Commissioners Proceedings January 4th 1909  
Bickley Farms Lamont Township N. Dak.

Board met pursuant to adjournment.

Present W.N. Bickley, Chairman, August Liebig and John Schmidt, Co. Commissioners, Joseph Teibel Sr. Co. Auditor, and Frank Callahan, Sheriff.

Minutes of the last meeting were read, and on motion approved.

On motion the following Resolution was adopted: Whereas, The Commissioners of the new County Of Sheridan, having taken under advisement the location of the Temporary county seat, and understanding that certain inducements will be offered, therefore by the different communities and ill ages in the County, have agreed upon the following principles in reaching a just conclusion, be it therefore.

Resolved, that the best interest of the majority of the voters of the new County might be jeopardized for all time to come, and vicious tendency induced in the administration of the county seat. To consider, alone, a small pecuniary gain for today, neglecting the best interest of the county in the future would be a violation of the trust imposed upon us as public officials. Having carefully considered the great expense imposed by the removal

of the county seat, or by repeated attempts to remove the same, it would appear to be the duty of this Board to use its best judgment in so locating the temporary county seat as to meet with the continued approval of the majority of the voters, and avoid in so far as possible the continuance of wasteful, and harmful contents over its future location. It shall, however, be incumbent upon us when in our judgment offers of compensation do not in any wise conflict with the convenience of the majority of the voters and the best interests of the convenience of the county, to carefully consider such offers, and secure to the county such as in our opinion will prove the most beneficial.

The following propositions were then read by the Auditor.

The Town of Goodrich offers \$5,000.00 in cash to the County, provided that the temporary County seat is located in aid fo

The Village of McClusky offers \$1,000.00 in cash, also the sum of \$5,000.00 to be invested in Court House and jail, the County Board to determine the sufficiency, thereof, also to furnish suitable rooms and offices at once for the different Co. Offices.

The Town of Denhoff offers \$3,000.00 in cash also the use of Mr. Brannings house for the use of the County.

After due discussion and consideration the following Resolution was presented by commissioner Bickley, Mr. Liebig taking chair temporarily. Whereas, several propositions have been made by the different towns and villages of the new County of Sheridan, as to location of the temporary County seat of said County, and considering all such proposals, and inducements, we the County Commissioners of said county find that the propositions offered by the Village of McClusky is the most favorable, being in our judgment best situated and prepared for such County Seat. Therefore, be it resolved by this Honorable Board of County Commissioners of Sheridan County, North Dakota: That the Temporary County Seat of said County, is hereby located in the Village of McClusky, in said County, and State for the period of two years or until the majority of the voters of said County shall decide upon the permanent location of the County. Provided, however, that the said village of McClusky shall fulfill the following agreements.

First, to provide at once, free of charge suitable rooms and offices for the county officers and transaction of bounty business.

Second, to invest the sum of \$5,000.00 for the use of said new bounty of Sheridan, the sufficiency where of shall be determined by the Board of Commissioners.

Third, to convert at once into the Treasury of said County for its use in any manner that the Board shall see fit, the sum of One Thousand Dollars.

For the performance of which agreements we the citizens of the Village of McClusky, and surrounding territory do hereby pledge, and bind ourselves through our duty, and authorized committee.

(Signed) W.B. Robertson, Fred Berg, J.P. Schroeder

Sheridan County and Gunder A. Hill, made an agreement with reference Thereto, providing that the State Engineer of the State of North Dakota Should measure said grade work done under said contract, and that the Figures returned by said State Engineer, should be accepted by both parties To said agreement as correct, and which agreement was filed and made part Of the Proceedings of this Board, and

Whereas, said State Engineer has returned his figures showing the amount of Work done by Gunder A. Hill as \$2178.26 and

Whereas, it appears that said Gunder A. Hill has been overpaid the sum of \$3321.74, and that the figures filed by the County Surveyor of Sheridan Co. Are erroneous. The Board of the Co. Commissioners has requested the said Gunder A. Hill to cause the warrant to be returned to Sheridan Co. and holder Of said warrant having returned said warrant amounting to \$3000 with endorsement Thereon of \$200.00, said warrant is hereby declared cancelled and said GunderA.

Hill is to be credited with the sum of \$2800 , on said overpayment. There being A balance of \$521.74 overpaid said Gunder Hill, over and above the amount of Said warrant, it is hereby directed that under said agreement with said Gunder A. Hill for repayment of any overpayment being \$521.74 shall be deducted from the Next bill submitted by said Gunder A. Hill, on said contract, this Board having Ascertained that under his contract said Gunder A. Hill has done considerable Work which has not been measured, and for which no bill has been presented, And that he has considerable work yet to do on said road, which work already Done and not measured and the work to be performed yet, will greatly exceed in Value the amount due Sheridan County yet by reason of said overpayment, and Whereas said Gunder A. Hill has given a surety Bond before beginning work. That he complete said contract, said Bond being in sum of \$1000. This Board Deems Sheridan Co. amply protected as to balance overpaid, being \$521.74 Attached is the report of State Surveyor:  
State of North Dakota, etc. April 24, 1912.

I enclose you herewith two copies of the estimate of road work done during The season of 1911 on Lincoln road by Gunder A. Hill. You will kindly deliver One copy to the contractor. You will note that these figures show every measurement Taken together with all the computations. Also please note that we have divided The estimate into two parts, consisting of completed work and uncompleted work, So that the total completed work is 12.667 yds. And the total uncompleted work is yds. Of the completed work there undoubtedly has been some shrinkage, and as I understand that the work was to be paid for in the fill it would rather be fair to allow a certain percentage for shrinkage. What this shrinkage should be is a matter of judgement, and as I estimating ten percent, making a total estimate for Mr. Hill of 13.945 yds. Completed work. Of course, you will understand and that the estimate on The uncompleted work is approximately only. Also please note that there is one fill Between Sec. 25, Tp. 147 R. 76 and Section 30, Tp. 147 R.75 that may possibly vary From true measurement on account of its being under water. Very truly, etc.

T.R. Atkinson,

And whereas it is deemed to be for the best interest of the county of Sheridan and the residents thereof, that such bonds be issued.

Now therefore, be it resolved by the Board of County Commissioners of Sheridan County, North Dakota, that pursuant to law and especially with reference the Article 24 and acts amendatory thereto, that said Board of County Commissioners, proceed to and do issue negotiable bonds of said County of Sheridan, in the aggregate sum of One Hundred Thousand Dollars ( \$100,000.00) and to sell said bond and the proceeds of such sale to be exclusively for the purchase of seed grain and feed for needy residents of Sheridan County, North Dakota, such bonds be in denomination of Five Hundred Dollars( \$500.00) and to mature in three (3) years from the date of their issuance, and such bonds to bear interest at the rate of six percent payable, semi-annually, with coupons attached, representing each interest payment, both bonds and interest to be payable as stated in said bonds, the bond to be made payable to the purchaser or order, at the place designated in said bonds as determined by said Board of County Commissioners and said bonds shall be numbered from one (1) upwards, And the proper officers of said County, to-wit the Chairman of the Board and the County Auditor, are hereby authorized, empowered and directed to execute such bonds and deliver to the County Treasurer and by him delivered to the purchaser as hereinafter provided, and in the execution of bonds coupons, the said officers are hereby authorized to have their signatures to the coupons lithographed.

And the County Auditor, the clerk of the Board is hereby directed, in the year 1918 and each year hereinafter mentioned to include the amount recorded by this resolution to be raised by taxes, and the money so raised shall be sufficient to pay the interest of the bonds as aforesaid when due, and the balance of the money so raised shall constitute a sinking fund sufficient to pay and retire said bonds at their maturity.

And be it further resolved that no tax or fund provided for the payments of such bonds, either principal or interest, shall be used for other purposes.

And be it further resolved however, that in case a sufficient fund has been paid into the county treasury in any year as provided in Article 24 Compiled Laws of N. D. 1913 and acts amendatory thereto, on or before November 1st, to meet the interest and sinking fund provided for in this act, then there shall be no tax assessed for that purpose in that year, and in no year shall there be a greater sum assessed than will together with the balance at that date in the Treasury belonging to the seed and feed grain fund, be sufficient to meet said interest and sinking fund promptly for that year.

On motion the following resolution was passed:

#### RESOLUTON

Whereas the County in the year 1920 bid in real estate and has received tax sale certificate on real estate so bid in covering the taxes of 1919.

And Whereas, under Section 2191, Compiled Laws of 1913, such said real estate has not since been offered for sale at subsequent tax sales and the subsequent taxes have not been paid.

And Whereas, the accumulated taxes amount to a sum so large that the land owner is not able to pay the entire amount but may be able to pay taxes for one or two

years..

And Whereas, if said land owner be permitted to redeem from the 1920 tax sale without paying taxes of subsequent years, the County would have no protection of security for such subsequent taxes.

Now therefore, be it resolved By the Board of County Commissioners that in such cases and where the tax certificate has not been assigned by the County, this said land owner is hereby authorized to pay the taxes for any year or years without the payment of the 1920 tax sale certificate covering the taxes of 1919 and the said land owner is hereby granted this privilege for a period of two years.

And be it further resolved that in case the land owner does pay taxes for any subsequent year the County will extend the time of redemption from the 1920 tax sale certificate for a period of two years.

And it is further resolved that the rate of interest on said taxes shall be reduced to six per cent.

On motion the County Auditor is instructed not to assign to any one the certificate of the 1920 tax sale in any case in which the land owner has accepted the benefit of such motion or resolution by paying taxes for a subsequent year or years.

By motion the County Auditor was also instructed to refrain from publishing notice of expiration of period of redemption in all such cases.
