### BASKETBALL.

WHAT DOES THIS MEAN? The following item, which appeared in a recent issue of the New Westminster Ou-umoian, might possibly interest some of the local basketball enthusiants. Some time ago, the Westminster basket-ball executive forwarded to the Victoria club a formal challenge, and it was hoped that the ensuing correspondence regarding that the ensuing correspondence regarding details would lead to a friendly contest be details would lead to a friendly contest be-tween these two teams. Such hopes, how-ever, were hood dashed to the ground. The same spirit which has animated Victoria's sports for some time cropped out again among its basketballers, and it became evi-dent that the only way to get a game on was to concede everything asked of insist-ed on.

The Westminster players are generous to a fault, and, true to their nature, conceded even more than they were entitled to, but on one point they were firm; at least one or one point they were firm; at least one on one point they were firm; at least one of the matches, the first one, must be play-ed here. To anyone who has watched Vic-toria's action regarding incrosse matches during the inst few years, this sole request of the Westminster players will at once appear to be not only reasonable, but an ordinary business precastion. Fair play is a jewel, and when the Westminsters agreed to the others' demand to play fire games a side, and under the United States rules governing the game, they feit they could faisby est the first match to they gamy ed here, particularly as the curt reply from Victoria was disappointingly indefinite re-garding the expenses of our players going there, and the scarcely concelled inten-tion not to play here if they could help it. Accordingly, the affair is "all of" now, and the sportsmanible conduct of atfletes in the Capital City. the Capital City. TO ARBANGE GAMES.

TO ARBANGE GAMES. The Bays, although they suffered defeat after a hard struggle with the Porland team, are not vanquished by any means. Arrangements are now in progress for a series of games to be played with the Seat-tic team, after which an effort will be made for another match with the Porland crganization. If the latter game is ar-ranged the Bays will of course have to go to Portland. In taiking with a basket-hall enthusfast, a Times man was told that one of the conditions in the arranging of one of the conditions in the arranging of this game will be that the referee who miled that position is the games played in Victoria be substituted by a man less par-tizan. 'Mr. Ford Thompson, who will leave with the whist players to day for Seattle, will make the arrangements with the Seat-tle team for the two games to be played with them. It is expected that one will take place in Victoria and the other in Seattle.

RUGBY FOOTBALL. NAVY DEFEATS COLLEGIATE SCHOOL Despite the inclemency of the weather, a very exciting and interesting game of Rug by football took place yesterday afternoon between the Collegiate school and the Nary. The game was well contested, and although the Collegiate boys were defeated they have the consolation of knowing that they did their best, and at some future date, with hard practice, they will undoutt edly be able to turn the tables upon the Nary boys. This very fine quality of Scotch Whisky is fast growing in favor in British Columbia. It has for many years been the leading whisky all over Europe, and is to be obtained in all the leading hotels, clubs and refreshment places in London and other large cities of Great Britain. It is termed the "Johnnie-Walker," which mean's Walker's famous "Kilmarnock."

The people of British Columbia demand a good Scotch Whisky, which we take pleasure in presenting, and if you will try the "Kilmarnock," you will accept no other. The proprietors of this whisky, Messrs. John Walker & Sons, of Kilmarnock, do not spend money in fancy advertising matter, and attractive labels, bottles, etc., preferring to put the value into the whisky, thus giving the consumer the benefit.

The "Kilmarnock" is always the same in quality. It is to be found in all the clubs, hotels and refreshment places in British Columbia. Take no substitute. If your grocer does not keep it, come to us, and we will take pleasure in directing you to places where it can be obtained, if desired, in small quantities. We have it in case and in wood.
