INTRODUCTION

CAMEO's mission is to grow a healthy, vibrant, thriving environment for *all* entrepreneurs and start-up businesses by advancing the work of our statewide member network.

CAMEO expands resources and builds capacity for local Micro Enterprise development organizations throughout California that provide entrepreneurs with small business financing, business and credit technical assistance, and business management training.

CAMEO:

- Provides information on trends, innovations, and technology to improve practitioner capacity and reach new markets;
- Cultivates new resources and investments;
- Promotes best practices; and,
- convenes, connects, and engages members to grow the sector.

We also educate the public on the economic impacts of microbusiness through public awareness campaigns and advocate at the local, state and federal level for public policies that support the growth of microbusinesses, start-ups, and entrepreneurs.

CAMEO is California's statewide microbusiness association made up of over 180 organizations, agencies and individuals dedicated to furthering microbusiness development in California.

TEAM

Claudia Viek
