## 1. Preamble

It is the need of the hour to work in collaborations to achieve and maintain the Education and Research standards in any institute. The individual academicians from VB and PNC should join their hands in academics and research. This would help to increase the academic standards and students' quality. This also helps in tackling particularly the local problems and work together for the sustainable development of the area.

## Phulsing Naik Mahavidyalaya, Pusad.

Janata Shikshan Prasarak Mandal is the culmination of the long cherished dreams of a group visionaries. Phulsing Naik Mahavidyalaya is a premier educational Institute established in 1961 with the mission to promote higher education for the marginalized folks of the remote rural areas and to strive for the all round development of students to face the global competition with utmost confidence by imparting scientific awareness and by strengthening their inner conscience and human values. We feel proud to mention that it was the outcome of the vision and effort of former Chief Minister of Maharashtra Late Shri Vasantaoji Naik.

Since its inception the college has been imparting quality education to the socially and economically marginalized rural students. It runs courses in the faculty of Arts, Commerce and Science. It also offers Post Graduation in English, Marathi, Chemistry and Computer Science. It provides certificate course in Functional English and Non-conventional Energy Systems. Considering the need of the hour we have started B.B.A. and B.C.A.

All this is accommodated in 57 acres with elegant multistoried buildings standing gloriously at Pusad - Nagpur road and an intimate human environment. Institute also provides Research facilities for Ph. D. in Chemistry, Physics, Zoology and Botany. Besides above facilities a well equipped laboratories of Electronics and Computer Science, Language Lab., Library, Reading room with internet facility, large play ground for various games with special provision for Basket ball ground, athletics track and auditorium attract the students from all over Vidarbha region.

A taskforce of 35 qualified faculty members with 10 Doctorates on its roll and team of 48 supporting staff has made this Institute an academic centre in Vidarbha. Alumni are placed

in various fields for the benefits of the Society. The policy of not producing more graduates but citizens with strength of character, self confidence and wonderful human being seems to be paying off.

### Vasant Biotech, Pusad.

Vasant Biotech, Pusad is one of the leading biotech companies engaged in research, production and marketing of various tissue culture plants, biofertilizers, biopesticides and bio-organic products. Company started in year 2007 with its work from tissue culture plants of Banana. But due to strong support and inspiration from farmers company entered in biopesticides and biofertilizer production.

Vasant Biotech is working in association with Tamilnadu Agriculture University for biopesticides also under guidelines with Department of Biotechnology ( DBT) Ministry of Science and Technology Government of India.

During this journey company launched several products available to farmers. In this new field company assures to provide quality products to farmers.

One of them is AVISHKAR which is unique biotechnology product. This is effective amino acid, vitamin, protein and mixture of wild medicinal plants. After spraying on crop it helps to increase number of flowers and increase size and quality of fruits and also helps to increase yield.

FOLIBUSTER is crop vigour stimulate which is very effective to increase auxin gibberellins which helps to increase 80% flowers in plants and also improve the quality of crop. This is used on spray solution and useful to all crops.

SUPER HUMIC GOLD is important product of Vasant Biotech which is obtained from Natural decomposing substances. Super humic acid increases enzyme action and growth of beneficial microbes. It increases germination capability when used along with seed at the time of sowing. Also increases proportion of Carbon and Nitrogen in soil.

DHANLAXMI is a granule, a product of Vasant Biotech which contains natural amino acid along with same selected sea algae. In sea algae contains minor elements & large number of growth promoting substances.

SUPER SOIL CHARGER is special soil improver. Due to chelating effects important elements are easily become available to crop plants. Super soil charger contains 30% super potassium F. humate.

SUPER AMINO GOLD is another special formulation which contains large proportion of free amino acid. This is prepared by double enzymatic Hytroylises technique. Super amino gold is very effective to increase size of fruit, colour and also helpful in ripening of fruits. TRICO ACTION is another important product. This contains Tricoderma viridae, a fungi, Trico action controls root rot, seed rot and red rot disease.

N.P.K. BIOFERTILIZER is a special mixture of large number of microbes. It is helpful to get Nitrogen from presence of Rhizobium, Azatobacter, Azospirillum. Bacillus and Pseudomonas makes available phosphate. Phratoria orienta makes available potash. N.P.K. biofertilizer is found very useful for balancing of N.P.K. in plants, cell to cell transport mechanism in plant and also improve the quality of soil.

MEALY CONTROL is another important product which contains fungi from metarhizium and verticillium family. Mealy control is found very effective to control insects.

## Late Rajkamalji Bharti Arts, Commerce & Smt. Sushilabai R. Bharti Science College, Arni, Dist. Yavatmal

### 1) Introduction

Shri Datta Prasadik Shikshan Prasarak Mandal, Arni is the only prominent institution providing facility of primary to higher education in the periphery of Arni, Dist. Yavatmal. A few decades pre and post independence, this remote area was under the influence of Naxlites. But even in such an inverse situation in 1932, our founder president late Shree Chitghanandji Bharti established Shri Datta Prasadik Shikshan Prasarak Mandal in the form of a primary school. The graph of institution flourished in the regime of the President late Shri. Rajkamalji Bharti who opened High School (Main), Girls High School and Junior College along with the Hostel facility for backward class students.

In 1984 one more jewel added in the crown of the institution in the form of Late Rajkamalji Bharti Arts, Commerce and Smt. Sushilabai R. Bharti Science College, Arni. With this praiseworthy and meritorious phase of development, our existing president Dr. Sanjay Rajkamalji Bharti, keeping in mind the need of student, opened another horizon of higher education in the form of Science faculty (B.Sc.) in 2009.

The college campus is spread over 4046.86 sq. mts. The college is provided with adequate infrastructural facilities for all academic, administrative and examination related activities. The college well equipped laboratories, rich library supported by a spacious reading room, vast play ground and have a 23 teaching and 11 non-teaching members. The College has a multipurpose hall to organize the programs like guest lectures, seminars conferences etc. The college has adequate numbers of classrooms, computer lab and a staff room. The college has separate area for administration.

**Goals:**

- To impart knowledge which will enable our students to shoulder social responsibility and will also be morally forthright?
- To inspire creativity by encouraging them to find out their inherent talents and aptitudes through learning.
- To inculcate practical thinking with a sense of discrimination and purpose towards their actions.
- To prepare them to be self reliant and resourceful with self control and general awareness.
- To instill human values to mould them to become citizens of character to act as agents of positive change in the society.

## **Babasaheb Naik College of Engineering , Pusad.**

Ex. Chief Minister of Maharashtra Late Shri. Sudhakar Rao Naik foresaw the need for an Engineering Institution & his dream institution was realized on 19<sup>th</sup> July, 1983, in Pusad with the blessing of Ma. Renuka Devi of Mahur. The town Pusad is only 45 km away from the green hills in the District Yavatmal. The Institution has continuously been provided indigenous technology manpower for industrial development of the country.

The institution has grown phenomenally since its inception. Presently it offers 6 undergraduate courses in engineering and 4 Post Graduate courses in Civil, Mechanical, Computer Sc. & Engineering and Digital Electronics. The institute also provides Research facilities for Ph.D. The laboratories in Civil, Electronics & Telecomm., Mechanical, Computer Sc. & Engineering branches & Science laboratories are recognized by S. G. B. University, Amravati for Ph.D. research work.

The institution has highly qualified and dedicated faculty of about 100 teachers who are also engaged in research. Moreover they provide consultancy to private and public sector as well as Government agencies and are mainly responsible for technical development of the region.

The institute prepares students to meet ever increasing technological and social changes with its traditions of self discipline, hard work, all around personality development and a creative approach to problem. An extensive infrastructure exists to imbibe and cultivate these attributes amongst students.

Dissemination of knowledge in the areas of emerging and futuristic technology is attained by organizing seminars, workshops , conferences. Interactive short term courses in CAD, personality development, inter personal skills, communication skills, how to face interview board etc. are organized throughout the year.

The courses Civil Engg., Mechanical Engg., Computer Sc. & Engg. & Electronics & Telecommunication Engg. of the institute are Accredited two times by National Board of Accreditation, New Delhi. The Institute is Grade-A institute by

Govt. of Maharashtra and approved by AICTE, New Delhi. The institute is ISO 9001-2008 certified. The institute is also received UGC 2(f) & 12(b) recognition. The institute is affiliated to Sant Gadge Baba Amravati University, Amravati.

**Our Mission :**

To improve continually our teaching-learning process and enhance research activities to meet need of students, industries and society, allowing us to prosper as a lead technical center.

**Our Vision :**

To become the preferred provider of quality, state-of-the Art technical education that satisfies the nation's requirement of excellent technical manpower.
