

Adventures in Consciousness: An Introduction to Aspect Psychology, Jane Roberts, 0130139610, 9780130139610, 288 pages

In this new edition of her 1978 "Adventures In Consciousness", Roberts sets out to account for an entire range of nonscientific phenomena (events for which science has found no official proof). What emerges is Roberts' theory of Aspect Psychology: nothing less than a revolutionary view of the human personality. Taking up where Seth left off, "Adventures In Consciousness" encompasses and explains the full, incredibly versatile, multi-dimensional range of the normal human psyche.
