## FROM THE MAYOR

# Always be prepared in case of an emergency situation

By Al Litman

**A**s you may know, I have often talked about public safety as my top priority in Mesquite. We are very fortunate to

have both a proactive police and fire department, but they can only do so much to assist and protect you in a disaster.

In my 19 years here, there has been only one major incident, the flood of 2005. No one perished, and the property damage was minimal considering. We don't have non-contained fires, earthquakes, hurricanes or tornadoes, but we could. Nothing is impossible. As a former resident of Southern California, I was in the epicenter of the 1994 Northridge earthquake.

We had minimal damage to our home, but had no electric, gas, or water for many days following the quake. A few months later, we moved to Lahaina, Maui, and just several months later we had a tsunami warning.

We lived directly on the ocean front, and as soon as we heard the sirens we evacuated up the hill to the local airport. We had no water, food or provisions for our cat with us, and no idea how long the warning would last, or for that matter, if our home would be washed away. Luckily for us, no tsunami occurred. The point I'm making is that we had no emergency plan.

Since the disaster of my former home in Lahaina a few weeks ago, I have had some serious discussions with our police chief and fire chief about just where we stand with our Emergency Preparedness Plan.

As you know, we have no radio station in operation, no sirens, for early warning, but we do have NIXLE, which is an alert warning system. You

can download the NIXLE app and receive alerts through the internet instead of texts. It's free.

Your smart phone will alert you very quickly. Yes, I understand that not everyone has a smart phone or the internet, and that there may be no power available. To use NIXLE on your phone, text your zip code to 888777 to opt-in to this service. It will keep you up to date with relevant information from your local public safety departments. Mesquite isn't Hawaii, but we are like an island when it comes to resources to assist us in an emergency.

Remember the washout of the I-15 in 2014, and the frequent closing of the gorge heading north. There has never been a greater time for preparation and the role our emergency management plays in our community.

In speaking with our emergency preparedness team, they agree that we could be on our own for an extended period of time in a regional emergency. We need to be prepared within our own home. I won't go into details as to how our Emergency Operations Center works in this article due to space restrictions, but I will next month.

I will however, talk about what you need to do at home in the case of an emergency. In most cases, you need to be proactive, not reactive, because there is rarely a warning that would give you the opportunity to get ready.

Mesquite has an older population, so I'll address them first. The Center for Disease Control recommends a minimum three-day supply of medications, along with a cooler and ice packs if your medications require refrigeration.

If you have a hearing loss that requires hearing aids, you should have extra batteries available. You should have some sort of identification that lists any medical conditions you have and emergency contact information.

If you are using oxygen, you need

# Mesquite Rotary excited for Mudd Volleyball fund-raiser

By Breven Honda

The Mesquite Rotary Club Mudd Volleyball fund-raising event has grown during the last 11 years.

From coming up with the idea of playing volleyball not just on sand or in a gym, but in a mud pit to involving sponsorships and the Mesquite community, Linda Gault, the event coordinator, knew that this could be the club's biggest event of the year.

"We were trying to identify something that we could do that would be different, would be fun and encourage the community to take an active part," Gault said.

Gault, who had moved down from Wyoming about 12 years ago, was new to the club at the time but was unafraid of stepping in and being part of any planning for the Mesquite Rotary Club.

Her experience paid dividends as she brought up the thought of mud volleyball at a board meeting for a potential idea.

"I knew of mud volleyball tournaments and other locations," Gault said. "I went to one of the board meetings and I said, 'Hey, here's an idea. Do you think we could do this?' So, they asked me to see what how I could put it together."

The first year Gault and the Rotary Club planned this event, they started out with five teams in a small capacity, compared to what it is now.

The players from those five teams enjoyed themselves to the level that they attracted more people the following year and not only from Mesquite. Through the years, teams have started to come from St. George and Las Vegas.

Through the years of growth, the money that is raised benefits the people in Mesquite.

"Everybody had so much fun that word got out and then every year, we added teams, and it grew," Gault said. "All of the funds that we raise are used for things here in the community. We give high school seniors scholarship to go on to college, or tech school. We support our food

banks, whatever there is that we can help with."

All those adjustments, including not having an event in 2020 due to the COVID-19 pandemic, has led to this year's event, scheduled for Sept. 23 behind the Eureka Casino, the same site where this event has been held since the beginning.

This event has grown so much that it had a costume contest last year as Gault and her committee reached out to different businesses and organizations in Mesquite to support and sponsor teams and the event, including from local first responders.

"I went to the police and the fire departments and I said, 'Hey, would you guys be willing to put together teams of six players? Would you be willing to put together teams and compete against each other for a trophy every year?'" Gault said. "And they go, 'Oh sure. We'd love to do that.'"

"Whoever wins those matches becomes our studs of the month for the year. And (the winning department) get a big, tall trophy. They get to keep it at their office for that year."

The Mesquite police and fire departments are two of the many sponsors for the volleyball event.

There are six players on a team and Gault said there will be about two dozen teams competing in this year's event.

As the event coordinator, Gault is hoping to exceed expectations from the year before, but she is not focused on a specific goal.

"Last year, we hit our highest amount of \$14,000, which is pretty good for a small club as small as we are," Gault said. "Of course, every year you want to surpass the year before. We don't really set a goal. We take whatever amount of money that we are able to raise and then we always used it within our community in some fashion."

Even if people decide not to play because they do not want to get dirty or for some other reason, Gault said there are ways people can help or support.

"We're always looking for volunteers," Gault said. "It takes a lot of volunteers to help in all different

ways. And we have four pits that are going constantly from the beginning until we've reached the end of the tournament.

"We need scorekeepers, judges, referees and because we have four pits, at all times, I need to have four people at each pit. We try not to keep people out there more than an hour or two hours at a time. So, we're constantly rotating people so that everyone gets a break."

Whether people are playing, helping out or taking in a Saturday afternoon watching mud volleyball, Gault and her committee are hoping people enjoy themselves in the sun.

She wants this year's event to be successful, in addition to those in the future.

"We hope that the community will continue to support us, and we'll have opportunities for people to come and see what we're doing, enjoy it, have some fun for a Saturday and watch the activities and the fun out there," Gault said. "That's what it's all about, giving us an opportunity to pay back our community."

# Changing Medicare supplements

By Andrew Bird  
*Financial Concepts*

If you are familiar with Medicare then you are most likely aware of the Annual Enrollment Period each year during which you are allowed to sign up for or switch your current Medicare Advantage plan or Part D prescription drug plan. This brief window of time is typically from Oct. 15 through Dec. 7.

What a lot of people are not aware of, and an issue that often gets brought up in my appointments, is that these dates have nothing to do with anyone who is on Medicare and has a Medicare Supplement or Medigap policy.

Those who are on traditional Medicare and have a Supplement are not bound by these enrollment periods

and can switch Supplement plans any time they choose. The only part that they cannot change outside of the Open Enrollment period is the Part D prescription plan.

What this means is that if you are unhappy with your Medicare Supplement plan or have experienced a premium increase recently, you have the option to switch plans at any time during the year. However, just be aware that you will still have to be medically underwritten and qualify for the new plan unless you fall under a special election period.

If you are unhappy with your current Medicare Supplement policy or if you would like to see if you can save money on your current premium, speak with a qualified local insurance agent who can show you your options.

# Mesquite Senior Games preparing for exciting fall events

By Breven Honda

The summer break for the Mesquite Senior Games is coming to an end as a few events are right around the corner.

Beginning next month, the Mesquite Senior Games will have five events between now and the end of the year, kicking off with the yearly men's softball event from Oct. 6 to 21 at Pioneer Park. This year's event will be followed by the Huntsman World Senior Games, based on the different age brackets.

Mesquite Senior Games Interim President Sandy Tudor, who is also coordinating the softball tournament, said teams are coming in and are putting the finishing touches to their preparations as teams are submitting their names before the deadline.

"These teams are used to coming here," Tudor said on Aug. 23. "They come here, play and then they go to Huntsman. I think I've got like 20 teams right now and there's probably another five or six that I've talked to that go, 'Oh, yeah, I'll get your registration in soon.' So, I think we'll be fine."

There are multiple age brackets for this year's softball. The first age bracket to open play is the 65-plus teams, which get under way on Oct. 6 and end the following day before the Huntsman World Senior Games on Oct. 9-13.

Also playing on Oct. 9-13 for the Huntsman World Senior games is the 60-plus age bracket as play is from Oct. 7-8. As a result, that means these players will not have much rest if they are play-

ing every day for six straight days.

Also playing Oct. 7-8 are the 74-plus age group, who also won't have a break with the World Senior Games taking place Oct. 9-13.

By having this event every year, the planning for this tournament is nothing new for Tudor and her event committee. Tudor said the experience has, feels like second nature to those who planned the event in the past.

"We've got the fields at Pioneer, which is probably all we'll use," she said. "I've got my umpires lined up. We've got the concessions ready to go. So, we've been doing this for so long. This one pretty much runs on its own."

The following week, the 70-plus, 79-plus and 84-plus age groups get underway from Oct. 11-12. These three groups will have extra time to rest and recover ahead of the World Games, which kick off Oct. 16-20.

The two youngest groups, the 50-plus

and 55-plus age brackets, begin play on Oct. 16-17 before the Huntsman World Senior Games on Oct. 18-21 for both age groups.

In each age division, gold, silver and bronze medals will be handed out as the deadline to submit a team is Oct. 1.

The men's softball event is not the only event taking place in October. Two events from the spring slate of events are making their return before the end of the year.

On Oct. 23-24 the Mesquite Senior Games will have a bocce event and during the following three days, a pickleball tournament will commence.

The bocce event, which is scheduled to take place at the Sun City Recreation Center, is open to anyone at or above the age of 50. The registration deadline is Oct. 16.

The pickleball tournament, which runs from Oct. 25-27, will have a men's double event on the first day, mixed

doubles on the second and women's doubles on the final day with 8 a.m. starting times for each day.

As the pickleball event is slated for the Mesquite Recreation Center, brackets will be based on skill followed by age. Round robin play will ensue, and all players need to have an account on [pickleballbrackets.com](http://pickleballbrackets.com) to participate.

Tudor said there are many players who requested to have a fall bocce event as the pickleball continues to make its return to the fall for another year.

"We've had pickleball the last three years," she said. "I think that was one of the ones we have in the fall when we opened it up after COVID. And then we just we had so many people ask us in the spring to have bocce in the fall."

Having that jubilation from the players caught the eyes and ears of Tudor and her board members, prompting preparations to plan a second bocce and pickleball event this year.

"We're really excited and the bocce players, you know, there are a couple of bocce clubs here in town, one of them obviously up at Sun City because that's where the courts are, so they're really excited," Tudor said. "And the signups for both (pickleball and bocce) have been really good."

The Mesquite Senior Games will also hold a cornhole event on Nov. 18, which will be in conjunction with the Mesquite Recreation Department before the final event, the Bowling 9-Pin no-tap event on Dec. 9.

# Mesquite Veterans Party, 'Soldiers & Bobby-Soxers,' pays tribute to local veterans

*Mesquite Monthly*

This Veterans Day, Saturday, Nov. 11, the Fourth Annual Mesquite Veterans Party that will pay tribute to our local veterans in an afternoon filled with live music and local performers.

The Veterans Party is a fundraiser to benefit the Mesquite Veteran Center and is presented by the Daughters of the American Revolution, Virgin Valley Chapter and the Mesquite Poker Boys.

The theme of this year's event, "Soldiers and Bobby Soxers", is a 1950s sock-hop featuring 50s music and decor in the Mesquite REC Center gym.

Since 2009, the Mesquite Veteran Center (MVC) has served as the parent organization and central meeting place for the Vietnam Veterans of America Chapter 993, the VFW Post 7583, the American Legion Post 24, and the Virgin Valley Honor Guard.

MVC volunteers routinely assist veterans with online enrollment for military benefits, they communicate with the Veterans Administration to resolve benefits issues and help interpret the many forms that are needed to apply for and receive medical benefits.

Without the MVC volunteers, the process can be frustrating, time consuming and often futile.

MVC volunteers also provide veterans with rides to medical appointments both in Mesquite and out of the area.

When a Mesquite veteran recently needed a ride to St. George for chemotherapy treatments, an MVC volunteer drove the veteran several times each week for therapy.

The MVC is an invaluable resource for veterans who have no means of transportation or who are unable to drive.

The Combat Veterans Discussion

**Robert Nehilla, MVC vice president; Steve Reynolds, MVC president; and Bob Barquist, Lyons Club president, volunteer at the MVC to support area veterans**

Group is held at the MVC two times each month.

This counseling program is led by a therapist from the Department of Veteran Services and gives combat veterans the chance to discuss their PTSD symptoms with other combat veterans.

Recent statistics show that in the US an average of 22 military veterans commit suicide every day. Participants can reach out to one another when they need someone to talk to

on difficult days.

There's 24/7 support from other combat veterans in the group.

The MVC is funded solely through community donations, making fund-raising events like the Veterans Party critical to their future operation. We hope you'll join us on Veterans Day to say thank you to our local veterans and to raise money for an important cause. For an afternoon of dancing, live music, great food and the chance to dress like a bobby-

soxer, you won't want to miss this moving tribute to our local veterans and fun-filled community event.

50s attire is encouraged but not required. Soft soled shoes only for admission. Program starts at 2:00 and ends at 5:30 p.m.. Tickets are \$8 for adults - admission is free for kids 12 and under. Avoid the line at the door - advance ticket sales are now available at the Mesquite Fine Arts Center. Cash sales only the day of the event.

# Who is Jesus?

By Pastor Christopher Wall

The answer that you have to the question above is the most important in the whole world. Some think that by denying the reality of Jesus they have found the answer to this problem, they are sadly mistaken with such a notion.

Some have a low view of Jesus that places Him on a merely human level and not as the supreme other being that He is. Again, as we look at the Scriptures, such a view is mistaken.

How do I know that these views are mistaken? The Bible is how.

Now some will bring in the objection, "I don't care what the Bible says."

And to that I simply reply, "That doesn't really matter."

Let me give you an example. If you tell me to be careful around a fire because it is indeed powerful and will burn me, my belief about the reality of what you have just stated is totally irrelevant to the facts at hand. If I am not careful, I will most certainly be burned.

Now you might read the above example and say, "But you have not given a case for the Bible being true, you have simply made a case for the nature of objective reality."

To this, I must admit that you are right.

My point with the above example is not to prove that the Bible is

true—I simply do not have the time in this short column to address that matter—my point is that you should study the matter out, weigh the evidence, and realize that if you are wrong, there are serious consequences.

Now having firmly established the fact that our basis for the answer about who Jesus is will be derived from the Scriptures, let's examine some passages that speak to the nature of Him.

Jesus is Creator—Colossians 1:16 "For by him all things were created, in heaven and on earth, visible and invisible, whether thrones or dominions or rulers or authorities—all things were created through him and for him."

Jesus is Savior—Acts 4:10-12 "let it be known to all of you and to all the people of Israel that by the name of Jesus Christ of Nazareth, whom you crucified, whom God raised from the dead—by him this man is standing before you well. This Jesus is the stone that was rejected by you, the builders, which has become the cornerstone. And there is salvation in no one else, for there is no other name under heaven given among men by which we must be saved."

Jesus is King—1 Timothy 6:15 "Which he will display at the proper time—he who is the blessed and only Sovereign, the King of kings and Lord of lords"

This is who Jesus is. Trust Him today!

Chris Wall is the pastor of Mesquite Baptist Church located at: 742 W. Pioneer Blvd. Suite A. Additional resources can be found on Instagram and Youtube at Mesquite Baptist Church NV
