#### NOTICE TO DESTROY NOXIOUS WEEDS

Pursuant to the provisions of Chapter 63-0103 North Dakota, Revised Codes of 1943, notice is hereby given to every person owing or occupying Land in Sheridan County, North Dakota, to destroy all noxious weeds at the times and in the following manner prescribed by the Sheridan County board of County Commissioner, to wit:

CANADA THISTLE, SOE THISTLE AND FIELD BINDWEED-----Two applications of 2 4-D each year over a period of 2 or more years are necessary. The first application should be at the bud stage with the seconded in early fall when regrowth has occurred. From 1 to 2 pounds of 2 4-D per acre should be applied each time to weaken plants and prevent seed production. Intensive cultivation, later after treating with 2 4-D has given good control. For field bindweed 4 to 6 lbs. per square rod of Sodium Chlorate may be used for complete eradication.

LEAFY SPURGE, HOARY CRESS AND RUSSIAN KNAPWEED----In grain crops, application of one pound of 2 4-D, preferably amine salt, made at early bud state, reduces the stand. Where solid infestations occur, rates of 2 to 3 pounds are best for the first

year. Lower rates may be used for following treatments. On non-crop land, infested areas should be seeded in an adapted grass. For small patches these weeds may be eradicated by the use of Sodium be seeded in an adapted Compounds. Allication applied at 8 pounds to the square rod in early Summer.

MORE INFORMATION MAY BE OBTAINED AT THE COUNTY AGENT'S OFFICE.

#### RESOLUTION

##### BE IT RESOLVED:

That in view of the serious epidemics of black stem rust the past 2 years, resulting in submarginal yields of durum and hard wheat, and substandard qualities of these wheats; It is apparent that money and effort must be expanded to obtain knowledge and means to enable our farmers to produce profitable yields of quality wheats;

That this situation is so serious as to demand immediate attention of State authorities to muster our resources to combat this hazard of wheat farming.

That farming is the basic industry in North Dakota and each and every citizen is directly or indirectly dependent upon agriculture for his economic well-being.

That we therefore recommend that the State Experiment Station, the one agency that can possibly alleviate the devastating effects of plant diseases, be allocated substantial and sufficient funds by the State Legislature, to operate effectively, with proper equipment and manpower to determine the causes and cures.

That we further resolve to recommend that other Boards of County Commissioners in this State be urged to place a similar request through their representatives and senators.

MINUTES OF JOINT MEETING OF BOARDS OF CO. COMM.  
OF SHERIDAN AND MCHENRY COUNTIES

Towner, North Dakota – December 4th, 1959 – 2 o'clock P.M.

A joint meeting of the boards of County Commissioners of Sheridan and McHenry Counties was called to order at 2 o'clock P.M. in the County Commissioner's room at the McHenry County Courthouse, pursuant to notice of such meeting having been given, for the purpose of hearing any interested persons for or against the organization of the Drake Rural Fire Protection District. Present from the Sheridan County Board were Commissioners Fred C. Pfeifle, Hubert Oliver and Melvin Flatlie, and County Auditor, Robert R. Neuharth; and present from McHenry County board were Commissioners O. M. Coffin, John Bruner, Jr., John Resler, Fred H. Miller and George Lauinger, and County Auditor, Anton Burckhard. Three persons from the area along with Attorney John McClintock of Rugby, representing people of the area, were also present.

The meeting was called to order by Comm. John Resler, who called for the nomination of a chairman for the joint meeting.

It was moved by Comm. Miller and seconded by Comm. Lauinger that John Resler be appointed as Chairman of the meeting. Motion carried.

The purpose of the meeting was outlined as being that of determination of the boundaries of a rural fire protection district around Drake, North Dakota, as petitioned by freeholders of the affected areas, being Sections 1,12,13,24, and 25 of Twp. 151, Rge. 77; All of Twp. 151, Rge. 76; All of Twp. 152, Rge.77; All of Twp. 152, Rge. 76; Sections 4,5,6,7,8,9,16,17,18,19,20,21,22,28,29,30,31,32,and 33 of Twp. 152, Rge.75; All of Twp. 153, Rge76, and sections 19,20,27,28,29,30,31,32,33,and 34, of Twp. 153, Rge. 75, All being and lying in McHenry County, North Dakota; and

It was reported by the two respective County Auditors that a sufficient number of freeholders from the two counties in the proposed district, has signed the petition.

In response to the Chairman's call for the voicing of any comments for or against

the establishment of the proposed fire protection district, the County auditors explained the difficulty that would be encountered in the matter of setting up records, valuations and tax levies, should the boundaries not follow township or school district lines , and that if the joint board saw fit, township or school districts lines should be considered in setting the boundaries. Further Sheridan County reported that Sections 5,6,7,18,and 19 of Twp. 150, Rge. 75, in 150-75 has already an agreement with the Anamoose Fire Department.

It was then moved by Commissioner Bruner and seconded by Commissioner Flatlie that the folowing resolution be adopted:

All members of the Board and the County Auditor met in joint session with the McLean County Board at Washburn.

### RESOLUTION

WHEREAS, the Highway which was know as State Highway #23 from Max., North Dakota, easterly to serve the towns and Communities of Benedict, Ruso, Kongsberg, Butte and Kief and connect with State Highway #14 South of Anamoose, carries more traffic than a County Highway should be expected to support, and

WHEREAS, The State Highway Department is not maintaining any highway east from #83 along that whole portion of said highway between its junction with #52 at Minot and with #7, twelve mile north of Washburn, a north and south distance of more than 50 miles, while along this same part of #83, there are fore (4) state highways going west; #7 at Riverdale Junction, #37 at Garrison Corner, #23 west to Douglas and #53 west to Parshall, and

WHEREAS, The absence of a State Highway as imposed a great deal of inconvenience and quite often hardship on the residents of these commuities, and

WHEREAS, The fact that the State has not been maintaining this route east, has resulted in a burden on the highway finances in McLean and Sheridan Counties which is much greater than these finances can tolerate, and

WHEREAS, There doesn't seem to be any record of this ever being officially removed from the State Highway System, now

THEREFORE, Be it resolved by the Board of County Commissioners in McLean and Sheridan Counties that we urge the State Highway Department to take over the maintenance of this road immediately and reconstruct and surface it at the earliest possible moment.

A resolution adopted at a joint meeting of the Boards of County Commissioners of McLean and Sheridan Counties, held in Washburn, North Dakota on December 7<sup>th</sup>, 1960.

All County Commissioners, County Auditors and County Superintendents of Schools of both Counties were present.

The meeting was called to order by temporary Chairman Flatlie.

It was moved by Commissioner Ressler that Commissioner Flatlie act as chairman of the meeting. Motion seconded by Commissioner Pfeifle and was carried.

Those present were given an opportunity to express themselves.

It was moved by Commissioners Oliver, seconded and carried that the petition be rejected for the following reasons; the premises involves only a relatively small land area and only two families, both of which are renters. The Sheridan County board of School district Reorganization had requested that said renters obtain the written approval of the landowners, but only one of the landowners provided said written approval. It is the opinion of this Board that the rejection of the petition will not work any particular hardship on those concerned.

Having received notice that Wm. Lindermann Construction will be unable to do graveling in Sheridan County this fall, it was moved by Comm. Flatlie that the contract be awarded to Freddie's Gravel Service as per bid letting. Motion seconded by comm. Saueressig. All voting "Aye" the motion carried.

It was moved by Comm. Flatlie that the Applications for Abatements of Taxes filed by Geo. Thom, Jr. on N ½ S ½ Section 29-147-77 for abatement of 1966 and 1967 taxes be rejected for the following reasons:

Application for 1966 taxes rejected for the following reason: The application for abatement was not filed on or before November 1<sup>st</sup>, 1967, (1967 being the year the 1966 taxes would have been delinquent if not paid) and therefore the abatement is barred pursuant to the Statute of Limitation provided in Section 57-23-03. See Rice V. Board of County Commissioners of Benson County (1965), 135 N.W. 2<sup>nd</sup> 597 at page 601. Further it is the opinion of the Board that the land is not over assessed when compared to other land of like quality and in the judgement of the Board the market value of this land is at least \$7,250.00.

Application for 1967 taxes rejected for the following reasons: Section 57-20-20 NDCC provides that application for abatement must be filed within sixty days after payment of taxes under protest. This tax was paid on January 3<sup>rd</sup>, 1968, and the application for abatement filed May 17<sup>th</sup> 1968, which is more than sixty days. Further, it is the opinion of the Board that this land is not over assessed when compared to other land of like quality and in the judgement of the Board the market value of this land is at least \$7,250.00. Seconded by Comm. Saueressig. All voting "Aye" the motion was declared carried and the applications rejected.

It was decided to appraise tax deed lots and lands on October 15<sup>th</sup>, at 9:00 A.M.

Having received a request for cancellation of taxes from the State Land Department on SW ¼ 17-146-77 because of cancellation of contract it was moved, seconded and carried that the request be approved and the taxes for 1963 thru 1968 be cancelled and the tract removed from the tax lists, unless the contract is reinstated within a short time.

The Health Nurse's narrative for September was read and ordered filed.

The time being 2:00 P.M. bids for coal for the Courthouse were opened:

Bids were received as follows:

Rudolph Braunberger - \$7.50 per ton from Underwood

Eugene Wahl - \$7.00 per ton from Underwood

It was moved, seconded and carried that the low bid of Eugene Wahl be accepted.

The County Agent's monthly narrative was read.

The matter of Janitor services for the Courthouse was discussed. It was decided for the time being to keep Henry Borchardt to tend the heating plant and yard at \$100.00 per month, and to hire Mrs. Joanne Rittenbach for cleaning, etc. at \$175.00 per month.

At this time the meeting was adjourned to October 15<sup>th</sup>, 1968.

The next regular meeting will be November 6<sup>th</sup>, 1968, at 10:00 A.M.

Allen Faul met with the Board regarding a culvert in the road near his farm. Commissioner Saueressig will check on this.

The Highway Crew members met with the Board regarding vacations. It was moved, seconded and carried that they be allowed two weeks vacation during the winter.

The time being 2:00 P.M., the time set for hearing objections to the minimum sale price set on tax deed lots and lands, the matter was considered. No one appeared in favor or against said prices so they were left as previously set.

The County Agent's monthly narrative was read.

The Health Nurse's monthly narrative was read.

The Veterans Service Officer's report for August, September and October was read.

The County Auditor was authorized to attend a workshop put on by the State Tax Department in Bismarck on December 11,12,& 13, 1968.

A copy of a letter from the Fire Marshal's Office regarding condition of the Courthouse and jail was read.

The application for abatement of taxes of Geo. Fox on Lot 1, Blk. 9, Denhoff Village, requesting a 50% reduction in valuation was rejected for the reason that it is the opinion of the Board that a 50% reduction would not be just when compared to other property valuations, also the local Township Board recommends that the application be disapproved.

There being no further business the meeting was adjourned until the next regular meeting, December 3<sup>rd</sup>, 1968, at 9:00 A.M.
