WELCOME

TO ALL VISITORS, DEALERS, VOLUNTEERS AND GUESTS

WELCOME to our 2022 Michigan State Numismatic Society Convention and Coin Show. We are delighted that you are here. We encourage you to explore everything the show has to offer.

EXTRA-SPECIAL THANKS to the [Birmingham Bloomfield Coin Club](#) and the [Royal Oak Coin Club](#) for co-hosting this event. This show would not be possible without their generous help in set-up, organization, management, tear-down, and everything else they do to ensure a successful show for all.

ARE YOU AWARE that the Michigan State Numismatic Society Convention and Coin Show:

- is the largest coin show in the state
- is held twice per year
- hosts 104 dealer tables which stretch on for at least 1000 feet
- presents 300 feet of exhibits and display cases—always attention-getting!
- welcomes 2,500 plus visitors to our outstanding show
- offers a Saturday children's YN program that is second to none
- introduces speakers with impressive knowledge of specific numismatic topics

ENJOY OUR SHOW!

Welcome to Warren!

Dear Attendees of the Michigan State Numismatic Society 66th Annual Fall Convention and Coin Show:

On behalf of the residents of Michigan's third largest city in population, I welcome you to Warren, where you find the people are friendly and the city government is cooperative.

Our police and fire departments are second to none, and we are happy to promote your convention in our city publications and cable TV station. Your convention is very much like our city – exciting and growing!

I wish your convention continued success, and, if my office can be of assistance to help in any way, feel free to contact me.

Sincerely,

Mayor James R. Fouts
City of Warren

DESCRIPTIONS OF EDUCATIONAL TALKS AND BIOGRAPHIES - FRIDAY SCHEDULE

Friday, 9:00 a.m.

Joseph Boling To Conduct ANA Judging Certification Class At The Fall 2022 Convention

American Numismatic Association vice-president and chief exhibit judge Joseph Boling will be conducting an ANA Judges Familiarization and Certification Program (JFCP) class at our Fall, 2022 convention.

The ANA JFCP class is important for those wishing to judge at ANA shows, and ANA certification is highly respected for judging educational exhibits at coin shows across the country. MSNS has a great need of more ANA-certified exhibit judges, and this is an excellent opportunity for our members to come and take the class here at our own convention! We encourage everyone to take advantage of this wonderful opportunity right here at “home” and take the class! You do not have to preregister, and whoever shows up is welcome.

The 90-minute JFCP class will be held on the morning of Friday, November 25 at 9 am at the Convention in the Macomb Room. Because the bourse floor won't be open to the public until 10am, please use the main hallway entrance to the Macomb Room. Joe will conduct an encore presentation on Saturday morning, November 26 at 9 am for those who couldn't attend the Friday session. Please visit the MSNS website www.michigancoinclub.org for any updates.

The ANA has recently revised its judging criteria form, which Boling will explain as part of the class. MSNS will be using this newly-revised form at the Fall, 2022 Convention. Therefore, all MSNS judges are strongly encouraged to attend one of the seminars to get updated with the changes, before they begin their actual judging on the exhibit floor.

The class is also useful for exhibitors of all experience levels, and for anyone in the numismatic or general public who wishes to learn more about the judging process. If you don't want to attempt actual certification, that's fine; just come for the lecture part. During the class, the students who do wish to become certified will choose the classification(s) in which they wish to get certified. Students will then go on the exhibit floor and judge the displays according to the directions of Mr. Boling. The participants will then have a final "wrap-up" meeting following the awards breakfast on Sunday morning.

There is no cost for the JFCP, and again, walk-ins are welcome! We'll see you there!

Friday, 2:00 p.m.

**Jim VanderRoest –
German Notgeld Coins From
World War I**

As World War I dragged on, a shortage of small change developed throughout Germany. Municipalities, states, and private firms attempted to fill the need for coins by producing "emergency money" from materials such as paper, metal, porcelain, and some even more exotic. This presentation will focus on coins struck in metal and other materials. Coins issued after the war for collectors and during the hyperinflation period will also be reviewed.

Jim VanderRoest has been a coin collector since the age of nine. He is an attorney in private practice in Kalamazoo and is the President of the Kalamazoo Numismatic Club. He is also a member of the ANA and MSNS, and a show helper with B&B Coins of Portage.

Friday, 4:00 p.m.

**Kathy Freeland –
The History Of Women’s Suffrage
In Michigan**

In 2020, the United States celebrated the 100th Anniversary of the Women’s Right to Vote. Join us as Kathy shares a timeline of events leading up to the passing of the 19th Amendment in Michigan, including the process, the persons involved, especially the women, and discuss the numismatic pieces commemorating the event. There will be a special gift for each person attending!

Kathy is a longtime exhibitor and speaker on a number of topics, most recently of suffrage and the coinage related to that topic. She is a member of multiple clubs and enjoys talking about numismatic issues related to women. She belongs to the Flint Flying Eagle Coin Club, Marysville Coin Club, and Huron Valley Numismatic Society, and is president of the Michigan Token and Medal Society. She is currently on the board of the Michigan State Numismatic Society, and will be running for Vice-President.

SATURDAY PRESENTATIONS

Saturday, 9:00-10:30 a.m.

**Joseph Boling To Conduct
ANA Judging Certification Class
At The Fall 2022 Convention**

(See description on last page -
Second offering of class given on Friday.)

Saturday, 2:30 P.M.

**Dr. Ralph Ross –
The Future Of Coins And Currency In
Our Society, Part II**

The Future of Coins and Currency in Our Society, Part II: is a 'PowerPoint' describing why the optimal elimination of small coinage (e.g. the cent, nickel, and dime) makes sense (CENTS); and an overview of the increased use of bitcoin and cryptocurrency. Years from now, we may no longer use small coinage such as the cent, nickel, and dime (and paper \$1s and \$2s).

We may increase the use of the quarter dollar (25¢), perhaps, the foresight for our new smallest denomination. The proliferation of programs involving the 25 cent piece, such as the 50 State Quarters, National Parks Quarters, and Women on Quarters are examples. The daily use of coinage for miscellaneous payments for trade and commerce is gradually becoming obsolete. Society's use of coins and currency in the future may decrease as the burgeoning trend for payment for goods and services may instead utilize chips, cyberspace money and even electromagnetic waves (QR) for financial/barter transactions.
