

Mission	Objectives	Strategies
NADOs Sharing Best Practices	To encourage and nurture best practice by Member NADOs	Build the capacity of NADOs by (1) promoting anti-doping best practices, including effective testing programmes, (2) arranging partnerships between NADOs, (3) assisting developing NADOs, and (4) conducting peer and independent reviews of the quality of NADO programmes Collect and provide best practice resources Support NADOs' 2015 Code and International Standard compliance Assist Members build relationships and share with other ADOs
	To promote communication between Member NADOs, and between anti-doping practitioners	(1) Connect Members to each other, and to potential Members, and (2) Connect Members' people to each other, and to those of potential Members and of other ADOs
NADOs Speaking with One International Voice	To represent the collective views of NADOs to sporting and to government bodies to (1) influence the strategic direction of anti-doping, (2) communicate the positions of anti-doping practitioners, (3) promote improvements in anti-doping, and (4) enhance iNADO as an advocate of anti-doping	Engage Members and potential Members to build consensus on key anti-doping operational issues (such as implementing and compliance with 2015 Code and International Standards) and on key strategic issues (such as NADO independence and good governance, and measures to address match fixing and other ethical challenges to sport) Assist Members educate and inform Public Authorities (PAs) on anti-doping developments and issues, and support PAs' role as partners in WADA funding and governance
	To build and maintain Membership to increase influence and to achieve long-term sustainability	Nurture strategic partnerships to increase iNADO's reach Build relationships with potential Members and with other anti-doping stakeholders Recruit current and emerging NADOs Financial self-sufficiency/good governance
