Institutions of higher education, which receive federal financial assistance, are required to provide current and prospective students and employees with an annual report that identifies policies and procedures related to campus security. This document is prepared to increase awareness of current policies, procedures, and practices related to campus security. Campus crime, arrest, and referral statistics include those that were reported to local law enforcement and campus faculty and staff. An annual copy of the report is posted on the Arizona College website at <https://www.arizonacollege.edu/consumer-information/>

Reporting Crimes and Emergencies

Arizona College students, employees and others are encouraged to report all criminal activity and emergencies to the college. In emergency situations, 911 should be called first, followed by an immediate notification to the Campus. Every Arizona College student has the option to notify proper law enforcement authorities, including local police, and the option to be assisted by campus authorities in notifying these authorities, if the student chooses to do so. The school does not currently have procedures that allow victims or witnesses to report crimes on a voluntary, confidential basis for inclusion in the annual security report. Arizona College does not have campus police or counselors.

If an employee or student observes any crime or if any person reveals to an employee or student that he/she learned of, or were the victim of, perpetrator of, or witness to any crime they are to immediately complete a Crime Incident Report Form obtained from the campus Incident Commander and submit to the Campus. This applies to crimes on campus, and locations at which other official college activities are taking place. Please ensure that you complete all information on the form based on the information you possess. Please do not investigate the crime or attempt to determine whether a crime, in fact, took place.

Crimes may be reported to the following designated Security Officers on each campus.

Arizona College designated Security officers are responsible for maintaining the Campus's Security Log and reports of all crimes. Once a crime is reported the Security Officer will offer to contact local authorities. In addition, they will evaluate the crime and determine if it constitutes an ongoing security risk to students and employees on campus. If so, the incident commander will be notified, and a timely warning or emergency may be issued. Please see the relevant section related to the issuing of emergency notification and timely warning listed in the Annual Security Report.

To provide for the safety and security of students and employees, Arizona College maintains a cooperative relationship with all local public safety agencies including the Local Police and Fire Departments. Periodically, the local Police Department provides Arizona College with reports that provide information on police actions, by category, for the off-campus neighborhood. The annual disclosure of crime statistics is prepared by Arizona College Office of Regulatory Affairs based on information gathered from designated Security Officers, Building Security (if relevant), and Police Department reports of police actions. Arizona College does not maintain an MOU with local authorities.

EMERGENCY NOTIFICATION & TIMELY WARNING

Timely Warning Policy & Procedures

Arizona College will issue a timely warning regarding Clery crimes that represent a serious and continuing threat to its students and employees as soon as pertinent information is available. The warning will contain information about the type of criminal incident that has occurred.

Crimes Subject to a Timely Warning

The College will issue a timely warning for all Clery Act crimes that occur on its Clery Act geography that are reported to campus security authorities or local police agencies and considered by the institution to represent a serious or continuing threat to its students and employees.

Making the Decision to Issue a Timely Warning

The Incident Commander will decide whether and how to warn on a case-by-case basis in light of all the facts surrounding a crime, including factors such as the nature of the crime and whether there is continuing danger to the campus community. This means that after a Clery Act crime is reported, the Incident Commander considers whether students and employees are at risk of becoming victims of a similar crime. The Incident Commander evaluates other factors such as whether the apprehended perpetrator had accomplices or had already set other attacks in motion, and whether a criminal incident appears to be a one-time occurrence or falls into a pattern of reported crimes. The Incident Commander should consider the potential impact on various law enforcement operations as he/she issues these warnings.

The College will consult with local and state law enforcement authorities to discuss the timely warning requirement and request that local law enforcement keep the College informed on an immediate basis of crimes that may require timely warnings. This request will be made as part of its annual letter to law enforcement requesting crime statistics.

Determining the Content of a Timely Warning

The timely warning will include all information that promotes safety and aids in the prevention of similar crimes, especially pertinent

information about the crime that triggered the warning. In addition, timely warnings will include information about what action is being taken by campus or local police authorities. It will also direct students and staff as to what action they need to take.

Issuing a Timely Warning

Timely warnings must be issued in a manner that gets the word out quickly and effectively communitywide. The Commander will notify the AMG Alert administrator of the necessary message to campus constituents. The Incident commander will also make a determination on the delivery method (Voice message, text, and/or email) for the timely warning. The AMG Alert administrator will then issue the message through the AMG Alert system.

The Family Educational Rights and Privacy Act (FERPA) and the Timely Warning Requirement

The College may, in appropriate circumstances, include personally identifiable information in a timely warning due to health or safety emergencies.

EMERGENCY RESPONSE AND EVACUATION

Emergency Response policy and procedures address non-timely warning incidents (noted above). However, the evacuation procedures described here may apply to either timely warning or emergency response situations.

The Emergency Preparedness Plan is located on the [college's website](#). The plan is available for viewing emergency guidelines and evacuation procedures. If there is an emergency in the building, contact administration or an instructor immediately. In the event of an evacuation, all students should evacuate the building through the closest fire exit and report to their instructor for roll call.

Arizona College will immediately create and issue an Emergency Notification to the Arizona College community upon the confirmation of any significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. The College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless initiating a notification could, in the professional judgment of responsible authorities compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The method of notification may be made via various methods to be determined at the time of the emergency. The methods of communication that may be used are:

1. AMG Alert System
2. Email
3. Telephone
4. Runners
5. Signs
6. The Web
7. Media

Incident Commanders

are responsible for carrying out the following procedures.

Process to confirm a significant emergency or dangerous situation

Arizona College Incident Commanders may become aware of a critical incident or another emergency that potentially affects the health and/or safety of the campus community. Generally, Incident Commanders become aware of these situations when they are reported directly to a College employee and the employee informs the Commander.

Once first responders or other circumstances confirm there is, in fact, an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the campus community, Incident Commanders will issue an emergency notification.

The Incident Commander will, without delay, and considering the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgement of the Incident Commander, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Incident Commanders may also determine if a message should be sent to benefit the health, safety, and well-being of the campus community for situations that do not pose a significant emergency or dangerous situation.

Process to determine the appropriate segment or segments of the campus community to receive a notification

The Incident Commander has the flexibility to alert only the segment of the population it determines to be at risk. For example, in the case of a gas leak, it may choose to notify only individuals in the building that has the leak, whereas, for a meningitis outbreak, the Incident Commander may choose to notify the entire campus community.

The Incident Commander will make the decision to notify or not notify specific segments of the campus community. For example, the Incident Commander may determine campus community will be notified when there is at least the potential that a very large segment of the community will be affected by a situation, or when a situation threatens the operation of the campus. Incident Commanders will provide a continuing assessment of the situation and additional segments of the campus community may be notified if a situation warrants such action.

Determining the contents of the emergency notification

Arizona College Incident Commanders will determine how much information is appropriate to disseminate at different points in time. Depending on what segments of the community the College's notification targets, the content will differ. In the case of an approaching tornado, you may want to tell students in daytime classes to take shelter in the basement, but you may want to tell evening students not yet on campus to stay away from the campus.

Arizona College has developed templates for the most common incidents that allows for the input of details. In the event no template is created, Incident Commanders will write a custom notification.

Procedures for initiating the emergency notification system

Once the Incident Commanders have made the determination an emergency exists, local authorities are notified. After local authorities have been notified, the Incident Commander will take the necessary steps to notify the appropriate campus segments.

The institution's procedures for disseminating emergency information to the larger community

Arizona College may disseminate emergency information to individuals and/or organizations outside of the campus community. The College may use different methods to target different segments of the community. For example, it may send cell phone alerts to students and use radio and/or TV alerts for the neighboring community. Incident Commanders are responsible for developing the information to be disclosed and are responsible for disseminating the information to the larger community.

The institution's procedures to test, evaluate, and publicize the emergency response and evacuation procedures

Arizona College will test emergency response and evacuation procedures, document each test, including the date, time, and whether it was announced or unannounced and publicize emergency response and evacuation procedures in conjunction with at least one test per calendar year. The Campus Security & Safety committee will review the outcomes of each test and if necessary, make recommendations to improve the process. The Emergency Response and Evacuation procedures are included in the Emergency Preparedness Plan located on the College's website.

SECURITY AND ACCESS TO CAMPUS FACILITIES

On-campus facilities are secured and require a key or key card for entrance outside of business hours. Access to the Campus is limited to regular business hours.

All students are required to display their Student ID while on campus, and guests of the college must register at the front desk and display a guest badge while on campus. Individuals who are not students or registered guests are not allowed on campus.

Facilities are maintained to ensure safety and security. Students and employees are encouraged to report any security or maintenance needs to a campus authority, who will ensure that all security requests are resolved. Incident Commanders are responsible for regularly reviewing the security and maintenance facilities on each campus.

Arizona College does not maintain residence buildings and does not have security personnel with law enforcement authority on Campus, written memoranda of understanding with law enforcement agencies, or student organizations with off-campus housing facilities.

REDUCING SECURITY RISKS

Arizona College offers regular training to students/staff regarding Sexual Misconduct, Campus Security Procedures, and Practice. Staff training is also provided specifically to incident commanders and Title IX Investigators. Student training is offered specifically for sexual misconduct and Campus Security.

Arizona College students and staff are encouraged to be responsible for their own security. The following tips may help you protect yourself from security risks. This information was obtained from and additional safety information may be located at rainn.org.

"The following tips may reduce your risk for many different types of crimes, including sexual violence.

- Know your resources. Who should you contact if you or a friend needs help? Where should you go? Locate resources such as the campus health center, campus police station, and a local sexual assault service provider. Notice where emergency phones are located on campus, and program the campus security number into your cell phone for easy access.
- Stay alert. When you're moving around on campus or in the surrounding neighborhood, be aware of your surroundings. Consider inviting a friend to join you or asking campus security for an escort. If you're alone, only use headphones in one ear to stay aware

of your surroundings.

- Be careful about posting your location. Many social media sites, like Facebook and Foursquare, use geolocation to publicly share your location. Consider disabling this function and reviewing other social media settings.
- Make others earn your trust. A college environment can foster a false sense of security. They may feel like fast friends but give people time earn your trust before relying on them.
- Think about Plan B. Spend some time thinking about backup plans for potentially sticky situations. If your phone dies, do you have a few numbers memorized to get help? Do you have emergency cash in case you can't use a credit card? Do you have the address to your dorm or college memorized? If you drive, is there a spare key hidden, gas in your car, and asset of jumper cables?
- Be secure. Lock your door and windows when you're asleep and when you leave the room. If people constantly prop open the main door to the dorm or apartment, tell security or a trusted authority figure."

In keeping with the requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, the College makes available to all current students and employees the campus security report in its entirety. The most recently reported Crime Statistics for Campuses to follow.

Title IX

Title IX: Sex/Gender based Discrimination, Misconduct, and Harassment

Arizona College does not discriminate on the basis of sex/gender in its education program or activity, and the College is required by title IX and PART 106 of title 34 of the Code of Federal Regulations not to discriminate in such a manner. This requirement not to discriminate in the education program or activity extends to admission and employment. Inquiries about the application of title IX and PART 106 to Arizona College may be made to the Title IX Coordinator, to the Assistant Secretary of the US Department of Education, or both. The College's grievance procedures and grievance process, including how to report or file a complaint of sex/gender discrimination, how to file or report a formal complaint of sex/gender-based misconduct or harassment, and how the College will respond, can be found below.

Arizona College is committed to maintaining an academic climate in which individuals of the College community have access to an opportunity to benefit fully from the College's programs and activities. When students experience acts of sex/gender-based discrimination, misconduct, or harassment, their sense of safety and trust is violated. This can significantly interfere with their lives, including their educational goals. This policy has been developed to proactively create an environment in which those sex/gender-based incidents can be promptly, equitably and effectively responded to without further victimization, retaliation, and with possible remediation of its effects. Proceedings which arise from allegations of sex/gender-based harassment including, but not limited to, dating violence, domestic violence, sexual assault, or stalking, include a prompt, fair, and impartial process from the initial investigation to the results.

IX/Clery Education and Training

The College notifies applicants for admission and employment, incoming and current students, and incoming and current employees of this policy and procedure. In addition, new and current students and employees will be provided with educational materials to promote familiarity with this policy. Newly hired employees and current employees responsible for reporting sexual misconduct will be provided with training. Furthermore, annual training will be provided to investigators and those responsible for implementation of Title IX.

The educational programs and training provide ongoing awareness and prevention campaigns that also identify safe and positive options for bystander intervention that may be carried out by an individual to prevent harm or intervene when there is a risk of domestic violence, dating violence, sexual assault, or stalking against a person other than such bystander. Additionally, information is provided on risk reduction so that students, faculty/staff may recognize warningsigns.

Arizona College prohibits the crimes of dating violence, domestic violence, sexual assault and stalking as those terms are defined for purposes of the Clery Act and makes this very clear in its education and training programs. (Programs are described below. See Definitions section for both Clery and local/applicable jurisdictions.) The College follows its Title IX procedures when a Clery crime is reported.

Reporting/Filing a Complaint for Title IX Sex Discrimination/Misconduct/Harassment

Any member of the Arizona College community may report sex discrimination, including sexual harassment, in person, by mail, by telephone, or by electronic mail to:

DEFINITIONS

Procedural definitions -

Complainant

means an individual who is alleged to be the victim of conduct that could constitute sexual harassment. Note that complainants are treated as victims as required by Clery when the Clery offenses of sexual assault, dating violence, domestic violence, and stalking are alleged, but that parties are treated equally and fairly in all cases as required by Title IX.

Respondent

means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Formal complaint

means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the recipient investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the recipient with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information above and must be physically or digitally signed by the complainant or IX Coordinator (or otherwise indicates that the complainant or Coordinator is the person filing the formal complaint).

Supportive/protective measures

means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the College's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the College's educational environment, or deter sexual harassment. Supportive/protective measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The College will maintain as confidential any supportive/protective measures provided to the complainant or respondent, to the extent that maintaining such confidentiality will not impair the ability of the College to provide the supportive/protective measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive/protective measures.

Federal Conduct definitions -

Sexual harassment

means conduct on the basis of sex that satisfies one or more of the following:

- (1) An employee of the recipient conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct;

(2) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity; or

The term "domestic violence" includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Stalking

The term "stalking" means engaging in a course of conduct directed at a specific person that would cause a reasonable person to— A. fear for his or her safety or the safety of others; or B. suffer substantial emotional distress.

Consent

NOTE: There is no Clery or federal definition of consent or lack of consent. This is the Arizona definition; see end of this policy and procedure for additional jurisdictions, as applicable.

“Without consent” includes any of the following: 1. the victim is coerced by the immediate use or threatened use of force against a person or property; the victim is incapable of consent by reason of mental disorder, mental defect, drugs, alcohol, sleep or any other similar impairment of cognition and such condition is known or should have reasonably been known to the defendant (see definition of “mental defect” below); 2. 3. the victim is intentionally deceived as to the nature of the act; or the victim is intentionally deceived to erroneously believe that the person is the victim’s spouse. Arizona Revised Statute § 13-1401(A)(7).

Retaliation

Arizona College (or other person) may not intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by title IX, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by title IX or this part, constitutes retaliation. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding does not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

FILE A COMPLAINT OF SEX DISCRIMINATION

How to report or file a complaint of sex discrimination and how Arizona College will respond

When Arizona College has actual knowledge of sex/gender-based discrimination, misconduct or harassment in the College’s education program or activity, the College will respond promptly, equitably, and reasonably. The College will treat complainants and respondents equitably by offering supportive/protective measures, and by following its grievance process before the imposition of any disciplinary sanctions or other actions that are not supportive/protective measures against a respondent. The Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive/protective measures, consider the complainant’s wishes with respect to supportive/protective measures, inform the complainant of the availability of supportive/protective measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

Additionally, College personnel will inform students and employees in writing of:

- The importance of the preservation of any evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protective order, and where and how to get a forensic examination;
- That a forensic examination does not require a police report to be filed;
- How and to whom the alleged offense can be reported, including applicable law enforcement contact information and what is involved in making a police report;
- The option to be assisted by College officials in notifying law enforcement: Arizona College will comply with a student’s request for assistance in notifying authorities;
- The option to decline assistance, or decline notifying local law enforcement;

- Options for protective orders, including rights of victims and the College’s responsibility regarding such order, what legal options are available and under what circumstances, with specific contact information and how to file on each option;
- Any supportive/protective measures that will be taken; and
- Resources including counseling, health, mental health, and other services.

Confidentiality

Confidentiality Under Title IX

Arizona College will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising under it.

Confidentiality Under Clery

(applies to allegations of sexual assault, dating violence, domestic violence and stalking)

The College will protect a Clery crime victim's confidentiality, even if the victim does not specifically request confidentiality, where possible and in the following ways:

The victim's personally identifying information will not be included in any publicly available record, including Clery Act reporting and disclosures such as the annual security report. Personally identifying information is defined in Section 40002(a) of the Violence Against Women Act of 1994 as individually identifying information for or about an individual, including information likely to disclose the location of a victim of domestic violence, dating violence, sexual assault or stalking, regardless of whether the information is encoded, encrypted, hashed or otherwise protected, including a first and last name; a home or other physical address; contact information (including a postal, e-mail or Internet protocol address, or telephone or facsimile number); a social security number, driver's license number, passport number or student identification number; and any other information, including date of birth, racial or ethnic background, or religious affiliation that would serve to identify any individual.

In some cases, the College may need to disclose some information about a victim to a third party to provide necessary accommodations or protective/supportive measures. The College will inform victims before sharing personally identifying information that the institution believes is necessary to provide an accommodation or protective/supportive measure and will tell the victim what information will be shared, with whom it will be shared and why. The College's Title IX Coordinator will determine what information about a victim should be disclosed, to whom this information will be disclosed, and will use only official College systems to transmit the information necessary to provide the accommodation or protective/supportive measure.

Emergency Removal and Administrative Leave

Nothing in this policy and procedure precludes Arizona College from removing a respondent from the College's education program or activity on an emergency basis, once it undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and respondent is given notice and an opportunity to challenge the decision immediately following the removal. Also, nothing in this policy and procedure precludes Arizona College from placing a non-student employee respondent on administrative leave during the pendency of the grievance process.

Grievance process for formal complaints of sexual harassment

What you should know about the process

Arizona College's grievance process *treats complainants and respondents equitably* by providing remedies to a complainant where a determination of responsibility for sex/gender harassment has been made against the respondent, and by following a grievance process before the imposition of any disciplinary sanctions or other actions that are not supportive/protective measures against a respondent. Remedies will be designed to restore or preserve equal access to the College's education program or activity. Such

remedies may include the same individualized services as “supportive/protective measures”; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.

Arizona College’s process requires an *objective evaluation of all relevant evidence*—including both inculpatory and exculpatory evidence—and provides that credibility determinations may not be based on a person’s status as a complainant, respondent, or witness. The College requires that the Title IX Coordinator, investigator, or decision-maker will not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. Materials used to train Title IX Coordinators, investigators, or decision-makers are available at <https://www.arizonacollege.edu/consumer-information/>

The process begins with a *presumption* that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

The *standard of evidence* to be used to determine responsibility is the preponderance of the evidence standard. The process will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized *privilege*, unless the person holding such privilege has waived the privilege.

Arizona College will notify both parties, simultaneously and in writing, the result of any College disciplinary proceeding that arises under this policy and procedure, the College’s procedures for both parties to appeal the result of any determination under this policy and procedure, any change to any result, and when any result becomes final.

Notice of allegations

Upon receipt of a formal complaint, Arizona College will provide the following written notice to the parties who are known.

- Notice of the College's grievance process;
- Notice of the allegations of sex/gender harassment potentially constituting sex/gender harassment, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sex/gender harassment, and the date and location of the alleged incident, if known. The written notice will include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process. The written notice will inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence. The written notice will inform the parties of the provision in the College’s code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process; and if, in the course of an investigation, the College decides to investigate allegations about the complainant or respondent that are not included in the first notice provided, the College will provide notice of the additional allegations to the parties whose identities are known.

Dismissal of a formal complaint

Arizona College must investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sex/gender harassment, did not occur in the College's education program or activity, or did not occur against a person in the United States, then the College will dismiss the formal complaint with regard to that conduct for purposes of sex/gender

harassment under title IX. However, such a dismissal does not preclude action under another provision of the College's code of conduct or this policy and procedure. The College may also dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing:

- A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- The respondent is no longer enrolled or employed by the College; or
- Specific circumstances prevent the College from gathering evidence sufficient to reach a determination as to the formal complaint or allegations in the formal complaint.

Upon a dismissal required or permitted above, the College will promptly send written notice of the dismissal, and reason(s) for the dismissal, simultaneously to the parties.

Consolidation of formal complaints

Arizona College may consolidate formal complaints as to allegations of sex/gender harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sex/gender harassment arise out of the same facts or circumstances. Where the process involves more than one complainant or more than one respondent, references in this procedure to the singular "party," "complainant," or "respondent" include the plural, as applicable.

Delay of a formal complaint

Arizona College allows for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Investigation of a formal complaint

When investigating a formal complaint and throughout this grievance process, Arizona College:

- Will ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the College and not on the parties;
- Will not access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the College obtains that party's voluntary, written consent to do so for this grievance process; (ii) Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Will not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Will provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding; however, the College may establish restrictions

- regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
- Will provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
 - Will provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the College does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the College will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have 10 business days to submit a written response, which the investigator will consider prior to completion of the investigative report.
 - Will make all such evidence subject to the parties' inspection and review available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination; and
 - Will create an investigative report that fairly summarizes relevant evidence and, at least 10 business days prior to a hearing or other time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.
 -

After the College has sent the investigative report to the parties and before reaching a determination regarding responsibility in a hearing, the decision-maker(s) must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Hearing

Arizona College provides for a live hearing for formal complaints that are not dismissed pursuant to this policy and procedure.

- At the live hearing, the decision-maker(s) will permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Such cross-examination at the live hearing will be conducted directly, orally, and in real time by the party's advisor of choice and never by a party personally, notwithstanding the discretion of the College to otherwise restrict the extent to which advisors may participate in the proceedings.
- At the request of either party, the College will provide for the live hearing to occur with the parties located in separate rooms with technology enabling the decision-maker(s) and parties to simultaneously see and hear the party or the witness answering questions.
- Only relevant cross-examination and other questions may be asked of a party or witness. Before a complainant, respondent, or witness answers a cross-examination or other question, the decision-maker(s) must first determine whether the question is relevant and explain any decision to exclude a question as not relevant.

- If a party does not have an advisor present at the live hearing, the College will provide without fee or charge to that party, an advisor of the College's choice, who may be, but is not required to be, an attorney, to conduct cross-examination on behalf of that party.
- Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.
- If a party or witness does not submit to cross-examination at the live hearing, the decision-maker(s) must not rely on any statement of that party or witness in reaching a determination regarding responsibility; provided, however, that the decision-maker(s) cannot draw an inference about the determination regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions.
- Live hearings may be conducted with all parties physically present in the same geographic location or, at the College's discretion, any or all parties, witnesses, and other participants may appear at the live hearing virtually, with technology enabling participants simultaneously to see and hear each other. The College will create an audio or audiovisual recording, or transcript, of any live hearing and make it available to the parties for inspection and review.

Determination regarding responsibility

The decision-maker(s), who will not be the same person(s) as the Title IX Coordinator or the investigator(s), will issue a written determination regarding responsibility. To reach this determination, the College will apply the preponderance of the evidence standard.

The written determination will include:

- Identification of the allegations potentially constituting sexual harassment;
- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- Findings of fact supporting the determination;
- Conclusions regarding the application of the College's code of conduct to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the College's education program or activity will be provided by the College to the complainant; and
- The College's procedures and permissible bases for the complainant and respondent to appeal.

The College will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the College provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely. The Title IX Coordinator is responsible for effective implementation of any remedies.

Remedies/Sanctions

Consequences for violating this policy will depend upon the facts and circumstances of each particular situation. In determining the severity of sanctions or corrective actions, factors such as the frequency and severity of the offense and any history of past discriminatory, harassing or retaliatory conduct are relevant. Sanctions range from warning to expulsion, depending on the severity of the incident, and taking into account any previous disciplinary violations.

Conditions and Informal resolution

Arizona College does not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sex/gender harassment. The College does not offer an informal resolution process.

Recordkeeping

The College, through its Title IX Coordinator, will create, and maintain for a period of seven years, records of any actions, including any supportive/protective measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the College will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the recipient's education program or activity. If the College does not provide a complainant with supportive/protective measures, then it will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the College in the future from providing additional explanations or detailing additional measures taken.

STATE

When a person makes clear a decision not to participate in a particular form of Sexual Contact or Sexual Intercourse, a decision to stop, or a decision not to go beyond a certain sexual interaction, continued pressure can be coercive. In evaluating whether coercion was used, the University will consider:

A person who is incapacitated is unable, temporarily or permanently, to give Affirmative Consent because of mental or physical helplessness, sleep, unconsciousness or lack of awareness that sexual activity is taking place. A person may be incapacitated as a result of the consumption of alcohol or other drugs, or due to a temporary or permanent physical or mental health condition.

However, if the offender pleaded guilty to or was convicted of a violation of section 4511.19 of the Revised Code or a substantially similar municipal ordinance or the 43 law of another state or the United States arising out of the same set of circumstances as the violation, the court shall suspend the offender's driver's or commercial driver's license or permit in accordance with division (G) of this section. If applicable, the court also shall do the following: (1) If the violation of division (A) of this section is a felony of the first, second, or third degree, the court shall impose upon the offender the mandatory fine specified for the offense under division (B)(1) of section 2929.18 of the Revised Code unless, as specified in that division, the court determines that the offender is indigent. In any such case, it is unnecessary to find and return the exact amount of the controlled substance involved, and it is sufficient if the finding and return is to the effect that the amount of the controlled substance involved is the requisite amount, or that the amount of the controlled substance involved is less than the requisite amount. (F) (1) Notwithstanding any contrary provision of section 3719.21 of the Revised Code and except as provided in division (H) of this section, the clerk of the court shall pay any mandatory fine imposed pursuant to division (D)(1) of this section and any fine other than a mandatory fine that is imposed for a violation of this section pursuant to division (A) or (B)(5) of section 2929.18 of the Revised Code to the county, township, municipal corporation, park district, as created pursuant to section 511.18 or 1545.04 of the Revised Code, or state law enforcement agencies in this state that primarily were responsible for or involved in making the arrest of, and in prosecuting, the offender. Each agency shall use the mandatory fines so paid to subsidize the agency's law enforcement efforts that pertain to drug offenses, in accordance with the written internal control policy adopted by the recipient agency under division (F)(2) of this section. (2) Prior to receiving any fine moneys under division (F)(1) of this section or division (B) of section 2925.42 of the Revised Code, a law enforcement agency shall adopt a written internal control policy that addresses the agency's use and disposition of all fine moneys so received and that provides for the keeping of detailed financial records of the receipts of those fine moneys, the general types of expenditures made out of those fine moneys, and the specific amount of each general type of expenditure. The policy shall not provide for or permit the identification of any specific expenditure that is made in an ongoing investigation. All financial records of the receipts of those fine moneys, the general types of expenditures made out of those fine moneys, and the specific amount of each general type of expenditure by an agency are public records open for inspection under section 149.43 of the Revised Code. (2) Any offender who received a mandatory suspension of the offender's driver's or commercial driver's license or permit under this section prior to September 13, 2016, may file a motion with the sentencing court requesting the termination of the suspension. However, an offender who pleaded guilty to or was convicted of a violation of section 4511.19 of the Revised Code or a substantially similar municipal ordinance or law of another state or the United States that arose out of the same set of circumstances as the violation for which the offender's license

A fine imposed under division (H)(1) of this section is not subject to division (F) of this section and shall be used solely for the support of one or more eligible community addiction services providers in accordance with divisions (H)(2) and (3) of this section. (2) The court that imposes a fine under division (H)(1) of this section shall specify in the judgment that imposes the fine one or more eligible community addiction services providers for the support of which the fine money is to be used. No community addiction services provider shall receive or use money paid or collected in satisfaction of a fine imposed under division (H)(1) of this section unless the services provider is specified in the judgment that imposes the fine. No community addiction services provider shall be specified in the judgment unless the services provider is an eligible community addiction services provider and, except as otherwise provided in division (H)(2) of this section, unless the services provider is located in the county in which the court that imposes the fine is located or in a county that is immediately contiguous to the county in which that court is located. If no eligible community addiction services provider is located in any of those counties, the judgment may specify an eligible community addiction services provider that is located anywhere within this state. (3) Notwithstanding any contrary provision of section 3719.21 of the Revised Code, the clerk of the court shall pay any fine imposed under division (H)(1) of this section to the eligible community addiction services provider specified pursuant to division (H)(2) of this section in the judgment. The eligible community addiction services provider that receives the fine moneys shall use the moneys only for the alcohol and drug addiction services identified in the application for certification of services under section 5119.36 of the Revised Code or in the application for a license under section 5119.37 of the Revised Code filed with the department of mental health and addiction services by the community addiction services provider specified in the judgment. The community addiction services provider shall file the report no later than the first day of March in the calendar year following the calendar year in which the services provider received the fine moneys. The report shall include statistics on the number of persons served by the community addiction services provider, identify the types of alcohol and drug addiction services provided to those persons, and include a specific accounting of the purposes for which the fine moneys received were used. No information contained in the report shall identify, or enable a person to determine the identity of, any person served by the community addiction services provider. Each report received by a court of common pleas, a board of county commissioners, or the attorney general is a public record open for inspection under section 149.43 of the Revised Code. (5) As used in divisions (H)(1) to (5) of this section: 45 (a) "Community addiction services provider" and "alcohol and drug addiction services" have the same meanings as in section 5119.01 of the Revised Code. However, if the offender pleaded guilty to or was convicted of a violation of section 4511.19 of the Revised Code or a substantially similar municipal ordinance or the law of another state or the United States arising out of the same set of circumstances as the violation, the court shall suspend the offender's driver's or commercial driver's license or permit in accordance with division (G) of section 2925.03 of the Revised Code. If applicable, the court also shall do the following: 47 (1) If the violation of division (A) of this section is a felony of the first, second, or third degree, the court shall impose upon the offender the mandatory fine specified for the offense under division (B)(1) of section 2929.18 of the Revised Code unless, as specified in that division, the court determines that the offender is indigent. If a person is charged with a violation of this section that is a felony of the first, second, or third degree, posts bail, and forfeits the bail, the clerk shall pay the forfeited bail as if the forfeited bail were a fine imposed for a violation of this section. (2) If the offender is a professionally licensed person, the court immediately shall comply with section 2925.38 of the Revised Code. (E) Notwithstanding the prison term otherwise authorized or required for the offense under division (C) of this section and sections 2929.13 and 2929.14 of the Revised Code, if the violation of division (A) of this section involves the sale, offer to sell, or possession of a schedule I or II controlled substance, with the exception of marihuana, and if the court imposing sentence upon the offender finds that the offender as a result of the violation is a major drug offender and is guilty of a specification of the type described in division (A) of section 2941.1410 of the Revised Code, the court, in lieu of the prison term otherwise authorized or required, shall impose upon the offender the mandatory prison term specified in division (B)(3) of section 2929.14 of the Revised Code. Notwithstanding any contrary provision of division (F) of this section, if, in accordance with section 2901.05 of the Revised Code, a person who is charged with a violation of illegal cultivation of marihuana that is a felony of the fifth degree sustains the burden of going forward with evidence of and establishes by a preponderance of the evidence the affirmative defense described in this division, the person may be prosecuted for and may be convicted of or plead guilty to a misdemeanor violation of illegal cultivation of marihuana. (G) Arrest or conviction for a minor misdemeanor violation of this section does not constitute a criminal record and need not be reported by the person so arrested or convicted in response to any inquiries about the person's criminal record, including any inquiries contained in an application for employment, a license, or any other right or privilege or made in connection with the person's appearance as a witness. (H) (1) If the sentencing court suspends the offender's driver's or commercial driver's license or permit under this section in accordance with division (G) of section 2925.03 of the Revised Code, the offender may request termination of, and the court may terminate, the suspension of the offender in accordance with that division. (2) Any offender who received a mandatory suspension of the offender's driver's or commercial driver's license or permit under this section prior to September 13, 2016, may file a motion with the sentencing court requesting the termination of the suspension. However, an offender who pleaded guilty to or was convicted of a violation of section 4511.19 of the Revised Code or a substantially similar municipal ordinance or law of another state or the United States that arose out of the same set of circumstances as the violation for which the offender's license or permit was suspended under this section shall not file such a motion. Upon the filing of a motion under division (H)(2) of this section, the sentencing court, in its discretion, may terminate the suspension. If the offender two or more times previously has been convicted of or pleaded guilty to a felony drug abuse offense, except as otherwise provided in this division, the court shall impose as a mandatory prison term one of the prison terms prescribed for a felony of the third degree that is not less than two years. However, if the offender pleaded guilty to or was convicted of a violation of section 4511.19 of the Revised Code or a substantially similar municipal ordinance or the law of another state or the United States arising out of the same set of circumstances as the violation, the court shall suspend the offender's driver's or commercial driver's license or permit in accordance with division (G) of section 2925.03 of the Revised Code. If applicable, the court also shall do the following: (1) The court shall impose upon the offender the mandatory fine specified for the offense under division (B)(1) of section 2929.18 of the Revised Code unless, as specified in that division, the court determines that the offender is indigent. (2) Any offender who received a mandatory suspension of the offender's driver's or commercial driver's license or permit under this section prior to September 13, 2016, may file a motion with the sentencing court requesting the termination of the suspension. However, an offender who pleaded guilty to or was convicted of a violation of section 4511.19 of the Revised Code or a substantially similar municipal ordinance or law of another state or the United States that arose out of the same set of circumstances as the violation for which the offender's license or permit was suspended under this section shall not file such a motion. Upon the filing of a motion under division (E)(2) of this section, the sentencing court, in its discretion, may terminate the suspension. d. A variety of sentences are available under this statute depending on the substance possessed, its quantity, and the background of the offender.

FEDERAL

Federal law penalizes the unlawful manufacturing, distribution, use, sale, and possession of controlled substances. The penalties vary based on many factors, including the type and amount of the drug involved, and whether there is intent to distribute. Federal law sets penalties for first offenses ranging from less than one year to life imprisonment and/or fines up to \$10 million. Penalties may include forfeiture of property, including vehicles used to possess, transport, or conceal a controlled substance; the denial of professional licenses or Federal benefits, such as student loans, grants, and contracts; successful completion of a drug treatment program; community service; and ineligibility to receive or purchase a firearm. Federal law holds that any person who distributes, possesses with intent to distribute, or manufactures a controlled substance on or within one thousand feet of an educational facility is subject to a doubling of the applicable maximum punishments and fines. See the Federal Controlled Substances Act at 21 USC 800.

Students who seek assistance in dealing with a possible substance abuse problem are encouraged to obtain a listing of agencies providing substance abuse assistance from the College administration. Arizona College has located resources which might assist students who find

they are having difficulty with controlled substances or alcohol. If a student should find they are having such difficulties, he/she should notify student services immediately. The resources will assist in referral and/or treatment.

Physical Risks:

Use of illicit drugs and abuse of prescription drugs pose a serious threat to mental and physical health. Alcohol is a drug. Its use in even the smallest amounts may be harmful to some people, and when used to excess, alcohol is harmful to everyone. For this reason, responsible drinking is essential and is expected of those who choose to drink.

In addition to the physical risks associated with drug and alcohol abuse, there are many federal and state laws that may apply. These include the possible loss of Financial Aid due to conviction of a drug offense while receiving Financial Aid. Arizona College will provide a timely notice to each student who has lost eligibility due to drug convictions for any grant, loan, or work-study assistance as a result of penalties under 484(r)(1) of the HEA a separate clear, and conspicuous written notice that notifies the student of the loss of eligibility and advises the student of the ways in which to regain eligibility under section 484(r)(2) of the HEA.

Appendix A: Pertinent Legal Definitions under California Law

Appendix A: Jurisdictional Definitions Rape (CA Penal Code Chapter 1 Section 261)

(a) Rape is an act of sexual intercourse accomplished under any of the following circumstances:

(1) If a person who is not the spouse of the person committing the act is incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving consent. This paragraph does not preclude the prosecution of a spouse committing the act from being prosecuted under any other paragraph of this subdivision or any other law.

(2) If it is accomplished against a person's will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the person or another.

(3) If a person is prevented from resisting by any intoxicating or anesthetic substance, or any controlled substance, and this condition was known, or reasonably should have been known by the accused.

(4) If a person is at the time unconscious of the nature of the act, and this is known to the accused. As used in this paragraph, "unconscious of the nature of the act" means incapable of resisting because the victim meets any one of the following conditions:

i. Was unconscious or asleep.

ii. Was not aware, knowing, perceiving, or cognizant that the act occurred.

iii. Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraud in fact.

iv. Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraudulent representation that the sexual penetration served a professional purpose when it served no professional purpose.

(5) If a person submits under the belief that the person committing the act is someone known to the victim other than the accused, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief.

(6) If the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat. As used in this paragraph, "threatening to retaliate" means a threat to kidnap or falsely imprison, or to inflict extreme pain, serious bodily injury, or death.

(7) Where the act is accomplished against the victim's will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a reasonable belief that the perpetrator is a public official. As used in this paragraph, "public official" means a person employed by a governmental agency who has the authority, as part of that 66 position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

(b) For purposes of this section, the following definitions apply: "Duress" means a direct or implied threat of force, violence, danger, or retribution sufficient to coerce a reasonable person of ordinary susceptibilities to perform an act which otherwise would not have been performed or acquiesce in an act to which one otherwise would not have submitted. The total circumstances, including the age of the victim, and his or her relationship to the defendant, are factors to consider in appraising the existence of duress. "Menace" means any threat, declaration, or act that shows an intention to inflict an injury upon another. Sodomy (CA Penal Code Chapter 1 Section 286) Sodomy is sexual conduct consisting of contact between the penis of one person and the anus of another person.
