## DRUM CORPS HERE SATURDAY JUNE 15

Glenside Concert Corps to Give Concert at Memorial Park, Riverton, in Evening

Ten flashy American Legion Drum and Bugle Corps will invade Palmyra and Riverton on Saturday, June 15th, to vie for the title of South Jersey Champions and to annex one of the three coveted Governor Harold G. Hoffman silver trophies.

These spectacular units are coming from New Jersey, Pennsylvania and Delaware and include such well-known outfits as the Houston Post, of Germantown; the Delaware Post, of Wilmington; the Morrilstown, Perth Amboy and Wood Ridge posts from North Jersey. A tricky colored corps from Brandywine Springs will also thrill the crowds with their high-stepping, clever maneuvering.

The four best junior corps competing in the Junior Classification at Mt. Holly several weeks ago will fight it out to the last ditch for high honors and the Governor's cup at Palmyra on the 15th.

Competent judges, each an expert in his particular line, will be on hand to rate the competing corps. They are: Judging cadence, Major J. Iredell Wychoff, N.J.N.G., Lt. Charles A. Coulomb, P.N.G.; Inspection officers, Captain J. E. Rouh, N.J.N.G., Captain Harry E. Lindberg, N.J.N.G., 2nd Lt. Waldo Green, N.J.N.G.; Judging maneuvers, Captain Harold R. West, N.J.N.G., Lt. James H. Dare, U.S.A., Captain Henry Rosenfeld, N.J.N.G., Lt. James M. Davidson, N.J.N.G., Lt. Roy H. Evans, N.J.N.G.; Judging music, Captain Luther Mkitarian, U.S.A., Robert M. Carter, president All-American Drum and Bugle Association, Dr. Thomas H. Lawn, bandmaster Eastern Penitentiary, and John M. Griffenberg.

The joint celebration committee have contracted for 2500 reserved seats within the high school grounds and 200 box seats.

Preceding the competition at 2.00 p.m. the borough officials plan to dedicate Palmyra's newly completed public park. At 2 p.m. the competition starts, lasting until approximately 5.30 p.m., at which time the most colorful spectacle of all takes place, the retreat. At 7.00 p.m. the parade, including all competing units, will start in Palmyra and march to Riverton where at Memorial Park the judges will announce the winners in the day's competition.

In the grandstand, at Memorial Park, Riverton, a real treat awaits all who attend. The famous Glenside Concert Corps, made up of players in the United States Championship corps, will give a concert. This corps is not restricted to G and D bugles alone as is the case with the competing corps, and the result is music finer than any produced by corps with restricted instruments.

Following the parade, prize awards, and concert at Memorial Park, Riverton, the post will hold a carnival on the lot formerly occupied by the Standard Oil Company sub-station, Pompeston Creek and Broad street, East Riverton.

The police units from Palmyra, Riverton and Cinnaminson are co-operating to route traffic and provide ample parking space near the scenes of activity for the thousands who are expected to fill the two communities on the fifteenth. In the event of rain, the competition will be postponed until the following Saturday, June 22nd.

### CORRECTION

It was stated in this paper last week that the fee of inoculating dogs against rabies was \$1.00. The price should have read \$2.00; \$1.00 for the serum for inoculation and \$1.00 for the service.

## NEW RECTOR FOR PALMYRA CHURCH

Rev. William Boyd Called to Palmyra; Rev. Ira Pimm Goes to Millville

The Rev. Norman Stockett, Jr., of Pemberton, has accepted a call to the rectorship of Christ Episcopal Church of Palmyra. He visited the church last Sunday, although he does not take up active duties until June 16. He succeeds the Rev. Daniel G. MacKinnon, who resigned recently to move to New England.

Father Stockett, who is well known throughout Burlington county, will take up his residence in the church rectory August 1. His father, the Rev. Norman Stockett, Sr., has been rector of Grace Episcopal Church of Pemberton for several years.

## NO MORE P.W.A. SCHOOL MONEY

Washington Denies Additional Grant to Riverton for Improvements

The Riverton Board of Education will not be able to secure a further grant of \$17,000 from the government, according to a report submitted to that body Monday night by H. E. Moyer, a member of the board.

Mr. Moyer said that on May 16 and 17 he had been in conference with Col. E. W. Clark, executive officer Public Works Administration, acting for Secretary Ickes, Department of the Interior, U.S.A., Washington, D. C., and had been informed that existing regulations do not permit grants exceeding 70-30 percent ration of total cost of project, nor re-allocation of allotted surpluses.

He was further advised that application could be made by the school district for further allotment of about \$6,000, provided the citizens of Riverton would raise another \$11,000, the two sums together equaling the additional \$17,000 necessary to make the additions and alterations to the school building on the basis of the last estimates received for the work.

Net Gain of \$20,000

Mr. Moyer laid this information before the members of the Board of Education immediately on his return from Washington, and it was at that time thought probable that a revision of plans would be necessary, and the architect was asked to start preparation of such revision. He was also requested to compute the saving owing to the difference in hour rate for labor, if the construction was done without PWA aid. It developed that the saving would be between \$3,000 and \$4,000, leaving a net gain of about \$20,000 by accepting the grant of \$23,800.

First Bids Too High

It will be recalled that the first bids were rejected because they were too high, and that the second lot were still higher. It was then that the board of education decided to see if the additional money could be secured from the government, and Mr. Moyer was delegated to go to Washington to see what could be done.

At the meeting Monday night the board directed the architect to complete revised plans to come within the original \$85,000 and submit them to the State P.W.A. authorities for approval.

Bottger Resigns

The resignation of William H. Bottger as a member of the Board was read and accepted. Mr. Bottger was later appointed district clerk to fill the vacancy of Spencer L. Haines, who relinquished his office owing to the fact that he had recently been appointed receiver of two banks, one at Mount Holly and the other at Maple Shade, which re-

## POWERS WILL HELP HOLC APPLICANTS

Congressman Offers to Assist Those Desiring to Secure Loans for Homes

"If you want to make application for a Home Loan and haven't yet done so, do it now."

That is the advice of Congressman D. Lane Powers, Representative of the 4th Congressional District of New Jersey which includes Burlington and Mercer counties. Now applications will be received only for 30 days from May 28th, the day the President signed the bill.

Those who live in Burlington County should file with the Home Owners Loan Corporation in Camden and residents of Mercer County should file with the HOLC office at New Brunswick.

"During the period this Corporation has been in existence I have had the pleasure of trying to help many applicants. If there are any residents of our District who have applications now filed on which they are experiencing unnecessary delay, or if there are any about to file who wish my help, they need only to write my Washington office and I'll be glad to give them every possible personal assistance.

"Please address all communications to me at Room 1440, New House Office Building, Washington, D. C.

## PLAN TO PROMOTE HOME OWNERSHIP

Riverton Man Attends Meeting of National Association of Real Estate Boards

W. W. Chalmers, of Riverton, president of the New Jersey Association of Real Estate Boards, attended a meeting of the board of directors of the National Association of Real Estate Boards in Detroit last week.

Mr. Chalmers, who is also a director of the Camden County Real Estate Board, participated in a discussion of a plan to reorganize the national group of real estate experts engaged in mortgage servicing and financing. Chalmers reported the launching of a nation-wide campaign to revive interest in home-ownership and to further reduce building costs.

## FOURTH OF JULY PLANS STARTED

Town Meeting and Council Co-operating Again for a Better Fourth

Riverton Town Meeting started the ball rolling for a bigger and better Fourth of July celebration in Riverton this year when its president, Edwin S. Parry, appointed the following committee to cooperate with the committee from Council in promoting another "old time" Fourth of July. They are: Robert Ayres, chairman; John B. Keating, Robert Marshall, Lincoln Ridley, Ross T. Elliott, Herbert Evans, Mrs. E. K. Merrill, Paul Barnhart and Karl Latch.

The committee from Riverton Borough Council are: John L. Strohlein, chairman; J. Wilson Sylvester, and Robert W. Knight.

"Bob" Ayres stated that the committee would begin early next week to solicit subscriptions to the general treasury in order that sufficient funds may be raised to have a REAL show — FIREWORKS — BAND — and everything.

For several years previous to last year the traditional "Fourth" was eliminated from the borough budget as far as fireworks and band were concerned, with the result that Riverton was leader than the dodo bird on the Fourth of July.

Town meeting could no longer stand the pressure and last Fourth a committee was appointed to raise enough to add to the borough's \$300 appropriation to swing a good show.

The committee pitched in with a vim and the result was a splendid response from the townspeople, followed by a splendid show on the Fourth.

The following committees and committee chairmen were appointed at a joint meeting held by the Town Meeting Committee and committee from Council Wednesday evening:

Committee on contributions: Robert Ayres, Lincoln Ridley, John B. Keating, Ross T. Elliott, Lloyd Major, Andrew Pfaff, Mrs. E. K. Merrill, Paul Barnhart, Harry E. Moyer, Karl Latch, H. F. Marshall, Herbert Evans, Mrs. Bradford Stetson, Mrs. Edward Blackwell, George Weiford, Mrs. Alma Evans, Mrs. Edson Carhart, Mrs. Arthur Hagstoz, Mrs. Walter Blyler and Mrs. R. M. Fuller.

The following chairmen were given assignments as follows: Band and fireworks, John Strohlein; singing, Robert White; invocation, Rev. Francis B. Downs; athletic events, Leon Sloan; judges children's parade, Porch Club; K. of C. Cadets, Andrew Pfaff; firemen, Ezra Carhart, Jr.; Yacht Club, Commodore Howard Lippincott; printing, Karl W. Latch; bunting for stand, Robert Ayres; drinking fountain, Karl W. Latch; parade committee, Clarence Mattis; lights, Dewitt Steedle; flags, D. M. Clifton; bugle corps, Karl W. Latch, and amplification, John Keating.

## OFFICIALS PONDER DOG PROBLEMS

Proposal to Require That All Canines Be Vaccinated Meets Approval

The Boards of Health, town officials and police officials of Riverton and Cinnaminson, met at the office of Dr. Harry L. Rogers Monday evening of this week to see what could be done about the nuisance of dogs running loose, not registered or vaccinated against rabies and endangering the lives of other dogs and people. The Palmyra officials were invited to this meeting but were unable to attend.

The general consensus of opinion was that a uniform plan should be mapped out for the three towns, Riverton, Cinnaminson and Palmyra, in order that all might be working in the same direction. Dr. W. W. Gardiner, veterinarian, of Moorestown, said that he felt sure that Moorestown would be willing to cooperate with the three towns.

The laws of various states concerning the dog problem were discussed and the final outcome was a decision to try to incorporate in the local dog ordinance the following necessary points: have the dog vaccinated before he is registered and refuse a registration for any dog which cannot display the vaccination tag. After a certain amount of time has elapsed in which this should have been done, destroy all dogs who are not wearing the two tags. In this way Connecticut and Chicago have had very little or no trouble with mad dogs for several years.

Councilman Robert W. Knight, representing the Riverton Council, said that the local ordinance would have to be rewritten because as it stands now it is not legally binding. He said that he would have this done and bring the matter up at the next meeting of Council, June 13th. The Cinnaminson delegation said that they would bring the problem up at their next meeting, June 11.

Mr. Knight also said that a sign would be erected on Memorial Park stating that all dogs must be kept off the park, and that this ruling would be enforced. Those attending the first meeting were: Dr. Harry L. Rogers, Robert W. Knight, Dr. Harry B. Mark and William Gootee, of Riverton; Officer George Dorworth, James Davidson and Maurice Conrow, of Cinnaminson Township and Dr. Zurbrugg and Dr. Gardiner, of Moorestown.

## SENIOR BOYS TAKE NOTICE

The Omega Chapter, Phalanx Fraternity cordially invites all Senior boys of Palmyra High School to be its guests at the next regular meeting, Monday, June 10, at 8.30 p.m., in the YMCA Hall, Palmyra. The meeting will consist of a vocational guidance program. Youth Council registry cards will be available at this meeting.

W. Maynard Bowen, Quaestor.

## DRUNKEN DRIVER

Morton Christian, of Burlington pike, Delran Township, was arrested Monday evening by Officer John Robinson on the charge of drunken driving.

When arraigned before Recorder Bowers it was found that he was also driving without a license. On examination Dr. Harry L. Rogers pronounced the man to be drunk.

He was sentenced to 90 days in Mt. Holly jail in default of fine and costs of \$221.

## CARD PARTY

The Woman's Auxiliary of Christ Church, Riverton, will hold a card party at the home of Mrs. Philip F. Newkirk, 605 Bank avenue, on Wednesday, June 12, at 2.30 p.m. Tickets 50c. Everyone is invited.

### GOVERNOR SPEAKS AT LEGION SERVICE

Thousands Hear Memorial Day Address by Hoffman at Lakeview Cemetery

The Memorial Day parade and exercises sponsored by Post Frederick M. Rodgers, No. 156, of Palmyra and Riverton, last Thursday, was one of the largest and most elaborate Memorial Day programs held in this community in recent years.

The parade started at the Riverton Fire House at 2 o'clock with the Palmyra police leading the procession, followed by Palmer L. Adams, marshal of the parade and John L. Metzgar, commander of the American Legion Post, including their aides; cars bearing Gold Star Mothers and Widows of the GAR Veterans; Mayor Walter D. Lamont, of Palmyra and members of council and members of board of education; Company "K" N.J.N.G., of Burlington. The Palmyra Legion Drum and Bugle Corps in their natty blue and white uniforms were next in line and furnished a part of the music for the parade. They were followed by Girl Scout Troops of Palmyra and Burlington, Burlington Boy Scout Corp Band, Troop No. 1, Boy Scouts of Palmyra, Palmyra High School Band, School Children from Riverton and Palmyra schools and Fire Companies of Parry and Riverside Park.

From Riverton the line of march was down Broad street to Garfield avenue where children from Palmyra schools joined the marchers.

At the Methodist Episcopal Cemetery the Rev. Ira S. Pimm, offered a prayer at the graves of the soldiers. Children from the schools placed flowers on the graves and the firing squad from Company "K" N.J.N.G., gave the usual three volley salute. The Palmyra Drum and Bugle Corps blew taps. At Morgan Cemetery the same ceremony was repeated and the Rev. George Lockett offered the prayer.

Private cars and busses transported the marchers to Lakeview Memorial Park and Asbury Cemetery. Similar memorial services were held at Asbury Cemetery.

At four o'clock the memorial service at Lakeview Memorial Park began. John L. Metzgar was master of ceremonies and the services were opened by an invocation by the Rev. Charles T. Bates, followed by a salute to the dead by Company "K" N.J.N.G., and taps by Post Frederick M. Rodgers Drum and Bugle Corps. The whole assemblage joined in singing America, followed with a selection by the Palmyra High School Band.

Palmer L. Adams introduced Honorable Harold G. Hoffman, governor of the State of New Jersey, who delivered a very impressive Memorial Day address.

The Palmyra Drum and Bugle Corps played one of their new numbers. Lionel Klevan delivered "Lincoln's Gettysburg Address," followed by a selection by Troop No. 1, Burlington Boy Scout Corps Band. Mayor Walter D. Lamont, of Palmyra, gave a short address and the Rev. George Lockett pronounced the benediction and the services at the park were brought to a close by the assemblage singing the first verse of "The Star-Spangled Banner."

The Burlington County Leisure Time Orchestra furnished music at the park at various intervals before and during the exercises.

### GARDEN PARTY

A garden party will be held on the church lawn, Fourth and Linden, June 11 at 2:30, under the auspices of the Sacred Heart Parent-Teacher Association. Admission 35 cents. Radio, bridge and pinocle will be played with prizes for every table. Mrs. C. E. Cavanaugh is chairlady of the committee. Her aides are Mrs. Harry Gottlieb, umbrellas; Mrs. Edward Steele, tables; Mrs. J. J. Ford, refreshments; Mrs. A. E. Conlow, cards and tallies and Mrs. John Strohlein, prizes.

### CHORAL CLUB CLOSES SEASON

The Fellowship Choral Club, after enjoying a very successful season held its last meeting of the current year on Monday night, June 3, at the Riverton Porch Club. The group, under the able leadership of Alfred S. VanOsten, sang several numbers consisting of "Passing By," "Lift Up Thine Eyes," and "Home on the Range."

Following this a business session was called to order by the president, Nathan Lane, for the purpose of electing officers for the ensuing year. The new officers are: Frank Booth, president; Paul B. VanSciver, vice president; C. W. Davison, treasurer; James G. Devor, secretary; Claude Barto, chairman music committee; Russel Smith, chairman membership committee; Eric Warnick, chairman publicity committee; Alfred S. VanOsten, music director; Lee Milton, accompanist.

The feature of the evening was a "stunt program" in which every member participated by means of piano solos, poems, readings and songs. Refreshments consisting of iced cream and cake were served.

Plans for the coming year were discussed and the club expects to resume its activities September 16th. In reviewing the season's work, it may be recalled that the Fellowship Club participated in the following events:

Library benefit concert; Sacred concert with the Reverend Frank C. Learning and Boy Choir of Christ Church, Bordentown; return concert in Bordentown; Cooper Hospital benefit, with the Associated Glee Clubs of South Jersey; Sacred cantata, "Seven Last Words of Christ," with augmented chorus. Music Night, Youths' Week, YMCA and various P.T.A. appearances. Last week the Fellowship was host to the Associated Glee Clubs of South Jersey in a rousing get-together meeting held in Christ Church Parish House.

### NOTICE

Word has been received that the dog catcher will be in Riverton after June 10.

Summons are now being issued for people who have not had their dog registered with the borough clerk up to date.

No man bit a dog last week; but a motorist did use a pedestrian. —Manchester (N.H.) Union.

### Philatelic Interests BY FRANK HALEY, JR.

It does not seem to be generally known that the second issue of Haiti the perforated stamps of 1882 provide a number of interesting forgeries which were made not to deceive collectors, but to defraud the government of the time. They are fairly close copies of the genuine stamps and they seem to have been used over a period of about four years—from 1886 to 1890. At first it was considered they were perfectly legitimate stamps produced locally but eventually a Mr. Moens was able to prove their proper status conclusively. These fraudulent labels were produced by lithography, the design being transferred to the stone on its entirety, so that there were no variations in the numerals and shield such as found on the genuine stamps. The perforations are also different. Those of the genuine stamps are 12½ while the forgeries are either 14 or 15½. Once in a while one finds these forgeries used side by side with the genuine. All these forgeries seem to have been used in Cap Haitien and they appear to be much scarcer than the genuine.

### New Issues

**INDIA SILVER JUBILEE**—This new issue consists of six values with a possibility of a seventh at a late date. The stamps were printed at Nasik on Multiple Star watermark paper, and the general design is similar to that of the crown colonies, redrawn and made peculiarly significant of India. The King's portrait is surrounded by the collar of the Order of the Star of India, which was founded by Queen Victoria in 1861. A royal palm constitutes the left frame of the picture with the inscriptions grouped beneath them. Upon the ½a light green and black is the "Gateway of India, Bombay." This was built to commemorate the landing of King George and Queen Mary at Apollo Bunder in 1911.

One of the most venerated of Hindu shrines, the "Rameswaram Temple, Madras" is on the 1a chocolate and black.

The incomparable white marble beauty of the "Taj Mahal, Agra" glows anew on the 2½a ochre and black.

The glorious "Golden Temple, Amritsar" shows its splendor on the 3½a blue and black. One of the interesting points about this temple is that the roof is made of copper.

A "Pagoda in Mandalay" occupies itself on the 8a lilac and black while the "Victoria Memorial, Calcutta" is on the 9a dark green and black.

**SOUTHERN RHODESIA**—The Royal Jubilee stamps are four distinctive pictorials. A full-faced portrait of the king in an oval medallion surrounded by the crown and the commemorative dates at the right. The lower left side is filled by a giraffe, elephant and lion, while a springbok peers out of the foliage at the extreme right of the king's portrait. The denominations are 1c carmine rose and pale olive, 2c black brown and light green, 3c ultramarine and pale violet and 6c lilac and grey.

### HOFFMAN LIKES COURT RULING

Condemns "Unwillingness in High Places" to Accept Decision

Governor Harold G. Hoffman said last Saturday the "element of danger" in the scrapping of the NRA codes is "the surprising and apparent unwillingness in high places to accept this vital and unanimous determination by the Supreme Court." The Governor, a Republican, did not mention President Roosevelt by name in his statement, but his remarks were construed to refer to the President's intimation he may appeal the Supreme Court's NRA decision to the people.

"I regard the NRA as dead," Hoffman said. "Inspired propaganda will not bring it back, and straw votes will not scrap the American Constitution."

### Must Accept Losses

"A great part of the billions that have been spent in unwise undertakings can not be salvaged. The American people must enter these as losses to be paid, and as a part of the cost of confused political experimentation."

"We should waste no time in going about our business and promptly releasing the shackles that have held back recovery through private enterprise—the only way, incidentally, by which prosperity can return."

Poise and Common Sense "The most important thing to be recovered is our poise and common sense. The saving of this country by tried and established law is much more vital than salvaging the hurts of those who have led the people through strange and unlawful paths in search of an impossible utopia."

"Through the application of the Anti-trust laws, voluntary codes of fair practice, interstate compacts and wholesome competition there can be accomplished all that is required to insure fair dealing to labor, to the small business man, to the farmer and to the consumer in reasonable and lawful ways, known and accepted by the American people."

### HONOR STUDENTS AT PALMYRA HI

Eleven students of the graduating class have been chosen as honor students in Palmyra High School. They are: Dermitt Dooling, Robert Finn, Louis Frick, Anna Johnson, Jean Kenny, Clifford Pierson, Joseph Scheible, Myra Spahr, Marian Stager, Philip Van Osten, and Ruth Winner.

These students must be in the upper ten per cent of their class. They must have at least 27 honor points. These points are gained through the four years of high school. An A plus average counts as three points, an A average counts as two points and a B plus average counts as one point.

The Community Art Center classes will reopen at a date to be announced in the autumn. Drawing materials will be on sale at cost to students.

### GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. George Corneal, of 510 Leconey avenue, Palmyra, celebrated their golden wedding anniversary with a family reunion on Tuesday of this week.

Mr. and Mrs. Corneal are both very well known in Palmyra having made their home here for twenty-five years. They came here from Philadelphia, where Mr. Corneal served the U. S. government as a mail carrier for 41 years. He is now retired and with Mrs. Corneal he has just returned from a sojourn in Florida.

The Corneals have four children, Mrs. Isadora Rarig, of Palmyra; Mrs. Nella Norman, of Palmyra; James Corneal, of Englewood, N. J., and John Corneal, who makes his home in Philadelphia.

### ROBBINS WINS OPEN SCHOLARSHIP COMPETITION

Lewis M. Robbins, of Riverton road, Riverton, N. J., has been awarded a scholarship at Swarthmore College, according to an announcement by Harold E. B. Speight, dean of men. Robbins was selected from a large field of candidates from twenty states in the Swarthmore College Open Scholarship competition.

Robbins, who is president of the senior class at George School, is a varsity soccer player and is active in student affairs.

### COMMUNITY ART CENTER CLOSES

Leisure Time Project Organized by Mrs. Boyer, Will Re-Open in the Fall

The Community Art Centre, organized by Mrs. Murray C. Boyer early this year as a leisure-time project, will end its first season with an exhibition of students' work in the Porch Club, Riverton, on Tuesday, June 10th, from 3 to 9 p.m. Everyone is most cordially invited.

A gratifying interest has been shown in this splendidly constructive venture, and Mrs. Boyer plans a wider scope of activity for next season. The augmented program includes a class in design as well as the now-established class in drawing.

The facilities of the Community Art Centre are free and open to everyone—everyone of whatever age, interested in learning to draw either as an accomplishment or as a means toward a keener appreciation of art in general.

The average attendance for the past season was 18; although there were as many as 28 young men and women, boys and girls at a time drawing from living models.

Mrs. Boyer plans next season to invite several professional artists as guest instructors for the drawing class, thus offering to the students the wider advantages of varied viewpoints.

The Community Art Centre classes will reopen at a date to be announced in the autumn. Drawing materials will be on sale at cost to students.

### THE PEOPLE'S COLUMN

### GARDENERS' CLUB

The steadily increasing number of folks turning to the land makes me wonder how many would like to join the Amateur Gardeners' Club?

What for? To exchange tales of who grew the largest or best; to exchange special plants and ideas and to gather information about the best way to do things.

Address "Gardener" care of The New Era for further information.

### What Other Editors Say

(From Philadelphia Inquirer) The final irony in the career of the Blue Eagle was that it stumbled to its death over a case of chickens.

These things have a way of evening up. We may have won release from the NRA, but General Johnson is back again.

Congress, which learns its lessons slowly, is going ahead with the Wheeler-Rayburn utility bill. Business looks good for the Supreme Court.

In fact, with the Roosevelt Administration in power the Supreme Court doesn't know what unemployment really means.

It remains to be seen if General Johnson is as good a builder-upper as he is a cracker-downer.

The United States is in a position to sympathize with France. This country, so, has a troublesome Frank.

**Of Interest to Christian Scientists and Their Friends**

Excerpts from the report of the annual meeting of The First Church of Christ, Scientist, Boston, June 3, 1935.

Church officers in their reports divulged marked growth of the movement throughout the world, and increased demand for the writings of Mary Baker Eddy, discoverer and founder of Christian Science.

The new president, A. Harry Bacon, succeeds Dr. John M. Brewer, associate professor at the Harvard Graduate School of Education.

New Readers elected to serve in The Mother Church for the next three years are Ralph B. Schofield and Miss Florence Stever Middaugh. Edward L. Ripley and Ezra W. Palmer, both of Brookline, Mass., were re-elected treasurer and clerk of the Church, respectively.

Roland R. Harrison, manager of The Christian Science Publishing Society, reported, in part, as follows: "The average daily net paid circulation of The Christian Science Monitor for the six months ended March 28, 1935, was 136,608—the highest sustained average over any six months' period in the history of the paper."

An outstanding development in the dissemination of news by this international daily paper is the presentation of "The Monitor Views the News." Nearly 200 stations in North America were asserted to be outlets for this service furnished by cooperation of the Monitor, Committees on Publication and radio stations.

### THE "NEW DEAL"

BY JULIAN MASON  
Vice President National Republican Builders

**The Decision**

An amazing moment of political calm, a dead center of party politics, has followed the Supreme Court's declaration of the unconstitutionality of the National Industrial Recovery Act. I write in that impressive vacuum—before the President has spoken.

The impressiveness of the moment derives from many sources. It comes in part from the momentary silence of Mr. Roosevelt himself. It comes from the abstention of Republicans from seeking to manufacture political capital. Above all, it comes from the sense that an instant of poise and thought has come to a great democracy, after a judicial decision affecting its whole philosophy and future.

Faith in democracy itself must be strengthened by the country's grave and calm reaction.

**Public Remains Calm**

The people were apprised instantly of the wording and meaning of the unanimous decision of the nine justices of the Supreme Court. Radio, almost unprecedently for so long a statement, interrupted all programs at all stations to give it "time on the air." Newspaper presses started grinding at high speed bulletins and "text in full."

Editorial opinion was, in the vast majority, calm and favorable. There were no "revolutionary" utterances. There were mightily few of what I would classify as "nine old gentlemen" editorials.

Among the customary extremists, Father Coughlin approved the decision. Huey Long, up to this writing has held his tongue. The "Townsend Plan" has kept out of it. Mayor La Guardia, of New York, has been the most passionately vocal. But even he advocated nothing more than a constitutional amendment. In other words, the reaction has been completely within the American scheme of things. It was within the plan of representative democratic government which the decision re-declared to the people. No American can fairly object to a movement to amend the constitution in behalf of the New Deal. Americans can, and should have objected to trying to change our fundamental ideals by indirection and evasion.

**Business Remains Cool**

Business itself met the situation coolly and helpfully. Its leaders made prompt appeal to manufacturers and employers not to cut prices, discharge employees or get rid of the sensible and American features of the codes. Everything was said that might make a readjustment steady, instead of panicky. The first stock exchange boom was itself out in the sober second thought that this return to fundamentals might well take the inflationary influence out of the stock-list.

Labor was threatening. Many of its leaders talked "strike," but the American Federation of Labor has recently used this threat so unreasonably that it has lost force. It seems rather certain that labor, too, will continue to wage its fight by constitutional means.

**A Great Rebuke**

As for the Republicans, they have notably refrained from the gloating "I told you so." It may be that their silence, like that of the President and the country, is in some degree due to doubt and puzzlement over the steps to be taken in the near future.

But I know, too, that it was more than that. There was a definite refraining from trying to "put the President in a hole" or from crowing over a victory for everything Republicans have been saying since the Brain-Trusters fed Mr. Roosevelt the New Deal's revolutionary policies a year ago. After all, the rebuke is the most complete and humiliating that has ever been administered to the leader of a great political party in this country. Sheer sportsmanship, if nothing else, would keep decent opponents from "rubbing it in."

**TAYLOR-TOY**

Invitations have been issued for the marriage of Miss Elizabeth Marie Toy, daughter of Mr. and Mrs. Elias Morgan Toy, of Cinnaminson avenue, Palmyra, to Allan Crawford Taylor, son of James B. Taylor, also of Palmyra, which will take place Saturday afternoon, June 22, at four o'clock, in the Central Baptist Church, Palmyra, the Rev. George Lockett, pastor of the church, officiating.

Mrs. Alex Chambley, of Palmyra, will be matron of honor and the bridesmaids will be Mrs. Woodburne MacCord, of Palmyra, and Miss Martha Deusche, of Blackwood.

Henry Mathers, of Riverside, will be best man and the ushers will be Woodburne MacCord, of Palmyra, and Bruce Beahn, of Elkins Park, formerly of Palmyra.

Following a honeymoon trip the young couple will take up their residence at 715 Cinnaminson avenue.

The bride-to-be is a member of one of Palmyra's first families and the house in which she and her husband will reside was built by her grandfather, Savory Toy about seventy years ago.

**TAYLOR-BROWN**

Miss Esther R. Brown, of Ham-monton, will become the bride of Clifton W. Taylor, in a pretty June wedding on Saturday, the 22nd.

Miss Brown is the daughter of Mrs. Amelia Price and Mr. Taylor is the son of Mrs. Alice C. Taylor. The ceremony will be performed by the Rev. Ira S. Pimm in the Epworth M. E. Church at two o'clock. The couple's only attendants will be Mrs. Robert Dempsey, a sister of the bride, and Harry Brown, the bride's brother.

A reception for friends and relatives will be held at the Dempsey home in Merchantville, immediately following the ceremony.

After a honeymoon trip through the New England states Mr. Taylor and his bride will reside at Second street and Cinnaminson avenue. They will be at home after July 1.

**CINNAMINSON P. T. A.**

Owing to a sudden epidemic of mumps in the school at Cinnaminson, the circus, so eagerly looked forward to next Friday, the seventh, has been indefinitely postponed, in the interest of public health.

All are disappointed, but look forward to better luck another time. Of course this involves the dropping of the P.T.A. picnic also. Publicity.

PHONE OPERATOR SAVES GIRL'S LIFE

Miss Gatti Tells Distracted Mother How to Stop Flow of Blood

A New Jersey telephone woman is the winner of one of three silver medals awarded this year by the National Committee of Award of Theodore N. Vail medals for noteworthy acts of public service during 1934.

She is Miss Emma Gatti of Hackensack, whose resourcefulness at the switchboard in directing by telephone first aid treatment of a Teaneck child probably saved the youngster's life. Miss Gatti is supervising operator in the New Jersey Bell Telephone Company's Hackensack central office.

Miss Gatti's silver medal supercedes a bronze Vail medal awarded locally. The silver medal is accompanied by a cash award of \$250. Other silver medalists this year are Leona Smith of Morrison, Colorado, and Charles L. Tubby of Linton, Indiana.

The American Red Cross has also honored Miss Gatti for the same act of service with a Certificate of Merit signed by President Franklin D. Roosevelt.

The high honors paid Miss Gatti came as the result of the manner in which she handled an emergency telephone call from a Teaneck woman last October. The woman, who spoke with a marked foreign accent, excitedly asked that an ambulance be rushed to her home. Miss Gatti connected her with a hospital, stayed in on the connection to make sure that the woman would be understood, then, before the connection was broken, asked if she could be of assistance.

The woman told her that her child had cut her wrist. Miss Gatti asked whether blood from the wound was flowing in a steady stream of "jumping out," and being told that it was spurting, she realized that an artery had been cut, and that instant action was vital. She realized, however, that the woman knew nothing of first aid measures, and would be unable to understand such a term as "tourniquet," so she described in the simplest of words what steps to take to stop the flow of blood, explaining, without using the word, how a tourniquet was to be made and applied.

The mother followed Miss Gatti's instructions. A short time later the ambulance arrived and the child was rushed to the hospital where an operation was performed on her wrist. Physicians later stated that Miss Gatti's instructions did much to make the operation successful, and quite probably saved the child's life. Miss Gatti is a graduate of the telephone company's Health Course for women which includes first aid training.

ALUMNI DANCE FOR GRADUATING CLASS

The Palmyra Alumni Association has made arrangements to give a dance to the members of the graduating class joining the Association this year. The dances will be free to these new members. Those of the classes of '32, '33 and '34 who did not join when they graduated, are given this opportunity to become members at the regular price and enjoy the dance free.

The Riverton Country Club has been secured for Friday night June 7th between the hours of 9 and 1 for the dance, and the music will be supplied by Don Martin's orchestra. Admission to other than new members of the Alumni will be \$1.50 per couple. The new members are allowed to bring a partner without additional cost.

The last Alumni dance met with such great success we feel everyone will wish to support this one given in honor of the new members. Chairman Dance Committee

RED CROSS

The regular meeting of Burlington County Chapter American Red Cross will be held in St. Mary's Guild House, Burlington, on Monday, June 10th, at 2:00 p.m. All members of the Red Cross are invited to attend.

Robert J. Finney, son of Mr. and Mrs. J. Horace Finney, 900 Morgan avenue, Palmyra, will receive the Bachelor of Science degree at the 152nd commencement exercises of Dickinson College on Monday, June 10th.

Finney has been particularly outstanding in the athletic life of the college. Coach Forrest E. Craver, veteran track mentor, described him as being the outstanding Dickinson track athlete in recent years and one of the few really versatile men whom he had coached since the days of the old Carlisle Indian School. In addition to winning his varsity letter in track for three years he won his letter in basketball for the past two seasons. He was a member of "The Microcosm" staff, student annual treasurer of his class and of the Interfraternity Council, and of Sigma Chi fraternity.

Finney was captain of the Dickinson track team this spring and the only consistent point getter in the dual meets. He ran the anchor position on the Dickinson mile relay at the Penn Relay Carnival. Fred H. Green, Jr., formerly of Palmyra, is also among the 130 students who will receive their degrees at Dickinson's commencement next Monday. Green was an outstanding high school athlete and well known here. His family moved to Carlisle two years ago. Green is a member of Sigma Chi fraternity and won his varsity letter in football and basketball.

BARTLEY TO RECEIVE DEGREE OF BACHELOR OF PHILOSOPHY

Robert R. Bartley, son of Mr. and Mrs. Joshua Stewart Bartley, of 616 Elm Terrace, Riverton, will receive the degree of Bachelor of Philosophy at the 152nd commencement exercises of Dickinson College on Monday, June 10.

Bartley has been an outstanding athlete since his freshman year at Dickinson. He was a member of the football team for four years, captain his last year; member of the baseball team for four, and captain his last year. He is a member of Omicron Delta Kappa, Raven's Claw, senior honorary society, and a member of the Skull and Key, junior class honor society.

TO HOLD PISTOL MATCH SUNDAY

A three cornered pistol match will take place Sunday morning, June 9, at Hylton's sand banks, when the Philadelphia Bandit Patrol of Tacoma, the South Jersey Pistol Team of Oaklyn and the Palmyra Pistol Team compete for honors.

Members of the Palmyra team are: Lawrence Betty, Elmer Loughery, Joseph Williams, Ralph L. Scott, Bernhard Saylor and John Robinson.

Interested persons are invited to watch the match.

SHORT-WAVE MUSINGS

THE HISTORY OF AMATEUR RADIO

From Radio Amateur's Handbook (Courtesy of American Radio Relay League)

Traditions

As the League has come down through the years, certain traditions have become a part of amateur radio. The Old Man with his humorous stories on "rotten radio" has become one of amateur radio's principal figures. Since 1915 his pictures of radio and radio amateurs as revealed by stories in QST are characteristic and inimitable. There is much speculation in amateur circles concerning the identity of T.O.M., but in eighteen years of writing he has not once given a clue to his real name or call.

THE WOUFF-HONG is amateur radio's most sacred symbol and stands for the enforcement of law and order in amateur operation. It came into being originally in a story by T. O. M. For some time it was not known just what the Wouff-Hong looked like, but in 1919 The Old Man himself supplied the answer by sending it to League Headquarters.

The only original Wouff-Hong shown here. It is now framed and hangs on the wall of the Secretary's office at A.R.R.L. Headquarters.

Joining the League

The best way to get started in the amateur game is to join the league and start reading QST. Inquiries regarding membership should be addressed to the Secretary, or you can use the convenient application blank in the rear of this book. An interest in amateur radio is the only qualification necessary. A becoming member of the A.R.R.L. Ownership of a station and knowledge of the code are not prerequisites. They can come later.

Learn to let the league help you. It is organized solely for that purpose, and its entire headquarters' personnel is trained to render the best assistance it can to you in solving your amateur problems. If as a beginner, you should find it difficult to understand some such a case, to understand some of the matter contained in succeeding chapters of this book, do not hesitate to write the Information Service stating your trouble. Perhaps, in such a case, it would be profitable for you to send for a copy of a booklet published by the League especially for the beginner and entitled "How to Become a Radio Amateur." This is written in simple, straightforward language, and describes from start to finish the building of a single simple amateur installation. The price is 25 cents postpaid.

Every amateur should read the League's magazine QST each month. It is filled with the latest amateur apparatus developments, "dope" on current expeditions which use short-wave radio for contact with this country, and the latest "ham" news from your particular section of the country. A sample copy will be sent you for 25 cents if you are unable to obtain one at your local newsstand.

HOUSE NUMBERS PAINTED ON CURB

House numbers will appear on the curb of every home in Palmyra and Riverton again in the very near future. This work will be done by local unemployed men who are trying to make a few needed pennies for themselves. There will be no charge, but anyone caring to give a donation for this service may do so and be assured that it will be greatly appreciated by those doing the work. The paint with which the numbers are put on is traffic white and should last at least eighteen months.

ENGAGED

Mr. and Mrs. Blandon G. Cook, of Lippincott avenue, announce the engagement of their daughter, Miss Anne E. Cook, to Howard C. Schuck, of Parry. No date has been set for the wedding.

BANKERS WARN OF POLITICAL CONTROL

Point Danger of Tampering With Nation's Banking System

Political control of banking, rising government deficits, increasing State taxation and the outlook for currency inflation were the major topics under discussion at the recent convention of the New Jersey Bankers Association held at Atlantic City. Opposition was voiced to what bankers consider to be political control of banking, with dangerous results to the welfare of the country proposed in the Banking Act of 1935 now before Congress.

Congress was asked to remove the objectionable section of the proposed act and refer it to a "National monetary commission for careful study, such commission to be composed of politically independent economists, bankers and industrialists.

What the bankers object to in the proposed Banking Act of 1935 are the provisions of Title Two of the Act which would vest all powers over the credit functions of the Federal Reserve System in the hands of the politically appointed Federal Reserve Board, the members of which are appointed by the President of the United States and would serve only at his pleasure, and correspondingly deprive the governors of the twelve regional Federal Reserve Banks of their voice in these matters.

At a hearing before Police Recorder Rovers Saturday night Anderson was fined \$200 and costs and had his license revoked for a period of two years.

BACCALAUREATE SERVICE FOR PHS. The Baccalaureate service for the graduating class of the Palmyra High School will be held in the Central Baptist Church, Sunday, June 9, at 2:30 o'clock. The Rev. George Lockett, pastor of the church, will deliver the sermon. His topic will be "Building for Eternity." Friends and relatives of the graduating class are invited to attend this service.

WEDDING ANNIVERSARY. Mr. and Mrs. E. Beitz of Palmyra, were given a dinner at the home of their daughter, Mrs. Elizabeth Hartman, in Delanco, last Sunday in honor of their twenty-fifth wedding anniversary. Members of the family were present. Mr. and Mrs. Beitz were married in Philadelphia, twenty-five years ago on June second. They moved to Palmyra in 1911 and have resided there ever since. Mr. Beitz established his delicatessen business in 1924.

TIPS ON GROWING

BY ONE WHO GREW UP IN THE BUSINESS

The Dreer Company reports they have received many acceptances to the invitations they have sent to the nearby garden clubs to visit their new Rose Garden the first three weeks in June when more than five hundred varieties will be in full bloom. This invitation, of course, is further extended to include all lovers of the rose, including localities. "The Florist Exchange" a week or so ago said that an eminent rosarian (not commercially interested) had made the statement that the two Rose Gardens in the East worth visiting this year were "Breeze Hill" at Harrisburg, the home of the past president of the American Rose Society, Dr. J. H. McFarland, and Dreer's at Riverton, N. J.

The distant members of the American Rose Society will envy the opportunity our townspeople have in June of becoming personally and accurately posted as to the latest, best and most beautiful in roses. A stroll a few days in June through the Garden (opposite Memorial Park) in the cool of the evening (or better still in the morning) with a notebook in hand, will be educational and fascinating.

The old home town is mentioned in current seed and plant catalogues as part of the names of at least two worth-while perennials and one Dahlia, the perennials being Helenium Riverton Beauty, lemon-yellow, and Riverton Gem, old gold to wall-flower red. Both grow to about four feet in height and bear fine flat small daisy-like flowers and add greatly to the beauty of the flower border and to the home (as they are fine for cutting) in late summer and early fall. Will grow anywhere in good soil where they get lots of sun. The Dahlia is Riverton Snow, forming a nicely-shaped plant bearing a great lot of medium-size white flowers, fine for cutting, of decorative form. One of the best-liked whites.

Episcia a trailing plant with coral flowers is a novelty in the Philadelphia flower shops.

As most directions for the use of fertilizer is based on the quantity to use per acre, the following table, copied from "Horticulture" may be found useful:

100 lb per A-1 lb for a plot 10'x43' 200 lb per A-1 lb for a plot 10'x21' 400 lb per A-1 lb for a plot 10'x11' 500 lb per A-1 lb for a plot 9'x10'

Commercial fertilizer can be used most economically when strewn along the rows, and around plants but not in direct contact with plants.

All the new Korean Hybrid Chrysanthemums are named for mythological characters as Apollo, Daphne and Ceres. A new race of hardy roses have named all recalling of "Treasure Island" days.

Some of the new single Chrysanthemums bear such names as Indian Maid, Redskin and Warrior. It's a pity that all varieties of this type were not named commemorative of our dusky aborigines as in history, song or legend as The Sioux, Arapahoe, Iroquois, Redwing, Minnehaha and our old friends of The Leather Stocking Tales. (Did someone suggest Sitting Bull?)

The most anciently cultivated textile plant is the Flax. One species was grown more than 4,000 years ago. As linum perenne it is offered in the plantmen's catalogues and is one of the brightest blue flowers of the summer season in the border. The foliage is pretty and the plants growing only about eighteen inches in height make a fine Rock Garden subject.

California Privet is not a California native but comes from Japan; Crassula Arborecens, formerly called the Japanese Rubber Plant, is not a Rubber Plant, and is not a native of Japan. MIKE MURMURS

By William Cooper, Jr.

Dashing here and there around the WIP studios the last few days, we found out what the WIP artists would do if they had \$1,000 handed to them. At first most of them thought there was a catch to this question but we finally convinced them that there was no hook to the interrogation asked them they went on like this . . . Patty, femme half of the popular Pat and Patty duo, said she would 'go on an orgy of buying clothes, and if I had any left over I'd take a trip on shipboard somewhere . . . but I know what Pat would do . . . he'd spend it all on copyrights for his original music. Happy-go-lucky Ted Hale of Opera House Fame said 'Don't be sill, I'd pay off my debts—and still be where I am right now.' Crooner Ray Powers tells us that 'instead of paying off the mortgage on the old homestead, which I ought to do, I think I'd put it all in more voice training because then I could pay off the mortgage with increased revenue . . . and anyway the mortgage isn't due until next year.' Phrasing looks at things a little different than most of them because he stated that 'I'd invest it all in something which would yield me \$25 a week.' Well, we wish you lots of luck Phil in trying to find an investment like that. Ruth DeWoody, featured artist of "Aperitif," just didn't know what she'd do if \$1,000 were handed her. Seems strange to me but maybe in a few days Ruth will make up her mind and come across with an answer.

The other eve we dropped into the fluorescent lighted auditorium of Radio Centre and caught an eye-ful of Paul Algers newest all visual show "The All Girl Revue." Although this WPEN feature cannot be classed as "top-notch" entertainment, we do say that you can have some good laughs and also hear some novel acts on this show which airs over WPEN every weekday night at 9:10 o'clock.

But who cares how loud the news machines bang away as long as we get the news in record breaking time. WFL pioneered the way in being the first station in the country to sign the contract with the International News Service. And at the present time all eyes are turned toward 'FIL's studios and all ears are perked up to catch the novel way in which this station air-casts the news. Giving the news much as a newspaper would give it, with headlines "everything," has brought the WFL News Bureau to the front in newscasting in the past week. Automatic Hot Water Service for the Home

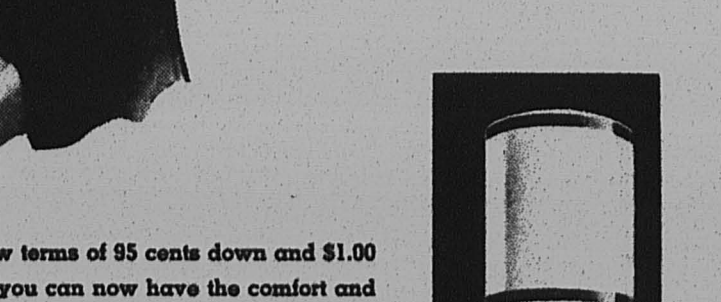

at 95c down and \$1 monthly

FOR the surprising low terms of 95 cents down and \$1.00 per month for 39 months you can now have the comfort and convenience of automatic hot water service in your home. The Konverto automatic gas water heater is specifically designed to convert a coal or manually operated gas water heater tank into an automatic storage gas water heater. It is highly recommended for the family of two, three or four. It will furnish 50 gallons of hot water daily for about 10 cents a day.

The Konverto will convert an old nuisance into a new convenience. Ask a representative to call and tell you more about this new heater, or any gas water heater to satisfy the needs of the smallest or largest of homes.

This is the way your water tank will look when the Konverto automatic gas water heater has been connected and the correct insulation applied. (Insulation is included in price of heater, also temperature and pressure relief valve.)

BROADWAY—SATURDAY

KARLOFF in "The BRIDE OF FRANKENSTEIN" UNIVERSAL PRODUCTION

Robert Young, Evelyn Venable in "Vagabond Lady"

AT FOX, RIVERSIDE

Although it has several dramatic moments, "Vagabond Lady," the Hal Roach-M-G-M feature comedy playing at the Broadway Theatre Saturday, is in reality a comedy. For despite the seriousness of many situations in which the various players are involved as the story unfolds, delightful humor is threaded throughout the production which was so deftly directed by Sam Taylor. Featured in a large and imposing cast are Robert Young, Evelyn Venable, Berton Churchill, Reginald Denny, Frank Craven and others.

"SPRING TONIC" AT CRITERION

Spring balmy breezes make balmy the characters of "Spring Tonic," the farcical Fox Film comedy coming Friday and Saturday to the Criterion Theatre, Moorestown.

The elements of this merry piling up of escapades are a tiger on the loose, a goofy newspaper reporter, a guitar-playing romeo, a bored heiress who bolts her wedding rehearsal, and a conventional gilded youth ignorant of the first principles of love-making.

Low Ayres plays the inept sweetheart who accidentally gets a post-graduate course in courtship while watching Walter King, as the torrid troubadour, croon himself into a girl's heart.

Claire Trevor is the heiress hot-footing it for romance. Zasu Pitts is her maid-in-waiting—and trouble. Jack Haley, eccentric funster, enacts the scandal-sniffing reporter; exotic Tala Birell the tiger tamer, Siegfried Rumann a hotel guard, and the comedy team of Mitchell and Durant, a couple of moonshiners never still.

"Sunshine" Dragonette, cousin of the famous Broadway songstress, Jessica Dragonette, will appear in person at the Broadway Theatre.

POST GRADUATE COURSE IN LOVE

Just before the emotional mixup in Fox Film's comedy farce "Spring Tonic," Zasu Pitts, panicky maid, Lew Ayres, prim society millionaire, and Claire Trevor, runaway heiress, listen with conflicting feeling while Walter King gives a graduate course on how to win a woman. "Spring Tonic" comes to the Criterion Theatre, Moorestown, Friday and Saturday.

SCHOOL BOARD TO REVISE NEW BUILDING PLANS

Architect Authorized to Bring Construction Within the Loan and Grant

ELIMINATE TOWER

Bids Over Authorized \$85,000 Necessitate Revision in Building Plans. At an adjourned meeting of the Riverton Board of Education Monday night, H. E. Moyer submitted a letter from Col. E. W. Clark, executive officer of the PWA, in which it was stated that the board could not secure additional PWA funds for its school improvement project unless the town was willing to increase the amount authorized to be raised by the bond issue, and that the school board could not withdraw the application already acted upon and make another under the new PWA act.

Will Ask New Bids. On the strength of this information the board decided to reject the last lot of bids submitted and ask for new estimates on plans to be revised by the architect to make within the original sum of \$85,000, which included all legal fees, architect's fees, advertising, etc. The clerk was directed to return their checks to the bidders, and to notify Col. Cornelius C. Vermule of the rejection of the bids. The architect was authorized to proceed immediately with the completion of the revised plans and specifications.

Changes to Be Made. The revised plans in general provide for the elimination of the tower in the front of the building and the fireproof floors in the two upper floors of the old building.

Two toilet rooms, the new principal's office and the new teachers' rest rooms are dispensed with by the elimination of the tower. While these rooms would be desirable, the committee felt that the cut could be made there better than elsewhere, and will reduce the annual maintenance cost.

The fireproofing plans for the old building will provide new fireproof stairways at both ends of the building, but the flooring and walls in the two upper corridors will not be fireproofed. The greatest fire hazard, the committee felt, existed on the ground floor, where the furnace room, domestic science and manual training classrooms are to be located. The ceilings and corridors on this floor will be built with fire-resisting materials.

Out of a field of five applicants, Milton H. Hutt, of Egg Harbor City, was appointed manual training instructor for two days a week at a salary of \$600 a year.

Board Orders Supplies. The supplies committee reported on the bids received and on its recommendation orders were placed by the board as follows, the previous practice of the order being placed by the chairman of the supply committee having been found to be irregular.

Milton Bradley, general supplies, \$269.89. Brothead Garrett, lumber for manual training supplies, \$87.83. Strawbridge & Clothier, supplies for domestic science, \$51.73. J. H. Matlack, manual training supplies, \$79.64.

The following bills were ordered paid: Joseph T. Evans, coal \$21.00. H. E. Moyer, expenses, trip to Washington 35.00. John H. Matlack & Son 1.69. Wick Narrow Fabric Co. 1.91.

The meeting adjourned to Thursday evening, June 13, at which time it is expected the architect will have the revised plans and specifications ready to submit to the board.

SOCIAL SECRETARY OF BURLINGTON CO. HOSPITAL

Miss Emma Severns, of Burlington, N. J., was appointed social secretary of Burlington County Hospital, Mount Holly, at a meeting of the Board of Directors Tuesday afternoon.

The new social secretary, who has been connected with the Essex county emergency relief administration since May 1933, and has served as supervisor of the Orange office for the past eleven months, succeeds Miss Elizabeth Ancker, who recently became supervisor of the new Zurburg Memorial Hospital, Riverside. Miss Severns is well known throughout Burlington County. She is the daughter of Mr. and Mrs. A. L. Severns of Burlington, and is a sister of Miss Hannah Severns, Moorestown Librarian. She is a graduate of the Burlington high school, and has studied at the University of Pennsylvania, Northwestern University and Columbia.

Met Wednesday. The combined committee of council and Town Meeting met Wednesday evening where the first reports of progress to date were made. John L. Strobelin, chairman of the council committee, was elected general chairman of the combined committees.

Louis Romaine, proprietor of the New Century Fireworks Co., of Camden, was present and was assured that if the committee raised enough funds to purchase fireworks, the order would be placed with him. The committee felt that for the small amount spent last year the display furnished by him was good.

RIVERTON SCHOOL GRADUATES 39

Prof. A. M. Bean, Superintendent of Camden County Schools, Speaker Last Night.

Thirty-nine of the young citizens of Riverton received diplomas at the graduation exercises at the Riverton Public School Wednesday evening of this week.

The Rev. Francis B. Downs, rector of Christ Church, Riverton, offered the invocation. The Glee Club sang several selections.

Professor Albert M. Bean, superintendent of the Camden County Schools, was the speaker of the evening.

Although he had chosen no topic, his general theme was the thought of the graduates discovering for themselves, if they could, the possibilities that lay hidden in their inner selves. Perhaps higher education, high school or college, would help, or perhaps some older person could help.

He particularly warned against letting anyone force their ideas upon them. "Just because your Dad has a business, that is no absolute guarantee that you must follow in his footsteps," said Mr. Bean. "Learn to think for yourself and consult an older person if you think best, but also think the thing through."

Mrs. Francis B. Edwell, president of the board of education, awarded the diplomas and the copies of the Constitution and Declaration of Independence.

Robert Stover, representing the class of 1935, presented Miss Staman with a check for the purchase of a table for the Hannah H. Chew Memorial Library. Miss Staman said she knew that the classes to follow would be grateful to 1935 for this gift.

Dorothea Speer, one of the graduates, presented Miss Staman with a check for the purchase of a table for the Hannah H. Chew Memorial Library. Miss Staman said she knew that the classes to follow would be grateful to 1935 for this gift.

The scenery was painted by Robert Bottger, Ruth Baker, Mildred Craig, Elizabeth Hoffman, Louise Moorhouse and Marion Pippitt.

DAIRYMEN DINE DR. M.W. NEWCOMB

Appreciation Dinner at Moorestown Community House Attended by Host of Friends.

Dr. Marcus W. Newcomb, Burlington County's Assemblyman, was honored at a non-partisan appreciation dinner in the Moorestown Community House last Friday night given by the Dairymen's Association of Burlington County.

More than 500 friends and associates of Dr. Newcomb gathered to help the milk producers express their appreciation to the Assemblyman for his work in the legislature in behalf of the dairymen. Hon. Howard Eastwood, prosecutor of the pleas for Burlington County, was toastmaster.

Clarence Hartshorne, of Mount Holly, opened the affair by telling the assemblage how Dr. Newcomb had helped the dairymen in their fight to get a square deal in the sale of their milk. Mr. Hartshorne said that it was largely due to the Assemblyman that the protective legislation was passed and then extended for another two years when the original legislation was to have expired.

At the speakers and friends of Dr. Newcomb who were called upon (continued on page 4)

COMMUNITY ART CENTRE SHOWS STUDENTS' WORK

The Community Art Centre under the direction of Mrs. Murray C. Boyer, concluded its first season last Tuesday night with a showing of student's work in the Riverton Porch Club. Forty-two figure and portrait studies selected by a jury consisting of Claude J. K. Anderson, Paul A. Musso and Eric Warnick, were exhibited.

The show, which was open from 3 to 9 p.m., attracted wide-spread and favorable comment. The fact that the majority of exhibitors had had little or no training other than the season's work at the Centre, added a particular interest and emphasized the value of the project.

The Community Art Centre was organized by Mrs. Boyer late last Autumn, since when meetings have been held weekly. Interested persons give their services as models, all instruction is free and are materials are sold at cost. There is no age limit or other requirement for membership other than a sincere interest in enlarging one's intelligent appreciation of art.

Next season Mrs. Boyer plans an even wider scope of work for the Centre. A class in design will be added to the already established class in drawing, and guest artists will from time to time act as instructors and critics.

All the colors of the rainbow, in brilliant combinations and military styling, against a background of green will greet the eye this Saturday afternoon at Palmyra and Riverton when ten of the leading American Legion drum and bugle corps vie for first honors and the coveted Governor Hoffman trophies, emblematic of the South Jersey championship.

Music from bugles, ever thrilling to those who have heard them, and almost unbelievable to those who hear them for the first time, will entertain the thousands who are expected to crowd the Palmyra High School athletic field, the scene of competition.

In the class "A" group, six of the most spectacular corps in the East will compete. In the "Junior" group, four snappy outfits composed of young boys will vie for honors and the trophy in their class.

The day's festivities will begin at 1:00 p.m., at which time Palmyra borough officials will dedicate its new public park, adjoining the high school athletic field. At 2:00 p.m., the South Jersey championship drum and bugle corps competition at the Palmyra High School athletic field will start. At 5:30 p.m. (with-in the field) the "retreat" will be held. At 7:00 p.m., following an intermission for dinner, a huge street parade will form in Palmyra and march to Riverton. DRUM AND BUGLE CONTEST COMING HERE SATURDAY

Ten Crack Outfits to Vie for Governor Hoffman Silver Championship Cups

BIG PARADE AT 7.00 P. M. Concert by Glenside Corps at Memorial Park Following Prize Awards

All the colors of the rainbow, in brilliant combinations and military styling, against a background of green will greet the eye this Saturday afternoon at Palmyra and Riverton when ten of the leading American Legion drum and bugle corps vie for first honors and the coveted Governor Hoffman trophies, emblematic of the South Jersey championship.

Music from bugles, ever thrilling to those who have heard them, and almost unbelievable to those who hear them for the first time, will entertain the thousands who are expected to crowd the Palmyra High School athletic field, the scene of competition.

In the class "A" group, six of the most spectacular corps in the East will compete. In the "Junior" group, four snappy outfits composed of young boys will vie for honors and the trophy in their class.

The day's festivities will begin at 1:00 p.m., at which time Palmyra borough officials will dedicate its new public park, adjoining the high school athletic field. At 2:00 p.m., the South Jersey championship drum and bugle corps competition at the Palmyra High School athletic field will start. At 5:30 p.m. (with-in the field) the "retreat" will be held. ### "FINDING A JOB" PHALANX TOPIC

Speaker Outlines Some of the Essentials in Selecting a Vocation

At the regular meeting of the Phalanx Fraternity, Monday, June 10th, Clifton P. Mayfield, guest speaker, dealt with "The Job of Finding a Job."

First he stressed the necessity of trying to find the kind of work you like to do, and its effect upon your success.

Second, he outlined a system of self analysis, whereby you might find out what you are best suited for by making a chart or score card of your possibilities in regards to the elements necessary to making your job a success.

The elements to be considered are: 1. physical abilities, 2. personality, 3. character qualities (initiative, first essential), 4. abilities—What are you best equipped for? 5. leisure time activities, 6. vocational training.

Third: List all the kinds of work which might interest you and which you might be qualified for, read about these jobs and meet people of their occupation.

Fourth: Be able to make proper contacts with men you want to see, as you will find the first impression you make upon the man you are interviewing is most important. Learn to be able to speak to people with ease and forcefulness.

In conclusion, Mr. Mayfield stated the necessity of always making sure of a better job before leaving your present one.

The next meeting of the Phalanx Fraternity will be held June 24th, in the YMCA building and all young men of "out of school" age are urged to come out and join in with us in our program.

### DAVISON-COWARD

Six years after their marriage was solemnized at Reading, Pa., on June 10, 1929, Miss Mary Elizabeth Coward, of 400 Lippincott avenue, Riverton, and Dr. Wilbur Stafford Davison, of Highland avenue, Palmyra, are revealing it to their friends.

The bride of six years is the daughter of Mr. and Mrs. Robert K. Coward, of Riverton, while Dr. Davison is the son of Mr. and Mrs. Charles W. Davison, of Palmyra.

Although parents of the couple were informed of the ceremony shortly after it took place, announcements of the marriage were in the mails for delivery on their sixth anniversary.

Dr. Davison is graduating this week from Hahnemann Medical College of Philadelphia, Pa. Both he and Mrs. Davison are graduates of Palmyra High School. Mrs. Davison is a graduate of the Philadelphia Musical Academy and a graduate technician of the Hahnemann Pathology Laboratory of Hahnemann Medical College and Hospital.

CHURCH NEWS

CHRISTIAN SCIENCE CHURCH

"God the preserver of man" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 16.

The Golden Text is: "The Lord giveth wisdom: . . . He keepeth the paths of judgment, and preserveth the way of his saints" (Proverbs 2:6,8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And Jesus went about all Galilee, teaching in their synagogues, and preaching the gospel of the kingdom, and healing all manner of sickness and all manner of disease among the people" (Matthew 4:23).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is not moved by the breath of praise to do more than He has already done, nor can the infinite do less than bestow all good, since He is unchanging wisdom and Love."

The Golden Hour Circle will give an entertainment in the church school on Wednesday afternoon, June 19th, at 2:30 o'clock. Tickets 15 cents.

CALVARY PRESBYTERIAN CHURCH

Rev. C. T. Bates, B.D., Pastor Next Sunday morning, June 16th, the Church School and the congregation of Calvary Presbyterian Church will unite, at eleven o'clock, for Children's Day worship.

There will be baptism of children, and any parents who wish children baptised at that time are asked to notify the pastor before Sunday. Members of the Church School will meet in the school auditorium at 10:30 instead of at the regular time, 9:45. A cordial invitation is extended to friends of the church and school and to all in the community who have no regular church home to enter the fellowship of this service.

The Golden Hour Circle will give an entertainment in the church school on Wednesday afternoon, June 19th, at 2:30 o'clock. Tickets 15 cents.

COUNTY Y.M.C.A. IS

THIRTY YEARS OLD

(continued from page 1)

Celebration Held at Camp Ockanickon With 300 in Attendance

Three hundred persons attended the dinner at Camp Ockanickon last week, which marked the 30th year of the County Y.M.C.A.

Howard G. Taylor, Jr., president of the county board, took charge of the preliminary program and introduced guests, including Judge Harold B. Wells as toastmaster.

By coincidence the date was also the birthday of Mr. Taylor. He was presented with a beautiful basket of flowers from the gardens of Edward H. Lewis, of Mount Holly. Mr. Lewis, during the musical program, accompanied at the piano a marimba selection played by Joseph Conway, of Moorestown.

Past board presidents, Harvey Borton and William Overman, both of Moorestown, were fittingly introduced by the Judge, and both responded. He then read letters from Louis Heib, the first "Y" secretary, at Mount Holly, and from William D. McRae, secretary on the New Jersey staff who organized Burlington County.

J. William Pennell, chairman of the group work committee, made service pin awards to the leaders after which the toastmaster presented him with a five-year silver pin. One ten-year pin was awarded to the Rev. Roland J. Beazley, of Jobstown.

The speaker of the evening was Glenn W. Wishard, lately returned from the Association in Ceylon where Mr. Heib spent ten years before coming to Burlington County. Mr. Wishard interpreted the sharing spirit of the Young Men's Christian Association, as practiced in some fifty countries, through the work of the International Committee, citing illustrations from his own knowledge and personal experiences.

Mr. and Mrs. James Jenkins, of Delaware avenue, Palmyra, announce the birth of a daughter, Virginia Jean, born Wednesday morning, June 5. Mrs. Jenkins is now in the Zurbrugg Hospital, in Riverside.

Remember the great need of all animals for plenty of water in hot weather.

Tremendous Trifles

By ELMO SCOTT WATSON STARS AND STRIPES FOREVER NAPLES, ITALY, in 1890, John Philip Sousa read a three-day copy of the Paris edition of the New York Herald. In it was a brief dispatch saying that David Blakely, manager of Sousa's famous band, had dropped dead.

Blakely's death was a tragedy. He had just returned from a tour of the United States, and he was in the prime of his life. He was a man of great energy and a man of great talent. He was a man who had made a name for himself in the world of music.

RIVERTON TAKES RIVERSIDE 9 TO 4

Local Club Breaks Out in New Uniforms; Bartley Back in Baker's Line-up

The week end may have been good for the farmers but the baseball players were sadly disappointed and the Riverton boys had two days to rest.

Wednesday, June 12.—We had an appointment with the Riverside team Wednesday night. What a bunch of warriors these fellows were, real old time, dyed-in-the-wool ball players.

The first inning was a goose egg for the visitors. Terrell started off for Riverton with a nice long drive over right field. It should have been a three base hit, but was caught between third and home.

In the second inning the visitors made one run and Riverton scored three. There was not so much to get excited about so we just watched the home boys play around in their new uniforms...

MAD DOG SYMPTOMS

With the present concern about the dog situation in Riverton still at a high pitch, the following paragraphs, borrowed from another paper where a similar "mad dog" scare exists, may be helpful to dog owners in this vicinity.

"A pamphlet published many years ago by the American Society for the Prevention of Cruelty to Animals describes the condition of a dog which is really afflicted with rabies, as follows:

"It is supposed that a mad dog runs about with intense excitement. It is not so. The mad dog never runs about in agitation; he never gallops; he is always alone, usually in a strange place, where he jogs along slowly. If he is approached by dog or man, he shows no signs of excitement but when the dog or man is near enough, he snaps and resumes his solitary trot.

"If a dog barks, yelps, whines or growls, that dog is not mad. The only sound the mad dog is ever known to emit is a hoarse growl and that but seldom. It is supposed that the mad dog froths at the mouth. It is not so. If the dog's jaws are covered with froth, that dog is not mad. The surest of all signs that a dog is mad is a thick and ropy brown mucus clinging to his lips, which he tries vainly to tear away with his paws or to wash away with water.

"If your dog is bitten by any other dog, watch him carefully. If he is infected by rabies you will discover signs of it possibly in from 6 to 10 days. He will be restless, irritable and inclined to dash at other animals, and he will sometimes snap at objects which he imagines to be near him. Then there will be glandular swellings about his throat. If he can, he will probably stray away from home. . . . the only exception to this behavior occurs in ferocious dogs which, during the earlier stage of excitement, may attack any living object on sight."

Self Explanatory

To settle an argument relative to the Bankers-Athletics soft ball game Tuesday evening, I declare the game awarded to the Bankers 9-0 on a forfeit.

The rules call for each team to have ten players ready when the umpire calls the game to start. The team that fails to have the required number of players ready forfeits to the one that has.

What Other Editors Say

Licensing Food Merchants

Every merchant selling food products—the grocers, the bakers, the butchers, the candy dealers—should protest against the enactment of the amendments proposed to the Agricultural Adjustment Administration Act—unless they like the idea of abiding by whatever rules any secretary of agriculture may make for their regulation.

Under the proposed amendments now before Congress and designated as H.R.—9052 in the House of Representatives and S.—1807 in the Senate, all purveyors of food in any form would be required to take out a government license. In other words, any merchant selling anything containing substances produced on the farms—and there are very few things used as food that do not come from the soil—must take out a license to do business, if these proposals become law.

Breaking of any of the rules or regulations in selling or advertising carries a penalty of cancellation of the license, which would force the seller out of business automatically. The proposed act carries authority for the bureau to restrict, even to prohibit the advertising of such products; further, it seeks control over everything competitive with agricultural products.

The bill is still in the hands of the House committee on agriculture, which has completed extensive hearings on the proposed amendment, and now, before it is too late, every business man should voice his objection to its passage to his congressman and United States senators.

Mill's True Prophecy

Shortly before his death in 1873, the noted English philosopher and economist, John Stuart Mill, expressed his views concerning the essentials of freedom and the tendency of various individuals and groups to impose their own opinions and rules of conduct upon others. He said:

"The only freedom which deserves the name is that of pursuing our own good in our own way, so long as we do not attempt to deprive others of theirs. Man kind are great gainers by suffering each other to live as seems good themselves, than by compelling each to live as seems good to the rest. The disposition of mankind, whether as rulers or as fellow citizens, to impose their own opinions and inclinations as a rule of conduct on others, is so energetically supported by some of the best and by some of the worst feelings incident to human nature, that it is hardly ever kept under restraint by anything but want of power. As the power is not declining, but growing, unless a strong barrier of moral conviction can be raised against the mischief, we must expect, in the present circumstances of the world, to see it increase."

The "mischief" of meddling and interference has increased, as Mill feared, and today is in evidence to a greater extent than ever before. In our business life, especially, we are ruled by an army of petty tyrants and bureaucrats, whose edicts and rulings are supposed to have the full force and effect of law. And the end of this sort of thing is by no means in sight.

"HIGH SPEED" TRANSIT

We are hearing much talk nowadays about "high speed" transportation in connection with the proposal to extend the city subway lines, now being carried across the Camden-Philadelphia bridge, on into the New Jersey suburban territory, by electrifying the present steam railroads and running the city rapid transit trains over them.

The idea seems to have captivated the public imagination to a considerable extent and many suburban residents have apparently become quite enthusiastic over the proposal,

despite the indefinite nature of the plans thus far presented.

"High Speed" Meaningless

But there are those who are not ready to give their unqualified approval. As yet we have seen or heard no definite statement as to what type of service may be expected from the proposed hook-up. The term "high speed," so freely used in discussing the project, means nothing. To furnish real high speed transportation, as the term is understood in referring to suburban rail travel, would require a radically different type of equipment from that in use on the city subway and elevated lines. The electric trains of the city rapid transit type are not capable of high speed for the very good reason that the service for which they are designed does not require. With a station stop every few blocks there is no opportunity for the attainment of high running speeds. Rapid acceleration—the ability to get under way quickly after a stop—is the prime requisite in this service.

Will Not Measure Up

When it comes to suburban service, however, with intervals of several miles between stops, city rapid transit equipment would fall far short of providing the "high speed" transportation suburban residents have been led to expect. Then too there is the all important feature of comfort. City rapid transit cars are intended to carry crowds for short distances, therefore they are designed with a maximum of standing room for it is the "straphanger" who provides the revenue. There is very little provision for comfortable seating, and heating facilities are generally inadequate. One may well contrast a ride from Beverly to Philadelphia in a subway type car with a similar trip in a standard main line railway coach such as is in use on our present steam trains.

Other objections

Various other objections present themselves: Subway cars in their present form are designed for use with stations having car-floor-level platforms. This would mean that all suburban stations would have to be rebuilt, or else the cars would have to be provided with steps to enable passengers to board them. To sum up, the demands of suburban service are so radically different from those of city rapid transit that the type of equipment adapted to one is quite unsatisfactory for use in the other. It would, of course, be within the bounds of engineering possibility to design a car small enough for operation in the city subways, which would also be fairly comfortable and speedy enough for use over the suburban lines. Such a car, however, would not be suitable for city rapid transit use and it is extremely doubtful that experienced rapid transit executives would consider such a plan of mixed equipment practical from an operating standpoint.

Weak and Unsatisfactory

Taken altogether, many close students of the transportation question are inclined to regard the "high speed" plan as a weak and unsatisfactory compromise in the solution of our transportation problem. What we want, and hope some-

time to get, is the electrification of our river front line with the standard overhead system which would tie our section with the complete electrified territory of the Pennsylvania Railroad and would permit the operation of standard, really high speed, multiple unit suburban electric trains. To sponsor any hope which would probably end all move of this permanent benefit would, in the opinion of many, be short-sighted policy.

Steam Not Obsolete

Meanwhile our transportation needs can be very nicely taken care of by our present steam trains. This service is capable of far greater development. Our present incomplete service is not due to any inability of steam locomotion but rather to insufficient support and patronage from the public. In these days of rapid development of new forms of motive power and the publicity which is being given them, it is not surprising that the idea is becoming prevalent that our old and faithful servant, the steam locomotive, has outlived its usefulness and must soon pass into obsolescence. Well informed persons, however, know better. While some of the newer forms of power have demonstrated their value and are superseding steam in certain special classes of service, steam retains definite advantages which will make it the mainstay of railroad transportation for a very long time to come.

Results Elsewhere

Some of the heaviest suburban commuter traffic in this country is still being carried on by steam power, although this is the field in which electrification shows its greatest superiority. Such roads as the Erie and Central of New Jersey in the New York suburban zone, handle an extremely dense commuter traffic, far greater than any in the Phila-

Training Class for Playground Leaders

Will Be Held at Mount Holly Armory Three Days Next Week

Ethel Burr Dudley, Supervisor of Recreation of Burlington County, has announced that the training class for playground leaders to be conducted here by Robert K. Murray, recreation specialist from New York City, would be held on Monday, Tuesday and Wednesday, June 17th, 18th and 19th, at the Mount Holly Armory. Each session will commence at ten o'clock.

The course, to which any volunteer or employed recreation leader in the community is invited without charge, will include the following subjects: qualifications and duties of the leader; the psychology of play activities; balancing the program; singing games and folk dances; games and game presentation, athletic organization; quiet activities for the playground; story-telling and dramatics on the playground; handicraft for the playground; special day activities; organization and conduct of adult activities on the playground; care of facilities and equipment; physical fitness standards and awards; and dealing with problem children on the playground. The treatment of these topics will include actual demonstration and practice as well as discussion.

TIPS ON GROWING

BY ONE WHO GREW UP IN THE BUSINESS

As an example of fine writing the following description of a new rose almost tops Bushian. I have never read anything to compare with it in a nurseryman's catalogue:

"Crown of Jewels. (Registered with the American Rose Society as 'Little Beauty'). Every year, at our growing-field we hold a Court of Roses. This year the Crown of Jewels, one of our latest roses, in long, straight lines, in regal fashion, sweeps the field for a thousand feet.

"The plants are luxuriantly tapestried with rich, cloth-like foliage of deep jade-green. Above the walls of foliage, coral flowers, bracketed torches of brilliant flame, flood the aisles between the rows with a resplendent coral glow.

"Of camellia size and camellia form, the flowers are rifled and rolled into coral mounds, round, smooth and clean as the wind-broomed dunes of the desert.

"Under the light of a lamp the Crown of Jewels throws out beams and rays of gem-like beauty. Placed in the subdued light of a half-darkened room, where the shades are drawn, the Crown of Jewels seems not the same Rose, but a celestial fantasy of rosy lake, retaining only the camellia form.

"Remember this, one beautiful Rose sent to a friend will open more doors to the heart than a thousand words.

"The Crown of Jewels will grow and thrive in any garden and every bloom will prove a living memory."

"Copper" is an illusive sort of color that fascinates everyone in a flower. The nearest to it in a rose is the old single "Austrian Copper" a beautiful single-flowered variety in bloom now. Something different for your Rose Garden.

In the May Bulletin of the American Dahlia Society, Miss Marian Storm says that she made an almost vain search for wild examples of the Dahlia in Mexico where this plant is supposed to have been a native. She finally located some and incidentally discovered the name which the ancient Mexicans gave this plant, namely Charahuacac. The wild Dahlia is fast becoming extinct in Mexico due to the fact that the natives eat the roots. The

U. S. Issue of August, 1861

At the outbreak of the Civil War large quantities of the stamps of the United States were in possession of southern postmasters. Due to the fact that these were authentic stamps they were in many cases used as money. In order to prevent their conversion into northern funds after the outbreak of the war, a new series of stamps was issued in Washington. Shortly after this the Confederacy recognized the fact that these were in the hands of postmasters in their territory and ordered them to send all stamps they had on hand back to Washington and to make an accounting up to the time the States seceded. It is likely that the postmasters carried out the instructions because no accounts have been found to show where any quantities were carried across the border and used.

The new issue by the Federal government first appeared in August 1861. The early printing of these stamps are known better as "premiere graveres" and are today the rarest and most sought after U. S. stamps after the general issues. The 12c which catalogues at \$7,000 is possibly the scarcest regular variety. The series consists of 8 varieties, the 1c, 3c, 5c, 10c, 12c, 24c, 30c and 90c. With the exception of the 24c and 30c, which were printed from the same plates of the later issue, all other denominations were printed on special plates. They were printed on hard, transparent paper with a dark gum. The issue is very much talked about now as a 12c has been found in London.

There are only about ten complete sets of these stamps known, and one of these was sold at the Hind sale. Next to the 12c, the 90c is the most scarce, followed by the 1c, the 30c and the 5c. The 24c and 10c were the only denominations put into general use along with the 3c which has been found in complete sheets.

Upon the 1/2p yellow green and ultramarine, 2p red and brown and 1sh orange and ultramarine are palm trees with a cut-boat on a small inlet. The 1p red and ultramarine and 2sh black and ultramarine have two booby birds with some natives of the islands in the foreground. The 1 1/2p orange and black and the 10sh deep red and black have the King's portrait surmounted by a crown with palm trees framing the sides of the portrait. The 2 1/2p blue and grey, 6p violet and grey and 5sh deep green and grey have the King's portrait at the right and upon the left a palm-lined beach showing the splendor of the islands.

POWERS REQUESTS HOMESTEAD PROJECTS FOR BURLINGTON CO.

The State Housing Authority has been asked by Congressman D. Lane Powers to consider subsistence homestead projects for Burlington and Mercer Counties. The subsistence homestead projects, the Congressman pointed out, should be established near big industrial centers. He mentioned Trenton in Mercer County as one of the several prospects, and Burlington, Roebeling and Mount Holly in Burlington County.

Subsistence homestead projects are constructed by the Government. Their purpose is to provide a home and an acre of tillable farmland for employees in industry. Such "subsistence homes" may be purchased at about \$14 monthly cost.

GIRLS CAMP AT OCKANICKON

The Women's Committee of Camp Ockanickon, with Mrs. Edwin Russell of Moorestown as chairman; Mrs. J. Edgar Wilkinson of Wenonah, vice chairman; Mrs. William Sahler of Freehold, secretary; and Mrs. Albert M. Bean of Audubon, treasurer, announce the following personnel for the staff during the girls camp July 31 to August 28.

The Director, Miss Evelyn Sloane, of Red Bank, N. J., was middle area director last year at Ockanickon. Under Miss Sloane will be the four area directors: Miss Meribah Gardner, of Moorestown, in charge of the Junior Area; Miss Florence Anderson, of Philadelphia, where she is Associate Principal in a large school, Junior Middle Area, 11 to 13 age girls; Miss Brigitte Rod, of Camden, will have charge of the Middle Area, 13 to 15 year old girls; Miss Eloise Bryan, principal of Cinnaminson public school, the senior girls.

Beside the leadership of this area, Miss Bryan will be in charge of the daily devotional programs of the camp life.

A doctor for the camp has been secured who is a graduate of Johns Hopkins and who has been serving her internship for the past year at the Woman's College Hospital in Philadelphia. She is Dr. Grace Jones, president of her class and one who has recently been offered the position of resident physician in two of Philadelphia's largest hospitals. A very fine nurse will assist Dr. Jones. She is Mrs. Joseph Smith, of Red Bank, N. J., who trained in a London hospital, and who has had years of experience with outstanding doctors in her community.

The director in charge of horsemanship, which is always most popular, will be Miss Carolyn Nice, who is to be in charge of girls work at the Community House, Moorestown, this fall. Miss Lydia McIlvaine, of Beverly, who has recently graduated from Wilson College at Chambersburg, will assist Miss Nice.

The water department is to be in charge of an old timer at Ockanickon, Miss Emma Keith. Well-balanced meals are assured under the direction of Miss Mabel Smith, dietician of a large Camden High School, and a new corps of cooks.

Registrations received before July 1st are one dollar, per week, with nine dollars to be paid when a girl arrives at Camp. After July 1st the fee will be two dollars per week. Upon receipt of a girl's registration are mailed: a receipt, health certificate, letters to parents and camper from Miss Sloane, giving important details of what she is to bring to camp and what ideals Camp Ockanickon wishes to uphold throughout the four weeks.

For further information please write Camp Ockanickon, Box 1, Mt. Holly, N. J.

CROWDS WITNESS DRUM CORPS SHOW

Morristown Leads Senior Corps, Bristol Takes First Place In Junior Class

Palmyra and Riverton were hosts to nine American Legion drum and bugle corps on Saturday afternoon, when the visiting units pitted their skill, one against the other, for the South Jersey championship and the coveted Governor's cups.

Five senior corps and four junior corps constituted the list of entrants. In the senior group the prizes were won as follows: Morristown, first prize, score 94.9; Wilmington, Delaware, second prize, score 93.6; Henry H. Houston Post, third prize, score 92.9.

In the junior classification the prizes were won as follows: Bristol Cadet Corps, first prize, score 92.7; McCall Post, second prize, score 85.6; Imhoff Post, third prize, score 85.3. The Oxley post won the parade prize, while Morristown and Bristol won the Governor's cups in their class.

Some of the corps which were present at the competition held in Riverton last November appeared in new uniforms, both in style and color, one being the Oxley corps, of Tacony, whose new uniforms were of the West Point style carried out in orange and black, and the other the Wilmington, Delaware, post whose new white and gold uniforms captured the fancy of the spectators.

The new maneuvers, new tunes and brilliant colors of the competing corps brought round after round of enthusiastic applause from the stands. The cheery little drum major with the boy and girl color guard for the Bristol junior corps received a great hand.

Following the competition came "Retreat" the spectacle that was lost in darkness last November. The formation of all the competing corps on the field, almost shoulder to shoulder, presented a picture in color that thrilled the hundreds assembled in the stands. While the Burlington County Franklin D'Olier Legion Band played the Star Spangled Banner, and every unit stood at attention, Old Glory was slowly run down the Staff.

Following "Retreat" an intermission was taken for dinner. The long street parade formed at Broad and Market streets, West Palmyra at 7:30 and marched to Memorial Park, Riverton.

Thousands of townspeople and visitors gathered along the line of march and new bursts of applause followed each corps along the two-mile route.

At Memorial Park the decision of the judges was announced and the crowd entertained by the Glenside Concert Corps. This corps has devoted its entire time to producing popular and classical music, and entertained the crowd.

POSTMASTERS PLAN TO IMPROVE SERVICE

Postmaster Mervil E. Haas, of Riverton, Burlington County member of the executive committee of the New Jersey Association of Postmasters, has issued a call for a meeting of all Burlington county postmasters. The meeting will be held at the home of Mrs. Haas, 208 Linden avenue, Riverton on Monday evening, June 24th, at 8 o'clock.

The organization of a county postmasters' association will be discussed with the thought in mind of further improving the postal service in the county. A majority of the postmasters have accepted the call and have signified their interest and willingness to co-operate.

ing the director and clerk to execute contracts with the state for funds for township and borough roads.

School Board Wants Money

Frank Lord, president of the Delanco Board of Education, appeared before the board and asked if the \$12,000 due the township from the county treasury could be paid. The money is earmarked for the board of education but cannot be paid unless the township pays its county tax. The matter was referred to Director of Finance Heister and Joseph Bright, treasurer, for a report.

Director Adams announced the appointment of William Massey and Albert Beatty to represent Beverly on the transportation committee of Burlington County.

Freeholder Cook introduced a resolution that Director Adams, Freeholder Jones and Charles A. Thompson be appointed to appear at a hearing in Washington for the back water channel at Burlington. The hearing was set for Tuesday, June 18th.

A letter was read from W. Rex McCrosson relative to the request made by the freeholders for aid in controlling the tent caterpillar, as an E.R.A. project. Mr. McCrosson's letter stated that he had been in communication with C. E. Hadley, Entomologist at the United States Department of Agriculture in Moorestown, and that the information obtained indicated that it is now too late in the season to successfully wage a war against the pest. Mr. McCrosson further stated that he would be glad to go into the matter next spring if the freeholders so desired.

The question of filling the vacancy on the Old Age Pension Board created by the expiration of the term of William B. Fryer, was referred to the solicitor for an opinion.

Permission was asked to open the Lenola road for the installation of sewers, by Moorestown township. The request was referred to the engineer.

Adams offered a resolution that Director of Finance Heister and the county treasurer be authorized to re-finance the entire county bond issue.

A letter was read from the P.W.A. engineer's office approving plan A-1 on steel for the Delanco-Riverside bridge. The approval is being returned to the county's engineers. The letter was received and filed.

Contract Approved

A letter was read from the P.W.A. approving the supplemental contract between the Kolyn Construction Company and the Board of Freeholders and the approval is also being forwarded to the board's solicitor.

Director Adams offered a resolution that the officers of the board of freeholders be authorized to apply for a greater grant on the Riverside-Delanco bridge from the P.W.A. The resolution passed unanimously.

A letter was read from the sheriff asking that Benjamin Farmer be dropped from the pay-roll and the name of Edwin C. Davis be put in

its place as day warden at the county jail.

Letters were read from Dr. Marcus W. Newcomb in which he asked the board to change the classification on many of the patients in the insane and tubercular hospitals. Many patients were sent to these institutions as pay patients but are unable to pay. A deficit balance of \$56,493.25 has grown from such accounts and should be changed. If changed to county patients the state would be obliged to pay half the expense.

Freeholder Jones moved that an audit be made of the books at these institutions in order that the records may be cleared and brought up to date. Cook seconded the resolution which was passed.

The following department bills were ordered paid: Public buildings, \$20,146.03; highway and engineering, \$12,282.36; bridges, \$3,244.92; affairs, \$20,538.30, and revenue and finance, \$2,057.57.

RIVERTON LOSES TO SPRING MILL

Visitors Stage Eighth Inning Rally to Down Locals Saturday 16-9

With a one-run lead going into the eighth inning the home club fell by the wayside and allowed the strong Spring Mill club to score 9 runs, a new high for the season in runs scored in one inning, at Memorial Park Saturday afternoon.

Amass this total, the visitors made seven hits of various dimensions, with four walks and two errors sandwiched in between.

This Saturday, Riverton will play Egg Harbor, and on Sunday will travel to Camden and meet the powerful 12th Ward aggregation.

CHRISTIAN SCIENCE CHURCH "Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 23. The Golden Text is: "Thou art worthy, O Lord, to receive glory and honor and power: for thou hast created all things, and for thy pleasure they are and were created" (Revelation 4:11).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Do not err, my beloved brethren. Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning" (James 1:16, 17).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Scriptures are very sacred. Our aim must be to have them understood spiritually, for only by this understanding can truth be gained. The true theory of the universe, including man, is not in material history but in spiritual development" (p. 547).

OBITUARIES

MRS. MARY C. THOMAS Mrs. Mary C. Thomas died Thursday in the West Jersey Homeopathic Hospital, Camden, after a short illness. Funeral services were held Monday morning at nine o'clock at the late residence, 118 Oxford road, Palmyra. High mass was held at the Sacred Heart Church, Riverton, at ten o'clock. Interment was made in Mt. Carmel Cemetery, Moorestown, under the direction of the Snover Funeral Home, Inc.

Mrs. Thomas is survived by her husband, Edman, and a 17 months-old son.

The whole of your life must be spent in your own company and only the educated man is good company for himself.—David Starr Jordan.

Where Work Will Be Done The streets to be oiled are as follows: Bank avenue, Main to Linden; Front street, Lippincott to Penn; Third street, Penn to Howard (two applications); Fourth street, Main to Elm; 200 feet on Elm Terrace at Seventh street; 300 feet on Seventh street, Elm Terrace to borough line; Elm Terrace, Seventh to Midway.

Previous Work Not Good Mr. Knight called attention to the fact that the last work done in Riverton by the Bituminous Service Company had not been satisfactory owing to the oil not adhering to the surface of the roadway where the wheels of the sand spreader passed over it before the sand was applied. Mr. Carroll explained that this would not happen this time, as the sander preceded the truck instead of following it, as it did before. Mr. Carroll gave a written guarantee that no wheel marks would show in the finished work.

Directed to Proceed Collector C. Kenneth Davis reported that the borough solicitor desired a specific authorization by council before proceeding to fore-close tax liens on five properties in the borough—two on Bank avenue, two on Main street, and one on Cinnaminson street. A resolution was passed giving the desired authorization.

In the matter of the request of R. M. Hollingshead, Jr., made at a previous meeting for a reduction in his assessment, Mr. Davis reported the attorney had advised him that he could find no grounds for the claim of illegal assessment, or for a reduction in the amount.

In view of this report, and on motion of Mr. Merrill, Mr. Davis was instructed to take the necessary steps to collect in full the amount assessed.

Police Report The report of the police department for the month included 6 arrests, 11 attempted robberies, 1 accident, 28 complaints and reports in-

vestigated, 13 complaints of dogs, 8 calls from other police departments, 2 doors found open, 8 dogs gassed, 3 fire alarms turned in by police, 4 complaints of garbage collection, 6 closed houses reported to department, 3 articles lost and found, 3 night lodgers, 1 car reported stolen, 1 car recovered by police, value of stolen goods, \$13.00; value of goods recovered, \$10.00.

ERA Playground Instructors John L. Strohleim, chairman of the property committee, reported that the ERA will supply playground instructors for the park this summer, starting July 1, their salaries to be paid by the borough. A certain amount of supervision will be given and paid for by the ERA. There will be a man and woman instructor full time, and a woman for half time. The salaries for full time will be \$15.00 a week, and the half time \$7.50. This will result in a total expenditure about \$100 less than last year. On motion of Mr. Merrill, Mr. Strohleim was authorized to hire three instructors at the salaries stated.

Mr. Strohleim also reported that B. S. Mechling had given the playground committee a ton of calcium chloride, to be used on the tennis courts, and on his recommendation the clerk was instructed to send a letter of appreciation to Mr. Mechling.

Attorney General Sidesteps At the last meeting the borough clerk was instructed to write to the attorney general of the state asking him whether or not the borough council could properly pay a balance of \$106 on a bill incurred by a citizens' committee in defending Patrolman John Robinson in a suit brought by Frank J. Holvick, growing out of an assault on Holvick by Robinson with a blackjack at an early hour in the morning following election day last November.

Mr. Clifton read a letter from the attorney general stating that his duties were prescribed by statute, and did not include advice to municipalities. The letter suggested that the matter be taken up with the borough attorney.

A communication was received from the board of education advising council of the change in the district clerk caused by the resignation of Spencer L. Haines and the appointment of William H. Botter to take his place.

A letter was received from Charles Riley, of Riverside, offering his services as dog catcher at \$2.00 per dog. The letter was filed against a time when his services will be required.

Mr. Knight, chairman of the police committee, reported that a census of dogs in the borough just completed, listed 260 canines, of which 202 had been registered. Before the mad dog scare and the taking of the census only 75 had been registered.

Mr. Knight offered a resolution, which was passed, instructing the chairman of the property committee to post notices forbidding owners to permit their dogs to run at large in the park, under a penalty of a fine of one dollar.

The Riverton Fire Company Salvage Corps notified council that the automobile used by the corps had been withdrawn from service.

Mr. Merrill reported that the sea wall at the foot of Penn street and in front of the property occupied by Maurice Belknap was in need of repairs, and was instructed to see of Mr. Belknap desired to have his portion repaired when the workmen are on the ground doing the work for the borough.

Mr. Strohleim asked for confirmation of his appointment of George Kitzke as chairman of the tennis committee, and his request was granted.

The mayor and clerk were instructed to enter into a three-year contract with the present garbage collector, at the same rate, \$900 per year.

Building Inspector's Report The building inspector submitted his report showing operations amounting to \$10,350.00 and fees of \$23.50. Last year for the first five months of the year building operations amounted to only \$900.

The permits issued were as follows: Roy V. Heister, 708 Main street, repairs and remodeling, Isaac Farrow, Marlton, contractor. Estimated cost \$1500. Fee \$3.50.

Gardner Crowell, 406 Main street, repairs and alterations, Curtis E. Stavelly, Palmyra, contractor. Estimated cost \$780. Fee \$2.50.

Gorham P. Sargent, 100 Main street, repairs, H. D. Hullings & Son, Riverton, contractors. Estimated cost \$650. Fee \$2.50.

## Tremendous Trifles

By ELMO SCOTT WATSON

A COSTLY WEEK-END

LORD GEORGE GERMAIN, British secretary of state for the American colonies during the War of the Revolution, was ready to leave London for a pleasant week-end at Stoneland in Sussex. The duties of his office had tired him and he wanted a vacation.

On his way from his chambers he stopped at his office to sign some official papers. One of them ordered Sir William Howe in New York city to proceed north to meet Burgoyne who was coming from Canada. Between them they would smash the rebel army.

But the letter to Howe hadn't been "fair copied" and wasn't ready for the signature of the secretary of state. "So!" exclaimed Mr. Lord Germain. "My poor horses must wait and I must lose time because of this!" Then a clerk named D'Oyly said that he would make the "fair copy" and send it.

So the "poor horses" of Lord Germain weren't kept waiting and he was able to hasten away to his pleasant week-end. But his haste was costly for England.

D'Oyly forgot to write the letter to Howe and when his lordship returned to his office from his week-end in Sussex, he also forgot to ask about the matter. Howe stayed in New York instead of marching north along the Hudson. The result was that the unlucky Burgoyne blundered south to the inglorious end of his expedition at Saratoga. And Saratoga was the turning point of the Revolution.

Those who think govern those who toil.

## 500 Signers On School Petition

(continued from page 1)

J. Shedwick, Ass't Works Mgr. of E.R.A. for Burlington County, "A committee of one (R. M. Fuller) was appointed to contact the State Board of Commerce and Navigation; the State Water Policy Commission, and the War Department, regarding the proposed building of dam and lake in Pompeston Creek. Another committee, composed of Charles Evans and L. L. Keating, was appointed to negotiate co-operation of Cinnaminson Township in the project.

"Mr. Fuller's report, dated June 15th, is comprehensive, and shows painstaking care and fidelity; also pays tribute to the invaluable aid contributed by Mr. Sleeper. "We are not prepared to render a detailed report to this meeting, but it may prove interesting to say that since this project purposes to serve only the general welfare of the community at large, and has no motive of profit, whatever, the probabilities are that a grant of license for the use of Riparian rights, will be allowed without charge except for the cost to the Board of Commerce and Navigation for preparation of necessary papers and plans, which should not exceed \$100.

"We do not anticipate objection on the part of the War Department or the State Water Policy Commission, but it must be remembered, that approval of all three Authorities hinges upon our presentation of releases and waivers, signed by abutting property owners.

"We have not heard of a single objection raised to the creation of this splendid improvement. However, this may be due to the nebulous character of the objectives and requirements at this time.

"To procure license to build a dam, we are required first to present a survey." Obviously this committee would not wish to put the Borough to the expense of a survey until the necessary releases have been signed by the property owners affected.

"We shall welcome parleys, and we seek the viewpoints of interested property owners; we desire to frankly discuss any objections and arrive at amicable solution of them. The picture as a whole presents many ramifications, and if we are to avail ourselves of the free labor offered by Mr. Shedwick on behalf of the County E.R.A. the preliminaries, which in fact, are the first requisites, should be settled with dispatch.

"It is planned to call a meeting of the whole "Lake Committee" for June 24th, to receive the reports and data then available, and it is hoped that property owners affected by this proposed project will contact the chairman prior to said meeting date."

## Transportation Report

Alexander B. Garwood, chairman of the transportation committee for the riverfront section, spoke briefly of the transportation worries of the committee. Mr. Garwood stated that since Governor Hoffman signed the high speed bill, Riverton's transportation future looked very black.

Garwood explained that the cars of the high speed line will be nothing more or less than glorified trolley cars, and Riverton will become another Frankford. Rivertonians will become straphangers, and a class of people not desirable will soon invade this territory with such a service.

"Connie Mack" Reports

Fred Conway, alias "Connie Mack" "Judge Landis," etc., reported that the athletic committee, of which he is chairman, has scheduled some good baseball games for the Fourth of July, in both the hard and soft ball teams. The soft ball game will be with the Riverside firemen, league leaders in Riverside, and the hard ball team will tussle with the strong 12th Ward team from Camden. Conway urged the people to come out and see the teams play and support the towns sports. John Strohlen took the floor after Conway, and told how Conway had devoted much of his time to promote sports at the park, how he had developed a soft ball league composed of 180 local players, and how he had started

## PATENT GRANTED TO RIVERTON MAN

# GAS RATE CHANGES BENEFIT Residential Customers Who Use Over 5000 Cubic Feet a Month

Special Inducement Cut in Cost of Gas for House Heating Service... Lowered Rate for Building Heating and/or Cooling Service... Reduced Prices for Wholesale Consumption Service and for Gas Street Lighting Service

## CONSUMERS WILL SAVE NEARLY \$1,000,000 A YEAR

Gas used for all purposes in residential premises including cooking, water heating, refrigeration, house heating, will hereafter be combined as one charge with a uniform schedule of rates applied according to volume consumed.

After the first 5000 cubic feet used per month the Residential Rate will be only 6½ CENTS per 100 cubic feet for the next 5000 cubic feet, and for all Gas used in excess of 10000 cubic feet per month the Residential Customer will pay the exceptionally low price of 5 CENTS per 100 cubic feet.

This will mean substantial reductions to thousands of gas users and will make House Heating by Gas unusually attractive from the standpoint of Cost as well as of Convenience.

Residential Service Rates will be applied to each installation. Consumption of Gas by the same customer in different locations will not be combined.

The Residential Service minimum charge will be \$1.00 per month. An additional charge of \$1.00 per meter will be made for extra meters installed for the convenience of the customer.

The new rates provide a substantial reduction in the price of Gas for heating and/or cooling buildings other than residences.

Municipalities using Gas for Street Lighting will benefit by a reduction in the cost per lamp.

Wholesale users of Gas will find that the new rates will aid them materially in keeping down their production costs in so far as fuel figures as an element in such costs.

Wholesale Service Rates are effective with bills rendered on and after July 1.

Other Rates mentioned will become effective beginning with bills rendered in October for September sales.

## AIR CONDITIONING IS AN ASSET FOR ANY BUSINESS

## AIR...as a Business Builder for Beauty Parlors and Barber Shops

The beauty parlor and barber shop business has a hot-weather slump, and one of the principal reasons is—during summer months people avoid places with hot humid air.

Warm moist air caused by hot towels, wavers and other equipment in your shop can be easily and economically eliminated by modern air-conditioning.

Modern air-conditioning will transform your shop into a place where your customers find relief from the oppressiveness of the street—and because of the relief, they are apt to have more work done and to return more frequently.

Modern air-conditioning is not an experiment, nor is it a luxury service to create good will. It is a very practical method of cleaning and cooling the atmosphere of buildings. It is not expensive when considered with the amount of new business it brings.

We can be of help to you in analyzing your requirements and making recommendations. A study of your shop will be made without charge to you—simply fill out and mail the coupon.

Memorial Park Playground Baseball Dope

Thursday evening, June 13—The Riverton Firemen lost a heart-breaker this evening to the Broadway team by the close score of 4 to 3. Base hits were at a premium, and while the Smokeaters collected 5 hits against the Flickerlights 4, the latter included three base blows by each Bill and H. Anderson which resulted in runs. An error, two hits and a fielder's choice permitted two tallies to cross the pan and enabled Broadway to retain their grip on first place with Evans and Bankers Sonny Wright should remove the bunch of junk that catcher Kapus carries around in his pockets during the course of a game. This same Kapus is continually dropping spare parts of the fire truck and so on, but this is only the half of it. The other is that his base running was slowed down so much that he was thrown out on several occasions which should have resulted in runs and enabled the Firemen to win. It was a tough contest for Horace Finney to lose. Bob Finney played his first game of the season and did good work at first for the losers. Broadway 001 001 20x—4 Firemen 100 100 100—3 H. Finney and Kapus B. Anderson and Buckholtz

Friday evening, June 14—In a game that was expected to be a close battle, the Joseph T. Evans Knotty Lumber boys chased the Tak-Abost Bottle Washers to all parts of the park to retrieve 20 hits of all descriptions. Such a gathering of bingles was the cause of 13 runs, while the Boost crowd accounted for three runs on thirteen hits and a few of them were mowed down at the plate by fast work on Herb Baker's part. Herb was responsible for four hits in spite of his stream line trousers. C. Hubbs in center field for the Boosters outfit, made a fine running and jumping catch of a line drive that saved at least three runs. Manager Yearly of the winners has it all over Connie Mack for making his boys hustle. Once he was peeved at an ump's decision and the boys thought he was on their necks, and behold they fell on Doc Brady's pitching like an undetermined pile of lumber. J. T. Evans 110 210 62x—13 Tak-Abost 101 000 100—3 Richman and Speer Brady and Mathis

On the East diamond the Bankers had little trouble in defeating the Whitman store clerks. The Bank representatives very carefully double checked each Whitmanite as to citizenship, vaccination and so on before the game began and then they licked them by the tune of 15 to 6. The fact that the Store lads made 11 safe hits shows that they may have used loaded bats. This is a thing the Bankers missed checking up.

Money buys only the cheaper things.

Fourth of July Report "Bob" Ayres reported that the Fourth of July committee was functioning again, and that this year it is expected to have a celebration equal to that of last year if not better. A better organized drive for funds is being conducted among the residents, and a larger return from that source is expected. Mr. Ayres reported that a saving of \$62 had been effected in the contract price for a band for the Fourth of July.

"MOUNTY" LEAVES FOR NEW JOB

W. E. Mount, secretary of the local YMCA, leaves next Friday for Lavender Camp, Porter Corners, New York.

Mr. Mount has accepted the position of head counselor for Camp Tonde during July and August. Melvin Mays of Palmyra and William Cooper, of Riverton, will also be employed at the same camp. Mrs. Leon Eagen, dietician at the Cinnaminson public school, will have charge of the culinary division of the camp.

Any inquiries concerning the "Y" should be addressed to Charles H. Yost, secretary of the Board of Directors.

COMMENCEMENT AT SCHOOL NO. 4

The Cinnaminson School No. 4 held its commencement exercises on Friday morning, June 14th. The speaker for the occasion was Miss Frances O. Grant, of the Bordentown Industrial School, Bordentown. Eight pupils were graduated. Diplo-

mas were presented by Howard G. Taylor, Jr., president of the school board.

YMCA STAMP CLUB of Palmyra and Riverton

The regular monthly meeting of the Palmyra-Riverton YMCA Stamp Club will be held June 28th, at the Y building, Broad and Garfield, beginning at 8 o'clock.

The speaker as yet is undetermined, but it is quite certain he will be of great interest to all. There will be the regular auction. Don't forget there is a prize for the person bringing in the most new adult members between this meeting and the September one.

Ayres, chairman of the contributions committee, reported that the objective of the committee this year was to raise \$500 for a band and fireworks. Up to Wednesday night there had been collected or promised \$455.

TO CARRY SALES TAX FIGHT INTO COURTS

New Jersey League of Retail Merchants Prepare to Appeal to Federal Body

The New Jersey League of Retail Merchants will move immediately into Federal Court to restrain State Tax Commissioner J. H. Thayer Martin from enforcing the State Sales Tax on the ground it is unconstitutional. This announcement was made at Trenton on Monday by Samuel A. Levy, counsel for the league, reported to represent 50,000 merchants in the State. Levy declared the act was unconstitutional in that its "title is defective, it invades the fourteenth amendment guaranteeing life, liberty, pursuit of happiness and due process of law, permits entry of judgment without process, permits imprisonment for debt, and compels retailers to enter into a contract."

RIVERTON BOARD OPENS NEW BIDS

Another Meeting Will Be Held Tonight to Further Consider Prices Submitted

An adjourned meeting of the Riverton Board of Education was held Wednesday evening of this week to receive bids for the reconstruction of the school building. The total of the bids under the five contracts will, according to a hasty calculation made last night, come very close to the \$85,000.00 authorized for the project. The bids are being tabulated for consideration at an adjourned meeting to be held in the school house tonight at which time it is expected that the various alternates under each contract will be decided upon and the contracts let. For the general construction bids were received from Philip Lane, George W. Shaner & Sons, Carl L. Furner, Rafferty Kennedy Co. For structural steel—American Iron Works Co., Belmont Iron Works Co., Camden Iron Service Co., Central Steel Erecting Co., Bethlehem Fabricating Co. Unit heating system—Walter E. Bittner, Trenton. Mechanical warm air—American Heating and Ventilating Co., James Speer Stove and Heating Co. Plumbing and drainage—Walter E. Bittner, Lewis Jeumann. Electrical—Ernest S. Milligan, Roland E. McMann. The chairman of the property committee was authorized to negotiate for the sale of the portable school building which will not be needed after the additions have been made to the main building. The chairman of the property committee reported that Miss Staman, supervising principal, had made a complete inventory of the contents of the school building. The annual report of the principal was submitted and reviewed by the board. The following bills were ordered paid: New Era, printing commencement programs, tickets for graduation \$14.50 Riverton Engraving Co., diplomas 16.00 District clerk, misc. exp. 4.87 Morris Steedle, janitor, July and August 112.50 New Building Project Courier-Post Newspapers, 2 insertions adv. for bids \$18.48

SURVEY NEXT STEP FOR LAKE

Committee Will Get Price on Map Showing How Dam Will Affect Properties

The Riverton Lake Committee met in the fire house Monday night and received the report of R. M. Fuller, who was appointed a committee of one to contact the State Board of Commerce and Navigation, the War Department and the Water Policy Commission of New Jersey to secure permission to proceed with the lake project at Memorial Park. After Mr. Fuller's report had been read and carefully considered it was decided that the next step would be to have a survey made to determine just what effect the construction of the dam would have on properties abutting the lake, and a committee was appointed to secure from Benjamin Sleeper of the firm of Sherman & Sleeper, borough engineers, the cost of making such a survey. The committee extended a vote of thanks to Mr. Fuller for the very thorough report submitted. The committee was unanimous in its opinion that the dam should be constructed near the railroad bridge, as shown on tentative plans prepared by Sherman & Sleeper several years ago. The committee to present to Mr. Sleeper the discussion and action which took place at Monday night's meeting, and to secure a price for making a survey, was appointed by H. E. Moyer, chairman of the Lake Committee, as follows: R. M. Fuller, chairman; R. A. Marshall, Nathan Lane, F. A. Mathews, Jr., Charles Evans, Bradford Stetson. A copy of a letter was read from Mr. Sleeper to Victor Gelineau, director of the Board of Commerce and navigation, in which he set forth the history of the lake movement from the beginning to the present time, and gave details of the present plan.

CAR HITS POLE AT TAYLOR'S LANE

Miss Betty Zink, of Palmyra, and Morris Long, Moorestown, Slightly Injured

Monday morning, June 23, at 12.55 a car driven by Morris J. Long, of Bridgeboro road, Moorestown, ran into a pole on the River Road near Taylor's Lane. Riding with Long was Miss Betty Zink, of Horace avenue, Palmyra. Miss Zink, who suffered lacerations of the head and a broken nose, was taken to the Zurbrugg Hospital, Riverside. Long, who was taken to Dr. LeFavor, was cut on the lip and right knee. The car was owned by James S. O'Brien, of 125 S-41, Palmyra. No arrests were made upon investigation by Officer Dorworth, of Cinnaminson Township.

PALMYRA PLANS BIGGEST FOURTH

Program Will Start at 7 a.m. With Flag Raising by Boy Scouts

This year Palmyra residents will enjoy one of the most gala Fourth of July celebrations ever held here. The program will open at 7.00 a.m. with a flag raising by the Palmyra Boy Scouts. At 9.30 o'clock athletic contests will be held at the Palmyra High School field, and a quoit tournament at the Society Hall Grove. A flag presentation by the P.O.S. of A. through George R. Evans will be made to the board of education. Leonard R. Baker, president of the board, will make the acceptance. The parade forms on West Boulevard at two o'clock, and at three o'clock a baseball game will be held at the municipal park. There will be a band concert in the grove at 7.30 p.m. by Mingin's Band. The singing during intermission will be under the direction of Alfred Van-Osten. At 9.00 p.m. dancing will be held in both the P.O.S. of A. and the K. of C. Halls. Admission will be by ticket only. Tickets may be procured by any member of the general committee and will be absolutely free. William J. Kraus, C. R. Sweeney and Harry Lewis have been appointed to assist with the private cars in the parade.

POINSETT HELD FOR GRAND JURY

Bail Denied Young Palmyra Man Charged With Manslaughter in Barroom Brawl

Arthur Poinsett, of 326 Morgan avenue, Palmyra, was arrested Wednesday night and is being held in the Mount Holly jail, without bail, on a charge of manslaughter, brought by C. Morris Beck, Chief of the Palmyra Police, following the death of Joshua Clark whom it is alleged died from injuries received in a brawl in the Bridge Grille, Broad and Market streets, West Palmyra, Tuesday night. The first indication of the barroom brawl reached police when an unidentified woman called the Palmyra police at 12.10 p.m. Wednesday and told them a man, who appeared to be injured, was lying on the ground in front of the Bridge Grille. Officer Gallagher answered the call and took the injured man, to the office of Dr. Dean H. LeFavor, Palmyra, where he was treated and taken to his home, Highland avenue and Spring Garden street, Palmyra. Chief Beck started an investigation of the circumstances surrounding the case and at 8.00 p.m. arrested Arthur Poinsett, charged with assault and battery. He was released under \$500 bail by Police Recorder Lutz. In the meantime, at 5.45 p.m. Clark went into a state of coma and was taken immediately to the Burlington County Hospital at Mount Holly. He died at 10.00 p.m. without regaining consciousness. Chief Beck immediately re-arrested Poinsett and took him to Mt. Holly for questioning before Chief of County Detectives, Ellis H. Parker. Following the questioning a charge of manslaughter was lodged against him by Beck, and he is being held for the Grand Jury which meets in September. Other witnesses to the alleged assault will be questioned immediately by the County Detective.

DRIVE FOR FUNDS ENDORSED BY PALMYRA COUNCIL

Owing to the fact that the drill and competition put on by the Drum and Bugle Corps of the American Legion the last two years failed to meet expenses, the Palmyra Borough Council has made the following endorsement of a drive that will be made to collect funds to meet the deficit. Be It Resolved, that Whereas, Palmyra Drum and Bugle Corps held a competition last year, in conjunction with the Transportation Committee of this Borough, to advertise the annual train service to and from Philadelphia; and Whereas, said Drum and Bugle Corps held a competition this year in connection with the dedication of the Borough Park; and Whereas, each said competition was a civic service rendered to advertise our Borough; and Whereas, at each of said competitions said Drum and Bugle Corps was compelled to incur large obligations which it was unable to meet by reason of weather conditions last year and the small attendance this year; Now, Therefore, by reason of each of said competitions being of civic interest and advantage to this Borough, we, the Mayor and Council of the Borough of Palmyra, call upon the citizens of this Borough to come to the assistance of said Drum and Bugle Corps with sufficient financial aid to clear up and pay the obligations incurred by said Drum and Bugle Corps in holding said competitions.

MEMORIAL PARK TO OPEN JULY 1

Supervisors Will Be Russell Rubrecht, Mrs. Helen Eisle, Ted Hunn

Riverton Memorial Park will open its summer activities this year on Monday, July 1, under the Leisure Time Division of the Burlington County E.R.A. The local people who will be in charge of the playground are: Russell Rubrecht, Mrs. Helen Eisle, and Ted Hunn. As in previous years there will be all kinds of stunt nights, pet shows, bicycle shows, a circus and various hobbies. Community nights will be held when parents will be invited to view the work done by the kiddies and see the benefits of supervised play.

NOTICE

The Borough Property Committee of the Riverton Borough Council gives notice that the water in the lake at Memorial Park has been declared by the Board of Health to be unfit for swimming purposes. This being the case no provision has been made for supervision, and anyone entering the water will do so at his own risk, both as to health and injury. The committee also states that all persons using the park and the playground equipment do so at their own risk, as the borough is not responsible for any injuries caused by mishaps or accidents.

BAKER MEMBER S. J. TRANSIT BOARD

Supervising Member Moorestown Public Schools One of Nine Members

George C. Baker, supervising principal of Moorestown public schools, Tuesday was named the Burlington County member of the new South Jersey Transit Authority, object of which is to develop electric rail transportation to South Jersey communities from the Camden bridge high speed line, now under construction. The nomination of Mr. Baker made by Governor Harold G. Hoffman with the recommendation of State Senator Clifford R. Powell, was confirmed shortly after being received by the Senate in session at Trenton Tuesday afternoon. Five other appointments were confirmed Tuesday afternoon, leaving three more places to be filled, as the membership of the new authority is to be nine. Other members already named are: Former Judge John B. Kates, Camden; E. K. Earnest, Woodbury; Howard Krashey, Salem; Clifford Elwell, South Toms River, and Israel T. Woolson, Wildwood. Appointees will serve without salary. The three other members, one each from Cumberland, Atlantic and Monmouth counties, are yet to be named.

The feast is good until the reckoning comes.—Quarles.

Altogther there are 118 different taxes levied on the oil industry.

### DONATIONS ASKED FOR CAMP FUND

Welfare Association Receiving Contributions to Send Children to Camp

Margaret and Joseph, ages 10 and 12, have always wanted to go to camp. They realize that their fathers can't send them. With nine in Margaret's family to feed and eight in Joseph's, rent to pay and all other expenses, the \$16 per week earnings of the father does not go far. Margaret and Joseph accept these facts philosophically—but still they do think how nice it would be in camp, if only for a week.

Margaret had a hard winter. She takes cold easily and is undermournished. Joseph is healthy, but at his age, his brothers and sisters annoy him. He in turn, irritates his mother; she never knows what he will do next.

One day the social worker, who has been a friend of these families for a number of years, suggested that a vacation at camp might be possible. She cautioned Joseph and Margaret not to become too optimistic but promised to see what might be done.

It costs only \$10 for a week's stay at camp. We have a number of underprivileged children in our community. Don't you want to bring a summer Christmas present to one of these by donating to the Riverton-Cinnaminson Welfare's Camp Fund? Telephone Riverton 284 or send your donation to Mrs. Dorothy N. Cooper, Riverton.

**DANCE FOR CHARITY**  
The Riverton Junior Porch Club will give a dance on the Fourth of July in the Porch Club, Fourth and Howard streets. Dancing 10 to 1. Tax \$1.50. Proceeds for charity.

### ROBERT W. COX DIES SUDDENLY

Former Superintendent of County Insane Asylum Succumbs in Marlboro

Robert Williams Cox, 44, former superintendent at the Burlington County Hospital for the Insane, New Lisbon, and widely known throughout Burlington County, died Saturday afternoon of heart failure after a short illness in the New Jersey State Hospital, at Marlboro, N. J., where he had been located since leaving New Lisbon.

Cox succeeded Clarence Deacon, now superintendent at Masonic Home Burlington, at New Lisbon in February, 1921, and went to Marlboro in 1931.

He is survived by his widow, Mary Cox, nee Rowe, of Burlington; his mother, Mrs. Catherine Cox, Trenton; daughter, Helen, 16, and a son, Robert, Jr., 13.

Interment was made in Greenwood Cemetery, Trenton, on Tuesday.

### THE KUENSEL FAMILY TO THE WEST COAST

Mrs. Noah Kuensell, wife of the owner of the Riverton Laundry, with her son and daughters, Sidney, Blanche and Ruby, will leave this Sunday, June 30, for Port Angeles, Washington.

Their itinerary will include a stop at Chicago and Seattle, the Olympic Hot Springs and a trip to Victoria, B. C.

In Port Angeles they will visit Mrs. Kuensell's parents, Mr. and Mrs. Gus Palmquist and other friends.

They will return to Riverton about August 1.

Mystery magnifies danger as the fog sun—Colton.

### TAYLOR-TOY

Miss Elizabeth Marie Toy and Alan Crawford Taylor, both of Palmyra, were married Saturday afternoon in the Central Baptist Church.

Miss Toy is the daughter of Mr. and Mrs. Elias Toy, of Cinnaminson avenue, and Mr. Taylor is the son of James B. Taylor.

The ceremony was performed at four o'clock by the Rev. George Lockett. The church was beautifully decorated with summer flowers.

The bride, who was given in marriage by her father, was attired in a tailored model of white bridal satin. Her veil was of tulle, Dutch coronet style. She carried white roses, lilies of the valley, baby's breath and gardenias.

Mrs. Alex Chambley, the matron of honor, wore a gown of aquamarine blue mousseline de soie made on form fitting lines with huge sleeves puffing to the wrist and a picture hat of leghorn. She carried a bouquet of yellow roses.

The bridesmaids, Mrs. Woodburne MacCord, a sister of the bridegroom, and Miss Martha Deusch, wore frocks of peach colored mousseline de soie, also made on form-fitting lines, and picture hats of leghorn. They carried talisman roses.

Henry Mathers, of Riverside, was best man, and the ushers were Woodburne MacCord, of Palmyra, day, \$1.00 a week or \$3.00 for the

and Bruce Beahn, of Elkins Park. Solos were rendered by Miss Anne McConnell, and Mrs. Elvin I. Powell was the organist.

A reception was held at the home of the bride's parents immediately following the ceremony for members of the bridal party and the immediate families of the young couple.

Mr. Taylor and his bride will reside at 715 Cinnaminson avenue, Palmyra, after a wedding trip to Nantucket.

entire ten days. Full information concerning the camp may be obtained at the county office.

### Organ Needed

A small organ is needed for use at the county YWCA day camp during July. Anyone who has such an organ and is willing to lend it to the association for use at the camp is requested to communicate with the county YWCA office in Mt. Holly, and it will be called for.

### THE LEFAYORS ON VACATION

Dr. and Mrs. Dean H. Lefavor, of Morgan avenue, will leave Saturday, June 29, for their vacation. They plan to visit their parents in Ohio and will return on Monday, July 9. Dr. Tuck, of Philadelphia, will assume Dr. Lefavor's practice during his absence.

### YWCA NOTES

Register for Day Camp Now  
Registration for the county YWCA day camp at New Lisbon should reach the county YWCA office in Mount Holly before July 1, a week prior to the opening of the camp. This will be the only YWCA camp to be conducted in Burlington county this summer.

All girls in the county between the ages of 10 and 18 are eligible to attend the camp which will be in session each Monday, Wednesday and Friday from July 8-29 inclusive. A full camp program will be offered under the direction of Miss Harriet L. Bove, county YWCA secretary, with the assistance of competent counselors. Rates are 35 cents a day, \$1.00 a week or \$3.00 for the

### ANNUAL REPORT RIVERTON LIBRARY

President Acknowledges Help and Contributions from Many Sources

The following report of the president of the Riverton Free Library Association was made at the annual meeting held May 20.

May 20th, 1935.  
To the Board of Trustees, Riverton Free Library Association.

It is needless for me to say to the group constituting our Board of Trustees that the 36th year of the Library's existence just closing has been one that has presented difficulties greater than we have been called upon to face for many years.

All of you know that during the early part of the 1934-1935 period we felt the pinch of the reduced income of many of our subscribers but this experience has not been without its compensations. The manner in which other local organizations have evidenced their interest in our welfare and the generous contributions of a number of our more fortunate citizens has not only demonstrated a hearty approval of our efforts but at the same time given us brighter hope for the future than we have envisaged for a number of years.

Among the outstanding evidences of appreciation of the services your organization is rendering the people of Riverton and Palmyra is the added support given by the Official Governing Bodies of these Communities. The Borough Council of Riverton increased its budget grant to us from \$400 in 1934 to \$600 in 1935, while Palmyra's increase was from \$200 to \$250. These additional funds will obviously do much to help us in maintaining the service to the

citizens of our joint communities which we have striven to give over the years.

It is hoped, and expected, that our receipts from subscribing members this year will enable us to increase the budget for new books so that the curtailment in this direction for the last three years may be substantially reduced and the new volumes, so important to our success, will again be placed on our shelves regularly each month.

Special contributions were received from: J. Carl De La Cour, Benjamin S. Meehling, Joseph Beck Tyler, Walter K. Woolman, P. F. Nieuirk, H. F. Jones, J. D. Clark, Oliver G. Willis and Herbert M. Kieckhefer.

In addition to thanking those who have made these special contributions during the year and those who have indicated their willingness to make continuing subscriptions thru Life Memberships we want to express appreciation to the following citizens who have made generous book donations:

Mrs. Oliver G. Willis, Mrs. Stanley Groves, Mrs. E. Zieher, Mrs. Mary W. Miller, The Misses Coak, Mr. and Mrs. Harry F. Jones, Mrs. Rolph Stein, Miss Egan, Margaret Weller, Walter Mattis, Eileen Mattis, George Mattis, Katherine Chalmers, John Shinn, Robert Biddle (magazines) and annual gift of \$200 and motto calendars for distribution, Riverton Porch Club Party (books), Mrs. Fred Turnbull, Rev. George Ashley, Samuel J. Allen, Mrs. H. G. Phillips.

In closing let me express my sincere thanks to each of you whose co-operation and active interest has been such a distinct help in carrying on this worthy endeavor.  
H. F. Jones,  
President.

YACHT CLUB PLANS FOR BUSY SEASON

Memorial Day Opened Long Series of Races; Club Host to Beverly Last Week

The observer will notice that the Riverton Yacht Club is off to a good start this season. The yachting season was opened on Memorial Day with a race between all classes of sail boats. This race was won by Rodman Merrill in the Sala Rias. The following week end the first meeting of the season was held and a large number of members turned out. Plans were made for numerous functions during the coming season and the entertainment committee, headed by Dr. Voorhis, was complimented on the entertainments they had given during the winter season.

On Sunday, June 16th, the club had its annual "Up-River Day." Through the courtesy of the Red Dragon Canoe Club and the efforts of Mr. Merrill, the party was held on the grounds of the Red Dragon Canoe Club. Dr. Voorhis provided an orchestra. It was generally conceded that this was the best "Up-River Day" that any of the members could remember.

Last Sunday, June 23rd, the club entertained the Beverly Yacht Club at Riverton and numerous sail boat races were held. Before which a luncheon was served by the ladies of the yacht club. The first race on the schedule was between the Cricket boats of Beverly. The race was won in fine fashion by Bryan Cain. The next race started five minutes after the Cricket class got away. This was between the Saw-and-Hatchet class boats and was won by Owen Merrill sailing the Duster. The sixteen foot class was won by Rod Merrill. Since the starts were so close together practically all the boats were on the course at one time and it was a mighty pretty sight to see them going around the triangular course in a stiff breeze with a choppy sea.

About fifteen minutes after the finish of these races a free-for-all race was held in which boats of all classes were entered as well as numerous miscellaneous sail boats. The Beverly Yacht Club boats took all four first places in this race. Unfortunately, one of the leading Riverton boats fouled the buoy and was disqualified. The breeze during this race had increased to the point of a gale and there were masts broken, sails torn and stays pulled out. It was probably the most exciting race of the afternoon and proved good entertainment to the hundreds of persons who watched it from the river bank and clubhouse.

After the races more refreshments were served and the Beverly boats sailed home before a good wind with numerous prizes in their possession.

OBITUARIES

FREDERICK W. ROBERTSON

Frederick W. Robertson, of Moylan, Pa., died of heart disease Saturday, June 22, at the tiller of his sailboat, June 22, during a race in the Delaware River off the Corinthian Yacht Club, Essington.

Mr. Robertson had been prominent in sailing activities in this section for many years. In 1927 he was vice commodore of the Riverton Yacht Club and in 1928 and 1929, commodore. The first boat he built, the Lewana was followed by Juno I, which was built in his back yard. At that time he lived on the corner of Fourth and Cinnaminson streets, Riverton.

He sailed the Juno I at Riverton for a short time but found there were no other boats of that kind to compete so took it to the Corinthian Yacht Club in Essington. Mr. Robertson was the winner of the series of races for several years in succession and represented the Riverton Yacht Club in the L-I series of races in the Chesapeake for three years.

Mr. Robertson first came to Riverton with Linton Rigg, son of a former rector of Christ Church. Mr. Robertson won fourth place in the Atlantic Coast championships in star boats in 1934 and was fourth in the International star boat championship in 1932. In 1933 he won the Lipton star class trophy at Easton, Md.

He was racing one of the two entries in the third of an elimination series preliminary to the Atlantic Coast championship, at the time of his death.

Mr. Robertson was associated for 13 years with the banking firm of E. B. Smith & Co. He is survived by his wife.

DAVID SHULMAN

David Shulman, of Harrisburg, died early Tuesday morning at his home. Funeral services were held at his late residence Wednesday afternoon.

David Shulman is the father of Phillip Shulman, a well-known Palmyra business man. He is also survived by his wife Fannie and four daughters, Mrs. Rebecca Cohen, Mrs. Anna Snyder, Mrs. Celia Israel, Mrs. John Landis, and two sons, Phillip Shulman and Harry Shulman.

INGEBORG M. NORLIN

Miss Ingeborg M. Norlin died at her home 2342 46th street, Camden, Tuesday evening. Funeral services will be held at the late residence Friday afternoon at 2.00 o'clock. Interment will be made at Morgan cemetery under the direction of the Snover Funeral Home, Inc.

Miss Norlin is survived by a sister, Mrs. Augusta Swenson, of Camden, formerly of Palmyra.

RECEPTION TO THE NEW MINISTER

Two Hundred Bid Welcome to the Rev. and Mrs. William Boyd at Epworth Church

The Rev. and Mrs. William Boyd were the guests of honor at an informal reception tendered them in the Epworth M. E. Church Wednesday evening following the prayer meeting.

Leon Guest was master of ceremonies for the occasion and a very interesting program was enjoyed by the more than 200 guests.

Two solos were sung by Alfred VanOsten, and Mrs. Rachel Lord and Herbert Baugh rendered two duets.

The Rev. George Lockett and the Rev. Francis B. Downs spoke briefly to those assembled.

The Rev. Mr. Boyd also addressed the gathering.

Refreshments were served following the program.

Wants Street Fixed

Mrs. Waller, of Parry avenue, wrote a letter protesting against the condition of that street and asking action to improve it. The matter was referred to Councilman Engle, chairman of the street department.

A committee composed of Alexander Garwood, Karl Latch and Councilman John Stroblein, of Riverton, asked Council to lend its endorsement to a plan being worked out to meet the financial deficit of the two Bugle Corps competitions.

Council agreed and a resolution was prepared by Solicitor Low and adopted.

Council authorized the appointment of a deputy collector for the collection of delinquent taxes and the finance committee will make the appointment shortly.

PALMYRA MAN FALLS FROM ROOF

Robert Snow, of 911 Lincoln avenue, Palmyra, fell from the top of his house Thursday morning. Mr. Snow was painting the house when he slipped, fell to the porch roof and then to the ground.

Mr. Snow will be confined to the Zurbrugg Hospital, where he was taken immediately following the accident, for at least ten more days. He will then be placed in a cast and allowed to return to his home.

The injured man was painting the window trim of his house at the time the accident occurred.

ENGAGED

John B. Horton, of Palmyra, recently announced the engagement of his daughter, Miss M. Elizabeth Horton, to Albert W. Snelson, Jr., son of Mr. and Mrs. Albert Snelson, of Brooklawn, New Jersey. The engagement was announced at a party in Atlantic City. No date has

PALMYRA RENEWS SEVEN LICENSES

Council Approves Applications for Five Barrooms and Two Distributors

Palmyra Borough Council approved the renewal of all seven local liquor licenses at its meeting last Thursday evening. The applicants were: barrooms, William Kooker, Placido Peditto, Josiah Wallace, Charles L. Hawke and Enoch Williams; retail distributors, Frank Bus and John Mento.

Application was renewed for a portion of the state funds allotted to Burlington county for local street improvements and Mayor Lamon, Clerk Spencer and Councilman Engle will go to Trenton to press the claims of the borough.

Councilman Ward, newly announced candidate for Mayor, said he favored permanent improvement of streets, even if at the rate of only one street per year, rather than wasting the street department's money in half-way measures. By building permanent streets, one by one, within a few years it would be possible to save the several thousands of dollars now being spent annually on the upkeep of the gravelled streets, without much benefit.

Councilman Arthur Wright said that was his idea too. "We should forget about such things as building city halls and build a few good streets," said Mr. Wright.

Will Not Close Station

Mayor Lamon announced that the Pennsylvania Railroad had withdrawn its application to the State Utility Commission to abandon the West Palmyra station and that the various business men of the town were cooperating to ship by rail as much as possible, so as to encourage the continuance of the railroad company's local service.

Councilman Thomas called attention to the dog situation, saying he had learned many people were of the opinion that a dog, if muzzled, could run at large. He asked the newspapers to correct this impression, as the borough ordinance prohibits dogs running at large under any condition during the summer months.

It was announced that notices have been served on the owners of twelve properties that the buildings must either be put in proper condition or demolished.

BEITZ-GALLAGHER

Invitations will be issued early next week for the wedding of Elizabeth M. Gallagher, daughter of Mr. and Mrs. William Gallagher, of 356 Clarkson street, Burlington, to Edward P. Beitz, son of Mr. and Mrs. Nicholas Beitz, of East Broad street, Palmyra.

The wedding will take place at 10.00 o'clock in the Saint Paul's R. C. Church, July 17. The wedding breakfast will be served at the home of the bride's parents.

Edward Gallagher, brother of the bride-to-be, will be best man and another brother, Francis Gallagher, will be an usher.

Miss Rita Maquire will be the maid of honor and Miss Mary Beeler will be the bride-elect's other attendant.

The young people will live at 525 Morgan avenue after the ceremony.

TENNIS TOURNAMENT STARTED MONDAY

Twenty-seven in Men's Division Twenty in Junior for Spring Ranking

After having been delayed for two days because of inclement weather, the fifth annual men's and junior ranking tournaments began Monday at the Memorial Park tennis courts.

The men's competition carried the names of twenty-seven entries, while the junior tournament held twenty.

Watson Buhler, who won the coveted Rotary cup last fall, was seeded first in the senior division, followed by Robert Borer and Clyde Ellsey, both semi-finalists last year. George King was the fourth seeded player.

Buhler, however, decided that he would not participate in this tournament and defaulted, advancing Vincent Hackett, winner of the first singles cup offered, to the quarter-final round.

R. Allen finally won a three set match from Jay Reed, but only after he had lost the initial set 6-1; Allen then braced to win the second and third 6-3, 6-3.

George Hagstoz also entered the second round by brushing aside Tyler Vile, 6-2, 6-2, on the opening evening of play. Hagstoz's game showed strength in all divisions and particularly so in serving, which is of the cannon ball variety. Tyler made many remarkable returns, but was outclassed. Hagstoz, along with Richard Biddle, Lewis Robbins and Porter Caldwell, loom as the outstanding players outside the ranking list.

Because of Buhler's default the tournament is opened up considerably with many players having a chance for the title. Clyde Filley, third ranked, seems to be the only contestant certain to reach the semi-final round. Robert Borer will meet either George Hagstoz or Richard Biddle in the quarter-final round, and George King will have his hands full when he meets Lewis Robbins in the same round.

The junior tournament holds probably the most interesting competition in this group since the start five years ago. None of the players who entered are within two years of the age limit.

Robert Stover holds the top seeding position; but this seems to mean little, for Dick Coc, second in the selected group, was ousted from play in his first match. D. Weiford supplied the fireworks, playing steadily to a 3-6, 6-3 victory. Weiford then advanced to the semifinals by setting back Warren Hubbs, 6-4, 6-0. Hubbs had previously beaten R. Gowell without the loss of a game.

Robert Stover, the favorite, played very poorly as he defeated Charles Wallace, but he was in control of the match at all times. Stover does not appear to be up to the form which he displayed last year and has the fault of most of the younger players at the park, a very soft game which handicaps one on such a fast surface as the courts at Memorial Park have.

Tyler Vile was the only other ranked junior player to see action thus far. He won in impressive style from F. Cole, 6-0, 6-0. Vile blazed over many points on which Cole could not get his racket and ran the match out as he pleased.

## Tremendous Trifles

By ELMO SCOTT WATSON

**KENTUCKY (?) BLUE GRASS**  
SAY "Kentucky" and the imagination conjures up a landscape of rolling pasture lands with proud race horses pasturing on the luxuriant blue grass of the region.

In 1752, it was a different picture when John Finley, an Irishman from Lancaster, Pa., came down the Ohio on a trading trip. He proceeded to the falls, now Louisville, hoping to meet parties of Indians returning from their hunting and trade with them.

Now these goods had been packed in Lancaster, Pa. and carefully, too. They were encased in quantities of dried English grass that Finley had used because he carried a large number of breakable items into the wilderness. This packing stuff was dumped on the rich soil as waste material and forgotten.

The settlers who came into that region years later found a strong new kind of grass that had pushed the cane away. It was Kentucky blue grass. . . the famous by-product of an Indian trader's care less gesture!

Now the Hollywood people are threatening to move to Florida. But we suspect that the threat is more talkie than movie.—San Diego Union.

## Two Candidates for Mayor

A. H. ZAYOTTI

A. Harold Zayotti announces that he will be a candidate for the nomination for the office of mayor of Palmyra on the Republican ticket at the Primary election September 17.

Mr. Zayotti was born in Leicester, Worcester County, Massachusetts, 45 years ago. For the last 38 years he has lived in Palmyra.

In 1910 Mr. Zayotti married Miss Mary G. Way, grand-daughter of William Slocum, one of Palmyra's early residents who came here in 1870. Mr. and Mrs. Zayotti have two children, Virginia H. and Harold, Jr., both well-known among the younger folks of Palmyra.

Mr. Zayotti has always been interested in community activities. In 1925 he became vice president of the local Boy Scout Council. He is an Artisan, member of the local Assembly number 65, also of Covenant lodge number 161 F. and A. M., president of the Palmyra Compass Club.

Mr. Zayotti hopes for the support of his many Republican friends at the polls in September.

and Atlantic City on Sunday.

JOHN F. WARD

John F. Ward, president of borough council, has announced that he is a candidate for the Republican nomination for mayor.

Mr. Ward was born in Philadelphia 37 years ago. He moved to Palmyra in 1919 at which time he married Miss Alvena Coleman, daughter of one of the well known residents of the town.

He is a graduate of the Wharton School and is employed in a South Philadelphia Bank.

During 1930, Mayor George N. Wimer, a personal friend of Mr. Ward, appointed him to borough council to serve the unexpired term of Albert C. Cramer. At the next election he was elected to complete this term. His education and experience has made him a valuable public servant. The following men have not hesitated to offer Ward their unqualified support: Floyd W. Spahr, C. Nevin Buchholz, Carl W. Thomas and Frank A. Snover.

**MOORE-NEVILLE**  
The marriage of Miss Ruth Eleanor Neville, daughter of Mr. and Mrs. William Neville, of Delanco, to Thomas Richard Moore, son of Mrs. Lillian Moore, of Linden avenue, Riverton, will take place in the Presbyterian Church of Delanco, Saturday afternoon at 4.00 o'clock.

The Rev. T. Clayton Lime, of the Presbyterian Church, will officiate, assisted by the Rev. George Lockett, pastor of the Central Baptist Church of Palmyra and Riverton.  
Miss Neville is a graduate of the Glassboro Normal School and a teacher in the Riverside schools. Mr. Moore is a graduate of Swarthmore College.

TAYLOR-BROWN

The Epworth M. E. Church was the scene of a very pretty wedding Saturday at two o'clock when Miss Esther B. Brown, daughter of Mrs. A. L. Price, of Hammon, became the bride of Clifton Taylor, son of Mrs. Richard Taylor, of Leconey avenue. The Rev. Ira S. Pimm, former pastor of the church, officiated.

The bride, who was given in marriage by her brother-in-law, Robert Dempsey, was gowned in white lace made on princess lines with a long train and veil. Her round shawl bouquet was of white roses and lilies of the valley. The bride's only attendant was her sister, Mrs. Robert Dempsey, who wore a gown of hyacinth blue lace, made on princess lines with a slight train and carried a bouquet of hyacinth blue and pale yellow gladioli. She wore a pale yellow hat and slippers.

Horace B. S. Young was the best man and the ushers included Morris Rothblum and Dr. N. Tichler.

The bride's mother wore a gown of figured blue chifon and white accessories. Mrs. Richard Taylor was dressed in pink flowered chifon and also had white accessories.

The church was very beautifully decorated with rambler roses, baby's breath and other spring flowers. A fountain in the center of the altar formed an attractive setting for the beautiful floral background.

Mrs. Grey Schwartz sang "Because" and "At Dawning."

RIVERTON WINS TWO BALL GAMES

Take Germantown 10-0 Saturday, and Strong 12th Ward on Sunday, 6-2

Combining airtight pitching with opportune hitting enabled Riverton to annex two ball games over the week-end from first class opponents. Saturday found Clay Weikman at his best when he held Germantown to four widely scattered hits and was never in danger of being scored upon. Josh Bartley, Jiggy Foulke, Jim Wolfe and Bill Baker furnished the batting punch. Jiggy and Jim turned in a perfect card with three and two hits respectively out of as many official to the plate. Josh's effort was three for five, while Bill Miller, if for a double and long homer. His double was hit with much gusto and nearly carried the visitors' second sacker into the lily pond.

Table with columns: Riverton, Germantown, R, H, O, A. Rows: Terrell, W. Baker, Conway, Bartley, Easley, Foulke, Sloan, Wolfe, Weikman, Totals.

Sunday found Dusty Coles and Freddie Conway teaming together in turning back the strong 12th Ward Club of Camden 6-2. Holding this aggregation of heavy hitters to six hits and turning back nine bat bearers via the strikeout route was Dusty's effort, while Fred came through with two doubles and a single to knock in three runs. Conway also furnished the fielding gem of the day when he made a sensational shoestring catch of a Texas Leaguer in the third inning.

Table with columns: Riverton, Germantown, R, H, O, A. Rows: Terrell, Sloan, Conway, Bartley, Easley, W. Baker, H. Baker, Wolfe, Coles, Totals.

This week will find the Riverton Club at Palmyra on Friday evening in the first of a five game series with Bill Reagle's Club. Saturday Maple Shade will furnish the opposition at Memorial Park, and on Sunday Riverton will journey to Narbeth, Pa. July 4th will be a return engagement with 12th Ward and there should be fireworks in the afternoon at the ball park as well as the evening on the river bank.

Table with columns: Riverton, 12th Ward, R, H, O, A. Rows: Beamer, Crane, Bearnt, Heineman, Patterson, Saul, Davidson, Bauer, Sharkey, Totals.

A. H. LIPPINCOTT BITTEN BY DOG Alfred H. Lippincott, well-known Palmyra man, was severely bitten by a police dog on Tuesday of this week. Mr. Lippincott, who is a salesman employed by the H. R. Lindabury and Sons New Jersey Fence Company, was calling on a customer near Allentown, N. J., when he was attacked by the dog. He was treated by a doctor at that place and is now under the care of a local physician.

Memorial Park Playground Baseball Dope

June 17—Rain diluted the Tak-Aboust game tonight as the Broadway team outdistanced the Beverage Boys in a six-inning fray. Stars may fall on Alabama, manna may fall in the wilderness, but water fell in drops as large as baseballs this evening to terminate the game in an orgy of run making—running to the nearest shelter. There was also a bit of thunder which some hard-hearted people said was the Boost bemoaning the fate that made it a ten-to-one shot for the Movies.

Doc Brady should bring along a pair of forceps next time or else take a little drill at home, for his inability to handle the winners' bunts helped let the Broadway run up the score. Bill Anderson's fast ones kept the Tak-Aboust away from the plate in all but one inning. Bill Baker led both teams with three hits.

In the other game played tonight, rain poured down at the end of six innings and washed away the sprout Dreer rally, thus enabling the Athletics to cop the game eight runs to four. McDermott poled out a homer for the Seedsmen, while Williams gathered unto himself four hits, including a triple for the Cincinnati Appleknockers. Each team is given five errors by the score, which is not hot for a six-inning affair, is it? Although it appears that the Dreers' team will not enter the win column this half, it should be said in their behalf that they play the game hard, are always on hand for their games, and don't grouse too much when things break against them.

Table with columns: Athletics, Dreers, R, H, O, A. Rows: Athletics, Dreers.

June 18—Neath overcast skies the Schwinging team lambasted the Knights of Columbus by the score of 12 to 6 (It was baseball). Each team garnered the same number of hits as runs.

Table with columns: Schwinging, Knights, R, H, O, A. Rows: Schwinging, Knights.

June 20—The Riverton Firemen displayed their best form of the season and knocked the J. T. Evans bunch out of a possible tie for first place in the first half schedule. The final score of the exciting contest was 9 to 7, with the Firemen winning out in the seventh on a single by King and Hunn's double that Al Yearly, in right field, misjudged long enough to permit the sphere to sail over his head. There was a goody crowd of rooters on hand to see some excitement and there were enough thrills to last for many a day. The Evans team was five runs to the good at the beginning of the third inning, and it was at this point that their cock-sureness made them careless and the fighting Fire Fighters pushed three markers over the pan. After that the tide of the contest swung in to favor with the Hosemen, who appeared to receive the cheers of the assembled multitude, led by Popped Finney, who has replaced Gus Schoenvelt as the star rooter of the park. For some reason or other Manager Joe Yearly, of the Evans crew could not inject the fighting spirit into his boys, and thereby hangs the real cause of their downfall. Sonny Wright, the winning manager, caught for his team and besides doing a credible job behind the bat, poked out three timely hits among which was a screaming

double. This is really something for him to be proud of. Firemen 103 010 22x9 J. T. Evans 150 000 100-7 H. Finney, Jr. and Wright Hyllton and Speer

Broadway downed Walt Whitman this same evening by the tune of 16 to 2, in a game that lacked interest. Bill Anderson and Reeves were the battery for the winners, while Knight and Walt Lamon performed in like capacity for the losers.

June 21—The Athletics and Knights played off a game that was washed out by rain on June 10, the former winning 15 to 5. Shivers and Stockton served and received for the A's, and Andy Praff and G. Malone dittoed for the House of Columbus.

The Field Day, mentioned last week, will be staged early in July, when the new directors will be in charge of general activities at the park. Notice will be given when arrangements are completed.

LEAGUE STANDING

Table with columns: Including Games of June 25, W, L, PC. Rows: Broadway, Bankers, Firemen, Evans, Tak-Aboust, Athletics, Schwinging, Whitman, K. of C., Dreers.

(Bankers-Tak-Aboust game to be played yet.)

Second half begins July 1, with Schwinging-Firemen game on east diamond and Whitman-Tak-Aboust game on west diamond. Tuesday, July 2, Athletics-Dreers; Knights-Broadway. No scheduled league games on the Fourth, also an exhibition game between the Riverton and Riverside Fire Brigades is to be staged at the Park at 1:15 p.m. The Riverside Bucket Boys are said to be on the top rung of the Riverside Playground League. It should be a good game. Come and see.

Broadway 13-Athletics 3

June 25. Perhaps remembering that Christmas is only six months away, the Athletics tonight handed the Broadway boys six juicy runs in the eighth frame to give the Great White Way a 13-3 victory over the embattled farmers. Not that those six actually won the game, but trailing by only four runs, the Athletics, a strong team had a good chance of winning; well, they didn't.

Shaver, A's secondbaseman contributed a sensational catch in the first inning, while in the other half of the same stanza, shortstop Terrell of the Movies started a helpful double play.

Perry led the Appleknockers with two hits, and Vince Daly of the winners couldn't be put out, garnering five safeties off Shivers shoots. Athletics 100 020 000-3 Broadway 001 231 06x-13 Shivers-Stockton. Anderson-Bartley.

Evans 15-Schwinging 4

June 25. Although in actual combat, hardware would probably knock lumber and millwork for a loop, in tonight's game between Schwinging's and Evans', the lumbermen looped out a 15-4 victory over the hardware salesmen. Home Run Baker lived up to his name, pounding out another long one for Evans' in the second period. In addition to this circuit clout, he lambasted three other hits, thus making four altogether and leading his team. Owens, Hyllton, Broderson, and Yearly also did some slugging, donating three each to their team's twenty-three blows. Reynolds, of Schwinging, pounded out three nice ones to top his colleagues.

Table with columns: Schwinging, Evans, R, H, O, A. Rows: Schwinging, Evans.
