Alhambra High School Twenty Year Reunion Class of 1962

Twenty years after graduation we all have experienced many changes. We have not grown older - just matured, and as with good wine, improved with age.

It was great seeing all those faces from the past and rediscovering old friendships. What a strange, but nice feeling to talk to a mature adult, while vividly remembering that seventeen-year-old kid he or she used to be.

Special thoughts went to the classmates unable to attend. To make it easier to locate people for our next reunion, please keep us up-to-date on your current address.

Your reunion committee worked very hard planning and organizing the reunion and we feel it was truly an evening filled with magic and pleasant memories for us all.
