

PALABRAS Y FORMAS DE LA *HISTORIA DE LA LENGUA ESPAÑOLA*

Manuel Ariza

Hace ya muchos años que comencé a realizar el índice de palabras y formas de la *Historia de la Lengua*, que consideraba y considero útil. Don Rafael me indicó que sería preferible que las referencias no se hicieran por páginas sino por epígrafes o párrafos, por si cambiaban las páginas en futuras ediciones. Así lo he hecho. Pensé en agrupar las palabras por étimos, pero al final he optado por dejar las palabras aisladas y en la forma en la que vienen en el libro.

Es laboriosa la labor de recopilación, afortunadamente he contado con la valiosa colaboración de Ángela Angulo y con la de mi hija Raquel, que ha pasado los datos al ordenador. He revisado varias veces el texto, comprobando los datos con el manual de don Rafael, por ello espero que no contenga demasiados fallos.
