Support

Note: Based on Fall 2001 SDOE data.

~ The staff area with the largest percentage increase in total salaries over the last ten years has been among teachers ("instructional services"), where average total salaries have increased 47%. This is equivalent to an annual increase of 3.9% for each of the last ten years. The area with the largest percentage increase in total salaries in the last year has been student services, where average total salaries increased 1.7%.

~ The specific job classification with the largest percentage increase in total salaries over the last ten years has been that of School Nurses, where average total salaries have increased 54.6%. This is equivalent to an annual increase of 4.4% for each of the last ten years. The classification with the largest percentage increase in total salaries in the last year has been that of School Nurses, where average total salaries increased 2.8%.

~ Two job classifications - Assistant Superintendents and Directors - actually had their average total salaries decline in the last year, by 2.4% and 0.7%, respectively. This may be due to turnover, especially in the Assistant Superintendent area, where there are only about 21 such positions statewide.

~ Overall, the rate of salary increases slowed in FY03, in concert with a slowing of the rate of increase in state appropriations to Public Schools.

Average Annual Change	7.8%	6.2%	2.3%	2.4%
------------------------------	-------------	-------------	-------------	-------------

* Higher Education and the state General Fund budget reflects the FY 2004 Original Appropriation.

** FTE represents Full-Time Equivalent Students.

The average annual growth rate in state General Fund expenditures to Higher Education from 1982 to 2004 has been 6.2% or 1.6% less than the average annual growth rate in General Fund. Higher education enrollment, as measured by both full-time equivalent students and headcount, has grown less than 2.5% annually during this time.

In fiscal year 1982, Higher Education received a bit more than 15% of the state's General Fund budget. Today, twenty-two years later, that proportion has dropped to under 11%.

Had higher education received funding in FY 2004 based on its FY 1982 proportion, the appropriation would have been \$306 million or 40% more than the \$218 million it actually did receive.

The number of full-time equivalent students at Idaho's four year college and universities has grown 63% or 13,500 equivalents while the headcount increased by 65% or 17,700 students. Over this same period state funding for Higher Education increased by 233% or \$152.4 million.

* Medicaid and the state general fund budget reflects the 2004 Original Appropriation.

The average annual growth rate in state general fund expenditures from 1982 to 2004 has been close to 8%, while the average annual growth rate in Medicaid over this same time period has been around 14%. In effect, doubling about every seven years. Medicaid eligibles have grown about 9% annually.

In 1982, Medicaid made-up 4% of the state general fund budget, but that has grown to almost 13% in 2004.

Medicaid was expanded greatly from 1987 through 1994. This was the result of both Congressional and Legislative actions. For example, the federal government expanded Medicaid eligibility and reformed the standards that govern nursing home care. These activities resulted with the enactment of three major federal laws: the Omnibus Budget Reconciliation Act (OBRA) of 1987, the Medicare Catastrophic Coverage Act (MCCA) of 1988, and the Omnibus Budget Reconciliation Act (OBRA) of 1989. In 1990, the Idaho Legislature expanded Medicaid to include personal care services and the following year it expanded Medicaid to include other optional services such as durable medical equipment, soft organ transplants, adult dental, adult vision, adult hearing, and prosthetics.

Beginning in 1999, Medicaid once again began to grow significantly. This was due in part to the Congressional expansion of Medicaid to include another new optional program known as the Children's Health Insurance Program (CHIP), which Idaho subsequently adopted. While only 10,850 children are currently enrolled in the program, many more children and their families have been found to qualify for benefits under the normal Medicaid program after having applied for services under CHIP. Likewise in 2003, the Legislature established a new CHIP Access Card program within Medicaid to expand insurance coverage to uninsured children from low-income families. The benefit payments are scheduled to begin July 1, 2004. With the implementation of this new program, officials estimate that 3,049 clients will be served. It is also estimated that for every client that qualifies under this new program, two more will qualify for either the regular CHIP program or for services under Medicaid. As a result, the CHIP program will see an expansion of 4,573 clients and the Medicaid program will grow by an additional 1,524 at a cost of \$16,226,200 (\$3,409,500 General Fund). The overall fiscal year 2005 General Fund impact, as a result of the expanded CHIP program, is \$4.1 million to cover increased clients, automation requirements, and eligibility.

Medical Assistance Services

Medical Assistance Program Federally Required vs Optional Medicaid Services

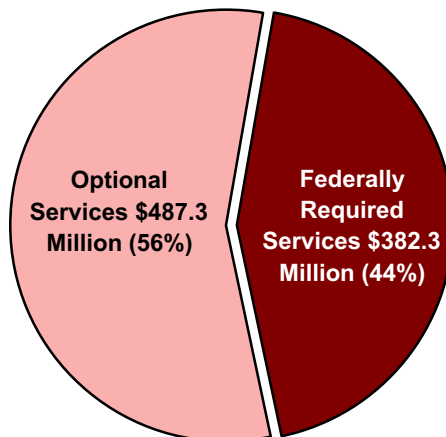

In FY 1993, Expenditures for Federally Required Services Amounted to 75% of the Overall Medicaid Budget with the Cost of Optional Services 25% of the Total.

FY 1993 Total:
\$300.3 Million
 (12/92 Estimate)

In FY 2003, Expenditures for Federally Required Services Dropped to 44% of the Overall Medicaid Budget with Optional Services Expanding to 56%.

FY 2003 Total:
\$869.6 Million

Required Services. Idaho must ensure that Medicaid clients receive the health care services required by federal guidelines. These mandatory services include physician visits, family planning, laboratory tests, health screening services for individuals under age 21, hospital inpatient and outpatient services, and prescription drugs for children and pregnant women.

Optional Services. Idaho also provides a number of optional services, such as prescription drugs for adults; expanded personal care services; full coverage of prosthetic devices for adults; dental, eye, and hearing services for adults; heart, liver and other organ transplants for adults; payment for services at long-term care facilities for the mentally retarded; adoption and expansion of a children's health insurance program; services for developmentally disabled adults; mental health services for adults; chiropractic and podiatry services; physical therapy; enhanced pregnancy services; breast and cervical cancer services; and services from ambulatory surgical centers.

* State budget general fund reflects the 2004 Original Appropriation and revised forecasted inmate population.

The average annual growth rate in state general fund expenditures from 1982 to 2004 has been 7.6%, while the average annual growth rate in Corrections over this same time period has been 12.8%. The inmate population in prison has grown just under 9.2% per year, while the number of parolees and probationers under state supervision has grown by 7% during the same time frame.

In 1982, the Department of Correction made up 2% of the state general fund budget and that has increased up to 5.4% in 2004. During the last ten years the significant percentage increases have occurred with the opening or expansion of state prisons. In 1995, the women's prison opened in Pocatello, and in 1998 the Idaho State Correctional Institution was expanded by 580 beds. In 2001, the 1,272-bed Idaho Correctional Center (privately-operated prison) became operational at half-capacity, and the appropriation included funding of \$1.4M for the bond payment, and \$1.1M for one-time startup costs.

The significant increase in FY 2002 was due to taking the Idaho Correctional Center up to capacity, adding an additional \$2.6M for the full bond payment, significant increases in substance abuse treatment and program evaluation, educational services, and the expansion of the male "rider" program at Cottonwood. During the FY 2003 legislative session, \$2.3 million was removed in a negative supplemental due to lower than funded population growth, and by the end of the fiscal year the department also reverted \$1.3 million to the General Fund. In FY 2004, \$4 million for the bond payment to the Idaho Building Authority for the Idaho Correctional Center was transferred to the Department of Administration creating the impression of less growth in the budget.

The Department of Correction has recently revised the original FY 2004 inmate growth forecast downward from 6,640 to 6,072. The FY 2004 Original Appropriation was set considering the higher estimate, but provided significant resources for transitional services and enhanced supervision expecting 400 offenders to stay in the community to receive relapse services rather than returning to prison for treatment. At the beginning of October the FY 2004 forecast was officially revised downward by 241 from the original forecast released in November 2002. The Forecast Advisory Committee is now projecting a 4.2% increase or 247 new inmates. At the end of this November, the department had a total of 5,835 or 112 fewer offenders in the prison system than had been projected with the FY 2004 revised forecast.

Department of Correction

Forecasting Offender Population Growth

- NEWEST FORECAST**

The Idaho Offender Population Forecast FY 2004 to 2007 was released by the Department of Correction in October 2003. The results of previous forecasts for incarcerated offenders are shown in the table below. The Department of Correction develops the forecast based on guidance from the Forecast Advisory Committee. The complete forecast provides an estimate of the incarcerated and supervised offenders for the next four years.

The current year's forecast is revised mid-year when the updated version of the forecast is published. The first official forecast was published in January 2001 with a mid-year projection that the state would have 331 more inmates in prison at the end of FY 2001 than at the end of FY 2000. Actual growth was 450 inmates.

	FY 2001	FY 2002	FY 2003	FY 2004	FY 2005
<i>Original Forecast</i>		396	545	488	265
<i>Mid-Year Revised Forecast</i>	331	428	350	247	
<i>Actual Growth</i>	450	350	23		
<i>Percentage Change</i>	9%	6.4%	0.4%	4.2%	4.4%

The forecast methodology is a flow model, and is influenced by two key factors: 1) offenders entering the system and 2) offenders leaving the system. The model relies on the Forecast Advisory Committee members to establish the future rates at which the courts will admit offenders. The number of offenders entering the system is then calculated based on the Idaho population age 20 to 34. The Bureau of Review and Analysis in the Department then uses historical patterns of offender status changes to determine when offenders will leave the system. This combination of information completes the forecast. The complete forecast will be distributed to legislative Leadership, the Senate and House Judiciary Committees, and to JFAC for consideration in making budgetary decisions.

- FLOW MODEL**

The following graphic represents the "flow model" for forecasting the prison population. Additional information on the forecast is available in the Issues and Information section of the Operations Division of the Department of Correction budget request.

Percentages represent averages from FY 1996 through 2003

1. Teacher Mentoring Program

This enhancement would provide ongoing General Fund support for the teacher mentoring program.

Because there was no legislative language in the FY 2004 appropriation bill for the Division of Teachers that specifically earmarked money for this program, no funds are currently being provided. School districts are still required, however, by Section 33-514, Idaho Code, to provide for a teacher mentoring program for all teachers in their first three years of employment in the district (not in the profession). The Legislature had previously earmarked the \$2,000,000 being requested for this program in Fiscal Years 2001 through 2003.

2. ISAT Intervention

This "enhancement" is tied to a related enhancement in the Division of Children's Programs, where the issue is described more fully. This facet, in the Division of Teachers budget, would eliminate the \$1,000,000 earmark for Least Restrictive Environment (LRE) funds, and thereby help to partially offset the \$5,000,000 cost of the ISAT Intervention request. LRE provides funds for teacher training and to hire teachers' aides to assist in dealing with the challenges of having special needs children in regular public school classrooms. The Legislature has provided this funding earmark from FY 1998 through the present.

Agency Request	0.00	(1,000,000)	0	0	(1,000,000)
----------------	------	-------------	---	---	-------------

The Governor recommends the proposed elimination of the \$1,000,000 Least Restrictive Environment program, but not the \$5,000,000 in requested funding for ISAT Intervention (located in the Division of Children's Programs)..

Agency Request	0.00	729,500	0	0	729,500
Governor's Recommendation	0.00	729,500	0	0	729,500

Inflationary Adjustments

Includes a general inflationary increase of 1.9% in state discretionary funds.

Agency Request	0.00	549,000	0	0	549,000
<i>The Governor recommends no increase for general inflation.</i>					
Governor's Recommendation	0.00	0	0	0	0

Nonstandard Adjustments

Nonstandard Adjustments include the cost of a projected increase of 200 support units (\$1,655,000), an increase in federal funds spending authority (\$235,600), an increase in property tax replacement costs to the \$75 million cap (\$1,977,300), increased state-funded pupil transportation costs (\$1,907,700), and the portion of a projected reduction in endowment funds that is not being requested for a fund shift (-\$1,385,500).

Agency Request	0.00	5,540,000	(1,385,500)	235,600	4,390,100
----------------	------	-----------	-------------	---------	-----------

The Governor recommends a smaller increase of \$1,161,100 for pupil transportation. The recommendation also reflects a greater decline of \$7,308,300 in endowment fund revenues. This greater decline is a result of a pending decision that the Land Board may make to change the distribution rule for endowments from 7.5% of the three-year moving average value of the fund, to 4% of the three-year moving average.

Governor's Recommendation	0.00	4,793,400	(7,308,300)	235,600	(2,279,300)

1. Technology

This enhancement requests the continuation of the \$5 million for the Public School Technology Grant Program, which, when combined with the \$3.4 million of base support, would maintain the \$8.4 million level which has been provided since FY 2003. Under the direction of the Idaho Council for Technology in Learning, the technology grant program distributes \$20,000 to most districts, with a lesser amount to smaller districts, plus \$35 per student. Although many classrooms have been helped by these funds over the last nine years, the need to upgrade classroom equipment and train teachers in the effective use of these resources continues, due to changing technology and teacher attrition.

Division Description

The Division of Children's Programs includes programs that provide direct educational or material benefits to children, where funding does not primarily go to paying certificated teachers and administrators. It also includes programs that primarily and specifically provide funding for the separate instruction of identified subgroups of children outside the normal classroom of an Idaho public school. Funding is provided from both state and federal funds.

1. ISAT Intervention

This enhancement would provide ongoing General Fund support to provide additional tutoring and instruction for children who are unsuccessful in one or more subject areas of the Idaho Standards Achievement Test (ISAT). This request would require \$3.5 million in actual new money, since this request also includes a proposed \$500,000 reduction in funding for the Idaho Reading Initiative (IRI) (currently funded at the \$3.3 million level), and the proposed elimination of funding for the Least Restrictive Environment (LRE) program, as shown in the Division of Teachers budget. Because this ISAT Intervention program would provide a duplication of some of the extra instructional services provided through IRI, at least at the K-3 levels, IRI funding is proposed to decrease accordingly, to eliminate any duplication.

Agency Request	0.00	4,500,000	0	0	4,500,000
----------------	------	-----------	---	---	-----------

The Governor recommends the proposed removal of \$500,000 from the \$3.3 million Idaho Reading Initiative program, but not the \$5,000,000 in requested funding for ISAT Intervention.

Division Description

Article IX, Section 1 of the Idaho Constitution provides:

"LEGISLATURE TO ESTABLISH SYSTEM OF FREE SCHOOLS. The stability of a republican form of government depending mainly upon the intelligence of the people, it shall be the duty of the legislature of Idaho, to establish and maintain a general, uniform and thorough system of public, free common schools."

This program provides state funding to the 114 local school districts throughout the state.

Regional Comparative Information on Average Teacher's Salaries: 2001-02

~includes percent change from prior year

Source: American Federation of Teachers,
Average Teacher Salary in 2001-02, State Rankings

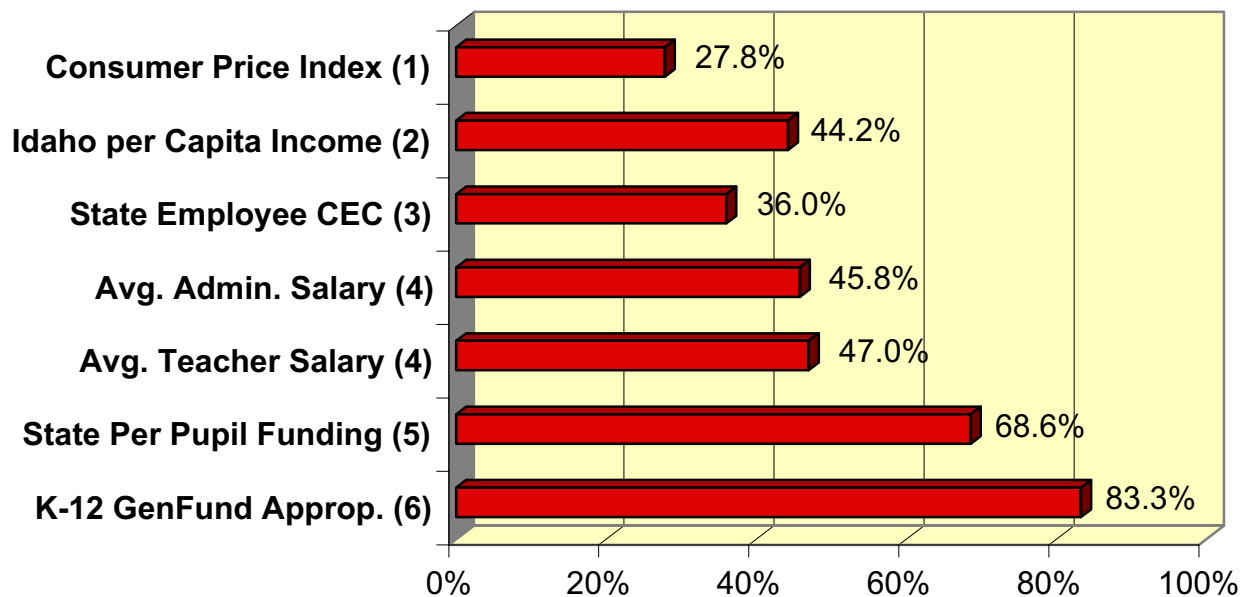

- Idaho does not have a mandatory statewide salary schedule, apart from a requirement that each full-time teacher be paid at least \$25,000/year. Salaries are determined at a local district-by-district level based on individual collective bargaining agreements. The state provides for a salary-based apportionment formula which is based on state base salary and staff allowance factors, enrollment (the number of school district support units), and the average education and experience (index) in each district. This determines what the state will fund, although districts may exceed this using local resources.

- Idaho utilizes a base salary for purposes of determining the salary-based apportionment on a statewide basis. To change the value of the apportionment, apart from enrollment (support units) changes, a change to the base salaries as established in Idaho Code, Section 33-1004E, is normally required. The FY 2004 Public Schools appropriation did not fund any increases in base salaries, nor did it fund pay increases driven by changes in the experience/education index. Instead, Idaho Code was amended to freeze this index at the current level, thereby preventing state funding for pay increases from occurring automatically, and without annual legislative review.

Department Description

Pursuant to Section 20, Article IV, Idaho Constitution, all executive and administrative offices, agencies, and instrumentalities of the executive department of the state, except for those assigned to the elected constitutional officers, are allocated within not more than twenty departments. In compliance with the Idaho Constitution and pursuant to section 67-2402, Idaho Code, the State Board of Education has been established as one of the twenty departments. The agencies and institutions in this section have been assigned to the State Board of Education.

Division Description

The University of Idaho's College of Agriculture has a land grant mandated, three-pronged mission: education, research, and extension. The education component is funded through the UI's portion of the College and Universities' general education appropriation. The research and extension components are funded directly via this appropriation to the Agricultural Research & Extension Service (ARES).

Agricultural research scientists are located at the campus in Moscow and the Caine Veterinary Teaching Center at Caldwell; at Research and Extension Centers at Sandpoint, Parma, Caldwell, Boise, Twin Falls, Kimberly, Aberdeen, Idaho Falls and Teton; and at the USDA/ARS Soil and Water Laboratory at Kimberly. University research support staff are also located at the USDA/ARS Sheep Experiment Station in Dubois. ARES work includes research on major Idaho agricultural products and on economic activities that apply to the state as a whole.

The Cooperative Extension Service has offices in 42 of Idaho's 44 counties (all except Boise and Shoshone counties) under the leadership of men and women who are specially trained to work with agriculture, families, youth and communities. The educational programs of these College of Agriculture faculty members are supported cooperatively by county, state and federal funding.

Appropriated funding provides base support for agricultural research and extension programming, and also provides leverage to generate additional grant and contract funding for ongoing program needs as well as new program redirections.

Reappropriations

Reappropriation--or 'carry over'--authority allows unspent funds from the prior fiscal year to be carried over and spent in the current fiscal year. 'Carry over' requires specific legislative authorization and must be approved every year. Few appropriations receive reappropriation authority.

Budget by Decision Unit

	FTP	General	Dedicated	Federal	Total
--	-----	---------	-----------	---------	-------

Fund Shifts

The federal funds received by the Agricultural Research & Extension Service (ARES) are capped and cannot be increased to cover new costs such as Maintenance of Current Operations (MCO) increases. Essentially the same thing is true with the dedicated funds (Equine Education and Miscellaneous Revenue) received by ARES as they are not expected to grow. This request for a fund shift would move ARES federal and dedicated fund MCO increases totaling \$122,000 to the General Fund. These maintenance increases include \$72,500 for personnel benefit increases, \$8,400 for inflationary increases and \$41,100 for a 1% CEC. ARES makes this request to allow all existing federal and dedicated funds to continue to be used for programs and services instead of MCO increases.

Agency Request	0.00	122,000	(7,100)	(114,900)	0
----------------	------	---------	---------	-----------	---

The governor does not recommend replacing federal or other funds needed for maintenance costs with General Fund money. However, additional expenditures may be recognized in these funds to the extent cash is available.

Governor's Recommendation	0.00	0	0	0	0
---------------------------	------	---	---	---	---

FY 2005 Program Maintenance					
Agency Request	373.11	24,520,700	318,000	4,599,500	29,438,200
Governor's Recommendation	373.11	24,523,500	324,100	4,749,000	29,596,600

Lump Sum or Other Adjustments

Consistent with other higher education appropriations, the Agricultural Research & Extension Service requests a lump sum appropriation for FY 2005. A lump sum appropriation allows for the transfer of funds between expenditure classes at the agency's discretion. ARES feels this flexibility is an essential element in their ability to react quickly to the changing and unexpected needs of their statewide research and extension mission and to provide startup funding for new faculty. ARES has received lump sum appropriations each year since FY 1998.

A lump sum appropriation removes all restrictions that limit the transfer of moneys among Personnel Costs, Operating Expenses, Capital Outlay and Trustee/Benefit Payments. As an exception to state budget laws, a lump sum appropriation requires specific legislative authorization and approval per Section 67-3508(1), Idaho Code. A Lump Sum Adjustment nets to zero dollars.

Division Description

Idaho's baccalaureate institutions of higher education include Boise State University in Boise, Idaho State University in Pocatello, the University of Idaho in Moscow, and Lewis-Clark State College in Lewiston.

These four year schools provide a wide variety of on and off-campus educational programs to meet the personal and professional needs of Idahoans at the baccalaureate, masters and doctoral levels. They also provide assistance to Idaho citizens through research and service programs. Idaho's college and universities cooperate and collaborate to efficiently use the resources that support the state's higher education system.

Reappropriations

Reappropriation authority -- otherwise known as carryover -- allows unspent funds from the prior fiscal year to be carried over and spent in the current fiscal year. Those moneys are then removed as one-time expenditures before calculating the FY 2005 Base. Carry over requires specific legislative authorization and must be approved every year. Few appropriations receive reappropriation authority.

The four institutions are carrying over a total of \$32.2 million from FY 2003 into the current fiscal year. This money consists almost entirely of student fees (one-tenth of one percent, or \$45,300, are endowment funds). The institutions regard the reappropriation authority granted to them each year by the Legislature to be a very valuable tool for managing their large, diverse and growing operations. They also assert that it allows them to plan for and spend their limited resources more efficiently and effectively. These carried over funds are earmarked for a variety of one-time uses including ongoing capital projects, technology replacement, instructional and support equipment, faculty research projects, HERC and Technology grants, property acquisition and general institutional reserves.

The State Board of Education has reviewed and approved these carryover amounts and uses.

Nonstandard Adjustments

INTERNAL NONSTANDARD ADJUSTMENTS The Statewide Cost Allocation Plan assesses state agencies for their actual use of Attorney General, State Controller and State Treasurer services. Also included are changes in property/casualty insurance premiums and the cost of office space leased to state agencies by the Department of Administration. For FY 2005, these adjustments include a \$372,800 reduction in State Controller fees, an additional \$1,600 for State Treasurer fees, and a \$586,400 reduction in property/casualty insurance premiums for a net change (reduction) of \$957,600.

EXTERNAL NONSTANDARD ADJUSTMENTS include several formula-driven components:

ENROLLMENT WORKLOAD ADJUSTMENT General Fund money totaling \$2,679,800 and 12.0 FTE is requested for the annual Enrollment Workload Adjustment. EWA funding is based on a 3-year moving average of credit hours multiplied by course level and program weights. Credit hours generated from externally funded sources or contracts are not included. Weighting factors are applied to four groups of instructional disciplines and for lower, upper, masters, doctoral and law course levels. An additional 5% emphasis factor is given to each institution's primary emphasis (Role & Mission) areas.

NEW OCCUPANCY COSTS A total of \$1,996,800 is requested to pay for the costs associated with new academic facilities that will be occupied for the first time in FY 2005. These amounts were arrived at using the State Board of Education-approved formula that determines how much it will cost to cover maintenance, custodial and utilities for new campus buildings. Of the total amount, Personnel Costs are \$282,800 for 8.25 FTE and Operating Expenditures are \$1.7 million. BSU is requesting \$185,500 to occupy the first academic building on their West Campus for half of the fiscal year. ISU is requesting \$978,100 to occupy its new performing arts center. The UI is requesting \$676,100 for six facilities including the Alumni Residence Center, the UI Research Park, the Vandal Athletic Center, the Living & Learning Center, the Water Center and the Teaching & Learning Center. LCSC is requesting \$157,100 to occupy the Campus Activity Center for half of the fiscal year.

LIBRARY BOOK & PERIODICAL INFLATION The institutions request \$477,900 for the increased cost of library books and periodicals above the standard 1.9% general inflation rate. These publications typically increase every year at a rate above the standard inflationary rate. Those rates are estimated to be 2.4% for books and 10.5% for periodicals. Funding this request would allow the institutions to maintain their current level of book acquisitions and periodical subscriptions.

INCREASED UTILITY COSTS The institutions also request \$703,200 for utility cost increases that exceed the standard inflationary rate. The institutions use a mix of electricity, natural gas and coal. Both BSU and ISU are anticipating a 31% increase in their natural gas rates while the UI is expecting a 13% increase in its electricity bill.

Although, as requested, these nonstandard adjustments would be funded with a mix of General and dedicated funds, a fund shift is also being requested on the next page to move all dedicated fund MCO increases onto the General Fund.

Fund Shifts

MCO INCREASE FUND SHIFT Sixty-eight percent or \$2,278,600 of this fund shift is requested to provide additional General Fund money to replace the Maintenance of Current Operations increases allocated to the endowments and student fees. Shifting these maintenance increases onto the General Fund is intended to allow those other funds sources to maintain their full 'purchasing power' and not diminish the educational services they provide.

ENDOWMENT LOSS REPLACEMENT Since last fiscal year, the earnings from the five endowment funds that help support higher education in Idaho have declined by \$1,071,700 or 8.96%. For FY 2004, the State Board of Land Commissioners approved distributions totaling \$11,964,700. For FY 2005, the Land Board has indicated that \$10,893,000 will be distributed to higher education. The four-year institutions request General Fund money to replace the diminished endowment funds and maintain equivalent funding at the FY 2004 level.

Of the total \$3.4 million being requested, \$2.3 million or 68% would offset the student fee MCO increases while \$1.1 million or 32% would offset the endowment fund losses.

Agency Request	0.00	3,352,600	(3,352,600)	0	0
----------------	------	-----------	-------------	---	---

The governor does not recommend replacing with General Fund money the endowment funds or student fees needed for maintenance of current operations cost increases. However, \$1,945,900 in additional student fee spending authority is recommended to the extent cash is available.

The governor also does not recommend replacing the anticipated shortfall in endowment fund distributions with General Fund money. Further, the governor recommends adjusting (reducing) endowment fund spending authority by \$1,944,200 based on a reduced payout percentage.

1. Funding Equity

In 2001, members of the Legislature prompted the State Board of Education to examine equity of state funding among Idaho's four-year institutions of higher education. The task was to determine if similar students in similar programs received similar amounts of state funding. The Board engaged a private consulting firm that first concluded that Idaho's baccalaureate institutions were not funded equitably when compared with peer institutions in other states (funding adequacy). After controlling for various factors to isolate comparable instructional costs, the consultants also concluded that state funds for similar students in similar programs were not distributed equitably between Boise State University, Idaho State University, the University of Idaho and Lewis-Clark State College (funding equity).

PART 1: BASE INSTRUCTIONAL EQUITY Upon receiving the consultant's report, the State Board of Education appointed several members to a task force and asked them to provide findings and recommendations to the full Board. The task force chose to focus on funding equity while acknowledging that funding adequacy was a legitimate but separate issue. At their January 2002 meeting, the full Board accepted task force findings that an inequity does exist in the base instructional funding between Idaho's four-year institutions. To correct that inequity, the Board requests \$7,920,000. BSU would receive \$4,490,700 or 57%, ISU would receive \$3,429,300 or 43% while the UI and LCSC would receive no additional Base Instructional Equity funding. The Board recommends that Base Instructional Equity be achieved with new, additional funding rather than by reallocating existing base funds among the four institutions.

PART 2: SCIENCE & TECHNOLOGY GROWTH ADJUSTMENT In addition to the Base Instructional Equity funding, the Board considered a Science & Technology Growth Adjustment. This aspect of adequacy funding was promoted by the governor consistent with the chief executive's higher education research initiative. The Board requests \$3,000,000 for a Science & Technology Growth Adjustment and considers it equal in priority with the request for Base Instructional Equity funding. The \$3 million would be distributed among the four-year institutions in direct proportion to their audited research expenditures of the prior fiscal year. In no case would an institution receive less than \$75,000. Under that formula, BSU would receive \$302,000 or 10%, ISU would receive \$326,400 or 11%, the UI would receive \$2,296,600 or 77%, and LCSC would receive \$75,000 or 3%.

PART 3: ENROLLMENT WORKLOAD ADJUSTMENT CARRY FORWARD Finally, the Board addressed the methodology used to allocate funds provided for enrollment changes, otherwise known as the Enrollment Workload Adjustment. They first modified the EWA formula to give greater weight to doctoral level credits, as recommended by the consultants and task force. They then declared it their policy to carry forward any unfunded portion of the annual Enrollment Workload Adjustment into future years' appropriation requests until fully funded. This policy recognizes that enrollment increases not supported with additional state funds will create and perpetuate new funding inequities. Since no new money was appropriated for the Enrollment Workload Adjustment in FY 2003, the FY 2005 Equity enhancement request includes \$617,200 in carry forward EWA funding from that year. For FY 2004, \$1,364,900 was requested for the EWA and 52% or \$651,900 was funded. The remaining \$713,000 plus an additional \$1,064,900 due to actual versus projected weighted credit hours has also been added into the EWA carry forward for FY 2005. Therefore, the total unfunded EWA carry forward contained in this request is \$2,395,100. (The FY 2005 Enrollment Workload Adjustment of \$2,679,800 is found under Non-Standard Adjustments section of this appropriation request.)

TOTAL When combined, the three components of Base Instructional Equity, Science & Technology Growth Adjustment and Enrollment Workload Adjustment carry forward result in a total request of \$13,315,100. Of that amount, BSU would receive \$5,106,500 or 38%, ISU would receive \$4,372,100 or 33%, UI would receive \$3,776,300 or 28% and LCSC would receive \$60,200 or 1%.

FY 2005 ENHANCEMENT REQUEST The actual FY 2005 request seeks only one-fifth of the total, or \$2,663,000 in ongoing General Fund money. The State Board of Education expects to make a similar request each year for the following four years, through FY 2009, at which time funding equity would theoretically be achieved among the state's four-year institutions of higher education. This assumes, of course, that the Legislature will provide full funding for each year's Funding Equity and Enrollment Workload Adjustment requests.

Lump Sum or Other Adjustments

A lump sum appropriation removes all restrictions that limit the transfer of moneys among Personnel Costs, Operating Expenses, Capital Outlay and Trustee/Benefit Payments. As an exception to state budget laws, a lump sum appropriation requires specific legislative authorization and approval per Section 67-3508(1), Idaho Code.

Higher education budgets in Idaho have typically been appropriated in a lump sum. The institutions again request lump sum funding citing the need for maximum flexibility as they deal with increasing enrollments and continued pressures on appropriations.

 Original Appropriation = \$327,172,400
 (Charts do not include \$3.1 million for System wide Initiatives)

Data Source: Office of the State Board of Education

**FY 2004 Original Appropriation
\$327,172,400**

Student fees make up a larger percentage of today's higher education appropriation while the General Fund portion is declining and endowments, after a period of increase, are now comparable to their relative percentage from a decade ago.

The FY 2004 General Fund appropriation to Idaho's college & universities is 2.5% more than FY 2001 budget.

Since Idaho law prohibits charging tuition to resident students, the General Fund appropriation to higher education is intended to pay the costs of instructing Idaho students. However, residents can be charged a matriculation fee to pay for the non-instructional costs related to higher education. The matriculation fee is used for expenses such as physical plant maintenance & operation, student services and institutional support. Non-residents are charged tuition (for instructional costs) plus the matriculation fee.

Restricted fees, otherwise known as matriculation fees, cannot be used for instructional costs. They can be used for physical plant maintenance & operation, student services and institutional support.

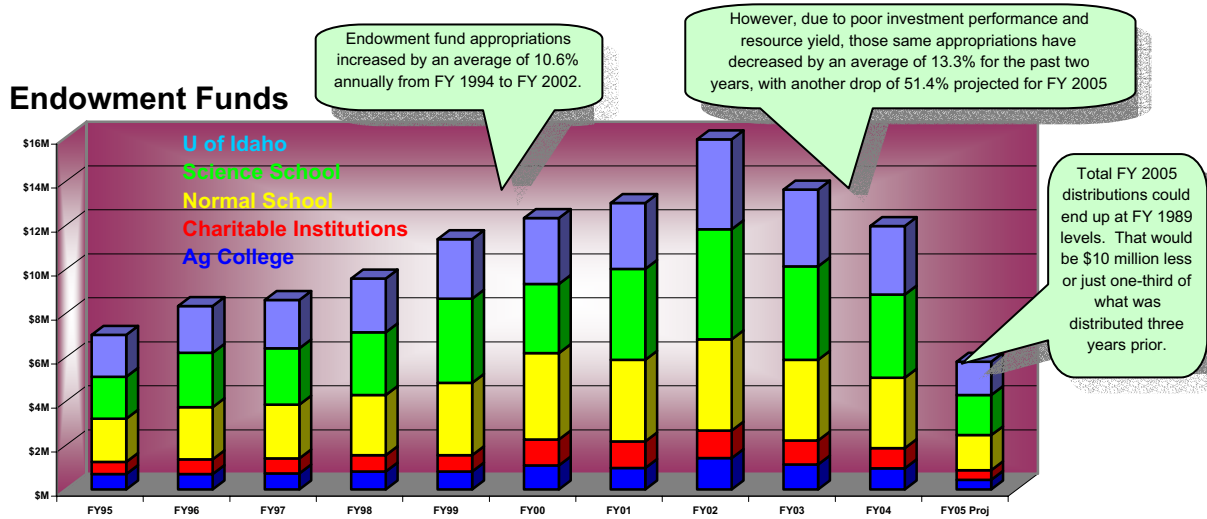

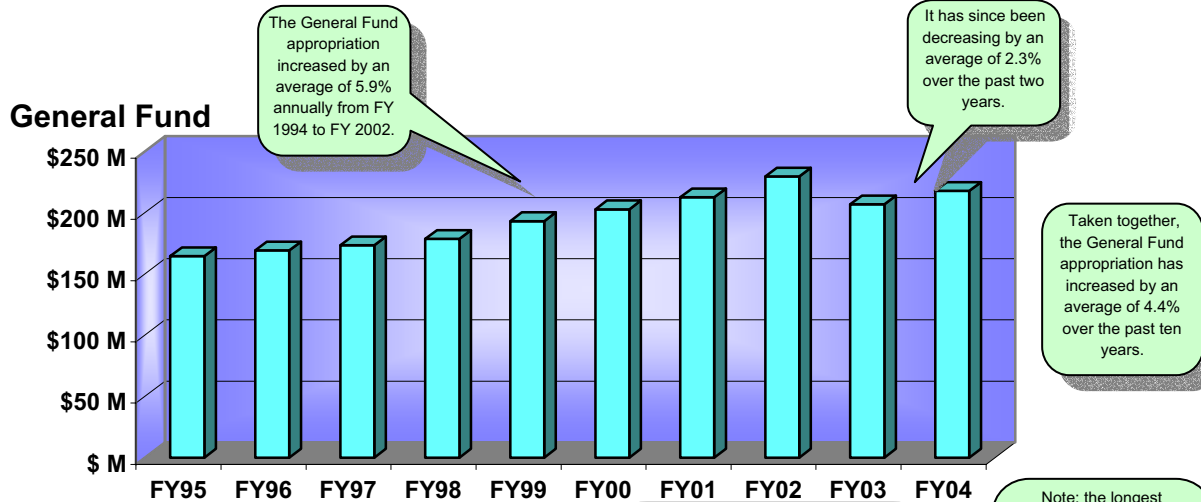

Unrestricted fees can be used for any purpose, including instructional costs.

Endowment Fund	Endowed Institution	FY 2004 Appropriation	% of Total
Agricultural College	UI 100%	\$ 960,000	8%

DEFINITIONS of REVENUE SOURCES

- General Fund: Moneys received into the State Treasury that are available for general use and appropriated by the Legislature.
- Endowment Funds: Revenue received from five separate state endowments, each with its own dedicated use to benefit education.
- Student Fees: Primarily matriculation fees (paid by all students) and tuition (paid by nonresident students).
- Auxiliary Enterprises: Institutional business enterprises such as bookstores, student housing, intercollegiate athletics, student unions, etc.
- Institutional Accounts: Thousands of typically small activities that charge fees or sell products or services (e.g. copy machines, research labs, ag sales).
- Gifts, Grants & Contracts: Gifts, grants and competitively bid contracts for specific deliverables. Includes federal direct student loans.

Note 1: Operating budgets are spending plans developed prior to the beginning of each fiscal year.

Note 2: The numbers on this page include appropriations for Ag Research & Extension (UI), Professional-Technical Education (BSU, ISU, LCSC) and Special Programs (ISU, UI).

Note 3: Ninety percent or \$4.6 million of the "Other Appropriated" amount is federal Ag Research & Extension funds, the remainder are ARES and WWAMI dedicated funds.

Division Description

Idaho's two community colleges provide quality two-year academic transfer programs; assure adequate functional knowledge for those entering para-professional levels of the labor market; provide skills, attitudes and knowledge to those seeking professional licensure; and provide a continuing program of adult education and community service.

North Idaho College, situated in a community college area comprised of Benewah, Bonner, Boundary, Kootenai, and Shoshone counties, has one county (Kootenai) within its property tax district.

The College of Southern Idaho, situated in a community college area comprised of Blaine, Camas, Cassia, Gooding, Jerome, Lincoln, Minidoka, Twin Falls and portions of Elmore and Owyhee counties, has two counties (Jerome and Twin Falls) within its property tax district.

The Community College budget appropriated by the Legislature includes only the state support from the General Fund and a \$300,000 statutory distribution of liquor funds. It does not reflect local property tax revenues, student tuition & fees, county tuition or other miscellaneous revenues.

Inflationary Adjustments

Includes a general inflationary increase of 1.9% in operating expenditures and trustee/benefit payments.

Agency Request	0.00	79,900	1,400	0	81,300
<i>The Governor recommends no increase for general inflation.</i>					
Governor's Recommendation	0.00	0	0	0	0

Nonstandard Adjustments

ENROLLMENT WORKLOAD ADJUSTMENT Based on a State Board of Education formula, NIC requests \$79,200 and CSI requests \$359,200 in Enrollment Workload Adjustment funding. The formula uses a 3-year moving average of academic-credit-only enrollments to quantify the additional personnel, operating and capital funds needed to serve growing student populations. The total request for FY05 Enrollment Workload Adjustment funding is \$438,500

NEW OCCUPANCY COSTS Only CSI requests new funding totaling \$140,100 and 1.0 FTE to occupy additions to their Fine Arts building and Herrett Center. That construction is currently underway. The college expects to occupy the expanded portion of both of those facilities for the last half of FY 2005. It is anticipated that a request to annualize these costs will be submitted for FY 2006.

LIBRARY ACQUISITIONS Since the annual price increases for books and periodicals exceeds the rate of inflation, higher education requests additional funding for library acquisitions. Their annual study determined that the price of books increased by 10.5% and subscriptions by 2.4%. After subtracting the 1.9% general inflationary increase contained in the MCO Inflationary Adjustment, CSI requests \$2,100 and NIC requests \$7,300 for inflation-adjusted FY 2005 library acquisitions.

The Community Colleges are also requesting additional funding for increased utility costs, due primarily to new natural gas rates. CSI projects a 42.1% increase, totaling \$12,300, to their current natural gas bill of \$29,200. NIC expects to pay 13.1% more, or \$33,400, on top of their current \$254,700 annual gas bill.

Agency Request	0.00	599,500	500	0	600,000
----------------	------	---------	-----	---	---------

The governor does not recommend funding the Enrollment Workload Adjustment, new occupancy costs, library acquisitions or utility increases.

Fund Shifts

The two community colleges each receive \$150,000 per year in dedicated funds generated by the sale of liquor in Idaho. Since that amount is a flat, statutory distribution, the MCO increases attributable to those funds have historically been shifted onto the General Fund.

Lump Sum or Other Adjustments

A lump sum appropriation removes all restrictions that limit the transfer of moneys among Personnel Costs, Operating Expenses, Capital Outlay and Trustee/Benefit Payments. As an exception to state budget laws, a lump sum appropriation requires specific legislative authorization and approval per Section 67-3508(1), Idaho Code.

Higher education budgets in Idaho have historically been appropriated in a lump sum. Also, since the community colleges are local, not state, institutions, the state portion of their funding has traditionally been delivered in lump sum fashion via an expenditure from the Trustee/Benefit Payments expenditure class.

---------------------------	------	---------	---	---	---------

FY 2005 Program Maintenance

Agency Request	121.52	7,714,800	246,100	128,600	8,089,500
----------------	--------	-----------	---------	---------	-----------

Governor's Recommendation	121.52	7,449,300	241,600	127,100	7,818,000
---------------------------	--------	-----------	---------	---------	-----------

1. Salary Equity

This enhancement would provide ongoing General Fund money for staff pay increases at the Idaho School for the Deaf and Blind (ISDB). These pay increases would bring pay levels at ISDB up to the higher levels found in Idaho's public schools, and would help ISDB compete with the public schools in employee hiring and retention. Pay increases would go to instructional staff and selected administrative staff. The amount of the increases would range from less than \$100 (a 0.1% increase) to over \$10,300 (a 36.2% increase).

Agency Request	0.00	195,500	0	0	195,500
----------------	------	---------	---	---	---------

Not recommended by the Governor.

Governor's Recommendation	0.00	0	0	0	0
---------------------------	------	---	---	---	---

2. Blind Employee Cost Increases

This enhancement would provide \$19,400 in ongoing General Fund money for additional personnel, staff reorganization and promotion, and a new office for the Idaho School for the Deaf and Blind (ISDB) located in Boise. ISDB is requesting that the additional costs of employing a blind individual, which ISDB has covered internally since FY 2003, now be covered by an additional General Fund appropriation. Additional costs that ISDB has covered includes renting office space at the Blind Commission building in Boise, promoting a member of the staff to the position of Outreach Assistant, hiring additional clerical assistance in Boise, and additional travel costs for the Outreach Assistant. Relocating this operation to Boise has made it easier for the individual, since Gooding lacks public transportation. The Outreach Assistant often travels with the individual, and provides additional assistance with staff supervision. Because the Boise office is remote from ISDB's central staff resources, located in Gooding, additional funding is used for clerical assistance.

Agency Request	0.00	19,400	0	0	19,400
----------------	------	--------	---	---	--------

Division Description

The State Board of Education is responsible for the general supervision, governance, and control of Idaho's public education system from kindergarten through the doctoral level, including oversight of public schools and the community colleges.

The Board is composed of eight members, seven of whom are appointed to five-year terms by the Governor subject to Senate confirmation. The eighth member is the holder of the statewide elected office of the Superintendent of Public Instruction. The Board meets across the state in nine to twelve regular sessions each year with additional special sessions scheduled as needed.

Recently, the State Board of Education has taken a larger role in K-12 education via development, adoption and implementation of achievement standards for Idaho's public school students. The Board is also reassuming the role and duties of 'State Education Agency' that it had previously delegated to the Superintendent of Public Instruction.

The Office of the State Board of Education (OSBE) provides professional staff support to the State Board of Education. Staff expertise focuses primarily on program evaluation, fiscal oversight and centralized record keeping. OSBE staff also responds to Board requests for special studies, monitors agency compliance with Board policies, and administers the state-funded financial aid programs.

Reappropriations

Reappropriation authority -- otherwise known as carryover -- allows unspent funds from the prior fiscal year to be carried over and spent in the current fiscal year. Those moneys are then removed as one-time expenditures before calculating the FY 2005 Base. Carry over requires specific legislative authorization and must be approved every year. Few appropriations receive reappropriation authority.

Non-Cognizable Funds and Transfers

The Office of the State Board of Education has or will receive non-cognizable FY 2004 revenue from three separate sources. Two are federal funds, the third miscellaneous revenue from a private source. The State Board of Education has assumed the role of State Education Agency from the state Department of Education, so will now receive the federal money distributed to each such state agency. It amounts to \$4,847,800 for the current fiscal year. Another \$30,000 in federal funds were received from the U.S. Department of Education for the Advanced Placement Improvement Project. Finally, \$500,000 in private funds were received for Health Professions Workforce Development initiative. See Enhancement Three for more details on this project.

Budget by Decision Unit

	FTP	General	Dedicated	Federal	Total
--	-----	---------	-----------	---------	-------

1. State Education Agency Assumption

The 2003 Legislature rejected an administrative rule that had designated the state Department of Education as the State Education Agency (SEA) for the purposes of accepting and administering federal funds. As a result, the State Board of Education reassumes the State Education Agency role, per Section 33-110, Idaho Code, along with the appurtenant oversight responsibilities of more than \$90 million in federal K-12 educational funds under the No Child Left Behind (NCLB) Act and the twenty titled programs contained therein. These responsibilities include performing all fiscal functions, e.g. fund draws, maintaining and monitoring fund balances, auditing, and disbursing to the state Department of Education for distribution to the school districts. Administrative duties include setting federally funded program priorities, establishing direction, program review, assuring compliance with federal laws and regulations, and compiling and submitting reports to the U.S. Department of Education. These are duties that were previously performed by the state Department of Education but are significant new responsibilities for the State Board of Education.

This enhancement requests spending authority totaling \$5.1 million in federal funds to allow the Office of the State Board of Education to fulfill these expanded responsibilities. OSBE does not request any new positions. It will redirect two of its currently authorized positions to SEA duties and requests the transfer of two additional full-time equivalent positions from the Division of Professional-Technical Education to address SEA responsibilities. Neither DPTE position is currently funded or staffed as funding was lost as part of the FY 2002 General Fund holdback. Of the total amount requested, \$314,700 would be used for personnel costs and \$4,800,100, or 94%, for operating expenses. The biggest single item is \$3.6 million for the development and implementation of other academic indicators as required by the federal accountability plan.

<i>Governor's Recommendation</i>	<i>2.00</i>	<i>0</i>	<i>0</i>	<i>5,114,800</i>	<i>5,114,800</i>

2. Health Professions Development

The 2002 Legislature adopted HCR 58 that recognized the national and statewide shortage of nurses and also directed the State Board of Education to design a strategic plan for addressing that shortage. The Board was further directed to develop a plan to address specific strategies for expanding nursing education, particularly in rural Idaho; enhance recruitment and retention; carry out ongoing health profession data collection, analysis and projections; provide incentives for attracting nurses into the higher educational system; and encourage them to continue on to advanced degrees. That charge was later expanded beyond just nurses to include all health professions. Subsequently, the State Board of Education drafted a charter for a 15 member "Advisory Committee on Health Professions" to guide this initiative.

The Idaho Hospital Association has pledged \$500,000 toward a Health Professions Task Force in an effort to address the state's nursing shortage. The IHA has asked the State Board of Education to hold these donated and dedicated funds and apply them to a project approved by the association. No state or federal funds will be used for this initiative.

Division Description

The six Health Education Programs include:

1. The WOI (Washington, Oregon, Idaho) Veterinary Education Program provides Idaho residents with access to a veterinary medical education through a cooperative agreement between the University of Idaho and Washington State University. The current WOI contract reserves 11 seats for Idaho veterinary medicine students each year. A total of 44 Idaho students can be enrolled in this 4-year program.
2. The WWAMI (Washington, Wyoming, Alaska, Montana, Idaho) Medical Education Program provides Idaho students with the opportunity to attend medical school through a cooperative agreement with the University of Washington. As of FY 2002 when two new seats were added, the WWAMI contract reserves 18 seats for Idaho medical students each year. A total of 70 Idaho students can be enrolled in this 4-year program.
3. The IDEP (Idaho Dental Education Program) provides access to dental education for Idaho students through a cooperative agreement between Idaho State University and Creighton University in Omaha, Nebraska. As of FY 2002 when one new seat was added, the IDEP contract reserves eight seats for Idaho dental students each year. A total of 31 students can be enrolled in this 4-year program.
4. The University of Utah Medical Education Program also provides medical school opportunities for Idaho students. As of FY 2002 when two new seats were added, the UofU contract reserves eight seats for Idaho medical students each year. A total of 30 Idaho students can be enrolled in this 4-year program.
5. To encourage newly graduated medical doctors to practice in Idaho, Idaho's two Family Practice Residency programs provide the final three years of formal family physician residency training. The Family Practice Residency of Southwest Idaho Program, located in Boise, typically accommodates nine new residents each year with up to 27 residents enrolled at any one time. The Idaho State University Family Practice Residency Program in Pocatello typically accommodates four new residents each year with up to 14 in the program at any one time.
6. The WICHE (Western Interstate Commission for Higher Education) Program offers educational opportunities not available in Idaho through WICHE's Western Undergraduate Exchange and Professional Student Exchange programs. Currently, Idaho is reserved two seats per year in the PSEP optometry program. A total of eight Idaho students can be enrolled in this 4-year program.

Nonstandard Adjustments

The State of Idaho provides medical, dental and veterinary educational opportunities for Idaho residents through contracts with the University of Washington and the University of Utah medical schools, the Creighton University dental school and the Washington State University veterinary medicine school. Each year, as specified in the contracts, the amounts paid for those seats are adjusted to account for changes in student fees and inflation. These are contract recalculations, not renegotiations, and are made to reflect the true cost of providing these educational opportunities. The estimated increases for the coming fiscal year also include the additional money necessary to fund the fourth and final year of the costs of adding two new medical school seats and the one new dental school seat.

For the coming fiscal year, the WOI veterinary education contract will increase by 2.3% or \$29,600. That will bring the annual cost per student to \$29,918 with a total contract cost of \$1,316,395.

The WWAMI medical education costs will increase by an estimated 5% for fees and 2.9% for UW contract costs and total \$78,300 of which \$68,400 or 87% is General Fund money.

The UofU medical education contract will increase by \$80,200 for FY 2005. This amount includes \$26,000 for a 3% inflationary increase on the FY 2004 annual cost per seat, plus \$54,200 for fourth and final year funding for the two new seats that were added in FY 2002.

The inflationary adjustment to the IDEP dental education contract is \$36,200. Funding for the fourth and final year of adding one new seat is \$25,400.

Idaho's participation in WICHE's Professional Student Exchange Program for optometry students will cost an additional \$3,200 for increased student support fees. Two seats per year are reserved for Idaho optometry students. The support fee will increase by \$400, to \$11,100 per student, for FY 2005. Of the three optometry schools in the WICHE region, most Idaho students choose to attend Pacific University in Forest Grove, Oregon rather than the University of Southern California or the University of California at Berkeley.

Division Description

The Idaho State Historical Society was established by statute in 1907. It is ultimately responsible to the State Board of Education, although its operations are directed by a seven-member Board of Trustees who are appointed by the State Board of Education. The agency is broken into two programs for budgeting purposes:

The Historic Preservation and Education Program's mission is to identify and preserve significant buildings, sites, objects, photographs, and library resources for the education and benefit of this and future generations. It also provides technical services, federal grant review clearances, and other assistance to local governments, historical societies, and private citizens.

The Historic Site Maintenance and Preservation Program preserves and maintains the 59 properties of significant historic value which are owned by the people of Idaho, and provides historic interpretation of those sites and structures. Its major activity is the maintenance and restoration of the Old State Penitentiary in Boise.

Budget by Decision Unit

	FTP	General	Dedicated	Federal	Total
--	-----	---------	-----------	---------	-------

Fund Shifts

This decision unit includes two fund shift requests. The first would shift one FTP and \$91,000 of the \$155,300 in federal grant reductions to the General Fund. The remaining \$64,300 in lost federal funds was made up by laying off a half-time office specialist position and shifting a half-time technical records specialist to dedicated funds. The one FTP being shifted is the Oral Historian position. The second fund shift requested would shift one FTP and \$53,100 from dedicated funds to the General Fund. The reason for this request is revenues from new admission fees at the State Historical Museum have been less than was anticipated. This position was originally shifted from the General Fund to this dedicated funding source as part of the holdbacks of recent years.

Agency Request	0.00	144,100	(53,100)	(91,000)	0
<i>Not recommended by the Governor.</i>					
Governor's Recommendation	0.00	0	(53,100)	(91,000)	(144,100)

FY 2005 Program Maintenance

Agency Request	48.36	2,291,800	757,900	1,003,600	4,053,300
Governor's Recommendation	48.36	1,948,200	752,300	1,007,400	3,707,900

1. Historic Resources Preservation

This enhancement would provide ongoing General Fund money to hire an additional archivist. The Historical Society receives approximately 3,000 to 4,000 cubic feet of new material each year. It is estimated that an archivist can be expected to sort, catalog, and preserve about 250 cubic feet of this kind of material each year. The Historical Society currently has four people performing archival duties, and has identified archival staffing as a long-term need.

Agency Request	1.00	53,100	0	0	53,100
<i>Not recommended by the Governor.</i>					
Governor's Recommendation	0.00	0	0	0	0

2. Lewis & Clark Bicentennial

This enhancement would provide \$175,000 in ongoing General Fund money and \$25,000 in ongoing dedicated Lewis & Clark license plate revenue for the Lewis & Clark Commemoration Project. This project commemorates the 200th anniversary of the Corps of Discovery (1803-1806), led by Merriwether Lewis and William Clark, which explored the territory of the Louisiana Purchase, travelling through Idaho and eventually reaching the Pacific Ocean at the mouth of the Columbia River. These funds are being requested by the Governor's Lewis & Clark Trail Committee, under the aegis of the Historical Society, which acts as the lead state agency for the project. Money provided by this enhancement would help fund the operations of the Lewis & Clark Information Center in Lewiston, and would provide matching funds for various Lewis & Clark related projects. To date, the Legislature has appropriated \$153,700 in ongoing General Fund support for this project.

Agency Request	0.00	175,000	25,000	0	200,000
<i>The Governor recommends no General Fund money for this enhancement.</i>					
Governor's Recommendation	0.00	0	25,000	0	25,000

Division Description

The Idaho State Library assists libraries to build the capacity to better serve their clientele. To fulfill this mission, the agency strives to achieve the following results:

1. Every person in the State has local access to library service.
2. The State Library works in partnership with the local community to promote and deliver library services to people with special needs.
3. The State Library increases the visibility of libraries as community and statewide resources.
4. The State Library provides consulting services and education to library staff, governing boards and other interested parties to support good library practices.

The State Library also serves as the repository of state agency publications.

Division Description

The Division of Professional-Technical Education consists of four programs.

The State Leadership & Technical Assistance Program includes central staff to provide leadership, administrative and technical assistance to a statewide educational system that provides high quality, well-coordinated professional-technical programs at the state's high schools and technical colleges. This system prepares Idaho's youth and adults who do not desire a baccalaureate degree to perform successfully in a globally competitive workplace.

General Programs provide high school students with quality professional-technical programs and adults with workforce training that are realistic in terms of Idaho employment opportunities and consistent with students' interests, aptitudes and abilities.

Postsecondary Programs provide college students with opportunities to obtain the two year degrees and shorter term certifications needed for employment in skilled and technical occupations that require less than a baccalaureate degree. It also provides persons already in the workforce with the skills necessary to maintain and/or advance in their chosen occupation. This education is provided through the State's six postsecondary institutions that include a professional-technical college: North Idaho College, Lewis-Clark State College, Boise State University, College of Southern Idaho, Idaho State University; and the stand alone Eastern Idaho Technical College.

The Underprepared Adults / Displaced Homemakers Program provides underprepared adults, including displaced homemakers and single parents, with the skills necessary to be successful in the workplace. This includes funding for the Centers for New Directions (displaced homemaker centers) at each of the six technical colleges.

The 1999 Idaho Legislature changed the name of the Division of Vocational Education to the Division of Professional-Technical Education.

FY 2004 Original Appropriation	520.69	44,219,700	577,500	7,783,600	52,580,800

Reappropriations

Reappropriation authority -- otherwise known as carry over -- allows unspent funds from the prior fiscal year to be carried over and spent in the current fiscal year. Those moneys are then removed as one-time expenditures before calculating the FY 2005 Base. Carry over requires specific legislative authorization and must be approved every year. Few appropriations receive reappropriation authority.

Non-Cognizable Funds and Transfers

In the State Leadership & Technical Assistance Program there is a net adjustment of \$12,600 in federal funds after the carryover of \$24,700 in non-cog funds from FY 2003 to FY 2004 and a \$12,100 reduction due to the actual federal award being less than the appropriated amount. For General Programs, the actual federal funding came in \$185,500 less than appropriated. In the Underprepared Adults/Displaced Homemakers Program, the federal fund expenditures were adjusted downward by \$67,900 to reconcile with an award that was less than the appropriated amount.

Replacement Items

Funding for replacement items in the Division of Professional-Technical Education is calculated as 10% of the program's Operating Expenditures and Capital Outlay bases. This would result in a ten-year replacement cycle. Itemized replacement OE items in the State Leadership & Technical Assistance Program total \$24,300 and include forty-five office software upgrades costing \$200 each, two Photoshop upgrades at \$500 each, eight Adobe Acrobat upgrades at \$125 each, and \$13,300 for programming. Replacement CO totals \$37,400 and includes seven new monitors at \$800 each, fifteen personal computers costing \$1,500 each, one \$7,700 color printer and four \$400 office chairs. In General Programs, replacement OE consists of \$3,800 for programming, \$7,500 for two laser printers and \$3,000 for two personal computers.

Nonstandard Adjustments

INTERNAL NONSTANDARD ADJUSTMENTS The Statewide Cost Allocation Plan assesses state agencies for their actual use of Attorney General, State Controller and State Treasurer services. Also included are changes in property/casualty insurance premiums and the cost of office space leased to state agencies by the Department of Administration. The net change of these adjustments is a \$7,600 reduction.

For the State Leadership & Technical Assistance Program that is housed in the Capitol Mall, an additional \$5,200 is requested for increased space charges. Specifically, the rates will increase by an additional 50-cents per square foot, to \$10.40, for 9,678 square feet of Class A space, and by 40-cents per square foot, to \$8.80, for 985 square feet of Class B space.

Most of the funding requested for EXTERNAL NONSTANDARD ADJUSTMENTS is to accommodate growing enrollments in professional-technical programs at the secondary and postsecondary level.

SECONDARY ENROLLMENT WORKLOAD ADJUSTMENT At the high school level, \$334,900 is requested for an Enrollment Workload Adjustment. These funds are used to reimburse school districts for the added cost of offering professional-technical programs. Examples of those added costs are extended teacher contracts, new program start-up costs, specialized materials and supplies, new and replacement equipment, innovative program costs, added costs for web-based instruction, purchased services, student leadership development, career-technical guidance and travel expenses. This request would address the additional costs incurred by the change in and addition of pro-tech programs being reimbursed at the FY 2002 level.

PROFESSIONAL-TECHNICAL SCHOOLS These schools are created by the cooperative efforts of multiple school districts. They are designed to provide high-end, state-of-the-art technical programs that are too expensive to be offered by a single high school. There are currently eleven professional-technical schools across the state with two more approved for funding in FY 2005. Total enrollment was 3,835 in FY 2003, which was an increase of 584 students over the previous year. FY 2005 enrollment is predicted to be 5,596, or a 46% increase in two years. This enrollment growth results in a request of \$362,400 that would be added onto the FY 2004 Base funding of \$1,385,000.

CAPACITY BUILDING At the postsecondary level, the six technical colleges request Capacity Building funds of \$899,300 and 11.99 new positions. The requested amount is based on the number of high school juniors and seniors enrolled in Tech Prep. The Tech Prep program provides an integrated curriculum beginning with the junior year in high school and leading to a two-year technical college degree. In FY 2003, 355 Tech Prep students had completed high school and were enrolled in a technical college. Those students represented 10% of the high school Tech Prep students from the previous year. DPTE bases its Capacity Building request on the same percentage of high school students enrolling in a technical college for the current year. With 4,744 high school Tech Prep students, an increase of 1,284 from FY 2003, an additional 132 Tech Prep students would be entering the technical colleges. Using the projected FY 2005 instructional cost of \$6,813 per student FTE, which is based on a three year average, the resulting projected Capacity Building cost is \$899,300. Capacity Building funds are distributed among the six technical colleges based on how those colleges perform against prescribed measures. The Division of Professional-Technical Education notes that they have received a total of \$210,000 in Capacity Building funding in FY 2003 and FY 2004 compared to the \$2,252,700 that had been requested. The technical colleges have made up for the unfunded difference of \$2.04 million, in the face of increased enrollments, by increasing efficiency, reducing costs and eliminating regular instructional equipment replacement and various necessary upgrades. These are significant actions considering that professional-technical education is very hands-on and thus equipment and materials intensive.

Eastern Idaho Technical College is the state's only stand alone postsecondary technical school. It is funded entirely through the Division of Professional-Technical Education appropriation and its own student fees. EITC requests \$5,000 to sustain the book and periodical base acquisition funding for their library that was established in FY 2002 and \$43,800 to address increased utility costs. EITC states that their natural gas costs increased approximately 25% from FY 2003 to FY 2004. Their electricity costs are anticipated to increase by 25% over the same period.

Lump Sum or Other Adjustments

The Division of Professional-Technical Education requests a lump sum appropriation for only the Postsecondary Programs portion of its appropriation. Postsecondary Programs fund instructional costs at the state's six technical colleges. This lump sum appropriation request has typically been granted consistent with other higher education appropriations.

A lump sum appropriation removes all restrictions that limit the transfer of moneys among Personnel Costs, Operating Expenses, Capital Outlay and Trustee/Benefit Payments. As an exception to state budget laws, a lump sum appropriation requires specific legislative authorization and approval per Section 67-3508(1), Idaho Code.

Division Description

Under the supervision of the State Board of Education, Idaho's statewide Public Broadcasting System provides:

1. Coordination and distribution of educational and instructional TV programs and services for Idaho's school-age population.
2. Coordination, promotion and delivery of adult learning and continuing educational opportunities to all Idaho citizens at school, work and home.
3. Production, acquisition and broadcasting of programming services responsive to the needs and interests of Idaho citizens, including "prime time" programs.
4. Coordination, production and delivery of non-broadcast, informal and formal telecommunications services.
5. Access to production and distribution facilities and services to public or private agencies engaged in educational activities.

1. Position Reclassification					
This enhancement would provide \$1,100 in ongoing funding to reclassify a current employee who is doing the work of a Financial Specialist. This position is responsible for helping to maintain the agency's accounting system, and ensure that it remains in compliance with governmental accounting standards, and community service grant requirements.					
Agency Request	0.00	0	1,100	0	1,100
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>1,100</i>	<i>0</i>	<i>1,100</i>
2. Extend Signal to Satellite Providers					
This enhancement would provide ongoing funding for the additional power costs of providing a broadcast-quality signal to two satellite television providers in North Idaho. Delivering a broadcast-quality signal to these providers will enable residents of rural areas, who are not currently able to receive the Idaho Public Television signal due to terrain barriers, to receive the signal through their satellite television provider.

Division Description

The following seven programs comprise the Special Programs:

1. The Forest Utilization Research (FUR) program, located at the University of Idaho, conducts research and analyzes policy to increase the productivity of Idaho's forests.
2. The Idaho Geological Survey (IGS), headquartered at the University of Idaho with field offices at BSU and ISU, collects data and conducts research on Idaho's geologic and mineral-based assets.
3. The Scholarships & Grants program, administered by the Office of the State Board of Education, manages ten scholarship and grant programs available to students attending Idaho's postsecondary educational institutions.
4. The Museum of Natural History, located at Idaho State University, preserves, expands, and disseminates knowledge of the natural history of Idaho and the intermountain West.
5. The Idaho Small Business Development Centers (ISBDC), headquartered at Boise State University, deliver counseling, training, and technical support services to small businesses to encourage their survival and growth.
6. The Idaho Council on Economic Education (ICEE), headquartered at Boise State University, is a non-profit educational corporation whose mission is to encourage and enable economics instruction in Idaho schools.
7. Prior to FY 2003, TechHelp was part of the Idaho Small Business Development Centers. It is now a stand alone program that continues to provide manufacturing consulting services to small and medium sized companies.

Non-Cognizable Funds and Transfers

With the State Board of Education assuming the role of State Education Agency (SEA) from the State Department of Education, it is requested that the administration of the Robert C. Byrd Honors Scholarship be transferred from the department to the Office of the State Board of Education. This scholarship would then be included with the other scholarships and grants already administered by the Board Office. Idaho's FY 2004 Byrd Honors Scholarship award, received on August 27, 2003, was \$204,000.

1. Honors Scholarship from SDE to OSBE

It is requested that the administration of the Robert C. Byrd Honors Scholarship be transferred from the State Department of Education to the Office of the State Board of Education on an ongoing basis. A total of \$204,000 was included then removed from OSBE's FY 2004 budget as one-time, non-cognizable funds. This scholarship would be included with the ten other scholarship and grant programs already administered by the Board Office. The Byrd Honors Scholarship awards \$1,500 to support a maximum of four years of study to outstanding high school seniors who show promise of continued academic achievement.

- The Idaho Robert R. Lee Promise Scholarship – Category A** offers up to 100 new scholarships each year (up to 400 total active recipients) to outstanding Idaho high school seniors who plan to pursue postsecondary academic or vocational studies at one of Idaho's public or private institutions of higher education. Awardees are selected on the basis of class rank, ACT scores and GPA. The Office of the State Board of Education tabulates these factors to determine awardees. The State Board also sets the award amount. For the 2003-2004 academic year, approximately 110 total recipients each received an annual award of \$3,000.
- The Idaho Robert R. Lee Promise Scholarship – Category B** was created by the 2000 Legislature and funded for the first time in FY 2002. Category B Promise Scholarships provide up to \$500 per semester, including any 1:1 match amounts from participating institutions, for all Idaho students with a grade point average of at least 3.0 or an ACT score of at least 20. The actual award amount is determined by the State Board of Education and is subject to available funding. These scholarships are limited to two years and to students younger than 22 years of age. Awardees must maintain at least a 2.5 GPA to remain eligible. About 7,700 students qualified for this scholarship for the 2002-2003 academic year.
- Idaho Work-Study Program** is an employment program designed to allow resident students with financial or educational need to earn funds to assist in attending accredited institutions of higher education in Idaho. Institutions provide a 20-percent match for on-campus jobs, off-campus employers provide a 50-percent match. For the 2002-2003 academic year, 1,271 recipients received an average award of \$950.
- The Minority / "At Risk" Student Scholarship Program** provides between 35-40 scholarships per year to Idaho students who are at-risk of failing to achieve their educational goals because of cultural, economic, social or physical circumstances (e.g. disabilities). The award can be up to \$3,000 per year for four years. Thirty-five recipients received \$3,000 for the 2003-2004 academic year. To qualify, an Idaho graduate must meet three of the following five criteria: (1) be a first-generation college student, (2) be handicapped, (3) be a migrant farm worker or the dependent of a migrant farm worker, (4) have a substantial financial need, (5) be a member of an ethnic minority historically under-represented in higher education.
- Teachers/Nurses Loan Forgiveness Program** provides loans equal to full-time student fees for selected nursing and teacher education students. Loans are forgiven if the recipient teaches or practices in Idaho for two years after graduation. Statutes allow up to 16 new awards per year for teachers and 13 for nurses. Thirty-three teacher education and 15 nursing students are receiving the loans in the 2003-2004 academic year.
- POW/MIA Scholarship (fee waiver)** provides tuition and fees plus up to \$500 per semester for books and on-campus housing and subsistence to children of Idaho citizens determined to have been prisoners of war, missing in action, or killed in action in any armed conflict of which the United States was a party. Awardees must attend an Idaho public college or university. One student received this scholarship for the 2003-2004 academic year.
- Police/Firefighters Scholarship (fee waiver)** provides tuition and fees plus up to \$500 for books per semester and on-campus housing and meals to children of Idaho citizens who have been killed or disabled in the line of duty while employed in Idaho as a public safety officer. Awardees must attend an Idaho public college or university. A total of 4 students are receiving the scholarship in the 2003-2004 academic year.
- "Grow Your Own" Teacher Corp Scholarship** provides scholarships for instructional assistants employed by local school districts through programs leading to an AA/AS and/or BA/BS degree in education with an emphasis on bilingual education or an English as a Second Language (ESL) endorsement. The Colleges of Education will work with local school districts and instructional assistants to achieve teacher certification, thereby providing a career ladder for minorities to become certified teachers while they remain on the job. This program was designed to address the growing population of non-English speaking children in Idaho public schools. Recipients receive 90% of the cost of their student fees per year. For the fall 2003 semester, 61 full-time and 23 part-time students are receiving an average award of \$1,028.
- & 10. Leveraging Educational Assistance Program (LEAP/SLEAP)** is a federal grant program with a state match requirement that is available to students with demonstrable financial need. Students may attend any public or private institution of higher education in Idaho. Although more than 95% of the recipients are Idaho residents, there is no residency requirement. For the 2002-2003 academic year, 1,715 recipients received an average LEAP award of \$412 and 331 students received an average SLEAP award of \$450. This program was formerly known as the State Student Incentive Grant Program.

Division Description

The primary goals of the State Department of Education are to: 1) meet all statutory regulations as they relate to public schools and the state agency; 2) provide services to the 114 school districts in Idaho in terms of activities that will maintain or improve educational opportunities for children; and 3) provide leadership in all areas of public education to focus attention on and help resolve problems faced by education in Idaho. The expected long-range result is the continued commitment to provide excellence for all Idaho students.

FY 2004 Original Appropriation	122.00	5,130,900	4,239,400	5,844,000	15,214,300

1. Professional Standards Commission

This supplemental would authorize the hiring of two positions, the spending authority for which would be transferred from operating expenditures to personnel costs, to provide support for the Professional Standards Commission. The work of this group pertains to issues such as teacher preparation, teacher certification, teaching standards, and the evaluation of the competence of the teaching profession, and it has a key role in ensuring Idaho's compliance with the "highly qualified teacher" requirements of the federal government's No Child Left Behind legislation.

Agency Request	2.00	0	0	0	0
Governor's Recommendation	2.00	0	0	0	0

2. High Performance Schools

This supplemental would provide one-time spending authority of \$200,000 in Albertson Foundation grant monies. These funds would be used to study high performing schools in Idaho, in an attempt to determine what practices tend to create high performing schools. Those practices could then be replicated in other schools around the state. Particular focus will be put on teaching and learning under achievement standards. The program was originally appropriated as a three year grant, but this request represents the fourth, and what is now anticipated to be the final year of the program. This final grant is expected to run from January 15 through August 31, 2004.

Agency Request	0.00	0	200,000	0	200,000
Governor's Recommendation	0.00	0	200,000	0	200,000

3. Increase Federal Spending Authority

This supplemental would provide the department with additional federal funds spending authority in the area of operating expenditures. The department estimates that its current appropriation of federal funds will leave it short before the end of FY 2004, and that this increase in available funds will prevent such a shortfall.

Agency Request	0.00	0	0	1,000,000	1,000,000

Division Description

Epilepsy Services: Place persons afflicted with epilepsy in touch with professionals so the trauma can be reduced and allow them to participate fully in their families, communities, interests, etc.

Independent Living Council: Provides a Statewide Independent Living Council (SILC), which is mandatory if the state wishes to receive federal financial assistance under Title 7 of the federal Rehabilitation Act.

Renal Disease Services: Provide lifesaving services (kidney dialysis and kidney transplants) to those suffering from end-stage kidney disease.

Vocational Rehabilitation Services: Provide services to allow the disabled of Idaho the opportunity of full employment, independence from government support and dignity and self-respect. Maintain the productivity of each disabled citizen who is capable of employment and reduce the burden of dependence on the taxpayers.

Employment Services is a program designed to provide remunerative work and support for adults with developmental disabilities and mental illness who lack the skills and experience to obtain and maintain employment in the competitive labor market. Employment Services are comprised of Work Services and Community Supported Employment.

The Department contracts with Service Providers that train, provide job coaching, and secure employment, for clients with developmental disabilities and mental illness. There are currently 25 service providers providing Employment Services throughout the state.

The Governor is recommending that these services be transferred from the Department of Health and Welfare to the Division of Vocational Rehabilitation for fiscal year 2005.

Division of Vocational Rehabilitation

Issues & Information

Analyst: Burns

Background

The Division of Vocational Rehabilitation was established in 1920, and represents a partnership between federal and state governments. Its goal is to assist people with disabilities in preparing for, securing, retaining, or regaining employment. This is accomplished by assisting those who have physical or mental impairments, to achieve their vocational goals by providing vocational counseling and guidance by qualified, professional vocational rehabilitation counselors and by providing support services such as: assessment of vocational rehabilitation needs; assistance with vocationally related physical and mental restoration; training to include on-the-job, vocational, technical, academic, vocational adjustment or job coaching; job development, placement, and follow-along; rehabilitation technology; and transition services for youth with disabilities

Needs Assessment

Over 70% of people with disabilities are unemployed. This directly impacts both financial and social resources. Disability cuts across every segment of society, both young and old, and rich or poor — robbing society of one of its most valuable assets, the productivity of its members. Many people with disabilities want to become productive, wage earning citizens, but need assistance to reach this goal.

According to the 2000 census in Idaho, there are an estimated 108,383 people with disabilities between the ages of 21—64, many of whom may be eligible for vocational rehabilitation services. In federal fiscal year 2002, the Idaho Division of Vocational Rehabilitation was able to serve 12,090 of these individuals. This means that many individuals went without needed assistance.

While not all people with disabilities require vocational rehabilitation services to achieve employment, a great majority of them will. Without these services they will most likely either become or remain dependent on family, government, or other assistance programs. This cost constitutes a very real loss in individual productivity and directly affects the Idaho workforce and economy.

Individuals rehabilitated in federal fiscal year 2002 increased their annual income by 350%. People with significant disabilities who were rehabilitated also

increased their annual income by 350%.

The impact of disability and its subsequent dependency at both the national and local level is staggering. IDVR is a program that stresses time-limited services and assistance for people with disabilities to become employed.

Present Delivery System

The general vocational rehabilitation program is a matching program (78.7% federal and 21.3% state) and works with the general caseload client and special target client groups. These groups are clients who have been identified as having unique barriers to employment. They may require additional effort, skills, and administrative time on the part of the agency and its staff. All clients must meet basic eligibility criteria to be eligible for vocational rehabilitation services. To be eligible for these services, a client must either:

1. Have a physical or mental impairment (disability), which constitutes or results in a substantial impediment or barrier to employment and requires vocational rehabilitation services to achieve an employment outcome; or
2. Be an SSA beneficiary who intends to achieve an employment outcome.

Eligibility for vocational rehabilitation is not based on financial criteria. The agency expects and encourages financial participation by the client for planned services, if they have the resources available.

The VR program service delivery system is based on an Individualized Plan for Employment (IPE). Each client who is referred or applies for rehabilitation services is dealt with on an individual basis and is closely monitored. The vocational rehabilitation counselor is responsible, in partnership with the client, for the evaluation and determination of eligibility, the preparation of an Individualized Plan for Employment and the necessary follow-through for the client to achieve the goal of employment. This process demands a myriad of skills on the part of the vocational rehabilitation counselor, from medical and psychological knowledge to vocational counseling, planning, workforce information, and knowledge of educational training and placement programs.

Division of Vocational Rehabilitation Issues & Information

Analyst: Burns

Key Goals and Objectives

Continually Improve Performance

1. Enhance services for those with Mental Illness; those in Adult Correction Programs; and those in the School-Work Transition Program.
2. More fully utilize the expertise of the Counselor Council.
3. Focus on recruitment, training, and retention of qualified staff.
4. Serve individuals from minority backgrounds.
5. Exceed a 75% client employment retention rate.
6. Improve core business processes and infrastructures through the leveraging of Information Technology, resource planning, and business processes.
7. Strengthen existing service delivery system statewide with emphasis on rural areas.
8. Improve transportation options to enhance employment opportunities for individuals with disabilities through involvement with the Public Transportation Interagency Working Group (IWG).

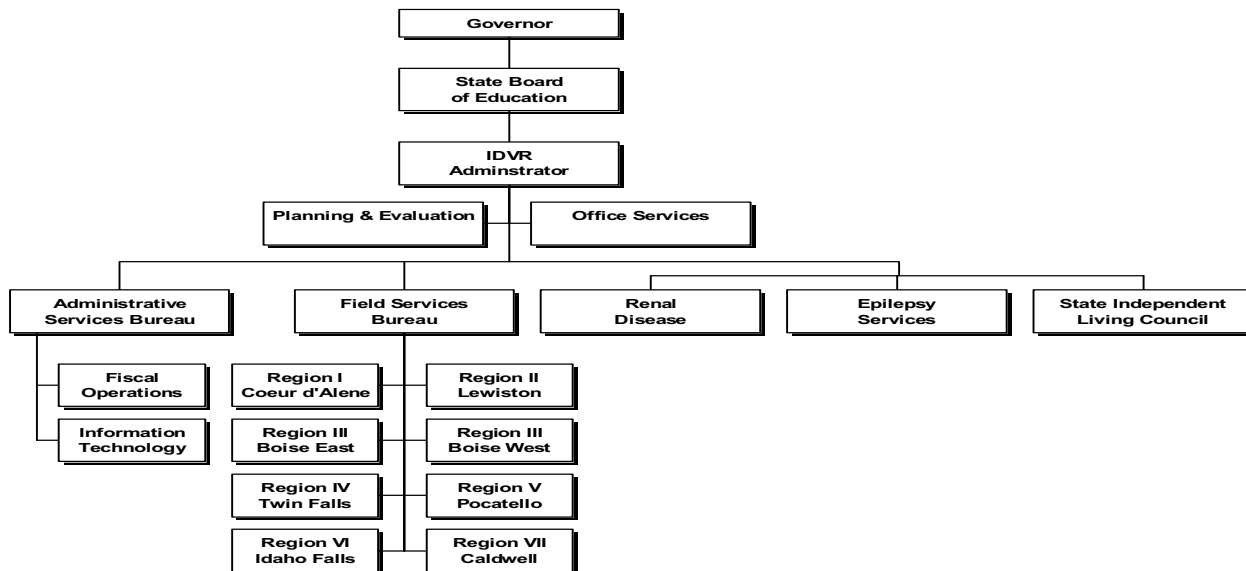

Expand Programs to Meet Customer Needs

1. Increase the number of School-Work Transition projects throughout the state.
2. Increase the number of Adult Correction projects statewide.
3. Strengthen and expand the Juvenile Corrections Program.
4. Investigate the rehabilitation needs of Idaho's aging population with disabilities.
5. Provide adequate Assistive Technology resources statewide.

Improve Information Dissemination and Awareness

1. Ensure continued awareness of the value of the VR program with the State Board of Education.
2. Increase awareness in the Office of the Governor of the value of IDVR's participation in Idaho Works One-Stops with regards to serving persons with disabilities and strengthen the relationship with the State Workforce Development Council.
3. Ensure the availability of information about employment and disability issues.
4. Establish rehabilitation specialty areas.

Department Description

Meet the needs of the medically indigent in Idaho who do not qualify for state or federal health and welfare programs, but who qualify for county assistance. The county is responsible for the first \$10,000 in medical bills incurred by the medical indigent in any twelve-month period. The Catastrophic Program is responsible for all medical bills in excess of \$10,000.

1. CAT Fund Shortfall

An ongoing supplemental is requested to fund costs that are expected to exceed the current year appropriation.

ANALYST COMMENT: According to the state's accounting system, the Catastrophic Health Care Fund has a total of \$9,384,800 that is available to the program for the current fiscal year. As of December 17, 2003, the program has already expended \$6,522,100 leaving a positive balance of \$2,862,700 for the remainder of the year. By comparison, expenditures totaled \$13.9 in fiscal year 2002 and \$13.7 in 2003. In addition to the CAT Fund, there is another \$400,000 available from the Millennium Fund for general program purposes.

Agency Request	0.00	4,000,000	0	0	4,000,000
----------------	------	-----------	---	---	-----------

The Governor recommends a one-time supplemental appropriation.

Division Description

The Division of Family and Community Services has primary responsibility for child protection; adoptions and foster care; children's and adult mental health; services to people with developmental disabilities; early intervention and screening for infants and toddlers; and substance abuse prevention and treatment.

These programs are integrated to provide services for children and families that reflect the Department's family-centered philosophy. This philosophy affirms the belief that families are the best place for children to grow and develop, and services focus on the entire family unit, building on family strengths while supporting and empowering families to be self-reliant.

Idaho has three state hospitals. State Hospital South (SHS) in Blackfoot and State Hospital North (SHN) in Orofino, provide treatment for adults with serious mental illness. In addition, SHS has an adolescent unit, and SHN provides inpatient services for people with a dual diagnosis of mental illness and substance abuse. As part of the statewide developmental disabilities service delivery system, Idaho State School and Hospital (ISSH) in Nampa is a specialized provider of services to the most severely impaired clients in the state. ISSH serves only those clients who have no other placement option due to severe behavior or medical issues.

Reappropriations

Reappropriation authority--otherwise known as 'carry over'--allows unspent funds from the prior fiscal year to be carried over and spent in the current fiscal year. 'Carry over' requires specific legislative authorization and must be approved every year. Few appropriations receive reappropriation authority.

Non-Cognizable Funds and Transfers

FTP ADJUSTMENTS: Last session, the legislature eliminated 100 unfunded vacant positions in the department with the total reduction taken from Indirect Support Services. Of this number, a total of 85.01 FTP were subsequently allocated out to other divisions within the department. The allocated reduction in the Division of Family & Community Service's amounted to 55.07 FTP. However, the department received a federal grant effective October 1, 2002, for planning and coordinating children's mental health services. The purpose of the grant was to work with community based councils and other local groups to expand services at the local level for children's mental health. This program was part of the recommendations agreed to under the "Jeff D" lawsuit against the state. There are three FTP working this grant that were not included in the department's fiscal year 2004 budget. In addition, seven clinical positions were added in the children's mental health program to provide a variety of community-based treatment services for children and families, and thirteen were added in the child welfare program. A May 2003 federal review of the child welfare program found that staffing levels were inadequate and left the department unable to assure the safety of children and the timely and appropriate return to their families or permanent placement with another family. For these reasons, the Governor approved the addition of 23 FTP in the Children's Services program.

In Community Developmental Disabilities, the department has contracted with the state Head Start Association under a federal grant for collaboration to integrate Head Start services with other state programs. The Association recently underwent a federal review on their program. The review team felt it was a conflict of interest for the Association to control that staff under the collaboration agreement. The Governor subsequently approved two FTP for this program. In addition, fourteen positions associated with prior authorization functions were transferred from this program to Medicaid.

In Community Mental Health, the Governor approved the addition of 15.25 FTP for the adult mental health program. The positions serve clients at risk of hospitalization. With the additional staff, the department has added an Assertive Community Treatment team in Region 4 (Boise) of the state. According to the department, this will reduce state hospital commitments and reduce the cost for community hospital services that clients receive while awaiting open beds at state hospitals.

In an effort to comply with federal health, treatment, and safety requirements, the Governor has authorized adding nine FTP at Idaho State School and Hospital, two at State Hospital North, and four at State Hospital South.

FTP ADJUSTMENT SUMMARY

- 55.07 Allocated reduction in vacant postions.
- +23.00 Governor's authorized increase in Children's Services.
- + 2.00 Governor's authorized increase in Community Developmental Disabilities.
- +15.25 Governor's authorized increase in Community Mental Health.
- + 9.00 Governor's authorized increase at Idaho State School & Hospital.
- + 2.00 Governor's authorized increase at State Hospital North.
- + 4.00 Governor's authorized increase at State Hospital South.
- 14.00 Transferred from Community Developmental Disabilities to Medicaid.

- 13.82 NET FTP CHANGE

=====

GENERAL FUND ADJUSTMENTS: Transfers out \$279,100 associated with prior authorization functions in Community Developmental Disabilities to Medicaid, and transfers in \$25,000 from the Self-Reliance programs to establish a tribal relations manager. [Net Change: - \$254,100]

DEDICATED FUND ADJUSTMENTS: Includes additional receipts of \$54,900 in Community Developmental Disabilities, \$142,000 in Community Mental Health, and \$557,200 in Substance Abuse Services. [Net Change: + \$754,100]

Employment Services is a program designed to provide remunerative work and support for adults with developmental disabilities and mental illness who lack the skills and experience to obtain and maintain employment in the competitive labor market. Employment Services are comprised of Work Services and Community Supported Employment.

The Department contracts with Service Providers that train, provide job coaching, and secure employment, for clients with developmental disabilities and mental illness. There are currently 25 service providers providing Employment Services throughout the state.

The Governor is recommending that these services be transferred from the Department of Health and Welfare to the Division of Vocational Rehabilitation for fiscal year 2005.

-------------------------	-----	---------	-----------	---------	-------

1. Infant & Toddler Program

The department is charged with identifying infants and toddlers which may be eligible for services under the Idaho Infant and Toddler Program. Over the past few years, the population growth in the state and increasing awareness about brain development and the critical importance of the first three years of life has resulted in increasing referrals of children who would benefit from early intervention services. The population served has increased 45.6% over the last five year period. Despite strategies that have been employed to increase efficiencies in the program, needs and services are not being adequately met. This has resulted in compliance issues with Part C of the Individuals with Disabilities Education Act through the U.S. Department of Education Office of Special Education Programs.

The department currently provides early intervention services to about 2,500 children. Services are provided both directly and through contracts, and costs \$5,385,000 for current service provisions, of which \$2,600,000 is from the General Fund. Funding is requested to purchase additional contracted services provided by the private sector in order to come back into compliance with federal law.

Agency Request	0.00	220,000	0	0	220,000
Governor's Recommendation	0.00	220,000	0	0	220,000

2. Foster Care

The Department of Health and Welfare is requesting a 5% increase in the reimbursement rates for foster parents to bring rates in line with other states. There is an increasing number of children coming into foster care, which is the most cost efficient placement for children needing out of home care. According to the department, Idaho struggles with recruiting and maintaining a sufficient number of foster families, and a more equitable reimbursement would provide incentive for prospective foster parents. Currently the department spends \$4.4 million to maintain the current Foster Care Program (See page, 2-20).

Division Description

Independent Commissions and Councils include the Council for the Deaf and Hard of Hearing, the Developmental Disabilities Council, and the Domestic Violence Council.

Council for the Deaf & Hard of Hearing: The Idaho State Council for the Deaf and Hard of Hearing was established by the 1991 Idaho Legislature. The Council was created to coordinate state level programs to assure accommodation and access services for the deaf and hard of hearing. This advisory Council's mission is to create an environment in which hearing impaired Idahoans of all ages have an equal opportunity to participate fully as active, responsible, productive, and independent citizens. The Council provides information and referral services, a quarterly newsletter, informative brochures on the Americans with Disabilities Act requirements for communication access, workshops and presentations on hearing loss and assistive listening devices, and other services for persons who are deaf or hard of hearing.

Developmental Disabilities Council: The Council on Developmental Disabilities was established to maintain a central point for cooperation and coordination between the public and private sectors. This is to ensure that those with developmental disabilities receive the services or other assistance necessary to achieve maximum independence, productivity and integration into the community.

Domestic Violence Council: The Domestic Violence Council was established to ensure the availability of help for victims of crime with a focus on funding programs which help victims of domestic violence, sexual assault or child abuse. This program is funded from a state imposed \$15 fee on each marriage license, a \$20 fee on each divorce action, and from available federal project moneys.

1. Early Hearing Detection

Hearing loss, including deafness, is the most common birth defect. All 34 Idaho birthing centers currently screen 19,000 newborns each year. Funding is requested to replace lost federal funds and assure that the Council can continue the program. These funds will be used for program coordination, data management, and follow-up services.

Division Description

Indirect Support provides administrative functions for the Department of Health and Welfare. The Office of the Director provides central policy direction. Regional directors direct day-to-day activities throughout the state. The Office of Legal Services provides legal advice, monitoring and litigation services. The Division of Management Services manages the budget cash flow, controls the accounting and reporting process, performs internal reviews, manages physical assets, and processes all personnel actions. The Division of Information Systems plans and operates all data processing activities. Finally, the Division of Human Resource Services includes civil rights, workforce development, recruitment, process and system research, and employee relations.

Non-Cognizable Funds and Transfers

FTP ADJUSTMENTS: Last session, the legislature eliminated 100 unfunded vacant positions in the department with the total reduction preliminarily taken from Indirect Support Services. Of this number, 85.01 FTP have subsequently been removed from other programs within the department which increases the FTP count in this division by a like amount. In addition, one FTP was transferred from Laboratory Services to Indirect Support. [Net Change: + 86.01 FTP]

OTHER ADJUSTMENTS: Transfers \$1,321,800 in General Funds from Medicaid, Self-Reliance, and Laboratory Services; receipts are adjusted downward to bring expenses in line with available collections; and federal funds are increased on a one-time basis due to increased match on carryover and program transfers for the purpose of developing a new Case Management Information System (CAMIS) on prior authorization, care management, and Medicaid eligibility functions.

Division Description

The Division of Medical Assistance has responsibilities that include administering plans to finance and deliver health services for people at risk due to low income and other factors, such as youth, old age, pregnancy, or disability, pursuant to state and federal Medicaid requirements. Additional responsibilities involve licensing and certification of health facilities to meet state and federal requirements and to participate in Medicaid and Medicare.

Reappropriations

Reappropriation authority--otherwise known as 'carry over'--allows unspent funds from the prior fiscal year to be carried over and spent in the current fiscal year. 'Carry over' requires specific legislative authorization and must be approved every year. Few appropriations receive reappropriation authority.

1. CHIP Access Card Program

The CHIP Access Card Program will expand insurance coverage to uninsured children from low-income families. House Bill 376 became effective July 1, 2003 for the Department to begin planning the program. The benefit payments are scheduled to begin July 1, 2004. The new expenses and additional staff are necessary to launch the benefit program in July.

The information technology costs for the required computer system upgrades are \$2.5 million and will be funded by a federal/state split of 90%/10%, subject to federal approval of the program. The only other operating expense request is for \$25,000 to fund an advisory committee. Both of these expenses are one-time.

Seven additional positions will be required for the expanded program. Five of these positions will be funded for six pay periods this year. The project manager position will be filled for the full year, and the program expert position will be filled for 13 pay periods. These new positions are on-going.

ANALYST COMMENT: The statement of purpose in House Bill 376, indicated that there was no fiscal impact on the state's General Fund; and that the Idaho Health Insurance Access Card program would be funded by a portion of the Idaho Insurance Premium Tax, matching federal funds, grants, donations, moneys from other sources, and earned interest income. However, it should be noted that funding from the Insurance Premium Tax will not be made available until June 2004, which impacts the department's ability to have this new program in place by July 1 unless other resources are provided in advance of the startup date.

Non-Cognizable Funds and Transfers

FTP ADJUSTMENTS: Last session, the legislature eliminated 100 unfunded vacant positions in the department with the total reduction taken from Indirect Support Services. Of this number, a total of 85.01 FTP were subsequently allocated out to other divisions within the department. Medicaid's allocated reduction amounted to 6.06 FTP. However, the Governor has subsequently approved an increase of ten positions for Medicaid this year. Of this number, six will be used to increase cost audit settlements, third party recovery efforts, and create a disease management program; two positions have been added to oversee contracted vendors; one position will be used to validate the appropriateness of treatment and the accuracy of service payments; and one position will be used to write a two-year self-determination pilot project waiver as authorized by the legislature in 2003. In addition, fourteen FTP associated with prior authorization functions have been transferred from Community Developmental Disabilities to this program.

FTP ADJUSTMENT SUMMARY:

- 6.06 Allocated reduction of vacant positions.
- +10.00 Governor's authorized increase.
- +14.00 Transferred from Community Developmental Disabilities.

- +17.94 NET FTP CHANGE

=====

GENERAL FUND ADJUSTMENTS: Transfers \$1,000,000 out to Indirect Support Services for Medicaid's share of the new Case Management Information System (CAMIS) project on prior authorization, care management, and Medicaid eligibility functions; and transfers in \$279,100 from Community Developmental Disabilities. This latter transfer is associated specifically with prior authorization functions.
 [Net Change: - \$720,900]

DEDICATED FUND ADJUSTMENTS: Drug rebates for the Medicaid program are expected to increase by \$6,634,200 for fiscal year 2004.

FEDERAL FUND ADJUSTMENTS: Reflects an increase of \$91,160,000 in additional federal funds due to adjustments in the Federal Medical Assistance Percentage (FMAP) rate passed by Congress that is in effect through June 30, 2004. The federal match for Idaho went from 70.46% up to 73.91%. It also includes \$6,798,400 in additional one-time federal funds that were generated as a result of carryover; \$1,025,000 in ongoing federal funds to finish the pharmacy project and implement a new pharmacy system; and a reduction of \$359,900 in federal match lost as a result of transferring moneys to Indirect Support Services for Medicaid's share of the new Case Management Information System (CAMIS) project.

Nonstandard Adjustments

1. MEDICAID CASELOAD & UTILIZATION: The average monthly caseload in fiscal year 2004 is estimated to be 162,938. This represents an increase of 6.7% from the previous year. Caseload is expected to rise by another 7.4% in fiscal year 2005 to a total of 174,986, or 12,048 more clients. The cost of projected utilization and caseload growth, which cannot be covered by standard inflation, is \$85,284,600 (\$25,056,600 General Fund). Estimates are based on data as of September 24, 2003.

2. ACCESS CARD IMPACT: When the original CHIP program was first implemented, for every new CHIP client added, four more qualified under the normal Medicaid program. With the implementation of the new Access Card Program, officials estimate that for every client that qualifies under this program, two more will qualify for either the regular CHIP program or for services under Medicaid. As a result, the original CHIP program will see an expansion of 4,573 clients and the Medicaid program will grow by an additional 1,524 at a cost of \$16,226,200 (\$3,409,500 General Fund).

3. BUILDING SERVICE SPACE CHARGES: Building service space charges are expected to increase by \$288,200 (\$138,800 General Fund).

House Bill 376 established a new CHIP Access Card program within Medicaid to expand insurance coverage to uninsured children from low-income families. The benefit payments are scheduled to begin July 1, 2004. The department is estimating that 27 new positions will be required to implement this new program. Of this number, seven are being requested in the Medicaid program and 20 are requested for eligibility determination. In addition, it is estimated that \$2.5 million will be required for computer system upgrades that will be funded by a federal/state split of 90%/10%, subject to federal approval of the program. The only other operating expense is \$25,000 to fund an advisory committee. When the original CHIP program was first implemented, for every new CHIP client added, four more qualified under the normal Medicaid program. With the implementation of the new Access Card program (CHIP B), officials estimate that 3,049 clients will be served by this new program. However, it is also estimated that for every client that qualifies under this new program, two more will qualify for either the regular CHIP program or for services under Medicaid. As a result, the original CHIP program will see an expansion of 4,573 clients and the Medicaid program will grow by an additional 1,524 at a cost of \$16,226,200 (\$3,409,500 General Fund). The overall fiscal year 2005 General Fund impact is \$4.1 million.

Division Description

The Division of Public Health includes Public Health Services, Emergency Medical Services, and Laboratory Services. Public Health provides services in seventeen different program areas that are primarily delivered through contracts with the local public health districts and other providers. Program areas include: immunizations, chronic and communicable disease prevention and intervention, food safety, reduction of health risks from environmental exposures, promotion of maternal and child health, improving access to rural health care, and vital records.

Emergency Medical Services (EMS) plans and implements a statewide system designed to respond to critical illness and injury situations, as well as medical response to disasters. This program trains EMS personnel, conducts ambulance licensing, certifies and recertifies EMT's and other categories of EMS personnel, operates the statewide EMS communications center, provides technical assistance and grants to community EMS units, evaluates EMS system performance, and other related activities.

Laboratory Services is one of several basic support systems administered by the Division of Public Health for a variety of physical health programs, environmental control programs, and other divisions and programs of the Department. In addition, the Bureau of Laboratories provides laboratory support to the local district health departments and other departments of state government in accordance with written agreements.

1. Food Safety Inspections

The Health Districts perform food safety inspections, collect for the inspections, and remit these fees to Health and Welfare for deposit into the Food Safety Fund. The department then pays the seven local health districts, under contract, for performing the inspections out of this fund. Additional spending authority is requested for receipts that have been deposited into this fund as a result of heavier than anticipated work load (inspections). The number of billable establishments has increased from 7,160 in fiscal year 2003 to 7,781 in 2004. This increase in appropriation will cover the cost of these additional inspections.

Non-Cognizable Funds and Transfers

FTP ADJUSTMENTS: Last session, the legislature eliminated 100 unfunded vacant positions in the department with the total reduction taken from Indirect Support Services. Of this number, a total of 85.01 FTP were subsequently allocated out to other divisions within the department. The allocated reduction for the Division of Public Health Services amounted to 3.99 positions. However, the federal bio-terrorism grant, which began August 31, 2003, provided funding for an additional eight FTP to support laboratory capacity, emergency communication, and local response planning. As a result, the Governor approved the addition of four FTP in Physical Health Services and four FTP in Laboratory Services. In addition, one FTP was transferred from Laboratory Services to Indirect Support Services.

FTP ADJUSTMENT SUMMARY

- 3.99 Allocated reduction of vacant positions.
- +4.00 Governor's authorized increase for Physical Health Services
- +4.00 Governor's authorized increase for Laboratory Services
- 1.00 Transferred from Laboratory Services to Indirect Support.

+3.01 NET FTP CHANGE

GENERAL FUND ADJUSTMENTS: Transfers \$21,800 to the Revenue Unit in Indirect Support Services. [Net Change: - \$21,800]

DEDICATED FUND ADJUSTMENTS: Includes spending authority of \$565,800 in Physical Health Services for increased receipts that were collected, and a reduction of \$452,000 in uncollectible receipts in Laboratory Services. [Net Change: +113,800]

FEDERAL FUND ADJUSTMENTS:

Physical Health Services - Includes \$3,758,800 in one-time noncognizable federal funds for bio-terrorism, Women, Infants, and Children (WIC), and immunization programs. It also includes \$3,800 in additional federal match that was generated to match carryover funds.

Emergency Medical Services - Includes \$200,000 in noncognizable spending authority for bio-terrorism and rural access to emergency devices.

Laboratory Services - Includes \$300,000 in noncognizable spending authority for bio-terrorism and a reduction of \$316,800 in other federal grants.

Division Description

The Division of Welfare administers Temporary Assistance for Families in Idaho (TAFI), which is the welfare reform version of the old AFDC and JOBS programs. This is a time-limited cash assistance and supportive services program with an emphasis on self-reliance and personal responsibility. Additional assistance provided by this program is the Idaho Child Care program, Aid to the Aged, Blind, and Disabled, Food Stamps, Refugee Assistance and Medicaid eligibility. Also included is the administration of the Community Service Block Grant, Low Income Energy Assistance, Low Income Weatherization Assistance, Emergency Food Assistance and Telephone Assistance programs. The Child Support program is responsible for establishing and enforcing child support orders and medical support orders, modifying child support orders to ensure that support awards remain comparable to changes in parental income, and collecting child support for TAFI cases, non-TAFI cases and foster care cases. These collections are used to reimburse the state and federal government for TAFI and foster care expenditures, or to pass on to the custodial parents on the non-TAFI cases.

1. CHIP Access Card Eligibility

House Bill 376, which was effective July 1, 2003, added a CHIP Access Card Program to the Department of Health and Welfare. The new costs and additional eligibility staff shown here are necessary in order for the Department to start the benefit payments on July 1, 2004. These new positions will be filled for six pay periods in fiscal year 2004 and will be on-going.

ANALYST COMMENT: The statement of purpose in House Bill 376, indicated that there was no fiscal impact on the state's General Fund; and that the Idaho Health Insurance Access Card program would be funded by a portion of the Idaho Insurance Premium Tax, matching federal funds, grants, donations, moneys from other sources, and earned interest income. However, it should be noted that funding from the Insurance Premium Tax will not be made available until June 2004, which impacts the departments ability to have this new program in place by July 1 unless other resources are provided in advance of the startup date.

Non-Cognizable Funds and Transfers

FTP ADJUSTMENTS: Last session, the legislature eliminated 100 unfunded vacant positions in the department with the total reduction taken from Indirect Support Services. Of this number, a total of 85.01 FTP were subsequently allocated out to other divisions within the department. The allocated reduction from these unfunded vacant positions for the Division of Welfare amounted to 19.89 FTP. In addition, the Governor approved restoration of 4.5 of these FTP used to determine eligibility for Medicaid and Food Stamps. This was done because Idaho was not selected to participate in a federal pilot program that shifted eligibility determination to them for those individuals qualifying under the Supplemental Security Income (SSI) program. The fiscal year 2004 appropriation assumed we would have been selected to participate. [Net Change: -15.39]

GENERAL FUND ADJUSTMENTS: Transferred \$300,000 in General Funds to Indirect Support Services for developing a Case Management Information System, and \$25,000 to Children's Services for funding a tribal relations manager.

DEDICATED FUND ADJUSTMENTS: Spending authority is decreased by \$281,900 due to uncollectible receipts.

FEDERAL FUND ADJUSTMENTS: Includes \$1,744,500 in the Temporary Assistance for Families in Idaho Grant (TAFI); \$1,100,000 in the Self-Reliance programs to realign federal dollars to the amount generated by program activities; and \$333,300 in increased federal match for Food Stamp quality and for match related to the carryover of unexpended funds from the previous fiscal year. [Net Change: +3,177,800].

Governor's Recommendation	0.00	0	0	0	0
Nonstandard Adjustments					
Provides \$1,744,500 in increased federal cash assistance payments under the Temporary Assistance for Families in Idaho (TAFI), and \$1,100,000 for enhanced ongoing federal funds to more accurately reflect the funds generated in the Self-Reliance programs. It also includes a reduction of \$154,900 (\$69,700 General Fund) due to adjustments in building service space charges.					
Agency Request	0.00	(69,700)	0	2,759,300	2,689,600
<i>The Governor recommends no adjustment to building space charges for state agencies</i>					
Governor's Recommendation	0.00	0	0	2,844,500	2,844,500
Annualizations					
Annualizes the supplemental request for implementing the CHIP Access Card program.					
Agency Request	0.00	421,200	0	514,800	936,000
Governor's Recommendation	0.00	421,200	0	514,800	936,000
Change in Employee Compensation					
Reflects the cost of a 1% salary increase for permanent and group positions.					
Agency Request	0.00	109,900	0	134,200	244,100
<i>The Governor recommends a compensation increase of 2% to be distributed based on merit. No adjustment to the pay line is recommended.</i>					
Governor's Recommendation	0.00	222,500	0	271,700	494,200
Fund Shifts					
Shifts moneys from federal funds to the General Fund due to a change in the composite Federal Medical Assistance Participation (FMAP) rate, which has gone from 70.585% to 70.580%.

Lump Sum or Other Adjustments					
A lump sum appropriation removes all restrictions that limit the transfer of moneys among Personnel Costs, Operating Expenses, Capital Outlay and Trustee/Benefit Payments. As an exception to state budget laws, a lump sum appropriation requires specific legislative authorization and approval per Section 67-3508(1), Idaho Code.

Strategic Plan 2005

Strategic Plan 2005 is the Public Health Districts' health promotion agenda for the next five years. It is based on Healthy People 2010, the nation's health promotion agenda released in January 2000. The plan identifies eleven health indicators along with related goals, as summarized below. Seven of the goals involve promoting healthy behaviors, such as increasing physical activity and reducing tobacco use. These are especially important because, according to the Districts, unhealthy behaviors account for nearly half the premature deaths in Idaho. Strategies will be developed to help Idahoans modify those unhealthy behaviors and to address other areas of concern, such as the environment and access to health care.

Health Indicators	Goals
1. Physical Activity	Improve health, fitness, and quality of life through daily physical activity
2. Overweight and Obesity	Promote health and reduce chronic disease associated with diet and weight
3. Tobacco Use	Reduce illness, disability and death related to tobacco use and exposure to secondhand smoke
4. Substance Abuse	Reduce substance abuse to protect the health, safety, and quality of life for all, especially children
5. Responsible Sexual Behavior	Promote responsible sexual behaviors
6. Mental Health	Promote mental health and ensure access to appropriate, quality mental health services
7. Injury and Violence	Reduce injuries, disabilities, and death due to unintentional injuries and violence
8. Environmental Health	Promote health for all through a healthy environment
9. Immunizations	Reduce or eliminate vaccine-preventable disease
10. Access to Health Care	Improve access to comprehensive, high-quality health care services
11. Public Health Infrastructure	Ensure that Idaho's Public Health Districts have the infrastructure to provide essential services

Department Description

The Department is comprised of those functions under the constitutionally mandated Board of Correction and the statutorily created Commission for Pardons and Parole. The Governor appoints the three-member Board of Correction, which in turn appoints the director to the Board of Correction. The director oversees the Support Division, the Operations Division, and the contract management of the Idaho Correctional Center.

The Governor appoints the five members of the Commission for Pardons and Parole with the members being subject to Senate confirmation. The executive director to the Commission is also appointed by the Governor and is responsible for the day-to-day operations of the Commission staff.

Non-Cognizable Funds and Transfers

Transfers a .50 federally funded FTP from Offender Programs, and .50 FTP from ISCI to match existing staffing levels in the Support Services Program. Also, transferred one FTP and \$52,100 from Offender Programs to create a computer support position. The FTP and funding were originally authorized for a program coordinator as part of the Governor's Substance Abuse Initiative in FY 2001. An additional \$46,000 for the office lease was transferred from Operations Administration to the Support Services Program.

Nonstandard Adjustments					
This request is for \$574,400 from the General Fund to pay the annual Medical Contract increase which is the lower of 4.5% or the percentage increase in the Medical Care Component of the Consumer Price Index for all Urban Consumers for the Northwest Region using June 2003.					
The Statewide Cost Allocation Plan assesses state agencies for their actual use of Attorney General, State Controller and State Treasurer services. Also included are changes in property/casualty insurance premiums and the cost of office space leased to state agencies by the Department of Administration. The combined reduction for these services is \$290,800 from the General Fund.

<i>Not recommended.</i>					
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>0</i>	<i>0</i>	<i>0</i>
2. Hepatitis C Treatment			Medical Services Contract		
This request is to provide funding to support increased Hepatitis C treatment. These funds would not be incorporated into the existing medical contract, but would be managed on a case-by-case basis for offenders in prison whom are identified as meeting qualification standards. Presently, there are 483 diagnosed cases of Hepatitis C in the prison population. It is anticipated that eventually approximately 10% of that number will qualify for treatment according to newest guidelines from the Centers for Disease Control and National Institute of Health. The duration of treatment varies from 24 to 48 weeks, depending on the specific type of Hepatitis C virus. It is projected that implementing a policy consistent with above referenced treatment guidelines may exceed \$490,000 per year.

Division Description

The Operations Division has oversight of programs, community corrections and prisons. The prisons are the Idaho State Correctional Institution (ISCI), Idaho Correctional Institution - Orofino (ICI-O), North Idaho Correctional Institution at Cottonwood (NICI), the South Idaho Correctional Institution at Boise (SICI), the Idaho Maximum Security Institution at Boise (IMSI), the St. Anthony Work Center (SAWC), the Pocatello Women's Correctional Center (PWCC), and the South Boise Women's Correctional Center (SBWCC). There are three community work centers for men located in Nampa, Twin Falls, and Idaho Falls, and one for women in East Boise. There are community corrections district offices located throughout the state. District 1 is located in Coeur d'Alene with satellite offices in Sandpoint and Wallace; District 2 in Lewiston with satellite offices in Orofino, Moscow, and Grangeville; District 3 in Caldwell with satellite offices in Weiser and Emmett; District 4 in Boise with satellite offices in McCall, Eagle, Meridian, and in Mountain home; District 5 in Twin Falls with satellite offices in Hailey and Burley; District 6 in Pocatello with a satellite office in Preston; and District 7 in Idaho Falls with satellite offices in Rexburg and Blackfoot. The department handles adult felons sentenced by the courts.

FY 2004 Original Appropriation	1,303.30	70,992,100	10,873,600	2,011,300	83,877,000
---------------------------------------	----------	------------	------------	-----------	------------

1. Beds & Temp Staff/Lock Replacement

IMSI-Boise, Operations Administration

The Operation Administration Program is requesting \$83,600 to house inmates from IMSI (maximum security) while the locking system is being replaced. The department plans to place sixty-four inmates in the county jails for 31 days @ \$42.15 per day. An additional \$984,600 is being requested in an enhancement decision unit for FY 2005 to place additional inmates in county jails due to the lock replacement at both IMSI and ICI-Orofino.

IMSI is requesting \$46,600 for additional temporary security staff while the locking system is being replaced and the institution will be on manual key operation. The request is for \$37,800 in personnel, \$2,400 in operating expenses, and \$6,400 for capital outlay. The entire request is one-time. An additional \$204,500 in one-time personnel costs is being requested in an enhancement decision unit for FY 2005.

Agency Request	0.00	130,200	0	0	130,200
----------------	------	---------	---	---	---------

There is no funding recommended to house inmates in county jails during the lock replacement in FY 2004 or FY 2005. Funding is recommended for the full request from IMSI for temporary personnel to safely operate the prison.

Governor's Recommendation	0.00	46,600	0	0	46,600
---------------------------	------	--------	---	---	--------

2. Open 100 Bed SICI Annex

South Idaho Correctional Institution - Boise

This request is to fund staff, operating expenses and capital outlay necessary to open 100 beds for work project inmates. The department is requesting to add a correctional sergeant, six correctional officers, a food service supervisor and two food service officers, one pre-release specialist, two drug/alcohol rehabilitation specialists, and an office specialist 2. Total requested personnel costs are \$112,800. Of the requested \$111,600 in operating expenditures for a May opening, \$65,000 is one-time. Requested capital outlay totals \$127,400 and is for computer equipment - \$14,000, kitchen equipment - \$40,400, 15-passenger van - \$20,400, weapons - \$1,600, radios - \$8,000, washers and dryers - \$27,600, water conditioner, vacuum, floor buffer - \$4,400, and office furniture and equipment - \$11,000. The department is requesting an additional \$774,700 in an annualization decision unit for FY 2005. Of that total \$540,400 is personnel costs, and \$234,300 is operating expenditures.

----------------	-------	---------	---	---	---------

Not recommended.

Governor's Recommendation	0.00	0	0	0	0
---------------------------	------	---	---	---	---

3. Remove \$ for Population Contingency

Operations Administration

Agency Request	0.00	0	0	0	0
----------------	------	---	---	---	---

Remove one-time lump sum appropriation for population contingencies.

Analyst Comment: This was provided by the Legislature in case the inmate population exceeded the forecast in FY 2004. The forecast has since been revised downward by from 488 to 247, a reduction of 241, for the period July 2003 through June 2004. Actual growth has remained behind the revised forecast.

Non-Cognizable Funds and Transfers

TO SUPPORT SERVICES DIVISION:

(1) Transfers .50 FTP each from ISCI and Offenders Programs for a total of 1.00 FTP.

(2) Also transfers one FTP and \$52,100 from Offender Programs to the Support Services Division to create a computer trainer position. The FTP and funding were originally authorized for a program coordinator as part of the Governor's Substance Abuse Initiative in FY 2001. An additional \$46,000 for the office lease was transferred from Operations Administration to the Support Services Program.

WITHIN OPERATIONS DIVISION:

(1) Transfers 1.00 FTP and \$61,300 from Community Supervision to Offender Programs for a clinical supervisor to oversee treatment programs.

(2) Increases spending authority in Community Supervision by \$3,900 for personnel costs to match spending authority to available federal cash.

(3) The department received a federal Byrne grant to provide eight temporary part-time technical interns to expand the current global positioning tracking system in Community Supervision. Additional federal spending authority was granted in personnel costs - \$43,700, operating expenditures - \$2,600, and capital outlay - \$23,400, for a total of \$69,700. These funds are removed and continued spending authority requested for FY 2005 in decision unit 12.06.

(4) The department received authorization to spend \$150,000 in Community Supervision from a federal Byrne grant to provide transitional housing to nonviolent offenders, thereby leaving additional prison space available for more violent offenders. These funds are removed and continued spending authority requested for FY 2005 in decision unit 12.07.

Fund Shifts

1) Offenders Programs is requesting \$18,100 in personnel costs and .50 FTP for the projected loss of funding for a research analyst position from the Carl Perkins federal grant (education).

2) Community Supervision is requesting \$50,100 in personnel costs and 1.00 FTP for a probation and parole officer position to support Drug Courts in the 7th Judicial District. The position was originally funded through a three-year Byrne grant authorized by the Idaho Criminal Justice Committee.

3) Operations Administration is requesting a fund shift to the General Fund of \$167,300 from the projected reduction of the federal Criminal Illegal Alien Assistance Grant. More local governmental entities are applying to the federal government for the funds thereby reducing the state's share of reimbursement.

Agency Request	0.00	235,500	0	(235,500)	0
----------------	------	---------	---	-----------	---

The Governor recommends maintaining the funding for the probation & parole officer in District 7 working with the Drug Court Program.

Weapons are \$4,200 for 14 shotguns @ \$300 each, \$3,200 for eight rifles @ \$400 each, \$20,800 for a clothes washer, \$10,000 for a copier, \$2,400 for three desks. Other equipment includes \$3,200 for a pressure washer, \$24,000 for an engine analyzer, \$3,500 for a tire changer, \$3,500 for a portable jetter for sewer lines, \$20,000 for four swamp coolers for main dorm, \$400 for vacuum, and \$1,500 for a floor buffer. Kitchen equipment includes \$2,800 for a buffalo chopper, \$10,000 for two refrigerators, \$9,500 for 80 qt. mixer, \$2,800 for a microwave, \$3,800 for a dough divider, \$73,200 for a combination oven, \$2,000 for a milk dispenser, \$2,000 for a hot box, \$2,000 for an ice box, \$2,000 for a proof box, \$1,200 for a meat slicer, \$1,800 for a convection steamer, and \$2,000 for a salad bar. Work Projects include \$2,200 for two tents.

- *The Governor recommends using \$331,200 from the Inmate Labor Fund for department priorities.*

IMSI: \$11,300 for 15 rifles @ \$753 each, \$13,200 for 24 shotguns @ \$550 each, \$1,600 for a less than lethal weapon, \$1,500 for a fax, and \$400 for a desk chair. Other equipment includes \$900 for training suit, and \$6,800 for 17 stab vests @ \$400 each, \$700 for a floor buffer. \$11,400 is requested for 19 portable radios @ \$600 each. Kitchen equipment includes \$2,200 for a bread slicer, \$3,800 for a dough sheeter, \$4,200 for two baker's tables, \$11,400 for a 60 qt. mixer, and \$6,200 for a 30 qt. mixer.

- *Not recommended by the Governor.*

St. Anthony Work Camp: \$600 for two shotguns, \$700 for two rifles, \$1,600 for four office chairs, \$1,600 for two desks, \$500 for a wood cover. Other equipment includes \$3,000 for two floor buffers, \$600 for a planer. \$1,500 is requested for two portable radios. Kitchen equipment includes \$550 for a stainless chop table, \$700 for a refrigerator, \$1,850 for a frialator, and \$1,000 for a sterilizer. Work projects include \$9,800 for 14 chainsaws @ \$700 each.

- *The Governor recommends using \$9,800 from the Inmate Labor Fund for department priorities.*

PWCC: \$1,100 for three pistols @ \$360 each, and \$1,400 for four shotguns @ \$350 each. Office equipment includes \$2,600 for a fax machine, \$1,500 for a paper shredder, and \$27,000 for three copiers. Other equipment includes \$1,300 for an hydraulic jack, \$1,300 for a floor buffer, \$7,700 for 11 inmate wardrobes, and \$13,200 for 25 inmate bunks. Kitchen equipment is \$3,000 for two dish racks, \$3,500 for a range griddle, \$500 for a table, \$3,500 for a buffalo chopper, \$2,500 for a wash cart, \$8,500 for a floor mixer, \$3,000 for a food processor, \$1,200 for a blender, \$3,600 for a food slicer, and \$8,000 for two steam tables.

- *Not recommended by the Governor.*

S. Boise WCC: \$17,500 for an eight-passenger van, \$1,600 for a fax, \$1,900 for a floor buffer, \$900 for a food handling cart, and \$2,700 for an ice machine.

- *Not recommended by the Governor.*

Division Description

The privately operated state prison was completed in September 1999 and turned over to the Corrections Corporation of America until the state opened the prison in July 2000. The Corrections Corporation of America (CCA) was selected to design and build and operate the facility. The construction was financed with bonds through the Idaho Building Authority (IBA). Bonds were issued through the IBA, and the first of 27 payments to the IBA started in July 2000. The cost to build the facility was \$49,986,944. This included all design and construction costs to provide the state with a complete, furnished facility.

The occupancy contract with CCA requires that the contractor operate the facility in conformance with department policy. CCA is also responsible to hire and train all staff necessary to operate the facility. The department is responsible to monitor and enforce the operational contract. CCA's operational contract is based on a unit cost per inmate and is for an initial three-year period.

The prison is a combination 1,272-bed medium and minimum custody institution. There are three, 128-cell housing-units for medium security inmates. Each of these cells house two inmates. There are two, 252-bed minimum security dormitory units. There are also 44 administrative segregation cells (1 inmate per cell). In addition to the housing units the new prison has a medical treatment area, laundry facility, kitchen and group dining, occupational training areas with classrooms, indoor and outdoor recreational, religious, and visiting areas, and administrative office areas.

FY 2004 Original Appropriation	0.00	17,564,700	324,000	0	17,888,700

1. Additional PIE Revenue

Revenue generated from inmate work in the Prison Industry Enhancement program (PIE) is more than originally projected for FY 2004. This additional spending authority will allow the department to maintain the inmate population at 1,270 for the balance of the fiscal year. At the beginning of the fiscal year the department placed a higher level of inmates into the prison than were funded in the FY 2004 Original Appropriation. They have since reduced that number down to an average of 1,270.

Nonstandard Adjustments

Provide for the contractual per diem rate increase from \$39.87 to \$41.07 per day for inmates housed at the Idaho Correctional Center for a total increase of \$474,700 for the original 1,270 beds.

The Statewide Cost Allocation Plan assesses state agencies for their actual use of Attorney General, State Controller and State Treasurer services. Also included are changes in property/casualty insurance premiums and the cost of office space leased to state agencies by the Department of Administration. Risk management fees are being reduced by \$9,500.

Division Description

The Idaho Commission for Pardons and Parole is charged with the responsibility for parole (inmates selected for release by the Commission after serving at least the minimum portion of their sentence), commutation (modification of an offender's sentence), and pardon (forgiveness of a sentence). The Commission's goal is to provide the highest degree of protection to society while providing offenders the opportunity to become responsible members of society. The five commission members are appointed by the Governor to five-year terms and are subject to Senate confirmation.

Department Description

The Judicial Branch is made up of the following programs:

- 1) The Supreme Court of Idaho is the state's court of last resort. The Court hears appeals from final decisions of the District Court, as well as from orders of the PUC and the Industrial Commission.
- 2) The Law Library is the state repository for official publications received from other states and the federal government.
- 3) The District Courts have original jurisdiction over all civil and criminal cases, and appeals from the Magistrate Division, state agencies and boards.
- 4) The Magistrate Division has jurisdiction over cases involving domestic violence, domestic relations, juvenile cases, and civil cases under \$10,000, felony preliminary hearings, criminal misdemeanors, and infractions.
- 5) The Idaho Judicial Council is empowered by statute to nominate persons to the Governor for appointment to vacancies on the Supreme Court, Court of Appeals, and District Courts and make recommendations to the Supreme Court for the removal, discipline and retirement of judicial officers.
- 6) The Court of Appeals provides another court to share the appellate caseload with the Idaho Supreme Court. The court has jurisdiction to hear and decide all cases assigned to it by the Supreme Court; except cases invoking the Supreme Court's original jurisdiction, appeals from the Industrial Commission, PUC, and death penalty cases.
- 7) Guardian Ad Litem grants are awarded to Court Appointed Special Advocate (CASA) programs to recruit, train and coordinate volunteers to act as court appointed special advocates for abused, neglected or abandoned children under the Child Protective Act.
- 8) The Snake River Basin Adjudication is a court process established to inventory all surface and ground water rights in the Snake River drainage.

Personnel Cost Rollups

Includes the employer-paid portion of estimated changes in employee benefit costs. The two biggest factors are: health insurance rates which are projected to increase by 17 percent, from \$5,548 to \$6,493 per employee; and retirement system (PERSI) rates that will increase by over 6% to 10.39 and 10.73 percent of salary for regular and police/firefighter members, respectively.

The Judicial Branch is requesting \$302,000 in personnel costs for increased costs of health insurance and FICA, and \$19,100 in trustee/benefits. An additional \$13,300 is requested for the increased cost of life insurance for retired judges, and \$5,800 for the increased cost of health care for senior judges.

Governor's Recommendation	0.00	55,500	0	0	55,500

Nonstandard Adjustments

This request is to increase federal spending authority by \$1,081,200 to match the growth in actual grants, and increase spending authority in the Court Services Fund by \$202,700.

The Statewide Cost Allocation Plan assesses state agencies for their actual use of Attorney General, State Controller and State Treasurer services. Also included are changes in property/casualty insurance premiums and the cost of office space leased to state agencies by the Department of Administration. Risk Management fees are reduced by \$4,700, State Controller fees by \$13,500, and State Treasurer fees by \$2,800.

1. Expand Use of Senior Judges

Supreme Court, Magistrates Division

The Supreme Court requests funds for additional senior judge days (per diem, travel, and benefit costs for Plan A and Senior Magistrate Judges) to resolve disputes fairly and within the time standards adopted by the Supreme Court. A cadre of well-respected, experienced senior retired judges is available to be assigned to courts where the caseload needs are the greatest, or emergency circumstances exist. This enhancement will permit the Idaho courts to continue to resolve an increasing number of cases timely, and pursue further court innovations, without adding full-time judgeships. The request is \$153,000 in personnel costs, \$60,000 in operating expenditures for travel costs, and \$35,500 in trustee/benefits for health insurance.

Agency Request	0.00	248,500	0	0	248,500

Governor's Recommendation	0.00	30,000	16,600	0	46,600
4. Increase in Water Right Decreases					
Snake River Basin Adjudication					
Between now and FY 2005, the SRBA is expecting to receive the last 27 Director Reports from the Idaho Department of Water Resources, containing recommendations for approximately 25,000 irrigation claims. Of those, the SRBA expects approximately 20,000 to be decreed without objections. These estimates represent a very significant increase in volume, which will impact the quantity of basic operating expenses (postage, paper and other supplies, and some travel) needed to maintain the current pace of the adjudications.

Department Description

1) The Administration program provides support for the Department of Juvenile Corrections. Services include fiscal, human resources, facilities management, information technology support and purchasing.

2) The Community Services program encompasses the functions of the district liaisons, county block grant and tobacco tax programs, the department's quality assurance, contract monitoring, county detention center certification, statewide probation and detention training coordination, education coordination, and statewide research and evaluation. District liaisons provide coalition building expertise to members of their region, coordinate between county juvenile justice entities, and are a resource for developing programs.

3) The Institutions program currently operates three facilities for juvenile offenders, and contracts with private operators for additional juvenile placements. Department programming is based on the balanced approach, and includes components of victim and community restoration, work projects, social skills development, and education. Youth are placed in either the Juvenile Corrections Center-St. Anthony, the Juvenile Corrections Center-Nampa, Juvenile Corrections Center-Lewiston, or one of the department's contract provider programs. All three state facilities are secure facilities.

4) The Juvenile Justice Commission was established by Executive Order 95-09 to administer funds received through the Federal Juvenile Justice and Delinquency Prevention (JJDP) Act of 1974 as amended.

Division Description

Director's Office: provides administrative, policy and information systems to the entire department. Included within this program are the director's office, legal services, public affairs office, personnel bureau, financial services, procurement, and fleet management.

Executive Protection: Created in FY 2003 by the Legislature to separately track costs associated with protecting the Governor of Idaho.

Investigations: provides drug enforcement, internal police and governmental investigation.

Patrol: responsible for the protection of life and property on Idaho's highways and provides accident investigations and assistance to the motoring public and all law enforcement agencies in Idaho.

Law Enforcement Programs: includes the Alcohol Beverage Control function which administers the alcohol beverage laws of the state relating to licensing and compliance.

Support Services: includes the criminal identification section which provides wanted persons/stolen property information to law enforcement in the field, the training section, and data-processing, and officer equipment.

Forensic Services: assists law enforcement agencies through laboratory examinations, analysis and training.

1. Homeland Security ODP Grant

Director's Office

This is a one-time supplemental for 2 FTPs and associated 100% federal spending authority for the balance of FY 2004. There is a corresponding enhancement 12.09 which would build these 2 positions and related federal funding into the Base.

The State of Idaho, as with all other states, has been charged by the President with coordination, training, and procurement of specialized equipment to implement a Department of Homeland Security strategy. Executive Order 2003-07 created the State Interoperability Executive Council (SIEC) to effectively address public safety wireless interoperability and to develop a plan to address wide-sweeping concerns of communication issues amongst emergency first responders in Idaho. At this same time the Federal Communications Commission is in the process of changing radio frequency requirements and equipment specifications which will also impact the emergency first responders. This request will fund a project manager and an administrative assistant position. Both positions are requested as limited service positions.

1. Restore Funding for Pay Increases

Forensic Services

Due to low salaries Forensic Services continues to have difficulty attracting and retaining qualified and competent scientists. A market survey completed in 2001 indicated that BFS bench scientists were paid 36% below the mountain states region median salaries. ISP management made a proposal to use \$157,500 in General Funds from various sources that was approved by the Governor's Office to give pay increases to forensic scientists.

The sources of the funding were:

- (1) the salary of a vacant forensic scientist position - \$75,700,
- (2) the deletion of an evidence specialist - \$38,600,
- (2) group funds - \$20,400,
- (3) a \$14,000 transfer from the Director's Office,
- (4) and a \$8,800 fund shift to toxicology funds for forensic scientist work.

This DU is requesting \$81,200 in order to reinstate the funding and fill the forensic scientist 2 position, and replace a portion of the group monies used for pay increases.

Budget by Decision Unit	FTP	General	Dedicated	Federal	Total
2. Add Two ISP Detectives					Investigations
<p>As Idaho continues to grow so does the number of requests from local law enforcement for assistance with criminal investigations. Due to staff shortage, ISP has been forced to decline some requests while increasing the amount of overtime worked by investigators in order to complete other requests. These positions will assist ISP in meeting the investigative needs of the state. This request is for \$128,400 in personnel costs and \$17,000 in operating expenditures.</p>					
Agency Request	2.00	145,400	0	0	145,400
<i>Not recommended.</i>					
Governor's Recommendation	0.00	0	0	0	0
3. Two Additional Patrol Troopers					Patrol
<p>As Idaho continues to grow so does the number of vehicle miles traveled each year. The staff shortage contributes to increasing overtime costs and an inability to properly respond to requests for service. These positions will assist ISP in meeting the patrol needs of the state. This request is for \$106,100 in personnel costs and \$28,000 in operating expenditures.</p>					
Agency Request	2.00	0	134,100	0	134,100
<i>Not recommended.</i>					
Governor's Recommendation	0.00	0	0	0	0
4. Provide Overtime					Investigations, Patrol
<p>ISP detectives and patrol officers routinely accumulate overtime from holidays and hours worked in excess of their scheduled shifts. Typically these hours are due to emergency situations that necessitate extended work hours. Examples of other situations are other agency assists, felony arrests and court appearances. The current appropriation is often expended within the first eight months of the fiscal year. The additional overtime will help ISP meet staffing needs during the last four months of the year. Investigations is requesting \$100,000, and Patrol is requesting \$125,000.</p>					
<p>Analyst's Comment: Within the Patrol Program the agency spent \$633,900 in overtime covered by Fair Labor Standards Act (FLSA). Of that total, \$900 was from the General Fund, \$405,600 from the Law Enforcement Fund, and \$227,400 from federal funds. The Investigations Program spent \$160,400 in overtime covered by FLSA. Of that total, \$82,400 was from the General Fund and \$78,000 was from federal funds.</p>

<i>Not recommended.</i>					
Governor's Recommendation	0.00	0	100,000	0	100,000
5. Regional Communication Officers					Patrol, Support Services
<p>Three additional regional communication officers are requested for the Regional Communications Centers (RCC) to handle the increased workload. Some examples of additional duties are the CAD system, Amber Alert system, Interstate message board control and citation entry into the Records Management system. Homeland security has also placed additional responsibilities on the RCC. The new positions will be assigned to ISP Region One and Region Five.</p>					
Agency Request	3.00	0	155,000	0	155,000
<i>Not recommended.</i>					
Governor's Recommendation	0.00	0	0	0	0
6. Use Drug Enforcement Funds for DNA					Forensic Services
<p>The agency receives restitution from convicted drug defendants. These funds are deposited into the Drug Enforcement fund. The amount collected from restitution has increased recently. The increase in spending authority in operating expenditures will allow the bureau to spend these monies to help defray some of the increased costs in Idaho's DNA program.</p>

7. Fingerprint Applicant Staff Support Services

Many state and federal laws require national criminal history records checks for persons seeking licenses or certain positions of trust. The applicant unit processes and submits approximately 45,000 fingerprints to the FBI annually. Effective timely background screening is essential to meet the needs of the service population. The agency is requesting additional staffing to meet these needs in FY 2005. This request is for \$58,300 to support one full-time office specialist 2, and two temporary positions. Also included is \$1,500 for operating expenditures and \$4,500 in one-time capital outlay for computer equipment and office furniture. An increase of \$24,000 of spending authority in operating expenditures is also requested to cover FBI fees associated with background checks.

Governor's Recommendation	1.00	0	88,300	0	88,300

8. Emergency Lighting for Vehicles Investigations

Currently ISP undercover vehicles are equipped with a headlight wigwag system that flashes the headlights off and on and a small blue rotating light that is placed on the dashboard or roof of the car. During high speeds, the magnetic mount is not sufficient to hold the light on, resulting in the light falling off the vehicle. Dealing with this lighting system interferes with detective's ability to focus all his attention on the incident. This is a one-time funding request to purchase a new lighting system to alleviate this problem.

Agency Request	0.00	0	96,000	0	96,000
Governor's Recommendation	0.00	0	96,000	0	96,000

9. Homeland Security ODP Grant Director's Office

The State of Idaho, as with all other states, has been charged by the President with coordination, training, and procurement of specialized equipment to implement a Department of Homeland Security strategy. Executive Order 2003-07 created the State Interoperability Executive Council (SIEC) to effectively address public safety wireless interoperability and to develop a plan to address wide-sweeping concerns of communication issues amongst emergency first responders in Idaho. At this same time the Federal Communications Commission is in the process of changing radio frequency requirements and equipment specifications which will also impact the emergency first responders. This request will fund a project manager and an administrative assistant position. Both positions are requested as limited service positions.

DIRECTOR'S OFFICE: Twenty-four desktop computers @ \$1,900 for \$45,600, two laser printers @ \$1,000 each for a total of \$2,000. *Not recommended by the Governor.*

INVESTIGATIONS: Four 4-door passenger automobiles @ \$27,400 each, one minivan @ \$27,400, two utility vehicles @ \$34,800 each, one pickup @ \$27,400, and five pickups (4x4) @ \$34,800 each. Funding is requested for 10 ballistic bullet proof vests @ \$850 each for a total of \$8,500, 27 PCs @ \$1,900 for \$51,300, six printers @ \$2,000 for \$12,000, and 47 portable radios @ \$3,500 for \$164,500. *Governor recommends using \$164,500 in dedicated funds for the agency's priorities.*

PATROL: Thirty-five equipped patrol vehicles @ \$33,010; and 2 equipped 4x4 vehicles @ \$44,950. Ten mountain top repeaters @ \$8,200 for \$82,000, 218 tactical rifles w/night sights @ \$1,800 for \$392,400. Fifty-four desktop computers are requested @ \$1,900 for \$102,600, and 17 printers @ \$2,200 for \$37,400. Law Enforcement equipment is \$38,300 for 45 ballistic bullet proof vests @ \$850 each. Radar equipment is for 92 units @ \$2,100 for a total of \$193,200. *Governor recommends a combination of \$560,300 from the General Fund, and \$849,700 in Law Enforcement Funds for a total of \$1,410,000 for 27 fully equipped patrol cars, and communications and safety equipment.*

LAW ENFORCEMENT PROGRAMS: Fourteen desktop computers @ \$1,900 for \$26,600, and two laser printers @ \$2,000 for \$4,000. *Not recommended by the Governor.*

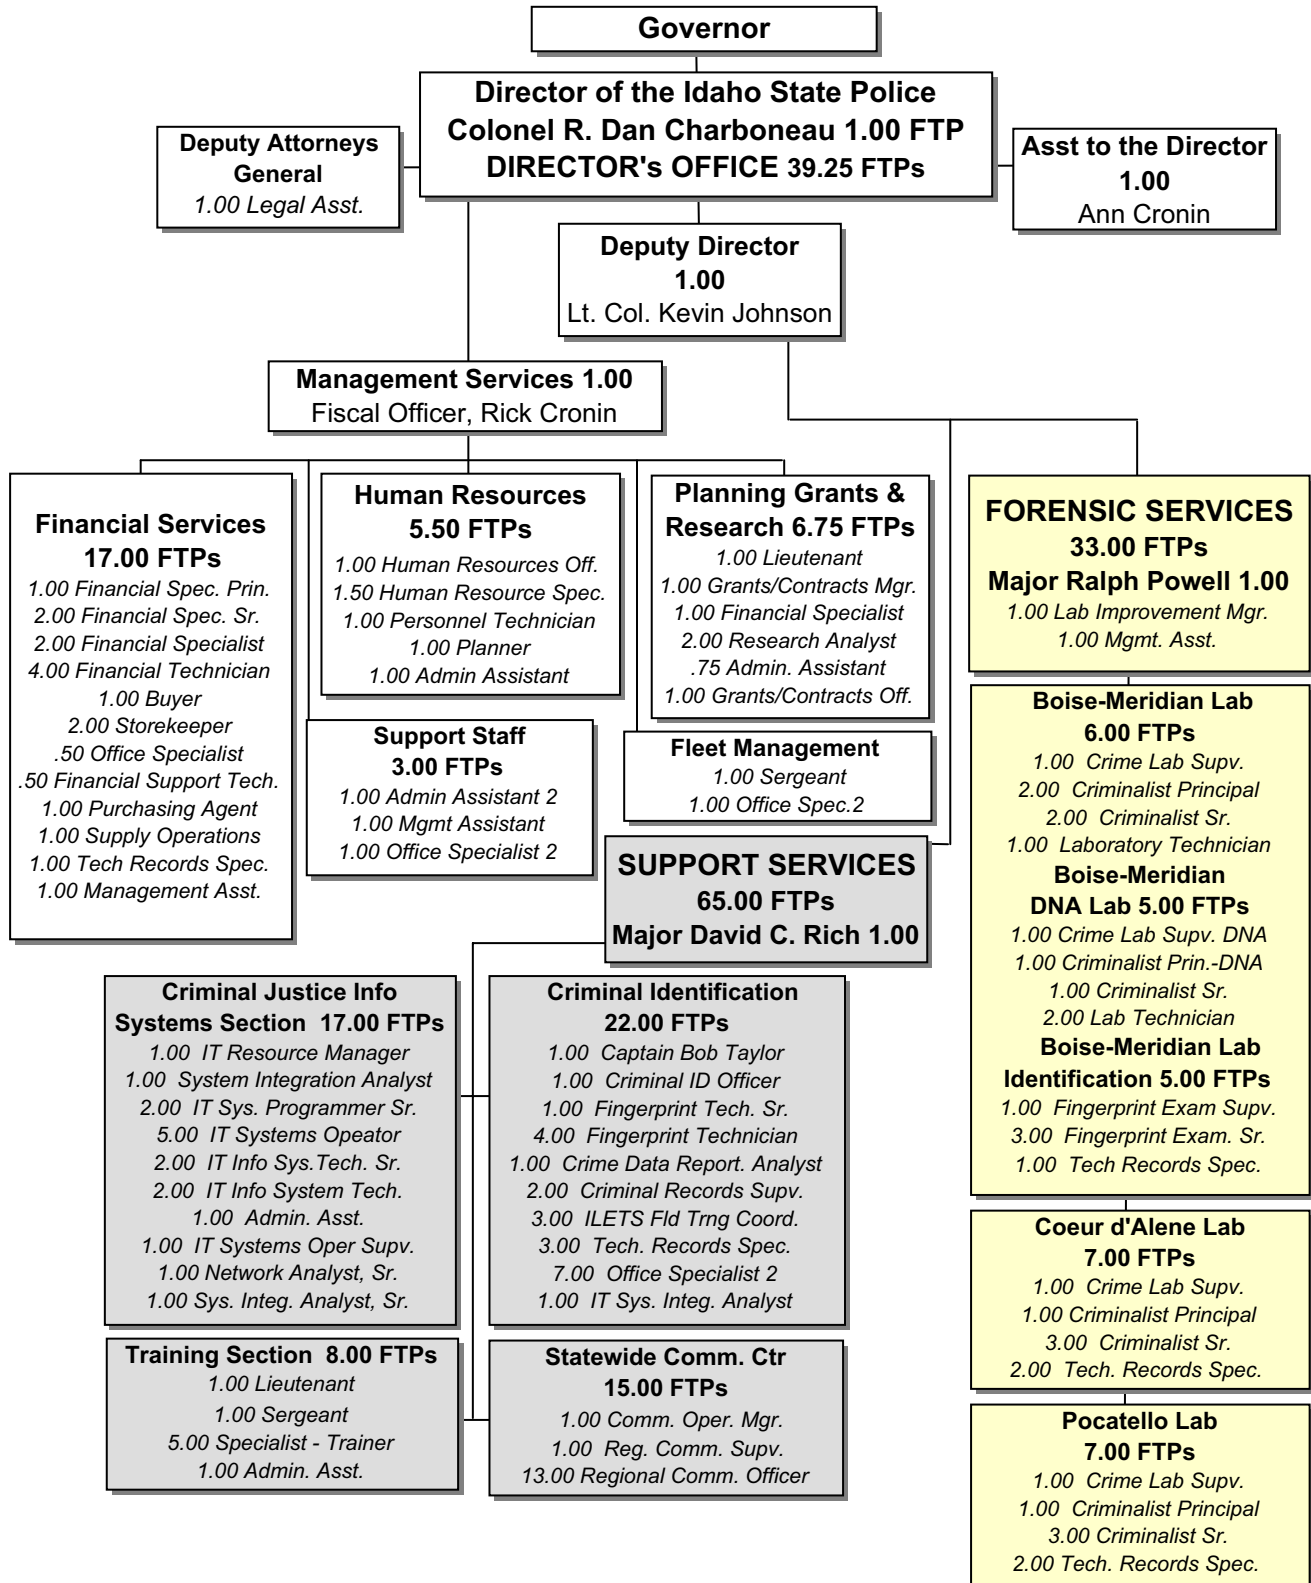

SUPPORT SERVICES: Four mid-range computer servers @ \$25,000 for \$100,000, seven print & file servers @ \$8,000 for \$56,000, 32 personal computers @ \$1,900 for \$60,800, nine laptop computers @ \$2,900 for \$26,100, twelve laser printers @ \$2,000 for \$24,000, eight dispatch monitors @ \$1,100 for \$8,800, and \$250,000 for uniform crime reporting system software. *Governor recommends \$250,000 in miscellaneous revenue for uniform crime reporting system software, and \$4,800 from the ILETTS Fund for computer equipment and software.*

FORENSIC SERVICES: Fifteen computers @ \$1,900 for \$28,500, seven laser printers @ \$2,000 for \$14,000. Laboratory equipment includes a request for \$348,000 for three gas chromatograph/mass spectrophotometer @ \$116,000 each. Other equipment is \$68,800 for a digital imaging system. *Governor recommends \$68,800 from miscellaneous revenue for a digital imaging system.*

1. Correctional Officer Training Facility

The agency is requesting staff, operating expenditures, and one-time capital outlay for the soon to be completed Correctional Officer Training Facility as part of the POST Academy. The total requested for personnel is \$523,000.

- 1) One training manager and three training specialist positions are requested to coordinate and supervise the academies. The training manager will work directly with the Department of Correction's training council.
- 2) One office specialist 2 to assist in the administration of corrections programs.
- 3) Two trainer associates to prepare training materials, grade exams, maintain student records and files, and assist with instruction.
- 4) One technical records specialist for certification of officers and instructors.
- 5) One IT systems coordinator to maintain all of the systems necessary to support POST and corrections training.
- 6) One financial specialist for the Financial Services Office within the Division of Idaho State Police.

The request for operating expenditures is \$433,400 for student training costs, \$126,800 for staff operating costs, and \$64,000 to operate and maintain the facility for a total of \$624,200. A total of \$175,500 is requested for office, classroom and training apartment furniture; \$336,000 for computer and audio/visual equipment; and \$100,000 for four vehicles for a capital outlay request of \$611,500.

Agency Request	10.00	1,604,500	154,200	0	1,758,700
<i>Provide staff and operating costs to coordinate transition to a new facility designed to accommodate the training needs of the Department of Correction. Full funding of necessary training personnel will be addressed in FY 2006.</i>					
Governor's Recommendation	2.00	0	154,200	0	154,200

2. Enhanced Instructor Fees

Instructors for POST are critical for the success of the basic academy because POST has no full-time instructors on staff and contracts with over 100 instructors for every basic academy session. Instructors are law enforcement officers, attorneys, and other professionals who take time away from their regular jobs to teach at POST. The current maximum fee of \$15 per hour has not been raised since 1997. Increasing the maximum fee to \$25 will allow the academy to continue to provide quality programs for officers throughout the state.

Agency Request	0.00	0	90,000	0	90,000
Governor's Recommendation	0.00	0	90,000	0	90,000

3. Two Part-Time Investigators

Investigations for decertification of Idaho Peace officers has increased significantly. POST generally has 8 to 10 investigation requests at any given time. These are peace officers who have committed misdemeanor and felony crimes or are alleged to have committed an ethical violation. Each investigation needs to be comprehensive and provide for an administrative hearing. This funding will allow the agency to hire retired law enforcement investigators to conduct investigations on a part-time basis.

Division Description

The Racing Commission maintains racing requirements that protect racing participants and the public from illegal actions surrounding racing operations. The Commission appoints a director and a secretary to perform the year-around operations, and state stewards, veterinarians, mutuel inspectors and licensing clerks during the racing season to ensure the honest operation of the pari-mutuel system and compliance with the Idaho Racing Act.

Department Description

The Idaho legislature created the Department of Environmental Quality (DEQ) effective July 1, 2000, from Health and Welfare's Division of Environmental Quality, "to protect human health and the environment as its sole mission is in the public's interest" (§39-102A). The Department is organized into five budgetary programs.

Administration and Support Services develops division policies, legislation, and rules for permitting and regulatory programs; promotes public understanding of environmental issues and solicits public input; assesses program effectiveness in improving water and air quality; and services DEQ internal support needs.

The Air Quality program protects Idaho's air quality through an integrated "airshed" approach to air quality management. The airshed approach combines community involvement with the scientific method. The program uses ambient (encompassing) monitoring, permits, regulations and enforcement to protect Idaho's air quality.

The Water Quality program develops strategies to prevent, protect, and remediate areas so as to maintain or improve water quality and prevent impairment of beneficial uses. The program protects human health and biological integrity through watershed, drinking water, ground water, waste water, and grant and loan activities.

Waste Management and Remediation is responsible for ensuring that solid wastes are managed and disposed in a manner protective of human health and the environment. The program responds to existing releases of hazardous substances to surface waters, ground waters, or soils and works with active mines to ensure best management practices are followed and that bonding and closure requirements are met.

The primary responsibility of the Idaho National Engineering & Environmental Laboratory (INEEL) Oversight Program is to independently monitor INEEL operations and document transportation of radiological materials along transportation corridors. The objective is to assure the protection of Idaho's land, air, water, wildlife and public health and to provide Idahoans an independent, factual analysis of INEEL activities.

Non-Cognizable Funds and Transfers

Includes new non-cognizable federal funds in the amounts of \$102,100 for administration and support, \$55,000 for Water Quality, and \$220,000 for Waste Management and Remediation. Includes a \$7,731,400 noncognizable federal grant for the Coeur d'Alene Basin superfund cleanup. Includes \$800,000 in noncognizable dedicated funds for the INEEL PIT 9 settlement. Includes the shift of \$500,000 from the Air Quality Permitting Fund to federal funds to account for the expenditure of the federal grant from the Department of Energy instead of fees. Shifts 5.6 positions from Administration and Support, 2.34 positions from Air Quality, and one position from INEEL Oversight to Water Quality and Waste Management and Remediation. Shifts \$218,900 to Water Quality from Air Quality, INEEL Oversight and Support Services. Eliminates \$30,100 spending authority for the Agricultural Smoke Management program which was transferred to the Department of Agriculture last session.

Replacement Items

Replacement items include \$201,000 for 99 computers, \$90,000 for six ultra-low emission cars, \$120,000 for six low emission trucks, \$5,000 for alpha radiation instruments, and \$48,000 for air quality monitoring equipment.

Agency Request	0.00	304,000	26,000	134,000	464,000
----------------	------	---------	--------	---------	---------

The Governor does not recommend General Fund monies for replacement items. The recommendation funds 52 computers and includes \$30,000 for three pieces of air monitoring equipment and \$5,000 for two alpha radiation survey instruments. No funding for replacement vehicles is included.

Governor's Recommendation	0.00	0	26,000	134,000	160,000
---------------------------	------	---	--------	---------	---------

Nonstandard Adjustments

This decision unit includes the following adjustments for the Statewide Cost Allocation Plan: \$9,400 for Attorney General fees, \$1,400 for risk management costs, (\$502,300) for State Controller fees, and \$2,300 for State Treasurer fees. Also, includes \$2,800 for building service space charge increases. [Ongoing]

Agency Request	0.00	(192,000)	(56,900)	(237,500)	(486,400)
----------------	------	-----------	----------	-----------	-----------

The Governor recommends no adjustment to building space charges for state agencies.

Governor's Recommendation	0.00	(193,100)	(57,300)	(238,800)	(489,200)
---------------------------	------	-----------	----------	-----------	-----------

Change in Employee Compensation

Reflects the cost of a 1% salary increase for permanent and group positions.

Agency Request	0.00	88,100	29,900	90,400	208,400
----------------	------	--------	--------	--------	---------

The Governor recommends a compensation increase of 2% to be distributed based on merit. No adjustment to the pay line is recommended.

Governor's Recommendation	0.00	178,400	60,600	183,000	422,000
---------------------------	------	---------	--------	---------	---------

Fund Shifts

Administration and Support Services, Air Quality

Shifts \$500,000 and six positions from the Title V - Air Quality Permitting Fund to federal funds to account for the expenditure of a federal grant from the Department of Energy instead of fees. This decision unit reduces the spending authority of the Air Quality Permitting Fund from \$2.4 to \$1.9 million. Back in FY 2002, JFAC approved a fund shift of 9.42 positions and \$624,900 from federal funds to the Air Quality Permitting Fund to reflect a change in the INEEL payments as permitting fees. However, the FY 2002 and FY 2003 payments were made as grants and were not reflected in the Air Quality Permitting Fund. The expenditure adjustments in this budget request assume the INEEL-Department of Energy (DOE) grant will be received in FY 2004 and this decision unit presumes that future INEEL-DOE payments will be received in grant form rather than on a per ton of pollutant basis. [Ongoing]

1. Ongoing Federal Grants

Admin Services, Water Quality, Waste Mgmt & Remediation

DEQ has received \$7,270,000 for Coeur d'Alene Basin remedial action and \$681,400 to improve the state waste management and remediation response or Brownfields program. The department will use \$220,000 of that amount for four positions eliminated last session but left in the FTP count. The department has also received two new federal grants for oversight of construction of Wastewater and Drinking Water Facilities. The multi-year grants in the Water Quality Program will utilize \$55,000 and one of the five positions eliminated last session but left in the FTP count. This decision unit also includes new federal indirect funds in the amount of \$102,100 for administration and support. [Ongoing]

2. Develop NPDES Primacy

Water Quality

The U.S. Environmental Protection Agency (EPA) currently retains "primacy" in Idaho for the National Pollutant Discharge Elimination System (NPDES). There are about 900 NPDES permits located throughout Idaho. Because of expressed interest from industries, municipalities, aquaculture, and confined animal feeding operations throughout the state for DEQ to take primacy of the program, DEQ formed a steering committee of interested parties in June 2000 to evaluate whether DEQ should take the NPDES permit program. The benefits would be more timely permits, better focus on local considerations, better local service delivery, permits that are more closely oriented towards DEQ standards, better coordination with DEQ's TMDL process, a focus of DEQ-style compliance assurance rather than EPA-style enforcement, a streamlined Endangered Species Act process with no permit-by-permit consultation and a resulting increase in overall program efficiency. The budget request includes funding for two positions, one manager at \$81,400 including benefits and one engineering technician at \$70,500 including benefits, \$20,000 each for operating expenditures, and \$3,500 each for one-time capital outlay. These positions would develop the primacy package, a transition plan, and start to develop state capacity in key areas like permit writing for a \$1.8 million, 20 full-time position (FTP) program funded by permit fees, federal grants, and state moneys. This request is from the Water Pollution Control Fund. [Requires Legislation, 2 FTPs, \$7,000 one-time, \$171,900 ongoing]

Agency Request	2.00	0	178,900	0	178,900
----------------	------	---	---------	---	---------

Not recommended. Complete takeover of the program could cost in excess of \$2 million a year.

Drinking Water State Revolving Fund (DWSRF) or Drinking Water Loan Fund 0532

The Idaho Drinking Water State Revolving Fund (DWSRF) was established pursuant to the Federal Safe Drinking Water Act in 1996 to assist public water systems to finance infrastructure costs. The Fund is being capitalized by the EPA through a series of grants that require States to provide an additional 20% match. Although some loans are zero interest, the effective interest rate of most loans is 2% to 4%. Loans are generally repaid over 20 years starting within one year after the project is completed. The Fund does not have any full-time employees. Instead, DEQ charges the Fund for time spent on DWSRF activities. As of June 30, 2003, Congress had authorized \$60.3 million to Idaho requiring \$12.1 million in matching funds for a total of \$72.4 million. At year-end, the Fund had a cash balance of \$8.9 million and outstanding loans of \$18.4 million for a total of \$27.3 million. It is continuously appropriated.

Clean Water State Revolving Fund (CWSRF) or Wastewater Facility Loan Fund 0529

The Idaho Clean Water State Revolving Fund (CWSRF) was established pursuant to Title VI of the Federal Water Quality Act of 1987 to finance publicly owned wastewater treatment facilities and pollution control projects. The Fund is being capitalized by the EPA through a series of grants that require States to provide an additional 20% match. Effective interest rates vary between 3.75% and 4.5% and are generally repaid over 20 years starting within one year after the project is completed. The Fund does not have any full-time employees. Instead, DEQ charges the Fund for time spent on CWSRF activities. As of June 30, 2003, Congress had authorized \$102.5 million to Idaho requiring \$20.5 million in matching funds for a total of \$123.0 million. At year-end, the Fund had a cash balance of \$71.1 million and outstanding loans of \$66.1 million for a total of \$137.2 million. It is continuously appropriated.

Department Description

Idaho's first Territorial Legislature in 1864 passed laws to control the harvest of big game animals from February to July, although there was no enforcement provision in the Legislation. In 1899 the Fifth Idaho Legislature established the Fish and Game Department with a State Game Warden in charge, with deputy wardens in each county that were paid half of each fine for which they could get a conviction. The total department budget was \$1,500. In 1938 Idaho's first voter initiative passed which created the Idaho Fish and Game Commission, under which the modern Fish and Game agency was born by establishing a merit system to hire competent professionals. Conservation officers also began wearing a green and gray uniform. Today there are 518 full-time equivalent employees in the Fish and Game Department which is organized into eight major programs (see table above) and funded primarily by licenses, fees and federal fund sources.

The department's policy making body is a seven member Commission, who are appointed by the Governor and confirmed by the Legislature for staggered four-year terms. The Commission appoints a Director, holds public hearings, establishes regulations and management controls on fish and wildlife, and approves departmental budgets for submission to the Legislature.

<i>Governor's Recommendation</i>	522.00	0	41,549,700	31,535,800	73,085,500
Removal of One-Time Expenditures					
<p>Remove non-cognizable federal funds. Remove one-time funding provided for replacement items and one-time funding provided for FY 04 enhancements.</p>					
Agency Request	(4.00)	0	(5,273,400)	(3,782,800)	(9,056,200)
<i>Governor's Recommendation</i>	(4.00)	0	(5,273,400)	(3,782,800)	(9,056,200)
Base Adjustments					
<p>Reflects a voluntary reduction in spending authority to more closely reflect program needs. The underlying detail removes spending authority as follows: \$297,000 from the Fish and Game Fund (Licenses), \$200 from the Fish and Game Fund (Other), \$57,900 from the Fish and Game Expendable Trust, and \$30,200 from the Fish and Game Fund (Federal).</p>

Budget by Decision Unit

	FTP	General	Dedicated	Federal	Total
--	-----	---------	-----------	---------	-------

Replacement Items

Includes \$1,853,700 for 84 vehicles (3 vans, 3 suburbans, 4 SUVs, and 74 4x4 pickups), \$398,500 for computer equipment, \$1,647,200 for field equipment (including snowmobiles, ATVs, and other motorized equipment), \$15,300 for office equipment and furniture, and includes \$675,800 for facility repairs. The department continues the phase-in of the fleet management program including the continuation of phase I (passenger vehicles), the addition of phase II (large trucks) and phase III (snowmobiles, boats, ATV's and motorcycles). The department is seeing reduced repair and maintenance costs due to the fleet management program.

Agency Request	0.00	0	3,709,800	880,700	4,590,500
Governor's Recommendation	0.00	0	3,709,800	880,700	4,590,500

Nonstandard Adjustments

Includes the following adjustments for Statewide Cost Allocation: \$70,400 for Attorney General fees, (\$89,400) for risk management fees, (\$81,000) for State Controller fees, and (\$5,700) for State Treasurer fees. This decision unit also shifts \$89,600 from operating expenditures to personnel costs.

Agency Request	0.00	0	(58,400)	(47,300)	(105,700)
----------------	------	---	----------	----------	-----------

The Governor does not recommend the transfer of \$66,500 from operating expenditures to personnel costs in the Wildlife program or \$23,100 from operating to personnel costs in the Natural Resource Policy program.

Governor's Recommendation	0.00	0	(58,400)	(47,300)	(105,700)
---------------------------	------	---	----------	----------	-----------

Change in Employee Compensation

Reflects the cost of a 1% salary increase for permanent and group positions.

Agency Request	0.00	0	194,400	152,000	346,400
----------------	------	---	---------	---------	---------

The Governor recommends a compensation increase of 2% to be distributed based on merit. No adjustment to the pay line is recommended.

Governor's Recommendation	0.00	0	393,700	307,800	701,500
---------------------------	------	---	---------	---------	---------

FY 2005 Program Maintenance

Agency Request	518.00	0	40,553,900	29,405,600	69,959,500
Governor's Recommendation	518.00	0	40,469,200	29,357,100	69,826,300

1. Subbasin Planning

Natural Resource Policy

This decision unit requests spending authority for ongoing federal contracts with the Northwest Power Planning Council (NWPPC) via the U.S. Department of Energy and the Bonneville Power Administration. The contracts provide for Subbasin Planning in the Upper Snake, Mid Snake, and Salmon River provinces. Subbasin planning documents habitat conditions and evaluates strategies to enhance, mitigate and protect the fish and wildlife populations that are adversely affected by the operation and maintenance of the Columbia River hydropower system. IDFG began subbasin planning in FY 2000 under contract with NWPPC. In March of 2003 IDFG received additional contracts to do subbasin planning in the three provinces which the Governor non-cogged. This decision unit requests ongoing spending authority for those contracts. The request includes four permanent positions and operating expenditures for the life of the three-year contracts. [Ongoing]

2. Regional Office Leases Etc.					Administration, Enforcement, Wildlife
<p>This decision unit requests funding as follows: 1) \$250,000 (60%-40% license-federal) to lease additional office space in Salmon and Jerome, 2) \$7,400 from federal funds for temporary customer relation specialists in Nampa, McCall and Boise, 3) \$1,000 from federal funds for office supplies, 4) \$9,500 from the meat processing fund (from fees assessed to violators) to pay for processing meat that can then be donated to charitable organizations, and 5) \$25,000 from license fees to make-up for a shortfall in printing of the hunting regulation brochures. [Ongoing]</p>					
Agency Request	0.00	0	184,500	108,400	292,900
<p><i>The Governor's recommendation reduces the requested Fish and Game Fund (licenses) operating spending authority by \$100,000. The additional lease costs can be paid within existing spending authority. In FY 2003, the Administration program reverted \$437,600 in operating expenditures and transferred \$166,700 to capital outlay in this fund source.</i></p>					
Governor's Recommendation	0.00	0	84,500	108,400	192,900
3. Maintain Computer Systems					All Programs
<p>The Department operates a statewide Wide Area Network/Local Area Network information system. These systems interface with the Employee Information System (EIS), Statewide Accounting and Reporting System (STARS) and other mission-critical systems. These systems support the operations of 518 permanent employees, about 350 temporary employees and over 500,000 license buyers. Some critical applications are outdated and require extensive maintenance. For example, the Department's financials are written in software that is no longer supported. The network is often overloaded, which causes delays and occasional system crashes. This decision unit requests funding as follows: \$24,700 for a temporary IT support technician, \$25,900 for software, \$6,600 for communications, \$141,400 for existing software maintenance, \$261,500 for software licenses, \$94,000 for software consultants to migrate the oracle platform to sequel, and \$12,500 for computer equipment. Funding is 66% license fees and 34% federal funds. [\$132,400 one-time and \$434,300 ongoing]</p>					
Agency Request	0.00	0	373,300	193,300	566,600
<p><i>The Governor's recommendation reduces the requested Fish and Game Fund (licenses) operating spending authority by \$100,000. The additional computer maintenance costs can be paid within existing spending authority. Governor's Recommendation	0.00	0	273,300	193,300	466,600
4. Additional Equipment					Enforcement, Wildlife, Communications, Winter Feeding
<p>The Department requests funding for equipment in addition to the replacement items included in the maintenance portion of the budget request. The Enforcement Program requests \$18,000 for eleven satellite phones, four portable radios, two blue lights, a generator, a GPS, a truck winch, and seven training rifles. The Wildlife Program requests \$13,000 for two power augers, a wildlife guzzler, a projection unit, two remote cameras, and a welder. Finally, the Department requests \$500 for a digital camera for the Winter Feeding and Habitat Improvement Program and \$20,000 in federal funding for security cameras at the MK Nature Center. [One-time]</p>					
Agency Request	0.00	0	26,300	25,200	51,500
Governor's Recommendation	0.00	0	26,300	25,200	51,500
5. Fish Hatchery Operations					Fisheries
<p>Funding is requested to repair and maintain state fish hatcheries and anadromous facilities funded by the United States Fish and Wildlife Service and Idaho Power Company. Unforeseen hatchery repairs may include maintaining water supplies and repairing raceways and buildings. This decision unit includes \$34,900 in federal funds and \$36,700 in Idaho Power funds for temporary personnel costs; \$150,000 in license fees, \$19,500 in federal funds, and \$26,000 in Idaho Power funds for operating expenditures; and \$94,000 in federal funds for capital outlay. [\$94,000 one-time and \$267,100 ongoing]</p>					
Agency Request	0.00	0	212,700	148,400	361,100
<p><i>The recommendation reduces the dedicated license fund amount from \$150,000 to \$100,000.</i></p>

6. Threatened & Endangered Fish					Fisheries
Federal funds in the amount of \$210,800 from the U.S. Fish and Wildlife Service and \$6,000 in Idaho Power funds are requested to increase monitoring of our endangered fish species by additional temporary seasonal employees. The decision unit also includes \$21,600 for increased electrical and maintenance costs and \$8,300 for capital costs to repair and maintain the Eagle Fish Hatchery's captive sockeye and Chinook program. [\$8,300 one-time and \$238,400 ongoing]					
Agency Request	0.00	0	6,000	240,700	246,700

7. Fish Habitat and Fishing Access					Fisheries
Funding is requested in the amount of \$233,700 from license funds and \$1,103,400 in U.S. Fish and Wildlife and Dingell-Johnson monies to improve fish habitat, increase fishing access, and support fish screening operations. Personnel funding in the amount of \$53,600 will enhance the operation of the Salmon screen shop. Operating expenditures of \$44,100 will be used for maintenance. Capital outlay in the amount of \$1,239,400 is budgeted for access development, habitat restoration, improvements to fishing facilities, a photocopier, three desktop computers, two electro shockers, two GPS units, a laptop computer, and a printer. [\$97,700 ongoing]					
Agency Request	0.00	0	233,700	1,103,400	1,337,100
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>233,700</i>	<i>1,103,400</i>	<i>1,337,100</i>
8. Fish Research					Fisheries
Idaho has a number of species listed under the Endangered Species Act (ESA), including Chinook Salmon, Sockeye Salmon, Steelhead Trout, Bull Trout, and Kootenai River Sturgeon. Spending authority is requested to fulfill an ESA federal contract to monitor and evaluate listed species and develop plans and projects to assist in recovery efforts. The request includes \$111,800 in personnel costs for seasonal employees. It also includes \$53,900 to purchase an air compressor, analytical balance, coded wire detector, dry suit, pit tag scanner, portable generator, portable welder, satellite internet access, satellite phone, survival suit, and three split-beam hydroacoustic transducers at \$10,000 each. [\$53,900 one-time]					
Agency Request	0.00	0	0	165,700	165,700
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>0</i>	<i>165,700</i>	<i>165,700</i>
9. Fish Management					Fisheries
This decision unit includes \$354,300 in personnel costs for seasonal employees to address additional workloads required by federal fish management contracts. These additional staff and related operating funds will also be used to mark fish and collect information valuable to our native fish. Funding in the amount of \$149,400 is requested for ongoing operating costs including \$51,100 in license fees, \$96,300 in federal funds and \$2,000 in private utility funds. Also, \$225,000 in license fee spending authority is included in one-time operating expenditures to do an Environmental Impact Statement and rejuvenate Cascade Reservoir. One-time capital outlay of \$36,800 is requested from federal funds to purchase a centrifuge, otolith sectioning equipment, a storage shed, a travel trailer, and a video-microscope system. [\$261,800 one-time and \$503,700 ongoing]					
Agency Request	0.00	0	306,100	459,400	765,500

10. Access Yes					Wildlife
Public access for hunting, fishing, trapping and wildlife viewing has declined nationwide over the last 20-30 years. Idaho has not been spared from this trend. Last year, the Department implemented a pilot "Access Yes" program in an effort to provide access to private and public lands for hunters, anglers, and non-consumptive wildlife users who enjoy Idaho's wildlife resources. The program provides economic rewards to landowners who provide access to the public. Currently there are 30 landowners enrolled who provide access to about 107,000 acres of private lands along with access to another 200,000 acres of public lands through their private lands. Funding of \$220,000 is requested from license fees and \$80,000 from habitat improvement set-aside funds (interest produced by the secondary big game depredation account) for a total of \$300,000. These funds will be used to compensate landowners, purchase signage to identify participating properties, and pay administrative costs of the program. [Ongoing]					
Agency Request	0.00	0	300,000	0	300,000
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>300,000</i>	<i>0</i>	<i>300,000</i>
11. Habitat Development & Management					Wildlife, Winter Feeding and Habitat Improvement
The Wildlife program requests spending authority of \$1,000 in dedicated license fees and \$3,000 in federal funds to pay increases in lease rates to the Department of Lands. These properties provide fishing and wildlife habitat. This decision unit also includes spending authority in Habitat Improvement Set-asides of \$200,000 (\$2 from each hunting or combination license) to acquire new property or enhance existing lands managed by the Department. [\$200,000 one-time and \$4,000 ongoing]					
Agency Request	0.00	0	201,000	3,000	204,000
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>201,000</i>	<i>3,000</i>	<i>204,000</i>
12. Wolf Management Plan & Education					Wildlife, Communications
This request includes spending authority of \$505,000 to begin the implementation of the State's Wolf Management Plan. The U.S. Fish and Wildlife Service (USFWS), Wildlife Services, and Nez Perce Tribe are currently managing the wolves. The Idaho Department of Fish and Game is coordinating with those agencies. The Department's current budget includes \$100,000 for elk monitoring and \$100,000 for statewide training and strategy development. This request includes \$205,000 in personnel costs for two regional wildlife biologists and six part-time wildlife technicians. The state will begin wolf management, monitoring, outreach, information and education, control, and enforcement. The request also includes \$300,000 in operating expenditures to lease vehicles and equipment through the fleet management program and to pay overhead expenses. The source of funding is from federal funds allocated by Congress on an annual basis through the USFWS. The funds are to be routed through the Idaho Office of Species Conservation and therefore appear as dedicated funds in this request. This decision unit also includes \$10,600 in non-game license plate revenues for wolf education. [Ongoing]

<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>515,600</i>	<i>0</i>	<i>515,600</i>
13. Nongame & Endangered Wildlife Cons.					Wildlife
The Department lacks current information on the distribution, abundance, trend, and status of populations and habitats of certain at-risk nongame and endangered species. This decision unit requests temporary personnel and operating expenses to gather data targeted initially at bird species. Birds are useful indicators of environmental health, reflect the effects of current land-use practices and are easily detected and identified. The request includes one 8-month Wildlife Biologist, one 6-month Wildlife Technician and fifteen 4-month Wildlife Technicians (May-August). Funding is primarily from nongame set-aside funds but also includes \$4,800 from the U.S. Fish and Wildlife Federal Assistance Program. [Ongoing]

14. Hunter & Fisher Education					Communications
<p>This request is to increase the ability to meet a growing demand for hunter and fisher education programs. Personnel funding of \$71,300 will provide additional salary for temporary employees at the MK Nature Center. Operating expenditures are \$26,000 for overhead costs. Capital outlay includes \$60,000 for shooting range development, \$25,000 for a scantron scanner, and \$35,000 for other equipment. The source of the revenue is \$10,000 from nongame license plates, \$123,900 from federal Pittman-Robertson funds, \$23,400 from federal Dingell-Johnson funds, and \$60,000 from court ordered fines and forfeitures for violations of fish and game laws. FY 2003 Total Appropriation - \$67.7 million

FY 2003 Actual Expenditures - \$62.1 million

For FY 2003, the Department reverted (did not use) about \$2.1 million in dedicated License Fee spending authority, \$1.2 million in License Setaside funding, \$1.2 million in Trusts and Other Funding, and \$1.0 million in federal spending authority. The total actual expenditures were \$5.5 million or 8.2% under budget.

Department Description

Idaho Code §58-101 creates the Department of Lands: "The governor, secretary of state, attorney general, state controller, and superintendent of public instruction being constituted a state board of land commissioners by section 7 of article 9, of the constitution of the state, as such board, have the direction, control and disposition of the public lands of the state. The board shall exercise the said constitutional functions through the instrumentality of a department of lands which is hereby created." Idaho Code §67-2402 lists the Department of Lands as one of the 20 executive branch departments authorized by Section 20 of Article 4 of the state Constitution.

Idaho Code §57-718 places the Endowment Fund Investment Board under the Land Board, effective July 1, 2000: "There is hereby established in the state board of land commissioners an endowment fund investment board."

Division Description

The State Legislature created the Endowment Fund Investment Board in 1969 (Idaho Code §57-718), after the passage of a constitutional amendment in 1968. Through active management of the endowment funds (§57-721) and the State Insurance Fund (§72-912), the Endowment Fund Investment Board provides income to the funds' beneficiaries and growth of principal through realized gains. The board is also responsible for contracting the investment managers for the Judge's Retirement Fund (§1-2008).

The 1998 legislature approved four pieces of legislation (HJM 9, HJR 6, HJR 8, and HB 643aa) that began the latest round of "Endowment Reform". 1) HJM 9 requested that Congress allow proceeds from the sale of public school endowment lands to be deposited into a land bank to be used to purchase other lands. Congress later approved the memorial. 2) HJR 6 proposed amendments to the state constitution to change the word "disposal" to "sale" and to allow a land bank. Voters approved the constitutional amendment but the Supreme Court later invalidated the amendment, ruling that the amendment contained two questions and was not put properly before the people. The land board resubmitted the constitutional amendment regarding the land bank as HJR 1 in 2000 and the electorate approved the amendment in November of 2000. 3) HJR 8 proposed amendments to the State Constitution to allow the permanent fund to be invested rather than loaned, to create an earnings reserve, and to allow for payment of administrative costs from the earnings reserve. Voters approved that constitutional amendment in November of 1998. 4) HB 643aa of 1998 set up the distribution mechanisms necessary for the permanent funds, the earnings reserve and the income funds. The bill moved the Endowment Fund Investment Board from the Governor's Office to the Land Board effective July 1, 2000. Therefore, actual expenditures before FY 2001 are shown in the Executive Office of the Governor. The legislation also set up a land bank, and changed the makeup of the Board. The makeup of the nine member Board changed to remove the Superintendent of Public Instruction and the Director of the Department of Finance and replaced them with two "public members from the citizenry at large who are knowledgeable and experienced in financial matters and the placement or management of investment assets" (§57-718). SB 1107 of 1999 changed the effective date of certain sections of HB 643aa to allow investment in equities effective February 15, 1999.

Furthermore, HB 690aa of 1998 established the Capitol Commission and the Capitol Endowment from the former Public Building Endowment. The legislation became effective on July 1, 1998 creating a potential conflict with HB643aa which became effective July 1, 2000. However, during the 2000 session, the legislature resolved that conflict by repealing the Public Building Endowment.

FY 2004 Original Appropriation	5.00	0	630,300	0	630,300

Non-Cognizable Funds and Transfers

The Endowment Fund Investment Board decided to contract its bond investments and has eliminated one of the assistant investment manager positions. This decision unit anticipates the reversion of eight months of salary savings for that position for fiscal year 2004. The remaining portion is removed before the FY 2005 base. The costs of outsourcing the bond investments are funded through the continuous appropriation portion of the budget. The continuous appropriation is not statutory and must be considered each year.

1. Continuous Appropriation

The Endowment Fund Investment Board requests a continuous appropriation for consulting fees, bank custodial fees, and portfolio-related external costs. The variable costs associated with these services depend on the size of the portfolio and the turnover of investments. This uncertainty makes budgeting difficult. Legislative intent included in the appropriation bill allows the Legislature to re-evaluate the need for a continuous appropriation on an annual basis and to consider a fixed appropriation should the costs be determined to be more predictable. Actual costs paid through the continuous appropriation for FY 2001 were \$1,327,421 (the first full-year after endowment reform), \$3,215,995 for FY 2002, \$2,528,072 for FY 2003, and are estimated to be about \$3 million for FY 2004 and \$3.2 million for FY 2005.

Language Requested: The Endowment Fund Investment Board is hereby granted continuous appropriation authority for consulting fees, bank custodial fees, and portfolio-related external costs for the period July 1, 2004, through June 30, 2005.

Endowment Distributions to the Beneficiaries

The Endowment Fund Investment Board (EFIB) makes semiannual distributions to the Public School Income Fund and monthly distributions to the seven pooled beneficiaries. The EFIB was unable to make the entire July 2003 distribution to public schools. The actual distribution fell \$6,256,500 short of the appropriation. Furthermore, the FY 2003 appropriation for Public Schools was already a \$4,362,000 reduction from the FY 2002 all-time high distribution of \$47,675,000.

On August 29, 2003, the Endowment Fund Investment Board (EFIB) submitted their budget request to the Division of Financial Management and the Legislative Services Office. The budget contains their endowment distribution recommendations for FY 2005 using a spending policy of 7.5% of the three-year average market value of the permanent fund. For public schools, the FY 2005 recommendation is \$2.9 million less than the FY 2004 appropriation. Including the pooled endowments, the FY 2005 distribution is \$4.2 million or 7.6% less than this year. The Governor's FY 2005 recommendation calls for a 5% spending rule for Public Schools and a 7% spending rule for the pooled endowments.

Division Description

The Department of Lands has five budgeted programs. 1) The Support Services Program provides staff support to the State Board of Land Commissioners, and provides administrative and technical assistance in areas such as legal, data processing, personnel, fiscal and mapping. 2) The Division of Forest Resources has the responsibility to develop and supervise an annual timber sales program of 165,000,000 to 200,000,000 board feet on State endowment lands; develop and administer an intensive forest improvement program to enhance the productivity of state forest lands; and provide assistance to Idaho's cities and rural communities in the areas of the forest practices act, forest stewardship, and urban forestry programs. 3) The Land, Range, and Mineral Resource Management program maximizes income from cropland, grazing, mineral resources, recreation sites and special surface uses of State owned land. It provides environmental protection of the State's natural resources and public trust lands through active administration of the Lake Protection Act, Surface Mining Act, Dredge & Placer Mining Act, and the Oil & Gas Conservation Commission Act. The program administers a State land sale and exchange program and uses the land exchange program to consolidate State ownership for management efficiency while acquiring high value, high revenue producing property. 4) The Forest and Range Fire Protection program provides protection to the timbered and grazing lands and resources of the state through prevention, rapid detection and suppression of wildfire; and provides assistance to rural community fire departments. 5) The Board of Scaling Practices is charged with the responsibility of assuring that only competent and certified scalers are used by the forest products industry to scale (measure) forest products in a standard, uniform method statewide.

Reappropriations **Land, Range, and Mineral Resource Management**

The Idaho Abandoned Mine Reclamation Act (Idaho Code §47-1703) provides that any unencumbered and unexpended balance of the account remaining at the end of a fiscal year shall not lapse but shall be carried forward for the purposes of the act until expended or until the law is changed. The fiscal year 2003 appropriation from the Abandoned Mine Reclamation Fund was \$251,500 of which \$16,900 was actually expended. The source of revenues for this fund is from a portion of the Mine License Tax.

Fire Suppression Deficiency Warrants **Forest & Range Fire Protection**

The Idaho Department of Lands (IDL) estimates the costs of fire suppression for the 2003 fire season at \$11.0 million from the General Fund and \$1.0 million in receipts received from cooperating agencies. The department participates in cooperative fire fighting agreements with federal, local and other state agencies. The state is then responsible for the costs incurred for fire suppression on lands protected by the state regardless of ownership. The department will provide a better estimate of costs in December that will be reflected in the Governor's Recommendation. [One-time]

Agency Request	0.00	11,000,000	0	0	11,000,000
----------------	------	------------	---	---	------------

Provides for the estimated cost of fire suppression for 2003 fire season. Reimbursable fire revenue collected from outside entities is estimated at \$900,000.

Base Adjustments

Forest Resources Management

Moves \$295,400 in endowment earnings from operating expenditures to personnel costs to cover a shortfall due to an internal reorganization which shifted the FTPs without aligning the required funding. This shortfall in the Forest Resources Management Program is covered in the current year with personnel funding from the Fire Protection Program's Lump-sum budget.

Inflationary Adjustments

Includes a general inflationary increase of 1.9% in operating expenditures and trustee/benefit payments.

Agency Request	0.00	33,400	170,900	82,400	286,700
----------------	------	--------	---------	--------	---------

The Governor recommends no increase for general inflation.

<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>0</i>	<i>0</i>	<i>0</i>
----------------------------------	-------------	----------	----------	----------	----------

Replacement Items

Includes \$576,100 for computer equipment, \$358,000 for 16 pickups, \$88,000 for two truck chassis, \$55,000 for field equipment, and \$77,700 for radios. Also, General Fund monies in the amount of \$28,000 are requested to purchase repeater stations, mobile radios and portable radios for the Southern Idaho Timber Protective Association (SITPA) located in McCall. These radios will give SITPA the ability to move to the narrowband by 2005 as required by the Federal Communications Commission (FCC). An effective protection system includes radio communications between the Forest Service, Bureau of Land Management, Department of Lands and rural community fire departments. [One-time]

Agency Request	0.00	176,000	1,006,800	0	1,182,800
----------------	------	---------	-----------	---	-----------

The Governor's recommendation removes all General Fund monies for computer equipment replacement and reduces the dedicated fund request for computer equipment replacement by about half. It is believed that the department can and should use current year spending authority to address its information technology replacement plan. In FY 2003 the department reverted \$544,900 in non-General Fund spending authority in the Support Services program. The recommendation also removes one vehicle and field equipment requested from the General Fund and eliminates the \$28,000 SITPA request for radio equipment.

1. Increase Timber Harvest

Forest Resources Management

This request is to increase the annual timber harvest by 20 million board feet beginning in FY 2006 and by another 10 million board feet per year beginning in FY 2007 for the next ten years. This would accelerate the annual harvest to improve forest health on Endowment lands and would capture the value in larger trees (greater than 24 inch diameter) while the milling capacity is still available. The additional capacity would be ramped up over the next two years from roughly 182 MMBf to 213 MMBf. The request includes \$532,000 for 10 permanent full-time positions, \$72,000 for temporary help, \$223,000 for contractual services, \$220,000 for vehicles, \$1,600 for global positioning systems, \$9,100 for radios, \$2,800 for relaskop scales, \$28,000 for all-terrain vehicles (ATVs), \$4,000 for office furniture, and \$15,000 for computers. The funding source is from the Endowment Earnings Reserve Fund. [\$280,500 one-time, \$827,000 ongoing]

---------------------------	-------	---	-----------	---	-----------

2. Endangered Species Response

Forest Resources Management

The Department of Lands and private landowners continue to face litigation regarding endangered species issues. Funding is needed to coordinate and oversee endangered species issues and to develop agreements to provide incidental take coverage on Endowment and private forest lands under the Forest Practices Act. The request includes \$67,600 for a permanent program manager, \$182,400 for temporary help, and \$400,000 for contractual services to develop and populate an automated database to track the relationships between forest management activities and endangered species. The funding request is 46% General Fund and 54% Endowment Earnings. [Ongoing]

3. Additional Equipment

Land, Range, and Mineral Resource Management

Due to a recent agency reorganization, the agency requests \$50,000 for two new pickups and \$6,500 for one ATV. The reorganization put more of the managers hours into the field. The funding source is the Endowment Earnings Reserve Fund. [One-time]

4. Priest Lake Sewer Hookup

Support Services

The Department provides endowment land management and regulatory oversight from its facilities near Priest Lake. The Coolin Sewer District is upgrading their system. As a result, the Department is being assessed a fee of \$6,000 per equivalent residence unit. The Department has three equivalent units at the Coolin housing complex on public school endowment land and six at the Cavanaugh Bay administrative site on General Fund land. In addition, a trailer pad at the Coolin housing complex needs to be hooked up to the sewer system for a cost of \$11,000. [One-time]

7. Facility Alterations & Improvements					Forest Resources Management
<p>Several of the Department's administrative facilities no longer provide the space necessary for program staff. Meeting rooms have been converted to office space. This decision unit provides for 60% of the alteration and repair costs for three projects and 60% of the costs to build a vehicle storage shed at the Payette Lakes office. The request is broken down as follows: \$48,000 to remodel a shop area into an office space at Cataldo, \$92,000 to remodel the shop into office space and build a new shop at Mica, \$100,000 to construct an addition to the Payette Lakes area office in McCall, and \$52,000 to construct a vehicle storage shed at McCall. The total of these projects is \$292,000. Sixty percent of the funding is requested from the Endowment Earnings Reserve fund with the remaining 40% requested from the Permanent Building Fund Advisory Council. This request only reflects those requested projects that require agency match. [One-time, requires PBFAC approval]</p>

Organizational Chart

Note: FY 2004 FTP count of 249.61 does not include seasonal firefighters, other group positions or deputy attorneys general.

(x) = exempt position

Funding History

Endowment Reform: The legislature shifted \$3.2 million in FY 2000 from the General Fund to the Land Improvement Fund and another \$2.5 million in FY 2001 from the General Fund to the Endowment Administrative Fund. These were endowment related costs that had been subsidized by the General Fund. In addition to the fund shifts, the Endowment funded portion grew by \$3.9 million from FY 1999 to FY 2004. The FY 2005 request would add another \$2.2 million bringing the endowment portion of the budget to \$16.8 million.

Endowment Contributions and Expenditures

Endowment Contributions: Before Endowment reform, the Department took 10% of revenues to cover its costs. Since FY 2001, all revenues except land sales and mining revenues have gone to the Endowment Earnings Reserve and the full costs of operations have been paid from earnings. Lands net contributions decreased from the \$60 to \$70 million range in FY 1997 through FY 2000 to \$46 million in FY 2002 and \$35 million in FY 2003. Despite this reduction, the Department of Lands contributed three times more than its operating costs to the beneficiaries. FY 2003 and FY 2004 assume \$29 and \$30 million contributions after expenses. (Note: FY 2001 does not include the transfer to the Earnings Reserve Fund of \$25 million, saved up over the years in the 10% fund.)

Strategic Plan 2004-2008

MISSION STATEMENT

We manage endowment lands to maximize long-term financial returns to the beneficiaries, and provide protection to Idaho's natural resources.

VISION STATEMENT

As the leader in natural resource management in Idaho, we will maximize revenue from state endowment lands, while providing natural resource protection services throughout the state.

GOAL ONE:

ANTICIPATE SOCIAL, POLITICAL AND ECONOMIC CHANGES AND RESPOND APPROPRIATELY WITHOUT COMPROMISING THE DEPARTMENT MISSION.

GOAL TWO:

PROVIDE TIMELY, CREDIBLE, DEFENSIBLE DATA TO SUPPORT DECISIONS OF THE STATE BOARD OF LAND COMMISSIONERS, GUIDE DEPARTMENT DECISIONS, AND HELP MEET THE NEEDS OF OTHER USERS.

GOAL THREE:

MAINTAIN HEALTHY FOREST AND RANGE LANDS.

GOAL FOUR:

MANAGE ENDOWMENT LANDS IN A BIOLOGICALLY SOUND MANNER TO MEET FINANCIAL CRITERIA.

GOAL FIVE:

MAINTAIN A PRODUCTIVE, WELL-TRAINED WORKFORCE.

Note: See full *Strategic Plan 2004-2008* for obstacles and objectives. See *State of Idaho Performance Report* for major functions and targeted performance standards for each function.

FY 2003 Total Appropriation - \$39.2 million

FY 2003 Actual Expenditures - \$33.1 million

For FY 2003, the Department reverted (did not use) about \$1.3 million in dedicated Endowment Administrative spending authority and \$2.9 million in other dedicated spending authority. Also, the federal fund budget was \$0.9 million higher than actual expenditures. All totaled, the Department reverted about \$5.3 million or 13.5% of the total appropriation authorized by the Legislature.

Division Description

Land administered by the Lava Hot Springs Foundation, consisting of 178 acres along the Portneuf River in Bannock County, was purchased from the tribal government by the Federal Government in 1902. Later that year, the Federal Government ceded the land to the State of Idaho, with the provision that the State reserve the land for public use under such regulation as the State may prescribe. The State created the Foundation to manage the land. In 1962 and 1963, severe flooding damaged the Foundation's swimming pools and hot baths. Subsequently, the Foundation implemented a rebuilding program culminating in the construction of a new swimming pool recreation complex which was dedicated in August 1969.

Idaho Code, Section 67-4401, states that all right to operate, manage, and control Lava Hot Springs is vested in the Lava Hot Springs Foundation. Such Foundation shall consist of a five member board, appointed by the Governor, on a staggered basis, for six-year terms. The Foundation employs 10 full-time people and about 40 part-time people in the summer when the swimming pool is open. The pool is open from Friday before Memorial Day through Labor Day. The hot baths are open all year. The Lava Hot Springs Foundation is a self-sustaining financial operation with all operating revenues generated from hot baths and swimming pool entrance fees, swimsuit, towel, and locker rentals, miscellaneous merchandise sales, and lease agreements.

1. Dressing Room Replacement

Lava Hot Springs Foundation

This project was originally funded from Permanent Building Funds in FY 2002 but was one of the projects cancelled to help balance the state budget. The dressing room facilities at the Hot Pools were built in the 1960's and are in poor repair. The agency will initially seek Permanent Building Funds, but is prepared to use foundation funds if necessary to complete this high priority construction project. They have the capital improvement funds set aside to cover this expense.

Agency Request	0.00	0	500,000	0	500,000

Division Description

The Department of Parks and Recreation was created by HB 138 of the 1965 Legislative Session. Prior to the creation of the department there existed areas designated "scenic and recreational", usually parks and campgrounds. Since 1907 these areas were administered by the State Land Board. In 1947, state parks were transferred to the Highway Department, and responsibility grew with the addition of a number of roadside rest areas. In 1949 control of the parks system was transferred back to the State Land Board, and in 1953 a Division of Parks was created within the Department of Lands, administered by a State Parks Director. The 1965 Legislation created a separate Department of Parks and Recreation, governed by a six member parks board appointed by the Governor.

The Department has grown rapidly from its relatively late start, as Idaho's citizens have demanded more recreational opportunities, and interest in protecting and managing the state's scenic, recreational and historical resources have become a priority. The Department now manages 27 State Parks, as well as administering many recreational programs including boating, recreational vehicles, and trails programs.

State General Funds support about 25% of this department, with about 65% of the departments activities and programs funded by fee-supported dedicated funds, and the balance, about 10% coming from federal funds.

Reappropriations

The department is provided two-year spending authority for capital facility construction projects. This reappropriation reflects the funds carried over from FY 2003 on projects that were not completed the first year.

Personnel Cost Rollups

Includes the employer-paid portion of estimated changes in employee benefit costs. The two biggest factors are: health insurance rates which are projected to increase by 17 percent, from \$5,548 to \$6,493 per employee; and retirement system (PERSI) rates that will increase by over 6% to 10.39 and 10.73 percent of salary for regular and police/firefighter members, respectively.

Analyst: Youtz

Budget by Decision Unit	FTP	General	Dedicated	Federal	Total
Nonstandard Adjustments					
Reflects adjustments in the statewide cost allocation plan for attorney general, risk management, state controller and state treasurer fees. Also included is spending authority for receipts from the Sawtooth National Recreation Area license plates (\$10,000) and federal matching funds (\$200,000) for pass through projects, and \$45,000 to cover fees related to accepting credit card payments through the internet (merchant discount fee).					
Agency Request	0.00	(55,700)	36,500	200,000	180,800
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>(55,700)</i>	<i>36,500</i>	<i>200,000</i>	<i>180,800</i>
Change in Employee Compensation					
Reflects the cost of a 1% salary increase for permanent and group positions.					
Agency Request	0.00	49,600	24,900	4,500	79,000
<i>The Governor recommends a compensation increase of 2% to be distributed based on merit. No adjustment to the pay line is recommended.</i>					
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>100,400</i>	<i>50,200</i>	<i>9,200</i>	<i>159,800</i>
FY 2005 Program Maintenance					
Agency Request	158.25	8,508,400	18,740,700	3,218,900	30,468,000
<i>Governor's Recommendation</i>	<i>158.25</i>	<i>6,819,300</i>	<i>18,738,700</i>	<i>3,217,800</i>	<i>28,775,800</i>
1. Park Facility / Equipment Improvements			Park Operations		
This request would fund park facility and equipment upgrades including irrigation systems, sewer hook-ups, picnic tables, first aid items, a front end loader, and other miscellaneous equipment that will contribute to the enhancement of core services offered by various parks throughout the state.					
Agency Request	0.00	0	137,900	50,000	187,900
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>137,900</i>	<i>50,000</i>	<i>187,900</i>
2. Improved and Expanded Park Services			Park Operations		
This request would provide \$81,700 in seasonal personnel costs and \$100,400 in operating expenses from self generated park user fees to support the addition of camper cabins in several park locations, and to support the expanded services for RV users that have come about through the development of additional electricity, water, and pump out stations.					
Agency Request	0.00	0	182,100	0	182,100
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>182,100</i>	<i>0</i>	<i>182,100</i>
3. Technology Support Contract			Management Services		
This request would provide the funds to contract out for regional support and maintenance of the existing IT network infrastructure. Existing staff is unable to keep up with the demand for services in a system that has 27 different geographic locations around the state. The general public as well as agency staff have come to depend on computer applications to conduct day to day business, from making campsite reservations to coding bills for payment. As a result the demand is there to maintain the department's IT infrastructure on a "24 and 7" basis.					
Agency Request	0.00	25,000	25,000	0	50,000
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>25,000</i>	<i>0</i>	<i>25,000</i>
4. Site Planning and Feasibility Studies			Capital Development		
Reflects a request for \$45,000 to fund a study to develop a large destination marina at Dworshak Reservoir; \$200,000 for site planning and development of a marina at Heyburn State Park; \$80,000 to develop a master plan for the Thousand Springs Complex; and \$50,000 to develop plans for the Castle Rocks phase two campgrounds.					
Agency Request	0.00	40,000	250,000	85,000	375,000
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>250,000</i>	<i>85,000</i>	<i>335,000</i>

Department of Parks & Recreation

Budget by Decision Unit

	FTP	General	Dedicated	Federal	Total
--	-----	---------	-----------	---------	-------

5. Major Capital Projects **Capital Development**

This request would fund major capital facility modifications and improvements to several parks throughout the state. It includes General Funds for an ADA compliant restroom at Billingsly Creek (\$100,000) and marina improvements at Cascade Lake (\$250,000). The dedicated funds include \$305,000 for camping cabins, yurts and miscellaneous improvements; and \$2,200,000 in park land trust donations: the Old Mission Sacred Encounters project (\$1,200,000), the Bruneau Dunes Science Center, phase two (\$500,000) and the Harriman State Park Welcome Center (\$500,000). These latter three projects will only be funded if the donations that are sought actually materialize. In the case of the Harriman project the funds are available through an estate deed of trust gift.

Agency Request	0.00	350,000	2,605,000	1,120,000	4,075,000
Governor's Recommendation	0.00	0	2,605,000	1,120,000	3,725,000

6. New Eastern Idaho Park **Capital Development**

With the exception of Henry's Lake State Park near the Yellowstone area, and Bear Lake State Park near the Utah border, there is no state park serving eastern Idaho, and state outdoor recreational services to eastern Idaho residents are very limited. This request would provide spending authority from the park land trust fund to allow the IDPR Board to either purchase or lease a suitable parcel of land to serve eastern Idaho and preserve public access to high priority recreational areas.

Department Description

The Office of the State Engineer was created in 1895 to administer provisions of the Carey Act. Over the years, additional laws expanded the agency's duties, particularly with the increasing value, development, and use of Idaho's limited water resources. As the agency saw its responsibilities grow, it also saw its name change several times. In 1919 the agency became the Department of Reclamation; in 1943 the State Reclamation Engineer; and in 1970, the Department of Water Administration. Meanwhile, through amendment of the state constitution in 1964, the Water Resource Board was created to prepare the state water plan, a plan for optimum development of water resources in the public interest. The current name, the Department of Water Resources, resulted in 1974 from combining the Department of Water Administration with the Idaho Water Resource Board. The primary authority for the Department and its programs rests in Title 42, Idaho Code.

The department is divided into five major programs for budgeting purposes. The Management and Support Services program provides administrative, legal and information system support for the department; the Planning and Technical Services Division provides staff support for the Water Resources Board and provides planning, technical analysis and groundwater monitoring; the Energy Division provides financial assistance and technical assistance on energy conservation and alternative energy development issues; the Snake River Basin Adjudication program is responsible for completing a fair and accurate determination of the nature, extent and priority of Snake River Basin water rights; and the Water Management Division provides water resource protection through inspection and regulatory programs, and provides water allocation services through permits and water distribution programs.

1. Residential Energy Efficiency

Energy Resources

The Energy Division manages contracted inspections of manufactured homes to insure compliance with electric and natural gas energy efficiency standards. The Division also conducts training with manufacturers, installers and sales people of these homes as well as for site built homes that participate in the Northwest Energy Efficiency Alliance (NEEA) sponsored Energy Star Homes Program. New contracts with the Northwest Energy Efficiency Alliance and subcontracts with other states provide \$41,000 in personnel funding. [Ongoing]

Budget by Decision Unit	FTP	General	Dedicated	Federal	Total
Replacement Items	Mgmt & Support, Energy Resources, Water Management				
Replacement items include \$165,000 for 7 vehicles, \$159,800 for computer equipment, \$12,000 for field equipment, \$6,000 for office furniture, and \$6,000 for office equipment.					
Agency Request	0.00	324,800	12,000	12,000	348,800
<i>The Governor does not recommend General Fund monies for replacement items. Dedicated and federal spending authority is recommended for office furniture, office equipment, and testing equipment for the Energy program.</i>					
Governor's Recommendation	0.00	0	12,000	12,000	24,000
Nonstandard Adjustments					
Includes adjustments to the Statewide Cost Allocation as follows: \$15,000 for Attorney General fees, (\$19,500) for State Controller fees, (\$3,300) for Risk Management costs, and (\$2,800) for State Treasurer fees. Also includes \$44,700 to maintain the existing water measurement data program. The Department, in cooperation with the United States Geological Survey (USGS) and private entities, currently manages 65 stream gauging stations and 260 ground-water level monitoring sites. The Department pays \$894,800 annually (excluded from regular inflation request) for this program and the USGS contributes nearly an equal amount of federal matching funds. Without this inflationary funding, about 5 percent of the measurement sites will be discontinued.					
Agency Request	0.00	42,300	(8,200)	0	34,100
<i>The Governor does not recommend the \$44,700 request to maintain the water measurement program.</i>					
Governor's Recommendation	0.00	(2,400)	(8,200)	0	(10,600)
Change in Employee Compensation					
Reflects the cost of a 1% salary increase for permanent and group positions.					
Agency Request	0.00	60,300	24,200	9,500	94,000
<i>The Governor recommends a compensation increase of 2% to be distributed based on merit. No adjustment to the pay line is recommended.</i>					
Governor's Recommendation	0.00	122,100	49,200	19,200	190,500
Fund Shifts	Planning & Technical Services, SRBA, Water Management				
During the 2002 session, JFAC chose to reduce the impact of budget cutbacks (that would have permanently reduced the department's base) by shifting \$492,700 from the General Fund to the Water Pollution Control Fund. Facing a continuing tight General Fund budget, last year the JFAC was unable to shift funding back to the General Fund. This request shifts 6.00 positions and \$510,300 from the Water Pollution Control Fund to the General Fund as follows: .50 FTP and \$35,100 in Planning and Technical Services, 4.00 FTPs and \$286,400 in Snake River Basin Adjudication, and 1.5 FTPs and \$188,800 in Water Management.					
Agency Request	0.00	510,300	(510,300)	0	0
<i>The Governor's recommendation shifts \$101,000 in operating expenditures from the Water Pollution Control Fund back to the General Fund. The Governor recommends a shift of funding for .5 position from the Water Pollution Control Fund to the Indirect Cost Recovery Fund, .5 position to the Water Administration Fund, .5 position to the Miscellaneous Revenue Fund, and .5 position to federal funds. The shift of \$289,100 from the Water Pollution Control Fund to the General Fund is not recommended. The recommendation provides the entire Department with General fund reappropriation authority which could be used to mitigate the loss of some or all of the four positions related to that funding. For this reason the positions are not removed, just the dollars.</i>					
Governor's Recommendation	0.00	101,000	(418,900)	28,800	(289,100)
FY 2005 Program Maintenance					
Agency Request	175.00	11,025,100	5,994,300	3,727,700	20,747,100
Governor's Recommendation	175.00	10,281,100	6,038,200	3,751,900	20,071,200

Department of Water Resources

Analyst: Houston

Budget by Decision Unit	FTP	General	Dedicated	Federal	Total
1. Idaho Water Center					All Programs
<p>The Department is scheduled to move its main office to the Idaho Water Center in October 2004. The Legislature approved the funding plan for the new office through House Concurrent Resolution 60 during the 2002 session. The Idaho State Building Authority has issued bonds and the Department is committed to repay a portion of the bonds through leases for the next 30 years. The main office houses administration and support for seven regional and satellite offices. The public may visit to research water right files, well driller reports and a variety of resource information. Most of the Water Resource Board meetings are conducted at the main office. Various hearings, meetings, and conferences are also held at this office. The Department has \$424,900 in the base for the current lease of which \$143,000 will be needed through October. This leaves \$281,900 available. The new annual lease payment is \$900,000 but half of that has been capitalized leaving a first year payment of \$450,000. Thus the request is \$168,100 for FY 2005 lease payments. A further annualization of \$338,100 will be required in FY 2006. Although the Department is moving all usable furnishings and equipment, one-time costs of \$500,000 are estimated for movable walls, records vault equipment, an upgraded security system, furnishings, office equipment, and moving expenses. [\$500,000 one-time]</p>					
Agency Request	0.00	642,100	26,000	0	668,100
<p><i>In addition to the ongoing lease costs, the Governor recommends \$360,000 for one-time moving costs of which \$240,000 would come from the Miscellaneous Revenue Fund and \$120,000 from the Petroleum Price Violation Fund.</i></p>					
Governor's Recommendation	0.00	142,100	386,000	0	528,100
2. Water Board Instream Flow Claims					Mgmt & Support Services, Snake River Basin Adjudication
<p>The Idaho Water Resource Board has four remaining instream flow water rights to be adjudicated in the Snake River Basin Adjudication. The water right licenses and associated claim filing fees in accordance with Title 42, Chapter 14, Section 14 Idaho Code total \$1,521,200 as follows: Lemhi River (claim #74-14993) 35 cubic feet per second (at \$100 per CFS) \$3,500; Clearwater River (85-07583) 3,515 CFS \$351,500; Clearwater River (86-0718) 5,750 CFS \$575,000; Clearwater River (86-07345) 5,910 CFS \$591,000, and \$200 (\$50 each) for claim filing fees. Idaho law provides that filing fees in excess of \$1,000 may be spread over as many as five annual payments. Last session, the Legislature provided 40% of the claim filing fees. This decision unit requests 30% of the claim filing fees with the balance to be submitted in FY 2006. Payment of these fees is necessary to provide the resources to complete the majority of the Department's work by mid FY 2006 as planned. Direct General Fund support for SRBA is reduced by \$82,700 through an ongoing fund shift resulting in a net General Fund request of \$373,700. [One-time transfer of \$456,400 to SRBA Fund for expenditure, need another \$456,400 in FY 06]</p>					
Agency Request	0.00	373,700	82,700	0	456,400
<p><i>The Governor recommends funding from the Water Pollution Control Fund. He also increases the shift from the General Fund by \$12,300.</i></p>					
Governor's Recommendation	0.00	(95,000)	551,400	0	456,400
3. Expand Eastern Regional Office					Water Management
<p>The existing office space for the Department of Water Resources regional office in Idaho Falls is insufficient. Furthermore, the existing space of 5,086 sq ft cannot be economically reconfigured for improvements to the Department's computer networking system. The current annual lease and utility payments are \$54,700. An increase is requested in the amount of \$21,500 for annual lease payment plus a one-time expenditure of \$11,500 for remodeling, furnishings, and moving costs. Although JFAC funded this request with \$36,700 in ongoing General Fund support in FY 2001, the Department delayed the move due to budget constraints. The expansion, which requires trading places with the Department of Environmental Quality's Idaho Nuclear Engineering and Environmental Laboratory (INEEL) oversight program, is calculated at 7,300 sq ft at \$13 per sq foot, less the current rent, less \$18,700 remaining in the base from the prior approval. INEEL oversight would see on offsetting savings of 2,214 sq feet at \$13 per foot or \$28,800. [\$21,500 ongoing]</p>					
Agency Request	0.00	33,000	0	0	33,000
<p><i>Not recommended by the Governor.</i></p>

Note: Facility plans call for expansion to McCall, Pocatello, and Grangeville in FY 2006

Summary: Idaho Code 67-5708B requires state agencies to submit a five-year facilities needs plan to the Department of Administration and to report such projected facilities needs at their annual budget hearings. The summary information in the table comes from that report.

The Department plan includes an increase of 8,776 square feet as the main office moves to the Idaho Water Center and an increase of 2,214 sq ft as space is added at Idaho Falls. The FY 2005 budget request includes \$168,100 to cover additional lease costs of the Water Center. It also includes \$21,500 for the Eastern Region lease costs after accounting for \$18,700 remaining in the base from the move approved in FY 2001 but never made. The remaining increases in projected costs are covered by the inflationary decision unit. It should be noted that FY 2003 actual facility costs were \$619,300 and no inflationary increases were approved for FY 2004.

Department Description

The Department of Agriculture contains the budget for nine programs. Eight of these programs are budgeted together: Administration, Animal Industries, Agricultural Resources, Plant Industries, Agricultural Inspections, Marketing and Development, Animal Damage Control, and the Sheep Commission. The Soil Conservation Commission's budget is developed and submitted by the Commission's five member board and is appropriated in a separate appropriation bill.

Division Description

The goal of the Department of Agriculture is to guarantee that Idaho agricultural products are of high quality, disease-free, and meet federal and state laws, rules and regulations. The department protects consumers and producers from fraud and provides marketing assistance to the industry. There are eight budgeted programs. 1) The Administration program coordinates the accounting, payroll, legal, and personnel functions. 2) Animal Industries is responsible for veterinary services, vegetation management, livestock inspection, and animal waste management. 3) Agricultural Resources protects the public health, environment, livestock, and wildlife of the state from possible adverse effects resulting from the improper use of pesticides and fertilizers. 4) Plant Industries includes the Bureau of Laboratories and Plant Services, the Bureau of Seed Analysis, and the Honey Commission. 5) Agricultural Inspections includes the Bureau of Shipping Point Inspections, the Bureau of Warehouse Control, and the Bureau of Weights and Measures. 6) The Marketing and Development program assists Idaho food producers to increase their profitability by enhancing the marketing opportunities for their products. 7) The United States Department of Agriculture (USDA) Animal and Plant Health Inspection Service (APHIS) Wildlife Services program operates in Idaho under a memorandum of understanding with the Idaho State Animal Damage Control Board. 8) The Sheep Commission provides a comprehensive program involving disease and predator control to enable the sheep industry to maintain high production standards and economic returns.

The Soil Conservation Commission is part of the department but is budgeted in a separate appropriation bill.

1. Repay Interest to Federal Agency

Administration

The Department of Agriculture received a federal grant for the Specialty Crop Project in FY 2001. The grant funds were received in advance and deposited into the state treasury until disbursed. The interest was credited to the General Fund. However, the federal grant required that all interest on advances be reimbursed to the Commodity Credit Corporation (CCC). ISDA has since set up a special fund to accrue interest for repayment to the CCC; however, monies are needed to reimburse the federal agency for interest accrued before July 1, 2003. The original grant was over \$4 million. The request is based on State Treasurer's interest rates and average quarterly balances from October 2001 through June 2003. [One-time]

Governor's Recommendation	0.00	147,200	0	0	147,200

Pest Control Deficiency Warrants

Idaho Code §22-2108 authorizes the State Board of Examiners to approve deficiency warrants against the General Fund for up to \$500,000 to control agricultural pest and crop disease outbreaks within the state. In the spring of 2003, the Department provided bait as Mormon crickets became a nuisance to homeowners from the Boise foothills to Horseshoe Bend and damaged range and crops around Mayfield and Prairie. In addition to the pest control programs. The department uses this funding mechanism for the pest survey programs. The survey programs for Japanese Beetle, Leek Moth, European Pine Shoot Moth, Apple Maggot, and Cherry Fruit Fly protect the marketability of Idaho products. Fiscal year 2003 costs were \$35,500 for the exotic pest survey program, \$176,900 for Mormon cricket and grasshopper control, and \$11,100 for gypsy moth survey. The request includes \$75,400 for personnel costs (temporary staff), \$146,700 for operating expenditures (travel and bait), and \$1,400 for capital outlay. [One-time]

2. Crop Residue Disposal					Plant Industries
<p>Additional funding is requested to enforce the provisions of Title 22, Chapter 48, Idaho Code (Smoke Management and Crop Residue Disposal). Registration fees are inadequate to support the full-time nature of this program. Funding is requested in the amount of \$41,000 to hire local representatives during the fall burning season (July through September) who will work with local growers to register fields to be burned, schedule the acres to be burned each day for each airshed, handle telephone inquiries and complaints, and investigate alleged violations of crop residue disposal by farmers. An additional \$21,000 is requested in operating expenditures for travel and operating costs, \$2,000 for toll-free hotline costs, \$18,000 for meteorological data, and \$12,500 for community outreach. [Ongoing]</p>

Governor's Recommendation	0.00	0	0	0	0
3. Agricultural Odor Control					Animal Industries
<p>The Department has been evaluating odors generated by agricultural operations for the past two years as required by the Agricultural Odor Management Act (Title 25, Chapter 28, Idaho Code). This request includes air quality monitoring equipment and a technician to enable the Department to use more advanced scientific methods to gather data to determine odor levels and other air quality parameters associated with agricultural operations across the state. The decision unit includes \$57,100 salary and benefits, \$50,000 in operating expenditures for maintenance and supplies, \$125,000 for odor monitoring equipment, and \$23,000 for a vehicle to pull the equipment. [\$107,100 ongoing and \$148,000 one-time]</p>					
Agency Request	1.00	255,100	0	0	255,100
<i>Not recommended by the Governor.</i>					
Governor's Recommendation	0.00	0	0	0	0
4. Feed & Fertilizer Program Manager					Plant Industries
<p>The feed, fertilizer, and soil and plant amendment laws provide for product registration, tonnage payments, and label reviews (Idaho Code, Title 22, Chapters 6 and 22, and Title 25, Chapter 27). All products must meet state and federal label and ingredient requirements. The division registers approximately 9,210 products for 1,003 companies each year and the label of each product must be reviewed for compliance. Unfortunately, the division only has one full-time employee trained to do this task. Even with part-time help and field staff the division is unable to check all products in a timely manner. Furthermore, the current staff is unable to adequately address enforcement activities, tonnage payment audits, and feed and fertilizer issues related to mad cow disease, heavy metals, mycotoxins and pesticide contamination. There is also an increasing emphasis being placed on food safety due to bioterrorism. This decision unit requests \$67,400 in personnel cost funding to hire a feed and fertilizer program manager, \$6,000 in operating expenditures, \$3,000 for computer equipment, \$4,000 for office equipment, and \$22,000 for a vehicle. Funding is requested from the dedicated Feed and Fertilizer Fund. [\$29,000 one-time]</p>					
Agency Request	1.00	0	102,400	0	102,400
<i>A Legislative Services Office audit found the need for the department to improve registration response time.</i>					
Governor's Recommendation	1.00	0	102,400	0	102,400
5. Agricultural Water Quality					Agricultural Resources
<p>Significant progress has been made on the Agricultural Ground Water Quality Protection Program for Idaho since 1996. However, surface water pesticide monitoring and evaluation and the ground water work related to pesticides, dairies, and beef confined animal feeding operations are increasing. As these water quality protection demands have increased so have the demands on the technical staff. This request includes \$57,000 for an Analyst to conduct field work regarding ground and surface water protection efforts, \$4,000 in operating expenditures, \$22,000 for a vehicle, \$2,500 for a water sampler, and \$800 for a digital camera. Dedicated funding is requested from fees charged for pesticide registration. Federal funding reflects a commitment from the Environmental Protection Agency. [\$61,000 ongoing and \$25,300 one-time]</p>

FY 2003 Total Appropriation - \$26.7 million

FY 2003 Actual Expenditures - \$22.0 million

For FY 2003, the Department reverted (did not use) about \$4.6 million in dedicated and Fresh Fruit and Vegetable (FF&G) spending authority. The federal fund budget was very close to actual expenditures. Dedicated funds other than FF&V include: Animal Damage Control, Admin & Accounting Services, Ag in the Classroom, Agricultural Inspection, Pest Eradication, Sheep Industry, Feed and Fertilizer, Pesticides, Livestock Disease Control, Dairy Inspection, Honey Advertising, Egg Inspection, Organic Food, Disease Indemnity, Seminars and Publications, and Agricultural Loans.

Summary: Idaho Code 67-5708B requires state agencies to submit a five-year facilities needs plan to the Department of Administration and to report such projected facilities needs at their annual budget hearings.

The Department plan includes a remodel to expand office space in the Main Building in FY 2004 through the Permanent Building Fund. The FY 05 request to the PBFAC includes \$67,500 to replace chillers and \$55,000 to add a parking lot behind the main office. The FY 2005 lease increases are estimated at \$2,628. The plan does not account for maintenance and operating costs at the Main Office and does not account for employees located at USDA or Department of Lands shared facilities.

Division Description

The legislature transferred the Soil Conservation Commission from the Department of Lands to the Department of Agriculture effective July 1, 1997. The Commission's five members are appointed to staggered five-year terms by the Governor to assist the 51 Soil Conservation Districts (SCDs), Idaho Code §22-2718. The objectives of the Commission are to:

1. Improve the capabilities of the 51 SCDs by providing assistance to SCD elected officials in developing meaningful conservation programs and treatment measures.
2. Provide oversight and leadership to the commission staff enabling the organization to meet federal mandates, state program goals and local district natural resource priorities.
3. Improve the quality of surface and groundwater resources through implementation of local agricultural water quality projects and through application of best management practices.
4. Reduce soil erosion through state and local information programs for farmers and ranchers.
5. Provide soils information essential for all land management activities through participation in the national Cooperative Soil Survey.
6. Provide loans and grants for soil and water conservation projects through the Resource Conservation and Rangeland Development Fund.

Non-Cognizable Funds and Transfers

Reflects non-cognizable spending authority for additional federal grants. The U.S. Fish and Wildlife Service has a new Fisheries Restoration and Irrigation Management Act (FRIMA) program which the SCC has initiated in the Upper Salmon Basin Watershed Project (USBWP) area to complement the Bonneville Power Administration (BPA) programs. The SCC has a signed agreement with the USFWS to move the money through to landowner projects in Custer and Lemhi SWCD's. The other \$490,600 of federal funding in the base is for ongoing work in the USBWP and Clearwater Basin. [One-time]

Base Adjustments

This decision unit moves \$187,500 in General Fund support from trustee and benefit payments to operating expenditures. The current FY 2004 appropriation provides pass-through technical assistance through the districts. This change will allow the commission better oversight and fiscal accountability through contracts with the Association of Soil Conservation Districts instead of the individual districts. The total funding for technical assistance (TA) remains unchanged: \$63,000 for positions in Burley, Preston and Bruneau, \$30,000 for TA in Twin Falls, \$45,000 for TA in Nez Perce, and \$49,500 for TA in Cascade.

Issues & Information

Analyst: Houston

Strategic Planning Act

Major Functions (Targeted Performance Standards for each Function are available upon request)

1. Provide technical assistance in cooperation with USDA Natural Resource Conservation Service.
2. Provide administrative support and leadership to staff and districts.
3. Provide financial planning review, implementation, and guidance to the Commission and districts.
4. Provide personnel management support and leadership to Commission members and staff.
5. Provide assistance to districts in becoming proficient in recognizing their roles, accomplishing their responsibilities, and exercising their powers.
6. Implement processes for financial integrity, accounting, and protection of assets.
7. Provide district personnel guidance and assistance.
8. Improve the effectiveness of Commission staff addressing water quality issues through training, coordination, staffing plans, financial development, and strategic planning.
9. Strengthen Commission and District capacity to achieve state and local water quality goals and other major natural resource goals through identification and prioritization of concerns, securing needed resources, providing oversight and accountability, and identifying appropriate state and federal programs.
10. Enhance interagency relationships and coordination efforts to integrate multiple programs by discussion and cooperative training.
11. Enhance water quality programs information and education support through dissemination of policy, guidance and interagency program integration.
12. Strengthen water quality monitoring and evaluation efforts.
13. Soil survey state and private acres.
14. Provide complete modern soil surveys for all counties in Idaho.
15. Administer program providing long term, low interest loans for conservation improvements.
16. Provide grant funding for innovative projects improving range or riparian areas.

Department Description

The Department of Commerce is comprised of five divisions.

Economic Development: helps existing businesses expand, encourages the start-up of new Idaho businesses, and helps bring about economic diversification by attracting new businesses to Idaho. Assists local development efforts, and develops, maintains, and disseminates economic and demographic data.

Rural and Community Development: provides financial and technical assistance to Idaho's cities and counties in the construction and rehabilitation of critical infrastructure to support economic diversification, expansion, and sense of community.

International Business: assists Idaho businesses export goods and services, helps develop access to new markets, and increases foreign awareness and acceptance of Idaho products and services.

Tourism Development: helps expand Idaho's tourism and recreation industry by marketing Idaho travel opportunities at home and abroad, distributing grants to communities to promote tourism, and developing the state's film industry.

Administration: provides fiscal, personnel, and administrative support services to the department and its operational divisions.

The Idaho Rural Partnership (IRP), also housed within the Department of Commerce, is a managed network aimed at streamlining work on rural issues among federal, state, local and tribal government agencies, and the private and nonprofit sectors. The IRP serves as a nonpartisan forum for clarifying rural issues. It works to reduce the geographic and intellectual isolation of rural leaders by serving as an information clearinghouse and referral center for rural programs and policies.

1. Increase Spending Authority					Commerce
In 2003, the Legislature passed SB 1082 which authorized the production and sale of a white water rafting motor vehicle license plate beginning January 1, 2004. Revenue generated from the sale of this plate is to be deposited into the Department of Commerce's Tourism and Promotion Fund and used for the general education and promotion of Idaho's white water rivers and rafting industries. This enhancement would provide the additional spending authority needed to carry out the legislative mandate.

Tourism & Promotion Fund

A 2% "bed" tax collected on sales by an establishment which provides lodging to members of the public for a fee, including hotels, motels, private campgrounds, RV parks, etc. is deposited to the Tourism & Promotion Fund. Revenue from the tax is distributed as follows: 45% Statewide Programs, 45% Regional Organizations, and 10% administrative expenses.

Statewide Programs	Year round operations (staff, public & industry relations, toll free phone numbers), advertising and promotions (statewide ad campaigns), special promotions, publications, education & research, \$25,000 for Gateway Visitor Centers.
Regional Organizations	Distributed via competitive grants back to non-profit travel and promotional organizations within the 7 travel regions. The tax revenue generated in a particular region must go back to that region.
Administration	For administrative and fixed operating costs e.g. staff, rent, phone, legal, audit, workshops and training, memberships.

The Tourism & Promotion Fund also receives \$25 of the initial fee and \$15 of the annual renewal fee for the Idaho snowskier and white water rafting vehicle license plates.

Idaho Rural Initiative

The Department of Commerce administers the Idaho Rural Initiative, which is composed of three programs: Rural Economic Development Grants, Gem Community Grants, and Rural Economic Development Professionals.

Rural Economic Development Grants are awarded annually for "public facility improvements necessary for job creation and business expansion. Communities are selected based on local economic conditions, project readiness and number of jobs created." The following is a list of grants awarded since the inception of this program:

FY 2002			
Community	Project	Amount	Jobs
Cascade	The Ashley Inn	406,500	30
Council	Business Park Phase II	489,100	22
Firth	Downtown Redevelopment	500,000	20
Mackay	Business Park	186,000	29
Salmon	Business Park	500,000	50

Idaho Rural Initiative (continued)

Gem Community Implementation Grants: "Communities with one-year action plans are eligible for grants of up to \$50,000 to carry out economic development activities that create jobs and expand the local economy." The following is a list of grants awarded since the inception of this program:

FY 2002		
Community	Project	Amount
Adams County	Sirolli Entrepreneurship Contract	50,000
Dubois	Downtown Improvement	50,000
Fairfield	Industrial Park Planning	50,000
Hagerman	New Grocery Store/City Parking	50,000
Kamiah	Camas Railroad Study	10,000
Leadore	Equestrian Events Center	50,000
McCall	Holiday Inn/Pancake House	50,000
Pierce	Downtown Improvement	50,000
Washington County	Industrial Park Planning	18,100
		378,100

FY 2003		
Community	Project	Amount
Gem County	County Business Park	50,000
Rupert	Project Mutual Telephone	50,000
		100,000

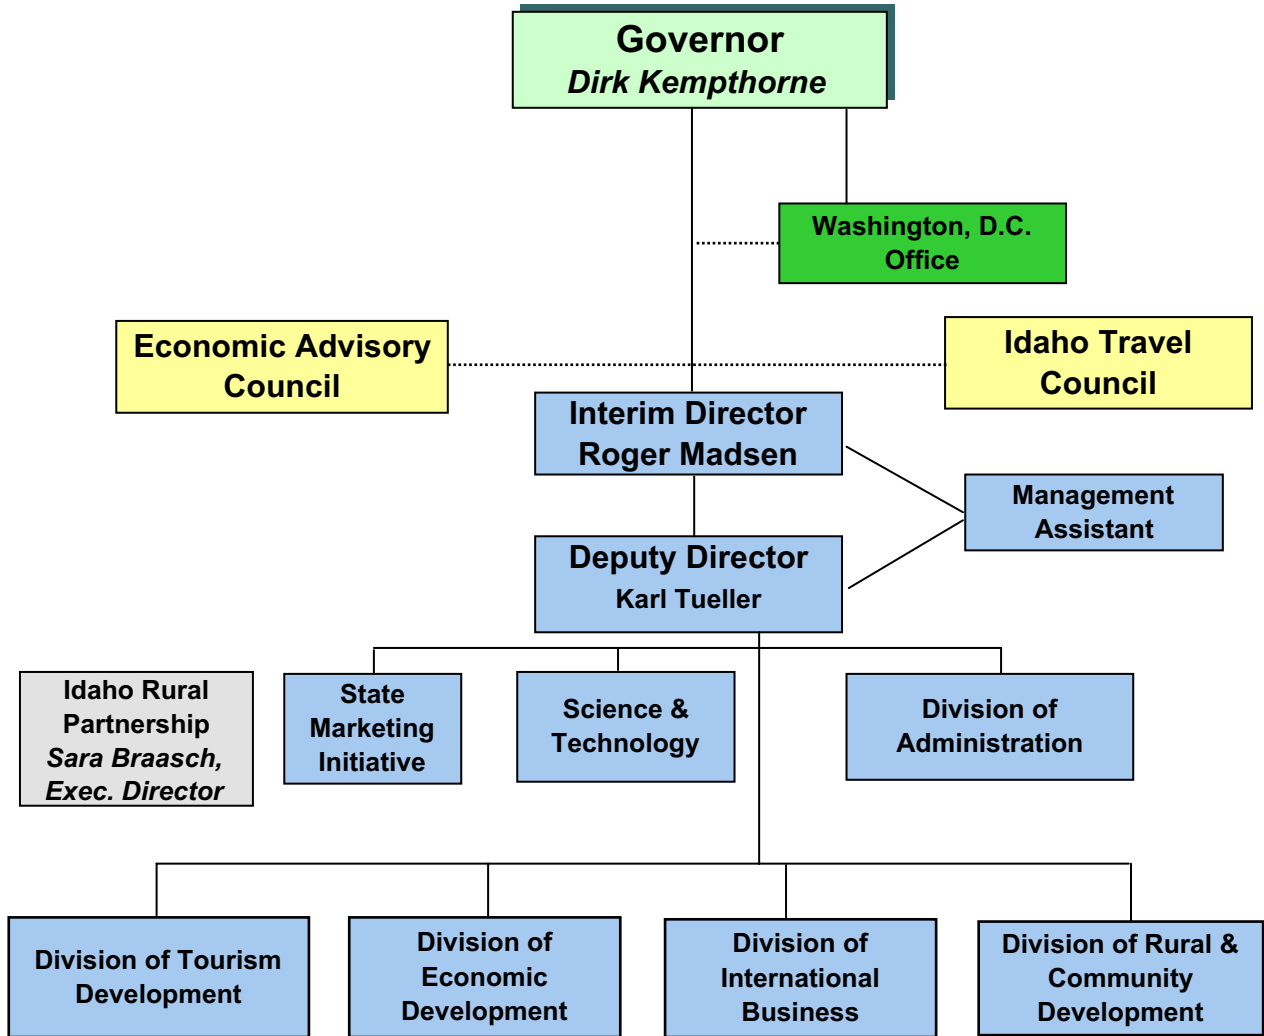

FY 2004 (year-to-date)		
Community	Project	Amount
Hayden	Empire Air - Airport Improvements	50,000

Rural Economic Development Professionals: The Governor "awards \$500,000 to 12 areas of the state each year to fund local economic development professionals. These specialists work on local business retention, expansion and economic diversification." The following is a list of the 12 professionals and their respective areas of responsibility:

County	Professional
Boundary	Robin Ponsness
Shoshone	Vince Rinaldi
Clearwater	Rene Gingrich
Idaho, Lewis	Shaun Maxey
Valley, Boise (Northern)	John Blaye
Adams, Washington	Lisa Wolfe
Payette	<i>vacant</i>
Gem, Boise (Southern)	Morris Huffman
Gooding, Lincoln, Jerome	James Scott
Franklin, Oneida, Bear Lake, and Caribou	Richard Westerberg
Clark, Fremont	Peter Gladstone
Lemhi, Custer	Gynii Gilliam

Department Description

The Department of Finance regulates the enterprises in this state that provide financial services to Idaho consumers. It protects Idaho consumer buyers and borrowers against unfair lending and collection practices, and protects Idaho investors against deceptive and fraudulent investment practices.

The department is given broad discretionary authority to charter and regulate the activities of banks, bank holding companies, business and industrial development corporations, credit unions, trust companies, and savings banks. The department examines the books, records and operations of these institutions' assets, operations, and management to determine what actions the state will take to assure the safety of funds of Idaho citizens. (Idaho Code 67-2701)

The Department of Finance is the licensing authority for residential mortgage brokers and bankers, regulated lenders, collection agencies and retail sellers of goods and services extending credit to their customers, securities issuers, broker/dealers, salesmen, investment advisers, endowed care cemeteries and continuing care providers. Licensing and regulation of these activities includes the review of securities offerings to ensure full disclosure, and examination of the books, records and business practices for compliance with state and federal laws, rules and regulations. The commodity code gives the department enforcement authority to resolve mortgage related consumer complaints. The department issues rulings in connection with attempts by corporations to acquire control of publicly held Idaho corporations pursuant to purchases of a controlling number of equity securities.

The department administers and enforces the Bank Act, Savings Bank Act, Mortgage Company Act, Business and Industrial Development Corporation Act, Credit Union Act, Idaho Credit Code, Securities Act, Commodity Code, Corporate Take-Over Laws (Idaho Control Share Acquisition Act, Idaho Business Combination Law), Collection Agency Act, Residential Mortgage Practices Act, Continuing Care Disclosure Act, and the Endowed Care Cemetery Act.

	FTP	General	Dedicated	Federal	Total
--	-----	---------	-----------	---------	-------

1. Financial Examiner/Investigator

This enhancement would provide 1 FTP and related ongoing and one-time funding for a Financial Examiner / Investigator position. This request derives from a significant increase in the number of persons and companies regulated by the Department, and the need for examination of those companies. In addition, a new Payday Loan law came into effect July 1, 2003 which requires the Department to implement a separate licensing and examination procedure for payday lenders.

<i>Governor's Recommendation</i>	<i>1.00</i>	<i>0</i>	<i>70,000</i>	<i>0</i>	<i>70,000</i>

2. Attorney General Fees for Paralegal

The Department of Finance has requested the addition of a paralegal to their legal staff. Two deputy attorneys general are currently assigned to this agency, and in addition to normal advice and legal services, their litigation caseload has increased significantly. The Department has established a policy goal to increase collection of court-ordered restitution for injured investors. The services of a paralegal, to assist the deputies, would substantially further that goal and allow more efficient use of attorney time. The Office of the Attorney General and the Department of Finance are proposing to have the Department of Finance provide funds for the first year's costs directly with a cash transfer into the General Fund, and then to move to the General Fund for a revenue neutral solution in the following years. The General Fund will be reimbursed in future years from the Department of Finance through statewide cost allocation.

Department Description

The Industrial Commission was established in 1918 to ensure that Idaho's Workers' Compensation Law is impartially and efficiently administered. It encourages safe working environments, prompt and accurate benefit payments, timely dispute resolution, and quality vocational rehabilitation services. The Commission maintains files of all industrial accidents and illnesses and keeps records of employers and their workers compensation insurance companies.

The COMPENSATION PROGRAM includes benefits administration, employer compliance, fiscal, information systems, and the human resources section. Responsibilities of the Compensation Program include evaluating insurance carriers and employers wishing to become self-insured; enforcing the coverage requirements; and monitoring benefit payments. This program also funds the Logging Safety and Industrial Safety Programs at the Division of Building Safety. Industrial Safety provides inspections of state, school district, county and city facilities to ensure safe working conditions. The Logging Safety Program seeks to improve safety in logging operations across the state.

The REHABILITATION PROGRAM is a neutral party that supports a worker's medical recovery and assists in reducing their period of temporary disability resulting from an industrial injury. This program facilitates returning the worker to gainful employment at as close as possible to their pre-injury status and wage. The Rehabilitation Program is concerned with both physical and vocational rehabilitation with special emphasis on job placement. Consultants serve injured workers from ten field offices across the state.

The CRIME VICTIMS COMPENSATION PROGRAM was established in 1986 to help offset the out-of-pocket expenses incurred by innocent victims of crime. Benefits are paid only for costs such as medical and mental health care, lost wages, loss of support, and funeral expenses up to a maximum of \$25,000 per victim per crime. Property damages are not eligible. Funds are generated by surcharges on convictions or pleadings of guilt. Certain restitution and prison payment programs are also directed to the fund.

The ADJUDICATION PROGRAM consists of three commissioners appointed by the Governor who sit as a judicial body to hear and adjudicate disputes arising between injured workers and employers, and to provide judicial review of decisions from the Department of Labor. The Commission also provides a mediation process which is available at any stage of the claim to assist the parties in reaching a successful resolution of a dispute.

Nonstandard Adjustments

The Statewide Cost Allocation Plan assesses state agencies for their actual use of Attorney General, State Controller and State Treasurer services. Attorney General fees are reduced by \$95,300, State Controller fees are reduced by \$8,300 and State Treasurer fees are reduced by \$2,900. Also included are changes in property/casualty insurance premiums (increase of \$900) and the cost of office space leased to state agencies by the Department of Administration (increase of \$12,700).

This also provides additional funds (\$142,600) for the Division of Building Safety's Industrial Safety Program. This adjustment stems from increased costs of the program. The Industrial Safety program is financed via a transfer of funds from the Industrial Commission to the Division of Building Safety. The Industrial Safety program is charged with inspecting state, school district, county and city facilities and is also charged with managing the statewide elevator and boiler safety programs.

Agency Request	0.00	0	49,700	0	49,700
----------------	------	---	--------	---	--------

The Governor recommends no adjustment to building space charges for state agencies. The recommendation provides funds for the Industrial Safety Program administered by the Division of Building Safety. The increased funding is a result of increased costs of administering the program.

Analyst: Milstead

Budget by Decision Unit

	FTP	General	Dedicated	Federal	Total
--	-----	---------	-----------	---------	-------

2. Crime Victims Grant Increase

This request provides additional spending authority for the Crime Victims Grant program. Congress has recently increased the amount of funding available to state victim compensation programs by increasing the federal contribution from 40% to 60% of certified state expenditures. This enhancement provides spending authority necessary to utilize these additional federal dollars.

Agency Request	0.00	0	0	277,800	277,800
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>0</i>	<i>277,800</i>	<i>277,800</i>

3. Mirroring Software

This will provide spending authority allowing the Commission's Network Analyst to put security patches on the Commission's servers while allowing other Commission staff to continue to retrieve information with little down time. Otherwise, if a server problem develops, Commission automated information retrieval will be impacted.

Agency Request	0.00	0	10,000	0	10,000
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>10,000</i>	<i>0</i>	<i>10,000</i>

4. Laptop PCs

This will allow the Commission to purchase two laptop PCs (\$2,000 each) to be used by the Division in Burley and Kellogg. There is no clerical assistance in these two offices and because the nature of the work requires some mobility desktop PCs are not a viable alternative.

Agency Request	0.00	0	4,000	0	4,000
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>4,000</i>	<i>0</i>	<i>4,000</i>

5. Additional Data Storage

The Commission is replacing an obsolete operating system with a new server-based system. As this project has begun it has been determined that significantly more Commission-related data needs to be stored and saved (and for a longer period) to allow for the conversion to the new system. This request will provide \$6,000 in dedicated fund spending authority to increase accessible storage and will allow the conversion to continue uninterrupted.

Department Description

The Department of Insurance has two budgeted programs: Insurance Regulation and the State Fire Marshal.

The Insurance Regulation Program consists of three bureaus:

(1) The Company Activities Bureau is charged with monitoring the financial condition of all insurance entities licensed or approved to sell insurance in this state to ensure that each will be able to meet its obligations to policyholders and creditors. This bureau reviews insurance policy rates and forms to assure compliance with Idaho Code, and collects insurance premium taxes and audits insurance tax and fee returns. The Company Activities Bureau also collects the arson, fire and fraud assessment used to fund the State Fire Marshal.

(2) The Consumer Services Bureau licenses insurance agents, brokers, insurance counselors, third party administrators, adjusters, and managing general agents. This bureau provides information to those who need assistance in insurance matters, analyzes consumer and industry complaints, and investigates alleged criminal and administrative violations of the law. Investigators work with state and local law enforcement agencies in the prosecution of those violations. The Consumer Services Bureau is also responsible for the Senior Health Insurance Benefits Advisors (SHIBA), a network of volunteers that provides information and counseling to senior citizens.

(3) The Support Services Bureau provides fiscal, purchasing, information technology, and personnel services to the Division of Insurance and the Division of the State Fire Marshal.

The State Fire Marshal focuses on fire prevention and arson investigation. This is done by enforcing the Uniform Fire Code, investigating suspected arson or fraud, and educating the public in matters of fire prevention and hazardous conditions in buildings or premises.

1. Medicare Education Partnership

Insurance Regulation

Agency Request	0.00	0	0	0	0
----------------	------	---	---	---	---

Provide additional spending authority and 1 FTP to administer a federal grant awarded to the Office on Aging to create and implement a Medicare Education Partnership for the citizens of Idaho. This free service will provide the following services: educate beneficiaries in understanding and analyzing their Medicare billing information; teach how to organize medical bills, payments and visits; teach the steps to follow when a billing error is discovered; dispute Medicare charges; teach how to write appeals; and be a liaison between the provider and beneficiary. This request is only for the remaining portion of FY 2004.

1. Replace Database

Insurance Regulation

This enhancement would provide \$200,000 in one-time operating expenses for the replacement of the Department's Insurance Information Database System. The current database is outdated (the software has been out of production for 6 years) and is no longer supported by the vendor. This enhancement would fund the purchase of a software license for Idaho-specific insurance database software and vendor support with program implementation and training of Department personnel. This request is for spending authority only -- the Department currently has adequate dedicated fund revenue to pay for this request.

Note: The Department intends to contract with a consultant in FY 2004 to determine the database software specifications for the purpose of developing a RFP for software and vendor selection.

FY 2003 Actual - \$7,598,300**

**Arson Fire & Fraud Fund
FY 2003 Actual - \$1,313,200**

* Figures are based on revenue projections for FY 2004 & FY 2005.

** Idaho Code §41-401(3)(e) provides that "at the beginning of each fiscal year, those moneys in the insurance administrative account which exceed the current year's appropriation plus any residual encumbrances made against prior years' appropriations by twenty-five percent (25%) or more shall be transferred to the general [fund]."

Revenue from the premium tax is distributed to the following funds:

INSURANCE REFUND: Used to reimburse insurers for overpayment of taxes, fines, penalties, etc.

PERSI: 50% of the gross tax on fire insurance premiums is used to partially fund the firefighter retirement system.

HIGH RISK INSURANCE POOL: If premium tax revenue exceeds \$45 million after all other deductions, 25% of the excess goes into the Individual High Risk Insurance Pool to pay the costs associated with providing health insurance coverage to high risk individuals regardless of health status or claims experience.

IDAHO HEALTH INSURANCE ACCESS CARD: If premium tax revenue exceeds \$55 million, 25% of the excess goes to the Idaho Health Insurance Access Card Fund, with 80% going to CHIP Plan B and the children's access card program, and 20% (not to exceed \$1.2 million) to the small business health insurance pilot program. The CHIP Plan B and the children's access card program shall be implemented by July 1, 2004 (FY 2005). Implementation of the small business health insurance pilot program shall begin on July 1, 2005 (FY 2006).

GENERAL FUND: the balance of the premium tax, fines and penalties are distributed to the General Fund.

Department Description

The WAGE AND HOUR SECTION administers Idaho laws regarding the payment of minimum wage and claims for unpaid wages. This program provides redress to citizens for Wage and Hour law violations, and dispenses information and assistance to employers on Wage and Hour law provisions.

THIS IS THE ONLY APPROPRIATED PROGRAM IN THE DEPARTMENT OF LABOR. All other department programs operate on a continuous appropriation of federal funds and funds generated by administration of the employment security law and unemployment insurance taxes.

FY 2004 Original Appropriation	8.00	435,800	10,400	0	446,200

Base Adjustments

Reflects the restoration of \$100,000 in General Funds for FY 2005. In FY 2004, the Department shifted these expenditures from the General Fund to the Employment Services Penalty and Interest Fund as a way to help with the state's General Fund budget situation. This FY 2005 adjustment restores the traditional funding source for the Wage and Hour Program. Also, the reduction of 1.0 FTP reflects the elimination of a permanent position that has not been filled.

Agency Request	(1.00)	100,000	0	0	100,000
----------------	--------	---------	---	---	---------

The Employment Services Penalty and Interest fund has been subsidizing the General Fund during FY 2004. This recommendation replaces a portion (50%) of the funding with General Fund.

Department of Labor Issues & Information

Analyst: Milstead

Most of the Department of Labor operates under a continuous appropriation. Funded with unemployment insurance taxes, federal grants, monies generated by administration of the employment security law, and some miscellaneous revenue, the Department administers unemployment benefits, provides job training and referrals, and monitors the state labor economy.

The lower right-hand box in the organization chart below (Wage and Hour) represents the only appropriated program in the Department of Labor consisting of a total of \$446,200 and 8 FTP for FY 2004. The Employment Services Division, which operates on a continuous appropriation, has estimated that FY 2004 expenditures will be \$246,200,400 with 604 FTP.

Department Description

The Idaho Public Utilities Commission was established by the 12th Session of the Idaho Legislature and was organized on May 8, 1913. The Commission oversees the intrastate operation of investor-owned electric, gas, water, and telecommunications utilities, pipelines, and railroads. The Commission does not regulate publicly owned municipal, or cooperative utilities. The Commission serves the citizens and utilities of Idaho by determining fair, just and reasonable rates for utility commodities and services to be delivered safely, reliably, and efficiently, and by ensuring safe and adequate rail services within the state.

After the legislature removed the motor carrier function from the Commission, the Administration, Utilities and Regulated Carriers programs were combined into one program for budgeting purposes. The commissioners are supported by two policy analysts, legal counsel, the utilities division, and an administrative division.

The Administration Division has management, fiscal, personnel and public affairs, pipeline, and railroad carrier responsibilities. It provides support services for the agency (Sections 61-301:337, Idaho Code). The railroad carriers function is responsible to assure that railroads operate safely and that the public is provided adequate rail service (Section 61-509, Idaho Code).

The Utilities Division includes: Accounting, Engineering, Economic, Telecommunications, and Consumer Assistance. The Accounting Section advises the Commission on auditing, accounting, financing, income tax and security issues. It participates in all rate cases to determine proper income, expenses, rate bases and revenue requirements. The Engineering, Economic, and Telecommunications Sections are primarily responsible for economic and engineering analysis of rates, rate design, and cost of service and technical evaluations of company proposals. The Consumer Assistance Section is responsible for handling customer complaints and specialized information requests.

Programs are funded by the Public Utilities Commission Fund which consists of fees collected from the regulated utilities (telephone, power, natural gas, and water corporations) in the amount of not more than 0.3% (currently .2384%) of their intrastate revenues (Section 61-1004, Idaho Code) and from railroad corporations not more than 1% (currently .7823%) of the gross operating revenues derived from the intrastate business. In prior years, General Fund expenditures for the salaries and benefits of the commissioners (section 61-1009, Idaho Code) were reimbursed to the General Fund at year end from the Public Utilities Commission Fund. However, beginning in FY 2001, the law was changed and Commissioner's salaries are now paid from the PUC Fund.

Division Description

The Division of Building Safety consists of two budgeted programs: Administration and Building Safety.

The Administration Program provides general guidance and administrative, financial, personnel, secretarial, and information technology services to all division bureaus.

The Building Safety Program includes the following bureaus: Building, Electrical, Logging & Industrial Safety, Plumbing, Public Works Contractor Licensing, and Heating, Ventilation & Air Conditioning. This Bureau also houses the Public Works Contractor Licensing Board which licenses all contractors doing public works projects in the State of Idaho.

The Building Bureau provides minimum levels of building, fire, and life safety for Idaho citizens by administering various building code programs involving the construction of state facilities, schools, prefabricated structures, and manufactured homes. Activities include plan checking, site inspections, in-plant inspections of manufactured homes and prefabricated structures, HUD dealer lot manufactured home inspections, consumer records audits and complaint inspections. The Bureau also administers programs that develop, promote, implement and enforce energy codes for commercial and residential buildings.

The Electrical Bureau licenses all electricians and contractors, registers apprentices, issues permits, and reviews plans and inspects all electrical installations to ensure code compliance.

The Logging and Industrial Safety Bureau has a dual mission. The Industrial Safety Section inspects state facilities and school districts to ensure safe working conditions, and manages the statewide elevator and boiler safety programs. The Logging Safety Section exists to reduce the frequency and severity of accidents in the logging industry by conducting first aid safety classes and on-the-job safety meetings for loggers, providing safety training for management, and inspecting of on-going logging operations. The safety programs are funded by transfers from the Industrial Commission.

The Plumbing Bureau licenses plumbers and contractors, registers apprentices, issues permits, conducts inspections, and approves plans.

The Heating, Ventilation & Air Conditioning Bureau was created by the 2003 Legislature (SB1133). This bureau will establish qualifications and issue certificates of competency for HVAC installers. The Division will hire Inspectors to conduct inspections of HVAC systems across the state.

Replacement Items

ADMINISTRATION: Reflects spending authority of \$26,900 for the replacement of 12 of 12 PCs and replacement of 2 of 7 printers. The Division is on a 5-year PC replacement cycle wherein all PCs are replaced every 5 years. This keeps technology consistent within the Division.

BUILDING SAFETY: Reflects spending authority of \$388,000 for 19 replacement vehicles at an average cost of \$20,421 per vehicle. These vehicles (primarily pick-ups and some SUVs) are used by the various bureau inspectors to haul equipment to job sites for inspections. Average mileage on the vehicles to be replaced is estimated to be 122,700 miles at the end of FY 2004. This decision unit also includes spending authority of \$150,000 to replace PCs and printers on the Division's 5-year replacement schedule.

FY 2005 Program Maintenance

Agency Request	122.10	0	9,722,400	150,800	9,873,200
Governor's Recommendation	122.10	0	9,744,500	150,500	9,895,000

1. Information System Tech.

This enhancement reflects a new position for the Administration Information Technology section. The current staff of two is accruing overtime and not able to provide timely and efficient computer and networking support for 122 employees in two main offices and numerous out-lying offices throughout the state. The Division states that the demand for IT support has significantly increased as the work environment has become more automated.

Agency Request	1.00	0	53,100	800	53,900
Governor's Recommendation	1.00	0	53,100	800	53,900

2. New Inspector Positions

This reflects spending authority of \$389,500 for the following: 3 new inspectors for the Electrical Bureau and 2 new inspectors for the Plumbing Bureau. The Division states that these are needed to meet the demands of timely inspections throughout the state. The construction industry has been active across the state causing some inspectors in several areas to accrue overtime. Construction growth is expected to continue over the next several years.

This request is broken down in the following manner: \$264,500 for salaries and benefits for 5 new positions; \$25,000 for operating expenses; \$100,000 (one-time) for five new inspection vehicles.

Agency Request	5.00	0	389,500	0	389,500

3. HVAC Licensing & Permitting

The Division requests 8 new FTPs and \$838,600 in dedicated fund spending authority (\$619,100 on-going; \$219,500 one-time). This request reflects fully implementing the HVAC program created by last year's Senate Bill 1133. Licensing and permitting will be starting on or after July 1, 2004 and the Division states it requires eight new positions for clerical and inspector positions. There are currently three approved FTPs for the start-up of the HVAC bureau with the remainder of staff awaiting the Legislature's authorization.

Specifically, this request includes the following: 3.0 Office Specialists and 5.0 HVAC Inspectors (\$413,600 in salaries and benefits); \$264,100 in operating expenditures; \$160,900 in capital outlay for 6 vehicles (\$120,000) and computer and office equipment (\$40,900).

Division Description

The General Boards in the Department of Self-Governing Agencies consist of those boards and commissions that are non-regulatory in nature, and not easily grouped with the other entities in the Self-Governing Agencies. The General Boards consist of the Commission on Hispanic Affairs and the Board of Examiners.

The Commission on Hispanic Affairs provides services to the Hispanic community and serves as a liaison between the community and government entities. Working toward economic, educational, and social equality, the Commission identifies and monitors programs and legislation, and researches problems and issues facing Idaho's Hispanic community. The Commission identifies solutions and provides recommendations to the governor, legislature, and other organizations concerning issues facing the State's Hispanic population.

The Commission's Substance Abuse Program recruits and monitors Hispanic college students pursuing careers in substance abuse counseling.

The Commission's Substance Abuse Prevention Liaison provides a liaison between the Idaho Commission on Hispanic Affairs, School Districts and the Hispanic community seeking to better serve Hispanic children through the Safe and Drug Free Schools & Communities program under the State Department of Education. This collaboration strengthens the services being offered to Hispanic students, families and communities by the School Districts.

The Board of Examiners is created in Idaho Constitution art. IV, § 18, and consists of the Governor, Secretary of State, and Attorney General, with the State Controller serving as a non-voting Secretary of the Board. Claims against the state are recorded by the State Controller and audited by the Legislature. The Board examines the audited claims, except those dealing with salaries or compensation of officers, and performs other duties as prescribed in Idaho Code § 67-2001 - 2027.

FY 2004 Original Appropriation	4.00	107,900	111,100	118,300	337,300

1. Examiners--Sheriff/Prosecutor Payments

This Supplemental request will provide \$8,500 to pay for claims submitted by Ada County for the prosecution and transportation of State Penitentiary inmates. The Board's FY 2004 appropriation was \$5,800. At the beginning of FY 2004, the Board paid claims of \$4,300, leaving \$1,500 to cover requests for the remainder of the fiscal year. This supplemental is needed to cover claims arising during the balance of this fiscal year. A part of this supplemental--\$4,200--is requested as on-going to provide a budget base of \$10,000 for similar claims in FY 2005. The Board states that this increase will allow the Board of Examiners to pay claims to these entities in a timely manner. There are times these county agencies have to wait as long as 18 months for payment.

[ANALYST NOTE: The Board of Examiners is billed by Ada County for the prosecution and transportation of State Penitentiary inmates. When an inmate in a state correctional facility commits a crime, the inmate is prosecuted by the county in which the correctional facility is located. Idaho Code 18-2507 provides that the county can subsequently submit a claim for reimbursement of "all costs incurred by the county for the prosecution of such case, and for the guarding and keeping" of the inmate. The county's claim must be certified by the trial judge and the claim is then submitted to the Board of Examiners. The Board has the claim audited by Legislative Audit, then the Board submits a request to the Legislature for an appropriation to pay the claim.]

1. Examiners--Web-site

This request is for \$8,400 from the General Fund for operating expenditures to upgrade and maintain the Board's web-site. Currently, the Board is using the State Controller's website for posting minutes, meeting announcements, surplus property declarations, etc. The Computer Service Center (CSC) has been providing the expertise to develop and maintain the Board's use of the Controller's website. The CSC is not billing the Board for these services because the Board has no spending authority to pay such bills. The Board points out that this situation means that all user agencies of computer services are subsidizing the Board of Examiners in this regard. The Board will use this enhancement to pay their share of CSC expenses.

The CSC estimates that 120 hours (estimated at \$7,200) have been spent creating and upgrading the Board's portion of the Controller's web-site. The Board states that this enhancement will be used to pay for one-time development services as well as on-going maintenance and upgrades. The request includes \$5,000 to complete the necessary one-time work and \$3,400 for on-going maintenance and service.

2. Hispanic Comm.--Prevention Specialist

This request reflects the annual support for the Commission's substance abuse specialist position. The program is funded year-to-year via cigarette tax receipts transferred through legislative intent language from the Department of Education. The program provides a liaison between the Commission on Hispanic Affairs, School Districts, and the Hispanic communities by serving Hispanic children through the Safe and Drug Free Schools and Communities program under the State Department of Education. This cooperative effort strengthens the services being offered to Hispanic students, families, and communities by the school districts.

Division Description

In 1988, the Legislature authorized a vote by the electorate of Idaho for a constitutional amendment repealing the constitutional ban on lotteries. The constitutional amendment passed by 51%.

The mission of the Idaho Lottery is to maximize net income and the resulting annual dividend payments for Idaho public schools and buildings. Since its inception 14 years ago, the Lottery has produced more than \$245 million in dividends. The Idaho Lottery Commission is a five-member board appointed by the Governor and serves five-year terms. The Commission adopts rules for the agency, approves contracts and monitors all Lottery operations.

Includes the employer-paid portion of estimated changes in employee benefit costs. The two biggest factors are: health insurance rates which are projected to increase by 17 percent, from \$5,548 to \$6,493 per employee; and retirement system (PERSI) rates that will increase by over 6% to 10.39.

Nonstandard Adjustments					
The Statewide Cost Allocation Plan assesses state agencies for their actual use of Attorney General, State Controller and State Treasurer services. Attorney General fees are reduced by \$11,100, Controller fees are reduced by \$1,900 and Treasurer fees are reduced by \$4,000. Also included are changes in property/casualty insurance premiums (reduction of \$2,300) and an increase in office lease of \$7,000.

-------------------------	-----	---------	-----------	---------	-------

1. Graphics Design Position

This provides spending authority for a new FTP-- an in-house graphic design specialist position. Over the past two fiscal years, the Lottery has experienced increased sales, especially with the scratch-ticket products. The agency states that the majority of the sales increase is attributable to attractive ticket art and an increased use of other point-of-sale related print advertising. The Lottery estimates the cost of outsourcing the required art work to be approximately \$180,000 annually. The creation of this in-house position would represent an annual savings to the advertising budget of approximately \$144,000.

Agency Request	1.00	0	36,000	0	36,000
<i>Governor's Recommendation</i>	<i>1.00</i>	<i>0</i>	<i>36,000</i>	<i>0</i>	<i>36,000</i>

2. Additional Machines

This request provides spending authority for the purchase of 40 scratch-ticket vending machines at \$7,500 each. Approximately 25% of the Lottery's scratch-ticket sales and 100% of pull-tab tickets are made from vending machines. Many lottery retailers, such as grocery stores, find vending machines the only practical method of selling scratch tickets. By combining the planned additions for both years into a single order, the Lottery believes that it can negotiate a lower overall price.

Division Description

The Division of Medical Boards includes six boards that regulate various medically-related professions in Idaho. Brief descriptions of each board are as follows:

The Board of Dentistry ensures and maintains quality dental services for the citizens of Idaho by the licensure and regulation of dentists and dental hygienists. Revenues are generated from licensing, regulatory fees, photocopying and fines.

The Board of Medicine assures the public health, safety and welfare in the state by the licensure and regulation of physicians and other persons providing medical services in Idaho. Revenues are generated from licensing/registration, exam fees, printed materials and subscriptions/rosters.

The Board of Nursing ensures the delivery of safe, quality nursing care to the citizens of Idaho through the regulation and oversight of the profession. Revenues are generated from licensing, exam fees, endorsement, and renewal and reinstatement fees.

The Board of Optometry regulates optometrists and promotes the profession of optometry in Idaho. Revenues are generated from licenses and permits, fees and fines.

The Board of Pharmacy protects public health through regulation of persons and establishments manufacturing, distributing, and dispensing drugs. The board also monitors the prescription and distribution of controlled substances. Revenues are generated from licensing, exam fees, fines, controlled substance duplicate prescription forms, and practitioner lists.

The Board of Veterinary Medicine administers and enforces state laws regarding licensure of persons providing veterinary medical services and upholds the quality of those services in Idaho. Revenues are generated from licensing, exam fees, certifications, and fines.

Replacement Items

Includes the following replacement items:

BOARD OF DENTISTRY: one network router which was originally purchased in 1998 (\$2,500).

BOARD OF MEDICINE: one printer (\$600); four monitors (\$1,600); two computer work stations (\$3,500) and one laptop (\$2,000). Also, includes spending authority to replace three different DOS database systems by upgrading to a single, integrated Microsoft system (\$40,000). This integrated system will require upgrades to server software and memory (\$3,500), copier software (\$1,200) and technical support (\$32,500) to accomplish the change.

BOARD OF NURSING: upgrade internal drives (\$3,000); scanner (\$3,500); 3 PCs (@ \$1,700 each); one printer (\$1,000); software for internal drive upgrade (\$1,000); maintenance agreement (\$200).

BOARD OF PHARMACY: one replacement vehicle for a vehicle purchased in FY 1999 that has 78,000 miles (\$16,700)

Budget by Decision Unit

	FTP	General	Dedicated	Federal	Total
--	-----	---------	-----------	---------	-------

1. Dentistry--Office Specialist Board of Dentistry

The Board of Dentistry requests a new 0.75 FTP Office Specialist Two and \$25,900 in dedicated fund spending authority for personnel costs. The Board has had a complement of 2.0 FTPs since at least 1987. Since that time the number of licensees and corresponding duties and responsibilities have grown significantly. The annual number of new licensees (dentists, dental specialists and hygienists) increased over 200% between FY 1987 to FY 2003. The number of anesthesia permits issued and subject to renewal has doubled over the same period. Board receipts have increased 63% between FY 1995 and FY 2003. The number of annual patient complaints received has more than doubled between FY 1998 through FY 2003 (going from 45 to 113). With only two FTPs the Board states that it struggles to meet demands such as processing applications, preparing for Board meetings, conducting investigations, fielding telephone inquiries, conducting applicant background checks, obtaining necessary verifications, determining eligibility for licensure, renewing all licensees annually, etc. With only 2.0 FTPs, the Board has, on occasion, been required to close its office during normal business hours when, for example, one employee is on vacation or ill and the other employee is at a meeting or conducting an investigation. The Board believes the new 3/4-time position will help with office workload and efficiencies.

Agency Request	0.75	0	25,900	0	25,900
Governor's Recommendation	0.75	0	25,900	0	25,900

2. Dentistry--Upgrade Frame Relay Board of Dentistry

The Board requests \$2,800 in dedicated fund spending authority to upgrade its existing frame relay connection. This request will allow the Board to commence on-line renewals in connection with the October 1, 2004 license renewal cycle. The Department of Administration has advised the Board to upgrade the connection in order to provide on-line licensing capabilities. For the 2004 and 2005 licensing cycles, the Board intends to allow licensees the choice of using the current license renewal system or the on-line system. After the 2005 licensing cycles, all license renewals will be done on-line.

Agency Request	0.00	0	2,800	0	2,800
Governor's Recommendation	0.00	0	2,800	0	2,800

3. Medicine--Database Hardware Board of Medicine

This request will provide dedicated fund spending authority of \$2,300 for the upgrade of the Board's database system. This effort will consolidate three out-dated and fragmented database systems into one integrated system. In order to integrate the systems, the Board will need to acquire memory chips (\$800) to upgrade the network server and will need to purchase OCR scanners (\$1,500).

Agency Request	0.00	0	2,300	0	2,300
Governor's Recommendation	0.00	0	2,300	0	2,300

4. Medicine--Database Software Board of Medicine

This request provides \$2,700 in dedicated fund spending authority for the purchase of bar code software (\$1,500), Adobe PDF software (\$500) and a database license (\$200), and other software upgrades (\$500). This request is directly linked to the preceding enhancement (Database Hardware) and will enable the Board to consolidate and replace the three antiquated databases now being used.

Agency Request	0.00	0	2,700	0	2,700
Governor's Recommendation	0.00	0	2,700	0	2,700

5. Pharmacy--License Software Board of Pharmacy

This request provides spending authority to purchase new license tracking software which will replace the Board's existing application that tracks licenses for pharmaceutical resellers, pharmacists and practitioners in Idaho. The Board states the existing system is no longer supported by the vendor. Also, due to growth in the number of licensees and related activities, the existing licensing system is no longer sufficient.

Agency Request	0.00	0	49,000	0	49,000
Governor's Recommendation	0.00	0	49,000	0	49,000

Medical Boards

Analyst: Milstead

Budget by Decision Unit	FTP	General	Dedicated	Federal	Total
6. Pharmacy--Space Increase					Board of Pharmacy
<p>This D.U. requests \$12,500 in dedicated fund spending authority to add adjacent office space to the existing office. This would increase the property space from about 2,380 square feet to about 3,270 square feet. The Board states that currently, the supply room/store room has become crowded with essentials needed in the office on a day-to-day basis. There are numerous file cabinets and equipment that are now housed in the storeroom but which should be kept in the general office space for easier availability.</p>					
Agency Request	0.00	0	12,500	0	12,500
<i>Not recommended by the Governor.</i>					
Governor's Recommendation	0.00	0	0	0	0
7. Pharmacy--Investigator Position					Board of Pharmacy
<p>The Board requests \$50,000 in dedicated fund spending authority (\$35,400 in salary and \$14,600 in benefits) for a new 1.0 FTP Investigator. The Board states this position is necessary to relieve workload of the existing investigator and drug tracking assistant. There is currently only one investigator for the state. The current position is responsible for investigating the diversion of controlled substances from drug outlets (e.g., pharmacies, hospitals, long-term care facilities), by practitioners, and also diversion by citizens by fraudulent prescriptions, doctor shopping, etc. The current investigator is also responsible for the controlled substance tracking system which alerts the Board to diversion of controlled substances.</p>					
Agency Request	1.00	0	50,000	0	50,000
Governor's Recommendation	1.00	0	50,000	0	50,000
8. Pharmacy--Position to Full-Time					Board of Pharmacy
<p>This is a request for \$11,700 in dedicated fund spending authority to change a 3/4-time compliance officer to full-time. The Board states that this change would result in cost-savings stemming from reduced over-time and personal travel reimbursement costs. (This latter cost should be reduced in the event an additional vehicle is authorized--see the following enhancement request for an additional vehicle). The part-time position covers Northern Idaho where there are now 431 licensees, compared to 554 in Eastern Idaho and 501 in the Treasure Valley. Compliance Officers ensure that every pharmacist and controlled substance provider is following guidelines and protocols established by the state Pharmacy Act.</p>					
Agency Request	0.25	0	11,700	0	11,700
<i>Not recommended by the Governor.</i>					
Governor's Recommendation	0.00	0	0	0	0
9. Pharmacy--Additional Vehicle					Board of Pharmacy
<p>This is a request for \$16,700 in dedicated fund spending authority for a new vehicle to be used by the North Idaho compliance officer. The Board states that this will be a cost-effective purchase because currently, a 0.75 compliance officer uses his own vehicle and accrues considerable personal mileage which the state reimburses at \$0.36/mile. In comparing travel costs among compliance officers (inspectors), the reimbursement of personal travel costs are largely responsible for an almost doubling of travel-related costs for this position. Compliance officers visit all pharmacies in the state to ensure compliance with the Pharmacy Act and the Uniform Controlled Substances Act--this includes ensuring compliance with the dispensing of medications, drugs, devices and other materials, overseeing the specifications related professional and technical equipment, Pharmacy environment, supplies and procedures for the compounding and dispensing of medication and drugs and the control of the purity and quality of medication.</p>					
Agency Request	0.00	0	16,700	0	16,700

Division Description

The Division of Regulatory Boards include eight boards and commissions that regulate various professions in Idaho. Brief descriptions of each are as follows:

The Athletic Commission exists to promote safe and legal professional boxing and wrestling events in Idaho.

The Board of Accountancy ensures that standards are maintained for certified public accountants and licensed public accountants in Idaho.

The Board of Professional Engineers and Land Surveyors develops and maintains high qualification standards for professional engineers and land surveyors.

The Bureau of Occupational Licenses exists to provide, under contract, those administrative, investigative, and fiscal services necessary to enable various licensing boards to carry out their mandated responsibilities. (See page 5-97 for a listing of boards and commissions served by the Bureau of Occupational Licenses).

The Real Estate Commission ensures ethical and legal real estate practices in Idaho. The commission develops and administers a coordinated education program to meet statutory requirements and to increase the skills and knowledge of those within the real estate profession.

The Board of Professional Geologists sees that geological work in Idaho is conducted by qualified geologists acting in an appropriate and professional manner.

The Certified Shorthand Reporters Board regulates promotes shorthand reporting services in Idaho.

The Outfitters and Guides Licensing Board regulates outfitter and guide services in Idaho.

Replacement Items

Replacement Items include the following:

BOARD OF ACCOUNTANCY: \$6,100 in dedicated fund spending authority to replace four PCs purchased in July 2001 and four monitors, one purchased in 1997, two purchased in 1998 and one in 2002. This request averages \$1,525 per PC & monitor.

BOARD OF PROFESSIONAL ENGINEERS AND LAND SURVEYORS: replace one PC (\$1,500) and printer (\$1,500) Each of the items to be replaced were purchased in July 2001.

REAL ESTATE COMMISSION: one overhead projector (\$4,500); replacement and upgrade of operating software per ITRMC standards (\$15,500); replacement of office wood paneling with drywall for fire safety purposes as suggested by State Fire Marshall (\$7,400).

Nonstandard Adjustments

This reflects adjustments for Attorney General, Controller, and Treasurer fees pursuant to Statewide Cost Allocation Plan. Attorney General fees are increased by \$22,500, Controller fees are reduced by \$2,800, and Treasurer fees are reduced by \$3,900. Also reflects an adjustment for Risk Management property/casualty rates (reduction of \$300). This decision unit also reflects an increase for the Board of Outfitters and Guides' contract attorney stemming from an hourly rate increase (\$3,000) and an increase in rent of \$1,500 for the Board of Accountancy.

Agency Request	0.00	0	20,800	0	20,800

1. Ath. Comm.--Operating Exp.

Athletic Commission

The Athletic Commission seeks \$10,000 in dedicated fund spending authority for increased operating expenditures stemming from an increase in professional boxing and professional wrestling activity. While event activity has improved during FY 2004 which has helped the agency's financial picture, the Commission's long-term financial viability is linked to proposed legislation that would impose a tax on out-of-state boxing promoters' sale of Pay-Per View events in Idaho. While out-of-state promoters enjoy the financial rewards of selling these events into Idaho, currently, they are doing so without paying any type of tax. (ANALYST'S NOTE: A legislative Task Force met in early November 2003 and has proposed legislation including, among other things, creating a more reliable funding source for the Commission based on the taxation of televised Pay-Per-View professional boxing. The proposed legislation also strengthens regulation of toughman events).

Agency Request	0.00	0	10,000	0	10,000
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>10,000</i>	<i>0</i>	<i>10,000</i>

2. Ath. Comm--Retire Outstanding Bills

Athletic Commission

This request would authorize \$12,000 in one-time dedicated fund spending authority to pay past due interagency bills. In 2003, the Legislature authorized an increase in dedicated fund spending authority and the Athletic Commission was able to pay-off almost \$14,000 in past due bills. Because boxing-related activity has seen a temporary increase, the Commission now estimates FY 2004 revenues will reach about \$31,000, or \$15,000 above the FY 2004 appropriation. This enhancement will permit the Commission to pay-off the remaining interagency debt with dedicated funds.

Agency Request	0.00	0	12,000	0	12,000

3. Eng/Surveyors Outsourcing					
			Board of Prof. Engineers & Land Surveyors		
<p>This request would provide \$27,000 in dedicated fund spending authority for the outsourcing of the administration of professional examinations. The Board uses exams that are prepared by a national organization and used by all licensing jurisdictions in the U.S. Examination security becomes an issue in that if exam problems can be obtained, they can, of course, provide an unfair advantage to exam takers. The Board's potential liability for a breach of exam security could be in excess of \$1 million because a new nationwide exam would need to be prepared. The national exam organization has created a wholly-owned subsidiary to administer the exams and relieve the Idaho Board of such liability exposure. The additional cost is \$90 per candidate and exam fees would be raised by that amount in order to cover these additional costs.</p>					
Agency Request	0.00	0	27,000	0	27,000
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>27,000</i>	<i>0</i>	<i>27,000</i>
4. BOL--New Position					
			Bureau of Occupational Licenses		
<p>This request would provide a new 1.0 FTP (Office Specialist 2) and \$36,500 in dedicated fund spending authority for the new position. The Bureau manages over 22,380 current licenses for eighteen different professions. It provides administrative, investigative, legal and fiscal services to 17 different Boards (including over 90 board members). Work-load includes receiving and reviewing applications for licensure; issuing and renewing licenses; accounting for continuing education credits; collecting fees, penalties and cost reimbursements; accounting for receipts and expenditures; providing Boards with financial reports; receiving and investigating complaints; and arranging for prosecution and appropriate disciplinary action.</p> <p>Since 1998, the Bureau has had a staff of 17. Since that time, there has been a 39% increase in the number of licenses-- from 28,930 to 45,582. Also, the number of complaints have increased. Between FY 2002 and FY 2003 the number of complaints filed increased from 99 to 145 which represents a 46% increase in a single year. The Bureau states that with this increasing workload it needs this extra position to maintain service to the Boards, licensees, and the public.</p>					
Agency Request	1.00	0	36,500	0	36,500
<i>Governor's Recommendation</i>	<i>1.00</i>	<i>0</i>	<i>36,500</i>	<i>0</i>	<i>36,500</i>
5. Outfitter/Guides--Database Maintenance					
			Outfitters and Guides Licensing Board		
<p>This request provides \$7,500 in dedicated fund spending authority for database maintenance. This request provides the resources needed to maintain a computerized database capable of handling the Board's licensing program. A local company initially developed the database and the Board has continued to use their services satisfactorily. The Board is spending approximately \$7,500 annually in database maintenance. The spending authority has never been specifically budgeted and these costs are now impacting the Board's overall budget and other areas of operation. The Board states that spending authority is needed to maintain an effective operation.</p>					
Agency Request	0.00	0	7,500	0	7,500

6. Outfitter/Guides--Mapping Partnership					
					Outfitters and Guides Licensing Board
<p>This request provides \$5,000 in dedicated fund spending authority allowing the Board to partner with the Idaho Department of Fish and Game (IDFG) to develop and maintain a GIS mapping system. The Board states it has maintained an antiquated mapping system to manage outfitter operating areas for licensing purposes. The system is difficult to use, inefficient, generally inaccurate and virtually impossible to maintain. Technology exists to develop computerized maps and the Board has entered into a partnership with the Idaho Recreation and Tourism Initiative to develop and maintain a GIS mapping system that would eliminate the problems noted. These maps will be developed using an existing GIS computer system managed by IDFG. This request will provide the Board the capacity to contribute to the partnership for development and long-term maintenance. Currently, five state and federal agencies are participating in this endeavor. (\$3,500 on-going; \$1,500 one-time. The one-time portion of the request will allow the Board to purchase GIS software needed to view the mapping information via an Internet link to the IDFG computer system).</p>

Division Description

The Office of the State Appellate Public Defender was created in 1998 by House Bill 840 during the Fifty-Fourth Idaho Legislature. The intent of the legislation was to create a Capital Crimes Defense Fund to help defray the cost of capital litigation at the trial level for Idaho counties. Additionally, the intent of the legislation was to create the Office of the State Appellate Public Defender to reduce the cost of legal representation of indigent defendants upon the appeal of their criminal convictions, particularly for first-degree murder, which had been an expensive and unpredictable burden on the counties. In addition, there had developed the perception that because of the different degree with which some counties could respond financially to this demand, it was possible that justice could be pursued unevenly throughout the state. The services of the State Appellate Public Defender are only available to those counties who participate in the Capital Crimes Defense Fund. The State Appellate Public Defender provides services in the following areas:

- 1) Appeals from convictions in district court.
- 2) Appeals from the district court in post-conviction relief proceedings brought pursuant to the uniform post-conviction procedure act.
- 3) Appeals from the district court in habeas corpus proceedings.
- 4) Post-conviction relief proceedings in capital cases.

Governor's Recommendation	15.00	1,228,800	0	0	1,228,800

Personnel Cost Rollups

Includes the employer-paid portion of estimated changes in employee benefit costs. The two biggest factors are: health insurance rates which are projected to increase by 17 percent, from \$5,548 to \$6,493 per employee; and retirement system (PERSI) rates that will increase by over 6% to 10.39 and 10.73 percent of salary for regular and police/firefighter members, respectively.

Agency Request	0.00	17,500	0	0	17,500
Governor's Recommendation	0.00	17,500	0	0	17,500

Inflationary Adjustments

Includes a general inflationary increase of 1.9% in operating expenditures payments.

Agency Request	0.00	3,800	0	0	3,800
<i>The Governor recommends no increase for general inflation.</i>					
Governor's Recommendation	0.00	0	0	0	0

Nonstandard Adjustments

The Statewide Cost Allocation Plan assesses state agencies for their actual use of Attorney General, State Controller and State Treasurer services. State Controller fees are reduced by \$900 and State Treasurer fees by \$200. Also, the lease payment for office space will increase by \$700 in FY 2005.

Agency Request	0.00	(400)	0	0	(400)
<i>Increase for space lease of \$700 is not recommended.</i>					
Governor's Recommendation	0.00	(1,100)	0	0	(1,100)

Change in Employee Compensation

Reflects the cost of a 1% salary increase for permanent and group positions.

Agency Request	0.00	8,700	0	0	8,700
<i>The Governor recommends a compensation increase of 2% to be distributed based on merit. No adjustment to the pay line is recommended.</i>					
Governor's Recommendation	0.00	17,700	0	0	17,700

FY 2005 Program Maintenance

Governor's Recommendation	15.00	1,262,900	0	0	1,262,900

1. Death Penalty Cases

The agency is requesting ongoing funding to deal with additional death penalty cases in FY 2005. Because of the recent Supreme Court ruling in Ring v. Arizona (challenging a death penalty sentence not imposed by a jury) several defendants have been ordered to have new sentencing hearings rather than the more expensive post-conviction hearing. This has permitted the Office to operate within the budget constraints of FY 2003 and FY 2004. The SAPD does not anticipate these conditions to continue. In addition to having an extremely complex case with the post conviction case of the State of Idaho v. Shackelford, the new state death penalty statute requires sentencing immediately following the finding of guilt, thus having an immediate fiscal impact on the Office.

Agency Request	0.00	100,000	0	0	100,000
<i>Not recommended.</i>					
Governor's Recommendation	0.00	0	0	0	0

Division Description

The Division of Veteran's Services has the responsibility to provide care and extend financial assistance to disabled and destitute Idaho wartime veterans and their dependents. Services include: managing and operating the Veteran's Homes that include 268 nursing care and 36 residential care and domiciliary beds; maintaining a Veteran's Service Office to assist veterans and their families in obtaining federal benefits to which they are entitled (this office is located at 805 W. Franklin Street, Boise, in space furnished by the Veteran's Administration); and extending emergency financial assistance to disabled or destitute veterans and their families.

The Idaho State Veterans Cemetery has the mission to inter eligible veterans and their dependents, to appropriately mark and record gravesites, and to maintain the cemetery as a place of honor for veterans as well as a place of remembrance and reflection for the citizens of Idaho. The cemetery is currently under construction with a July 2004 projected dedication date.

The Division of Veteran's Services was transferred from the Department of Health and Welfare to the Department of Self-Governing Agencies in fiscal year 2001.

Department Description

The Idaho Transportation Department has eight budgeted programs:

- 1) The Management and Administrative Services program develops long-range budgetary plans; develops legislation; develops and operates information systems; provides employee services, financial services, and facilities management; coordinates research activities; and ensures compliance with department policies and procedures.
- 2) The Planning program coordinates the Department's strategic plan; maintains inventories for transportation systems; provides a statewide transportation plan; and assists local governments with transportation planning.
- 3) The Motor Vehicles program manages driver's licenses, vehicle registrations, license plates, and vehicle titles.
- 4) Highway Operations directs statewide highway maintenance and highway improvements; administers federal-aid safety improvement projects and safety tasks; protects highways from oversize, overweight, and dangerous usage; develops projects to improve state and local highway systems to save lives; and maximizes the use of federal, state and local construction funds.
- 5) Capital Facilities administers the design, building and maintenance of Department facilities.
- 6) Contract Construction & Right-of-Way Acquisition accounts for the funds necessary for highway construction projects that maintain and improve the state's highway system.
- 7) Aeronautics assists Idaho municipalities in developing their airports and operates the state's air fleet.
- 8) Public Transportation manages the federal transit grant programs and encourages coordinated transportation services throughout the state.

FY 2004 Original Appropriation	1,838.00	0	209,862,900	219,938,600	429,801,500

Reappropriations

The Department's FY 2004 appropriation bill authorized ITD to carryover unencumbered balances from the Contract Construction and Right-of-Way Acquisition Program for that same purpose in FY 2005. That amounted to about \$34.6 million in state highway, \$3.6 million in local, and \$100.7 million in federal funds. It also authorized carryover of any unexpended and unencumbered money previously appropriated from the Disaster Fund which amounted to about \$1.7 million. Finally, the bill authorized carryover of any unexpended and unencumbered balances of the State Aeronautics Fund for trustee and benefit payments to be used for Airport Development Grants. That amounted to about \$1,576,000.

Idaho Transportation Department

Analyst: Milstead

Budget by Decision Unit	FTP	General	Dedicated	Federal	Total
-------------------------	-----	---------	-----------	---------	-------

Base Adjustments

Reflects the following adjustments:

MOTOR VEHICLES: Reflects a base reduction due to the transfer of the motor carrier audit function to the State Tax Commission. (Reduction of 4.50 FTPs and \$463,800 in dedicated funds of which \$252,000 is transferred to the Tax Commission; the balance of the spending authority is reverted to the State Highway Account). Also reflects an adjustment for net postage cost savings of \$228,000 stemming from last year's Senate Bill 1064 which allowed the Division to send various notices via first class mail instead of certified mail. [ANALYST NOTE: The transfer of resources to the Tax Commission stems from a recommendation of the Governor's Blue Ribbon Task Force. An agreement was reached between ITD and the Idaho Tax Commission to transfer motor carrier auditing responsibilities to the Tax Commission. A Memorandum of Understanding (MOU) between the agencies was drafted in April, 2003 to cover the details of the transfer of responsibilities. Funding estimates included in the MOU for personnel and operating expenses form the basis for this budget adjustment for FY 2005. This adjustment is also reflected in the State Tax Commission's budget write-up, found on page 6-154 of the LBB. This adjustment appears as an enhancement in the Tax Commission's budget.)

HIGHWAY OPERATIONS: Includes the shift of \$55,000 from Management and Administrative Services to accommodate the transfer of 2.0 FTPs from Management and Admin. Services. This shift is made to more effectively allocate resources.

CAPITAL FACILITIES: Reflects a \$1,000,000 transfer from Contract Construction and Right of Way Acquisition to Capital Facilities in order to accelerate the construction of sand sheds each year. These sand shed constructions will help bring ITD into compliance with the National Pollutant Discharge Elimination System Phase 2 Regulations.

CONTRACT CONSTRUCTION: Includes a transfer of \$1 million to Capital Facilities to expedite sand shed construction across the state. Reduces spending authority by \$10,818,100 for FY 2005 to better match the level of revenue projected to be available for construction. This adjusts the level of appropriated spending authority (by fund source) in the Contract Construction and Right-of-Way Acquisition program.

Agency Request	(4.50)	0	(11,379,500)	(130,400)	(11,509,900)
----------------	--------	---	--------------	-----------	--------------

The Governor's recommendation adjusts spending authority for FY 2005 to match the level of funding projected to be available for construction. Included in this recommendation is an adjustment to the level of appropriated spending authority, by fund source (dedicated and federal) in the Contract Construction & Right-of-Way Acquisition program.

Governor's Recommendation	(4.50)	0	(11,318,300)	(134,200)	(11,452,500)
---------------------------	--------	---	--------------	-----------	--------------

Agency Request	1,833.50	0	185,409,800	219,017,400	404,427,200
Governor's Recommendation	1,833.50	0	185,471,000	219,013,600	404,484,600

Personnel Cost Rollups

Includes the employer-paid portion of estimated changes in employee benefit costs. The two biggest factors are: health insurance rates which are projected to increase by 17 percent, from \$5,548 to \$6,493 per employee; and retirement system (PERSI) rates that will increase by over 6% to 10.39 percent of salary.

Agency Request	0.00	0	1,889,300	303,900	2,193,200
Governor's Recommendation	0.00	0	1,889,300	303,900	2,193,200

Inflationary Adjustments

Includes a general inflationary increase of 1.9% in operating expenditures and trustee/benefit payments.

Agency Request	0.00	0	812,400	122,300	934,700
----------------	------	---	---------	---------	---------

The Governor recommends no increase for general inflation.

Governor's Recommendation	0.00	0	0	0	0

Replacement Items

This decision unit includes the following:

MANAGEMENT & ADMIN. SERVICES: Replacement items includes \$631,200 in computer-related equipment, including 51 of 201 desk-top systems at an average of \$1,025 each; seven CADD servers at \$5,500 each; network storage upgrades at headquarters and the six districts--\$150,000; replace eight of 30 printers (a variety of types) for a total of \$11,900. This request reflects the replacement of 97 items.

PLANNING: Provides spending authority for the replacement of computer equipment (\$81,600--includes replacing 14 of 51 computers for about \$2,028 each; one digitizing table for \$20,500), one DVD projector for \$10,000, and shop equipment (\$14,600--includes one automatic traffic recorder tester for \$9,000 and other miscellaneous shop equipment).

MOTOR VEHICLES: Provides spending authority for computer equipment (\$167,000--includes replacing 72 of 391 PCs at about \$1,500 each and replacing eight of 20 printers for about \$1,300 each), office equipment (\$114,600 replaces 2 wood desks at \$600 each and 27 of 27 modular workstation at \$4,200 each), and miscellaneous equipment (\$64,400--includes six of 53 eye testing machines at \$900 each; 10 of 169 portable axle scales at \$3,500 each and 12 of 20 truck scale items at \$2,000 each).

HIGHWAY OPERATIONS: includes \$5,641,000 to replace equipment under the Department's "Buy-Back" program. (This requires vendors to quote equipment costs along with a price for repurchasing the equipment from ITD at a later date. "Buy-Back purchases are largely offset by \$4,979,900 in receipts).

Other replacement items include:

Road Equipment (\$6,505,000)--includes replacing approximately 141 of 1,200 items, including compressors, concrete saws, forklifts, jack hammers, lawn tractors, mortar mixers, sander dump trucks, welders, etc.)

Motorized equipment (\$825,000)--includes replacing 26 of 234 pick-up trucks, four of 97 sedans, one of 15 Suburbans, six of 57 various kinds of trucks, two of 48 full-size vans, etc.

Computer equipment (\$490,000)--reflects replacing 273 of 1,324 computer-related items including 31 of 68 various types of printers, 129 of 880 desktop systems, 37 of 108 CADD workstations, etc.

Laboratory equipment (\$178,200)--reflects replacing various pieces of lab equipment, including emulsion test trailers (\$15,000), immersion circulators (\$2,000), one bending beam rheometer (\$45,000), one dynamic shear rheometer (\$50,000), etc.

The request also includes the following: communications equipment (\$61,500); shop equipment (\$52,900); engineering equipment (\$46,600) and office equipment (\$35,300).

This request also includes an upgrade in the existing Computer Aided Drafting and Design (CADD) operating system (\$450,000 in operating expenditures).

AERONAUTICS: includes one starter/generator overhaul (\$14,000); replaces two T-Wheels (\$63,700 each--these are turbine wheels that generate the plane's power--they are life-limited and must be replaced periodically); one hot section inspection (\$86,200--operating expenditure).

PUBLIC TRANSPORTATION: replace one of nine PCs with monitor (\$1,500); replace one of two laptops (\$1,800); replace laser printer (\$1,900).

Agency Request	0.00	0	15,703,400	0	15,703,400

Nonstandard Adjustments

MANAGEMENT & ADMIN. SERVICES: This aligns spending authority with projected costs resulting from increases in information services (\$278,400), interagency-funded network operating expenditures (\$76,000), a LAN infrastructure upgrade (\$140,600), software maintenance (\$3,900), security contract increases (\$10,400), and increases in natural gas costs (\$16,100).

PLANNING: Includes a reduction of \$2,400 for allocated software maintenance costs.

MOTOR VEHICLES: Includes spending authority to cover cost increases for secure title documents (\$10,000), processing and mailing of plate requests by Correctional Industries (\$4,100), desktop software maintenance (\$8,400) and for natural gas increases (\$400).

HIGHWAY OPERATIONS: Includes \$84,500 for increases in natural gas rates and \$13,400 for software maintenance cost increases.

AERONAUTICS: Reflects a net increase of \$200 in spending authority stemming from increases in natural gas rates largely offset by reduced software maintenance costs..

PUBLIC TRANSPORTATION: A \$500 reduction in software maintenance costs.

Also, the Statewide Cost Allocation Plan assesses state agencies for their actual use of Attorney General, State Controller and State Treasurer services. Also included are changes in property/casualty insurance premiums. Adjustments include the following: reduction of \$16,000 in Attorney General fees; reduction of \$124,600 in controller fees; reduction of \$6,000 in Treasurer fees; and an increase of \$265,000 for risk management property/casualty rates.

Agency Request	0.00	0	761,900	0	761,900
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>761,900</i>	<i>0</i>	<i>761,900</i>

Change in Employee Compensation

Reflects the cost of a 1% salary increase for permanent and group positions.

Agency Request	0.00	0	721,600	118,700	840,300
----------------	------	---	---------	---------	---------

The Governor recommends a compensation increase of 2% to be distributed based on merit. No adjustment to the pay line is recommended.

<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>1,460,900</i>	<i>240,300</i>	<i>1,701,200</i>

1. Aero--Terrain Warning System

Aeronautics

This D.U. provides \$16,000 in dedicated fund spending authority for the purchase of a Terrain Avoidance Warning System (TAWS). This system warns pilots when/if their plane is flying too close to the ground--something which is particularly important during poor weather conditions. This system will be installed in the King Air to comply with FAA requirements that TAWS be installed in all turbine-powered aircraft by March 2005.

2. Aero--Federal Grants

Aeronautics

This D.U. will provide \$1 million in federal fund spending authority for annual grants to specific airports, including some of Idaho's smaller airports (Buhl, Council, Homedale, Orofino, and Priest River) through the FAA's new Non-Primary Entitlement Program (NPE). This program allows the Division to administer these projects while allowing the airports greater local control over the specific projects.

<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>0</i>	<i>1,000,000</i>	<i>1,000,000</i>

3. Alterations & Repair

Capital Facilities

This request provides \$50,000 in on-going dedicated fund spending authority to establish funding in the Department's Capital Facilities program to address scheduled Aeronautics projects. These alteration and repair projects will take place on the state's public airports and are part of ITD's multi-year facilities maintenance plan. State Aeronautics dedicated funds will be used to finance this request.

Organizational Chart

**Idaho Transportation Dept.
 Tax Rates and Selected Trend Indicators**

Year	State Fuel Tax Rate (cents)
1976-1981	9.5
1981-1982	11.5
1982-1983	12.5
1983-1988	14.5
1988-1991	18.0
1991-1995	21.0
1996 to present	25.0

- * The Legislature increased gasoline and special fuel rates 4 cents effective April 1, 1996. The one cent Petroleum Storage Trust Tax effective May 1990 through October 1, 2000 is not reflected in the above tax rates.
- * Among six regional neighboring states, Idaho's state and local fuel tax rate is in the middle--three regional neighbors have higher rates (NV, MT, OR) while three have lower rates (UT, WA, WY).
- * Federal motor fuel taxes of 18.4 cents are in addition to state and local fuel taxes and petroleum storage fees. The current total gas tax in Idaho is 43.4 cents per gallon.

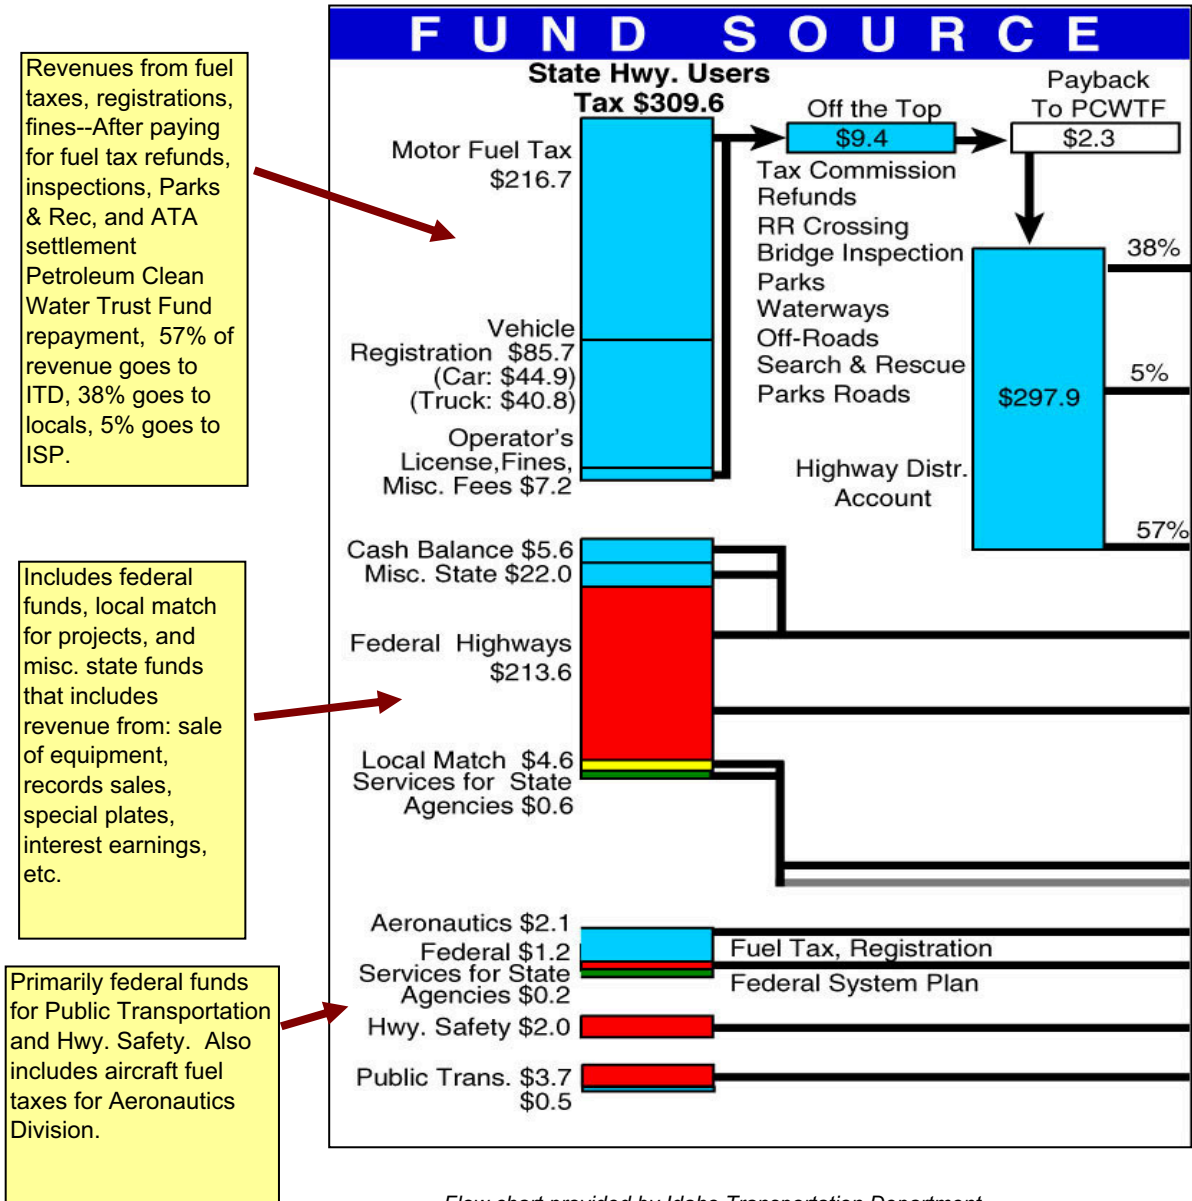

**Selected Trend Indicators
 Actual and Projected Annual Growth**

	Annualized FY78-04	Projected FY03-04
Annual Vehicle Miles Traveled	4.0%	3.3%
Cars Registered	3.6%	1.8%
Driver Licenses	2.4%	2.1%
Population	2.0%	1.1%
Gallons of Total Highway Fuel Taxed*	1.8%	1.0%
Gallons of Gasoline Taxed	0.7%	0.3%

*Highway fuel includes gallons of gasoline, diesel, and other highway-taxable fuels sold.

FY05 Idaho Transportation Dept. Request

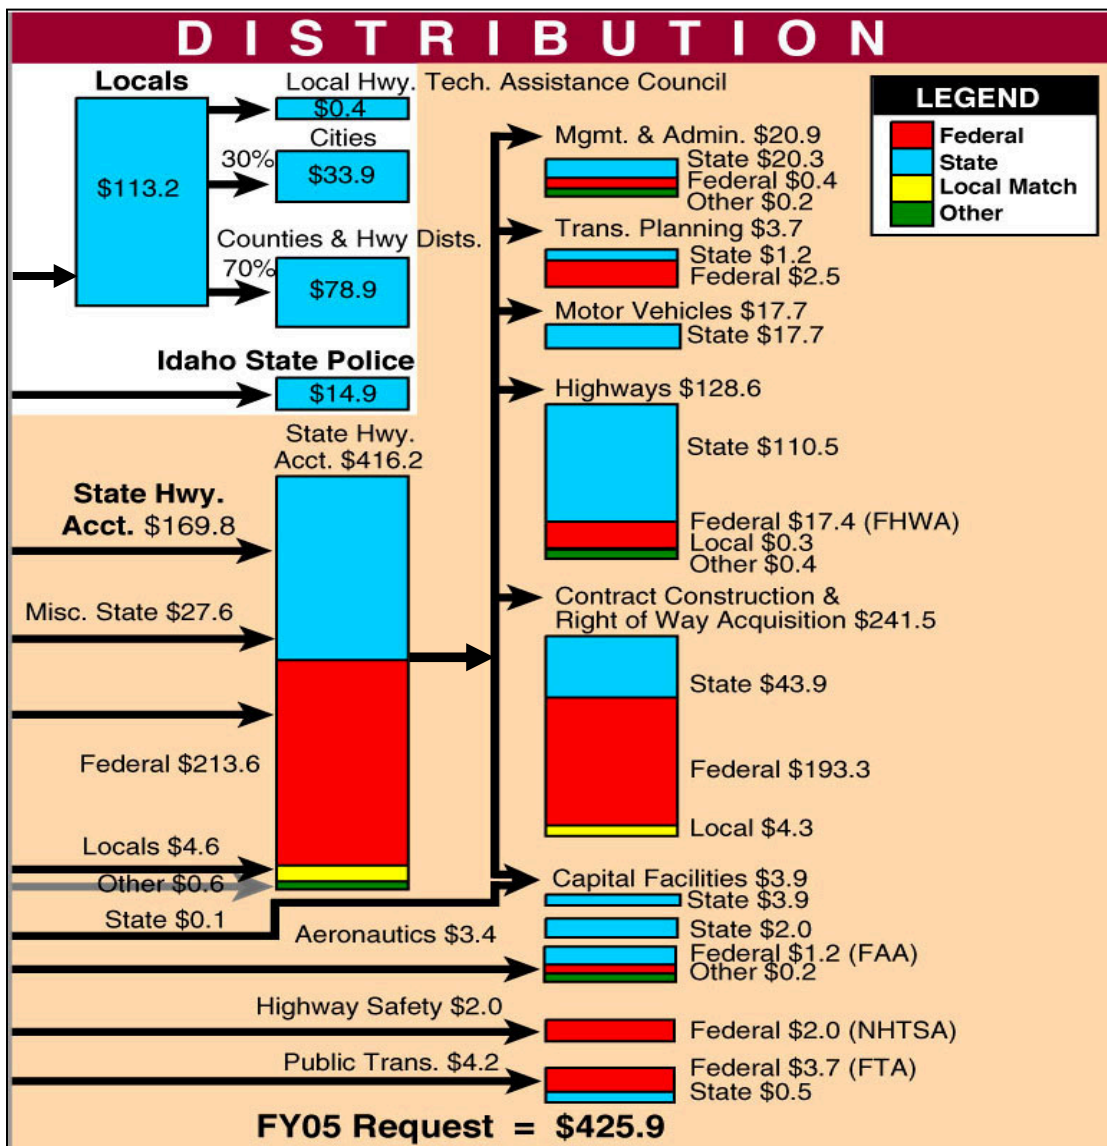

The flow-charts on these two pages reflect ITD's funding mechanism as illustrated in its FY 2005 Request. The Department is financed entirely through a mix of dedicated, federal and local monies. The Idaho Constitution restricts the use of taxes and fees on motor vehicle fuels and registrations, requiring that these funds shall be used exclusively for the construction, repair and maintenance and traffic supervision of public highways.

Flow chart provided by Idaho Transportation Department.

FY05 Idaho Transportation Dept. Request

This side of the page reflects distribution of transportation dollars. The area that is shaded brown reflects requested funding for ITD. The right-hand side of the shaded area reflects the distribution of revenue to the Department's various divisions and budget units. The bulk of funding goes to Contract Construction and Right of Way Acquisition (\$241.5 million) and to Highway Operations (\$128.6 million). The total FY 2005 request is \$425.9 million (see bottom of flow-chart)

Department Description

The Department of Administration provides a wide variety of centralized services to the rest of state government, including telephone, microwave and computer communications, public works, purchasing, administrative rules coordination, life, health and disability insurance to state employees, and property and casualty insurance for state agencies.

The Building Fund Advisory Council budget finances the maintenance and construction of state buildings, including those at the universities and community colleges. Funding comes exclusively from the Permanent Building Fund.

The Capitol Commission consists of nine members which are responsible for the historical preservation and renovation of Idaho's State Capitol and Grounds.

The functions of the Personnel Commission were transferred to the Office of the Governor in FY 2000, and reorganized as the Division of Human Resources.

Division Description

OFFICE OF ADMINISTRATIVE RULES: Structures, promulgates, and disseminates all administrative rules subject to the Idaho Administrative Procedure Act.

DIRECTOR'S OFFICE: Provides administrative, fiscal, legal, and human resources services to the Department. Administers the Industrial Special Indemnity Fund. The Office also administers the Bond Payment program (created by the 2003 Legislature) which consolidates within a single program funds to pay for capital projects financed with bonds sold by the Idaho State Building Authority.

DIVISION OF INFORMATION TECHNOLOGY & COMMUNICATION: Operates the IDANET, coordinates Internet, electronic mail, telephone, data and video transmission services, and the statewide microwave system.

INFORMATION TECHNOLOGY RESOURCE MANAGEMENT COUNCIL (ITRMC): Facilitates a centralized and coordinated approach to the design, procurement and implementation of the state's information systems.

OFFICE OF INSURANCE MANAGEMENT: Negotiates and administers medical, dental, life and disability insurance programs and the Integrated Behavioral Health Plan for state employees, provides property and casualty insurance services to state government via insurance and self-insurance.

DIVISION OF PUBLIC WORKS: Develops and oversees construction and renovation projects for state buildings, and manages leases for all state-leased office space.

DIVISION OF PURCHASING: Acquires property for all state agencies through the competitive bidding process, provides document management services, assists in the donation of surplus federal property to state and local government and eligible non-profits, and provides mail services to most state agencies.

Adjustments

Director's Office, Bond Payment

DIRECTOR'S OFFICE: This adjusts the FTP count by reducing by 0.40 FTPs the Capital Commission's management assistance support due to a decrease in need. The FTP is transferred back to the Director's Office.

BOND PAYMENTS: Reflects a shift of spending authority for the payment of bond interest from Capital Outlay to Operating Expenditures. The original transfers completed in FY 2004 calculated an insufficient amount for interest and an excess amount for principal.

Agency Request	0.40	0	0	0	0
Governor's Recommendation	0.40	0	0	0	0

Governor's Recommendation	0.00	0	(492,200)	0	(492,200)

Transfer Between Programs

This reflects a transfer of \$75,000 in spending authority back from the Division of Purchasing to the Internal Technical Training Program (ITTP). The original transfer was approved in the FY04 budget to allow for a one-time acquisition of contract administration software applications. It is anticipated that as the state recovers from recent budget shortfalls, training requests will increase and the ITTP program will return to prior levels of participation.

Replacement items

This reflects the following replacement items by program:

DEPARTMENT-WIDE: Replaces backup systems for the Department's Local Area Network (LAN) to assure continuous operation in the event of a failure of a primary system (\$104,400 dedicated fund; \$12,300 General Fund).

INFORMATION TECHNOLOGY: Replacement of Wide Area Network servers, routers and other WAN systems (OE--\$57,800, CO--\$107,100--all from General Fund); Microwave System--replace two heavy duty laptop computers (\$5,000 each), 2 SUVs (\$38,300 each), two snowmobiles (\$6,500 each), two routers (\$6,000 each). All Microwave System replacement items will be purchased with dedicated funds.

Agency Request	0.00	177,200	216,000	0	393,200
----------------	------	---------	---------	---	---------

The Governor recommends dedicated fund spending authority for the following: replacement of redundant systems to the existing LAN to assure continuous operations in the event of a failure of one of the primary systems (\$104,400); replacement of WAN servers and routers, two heavy duty laptop computers, two suburbans, and two snowmobiles (\$111,600).

Governor's Recommendation	0.00	0	216,000	0	216,000
---------------------------	------	---	---------	---	---------

Nonstandard Adjustments

The Statewide Cost Allocation Plan assesses state agencies for their actual use of Attorney General, State Controller and State Treasurer services. Attorney General fees are reduced by \$77,400, Controller fees are reduced by \$17,300, and Treasurer fees are reduced by \$100. Also included are changes in property/casualty insurance premiums (reduction of \$62,400). This also reflects an adjustment in the rate charged by the Industrial Commission for services provided to the Industrial Special Indemnity Fund (\$31,000 dedicated funds). Also, includes \$28,000 for an under funded bond obligation from other agencies to the Department of Administration.

The reductions reflected in the Statewide Cost Allocation Plan are offset by adjustments of \$4,857,800 from the Permanent Building Fund for new construction projects. The projects were authorized by HCR 30 which authorized the Department and various educational institutions and agencies to work with the Idaho State Building Authority (ISBA) to issue bonds to finance the construction of facilities whose construction was cancelled during recent budget difficulties.

Agency Request	0.00	10,200	4,749,400	0	4,759,600

Budget by Decision Unit	FTP	General	Dedicated	Federal	Total
-------------------------	-----	---------	-----------	---------	-------

1. WAN Reliability

Information Technology & Communications

The Department's Network Services program operates the State of Idaho's Wide Area Network (WAN). This network is the primary communications medium for all State agencies for email, information exchange/transfer and e-government activities. It is also the primary access point for most e-government activities and transactions for the citizens of the State as they interact and do business with State government.

This is a request for \$99,300 from the General Fund for hardware and software to provide redundant capability to critical systems, to manage network traffic, and to enhance business resumption in the event of a failure. Specific components include: SPAM filtering appliances annual maintenance (\$10,600 ongoing in operating expenditures); Veritas Back-up licensing (\$3,000 one-time operating expenditures, \$1,000 on going operating expenditures); Switch routers to minimize the number of potential failure points on the network (\$2,400 on going operating expenditures; \$21,400 one-time capital outlay); Switch for Capitol Mall fiber optics (\$2,400 on going operating expenditures, \$12,300 one-time capital outlay); Switch/Router for Idanet (\$5,900 on going operating expenditures, \$40,300 one-time capital outlay).

The current network has several points where a single failure would disrupt services for nearly every state agency. The Department states that the network is not as robust as needed to support access with minimal downtime and provide maximum security and adequate disaster recovery capabilities. This request will allow the Department to meet customer expectations of a safe, secure, and responsive electronic government medium. It will help safeguard against delays caused by high network traffic or by equipment failures.

Agency Request	0.00	99,300	0	0	99,300
----------------	------	--------	---	---	--------

Not recommended by the Governor.

Governor's Recommendation	0.00	0	0	0	0
---------------------------	------	---	---	---	---

2. WAN Security

Information Technology & Communications

This is a request for \$158,800 (General Fund) to provide a combination of software, hardware and security audit measures that will allow the State to aggressively manage security issues regarding the State's Wide Area Network (WAN). This request will provide software tools and related analytical tools to allow current network personnel to more efficiently manage security breaches, to develop and implement safeguards against those breaches and to better anticipate potential concerns. One-time funding is also requested for a security audit that will highlight the current status of the State's WAN, and will become the benchmark to determine the overall effectiveness of the Security effort.

This request includes the following security-related items: software for publicly accessible servers (\$9,000 on going operating expenditures); vulnerability assessment scanner (\$15,700 one-time operating expenditures, \$3,100 on going operating expenditures); security/network management firewalls (\$2,600 on going operating expenditures, \$6,900 one-time operating expenditures, \$3,500 one-time capital outlay); firewall log monitoring and analysis tool (\$4,200 one-time operating expenditures, \$21,800 on-going operating expenditures, \$1,800 one-time capital outlay); virtual private network software (\$4,500 one-time operating expenditures, \$1,000 on-going operating expenditures); security audit (\$60,000 one-time operating expenditures); email gateway software (\$3,500 one-time operating expenditures, \$500 on going operating expenditures); secure web mail software (\$18,000 one-time operating expenditures, \$2,700 on going capital outlay). In total the request reflects \$118,100 in one-time costs and \$40,700 in on going costs all from the General Fund.

The Department believes the State's critical communication systems are vulnerable to attack, breach, and compromise if appropriate security measures are not implemented. Without these measures these systems and the services and data they provide are vulnerable and e-government services may become unavailable for extended periods of time.

Agency Request	0.00	158,800	0	0	158,800

--	-----	---------	-----------	---------	-------

3. WAN Core Operations Information Technology & Communications

This is a request for \$19,100 (General Fund) to provide upgraded support and systems for the state's WAN Core Operations. The Department states that Core Operations supports the state's existing network system and services environment. The request provides funding to acquire hardware and software that will enhance core network operations and will allow the Department to provide, maintain and support the current environment. The Department states it will become increasingly difficult to effectively maintain the state's current communications infrastructure without these tools and systems.

Specifically, the request includes the following: one new and one redundant server (\$5,600 one-time capital outlay); audio/video server (\$3,900 one-time operating expenditures, \$7,900 one-time capital outlay); back-up system client licensing/maintenance (\$500 one-time operating expenditures, \$200 on going operating expenditures); redundant power supply for core switch (\$1,000 one-time capital outlay).

The Department states that this request will allow it to more effectively manage the current WAN. The levels of services currently being provided through the WAN have expanded to the point that the capabilities and basic reliability of the Core Operations are being strained, resulting in more staff time required to maintain them.

Agency Request	0.00	19,100	0	0	19,100
----------------	------	--------	---	---	--------

Not recommended by the Governor.

Governor's Recommendation	0.00	0	0	0	0
---------------------------	------	---	---	---	---

4. Courthouse Maintenance Public Works

This request is for \$10,000 in dedicated fund spending authority for maintenance of the old Ada County Courthouse. The Department continues to manage the building pending the Legislature's decision on the future of the facility. Minimal maintenance is performed on the building with the primary expenses being 1) heating in winter to prevent freezing of the plumbing and 2) watering the grass during the summer.

These expenses have been paid by Facilities Services from its existing appropriation. While not a large amount, given the recent budget cuts and holdbacks the additional expense of Courthouse maintenance takes scarce dollars from maintenance on occupied facilities. The Department makes this request to fund the estimated cost of maintaining the basic integrity of the building until the building's future is determined. (NOTE: The dedicated fund to be used for this request is the Administration and Accounting Services fund. The Department of Administration bills for functions like radio, microwave, telephone, postal, building space, parking, purchasing, records management, etc. Receipts for these activities are deposited into this fund and are appropriated to cover costs of providing goods and services).

Agency Request	0.00	0	10,000	0	10,000
----------------	------	---	--------	---	--------

Governor's Recommendation	0.00	0	10,000	0	10,000
---------------------------	------	---	--------	---	--------

5. Borah Federal Post Office Bldg. Public Works

Agency Request	0.00	0	0	0	0
----------------	------	---	---	---	---

This reflects a Governor's initiative. The Governor recommends \$650,000 in dedicated funds for operating expenditures for the Borah Federal Post Office Building. This recommendation only provides the necessary spending authority to cover operating costs. However, this recommendation does not provide the funding to match the recommended appropriation. Those funds will be generated by rents from occupants of the building.

Organizational Chart

**FY 2005 Request = \$37,006,000
Funding Sources**

DEDICATED FUND SOURCES and USES

Permanent Building Fund

Source: Beer tax, income tax filing tax, lottery earnings, plus a portion of the cigarette and sales tax.

Use: Used to build and maintain structures of Idaho state government.

Federal Surplus Property

Source: Fees charged to public entities that acquire surplus federal property.

Use: Pays for the acquisition, warehousing, and distribution of surplus federal property and office operation costs.

Group Insurance

Source: A monthly per employee payment made by each agency which is combined with monthly premiums paid by employees and retirees.

Use: Provides medical and dental benefits to state employees and their dependents and office operation costs.

Retained Risk Fund

Source: Agencies are billed for their share of property and casualty insurance coverage.

Use: Pays premiums to insurers, uninsured losses, and offers operation costs.

Administrative Code Fund

Source: Fees charged to state agencies that are promulgating administrative rules, agencies that have rules contained in administrative code, and anyone purchasing printed rules.

Use: Pays for all costs associated with the rule-making process.

Industrial Special Indemnity Fund

Source: An annual assessment on workers compensation insurers based on their pro-rata share of the total benefits paid.

Use: Pays benefits to totally and permanently disabled "second injury" claimants and office operation costs.

Indirect Cost Recovery Fund

Source: Charges to other programs within the Department to allocate administrative overhead costs.

Use: Pay salaries, operating costs, and capital equipment for centralized administrative functions.

Administrative Services

Source: The Department of Administration sells products and services to other state agencies. This fund accounts for those transactions and is composed of many fund details.

Use: Pays for Department goods and services sold to other state agencies.

Division Description

The Building Fund Advisory Council budget includes maintenance and construction costs for state buildings, including those at the universities and community colleges, funded from the Permanent Building Fund. The process is under the direction of the Permanent Building Fund Advisory Council, which is appointed by and serves at the pleasure of the Governor. The council is composed of a member from the Senate, a member from the House of Representatives, a contractor, a banker, and a person from the business community. Throughout the year, the council reviews and must give approval to all planning, design and construction of state public works projects.

The Permanent Building Fund receives revenue from a \$10 income tax filing fee, portions of the cigarette, beer and sales taxes, half of the lottery dividends, Capitol Mall parking receipts, interest from the Budget Stabilization Fund, periodic transfers from the General Fund, and, on occasion, other miscellaneous sources. It also retains any interest earned on the money in the Fund.

Replacement Items

After reviewing requests from all state government agencies and entities for maintenance projects, the Advisory Council recommends funding based on the projected revenues. The Advisory Council recommends \$13,528,000 of the \$46,312,821 in non-agency funded projects requested for alteration and repair of state buildings and facilities. The Council also recommends \$800,000 of the \$2,440,848 requested for ADA compliance projects and \$400,000 of the \$807,700 requested for asbestos abatement projects.

Agency Request	0.00	0	14,728,000	0	14,728,000
----------------	------	---	------------	---	------------

The Governor's recommendation includes \$14,229,700 for alterations and repairs; \$800,000 for Americans with Disabilities Act compliance projects; and \$400,000 for asbestos abatement projects.

1. ISHS: Idaho History Center, Phase 2

The Permanent Building Fund Advisory Council (PBFAC) recommends the entire \$4.6 million requested by the Idaho State Historical Society for Phase II of the Idaho History Center. Phase I of this project--an archives storage building--was designed and constructed during 1997 and 1998. Occupancy took place in July of 1998. Phase II is for the design and construction of the library-administration portion of the project. This request has been the number one Capital Improvement priority of the Historical Society for a number of years. The agency states that the project represents a critical need for the agency in that currently it has very limited space to provide for the public's use of what is a large and increasing amount of historical documents, photographs, books, maps oral histories, research guides, microfilm, and other items. The building is intended to accommodate the Library and Archives Division's needs for the next 20-years. The agency states that impact on its operating budget will amount to approximately \$54,000. There will, however, be additional one-time costs for moving and furnishings.

Agency Request	0.00	0	4,600,000	0	4,600,000

-------------------------	-----	---------	-----------	---------	-------

2. ADM: Idaho Falls State Office Bldg.

The PBFAC recommends the entire \$700,000 requested by the Department of Administration and the Idaho Department of Labor (DOL) to purchase the portion of the Idaho Falls State Office Building (IFSOB or Office Building) currently occupied by DOL with its Job Service Office. Federal funds originally financed the section of the Office Building occupied by DOL. In 2000, the space was appraised at \$700,000. Federal rules require that this \$700,000 be paid to the federal government should the Department of Labor be moved from the IFSOB. However, federal rules also permit the DOL to sell its equity in the Office Building and reinvest the market value in another facility in the same region of the state, as long as the new structure is used by the state's Employment Service and Unemployment Insurance programs administered by DOL. The funding from this transaction will allow DOL to do exactly that.

In order to purchase DOL's equity in the Office Building, federal rules must be met. First, the federal government must be paid fair market value for the space. Second, DOL must reinvest the proceeds from the sale into another facility in the same geographic area. If funds are appropriated to the Department of Administration for this purchase, the space vacated by the Idaho Department of Labor will be made available to other state agencies currently leasing commercial space in the Idaho Falls area.

The Department of Labor states that the 9,000 square feet of space at IFSOB has been very inadequate to meet increased customer needs in the area. The Department notes that Job Service Offices in similarly-sized communities in Idaho have between 14,000 and 16,000 square feet of space. The Department was ready to move it to Idaho Falls Job Service Office out of the IFSOB three years ago, but due to budget constraints, the Department cancelled plans to do so. At this time, however, the Department is ready to proceed with a move to a larger facility in Idaho Falls. The proposed new facility is for a 15,000 square foot building in Idaho Falls at a cost of \$1,930,500 (\$700,000 of which is from this D.U. and \$1.2 million will be supplied by DOL from other sources).

Agency Request	0.00	0	700,000	0	700,000
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>700,000</i>	<i>0</i>	<i>700,000</i>

3. DOC: Long-Term Master Plan

The PBFAC recommends the entire \$500,000 requested by the Department of Correction for a state-wide, long-term master plan to estimate future housing needs. This D.U. will provide funding to hire a planning consultant to provide such a master plan. The Department states that the consultant will review DOC's population projections, evaluate location of facilities to develop efficient plans for transport and reintegration into the community, determine optimum capacity of existing institutions and work centers, and provide recommendations as to whether to expand the Department's existing institutions or to construct new facilities. If an existing facility is to be expanded, the consultant will be required to determine if any changes or expansion to DOC infrastructure or support functions is necessary. Support functions include medical, kitchen and dining, laundry, processing, security, education, and visitation. Once the plan is complete, the consultant will prepare a design and construction schedule with corresponding cost estimates.

Budget by Decision Unit	FTP	General	Dedicated	Federal	Total
-------------------------	-----	---------	-----------	---------	-------

4. ISP: Combined Office Space

Although the PBFAC does not anticipate there being sufficient Permanent Building Fund revenues for this project in FY 2005, should additional, unexpected funding materialize, the Council recommends the entire \$2,566,000 requested by the Idaho State Police to restore funding for a facility to combine office space and ISP functions in Meridian. In FY 2001, JFAC authorized \$2.4 million from the Permanent Building Fund for the project and it commenced in May 2001. Design development was completed in January 2002 and construction documents were approximately 90 percent complete when the project was put "on-hold" and unobligated project funds were transferred to the General Fund as part of the budget balancing measures adopted. Approximately \$87,000 of the original funding was expended for project design, a site survey, and geo-technical testing. This request is to revive the project as originally budgeted to complete the construction document phase and move forward with construction.

The project would result in 20,709 square feet of secured office space and parking. Currently, the existing program is in separate facilities occupied by patrol and investigations. The Region 3 investigation office is located within the ISP headquarters complex. Improvements will include: further consolidation of state police services in a single, appropriately secure facility; increased ability to deliver customer services through a "one-stop shop" approach; operational cost savings with combined utilities and equipment; potential personnel savings with shared support and evidentiary staff; and long-term joint occupancy rather than the current practice of going through the leasing process for multiple facilities every three years.

Agency Request	0.00	0	2,566,000	0	2,566,000
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>0</i>	<i>0</i>	<i>0</i>

5. LANDS: Centerville Fire Guard Station

Although the PBFAC does not anticipate there being sufficient Permanent Building Fund revenues for this project in FY 2005, should additional, unexpected funding materialize, the Council recommends the entire \$610,000 requested by the Department of Lands for a new Fire Guard Station in Centerville. The Department states that a fire Guard Station is needed in the Centerville area to provide a quick response time to wildfires within the Southwest Idaho Forest Protective District.

For approximately the last 20 years, the Department has leased an old house near Centerville for purposes of a fire guard station. The house is in poor condition, does not provide adequate space and does not meet OSHA requirements. The lack of rental property in this area keeps the Department using the current inadequate facility. The lessor has also been unwilling to make any improvements on the property. The new facility is planned as one story, with 5,200 total square feet. The new station would house six employees with overnight facilities for other department personnel when working in the area. It would serve as a command center during critical fire periods. The new facility would include an office, dispatch room, conference room, engine room, warehouse, and restrooms. The plan also includes a shop, a covered parking area, wash pad, and materials shed.

This project was previously authorized by the Council and approved by the Legislature but was cancelled as part of recent budget balancing efforts.

Agency Request	0.00	0	610,000	0	610,000

6. BLIND: New Facility

Although the PBFAC does not anticipate there being sufficient Permanent Building Fund revenues for this project in FY 2005, should additional, unexpected funding appear, the Council recommends the entire \$6,243,000 requested by the Commission for the Blind to design and construct a 40,000 square foot building. The new facility would house administrative offices, training, and client support housing. Besides administration, instruction and program delivery space, the Blind Commission has historically been able to house some of its visually impaired clients in residential space in its current building. That is no longer possible due to identified health and life safety deficiencies in the facility. The Commission's current facility is 83 years old and does not meet fire code provisions for residential clients. As a result, the Commission's clients are housed in off-site apartments costing the Commission between \$35,000 and \$40,000 per year. The Commission currently has 12 students living off-site and is visited by a number of senior citizens on a daily basis.

Other safety-related deficiencies also exist which put at risk current employees and visitors to the facility. The Commission states that it holds safety meetings to work on these matters but indicates it does not have sufficient funding to appropriately correct current shortcomings.

[ANALYST NOTE: In FY 2002, the PBFAC recommended and the Legislature approved \$1.5 million of this request as seed money for the new facility. However, that appropriation was cancelled as part of the recent budget balancing efforts.]

Agency Request	0.00	0	6,243,000	0	6,243,000
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>0</i>	<i>0</i>	<i>0</i>

7. DOC: Medical/Mental Health Facility

Although the PBFAC does not anticipate there being sufficient Permanent Building Fund revenues for this project in FY 2005, should additional, unexpected funding materialize, the Council recommends the entire \$17,900,000 requested by the Department of Correction for a new 300-bed secure Mental Health/Medical Facility in the prison complex south of Boise.

Currently, DOC houses over 600 mental health offenders, over a hundred geriatric offenders, and dozens of long-term medical issue offenders. These offenders are now housed with the general population in the institutions. This practice leads to manipulation by other inmates and safety concerns. The Department states that these offenders have problems and concerns that are better controlled and treated in a therapeutic environment. The proposed new facility will be 70,000 square feet and provide 300-beds to house, manage and treat this special inmate population. The beds currently occupied by this type of offender (primarily at IMSI, ISCI, and ICI-O) would be used for their intended purpose when these offenders are moved to the new facility.

[ANALYST NOTE: This request does not reflect increased operating budgets or associated capital outlay expenditures associated with the new facility. The Department notes that ongoing personnel and operating costs will be significantly higher than a general population facility of this size because of the nature of the population.]

Agency Request	0.00	0	17,900,000	0	17,900,000
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>0</i>	<i>0</i>	<i>0</i>

8. EITC: Remodel Maintenance Bldg.

Although the PBFAC does not anticipate there being sufficient Permanent Building Fund revenues for this project in FY 2005, should additional, unexpected funding materialize, the Council recommends \$259,000 of the \$278,000 requested by Eastern Idaho Technical College for the remodel and addition to the existing maintenance building. The proposed remodel/addition will add a shop area and office space. The College states that at the current time the facility has no shop area to perform equipment maintenance and/or repairs. Currently, there is very little office area for maintenance staff to work at their workstations.

1. Rotunda Skylight Repair

Reflects funding from the Capitol Income Fund which was created to provide a funding source for the Capitol Building and for the operations of the Capitol Commission. The Rotunda has numerous skylights that have deteriorated to the point that severe water leakage and intrusion is occurring. These leaks are causing damage and if unchecked will likely result in significant structural damage. Approval of this request will allow completion of repairs that will seal the exterior envelope of the facility and retard weather intrusion into the interior.

2. Capitol Exterior Stone Repair

Funding for this request comes from the Capitol Income Fund which was created to provide funding for the Capitol Building and for Capitol Commission operations. Previous projects financed by the Permanent Building Fund have addressed exterior stone repairs on the Eastern wing and the Central core of the building. Due to a shortage of funds, required additional stone repairs were not completed. These repairs are critical to sealing the exterior envelop of the building and preserving the integrity of the interior.

Department Description

The Attorney General is an elected constitutional official who serves as the state's chief legal officer. The responsibilities of the office are executed by six separate divisions budgeted in two different programs.

STATE LEGAL SERVICES:

1. Civil Litigation: Provides centralized civil litigation advice and representation in cases for all state agencies, and defends the state in tort claims, actions against the judiciary, employment claims against state agencies, and actions against the Legislature. The Consumer Protection Unit enforces Idaho's consumer protection, telephone solicitation, charitable solicitation, and pay-per-telephone call statutes, as well as other laws.
2. Contracts and Administrative Law: Manages outside legal contracts for the Bureau of Risk Management, the State Insurance Fund, the Bureau of Child Support, and the Industrial Special Indemnity Fund, including assignment of cases to outside legal counsel, monitoring and supervision of cases, and review and approval of attorney billings.
3. Criminal Law: Represents the state in criminal appeals before the Idaho Supreme Court, the Idaho Court of Appeals, and in death penalty appeals in state or federal courts. Provides prosecutorial assistance statewide to counties, and provides state assistance through the complex (white-collar crime) Criminal Investigations Unit to local agencies.
4. Human Services: Provides legal service to the Dept. of Health & Welfare.
5. Intergovernmental & Fiscal Law: Provides legal advice to the Secretary of State and the State Treasurer, counties, cities, and special districts in the state. Provides legal representation to several state agencies.
6. Natural Resources: Provides legal services to the natural resources agencies, and represents the State of Idaho in current endangered species litigation, Snake River Adjudication, and the remediation of Triumph Mine.

SPECIAL LITIGATION PROGRAM: Funds are used to engage private legal representation when required due to ethical conflict between governmental entities, hire technical experts when the Attorney General's staff does not have the necessary expertise, and cover the cost of extraordinary unanticipated litigation.

Reappropriations

Reappropriation authority -- otherwise known as carry over -- allows unspent funds from the prior fiscal year to be carried over and spent in the current fiscal year. Those moneys are then removed as one-time expenditures before calculating the FY 2005 Base. Carry over requires specific legislative authorization and must be approved every year. Few appropriations receive reappropriation authority. This reappropriation was authorized for General Funds supporting Special Litigation.

-------------------------	-----	---------	-----------	---------	-------

Nonstandard Adjustments

The Statewide Cost Allocation Plan assesses state agencies for their actual use of Attorney General, State Controller and State Treasurer services. Also included are changes in property/casualty insurance premiums and the cost of office space leased to state agencies by the Department of Administration. Risk management fees are reduced by \$1,300, State Controller fees by \$15,800, and State Treasurer fees by \$2,100.

In addition, \$11,000 is requested for the annual contractual increase in Westlaw on-line legal research, annual maintenance for Legal Files case management software, annual maintenance for Navision employee and asset databases and annual maintenance for imaging system software.

Agency Request	0.00	(8,200)	0	0	(8,200)
----------------	------	---------	---	---	---------

The annual maintenance for the imaging system software of \$2,000 is not recommended.

1. Admin & Budget Database Administrator

State Legal Services

The office's mission critical SQL and Citrix applications require special expertise and create support demands that require a dedicated full-time position. The office has implemented a number of mission critical SQL databases. They include Legal Files Case Management software for the Natural Resources Division, the Consumer Protection complaint database, the "no-call" database, and Navision, and employee and resource management database. This request is for \$72,900 in personnel costs, \$4,000 for operating expenditures, and one-time capital outlay of \$4,500.

Agency Request	1.00	81,400	0	0	81,400

6. Paralegal for Dept. of Finance

State Legal Services

The Department of Finance has requested the addition of a paralegal to their legal staff. Two deputies attorney general are currently assigned to this agency, and in addition to normal advice and legal services, their litigation caseload has increased significantly. Involvement in cases like the Household International, Inc. settlement, the Rehoboth Bank challenge to Idaho Credit Code licensing and the Dept. of Finance v. Robert McClung case involving misuse of inventor monies, have all generated a substantial amount of paralegal work. At the same time, the Department has established a policy goal to increase collection of court-ordered restitution for injured inventors. The services of a paralegal, to assist the deputies, would substantially further that goal and allow more efficient use of attorney time.

The Office of the Attorney General and the Department of Finance are proposing to have the Department of Finance provide funds for the first year's costs directly with a cash transfer into the General Fund at the beginning of FY 2005. The General Fund will be reimbursed in future years from the Department of Finance through statewide cost allocation.

Department Description

The State Controller is one of seven statewide elected officials in Idaho. The State Controller's Office of the following four divisions: (1) Administration; (2) Statewide Accounting; (3) Statewide Payroll; and (4) the Computer Center.

The Division of Administration includes the State Controller and central support employees.

The Division of Statewide Accounting is responsible for maintaining the state's accounting system, referred to as STARS (STatewide Accounting and Reporting System), and preparing statewide and agency-specific financial reports.

The Division of Statewide Payroll is responsible for paying and keeping personnel and payroll records for over 24,000 state employees on a bi-weekly basis. It accomplishes this through the Employee Information System (EIS), which consists of three major components: 1) Position Control; 2) Personnel; and 3) Payroll. The division is also responsible for all garnishment processing, tax reporting, interfacing with the Division of Statewide Accounting, and electronic fund transfers with major vendors associated with the payroll system.

The Computer Center maintains the state's central computer, and provides information technology services to all user state agencies.

Governor's Recommendation	101.85	5,113,400	5,957,200	0	11,070,600

1. Modernize Statewide Accounting Sys.

Statewide Accounting

Reduced funding levels have deferred maintenance on the state's central accounting systems, and these systems have lost their appeal as useful tools for state agencies. As a result, agencies have designed and implemented their own accounting systems and continue to seek resources for new agency specific accounting systems. This enhancement would provide one-time General Funds to modify and modernize the State's central accounting systems sufficiently to meet many agency requirements.

The funding would be used as follows: \$35,000 to purchase a new local area network server and additional data storage devices; \$40,000 to purchase On-Line Analytical Processing software; \$75,000 for the purchase of services from the Computer Service Center; and \$100,000 to a study of statewide accounting and reporting systems (supported by the Governor's Blue Ribbon Task Force).

Agency Request	0.00	250,000	0	0	250,000
----------------	------	---------	---	---	---------

The Governor did not choose to make a recommendation on enhancements for this Executive Branch elected official.

Governor's Recommendation	0.00	0	0	0	0
---------------------------	------	---	---	---	---

State Controller

Analyst: Freeman

Budget by Decision Unit	FTP	General	Dedicated	Federal	Total
-------------------------	-----	---------	-----------	---------	-------

2. Business Intelligence Project					Statewide Accounting
---	--	--	--	--	-----------------------------

This enhancement would provide \$800,000 (\$600,000 one-time, \$200,000 ongoing) in General Funds for the development of a business intelligence tool. In FY 2006 and thereafter, the \$200,000 will be needed for ongoing system and software maintenance. It is anticipated that the initial \$800,000 and the ongoing maintenance costs will be recovered through the statewide cost allocation plan, which would reduce the total net impact to the General Fund.

State agency financial managers frequently cannot access the data and information they need to provide good management reporting for agency program managers. Reports from statewide financial management systems, such as the accounting and payroll systems, either do not present information in the right format or do not present this information in an integrated fashion. As a result, many state agencies have either developed independent, redundant systems or expend significant personnel resources on a monthly basis to fill this need. This enhancement would enable the development and implementation of a tool which would provide agencies with access to combined accounting and payroll data with dynamic reporting capability.

Agency Request	0.00	800,000	0	0	800,000
----------------	------	---------	---	---	---------

The Governor did not choose to make a recommendation on enhancements for this Executive Branch elected official.

Governor's Recommendation	0.00	0	0	0	0
---------------------------	------	---	---	---	---

3. Upgrade & Enhance DASD					Computer Center
--------------------------------------	--	--	--	--	------------------------

This enhancement would provide for the purchase of additional Direct Access Storage Device (DASD). The DASD storage requirements continue to grow as the complexity of the data center technology increases. The Computer Center plans to adopt a new strategy whereby instead of saving data on the Local Area Network (LAN) servers, the servers will be connected to the mainframe DASD for data storage purposes. This new strategy will require upgrading DASDs on a more frequent basis and purchase new technology to accommodate the increased demands for the storage.

Agency Request	0.00	0	450,000	0	450,000
----------------	------	---	---------	---	---------

The Governor did not choose to make a recommendation on enhancements for this Executive Branch elected official.

Governor's Recommendation	0.00	0	0	0	0
---------------------------	------	---	---	---	---

Lump Sum & Carryover Authority					All Programs, All Funds
---	--	--	--	--	--------------------------------

The State Controller requests a lump sum appropriation (which removes all restrictions that limit the transfer of moneys among Personnel Costs, Operating Expenses, Capital Outlay and Trustee/Benefit Payments) and carryover authority which allows the agency to carry any unused spending authority for the current fiscal year over to the next fiscal year. Since lump sum and carryover are exceptions to the state budget laws, they require specific legislative authorization and approval (Idaho Code §67-3508(1)).

The Computer Service Center, which was the only program in this budget that received carryover authority last year, carried over \$1,695,500 into FY 2004.

Agency Request	0.00	0	0	0	0

Division Description

The goal of the Commission on Aging is to improve the quality of life for older Idahoans by assisting communities in the planning, development, and implementation of in-home and community-based services; by serving as a visible advocate for the aging; and by reducing the number of elderly Idahoans placed in institutional, long-term settings. Grants are issued to area agencies in each of the state's six regions, as designated by the Commission on Aging. The area agencies either deliver the service directly or enter into contracts with senior citizen organizations and other service providers.

1. Alzheimer's Demonstration Grant

Spending authority is requested for a grant received from the U.S. Department of Health and Human Services to develop a "Stand By You" program for seniors with Alzheimer's disease. This disease mainly strikes older members of society, robbing them of their memory and creating many difficulties - financial, emotional, and health-wise for them and the family members who care for them. This three-year demonstration grant will develop programs to provide single point access to resources, training, counseling, and respite care through a network of non-profit partners and volunteers. Most of the match required will be provided by two subgrantee Area Agencies and local service providers at the rate of 25% the first year, 35% the second, and 45% in the third year. Predominately, the match source is volunteer time through the faith-based and non-profit providers. Of the spending authority requested, \$80,000 is expected to be carried forward due to the late start of this project in the current fiscal year.

Division Description

The Commission on the Arts was taken out from under the Secretary of State and moved to the Executive Office of the Governor in FY 2004.

The Commission on the Arts helps provide high quality arts experiences for all Idahoans. Its activities include:

1. Providing matching grants to organizations for general operating support or special projects.
2. Cultural facility grants for construction or renovation of arts facilities.
3. Fellowships and worksite grants to individual artists.
4. Apprenticeships for traditional artists.
5. Arts education grants for schools and teachers.
6. Technical assistance for arts administrators and artists.

The Governor appoints the 13-member Commission on the Arts, which in turn hires an executive director to manage the activities listed above.

Division Description

FINANCIAL MANAGEMENT

The mission of this program is to support the Governor's vision of short and long-term policies through effective resource allocation. Financial Management seeks to improve agency service delivery at the point of citizen impact by developing, monitoring, and publicizing performance outcomes, facilitating the development of the Executive Budget recommendation, and providing a proactive policy resource for the Governor to shape Idaho's future. Financial Management consists of four main administrative units: Budget, Policy, Economic and Management Services.

SILVER VALLEY TRUST

This program was set up in FY 1996 to administer the Silver Valley Trust Fund and to undertake and complete the environmental remediation projects in accordance with the trust fund settlement agreement between the State of Idaho and various mining companies. Fiscal Year 2002 was the final year of the program.

Division Description

ACTING GOVERNOR PAY: The official acting as Governor is entitled to additional compensation calculated as the difference between the Governor's salary and the salary of the official acting as Governor.

ADMINISTRATION: Exercise the powers and discharge the duties of the Chief Executive of the State of Idaho as delegated by the state constitution and laws of the state.

EXPENSE ALLOWANCE: Idaho Code §67-808d provides funds that may be used by the Governor at his discretion to assist in defraying expenses relating to or resulting from the discharge of his official duties.

SOCIAL SERVICES: To provide assistance in informing and advising clients and client applicants of available benefits under the federal Rehabilitation Act and the activities of the Idaho Commission for National and Community Service.

Division Description

The Division of Human Resources manages a comprehensive personnel merit system for classified state employees. The system consists of recruitment, applicant screening, examination systems, job classification, salary administration, employee training and development, an appeals process for disciplinary actions, and an employee information system.

Most of the former powers and duties of the Personnel Commission were transferred to the Administrator of the Division of Human Resources in FY 2000. This position is appointed by and reports to the Governor. The Personnel Commission still exists to hear appeals of dismissals, demotions, or suspensions by agency directors, or rulings made by the Administrator.

1. Training Fund Spending Authority

Idaho Code requires the Division of Human Resources to provide training to state employees. Additional ongoing spending authority is needed to allow the Division to respond to the increased agency needs for better training for managers and staff. The Division contracts with vendors and instructors for training and publications, and charges each participating agency for their share of the costs.

Division Description

The Human Rights Commission is statutorily charged with the enforcement of the Human Rights Commission Act (Idaho Code §67-5901 et seq.) which prohibits discrimination based on race, color, religion, sex, and national origin in the areas of employment, educational services, public accommodations, and real estate transactions. Disability and age discrimination are also prohibited in the workplace. The commission is also charged with enforcing Idaho Code §44-1701 et seq. which prohibits employers from paying different wages for comparable work solely on the basis of gender.

Enforcement of the aforementioned statutes is accomplished through education, by processing the administrative complaints of alleged discrimination filed by those who claim to be victims, and by litigating on behalf of aggrieved parties when the commission determines such action to be appropriate.

The commission also has a contract with the federal Equal Employment Opportunity Commission to handle administrative cases arising in Idaho, which allege violations of three federal laws prohibiting discrimination in employment (Title VII of the 1964 Civil Rights Act, Age Discrimination in Employment Act, and Americans with Disabilities Act). The Human Rights Commission may file court cases alleging violations of federal law under appropriate circumstances.

Division Description

The goals of the Liquor Dispensary are to provide the more popular brands of liquor at a uniform, statewide price and the less popular brands by special order; to renovate and modernize state stores and to establish new state stores and contract agencies as needed; to fund special state projects; and to distribute surplus revenue as directed by law and legislative action.

NOTE: FY 2003 actual expenditures for capital outlay includes \$2,366,700 for the purchase of the Liquor Warehouse which was authorized and appropriated in the 2000 legislative session (2000 Idaho Sess. Laws 374). This amount is not reflected in the FY 2003 total appropriation.

Profit Distribution

- 2000 Idaho Sess. Laws 374 authorized a transfer of \$788,900 to the Liquor Warehouse Purchase Fund in Fiscal Years 2001, 2002 and 2003.
- FY 2004 Supreme Court appropriation (2003 Idaho Sess. Laws 334) appropriated \$440,000 from the Liquor Control fund.
- Beginning in FY 2004, 2% surcharge on sales is transferred to Drug and Family Court Services fund.
- Annual fixed distributions totaling \$8,295,000 to General Fund, Public Schools, Alcoholism Treatment Fund, Cooperative Welfare Fund, and Community Colleges.

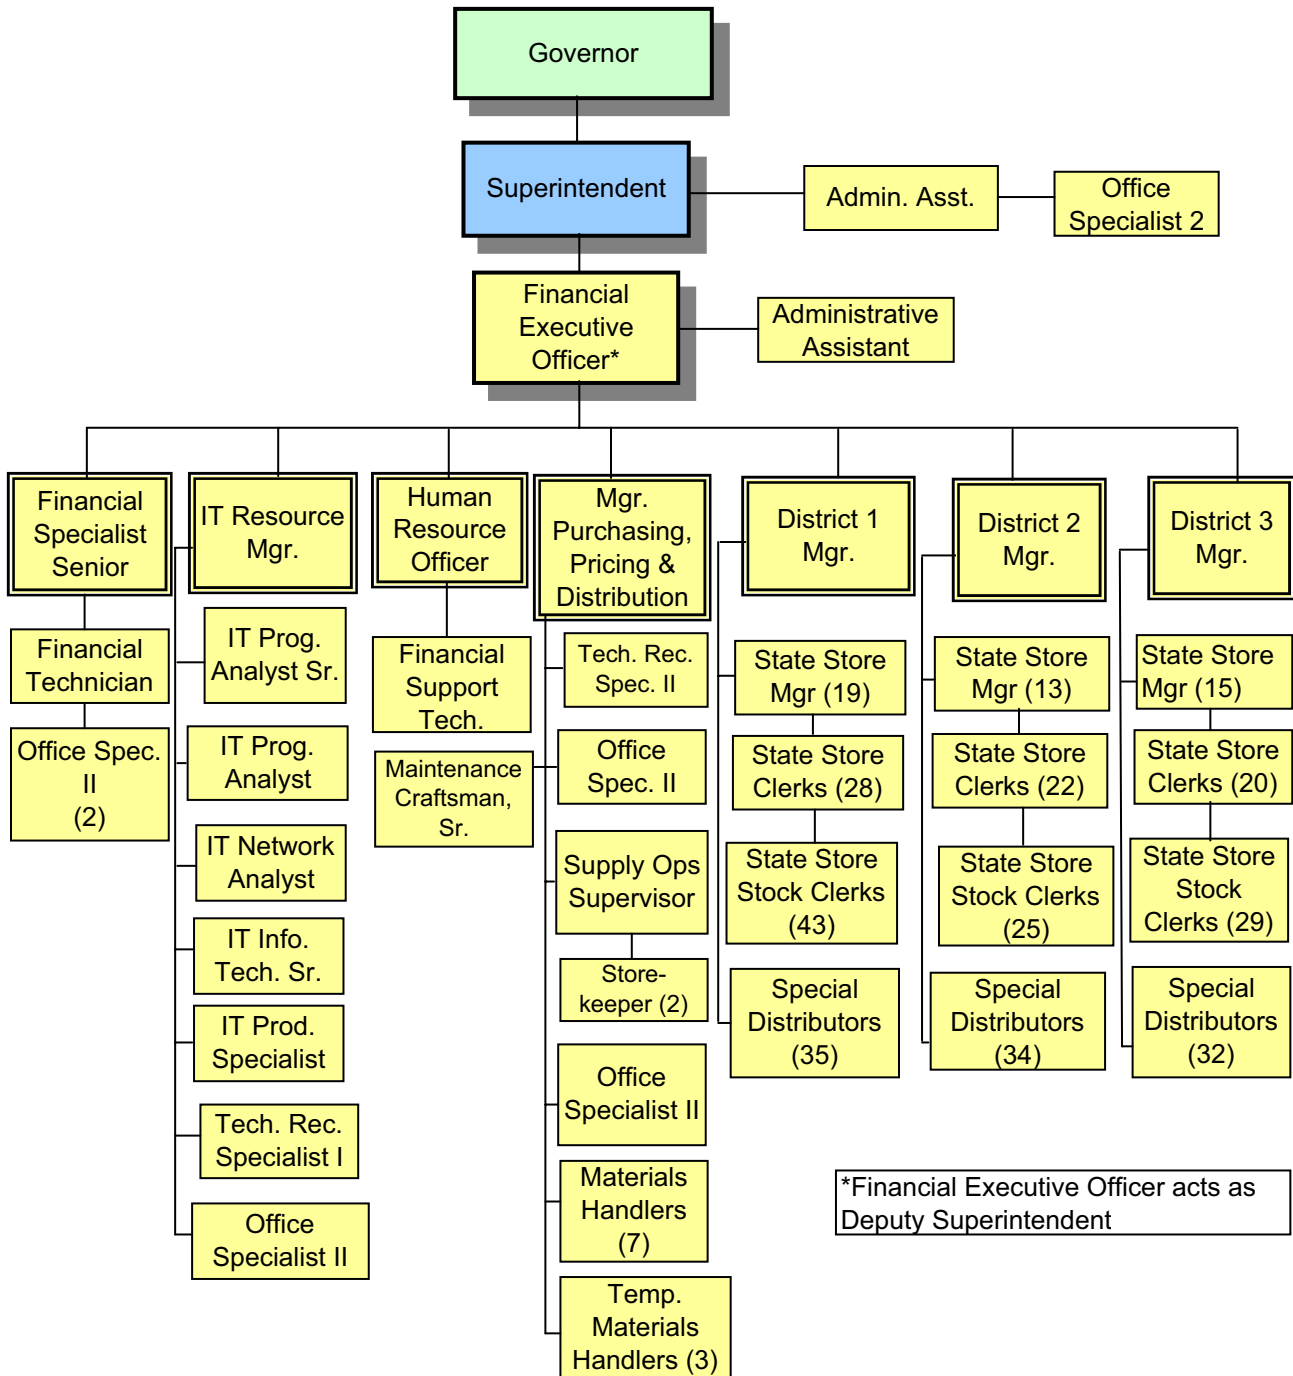

Remainder of profits distributed as follows:

- 40% to counties in proportion to sales in each county
- 60% to cities as follows:
 - > 90% to those incorporated cities with liquor stores in proportion to sales
 - > 10% to those incorporated cities without liquor stores in proportion to population

FY 2003 Profit Distribution (in millions)
[Does not reflect warehouse purchase]
Total = \$23.2 million

Division Description

The Military Division is headed by the Adjutant General, who is appointed by and reports to the Governor. The division serves as the state's National Guard unit. Descriptions of the Military Division's four programs are as follows:

MILITARY MANAGEMENT - The purpose of the Military Management program is to provide effective and responsive overall management to ensure mission capability and to meet the goals of the state and federal governments, as established by law. The program is also charged with operating and maintaining the state's 25 armories in a cost-effective manner to provide storage and security for federal property and facilities.

FEDERAL/STATE AGREEMENTS - The purpose of the Federal and State Contracts program is to operate and maintain the Gowen Field complexes, desert training range facilities, and nine maintenance shops located throughout the state. This program is a joint venture between the state and the National Guard Bureau. Service contracts are negotiated annually in which the state provides services to the National Guard and is reimbursed by the federal government for 75 to 100 percent of costs. The five contracts are: Air Guard, Training Site, Army Services, Security, and Communications.

DISASTER SERVICES - The Bureau of Disaster Services coordinates the state and federal response to major emergencies and disasters, in support of local jurisdictions. The bureau establishes and maintains a state and local emergency management structure, and helps to mitigate, prepare, respond, and recover from the effects of all hazards.

HAZARDOUS MATERIALS - The Bureau of Hazardous Materials performs the functions of the old State Emergency Response Commission (SERC), which was transferred to the Military Division by the 1997 Legislature. The primary goals of the bureau are to 1) implement the federal Emergency Planning and Community Right to Know Act; 2) facilitate planning and coordination at state and local levels in order to provide for the prompt containment of releases of hazardous substances; and 3) provide accurate, current information and training through public education outreach activities.

1. Homeland Security ODP Grant

Bureau of Hazardous Materials

This is a one-time supplemental for 3 FTPs and associated 100% federal spending authority for the balance of FY 2004. This partial year funding is removed before the base and then included for full year ongoing funding in Enhancement #9. The State of Idaho, as with all other states, has been charged by the President with coordination, training, exercising and procurement of specialized equipment to implement a Department of Homeland Security strategy. The Bureau has applied for and received grants from the Department of Homeland Security's Office of Domestic Preparedness (ODP) to develop and oversee the statewide Homeland Security Strategy. During FY 2004, 9 positions were non-cogged for the Bureau of Hazardous Materials and 1 position was non-cogged for the Bureau of Disaster Services. For FY 2005, an enhancement would make these positions ongoing under a limited service agreement. However, during the implementation of the ODP grants, it was discovered that an additional 3 positions (Exercise Management Specialists for Bannock, Canyon, and Twin Falls County) are necessary to properly implement the grants being awarded.

Agency Request	3.00	0	0	81,700	81,700
<i>Governor's Recommendation</i>	3.00	0	0	81,700	81,700

HazMat Deficiency Warrant

Bureau of Hazardous Materials

This is one-time funding to pay deficiency warrants issued in response to costs associated with the cleanup of hazardous materials incidents throughout Idaho.

Agency Request	0.00	21,000	0	0	21,000
<i>The Governor recommends funding \$21,000 for FY 2003 deficiency warrant expenditures and \$71,000 for current fiscal year-to-date deficiency warrant expenditures.</i>

Non-cognizable Funding

FEDERAL/STATE AGREEMENTS

Reflects \$373,900 in federal funds for 7 Family Program Coordinator positions (see enhancement #11), \$318,400 in federal funds for 6 positions with the Army Guard's Engineering Department (see enhancement #12), \$96,600 in federal funds for 2 positions to staff the Electronic Security Systems (see enhancement #13), and \$150,000 in federal funds for an increase in the Army Training Agreement for 14 temporary firefighters to cover the fire seasons in the Orchard Training Area.

DISASTER SERVICES

Reflects \$700,000 in federal funds for 1 Budget Assistant position and operating expenses related to a Homeland Security grant (see enhancement #10 for further detail); and \$222,000 in federal funds related to an increase in the Emergency Management Performance Grant issued each year.

HAZARDOUS MATERIALS

Reflects \$15,800,000 in federal funds for 9 positions, operating expenses and trustee/benefit payments related to a Homeland Security Grant (see enhancement #9 for further detail).

-------------------------	-----	---------	-----------	---------	-------

Nonstandard Adjustments

Military Management: Reflects \$8,500 for step increases and \$42,400 to adjust CEC to projected federal COLA of 4%. Also reflects an adjustment in Attorney General, Controller and Treasurer fees pursuant to the Statewide Cost Allocation Plan, and a reduction in Risk Management property/casualty rates.

Federal/State Agreements: Reflects \$47,500 for step increases, \$197,500 to adjust CEC to projected federal COLA of 4%, and \$150,000 for an increase in personnel costs for 14 temporary firefighters under the Army Training Agreement.

Disaster Services: Reflects \$10,000 for step increase, \$38,900 to adjust CEC to projected federal COLA of 4%, and \$222,000 for an increase in the Emergency Management Performance Grant.

Hazardous Materials: Reflects \$11,800 for step increase and \$27,100 to adjust CEC to projected federal COLA of 4%.

Agency Request	0.00	79,900	1,200	646,500	727,600
----------------	------	--------	-------	---------	---------

The Governor recommends a 3.89% COLA which would be funded with the 2% CEC and a 1.89% nonstandard adjustment.

Governor's Recommendation	0.00	47,700	800	566,100	614,600
---------------------------	------	--------	-----	---------	---------

Change in Employee Compensation

Reflects the cost of a 1% salary increase for permanent and group positions.

Agency Request	0.00	28,400	400	66,600	95,400
----------------	------	--------	-----	--------	--------

The Governor recommends a compensation increase of 2% to be distributed based on merit. No adjustment to the pay line is recommended.

Governor's Recommendation	0.00	57,600	800	134,900	193,300
---------------------------	------	--------	-----	---------	---------

Fund Shift

Federal/State Agreements

Reflects shift of costs for two telecommunication positions from federal funds to General Funds. This fund shift is the result of a change in federal regulations which disallow the Air Guard from continuing to partially subsidize these two positions.

Agency Request	0.00	23,500	0	(23,500)	0

Governor's Recommendation	177.80	4,922,700	218,700	19,638,100	24,779,500
---------------------------	--------	-----------	---------	------------	------------

1. 2004 COLA & Step Increase Funding

Military Management, Federal/State Agreements

This enhancement would authorize the Military Division to move funding (\$86,800 General Funds, \$274,000 federal funds) up from operating expenses to personnel costs to fund FY 2004 COLAs and step increases on into FY 2005 on an ongoing basis. The Military Division is able to fund the increases for six months (January - June) with salary savings. The division proposes to reduce identified repair and maintenance projects needed on state facilities to fund this enhancement.

Agency Request	0.00	0	0	0	0
----------------	------	---	---	---	---

The Governor recommends half of the funding requested for COLAs, which is based on the assumption that a 2% CEC would cover the remaining half.

Governor's Recommendation	0.00	0	0	0	0
---------------------------	------	---	---	---	---

Military Division

Analyst: Freeman

Budget by Decision Unit	FTP	General	Dedicated	Federal	Total
2. Increase Air National Guard Funding				Federal/State Agreements	
The National Guard Bureau bases their funding on square footage and conditions of the facilities at their bases. Due to the physical condition of the facilities at Gowen, the Air Guard fund manager at the National Guard Bureau increased the federal funding for Gowen by \$150,000. This increase requires a \$50,000 (25%) state match.					
Agency Request	0.00	50,000	0	150,000	200,000
<i>Not recommended by the Governor.</i>					
Governor's Recommendation	0.00	0	0	0	0
3. Upgrade Grants Position				Bureau of Hazardous Materials	
The responsibilities for the Grants and Agreements Specialist position have increased with the expansion of the Hazardous Materials Cost Recovery program and with the additional responsibility and tasks attendant with the Homeland Security funds. This enhancement would provide \$3,200 in ongoing General Funds to move the position's pay grade up one level.					
Agency Request	0.00	3,200	0	0	3,200
<i>Not recommended by the Governor.</i>					
Governor's Recommendation	0.00	0	0	0	0
4. M&O for Readiness Building				Federal/State Agreements	
The Idaho Army Guard has constructed a new 77,000 SF readiness center on Gowen Field to house 160 fulltime administrative staff and to conduct Army Guard training on drill weekends. The facility will be available for occupancy on June 1, 2004. The federal government funded the construction of the facility, but maintenance and operations costs are split 25% state / 75% federal which equates to \$25,500 / \$76,400.					
Agency Request	0.00	25,500	0	76,400	101,900
<i>Not recommended by the Governor.</i>					
Governor's Recommendation	0.00	0	0	0	0
5. Auto Lease				Federal/State Agreements	
This enhancement would provide a 25% state match (\$5,600) and spending authority for 75% federal funds (\$17,000) for the lease of 4 vehicles for six new craftsmen within the Army Guard Department of Engineering. (See enhancement 12 for additional background on positions.)					
Agency Request	0.00	5,600	0	17,000	22,600
<i>Not recommended by the Governor.</i>					
Governor's Recommendation	0.00	0	0	0	0
6. Backup Tape Drive				Military Management	
This enhancement would provide funding for a new backup tape drive to provide adequate backup/recovery capability for the Military Division's state network.					
Agency Request	0.00	7,500	0	0	7,500
<i>Not recommended by the Governor.</i>					
Governor's Recommendation	0.00	0	0	0	0
7. Military Museum				Military Management	
This request would provide \$20,000 in ongoing General Fund money to allow the Division to hire a contract curator for the military museum. The Idaho Military Historical Museum was established to enable the Adjutant General to fulfill his obligation as required by the state constitution. The museum has inadequate funding to hire services of a curator and to maintain operations. The museum has four regular part-time volunteers and some occasional part-time volunteers. The organization needs the ongoing services of a curator who can also provide operating administrative assistance.					
Agency Request	0.00	20,000	0	0	20,000
<i>Not recommended by the Governor.</i>

8. Upgrade Telecommunications Positions				Federal/State Agreements	
<p>The Military Division has 3 telecommunications positions. New, more efficient and effective telecommunications systems are being utilized by the Division and more technical skill is needed to maintain these systems. Nationwide federal classification studies show that these positions should be upgraded one pay level. The people who fill the telecommunications positions are working with federal employees, doing the same functions, but earning less since their federal counter-parts have already received their upgrade. This enhancement would provide funding necessary to make the salary of the state telecommunications positions equivalent to the same pay on the federal side.</p>					
Agency Request	0.00	3,300	0	9,800	13,100
<i>Not recommended by the Governor.</i>					
Governor's Recommendation	0.00	0	0	0	0
9. Homeland Security ODP Grant				Bureau of Hazardous Materials	
<p>The State of Idaho, as with all other states, has been charged by the President with coordination, training, exercising and procurement of specialized equipment to implement a Department of Homeland Security Strategy. The Bureau has applied for and received grants from the Department of Homeland Security's Office of Domestic Preparedness (ODP) to develop and oversee the statewide Homeland Security Strategy. This funding is being provided for state and local emergency responders to address the unique equipment, training, planning and exercise needs to participate in the national effort to combat terrorism. The Bureau needs the additional limited service employees to adequately administer the activity required of the grant and increased spending authority in operating expenses and trustee and benefit payments.</p>					
Agency Request	12.00	0	0	15,976,500	15,976,500
Governor's Recommendation	12.00	0	0	15,976,500	15,976,500
10. Homeland Security Subgrant				Disaster Services	
<p>The State of Idaho, as with all other states, has been charged by the President with coordination, training, exercising and procurement of specialized equipment to implement a Department of Homeland Security Strategy. The Bureau of Disaster Services has been awarded grant funds to be used to exercise state and local emergency responders to prepare for terrorist attacks or threats of terrorism. The Bureau needs an additional limited service employee and operating dollars to adequately administer the activity required of the grant.</p>					
Agency Request	1.00	0	0	700,000	700,000
Governor's Recommendation	1.00	0	0	700,000	700,000
11. Family Pgm Coordinator Positions				Federal/State Agreements	
<p>The Air and Army National Guard have received federal funding to hire 7 Family Program Coordinators in order to help meet the needs of families who have a spouse deployed on active duty. The coordinators also provide assistance to the families of Department of Defense employees. This enhancement would authorize 7 FTPs and federal spending authority to fund these 100% federally reimbursed positions.</p>					
Agency Request	7.00	0	0	373,900	373,900
Governor's Recommendation	7.00	0	0	373,900	373,900
12. Army Engineering Dept. Craftsmen				Federal/State Agreements	
<p>The Idaho Army Guard plans to staff a civil engineering function within its Engineering Department. It has been determined to be more economical and efficient to provide on staff resources for preventative maintenance and minor construction. This enhancement would authorize 6 FTPs and federal spending authority to fund these 100% federally reimbursed positions.</p>

13. Electronic Security Systems positions				Federal/State Agreements	
The level of security systems and the need to implement the improved technology for intrusion detection devices, security surveillance equipment, and access card entry systems have increased for Gowen Field, Orchard Training Area and in the armories throughout the state. Federal funding is being provided for equipment and maintenance of the electronic security systems requirement. This enhancement would authorize 2 FTPs and federal spending authority to fund these 100% federally reimbursed positions.					
Agency Request	2.00	0	0	96,600	96,600
<i>Governor's Recommendation</i>	2.00	0	0	96,600	96,600
14. Increase Maintenance Funding				Bureau of Hazardous Materials	
This enhancement would provide \$10,000 in ongoing General Funds to cover the cost of maintenance of regional response equipment.					
Agency Request	0.00	10,000	0	0	10,000
<i>Not recommended by the Governor.</i>					
<i>Governor's Recommendation</i>	0.00	0	0	0	0
15. State Communications Center				Bureau of Hazardous Materials	
The Bureau of Hazardous Materials relies on the State Communications Center (SCC) to provide paging, radio communications, and other communications related services. For the past eight years, the Bureau has paid the SCC \$30,000 for its services. However, the level of service required by the Bureau has increased dramatically over that time, such that billings for the past several years have been closer to \$40,000. This enhancement would provide the Bureau \$15,000 in ongoing operating expenses to increase its annual support to SCC.					
Agency Request	0.00	15,000	0	0	15,000
<i>Not recommended by the Governor.</i>					
<i>Governor's Recommendation</i>	0.00	0	0	0	0
16. Bureau of Homeland Security					
Executive Order 2003-11 created a new Bureau of Homeland Security within the Military Division and consolidated the Bureaus of Disaster Services (BDS) and Hazardous Materials (BHM) into this new bureau. This enhancement reflects the intent of the executive order by transferring the appropriations for BDS and BHM to Homeland Security.

Personnel Costs Unique to Military Division

Idaho Code §59-1603(9) provides: "The adjutant general shall determine schedules of salary and compensation which are, to the extent possible, comparable to the schedules used for federal civil service employees of the National Guard and those employees serving in military status"

Federal employees are eligible for an annual Cost Of Living Adjustment (COLA) and an annual or biennial salary schedule "step" increase based on years of service and performance.

Division Description

The RETIREMENT ADMINISTRATION Program administers a Defined Benefit (DB) retirement plan that is mandatory for all eligible State and school district employees, and for employees of political subdivisions which have elected to participate. The plan also provides separation, disability, death and survivor benefits. The mission of the Public Employee Retirement System of Idaho (PERSI) is to provide members and their beneficiaries with reliable, secure, long-term retirement, survivor, and disability benefits as specified by law, and to assist members in planning a secure retirement by providing high quality, friendly service, retirement education and information. The system also administers the Sick Leave Reserve Fund for State and school district retirees, from which monthly medical insurance premiums are paid, as well as the former Firemen's Retirement Fund and the Idaho Falls and Boise City Police Retirement Funds.

As part of the Gain Sharing program adopted by the 2000 legislature, PERSI established the PERSI Choice Plan, a Defined Contribution (DC) plan for the 62,000 active members of PERSI. This plan, in addition to and separate from the DB plan, provides a 401(k) plan option to all members who are eligible. In years in which investment earnings and total DB plan assets sufficiently exceed liabilities plus one standard deviation reserve, the PERSI board may declare a portion of the excess earnings as gain sharing. When gain sharing is authorized, active members receive their allocation in the form of a transfer into their DC account. Retirees receive a 13th check. Employers receive a credit against future contributions.

The PORTFOLIO INVESTMENT Program is responsible for the management of PERSI assets to ensure secure long-term returns on investments while minimizing investment costs. Beginning in FY 1996, the administrative costs of portfolio investment came under a fixed appropriation. The remaining investment costs continue to operate under a perpetual appropriation as provided in Idaho Code §59-1311.

401(k) ADMINISTRATION Program: FY 2003 was the final year of this program.

1. Business Process Reengineering					
				Retirement Administration	
<p>This enhancement would enable PERSI to redesign its workflow and processes in order to more effectively use current staff and available technology. This enhancement breaks down into three areas: information system enhancements, business process reengineering, and replacement of the document management system. These enhancements are needed in order to meet the 50% expected growth in retirements over at least the next 10 years. PERSI is also requesting carryover authority for this enhancement for FY 2006 and FY 2007. Since carryover authority is an exception to the state budget laws and is not provided for in statute, it requires specific legislative authorization and approval. See next page for further detail.</p>

PERSI Membership

668 employer units belong to PERSI, for a total system membership of 105,975

PERSI - Funded Ratios and Investment Returns

The PERSI Base Plan experienced a 3.7% gross return on investments in FY 2003, which equals \$202.5 million in net investment gain. As of July 1, 2003, the PERSI fund was valued at over \$6.31 billion, up from \$6.08 billion the prior year. PERSI's unfunded actuarial liability at 19.4 years is less than the 25-year amortization period required by law. In November 2002, the PERSI board approved a total contribution rate increase including employee and employer rates, of 3% (phased-in over three years beginning in FY05). At the end of the phase in, contribution rates will be at the same level they were prior to November of 1997 when rates were originally reduced 3%.

Division Description

The Office of Species Conservation was created in the 2000 Legislative Session with the passage of SB1490, which set up an agency within the Executive Office of the Governor (§67-818, Idaho Code). The Legislature included intent directing the agency to: 1) provide coordination and cooperation among and between various state and federal agencies with responsibilities for species management under the Endangered Species Act; 2) develop an integrated state policy toward those species; 3) solicit and review scientific information; negotiate and implement conservation plans and agreements; 4) provide the resources and authority necessary to recommend an appropriate management plan for species that may be delisted under the ESA; and 5) facilitate the development and use of federal and state programs and incentives to provide protections for nonfederal landowners willing to assist in the management of federally listed endangered species, threatened species and petitioned species.

The General Fund appropriation provides for six positions: an administrator, attorney, two policy advisors, an administrative assistant, and a regional program coordinator. A small amount of dedicated spending authority is provided for donations or miscellaneous receipts. The budget also includes federal spending authority for administrative costs and pass-through monies to other entities for species conservation.

Organizational Chart

All staff located at Capitol Park Plaza, 300 N. 6th, Boise leased from Dept of Lands: 1920 sq. feet at \$29,760 (\$15.50/sq.ft.)

From the 2004 - 2007 Strategic Plan

Mission

To coordinate policies and programs related to the conservation of threatened, endangered and candidate species in Idaho.

Vision

The Governor's Office of Species Conservation is dedicated to planning, coordinating, and implementing the State's actions to preserve, protect and restore species listed as threatened and endangered under the federal Endangered Species Act (ESA). This work will be done through coordination with the State natural resource agencies and with the input of the citizens of Idaho, while taking into consideration the economic vitality of the State.

Principles and Values

- * Rely upon science and common sense in developing conservation programs
- * Involve all parties impacted by recovery decisions
- * Understand and incorporate Idaho values into conservation measures
- * Incorporate the State's need for economic vitality into considerations for species recovery

Issues

- 1) Work with State natural resource agencies to coordinate actions on ESA-listed species.
- 2) Facilitate the development of protection plans for private landowners who have threatened or endangered species on their property or who have the potential to assist in the recovery of the species.
- 3) Develop processes to de-list or re-categorize species which should be removed from the ESA or have changed in management status.
- 4) In conjunction with the Northwest Power Planning Council, develop a "Subbasin Planning Process" to protect, restore and recover threatened or endangered fish, wildlife and plants in Idaho.
- 5) Advance Governor Kempthorne's continuing efforts to update and modernize the ESA.

Action Plan (From the 2004 - 2007 Strategic Plan)

- 1a) OSC will coordinate State's actions on all ESA recovery plans, management plans, public comment periods, biological opinions, guidance programs and species-specific recovery projects
- b) OSC will coordinate with IDFG with its expertise in fish, wildlife and plant biology and conservation activities
- c) OSC will coordinate recovery actions with DEQ's development of TMDL implementation plans and the protection of beneficial uses
- d) OSC will coordinate recovery measures consistent with IDL's Forest Practices Act and its Cumulative Watershed Effects analyses
- e) OSC will coordinate with ITD's long-range road way planning process for existing or new road ways which may impact threatened or endangered species or its habitat
- f) OSC will coordinate actions with IDWR's Comprehensive State Water Plan and its designations of minimum stream flows and state-designated protected rivers
- g) OSC will participate in, and consider funding for, on-the-ground measures taken by the ISCC and ISCDs to protect species and habitat

2a) Complete protection plans for spotted frog in Owyhee County

- b) Complete the Upper Salmon Basin agreement
- c) Assist Boundary County and City of Bonners Ferry in developing an ESA agreement
- d) Develop a conservation agreement to protect slick-spot peppergrass

3a) De-list two of five snail species on Middle Snake

- b) Conservation actions to preclude the need to list sage grouse
- c) Conservation actions to preclude the need to list spotted frog
- d) Conservation actions to preclude the need to list the burbot
- e) Conservation actions to preclude the need to list southern Idaho ground squirrel

4a) Assist in the development of plans within all six geographic provinces in Idaho

- b) Lead project prioritization for funding consideration by the Northwest Power and Conservation Council and the Bonneville Power Administration

5a) Complete agreements and de-listings regarding sage grouse, anadromous fish, wolves, grizzly bear and snails

- b) Participate in policy forums and publish analyses on ESA reform
- c) Investigate and secure appropriate funding sources
- d) Advance the principles of ESA reform as set forth in a major policy address by Governor Kempthorne in June 2003

Division Description

The Idaho Women's Commission is established by Idaho Code §67-6001. Its purpose is to provide education and advocacy for women and families. The Commission encourages women to increase their participation in, and contributions to, the social, political, and economic progress of local communities, the state, and the nation. The Commission consists of nine members who are appointed by the Governor.

Department Description

The Legislative Branch consists of the Senate, House of Representatives, and their nonpartisan staff offices managed by the Legislative Council. The Legislative Council consists of the President Pro Tempore of the Senate, the Speaker of the House of Representatives, the majority and minority floor leaders of each house, two senators and two representatives selected by members of the majority party, and two senators and two representatives selected by members of the minority party. The Council is the governing body over the year-round nonpartisan legislative staff, and has broad powers to conduct research and studies that relate to a legislative purpose. The divisions under Legislative Council are the Legislative Services Office, Legislative Technology, Office of Performance Evaluations, and Redistricting.

Division Description

Senate and House: The Idaho Legislature is comprised of thirty-five senators and seventy representatives from Idaho's thirty-five legislative districts. The membership is elected for two-year terms and meets annually.

The Legislature is funded through a continuing appropriation as provided in Section 67-451, Idaho Code. Section 67-451 directs the State Controller to transfer General Fund monies to the Legislative Fund, and provides for a continuing appropriation of these funds.

HB 372 passed by the 2001 Legislature increased the annual transfer from \$4,350,000 to \$5,600,000. Because these dollars are a direct transfer of General Fund monies and because the Joint Finance-Appropriations Committee does not appropriate these dollars, the summary data shown above is for informational purposes only.

Section 67-3506, Idaho Code, states that the Governor shall transmit the budget requests of the legislative and judicial departments to the Legislature as they were submitted by the departments.

Division Description

The Legislative Services Office's mission is to provide efficient, non-partisan support services to Idaho's citizen legislators, to carry out legislative policies so as to strengthen the Legislature's management as a separate branch of government, and to assist the Legislature in carrying out its Constitutional responsibilities. The Legislative Services Office strives to modernize the provision of professional staff services to the Legislature, to provide committees and legislators with professional staff support, to increase communication and efficiency, and enhance coordination and productivity within the Legislative Branch of government. Under the direction of the Director of Legislative Services, the office consists of the Research and Legislation section, Budget and Policy Analysis section, the Legislative Audit section, and the Network Administration section.

Section 67-3506, Idaho Code, states that the Governor shall transmit the budget requests of the legislative and judicial departments to the Legislature as they were submitted by the departments.

Division Description

The Office of Performance Evaluations (OPE) is a nonpartisan legislative office that promotes accountability and confidence in state government (Idaho Code §67-457 through §67-464). OPE staff works under the general direction of the Joint Legislative Oversight Committee (JLOC), which consists of an equal number of legislators from both political parties and both houses.

The office conducts independent, objective, in-depth, and timely performance evaluations of state agencies, programs, and functions. OPE staff reports evaluation results and its recommendations to:

- JLOC and other legislative committees to assist them in making policy and budgetary decisions, and
- State agencies to help them improve their operational efficiency and program effectiveness.

OPE evaluations help:

- Ensure compliance with state laws and legislative intent,
- Improve government performance and accountability to the public, and
- Identify cost savings and opportunities to avoid unnecessary future costs.

Section 67-3506, Idaho Code, states that the Governor shall transmit the budget requests of the legislative and judicial departments to the Legislature as they were submitted by the departments.

Division Description

The Constitutions of the United States and the State of Idaho require that congressional and legislative district boundaries be redrawn after each decennial census to equalize the population among districts and ensure that every citizen's vote carries the same weight, supporting the principle of "one person one vote." From statehood until 1994, when the Idaho Constitution was amended to establish a six-person, bipartisan Commission on Redistricting, the new district lines were drawn by the Legislature after each census. Beginning with the 2000 census, that responsibility has been delegated to the Redistricting Commission. The Redistricting Commission was mandated to fulfill its statutory responsibilities of drawing new legislative and congressional districts within 90 days beginning sometime after June 1, 2001. In accordance with Section 72-1507, Idaho Code, the Legislative Council furnished secretarial and other staff assistance as the commission required in the performance of its duties. This support was furnished through the Legislative Services Office under the direction of Legislative Council.

Division Description

The Board of Tax Appeals (section 63-3801, Idaho Code) provides taxpayers the opportunity to appeal their ad valorem assessed valuations from a county board of equalization or tax decisions from the Idaho State Tax Commission. The three member Board of Tax Appeals provides an opportunity for appellants and respondents to present testimony and evidence at a quasi-judicial board hearing rather than through a district court trial which can necessitate legal representation and expense.

1. Salary Equity

This enhancement would provide \$6,300 in ongoing General Fund money to increase the pay of the Technical Records Specialist position. This incumbent has been with the agency for over five years, and is currently paid at 88% of the market average.

Agency Request	0.00	6,300	0	0	6,300
<i>Not recommended by the Governor.</i>					
Governor's Recommendation	0.00	0	0	0	0

Board of Tax Appeals

Analyst: Hancock

Budget by Decision Unit	FTP	General	Dedicated	Federal	Total
-------------------------	-----	---------	-----------	---------	-------

2. Legal Assistant Position

This enhancement would provide \$51,400 in General Fund money (\$3,000 of it one-time) to hire a new legal assistant position for the board. After caseloads shrank by about one-third in FY 2000 and FY 2001, they more than doubled in FY 2002. The board is concerned that it may be unable to meet its decision deadlines in the event of any further increase in caseloads. A legal assistant would enable the board to deal with potential increases. Recent holdbacks caused the board to reduce its number of full-time positions from 5.0 to 4.0, although the fifth position was never actually filled. This enhancement would bring the board's authorization back up to 5.0 FTP.

Agency Request	1.00	51,400	0	0	51,400
----------------	------	--------	---	---	--------

Not recommended by the Governor.

Governor's Recommendation	0.00	0	0	0	0
---------------------------	------	---	---	---	---

3. Contract Staff Support

The board is requesting \$12,000 in ongoing General Fund money for additional staff support. Of these funds, \$7,000 would be used to hire contract clerical assistance. This clerical staff will help the board meet deadlines by processing filings and decisions more quickly. The remaining \$5,000 would be used to contract for legal advice and assistance outside the normal support provided to all state agencies by the Attorney General's Office. Outside counsel would be used in cases where the board is hearing appeals of decisions by the State Tax Commission, which uses advice from the Attorney General's Office in crafting its decisions.

Division Description

The State Tax Commission has four budgeted programs: General Services, Audit and Collections, Revenue Operations, and County Support. 1.) The General Services program consists of the Commissioners, Administrative Section, Legal Section, Tax Policy Section, Information Technology Section, and the Management Services Division. This organizational structure provides for centralized management, policy development, legal, personnel, fiscal and computer services. 2.) The Audit and Collections program provides direct taxpayer service to the public from the administrative office in Boise and five field office locations; collects delinquent taxes and conducts audits on virtually all tax types administered by the agency by authority of Idaho Code and the Multi-State Tax Compact; conducts discovery and enforcement efforts directed at non-filers and administers Idaho's unclaimed property statutes. 3.) Revenue Operations administers the voluntary tax compliance program. Activities include: a) registering permit holders for sales, withholding, hotel/motel, special fuels, beer, wine, cigarette and tobacco taxes; b) ensuring that all individuals and licensed businesses are mailed proper tax forms for reporting; c) establishing taxpayer liability, as well as processing revenue and refund documents submitted by taxpayers; and d) maintaining a records system capable of providing individuals with tax documents. 4.) The County Support Program provides oversight and technical support in the administration of the property tax system, working to ensure fair, equitable, and accurate property taxation. The program is responsible: to annually appraise all class three operating property, as required by Section 63-2215, Idaho Code; to examine property tax levies of all taxing districts to ensure compliance with Idaho Code; to develop forms, procedures and computer software necessary for county assessors to appraise property; to develop an assessor's manual in order to facilitate uniformity of appraisals; and to administer property tax relief through the Circuit Breaker program.

Nonstandard Adjustments

Nonstandard Adjustments include \$200,000 in increased software maintenance charges for the Tax Commission's GenTax system, a \$1,800 decrease in office rent at the Twin Falls field office, and decreases in Attorney General fees (-\$59,400), risk management fees (-\$4,300), State Controller fees (-\$47,700), and State Treasurer fees (-\$95,700).

Agency Request	0.00	(36,800)	27,900	0	(8,900)
----------------	------	----------	--------	---	---------

The Governor recommends no increased funding for software maintenance.

Governor's Recommendation	0.00	(196,800)	(12,100)	0	(208,900)
---------------------------	------	-----------	----------	---	-----------

Change in Employee Compensation

Reflects the cost of a 1% salary increase for permanent and group positions.

Agency Request	0.00	151,300	30,900	0	182,200
----------------	------	---------	--------	---	---------

The Governor recommends a compensation increase of 2% to be distributed based on merit. No adjustment to the pay line is recommended.

Governor's Recommendation	0.00	306,300	62,600	0	368,900
---------------------------	------	---------	--------	---	---------

Fund Shifts

Shifts \$24,300 from the General Fund to the Unclaimed Property Fund, and shifts \$4,900 from General Fund to Administration & Accounting Fund, in order to provide a more accurate cost allocation.

Agency Request	0.00	(29,200)	29,200	0	0

---------------------------	--------	------------	-----------	---	------------

1. Upgrade GenTax Software

This enhancement would provide \$840,000 in one-time funding and \$480,000 in ongoing funding to upgrade the Tax Commission's new GenTax software system from version 3.0 to the new dot-Net version. Funds would be used to pay computer programmers with Fast Enterprises (which developed the GenTax system for Idaho and several other states and provinces) to make the necessary upgrades. In addition to improving future compatibility, the commission estimates that the upgraded system will help improve collections management, resulting in an annual increase of \$1,145,000 in new revenue for the State, without the addition of any new employees.

Agency Request	0.00	1,122,000	198,000	0	1,320,000
----------------	------	-----------	---------	---	-----------

Not recommended by the Governor.

Governor's Recommendation	0.00	0	0	0	0
---------------------------	------	---	---	---	---

2. Motor Carrier Audit from ITD

This enhancement implements a recommendation from the Governor's Blue Ribbon Task Force, which advised the state to consolidate Motor Carrier fuels taxes and registration fee audits under the Tax Commission. As such, this enhancement represents a transfer of this function, along with the associated funding and positions, from the Idaho Transportation Department (ITD) to the Tax Commission. These positions are funded from fuel tax revenues, just as they were at ITD.

Agency Request	4.50	0	267,400	0	267,400
----------------	------	---	---------	---	---------

3. Kootenai Local Option Tax					
This enhancement would provide one-time spending authority from the Administration & Accounting Fund for the Tax Commission to provide administrative services for Kootenai County's local option Sales Tax. The commission would provide administrative and reporting services for the county, which would be paid for from the additional local option revenues collected on behalf of Kootenai County by the commission.

Department Description

The Secretary of State is one of seven statewide elected officials in Idaho. The officeholder's constitutional and statutory responsibilities include membership on State Board of Land Commissioners and the Board of Examiners, serving as the state's chief election official, and registering the official acts of the Legislature and the Governor.

The office also maintains and operates Idaho's Centralized Uniform Commercial Code (UCC) as it relates to state, commercial, and farm product filings. The Commission on Uniform Laws, also included in the Secretary of State's budget, studies and proposes laws where uniformity among state laws is desirable.

The Commission on the Arts was taken out from under the Secretary of State and moved to the Executive Office of the Governor in FY 2004.

Division Description

There are two budgeted programs in this division of the Office of the Secretary of State: Administration and the Commission on Uniform Laws.

(1) The Administration program performs all the constitutional and statutory functions of the Office of the Secretary of State including registering the official acts of the Legislature and the Governor, administering and certifying elections, maintaining a registry of tort claims, extraditions, deeds, official oaths, and gubernatorial appointments, administering the Sunshine Law, and maintaining and operating the Centralized Uniform Commercial Code as it relates to state, commercial, and farm product filings.

(2) The Commission on Uniform Laws is composed of four members who are appointed by the Governor. The commission studies proposed uniform laws and drafts legislation for consideration by the Idaho Legislature where uniformity among state laws is desirable.

Department Description

The State Treasurer is one of seven statewide elected officials in Idaho. It is the responsibility of the State Treasurer to serve as the banker for all Idaho agencies and to act as custodian of the public school endowment funds. The constitutional and statutory duties of this office include: 1) the receiving of all revenues and fees due the state; 2) deposit of funds in banks throughout Idaho; 3) paying all accounts; and 4) investing surplus monies not needed for day-to-day operations.

The Idaho Millennium Fund is the repository of all funds received by the State of Idaho under the Master Tobacco Settlement Agreement reached between states and tobacco product manufacturers. These funds are managed and invested by the State Treasurer. Each year, 5% of the average market value of the Idaho Millennium Fund will be distributed and made available for legislative appropriation.

1. LGIP Operating Expenses

This enhancement would provide the Local Government Investment Pool (LGIP) \$54,800 in one-time operating expenses. This reflects the amount the LGIP would have carried over into FY 2004 had it not inadvertently omitted its request for carryover authority in its FY 2004 budget request.

The State Treasurer also requests carryover authority for its LGIP fund for FY 2005. The voluntary investment pool needs a quicker response time than the traditional budgeting timeline allows in order to offer services and products that are being made available to local governments from the private sector or other sources. Carryover authority would allow the LGIP to react in a more timely and responsive manner to the needs and desires of the pool members. Since carryover authority is an exception to the state budget laws and is not provided for in statute, it requires specific legislative authorization and approval.

Agency Request	0.00	0	54,800	0	54,800
----------------	------	---	--------	---	--------

The Governor did not choose to make a recommendation on enhancements for this Executive Branch elected official.

<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>0</i>	<i>0</i>	<i>0</i>
----------------------------------	-------------	----------	----------	----------	----------

2. Bond Bank

The Treasurer's Office requests a one-time appropriation of \$5,000 to pay for the startup administrative and marketing costs of the newly established Bond Bank. Once the first issues have come to market, the Bond Bank will be able to charge fees to cover these costs.

Agency Request	0.00	5,000	0	0	5,000

The Governor did not choose to make a recommendation on enhancements for this Executive Branch elected official.

<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>0</i>	<i>0</i>	<i>0</i>
----------------------------------	-------------	----------	----------	----------	----------

3. Customize Investment Software

This enhancement would provide \$17,000 in one-time operating expenses for software customization. With the current or new software, the statements used by the State Investment Pool do not reflect any meaningful data for pool members. The vendor estimates the cost of customizing the statements would be \$7,000. Additional customization would be needed to make the Investment Division more efficient and able to provide more meaningful data to its customers. The vendor's estimate for further customization is \$5,000 for LGIP and \$5,000 for Idle Pool funds.

Agency Request	0.00	0	17,000	0	17,000
----------------	------	---	--------	---	--------

The Governor did not choose to make a recommendation on enhancements for this Executive Branch elected official.

<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>0</i>	<i>0</i>	<i>0</i>
----------------------------------	-------------	----------	----------	----------	----------

Lump Sum Budget

The State Treasurer requests a lump-sum budget for the Local Government Investment Pool so it would have the ability to provide merit increases to its employees without having to ask for an additional appropriation. A lump sum appropriation removes all restrictions that limit the transfer of moneys among Personnel Costs, Operating Expenses, Capital Outlay and Trustee/Benefit Payments. Since lump sum is an exception to the state budget laws, it requires specific legislative authorization and approval (Idaho Code §67-3508(1)).

Agency Request	0.00	0	0	0	0

Division Description

Tobacco Settlement Background

In November 1998, the attorneys general and other representatives of 46 states signed an agreement with the largest tobacco manufacturers ending a legal battle between the states and the industry that began in 1994. While payments are expected to continue in perpetuity, the settlement requires the tobacco manufacturers to pay the states \$206 billion over the next 25 years, of which Idaho will receive a total of approximately \$790 million.

Millennium Fund Enabling Legislation

The Idaho Millennium Fund was established by the legislature in 2000 as an endowment fund structure to receive, invest and disburse funds received by the State of Idaho under the tobacco Master Settlement Agreement reached between participating states and tobacco product manufacturers. This fund preserves the long-term capital value of these moneys through a distribution rule which provides that five percent of the fund's average market value is made available for legislative appropriation each fiscal year. Fund investments are managed by the State Treasurer, who is the constitutional officer charged with the responsibility of managing state funds. Up until 2003, when the entire Millennium Fund was liquidated, the Treasurer invested the fund in a diversified portfolio, which included 30% in domestic bonds, 50% in US common stocks, and 20% in non-US stocks.

Millennium Income Fund Grants

In 2002, HB 486a created the Joint Millennium Fund Committee, which is made up of five senators and five representatives, and is charged with reviewing grant applications and providing a funding recommendation to the legislature. There is no specification in law with regard to how the monies in the Millennium Fund shall be used, but the Joint Millennium Fund Committee has chosen to only consider applications for programs and projects directly related to one or more of the following: (1) tobacco cessation or prevention; (2) substance abuse cessation or prevention; or (3) tobacco or substance abuse related disease treatment. In addition, the committee has determined that funds may not be used for permanent capital improvements or organizational start-up costs.

Appropriations

Beginning in FY 2004, the appropriated amount in the Millennium Fund budget only represents moneys appropriated to non-governmental organizations. Millennium Fund moneys appropriated to state agencies are transferred by the State Controller from the Millennium Income Fund to the agency, and are reflected in each individual agency budget.

FY 2005 Base					
Agency Request	0.00	0	0	0	0
Governor's Recommendation	0.00	0	0	0	0
1. Cat. Fund - Reduce County Deductible					
This request would provide funding for the Catastrophic Health Care program to reduce county deductible payments in caring for indigent persons with tobacco-related diseases. This program has been funded every year since the inception of the Millennium Fund.					
Agency Request	0.00	0	500,000	0	500,000
Governor's Recommendation	0.00	0	500,000	0	500,000
2. Public Health Districts					
This request would provide continued funding to the Public Health Districts to provide and expand prevention and cessation services to all Idaho citizens, with primary emphasis on youth and pregnant women. In FY 2004, the Idaho Millennium Income Fund provided the Public Health Districts with \$515,000 for this program. This request represents a \$8,800 increase over FY 2004, which reflects a 1.9% inflationary increase and 1% Change in Employee Compensation (CEC).					
Agency Request	0.00	0	523,800	0	523,800
<i>The Governor's recommendation does not include funding for inflation or CEC.</i>					
Governor's Recommendation	0.00	0	515,000	0	515,000
3. Health & Welfare-Tobacco Counter Mktg.					
This request would provide \$500,000 to continue a media campaign aimed at increasing awareness of the addictiveness of tobacco and the severity of the consequences of using it. This program has been funded at the same level as requested since FY 2001.					
Agency Request	0.00	0	500,000	0	500,000
Governor's Recommendation	0.00	0	500,000	0	500,000
4. Idaho State Police					
This request would be used to offset the cost of youth tobacco investigations, which are required by law. This program received funding in the same amount for FY 2003 and 2004.					
Agency Request	0.00	0	94,000	0	94,000
Governor's Recommendation	0.00	0	94,000	0	94,000
5. Idaho Supreme Court					
The Youth Courts program has received funding from the Millennium Fund for the past four years. The Status Offender Services program has received funding from the Millennium Fund for the past three years. The Supreme Court is requesting funding again at the same level it has received in the past to continue its efforts to support and evaluate a continuum of community-based juvenile prevention and intervention programs in each judicial district.					
Agency Request	0.00	0	270,000	0	270,000
Governor's Recommendation	0.00	0	270,000	0	270,000

6. American Lung Ass'n of Idaho/Nevada

This request would provide continued funding for a smoking cessation program -- Teens Against Tobacco Use (T.A.T.U.) and a cessation program -- Not on Tobacco (N-O-T). The T.A.T.U. program will help young people ages 14-17 teach 9-12 year old children avoid tobacco by providing them the tools to help them make the decision not to smoke. The N-O-T program is a research based smoking cessation program designed for teens and uses content and delivery tailored to the adolescent population. The goal is to continue expanding youth prevention and cessation programs to reach approximately 13,300 school students and teens statewide with some component of the project being conducted in each of the seven health districts. This program received \$148,600 in FY2003 and \$157,200 in FY2004.

---------------------------	------	---	---	---	---

7. Youth Tobacco-Free Coalition

This request would provide funding for the development of a statewide community tobacco control program following the model of the Magic Valley Youth's Tobacco Free Coalition program. The community programs would develop a partnership between city and county agencies and the private sector.

Agency Request	0.00	0	250,000	0	250,000
----------------	------	---	---------	---	---------

The Governor recommends passing funding for this proposed statewide program through the Division of Health Services within the Department of Health & Welfare.

Governor's Recommendation	0.00	0	60,700	0	60,700
---------------------------	------	---	--------	---	--------

8. Log Cabin Literary Center

This request would provide funding to expand Writers in the Schools (WITS), a program serving substance abuse prevention goals in southern Idaho schools. Support from the Millennium Fund would allow WITS to expand to 15 additional classrooms from the 36 classrooms it currently serves.

Agency Request	0.00	0	46,000	0	46,000
----------------	------	---	--------	---	--------

Not recommended by the Governor.

Governor's Recommendation	0.00	0	0	0	0
---------------------------	------	---	---	---	---

9. Comm. Crusade Against Drug Abuse

This request would provide funding to the Community Crusade Against Drug Abuse Inc., the mission of which is to educate, motivate and empower youth to a higher awareness of the dangers of "gateway" drugs, and creating awareness that will prevent youth from starting alcohol, tobacco and substance abuse.

Agency Request	0.00	0	131,300	0	131,300
----------------	------	---	---------	---	---------

Not recommended by the Governor.

Governor's Recommendation	0.00	0	0	0	0

11. Idaho Primary Care Association

This request would fund a smoking cessation campaign, "Break the Chain". This clinical plan would be implemented as a joint effort between the health care staff of Community Health Centers (CHCs) and the Idaho Primary Care Association. The proposal would allow the CHCs to hire 4.5 tobacco health educators, buy pharmaceuticals, and establish science based tobacco cessation clinical programs in CHC clinics.

* This money was appropriated "for the Legislature for deposit in the Legislative Account for Millennium Fund Legislative Subcommittee technical support services." The money is now used to pay expenses relating to the biannual meetings of the Joint Millennium Fund Committee.

Glossary

Annualization

A budgetary adjustment that identifies the remaining full year costs for budget items that were partially funded in the prior year.

Appropriation

Provides a specific amount of spending authority authorized by the Legislature to an agency or program for a given purpose for a specified period of time.

Continuous or Perpetual Appropriation

An ongoing statutory appropriation of money not set by annual legislative action.

Original Appropriation

Reflects the amounts shown in original appropriation bills before reappropriations (carryover) and supplemental appropriations. In some instances, legislative authority is given to enable an agency to carry over any unexpended balances to the next fiscal year, thus increasing the total appropriated spending authority over the amounts designated in the original appropriation bill.

Supplemental Appropriation

Refers to action taken on the current year appropriation acts. These changes to the original appropriation may add funds or provide transfers between summary objects, funds, programs, or agencies.

Rescission

Refers to action taken on the current year appropriation acts. These changes to the original appropriation rescind or remove previously enacted spending authority in whole or in part.

Classification of Funds

In the *Legislative Budget Book*, the hundreds of funds used by state government in the budgeting process are condensed into three general categories. The appropriation bills, however, cite the specific fund detail for spending authority. The three general categories are:

General

Consists of moneys received by the state from the collection of taxes, and certain licenses and fees not specifically appropriated to any other account, and which are used to finance the general operations of state government.

Dedicated

Dedicated funds are revenue received from a specified source or sources, and disbursed for a specific function of government as required by law (e.g. the State Highway Fund is partially a collection from motor fuels tax and vehicle registration fees and is dedicated specifically to state highway construction and improvements).

Dedicated funds include moneys from the sale of goods or services rendered to the general public and other political entities. For example, one state agency may require the services of the State Copy Center and payment for this service would be done by transfer, debiting the first agency and crediting the Copy Center.

Federal

Identifies moneys from the federal government for specified state services.

Change in Employee Compensation (CEC)

A budgetary adjustment for increases in salary funding and variable benefit costs for classified and exempt state employees.

Classification of Expenditures (Object Class)

The state accounting system provides information at three levels of detail. The highest, most standardized level that is used in both the *Legislative Budget Book* and in appropriation bills, consists of four summary object classifications:

Personnel Costs (PC)

Includes the salaries of employees, whether full-time, part-time, irregular or seasonal help, and also, includes compensation of members of boards and commissions.

Also included are the employer's share of contributions related to those employees, such as retirement, health and life insurance, worker's compensation, employment security and social security.

Operating Expenditures (OE)

Includes all expenses for private contract services, travel, consumable supplies, software, and minor items of equipment that have an estimated life of less than two years.

Glossary (continued)

Capital Outlay (CO)

Includes all expenses for land, highways, buildings, fixtures and fixed equipment and structures (which also includes additions, replacements, major repairs, renovations and salaries of non-agency personnel in connection therewith). Automobiles, domestic animals, machinery, equipment and furniture, which will have a useful life or service substantially more than two years are also included. Budget development guidelines require a minimum request of \$300 per item to be classified as capital outlay.

Trustee and Benefit Payments (T/B)

Includes payments passed through to an individual (e.g. welfare or retirement benefits) or another governmental entity which provides a service.

Decision Unit (DU)

A decision unit is a specific numbered item in the budget request. DUs are standardized throughout the budget process so that statewide information may be summarized and reported. They are used to identify any change in a performance level and costs associated with that change. Benchmark decision units are the subtotal of all previous decision units.

Deficiency Warrant

Expenditures that are authorized by statute but for which no specific appropriation is provided until after an actual expense is incurred (e.g. expenses related to fire suppression and agricultural pest eradication).

Encumbrances

Obligations for expenses incurred in a fiscal year but not paid until after the end of that fiscal year.

Enhancement

Decision units after the Maintenance of Current Operations benchmark that request funding for new or expanded activities.

Fiscal Year

Represents the accounting year used by the state that begins July 1 and runs through June 30 of the following year (e.g. fiscal year 2005 begins July 1, 2004 and ends June 30, 2005).

Full-Time Equivalent Positions (FTP)

The use of FTP's is a means of counting position totals when different amounts of time or hours-worked are involved. For example, a program using two half-time positions has the same personnel requirements as a program using one full-time position. Both programs would reflect 1.0 FTP, although the former would employ two individuals. All budgeted permanent full-time and permanent part-time positions, including limited service positions, are to be included in the FTP count. Seasonal and temporary help, overtime or other group positions are not reflected in the FTP count.

Fund

A fund is a sum of money accrued from specific sources (see "Classification of Funds") and set aside for general or specific uses. Note: "fund" and "account" are often used interchangeably.

Fund Shift

Replaces a loss of one fund source with another to maintain existing levels of service.

Group Positions

A portion of an agency's budgeted personnel costs which provides for the compensation of temporary positions and members of certain boards and commissions. These positions are not included in an agency's total FTP count. For example, seasonal crop inspectors are included in the group positions of the Department of Agriculture.

Inflationary Adjustments

Funding for a general increase in agency operating expenses based on the changes in the Consumer Price Index (CPI). This adjustment addresses the higher, inflation-driven costs of items such as supplies, travel and postage. A medical inflation adjustment for trustee and benefit payments is also allowable.

Lump Sum

Appropriations that provide amounts of spending authority from designated funds, without specifying if they are restricted to Personnel Costs, Operating Expenditures, Capital Outlay and/or Trustee and Benefit payments. Since lump sum is an exception

Glossary (continued)

to the state budget laws, it requires specific legislative authorization and approval.

Maintenance of Current Operations (MCO)

The level of funding necessary to maintain the same level of service or activity for the coming fiscal year as was provided for in the current fiscal year.

Non-Cognizable Funds

Funds available to any state agency from sources other than state funds if not cognizable (known) at the time the appropriations are set. Use of non-cognizable spending authority is granted through the Division of Financial Management on behalf of the Board of Examiners, and is not contingent upon an increase in state liability after the receipt of the non-state funds.

Nonstandard Adjustments

Budgetary adjustments which are not accurately classified in other "maintenance" adjustments but which are necessary to maintain current operations or levels of service. These costs often represent increased volume within current responsibilities or other situations that are beyond the control of the requesting agency (e.g. audit fees, utility, insurance or rent increases).

Object Transfer

State law permits agencies to transfer spending authority from certain standard object classifications to others, e.g. from Personnel Costs to Operating Expenditures. Object transfers have some limitations and require approval by the Division of Financial Management on behalf of the Board of Examiners. Agencies may also request object transfers through the budget process.

Personnel Cost Rollups

A budgetary adjustment for increases in the cost of maintaining a range of employer-paid benefits for state employees such as Social Security, retirement (PERSI), unemployment insurance, health insurance, and sick leave.

Reappropriation or Carryover Authority

Allows unused spending authority from one fiscal year to be carried over into the next fiscal year for one-time expenses. Since this is an exception to the state budget laws and is not provided for in statute, it requires specific legislative authorization and approval.

Reclassify

Upon the request of an agency, a specific position may be reclassified upward or downward as determined by the Division of Human Resources, based on specific job responsibilities. For example, an agency may request an Administrative Assistant 1 position to be reclassified as an Administrative Assistant 2 position.

Refactor

The Division of Human Resources may revise the pay grade for an entire class of positions statewide. For example, the pay grade for all Administrative Assistant 1 positions throughout the state could be refactored from pay grade F to pay grade G based on the type of responsibilities and tasks they are expected to perform. Refactoring frequently results in a pay rate change for that position classification. Refactoring requires approval from the Division of Financial Management if there would be fiscal impact.

Replacement Items

One-time funding provided for the replacement of certain operating items (e.g. software) and capital outlay items (e.g. computers, furniture) necessary for Maintenance of Current Operations.

Wage and Salary Report

A series of reports produced by the Employee Information System (EIS) of the State Controller's Office that identifies wages, salaries and related benefit costs for all budgeted positions. This report also projects cost increases for the current and following fiscal year.

Blank Page
