Mr. Fiorini (Principal)

A yearbook is more than printed pages and photographs. It is, in a very real sense, a record of memories — your memories — the memories you hold, both individually and in common as students of Bloomfield Tech. It is my sincere hope as well as the hope of the faculty and administration that those memories are pleasant ones; ones which you will cherish throughout your life. It is our hope that your days here at Bloomfield Tech. have been enjoyable as well as filled with learning and growth. You have received an education that will serve you well throughout your lives, and the memories within these pages will serve you in those quiet moments when you turn your thoughts back to your days spent with us.

On behalf of the faculty and administration, I wish you health, happiness, and success throughout your lives.

Ms. Cynthia Portera (Vice-Principal)

I am excited to have the privilege of being the new Vice-Principal at Bloomfield Tech. My idea of a good Vice-Principal is someone who cares about the students and faculty, while being a strong leader and disciplinarian. I want the students to know that I believe in them and what they can accomplish. As a little girl I always dreamed of being a teacher, so when I graduated high school I went to Columbia University Teacher's College and received my teacher's certificate. Then as an adult I wanted to be a principal so I furthered my education and received my principal's license from Monmouth College. As Vice-Principal at Bloomfield Tech. I would like to wish the class of 1999 success in all they want to accomplish in life.

“Keep Up The Good Work!!!”

Our Dear Valerie,

Your life has brought us so much joy, laughter and love. As we watched you grow you found a love of sports. You pressed on to become the only girl to make the North Ward Championship Team.

Your genuine love, for your family friends, school, sports and most of all God, has made you the beautiful and successful young lady you are today. Keep your head up and reach for your goals.

God has created you special, and with Him all things are possible.

Congratulations Honey

We Love You,
Mom & Dad
