GEJO 10 HOOK GRAB

The GEJO 10 hook grab is ideal for emptying above-ground and underground waste containers. This hydraulic hook grab is electrically operated. This enables you to make the most of the functionality of the hook grab.

The GEJO 10 hook grab has a set width of 250mm between the hooks.

It comes with 24V electrical controls (excluding mounting on the lorry loading crane) and a hoist certificate.

Accessories: rotator, link, safety catches.

Type	Weight	Safe working load	Power supply	Set width	Cylinder lifting height	Dimensions HxWxD
GEJO 10	215 kg	3000 kg	24VDC	250 mm	600 mm	1050x640x230
