EverSafe 360[°]

An LCS Signature Experience

March 24
2:00 - 3:00 pm EDT

Introducing the new standard of senior safety.

Resident safety has always been our top priority before, during, and after COVID-19. Please join us to learn more about EverSafe 360°, a new approach to delivering services in communities managed by Life Care Services.

COVID-19 has challenged us to think differently in how to deliver services and raise the bar in overall senior safety. We are reimagining the way that we live and work together by improving air quality, partnering with national leaders to improve how we maintain clean spaces, and utilizing telemedicine. We are creating new ways to engage with each other through the use of technology to address the concerns of isolation and other stressors brought on by COVID-19. Through EverSafe 360°, we continue to raise the bar in service delivery even "after" COVID-19. We invite you to join us for an informative webinar with our team to learn more about EverSafe 360°.
