Verb and Context

The impact of shared knowledge on TAME categories

Edited by Susana Rodríguez Rosique and Jordi M. Antolí Martínez
University of Alicante

This volume approaches the interaction of evidentiality with some other related categories, such as modality and mirativity, from an innovative angle: its connection to informational configuration. The aim of this book is to analyze the impact of shared knowledge on TAME categories as well as to explore its reflection on different verb choices. It provides an innovative theoretical view as well as a robust typological, crosslinguistic perspective.
