**SERVICE PLAN FOR  
SECOND CREEK FARM METROPOLITAN DISTRICT NO. 4**

**I. INTRODUCTION**

A. General Information

Pursuant to the requirements of the Special District Control Act, Section 32-1-101, C.R.S., this Service Plan consists of a financial and jurisdictional analysis demonstrating how the proposed facilities and services of the proposed Second Creek Farm Metropolitan District No. 4 (“District”) will be constructed and financed. The initial boundaries of the District consist of approximately 5.21 acres of land.

The District shall have all the powers of a metropolitan district described in Title 32, C.R.S., except fire protection. After installation of the water and sanitary sewer improvements to serve the proposed Development, as hereinafter defined, the District shall dedicate such improvements to the South Adams County Water and Sanitation District (“SACWSD”) in accordance with SACWSD rules and regulations. The District shall cooperate with the City and South Adams County Fire Protection District to incorporate all or any portion of the property included within the boundaries of the District into the South Adams County Fire Protection District service area. The City of Commerce City (“City”) will provide law enforcement. The Development is also within the Brighton School District 27J (“Brighton 27J”), Adams County Library System, Commerce City Northern Infrastructure General Improvement District, Urban Drainage and Flood Control District, Urban Drainage and Flood Control District South Platte and the Regional Transportation District.

The Development will be developed into a mixed-use planned community with single and multi-family residences, commercial uses and public uses. Other compatible uses as allowed by the zoning may also be incorporated.

This Service Plan has been prepared by the Developer and the following

participants:

District Counsel

MaryAnn McGeady  
McGeady Sisneros, P.C.  
1675 Broadway, Suite 2100  
Denver, CO 80202  
Phone: (303) 592-4380  
Fax: (303) 592-4385

Financial Advisor

Sam Sharp  
Kirkpatrick Pettis  
1600 Broadway, Suite 1100  
Denver, CO 80202  
Phone: (303) 764-5768  
Fax: (303) 764-5770

Developer

88<sup>th</sup> & Tower, LLC

Carroll & Lange  
165 South Union Blvd., Suite 156  
Lakewood, CO 80228  
Phone: (303) 980-0200  
Fax: (303) 980-0917

B. Need for the District

The approximate 427 acre Second Creek Farm development (the “Development”) is entirely within the boundaries of the County of Adams (the “County”) and the boundaries of the City. The Development is now vacant and is not presently served with the facilities and services to be provided by the proposed District. Neither the City, the County, nor any other special district has plans to provide such services and facilities within a reasonable time and on a comparable basis. Therefore, it is necessary that the proposed District be organized to provide the inhabitants of the Development with street, water, sewer, safety protection, parks and recreation, storm drainage, street lighting, transportation, television relay and translation facilities, and mosquito control, with the option to finance maintenance of the street, water, sewer, safety protection, parks and recreation, storm drainage, street lighting, transportation, landscaping, television relay and translation facilities, and mosquito control services.

C. Proposed Structure

Services will be provided to the Development by four metropolitan districts, the District, Second Creek Farm Metropolitan District No. 1, Second Creek Farm Metropolitan District No. 2 and Second Creek Farm Metropolitan District No. 3 referred to, collectively, as the “Districts.” The Districts will be organized to finance, construct, own, manage and operate the public improvements throughout the Development. The Districts will generate revenue to pay costs of the public infrastructure and services. The Districts will coordinate their efforts in order to provide public services to the Development in the most efficient manner possible. The Districts will be responsible for managing the construction and operation of the public facilities and improvements within the Development, and for providing funding to support costs related to the necessary services and improvements. The Districts will also be responsible for providing funding needed to support costs related to the necessary services and improvements for the Development utilizing the tax base from the Development. It is anticipated that the Districts will enter into an agreement which will set forth the arrangements for the financing, construction and operations of the improvements contemplated herein for the Development.

This multiple district structure is proposed because it provides several benefits to the inhabitants of the Development and the City. Multiple districts will assure that: 1) the necessary services and improvements can be financed in the most favorable and efficient manner, 2) all the services and improvements needed for the Development will be available when needed through managed development, and 3) a reasonable mill levy and reasonable tax burden on all residential and commercial property within the Districts will be maintained through managed financing and coordinated completion of infrastructure improvements.

D. Proposed Land Use/Population Projections

The PUD for the Development (“PUD”) identifies commercial, single family, and multi-family units as more specifically described in the Financial Plan. This results in a resident population of approximately 3,677 persons in the Development based upon proposed single family and multi-family zoning. The peak daytime population including both residential and commercial properties in the Development is estimated at 14,494 persons.

II. DESCRIPTION OF PROPOSED IMPROVEMENTS AND SERVICES

The following paragraphs provide a description of the proposed services which the District will be empowered to provide.

A. Types of Improvements

The District shall have the authority to provide for the design, acquisition, construction, installation, perpetual maintenance, and financing of certain street, water, nonpotable water, sanitation, safety protection, park and recreation, transportation, television relay and translation facilities, erosion control, and mosquito control improvements and services within and without the boundaries of the District. This Service Plan describes those improvements anticipated for construction by the Districts, which improvements benefit the Development. A general description of each type of improvement and service which may be provided by the District follows this paragraph. Additionally, Exhibit C lists each type of improvement planned to be provided by the Districts for the Development, and the costs in current dollars (“Improvements”). An explanation of the methods, basis, and/or assumptions used to prepare the above estimates is also included in Exhibit C. The Improvements generally depicted and described in Exhibits D through H are conceptual and have been presented for illustration only. The exact design, subphasing of construction and location of the Improvements

could change after City review and will be determined at the time of platting and such decisions shall not be considered to be a material modification of the Service Plan.

1. Streets. The proposed District shall have the power to provide for the design, acquisition, construction, completion, installation and/or operation and maintenance of street improvements, including but not limited to, curbs, gutters, culverts, and other drainage facilities, underground conduits, sidewalks, equestrian trails, bike paths and pedestrian ways, pedestrian overpasses, retaining walls, bridges, overpasses, interchanges, parking areas, parking facilities, median islands, paving, lighting, grading, erosion control, landscaping and irrigation, and all necessary, incidental, and appurtenant facilities, land and easements, together with extensions of and improvements to said facilities within and without the boundaries of the proposed District. It is the intent of the District to dedicate the public streets (or each phase thereof) to the City for ownership and maintenance after inspection and acceptance by the City. All streetscaping improvements will be maintained by the District, an owners association or by the City.

2. Water. The proposed District shall have the power to provide for the design, acquisition, construction, completion, installation, operation and maintenance of a complete potable and nonpotable water supply, purification, storage, transmission and distribution system, which may include, but shall not be limited to, water rights, water supply, prepaid tap fees, reservoirs, wells, water pumps, treatment facilities, pump stations, transmission lines, distribution mains and laterals, fire hydrants, meters, irrigation facilities, storage facilities, erosion control, land and easements, and all necessary, incidental, and appurtenant facilities, together with extensions of and improvements to said system within and without the boundaries of the proposed District. It is the intent of the District to dedicate the water facilities to

SACWSD for permanent maintenance responsibility after District construction and inspection and acceptance by SACWSD. The District will have no operations and maintenance responsibility for the water facilities after construction and final acceptance by SACWSD.

3. Sanitation. The proposed District shall have the power to provide for the design, acquisition, construction, completion, installation, operation and maintenance of a complete sanitary sewage collection, treatment, transmission, and disposal system which may include, but shall not be limited to, treatment plants, collection mains and laterals, lift stations, transmission lines, sludge handling and disposal facilities, and/or storm sewer, flood and surface drainage facilities and systems, erosion control, including but not limited to, detention/retention ponds and associated irrigation facilities, and all necessary, incidental, and appurtenant facilities, land and easements, together with extensions of and improvements to said system within and without the boundaries of the proposed District. The District's sanitary sewer system will be constructed and maintained in accordance with the standards of the Colorado Department of Health, the City, SACWSD and other jurisdictions as appropriate. The storm drainage system will be constructed and maintained in accordance with the standards of Urban Drainage and Flood Control District, the City, and other jurisdictions as appropriate. It is the intent of the District to dedicate these sanitary sewage improvements to SACWSD for permanent maintenance responsibility after District construction and upon inspection and acceptance by SACWSD. It is the intent of the District to dedicate storm sewer pipe and appurtenances to the City for ownership and maintenance after District construction and upon inspection and final acceptance of the improvements by the City. The District or owners association will maintain all detention and retention ponds. The District will be empowered to provide operations and

maintenance for the sanitary sewer system and storm drainage system facilities not accepted by other entities.

Fees and charges for connection and use of water and sewer facilities will be paid as required by the Rules and Regulations of SACWSD.

4. Safety Protection. The proposed District shall have the power to provide for the acquisition, construction, completion, installation and/or operation and maintenance of facilities and/or services for a system of traffic and safety controls and devices on streets and highways, including but not limited to, signalization, signage and striping, area identification, driver information and directional assistance signs, entry monumentation, erosion control, and all necessary, incidental, and appurtenant facilities, land and easements, together with extensions of and improvements to said facilities within and without the boundaries of the proposed District. Following acceptance, all safety protection improvements will be transferred to the City for ownership and maintenance.

5. Park and Recreation. The proposed District shall have the power to provide for the design, acquisition, construction, completion, installation, operation and maintenance of parks and recreational facilities and programs including, but not limited to, parks, hiking and equestrian trails, bike paths and pedestrian ways, open space, landscaping, fencing, cultural activities, community recreational centers, water bodies, swimming pools, tennis courts, common areas, weed control, outdoor lighting, event facilities, lakes, irrigation facilities, erosion control, and other active and passive recreational facilities and programs, and all necessary, incidental and appurtenant facilities, land and easements, together with extensions of and improvements to said facilities within and without the boundaries of the District. It is anticipated that the park and recreation improvements will be maintained by the City, an owners association

or the District. The City will not provide, in any circumstance, maintenance services for any park or recreation facility or any associated incidental or appurtenant facilities that are not intended for public use.

6. Transportation. The proposed District shall have the power to provide for the design, acquisition, construction, completion, installation, operation and maintenance of a system to transport the public by bus, rail, or any other means of conveyance, or combination thereof, or pursuant to contract, including but not limited to, park and ride facilities and parking lots, structures, roofs and covers, terminal buildings, and facilities, erosion control, and all necessary, incidental and appurtenant facilities, land and easements, together with all necessary extensions of and improvements to said facilities or systems within and without the boundaries of the District. It is anticipated that transportation improvements will be maintained by the Regional Transportation District, the City, an owners association or the District.

7. Television Relay and Translation. The proposed District shall have the power to provide for the design, acquisition, construction, completion, installation, operation and maintenance of television relay and translation facilities, cable and communication facilities, erosion control, fiber optic conduit network, together with all necessary, incidental and appurtenant facilities, land and easements, and all necessary extensions of and improvements to said facilities within and without the boundaries of the District. It is anticipated that television relay and translation improvements will be maintained by the City, an owners association or the District.

8. Mosquito Control. The proposed District shall have the power to provide for the eradication and control of mosquitoes, including but not limited to elimination or treatment of breeding grounds and purchase, lease, contracting or other use of equipment or

supplies for mosquito control within and without the boundaries of the District. It is anticipated that mosquito control improvements will be maintained by an owners association or the District.

9. Maintenance. The District will be empowered to provide operations and maintenance for all improvements not accepted by other entities.

10. Other Powers. In addition to the enumerated powers, the Board of Directors of the District shall also have the following authority:

(a) Plan Amendments. To amend the Service Plan as needed, with the approval of the City, subject to the appropriate statutory procedures.

(b) Phasing, Deferral. Without amending this Service Plan to defer, forego, reschedule, or restructure the financing and construction of certain improvements and facilities to the extent consistent with then existing land uses for the Development approved by the City, to better accommodate the pace of growth, resource availability, and potential inclusions of property within the Development.

(c) Additional Services. Except as specifically provided herein, to provide such additional services and exercise such powers as are expressly or impliedly granted by Colorado law.

B. Standards of Construction/Statement of Compatibility

The proposed improvements will be designed and constructed in accordance with the standards and specifications of the City, SACWSD, Urban Drainage and Flood Control District, the Colorado Department of Health and other governmental entities having jurisdiction as appropriate. Approval of civil engineering plans and a permit for construction and installation of improvements will be obtained from the City.

Based on an analysis of jurisdictions which are interested parties in the Service Plan proceedings as defined in the Colorado Revised Statutes, the proposed District's engineers have determined that the standards by which the facilities are to be constructed are compatible with the facilities of such other jurisdictions.

### **III. PURPOSE**

It is anticipated that the District, as a Title 32 District, will provide certain essential public-purpose facilities for the use and benefit of the anticipated residents and taxpayers of the Development as currently planned, and as it may change through the inclusion of additional property.

### **IV. BOUNDARIES**

The area within the boundaries of the District is located entirely within the City, and is approximately 5.21 acres (the "Property"). A legal description and map of the Property is attached as Exhibit A-1, and a legal description and map of the area that may be included in the Districts ("Inclusion Area") is attached hereto as Exhibit A-2. A vicinity map is attached as Exhibit B. It is anticipated that as property within the Development is acquired and processed for development that one, but not more than one, of the Districts will include such property within its boundaries. This Service Plan is based on the ultimate inclusion of all property within the Development within the boundaries of the Districts.

### **V. DESCRIPTION OF PROPOSED FACILITIES AND ESTIMATED COSTS**

#### **A. Type of Improvements and Preliminary Engineering Estimates**

The estimated costs of the Improvements are set forth in Exhibit C attached hereto. Exhibits D through H include facility maps and exhibits for the Improvements.

B. Regional Improvements/Intergovernmental Agreement

1. Coordinated Services of the Districts. As discussed throughout this Service Plan, the relationship between the Districts will be established through an agreement. The agreement will specify the rights and responsibilities of the Districts to finance, own, operate, construct and maintain facilities needed to serve the Development. The agreement will establish the procedures and standards for the approval of the design, operation and maintenance of the facilities. Additionally, the agreement will provide the procedures for coordinated financing, budgeting, and administrative oversight and management.

2. Regional Improvements. The District may participate in intergovernmental agreements with other governmental entities.

3. Voter Authorization. To the extent necessary to comply with statutory and/or Constitutional requirements for approval of debt or long-term financial obligations, the terms of the aforementioned intergovernmental agreements and any other intergovernmental agreement deemed necessary to effectuate the long-term plans of the District will be submitted to the electors of the District for approval. The District shall have the authority to obtain the required voter authorization in order to exercise its rights and obligations under such agreements and to enter into the agreements without further approval of the City.

C. District Operating Costs

Subject to the applicable warranty, the District will dedicate certain facilities constructed or acquired to the appropriate jurisdiction for operations and maintenance. Certain facilities within the boundaries of the Districts may be owned, operated and/or maintained by the Districts. Estimated costs for operation and maintenance functions are shown on the Financial Plan. Annual administrative, operational and maintenance expenses are estimated as shown in

the Financial Plan. It is anticipated that the Districts will impose an operations and maintenance mill levy to cover the operations costs of the Districts. In addition, the Districts may impose a system of fees, rates, tolls, penalties or charges in connection with the provision of services. The estimated revenues from such taxes, fees, rates, tolls, penalties, or charges are reflected in the Financial Plan. The Financial Plan projects that the Districts will have sufficient revenue to pay for the ongoing operations and maintenance expenses of the Districts.

The mill levy cap proposed herein for repayment of the bonds does not apply to the District's ability to increase its mill levy as necessary for provision of operation and maintenance services to the Development. However, there are statutory and constitutional limits on the District's ability to increase its mill levy for provision of operation and maintenance services without an election.

Prior to the District having sufficient revenue to cover its ongoing operations and maintenance expenses, the Developer will advance funds to the District. The proposed District shall have the authority to repay the Developer for amounts advanced for operations and maintenance expenses, together with interest thereon, and to seek electorate approval for such obligation to be deemed a multi-year fiscal obligation, subordinate to the proposed District's bonds issued for capital improvements.

## **VI. FINANCIAL PLAN**

### **A. General Discussion**

The Financial Plan attached hereto as Exhibit I shows the anticipated revenue sources available to the Districts. The Financial Plan demonstrates how the proposed facilities and/or services may be financed, including but not limited to, the estimated costs of engineering services, legal services, administrative services, proposed bond issuances and estimated proposed

maximum interest rates and discounts, and other major expenses related to the organization and operation of the Districts. It shows bond issues and the anticipated repayment based on the projected development within the Districts' boundaries. The Financial Plan shows that, at the projected levels of development, the District has the ability to finance the facilities identified herein, and will be capable of discharging the proposed bonds on a reasonable basis.

The District shall claim no entitlement to funds from the Conservation Trust Fund, which is derived from lottery proceeds. The District shall remit to the City any and all Conservation Trust Funds it receives.

B. Proposed Bonds

The Districts shall have the authority to issue general obligation bonds in the total aggregate principal amount of Seventy Million Dollars (\$70,000,000). The amount of voted authorization will exceed the amount of bonds anticipated to be sold, as shown in the Financial Plan, to allow for the utilization of alternative financing mechanisms, unforeseen contingencies, increases in construction costs due to inflation, expansions of the Districts' boundaries and to cover all issuance costs, including capitalized interest, reserve funds, discounts, legal fees and other incidental costs of issuance. Such limitation shall not be applicable to refundings of the bonds authorized to be issued hereunder.

The District may capitalize interest to permit payment of interest during the time lapse between development of properties and collection of fees, rates, tolls and charges, and to establish reserve funds. Interest income through the reinvestment of construction funds will provide additional income. The District will also rely on facility fees in the amount of \$2,000 per single family unit, \$1,000 per multi-family/townhouse unit and \$0.25 per square foot of commercial development, as set forth in the Financial Plan. The projected revenue sources will

retire the proposed bonds if growth occurs as projected; otherwise increases in and/or the imposition of new rates, tolls, fees and charges may be necessary.

C. General Obligation Bonds/Mill Levy Cap

Notwithstanding anything herein to the contrary, the District may authorize, issue, sell, and deliver such bonds, notes, contracts, reimbursement agreements, or other obligations evidencing or securing a borrowing (collectively, "Bonds") as are permitted by law; provided that the following limitations shall apply except where waived by the City:

1. All Bonds issued by the District may be payable from any and all legally available revenues of the Districts, including general ad valorem taxes to be imposed upon all taxable property within the District, subject to the following limitations:

(a) For that portion of the District's general obligation debt which exceeds 50% of the District's assessed valuation, the maximum mill levy the District can promise to impose for the payment of such debt shall be fifty (50) mills reduced by the number of mills necessary to pay unlimited mill levy general obligation debt described in 1.(b) below; provided however, that in the event the method of calculating assessed valuation is changed after the date of the approval of this Service Plan, the mill levy limitation applicable to such debt may be increased or decreased to reflect such changes, such increases or decreases to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation to assessed valuation shall be deemed to be a change in the method of calculating assessed valuation.

(b) For that portion of the District's general obligation debt which is equal to or less than 50% of the District's assessed valuation, either on the date of issuance or at any time thereafter, the maximum mill levy the District can promise to impose for the payment of such debt shall be such amount as may be necessary to pay the debt service on such debt, without limitation of rate.

For purposes of the foregoing, once general obligation debt has been determined to be within 1.(b) above so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the debt to assessed ratio.

D. Cost Summary and Bond Development

The Financial Plan reflects the estimated amount of bonds to be sold and fees to be imposed to finance the completion, construction, acquisition and/or installation of the proposed facilities, including all costs and expenses related to the anticipated bond issuances. The amount of bonds actually sold will be based upon the final engineering estimates and/or actual construction contracts. Organizational costs, including but not limited to, legal fees, and capitalized engineering costs, are to be paid from bond proceeds. The interest rates as set forth in the Financial Plan are based upon the advice of Kirkpatrick Pettis, the District's financial advisor.

All issuances of general obligation bonds shall be deemed to be in compliance with the Financial Plan so long as the Minimum Criteria, as hereinafter defined, have been met. Minimum Criteria shall mean that the general obligation bonds are: (1) subject to a limited mill levy, if required by this Service Plan, (2) together with other outstanding general obligation bonds, not in excess of the general obligation debt authorization set forth in this Service Plan, as

may be amended from time to time, and (3) together with other outstanding general obligation bonds, not in excess of the general obligation debt authority approved by the District's electorate.

The Financial Plan projects the anticipated flow of funds and are based upon estimates of construction and project needs for bond proceeds to finance the proposed improvements. The Districts' engineer has evaluated the timing and cost estimates of the proposed improvements which are necessary to support the proposed absorptions of development as projected in the Financial Plan and has concurred with the assumptions. The Financial Plan sets forth a reasonable estimate of growth within the Development. Refunding bonds may be issued as determined by the Board of Directors. The District may also issue financial obligations of the District that are secured by revenues received from private developers or other non-tax sources. The District will not have the authority to levy, charge or collect a sales or use tax. The City shall not be held liable for any of the District's obligations as set forth in this Service Plan.

E. Enterprises

The District's Board of Directors may set up enterprises to manage, fund and operate such facilities, services and programs as may qualify for enterprise status using the procedures and criteria provided by Article X, Section 20, Colorado State Constitution. To the extent provided by law, any enterprise created by the District will remain under the control of the Board of Directors of the District.

F. Economic Viability

The Financial Plan illustrates the estimated income and expenses for the District over a forty (40) year period presuming issuance of two (2) series of bonds, each maturing within a thirty (30) year period. The analysis reflects a build-out period of nine (9) years for residential and eight (8) years for commercial, and a total mill levy of forty-five (45) mills for residential

and thirty-five (35) mills for commercial. It is also assumed that the assessed valuation will be realized one year after construction and that tax collections will be realized two years after initial construction. The Financial Plan contained in this Service Plan demonstrates the economic viability of the District.

G. Existing Conditions

For purposes of this Service Plan, the Development's assessed valuation is assumed to be Zero Dollars (\$-0-). The projected build-out for the Development is set forth in the Financial Plan attached hereto as Exhibit I. The projected assessed valuation of the Development, based upon the land use expectations heretofore noted, is set forth in the Financial Plan. At build-out, the assessed valuation for the Development is expected to be approximately One Hundred Two Million Two Hundred Ninety Thousand Nine Hundred Sixty-Three Dollars (\$102,290,963).

VII. ANNUAL REPORT

The District shall submit an annual report to the City within 120 days after the conclusion of the District's fiscal year on December 31, unless waived by the City. The report shall include the following information:

- A. Boundary changes made or proposed;
- B. Intergovernmental Agreements entered into or proposed;
- C. Changes or proposed changes in the District's rules and regulations;
- D. Changes or proposed changes in the District operations;
- E. Budgets and audits;
- F. A summary of any litigation involving the District;

G. Proposed plans for the year immediately following the year summarized in the annual report;

H. Status of construction of public improvements; and

I. The current assessed valuation in the District.

#### **VIII. DISSOLUTION**

The District shall file a petition in the District Court for dissolution when there are no financial obligations or outstanding bonds, or any such financial obligations or outstanding bonds are adequately secured by escrow funds or securities meeting the investment requirements in part 6 of article 75 of title 24, C.R.S., and upon an independent determination by the City Council that the purposes for which the District was created have been achieved. Dissolution of the District is subject to approval of a plan of dissolution meeting the requirements of part 7 of article 1 of title 32, C.R.S., by the District Court. The District will work closely and cooperate with Commerce City to serve and promote the health, safety, prosperity, security and general welfare of its inhabitants.

#### **IX. CONSOLIDATION**

The District shall not file a request with the Adams County District Court to consolidate with another district without prior written notice to the City.

#### **X. NOTICE OF ORGANIZATION**

The District will take steps to insure that the developers of the property located within the District provide written notice at the time of closing to purchaser of land regarding the existence of taxes, charges or assessments which may be imposed in connection with the District. The Order of the District Court creating the District will be recorded in the real property records of

the Clerk and Recorder of Adams County, Colorado, so that all future property owners within the District will have notice regarding the existence of the District.

**XI. PUBLIC IMPROVEMENTS**

The creation of the District shall not relieve the landowner, its successors or assigns of the obligation to construct public improvements required by any annexation or other improvement agreement.

**XII. MODIFICATION OF SERVICE PLAN**

The District will obtain the approval of Commerce City before making any material modifications to this Service Plan. Material modifications include modifications of a basic or essential nature including additions to the types of services provided by the District, change in dissolution date or change in debt limit. This is not an exclusive list of all actions that may be identified as a material modification. City approval is not required for modifications to this Service Plan necessary for the execution of financing or construction of public improvements already outlined in this Service Plan.

**XIII. CONCLUSION**

It is submitted that this Service Plan for the proposed Second Creek Farm Metropolitan District No. 4 establishes that:

- A. There is sufficient existing and projected need for organized service in the area to be serviced by the proposed District;
- B. The existing service in the area to be served by the proposed District is inadequate for present and projected needs;
- C. The proposed District is capable of providing economical and sufficient service to the Development; and

D. The area to be included in the proposed District does have, and will have, the financial ability to discharge the proposed indebtedness on a reasonable basis.

### SECOND CREEK METROPOLITAN DISTRICT

#### LEGAL DESCRIPTION

SECOND CREEK FARM..

SHEET 1 OF 6

#### LEGAL DESCRIPTION:

##### PARCEL 1

A PART OF THE EAST HALF OF SECTION 21, TOWNSHIP 2 SOUTH, RANGE 66 WEST OF THE SIXTH PRINCIPAL MERIDIAN, COUNTY OF ADAMS, STATE OF COLORADO, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE SOUTHEAST CORNER OF THE SOUTHEAST QUARTER OF SAID SECTION 21;

THENCE SOUTH 89°22'09" WEST, ALONG SAID SOUTH LINE OF SAID SOUTHEAST QUARTER OF SECTION 21, A DISTANCE OF 189.50 FEET;

THENCE NORTH 00°20'45" WEST A DISTANCE OF 30.00 FEET TO A POINT ON THE NORTHERLY RIGHT-OF-WAY OF EAST 88th AVENUE AND THE POINT OF BEGINNING;

THENCE SOUTH 89°22'09" WEST, ALONG SAID NORTHERLY RIGHT-OF-WAY, ALONG A LINE 30 FEET NORTHERLY DISTANT AND PARALLEL, WHEN MEASURED AT RIGHT ANGLES, WITH THE SOUTH LINE OF SAID SOUTHEAST QUARTER OF SECTION 21, A DISTANCE OF 2,463.24 FEET TO THE WEST LINE OF THE EAST HALF OF SAID SECTION 21;

THENCE NORTH 00°03'52" WEST, ALONG SAID WEST LINE, A DISTANCE OF 5,273.18 FEET TO THE NORTHWEST CORNER OF THE NORTHEAST QUARTER OF SAID SECTION 21;

THENCE SOUTH 89°59'51" EAST, ALONG THE NORTH LINE OF SAID NORTHEAST QUARTER, A DISTANCE OF 2,596.81 FEET TO THE WESTERLY RIGHT-OF-WAY OF TOWER ROAD;

THENCE ALONG SAID WESTERLY RIGHT-OF-WAY OF TOWER ROAD THE FOLLOWING TWO (2) COURSES:

1. THENCE SOUTH 00°20'49" EAST, ALONG A LINE 30 FEET WESTERLY DISTANT AND PARALLEL, WHEN MEASURED AT RIGHT ANGLES, WITH THE EAST LINE OF SAID NORTHEAST QUARTER OF SECTION 21, A DISTANCE OF 2,637.89 FEET;

2. THENCE SOUTH 00°20'45" EAST, ALONG A LINE 30 FEET WESTERLY DISTANT AND PARALLEL, WHEN MEASURED AT RIGHT ANGLES, WITH THE EAST LINE OF SAID SOUTHEAST QUARTER OF SECTION 21, A DISTANCE OF 2,406.36 FEET;

THENCE SOUTH 89°22'09" WEST A DISTANCE OF 159.50 FEET;

THENCE SOUTH 00°20'45" EAST A DISTANCE OF 200.04 FEET TO THE POINT OF BEGINNING;

SAID PARCEL 1 CONTAINS AN AREA OF 314.33 ACRES, MORE OR LESS.

TOGETHER WITH

PARCEL 2

A PART OF THE EAST HALF OF SECTION 28, TOWNSHIP 2 SOUTH, RANGE 66 WEST OF THE SIXTH PRINCIPAL MERIDIAN, COUNTY OF ADAMS, STATE OF COLORADO, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE NORTHEAST CORNER OF THE NORTHEAST QUARTER OF SAID SECTION 28;

THENCE SOUTH 89°22'09" WEST, ALONG THE NORTH LINE OF SAID NORTHEAST QUARTER OF SECTION 28, A DISTANCE OF 80.08 FEET;

THENCE SOUTH 00°37'51" EAST A DISTANCE OF 30.00 FEET TO A POINT ON THE SOUTHERLY RIGHT-OF-WAY OF EAST 88th AVENUE, SAID POINT ALSO BEING THE NORTHWESTERLY CORNER OF THAT PARCEL OF LAND AS DESCRIBED IN THE OFFICE OF THE ADAMS COUNTY CLERK AND RECORDER IN BOOK 3764 AT PAGE 288 AND THE POINT OF BEGINNING;

THENCE SOUTH 45°34'40" EAST, ALONG THE SOUTHWESTERLY LINE OF SAID PARCEL DESCRIBED IN BOOK 3764 AT PAGE 288, A DISTANCE OF 70.59 FEET TO THE WESTERLY RIGHT-OF-WAY OF TOWER ROAD;

THENCE ALONG SAID WESTERLY RIGHT-OF-WAY OF TOWER ROAD THE FOLLOWING TWO (2) COURSES:

1. THENCE SOUTH 00°29'02" EAST, ALONG A LINE 30 FEET WESTERLY DISTANT AND PARALLEL, WHEN MEASURED AT RIGHT ANGLES, WITH THE EAST LINE OF SAID NORTHEAST QUARTER OF SECTION 28, A DISTANCE OF 2,586.76 FEET;
2. THENCE SOUTH 00°28'01" EAST, ALONG A LINE 30 FEET WESTERLY DISTANT AND PARALLEL, WHEN MEASURED AT RIGHT ANGLES, WITH THE EAST LINE OF THE SOUTHEAST QUARTER OF SAID SECTION 28, A DISTANCE OF 273.58 FEET;

THENCE NORTH 84°25'18" WEST A DISTANCE OF 635.20 FEET;

THENCE NORTH 14°25'18" WEST A DISTANCE OF 600.00 FEET;

THENCE NORTH 34°25'18" WEST A DISTANCE OF 850.00 FEET;

THENCE NORTH 77°25'18" WEST A DISTANCE OF 725.00 FEET;

THENCE NORTH 55°25'18" WEST A DISTANCE OF 813.02 FEET TO THE WEST LINE OF SAID NORTHEAST QUARTER OF SECTION 28;

THENCE NORTH 00°30'22" WEST, ALONG SAID WEST LINE, A DISTANCE OF 918.06 FEET TO THE SOUTHERLY RIGHT-OF-WAY OF EAST 88th AVENUE;
