1-800-633-1106 or 212-682-2817 - fax: 212-682-6192
Willner Chemists - Downtown Manhattan

253 Broadway, New York NY 10007 (across from City Hall, corner Murray)

212-791-0505 - fax: 212-791-1201

## General Information

Every effort was made at the time this flier was prepared to ensure accuracy. We cannot be responsible, however, for manufacturer's price changes, for factory and/or supplier shortages, or typographical errors. We urge you to check on current prices as often as you like. Use the product code numbers whenever possible. The catalog and/or web site will help you find the code numbers.

## **Back Orders**

During a sale, we cannot automatically "back order" items. If any of the items in your order are temporarily out of stock, we will hold your entire order for up to three (3) days, awaiting arrival of the missing items(s). If the missing items do not arrive in 3 days, your order will be shipped as is; the missing items will not be backordered. You may re-order the missing items if you choose.

If you do not want us to hold your order for up to three days, let us know at the time of order, and we will do our best to accomodate you.

Sale prices and product availability is based upon information provided to us by the various manufacturers and suppliers. Sometimes they misjudge demand, and cannot provide us with product. No "rain checks."

### Cooperation

During sales, we sometimes fall behind by an extra day or two. It may take a little longer to fill your order. Please do not wait until the last moment to place your orders. Please plan ahead, and place your order early.

We cannot guarantee delivery dates, as we have no control over what happens to your package after it leaves Willner Chemists. Using product code numbers when you call or mail in your order will minimize errors. Please try to avoid calling back with "add-on" orders.

## Payment Methods

You may use a charge card (VISA, MasterCard, American Express or Discover/NOVUS). Or, you can send payment with your order (check or money order). We will not charge your card until the order is shipped.

## Returns

Merchandise may be returned only if in resalable condition, within 30 days of purchase, with a copy of your receipt. Perishable products (refrigerated items) are not returnable; books are not returnable.

## Shipping/Handling

There is a flat \$5.95-\$7.95 shipping handling charge, depending on location: If package sent to: MN, IA, MO, AR, LA, MS, IN, IL, KY, TN, WI, MI, OH, AL, FL, GA, SC, NC, VA, WV, charge is \$6.95. If package sent to ND, SD, NE, KS, OK, TX, NM, CO, WY, MT, ID, UT, AZ, CA, NV, OR, WA, charge is \$7.95. If sent to MD, NJ, NY, CT, RI, NH, VT, ME, DC, DE, PA, MA charge is \$5.95. (Note: Alaska & Hawaii ship by U.S. Postal Service only, at a rate of \$8.95)

There will be an extra charge for shipping liquids over 8 oz and large powder products over 18 ounces. Inquire when ordering.

## Hours

Willner Chemists Order Department is open from 9 am to 7 pm, Monday through Friday, and from 9 am to 5 pm on Saturday. We are closed on Sunday. The downtown store is open from 11 am to 5 pm on Saturday

## Mail Orders

To place mail orders, call 1-800-633-1106 or fax your order to 1-212-682-6192. Or use the Willner Chemists web site, www.willner.com.

All stated discounts are based on List Price! ...i.e. 30% refers to 30% off list price, not 30% off our every-day discount price.

## Refrigerated Items

Probiotic supplements (acidophilus, etc) and certain other refrigerated items should be kept cold to maintain highest potency. During the summer, shipping over long distances may subject those items to excessive heat.

We suggest using "Next Day Air" or "Second Day Air" to minimize this problem. There is an additional charge for this service. Also, we hold those orders until Monday to avoid weekend delays. (Also, another option: certain brands do not require refrigeration until opened.) Refrigerated items are not returnable. We cannot guarantee conditions during shipment.

## ... from Willner Chemists:

## Willvite, the complete multivitamin multimineral New, Revised Formula ~ Available Now!

A complete, balanced multivitamin-multimineral formula that contains not only all of the essential vitamins, antioxidants and trace minerals, but also a full days requirement of calcium and magnesium.

Calcium and magnesium, as well as the other minerals, are no less important to your health than the vitamins. Do not make the critical mistake of only taking a vitamin supplement. It is impossible to get your daily calcium and/or magnesium requirements from any one-a-day or two-a-day multivitamin supplement. A balanced multivitamin-multimineral formula should be the cornerstone, or foundation, of your supplement regimen. Additional supplements can be added to your program, depending on your particular health needs and concerns. Willvite is best taken two tablets, twice a day. This will provide for maximum utilization, especially for the water-soluble vitamins and minerals.

 Now: with added CoQ10, lycopene, phytoantioxidants and Lutein! . . . regular, and Iron-Free!

It is impossible to include the daily requirement of calcium and magnesium in one or two tablets or capsules. This makes it necessary to take at least two separate products, a multivitamin along with a calcium-magnesium supplement, to get a full dosage of vitamins, trace minerals, calcium, and magnesium. An alternative is to take

one product that contains that amount of calcium and magnesium. To accommodate this, the daily dose must be a minimum of four tablets or six capsules. The advantage is that a full day's requirement of all essential vitamins and minerals can be obtained from only one product.

Products meeting this requirement are intended to serve as a balanced, broad-spectrum basic multivitamin-multimineral supplement, and are an ideal foundation product upon which a personalized program can be designed.

Willvite has been revised and reformulated to reflect the latest developmens in nutritional research. The amount of calcium

has been reduced, for example, and the amount of magnesium has been increased. We have increased the vitamin D levels. The amounts of selenium and chromium have been lowered, to accomodate those who take additional supplements along with Willvite. Important nutrients such as lycopene have been added, and the CoQ10 level has been increased. The most active, co-enzyme forms of vitamins and chelated minerals have been utilized.

Willvite is available in a regular and iron-free version. 120 Tablets per bottle. Recommended dosage: 2 tablets, twice a day.

## **General Information**

Every effort was made at the time this flier was prepared to ensure accuracy. We cannot be responsible, however, for manufacturer's price changes, for factory and/or supplier shortages, or typographical errors.

We urge you to check on current prices as often as you like. Use the product code numbers whenever possible. The catalog and/or web site will help you find the code numbers.

During a sale, we cannot automatically "back order" items. If any of the items in your order are temporarily out of stock, we will hold your entire order for up to three (3) days, awaiting arrival of the missing item(s). If the missing items do not arrive in 3 days, your order will be shipped as is; the missing items will not be backordered. You may re-order the missing items if you choose. If you do not want us to hold your order for up to three days, let us know at the time of order, and we will do our best to accompdate you. Sale prices and product availability is based upon information provided to us by the various manufacturers and suppliers. Sometimes they misjudge demand, and cannot provide us with product. No "rain checks."

## Cooperation

During sales, we sometimes fall behind by an extra day or two. It may take a little longer to fill your order. Please do not wait until the ast moment to place your orders. Please plan ahead, and place your order early.

We cannot guarantee delivery dates, as we have no control over what happens to your package after it leaves Willner Chemists. Using product code numbers when you call or mail in your order will minimize errors. Please try to avoid calling back with "add-on" orders.

## **Payment Methods**

You may use a charge card (VISA, MasterCard, American Express or Discover/NOVUS). Or, you can send payment with your order (check or money order). We will not charge your card until the order is shipped.

Merchandise may be returned only if in resalable condition, within 30 days of purchase, with a copy of your receipt. Perishable products refrigerated items) are not returnable; books are not returnable

## Shipping/Handling

To keep shipping charges as low as possible, we offer "Best Way" when selecting the shipping method. This provides the flexibility to allow us to offer the lowest rate. We will choose between UPS or USPostalService depending on your location, package size, etc. This ground service can take from one to six days, depending on your distance from New York. The "flat-rate" charge for this "Best Way" service

If you prefer you can specify the type of ground service, UPS or USPS, but this will result in a higher charge--usually \$2.00. You can also pecify Air Shipment--Next Day, 2nd Day or 3-Day. Again, there will be an additional charge. We will advise you of the actual charge if you designate one of these shipping methods.

There is a flat \$5.95-\$7.95 shipping handling charge, depending on location:

If package sent to: MN, IA, MO, AR, LA, MS, IN, IL, KY, TN, WI, MI, OH, AL, FL, GA, SC, NC, VA, WV, charge is \$6.95. If package sent to ND, SD, NE, KS, OK, TX, NM, CO, WY, MT, ID, UT, AZ, CA, NV, OR, WA, charge is \$7.95. If sent to MD, NJ, NY, CT, RI, NH, VT, ME, OC, DE, PA, MA charge is \$5.95. (Note: Alaska & Hawaii ship by U.S. Postal Service only, at a rate of \$8.95)

There will be an extra charge for shipping liquids over 8 oz and large powder products over 18 ounces. Inquire when ordering. "Free Shipping" is available ONLY on orders placed on the web site, with a product sub-total of at least \$75, using "Best Way" shipping option. Usual restrictions (see above) apply.

## **Hours & Ordering**

Willner Chemists Order Department is open from 9 am to 7 pm, Monday through Friday, and from 9 am to 5 pm on Saturday. We are closed on Sunday. The downtown store is open from 11 am to 5 pm on Saturday. To place mail orders, call 1-800-633-1106 or fax your order to 1-212-682-6192. Or use the Willner Chemists web site, www.willner.com

All stated discounts are based on List Price! ...i.e. 30% refers to 30% off list price, not 30% off our every-day discount price.

## Refrigerated Items

Probiotic supplements (acidophilus, etc) and certain other refrigerated items should be kept cold to maintain highest potency. During the summer, shipping over long distances may subject those items to excessive heat.

We suggest using "Next Day Air" or "Second Day Air" to minimize this problem. There is an additional charge for this service. Also, we old those orders until Monday to avoid weekend delays. (Also, another option: certain brands do not require refrigeration until opened.) Refrigerated items are not returnable. We cannot guarantee conditions during shipment

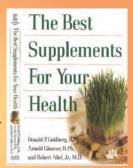

## The Best Supplements For Your Health

## Product Reference Guide:

## Willner Chemists Phyto-Tech™ Herbal Supplements

## **Adaptogen Complex**

An excellent anti-stress formula; A Chi or energy tonic.

Who would benefit from this supplement? Those suffering from fatigue, overexertion, stress, chemotherapy, depression. Best used on

Phyto-Tech™ Adaptogen Complex contains the following herbs: Red Reishi Mushroom, Eleuthero Root, Ashwagandha Root, Vanuatu Kava Root, Licorice Root.

Complimentary Formulas: Phyto-Tech Ginseng Energy Blend; Phyto-Tech Immune Complex

1 fl oz - Prod Code: 57083

## **Adrenal Stress Complex**

Supports healthy adrenal gland function, optimizing the body's handling of stress.

Phyto-Tech Adrenal Stress Complex is a blend of adrenal-normalizing, adaptogenic herbs especially valuable for those suffereing the stressful effects of a fast paced lifestyle. This formula can be considered an "adrenal tonic

This formula also helps maintain healthy blood sugar levels by supporting liver function.

Who would benefit from this supplement? Those suffering from stress related to a fast-paced, demanding lifestyle. Those who have problems with blood sugar regulation, including hypoglycemia and adult onset, type 2 diabetes. Those with adrenal dysfunction leading to blood sugar swings, water imbalance, mood swings, and thyroid dysfunction.

oystunction.

Phyto-Tech™ Adrenal Stress Complex contains the following herbs: Licorice Root, Eleuthero Root, Devil's Club Root Bark, Dandelion Root, Sarsaparilla Root, Ginger Root.

Dosage: 20-40 drops in water or juice, 2-3 times daily, or as need-

Complimentary Formulas: Phyto-Tech Adaptogen Complex, when fatigue and burn out present

Phyto-Tech Ginseng Energy Blend, when extreme fatigue, low passion present

Phyto-Tech Holy Basil 20-8-8-5 liquid veggie caps to counteract stress and control cortisol levels.

1 fl oz - Prod Code: 57037

## Allergy Complex

This supplement supports healthy sinus and respiratory systems function by exerting an anti-histamine, decongestant type action.

Who would benefit from this supplement? Those suffering from

allergic rhinitis, hay fever, asthma, and sinus congestion.
Phyto-Tech™ Allergy Complex contains the following herbs:
Nettle Leaf, Eyebright Herb, Yerba Santa Leaf, Turmeric Root, Lobelia

Dosage: Preventative: Begin use 2-4 weeks before the onset of the allergy season by taking Allergy Complex 2 times per day. This will increase resistance to pollens before they even start. Keep taking throughout the allergy season. Results can vary from a percentage decrease in reactivity to complete eradication of symptoms.

Complimentary Formulas: Many herbalists feel that allergies are a

symptom of liver deficiency, and recommend taking Phyto-Tech Liver

Support along with Allergy Complex.

Eyebright, Nettle and Ambrosia are anti-histamine in action. Yerba Santa helps decongest. Tumeric treats liver deficiency which almost all hay fever is a symptom of. By treating the underlying constitutional predisposition, Phyto-Tech Allergy Complex can work deeper.

(Note: Ambrosia is also known as ragweed. The leaf extract inhibits histamines caused by the pollen of this plant. One is not allergic to the leaf)

1 fl oz - Prod Code: 56983 ~ Alcohol Free: Code 57041 Child Friendly: Code 57013

## American Ginseng

American Ginseng is an adaptogenic, immune-system modulating herb, enhancing stamina and energy.

Who would benefit from this supplement? Those who are beginning to notice the signs of aging. Those who feel depleted and are low on passion or vital energy. Those who fear working too hard and burning out. Those who feel that they are under too much stress, and it is affecting their general health. Those who participarte in athletics, and want to boost energy and stamina. Those who want to fight the aging process. Those who are elderly, and feel rundown

and mildly depressed.

Description: Phyto-Tech™ American Ginseng 1:3 contains certified organic American Ginseng (Panax quinquefolium), 333 mg/ml. Also available in a vegetarian capsule form. Each Phyto-Tech American Ginseng veggie cap contains 400 mg of certified organic American Ginseng Root.

American Ginseng is a classic adaptogen herb with systemic action. It increases resistance to illness and environmental stresses,

improving vigor, vitality, and energy.

American Ginseng does not treat disease directly, but strengthens the body's ability to adapt to stress and therefore may help to avoid acute episodes from manifesting when one is dealing with a chronic

American Ginseng is especially helpful during the later stages in life, the effects of years of stress, wear and tear on the body begin to manifest themselves.

Dosage: 20-40 drops, 2-3 times per day It is best used as a long

term tonic (1-3 months and longer).
Complimentary Formulas: For the elderly, Phyto-Tech Ginkgo Biloba Leaf 1:1.5 works well with American Ginseng, especially if mild depression is a problem.

American Ginseng 1:3 - 1 fl oz ~ Prod Code: 56981 60 Veggie Caps - Prod Code: 60122

## Antiox Phyto Blend

Some of the most powerful, broad-spectrum antioxidants are those found in plants. This supplement contains a blend of several of the most potent plant-derived phyto-antioxidants available, in a convenient liquid extract.

Who might benefit from this supplement? Anyone needing antioxidant protection as well as those looking for enhanced immunity, those with cardiovascular problems, stress, and concerns about environmental pollution. It is also an essential component of any "anti-

aging" supplement regimen.

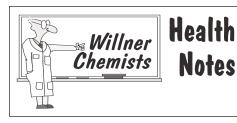

More specifically, this herbal supplement might benefit: Those who desire protection against everyday toxins--dietary, environmental and chemical. Those with current health problems, those under high amounts of stress, smokers or those exposed to second-hand smoke, and anyone who lives or is exposed to a toxic lifestyle. Those who are at risk to the various degenerative diseases associated with aging, including cancer, cardiovascular disease, cognitive impairment, Alzheimer's disease, immune dysfunction, cataracts, and mac-

ular degeneration. Those who want to live a longer, healthier life. Phyto-Tech Antiox Phyto Blend is a mixture of powerful plant-derived (phyto) antioxidants. Most health problems are either directly or indirectly related to oxidative (free-radical) damage. While vitamins and minerals (vitamin C, vitamin E and selenium, for example) are antioxidants, it is now recognized that phytoantioxidants, rich in a broad spectrum of flavonoids, polyphenols, anthocyanidins, etc are

the most powerful.
Phyto-Tech™ Antiox Phyto Blend contains the following: Acai Berry 4:1, Mangosteen Extract, Goji Berry Extract, Pomegranate 40%, Glycerin Vegetable, Water Pure Deionized, Raspberry Flavor

References: Acai Berry (Euterpe oleraceae) is the fruit of a palm tree native to South America. The pulp and skin of acai are rich in

## **New UCLA Clinical Study: Aged Garlic Extract Significantly Slows Progression of Atherosclerosis** and Improves Blood Pressure

Affecting more than 13 million people, coronary artery disease (CAD) is the single most common cause of death in America. Kyolic Aged Garlic Extract (AGE) has a wellestablished clinical record for mitigating numerous cardiovascular risk factors that play a role in CAD. Now a pooled study presented at the American College of Cardiology's 64th Annual Scientific Session & Expo adds the ability to lower blood pressure and slow the progression of arterial calcification to Aged Garlic Extract's list of cardiovascular benefits.

Coronary artery calcification is a key marker of plaque formation in coronary arteries. As calcium deposits gradually build up in the inner lining of the arteries (the endothelium), plaque forms. Over time, this buildup of plaque causes arteries to become stiff and narrow, limiting blood flow. When severe calcification occurs, it can deprive the heart of oxygen and result in a life-threatening heart attack or stroke.

During the study, which was conducted at the Harbor-University of California, Los Angeles Medical Center, four placebo-controlled, double-blind, randomized studies were pooled to examine Aged Garlic Extract's effect on blood pressure. The studies selected involved a total of 161 people who were randomized to take either 1,000 mg of Aged Garlic Extract or a placebo daily for one year. All of the subjects had their blood pressure checked at the beginning and the end of the study. Testing was also done to determine the progression of coronary artery calcification.

Important Notice: The information given here is designed to help you make informed decisions about your health, and the proper use of dietary supplements. It is not intended as a substitute for medical advice, nor a substitute for any treatment that may have been prescribed by your doctor. If you have a medical problem, you should seek medical help. Products described herein are not intended to diagnose, treat, cure or mitigate disease.

> One year later, the UCLA researchers noted that coronary artery calcification was significantly lower in those who had taken the Aged Garlic Extract supplements. In fact, Aged Garlic Extract inhibited the progression of coronary artery calcification an average 1. 78 fold compared to the placebo over the course of the study. What's more, the researchers found that there were marked reductions in diastolic blood pressure among the participants who took Aged Garlic

According to Matthew Budoff, MD, one of the study's authors, "These new findings provide cardiologists and internists with an additional tool for patients who are at a high risk of cardiovascular disease. It also gives patients with mild to moderate cardiovascular disease a proactive way to reduce those risk factors.'

"This study adds even more evidence of the numerous cardiovascular benefits provided by Kyolic Aged Garlic Extract," says Dr. Toshi Ide, Director of Research and Development at Wakunaga, the manufacturer of Kyolic Aged Garlic Extract. "For those wishing to enhance their cardiovascular health, Kyolic not only supports healthy blood pressure levels, it has now been shown to slow the progression of artery-clogging calcification. Added to a heart-healthy diet and exercise plan, Kyolic Aged Garlic Extract is an excellent supplement for maintaining optimal cardiovascular health."Aged Garlic Extract™ [200 mg]; Nattokinase (NSK-SD®) [35 mg]; Suntheanine® (L-Theanine) [12 mg] (per cap-

## Another Benefit of Vitamin D Supplementation:

Medical interest in vitamin D has increased tremendously over the past few years. While at one time we generally associated vitamin D deficiency with bone health (and the deficiency disease rickets), we now know that it plays a much broader role in human health, from immune support to cancer prevention.

We also now know, due to a drastic increase in testing, that most people are deficient in vitamin D. The recommended general dosage is now considered by most experts to be in the 800 IU to 1000 IU range rather than the old 400 IU guidline. Those who do get tested are often prescribed much higher doses

New studies are published on a regular basis. A recent example reports on a 9-month study involving younger postmenopausal Brazilian women known to be deficient in vitamin D. Their ages ran from 50 to 65 and they had a history of falls.

The researchers found that a daily dose of 1,000 IU daily increased the average level of vitamin D from 15 mg/ml to 27.5 ng/mL and was associated with a 25.3% increase in muscle strength of the lower limbs, as demonstrated by chair rising test. Interestingly enough, there was no increase in handgrip strength.

It's worth noting that there was no exercise requirements in the study; women receiving the vitamin D maintained lean mass (muscle), however, while women in the placebo group actually lost lean mass.

(Reference: Cangussu, Osteoporos Int 2015).

Vitamin D is available from most companies, in differenct forms and potencies. It's not expensive. This 1000 IU softgel capsule, from Jarrow, is only \$8.95 list, and normally \$7.19 discounted at Willner Chemists (product code: 51924)

Jarrow has vitamin D in potencies that range from 400 IU to 5,000 IU per dose, including a chewable "gummie" version, and a liquid as well. Jarrow Formulas **Yum-Yum D3 Liquid**® Yum Yum Vitamin D3 (cholecalciferol) Liquid Promotes Healthy Bones, Teeth, Brain and Immune System\* Product Code: 57032, 0.9 oz

List: \$12.95 ~ Disc: \$10.36

Product Highlights:

- Lemon-Flavored Vitamin D3 Liquid Tastes Good!
- More than just for bone health
- 749 Servings Per Bottle

You Can't BeatThe Value

- Easy to get higher potencies Flexible Dosage
- •Vitamin D3: Preferred Form of D

Jarrow Formulas® Yum-Yum D3® Liquid delivers 200 IU of vitamin D3 (cholecalciferol) per drop. Vitamin D3 is essential for children (and adults) in promoting healthy bones, teeth, brain and immune system.\*

Keep out of the reach of children.

Suggested Usage: For children under 4, take 1 drop per day with a meal. For children 4 and older, take 2 drops per day with a meal or as directed by your qualified healthcare professional.

NOTE: Serving Size = 1 Drop ONLY (1 Dropper = 30 Drops)

WARNING: Infants should not consume more than 400 IU (international units) of vitamin D per day. Limit intake of this product to 2 drops per day in infants.

Other Ingredients: Medium chain triglycerides and natural lemon flavor.

Contains: Fish. No wheat, no gluten, no soybeans, no dairy, no egg, no shellfish, no peanuts/tree nuts.

## More Media Misinformation.

## UNPA takes issue with HBO 'Real Sports' segment

The United Natural Products Alliance (UNPA) has issued the following response to the inaccurate and misleading reporting contained in the May 19 airing of a segment on HBO's "Real Sports."

UNPA is deeply concerned that the story contains misinformation about the laws regulating dietary supplements, particularly in light of the tragic deaths of U.S. service members. This irresponsible reporting is a glaring disservice to the public.

First and foremost, dietary supplements are subject to a host of regulations as promulgated by the Food and Drug Administration (FDA) under the Code of Federal Regulations, Title 21, of the Food, Drug and Cosmetic Act. Simply stated, it is a regulated industry.

FDA has found on more than one occasion that an ingredient in the products in question, 1,3-dimethylamylamine, commonly known as DMAA, is not a legal dietary ingredient and is not allowed to be sold as a dietary supplement, which is why FDA removed DMAA from the market.

To suggest that enactment of the Dietary Supplement Health and Education Act (DSHEA), the law that regulates dietary supplements, passed by unanimous consent of both the House and Senate in 1994, allowed the marketing of such products is either an intentional misrepresentation or a complete misunderstanding of the law. Either way, HBO is incorrect.

FDA has previously acted against a number of companies selling DMAA because the agency found that they were not legally on the market.

In May 2013, UNPA created a "no sale" policy of DMAA as a condition of membership in support of FDA's enforcement action and to underscore that DMAA, a synthetic chemical, is not a dietary supplement.

UNPA believes that there is no evidence that Sen. Orrin Hatch has ever supported the sale of any unsafe dietary supplement. To the contrary, Sen. Hatch has led efforts to assure the full enforcement of the law and to secure adequate funding to do so.

A review of the record tells a different story than the one told by HBO. Specifically:

• DSHEA grants FDA authority to remove any dietary ingredients or dietary supplement products deemed to be unsafe. Sen. Hatch has repeatedly noted this, includ-

ing, as an example, when he co-sponsored the Anabolic Steroid Control Act (S. 1780 and S. 1538). This legislation, which was enacted into law in 2004, defined a long list of anabolic steroids as drugs and not dietary supplements.

• Hatch has never stopped working to have FDA enforce the law and has repeatedly fought for additional funds for FDA to enforce it. He co-authored the "DSHEA Full Implementation and Enforcement Act of 2010," a proposed amendment to provide FDA with additional resources; direct FDA to inspect facilities to ensure compliance with the new dietary supplement good manufacturing practice regulations; allow it to use the authority under DSHEA to protect the public from unsafe dietary supplements; and ensure that claims made for dietary supplements are truthful, non-misleading and substantiated.

In remarks in support of the above amendment, he said: "When we drafted DSHEA, ensuring the safety of products was at the forefront of our efforts. The law gives the FDA abundant tools to remove products that are unsafe from the market. ... There is no excuse for a supplement manufacturer to market products that are unsafe or inaccurately labeled or that make outlandish claims."

- In the same floor statement, Hatch pointed to the real issue when he said: "It is impossible for this law to protect consumers if it is not enforced."
- Hatch also co-sponsored the Dietary Supplement and Nonprescription Drug Consumer Protection Act of 2006, a law requiring mandatory reporting of serious adverse events for dietary supplements and OTC drugs.
- In 2014, he co-sponsored the Designer Anabolic Steroid Control Act of 2014 that protects consumers from potentially dangerous anabolic steroids that are often falsely marketed as dietary supplements. This legislation was signed into law in December 2014.

"Millions of consumers use dietary supplements daily and do so safely and with great benefit," said UNPA President Loren Israelsen. "This is in large part due to the efforts of Sen. Hatch, who has tirelessly worked to assure continued access to safe and beneficial products. Based on his record, we are surprised and disappointed that HBO missed the mark so badly.

"Regrettably, HBO has chosen to misinform its viewers on the regulation and safety record of supplements," he added. "And while we agree that rogue players and products do exist, this is not because of DSHEA or Sen. Hatch, who has consistently worked to preserve the rights of consumers to access safe dietary supplements."

# It's your skin!

Xyndet<sup>®</sup> Skin Care Line aids in the care of

- Acne
- Atopic Eczema
- Psoriasis
- Dandruff
- Itching

& takes care of dry, scaly and sensitive skin.

Obe extremen	XYNDET® Sensitive Skin Formula Cleansing Bar	XYNDET® Hair & Body Wash	XYNDET® Balm
Acne	very good	good	good
Atopic eczema	very good	very good	very good
Psoriasis		very good	very good
Sensitive Skin	very good	very good	very good
Dandruff	good	very good	good
Itching	good	good	very good
Red Scalp		very good	very good

## What are the differences between XYNDET® and regular soaps?

Soaps are based on fatty acids, mostly animal fat. XYNDET® does not contain fatty acids or other animal products. Our washing products contain fatty alcohols. Fatty alcohols foam up nicely at any water harshness. XYNDET® Sensitive Skin Formula Cleansing Bar removes surface residues of make up and helps open up pores for deeper cleaning.

## What are the special features of XYNDET® Balm?

XYNDET® Balm is a very fine structured oil in a water emulsion. It transfers moisture as well as oils into skin. It goes through hard and scaly skin. In extreme cases of hard and scaly skin we recommend to apply a thick layer of XYNDET® Balm and wrapping it with a plastic foil for a maximum of 2 hours. The balm will not leave any greasy residues, provided the skin was not treated prior with any other product.

## Why is XYNDET® Balm recommended for itching?

XYNDET® Balm should be kept in a cool place in order to apply a cooling effect to the itchy skin. XYNDET® Balm transports moisture and oils into the skin. XYNDET® contains Dead Sea salt and Dead Sea silt, which have a balancing effect on the skin.

## What about XYNDET® Hair & Body Wash?

XYNDET® Hair & Body Wash, a Sensitive Skin Formula Cleansing Liquid is composed of products containing Dead Sea minerals. Like the other XYNDET® products it is completely free of fragrances and coloring agents.

XYNDET® Sensitive Skin Formula Cleansing bar and XYNDET® Hair & Body Wash have a skin neutral ph value of 5.7.

## **PROTOCLEAR**

## THE DAILY DETOXIFYING NUTRITIONAL SUPPLEMENT\*

ProtoClear™ is your solution for convenient and effective daily detoxification support.\* Great tasting and easy to mix, ProtoClear™ is a comprehensive multi-vitamin/multi-mineral formula containing detox factors that support Phase I and Phase II detoxification, all in a base of 22 grams of non-GMO Pea Protein per serving.\*

For everyday detoxification and comprehensive nutritional support, use ProtoClear™ as an alternative to your existing multi-vitamin, or supplement your current regimen at intervals between cleanses to ensure optimal detoxification maintenance.\*

## Willner Chemists Phyto-Tech™ Herbal Supplements

anthocyanins, proanthocyanidins, and other fatty acids. Studies have shown that acai has anti-inflammatory, antioxidant, and apoptic (programmed cell death). effects A study published in the Journal of Agricultural and Food Chemistry, showed extracts of Acai berries triggered apostisis in up to 86 percent of leukemia cells tested.

Mangosteen (Garcinia magostana) is a plant native to Southeast Asia. Studies reveal that xanthones from the fruit hulls of mangosteen have antioxidant, antibacterial, antifungal, and anti?inflammato-

ry properties. In one study mangosteen's xanthones significantly inhibited the growth of leukemia cells. One xanthone in particular, alpha?mangostin, showed complete inhibition of leukemia cells through the induction of apoptosis (programmed cell death). Other studies indicate xanthones from mangosteen inhibit the activities of COX?1 and COX?2 enzymes, prevent oxidative damage of LDL cholesterol, have cytotoxic effects on liver cancer cells, and are antiproliferative, antioxidative, and apoptic against breast cancer cells. Goji Berry (Lycium barbarum) polysaccharides exhibit anti-tumor,

immune enhancing and liver-protective properties. Studies suggest that Goji polysacharides have positive effects when used with conventional cancer treatments. A 1994 study done in China on patients with a variety of cancers revealed that patients who were given Goji Berry polysaccharides along with their conventional can-cer treatment had a 40.9 percent response rate to the treatment, while patients who received conventional treatment without the Goji Berry supplement had only a 16.1 percent response rate.

Additionally the Goji Berry supplemented patients experienced longer remissions and had a significant increase in natural killer cell activity. Goji berries contain high levels of Zeaxanthin, a carotenoid necessary for healthy vision that is present in high amounts in the macula of the human eye. The Zeaxanthin in Goji berries is a naturally exterifed reasynthin which has been prevente cause a higher rally esterifed zeaxanthin which has been proven to cause a higher increase in plasma levels than the non-esterified form contained in many supplements. Researchers have concluded that Goji is one of

many supplements. Researchers have concluded that Goji is one of the best antioxidants to promote healthy aging.

Pomegranate (Punica granatum) contains thousands of phytochemicals including anthocyananins, ellagic acid derivatives, catechins and procyandins, flavonols, fatty acids and sterols. Human studies show that pomegranate polyphenols and their metabolites offer protection against various diseases. Pomegranate increases nitric oxide production in the endothelial cells of the vascular system protecting against cardiovascular disease. Studies show consumption of the juice benefits patients with carotid artery stenosis, those with hypertension, and those with coronary heart disease. Pomegranate has been heavily studied in the treatment of prostate cancer. In one study when men with aggressive prostate cancer were given pomegranate juice daily with aggressive prostate cancer were given pomegranate juice daily after treatment by surgery or radiation, there was over a four-fold prolonged delay in prostate specific antigen (PSA) doubling time, and the rate of PSA rise was reduced by 50% over the course of just one year. Numerous other studies demonstrate pomegranate inhibits

inflammation, slows cartilage loss in arthritis, improves sperm health, and increases the overall antioxidant capacity of the blood. 1 fl oz - Prod Code: 57551

## Antiox Phyto Complex II

Some of the most powerful, broad-spectrum antioxidants are those found in plants. This supplement contains a blend of several of the most potent plant-derived phyto-antioxidants available, in a high potency, professional strength veggi cap.

Who would benefit from this supplement? Anyone needing antioxidant protection as well as those looking for enhanced immunity, those with cardiovascular problems, stress, and concerns about environmental pollution. It is also an essential component of any "anti-

aging" supplement regimen. Phyto-Tech™ Antiox Phyto Complex II Capsules contains 375 mg of the following: Acai Berry Concentrate, Mangosteen Fruit Extract, Goji Berry, Pomegranate, Green Tea Leaf Extract, Grape Skin Extract, Grape Seed Extract.

Description: Phyto-Tech Antiox Phyto Complex II is a blend of powerful plant-derived (phyto) antioxidants. Most health problems are either directly or indirectly related to oxidative (free-radical) damage. While vitamins and minerals (vitamin C, vitamin E and selenium, for example) are antioxidants, it is now recognized that phytoantioxidants, rich in a broad spectrum of flavonoids, polyphenols, anthocyanidins, etc are the most powerful.

Indications: Who might benefit from this herbal supplement?

## **Heart Health: Nutrients Lower Chances For Cardiovascular** Disease

## Multivitamins Extend Life In Women

This is the first study of the effects of multivitamins/mineral supplements (MVM) on chances for cardiovascular disease (CVD) in women. Doctors looked specifically at cardiovascular disease as a cause of death in women who did not have CVD-and who were at least 40 years old—at the start of the study.

The study covered 45,674 men and women, about one in five of whom used a vitamin supplement, and four in five took supplements daily.

While there was no link to multivitamins without minerals, multivitamins/mineral supplements in men, or to the chances of dying from cardiovascular disease overall, when doctors looked at women who had taken an multivitamins/mineral supplement for more than three years, chances of having died from cardiovascular disease over the almost 19-year follow-up period were 35 percent lower compared to women who had not taken multivitamins/minerals over the long

This represents only one piece in the puzzle, of course, but it is just one more argument against those who claim that taking a multivitamin multimineral supplement is a

waste of time and money--creating nothing but expensive urine. A little common sense should go a long way in this question, with the benefits potentially great, and the downside ot taking supplements relatively insignifi-

Important Notice: The information given here is designed to help you make informed decisions about your health, and the proper use of dietary supplements. It is

not intended as a substitute for medical advice, nor a substitute for any treatment that may have been prescribed by your doctor. If you have a medical problem, you should seek medical help. Products described herein are not intended to diagnose, treat, cure or mitigate disease.

This is also a boost to the argument in support of the importance of including adequate mineral supplements in your multivitamins multimineral supplement.

## Calcium Supplements No Danger To Arteries

People take calcium to maintain bone health but some are concerned too much calcium could raise chances for arterial plaque and heart disease, especially in type 2 diabetes. In this study, doctors looked at the effect of calcium in the diet and from supplements on arterial calcification in 720 people with type 2 diabetes.

The researchers measured calcification in the coronary and carotid arteries, in the abdominal aorta, and also considered longevity. They found no link between calcium in the diet or from supplements and arterial plaque, and also no greater chances of dying from any cause. In fact, women who got calcium from diet and supplements were more likely to survive.

## THE NATURAL MK-7

## PRODUCED BY FERMENTATION • BINDS CALCIUM TO THE BONES

Jarrow Formulas<sup>®</sup> MK-7 is natural vitamin K<sub>2</sub> derived from fermentation using *Bacillus subtilis* natto and not produced by synthesis. *B. subtilis* natto has been used for many centuries in Japan to produce natto, a traditional health food.

MK-7 (Menaquinone-7) has a longer half-life in the liver and circulation than MK-4. MK-7 is also ten times better absorbed than vitamin  $K_1$  from spinach\*. Vitamin  $K_2$  is responsible for the carboxylation of the specific bone protein osteocalcin which binds calcium in our bones\*. **Jarrow Formulas'** research has demonstrated the important synergy between vitamins  $K_2$  and  $D_3$  in building bone.<sup>1</sup>

## Using Jarrow Formulas® MK-7:

<sup>1</sup> Gigante, A., Bruge, F., Cecconi, S., Manzotti, S., Littarru, G. P., & Tiano, L. (2012). Vitamin MK-7 enhances vitamin D3-induced osteogenesis in hMSCs: modulation of key effectors in mineralization and vascularization. *J Tissue Eng and Regen Med. doi: 10.1002/term.1627* 

Jarrow Formulas<sup>®</sup> MK-7 60 softgels - JRW44618 Jarrow Formulas<sup>®</sup> MK-7 120 softgels - JRW65380

## Willner Chemists Phyto-Tech™ Herbal Supplements

and increases the overall antioxidant capacity of the blood.
The powerful antioxidants in Green Tea may help fight the free radicals that contribute to skin, lung, and stomach cancer as well as contribute to lowered blood pressure and LDL cholesterol. Green Tea is rich in a type of polyphenol called catechin. Catechins are 40 to 200 times more effective in seeking out and destroying free radicals than Vitamina Canada. cals than Vitamin A, C and E. These catechins include four major polyphenols including epigallocatechin gallate (EGCG), epigallocatechin (EGC) and epicatechin (EC). Of these compounds EGCG is the most abundant in green tea and has generated the most interest. Peer?reviewed scientific research has consistently shown that EGCG is a potent antioxidant, deactivating healthdamaging free-radicals. By virtue of its antioxidant, deactivating health-damaging free-radicals. By virtue of its antioxidant effects EGCG has been shown to exert a number of beneficial activities, such as reducing inflammation, and normalizing cell and tissue functions. In promoting cardiovascular health EGCG has been shown to inhibit free-radical activity in the arteries, improving coronary circulation. Other studies have shown that ECGC has a benefit in normalizing blood glucose and protecting the pancreas from oxidative damage, as well as in boosting metabolism and burning fat. Green tea catechins and ECGC in particular have also been shown to naturally support detoxification and the elimination of toxic substances from the body while protecting the liver.

Grape skin and grape seed extracts are anti-inflammatory and radioprotective. They are abundant in a group of polyphenols called procyanidins. Procyanidins are strong antioxidants, lipid peroxidation inhibitors, and free radical scavengers. Procyanidins have antimutagenic effects, meaning they can counteract environmental mutagens, which are thought to be one of the causes of chronic degenerative diseases. Procyanidins also increase circulation making them helpful for conditions such as venous insufficiency (a condition in which the veins have trouble sending blood from the legs back to the heart). A placebo controlled study showed that treatment with procyanidins improved venous functionality and reduced pain, cramps, edema and paresthesias (tingling). Due to procyanidins positive effects on circulation, grape skin and seed extracts are helpful for numerous vision disorders. Studies show treatment with procyanidins from the extracts increase resistance to glare, decrease ocular stress from prolonged activity at a computer and improve contrast sensitivity, retinal

function and sensitivity in myopia (nearsightedness).

Complimentary Productrs: Phyto-Tech™ Antiox Phyto Blend, liquid herbal extract and Phyto-Tech™ Green Tea Guo, regular and peach flavored.

New, High Potency Atiox Phyto Complex II 375 mg Veggie Caps 90 Veggie Caps - Prod Code 63745

## Anxiety Complex

This is a calming, soothing and relaxing formula that focuses on emotional stress.

Phyto-Tech™ Anxiety Complex is a blend of herbs with anti-anxiety properties, including Kava Kava, Pulsatilla and Lobelia, which helps to reduce anxiety, nervous irritability, and panic attacks. Anxiety Complex will calm and sooth the mind when going through difficult times emotionally and mentally, but it does not interfere

with collgnitive function, allowing you to stay alert and think clearly.

Who would benefit from this supplement? Those who suffer from anxiety, too much stress, insomnia due to an overactive mind, worry, and mild depressing. and mild depression. Those who need to remain clear headed, but also need a calming and soothing effect. Those who suffer from panic attacks and performance anxiety. Those whose mild depres-

sion is related to anxiety or severe stréss.

Phyto-Tech™ Anxiety Complex contains the following herbs: Night Blooming Cereus, Vanuatu Kava Root, St. John's Wort Flowers, Lobelia Herb, Pulsatilla Herb.

Phyto-Tech Anxiety Complex is a blend of herbs with anti-anxiety properties, including Kava Kava, Pulsatilla and Lobelia, which helps to reduce anxiety, nervous irritability, and panic attacks. Anxiety Complex will calm and sooth the mind when going through difficult times emotionally and mentally, but it does not interfere with coll-

gnitive function, allowing you to stay alert and think clearly.

Dosage: Acute short-term need: 2-4 squirts every hour as needed. Anxiet-Ease can be increased to 1 tsp. (6 squirts) for short-term

strong anxiety reducing doses.

Tonic long-term need: 30-60 drops 2-3 times per day.

Complimentary Products: These other Phyto-Tech™ herbal formulas can be used álong with Anxiety Complex under the following conditions:

If mild depression accompanies anxiety, consider St. John's Complex or St. John's Wort.

If an over-all calming, sedating action is needed, consider Phyto-Tech Relax PM.

If exhaustion is present, consider Phyto-Tech<sup>™</sup> Adaptogen Complex or Phyto-Tech<sup>™</sup> Ginseng Energy Blend. If body pain is present, consider Phyto-Tech<sup>™</sup> MuscleGesic. 1 fl oz - Prod Code: 57014

## Arnica Oil 1:6 Topical

A popular first-aid remedy for trauma, injuries.

Arnica is the pre-eminent remedy for trauma, injuries, and accidents and is a common part of first aid kits and home medicine cabinets. This topical oil is massaged into painful tissue that has been traumatized from an accident, athletic event and overexertion. Massage Therapists and Chiropractors commonly use arnica oil on muscle and joints that are problematic in order to disburse congested fluids in a painful area.

It is thought that Arnica works as a fluid transport stimulating herb. It moves interstitual fluids through ischemic tissue. Ischemic tissue is tissue that has diminished oxygen content because of restricted blood and fluid flow. This action by Arnica on the painful tissue helps it heal and stop the pain cycle. As a result of the increased circulation, cellular waste is removed, bruises clear up, pain diminishes, tissue heals, tissue oxygenates and recovery time is significantly

reduced.
Athletes find arnica reduces potential for injury, reduces recovery

Arnica Topical Oil is great for the daily bumps and bruises inevitable in life and especially childhood. It is safe for kids.

Phyto-Tech™ Arnica Oil 1:6 Topical contains the following: Arnica montana Flowers (Wild Harvested), Sage Essential Oil, Extra Virgin Cold Pressed Olive Oil,

Note: First extracted in alcohol and oil to maximize potency, then the alcohol is removed.

Special Note: Most Arnica on the market is "Mexican" Arnica. This

is commonly Heterothica inuloides, an adulterant and is not true Arnica. The Vitality Works Arnica products are made from the true European Arnica montana.

Cautions: Do not apply to open wounds, ulcerations or on areas prone to bleeding; Do not take internally; Discontinue use if very sensitive skin results in a rash.

Complimentary Formulas and Single Herbs:

Phyto-Tech™ MuscleGesic, an oral formula for muscle and general body pain, inflammation

Phyto-Tech™ Comfrey Root 1:3 (to promote healing of breaks, fractures, sprains, cuts, lesions)
Phyto-Tech™ Valerian Root 1:2 (for severe pain)
Phyto-Tech™ St. John's Wort 1:2 (if nerves are very sensitive or

painful)
Dosage: Massage into effected areas as needed. Repeat 2-3 times per day or as needed.

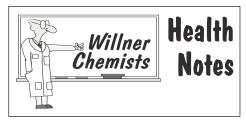

Arnica works best if applied in full concentration to the problematic area. It is less effective if applied all over the body as massage oil. Use a different oil for a massage (i.e. almond oil) and arnica on the painful area.

1 fl oz - Prod Code: 57082

## Ashwagandha Root

Known as "Ayurvedic Ginseng," Ashwagandha supports stamina, endurance, and energy.

## **Vascular Health: Nutrients Help** Keep Blood Vessels Flexible; A **Link To Longevity**

## Vitamin K2 In Women

In the first study on long-term vitamin K2 supplementation and cardiovascular health, 227 healthy postmenopausal women took 180 mcg of vitamin K2 – menaquinone 7 per day, or a placebo. After three years, while the placebo group had an increase in blood vessel stiffness, women who took vitamin K2 saw an average 33 percent improvement in blood vessel flexibility.

Discussing the findings, doctors said it was remarkable that the women taking vitamin K2 not only did not experience the typical age-related stiffening of the arterial walls, but also saw measurable improvements in vascular elasticity across the entire circulatory system compared to the placebo group. Arterial flexibility has a direct link to longevity.

Reference: Thrombosis and Haemostasis; 2015, Vol. 113, No. 5, Published Online

## **Antioxidant Vitamins**

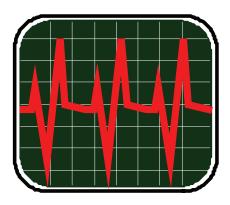

This review of 20 studies covering 1,909 people measured the effects of taking the antioxidant vitamins A, C, E and betacarotene, alone or combined, on arterial stiffness, compared to placebo.

Healthy people of any age who had taken any one of these antioxidants alone or together in any combination, for any length of time, had lower chances of developing arterial stiffness compared to placebo. Doctors also saw improvement among those with existing arterial stiffness who took vitamins compared to placebo.

Important Notice: The information given here is designed to help you make informed decisions about your health, and the proper use of dietary supplements. It is not intended as a substitute for medical advice, nor a substitute for any treatment that may have been prescribed by your doctor. If you have a medical problem, you should seek medical help. Products described herein are not intended to diagnose, treat, cure or mitigate disease.

> Overall, combining results from all 20 studies, taking antioxidant supplements reduced the chances for cardiovascular disease by 4.7 percent. Doctors concluded that taking antioxidant vitamins has a small, protective effect on arterial stiffness.

## Garlic Lowers Blood Pressure

Benefits Especially In Those With Hypertension All forms of the supplement are effective

In this review of 17 garlic studies, researchers analyzed the combined effects of garlic powder, aged garlic extract, and garlic oil supplements on blood pressure. Doses in the placebo-controlled studies ranged from 300 to 900 mg of garlic per day, providing 1.8 to 5.4 mg of allicin, the active compound in garlic doctors believe may be responsible for the blood pressure benefits.

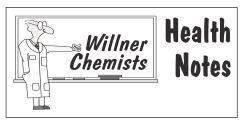

Overall compared to placebo, those who took garlic supplements saw systolic and diastolic blood pressure decline by 3.75 and 3.39 mmHg, respectively. Looking at a subgroup of those with elevated blood pressure, systolic blood pressure declined by 4.4 mmHg on average.

Discussing their findings, doctors said it may be the antioxidants in garlic that counteract oxidative stress that damages blood vessels, or that garlic may help blood vessels relax and dilate, lowering blood pressure.

## **Beating the Common Cold**

Pycnogenol® Helped Manage Symptoms, Shorten Duration

Natural remedy effective at first signs of a cold

When the 70 adult men and women in this study first felt cold symptoms, they began to take 50 mg of Pycnogenol twice per day. Doctors compared their experience to 76 other similar adults who did not take Pycnogenol when cold symptoms set in. Both groups took their usual good care in managing their colds.

Colds lasted an average of 3.1 days for the Pycnogenol group compared to 4.2 days for those taking no treatment. For workdays lost, those taking Pycnogenol were out of work an average of 0.55 days compared to 0.67 days for the no-treatment group. The Pycnogenol group also had to rely less on over-thecounter cold remedies than the no-treatment group, and had fewer upper respiratory complications as well, suggesting that Pycnogenol helps manage symptoms and reduces the duration of the common cold.

# WHOLE EARTH & SEA

# Imagine getting the benefit of a whole growing season in one tablet

From a simple seed, planted in the ground with a little water, nutrients from the soil, and a whole lot of energy from the sun, comes the wholesome nutrition that sustains our lives.

Natural Factors farms are certified 100% organic. Our crops are fertilized with compost and nitrogen-rich sea plants, and are meticulously cared for by hand. No synthetic pesticides (or even permissible organic pesticides) are used – EVER!

We have always been committed to growing non-GMO organic seeds, as exemplified in the banner article on GMOs called *Seeds of Extinction* that our founder wrote in 1985.

We have never grown anything GMO on Natural Factors farms. We make sure to choose true "species" non-GMO seeds for our seedlings, and we participate in seed saving programs.

Here is what people just like you have said after visiting our farms:

"All these incredible products start with this amazing soil. I've never seen soil so rich and full of nutrients before!"

"The quality of the crops are outstanding. And because they're organic, I know they're non-GMO."

The 100% organic, non-GMO nutrient-rich plants

grown on Natural Factors farms are harvested at their peak and immediately raw processed at our own facilities, using our proprietary EnviroSimplex® method to retain the vital bioenergetic vitamins, minerals, enzymes, phytonutrients and antioxidants. We ensure the processing temperature always stays below 118°F (48°C). The end result is raw nutrition from whole plants, capturing all the vibrant energy and goodness of nature.

Even when you grow certified organic non-GMO plants, it's important to test for GMOs and hundreds of other unwanted contaminants. We excel at making sure that every possible test has been conducted to ensure you receive the safest, most beneficial products possible.

on Sale now!

Here is what people just like you have to say about our testing processes:

"I never would have imagined that there'd be so much technology involved in maintaining the qualities that are in the plants."

In our state of the art laboratories,

we use "mass spectrometry" to test for over 400 substances. Mass spectrometry can test at the molecular – even atomic – level, detecting environmental pollutants such as pesticides, herbicides and fungicides, as well as heavy metals and other undesirable substances.

### Willner Chemists Phyto-Tech™ Herbal Supplements Product Reference Guide:

Who would benefit from this supplement? Those suffering from fatigue, stress, immune system problems, chronic fatigue syndrome, recovery from illness and auto-immune disorders. Ashwagandha is an adaptogenic herb, similar to ginseng, but it is less heating, "yang" or simulating than Panax ginseng.

Ashwagandha is known as the "Ayurvedic" Cinseng. It is indicated

for the same types of conditions as Ginseng, but Ashwagandha is not heating, Yang or stimulating like Ginseng (Panax varieties). It is used preventatively for those who have difficulty replenishing the energy they expend, and want to avoid burn out. Burnout from unrelenting stress can take the form of immune breakdown (colds, flu), headaches, irritable bowel, blood sugar swings and any other genetic, predispositional or constitutional weakness. Ashwagandha gives additional life force or Chi to help adapt to the stresses at hand.

It can also be used as a restorative for those who have already burned out. Ashwagandha, as part of a rejuvenation treatment plan is effective in chronic fatigue syndrome, depression, debility, recovery from wasting diseases, chemotherapy and helps while one is in emotional recovery therapy.
Ashwagandha is also indicated specifically in autoimmune disor-

ders. It helps immunity to self modulate. It also has an affinity to help chronic neuro-muscular disorders such as fibromyalgia and multiple sclerosis (MS).

Phyto-Tech ™ Ashwagandha Root contains the following: Fresh Ashwaganda Root (Withania somnifera), Grain Alcohol, Deionized Water. It is certified organic.

Dosage: 30-60 drops, 2-3 times per day or as needed in juice or

Complimentary Formulas: Phyto-Tech™ Adaptogen Complex; Phyto-Tech™ Ginseng Energy Blend.

Ashwagandha Root 1:1.5 - 1 fl oz ~ Prod Code: 57008

## **Astragalus Root**

### As a long term tonic, Astragalus helps boost deep immunity and resistance.

Who would benefit from this supplement? Those who get sick easily or suffer from chronic health problems. It is especially useful for

"You may already be accustomed to taking echinacea at the first sign of a cold or flu, or when people around you are getting sick. How is astragalus different? Like echinacea, Astragalus not only helps prevent colds and flu but shortens the course of a bug once it has set in. Astragalus can also be used as a long-term preventive and restorative herb, both to prevent illness and to renew energy and vitality once an acute illness hs passed. Scientific evidence salso suggests that astragalus may be one of the most important herbs for

49.95 39.96

70 VCA

strengthening the immune system against serious diseases, including cancer." (McCaleb, Robert, et al, The Encyclopedia of Popular Herbs, The Herb Research Foundation, Prima Health, 2000)

The indications listed for Astragalus include the following: colds and flu, chronic respiratory problems such as bronchitis, digestive

ailments, susceptibility to infectious disease, recovery after illness, general weakness and fatigue, cancer.

The active constituents include polysaccharides (glucans), saponins (astragalosides), flavonoids and phytosterols, all of which contribute to the positive actions of Astragalus. It increases the number of stem cells in bone marrow and lymph tissue and encourages their development into active immune cells. It appears to help trigger immune cells from a "resting" state into heightened activity. One study showed Astragalus root helps promote and maintain respiratory health. It also enhances the body's production of immunoglobulin and stimulates macrophages. Astragalus can help activate T-cells and natural killer (NK) cells. Astragalus stimulated NK-cell activity of human peripheral blood lymphocytes and restored steroid-inhibited

NK-cell activity in another study.

Traditionally, many herbalists feel Astragalus is best used when not acute. In other words, use it in between acute episodes in order to boost immunity and avoid frequent acute episodes. Astragalus is indicated for those who get sick frequently, for illnesses that do not resolve in a reasonable time, for those who get sick time after time. It is also indicated for those using antibiotics frequently. Think of it as an herbal flu shot, so take it before the immune season begins, espe-

cially for the elderly, the young and the immune suppressed.
Phyto-Tech™ Astragalus Root 1:3 contains Astragalus membranaceus, 333 mg/ml, certified organic.

Dosage: 20-60 drops, 2-3 times per day or as needed in juice or

Complimentary Formulas: Phyto-Tech™ Immune Complex Astragalus Root 1:3 - 1 fl oz ~ Prod Code: 56949 Astragalus Root, 460 mg - 90 Veggie Caps Prod Code: 60340

## Attention Complex

## This "Child Friendly" supplement supports healthy attention and concentration.

Who would benefit from this supplement? Children who suffer from ADHD, ADD, poor concentration and focus, stress, fatigue and mental exhaustion.

Phyto-Tech™ Attention Plus is effective for increasing cognitive ability, helping attention, memory and focus, increasing concentration capacity, reducing mental fog and alleviating stress and fatigue. It can be helpful for those who have Attention Deficit Hyperactivity Disorder (ADHD), which affects one's ability to pay attention, stay still, and/or control their impulses.

Phyto-Tech™ Attention Complex contains the following herbs Ginkgo biloba Leaf, Gotu Kola Leaf, Licorice Root, Lobelia Herb and Rhodiola Root.

(See label for age-adjusted dosage guidelines) 1 fl oz - Prod Code: 57030

Bilberry Bilberry is a powerful antioxidant, and is traditionally used to sup-

port eye health and visual function. Who would benefit from taking this herbal supplement? Those who are concerned about possible eye or vision problems, including

macular degeneration, cataracts.

"Billberry contains potent antioxidants that protect and improve micro-circulation, that is, the circulation of blood through the capillaries. These antioxidant pigments, called anthocyanosides or anthocyanins, are similar to those found in red grape skins.

Anthocyanosides protect cells in the circulatory system, keeping

them more flexible to provide better flood flow and oxygen to capillary-rich organs such as the retina of the eye. Researchers have also found that bilberry affects enzymes responsible for energy produc-tion in the eye, which is especially important to good vision under poor light conditions, including night vision.

"Bilberry extract and bilberry constituents appear to improve cir-

culation in young and elderly people alike. Bilberry extract may be helpful in preventing many of the vision problems associated with aging. In combination with vitamin E, it can prevent cataracts; it can also prevent retinopathies (diseases of the retina), including diabetic retinopathy, and possibly even ordinary nearsightedness (myopia). Bilberry's ability to strengthen capillary circulation helps those who bruise easily, and bilberry extracts are even used before elective surgery to minimize bruising and excessive bleeding. Increasing capillary strength also helps in treating spider veins, varicose veins, and hemorrhoids." (McCaleb, Robert, et.al., The Encyclopdedia of Popular Herbs, the Herb Research Foundation, Prima Health, 2000)

Each 30 drops contains 500 mg of certified organic Bilberry berry. Also available as a standardized (25% Anthocyanidin) extract, 50 mg, in a base of full spectrum 250 mg Bilberry Leaf (Wild Harvested) in a veggicap formulation. (see below)

Liquid Extract - 1 fl oz ~ Prod Code: 57043 . Bilberry Standardized & Full Spectrum 50 mg of 25% Anthocyanidin Extract with 250 mg Bilberry Leaf 60 Veggi Caps ~ Prod Code: 60119

## **Black Cohosh Root**

This herb helps normalize the menstrual cycle and promote a healthy menopause.

# Iteshield The Next Chapter in Mushroom Quality

New Chapter's LifeShield mushroom family combines superior strains of traditional fungi, grown for their full life cycles to deliver each mushroom's whole protective shield.

## The Need for Mushroom ID

Mushrooms are notoriously tricky to identify.

For every remarkable species with distinct benefits, there may be a look-alike that's fundamentally

different at a genetic level. So, for as long as humans have been benefiting from medicinal mushrooms, we've relied on experts to verify their correct identity. Think of the wisewoman, centuries ago, carefully wild-crafting mushrooms in the Siberian forest to supply her village. Think of mycologists—mushroom specialists—steadily building our body of knowledge to assure you're getting the exact mushroom you paid for.

## Beware of Mistaken Identity!

Verifying the identity of a beneficial ingredient is a basic key to quality. Some brands may not be delivering the exact mushroom that's labeled, perhaps because fungi are just so hard to authenticate. New Chapter® is pioneering a new gold standard for identity testing, taking the time to test and cross-check each species right down to the DNA. The result: Our LifeShield mushroom family delivers true quality, with each strain's identity carefully confirmed.

Visit **newchapter.com** to learn more!

## **DNA Tested, Identity Assured**

Every marvelous strain carefully qualified and confirmed

## Whole Life Cycle

Preserving the whole mushroom's profile of beneficial compounds

## **Revered Strains**

Trusted fungi that have been supporting health for centuries

### Willner Chemists Phyto-Tech™ Herbal Supplements Product Reference Guide:

Who would benefit from taking this supplement? Women experiencing the following problems may find this herb helpful: PMS, menstrual cramps, uncomfortable menopausal symptoms.

Black Cohosh is considered by herbalists to be a distinctive woman's remedy. It stimulates delayed menses as an emmenogogue while relaxing the muscles around the uterine area to help decrease menstrual cramps. It can help PMS symptoms and help to regulate a woman back into a more normal cycle. It can also help amenorrhea and dysmenorrhea. It is commonly combined with Chaste Tree Berry

and Dong Quai Root.

It is also a famous remedy in menopause. German studies show that Black Cohosh will diminish the negative side effects of menopause by improving symptoms such as hot flashes, perspiration, heart palpitations, nervousness and irritability, sleep problems and depression. Research suggests estrogenic activity in the alcoholic extract, inhibiting LH but not follicle stimulating hormone. Some research refutes estrogen activity and suggests neurotransmitter interference. It either fools the pituitary from looking for leutinizing hormone or actually inhibits LH. This results in a decrease in the abovementioned symptoms and exerts a most positive effect on

Each 30 drops of Phyto-Tech™ Black Cohosh contains 333 mg certified organic Black Cohosh Root.

Also available in a veggie cap formulation. Each capsule contains 500 mg of Wild Harvested Black Cohosh Root. (Product Code: 60120)

Cautions: Pregnancy, Nursing. No known drug interactions. Since Black Cohosh is not actually estrogenic, it is NOT contraindicated in estrogen sensitive cancer.

Dosage: 15-30 drops 2-3 times per day or as needed in juice or water. Increase serving to 30-60 drops for acute cramping and lack of period during menses.

Complimentary Formulas: Phyto-Tech™Chaste Tree Berries (to

increase progesterone)
Phyto-Tech™ Menopause Complex (menopause formulas with black cohosh)

Phyto-Tech<sup>™</sup> Menses Complex (PMS and cycle regulating formula with black cohosh)

1 fl oz - Prod Code: 56969 90 Veggie Caps - Prod Code: 60120

## **Black Walnut Hull**

## This herb is traditionally used to support intestinal health.

The Black Walnut used in this supplement is derived from the hulls while in their green state. This is when they are most potent. Who would benefit from this supplement? Those who are con-

cerned about possible parasite, fungal or bacterial infections, including candidiasis; those with gastrointestinal problems such as indigestion, diarrhea and constipation.

Fresh Black Walnut Hulls are harvested in their green state (before they blacken) where they are more potent. Black Walnut's two main active chemicals are juglone and tannins. Juglone is antibiotic and antifungal and has a normalizing effect on intestinal tissue Tannins are astringents that reduce secretions, relieve irritation and tighten tissues by shrinking the top layers of the skin. These properties led to the use of Black Walnut Hull for treating gastrointestinal problems such as indigestion, diarrhea and constipation. It is also considered a strong killer of fungal infections such as athletes' foot, Candida Albicans and other internal and topical fungal infections. It is a great addition to a Candida treatment protocol.

Black Walnut Hull also enjoys a reputation as a parasite killer. It will help to destroy amoebas, protozoans (giardia, blastocytis hominis), pinworms, tinneas and ringworm. Use larger doses once a parasitic infection is in place. Often, treatment needs go for one month in order to kill parasites in all cycles or forms from adult to egg. It can be combined with other anti-parasitic treatment. Black Walnut Hull can be used preventitively if one is traveling to an area where parasites are common or unusual. Take Black Walnut Hull for a few days prior to when one leaves the area and continue taking the entire length of the trip. One must still use common sense and avoid possible parasite contaminated food and drink. Common symptoms of intestinal parasites are diarrhea, gas or bloating, nausea or vomiting, stomach pain or tenderness, fatigue or weakness, weight loss and presence of worms in stool. If you suspect you have a parasite infestation, consult with a physician.

Cautions: Prolonged use is not advised.

Each 30 drops contains 1,000 mg of certified organic green Black Walnut Hulls.

Dosage: Preventitive: 15-30 drops, 2 times per day in juice or

General: 15-40 drops 2-3 times per day or as needed in juice or

Acute: 60-90 drops, 3-4 times per day in juice or water. This dose can be maintained for over 1 month.

Complimentary Formulas: Phyto-Tech™ Oregano Oil 70 (anti-parasitic, anti-bacterial, anti-

## Blue Cohosh 1:3

Blue Cohosh is similar to Black Cohosh in use. It is used for premenstrual conditions where a heavy bearing down sensation is felt. It is indicated for a feeling of fullness in the abdomen and legs, cramping onset of ones menses, irregular menses or lack of menses. It is anti-spasmodic and helps to relieve cramps. It has symptomatically helped some where endometriosis causes much discomfort and pain.

Blue Cohosh is a traditional herbal remedy, used by midwives, Native Americans and eclectic physicians of the early 20th century, for use only in the last 3 weeks of pregnancy to help ease a woman in to labor. Midwives still use it today, but only after a woman is term or after week 37. It may help to ease spastic cramping. Caution: Do not use Blue Cohosh during pregnancy unless under the supervision and direction of your physician. the supervision and direction of your physician.

Dosage: General: 5-20 drops, 2-3 times per day or as needed in

Acute cramps: 10 drops every 10-20 minutes until pain subsides. Complimentary Formulas: Phyto-Tech™Chaste Tree Berries (to

increase progesterone)
Phyto-Tech™ Menopause Complex (menopause formulas with

black cohosh) Phyto-Tech™ Menses Complex (PMS and cycle regulating formula with black cohosh)

1 fl oz - Prod Code: 57066

## **BPH Complex**

### This herbal supplement was designed to support prostate function and the male reproductive system.

Who would benefit from this supplement? Men with benign prostatic hyperplasia, elevated PSA levels, impotence.
Phyto-Tech™ BPH Complex contains the following herbs: Saw Palmetto Berry, Fresh Nettle Root, Red Root, Sarsaparilla Root, Fresh

Turmeric Root, Dong Quai Root, Red Root, Sarsaparilia Root, Frest Turmeric Root, Dong Quai Root.

Phyto-Tech™ BPH Complex is actually designed for use as a male prostate tonic to help prevent benign prostatic hyperplasia (BPH) that is common to most men in mid-life and on. It will help reduce prostate swelling, keep testosterone healthy and help maintain a healthy libido. It also helps the dull ache, urine dribbling, weak urine flow, waking at night to urinate and can help men who have

the inability to maintain an erection.

For those who actually have BPH, Phyto-Tech™ BPH Complex will help bring the prostate back into a healthy state and help reduce all

the symptoms that accompany BPH.

Phyto-Tech™ BPH Complex can be used as a long-term tonic. It is a good idea for most men to treat their reproductive tracts annually

# Clinical Testing Is The Ditterence

## With NOW® Solutions Premium Skin Care Products

With so many natural skin care formulations available today how do you decide which ones to recommend to your customers? The answer for many retailers is clinically tested ingredients, such as those found in NOW Solutions premium skin care formulas. Clinically tested ingredients offer personal care consumers that crucial extra level of comfort due to their reliability, predictability and safety, and the results can make the difference between a one-time sale and a repeat customer.

Ledefining natural beauty

## Better Bones by Design

2%-4% of your skeleton is "rebuilt" every year as calcium and minerals leave the bone and must be replaced.

## Jarrow Formulas® Presents . . . A Complete Multi-Nutrient Bone Health System!

Bone-Up® provides your body with much needed calcium as well as essential nutrients for building strong bones.\* It utilizes the finest source of calcium available: New Zealand bovine bone hydroxyapatite from chemical-free, range grazed calves less than two years old.

Bone-Up®, 120 Capsules - JRW23114 Bone-Up®, 240 Capsules - JRW23115 Bone-Up®, 360 Capsules - JRW59191 Ultra Bone-Up®, 120 Tablets - JRW34368 Ultra Bone-Up®, 240 Tablets - JRW54418 **Bone-Up**<sup>®</sup> is an effective addition to any bone health regimen.\* It features added vitamins and minerals that synergistically support healthy bone density and overall bone health,\* including:

- •Stimucal<sup>™</sup> Ossein Microcrystalline HydroxyApatite (MCHA): to promotes calcium balance.\*
- Vitamin D<sub>3</sub> converts to calcitriol to enhance calcium absorption.\*
- MK-7, the more bioavailable form of Vitamin K<sub>2</sub>, which is needed for building bone matrix and proper calcium distribution.\*
- Boron, a trace mineral important in calcium retention.\*
- Manganese, Copper and Zinc, essential trace minerals involved in the formation of bone.\*

## Product Reference Guide:

## Willner Chemists Phyto-Tech™ Herbal Supplements

with Phyto-Tech  $^{\mathsf{TM}}$  BPH Complex once they are over 50 years of age. This is when most prostate problems arise. Using Phyto-Tech  $^{\mathsf{TM}}$  BPH Complex for 1-2 months once per year is a wise male preventative treatment for maintaining a healthy prostate throughout a life. Since prostate swelling is so prevalent in society, it makes sense to use this male tonic as a preventative.

Dosage: 30-60 drops, 2-3 times per day or as needed in juice or

Complimentary Formulas: Phyto-Tech™ Saw Palmetto Berry 1:3 (for increased potency)

1 fl oz - Prod Code: 57085

## **Brain Bio Boost Complex**

Supports healthy cognitive function, focus and memory, increasing overall cognitive ability and vitality. The elderly find this formula especially helpful.

Who would benefit from this supplement? Those with memory loss, confusion, Alzheimer's disease, dizziness, tinnitus, ADHD and ADD. This is an ideal supplement for college students and others facing demanding mental challenge. It is best used long-term.

Phyto-Tech™ Brain Bio Boost Complex contains the following herbs: Gotu Kola Leaf, Ginkgo Leaf, Green Tea, Codonopsis Root, Licorice Root, Rhodiola Root.
Phyto-Tech™ Brain Bio Boost Complex is a blend of herbs thought

to increase overall cognitive ability, energy and vitality. It improves memory and concentration. It is indicated for those with age-related cognitive decline as well as for those who are faced with heavy cognitive demands, such as college students It can help in Attention Deficit Hyperactivity Disorder (ADHD) by helping one pay attention, sit still and process information.

Supportive Information: Ginkgo is for cerebral vascular insufficiency and works by cerebral and peripheral blood flow. As one gets older, blood flow to the brain and to peripheral tissue decreases with these resulting symptoms. Diminished cerebral circulation can also result in vertigo, ringing in the ear, Alzheimer's symptoms, forgetfulness and depression. Ginkgo can help all of this. Ginkgo is famous in assisting memory, focus and cognition.

Gotu Kola reduces adrenal corticosterone blood levels during stress. It is high in flavonoids and studies show it helps in capillary fragility and strengthens vascular integrity in the brain and throughout the body. It is a cognitive stimulating herb for use in fatigue, confusion and general lethargy. It is helpful for those exhausted from emotional upheaval or excessive work habits.

Green Tea is a potent antioxidant that binds with free radicals to neutralize their harmful effects. Green Tea is rich in polyphenols and

one in particular called a catechin. Catechins are 40 to 200 times more effective in seeking out and destroying free radicals than  $\,$ Vitamin A, C and E. Studies demonstrate the antioxidant effects of green tea catechins improve overall reference and working-memory related learning ability. Green Teas polyphenols are also believed to help ward off neurodegenerative diseases such as Alzheimer's and Parkinson's by protecting neurons against the harmful effects of reative oxygen species (ROS) and nitric oxide (NO).

Rhodiola stimulates the activity of serotonin, dopamine, and norepineprhine in the cerebral cortex, brain stem and hypothalamus, and increases the permeability of the blood brain barrier to precursors of dopamine and serotonin. This enhances the effects of these neurotansmitters on the brain and improves cognitive functions (thinking, analyzing, evaluating, calculating and planning), learning, attention span, memory and work productivity. Rhodiola also relieves fatigue and normalizes mood in depressed individuals, and has antioxidant properties that help protect the nervous system from oxidative damage. By stimulating cognitive function, improving resistance to stress and fighting free radicals, Rhodiola can have immediate effects on cognitive function and memory and can also

provide long-term support to help preserve future brain functions.
Codonopsis is very similar to ginseng, but milder and more neutral in energy. It increases stamina and alertness and keeps the body and mind strong when under stress.

Licorice works as a limbic (emotional) brain tonic and tonifies the stress axis (hypothalamus, pituitary, adrenal axis). Researchers have found a compound in licorice known as carbenoxolone inhibits an enzyme in the brain involved in making stress-related hormones which have been associated with age related mental decline.

Phyto-Tech $^{\rm m}$  Brain Bio Boost Complex cannot be expected to work overnight and is best if used consistently for at least 2 weeks. It

can be continued as a long-term tonic, especially in the elderly. Dosage: 20-40 drops in juice or water, 2-3 times daily or as need-

Cautions and Contrindications: While interaction unlikely, those taking prescription blood thinners, or MAO inhibitors should advise their physicians. Do not take during pregnancy, if nursing, or preparing for surgery. The amount of licorice in this formula is theorectically too low to affect blood pressure, but those with high blood pressure should monitor their BP as a precaution.

1 fl oz - Prod Code: 57071

## **Burdock Root**

Burdock root is a gentle liver and blood cleanser, especially useful for toxic skin disorders. Recent evidence supports its historic role in treating diabetes. It is an ingredient in various popular cancer remedies.

Who would benefit from this product? Those with skin conditions such as eczema, acne, and psoriasis. Historically, Burdock has been used to treat diabetes, and it is a common ingredient of several popular cancer remedies (EssiacR and HoxseyR). Burdock Root has been widely recommended to diabetic patients by healthcare professionals

Burdock Root is considered safe. In Japan, burdock is considered a "vegetable," and consumed as such.

Phyto-Tech Burdock Root contains 667 mg certified organic bur-

dock root per 30 drops.

Dosage: 30-60 drops 2-3 times per day or as needed in juice or

## California Poppy 1:3

California poppy has been used as a sedative to relieve insomnia and nervousness.

In an article by Abascal K, Yarnell E., Nervine herbs for treating anxiety (Altern Compliment Ther. 2004 December:309-315.), the authors discussed California poppy. They first pointed out that "anxiety disorders are common in many Western countries, and conventional drugs like benzodiazepines are often prescribed to relieve anxiety. However, these drugs have worrisome short-term and long-term side effects. Nervine herbs (herbs that quiet nervous excitement) have a long history of traditional use in relieving anxiety, insomnia, and mild depression. With the exception of St. John's wort and mild depression. With the exception of St. John's wort (Hypericum perforatum), kava (Piper methysticum), and valerian (Valeriana officinalis), there is little published research on the safety and efficacy of nervine herbs. The purpose of this article was to review the available research and explain how the lesser-known nervine herbs are commonly used in practice." One of those "lesser-known nervine herbs" was California poppy. They made the following observation: "California poppy (Eschscholzia californica) is used for its mild analgesic and calming effects. Unlike the opium poppy (Papaver somniferum), it has no narcotic effects. Animal studies indicate California poppy tea reduces anxiety, acts as a mild analgesic. cate California poppy tea reduces anxiety, acts as a mild analgesic, and helps prevent drug-induced memory loss. Most herbal practitioners combine lower doses of California poppy with other nervines to relieve anxiety. Researchers studied a combination of California poppy, hawthorn flower (Crataegus laevigata), and magnesium in 264 people with mild to moderate anxiety. Those taking the herb

**Antioxidant Supplement?** 

## **Breast Cancer: Nutrients Helped** Women Live Longer After A **Diagnosis**

## **Folate**

Women with breast cancer who had the highest levels of folate were more likely to survive than women with the lowest levels. In the study, doctors measured total folate levels in 498 postmenopausal women with breast cancer and followed up for 6.7 years. After adjusting for factors such as cancer stage, type of treatment, age at diagnosis, body mass index score, using hormone replacement therapy, alcohol, and taking folic acid supplements, women with the highest folate levels were 59 percent less likely to have died than women with the lowest folate levels over the follow-up period.

Women who took folic acid supplements had much higher circulating levels of folate, which doctors said may have improved their survival rates.

## Vitamin C

In this review of 10 studies covering 17.696 women with breast cancer. researchers analyzed the link between vitamin C from diet and supplements and breast cancer survival rates.

Important Notice: The information given here is designed to help you make informed decisions about your health, and the proper use of dietary supplements. It is not intended as a substitute for medical advice, nor a substitute for any treatment that may have been prescribed by your doctor. If you have a medical problem, you should seek medical help. Products described herein are not intended to diagnose, treat, cure or mitigate disease.

> For studies of vitamin C supplements, compared to those who did not take vitamin C, women who took vitamin C supplements were 19 percent less likely to have died from any cause and 15 percent less likely to have died from breast cancer over the follow-up periods.

> For studies of vitamin C in the diet, each 100 mg per day increase in vitamin C from foods lowered the chances of dying from any cause by 27 percent, and for breast cancer, lowered chances 22 percent, over the course of follow-up.

New Formula -- Higher Potency, Veggie Capsule

## **Antiox Phyto Complex II**

Some of the most powerful, broad-spectrum antioxidants are those found in plants. This supplement contains a blend of several of the most potent plant-derived phyto-antioxidants available, in a high potency, professional strength veggie cap.

Description: Phyto-Tech Antiox Phyto Complex II is a blend of powerful plant-derived (phyto) antioxidants. Most health problems are either directly or indirectly related to oxidative (free-radical) damage. While vitamins and minerals (vitamin C, vitamin E and selenium, for example) are antioxidants, it is now recognized that phytoantioxidants, rich in a broad spectrum of flavonoids, polyphenols, anthocyanidins, etc are the most powerful. **Looking For A Stronger** 

Ingredients: Each 375 mg Capsule contains the following: Acai Berry Extract 4:1, 75 mg;

Mangosteen Fruit Extract, 75 mg (10% Mangostin); Goji Berry Extract 75 mg (40% Polysaccharides); Pomegranate 75 mg, (40% Ellagic Acid); Green Tea Leaf Extract 30 mg (98% Polyphenols, 50% EGCG); Grape Skin Extract, 30 mg (50% Polyphenols); Grape Seed Extract, 15 mg (95% Proanthocyanidin); Cellulose Modified Vegetable,

100% Vegetarian - Manufactured in an FDA Registered, GMP Certified facility.

New, High Potency Atiox Phyto Complex II 375 mg Veggie Caps 90 Veggie Caps - Prod Code 63745

Indications: Who might benefit from this herbal supplement? Those who desire protection against everyday toxins--dietary, environmental and chemical; those with current health problems, those under high amounts of stress, smokers or those exposed to second-hand smoke, and anyone who lives under high amounts of stress, smokers or hose exposed to second-hand smoke, and anyone who lives or is exposed to a toxic lifestyle; those who are at risk to the various degenerative diseases associated with aging, including cancer, cardiovascular disease, cognitive impairment, Alzheimer's disease, immune dysfunction, cataracts, and macular degeneration; those who want to live a longer, healthier life.

Antiox Phyto Complex II is the perfect supplement to take along with your multivitamin/multimineral supplement.

## Muscle Power: Protein Supplements Help Preserve And Build Muscle

## Whey Preserves Muscle

One of the side effects of dieting can be losing muscle along with fat. Keeping muscle is important because these lean tissues help maintain healthy metabolism, physical activity, and blood sugar control.

In this study, 40 men and women, aged 35 to 65, with body mass index scores from 28 to 50, ate 750 fewer calories per day than their metabolism required. Starting three days before the low-calorie diet, each began taking 27 grams of whey protein, 26 grams of soy protein, or 25 grams of maltodextrin as a placebo, all twice per day.

After 14 days, although the placebo group saw less decrease in lean body mass than whey, those who took whey protein had much higher rates of muscle formation than either soy or placebo, suggesting whey protein helps preserve muscle while dieting.

Reference: Journal of Nutrition; February, 2015, Published Online

## Leucine Builds Muscle

Doctors wanted to see if adding the essen-

tial amino acid leucine to a low- or high-dose protein drink would help stimulate muscle building. In the study, 40 healthy men, average age 20, took 25 grams of whey protein, which naturally contained 3 mg of leucine; 6.25 grams of whey protein with either 0.75 grams of leucine, 5 grams of leucine, or 5

grams of leucine plus isoleucine and valine.

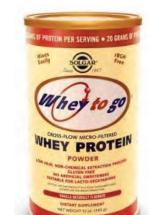

Over the next 1.5 hours to 4.5 hours, all groups saw increases in muscle protein synthesis. The largest increase was in the 25-gram whey group, closely followed by the 5-gram leucine group, leading doctors to conclude leucine stimulates muscle building as

effectively in both low- and high-dose protein supplements.

## Whey To Go® Protein Powder Natural Vanilla Flavor

Whey is an excellent source of protein because of its high biological value (BV)!

Whey is the protein of choice because of its:

- efficient utilization in the body due to its high BV natural source of branched chain amino acids
- natural source of lactalbumin and immunoglobulins
- Complete essential amino acid profile High biological protein value
- Highly efficient cross-flow micro-filtered whey isolate and concentrate
  Low heat, non-chemical extraction process
  Free of gluten and artificial flavors
- With Free-Form L-Glutamine and Free-Form Branched Chain Amino Acids (BCAAs)
- Low in fat Easy to mix 98% lactose free

**Solgar® Whey To Go® Protein Powder** is a highly efficient, advanced protein enhancement product. It is formulated with a blend of uniquely processed whey protein isolate and whey protein concentrate. Cross-flow micro-filtration adds to Whey To Go® Protein Powder's amino acid availability, absorption and utilization.

Solgar® Whey To Go® Protein Powder also includes two beneficial ingredients, Free-Form L-Glutamine and Free-Form Branched Chain Amino Acids (BCAAs). L-Glutamine plays a significant role in supporting protein metabolism.\* BCAAs are directly involved in protein synthesis and help support muscle nitrogen and a free amino acid pool during exercise.\* Both L-Glutamine and BCAAs are used by muscle tissue as a source of energy.\*

In addition, Solgar® Whey To Go® Protein Powder is free of gluten and is low in fat. Plus, its delicious vanilla flavor blends easily and tastes great in water, milk or your favorite juice. It can even be added to sauces, soups, cereals, muffins, pancakes and other bake mixes. It is

Ingredients: Cross-Flow Micro-Filtered Whey Protein Isolate ++, Cross-Flow Micro-Filtered Whey Protein Concentrate ++, Natural Flavors, Free-Form L-Glutamine, Free-Form BCAAs (Leucine, Valine, Isoleucine). Contains <1% of: Soy Lecithin.

Contains milk and soy. This product is manufactured from cows not treated with rBGH, recombinant bovine growth hormone.

way to add extra high quality protein to your daily caloric intake.

If you are pregnant, nursing, taking any medication or have a medical condition, please consult your healthcare practitioner before taking any dietary supplement. Discontinue use and consult your healthcare practitioner if any adverse reactions occur. Keep out of reach of children. Store at room temperature. Do not use if seal under lid is missing or damaged. † Naturally occurring; therefore amount may vary. †† Supplying ß-lactoglobulin, a-lactalbumin, casein glycomacropeptide, immunoglobulin, bovine serum albumin, residual caseins, protease peptides, and lactoferrin.

## QH-absorb® delivers Co-Q10 benefits in LESS time and at HIGHER levels!

ubiquinol to be physiologically active.\*

Jarrow Formulas® QH-absorb® is the "reduced" – antioxidant-form of Co-Q10 that is proprietary, stabilized and ready for absorption!\*

Our clinical studies confirm that 300 mg of our proprietary QH-absorb® per

day raised plasma Co-Q10 levels by 777% over baseline in humans. This

Co-Q10 plays an essential role in the production of energy in every cell in

the human body, but standard Co-Q10, ubiquinone, must be reduced to

represents the greatest increase in Co-Q10 levels ever achieved.\*

Jarrow Formulas® OH-absorb® offers tremendously improved bioavailability

Jarrow Formulas® QH-absorb® offers tremendously improved bioavailability over all other tested Co-Q10 supplements, both ubiquinone and ubiquinol.\*

## Product Reference Guide:

## Willner Chemists Phyto-Tech™ Herbal Supplements

mixture had significantly improved anxiety symptoms after three months compared to those taking placebo. Hawthorn is primarily used for heart conditions and is not usually considered a nervine. However, it may help alleviate anxiety symptoms such as heart palpitations and increased blood pressure. "

1 fl oz - Prod Code: 57643

## Calming Complex

## Child Friendly

This supplement, designed for children, exerts a sedative and calming action appropriate for daytime use. It can also be used at night to help induce sleep.

Who would benefit from this supplement? Children who are hyperactive, anxious, obsessive compulsive, ADHD or insomnia. Phyto-Tech™ Child Friendly Calming Complex contains the following herbs: Chamomile Flower, Valerian Root, Hops Strobiles, Lobelia

Herb, Vegetable Glycerin, Pure Dionized Water.
Phyto-Tech™ Child Friendly Calming Complex can be used during the day to help calm down an excitable child. It can be used as a daily tonic or on an as needed basis. It can also be used at night (10-30 minutes before bed time) to help bring on sleep. Typically, it will not make a child sleepy when used in the daytime. It is a strong yet gentle central nervous system and adrenaline calmer. It will help slow down a hyperactive child to increase focus in the day. It can also be used for situations that create anxiety and stress, ranging from airline flights and car trips to difficult family situations to per-

formance anxiety.

Phyto-Tech™ Child Friendly Calming Complex will also function as a mild analgesic, and take the edge off muscle pain and tension. It will help spasms, cramping, colic pain and gas pain.

Dosage (by Weight):
10-30 lb. Use 10-20 drops; 31-60 lb. Use 20-40 drops; 61-100 lb.
Use 40-60 drops; Over 100 lb. Use 60-90 drops. Administer 2-3 times per day or as needed in juice or water. Direct dosing in the mouth is OK.

Cautions: If a child is taking a prescription sedative, consult with the doctor, and take lower herbal doses.

1 fl oz - Prod Code: 56996

## Candida Complex

An Alterative Formula, with Anti-Fungal and Anti-Infective Properties. Clinically developed specifically for those with chronic candida and yeast infections.

Please Note: Chronic Candidiasis is not commonly recognized as a medical condition by conventional medicine; any diagnosis and/or treatment of this condition should be supervised by a health profes-

sional. This product is not intended to treat, cure or mitigate disease. James Duke, Ph.D., in his book The Green Pharmacy, makes the following comment on Black walnut (Juglans nigra.) "Kathi Keville, author of The Illustrated Herb Encyclopedia and Herbs for Health and Healing, a California Heralist whom I admire, recounts one impressive study showeing that the fresh husk of the black walnut destroyed candida better than a commonly prescribed antifungal

drug .'.."

"Recurrent or chronic infections, including chronic candidiasis, are characterized by a depressed immune system. A repetitive cycle makes it difficult to overcome chronic candidiasis: a compromised immune system leads to infection, and infection leads to damage to the immune system, further weakining resistance." (Murray and

Pizzorno, Encyclopedia of Natural Medicine) Enhanced immune system function may be the most important component of treating this condition.

Each serving (30 drops) contains the following: Fresh Black Walnut Hull 150 mg, Fresh Spilanthes Flower 75 mg, Usnea Lichen 67 mg, Pau D'Arco Bark 67 mg, Oregon Grape Root 50 mg, Gentian Root 33 mg, Fennel Seed 17 mg, Tea Tree Oil 3 mg, Oregano Oil 1 mg, Grain Alcohol, Deionized Water.

Dosage: Take 30 drops 3 times a day in water before meals.

1 fl oz - Prod Code: 57730

## Cascara Sagrada

Cascara sagrada, obtained from the dried bark of Rhamnus purshianus (Rhamnaceae), is traditionally used as a laxative and detoxification agent.

Each capsule contains 420 mg of full-spectrum, wildcrafted

Cascara sagrada bark.
Who would benefit from the use of this herbal preparation? Those suffering from occasional constipation. Like any "stimulant" laxative, it is not intended for long term or chronic use.

Dosage: Traditional dosage of the dried bark is 300 to 1000 mg

taken at bedtime. This is equivalent to one or two capsules. Start with one capsule. The appropriate amount of cascara is the smallest dose that is necessary to maintain soft stools.

90 Veggie Caps - Prod Code: 60124

 $Important\ Notice: The\ information\ given\ here\ is\ designed\ to\ help\ you\ make\ informed\ decisions\ about\ your\ health,\ and\ the\ proper\ use\ of\ dietary\ supplements.\ It\ is\ proper\ use\ of\ dietary\ supplements.\ It\ is\ proper\ use\ of\ dietary\ supplements\ informed\ decisions\ about\ your\ health,\ and\ the\ proper\ use\ of\ dietary\ supplements\ it\ is\ proper\ use\ of\ dietary\ supplements\ it\ proper\ use\ of\ dietary\ supplements\ is\ proper\ use\ of\ dietary\ supplements\ it\ proper\ use\ of\ dietary\ supplements\ of\ dietary\ supp\ of\ dietary\ supp\$ not intended as a substitute for medical advice, nor a substitute for any treatment that may have been prescribed by your doctor. If you have a medical problem, you should seek medical help. Products described herein are not intended to diagnose, treat, cure or mitigate disease.

## Cayenne 1:5

Cayenne is a spice derived from various species of Capsicum. As such, it adds color, pungency and aroma to foods consumed throughout the world.

1 fl oz - Prod Code: 57054

## Chamomile Flowers

Chamomile is traditionally used for its mild relaxing effect. It calms, sooths and supports the nervous system.

Who would benefit from this supplement? Those with stress, anxi-

ety, stomach upset due to nervousness, and mild insomnia.

Phyto-Tech Chamomile Flower is traditionally used as a mild relaxing herb for mild insomnia, anxiousness and stomach upset from nervousness. It is a gentle sedative to the central nervous system and can calm one down. It is best when one wants a gentle relaxing herb to gently help them to sleep or to simply relax during the day. It will not make one sleepy like Valerian can, nor will it reduce pain as well as skullcap. It is suitable for children, those who are very sensitive to sedatives and for the elderly. It is especially soothing in a warm cup of water at bedtime.

Chamomile can be used for digestive upset from nervous eating or overeating. It can soothe upset tummies form overeating junk foods. It has also been used for teething infants and children who need a

little pain relieving action. Dilute amounts are added to water, milk or juice in amounts suitable to the weight of the child. Use 10-20 drops for a 30 pound child, 25-30 drops for a 60 pound child and

an adult dose above these weights.

Phyto-Tech™ Chamomile Flowers contains 333 mg certified organ-

ic Chamomile in 30 drops. 1 fl oz - Prod Code: 57067

## **Chaste Tree Berry**

Chaste Tree helps to balance the female cycle and supports 'proper progesterone levels.

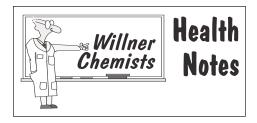

Who would benefit from this supplement: Women with proges terone deficiency, PMS, menopause related problems, and infertility. Phyto-Tech™ Chaste Tree Berry contains 500 mg of certified organic chaste tree berry in 30 drops.

Dosage: 20-60 drops, 2-3 times per day or as needed in juice or

water

Complimentary Formulas: Phyto-Tech™ Menses Complex (for PMS related problems)

## **Vitamin E: New Studies Support Brain And Bone Benefits In Young And Old**

## More Vitamin E, Higher Iq In Children

Infants with extremely low birth weightless than 2 pounds, 3 ounces—are usually born at 27 weeks gestational age or earlier, and are more susceptible to complications and impaired mental development.

In this study, researchers divided 259 school age kids born at extremely low birth weights into three groups based on how long they were given vitamin E supplements as infants; less than six months, more than six months, or no vitamin E supplements.

Compared to no vitamin E and short-term vitamin E, kids who got vitamin E for six months or more had the lowest incidence of mental impairment and better IQ test performance.

Reference: Acta Paediatrica; 2015, Vol 104, No. 2, e82-9

## More Vitamin E, Fewer Fractures In Older Adults

Bone fracture and osteoporosis may increase along with chronic oxidative stress, and vitamin E has antioxidant properties which may counteract this type of bone damage. To test the theory, doctors in this study followed 14,738 older women for 19 years, and 1,138 older men for 12 years.

For women, those who got the least alpha tocopherol vitamin E in the diet were 86 percent more likely to have had a hip fracture over the 19-year follow-up period, while women who took alpha tocopherol supplements were 22 percent less likely.

For men, those with low circulating levels of alpha tocopherol vitamin E were more than three times as likely to have had a hip fracture over the 12-year follow up period compared to men with higher levels of vita-

## **Healthy Bones and Joints**

Nutrients help reduce chances for hip fracture and slow the progression of osteoarthritis of the knee, two new studies show

## More Vitamin E, Less Hip Fracture

Doctors in this study measured vitamin E levels in 1,160 men and women, aged 65 to 79, who had had a hip fracture during an 11-year study follow-up period, and compared them to 1,434 men and women who participated in the same health study but who had not had a hip fracture during this

Compared to those with the lowest levels, those with the highest circulating vitamin E levels were 34 percent less likely to have had a hip fracture. Researchers also saw a linear relationship: as levels of circulating vitamin E increased, chances for hip fracture decreased.

Reference: Osteoporosis International; 2015, Vol. 25, No. 11, 2545-54

## Low Vitamin D Levels Raise Chances For Osteoarthritis

In this study, doctors measured vitamin D levels in 418 people with osteoarthritis (OA) in one or both knees, and tracked joint-space narrowing—a sign of the progress of osteoarthritis as the joints lose their protective cartilage—over two to four years of follow-up.

The average vitamin D level for all participants was 26.2 nanograms per milliliter of blood (ng/mL). Those whose vitamin D levels fell below 15 ng/mL were twice as likely to see osteoarthritis worsen over the follow-up period compared to those with higher vitamin D levels. Doctors consider vitamin D levels below 20 ng/mL as insufficient, and levels from 20 to 60 ng/mL as optimal.

Discover the herbal approach to everyday detoxification!

## Chemical Exposure: A Fact of Life

Many people are concerned about the effects of environmental challenges and how our bodies bear the brunt of handling the chemicals that we are exposed to as part of our normal, daily lives. While we can't escape the "toxic soup" of today's world and the many environmental chemicals the average person may encounter, we can do something to support the body's natural processes of detoxification.\* Active botanical compounds can help support the body's complex process of dealing with everyday toxins and free radicals.

## Multi-Herbal Detoxification Support

Herbs known to support an antioxidant response in the body, such as the revered botanicals in Herbal Detoxification from New Chapter®, can help quench the free radicals we typically encounter and help support the body's natural ability to detoxify and remove toxins we deal with on a daily basis.\* New Chapter uses only supercritical CO2 or traditional extraction methods to gently capture and deliver delicate plant compounds for your benefit. Herbal Detoxification delivers full-spectrum Turmeric, which we believe is one of the world's most important herbs. Other herbs in this clinically studied formulation include Green Tea, Ginger, Parsley, Peppermint, and Rosemary.

## ... from Willner Chemists:

## Willvite, the complete multivitamin multimineral New, Revised Formula ~ Available Now!

A complete, balanced multivitamin-multimineral formula that contains not only all of the essential vitamins, antioxidants and trace minerals, but also a full days requirement of calcium and magnesium.

Calcium and magnesium, as well as the other minerals, are no less important to your health than the vitamins. Do not make the critical mistake of only taking a vitamin supplement. It is impossible to get your daily calcium and/or magnesium requirements from any one-a-day or two-a-day multivitamin supplement. A balanced multivitamin-multimineral formula should be the cornerstone, or foundation, of your supplement regimen. Additional supplements can be added to your program, depending on your particular health needs and concerns. Willvite is best taken two tablets, twice a day. This will provide for maximum utilization, especially for the water-soluble vitamins and minerals.

• Now: with added CoQ10, lycopene, phytoantioxidants and Lutein! . . . regular, and Iron-Free!

It is impossible to include the daily requirement of calcium and magnesium in one or two tablets or capsules. This makes it necessary to take at least two separate products, a multivitamin along with a calcium-magnesium supplement, to get a full dosage of vitamins, trace minerals, calcium, and magnesium. An alternative is to take

one product that contains that amount of calcium and magnesium. To accommodate this, the daily dose must be a minimum of four tablets or six capsules. The advantage is that a full day's requirement of all essential vitamins and minerals can be obtained from only one product.

Products meeting this requirement are intended to serve as a balanced, broadspectrum basic multivitamin-multimineral supplement, and are an ideal foundation product upon which a personalized program can be designed.

Willvite has been revised and reformulated to reflect the latest developmens in nutritional research. The amount of calcium

has been reduced, for example, and the amount of magnesium has been increased. We have increased the vitamin D levels. The amounts of selenium and chromium have been lowered, to accomodate those who take additional supplements along with Willvite. Important nutrients such as lycopene have been added, and the CoQ10 level has been increased. The most active, co-enzyme forms of vitamins and chelated minerals have been utilized.

Willvite is available in a regular and iron-free version. 120 Tablets per bottle. Recommended dosage: 2 tablets, twice a day.

## Women's Health: Nutrients Protect Against Cancer And DNA Damage In Women

## Selenium Reduces Chances Of Colorectal Cancer

Although people only need a small amount of selenium, this essential micronutrient found in the soil plays a key role in metabolism, has antioxidant properties, and may help prevent colorectal cancer.

Doctors in this study measured circulating levels of selenium in 966 men and women with the disease and in 966 similar men and women without colorectal cancer. While there was no link between selenium levels and cancer in men, women who had the highest circulating levels of selenium were 36

percent less likely to develop colorectal cancer compared to women with the lowest selenium levels.

Reference: International Journal of Cancer; 2015, Vol. 136, No. 5, 1149-61

## Zinc Reduces DNA Damage

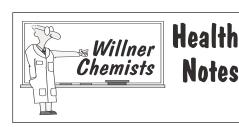

It is difficult to measure circulating levels of zinc, but doctors said they could measure zinc status by detecting breaks in DNA. In this study, researchers gave 40 Ethiopian women 20 mg of zinc sulfate per day or a placebo. Meat, a rich source of zinc, was only a small part of the diet for these women.

After 17 days, circulating zinc levels had not changed significantly, but a test of breaks in DNA strands showed women who had taken the zinc supplements had 25 percent fewer breaks in DNA.

Discussing their findings, doctors said that the test to measure breaks in DNA, called a comet assay, could be used to determine zinc status. Even though there were no measurable changes in circulating zinc levels, the

DNA test was sensitive enough to detect changes in zinc status after the women took zinc supplements.

Staying Fit: Nutrients Improve Exercise Performance, Help Build Muscle

## Green Tea Enhanced Performance

Would decaffeinated green tea have the same metabolic benefits as caffeinated? To find out, researchers gave 14 recreationally active men, average age 21, with healthy body weight and fat, 571 mg of decaffeinated green tea extract per day, or a placebo.

Once before, during, and after the fourweek study period, the men cycled for one hour at half their aerobic capacity, then took a 40-minute performance exercise test. After four weeks, while the placebo group had not changed, the decaffeinated green tea group burned fat at a 25 percent faster rate,

## Introducing a new chapter for moms

Your bundle of joy is here—so discover a postnatal multivitamin to support your unique needs.

## Nurtured by Mom. Nourished by Nature.™

We're proud to announce our Perfect Postnatal™ multivitamin, formulated to support the enhanced nutritional needs of new mothers as they care for their babies.\* After giving birth, a woman's body requires Iron for red blood cell production as well as Folate. Bodynourishing Perfect Postnatal helps address these needs.\* We've also included whole-food cultured B Vitamins that work naturally with your body to support energy needs

during early motherhood.\* Emerging studies suggest that taking a daily multivitamin can support a healthy mood and help with occasional stress and fatigue.\* And because lodine needs for thyroid support increase during lactation, Perfect Postnatal is formulated

with both cultured lodine and organic, sustainably harvested Kelp that delivers natural lodine from the sea.\*

## **Nutrients for Breast Milk**

Breast milk is a baby's perfect food, and breastfeeding has studied benefits for both babies and mothers. If you are breastfeeding, know that Perfect Postnatal has been expertly designed with nutrients for lactation support—B Vitamins, Vitamin D3, and Iodine.\* Perfect Postnatal also delivers complementary botanicals traditionally used by breastfeeding women, including organic Oat, Turmeric, and Chamomile.

## Product Reference Guide:

## Willner Chemists Phyto-Tech™ Herbal Supplements

Phyto-Tech™ Dong Quai Root (if estrogen deficient) Phyto-Tech™ Black Cohosh Root (for hot flashes, cramps) 1 fl oz - Prod Code: 56989

Chinese Red Ginseng

Ginseng is the premier adaptogenic, immune-modulating herb. Chinese Red Ginseng (Panax ginseng) is more "stimulating" or warming than American Ginseng.

Who would benefit from this supplement? Those suffering from fatigue, burn-out, frequent illness, depression. Red Chinese Ginseng is thought to increase vigor, energy, vitality and resistance to illness and environmental or external stress. It is often the preferred adaptogenic herb for the elderly.

Supplemental Informatión:

Phyto-Tech™ Chinese Red Ginseng increases vigor, energy, vitality and resistance to illness and environmental stresses. It is best for those who are depleted and are low on passion in life. It is also indicted for those working too hard and are afraid of burn out. Red Chinese Ginseng will increase the stress hormone ACTH from the pituitary that helps the body adapt to stress. When stress is initiating the breakdown on one's innate weakness (genetic, constitutional, predispositional tendencies), Red Chinese Ginseng will help the body to cope and therefore assist in many chronic diseases, especial-

body to cope and therefore assist in many chronic diseases, especially if debilitating and wasting.

Phyto-Tech™ Chinese Red Ginseng is not for those in their prime of life who are full of fire, the Type-A personality. It is for those who used to be that way and are now not what they used to be. It helps in the aging process to stay alert, youthful, energetic and adaptive to environmental changes. It is immunomodulating and keeps the immune system firing on all levels.

Phyto-Tech™ Chinese Red Ginseng is a tonic for the 21st century with the fast paced life style that creates accelerated wear and tear. It gives more mileage to the body.

His gives more mileage to the body.

Phyto-Tech™ Chinese Red Ginseng should be considered for depression in the elderly who might not be chemically depressed in a St. John's Wort way (serotonin), but need some energy to process life with more passion and enjoyment. It is synergistic with Ginkgo for the elderly. for the elderly.

Phyto-Tech™ Chinese Red Ginseng is a more yang or warming and stimulating ginseng than the American. Eleuthero Root (sometimes referred to as Siberian Ginseng) is not a true Ginseng and is considered neutral, not warming or cooling

Phyto-Tech™ Chinese Red Ginseng contains 333 mg of imported Chinese Red Ginseng per 30 drops.

Dosage: 15-45 drops, 2-3 times per day It is best used as a long term tonic (1-3 months and longer)

1 fl oz - Prod Code: 57023

## Chlorophyll Extract

Often considered the "blood" of plants, chlorophyll is structurally similar to hemoglobin. It has a protective and detoxifcation action.

Who would benefit from this supplement? Those with heavy metal toxicity and those looking for cleansing and detoxification properties. Those with bad breath and body odor. Those suffering from fatigue

and those with slow healing wounds.
Phyto-Tech™ Chlorophyll provides 100 mg Chlorophyll, from Mulberry leaf, per 30 drops.

Dosage: 15-30 drops in water or juice, 1-2 time daily, or as need-

Supplemental Information:
Chlorophyll is the sunlight collecting molecule in plants that gives them their green pigment. Plants use chlorophyll to collect light needed for photosynthesis. Through photosynthesis Chlorophyll molecules have the ability to convert solar energy into chemical energy by manufacturing carbohydrates from carbon dioxide and water. Chlorophyll is often referred to as the "blood" of plants.

Interestingly, Chlorophyll molecules are structurally very similar to human hemoglobin molecules. The difference between the two being that Chlorophyll carries Magnesium at its center and hemoglo-bin carries iron at its center. Like iron, Chlorophyll helps the body build red blood cells and thus increases oxygen availability. It energizes and revitalizes the body and is helpful for fatigue, shortness of breath, asthma, altitude sickness and intense physical exertion.

Chlorophyll acts as an internal deodorizer and is helpful for peo-ple with halitosis (bad breath) and body odor. It can be used as an aid to reduce digestive tract odor from a colostomy or ileostomy and also fecal odor caused by incontinence. It can also help for foul smelling gas. Chlorophyll cleanses and nourishes the intestinal tract and is healing to the mucosal lining. It can also be helpful for consti-

Chorophyll is an excellent whole body cleanser. It not only detoxifies the digestive tract, but also facilitates cleansing of the blood and liver and assists in the chelation of heavy metals. It is capable of neutralizing harmful oxidants and may reduce oxidative damage from certain carcinogens. It also has the ability to form tight molecular complexes with carcinogens and in doing so blocks the body's absorption of them. In a placebo controlled study conducted in

China Chlorophyll supplementation was found to decrease DNA damage caused by aflatoxin, a liver carcinogen produced by fungus in moldy grains and legumes. Scientists hope that in populations with unavoidable dietary aflatoxin exposure Chlorophyll supplementation could significantly reduce the risk of developing liver cancer. 1 fl oz - Prod Code: 56977

## Cinnamon Bark 40

This is a standardized Cinnamon Bark complex in a liquid filled veggie cap.

Historically, Cinnamon has been used for various gastrointestinal problems. More recently, interest has centered on the research showing that Cinnamon can help normalize blood sugar control. This is of major interest to those with type 2 diabetes.

Who would benefit from this supplement? Those with blood sugar regulation problems, including type 2 diabetes, pre-diabetes, and cholesterol related conditions.

Each two liquid filled veggie caps contain 250 mg of Cinnamon Bark (alcohol extract), 75 mg of Cinnamon Bark (supercritical carbon dioxide extract, standardized ro 40 mg Cinnamaldehydes.

According to Natural Standard Integrative Medicine database, "Cinnamon may be used for various medical conditions (77;?78). In a survey of parents in Germany determining the use of complementary and alternative medicines in children with type 1 diabetes in four pediatric diabetes centers (located in Leipzig, Berlin, Stuttgart, and Bonn), 5.6% reported using cinnamon for this indication (79). Cinnamon has been touted as having a positive effect on postprandial glucose metabolism (80). Its ability to lower blood sugar in individuals with diabetes has been discussed (81). Naturally occurring compounds found in cinnamon (Cinnamomum cassia), including chromipounds found in cinnamon (Cinnamomum cassia), including chromium and polyphenols, may improve insulin sensitivity (82). Human data suggest that cinnamon exhibits "sweet" properties and may be used in strategies for reduction of sugar intake (83).

Each two liquid filled veggie caps contain 250 mg of Cinnamon Bark (alcohol extract), 75 mg of Cinnamon Bark (supercritical carbon dioxide extract, standardized ro 40 mg Cinnamaldehydes.

Also available in a vegetarian capsule form. Each veggie capsule contains 410 mg of certified organic Cinnamon Bark.

The Cinnamon used in Phyto-Tech™ Cinnamon supplements is Cinnamomum cassia, the species utilized in research. It is certified organic and vegetarian.

organic and vegetarian.

## Pea Protein Builds Muscle

Whey protein is good for building muscle, but some people can't tolerate dairy. To find an alternate, doctors followed 161 men who had been exercising moderately for 2 to 6 hours per week without trying to build muscle.

The men entered a 12-week weight training program three days per week while taking 50 grams of pea or whey protein per day, or a placebo. After 12 weeks, the pea protein group had a 20.2 percent increase in bicep muscle thickness compared to 15.6 and 8.6 percent for whey and placebo, respectively. Both pea and whey groups saw about a 17 percent increase in strength, with less for placebo.

## **Nutrients Improved Circulation And Reduced Inflammation In Two New Studies**

## Creatine Improved Circulation, **Lowered Blood Pressure**

Athletes have traditionally used creatine to build strength and speed for short bursts of high-intensity exercise, but few studies have tested creatine for its effects on circulation. In this study, 40 healthy, moderately active men, average age 28, took 20 grams of creatine per day.

After one week, while there was little or no change in resting pulse, body mass, and signs of inflammation, systolic and diastolic blood pressure decreased by 1.8 and 1.5 mmHg, respectively. Blood flow through the smallest blood vessels, known as capillaries, improved, and density of capillaries nearest the skin also increased, contributing to better blood circulation. Doctors now

plan studies in those with impaired circula-

## Glucosamine And Chondroitin Reduced Signs Of Systemic Inflammation

Earlier lab studies found glucosamine and chondroitin have anti-inflammatory properties, but there are few studies of the effects of these nutrients in humans. In this study, doctors measured signs of inflammation in 217 men and women, aged 50 to 75, who were, or were not, taking glucosamine or chondroitin supplements.

Compared to those who did not take chondroitin supplements, men and women who took chondroitin an average of twice per day had levels of the inflammatory factor—highsensitivity C-reactive protein—that were 36 percent lower than non-users. For glucosamine, compared to participants who did not take a supplement, regular glucosamine users had levels of high-sensitivity C-reactive protein 28 percent lower than non-users.

The researchers also measured a second inflammatory factor, prostaglandin E2, and found similar lower levels in both glucosamine and chondroitin users compared to

Reference: Journal of Complementary and Alternative Medicine; 2014, Vol. 20, No. 6

## **Nutrients Ease Chronic** Inflammation

Nutrients reduce C-reactive protein, lowering chances for chronic disease

## What Is C-Reactive Protein?

C-reactive protein, or CRP, is a sign of inflammation which, when sustained, has a link to chronic disease. When CRP levels are low, chances for developing cardiovascular and other chronic diseases are also low.

## Vitamin E

Earlier studies confirm vitamin E has anti-inflammatory effects, but its role in reducing C-reactive protein is unclear. In this review of 12 placebo-controlled studies covering 495 people, those who took vitamin E saw CRP levels decline by about 20 percent on average, with greater benefits in studies lasting at least six weeks.

Discussing the findings, doctors said taking vitamin E may be a good strategy for decreasing inflammatory conditions in people who are susceptible to developing chronic disease, increasing their chances for remaining healthy, and sug-

#### Product Reference Guide: Willner Chemists Phyto-Tech™ Herbal Supplements

#### Cleanse Complex 1:2

#### A herbal formula based on traditional concepts of a rapid, systemic (full body) cleansing.

Many of the herbs used in Phyto-Tech™ Cleanse Complex have a long tradition of use in naturopathic medicine for many toxic conditions. The theory behind using Phyto-Tech™ Cleanse Complex is that it will result in blood and tissue cleansing through stimulating the organs that do this innately, including the liver, urinary tract, skin, lymph and bowels.

Herbs do not really actually cleanse the blood and tissues directly, but instead, stimulate the organs to increase the rate in which they do this naturally. Phyto-Tech ™ Cleanse Complex will help in the elimination of cellular metabolic waste, dietary toxemia and environmental toxins. It is indicated for internally and externally generated toxins. Detoxification is thought to help stimulate organs that eliminate the toxemia from drug usage. It can be used in smaller more moderate doses if a slower cleanse is desired. Faster cleanses can result in more uncomfortable acute healing symptoms that might not be desired, but are usually harmless (i.e., loose stool, nausea, headaches, skin discharges). These symptoms can be avoided by

decreasing the dose or pace.

Phyto-Tech™ Cleanse Complex works best in conjunction with other cleansing protocols, such as dietary changes, increasing water

consumption and exercise.

Phyto-Tech™ Cleanse Complex contains the following herbs: Oregon Grape Root, Red Clover Blossoms, Fresh Burdock Root, Fresh Dandelion Root, Alfalfa Leaf, Yerba Mansa Root, Red Root, Vegetable Glycerin, Deionized Water, Natural Flavors Dosage: Pour entire contents into 1 gallon of pure water and drink

over 3 hours.

Cautions and Contraindications: Do not use if pregnant or nursing; do not use if using other detoxification protocals unless under physician direction; may affect metabolism of some medications, so

advise your physician.
Complimentary Formulas:

#### Clove 1:4

#### Clove is a source of the volatile oil, Eugenol.

Clove has been shown to exert an antimicrobial and antiinflammatory actions. It also is an effective dental analgesic and helpful in

50M CRM 36.99 29.59

conditions associated with inflammation of the mouth and pharynx. It has been used internally for stomach ulcers.

The expert panel German Commission E has approved the use of clove as a topical antiseptic and anesthetic.

1 fl oz - Prod Code: 57062

#### Comfrey Root 1:3

## Comfrey has been used for centuries as a way to promote healing.

Comfrey is used for burns, surgery, cuts, ulcerations in the gastrointestinal tract (ulcers, ulcerations, bowel surgery), breaks and fractures to bones, for poorly healing bones, and for osteoporosis. Comfrey was so widely used by herbalists to promote more rapid repair of broken bones, it earned the common names boneset and

Comfrey is the preeminent herb to promote healing of tissue ranging from skin, soft tissue, broken bones, fractures and it promotes calcium re-uptake into the bones.

Controversy surrounds Comfrey because of its' content of pyrrolizidine alkaloids (PA). This potentially liver toxic substance is in minimal concentration in this dry plant extract (it is higher in fresh plant Comfrey) It is for short-term use (up to 2 months) and does not normally present a problem unless liver pathology exists (see con-

traindications below).
Phyto-Tecvh™ Comfrey Root 1:3 contains Comfrey Root (Symphytum officinale), Grain Alcohol, Deionized Water. Certified

Organic.

Dosage: 20-30 drops, 2-3 times per day or as needed in juice or

Contraindications and Cautions: Pregnancy; Nursing; Do not use if liver enzymes are elevated of with liver pathology; Do not use over 2 months in a row because of the pyrrolizidine alkaloid content. 1 fl oz - Prod Code: 57080

#### **Cough Complex**

#### A traditional Chinese formula for immediate respiratory system support; relieves coughs and congestion.

Who would benefit from this supplement? Those with acute or chronic cough, especially wet, or phlegm producing coughs. According to Traditional Chinese medicine, this formula can be helpful to those with cough due to the common cold, acute or chronic

bronchitis, emphysema, pertussis and smoker's cough. Phyto-Tech™ Cough Complex contains the following herbs: Houttuynia Herb, Poria Cocus, Platycodon Root, Skullcap Root,

not intended as a substitute for medical advice, nor a substitute for any treatment that may have been prescribed by your doctor. If you have a medical problem, you should seek medical help. Products described herein are not intended to diagnose, treat, cure or mitigate disease.

**BURTS BEES** 

Bitter Orange Fruit, Fritillaria Bulb, White Mulberry Root Bark, Tangerine Peel, Licorice Root, Pinellia Root, Ginger Root.

Pinyin Names: Yu Xing Cao, Fu Ling, Jie Geng, Zhi Shi, Chuan Bei Mu, Sang Bai Pi, Chen Pi, Gan Cao, Ban Xia, Gan Jiang Dosage: Adults: 60-90 drops (2 to 3 squirts) in water or juice, 3 to

4 times per day or as needed.

Children: half the dosage. Most effective away from food by at least 20 minutes. Caution: Do not use when pregnant; not as effective for dry

1 fl oz - Prod Code: 57036

#### Cramp Bark 1:3

#### Traditionally used for menstrual cramps, due to its smooth muscle relaxant action.

The bark has traditionally been used for cramps, including menstrual cramps and cramping associated with arthritis. While research is limited, a laboratory study found that viopudial isolated from Viburnum opulus (cramp bark) had antispasmodic effects on smooth

Who might benefit from this supplement? Women suffering from difficult periods, dysmenorrhea and PMS; It may also be helpful to those with intestinal cramps.

Phyto-Tech™ Cramp Bark 1:3 contains Cramp Bark (Viburnum opulus), Grain Alcohol, Deionized Water. Wild Harvested.

Dosage: General: 30-60 drops, 2-3 times per day or as needed in

juice or water; Acute Cramping: Take 60 drops to 1 teaspoon as needed.

1 fl oz - Prod Code: 57059

#### Cranberry 4:1

#### Cranberry is widely used to prevent urinary tract infections.

Each 400 mg veggie cap contains the equivalent of 1600 mg of

Cranberry is widely used to prevent urinary tract infections, and has been used for this purpose for many years. There is research that supports this, although they may not be perfect. The key thing to note, however, is that the evidence supporting cranberry's ability to "prevent" UTI is much more convincing that any evidence supporting its ability to "treat" UTI's

For treatment, it can be used as an adjunct to other therapy, but it may not be wise to rely on it as the main agent.

In the past, it was thought to work by acidifying the urine, but now we know that there is a substance, a proanthocyanadin, the prevents the adhesion of bacteria to the cells lining the urinary tract.

There is another caution regarding cranberry juice. Some women make the mistake of going out an buying cranberry juice, rather than

to work on even the most upsetting digestive issues...

DAILY DIGESTIVE WELLNESS\* INTEGRATED BOWEL SUPPORT\*

Imagine what it can do for you!

#### **INTRODUCING:**

## Probi® 20 Billion and Probi® 30 Billion from solgar.

On again off again digestive issues can alter your living routine to the point that where you go and what you do has to be carefully planned. Even if your digestive issues are less "concerning," the occasional and unexpected can still disrupt a normal day. Taken once a day, Probi® from Solgar effectively helps balance your digestive tract, so feeling well... becomes that easy.\*

Probi® from Solgar is different. Focusing on today's probiotic advances, Probi® concentrates less on the quantity and number of different strains, and more on identified strains that are documented to work through over 10 years of scientific review and human clinical studies. Probi's active probiotic has been substantiated and demonstrated to effectively help with occasional gas and bloating and support daily abdominal comfort.\* Finally, getting your digestive system on track is easily within your reach.\*

With the right probiotic strain delivered in the right place in the right dosage, Probi® from Solgar can make a real difference in your life... day after day after day.\*

True potency of 20 or 30 billion live probiotic cultures... GUARANTEED. All that in one little capsule once a day.

Available at Willner Chemist. Offer valid July 6 - August 14.

THE COMPLETE LINE OF SOLGAR NUTRITIONAL SUPPLEMENTS IS AVAILABLE AT FINE HEALTH FOOD RETAILERS WORLDWIDE. FOR STORE LOCATIONS AND ADDITIONAL INFORMATION, VISIT SOLGAR.COM OR CALL 1.800.645.2246

## Product Reference Guide:

## Willner Chemists Phyto-Tech™ Herbal Supplements

using a cranberry extract. The problem with the juice is that it has a high sugar content. Thus, the benefit of using a supplement where the active constituents of cranberry are concentrated, leaving the

sugar behind. PhytoTech Cranberry 4:1 is ideal for this purpose. Dose: One to two Capsules daily, or as directed. Drink plenty of

Complementary Product: PhytoTech Urinary Kidney Complex. 90 Veggie Caps ~ Product Code: 60121

#### Damiana 1:3

Traditionally used as an aphrodisiac, for women, especially in Cenrtral America, since ancient times. It may also exhibit mood elevating action.

Damiana is traditionally used as a general tonic for the nervous, endocrine, and reproductive systems. In addition, specific historical uses include coughs, gastrointestinal disorders, diuresis. It has been used as an aphrodisiac in Africa and the Americas.

1 fl oz - Prod Code: 57641

#### Dandelion Root 1:1.5

Dandelion Root has long been considered a liver and galbladder tonic, and digestive stimulant.

Who might benefit from this herbal supplement? Those with liver disease, upset stomach, loss of appetite, heartburn; those in need of liver and gallbladder detoxification; those suffering from constipa-

Dandelion is commonly used as a food. The leaves are used in salads and teas. The roots are sometime used as a coffee substitute. The leaves and roots have been used traditionally to treat liver, gall-

bladder, kidney and joint problems. Dandelion is categorized by many herbalists as a blood purifier, or "alterastive."
Phyto-Tech™ Dandelion Root 1:1.5 contains Fresh Dandelion Root (Taraxacum officinale) 667 mg/ml, Grain Alcohol, Pule Deionized Water. Certified Organic.

Dosage: 30-60 drops 2-3 times per day or as needed in juice or

Also available in a veggie capsule, with each Phyto-Tech Dandelion capsule containing 500 mg of certified organic Dandelion Root (Taraxacum officinale).

Cautions: Contraindicated in blockage of the bile ducts, acute gall-bladder inflammation, and intestinal blockage.

Complimentary Formulas:
Phyto-Tech™ Liver Support, Liquid or Vegicasps
Phyto-Tech™ Burdock Root 1:1.5

Phyto-Tech™ Milk Thistle Seed 1:3 1 fl oz - Prod Code: 56966 90 Veggie Caps - Prod Code: 60117

#### Devil's Claw

This herb, wild harvested from the Kahalari desert of Africa, has been shown to exert significant anti-inflammatory and analgesic action.

Who could benefit from this supplement? Those with arthritis, rheumatism, fibromyalgia, joint and muscle pain.
Phyto-Tech™ Devil's Claw 1:4 provides 250 mg of Devil's Claw

secondary tubers per 30 drops.

Devil's claw (Harpagophytum procumbens) originates from the Kalahari and Savannah desert regions of South and Southeast Africa. The part used is the secondary tubors. Currently, the major uses of devil's claw are as an anti-inflammatory and pain reliever for joint diseases, back pain, and headache. Devil's Claw enjoys widespread popularity as a treatment for mild joint pain throughout Europe. This use is supported by several clinical studies.

Devil's Claw also increases gastric digestive enzymes, thus aiding in protein and fat digestion. It has been known to help reduce cholesterol and uric acids in the blood, which can lead to gout.

Dosage: 20-40 drops, 2-3 times per day or as needed in juice or water. Best used long term (over 1 month continual use).
Contraindications: Gastric and duodenal ulcers. Do not use during

pregnancy or if breastfeeding. 1 fl oz - Prod Code: 57029

#### **Digest Stim Complex**

This formula promotes optimal digestive enzyme balance for proper digestive function. It can be categorized as a bitter digestive tonic.

Who can benefit from using this supplement? Those who are deficient in digestive enzyme secretion or gastric function. Helpful in cases of indigestion, gas, sluggish bowels, bloating.
Phyto-Tech™ Digest Stim is available in a regular, and an alcohol-

free version. Most commonly, it is taken before meals. It contains the following herbs: Gentian Root, Fennel Seed, Oregon Grape Root, Ginger Root, Licorice Root, Prickly Ash Bark, Blue Flag Root,

Peppermint Spirits, and Potassium Carbonate.
Phyto-Tech Migest Stim will stimulate the body to secrete more digestive enzymes (HCl, bile, pancreatic enzymes, pepsin, lipase, and saliva) which will enhance digestion. This makes absorption

 $Important\ Notice: The\ information\ given\ here\ is\ designed\ to\ help\ you\ make\ informed\ decisions\ about\ your\ health,\ and\ the\ proper\ use\ of\ dietary\ supplements.\ It\ is\ proper\ use\ of\ dietary\ supplements.\ It\ is\ proper\ use\ of\ dietary\ supplements\ decisions\ about\ your\ health,\ and\ the\ proper\ use\ of\ dietary\ supplements\ decisions\ about\ your\ health,\ and\ the\ proper\ use\ of\ dietary\ supplements\ decisions\ about\ your\ health,\ and\ the\ proper\ use\ of\ dietary\ supplements\ decisions\ about\ your\ health,\ and\ the\ proper\ use\ of\ dietary\ supplements\ decisions\ about\ your\ health,\ and\ the\ proper\ use\ of\ dietary\ supplements\ decisions\ about\ your\ health,\ and\ the\ proper\ use\ of\ dietary\ supplements\ decisions\ about\ your\ health,\ and\ the\ proper\ use\ of\ dietary\ supplements\ decisions\ about\ your\ health,\ and\ the\ proper\ use\ of\ dietary\ supplements\ decisions\ about\ your\ health,\ and\ the\ proper\ use\ of\ dietary\ supplements\ decisions\ about\ your\ health,\ and\ the\ proper\ use\ of\ dietary\ supplements\ decisions\ about\ your\ health,\ and\ the\ proper\ use\ of\ dietary\ supplements\ decisions\ about\ your\ health,\ and\ the\ proper\ use\ of\ dietary\ supplements\ decisions\ about\ your\ health,\ and\ the\ proper\ use\ decisions\ about\ you\ health,\ and\ the\ proper\ proper\ not\ health,\ and\ not\ health,\ and$ not intended as a substitute for medical advice, nor a substitute for any treatment that may have been prescribed by your doctor. If you have a medical problem, you should seek medical help. Products described herein are not intended to diagnose, treat, cure or mitigate disease

more possible. This formula actually makes the body secrete its own digestive enzymes if deficient instead of taking digestive enzymes by themselves. The goal is to get the body to function normally and to

not rely on external enzymes. It can be used as needed for meals that cause indigestion.

Phyto-Tech™ Digest Stim can be used as a tonic for those with chronic indigestion, before or after a meal, but is best when used before the meal.

Phyto-Tech™ Digest Stim also contains fennel and peppermint to soothe digestive upset and keep the digestive tract calm while digesting efficiently.

This formula can be especially helpful to the elderly, where poor

digestion is common.

Many herbalists recommend Phyto-Tech™ Digest Stim for Candida albicans. Candida thrives in a digestive tract that under secretes, thus becoming too alkaline (digestive pH is acidic, blood pH is alkaline). Phyto-Tech™ Digest Stim is thought to increases HCl in the stomach, thus keeping it very acidic which kills parasites, bacteria, germs and keeps Candida in check. Insufficient digestive enzymes result in leaky gut syndrome and the candida/parasite/germ hypothesis that cannot be healed without increasing digestive enzymes.

Contraindications: Pregnancy; Ulcers, Irritable Bowel (Phyto-Tech™ Digest Stim may help or worsen this condition--use caution) Dosage: In general, it is best before a meal but can be used after-

Daily use: 15-60 drops, 2-3 times per day or as needed in juice or water. Use before or after meals.

Occasional use: 30-60 drops before or after meals that create indi-

gestion or digestive upset.

Digest Stim Complex, 1 fl oz - Prod Code: 56999 Digest Slim Complex, Alcohol Free, 1 fl oz - Prod Code: 57040

#### Dong Quai Root 1:3

A highly regarded, well known Chinese herb widely used for various menstrual and menopausal problems.

Who migfht benefit from this supplement? Women suffering from various menstrual irregularities; women seeking to lessen the symptoms of menopause (hot flashes, mood swings, irritability); women with premenstrual disorders (PMS) to decrease the discomfort of cramps, slow onset, dull ache, mood swings, bloating and irritability).

Phyto-Tech™ Dong Quai Root 1:3 contains Dong Quai Root, Alcohol Pure Grain, Water Pure Deionized; 333 mg/ml.

Herbalists consider Dong Quai to be an estrogen synergist. It sensitizes the binding or absorption sites where estrogen is absorbed into the body and will increase levels of estrogen. In menopause where estrogen is decreasing, it helps satisfy the bodies craving and diminishes symptoms. In PMS, Dong Quai accentuates the estrogen phase or phase from menses to ovulation. It is especially indicated

# The New Science of Healthy Aging Introducing Source Naturals Telomeron™

At Source Naturals®, we passionately follow advances in biological and nutritional research to formulate cutting edge supplements for lifelong health. We're pleased to introduce Telomeron™.\*

Aging begins inside the cells. Emerging science suggests that people with long telomeres may age in a healthier way. Source Naturals Telomeron was specifically designed to deliver the best research backed ingredients, including purslane, resveratrol, and vitamin D, at potencies shown

in preliminary studies to support maintenance of telomere length and telomerase enzyme activity.\*

The new science of healthy aging is here. Let your customers know about the new ways they can support their health and longevity.\*

40% off on Telomeron<sup>™</sup> July 6 to August 14 35% Savings Every Day on Source Naturals<sup>®</sup> Brand

\*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

for cycles longer than 28 days. It is contraindicated for cycles less than 28 days, which is estrogen excess (use Chaste Tree Berries here). Dong Quai will help bring a longer cycle back to a 28-day cycle, help bring on a crampy slow onset period and possibly help alleviate a dry vagina.

Contraindications: Pregnancy; Menses that have a cycle shorter

than 28 days.
Dosage: 15-45 drops, 2-3 times per day or as needed in juice or

Complimentary Formulas: Phyto-Tech™ Chaste Tree Berry (if cycle is shorter than 28 days or

if progesterone deficient)
Phyto-Tech™ Menopause Complex (menopausal formula)
Phyto-Tech™ Menses Complex (if PMS)

Phyto-Tech™ Black Cohosh Root 1:3 (hot flashes, slow onset peri-

1 fl oz - Prod Code: 57001

#### Ear Drops

#### Soothes aches, promotes comfort and circulation, and supports immunity, as an external ear oil.

Who can benefit from this supplement? Children and adults with ear infections. See article and full monograph on page 4 of this flier. Phyto-Tech™ Ear Drops contains the following herbs: Mullein Flower Oil, Coptis Root Oil, Garlic Bulb Oil, Arnica Montana Flower Oil, Cold Pressed Extra Virgin Olive Oil.

This product comes in two versions: Phyto-Tech™ Ear Drops (Code 56953) and a Child Friendly version, Phyto-Tech™ Ear Oil (Code 57011) Both come in 1 fl oz hottles

57011). Both come in 1 fl oz bottles.

Phyto-Tech™ Ear Drops ~ Prod Code: 56953 Phyto-Tech™ Ear Oil, Child Friendly - Prod Code: 57011

#### **Echina Acute Complex**

#### Liquid Herbal Extract

Designed for "acute" immune support, i.e. when an infection is imminent or active. A broad spectrum anti-infective, immune sup-

Who can benefit from this supplement? Those who sense the onset of a cold or flu, and those who are struggling with an active bacterial, viral, parasitic or other microbial infection, especially those affecting mucosal linings (respiratory, urinary, digestive and reproduc-

Phyto-Tech™ Echina Acute Complex Herbal Liquid contains the

following herbs: Echinacea angustifolia Root, Goldenseal Root, Yerba Mansa Root, Oregon Grape Root, Licorice Root, Red Root, Myrrh Gum, Wild Indigo Root

Phyto-Tech™ Echina Acute Complex Herbal Liquid contains the following herbs: Echinacea purpurea Herb, Goldenseal Root, Echinacea angustifolia Root, Oregon Grape Root, Fresh Yerba Mansa Root, Myrrh Gum, Fresh Wild Indigo Root.

60 Liquid Filled Veggie Caps ~ Prod Code: 57093

#### Echinacea Root 1:2

#### One of the most popular immune system stimulating herbs.

Who can benefit from this herbal supplement? Those who need to

stop an oncoming cold, flu or other infection. Echinacea can also be helpful to those needing a long-term tonic, either due to chronic health problems or a tendence to get ill easily. "Contrary to popular myth, Echinacea is safe for long term use and will not decrease immune response over time. That myth was [based on] a misinterpretation of a [foreign language] study done about 40

years ago."

Phyto-Tech™ Echinacea Root 1:2 contains 500 mg of certified

organic Fresh Echinacea angustifolia Root per 30 drops.
Also available as a veggie capsule, with each Phyto-Tech Echinacea capsule containing 420 mg of certified organic Echinacea Root (Echinacea angustifolia). (Product code: 60129)

1 fl oz ~ Prod Code: 56945

It is not intended as a substitute for medical advice, nor a substitute for any treatment that may have been prescribed by your doctor. If you have a medical problem, you should seek medical help. Products described herein are not intended to diagnose, treat, cure or mitigate disease.

2 fl oz ~ Prod Code: 56980 1 fl oz, Alcohol Free ~ Prod Code: 56968 90 Veggie Caps - Prod Code: 60129

#### Echinacea Triple 1:2.1

#### A blend of three forms of Echinacea, helpful to those with colds, flu, immune deficiency and infections.

Who will benefit from this supplement? The indications for Phyto-Tech Echinacea Triple are basically the same for Echinacea. This product is designed for those who prefer a combination of the three different forms of Echinacea to masimize the efficacy and "diversify" some of the active constituents.

Echinacea, of course, is best known as an immune builder for immune deficiency and for its ability to prevent or ameliorate an upcoming cold, flue or infection when used at the first sign of the condition. The larger doses shown below reflect this purpose.

Echinacea is not thought to kill microbes by itself. Instead, it stimulates the immune system to do it. It supports the healthy innate immune response. This is why one does not need to be apprehensive about taking Echinacea in the presence of auto-immune disor-

Phyto-Tech Echinacea Triple contains fresh Echinacea angustifolia Root, fresh Echinacea purpurea flowers, dry Echinacea angustifolia root, fresh Ginger root, pure grain alcohol and purified water.

Dosage: Acute: 3-5 droperfulls and up to 1 teaspoon (5-6 drop-

perfuls) every 2-3 hours when on the edge of illness. Long Term Tonic: 30-90 drops, 1-3 times per day or as needed, in juice or

1 fl oz - Prod Code: 56994 1 fl oz Alcohol Free - Prod Code: 57052

#### **Elderberry**

## Recent research shows this herb may be especially effective for those with influenza virus infections.

Who can benefit from this supplement? Those who suffer from influenza and similar viral infections, as well as those with cardiovas-cular disease and vision problems. Elderberry is rich in flavonoids, anthocyanins and other phyto-antioxidants. Phyto-Tech Elderberry supplies one of the most effective herbs to

use against the flu. Studies suggest this herb shortens the duration of flu symptoms, such as fever, fatigue, headache, sore throat, cough and body aches. Elderberry has proven to be effective agains numerous strains of influenza. Elderberry can be used during an active flu episode (combined, perhaps, with Oregano Oil, Echinacea-Goldenseal, or Phyto-Tech Immune Acute Complex). It can also be

#### **Green Tea Guo**

A rich source of phyto-antioxidants, including EGCG, the list of research-proven health benefits of Green Tea continues to grow.

The Phyto-Tech™ Green Tea Guo formulas contain Whole Green Tea Leaf and las contain Whole Green Tea Leaf and Green Tea Extract, standardized at 90% polyphenols, 50% EGCG. such that one dropper full has the same antioxidant content as 10 cups of regular green tea. In addition, the product is sweetened with natural stevia and the popular Chinese herb, Luo Han Guo. Luo Han Guo is considered a longevity booster, and is commonly used for numerous health problems in China.

Who can benefit from this supplement?

in China.

Who can benefit from this supplement? The easy answer is everyone. As a healthy beverage, just squirt one dropperful into a glass of hot or cold water. The powerful antioxidants will exert a protective effect against free radical damage. It is felt that free radicals contribute to cancer risk, aging, inflammation damage, cardiovascular damage, and immune system deterioration. In addition, green tea has been shown in numerous studies to assist in weight loss.

Please note that one dropperful of

Please note that one dropperful of Phyto-Tech™ Green Tea Guo contains less than 2 mg caffeine. A regular cup of coffee contains from 100 to 150 mg of caffeine. All Phyto-Tech™ Green Tea Guo preparations are alcohol free. One is naturally peach flavored.

peach flavored.

Peach flavored.
Also available in a veggie cap. Each
Phyto-Tech Green Tea capsule caontains
Green Tea Extract (98% polyphenols, 50%
EGCG) 250 mg, and full spectrum Green
Tea Leaf, 200 mg.

## Willner Chemists Phyto-Tech™ Herbal Supplements

## **IMMUNE COMPLEX**

**Description:** Phyto-Tech *Immune Complex* is a blend of immune system stimulating and adaptogenic herbs. When used long term, before symptoms are present it can decrease your risk of becoming ill. During illness, it helps prevent the spread of infections. Astragalus and Echinacea directly simulate immune function, while Red Root enhances

lymphatic function. Suma, Eleuthero and Licorice are adaptogenic herbs that enhance immune function through strenghthened stress response. This adaptogenic component makes Immune Complex an ideal supplement to use during chemotherapy.

Indications: Who might benefit from this herbal supplement? Those who catch the cold or flu easily. Those who are under stress or are exposed to others who are sick. Those with a compromised immune system. Those who are undergoing chemotherapy. Those who cannot afford to

Ingredients: Echinacea Angustifolia Root Fresh, Astragalus Root, Red Root, Suma Root, Licorice Root, Eleuthero Root, Alcohol Pure Grain, Water Pure Deionized

Cautions: See Catalog (Pregnancy, Children Dosage: 30 to 90 drops, in water or juice, 2-3 times daily, as needed. When you feel a cold or flu coming on, take 60 to 120 drops every 2 hours for up to six doses.

Ordering Information: Phyto-Tech™ Immune Complex

AVAILABLE AT WILLNER CHEMISTS

\*These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure, or prevent any disease.

#### Product Reference Guide:

## Willner Chemists Phyto-Tech TM Herbal Supplements

used as a preventative to avoid getting sick during the flu season. Elderberry 1:2 liquid extract is a very concentrated source of anthocyanins, the purple pigments that function as powerful antioxidants, along with the flavonoids quercetin and rutin, vitamin A and

The extract can be taken on a long term basis to increase one's resistance to illness and help rebuild a strong immune response. Elderberry also benefits the cardiovascular system. Those with

poor night vision will be helped by Elderberry, as it is thought to help regenerate rhosopsin, the pigment in the retina that is responsible for both the formation of the photoreceptor cells and the perception of light, enabling the eyes to adapt to darkness.

Dose: 20-40 drops, 2-3 times per day in juice or wateer. Phyto-Tech™ Elderberry 1:2 contains 500 mg of certified organic Elderberry berries in each 30 drops.

1 fl oz - Prod Code: 57026

#### Eleutherococcus 1:2

Also known as Siberian Ginseng, Eleutherococcus is an adaptogenic, immuno-modulating herb.

Who will benefit from this herb? Those suffering from stress,

fatigue, burn out, and frequent colds brought on by stress.
Phyto-Tech Eleutherococcus 1:2 provides 500 mg./ml (30 drops) of Eleuthero senticosis root.

As a true adaptogenic herb, it modulates how the body responds

to stress by being a hormonal tonic to the stress axis--the hypothalamus, pituitary, and adrenal glands. By enhancing the body's ability to adapt to stress, the body can perform at a higher level. Too much stress creates chemical changes in the body that create a host of problems. Eleuthero prevents this from happening.
Eleuthrococcus is ideal for those who the more hot, stimulant gin-

sengs would be innapropriate, i.e. "those with passion and fire. Eleuthero is not a true ginseng. It is the only non-heating ginseng, so it is indicated for those who have an adverse effect from Chinese or American ginseng, but still want what ginseng can do for them. It is a great long-term tonic for those who simple do too much and want to avoid burn out.

Caution: German Commission E recommends caution if you have

high blood pressure.
Dosage: 20-60 drops, 2-3 times a day, or as needed, in juice or water. Consider it a Long-term tonic, and do not expect immediate results (allow one to three months).

1 fl oz - Prod Code: 57018

#### Eyebright 1:3

#### Historically, considered the "cure for all evils of the eye."

Who would benefit by using this herb? Those with hayfever, allergies, respiratory congestion, sinus infections, allergic conjunctivitis

In other words, Eyebright can be considered environmental allergy

Eyebright is widely used as a topical treatment for various eye conditions, but due to concerns about potential microbial contamination and hygenic problems, we do not recommend this. For eye problems, including blepharitis, conjunctivitis and styes, use it orally as an

adjunct to ophthalmic medication.

Phyto-Tech Eyebright contains Eyebright Herb (Euphrasia officinalis), wild harvested, in a 1:3 ratio (333 mg/ml) (30 drops), in a

base of grain alcohol and purified water.

Dose: 30-60 drops 2-3 times per day or as need in juice or water.

For acute allergy attacks, take 60-90 drops 3-4 times per day for 2-3

1 fl oz - Prod Code: 57077

#### Fenugreek 1:3

Fenugreek has been used to aid digestion, and as a general tonic. Recent interest has focused on its apparent hypoglycemic actions.

Who might benefit by taking this herb? Those with Type 2 diabetes, high cholesterol, artherosclerosis, high triglycerides and digestive problems.

According to Nutrition Focus, "Fenugreek seeds contain alkaloids (mainly trigonelline) and protein high in lysine and L-tryptophan. Its thanly disponentie) and protein right in yishe and Etaypropriant its steroidal saponins (diosgenin, yamogenin, tigogenin, and neotigogenin) and mucilaginous fiber are thought to account for many of the beneficial effects of fenugreek. The steroidal saponins are thought to inhibit cholesterol absorption and synthesis, while the fiber may help lower blood sugar levels. One human study found that fenugreek can help lower cholesterol and blood sugar levels in accords with medarate atherselected; and non-inculin expendents. people with moderate atherosclerosis and non-insulin-dependent (type 2) diabetes. Preliminary and double-blind trials have found that fenugreek helps improve blood sugar control in patients with insulin-dependent (type 1) and non-insulin-dependent (type 2) diabetes. Double-blind trials have shown that fenugreek lowers elevated cholesterol and triglyceride levels in the blood, This has also been found in a controlled clinical trial with diabetic patients with elevated cholesterol. Generally, fenugreek does not lower HDL ("good")

Fenugreek is commonly used as a food, spice and source of

dietary fiber throughout the world.

Dosage: As a tincture, up to 30-60 drops can te taken up to three times per day, in water or juice.

Caution: Do not use during pregnancy. Keep out of the reach of children.

1 fl oz - Prod Code: 57081

#### **Fertility Complex**

#### Support for a healthy and successful pregnancy

Who can benefit from this supplement? Women who are trying to become pregnant and those who are already pregnant; especially

those with a history of difficult pregnancies.

Phyto-Tech™ Fertility Complex, Alcohol Free, contains the following herbs: Red Raspberry Leaf, Red Clover Blossoms, Nettles Leaf, Yellow Dock Root. 1 fl oz - Prod Code: 57000

#### Feverfew 1:2

#### Traditionally, an antipyretic (reducing fever); now, best know for the prevention of migraine headache.

Who can benefit from this supplement? Those who suffer from chronic migraine headaches. It is also indicated for fever, pain, and conditions involving inflammation, such as arthritis.

According to traditional herbalists, "Feverfew is the pre-eminent

headache remedy. It is for both regular headaches and migrained headaches. It is anti-inflammatory and reduces pain. Feverfew inhibits platelet aggregation and therefore thins blood. The parthenolide compound that does this in Feverfew also reduces inflammation throughout the body. Feverfew works best at the initial onset of a headache. Take hourly if one suspects a migraine is coming on the help ward it off. It may help arthritis and inflammed joints as well. Feverfew cools the body and is indicated for those who run warm to hot. It can help reduce a fever." (Coven, Herbal Handbook) Phyto-Tech Feverfew 1:2 contains Certified Organic Feverfew herb (Chrysanthemum parthenium or Tanacetum parthenium), grain alsohol, purified water. 30 drops contain 500 mg.

Caution: Do not use during pregnancy.
Dosage: Acute Headache: 30-60 drops, every hour, in juice or water until headache subsides; Long Term Use: 30-90 drops, 2-3 times per day in juice or water.

1 fl oz - Prod Code: 57065

## PURITY & POTENCY GUARANTEED

## THERE'S GARCINIA CAMBOGIA, AND THEN THERE'S

# 

HCActive™ is a patented Garcinia cambogia extract supplying HCA (Hydroxycitric Acid) stabilized with potassium and magnesium. The unique manufacturing and quality control processes used to produce HCActive yield HCA that is up to 5X more bioavailable\* than other forms of HCA. It also is more concentrated — HCActive delivers 70% HCA.

Most HCA products are stabilized by a potassium-calcium salt, significantly

HCA PotassiumMagnesium Salt

70% HCA

90
DIETARY
SUPPLEMENT

reducing the amount of HCA absorbed because calcium interferes with potassium absorption. The synergistic combination of potassium and magnesium creates HCActive, the uniquely effective Garcinia cambogia product. Potassium has a great affinity for cellular uptake and magnesium makes it easier for potassium to enter cells, bringing the HCA of HCActive along with it. HCActive is also greater than 99% pure!

## 5X More Bioavailable than Regular HCA

HCActive reduces appetite, supports weight loss, inhibits the conversion of carbohydrates to fat, and promotes a more sustained feeling of satiety.\*

HCActive<sup>™</sup> Garcinia Cambogia Extract, 500 mg, 90 Caps - JRW64186

#### **FibroGesic**

Soothing to muscle and nerve discomfort, while supporting joint and connective tissue integrity.

Who can benefit from this supplement? Those with chronic body, muscle and joint pain (fibromyalgia). The herbs in this formula have been shown to decrease muscle pain and inflammation, and to increase circulation into the muscle tissue. It is most effective when

This formula was designed specifically for those with fibromyalgia. It contains herbs known to help decrease muscle pain and inflammation, and to increase circulation into the muscles. It can be used not only by those with fibromyalgia, but also by those with injuries, muscle soreness, etc, as well as general body pain. Obviously, Phyto-Tech FibroGesic is not as strong as prescription pain medications, but it is nontoxic, safe and non-addictive. Fibromyalgia requires a multifaceted approach to management, and FibroGesic is designed to be a part of that regimen.

Phyto-Tech Fibrogesic is best considered a long-term tonic. It will help "take the edge off" the discomfort, allowing for relaxation and

faster healing.
Phyto-Tech™ Fibrogesic contains the following herbs: Fresh
Skullcap Herb, Fresh St. John's Wort Flowers, Devil's Claw Tuber, Fresh Ginger Root, Fresh Pulsatilla Herb.

Dosage: General: 40-60 drops, 2-3 times per day, or as needed, in juice or water; Acute Pain: 60-120 drops, 2-3 times per day, or as needed, in juice or water.

1 fl oz - Prod Code: 57031

#### Fo Ti Root

Considered in Chinese Medicine as a rejuvenating plant, thought to prevent aging, enhance fertility and promote longevity.

It has been recommended, by both Eastern and Western herbalists, as a tonic to maintain vigor, increase energy, tone the kidneys and liver, and purify the blood. It is said to lower cholesterol, improve immune function, and correct hypertension.

1 fl oz - Prod Code: 57642

#### Garlic

Each Phyto-Tech Garlic capsule contains 500 mg of certified organic Garlic Bulb (Allium sativum).

90 Veggie Caps - Prod Code: 60130

Echinacea Goldenseal Each Phyto-Tech Echinacea Goldenseal veggie capsule contains the

following: Echinacea angustifolia Root, 150 mg; Echinacea purpurea Herb, 100 mg; Echinacea purpurea Root, 100 mg; Goldenseal Root, 100 mg. 100% Vegetarian. Certified Organic.

90 Veggie Caps - Prod Code: 60125

#### **Gentian Root 1:3**

#### A classic "bitter" herb, used for centuries as a digestive aid.

Who can benefit from this herbal supplement? Those with indigestion, dyspepsia, and difficulty digesting dietary fat and protein. Phyto-Tech Gentian Root 1:3 contains Certified Organic Gention

(Gentiana lutea), grain alsohol, purified water, in a 1:3 ratio. As defined by herbalists, "Gentian can be considered the perfect bitter herb to stimulate digestion in numerous ways. The bitter compounds in Gentian stimulate the bitter taste buds on the tongue. this sends a message to the brain to increase bile from the liver, which emulsifies or digests fat. In a lesser way, the bitter stimulation also sends a message to increase hydrochloric acid from the stomach, which increases protein digestion. In other words, bitters stimulate the body's ability to digest and therefore assimilate fat and protein.

(Coven, Herbal Handbook)

Caution: Do not use if you have ulcers.
Dosage: 10-30 drops, 2-3 times per day or as needed, in juice or water. Can be taken on an "as needed" basis or daily, for chronic

1 fl oz - Prod Code: 57640

#### Gentle Movement

#### Child Friendly

A gentle, mild laxative formula designed to normalize bowel function, expecially for children or the elderly.

Who can benefit from this supplement? Children, the elderly, or anyone with a sensitive digestive system suffering from mild consti-

pation or sluggish bowel.

Phyto-Tech Gentle Movement, Child Friendly, Alcohol Free contains the following herbs: Yellow Dock Root, Licorice Root, Fresh Marshmallow Root

1 fl oz - Prod Code: 57022

#### **Ginger Cough Tonic**

A blend of Ginger and other herbs especially useful for soothing coughs

Important Notice: The information given here is designed to help you make informed decisions about your health, and the proper use of dietary supplements. It is not intended as a substitute for medical advice, nor a substitute for any treatment that may have been prescribed by your doctor. If you have a medical problem, you should seek medical help. Products described herein are not intended to diagnose, treat, cure or mitigate disease.

Each 1/2 teaspoon provides Ginger Root 268 mg, Fresh Osha Root 100 mg, Fresh Ginger Root 43 mg, Wild Cherry Bark 33 mg, Licorice Root 33 mg in a base of Vegetable Glycerine, Hoeny, Purified Water. Each serving is equivalent to 6,000 mg of fresh Ginger. Herbs are certified organic or wild harvested.

Suggested Dose: 1/2 to 1 teaspoon as needed. Can be diluted in hot water. Shake well before using.

Warning: Keep out of the reach of children; do not use while

pregnant or nursing.

4 fl oz - Prod Code: 56985

#### **Ginger Energy Tonic**

A formula that increases circulation, energy, vitality, and resistance to illness and environmental stresses.

Who might benefit from this supplement? Those who suffer from fatigue and stress; those with low energy and those who are engaged in taxing or strenuous pursuits; those with poor circulation; those

with poor digestion.
Phyto-Tech™ Ginger Energy Tonic contains the following: Ginger Root Dry, Ginger Root Fresh, Ginseng American, Ginkgo Leaf, Rhodiola Rosea 5% Rosavin, Schisandra Berry, Glycerin Vegetable, Honey, Water Pure Deionized.

4 fl oz - Prod Code: 57055

#### **Ginger Immune Tonic**

#### A Blend of Ginger and other Immune Modulating Herbs

Each 1/2 Teaspoon contains Ginger Root 271 mg, Elderberry Fruit 90 mg, Fresh Ginger Root 44 mg, Fresh Echinacea angustifolia Root 27 mg and Vitamin C 60 mg, in a base of vegetable glycerine, honey, purified water. Each serving is equivalent to 6,000 mg of fresh Ginger. All herbs are certified organic.

Suggested Dose: 1/2 to 1 teaspoonful as needed. Can be diluted in hot water. Shake well before using.

4 fl oz - Prod Code: 57012

#### **Ginger Root 1:1.5**

This herb supports the digestive and circulatory systems, and has been shown to be especially helpful in alleviating nausea and equilibrium problems.

Who can benefit from this supplement? Those who suffer from nausea (pregnancy, motion sickness), digestive insufficiency and poor

Phyto-Tech™ Ginger Root 1:1.5 provides 667 mg of certified

Boiron Arnicare® helps relieve muscle pain and stiffness due to minor injuries, overexertion and falls, and reduces pain, swelling and discoloration from bruises.\*

#### **Arnicare Arthritis Tablets**

temporarily relieve arthritis pain specifically from stiff, swollen joints.

**Sabadil** temporarily relieves allergy symptoms without causing drowsiness.

Boiron Calendula helps heal minor burns and cuts, scrapes, sunburn and skin irritations.

Optique 1<sup>®</sup> sterile, single-use eye drops temporarily relieve eye irritation due to fatigue or airborne irritants and soothe red, dry and itchy eyes.

Sinusalia® temporarily relieves nasal congestion, sinus pain and eadache due to the common cold or allergies.

# No Drug Interactions

\*These "Uses" have not been evaluated by the Food and Drug Administration.

organic Fresh Ginger Root per 30 drops. Also available as a veggie cap, with each Phyto-Tech Ginger capsule containing 500 mg of certified organic Ginger Root (Zingiber officinalis). (Product code: 60127)

1 fl oz - Prod Code: 56995 90 Veggie Caps - Prod Code: 60127

#### Ginger Tonic

A soothing ginger formula, especially valuable for conditions involving nausea, digestive problems, and inflammation.

Who might benefit from this supplement? Those suffering from nausea due to motion sickness or pregnancy; those with digestive discomfort and those with arthritis and other inflammatory problems.

Ginger is well known for alleviating nausea due to motion sickness, pregnancy, surgery, chemotherapy and other reasons. It can be taken before a nauseating event or on an ongoing basis if nauseous all the time. Several studies in humans have shown positive results

for ginger's effectiveness in reducing nausea and vomiting. Ginger Tonic is also a useful digestive aid that will increase digestive enzymes and speed up the transit time of food that is slow. Ginger also has the ability to inhibit nuclear factor-kB (NF-kB),

cyclooxygenase (COX) and lipooxygenase (LOX) enzymes and as a result helps reduce pain and inflammation in arthritic joints. In three placebo-controlled clinical trials for the treatment of osteoarthritis, ginger rhizome showed significant efficacy compared to placebo. For pain and inflammation, ginger can be used as an alternative to NSAIDs like ibuprofen without the damaging gastrointestinal side effects that NSAIDs commonly have. Ginger has anti-ulcer effects and can helps protect the intestinal mucosa from damage.

Ginger Tonic has a vasodilating action, and will increase circulation

and warm one up.
Phyto-Tech™ Ginger Tonic contains Ginger Root Dry, Ginger Root Fresh, Glycerin Vegetable, Honey, Water Pure Deionized. 4 fl oz - Prod Code: 57015

#### Ginkgo Biloba Leaf

One of the most widely researched herbs in recent years, Ginkgo biloba has been associated with memory, increased cerebral and peripheral circulation.

Who can benefit from this supplement? Those suffering from memory loss, early stage dementia (Alzheimer's disease), tinnitus, vertigo, inability to concentrate, circulatory problems.

Phyto-Tech™ Ginkgo Biloba Leaf 1:1.15 contains 667 mg of ethi-

cally wild harvested Fresh and Dry Ginkgo biloba Leaf per 30 drops, in both alcohol and alcohol-free versions.

Also available in a vegetarian capsule form. Each Phyto-Tech Ginkgo veggie cap contains 60 mg of standardized Ginkgo biloba Leaf Extract (24% ginkgo flavonglycosides and 6% terpene lactones) and 400 mg of certified organic Ginkgo biloba leaf. This provides for an optimal standardized and full spectrum phytotherapeutic approach.

#### Ginseng Energy Blend

A combination of adaptogenic herbs resulting in a synergistic blend enhancing emotional, physical and mental energy.

Each type of ginseng, Red Chinese and American, and other adaptogenic herbs, such as Eleutherococcus, have traditionally different properties. The combination, along with complimentary herbs such as Licorice, Ginkgo, Fo Ti and Codonopsis, results in an energy blend for all purposes.

Who can benefit from this supplement? Those who are under stress, suffering from fatigue, mental "burn out," adrenal fatigue, poor immune system function.

This blend of adaptogenic herbs supports the adrenal glands, the

immune system, and the nervous system.

Phyto-Tech™ Ginseng Energy Blend is available in an alcohol and an alcohol free version. It contains the following herbs: Red Chinese Ginseng Root, American Ginseng Root, Eleuthero Root, Licorice Root, Ginkgo Leaf, Fo Ti Root, Codonopsis Root, Ginger Root.

#### Goldenseal Root 1:5

Used by Native Americans for colds, flu, sore throat and intestinal problems.

Who can benefit from taking this herbal supplement? those with infections of any mucosal tissue, including the respiratory tract, urinary tract, digestive tract, reproductive tract and gum infections.

The anti-microbial activity of Goldenseal may be due to two alkaloids, hydrastine and berberine.

Goldenseal is in serious dangerous of over-harvesting in the wild, so only organically cultivated goldensear should be used. This is what is used in Phyto-Tech Goldenseal Root 1:5.

Also available in a vegetarian capsule form. Each Phyto-Tech Goldenseal veggie cap contains 250 mg of certified organic Goldenseal Root.

1 fl oz - Prod Code: 56950 60 Veggie Caps - Prod Code: 60128

#### Green Tea Guo

A rich source of phyto-antioxidants, including EGCG, the list of research-proven health benefits of Green Tea continues to grow.

The Phyto-Tech  $^{\scriptscriptstyle\mathsf{TM}}$  Green Tea Guo formulas contain Whole Green Tea Leaf and Green Tea Extract, standardized at 90% polyphenols, 50% EGCG. such that one dropper full has the same antioxidant content as 10 cups of regular green tea. In addition, the product is sweetened with natural stevia and the popular Chinese herb, Luo Han Guo. Luo Han Guo is considered a longevity booster, and is

commonly used for numerous health problems in China. Who can benefit from this supplement? The easy answer is everyone. As a healthy beverage, just squirt one dropperful into a glass of hot or cold water. The powerful antioxidants will exert a protective effect against free radical damage. It is felt that free radicals contribute to cancer risk, aging, inflammation damage, cardiovascular damage, and immune system deterioration. In addition, green tea has been shown in numerous studies to assist in weight loss.

Please note that one dropperful of Phyto-Tech™ Green Tea Guo

contains less than 2 mg caffeine. A regular cup of coffee contains from 100 to 150 mg of caffeine.

All Phyto-Tech™ Green Tea Guo preparations are alcohol free.

One is naturally peach flavored.

Also available in a veggie cap. Each Phyto-Tech Green Tea capsule

gles (herpes zoster.)
While there is no cure for herpes, this formula will help to quiet the attack and reduce the inflammation. The Ayurvedic herb Neem is a very strong anti-bacterial and anti-viral that limits the viral attack. Licorice and Turmeric are strong anti-inflammatory herbs that reduce the outbreak. They limit prostaglandin-induced inflammation. The anti-viral actions of St. John's Wort are being discovered and used for many viral conditions. St. John's Wort is also a nerve ending sedative, which helps in pain. Since herpes lives in the nerve endings and tends to erupt when under stress (stress hyper stimulates the nerve endings), St. John's Wort is of obvious value. St. John's Wort is calming under stress, is a nerve ending sedative and has anti-

viral implications. Phyto-Tech™ Herp Ease Formula contains: Neem Herb, Licorice Root, St. John's Wort Flowers Fresh, Turmeric Root Fresh, Alcohol Pure Grain, Water Pure Deionized.

1 fl oz - Prod Code: 57099

#### Holy Basil 20-8-8-5 Standardized

Holy Basil is a powerful adaptogen that helps the body overcome stress while calming the mind, uplifting the spirit, and restoring tranquility. It eases anxiety and nervous irritability and helps those with stress related health conditions. It also promote healthy glucose levels, acts as a powerful antioxidant and fights inflammation.

Phyto-Tech™ Holy Basil liquid filled veggie caps is standardized to 20 mg Eugenols, 8 mg Caryophyllene, 8 mg Rosparinic Acid and 5 mg Ursolic Acid. Each liquid filled veggie cap contains the following: Holy Basil Leaf Alc Extract (certified organic), 300 mg; Holy Basil Supercritical Extact, 150 mg; Lecithin Soy Non GMO, Cellulose Mod Vorstebble, Chlorochell, Thousand documents as times appropriate 2 times. Vegetable, Chlorophyll. The usual dosage is one capsule 2 times

Who can benefit from this supplement? Those suffering from anxiety, irritability or mild depression; those living a fast-paced, high stress lifestyle; those who need help maintaining normal glucose and

cortisol levels; those suffering from various types of inflammation. Holy Basil (Ocimum sanctum), also known as Tulsi, is one of the most highly regarded plants in Ayurvedic medicine. It has been used for centuries in India to treat an array of conditions such as inflammation, digestive complaints, asthma, arthritis, and skin conditions. In the West it is most well known for its ability to counteract stress, calm the mind and lift the spirit. Accordiding toherbalists, Holy Basil is an adaptogen that promotes a healthy stress response and can protect one from breakdown due to chronic stress, emotional turmoil or work overload. Research shows that Holy Basil counteracts stress-induced changes in neurotransmitters and enzymes. It normal-

izes and brings balance to biochemicals in the body's stress center such as cortisol, epinephrine and dopamine. Holy Basil is helpful for individuals with stress-related conditions, such as anxiety, irritability, depression, irritable bowel, digestive disorders, hormonal fluctua-tions, adrenal fatigue, insomnia, and immune deficiency. Holy Basil encourages emotional well-being and restores homeostasis to indi-

viduals who feel like stress has gotten the best of them. Research supports the traditional claims for Holy Basil's role in glucose metabolism, and hypoglycemic effects. A 1996 study involving patients with type 2 diabetes reported a significant decrease in the patients' fasting blood glucose levels when treated with holy basil compared to treatment with placebo. Total serum cholesterol levels were also reduced. A more recent 2006 study found that Holy Basil stimulates insulin secretion from the pancreas, which contributes to the plants anti-diabetic action. In addition, Holy Basil decreases the stress hormone cortisol, which rises when one is exposed to chronic stress. Elevated cortisol levels trigger the body to produce more glucose causing an unhealthy increase in blood glucose levels. This can also result in weight gain. Holy Basil can be helpful for those with type-2 diabetes, pre-diabetes, or rapid blood sugar swings.

Why is the Phyto-Tech Holy Basil liquid filled veggie cap standardized to 20-8-8-5? Holy Basil contains numerous polyphenols such as eugenol, ursolic acid and rosmarinic acid that act as powerful antioxidants to fight free radicals and protect cells from oxidative damage. These compounds also fight inflammation and inhibit production of cyclooxygenase-2 (COX-2) enzymes. A study published in Phytomedicine measured the activity of Holy Basil's phenolic compounds and found the COX-2 inhibitory activity of the compounds to be comparable to ibuprofen, naproxen and aspirin. Holy Basil is therefore indicated for relieving inflammation and pain caused by arthritis, tendonitis, bursitis, sports injury and physical overuse.

60 Veggi Caps (Liquid Fill) - Prod Code: 57051

#### Hoodia Gordonii 1:4

Tested Authentic

A South African herb thought to support healthy weight by decreasing food cravings.

According to many experts, many products now on the market claiming to contain Hoodia may be mislabeled. Here is advice from Mitch Coven, Medical Herbalist: "Consumers should use caution." when purchasing products that claim to be true Hoodia Gordonii. Several Hoodia products on the market are made of cactus-like material and contain no P57 [P57 is a steroidal glycoside thought to be the active ingredient of Hoodia] or any other active appetite suppressing substance. The 20:1 claims that many companies use for their Hoodia products are false. These products are not concentrated extracts. Their claim of 20:1 is a fresh to dry down ratio of raw

	Please Note:				

For a variety of reasons, certain companies ask us not to include a listing of their products, or our discount pricing, in this reference catalog or web site. We honor those requests.

If you do not see the products you are interested in, that does not mean we do not carry them. Please call our toll free number, 1-800-633-1106. Thank you.

### Product Reference Guide:

material. Their 20:1 claims are just dry raw material. Additionally, many 20:1 Hoodia claims are actually adulterated material with prickly pear cactus, maltodextrin and sand. Many fail independent lab tests. Consumers should demand to see 3rd party authentic test results on the current lot numbered batch. Authentic Hoodia must also be accompanied by an international CITES certificate for validation. Since Hoodia is endangered, the South African government carefully allows only a small amount of Hoodia to be harvested in order to protect it. The CITES certificate with a current date shows that the batch is authentic and not an illegally harvested batch. Consumers should insist on seeing this document which responsible

manufacturers will always have and gladly show."
Willner Chemists Phyto-Tech™ Hoodia Gordonii 1:4 is tested authentic and certification to this effect is available on request.

Who can benefit from this supplement? Those who are overweight and suffer from excessive food cravings. A good complimentary product would be Phyto-Tech™ Green Tea Guo.

Phyto-Tech™ Hoodia Gordonii 1:4 is available in liquid herbal form (drops) and in liquid filled veggie caps. Each capsule or 30 drops of liquid contains 250 mg of Hoodia gordonii Aerial Parts, test-

Also available in a veggie cap, with each Phyto-Tech Hoodia capsule containing 250 mg of "selectively imported South African Hoodia gordonii Aerial Parts." (product code: 60133

Phyto-Tech Immune Acute Complex 1 fl oz, Prod Code: 57728

#### Immune Complex

Supports healthy immune system function, especially on a long-term and preventive basis.

Who can benefit from this product? Those who have a tendency to catch whatever "bug" is going around. Those who have frequent and long-lasting bouts of cold and flu, and those with any chronic immune deficiency problem.

Description: Phyto-Tech™ Immune Complex is a blend of immune system stimulating and adaptogenic herbs. When used long term, before symptoms are present it can decrease your risk of becoming ill. During illness, it helps prevent the spread of infections. Astragalus and Echinacea directly simulate immune function, while Red Root enhances lymphatic function. Suma, Eleuthero and Licorice are adaptogenic herbs that enhance immune function through strengthened stress response. This adaptogenic component makes Immune Complex an ideal supplement to use during chemotherapy.

This is not intended for use after you have come down with the cold, flu or similar condition. In that case, use one of the "acute" formulas, such as Phyto-Tech™ Echina Acute Complex.

Phyto-Tech™ Immune Complex contains the following herbs: Fresh Echinacea angustifolia Root, Astragalus Root, Red Root, Suma Root, Licorice Root, Eleuthero Root.

Complimentary Formulas: Phyto-Tech Ginseng Energy Blend, when fatigue and low energy present.
Phyto-Tech Astragalus Root 1:3, for added immune support.

Phyto-Tech Oregano Oil 70, for added immune support in acute conditions.

Phyto-Tech Respiratory Complex, when congestion is present. Phyto-Tech Echina Acute Complex, for added immune support in acute conditions and when thick, discolored mucus is present. Phyto-Tech Elderberry 1:2, especially for viral infections.

Phyto-Tech™ Immune Complex comes in a regular (alcohol) version and an alcohol free version.

1 fl oz ~ Regular - Prod Code: 57003 1 fl oz ~ Alcohol Free - Prod Code: 57033

#### Kava Root 1:2

#### Kava Root 75 Standardized

Long known around the world as an inducer of deep physical and mental relaxation, Kava is now considered a useful herb for calming and anxiety.

Who can benefit from this supplement? Those with anxiety, mild

depression, ADHD and insomnia related to an over active mind. Phyto-Tech™ Kava Root 1:2 is available as a liquid extract, alcoholic and alcohol free, as well as a standardized liquid filled Veggie Cap. The liquid contains 500 mg of Kava per 30 drops. The liquid filled Veggie Cap is standardized to 75 mg Kavalactone per capsule (approximately 1,500 mg Kava).

Also available in a vegetarian capsule form. Each Phyto-Tech veggie cap contains 380 mg selectively imported Vanuatu Kava Root.

1 fl oz, Regular Liquid Herbal - Prod Code: 56947 1 fl oz, Alcohol Free Liquid - Prod Code: 56975 Phyto-Tech™ Kava Root 75 60 Liquid Filled Veggi Caps - Prod Code: 57049

Phyto-Tech Kava, 90 Veggie Caps - Prod Code: 60341

#### Lemon Balm 1:2

1 fl oz - Prod Code: 57057

#### **Licorice Root 1:3**

Licorice is best known as a tonic for the adrenal gland, useful for those with fatigue or under stress.

Who can benefit from this supplement? Those suffering from adrenal fatigue, stress, inflammatory conditions, gastric ulcers and lung

Licorice helps a stressed adrenal gland maintain its' production of adrenaline, cortisone and aldosterone, the hormones normally secreted by the adrenal gland. Aldosterone affects the body's ability to hold more water, and maintains normal hydration. Licorice also increases cortisol levels, thus helping to reduce inflammation. This can be helpful in conditions as varied as asthma, psoriasis, hepatitis, lupus, MS, arthritis, eczeme and other auto immune disorders. Licorice is also thought to have a synergistic action in herbal mixtures, and is commonly used, in small quantities, in herbal blends, especially in traditional Chinese medicine.

Phyto-Tech Licorice Root 1:3 contains 333 mg/ml (30 drops) of

certified organic licorice root, along with pure grain alcohol and deionized water. Dosage is 20-40 drops, 2-3 times per day or as

neededl, in juice or water.

Cautions: Do not use during pregnancy or nursing; long term use might possible cause water retention and/or edema; theorectically, could increase blood pressure at higher doeses and over long term

1 fl oz - Prod Code: 56986

#### **Liver Support**

This herbal blend has a systemic detox action, supporting liver function and blood cleansing, protecting the body from environmental and dietary toxins.

Who can benefit from this supplement? Those who feel they would benefit from

a systemic cleansing stimulant

a specific liver function stimulant

protecting the liver from exposure to toxins

skin cleansing via liver detox

bile stimulation

In many medical approaches, the liver is central to a myriad of health próblems.

Phyto-Tech™ Liver Support comes in a liquid herbal form, regular and alcohol free, as well as a standardized liquid filled Veggie Cap. The latter is standardized to Silymarin content, and will be discussed

The liquid supplement contains the following herbs: Fresh Dandelion Root, Red Root, Oregon Grape Root, Milk Thistle Seed, Yellow Dock Root, Fresh Ginger Root, Fringe Tree Bark

1 fl oz - Regular (alcoholic), Prod Code: 56948 1 fl oz ~ Alcohol Free, Prod Code: 56971

#### **Liver Support Caps**

#### Standardized

This herbal blend has a systemic detox action, supporting liver function and blood cleansing, protecting the body from environmental and dietary toxins.

This formula is a modification of the liquid herbal Liver Support product already described. In a normal liquid extract, it is not possible to get levels of Silymarin, the active component of Milk Thistle, at the high levels called for in some of the clinical research. Therefore, this modified formula, in a liquid filled Veggie Cap was

developed, with added standardized Silymarin content. Each Phyto-Tech™ Liver Support Standardized Veggie Cap contains the following: Oregon Grape

#### Lobelia 1:2

Medically, lobelia is known as a parasympathomimetic. It stimulates the parasympathetic nervous system, countering the effect of adrenal stimulation and stress

Who can benefit from this herbal supplement? Those suffering from excess adrenal stimulation and stress, including anxiety, panic

attacks, insomnia, ADHD and nervousness.

Lobelia contains an alkaloid called lobeline that is chemically similar to nicotine. Lobelia will decrease the physical craving for cigarettes as lobeline fools the binding sites that are looking for nicotine. Lobelia has historically been used to help one who wants to quit smoking. It also calms the stress one goes through and opens the lungs to help expectorate. It is perfect in its action for smoking cessation.

Phyto-Tech™ Lobelia 1:2 contains fresh lobelia inflata herb, (500 mg/ml, or 30 drops), pure grain alcohol, and pure deionized water. General, and long term dosage is 10-30 drops, 2-3 times daily in juice or water. For acute, short term needs, one can take 10-30 squirts every hour as needed. Use caution if you have low blood pressure, and do not use during pregnancy.

1 fl oz - Prod Code: 56988

#### **Lustrous Hair**

A herbal blend based on Traditional Chinese Medicine that stimulates hair growth and healthy, lustrous hair.

Who might benefit from this herbal supplement? Those who suffer

who might benefit from this herbal supplement? Those who suffer from hair loss or thinning, brittle, dull hair.

Phyto-Tech™ Lustrous Hair contains Fo-Ti Root 230 mg,
Rehmannia Root 220 mg, Astragalus Root 110 mg, Dong Quai Root 90 mg, White Peony Root 90 mg, Safflower Flower 70 mg, Chinese Salvia Root 60 mg, Liguisticum wallichii Rhizome 60 mg. Alcohol Pure Grain, Water Pure Deionized

Cautions: Do not take during pregnancy or while nursing. Keep out of the reach of children.

Dosage: 60 drops, 1-2 times a day, in juice or water. Shake well

before using.

References: For more information on this product, go the reference library section of the Willner Chemists web site www.willnér.com, under "Articles & Reprints." Look for "Lustrous

Important Notice: The information given here is designed to help you make informed decisions about your health, and the proper use of dietary supplements. It is not intended as a substitute for medical advice, nor a substitute for any treatment that may have been prescribed by your doctor. If you have a medical problem, you should seek medical help. Products described herein are not intended to diagnose, treat, cure or mitigate disease.

Hair."

Phyto-Tech Lustrous Hair, 2 fl oz, Prod Code: 57733

#### Lymphatic Complex

A blend of herbs affecting the lymphatic system.

Phyto-Tech™ Lymphatic Complex contains: Red Root, Fresh Ocotillo Bark, Stillingea Root, Fresh Astragalus Root, Fresh Ginger Root, Grain Alcohol, Deionized Water

Dosage: General: 20-40 drops, 2-3 times per day or as needed in Acute: 60-90 drops, 3-4 times per day until symptoms reduce.

1 fl oz - Prod Code: 56997

#### Maca Root

A native Peruvian herb, Maca's traditional use for enhancing overall vigor and fertility has been confirmed by animal studies showing it promotes libido, sexual potency and energy.

Who can benefit from this supplement? Those with age-related sexual dysfunction, low libido, lack of energy and vigor.
According to Dr. Arthur Presser's book, Pharmacist's Guide to Medicinal Herbs, the "modern day uses" for Maca "are probably no different than Maca's ancient uses. They include:

Aphrodisiac Fertility Impoténce Erectile dysfunction Vitality Menopause & Menstruation Mental clarity Chronic Fatigue Syndrome

#### Mint Breath Spray Concentrate

#### New, Stronger Formula; A natural, refreshing breath spray to combat bad breath.

Phyto-Tech™ Mint Breath Spray Concentrate is a new stronger formula. containing Peppermint, Cinnamon, Lo Han Guo Fruit Extract and Chlorophyll in a Vegetable Glycerine Base.

Mint Breath Spray Concentrate is a convenient herbal remedy to quickly combat bad breath. Bad breath or halitosis can be caused by numerous circumstances, including spicy and pungent foods, poor dental hygiene, dry mouth, tobacco use, infection in the respiratory tract or sinuses and poor digestion.

Peppermint is an herb that is helpful for many conditions including

indigestion, irritable bowel, nausea, congestion, headaches and body aches. Peppermint and its active constituent menthol have significant activity. Studies support peppermint and its activity. Studies support peppermint's use to enhance gastric emptying and reduce nausea. It will increase saliva in the mouth and facilitate healthy digestion.

Mint Breath Spray Concentrate also contains Chlorophyll, which is

known for its deodorizing properties. Chlorophyll cleanses and detoxifies the digestive tract while promoting digestion. It is an effective remedy for those with chronic bad breath or digestive tract

Mint Breath Spray Concentrate can be used for occasional or chronic bad breath. It will deodorize the breath from smoking or tobacco use, illness, infection and eating offending foods such as garlic and onions.

Dosage: Holding spray nozzle close to the mouth, spray 2-3 times into the mouth as needed. Spray more frequently when desired. 1 fl oz, Prod Code: 57732

#### Motherwort 1:3

1 fl oz, Prod Code: 57070

#### Mullein 1:3

1 fl oz, Prod Code: 57201

### MuscleGesic

#### A blend of herbs designd to help reduce muscle and nerve pain, and inflammation.

Who might benefit from this herbal supplement? Those suffering from muscle pain; those suffering from fibromyalgia; those who wish to shorten recovery time after athletic workouts; those recovering

The state of the Alcohol, Deionized Water.

MuscleGesic has many uses. It helps diminish muscle and nerve pain and inflammation. Skullcap and St. John's Wort decrease the frequency the nerve sends a pain signal to the brain while Devil's Claw decreases inflammation. It can be used as a preventative, for immediate acute pain and for chronic pain.

Unlike a prescription pain medication (potentially addictive and toxic), this non-toxic and non-addictive approach will diminish pain but not paralyze the pain signal completely. This allows for enough pain relief so one can relax and heal rapidly.

Chronic pain can lead to depression and that is addressed with the St. John's Wort in the formula.

As a specific for fibromyalgia and chronic pain disorder MuscleGesic helps diminish pain and connective tissue inflamma-

Dosage: Preventative: Before a painful event (dental visit, deep muscle massage, workout, athletic event) 30 drops minimum and up to 120 drops 1/2 to 1 hour before the event.

Acute dosage: 60-90 drops in water every 2-3 hours until pain

subsides. Then 2-3 times daily until not needed. Chronic pain: 60-90 drops 2-3 times daily in water. Note: Phyto-Tech™Arnica Oil 1:6 can be used topically for local muscle pain and inflammation along with MuscleGesic.

1 fl oz, Prod Code: 57035

#### Mushroom Extract Complex

#### Dual Extraction Blend; A powerful combination of immune enhancing, adaptogenic mushroom extracts.

Who might benefit from this herbal supplement? Those with a weakened immune system; those who frequently catch cold or flu; those undergoing chémotherapy; those with serious conditions such as HIB and AIDS

Phyto-Tech™ Mushroom Extract Complex contains: Shiitake Mushroom, Reishi Mushroom, Maitake Mushroom, Fresh Ashwagandha Root, Licorice Root, Deionized Water, Pure Grain

# NOW How Do You Like Our Herbs?

2015 is shaping up to be an eventful year at NOW® with the introduction of our new supplement label, which is now available for our herbal supplements category.

Our new label is the perfect union of our trademark orange color with a more contemporary, natural design that greatly enhances visual appeal. We're continuing to call out each product's primary structure/function claim on the front panel, as well as making it easier to discern product categories for the condition or body system for which it is intended.

Look for more NOW® products to appear on shelves with our new label in the coming months!

For more information visit nowfoods.com/newlook phone: 800-999-8069 / fax: 800-886-1045 / email: sales@nowfoods.com

Many claims are made concerning the immune enhancing activity of various herbs and nutrients. Few such claims are as well documented and supported by clinical evidence as are those surrounding the mushrooms and their constituents. For those in need of immune support, and those suffering from serious health conditions, a mushroom extract should definitely be at the top of the list when it comes to herbal and nutritional support.

Mushroom Extract Complex is indicated for immune deficiency

and is considered especially valuable as a long-term tonic. It can be used as a preventative when one either wants to avoid or one already finds they are getting weaker and becoming more prone to getting sick and fatigued. This is especially true when stress is great and immune inundation is heavy. This formula helps when one has debility and lethargy of body, mind and spirit.

Mushroom Extract Complex is a specific for chemotherapy where the white blood coll count and activity (phagocytesic) is immaired or

the white blood cell count and activity (phagocytosis) is impaired or threatened. While the questions of whether or not it is beneficial to take supplementation during cancer treatment remains controversial, the consensus of opinion is moving towards the positive, and the benefits of adaptoglenic and immune enhancing herbs during such treatments is gaining acceptance. Side effects are diminished and

efficacy of treatment is actually enhanced. However, it is recommeded to consult with your physician before using products of this type.

These organic mushrooms are a glucoaminoglycan extracts (GAG) whereby the immuno-modulating polysaccharides are first extracted in a water extraction process. The herb then goes through an alcohol extraction process to remove other immuno-modulating compounds that the water cannot extract. The two liquids are combined to create a full spectrum mushroom extract.

Dosage: General usage: 20-60 drops, 2-3 times per day or as

needed in juice or water

More severe immune deficiency: 60-120 drops 2 times per day in juice or water.

1 fl oz, Prod Code: 57002

#### Myrrh Gum 1:4

1 fl oz, Prod Code: 57079

#### Neem

1 fl oz, Prod Code: 57074

#### Nerve Calmplex

Nerve Calmplex is a blend of herbs designed to help those with overactive minds, resulting in insomnia at night, and mental stress during the day. More gentle than other sedating formulas, it is very useful for stress, mild insomnia and nervousness, especially during the day.

Phyto-Tech™ Nerve Calmplex contains Fresh Milky Wild Oat Seed, Fresh St. John's Wort Flowers, Fresh Skullcap Herb, Passion Flower Herb, Hops Strobiles, Fresh Lobelia Herb, Fresh Pulsatilla Herb, Grain Alcohol, Deionized Water. (The alcohol-free version contains no Grain Alcohol) All of the herbs are either certified organic or ethically wildharvested.

> 1 fl oz, Prod Code: 56984 1 fl oz, Alcohol Free, Prod Code: 57069

#### Nettles 1:2

Nettles has traditionally been used by herbalists for urinary tract infections, edema, allergic rhinitis and general anti-inflammatory action.

Who might benefit from this herbal supplement? Those with inflammatory diseases of the lower urinary tract; those with kidney stones; those with hayfever and similar allergic conditions.; those

Nettles is also rich in minerals, and is often used as a nutritional supplement, i.e. a source of calcium, potassium, silicon and other

trace minerals.
Phyto-Tech™ Nettles 1:2 contains Nettles herb (Urtica dioica), Pure Grain Alcohol, Deionized Water. Cetfified Organic. Also known as Stinging Nettle.

Also available in vegetarian capsule form. Each Phyto-Tech Nettle veggie cap contains 500 mg of certified organic Nettles Herb. Note. Nettles "Herb" refers to the above ground parts of the plant. Nettles "Root" consists of the underground parts of the plant. The

constituents are different. It is the root that has been shown to be useful in treating benign prostatic hyerplasia (BPH) not the herb.

Dosage: 30-60 drops, 2-3 times per day or as needed in juice or

1 fl oz, - Prod Code: 56991 75 Veggie Caps - Prod Code: 60135

#### **Neutralizing Cordial**

A traditional herbal formula for digestive distress.

Who might benefit from this herbal supplement: Those with heartburn, acid reflux, indigestion, irritable bowel, ulcers and any digestive discomfort exacerbated by too much stomach acid; those with

overactive bowel peristalsis and gas; those with digestive upset. Phyto-Tech™ Neutralizing Cordial contains the following: Turkey Rhubarb Root, Cinnamon Bark, Goldenseal Root, Peppermint Spirits, Potassium Carbonate, Simple Syrup, Grain Alcohol, Deionized

Neutralizing Cordial can be used for chronic digestive upset or on an as need basis. The effect can be felt quickly and can be repeated safely. It helps digestive upset when eating new foods while travel-

ing. Neutralizing Cordial is a "Pepto Bismol"-like formula that can be part of a household medicine cabinet. It is safe for children and has . a very agreeable taste

Dosage: General: 30-60 drops, 2-3 times per day or as needed in juice or water.

Acute: 60-90 drops every ½ hour until feel better.

1 fl oz, Prod Code: 57060

#### Olive Leaf 1:2

Increasingly recognized for its value as an immune system stimulant, antimicrobial agent, hypoglycemic agent and antihypertensive agent.

Who might benefit from this herbal supplement? Those in need of enhanced immune support; those with hypertension (high blood pressure); those with blood sugar swings; those with bacterial or viral

Olive leaf extract contains flavonoids that possess strong antioxidant activity. There is some evidence that this explains its protective action in diabetes.

Caution: Do not use if suffering from gallstones. Phyto-Tech™ Olive Leaf 1:2 contains Olive Leaf (Olea europaea), 250 mg/ml, Pure Grain Alcohol, Deionized Water. Certified Organic. Dosage: 20-40 drops, 2-3 times per day or as needed in juice or

1 fl oz, Prod Code: 56958

#### Oral Tonic Complex

#### A therapeutic herbal mouthwash concentrate.

Who might benefit from this herbal supplement? Those with periodontal disease; those with gum infections, abscess, or bleeding gums; those with halitosis (bad breath).

Phyto-Tech™ Oral Tonic Complex contains the following Goldenseal Root, Bayberry Root Bark, Prickly Ash Bark, Myrrh Gum, Coptis Root, Grain Alcohol, Deionized Water.
Phyto-Tech™ Oral Tonic Complex is excellent as a preventative or

curative for periodontal (gum) disease (pyorrhea). As a mouthwash in water, it helps to kill bacteria in the mouth and gums, it will tighten

**New Formula -- Higher Potency, Veggie Capsule Antiox Phyto Complex II** 

Some of the most powerful, broad-spectrum antioxidants are those found in plants. This supplement contains a blend of several of the most potent plant-derived phyto-antioxidants available, in a high potency, professional strength veggie cap.

Description: Phyto-Tech Antiox Phyto Complex II is a blend of powerful plant-derived (phyto) antioxidants. Most health problems are either directly or indirectly related to oxidative (free-radical) damage. While vitamins and minerals (vitamin C, vitamin E and selenium, for example) are antioxidants, it is now recognized that phytoantioxidants, rich in a broad spectrum of flavonoids, polyphenols, anthocyanidins, etc are the most powerful.

Ingredients: Each 375 mg Capsule contains the following: Acai Berry Extract 4:1, 75 mg; Mangosteen Fruit Extract, 75 mg (10% Mangostin); Goji Berry Extract 75 mg (40% Polysaccharides); Pomegranate 75 mg, (40% Ellagic Acid); Green Tea Leaf Extract 30 mg (98% Polyphenols, 50% EGCG); Grape Skin Extract, 30 mg (50% Polyphenols); Grape Seed Extract, 15 mg (95% Proanthocyanidin); Cellulose Modified Vegetable,

100% Vegetarian - Manufactured in an FDA Registered, GMP Certified facility.

New, High Potency Atiox Phyto Complex II 375 mg Veggie Caps 90 Veggie Caps - Prod Code 63745

Indications: Who might benefit from this herbal supplement? Those who desire protection against everyday toxins--dietary, environmental and chemical; those with current health problems, those under high amounts of stress, smokers or those exposed to second-hand smoke, and anyone who lives .or is exposed to a toxic lifestyle; those who are at risk to the various degenerative diseases associated with aging, including cancer, cardiovascular disease, cognitive impairment, Alzheimer's disease, immune dysfunction, cataracts, and macular degeneration; those who want to live a longer, healthier life.

Antiox Phyto Complex II is the perfect supplement to take along with your multivitamin/multimineral supplement. (see full details on page 14)

Are You Filling Only Half Your Body's Antioxidant **Requirements?** 

gums that are puffy and it will decrease gum bleeding. It will also increase saliva that will inhibit bacterial formation.

Oral Tonic Complex also makes ones mouth feel clean and fresh

even though the formula is bitter initially.

It can be used as a preventative before and after oral surgery. Dosage: General: 30-90 drops in a little water and swish around

vigorously in the mouth after brushing once per day. Acute infections: Repeat 3 times per day or massage directly into gums with ones finger.

1 fl oz, Prod Code: 56992

#### Oregano Oil 70

Contains only true wild Mediterranean Origanum vulgare, the most powerful Oregano nature offers. It is standardized to 70% carvacrol, the active component of the herb. It provides immediate immune support and has a broad spectrum effect. It also helps regulate candida.

Guaranteed true Wild Oregano, from Turkey. Steam distilled for highest purity and potency

Who can benefit from this supplement? Those with bacterial, fungal, viral (cold and flu) and parasitic infections. Travelers.
Phyto-Tech™ Oregano Oil 70 is standardized to not less than 70%

Carvacrol. It is available in liquid form (43 mg oregano oil equivalent to 30 mg carvacrol per four drops) and in a liquid filled veggi cap (45 mg oregano oil equivalent to 32 mg carvacrol per capsule).

Veggie Caps: 1 capsule 1-3 times per day is a typical dose. Go up to 2 caps if necessary when ill or severe parasites

Liquid: Internal Acute: 2-6 drops in water or juice up to every 2 hours until symptoms subside plus a few days. Can go up to 10

drops when necessary per serving.
Internal Long Term: 1-4 drops in water or juice 1-3 times per day.

Topical: Use enough to cover the area desired. If a warming sensation occurs that is unpleasant, dilute in a little lotion or vegetable oil

#### Osha Root 1:1/5

Phyto-Tech Osha Root is considered by many Herbalists to be the best American herb for lung and throat infections. It is especially beneficial for infections where one is already congested and inflammed.

Who might benefit from this herbal supplement? Those suffering from lung and throat infections. Those who suffer from chronic viral swollen tonsils, throat infections and frequent lung congestion. While Osha is especially effective in treating active infecgestion. While Osna is especially effective in treating active infections, it is also effective as a preventive for those who easily get sick when flying on airplanes, lecturing at meetings or conventions, etc, but it should only be used during the time of exposure. It is also helpful to smokers, and those lwith emphysemia, allergies, altitude

sickness, and athletic induced asthma.

Phyto-Tech™ Osha Root can be used with Phyto-Tech™
Respiratory Complex, and other bronchodilating herbs like Lobelia. Contains Fresh Osha Root (Ligusticum porteri), Grain Alcohol, Deionized Water.

Dosage: General: 20-60 drops, 2-3 times per day or as needed in juice or water. Acute infection, congestion, and asthma: 2-4 squirts (60-120 drops), every 2 hours until symptoms subside.

Phyto-Tech Osha Root 1:1.5, 1 fl oz, Prod Code: 56965

#### **Parasite Complex**

A blend of herbs know to kill parasites.It can be used as a preventive, when traveling, camping, etc., or for treatment of alcute infestations.

Who might benefit from this herbal supplement? Those who have parasite infestation or those who anticipate being exposed to para-

sites (travel, camping, etc.)
For Prevention, use 60 drops, 2 times per day for a few days before travel and throughout the travel time. Continue for a few days after returning.

For acute parasitic infection: 60 - 90 drops 3-4 times per day for 1

month, or until symptoms stop and then for a few more days. Commonly, one can go into a dormant phase of parasitic infection and one needs to continue taking Parasite Complex during this phase. It is common to need to take this for at least one full month in order to kill all parasites in all their phases (eggs to maturity). Phyto-Tech™ Parasite Complex contains Quassia Wood, Black

Green Walnut Hulls, Garrya Herb Fresh, Clove Bud, Bayberry Root Bark, Alcohol Pure Grain, Water Pure Deionized Phyto-Tech™ Parasite Complex can be used along with Phyto-Tech

Oregano Oil 70.

RECANCOSTAT POWDER

RESVERATROL ULTRA

Complimentary Formulas: Phyto-Tech Parasite Complex can be used along with Phyto-Tech Oregano Oil 70.

Phyto-Tech Parasite Complex 1 fl oz, Prod Code: 56960

#### Passion Flower 1:3

Passion Flower has historically been used as a mild sedative. It's effectiveness as a treatment for anxiety seems to be supported by modern research.

Who might benefit from this herbal supplement? Those who suffer from stress and anxiety; those who are overly restless; those who have trouble sleeping; those suffering from muscle pain due to conditions such as fibromyalgia, overexertion, or accidents.

Phyto-Tech™ Passion Flower 1:3 contains Passion Flower Herb (Passiflora incarnata), Grain Alcohol, Deionized Water, at a strength of 333 mg/ml (30 drops).

Passion Flower is a wonderful relaxing herb to the mind and musculature. It can facilitate sleep for those who have insomnia. It can help relieve muscle pain. It will calm a nervous individual and help them to become more centered. Passion Flower is also mildly antidepressant and mood elevating.

Dosage: 30-60 drops 2-3 times per day or as needed in juice or

1 fl oz, Prod Code: 57058

#### Pau D'Arco Bark 1:3

Most often used today as a treatment for systemic Candida yeast infections.

Who might benefit from this herbal supplement? Those suffering from Candida yeast infections; those suffering from weak immune

Phyto-Tech™ Pau D'Arco Bark 1:3 contains Pau D'Arco Bark (Tabebuia impetiginosa), Pure Grain Alcohol, Deionized Water, 200

Dosage: 20-40 drops, 2-3 times per day or as needed in water. 1 fl oz, Prod Code: 57004

#### Pelargonium

Pelargonium sidoides, also known as umckaloabo, is a member of the Geranium family and is native to South Africa.

Who would benefit from this herbal supplement? Those suffering from bronchitis, acute pharyngitis, or the common cold.

The use of Pelargonium sidoides extract is based on traditional use

# INTRODUCING DAIWA KRILL OIL!!

# A Dietary Supplement, New from Daiwa Health Development

#### WANT A BETTER ALTERNATIVE FOR OMEGA-3S THAN FISH OIL?

Try Daiwa Krill Oil, the purest, safest, most bio-available source of Omega-3s without the unpleasant after taste, fishy burbs, offensive smell and large capsule size typically associated with fish oil.

#### WHAT ARE THE ADVANTAGES OF KRILL OIL VERSUS FISH OIL?

In Daiwa Krill Oil, the EPA and DHA Omega-3s are bound to phospholipids, an important component of the cell membranes. In contrast, fish oil has EPA and DHA bound to triglycerides, a form of body fat which is stored for use as energy. Fish oil triglyceride Omega-3s don't disperse in water and can float to the top of the stomach fluids, resulting in fishy burps. By comparison, krill oil phospholipid Omega-3s do disperse in water, are easily absorbed, and are more bio-available than fish oil, with no fishy aftertaste.

In addition, Daiwa Krill Oil's small, red softgel is more powerful than a fish oil capsule, providing 10 times the antioxidant activity of fish oil for better joint health and mobility.\*

#### WHAT IS DAIWA KRILL OIL?

Daiwa Krill Oil is a super antioxidant\* composed of pure oil derived from Antarctic krill. Krill are plentiful, tiny, bright pink, shrimp-like crustaceans. Krill oil is the only marine oil that includes a combination of three (3) key substances the human body needs to function properly: omega-3 essential fatty acids (EPA and DHA), phospholipids and antioxidants including astaxanthin (a potent carotenoid that gives krill its red-orange color). Krill oil provides the body's best source of omega-3 essential fatty acids. It is rich in phospholipid EPA and DHA providing greater bio-availability, superior to fish oil.

Daiwa Krill are harvested responsibly.

#### WHY DAIWA KRILL OIL?

Daiwa is a brand name you can trust. Daiwa Krill Oil is produced by Daiwa Health Development, the same well established, science based company that provides the wondrous immune enhancer Peaklmmune4 with the proprietary, active ingredient Rice Bran Arabinoxylan Compound (RBAC).

#### WHAT BENEFITS CAN DAIWA KRILL OIL DELIVER?

In scientific research, krill oil is shown to:

- · Promote cardiovascular health\*
- · Deliver phospholipids Omega-3s, which disperse in water and are more easily absorbed in the stomach fluids than fish oil Omega-3s.
- · Convey no fishy aftertaste, often associated with fish oil
- Maintain blood lipids and healthy cholesterol levels already within normal range\*
- Help support central nervous system function\*
- Support joint health\*
- Promote brain health and healthy cognitive function\*
- Offer relief for women from PMS symptoms\*
- Ease the transition of menopause for mature women\*
- Provide support for the eyes and skin against ultra-violet light\*

Experience the benefits of Daiwa Krill Oil every day.

\*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease

by Zulu healers in the Eastern Cape province of South Africa, and has been known to modern science since the 1890s. The word "umckaloabo" is derived from the two Zulu words, "umkhuhlane" (fever and cough-related illnesses) and "uhlabo" (chest pain related to pleurisy) (16). In the early 1920s, the Englishman Charles Stevens traveled to South Africa for the treatment of his tuberculosis. He turned to a Basuto tribal healer who gave him a medicine derived from umckaloabo. He eventually recovered from his illness.

Extracts of the root have been available in German pharmacies since 1983 without prescription and have found widespread usage against infections of the sinus, throat, and respiratory tract. Each serving (one teaspoonful or 5 ml) contains the following:

Selectively Imported Pelargonium sidoides Root 1X 500 mg.
Dosage: Take one teaspoonful 2 times a day; can be taken every 2-3 hours when needed..

Reference: Natural Standard. The Authority on Integrative Medicine. (www.naturalstandard.com)

4 fl oz ~ Cherry Flavor, Prod Code: 57729

#### **Propolis Resin 1:5**

#### Who might benefit from this herbal supplement? Those suffering from microbial infections.

Propolis is a tree resin that the bees use to coat their hive. It prevents bacterial infection in the hive and keeps the bees healthy. Propolis is a very strong anti-microbial, bacterial and viral. It is important for the Propolis to be pretreated to remove lead toxicity as it naturally contains lead. Our Propolis is lead-free. Propolis is primarily an acute and first aid remedy. It is best in the acute mode of a cold or any other infection. Herbalists recommend Propolis for

bronchitis, pneumonia and other respiratory infections.

Dosage: General: 10-25 drops, 2-3 times per day or as needed in

Acute: 20-30 drops every 2 hours to fight infection. 1 fl oz, Prod Code: 57072

#### Reishi Mushroom 1:3

#### A powerful adaptogenic herb with proven immune enhancing activity.

Who might benefit from this herbal supplement? Those under constant, daily stress; those who suffer from frequent illness, those

undergoiing chemotherapy.
Phyto-Tech™ Reishi Mushroom 1:3 contains Red Reishi Mushroom, Pure Grain Alcohol, Deionized Water, 250 mg/ml (30

drops).
Reishi Mushroom is for those under daily stress and want to avoid

break down. Stress can bring on irritability, fatigue, weakened immune function, headaches, poor digestion, and elimination problems. Stress does not directly cause disease, but brings it on faster, usually along the lines of ones genetic, constitutional, predispositional or inherited weakness. Conversely, the release of stress promotes

healing.

Reishi Mushroom is best used over the long-term (one month or more). It can be valuable to those suffering from chronic fatigue syn-

Dosage: 20-60 drops, 2-3 times per day or as needed in juice or

1 fl oz, Prod Code: 57063

#### Relax AM

A blend of Kava Kava and other anti-anxiety, relaxing herbs that calm and sooth the mind without inducing drowsiness or mental fog. This is the perfect herbal supplement to use during the day, therefor, during periods of emotional stress.

Who might benefit from this herbal supplement? Those with anxiety, nervous irritability, panic attacks and over-active minds. Those under emotional stress. Those with insomnia due to over-activity and stress during the day. Those with performance anxiety, ranging from public speaking to sex. And those with mild depression associated with anxiety or severe stress.

For those with insomnia, Phyto-Tech Relax PM is a perfect supple-

ment to use along with this, in the evening.

Phyto-Tech™ Relax AM contains Kava Kava Root Vanuatu, Kava Kava Root Hawaiian, Passion Flower, St. John's Wort Flowers, Lobelia Herb Fresh, Pulsatilla Herb Fresh, Alcohol Pure Grain, Water Pure

Relax AM synergistically combines the wonderful benefits of Kava Kava with the potentiating benefits of the powerful anti-anxiety herbs Pulsatilla and fresh Lobelia extract. This formula reduces anxiety, nervous irritability, compulsive thinking and panic attacks. Similar in action to benzodiazipine drugs (valium, xanax, klonipin, halcion) Relax AM will calm and soothe the mind and soul when going through difficult times emotionally and mentally, yet does not interfere with cognitive function for staying alert and clear.

Relax AM helps insomnia when the mind will not calm down, yet one is tired or exhausted. It will help light sleepers by helping one go beyond REM sleep and into deeper sleep stages where rest and

Relax AM is calming, and appeals to those needing a safe way to

Relax AM may help reduce depression if associated with anxiety or severe stress

Relax AM can help performance anxiety from activities ranging from public speaking to sex

Complimentary Formulas: Phyto-Tech™ St. John's Complex (a blend of Fresh St. John's Wort Flowering Tops, Vanuatu Kava Kava Root, Damiana Herb, Ginkgo Leaf, and Fresh Pulsatilla Herb (if depression accompanies the anxi-

Phyto-Tech™ St. John's Wort 1:2 (if depression accompanies the

Phyto-Tech™ Relax PM (to help sedate the whole nervous system)
Phyto-Tech™ Ginseng Energy Blend (if exhaustion and deficiency is present)

1 fl oz, Prod Code: 56963 ~ 2 fl oz, Prod Code: 57019

#### Relax PM

A blend of Valerian and other herbs designed to promote sleep, relaxation and pain relief, especially in the evening and at night.

Who might benefit from this herbal supplement? Those with insomnia will find this supplement very helpful. It induces relaxation, lessens anxiety, and can reduce pain. It has a muscle relaxant action. Relax PM slows mental activity, and thus is best used at night. For daytime use, the Phyto-Tech™ Relax AM formula is recommended. Phyto-Tech™ Relax PM contains Valerian Root, Fresh, Hops

Strobiles, Kava Kava Root, Vanuatu, Passion Flower, Chamomile Flowers, Lobelia Herb, Fresh, Pulsatilla Herb, Fresh, Alcohol, Pure Grain, Water, Pure Deionized

Dosage: Sleep: 60 - 120 drops in water or juice every 30-60 minutes, 1/2 hour before bed time until asleep. Can repeat if wake up. OK with other sleeping aids or protocols. Acute Pain: 60 - 120 drops in water or juice every hour or as needed to control pain. General

Use: 30 - 60 drops in water or juice 2-3 times per day or as needed Complimentary Formulas: Phyto-Tech™ Relax AM or Phyto-Tech™ Anxiety Complex (if anxious or mind races, toss and turn)

Phyto-Tech<sup>™</sup> Valerian Root 1:2 (if need more sedation) Phyto-Tech<sup>™</sup> Kava Root 1:2 (if anxious or mind races) Phyto-Tech™ St. Johns Wort (for depression, pain) Phyto-Tech™ Relax PM, 1 fl oz, Prod Code: 56959 Phyto-Tech™ Relax PM, Alcohol Free, 1 fl oz, Prod Code: 57025

#### **Respiratory Complex**

A blend of antimicrobial, decongestant, bronchopulmonary healing herbs.

Who might benefit from this herbal supplement? Those suffering from acute colds, flue, sinus infections, asthma, bronchitis, pneumonia, and general lung congestion; those who smoke; those with excess mucous in the lungs; those who get sick easily and are exposed to sources of infection.

Phyto-Tech™ Respiratory Complex Veggie Caps contains Fresh

TRUTH IN LABELING

Osha Root, Fresh Yerba Santa Leaf, Lomatium Root, Garlic Bulb, Mullein Leaf, Thyme Herb, Licorice Root, Oregon Grape Root, Echinacea purpurea Flowering Tops, Wild Cherry Bark, Ginger Root, Oregano Oil.

Phyto-Tech™ Respiratory Complex Liquid, regular and alcohol free, is similar, but does not contain the Oregano Oil. Oregano Oil add some additional antimicrobial action to the blend.

Respiratory Complex is a great respiratory remedy for acute colds, flu, sinus infections, asthma, bronchitis, pneumonia, smokers' lung,

pneumocystis and general lung congestion. It is a powerful lung macrophage (white blood cell) stimulant to help the lung powerfully address viral and bacterial conditions. It helps clear the lungs of congestion in order to resolve lingering mucus that wants to be expelled. Herbalists believe that If mucus stays in the lungs too long, it becomes a breeding ground for viruses and bacteria to continually live, thus prolonging recovery from colds and flues.
For colds and flu, Respiratory Complex is a powerful and immedi-

ate lung white blood cell stimulant (Osha, Lomatium). Phlegm is loosened with Licorice, the chest cavity is opened with Lobelia, lungs relax with Wild Cherry and Mullein and Yerba Santa excites the lung cilia to remove the phlegm. This is especially good for spas-

tic cough.

The formula is very effective as a preventive for those who get sick easily and/or anticipate exposure to others who are sick. Taking Respiratory Complex, along with Echinacea, at the initial onset of a respiratory illness can be very effective in reducing the severity and duration of the condition.

Phyto-Tech™ Respiratory Complex ~ 1 fl oz, Prod Code: 56955 Phyto-Tech™ Respiratory Complex Alcohol Free 1 fl oz, Prod Code: 57027 Phyto-Tech™ Respiratory Complex, Child Friendly 1 fl oz, Prod Code: 56956 Phyto-Tech™ Respiratory Complex, Veggie Caps (Liquid Fill) 60 Caps, Prod Code: 57089

#### Rhodiola 5

Used for centuries in traditional Russian and Scandinavian medicine to increase physical endurance, work productivity, longevity, resistance to high altitude sickness, and to treat fatigue, depression, anemia, impotence, infertility, gastrointestinal complaints, infections and nervous system disorders.

Who might benefit from this herbal supplement? Those suffering from low energy or fatigue; those who suffer from mental fog, poor nemory, or learning problems; those who are looking to incre their stamina, endurance and athletic performance; those who are under high stress; those with sexual or fertility problems. Phyto-Tech $^{\mathsf{TM}}$  Rhodiola 5 contains Rhodiola Rosea standardized to 5% Kosavin, Alcohol Pure Grain, Water Pure Deionized.

Phyto-Tech™ Rhodiola 5 Standardized One Fl Oz, Prod Code: 57032

#### Saw Palmetto Berry 1:3

#### Perhaps the most researched, most effective herb for treating an enlarged prostate (BPH).

Who might benefit from this herbal supplement? Men with an enlarged prostate, or benign prostatic hyperplasia (BPH). Phyto-Tech™ Saw Palmetto Berry 1:3 contains Certified Organic Saw Palmetto Berries (Serenoa repens), Pure Grain Alcohol,

Deionized Water. Each 30 drops contains 333 mg. Saw Palmetto is the well known herb for swollen or enlarged prostate, commonly called benign prostatic hyperplasia (BPH) Symptoms of BPH range from difficult urination, dull ache, impotence, difficulty maintaining an erection, waking to urinate, urgency to urinate and precancerous blood chemistry such as elevated PSA's. It is thought that Saw Palmetto inhibits dihydrotestosterone, the

compound that causes prostate cells to multiply excessively. \*
Many herbalists consider Saw Palmetto to be a valuable male tonic to help maintain prostate health as men age.

Prostate inflammation is common in men over 50, especially those with a diet high in animal products and trans fatty acids. Prostate cancer is the second most common cancer in men. Prostate cancer is the male equivalent to uterine and ovarian cancer in women. Some believe that chronic BPH is a precursor to prostate cancer in some men. Saw Palmetto can be used as a preventative mens' tonic herb to help avoid the swelling in the first place. If one has BPH already, Saw Palmetto can reduce the inflammation to normalize the

Saw Palmetto is nontoxic and can be used long term.

Dosage: General preventative tonic: 30-60 drops, 2 times per day or as needed in juice or water; Stronger dose: 60-90 drops, 2-3

itimes per day in juice or water.

Note: Phyto-Tech™ Saw Palmetto Berry 1:3 is a full spectrum hydroalcoholic liquid extract, not a "standardized" liposterolic extract. It is not possible to make a direct dose comparison to "160 mg". liposterolic extract." Clinical and traditional evidence, however, would suggest the recommended 60 drop dosage, above, is equivalent to the 160 ml liposterolic dose.

\*Saw Palmeto contains several types of active compounds: sterols (such as beta-sitosterol), flavonoids (such as Isoquercitrin), water soluble polysaccharides, and fatty oils. This combination of botanicals exert antiandrogenic, antiestrogenic and antiinflammatory effects, all of which contribute to its action agains BPH. Ethanolic (alcohol) extracts contain all of the above. For this reason, many prefer a full spectrum extract.

1 fl oz, Prod Code: 57006

#### Silver Colloid Complex

## A combination containing Colloidal Silver 15ppm, Olive Leaf, and Wild Oregano Oil

Phyto-Tech™ Silver Colloid Complex contains the following: Colloidal silver 15ppm, Olive Leaf, Wild Oregano Oil (70% Carvacrol), Deionized Water, Pure Grain Alcohol, Non-GMO Soy

There is an ongoing and unresolved debate over whether colloidal or ionic silver particles are more effective at killing pathogens. Studies show both as begin effective for the conditions discussed here. At the same time, there is some debate over whether or not

the marketing claims for Colloidal Silver are overly enthusiastic. Silver Colloid Complex addressed both of these concerns. It employs a combination of both colloidal and ionic particles with a size of 15 ppm. A small particle size is important for the body to be able to absorb and circulate. With particle sizes larger than 30 ppm, a condition called argyria can occur. Argyria causes a bluish-gray discoloration of the skin, other organs, deep tissues, nails and gums. In addition, Silver Colloid Complex is combined with Olive Leaf

and Oregano Oil for added immune power. Olive Leaf is known for its effectiveness in fighting infections and supporting overall immuni-ty. The key active ingredients of Olive Leaf are the iridoide monoterpenes or oleuropein. It is a powerful anti-microbial for bacteria and viral infections. Oleuropein is converted into elenoic acid in the body which may prevent viruses and bacteria from replicating. Oregano Oil is an anti-microbial that has an immediate impact on acute germ inundation. It is a broad spectrum and powerful. Research has found the phenol Carvacrol to be the active compound in Oregano Oil that gives it its powerful ability to kill bacteria,

pound in Oregano On that gives it its powerful ability to kill bacteria, fungus, candida, and parasites.

Phyto-Tech™ Silver Colloid Complex can be used on a daily basis as a preventative against illness, or it can be used once one is ill to support the body and speed healing. It is a broad-spectrum antimicrobial that can be taken internally for colds, flu, coughs, candidasis, and parasites. It is also an effective external treatment for sore the state infected wayned as the state of the state throats, infected wounds, acne, athletes toot, diaper rash, gum disease, nail fungus, and psoriasis. It is a great traveling aid, especially when traveling to third world countries.

#### Men's Health: Nutrients Ease **Pain In Cancer Treatment, Lower Chronic Inflammation**

#### Cranberry Capsules Ease Pain

Men taking radiation treatment for prostate cancer often have an inflamed bladder, called cystitis, as a side effect. Because cranberry helps maintain urinary tract health, doctors wanted to test its effect on this con-

During the radiation treatment, 41 men took a cranberry capsule containing 72 mg of proanthocyanidins per day, or a placebo, and continued for two weeks afterwards. In the placebo group, 90 percent of the men developed cystitis compared to 65 percent for those who took cranberry. Also, men in the placebo group were 50 percent more likely to have severe symptoms, and overall, symptoms were less severe for the men who took cranberry.

Reference: Supportive Care in Cancer; 2015, Vol. 23, No. 1, 95-102

#### **Ubiquinol Reduces Inflammation**

Inflammation is often the first sign of chronic disease, and reducing inflammation may improve chances for staying healthy. Doctors were interested in a particular liver enzyme, called GGT, which is an early and

sensitive signal for inflammation and oxidative stress.

In the first part of this study, researchers compared levels of ubiquinol—also known as CoQ10—and GGT, in 416 healthy men and women, aged 19 to 62. As levels of ubiquinol increased, GGT activity decreased, meaning less inflammation.

In the second phase, 53 healthy men, aged 21 to 48, took 150 mg of ubiquinol per day for 14 days. Compared to the beginning of the second phase, GGT activity decreased 13 percent, and levels of CoQ10 increased by more than four times. Also, the rate of oxidative cell damage declined by 20.5 percent. suggesting ubiquinol reduces chronic inflam-

#### **Two New Studies Reveal Vitamin** D Benefits In Adult Asthma

#### Vitamin D Helps Control Asthma Flares

Many of the earlier studies on asthma have focused on young children. This large new study is unique because the young adults who participated did not have other diseases that could complicate the findings.

Doctors compared levels of vitamin D and asthma in 308,000 men and women, aged 22 to 50. About one in 14 had asthma, and vitamin D levels were similar between those with and without asthma. But those with asthma who were also deficient in vitamin D were 25 percent more likely to have severe asthma symptoms, called flares or exacerbations. These included needing prescription oral corticosteroids, more than five prescriptions for rescue inhalers, and more than four visits to a doctor for treatment.

Reference: Allergy; 2014, Vol. 69, No. 12, 1673-80

#### Vitamin D Eased Asthma In Older Adults

Very few studies have been done on asthma in older adults. In this pilot study, 28 men and women aged 65 to 84 with asthma took 2,000 IU of vitamin D per day.

Those with uncontrolled asthma symptoms started the study with vitamin D levels 26 percent below the levels of those whose asthma was well controlled. After 12 weeks, circulating levels of vitamin D had increased for everyone by an average of 40 percent, rising to 34 from 24.3 nanograms per milliliter of blood overall.

In addition, symptom scores for those with uncontrolled asthma improved to the level of "good control." Doctors said even without a placebo group, the findings appear to confirm that vitamin D helps control asthma symptoms in older adults.

## Willner Chemists Phyto-Tech™ Herbal Supplements

#### Sinus Allergy Blend

Traditional Chinese Herbal Formula

1 fl oz, Prod Code: 56982

#### Sinus Decongest

A blend of herbs that exert an immediate, dramatic effect on the sinus area. These herbs are pungent and aromatic, producing vapors that open and dilate the sinus passageways. This facilitates breathing, drainage and helps fight microbial growth. It produces a short term intensity that is followed by a more mellow, warming sensation in the sinus area. Sunus Decongest will open even the most stubborn and clogges sinus cavity. It can be used many times during the day to help maintain breathing and sinus drainage.

Who might benefit from this herbal formula? Those suffering from sinus infections, sinus headaches, cold and flu, congestion from allergies and environmental toxins. Those who snore. Those with conges-

It is best to inhale deeply right after taking Phyto-Tech™Sinus Decongest. The deeper one inhales, the more effecive the result. General Dosage: Take 15-30 drops directly in mouth, or in water or juice as soon as is needed. Take 1-3 times per day and up to

evéry 3 hours when needed.

Acute infection: Take every 30 minutes to 2 hours until relief

Phyto-Tech™ Sinus Decongest contains: Horseradish Root Fresh, Spilanthes Herb Fresh, Echinacea angustifolia Root, Elderberry, Peppermint Oil, Olive Leaf, Horehound Herb, Garlic, Licorice Root, Cayenne Fruit, Boneset Herb, Osha Root Fresh, Andrographis Herb, Onion, Yarrow Herb, Goldenseal Root, Wild Cherry Bark, Water Pure Deionized, Alcohol Pure Grain, Glycerin Vegetable, Honey.

How does it work? Peppermint Oil and Fresh Organic Horseradish pulls the action up and into the sinus while the pungency of Cayenne, Garlic Onion and Horseradish increase circulation. Since the sinus cavity has poor circulation in general, this increase allows immune compounds in the blood to fight infection. The additional Immuno-Stimulating action of Echinacea, Spilanthes, Goldenseal, Elderberry, Garlic, Olive and Fresh Osha help stimulate the body to fight off microbial inundation and assist in healing. Decongesting herbs like Horehound, Licorice, Wild Cherry and Osha also help clant the lungs. Sinus Decongest helps to thin, thick and infected clean the lungs. Sinus Decongest helps to thin, thick and infected mucus and expectorate it out. In this way, it can help resolve an unproductive cough. Fever managing herbs like Boneset, Yarrow, Osha, Andrographis and Peppermint also help reestablish immune

Complimentary Formulas: Phyto-Tech Sinus Decongest is synergistic with other immune formulas to increase immune stimulation. Combine with Echinacea Goldenseal (Phyto-Tech Echina Acute

Complex) or Phyto-Tech Oregano Oil 70 to additionally stimulate white blood cell activity. For lung congestion or sore throats, combine with Phyto-Tech Respiratory Complex. For long-term immune weakness, combine with Phyto-Tech Immune Complex or Phyto-Tech Elderberry 1:2.

Phyto-Tech Sinus Decongest, 1 fl oz, Prod Code:56941

#### Skullcap 1:2

1 fl oz, Prod Code: 57064

#### Sleep Complex

Phyto-Tech™ Sleep Complex with Melatonin

A sleep aid or deep relaxation formula, useful as a general sedative and analgesic. This formula combines the best herbal sleep aids with Melatonin.

Who can benefit from this supplement? Those who have problems falling asleep and staying asleep throughout the night, including those who cannot sleep or rest due to pain or anxiety.

Phyto-Tech™ Sleep Complex with Melatonin capsules contains the

following herbs: Valerian Root, Hops Strobiles, Fresh Skullcap Herb, Passion Flower Herb, Chamomile Flower, Fresh California Poppy

Herb and Melatonin, 3 mg.
Phyto-Tech™ Sleep Complex with Melatonin Liquid Herbal Extract contains the following herbs: Valerian Root, Fresh Skullcap Herb, Hops Strobiles, Passion Flower Herb, Fresh California Poppy Herb,

Chamomile Flower, and Melatonin, 3 mg.
Sleep Complex with Melatonin comes in two forms—a liquid herbal extract, and a liquid filled Veggie Capsule. The liquid contain 425 mg per 30 drops and 3 mg Melatonin, while the liquid filled Veggie Cap contains 1,000 mg per capsule and 3 mg Melatonin. For the liquid, take 30 drops in water about 15 minutes before

bedtime. This can be repeated every 20 minutes, if necessary. For the liquid filled Veggie Cap, take one capsule about 30 minutes before bedtime. Two capsules can be used if necessary. Repeat if needed, or if you wake up during the night.
This herbal supplement can be used along with other sleeping

1 fl oz - Prod Code: 57028

60 liquid filled Veggie Caps, Prod Code: 57045

#### Spilanthes 1:2

An herb with a long folk history of use in treating dry mouth, toothache, and various types of gum disease. More recently, it have been investigated for its antibacterial and antifungal action, along with antioxidant and anti-inflammatory activity

Who might benefit from this herbal supplement? Those with dry mouth. Those with gum disease, bad breath, an altered sense of taste, thick saliva, cracked lips or split skin at the corners of the mouth. Those with fungal infections in the mouth. Those with sore

Phyto-Tech™ Spilanthes is composed of Spilanthes Flower Tops Fresh, Alcohol Pure Grain, Water Pure Deionized.

Phyto-Tech Spilanthes, 1 fl oz, Prod Code: 57487

#### St John's Complex

A synergistice blend of herbs designed to reduce mild depression and elevate mood.

Who might benefit from this supplement? Those with mild depression, mood swings, lethargy; those who are "feeling down;" those with a depressed libido.
Phyto-Tech™ St. John's Complex contains a blend of Fresh St.

John's Wort Flowering Tops, Vanuatu Kava Kava Root, Damiana Herb, Ginkgo Leaf, Fresh Pulsatilla Herb, Pure Grain Alcohol, Deionized Water

Those who feel flat or have lowered passion and vital energy can use St. John's Complex. Many people do not have clinical deores-sion, but do feel deflated and a bit down on a daily basis. These people can use this safe remedy. While some will feel immediate effects (most likely form the other ingredients besides the St. John's Wort), full benefits are realized after one month of continual use.

Effects can take effect in as soon as 2 weeks, but 4 weeks is more common. It is best used as a long-term tonic over 1 month. It can also be used very long term.

Caution: not intended for severe depression; do not take during pregnancy or while nursing; do not combine with prescription antidepressant medication.

Dosage: Generally: 20-60 drops, 2-3 times per day in juice or

1 fl oz, Prod Code: 57075

#### St John's Wort 1:2

St. John's Wort is indicated for mild to moderate depression. It is safe and can be used long term.

#### Stay Well Complex

Child Friendly. A great family immune booster for use at the first sign of cold or flu. The addition of Elderberry and Vitamin C to two forms of Echinacea results in enhanced efficacy.

Who can benefit from this herbal supplement? Children and their family members who want to prevent the spread and worsening of

cold and flu infection. Those who frequently catch colds.

At the first threat of the onset of a cold or flu, give large frequent doses over the course of one day for an immediate effect. It is safe to repeat doses every 2 hours when on the edge of getting sick. Contrary to popular myth, Echinacea will remain effective for months with daily use. This is why Echinacea has become famous and is indicated for children who get repeated colds season after season. It is also indicated for adults and the elderly.

The addition of Elderberry increases efficacy for use for symptoms of a cold, flu or influenza. It should help reduce these symptoms and

their duration.
Phyto-Tech™ Stay Well Complex is not diluted but is instead, a full

strength extract suitable for adults as well.

Contains Fresh Echinacea angustifolia Root, Fresh Echinacea purpurea Flower, Elderberry Berry, Vitamin C (ascorbic acid) 20 mg./ml., Vegetable Glycerin, Deionized Water, Honey.

Caution: Due to the honey content, this product is not recommended for children under two years of age.

Dosage: (by weight) If 10-30 lb., use 10-20 drops; if 31-60 lb., use 20-40 drops; if 61-100 lb., use 40-60 drops; if over 100 lb. Use 60-90 drops. Take appropriate dose 2-3 times per day or as needed in juice or water. Direct dosing in the mouth is OK, but taste is improved if added to juice.

1 fl oz, Prod Code: 56976

#### Stevia Extract 90

Stevia Leaf Extract, standardized to 90% Steviosides. A very pleasant tasting, sweet herb, with no bitter aftertaste.

Who can benefit from this herb? Those with blood sugar swings, diabetes, obesity, hypertension.

Dosage: Add 2-8 drops as needed. Each ml. of Phyto-Tech™ Stevia Extract 90 is equivalent to 300 mg of Stevia. All are 100%

2 fl oz - Prod Code: 56940 1 fl oz, Prod Code: 56943

If you have a medical problem, you should seek medical help. Products described herein are not intended to diagnose, treat, cure or mitigate disease.

Many of these herbs have a long tradition of use in naturopathic medicine for many toxic conditions. Using Systemic Detox will result in blood and tissue cleansing through stimulating the organs that do this innately, including the liver, urinary tract, skin, lymph and bowels. Herbs do not really cleanse the blood and tissues but instead, stimulate the organs to increase the rate in which they do this naturally. Systemic Detox will help in the elimination of cellular metabolic waste, dietary toxemia and environmental toxins. It is indicated for internally and externally generated toxins. Detoxify

helps stimulate organs that eliminate the toxemia from drug usage. It can be used in larger more frequent doses if a faster cleanse is desired, or in moderate doses for a slower cleanse.

Caution: Temporary discomfort can occur during "detoxification" protocols. The value and efficacy of "detoxification" is somewhat controversial, and may not be supported by medical evidence.

This product is contraindicated during pregnancy and nursing. This product may affect the rate of metabolic breakdown of certain medications, expecially those metabolized in the liver--consult a physician if you are taking such medications.

As these herbs can increase bile from the liver for fat digestion and

hydrochloric acid from the stomach for protein digestion, thereby decrease metabolic waste form incomplete digestion. This will assist those who need digestive enzymes. As a consequence of increased those who need digestive enzymes. As a consequence of increased innate digestive enzyme output, peristalsis will increase to help assist normal healthy bowel function. It is not so much a laxative as a regulating agent for sluggish bowels.

Dosage: Regular cleansing: 15-60 drops 2 to 3 times per day in juice or water; Fast cleanse: Take up to 3 squirts (1 squirt is 30 drops) 4 to 6 times per day in a little water; Overall, adjust the dose

to the intensity of the cleansing process and pace desired.

Complementary Formulas:

For more focus on the liver, add Phyto-Tech™ Liver Support for-

For additional digestive system focus, add Phyto-Tech™ Digest Stim Complex.

1 fl oz, Prod Code:  $56970 \sim 1$  fl oz, Alcohol Free, Prod Code: 57078

#### **Throat Spray**

#### A soothing, healing spray for sore and irritated throats.

Who might benefit from this herbal supplement? Those with sore and irritated throats due to sickness or over-use; those whose throats are raw and sore from lecturing, yelling, singing, excessive talking, dry air, etc; those with sore throats due to cold or flu.

Phyto-Tech™ Throat Spray contains the following: Fresh Osha Root, Echinacea angustifolia Root, Propolis, Thyme Herb, Fresh Spilanthes Flower, Fresh Ginger Root, Licorice Root, Aloe Vera, Vegetable Glycerin, Deionized Water, Organic Honey, Natural Flavors (Raspberry and Mint)

Throat Spray can be used as a preventive measure, i.e. before lecturing, flying on airplanes, contact with sick people, etc, or at the

first onset of a respiratory illness.

For colds and flu, Throat Spray is a powerful and immediate lung white blood cell stimulant (Osha, Propolis). Phlegm is loosened with Unicorice and the lungs are opened with Osha. Thyme is specific for throat infections while Propolis coats and helps create an immune barrier. General immunity is stimulated with Echinacea and Spilanthes. Both of those herbs also increase saliva, which pH cor-

with Ultra Glucose Control

A Breakthrough in Glucose Control Management

RATIO-BALANCED NUTRIENTS

**BRANCHED-CHAIN AMINO ACIDS** 

AMYLOPECTIN ENRICHED

**PROLONGED SATIETY** 

#### Take Control in Managing Glucose Response

Illtra Glucose Control

Uncontrolled blood sugar affects approximately 160 million Americans.¹ Now you can help take control with Ultra Glucose Control, the next generation of medical foods designed for patients who need additional support for blood sugar management.

Ultra Glucose Control

This unique formula delivers a ratio-balanced combination of carbohydrates, protein, and fat (40-30-30) consistent with clinical centers.<sup>2,3</sup> Ultra Glucose Control also features MetaRelease™—a proprietary blend of slow-release, complex carbohydrates (UCAN SuperStarch™) and fiber—and a pea/rice protein blend enriched with branched-chain amino acids to support sustained energy release, satiation, and muscle-building capacity. Plus, it provides 22 essential vitamins and minerals to support overall health.

# New Formula -- Higher Potency, Veggie Capsule Antiox Phyto Complex II

Some of the most powerful, broad-spectrum antioxidants are those found in plants. This supplement contains a blend of several of the most potent plant-derived phyto-antioxidants available, in a high potency, professional strength veggie cap.

Description: Phyto-Tech Antiox Phyto Complex II is a blend of powerful plant-derived (phyto) antioxidants. Most health problems are either directly or indirectly related to oxidative (free-radical) damage. While vitamins and minerals (vitamin C, vitamin E and selenium, for example) are antioxidants, it is now recognized that phytoantioxidants, rich in a broad spectrum of flavonoids, polyphenols, anthocyanidins, etc are the most powerful.

Ingredients: Each 375 mg Capsule contains the following: Acai Berry Extract 4:1, 75 mg; Mangosteen Fruit Extract, 75 mg (10% Mangostin); Goji Berry Extract 75 mg (40%

Ingredients: Each 375 mg Capsule contains the following: Acai Berry Extract 4:1, 75 mg; Mangosteen Fruit Extract, 75 mg (10% Mangostin); Goji Berry Extract 75 mg (40% Polysaccharides); Pomegranate 75 mg, (40% Ellagic Acid); Green Tea Leaf Extract 30 mg (98% Polyphenols, 50% EGCG); Grape Skin Extract, 30 mg (50% Polyphenols); Grape Seed Extract, 15 mg (95% Proanthocyanidin); Cellulose Modified Vegetable,

100% Vegetarian - Manufactured in an FDA Registered, GMP Certified facility.

New, High Potency Atiox Phyto Complex II 375 mg Veggie Caps

90 Veggie Caps - Prod Code 63745

Indications: Who might benefit from this herbal supplement? Those who desire protection against everyday toxins—dietary, environmental and chemical; those with current health problems, those under high amounts of stress, smokers or those exposed to second-hand smoke, and anyone who lives .or is exposed to a toxic lifestyle; those who are at risk to the various degenerative diseases associated with aging, including cancer, cardiovascular disease, cognitive impairment, Alzheimer's disease, immune dysfunction, cataracts, and macular degeneration; those who want to live a longer, healthier life. Antiox Phyto Complex II is the perfect supplement to take along with your multivitamin/multimineral supplement. (see full details on page 14)

Looking For A Stronger Antioxidant Supplement?

#### Product Reference Guide:

#### Willner Chemists Phyto-Tech™ Herbal Supplements

rects the mouth and throat to prevent bacteria penetration. As long as saliva and healthy mucus cover the throat, microorganisms such as Strep and influenza will have a harder time penetrating tissue and moving into the body. Licorice, Aloe Vera and honey help to coat mucosal tissue like the throat as demulcents. Ginger increases blood supply to the respiratory tract to bring in innate immunity and help resolve an infection.

Throat Spray may be helpful to athletes, asthmatic and those exposed to high altitudes as Osha will increase oxygen uptake. It is great for high altitude sports. Osha brings blood into the capillaries of the lungs, thus facilitating oxygen uptake via hemoglobin.

1 fl oz, Alcohol Free Spray, Prod Code: 56957

#### **Turmeric Root 1:1.5**

Phyto-Tech™ Turmeric Root 1:1.5 is one of the most potent antiinflammatory herbs. Turmeric (Curcuma longa) contains curcumin, a powerful antioxidant and antiinflammatory agent.

Who might benefit from this herbal supplement? Those who suffer from inflammatory conditions, including joint pain, atherosclerosis, bursitis, osteoarthrits; those who suffer from auto-immune disorders, ranging from rheumatoid arthritis to Crohn's disease; Those who suffer from ulcerative colitis, and indigestion; those who suffer from liver disorders.

Phyto-Tech Turmeric Root 1:1.5 is one of the most potent antiinflammatory herbs. Turmeric (Curcuma longa) contains curcumin, a powerful antioxidant and antiinflammatory agent. It works by keeping naturally occurring levels of cortisone at higher blood levels, thus producing a systemic anti-inflammatory effect. This can help conditions ranging from all auto-immune disorders (MS, lupus, psoriasis, asthma, arthritis--osteo asnd rheumatoid) to any condition where cortico-steroid drug use is indicated. This includes Crohn's disease, colitis and bursitis.

Phyto-Tech™ Turmeric Root 1:1.5 contains Certified Organic Fresh Turmeric Root (Curcuma longa), 667 mg per Serving, Alcohol Pure Grain, Water Pure Deionized.

Also available as a vegetarian capsule. Each Tumeric capsule contain 450 mg of Standardized (95% Curcumanoids) Turmeric Root, along with 5 mg of Bioperine for enhanced absorption.

Phyto-Tech™ Turmeric Root 1:1.5 - 1 fl oz ~ Prod Code: 57016 Phyto-Tech Turmeric Root 60 Veggie Caps - Prod Code: 60137

#### **Urinary Kidney Complex**

A blend of herbs effective against urinary tract infections--acute and chronic.

Who might benefit from this herb? Those with urinary tract infections, both acute and chronic.

Phyto-Tech™Urinary Kidney Complex contains the following: Uva

Ursi Leaf, Nettle Leaf, Fresh Dandelion Root, Juniper Berries, Fresh Marshmallow Root, Horsetail Herb, Fresh Ginger Root, Grain Alcohol, Deionized Water

The Uva Ursi is germicidal in the urinary tract. Juniper and Myrrh are also strong antibacterial herbs for the urinary tract. It is important to increase the flow of urine to wash out the urinary tract. This is facilitated by the addition of Dandelion, Nettle. It helps to drink large amounts of water as well. The Marshmallow is a soothing herb to the mucosa of the urinary tract to help decrease pain and discom-

Dosage: General: 20-40 drops, 2-3 times per day or as needed in

For acute infection: 60-90 drops every 3-4 hours in juice or water 1 fl oz, Prod Code: 56990

#### Uva Ursi Leaf 1:3

#### A powerful urinary tract antiseptic and diuretic.

Who might benefit from this herb? Those with urinary tract infec-

Phyto-Tech™ Uva Ursi Leaf contains arbutin, which is thought to be responsible for the herbs powerful urinary tract antiseptic properties. It is best used short term,, for acute situations, for up to 2-3 weeks. It is often combined with cranberry juice to acidify the urine. It also exhibits diuretic properties, and helps to flush the urinary

Dosage: 30-60 drops 2-3 times per day or as needed in juice or water. Can increase dose to 4-5 times per day in very acuté situations for a few days.

1 fl oz, Prod Code: 57042

#### Valerian Root 1:2

Valerian has been used as a sedative and anti-anxiety treatment for more than 2,000 years. Valerian extracts were widely used in the U.S. and Europe, until replaced by prescription sedative

Who might benefit from this herbal supplements? Valerian has a long history of use as a sedative and sleep aid. Many consider Valerian to be the strongest western herbal central nervous system sedative. Valerian will quiet a busy mind. It can promote sleep for those who cannot fall asleep and helps those who wake up in the middle of the night. Repeat the doses as needed within a night to facilitate sleep. The liquid is significantly faster in action compared to a tablet or capsule, which must be digested before it can be absorbed, so liquids are preferred for fastest action. It will help calm one down when going through difficult emotional and mental times or when in therapy and in turmoil. Taking Valerian during the day can make one feel tired, sedated or a little out of it. Thus, caution is

advised. This can sometimes be controlled my altering the dosage. Many consider valerian to be the strongest western herbal

painkiller as well. It will reduce pain in the musculo-skeletal system (i.e. muscle and joint pain from injury, accidents, work outs, surgeries). Valerian may be enough to control pain after relatively mild surgeries or dental procedures. It is also a smooth muscle relaxer for pain from menstrual cramps, digestive cramps, gall bladder and kidney stones. According to herbalists, Valerian will not remove all pain like a pharmaceutical pain killer but will instead, reduce the percent of pain recognition by 10-50%.

Contrary to popular belief, Valium was not derived from Valerian.

They sound alike and are used for similar conditions, but are not related. The generally acknowledged active constituent, especially for purposes of standardization, is valerenic acid, Phyto-Tech™ Valerian Root 1:2 contains Fresh Valerian Root, 500

mg/ml.
Also available in vegetarian capsule form. Each Phyto-Tech

Valerian Veggie Cap contains 500 mg of certified organic Valerian

1 fl oz, - Prod Code: 56951 1 fl oz, Alcohol Free - Prod Code: 56978 90 Veggie Caps - Prod Code: 60138

#### White Willow Bark 1:2

White Willow is one of the herbs originally associated with aspirin. White Willow (and Meadowsweet) contains salicin, a substance that reduces pain and inflammation. A chemical derivative of salicin, acetylsalicic acid, is aspirin. Like aspirin, White Willow has a mild "blood thinning" action, which is usually considered beneficial to the heart and circulatory system.

Who might benefit from this herbal supplement? Those who need relief from pain, including headache pain, arthritic or joint pain, etc. Phyto-Tech™ White Willow Bark 1:2 contains White Willow Bark, Alcohol, Pure Grain, Water, Pure Deionized

Phyto-Tech™ White Willow Bark 1:2 1 fl oz, Prod Code: 57044

#### Women's Energy Tonic

A combination of herbs that function as adaptogens, hormone balancers and circulatory stimulants.

Who might benefit from this herbal supplement? Those women that help optimizing hormone balance; those women seeking an increase in energy and vitality; those women who need protection against the negative effect of stress; those women with mood swings, irritability, fatigue, PMS, stress, low libido and mild depression.

#### **Live Longer With Fiber**

Doctors in this study were interested in the effects of diet on those with higher chances of heart disease. The 7,216 older men and women started the study without heart disease but had other health factors that included type 2 diabetes, smoking, treated or untreated high blood pressure, high LDL (bad) or low HDL (good) cholesterols, overweight, or family history of heart disease.

Over a 9-year follow-up period, those who consumed at least 35 grams of fiber per day were 41 percent less likely to have died from any cause compared to those who got less than 17 grams of fiber per day.

Reference: American Journal of Clinical Nutrition; September, 2014, Published Online

#### **Nutrients Improved Circulation And Reduced Inflammation In Two New Studies**

#### Creatine Improved Circulation, Lowered Blood Pressure

Athletes have traditionally used creatine to build strength and speed for short bursts of high-intensity exercise, but few studies have tested creatine for its effects on circulation. In this study, 40 healthy, moderately active men, average age 28, took 20 grams of creatine per day.

After one week, while there was little or no change in resting pulse, body mass, and signs of inflammation, systolic and diastolic blood pressure decreased by 1.8 and 1.5 mmHg, respectively.

Blood flow through the smallest blood vessels, known as capillaries, improved, and density of capillaries nearest the skin also increased, contributing to better blood circulation. Doctors now plan studies in those with impaired circulation.

Reference: Nutrition Journal; 2014, Vol. 13, No. 115, 1475-2891

#### Glucosamine And Chondroitin Reduced Signs Of Systemic Inflammation

Earlier lab studies found glucosamine and chondroitin have anti-inflammatory properties, but there are few studies of the effects of these nutrients in humans. In this study, doctors measured signs of inflammation in 217 men and women, aged 50 to 75, who were, or were not, taking glucosamine or chondroitin supplements.

Compared to those who did not take chondroitin supplements, men and women who took chondroitin an average of twice per day had levels of the inflammatory factor-highsensitivity C-reactive protein—that were 36 percent lower than non-users. For glucosamine, compared to participants who did not take a supplement, regular glucosamine users had levels of high-sensitivity C-reactive protein 28 percent lower than non-users.

The researchers also measured a second inflammatory factor, prostaglandin E2, and found similar lower levels in both glucosamine and chondroitin users compared to

#### Willner Chemists Phyto-Tech™ Herbal Supplements Product Reference Guide:

Phyto-Tech™ Women's Energy Tonic contains the following: Dong Quai root, Ashwagandha Root, Damiana Leaf, Gotu Kola Leaf, Fresh Ginkgo Leaf, Chaste Tree Berry, American Ginseng Root, Grain Alcohol and Pure Deionized Water.

Dong Quai and Chaste Tree Berry are popular herbs used for many menstrual irregularities. These herbs help regulate menstrual cycles, treat hot flashes, PMS, mood swings, bloating and infertility. Ashwagandha and American Ginseng are adaptogenic herbs that increase vicor, energy, vitality and resistance to illness and environ-

increase vigor, energy, vitality and resistance to illness and environmental stresses. Together, these two herbs work synergistically to prevent breakdown under stress and to also rejuvenate and restore

Damiana has been called the "lover's herb" due to its traditional use as an aphrodisiac. It supports both female and male sexuality by carrying oxygen and increasing circulation to the genital area. It has also been used for strengthening and stimulating the nervous system and boosting mental and physical endurance.

Gotu Kola has been traditionally used as an energizing, cognitive stimulating herb for use in fatigue, cognitive insufficiency and mood

Phyto-Tech™ Women's Energy Tonic can be used for occasional hormonal disturbances, but is best used as a tonic over an extended period of time (at least 3 months).

Dosage: 40-60 drops in juice or water, 2-3 times per day or as

1 fl oz, Prod Code: 57086

#### Wormwood

Traditionally used by herbalists as a bitter, to improve digestion, to fight worm or parasite infestations, and as a treatment for liver and gallbladder probems.

1 fl oz, Prod Code: 57056

#### Yin Chiao Plus

A traditional Chinese Liquid Herbal Formula, traditionally used at the first sign of the common cold or flu. Can also be helpful as a preventive measure after suspected exposure to cold or flu.

Phyto-Tech™ Yin Chiao Plus contains the following herbs: Botanical Names: Isatis indigota Root, Ilex asprella Root, Chrysanthemum morifolium Flower, Forsythia suspensa Fruit, Lonicera japonica Flower, Lophatherum gracile Herb, Pueraria lobata Root, Schizonepeta tenuifolia Herb, Grain Alcohol, Deionized Water Pinyin Names: Ban Lan Gen, Gang Mei Gen, Ju Hua, Lian Qiao, Jin Yin Hua, Dan Zhu Ye, Ge Gen, Jing Jie

For those with knowledge of Traditional Chinese Medicine, this formula Disperses Wind Heat, Clears heat, and resolves toxins.

Combines Yin Qiao San (Wu Jutang, 1798.) and Gan Mao Ling.
This formula is a traditional Yin Chiao blend, but here it mixes in the herbs from the Gan Mao Ling fame.
This is an extremely effective medicine if taken as soon as symp-

toms appear. Efficacy will lessen by the third day. Four of the herbs are very powerful antivirals: Isatis, Ilex, Lonicera and Forsythia. Other herbs are symptomatic for aching neck, headache, and nasal

congestion.

Begin taking a half hour before entering airports, airplanes, terminals, or crowded public facilities.

Yin Chiao Plus is not appropriate once the illness enters the lungs and cough is present.

Adding Echinacea at 1 teaspoon of the liquid extract three times in the day will also help.

1 fl oz, Prod Code: 56993

#### Yohimbe Bark 1:3

Yohimbe Bark is a well known treatment form male impotence and is traditionally used as an aphrodisiac.

Who might benefit from this herbal supplement? Those men suf-

fering from impotence and inability to perform. Yohimbe is for impotence in men. It increases blood flow into the penis and can help sustain an erection. It can help men who cannot get an erection and for those who cannot maintain an erection. Constant use of Yohimbe, however, can create irritability and aggravate the prostate. Try to not use it more than a few days in a row. It is possible to have success if used the day results are desired. If the impotence is not a vascular problem, Yohimbe will not work. If stress is a related issue, add Kava Kava Root.

Phyto-Tech™ Yohimbe Bark 1:3 is a tincture of Yohimbe Bark (Pausinystalia yohimbe), in pure grain alcohol and deionized water. It provided 333 mg/ml (30 drops).

More potent preparations, typically containing higher, standardized levels of the alkaloid yohimbine, are available, but these products are best used only under the supervision of a physician. High doses of the yohimbine alkaloid can cause potentially dangerous

Yohimbe bark (not yohimbine alkaloid) has a long history of use for many conditions.

The following dosage for Phyto-Tech™ Yohimbe Bark 1:3 is recommended: For chronic impotence, take 15-30 drops 2-3 times daily, or as needed, in juice or water. For more immediate results, take 20-40 drops, once or twice, only, within a day's time.
Cautions: Use caution if you have high blood pressure; do not use

Important Notice: The information given here is designed to help you make informed decisions about your health, and the proper use of dietary supplements. It is not intended as a substitute for medical advice, nor a substitute for any treatment that may have been prescribed by your doctor. If you have a medical problem, you should seek medical help. Who knows what might have happened if they had vitamin supplements back in those days?

Don't take any chances. **Ensure optimal health by** taking the appropriate nutritional supplements.

At the very least, take plenty of calcium, magnesium and vitamin D. Strong bones may be more important than you think!

#### ... continued from page 36

gest larger placebo-controlled studies to confirm these results.

Reference: European Journal of Clinical Nutrition; February, 2015, Published Online

#### Glucosamine And Chondroitin

To test the effect of glucosamine and chondroitin on chronic inflammation, doctors gave 18 healthy but overweight men and women a placebo or 1,500 mg of glucosamine hydrochloride plus 1,200 mg of chondroitin sulfate per day. The study had two 28-day phases, where each group took the placebo or glucosamine and chondroitin, and then switched for the second 28-day phase.

While there were no changes during the placebo phases, during the glucosamine and chondroitin phases, CRP levels declined by an average of 23 percent. Doctors said that the results are consistent with earlier studies that found a link between glucosamine and chondroitin and circulating levels of CRP, but that a major strength of this study is that participants were healthy and free of any underlying conditions that might have affected the results.

#### New, Improved Willvite Multivitamin/Multimineral Tablets

How do you make the best even better? Incorporate the latest research!

- Reduce calcium from 1000mg to 800 mg
- Increase magnesium from 500mg to 600 mg
- Increase vitamin D3 from 400 IU to 800 IU
- Increase vitamin B12 from 100 mcg to 200 mcg
  - Reduce selenium from 200 mcg to 100 mcg
- Reduce chromium from 200 mcg to 100 mcg
  - Use chelates and active coenzyme forms
    - Add natural lycopene, 2 mg
    - Increase lutein from 1 mg to 2 mg
  - Increase CoQ10 level from 5 mg to 20 mg
    - Increase levels of B-vitamins by 20%
      - Reduce zinc to 20 mg

Willvite is a unique, specially designed multivitamin-multimineral supplement, designed to satisfy the needs of those seeking to limit their supplement intake to as few products as possible, as well as those looking for the best "foundation" formula to which they can add specific nutrients relative to their individual health requirements. Willvite: Suggested Dose: 2 to 4 tablets daily.

Ask for New Willvite Tablets -- Available Now!

Willvite, 120 Tabs, Product Code: 30439 Willvite, Iron Free, 120 Tabs, Product Code: 44384

you of your good health!

**Ensure optimal health** and enhance your ability to fight off disease.

Take a broad spectrum multivitamin, multimineral and antioxidant blend.

At Willner's prices, nothing should hold you up. Such discounts. It's a steal.

#### **Help for Autism Doctors Explore A Nutritional Approach**

#### **Ubiquinol Reduces Oxidative Stress**

While doctors don't yet understand what causes autism, oxidative stress appears to play a role. In this study, researchers measured nutrient and oxidation levels in 24 kids. aged 3 to 6, diagnosed with autism according to DSM-IV, a standard psychological measure. The children took 50 mg of ubiquinol twice per day.

After three months, oxidative stress levels were slightly lower and ubiquinol levels increased from 0.512 to 3.016 micromoles per liter of blood (mm/L), with benefits beginning at 2.5 mm/L. In 12 to 17 percent of these children, self-harm, aggressiveness, and food rejection decreased, and communication with parents increased. Verbal communication improved in 21 percent; sleep in 34 percent, and playing games with friends increased in 42 percent.

Doctors successfully adjusted the time they gave ubiquinol in the morning and in the early evening before sleep as a way to manage the rare instance where a child had a negative reaction at first.

Reference: Oxidative Medicine & Cellular Longevity; Vol. 2014, ID 798957

#### **Better Memory & Mood**

Pycnogenol® improved memory, mood, and mental skills in 30 professionals who took 150 mg of Pycnogenol per day compared to 29 others who did not. Everyone was asked to get regular sleep, daily exercise, and eat a balanced diet for 12 weeks. Mental performance increased 8.9 percent for Pycnogenol compared to 3.1 percent for the non-treatment group, and alertness, anxiety, and contentedness improved 16 percent compared to a decrease of 2.1 percent. Sustained attention and memory also increased four times as much in the Pycnogenol group, and signs of oxidative stress declined by 30.4 percent. A larger study is underway.

#### Green Tea Guo

A rich source of phyto-antioxidants, including EGCG, the list of research-proven health benefits of Green Tea continues to grow.

The Phyto-Tech™ Green Tea Guo formulas contain Whole Green Tea Leaf and Green Tea Extract, standardized at 90% polyphenols, 50% EGCG. such that one dropper full has the same antioxidant content as 10 cups of regular green tea. In addition, the product is sweetened with natural stevia and the popular Chinese herb, Luo Han Guo. Luo Han Guo is considered a longevity booster, and is commonly used for numerous health problems in China.

Who can benefit from this supplement? The easy answer is everyone. As a healthy beverage, just squirt one dropperful into a glass of hot or cold water. The powerful antioxidants will exert a protective effect against free radical damage. It is felt that free radicals contribute to cancer risk, aging, inflammation damage, cardiovascular damage, and immune system

deterioration. In addition, green tea has been shown in numerous studies to assist in weight

Please note that one dropperful of Phyto-Tech™ Green Tea Guo contains less than 2 mg caffeine. A regular cup of coffee contains from 100 to 150 mg of caffeine.

All Phyto-Tech™ Green Tea Guo preparations are alcohol free. One is naturally peach flavored.

Also available in a veggie cap. Each Phyto-Tech Green Tea capsule caontains Green Tea Extract (98% polyphenols, 50% EGCG) 250 mg, and full spectrum Green Tea Leaf, 200 mg.

#### **Joint Formula**

...from Willner Chemists:

**Joint Formula** is a combination of nutrients and herbs designed to support normal joint function and integrity. It combines some of the most potent agents known for reducing inflammation and maintaining and rebuilding the matrix of

collagen and connective tissue of the joint. Arthritis is a condition characterized by an inflammation of a joint with accompanying pain, swelling, stiffness and redness. Osteoarthritis, a natural consequence of aging joints, occurs when the cartilage cushion which lines the joints becomes stiffer and rougher. Rheumatoid arthritis is the most severe type of the disease. The body's immune system acts against the joints and surrounding tissue the same way it would attack an unwanted invader. Joints in the hands, feet and arms become extremely painful, stiff and eventually deformed. This type of arthritis can affect the entire body.

Among the various methods of treating arthritis, nutritional and herbal supplements can play a valuable role. Impressive research, along with growing clinical evidence, shows that Glucosamine and Chondroitin can relieve symptoms and, it seems, even reverse the disease. Even rheumatoid arthritis can be helped. A recent study showed that people with this condition do better when their levels of

Vitamin C are higher. Vitamin C, of course, is a key component of collagen, which makes up cartilage. Certain herbs have been shown to reduce inflammation and pain. Devil's Claw, for example (Harpagophytum procumbens), is one example. The powerful antioxidant components of Turmeric, Grape Seed and Boswellin serve to combat the free-radical tissue damage and inflammation associated with this painful condition. We feel that a combination of anti-inflammatory and healing nutrients and herbs is the most effective approach.

Two Capsules of Joint Formula Contain: Vitamin C 50 mg 75 mg Niacinamide Manganese (Gluconate) 2 mg Glucosamine Sulfate 500 mg Chondroitin Sulfate 150 mg DLPA (dl-phenylalanine) 100 mg Turmeric Extract (95%) 100 mg Devil's Claw Extract (4:1) 100 mg L-Proline 100 mg Horsetail Extract (2%) 50 mg Boswellin Extract (60%) 50 mg Grape Seed Extract\* 45 mg Grape Skin Extract\* 30 mg Bromelain (2400 GDU) 25 mg \*from 37.5 mg grape seed extract and 37.5 mg of grape skin/grape seed extract (80:20).

#### . . . from Willner Chemists:

#### Willvite, the complete multivitamin multimineral ~new, revised formula ~

A complete, balanced multivitamin-multimineral formula that contains not only all of the essential vitamins, antioxidants and trace minerals, but also a full days requirement of calcium and magnesium.

Calcium and magnesium, as well as the other minerals, are no less important to your health than the vitamins. Do not make the critical mistake of only taking a vitamin supplement. It is impossible to get your daily calcium and/or magnesium requirements from any one-a-day or two-a-day multivitamin supplement. A balanced multivitamin-multimineral formula should be the cornerstone, or foundation, of your supplement regimen. Additional supplements can be added to your program, depending on your particular health needs and

WILLVITE (with Iron) 120 Tablets

from natural D. salina beta carotene), 20,000IU, 400%;

#### Ahead of the Curve: Early-Stage Discoveries on CoQ10, Fermented Yeast, Seaweed

Good results in pilot studies lead to larger, human trials. Here are some promising recent findings.

#### Coq10 Reduced Aorta Damage

Children born with low weight who grow quickly are more likely to have heart disease later. Doctors think this is due to low levels of CoQ10. In this study, low-birth-weight rats that grew quickly had faster-aging aorta cells than those of healthy-weight. After taking extra CoQ10, cell aging and aorta damage decreased.

#### Fermented Yeast And Inflammation

Dried fermented yeast—Saccharomyces cerevisiae—activates immune white blood cells to help fight infection, colds, flu, and allergies. In the lab, doctors exposed white blood cells to dried yeast, which reduced their inflammatory activity. On human skin, doctors induced inflammation, and then

treated with dried yeast, which helped reduce inflammation. Doctors said dried fermented yeast may play a larger role in regulating inflammation.

#### Seaweed Increased Strength

Seaweed contains anti-inflammatory molecules called fucoidan. In the lab, researchers gave mice a low and high dose of fucoidan, or a placebo. After 21 days, compared to placebo, grip strength and endurance swimming times increased as fucoidan doses increased, signs of fatigue were about 20 percent lower, and lipid profiles, liver, and kidney functions all improved. Doctors said the results suggest fucoidan can reduce fatigue, and may have antioxidant and lipid benefits as well

# New, Improved Willvite Multivitamin/Multimineral Tablets

How do you make the best even better?
Incorporate the latest research!

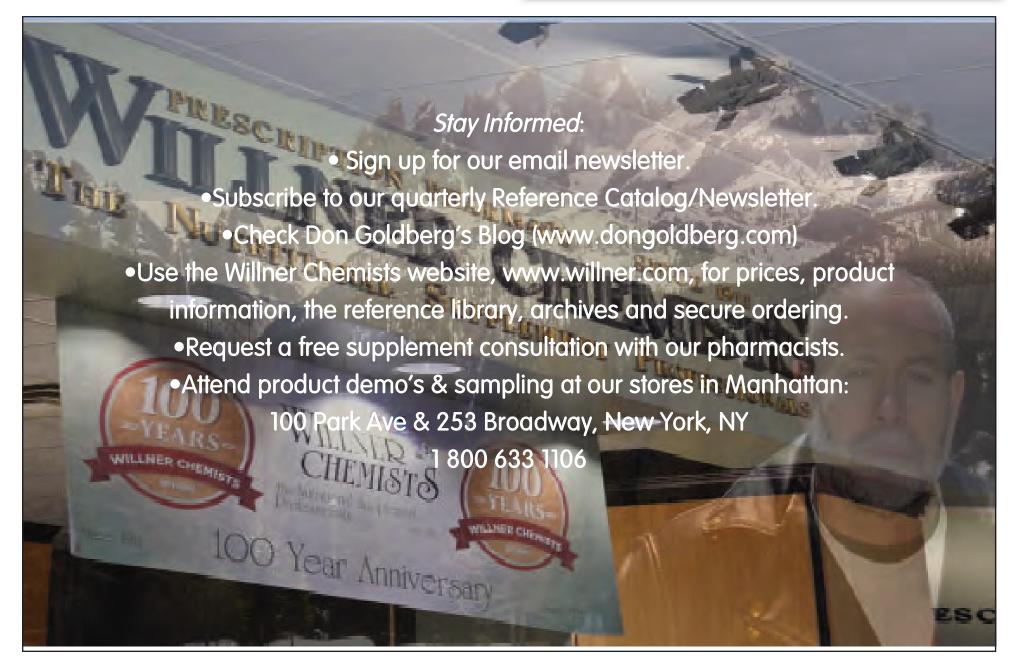

- Reduce calcium from 1000mg to 800 mg
- Increase magnesium from 500mg to 600 mg
- Increase vitamin D3 from 400 IU to 800 IU
- Increase vitamin B12 from 100 mcg to 200 mcg
- Reduce selenium from 200 mcg to 100 mcg
- Reduce chromium from 200 mcg to 100 mcg
  - Use chelates and active coenzyme forms
    - Add natural lycopene, 2 mg
    - Increase lutein from 1 mg to 2 mg
- Increase CoQ10 level from 5 mg to 20 mg
  - Increase levels of B-vitamins by 20%
    - Reduce zinc to 20 mg

Willvite is a unique, specially designed multivitamin-multimineral supplement, designed to satisfy the needs of those seeking to limit their supplement intake to as few products as possible, as well as those looking for the best "foundation" formula to which they can add specific nutrients relative to their individual health requirements. Willvite: Suggested Dose: 2 to 4 tablets daily.

# Will change your life™

#### THE HEALTH BENEFITS OF PGX

- Reduces appetite\*
- Lowers the glycemic index\*
- Promotes healthy blood sugar levels already within the normal range\*
- Great with ALL weight management programs\*
- Safe, natural and stimulant free

\*This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease. The beneficial effects of PGX will be greatly enhanced by a healthy diet and exercise.

# Healthy Women Create a Healthier World

# WomenSense\*

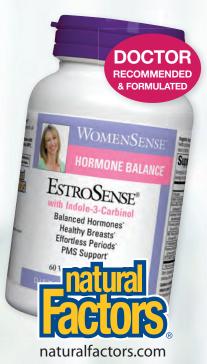

# Doctor recommended and formulated to work synergistically!

"As a practicing Naturopathic Doctor, I have had excellent success with all of the WomenSense products as they offer safe, effective and natural options for women of all ages."

-Dr. Marita Schauch

Condition Specific Formulas for Women of All Ages

#### **Stevia: New Flavors Now Available**

Extracts of leaves from Stevia rebaudiana have been used for many years in traditional treatment of diabetes in South America. Various compounds in stevia has been concentrated, and used as natural sweeteners. These compounds possess up to 250 times the sweetness intensity of sucrose, and they are noncaloric and noncariogenic. Stevioside, a natural plant glycoside isolated from the plant Stevia rebaudiana, has been commercialized as a noncaloric sweetener in Japan for more than 20 years. Some studies have shown that stevia may be beneficial to those with hypertension, and those with type-2 diabetes. Dosage: Add 2-8 drops, as needed. Each ml is equivalent to 300 mg of Stevia. Willner Chemists has offered stevia as a liquid herbal concentrate, providing Stevia Leaf Extract, standardized to 90% Steviosides, in 1, 2 and 4 oz sizes:

#### Phyto-Tech™ Stevia Extract 90

1 fl oz, prod code: 56943.  $\sim 4$  fl oz, prod code: 56942. 2 fl oz, prod code: 56940.

VILLERS
VILLER

Now, Willner Chemists is pleased to offer six new stevia leaf extracts, in flavored form:

Phyto-Tech™ Stevia Extract - Chocolate, 2 oz, Alcohol Free (#60140)

Phyto-Tech™ Stevia Extract - Cinnamon, 2 oz, Alcohol Free (#60139)

Phyto-Tech™ Stevia Extract - Lemon, 2 oz, Alcohol Free (#60141)

Phyto-Tech™ Stevia Extract - Orange, 2 oz, Alcohol Free (#60144)

Phyto-Tech™ Stevia Extract - Peppermint, 2 oz, Alcohol Free (#60143)

Phyto-Tech™ Stevia Extract - Vanilla, 2 oz, Alcohol Free (#60142)

These new Stevia liquids are 100% Gluten Free, and contain only organic stevia leaf extract, vegetable glycerin, purified water and natural flavors/essential oils.

Suggested Use: As a dietary supplement, add 5-8 drops to a beverage or food. Shake well before using.

To listen to an interview on stevia and other therapeutic herbal supplements, go to www.willner.com and look up the May 22, 2011
Willner Window Radio Program

#### www.willner.com

- Reference Library: search for reference articles, radio excerpts, reprints, etc, using simple and advanced full text search tools.
- **Product Information:** search the entire 23,000 product listing in the Willner Chemists inventory, with prices, product details, etc, using simple and advanced full-text search tools.
- Order Products: Use the fully functional, secure web site to select and order products from Willner Chemists.
- Radio Show: Listen to mp3 archive broadcasts of The Willner Window.. Catch the interview that you missed.
- What's On Sale? Check the web site to see what is currently on sale, and look for the current web specials.
- Latest News and Events: Read about latest nutritional supplement developments, research and news.
- free excerpts from **The Best Supplements For Your Health**in the reference library section.

The Willner Chemists web site is a valuable resource for information on nutritional supplements, how to choose them, and how to use them.

## Willner Chemists Phyto-Tech TM Herbal Supplements

#### RHODIOLA 5 (Standardized)

**Description:** Phyto-Tech Rhodiola 5 (Standardized), also known as arctic root or golden root, has been used for centuries in traditional Russian and Scandinavian medicine to increase physical endurance, work productivity, longevity, resistance to high altitude sickness, and to treat fatigue, depression, anemia, impotence, infertility, gastrointestinal complaints, infections and nervous system disorders. Each ml provides 250 mg of Rhodiola Rosea, standardized to 5% Rosavins.

**Indications:** Who might benefit from this herbal supplement? Those suffering from low energy or fatigue; those who suffer from mental fog, poor memory, or learning problems; those who are looking to increase their stamina, endurance and athletic performance; those who are under high stress; those with sexual or fertility problems..

Keywords: Stress, Fatigue, Energy, Mental Performance, Stamina and Endurance, Athletic Performance, Depression

Ingredients: Rhodiola Rosea 5% Rosavin, Alcohol Pure Grain, Water Pure Deionized.

Cautions: Keep out of the reach of children; shake well before using. Do not use during pregnancy or nursing..

**Dosage:** 30 drops in water or juice, 2-3 times daily, or as needed.

Complimentary Formulas: Phyto-Tech Ginseng Energy Blend; Phyto-Tech Ginkgo Biloba Leaf 1:1.5

**References:** Numerous studies have proved Rhodiola to be a powerful adaptogen that increases ones resistance to chemical, biological, and physical stressors and protects the body from breakdown due to chronic stress. Rhodiola stimulates the activity of serotonin, dopamine, and norepineprhine in the cerebral cortex, brain stem and hypothalamus, and increases the permeability of the blood brain barrier to precursors of dopamine and serotonin. This enhances the effects of these neurotansmitters on the brain and improves cognitive functions (thinking, analyzing, evaluating, calculating and planning), learning, attention span, memory and work productivity. Rhodiola also relieves fatigue and normalizes mood in depressed individuals, and has antioxidant properties that help protect the nervous system from oxidative damage. By stimulating cognitive function, improving resistance to stress and fighting free radicals, Rhodiola can have immediate effects on cognitive function and memory and can also provide long-term support to help preserve future brain functions

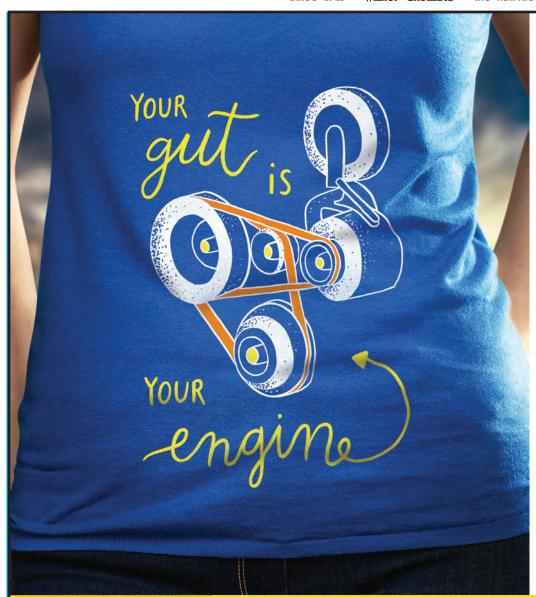

A study involving 56 healthy male and female physicians working the night shift (age 24-35) were given 170 mg of rhodiola extract for 6 weeks. Their mental performance was evaluated using tests to determine speed of visual and auditory perception, attention capacity, and short-term memory. A significant improvement in mental performance tests was observed in the treatment group during the first two-week period. Another double-blind, placebo controlled study involving 60 foreign students at a Russian high school showed that supplementation by the students with Rhodiola resulted in a decrease of mental fatigue and situational anxiety and an increase in physical work capacity, coordination, kinesthetic sensitivity, and general well-being.

For athletes or anyone seeking to enhance physical performance, Rhodiola has been shown to improve strength, endurance, cardiovascular measures, coordination and recovery time. In one study, 42 master level competitive skiers were given either Rhodiola rosea extract or placebo 30-60 minutes before a 20 km race on skies that involved carrying a rifle and shooting targets at stops. The athletes receiving Rhodiola showed a significant increase in shooting accuracy, less arm tremor, better coordination, and their heart rates returned to normal more quickly.

Rhodiola has also been found to have cardioprotective and anticancer benefits and can increase fertility in both men and women.

In 1986 it was discovered that the chemical composition that sets rhodiola rosea apart from other species of rhodiola are three cinnamyl alchohol-vicianosides identified as rosavin, rosin and rosarin. The term rosavins is used to include all three of these chemical compounds. Rosavins are known as the marker compound that differentiates true rhodiola rosea extract from other Rhodiola species.

## Willner Chemists Phyto-Tech™ Herbal Supplements MUSHROOM EXTRACT COMPLEX

Professional Strength, Dual Extraction Blend A powerful combination of immune enhancing, adaptogenic mushroom extracts.

Who might benefit from this herbal supplement? Those with a weakened immune system; those who frequently catch cold or flu; those undergoing chemotherapy; those with serious conditions such as HIB and AIDS.

Phyto-Tech™ Mushroom Extract Complex contains:

Shiitake Mushroom, 75 mg Reishi Mushroom, 58 mg Maitake Mushroom, 50 mg

Fresh Ashwagandha Root, 89 mg

Licorice Root, Deionized Water, Pure Grain Alcohol.

(Herb Strength Ratio 1:3.2)

Many claims are made concerning the immune enhancing activity of various herbs and nutrients. Few such claims are as well documented and supported by clinical evidence as are those surrounding the mushrooms and their constituents. For those in need of immune support, and those suffering from serious health conditions, a mushroom extract should definitely be at the top of the list when it comes to herbal and nutritional support.

Mushroom Extract Complex is indicated for immune deficiency and is considered especially valuable as a long-term tonic. It can be used as a preventative when one either wants to avoid or one already finds they are getting weaker and becoming more prone to getting sick and fatigued. This is especially true when stress is great and immune inundation is heavy. This formula helps when one has debility and lethargy of body, mind and spirit.

Mushroom Extract Complex is a specific for chemotherapy where the white blood cell count and activity (phagocytosis) is impaired or threatened. While the questions of whether or not it is beneficial to take supplementation during cancer treatment remains controversial, the consensus of opinion is moving towards the positive, and the benefits of adaptoglenic and immune enhancing herbs during such treatments is gaining acceptance. Side effects are diminished and efficacy of treatment is actually enhanced. However, it is recommeded to consult with your physician before using products of this type

These organic mushrooms are a glucoaminoglycan extracts (GAG) whereby the immuno-modulating polysaccharides are first extracted in a water extraction process. The herb then goes through an alcohol extraction process to remove other immuno-modulating compounds that the water cannot extract. The two liquids are combined to create a full spectrum mushroom extract.

Dosage: General usage: 20-60 drops, 2-3 times per day or as needed in juice or water. More severe immune deficiency: 60-120 drops 2 times per day in juice or water.

> **Ordering Information:** Phyto-Tech™ Mushroom Extract Complex One Fluid Ounce, Product Code: 57002

Ashwagandha root, also known as winter cherry or Indian ginseng, is an important herb from the Ayurvedic or Indian system of medicine. Ashwagandha has been traditionally used for the treatment of debility, emaciation, impotence, and premature aging. This dietary supplement is used to enhance mental and physical performance, improve learning ability, and decrease stress and fatigue. Ashwagandha is a general tonic to be used in stressful situations, especially insomnia, overwork, nervousness, and restlessness.(1)

#### Reishi Mushroom

Reishi mushroom is called the "mushroom of immortality" in China and has been used as a tonic and strengthening medicine for thousands of years. Uses in traditional healing include increasing intellectual capacity and memory, promoting agility, and lengthening the life span. Reishi is reported to have some of the most active polysaccharides in the plant kingdom. Polysaccharides are claimed to have immunomodulating activity. Reishi is also reported beneficial as an antioxidant, antihypertensive, hypoglycemic, antiviral, and hepatoprotective agent.(1)

#### Shiitake Mushroom

Shiitake mushroom grows on the trunks or stumps of trees and has been used by the Chinese for centuries as a healing agent. The part used medicinally is the mycelia or immature growing stage of the mushroom. Shiitake mycelia are rich in carbohydrates, protein, vitamins, and minerals. Shiitake has been used in Traditional Chinese Medicine for thousands of years as a medicinal agent. The polysaccharide/protein complex of the medicinal extract reportedly provides the immunomodulating activity of the mushroom.(1)

#### **Maitake Mushroom**

Maitake has been used both as a food and for medical purposes. Extracts of maitake mushroom have been associated with immune enhancement and anti-tumor activity; more human studies are needed in these areas.(2)

Maitake mushroom contains chemicals which might help fight tumors and stimulate the immune system. There is some evidence that it can lower blood pressure, improve cholesterol levels, lower blood sugar levels, and reduce weight in rats, but this has not been shown for

In 2009, a phase I/II human trial, conducted by Memorial Sloan-Kettering Cancer Center, showed Maitake could stimulate the immune systems of breast cancer patients.(4) Small experiments with human cancer patients, have shown Maitake can stimulate immune system cells, like NK cells.(5) In vitro research has also shown Maitake can stimulate immune system cells. An in vivo experiment showed that Maitake could stimulate both the innate immune system and adaptive immune system.(3)

**Healthy Origins** 

#### **Quit Smoking with Omega-3s**

Omega-3s are the most plentiful fatty acids in the brain, which smoking depletes, making it harder to deal with stress and nicotine cravings. In this study, 48 long-term smokers took 2,710 mg of EPA plus 2,040 mg of DHA per day, or a placebo.

After 30 days, while there was no change for placebo, the omega-3 group had cut smoking by 14 percent, even though they had not been asked to do so. After stopping omega-3s for the next 30 days, cravings increased slightly but still stayed lower than levels at the beginning of the study.

#### **Better Vision and Eye Health**

Nutrients may prevent and help treat eye disease

#### What Are Lutein And Zeaxanthin?

Lutein and zeaxanthin are the only carotenoids that can filter the harmful blue light that damages eye cells, and must be dense enough in the macula of the eye to provide protection. Doctors measure this protection as "macular pigment ocular density" or MPOD.

#### Improved Vision In Early AMD

In this study, 112 people with early agerelated macular degeneration (AMD) took 10 mg of lutein with or without 10 mg of zeaxanthin per day, 20 mg of lutein alone per day, or a placebo. After two years, lutein alone or with zeaxanthin increased MPOD compared to placebo. Retinal function—a measure of vision—increased significantly in the central retina, where vision first deteriorates in AMD.

A significant percentage of the population has early AMD, and most studies have focused only on late-stage AMD. Doctors said lutein and zeaxanthin may also increase MPOD and improve visual performance in healthy people without AMD.

#### Reduced AMD-Related Inflammation

This study followed 70 people with signs of early AMD who took 10 mg of lutein per day or a placebo. After one year, signs of systemic inflammation had increased monthly in the placebo group while decreasing 1.1 nanograms per milliliter of blood (ng/mL) monthly in the lutein group, from 60.3 to 46.3 ng/mL, over the year.

Doctors said this is the first study to show that taking lutein reduces circulating levels of a marker of systemic inflammation that plays an important role in developing AMD, and that lutein may be a potential preventative and treatment.

Who knows what might have happened if they had vitamin supplements back in those days?

Don't take any chances. **Ensure optimal health by** taking the appropriate nutritional supplements.

At the very least, take plenty of calcium, magnesium and vitamin D. Strong bones may be more important than you think!

# New Formula -- Higher Potency, Veggie Capsule Antiox Phyto Complex II

Some of the most powerful, broad-spectrum antioxidants are those found in plants. This supplement contains a blend of several of the most potent plant-derived phyto-antioxidants available, in a high potency, professional strength veggie cap.

Description: Phyto-Tech Antiox Phyto Complex II is a blend of powerful plant-derived (phyto) antioxidants. Most health problems are either directly or indirectly related to oxidative (free-radical) damage. While vitamins and minerals (vitamin C, vitamin E and selenium, for example) are antioxidants, it is now recognized that phytoantioxidants, rich in a broad spectrum of flavonoids, polyphenols, anthocyanidins, etc are the most powerful.

Ingredients: Each 375 mg Capsule contains the following: Acai Berry Extract 4:1, 75 mg; Mangosteen Fruit Extract, 75 mg (10% Mangostin); Goji Berry Extract 75 mg (40%

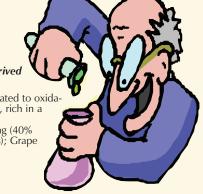

Ingredients: Each 375 mg Capsule contains the following: Acai Berry Extract 4:1, 75 mg; Mangosteen Fruit Extract, 75 mg (10% Mangostin); Goji Berry Extract 75 mg (40% Polysaccharides); Pomegranate 75 mg, (40% Ellagic Acid); Green Tea Leaf Extract 30 mg (98% Polyphenols, 50% EGCG); Grape Skin Extract, 30 mg (50% Polyphenols); Grape Seed Extract, 15 mg (95% Proanthocyanidin); Cellulose Modified Vegetable,

100% Vegetarian - Manufactured in an FDA Registered, GMP Certified facility.

New, High Potency Atiox Phyto Complex II 375 mg Veggie Caps

90 Veggie Caps - Prod Code 63745

Indications: Who might benefit from this herbal supplement? Those who desire protection against everyday toxins—dietary, environmental and chemical; those with current health problems, those under high amounts of stress, smokers or those exposed to second-hand smoke, and anyone who lives .or is exposed to a toxic lifestyle; those who are at risk to the various degenerative diseases associated with aging, including cancer, cardiovascular disease, cognitive impairment, Alzheimer's disease, immune dysfunction, cataracts, and macular degeneration; those who want to live a longer, healthier life. Antiox Phyto Complex II is the perfect supplement to take along with your multivitamin/multimineral supplement. (see full details on page 14)

#### AlivEL100™ with PMF

# OptiChoice

#### **Natural Training Aid & Performance Enhancer**

AlivEL100™ with PMF boosts energy levels, improves sexual performance, and increases stamina. In clinical studies, AlivEL100 has been shown effective in supporting healthy and normal cortisol and testosterone levels naturally. Exclusively endorsed by Dr. Johari Saad, "The King of Tongkat Ali", AlivEL100 is created utilizing a proprietary natural water extraction process that produces one of the most effective, biologically active, and highest potency Tongkat Ali extracts available.

This patented AlivEL100 combination with Citrus PMF-source™ and Eriocitrin delivers enhanced antioxidant support while synergistically enhancing the AlivEL100 effect for regulating body fat. It also provides extra energy while supporting muscle growth and the body's natural anti-inflammatory response.

A new study presented at the third annual International Society of Sports Nutrition (ISSN) conference, confirms that AlivEL100™, supports healthy testosterone/cortisol ratios.

While cortisol is important for the body's ability to deal with stress, elevated and prolonged levels of this hormone can lower testosterone and increase insulin resistance. Both are major factors in metabolic syndrome; a condition that accelerates aging, impairs immune function and contributes to heart disease. In this placebo controlled study, scientists studied the effects of 100 mg of AlivEL100<sup>™</sup> on 15 endurance athletes who participated in a 24 hour

mountain bike event by assessing their testosterone and cortisol levels using an enzyme immunoassay test.

The results reveal that the participants who were administered 100 mg of AlivEL100™, compared to the placebo group, had testosterone levels that were 16% higher and cortisol values that were 32% lower. These findings are important because the maintenance of healthy testosterone and cortisol levels can help prevent a decrease in muscle tissue and reduce an increase of body fat; which in turn lead to higher energy levels and a stronger immune system.

# OptiChoice™ Patented & Proven Science!

## **Ultimate Red Yeast Rice**

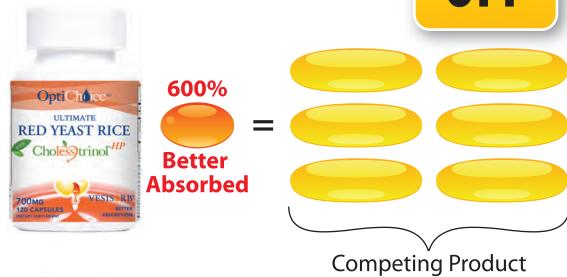

for Ultimate Effectiveness!

35%

Ultimate Red Yeast Rice is a synergistic 3-in-1 formula that utilizes the patented VESIsorb® colloidal droplet system for superior absorption and bioavailability. Each biologically active ingredient has been carefully selected to work together in this patented formula for maximum heart healthy benefits.

Coenzyme Q10 supports antioxidant activity and cardiovascular function. Organic Red Yeast Rice's naturally derived extract has been used for centuries in eastern medicine for promoting heart health properties.

Cholesstrinol™, a patented combination of PMFsource™ citrus polymethoxylated flavones and TocoSource® palm tocotrienols, has been clinically proven to support the body's ability to balance healthy cholesterol levels naturally

Choless trinol VESISORB®

# 8 WEEKS TO 60% INCREASE IN SKIN COLLAGEN WITH CLINICALLY STUDIED VERISOL® BIOACTIVE COLLAGEN PEPTIDES® †\*\*\*

Leveraging over 20 years of expertise in hair, skin and nail supplements, Country Life® introduces Maxi-Skin™, Collagen + C&A with clinically studied Verisol® collagen. In clinical tests, Verisol® Bioactive Collagen Peptides® increased skin elasticity and reduced depth of eye wrinkles in 4 weeks.†\*\*\* By affecting collagen metabolism directly from the inside, via collagen peptides, Maxi-Skin™, Collagen + C&A is able to help reduce the appearance of wrinkles and increase skin elasticity.†\*\*\*

A daily vitamin available in two convenient forms, tablets and powder. Go to CountryLifeVitamins.com to learn more.

† Randomized, double-blind, placebo-controlled studies with daily intake of 2.5 grams Verisol® collagen in healthy women 35-55 years (measured skin elasticity at 4 and 8 weeks and observed a 7% increase) and in healthy women 45-65 years (measured eye wrinkle volume at 4 and 8 weeks and observed a 7% and 20% reduction, respectively, and measured collagen enhancement at 8 weeks and observed a 60% increase). Study results compared Verisol® Collagen to placebo. Individual results may vary.

From the maker of Maxi-Hair® and the leader in hair, skin & nails\*

# NT FACTOR®

Nourish Your Mitochondria!\*

## **NT Factor® EnergyLipids**

Available as Powder and Chewable Tablets - Product #61945 & #63777)

- Pure, food-based mitochondrial booster\*
- **▶** Supports cellular energy production\*
- Phosphoglycolipids in clinically validated ratios\*
- **▶** Supports healthy cell and mitochondrial membranes\*
- **▶** Available in Powder or convenient Chewable Tablets
- **▶** Chewables with Xylitol no sugar, caffeine, ephedra

Three more formulas that contain NT Factor® EnergyLipids, as well as friendly GI bacteria and prebiotic support\*:

#### NT Factor® Advanced Physicians Formula - Product #61948

• With synergistic vitamins, minerals,  $\alpha$ -ketoglutarate (AKG), L-carnitine, and L-tyrosine.\*

#### NT Factor® Healthy Curb® - Product #61947

• NT Factor® with White Kidney Bean, to help inhibit starch absorption.\*

#### NT Factor® Healthy Aging - Product #61946

 With enhanced cellular support from B vitamins, AKG, L-carnitine, and creatine pyruvate.\*

#### ProGreens®Energy - Product #65313

• Gluten Free "Super Food" blend organic grasses, energetic and adaptogenic ingredients, including **NT Factor**®, Maca, Gotu Kola, Gojiberry, Asparagus root, Tocomax Palm Tocotrienols and non-dairy Bifidobacterium.

# THE ULTIMATE. CONFIRMED.

MAKE INFORMED DECISIONS ABOUT YOUR OMEGA-3s.

New research continues to confirm the efficacy of Ultimate Omega®. A recent study showed that Ultimate Omega provides greater increases in blood levels of EPA and DHA than salmon oil, krill oil, and comparable ethyl ester fish oil omega-3 products. As the #1 omega-3 in the U.S., Ultimate Omega is routinely chosen by independent research institutions and universities for their clinical studies.†

Committed to Delivering the World's Safest, Most Effective Omega Oils™

PATENTED

Why would a Doctor tell 5,000 of her patients to take this product???

Rita Ellithorpe MD, is Founder and Medical Director of the Tustin Longevity Ctr in Tustin, CA. Board Cert. in Anti-Aging & Board Cert. in Integrative Medicine.
She has made presentations to 35 International Medical Conferences and is published in multiple international peer reviewed publications.

From The Doctor: "In the 14 yrs I've been researching & recommending NTFactor to thousands of my patients, I have never seen anything that does so many different things for so many people. It is the single most important thing I would recommend for a healthy and vital life. That's why I encourage all my patients to take NTFactor."

NT Factor is Energy

NT Factor is Cellular Repair

**NT Factor** is Patented

NT Factor is Non-GMO

NT Factor is Whole Food Based

NT Factor is All Natural

NT Factor is Clinically Researched

NT Factor is Time Tested

NT Factor is Anti-Aging

Our newest product is **ProVites.** This is a Multi Vitamin & Mineral product with a therapeutic amount of Patented NTFactor, PLUS CoQ10, PLUS 100mg of Resveratrol, PLUS 575 million shelf stable Probiotic cultures, PLUS Prebiotics. All this in every daily dose.

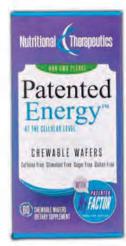

**ProVites** has all the features, benefits and value of a premium Multi Vitamin AND all the power of NTFactor. No other Multi Vitamin has all that to offer no matter what the cost is.

Our other new product is **Patented Energy**. These are our delicious chewable wafers that will give you energy to perform at a higher level, to think more clearly and to eliminate fatigue all without the use of caffeine, stimulants or sugar.

Where else would I go for the largest selection of nutritional supplements at the best discount prices?

And where else could I find pharmacists who could help me with this darn itch?

...every time I hang around that fuzzy tree...

#### New Formula -- Higher Potency, Veggie Capsule Antiox Phyto Complex II

Some of the most powerful, broad-spectrum antioxidants are those found in plants. This supplement contains a blend of several of the most potent plant-derived phyto-antioxidants available, in a high potency, professional strength veggie cap.

Description: Phyto-Tech Antiox Phyto Complex II is a blend of powerful plant-derived (phyto) antioxidants. Most health problems are either directly or indirectly related to oxidative (free-radical) damage. While vitamins and minerals (vitamin C, vitamin E and selenium, for example) are antioxidants, it is now recognized that phytoantioxidants, rich in a broad spectrum of flavonoids, polyphenols, anthocyanidins, etc are the most powerful.

Ingredients: Each 375 mg Capsule contains the following: Acai Berry Extract 4:1, 75 mg; Mangosteen Fruit Extract, 75 mg (10% Mangostin); Goji Berry Extract 75 mg (40%

Polysaccharides); Pomegranate 75 mg, (40% Ellagic Acid); Green Tea Leaf Extract 30 mg (98% Polyphenols, 50% EGCG); Grape Skin Extract, 30 mg (50% Polyphenols); Grape Seed Extract, 15 mg (95% Proanthocyanidin); Cellulose Modified Vegetable,

100% Vegetarian - Manufactured in an FDA Registered, GMP Certified facility.

New, High Potency Atiox Phyto Complex II 375 mg Veggie Caps

90 Veggie Caps - Prod Code 63745

Indications: Who might benefit from this herbal supplement? Those who desire protection against everyday toxins--dietary, environmental and chemical; those with current health problems, those under high amounts of stress, smokers or those exposed to second-hand smoke, and anyone who lives .or is exposed to a toxic lifestyle; those who are at risk to the various degenerative diseases associated with aging, including cancer, cardiovascular disease, cognitive impairment, Alzheimer's disease, immune dysfunction, cataracts, and macular degeneration; those who want to live a longer, healthier life.

Antiox Phyto Complex II is the perfect supplement to take along with your multivitamin/multimineral supplement.
