Re: Kansas Gas and Electric Company
(Wolf Creek Generating Station,
Unit No. 1),
Docket No. STN 50-482

Dear Sir:

Enclosed are three signed originals and twenty-five copies of the Application for Amendment of Construction Permit No. CPPR-147. The Amendment would include Kansas Electric Power Cooperative, Inc. as a co-owner of the Wolf Creek facility and as a co-holder of the Construction Permit.

Also enclosed is a check in the amount of \$4,000 representing the amendment fee for a Class III amendment. The amendment is believed to come within the Class III definition in that it involves only a single issue and does not involve a significant hazards consideration.

Very truly yours,

Jay E. Silberg

Company and Kansas City Power &
Light Company
