RE: Juice Head Tobacco-Free Nicotine Pouches

Dear Matthew:

This letter is in reference to the recent launch of MH Global LLC's Juice Head Tobacco-Free Nicotine Pouches on April 13, 2022, and your engagement of Thompson Hine LLP to assist with the submission of a premarket tobacco application ("PMTA") to the Food and Drug Administration ("FDA" or "Agency") for those products. This letter is to inform you that your PMTA for the Juice Head Tobacco-Free Nicotine Pouches was submitted to the FDA on May 14, 2022.

As you know, Congress enacted legislation on March 15, 2022, expanding the Federal Food, Drug and Cosmetic Act's definition of "tobacco products" in 21 U.S.C. § 321(rr) to include various products containing tobacco-free nicotine and imposing a deadline of May 14, 2022, to submit PMTAs for these products to seek marketing orders. Manufacturers whose products were commercially marketed prior to April 14, 2022, and who submitted an application by the deadline can legally market their products until July 13, 2022, or until the Agency grants a marketing order for those products. FDA has not yet announced whether it will grant deferred enforcement for products that are the subject of timely submitted PMTAs.

Accordingly, the following products, which were included in the submitted PMTA, may continue to be sold until at least July 13, 2022, while the PMTA remains pending, if not longer:

- Juice Head Pouches – Blueberry Lemon Mint 12 mg 5 Can Sleeve
