My home town in Telangana is about 1200 kms away from Salem, Tamilnadu without any direct means of transportation.This makes it very difficult for me to attend to my family in times of need / medical emergencies especially now when my mother is still recovering from a severe road accident. Further, my home state has only one station i.e RO-Telangana and transfer to any other station would definitely mean that I would be posted again in a different state and would face similar hardships as that of the present station. 592	TRS00000 22035	177064	Saicharan Salveru	22-05-1994	1. I sought transfer on the grounds that i need to look after my elderly dependent parents as my mother is diabetic, who need my help, as am the only son, it is pertinent to me to stay with them. 2. I had to visit my parents frequently a distance of 600 kilometers to look after my parents and their frequent health check ups which they cannot do themselves. It can be seen that i had to take many leaves and no leaves are left. 3. it has been 5 years since i am working in this station.
