RESOLUTION

To the State Highway Commission:

Be it resolved by the Board of County Commissioners of Sheridan County, North Dakota, that the State Highway Commission remove the NO. 14 Highway markers from all the Sheridan County roads on which they are now placed, and that they be placed upon the road passing through Denhoff Village and North to Anamoose, and south of Denhoff on the route now marked on the Highway Map; and that the County Road running from McClusky due North 15 miles, thence 4 miles West, thence 1 mile north, thence 1 mile west, thence 15 miles North and connecting with Highway No. 9, be given another number, for the reason that the present road marked No. 14 is impassable, and tourists and the traveling public is being confused and led by such signs onto impassable roads.

On the foregoing Resolution, Commissioners Wentz, Sabin and Brakel all voted "aye", and no one voted "No".

Thos. Brakel,  
Chairman.  
J. P. Wentz

That the State Highway Commission be further requested to appropriate and set aside, when available, a sufficient amount of State Aid to pay for approximately 25 per cent of the total actual cost of construction of the above mentioned project.

In consideration of the foregoing, the Board of County Commissioners hereby agrees that it will, at the request of the State Highway Commission secure title to such rights-of-way as may be found necessary.

It is further agreed that the County will pay its share of the total cost of construction, which share shall be approximately 25 per cent of the total actual cost,

and that the Board of County Commissioners will set aside by appropriate resolution, when requested to do so by the State Highway Commission, sufficient funds to meet the County's share of the total estimated cost of the project, such estimated cost to include 10% for engineering and contingencies.

The above is a true copy of resolution duly adopted by the Board of County Commissioners on this 4th day of June, 1929.

RESOLUTION

WHEREAS, the 1933 Legislature of the State of North Dakota, enacted a law extending the time within which the several counties of the state could apply for tax deeds upon lands, And WHEREAS, it is proposed by a bill introduced in the 1935 Session of the Legislature to extend such time when the counties May apply for Tax Deeds for a further period of two years, and WHEREAS, the enactment of such 1933 law has resulted in various abuses, in that counties have been unable to enforce payment of such taxes, resulting in the counties being uable to raise the necessary money to pay bills, And, WHEREAS, many peD sons holding Tax Deeds to lands have taken advantage of such law and taken the income from thus held by Tax Deed and failed to pay any taxes on lands so held, which has resulted in the taxes for many years accumulating and remaining unpaid to the detriment of Schools and the various road districts, Villages, cities and Counties, AND WHEREAS, a further extension of time when counties may apply for Tax Deeds will result in the Accumulation of such a large amount of taxes on land that owners will be unable to pay the same.

NOW THEREFORE, BE IT RESOLVED, By the Board of County Commissioners , of Sheridan County, North Dakota, in meeting assembled, Upon motion of Commissioner Walch and seconded by Commissioner Frank that we go on record as opposed to any extension of the time for Counties to apply for Tax Deeds on Certificates held by the Counties, and that we recommend that instead of such legislation that the Board of County Commissioners in each County be empowered to take such action with reference to the taking of Tax Deeds as they shall deem proper and equitable in each particular case. RESOLUTION

The following resolution was unanimously passed at a joint meeting of the Sheridan County Welfare Board and the County Commissioners of Sheridan County, held in the

City of McClusky on Monday, March 2nd, 1936,

WHEREAS, it is apparent that there will be a surplus of more than One Million dollars(\$100,000) in the State Retail Sales Tax Fund, not appropriated by the Legislature for relief to Schools and destitute persons, and WHEREAS, the relief load is extremely heavy, due to the severe winter, and

WHEREAS, there are so many employable relief cases not being care for by the W.P.A. and said cases become the liability of the County Welfare Boards of the State, and WHEREAS, the County Welfare Boards are also required to supplement many cases wherein the cash grant allowed by the Re-settlement Administration is insufficient to properly provide for those cases and

To give additional help to many families who cannot exist upon the wages paid them under W. P. A. and to supplement the W.P.A. allowances when the same are reduced because of illness, and WHEREAS, the amounts that the Counties are called upon to contribute to the local Welfare Boards for relief are more than the Counties can procure, and WHEREAS, we are reliably informed that our present Statute covering relief or pensions to the aged does not conform to the regulations of the Federal Social Security Act, so that North Dakota is not receiving the Federal Appropriation as contemplated by the Social Security Act, and WHEREAS, we are informed that in stated having Statutes conforming to the requirements of the said Security Act, the Federal Government will match State and County funds in an amount not to exceed \$30.00 per month for each case and the said Federal Contribution would far exceed the cost of a special session of the State Legislature, THEREFORE, be it resolved by the County Welfare Board of the County of Sheridan and the Board of County Commissioners of Sheridan County, in joint session assembled this 2nd day of March A.D. 1936, that the Honorable Walter Welford, Governor of the State of North Dakota, be asked to call a special session of the State Legislature, that the said State Legislature may apportion the surplus of funds in the Retail Sales Tax Fund to the Public Welfare Board of the State of North Dakota, to be distributed by that body to the several County Welfare Boards of the State for relief purposes and to amend and reenact the Old Age Pension Law, so that it conforms with all the requirements of the Federal Social Security Act, so that the State of North Dakota may receive her just share of the appropriations made by the Federal Government; AND BE IT FURTHER RESOLVED, that a copy of this resolution be sent to the HONORABLE Walter Welford, Governor of the State of North Dakota, and to the several County Auditors and Executive Secretaries of the County Welfare Boards of the State of North Dakota requesting them to bring this matter before their Boards in the very near future. **RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF SHERIDAN COUNTY, NORTH DAKOTA, RELATIVE TO THE ISSUANCE OF WARRANTS FOR EMERGENCY POOR RELIEF TO REPLENISH THE COUNTY POOR FUND. ADOPTED BY THE BOARD OF COUNTY COMMISSIONERS OF SHERIDAN COUNTY AT A MEETING HELD ON AUGUST 5TH, 1938.**

**BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF SHERIDAN COUNTY THAT:**

The Board of County Commissioners of Sheridan County, North Dakota, has had under consideration the County Auditor’s estimates of the current assets and liabilities of the County Government as of July 1, 1938, and estimates of the amount of such current assets available for appropriation, also estimates of the amount of revenues which can be raised by taxation and from other revenue sources during the current fiscal year; and the said Board had determined the necessary amounts required for the operation and maintenance of each office, department or activity of county government, during the current fiscal year.

The Board of County Commissioners has found and determined that the amount which can be raised by an eight mill county tax tevy on the taxable value of all property in the county for the year 1938, plus current assets available for appropriation plus estimated revenues from all sources which can be used for the financing of County governmental activities, are insufficient to provide funds for the legally required activities of county government, including the necessary support of the poor.

The Board of County Commissioners hereby declares that an emergency exists and that the county is without adequate resources to finance the legally required activities of county government, including necessary poor relief and the said board further declares that an urgent necessity exists for the issuance of “Warrants for Emergency Poor Relief” to replenish the County Poor Fund as is provided under Chapter 98, Laws of 1933 as amended by Chapter 120, ll

The Board of County Commissioners has authorized and the County Auditor has made a transfer of the unexpended balance in all other county funds (exclusive of sinking and interest funds set aside to pay the principal or interest on outstanding bond issues or funds set aside to retire any other outstanding indebtedness) to the county poor fund.

The Board of County Commissioners finds and determines that the unexpected balance in the county poor fund after making of such transfers is \$233.51,
