

San Diego, California, February 15th. 1906.

Thursday 9.A.M.

REGULAR MEETING.

Present Commissioners Schaniel, Gwyn and Adams.

The unread minutes of the previous meetings were read and approved.

ORDINANCE No. 2368.

An ordinance amending ordinance No. 52 and regulating the laying of pipes on 28th. street from the South line of "A" street to the north line of South Park Addition.
Adopted February 13th. 1906. Urgency clause inserted.

Filed. Bartlett Estate Company notified accordingly.

ORDINANCE No. 2367.

An ordinance authorizing the Board of Public Works to construct a sewer on "A" and Twelfth Streets, and appropriating \$150.00 therefore.

Filed.

Referred to the City Engineer for plans and specifications.

Document No. 2942, petition of Samuel L. Wood for the sale to the City of a sewer in lot N of Block #3 Golden Hill Addition for the sum of \$226.80, the City Engineer reports as follows:-

"The records of this office do not show that a sewer was built by Mr. Samuel L. Wood in the alley of Block No. 3 of Golden Hill Addition, under the direction of this office.

Levels were run in that alley, at the request of the Superintendent of Sewers, and if built at all, it must have been done under the supervision of the Superintendent of Sewers."

The EX-Superintendent of Sewers is at the present time out of the City and there appears to be no record of said sewer, so far as can be found, the matter is therefore filed for the present time.

Messrs. Stansbury and Powell have filed three claims for extra work respectively, \$34.27, \$302.35 and \$114.50.

Referred to the City Engineer for approval.

A communication was ordered addressed to the Honorable Common Council recommending that ordinance #2345 which appropriates \$450.00 for the purchase of a new Street Sweeping Machine be repealed and that another ordinance be adopted appropriating \$250.00 for the repair of the old Street Sweeping Machine; also that the urgency clause be inserted in the ordinance authorizing the same.

The Water Department received a communication from Frank A. Salmons Clerk of the Board of Supervisors notifying said department that the Board intends to remove the water pipe, belonging to the County, from Lewis Street to the old County Hospital.

Also, that the bills for water furnished the Hospital during the months of December and January are held pending settlement.

The water department addresses this board as follows:-

"The pipe line referred to belongs to the County, although it has been used by the City ever since it has owned the system, and is connected up with the mains. There are also a number of taps directly connected with this main. I presume the County has the right to take the pipe up after giving the City a reasonable time to lay a main of its own and properly connect it to the water system.

I respectfully recommend the following;

That the Board of Public Works be authorized by Ordinance to take up a portion of the 7" Kalamein pipe between Morena and Pacific Beach and re-lay the same on the following streets;-

Commence at the present 4" pipe line at the intersection of Third street and Lewis street in Fifth street Addition, thence North along Third street to a point 20 feet N. of the S. line of Stockton street a distance of 700 feet. I have no knowledge of any City main or tap beyond this point, except the watering trough at the old County Hospital in Mission Valley. Some arrangement should be made to keep this in operation. Estimated cost for doing all the foregoing work will be about \$200.00. *Referred to Common Council.*

In the matter of the petition of E. Fredericks et als for the construction of a sewer line in Columbia street, from Juniper street to Kalmia street, the City Engineer files the following estimate for the construction of the same

Excavation	\$112.50
Sewer Pipe & Ys	48.48
Laying Sewer pipe	19.00
1 Flush Tank	<u>75.00</u>
Total-----	\$254.98

The construction of said sewer line was recommended to the Hon. Common Council.

The Supt. of Sewers reports that there are about 45 bells now in use on the Flush tanks of the old sewer system that are beyond further repair and must be replaced by new ones, these bells will cost about \$3.00 each and it is recommended that at least 50 bells be purchased.

Recommend to the Hon. Common Council that authority be granted for the purchase of 50 new bells for flush tanks at a cost of \$3.00 each.

The City Engineer makes application to exchange the Underwood type-writing Machine that has been in use in his office for several years past for a new C.L. Smith visible typewriting machine, L.M. Alexander & Co. the agents for said L.C. Smith typewriter, offer to make said exchange for a bonus of \$50.00 cash.

Recommended to the Hon. Common Council that authority be granted to this Board to make said exchange in accordance with said proposition.

Chas. S. Schumucker, petitions for a water main on Columbia street from Kalmia to Fir streets, Referred to the Water Dept. for investigation and report.

Petition of G. F. Mahler et als. for a 2" water main on Jackson street from Cleveland and University avenue west 380 feet and north on Maryland avenue 450 feet, Referred to the Water Dept. for investigation and report.

Ordinance 2369. provides for the purchase of at least an average of 1,000,000 gallons daily, of water, from the San Diego Flume Co. at the rate of 4¢ per 1,000 gallons, Approved Feb. 13, 1906. Urgency clause inserted. Referred to the Water Dept. with authority to purchase in accordance with the provisions of said ordinance.

George Thomas Rogers files an application for a position in the Water Dept.

Filed:-

Upon motion being duly seconded it was decided to take up the appointment of a collector in the Water Dept. George Thomas Rogers being nominated for the position, was duly appointed by a unanimous aye vote, the Secretary was directed to notify Chief Clerk Harry Clark of said appointment, also to notify George Thomas Rogers that he was this day appointed to the position of collector in the Water Dept. at a salary of \$60.00 per month, also that he will be required to furnish a bond in the sum of \$1,000.00

Resolution No. 2637

Grants permission to Grace B. Hatch to remove small tree inside the curb line of 2555 Fifth street.

Filed:-

Upon motion Grace B. Hatch was granted permission to remove said tree in accordance with said Resolution.

Resolution No. 2638

Grants South Park and East Side Ry. Co. permission to install a temporary turntable on 25th. street at a point 32 feet south of the south line of "D" street, until such time as the balance of the street rail-way line may be built to Fourth and "F" street.

Upon motion the Bartlett Estate Co. was granted permission to place said turntable in accordance with the provisions of said Resolution.

The Tax Collector makes requisition to have the certificates of sale for 1905 taxes bound in six volumes; The Secretary was directed to take bids on the same.

Oscar D. Marshall and Peter Winther contractors, regularly engaged in laying cement and other sidewalks and constructing concrete and natural stone and other curbs in the City of San Diego, file a bond in the sum of \$200.00 to comply with the regulations prescribed by ordinance of the said City for doing said work. P. M. Johnson and James E. Connell sureties.

Upon motion the said bond was approved by a unanimous aye vote of the Board.

The following communication was this day received from the City Engineer; Viz:

"In the matter of the Old Town Plaza known as Washington Square:-

All the maps of record in this office indicate that particular plot of ground as being a public square, although there can be found no record showing that it was officially dedicated as such. Diligent inquiry shows that it has always been used as such. It is the opinion of this office, in which the Assistant City Attorney concurs, that Washington Square in Old Town, is in fact a public square".

Filed:-

Ordinance No. 2352

An ordinance establishing the width of sidewalks on Redwood street in the City of San Diego, California, from the center line of 4th. street to the curb line of the City Park. Approved Feb. 8, 1906.

Filed:-

The City Engineer this day filed Specifications for materials to be furnished and of the labor to be furnished in the construction of the pipe in Point Loma avenue, San Diego, California.

Upon motion said specifications were adopted by a unanimous aye vote of this Board.

The City Engineer this day files specifications for 4 and 6" C.I. water pipe, for use by the Water Dept. Upon motion said specifications were adopted by a unanimous aye vote of this Board.

The Secretary was directed to advertise for proposals making said proposals returnable to this Board at 10 o'clock A.M. on Thursday the first day of March 1906. and the time of commencement of the delivery of said pipe to be April 1st. 1906. and be completed on or before May 1st, 1906.

The Secretary was directed to advertise for the construction of a sewer line in 23rd. street bet. "A" and "B" streets San Diego, California, in accordance with plans and specifications on file in the office of the Board of Public Works City of San Diego, Calif. making said proposals returnable March, 1st. 1906. on Thursday at 10 o'clock A.M. the work to be commenced on or before the 15th. day of March and completed on or before April, 1, 1906

The Master Plumber's Association of San Diego address the following communication to this Board, Viz:

"That the City of San Diego put in all sewer connections and lay sewer from main to property line"

The same was taken under consideration.

The Supt. of Streets was allowed to fix up a room at the City Stables for the use of the City Hostler at an expense not to exceed \$30.00.

The City Engineer filed plans and specifications of a Septic Tank to be constructed by the Bartlett Estate Co. for the Sewer System in South Park Addition.

The same was, upon motion being duly seconded, approved.

WHEREAS, the contract between Solon Bryan and the City of San Diego dated November 13th. 1905, for the completion of Fire Engine House No. 2 located at the corner of 2nd. and "E" streets San Diego, California, in accordance with plans and specifications therefore on file in the office of the Board of Public Works, for the sum of \$845.00, has been completed to the satisfaction and approval of the Chief of the Fire Dept. and this Board;

THEREFORE BE IT RESOLVED, by the Board of Public Works of the City of San Diego as follows;

That the completion of Fire Engine House No. 2 as constructed under and by virtue of that certain contract dated November 13, 1905, between Solon Bryan and the City of San Diego, California;

Be, and the same is hereby approved, and accepted, for, and in the name of, and as the act of, the City of San Diego, and the said Solon Bryan is entitled to payments to be made in accordance with the terms of said contract.

Commissioners Schaniel, Gwyn and Adams voting Aye.

Secretary

D. J. [Signature]

President

San Diego, California, February 23rd. 1906.

Friday 9 o'clock a.m.

Regular Meeting.

Thursday February 22nd, 1906, being a legal holiday, the Board therefore met this day in regular session, there being present Commissioners Gwyn, Schaniel & Adams.

The unread minutes of the previous meeting were read and approved.

The Quartermasters Department of the U.S. Government, Fort Rosecrans, San Diego, Cal. under date of February 16th. '06, petition for a reduction of water rate.

The Secretary was directed to appear before the Water Committee and present said petition for their consideration.

U.S. Engineer McKinstry under date of February 23rd. '06, petition for a water pipe line to be laid to the Light House at the end of Point Loma.

A copy of said petition was ordered to be sent to the Superintendent of the Water Department for investigation and report to this board.

Petition from Mrs. S.L. Craigue et als. for a water main to be laid on "D" Street from 30th. to 33rd. Streets, a distance of about 2000 feet.

Referred to the Superintendent of the Water Department for investigation and report.

Petition from George Middleton et als. for a Water Main to be laid on India Street from Fir to Hawthorne Streets; also that a Fire Hydrant be put in at either Fir Or Grape Streets.

Referred to the Water Department for investigation and report.

Petition from R.S. Townsend et als. for a Water Main to be laid on Eighteenth Street between "L" & "M" Streets.

Referred to the Water Department for investigation and report.

Petition from Palmer Bros. et als. for a Water Main to be laid on Columbia Street between Juniper & Kalmia Streets.

Referred to the Water Department for investigation and report.

The Water Department recommend that 380 feet of 4" Water Pipe (from stock) be laid on Columbia Street from Juniper to Kalmia Streets. The estimated cost for the same will be \$75.00.

The Superintendent of the Water Department was authorized and directed to lay said line in accordance with his recommendation.

Ordinance No. 2375, provides \$440.00 for the laying of 4" Kalamien second hand pipe, from the gate and check valve of the La Jolla reservoir, along Exchange Place, to the south line of College street, thence with 4" C.I. pipe, along said Exchange Place, to the connection with a pipe line to be laid in Cave street, in accordance with the provisions of Ordinance No. 2027.

The Water Dept. was authorized and directed to lay said pipe line in accordance with the provisions of said Ordinance.

Ordinance No. 2375 also provides \$195.00, for a 2" Standard pipe line commencing at the 10" water main, at the intersection of Juniper and Columbia streets, thence along Columbia street to a point 30 feet north of the south line of Palm street, a distance of 2290 feet, thence easterly along Palm street, to a point 50 feet east of the west line of Union street, a distance of 560 feet, thence northerly along Union street, to the south line of Quince street, a distance of 350 feet, or a total distance of 3250 feet, provided that H.F. Price does furnish the 2" pipe to be laid over the route described herein and that the total cost to said City, of laying said pipe, shall not exceed the sum of \$195.00.

The Water Dept. was directed to lay said water pipe line in accordance with the provisions of said Ordinance No. 2375.

Ordinance No. 2375 also provides \$230.00 for a 4" C.I. water main, on Kearney avenue, from Beardsley street to Dewey street.

The Water Dept. was directed to lay said pipe line in accordance with the provisions of said Ordinance No. 2375.

Ordinance No. 2375 also provides \$102.00 for a 4" C.L. water pipe on "M" street from 29th. to 30th. streets.

The Water Dept. was directed to lay said pipe line in accordance with the provisions of said Ordinance No. 2375.

Ordinance No. 2375 also provides \$135.00 for a 4" C.l. water main on 28th. street, from "A" street north to Dartmouth street.

The Water Dpet. was directed to lay said pipe line in accordance with the provisions of said Ordinance No. 2375.

Ordinance No. 2376 provides \$1.00 as compensation for the employment of a competent person, whose duty it shall be to attend to the water gate, between the high and low service, at the intersection of 5th. and "A" streets; Said person so employed to open said gate immediately on a fire alarm being given, and keep the same open until the fire is under control; The person so employed shall receive \$1.00 for each fire, for which the gate is opened and closed, which shall occur between 6 o'clock P.M. and 6 o'clock A.M. of the day following.

Referred to the Water Dept.

Ordinance No. 2377 provides \$1.00 per month, to meet the expence of maintaining a fire alarm tapper at No. 725 Second street, San Diego, Calif.

Referred to the Water Dept.

The Water Dept. recommends that a 10" CI water pipe be connected with the 12" C.I. main at 12th. and "H" street, and also with the water mains running north and south on 9, 10, and 11th. streets, estimate \$255.00.

The foregoing recommendation was transmitted to the Hon. Common Council, with the recommendation of this Board; Further recommending that the urgency clause be inserted in the Ordinance authorizing said work.

Ordinance No. 2371 provides \$2790.00 for the construction of all water pipe lines, not already constructed, on 5th. street, every 50 feet, from the south line of Ash street, to the south line of Upas street, also that when the property owners shall hereafter desire or be required to connect with any of the water pipes, that before connecting with the same they shall pay to the Treasurer of said City \$18.00 for each connection with said water pipe.

Referred to the City Engineer for specifications.

Ordinance No. 2371 provides \$5610.00 for the construction of all sewer latterals, not already constructed, on 5th. street, every 50 feet, from the south line of Ash street to the south line of Upas street, also that when the property owners shall hereafter desire or be required to connect with any of the sewer mains, that before connecting with the same, they shall pay to the Treasurer of the City \$30.00 for each connection with said sewer main.

Referred to the City Engineer for specifications.

Ordinance No. 2372 provides that the City Engineer, with the consent and approval of the Board of Public Works of the City of San Diego, is hereby authorized to appoint two field parties, for the use of the Engineer's Department of said City, said parties to be composed, each, of one Engineer and two Chainmen, and the compensation of the parties so employed shall be fixed as follows, each assistant Engineer, shall receive \$4.00 per day and each Chainman shall receive \$2.00 per day; Also there may be appointed in the same manner one Clerk to assist in said Engineer's office compensation of said person so employed shall be fixed at \$60.00 per month.

Referred to the City Engineer.

Ordinance No. 2373 provides that the City Engineer, with the consent and approval of the Board of Public Works of the City of San Diego, is authorized to appoint, for a period of six months, for use by the Engineer of said City, one assistant Engineer and two Chainmen, compensation of the assistant Engineer, \$350.00 per day, and of the two Chainmen, \$2.00 per day each.

Referred to the City Engineer.

Petition from Ed, Fletcher et als. for a sewer line on 26th. street, between "D" and "E" streets and on "D" to 25th. street.

Filed:-

The Engineer having filed an estimate for said work Nov. 22, 1905. of \$627.20.

The City Engineer filed an estimate for the construction of a 6" sewer line in 15th. street from the west line of "A" street to the west line of Gardners Addition of \$216.90

Recommend to the Honorable Common Council that said line be constructed at a cost of not to exceed \$216.90, the estimate of the City Engineer.

The City Engineer files the following Estimate for the construction of a Sewer line in Block #6, Crittendens Addition, \$411.44
 For the construction of a sewer line in Eighth Street..... \$419.60

Adding the following remarks.

There has already been constructed a sewer line in Sixth street, south of University Avenue. For the reason that there is no alley in the block between Fifth & Sixth Streets. There are alleys in the rows of blocks between Sixth & Seventh streets, and between Seventh & Eighth streets. The block between Eighth & Ninth streets contains no alley. In the natural order of things, it will sometime be necessary to construct a sewer line in Seventh street and in Eighth street, which will serve the entire territory east of Fifth street and west of Ninth street. Now, if the policy is pursued at this time to build a sewer line in the alley of block #6 it will be come necessary in time to construct two additional lines making three in all, whereas by building the lines in the streets, instead of in the alleys in this particular section, the same object can be attained by the construction of but two lines, thereby effecting a saving of say, \$425.00.

For the above reasons, it is respectfully suggested that if built, the sewer be placed in Eighth street.

Recommend to the Honorable Common Council that said sewer line be constructed in Eighth Street, in accordance with the recommendation of the City Engineer.

City Engineer filed an estimate for the construction of a six inch sewer line in Fifteenth street from the west line of "A" street to the west line of Gardners Addition of \$216.90

Recommend to the Honorable Common Council that the same be constructed.

8

The City Engineer filed Plans and Specifications for the construction of a Wood Trestle instead of a steel trestle, Sewer system South Park Addition, to be used for the sewer to be constructed by the Bartlett Estate Company.

Said plans and specifications are this day adopted by the Board of Public Works by the following vote; Commissioners Schaniel, Gwyn and Adams voting Aye.

City Engineer this day filed plans and specifications for a foot bridge on Tenth Street between Essex and Vermont Sts. which were approved by the Board of Public Works by the following vote; Commissioner Schaniel, Gwyn and Adams voting Aye.

Recommend to the Hon. Common Council that an ordinance be adopted authorizing the purchase of the necessary material for the construction of a foot bridge on Tenth St. between Essex and Vermont Sts. at a cost for material not to exceed the sum of One Hundred and fifty Dollars. (\$150.) The property owners in this locality agree to furnish the labor to construct said bridge and give a bond therefore provided that the City furnish the required amount of material.

Claims of Stansbury and Powell for extra work done in connection of contract for the laying and constructing the wood pipe line in the City of San Diego, California were filed in the sums of Thirty-four Dollars and Twenty seven cents and One Hundred fourteen and Fifty Dollars and Three Hundred and Two ^{Dollars} and Twenty ^{Cents} ~~Dollars~~. These claims were approved this day by the Board and ordered transmitted to the City Attorney to ascertain if they were just claims against the City. Also to the City Engineer for his O.K. to the work having been done.

Ordinance #2374 authorizes the Board of Public Works to advertise the Bids for the construction of "B" St. reinforced concrete conduit.

Upon motion being duly seconded the Secretary was duly directed to advertise for bids for the construction of said "B" St. concrete conduit making said bids returnable at 10 o'clock A.M. on Thursday the 15th day of March, 1906, and fixing the time for the commencing of the work on or before the 2nd day of April, 1906, and for the completion on or before the 1st day of October, 1906, and the person to whom the contract is awarded to give a bond to the said City in the sum of Twenty thousand Dollars for the faithful performance of his contract and all bonds required by law for the protection of labor and material men.

Commissioners Schaniel, Gwyn and Adams voting Aye.

Ordinance #2286 provides \$493.74 for the construction of four foot cross walks on both sides of "H" St. from the west line of 17th St. to the East line of 22nd St.

Said ordinance was filed for the present time.

The Supt. Of Sewers makes requisition for two 6 inch Miller special syphons one to be placed in front of the East School and the other at the intersection of 5th & Walnut Sts. The estimated cost of said syphons and placing of same will be One Hundred fifty Dollars (\$150.). Secretary directed to order two syphons from the Pacific Flush Tank Company, Pasadena, California.

Adjourned till Saturday 10 A.M.

Attest *A. H. Dixon* Secretary

D. Williams
President

San Diego, California, Feb. 24, 1906.

Saturday 10 A.M.

Adjourned Meeting.

Present Commissioners Schaniel and Gwyn, absent Commissioner Adams.

A petition from the Chamber of Commerce asking that a pipe-line be extended from 20th Street into the City Park for the purpose of irrigating a number of trees that have been furnished by Mr. Ed Fletcher and others.

Referred to the Supt. of Water Department to ascertain where said pipe-line should be laid and to report his findings to this Board.

Petition from Mr. Ed Fletcher and others for the construction of a sewer line in "D" St. from 25th to 26th Sts.

Referred to the City Engineer for plans and specifications.

Petition from property owners on 4th St. between "C" and "E" Sts. asking that the City provide two lights on the 4th St. side of the "D" St. Plaza said lights to conform with the balance of the lights to be placed along 4th St. between said above mentioned points. These lights will have fifteen incandenscent lamps of 16 candle power each to each post and will burn from sunset to midnight every night. The cost will be \$9.50 per post per month and the contract is for two years from the time of installation.

Recommend to the Hon. Common Council that they authorize that the placing of two lamp posts with 15 incandenscent lamps of 16 candle power each in accordance with the foregoing petition provided that the cost thereof shall not exceed \$19 per mo.

Commissioners Schaniel and Gwyn voting Aye.

The contract and bond between Loring & Company, a corporation, San Diego, California, party of the first part, and the City of San Diego, a municipal corporation, San Diego, California, party of the second part, for the furnishing of one steel metallic filing case in accordance with its proposal therefore to the City of San Diego for \$438.50 was this day filed and upon the motion being duly seconded the said contract was approved and the bond therefore in the sum of \$200 with Grace V. George and Ray F. Ward was ordered approved, also the material and labor bond in the sum of \$225, same surities was ordered approved.

Commissioners Schaniel and Gwyn voting Aye.

In accordance with a verbal call for bids for binding certificates of Tax Sale in Book form for the City Treasurers Department the following bids were received; James A. Harris bids\$3.00 per volume.

R. Schiller bids 3.50 " "

U pon motion the work was awarded to James A. Harris.

Commissioners Schaniel and Gwyn voting Aye.

In accordance with an advertisement calling for bids to be delivered to the office of this Board on Saturday Feb. 24th, 1906 at 10 o'clock A. M. for the construction of the six inch sewer line on Vermont St. and in the alley between Thornton and Cypress Sts. in University Heights, San Diego, California, in accordance with plans and specifications on file in the office of the Board of Public Works, the following bids were received:-

Gust Brelin bid\$490 certified check accompanying..\$25.

Solon Bryan "\$492 " " " \$25.

Upon motion the contract was awarded to Gust Brelin the lowest bidder.

Commissioners Schaniel and Gwyn voting Aye.

San Diego, California, March 1st. 1906

Thursday 9. A.M.

Regular Meeting.

Present Commissioners Schaniel, Gwyn & Adams.

Minutes of the previous meeting were read and approved.

Regular monthly Pay Rolls were approved.

Petition from E.L. Dahlfues et als. for a water Main on Essex Street between Vermont & Richmond Streets University Avenues was received.

Referred to the Water Department for investigation and report.

The Water Department recommends that the petition of F.T Scripps et als. in Pacific Beach Addition to replace the present 1-1/2" main on second street or Bayard Street with 3" and 2-1/2" standard screw pipe to Reed Avenue Also to replace 250 feet of 1-1/2" Pipe on Reed Avenue Westerly from Bayard Street and Reed Avenue. Estimated cost \$125.00.

Superintendent of the Water Department was directed to lay the same in accordance with his recommendation.

The Water Department recommends that the petition of J.B. Mannix Jr. et als. for a 2" pipe line from the present 4" main on Carolina Street thence East on Meade Avenue to the East line of Georgia Street a distance of 410 feet, be laid at a cost of \$85.00.

Referred to the Water Department with authority to lay the same in accordance with its recommendation.

The Water Department recommends that the petition of Alice E. Johnson et als. for a 2" pipe line on Eighth street from Grand Avenue to the North line of College Avenue a distance of 710 feet be granted. Cost of same will be \$135.00.

Referred to the Water Department with authority to lay the same.

Ordinance #2329 provides for the paving of "D" St. between 20th and 22nd Sts. with decomposed granite and crude oil. Provided, that no bids shall be accepted for said work or contract for any sum exceeding the sum of \$850.

Referred to the City Engineer for plans and specifications.

Ordinance #2372 provides for the appointment of two assistant Engineers four Chainmen and one clerk and the City Engineer under authority of said ordinance has this day named P. C. Hatch and E. R. Childs Assistant Engineers and W. K. Evans, E. Brooks, Bert Haslan and Charles Moore as Chainmen and G. J. Rennie as Clerk and request that these appointments be ~~confirmed~~ confirmed. The Board of Public Works by ^{Aye} unanimously vote held by the Board confirmed said appointments.

In accordance with the provision of ordinance #2373 the City Engineer has named W. W. Davis as Assistant Engineer and V. E. Hawkins and H. A. Thomas Chainmen and requests that these appointments be ~~confirmed~~ confirmed. Upon motion being duly seconded the said appointments were ~~confirmed~~ confirmed by unanimous Aye vote.

The Hon. Common Council at an adjourned meeting held Feb. 26th, 1906, directs this Board to enter into a contract with the lowest bidder for the printing of 500 copies of the City ordinances. Said communication ordered placed on file.

Upon motion being duly seconded it was decided to recommend that the Hon. Common Council that one of the employees of the Street Department be designated as Outside Foreman and that the salary of said position be increased to \$65 per month. This will be an increase of but \$5, still it will be an incentive for the balance of the street force to work for and it is believed to be right and just, therefore it is recommended that an ordinance fixing the salary for one of the street force to be designated as outside foreman at \$65 per month be adopted: also that the urgency clause be inserted in

this ordinance.

Mills and Hizar, Attorneys for complaint Shone Company, a corporation filed a notice reciting that the claim of the Shone Company against Howard and Long, Contractors with this City, which claim amounted originally to \$6350 has been fully paid and satisfied and the City of San Diego is hereby released from this charge from any obligation to the said Shone Company by reason of any notice, claim or lein or any other proceedings served upon the City or any of its officers in the above entitled matter. Dated February 26, 1906.

Said communication was ordered placed on file.

In accordance with the notice calling for sealed proposals to be delivered at the Office of the Board of Public Works at 10 o'clock A.M. on Thursday the 1st day of March 1906, for furnishing 260 lengths of six inch cast iron water pipes and 985 lengths of four inch cast iron pipes in accordance with the specifications on file in the office of said Board. The following bids were received; -viz.

U. S. Cast Iron Pipe & Foundry Co.	4 inch cast iron pipe	\$40.20	per ton.
	6 " " " "	\$39.20	" "

Certified check accompanying bid \$350.

Christian Froelich.....	4 inch cast iron pipe	\$42.74	per ton
	6 " " " "	\$41.74	" "

Certified check accompanying bid \$400.

Upon motion being duly seconded the contract for furnishing said 4 and 6 inch cast iron pipe was awarded to the U. S. Cast Iron Pipe & Foundry Company, the lowest bidder at their bid.

Commissioners Schaniel, Gwyn and Adams voting Aye.

Proposals for the construction of a sewer line in 23rd St. between "A" & "B" Sts. Solon Bryan bids \$182, certified check accompanying \$10. All work to be done in accordance with the specifications on file in the office of the Board of Public Works.

Upon motion being duly seconded SOLON BRYAN was awarded the contract for constructing said sewer line by the following vote, Commissioners Schaniel, Gwyn and Adams voting Aye.

Upon motion it was decided by unanimous Aye vote to take out an Accident Policy on the City elevator. This policy provides for liability and loss from an accident resulting in bodily injuries to or in the death of one person, is limited to \$5000 and subject to the same limit to each person, ^{the} corporation's total liability for loss from any one accident resulting in bodily injuries to or in the death of more than one person is limited to \$10,000, the premium therefore, is \$35 for one year beginning February 24, 1906. and ending February 24, 1907.

Commissioner Schaniel, Gwyn and Adams voting Aye.

Upon motion being duly seconded it was decided by an unanimous vote of the Board to award the contract for the printing of 500 city ordinances to Frank Grandier, the lowest bidder.

Commissioners Schaniel, Gwyn and Adams voting Aye.

San Diego, Calif., March, 8 1906

Thursday, 9 A.M.

Regular Meeting,

Present Commissioners Schaniel, Gwyn and Adams

Minutes of the last meeting read and approved

The regular monthly claims were read and approved

Received an estimate from the City Engineer for the construction of a 6" sewer line in "D" street from 25th. to 26th. streets, estimating the cost at \$450.00, in relation to the above estimate the City Engineer reports as follows; viz: "Your attention is respectfully called to ordinance No. 2386, approved February 26th., 1906, By this ordinance there is appropriated the sum of \$551.20, for the construction of a sewer line in the alley in block No. 27 of H.M. Higgins Addition, this sewer will drain all the lots on the north side of "D" street between 25th. and 26th. streets; The property on the south side of "D" street between the points above named, cannot, by reason of topographic features, be drained into this sewer. It can be readily be seen that so far as the property between 25th. and 26th. streets is concerned, the sewer line is not needed. The construction of this line is simply to accommodate the property on 26th. street and this purpose can be accomplished more satisfactorily by the construction of a line in 26th. street to a connection with the present system at some point below "K" street. The sewer in 25th. street has not been designed with the view of draining into it, a larger district than one block on each side to require that this pipe shall carry more than this may lead to its being taxed to beyond its carrying capacity."

The City Engineer was authorized to confer with Mr. Ed. Fletcher et als. in relation to the foregoing sewer line and see if some satisfactory result may be obtained and report his findings to this Board.

Ordinance No. 2383, provides for extra compensation of employese of the City either in the Engineer's Department or the Street Department required to perform services to remote from his home or his usual place of living to enable him to return home each day, his compensation during said time is fixed at \$1.00 per day in addition to his usual salary.

It is Recommended to the Hon. Common Council that said ordinance No. 2383, be repealed and another adopted making the compensation read, "and is hereby fixed at not to exceed \$1.00 per day in addition to his usual salary etc." also to include the Water Department employese in said ordinance.

Communication from the Water Department, requesting authority to purchase ten fire hydrants and gates at a cost not to exceed \$392.00; The same was recommended to the Hon. Common Council, also that the urgency clause be inserted in the ordinance authorizing the purchase of the same.

The Water Department recommend the laying of a 2" water main on "C" street between 26th. and 27th. streets at a cost of not to exceed \$45.00; The Water Department was authorized to lay said main in accordance with said recommendation.

The Water Department recommend the connecting up of the dead ends at 4th. and "B" streets and 5th. and "B" streets, these dead ends being of 6" C.I. pipe laid by the S.C. Mountain Water Co. in 1900, the estimated cost of doing said work \$65.00; The Water Department was authorized to do said work in accordance with their recommendation.

The Water Department report, in relation to the communication of C.H. McKinstry Eapt. Engineer Corps U.S.A. in relation to furnishing water to the Light House at Point Loma, that it will cost \$20.00 to install a meter and tap and make the necessary connections the Secretary was directed to notify Capt. McKinstry in accordance there with.

The Water Department recommend the laying of 1320 feet of 2" second hand water pipe on Getti street and Goldfinch street at an estimated cost of \$70.00; The Water Department were authorized and directed to lay said water pipe in accordance with their recommendation.

The Water Department recommend the laying of a 2" water pipe from 20th. and Dartmouth streets to the east line of the City Park a distance of 60 feet at a cost of \$18.00; The Supt. of the Water Department was authorized to do said work.

Petition of Jennings et als. for 4" water main on "N" street between 25th. and 26th. streets; Referred to the Water Department for estimate and report.

Petition of J.A.Nash et als. for a 2" water main on "M" street between 30th. and 32nd. streets; Referred to the Water Department for estimate and Report.

Ordinance No.2385, provides for the laying on "H" street a 10" C.I. water main from a point 50 feet west of the west line of 12th. street to a connection with the 12" main on 12th. street, also to cause to be connected the present water main running north and south on 9th., 10th., and 11th. streets with the 10" main on "H" street, the pipe to be taken from stock on hand, the total cost not to exceed \$255.00; The Water Department was authorized and directed to do said work in accordance with the provisions of said Ord.

Ordinance No.2388, provides \$254.98 for the construction of a sewer line on Columbia street from Juniper to Kalmia street. Referred to the City Engineer for plans and Specifications.

Petition of Solon Bryan et als. for 6" sewer line on "L" street between 26th. and 27th. street; Referred to the City Engineer for estimate.

Petition from St. Joseph's Hospital for a sewer line to be laid in 8th. street from Monterey to University avenue; Referred to the City Engineer for estimate and report.

Ordinance No.2386, provides \$251.20 for a sewer line in the alley in block No. 27 H.M.Higgins Addition; Referred to the City Engineer for plans and specifications.

Map of S.Gurwell Heights, being a sub-division of lot 17, Partition map, being a part of the S.E. $\frac{1}{4}$ of P.L.1128, was this day filed, and referred to the City Engineer for investigation and report.

Certificate from the City Engineer, certifying that there is due Stanley Contracting Co. for the construction work on the 36th. street water main, \$358.20; Filed.

Ordinance No.2384, provides \$250.00 to repair the street sweeping machine and the Supt. of Streets was authorized in accordance therewith.

Ordinance No.2393, provides for the placing of lights at the corner of 6th. and "M" streets at the corner of National avenue and Sampson streets at the corner of Front and Beech streets at the corner of 24th. and "B" streets at the corner of 1st. and Laurel streets and at the corner of Clay avenue and 29th. streets; Filed.

Water pipe laid by the Water Co.

Laid 80 feet of 4" pipe on "B" street, from south line of "D" to north line of "D" street.

" 120 " " " " " 24th. and "E" streets
 " 345 " " 2" " " 18th. street between "M" and "N" streets.
 " 350 " " " " " Crosby " from Irving to Harrison avenues.
 " 620 " " " " " Newton between Beardley and Crosby streets.
 " 710 " " 4" " " "M" street between 24th. and 25th. streets.

Ordinance No.2361, grants S.D.Consolidated Gas & Electric Co. permission to maintain posts on 5th. street between "D" and "E" streets; Filed.

Ordinance No.2413, provides \$150.00 for the purchase of material for a foot bridge at 10th. and University Avenue, as soon as the property owners file a bond to do said work.

The contract between the City of San Diego and Frank Grandier, for printing 500 City Ordinances, in accordance with the specifications furnished by the City Attorney and the City Clerk of said City, was this day executed, and the bond therefore in the sum of \$500.00, with Hans Marquardt and W.J. Davis as sureties was approved, also the material and labor bond in the sum of \$750.00, same sureties was approved.

The City Engineer, filed plans and specifications for 6" sewer line in "A" street from 12th. street 100 feet east, the same was this day adopted, by the following vote, Commissioners Schaniel, Gwyn and Adams voting aye.

The Secretary was directed to advertise for bids for the construction of said sewer.

The contract between Solon Bryan and the City of San Diego for the construction of a 6" sewer line in 23rd. street between "A" and "B" streets, was this day executed; and the bond therefore in the sum of \$100.00 with F.M. Green and R.P. Guinan as sureties for the faithful performance of the work was approved, and the labor and material bond in the sum of \$100.00, with the same sureties was also approved.

San Diego, California,

March 15th, 1906.

Thursday, 9 A.M.

Regular Meeting.

Present: Commissioners Adams, Shaniel and Gwyn.

Minutes read and approved.

Ordinance No. 2415 provides \$3,710.67 for the construction of a sewer along Second Street from Walnut Street to a point 150 feet south of Quince Street with a connecting sewer from the corner of Third and Redwood Streets on Redwood Street west to First Street, thence north to Spruce Street, thence west to Front Street, to a connection with the main sewer from University Heights.

Referred to the City Engineer for plans and specifications.

A map being a subdivision of a portion of lots 72 and 73 Pacific Beach, California, to be known as Venice Park, was this day filed and referred to the City Engineer for investigation and report.

An application from L.W. Brandon for work in the Water Department as pipe repairer was referred to the Superintendent of the Water Department.

Petition of Mrs. Mary A. Murphy and others for a 2 inch water-pipe line on "E" Street between 30th and 32nd Streets was referred to the Superintendent of the Water Department for estimate and report.

Petition of Chas. V. Clark and others for a double nozzle fire Hydrant to be placed at the S.W. Cor. of Second and Nutmeg Streets was referred to the Superintendent of the Water Department for estimate and report.

Ordinance No. 2355 provides \$220.00 for the construction of a four inch C.I. water pipe line on Spruce Street from Fourth Street to a point thirty feet west of the east line of Second Street, a distance of 560 feet thence south on Second Street to the south line of Quince Street, a distance of 760 feet; and also to cause to be laid a two inch water pipe line from the last mentioned point on Second Street south along Second Street, a distance of 150 feet, all pipe to be taken from material in stock.

Referred to the Superintendent of the Water Department to do said work in accordance with said Ordinance No. 2355.

Superintendent of the Sewer Department made requisition for the purchase of one flush-tank to be placed in Union Street between "A" and Ash Streets and estimates the cost of said tank and the laying of same to be \$50.00.

Upon motion, the same was recommended to the Honorable Common Council.

The City Engineer files a report approving map of Ramona Heights.

Upon motion being duly seconded, said map of Ramona Heights was approved and ordered transmitted to the Honorable Common Council for their approval.

City Engineer this day files report approving map of Gurwell Heights.

Upon motion being duly seconded, said map of Gurwell Heights was approved and ordered transmitted to the Honorable Common Council for its approval.

The City Engineer files an estimate for the construction of a sewer line in Eighth Street from Monterey to University Avenue of \$785.00.

Upon motion being duly seconded, it was recommended to the Honorable Common Council that it authorize the construction of said sewer line provided the cost thereof does not exceed \$785.00.

Ordinance No.2393 authorizes the San Diego Consolidated Gas and Electric Co.to place one low-arm electric light at each of the following places: 6th and "M" Streets, National Avenue and Sampson Streets,Front and Beech Streets,24th and "B" Streets,1st and Laurel Streets,and an arc light at the corner of Clay Avenue and 29th Street.

Secretary was directed to notify the San Diego Consolidated Gas and Electric Co. accordingly.

Ordinance No.2414 provides \$120.00 to cover the expense of laying 600 feet of two-inch water pipe and nine hundred feet of one-inch water pipe,the expenditure of said money to be under the control of the Board of Park Commissioners.

Secretary was directed to transmit to the Honorable Board of Park Commissioners a copy of said Ordinance No.2414.

The City Engineer this day petitions for the employment of one Assistant Engineer compensation to be \$4.00 per day;one rodman at \$2.00 per day;and one inspector at \$3.00 per day: said force to work upon the "B" Street re-inforced concrete conduit.

Secretary was directed to recommend to the Honorable Mayor that he endorse said petition to the Honorable Common Council.

George T.Rogers,collector in the Water Department,filed a bond in the sum of \$1,000.00 with the United States Fidelity and Guarantee Company as Surety.

Said bond was this day approved.

Application for work were filed by Michael O'Neil and Tosi M.Estudillo.

Referred to the Superintendent of Streets.

Solon Bryan this day filed a bond in the sum of \$500.00 to blast in the City of San Diego,with W.J.Davis and Jno.S.Hill as sureties;also Olaf Nelson filed a bond in the sum of \$500.00 to blast in the City of San Diego,with Ed.Wescott and Hans Marquardt as sureties.

Upon motion said bonds were approved.

In accordance with an advertisement calling for bids to be delivered at the office of the Board of Public Works on Thursday,the 15th day of March,1906,for the construction of the "B" Street re-inforced concrete conduit in the City of San Diego,California,in accordance with the plans and specifications on file in the office of the Board of Public Works,of said city,endorsed as follows:"Plans and specifications for the construction of the "B" Street re-inforced concrete conduit,San Diego,California,filed February 1st,1906, adopted February 1st,1906.Board of Public Works of the City of San Diego,California , by F.H.Dixon,Secretary.",the following bids were received.

Bidders	Certified Check	Amount.
Stanley Contracting Co.	\$4,000.00	\$69,866.00
James McNair	\$4,000.00	\$79,350.00
Cotton Bros.and Co	\$6,000.00	\$97,575.00
P.A.Howard	\$4,500.00	\$79,450.00
Atlantic,Gulf and Pacific Co.	\$5,200.00	\$89,573.00
Worswick Street Paving Co.	\$5,000.00	\$74,000.00

All bids were taken under consideration.

Thursday 9 A.M.

Regular Meeting;

Present Commissioners, Schaniel, Gwyn and Adams.

Minutes read and approved.

Certificate filed by the City Engineer Western Metal Supply Co. is entitled to a payment of \$6,756.87, for C.I. pipe to be used in the 30th. street water main also a certificate certifying that Robert W. Hunt and Co. of Chicago Ill. are entitled to a payment of \$134.19, for inspecting C.I. pipe etc. at the mills, for the 30th. street water main.

Ordinance No. 2420, authorizes the purchase of a L.C. Smith visible typewriting machine for use in the office of the City Engineer and to exchange the Underwood machine now in use in said office as part payment and appropriates \$50.00 cash in addition to said Underwood machine; The City Engineer was authorized to make said exchange and purchase.

Ordinance No. 2422, provides \$150.00 for the purchase of 50 new bells for use on the flush tanks of the sewer system of the said City; The City Engineer was authorized and directed to prepare plans and specifications for the casting of the said 50 bells, to be used on the flush tanks.

Ordinance No. 2427, appropriates \$3710.67 for the construction of sewers on 1st. and 2nd. streets to a connection with the main on Front street, and on 3rd. street to a connection with the main on 4th. street; Referred to the City Engineer for plans and specifications.

The Board of Health petition for a large map of the City and also a map showing all the sewers in the City; The City Engineer was authorized and directed to prepare said maps for the use of the Health Department.

Ordinance No. 2419, appropriates \$392.00 for the purchase of 6 double nozzle fire hydrants, 4 single nozzle fire hydrants, 6-6" H.E. gates, 4-4" H.E. gates; Referred to the Supt. of Water Department with the authority to make said purchase.

S. Gurwell et als. petition for five fire hydrants to be placed on 30th. street at the following intersections, 30th. and Seaman, Van Ness, Watkins, Vassar and Tufts all in Brooklyn Heights; Referred to the Water Dept. for investigation and report.

The Water Dept. recommend the petition of B.W. McKenzie, who offers to furnish 225 feet of 2" pipe, to lay on Pennsylvania avenue, from a point 10 feet east of the center line of 7th. street, thence east on Pennsylvania avenue 225 feet, provided the City lay the same; The Supt. of Water Dept was authorized and directed to lay the same in accordance with said petition, provided that the cost does not exceed the sum of \$1800.

Upon motion it was decided to recommend to the Honorable Common Council that an ordinance be adopted directing the San Diego Consolidated Gas & Elec. Co. to cause to be constructed, where not all ready laid on "D" street, from 6th. to 12th. street, every 50 feet lateral gas pipes from the main gas pipes on "D" streets to the property line.

Petition from Fletcher Salmons Investment Co. for a 6" sewer line, commencing at the intersection of the center line of 25th. and "D" streets and running along the center line of "D" street to a point 5 feet east of the center line of the intersection of "D" and 26th. street, thence south along 26th. street a distance of 240 feet; Recommended to the Honorable Common Council that said work be done, estimated cost will be \$850.00 the Fletcher. Salmons Investment Co. agree to enter into a contract with this Board to construct said sewer line for the sum of \$350.00 and will put in a bid accordingly.

The following report was filed by the City Engineer; viz: "In the matter of Venice Park, being a sub-division of a ~~portion~~^{part} of lots Nos. 72 and 73, of Pacific Beach, in the City of San Diego, California, the map of which was referred to this office March 15 1906 (No. 667-D) I have the honor to report that this addition conforms to the requirements of the Charter of this City, and with the ordinances governing the filing of maps of additions, with the following exceptions, Morell street in this addition is a continuation of Morell street in Pacific Beach, but has a width of sixty feet whereas in Pacific Beach it has a width of eighty feet, this difference in width makes a jog of twenty feet in the street at the south line of Pacific avenue. Sunset avenue does not extend through this addition, but stops at the east line of Mission Boulevard." The Engineer verbally recommends the adoption of said map, thereupon the Board did upon motion order said map approved and transmitted to the Honorable Common Council for their consideration and approval.

The San Diego Consolidated Gas & Electric Co. make the following offer viz: "In as much as the business men on 5th. street and cross streets, are subscribing generally for street lighting, we think that it would be very much appreciated if the eight iron posts around the City Hall were put in order and lighted, we propose to, at our own expense, fix up these posts with two sixteen candle power lamps, with frosted globes on each post, making a total of sixteen lamps, to be burned each and every night, from sunset until midnight, for the total sum of \$10.00 per month. The merchants in the block between "G" and "H" streets, on 5th. street have closed a contract with us for the installation and burning of six arc lamps similar to those installed in other blocks on 5th. street and they have requested us to ascertain if the City will not subscribe towards this fund, which we would also like you to consider. The cost to the City for its proportion of the arc lighting would be \$3.50 per month based upon fifty feet on 5th. street at 7 cents per foot per month." Upon motion the Secretary was directed to transmit a copy of said proposal to the Honorable Common Council for its consideration, with the recommendation and approval of this Board.

The contract between Loring and Co. and the City of San Diego for the furnishing of one metallic filing case, will expire March 29, 1906, Loring and Co. having been notified by the manufacturers of these metal filing cabinets, that owing to the labor conditions in the east it will be impossible to have this cabinet delivered within the specified time, and they therefore petition for sixty days additional time for the fulfillment of their contract; Upon motion it was recommended to the Honorable Common Council that the time be extended sixty days from and after March 29, 1906. within which to deliver said filing case.

The following communication was received from the City Clerk; viz: "This office was directed at an adjourned meeting of the Common Council, held March 19, 1906. to ascertain why your Honorable Board has not complied with the provisions of ordinance No. 2286, "Providing for the constructions of Cross Walks on "H" street from 17th. to 22nd. streets" in effect Jan. 18, 1906, An explanation giving cause of delay in not ~~with~~ complying with the directions contained in said ordinance is respectfully requested." Upon motion being duly seconded and by the unanimous aye vote of the Board the following communication was ordered transmitted to the Honorable City Clerk; viz: "Referring to your communication of March 20, 1906, addressed to the Board of Public Works requesting an explanation of the delay in complying with the provisions of an ordinance "Providing for the construction of Cross Walks on "H" street from 17th. to 22nd. street", I am instructed by said Board of Public Works to say that the said Board is not aware of any ordinance in effect authorizing said work."

Ordinance No. 2423, requires the San Diego Consolidated Gas & Electric Co. to cause to be constructed within 90 days from the taking of effect of this ordinance

where not already laid on 5th. street, every fifty feet from the south line of Ash street to the south line of Upas street, lateral gas pipes from the main gas pipes to the property line, the Secretary was directed to notify the Gas Co. in accordance therewith.

Ordinance No. 2424, grants the San Diego Consolidated Gas & Electric Co. permission to erect and maintain iron posts on 5th. street between "E" & "F" streets for lighting purposes, and Ordinance No. 2425, grants permission to erect and maintain iron posts on 5th. street between "G" & "H" streets; The Secretary was directed to notify the San Diego Consolidated Gas & Electric Co. accordingly.

Ordinance No. 2426, Provides as follows; "Section 3. Under the direction of Board of Public Works the City Engineer shall establish the elevation of grades for all pipes and set stakes for the laying of new pipes and the top of all main pipes except water pipes shall not be less than thirty (30) inches below the surface of the street as fixed by the established grade, the top of all water main pipes shall not be less than twenty four (24) inches below the surface of the streets as fixed by the established grade, that the City Engineer shall charge for all work herein provided for, such fees as have been fixed by ordinance except the work is done for the City of San Diego."; The Secretary was directed to notify the Plumbers and the Gas Co.

Ordinance No. 2418, authorizes the appointment of an outside foreman of the Street Force and fixing his salary at \$65.00 per month. Filed.

Resolution No. 2670, grants permission to E. Ferris to remove trees at 3006 "K" street, Filed.

Resolution No. 2671, grants permission to U.S. Grant Grove No. 154 U.A.O. Druids to maintain an electric light on top of the new Price block at No. 1436 "H" street, Filed.

Resolution No. 2672, grants permission to the American Televue Co. to string wires from its office in the Granger block, to its factory on the S.W. corner of India and "G" streets and to erect poles if necessary, Filed.

Resolution No. 2673, grants permission to the Elks Hall Association of San Diego to erect a fence on the S.W. corner of 2nd. and "D" streets and to remove two trees within the curb line on "D" street, Filed.

Resolution No. 2674, grants permission to the Ralston Realty Co. to maintain a fence on 3rd., "D" and 4th. streets, around the property where the U.S. Grant hotel is being constructed, until said hotel is completed, Filed.

Resolution No. 2675, grants permission to the American DeForrest Wireless Telegraph Co. to erect a bulletin board in front of the Granger block, Filed.

Resolution No. 2684, provides that no extension of time for the grading of Main street, Sampson street and Harrison avenue, will be granted to the contractors grading said streets and that if these streets are not completed in due time the same to be declared null and void and the Board of Public Works be instructed to re-advertise for bids to complete the grading of these streets.

Referred to the Superintendent of Streets.

Upon motion the following communications were ordered transmitted to the City Engineer; viz:

"You are hereby authorized to allow the Stanley Contracting Co. to use part of the lumber from the old "B" street flume, during the course of construction of the new re-inforced conduit, said lumber to be afterward piled upon the street for the Street Dept to haul away."

"You are hereby authorized to purchase, for the use of your Department Blue print frames, provided that the cost thereof does not exceed the sum of \$15.00."

"You are hereby directed to furnish this Board with plans, specifications and

an estimate for a bridge over the San Diego River at the Poor Farm Ford."

"You are hereby directed to furnish this Board an Estimate of the cost of making sewer and water connections from the mains to the curb line, on "D" street between 6th. and 12th. streets."

In accordance with an advertisement calling for bids to be delivered at this office at ten o'clock Thursday the 22nd. day of March, 1906, for the construction of a sewer line on "A" street between 12th. and 13th. streets in accordance with plans and specifications therefore on file in this office, the following bids were received; viz:

Bidders	Certified Check	Amount
Solon Bryan	\$10.00	\$147.00
H.S. McDonald	\$10.00	\$147.00

both bids being alike and therefor being no choice, they were upon motion being duly seconded, rejected, and the Secretary directed to re-advertise for bids.

Monday 3 P.M.

Call Meeting,

Present Commissioners Schaniel, Gwyn and Adams

In accordance with an advertisement calling for bids to be delivered at this office on Thursday the 15th. day of March, 1906, for the construction of the "B" street re-inforced concrete conduit, in the City of San Diego, California, in accordance with plans and specifications therefore, on file in the office of the Board of Public Works of said City, and in accordance with said proposal, the Stanley Contracting Co. bid \$69,866.00 and said bid being the lowest bid, and the Board did at said time take all bids under consideration, and thereafter on the 16th. day of March, the contract was awarded to the Stanley Contracting Co. The contract having been prepared, and executed by the party of the first part, upon motion being duly seconded the same was executed by this Board and the bond therefore in the sum of \$20,000.00 with T.H. Hackett and C.H. Wagner as sureties was approved, and the bond for the protection of labor and material men with the Title Guarantee and Surety Company a corporation created organized and existing under the laws of the State of Pennsylvania and doing business in the State of California, as sureties, was approved.

Commissioners Schaniel, Gwyn and Adams voting aye.

The certified check accompanying said proposal was ordered returned.

The southern California Mountain Water Co. this day petitioned this Board for permission to lay and maintain a water pipe for the delivery of water to the University Heights reservoir over and along the following route; to-wit: Commencing at the east end of Taylor avenue, on University Heights, 15 feet north of the center line thereof, thence running west to the intersection of the alley, running through block 168 University Heights with said avenue, thence north along a line 5 feet east of the center line of said avenue to University Heights reservoir, belonging to said City. Upon motion being duly seconded said petition was granted.

Commissioners Schaniel, Gwyn and Adams voting aye.

The Secretary was directed to notify the Engineer in accordance therewith.

Upon motion the following order was issued to the Water Department; viz:

"You are hereby directed to file with this Board the condition of the water plants in Mission Valley and the approximate expense of repairing the same, before incurring any further expense on this plant; The Supt. of Streets was also directed to file with this Board a report of the condition of the bridges, culverts and general repairs and the approximate expense of repairing the same.

The City Engineer was directed to furnish this Board with an estimate of the cost of construction of concrete arches or conduits across "D" and 16th. street, "F" and 15th. street and "H" between 14th. and 15th. streets, the same locations for which estimates of steel bridges have been filed.

Present Commissioners Schaniel, Gwyn and Adams

Ordinance No. 2379, provides that when ever an alarm of fire shall have been given any where in the City, south of the river of San Diego, and east of the east shore of San Diego bay, any person using or having control of water for irrigation shall immediately shut off all such water as is being used by him for irrigation, or under his control, or for his use or benefit, and he shall continue to keep such water shut off until the fire for which such alarm was given is under control, and no more water shall be needed for the purpose of extinguishing such fire; Referred to the Water Department.

Communication from the City Engineer, giving an estimate of \$810.00 for the construction of a 12" water main in "D" street between 6th. and 12th. streets.

Referred to the Honorable Common Council with the recommendation that they authorize said work.

Communication from the City Engineer submitting estimate of \$588.00 for the construction of water lateral connections with the water main to the curb line, in "D" street between 6th. and 12th. streets.

Recommended to the Honorable Common Council that said work be authorized done in accordance with the foregoing estimate.

Communication from the City Engineer, in reply to ours of the 24th. inst. for an estimate for the construction of sewer laterals on "D" street between 6th. and 12th. streets. There being no main sewers between said points on "D" street, for that reason there was no estimate submitted.

Communication from the City Engineer filing plans and specifications for a sewer line in "Bird Rock City by the Sea", said plans and specifications were approved by a unanimous aye vote of the Board. Plans and specifications for a Septic Tank to be constructed in "Bird Rock City by the Sea" were also approved and filed.

The City Engineer was authorized to place a portable phone along the line of construction work on the "B" street re-inforced concrete conduit, at an expense not to exceed \$2.00 per month, also was granted authority to rent a horse and buggy for the use of his department, provided that the expense does not exceed \$30.00 per month.

Commissioners Schaniel, Gwyn and Adams voting aye.

Communication from the Water Department, relative to increasing the size of the University Heights reservoir and the necessity of replacing many of the old worn out water mains, with new; The Secretary was directed to transmit a copy to the Honorable Common Council, with the recommendation that some immediate action be taken.

Ordinance No. 2462, provides for leasing the land for a garbage dump and providing for the disposition of such garbage thereat, also fixing the monthly rental at \$75.00 per month, said lease to be with Jesse S. Howell.

The City Engineer was directed to prepare plans and specifications for the repair of the Old Town bridge.

Recommended to the Honorable Common Council that authority be granted to repair the Old Town bridge in accordance with the plans and specifications to be furnished by the City Engineer, the expense thereof not to exceed \$ Urgency clause inserted.

Upon motion being duly seconded Mr. Steffen was authorized and directed to repair the Marilou Park bridge under the supervision of the Supt. of Streets, at a cost of not to exceed \$200.00 for labor.

Commissioners Schaniel, Gwyn and Adams voting aye.

In accordance with an advertisement calling for bids to be delivered at the office of the Board of Public Works on Thursday the 29th. day of March, 1906, at 10 o'clock A.M. for the construction of a 6" sewer line in "A" street from 12th. streets 100 feet east, in the City of San Diego, California, in accordance with plans and specifications on file in the office of said Board, the following bids were received; Viz:

Bidder	Certified Check	Amount
Solon Bryan	\$10.00	\$141.50
H.S. McDonald	\$15.00	\$139.00

Upon motion being duly seconded the contract was awarded to H.S. McDonald to do said work.

Commissioners Schaniel, Gwyn and Adams voting aye.

Friday 7 P.M.

Call Meeting

Present Commissioners Schaniel and Adams,

Absent Commissioner Gwyn,

Of the Honorable Common Council there were present McNeil, Goldcamp, Kelly and Blochman, City officials present Mayor Schon, City Attorney Andrews, City Engineer D'Hemecourt, Street Supt. Moore and Auditor Edmonds, others present Chas. S. Hardy, and reporter Wright of the Union.

The Oldtown Bridge having been partly washed away by the flood waters of the San Diego River caused by the recent very severe storms, thereby completely stopping all travel from the Northern end of the County to the City, and as the river is now cutting another channel North of the original channel and if allowed to continue will necessitate the building of another steel bridge and to abandon the present structure, the Board deem it urgently necessary to immediately turn the river to its original course which will entail an expenditure of about \$5000.00. The Common Council will not meet until next Monday evening and by that time the damage will be beyond repair, therefore an expression from the Honorable Common Council as to procedure is desired.

Councilman Goldcamp moved that the Board of Public Works be authorized to immediately make the necessary repairs to turn the San Diego River to its original channel under the Oldtown Bridge at a cost of not to exceed \$5000.00.

Councilman, McNeil, Blochman, Kelly & Goldcamp voting Aye.

Councilmen Creelman & Luddington stating that they could not be present but would voice the action of those Councilmen present.

The Secretary was directed to notify the Common Council of the action of the Meeting and recommend that an ordinance be adopted authorizing the same.

Commissioners Shaniel & Adams voting Aye.

President.

San Diego, California, April 26th. 1906.

Thursday 9 A.M.

Regular Meeting;-

Present Commissioners Schaniel, Gwyn and Adams;

Minutes of the last regular meeting were read and approved.

Upon motion being duly seconded it was decided ^{to recommend to the Mayor} that the position of the Assistant Blacksmith recently appointed to assist in reconstructing the street sweeping machines and sprinkling wagons, be made permanent and that the salary for said position be fixed at \$65.00 per month. This position is made necessary on account of the increased amount of work in said department and on account of the work that is laid out for the future.

Commissioners Schaniel, Gwyn and Adams voting Aye.

The City Engineer filed a certificate certifying that Robert W. Hunt was entitled to \$55.58 for inspecting C.I. Water pipe.

Filed. Approved by a unanimous Aye vote of the Board.

Western Metal Supply Company was entitled to a payment of \$4037.48 for furnishing C.I. Water pipe for the # 30th. street water main.

Filed. Approved by a unanimous Aye vote of the Board.

Certificate from the City Engineer certifying that the Foot Bridge on 10th. street between University Avenue and Essex streets, under contract with W.C. Elliott, has been completed in accordance with the terms of the said contract.

Upon motion the following Resolution was adopted by the following vote.

Viz;- Commissioners Schaniel, Gwyn and Adams voting Aye.

Whereas the foot bridge on Tenth street, between University and Essex Avenues as contracted for by W.C. Elliott April 12th. 1906, has been completed in accordance with the provisions as contained in the specifications on file in the office of the Board of Public Works and the aforesaid contract, therefore,

Be It Resolved By the Board of Public Works of the City of San Diego, as follows;

That the work of ~~the~~ constructing ~~of~~ the foot bridge on Tenth street between University and Essex Avenues, be and the same is hereby accepted for in the name of and as the act of the City of San Diego, California.

Certificate from the City Engineer certifying that H.S. McDonald has completed his contract in accordance with the terms of his contract dated April 14th. 1906 and is entitled to a payment of \$104.25 being 75% of the contract price.

Filed.

Upon motion being duly seconded the work of constructing a sewer line in "A" street between 12th. and 13th. streets was accepted by the following vote of the Board. Commissioners Schaniel, Gwyn and Adams voting Aye. The City Engineer reports in relation to the digging up of Jackdaw street as follows;-

Mrs. Mary Boyle has caused to be plowed up a parcel of land situate in the west half of P.L. 1122 which portion of this P.L. has not as yet been sub-divided into lots and blocks. Jackdaw street, if opened, would pass through this tract. The only portion of Jackdaw street under cultivation is between Getti street and Broadway, where said Jackdaw street has been abandoned, according to the proceedings adopted by the Common Council of this City, and approved by the Mayor on the 25th. day of February, 1898.

A Map of Cullens Arlington Heights Addition to the City of San Diego, the same being a sub-division of the E 1/2. of the N/E 1/4 of P.L. 1141, was referred to the

City Engineer for investigation and report. In the matter of Property owners on Boston Ave. from 26th. to 28th. street for a suitable Water Main the Water Department reports as follows.

From the end of the present 6" main at Newton Ave. and 26th. St. lay 410 feet 6" Cast Iron Pipe on 26th. street to the south line of Boston Ave. and at Boston Ave. and 26th. streets connect the present 2" main to this pipe with 30 feet of 2" pipe. Also from 28th. street and Boston Ave. replace the present 1" pipe with 2" pipe for a distance of 595 ft. running west to a point 105 feet east of the east line of 27th. street. Cost \$245.00.

Upon motion it was decided to recommend the same to the Honorable Common Council, also that the urgency clause be inserted in the ordinance authorizing the same.

The Water Department petition to lay 230 feet of 2" pipe on Kalmia street from a point 30 feet W. of the E line of State Street to the West line of Union street. Estimated cost will be \$40.00.

The Water Department was authorized and directed to lay the same in accordance with its recommendation.

In the matter of the petition of P.C. Smith et als for a water main from the intersection of Milton Ave. and 16th. streets thence westerly along Milton ave, it is respectfully recommended that a 2" pipe be laid along said avenue for a distance of 275 feet at a cost of not to exceed \$60.00.

The Water Department was authorized to lay the same in accordance with its recommendation.

Petition of E.M. Roberts for a water pipe on Albatross between Kalmia & Laurel streets was referred to the Water Department for investigation and report.

In the matter of the petition of Chas. N. Clark et als for a fire Hydrant at the S.W. corner of 2nd. and Nutmeg streets, the same is recommended at a cost of not to exceed \$24.00.

The Water Department was authorized and directed to place the same in accordance with its recommendation. Upon motion it was recommended to the Honorable Common Council that the Fire limits be extended by two blocks on the North, two blocks on the East and two blocks on the West and that the districts Nos. 1, 2, & 3, be changed to conform with the views of their Honorable Body.

Upon motion it was decided to recommend to the Honorable Common Council that the roof of the City Hall be painted with two coats of paint at a cost of not to exceed \$125.

Commissioners Schaniel, Gwyn and Adams voting Aye.

In the matter of S. Gurwell et als for ~~4~~ fire hydrants to be placed in the district known as Brooklyn Heights.

The Water Department recommends the same at a cost of not to exceed \$185.00

Upon motion the same was recommended to the Honorable Common Council and that the ordinance authorizing the same contain the urgency clause.

P.H. Gunnis petitions to remove trees from the sidewalk in front of lots #13, 14, 15 Block 4 Crittendens addition.

The same was ^{referred} recommended to the Honorable Common Council.

In accordance with an advertisement calling for bids to be delivered at the office of the Board at ten o'clock a.m. on Thursday the 26th. day of April, 1906 for the construction of a six inch sewer line in Columbia street between Juniper and Kalmia streets the following bid was received. Viz:-

Solon Bryan, certified check \$15.00. Bid \$253.00.

Upon motion the contract was awarded to Solon Bryan at his bid of \$253.00.

Upon motion being duly seconded it was decided to recommend to the Honorable Common Council that Ordinance #787 approved July 17th.1900 regulating the opening of ditches ortrenches in the streets of the City of San Diego,California,the Street Superintendent finds it impossible to force its workings. It seems that the only way to maintain good streets is to require a cash deposite sufficiently large to cover the cost of doing said work by the street department should it become necessary to do so. This should be left entirely to the discretion of the Superintendent of Streets. There should also be a small fee charged for each permit issued and no street should be opened until a permit therefore shall first have been issued. All work should be inspected by the Superintendent of Streets or his duly authorized agent and no deposit returned until the work has been first approved over his signature. This will of course require much extra work and it is therefore essential that a fee be charged for each permit issued.

Herewith is attached a copy of an ordinance now in force in the City of Los Angeles from which suggestions may be had,

It is respectfully recommended that ordinance # 787 of the ordinances of the City of San Diego,California be repealed and another ordinance adopted embodying such of the suggestions contained in the ordinance herewith attached as in the judgement your Honorable Body may deem suitable to the needs of this City.

Adjourned;

A. H. Dixon
Secretary.

D. J. McManis
President.

26

San Diego, California, May 3rd. 1906.

Thursday 9a.m.

Regular Meeting;-

Present Commissioners Schaniel, Gwyn and Adams;-

Minutes read and approved.

Communication from the Water Department requesting permission to connect up the dead ends at the south line of "B" Street and Second street and at 3rd. street 50 feet north of the north line of "C" street with 4" and 6" C.I. Pipe. Estimated cost \$42.00.

The water department was authorized and directed to make said connections in accordance with the estimate and recommendations as submitted.

The water department recommend that a 4" C.I. Pipe be laid to replace the old 2" pipe on 14th. street between "C" and "D" streets at an expense of not to exceed \$95.00.

The said department was authorized and directed to replace the said 2" main with 4" pipe as recommended.

Communication from the water department recommending the laying of 350 feet of 2" water pipe on 23rd. street from "B" street to the south line of "A" streets.

Authorized and directed to lay said pipe line as recommended.

The Water Department recommend that a Home Telephone be placed at the office of Mr. Woodworth at La Jolla, as Mr. Woodworth is the inspector and collector for the territory of La Jolla, Pacific Beach, Moreno and the surrounding country. The Sunset line is often so busy that it is impossible to get Mr. Woodworth before he leaves on his route.

Filed for the present.

Frank Comer, of Comer Ranch Mission Valley, petitions this board to lease the land in Mission Valley known as the Sefton Tract.

Referred to the Water Department to investigate the conditions and report.

The Pacific States Telephone and Telegraph Company in reply to our communication of the 19th. ulto. in relation to a guy wire located at the intersection of Robinson street and the Alleyway between Albatross and Brant Streets to be removed.

They state that the matter will in a few days be decided in the Courts as to whether or not an Alley exists at said point. They ask that permission be granted them to delay the removing of said wire until said trial has been had which will be just as soon as the special session holidays declared by the Governor are past.

Granted.

The Secretary was directed to address a communication to D.C. Collier requesting him to please make payment for the purchase of the water tank sold to him at public auction on January 18th. 1906.

The City Engineer filed certificates certifying that there was due to the Stanley Contracting Company for work done on the "B" Street Re-enforced Concrete Conduit \$910.09 and for work done on the 30th street Water Main \$2655.00.

Filed.

The Board of Fire Commissioners petition to have the sewer connections at 26th and Kearney and at 9th. and University Avenues, Fire Engine Houses, connected up.

Referred to the City Engineer for estimate and report.

Petition from property owners for a sewer line from University Avenue down 7th. street to Pennsylvania Avenue for a distance of 2 blocks.

Referred to the City Engineer for investigation and report.

Ordinance #2482 from the Honorable Common Council, authorizing the appointment of one Assistant Engineer at a salary of \$4.00 per day, one Inspector at a salary of \$3.00 per day and of one rodman at a salary of \$2.00 per day on the "B" Street re-enforced concrete conduit.

Referred to the City Engineer with authority to make said appointments in accordance with the provisions of said ordinance #2482.

Solon Bryan petitioned for an extension of 10 days time on his contract for the completion of a sewer line in Block #27 of H.M. Higgins Addition, San Diego, California, commencing from the 16th. day of May, 1906.

Recommended to the Honorable Common Council that said time be granted.

The following communication was ordered transmitted to the Honorable Common Council, Viz; -

"It is respectfully recommended to your Honorable Body that you repeal ordinance #2186 authorizing and directing this board to advertise for bids and let a contract for the furnishing all labor and material necessary for the construction of a cast iron water pipe line to be constructed on Point Loma in this City running from the upper system of water works of the City of San Diego, near the north line of the United States Military Reservation on Point Loma north along the public highway for a distance of 3900 linear feet, said pipe line to consist of 4" cast iron pipe, and to be used in replacing the old wornout wooden water pipe now in place, provided the cost does not exceed \$2600.00.

It is urgently necessary that this pipe line be laid as soon as possible and as there is a sufficient quantity of water pipe due here now upon a contract for furnishing this City with cast iron pipe this board desires to use some of said pipe in doing this work and simply advertise for the construction of the pipe line, therefore it is recommended that said ordinance #2186 be repealed and another ordinance adopted to conform with this recommendation.

The Water Department recommend that a water pipe line be laid commencing from the end of the City's present main at the ~~south~~ line of Colton Avenue on 30th. street thence south on 30th. street to the Southern California R.R. Track, a distance of 950 feet, the same to be 4" C.I. Pipe and to connect with the San Diego, ^Drewery's pipe at that point. The pipe the most of the way to be laid on cross pieces of plank and covered with second-hand flume boxes, to be taken from those in stock in Mission Valley. Estimated Cost \$105.00.

Recommended to the Honorable Common Council that said pipe line be laid in accordance with the recommendation of the Water Department.

The Water Department recommend that a 4" cast iron water pipe line be laid on Columbia street to the North line of Cedar street a distance of 460 feet and a 4" Gate be placed at the ~~Southwest~~ line of Beech street. Estimated cost \$125.00

Recommend to the Honorable Common Council.

The Water Department report on the connecting of the 10" C.I. Water Main on "H" Street with the 12" water main on "H" & 12th. streets and the connecting of the North and South water mains on 9th., 10th., & 11th. streets with the 10" main on "H" Street has made it unnecessary to continue the use of the old 6" C.I. Water pipe on "H" Street from the east line of 8th street to 12th. street a distance of about 1050 feet.

This pipe can be utalized to good advantage in other portions of the City. I consider it a good proposition to take this pipe up and clean it and relay it where most needed. The value of 1050 feet of new C.I.Pipe f.o.b. San Diego, is abput \$700.00. alloww 25% for depreciation, or \$175. and 16 cents per foot for taking up and cleaning would be \$168.00 leaving a net value of \$357.00.

Same is recommended to the Honorable Common Council provided the cost thereof does not exceed \$168.00.

The City Engineer files a communication approving the Map as filed of "Cullen's Arlington Heights Addition" P.L.1141, San Diego, California.

Upon motion being duly seconded the same was ordered approved and transmitted to the Honorable Common Council for their approval.

San Diego, California, May 24th. 1906.

Thursday 9 a.m.

Regular meeting;-

Present Commissioners Schaniel, Gwyn and Adams.

The minutes of the last regular meeting of the board was read and approved. Solon Bryan petitions for 15 days additional time within which to complete his contract in constructing a sewer line in Columbia Street between Juniper and Kalmia Streets.

It was recommended to the Honorable Common Council that said extension of time be granted.

Miss. K.O. Sessions petitioned this board to have them recommend to the Honorable Common Council that they authorize the payment of the sewer line constructed by her in Ivy Lane from the main on Fifth street to the middle of Sixth Street, the cost of which to her was \$181.00.

Referred to you for your consideration, (To the Honorable Common Council).

In accordance with a petition for a sewer line in the alley between Albatross and First Streets, from Robinson and Lewis Streets and in the Alley between First and Second Streets from a point 120 feet south of the south line of Washington street to Lewis Street and in Washington street from the Alley between Albatross Street and First Street, to the Alley between First and Second Streets, the City Engineer estimates the cost to be for the construction of the same at \$3242.00.

It is respectfully recommended to the Honorable Common Council that the same be constructed in accordance with the plans and specifications to be prepared by the Board of Public Works, provided the same does not exceed the estimate.

The Water Department recommend the laying of a two inch Water Main on 12th. Street between "A" Street and the Park at a cost of not to exceed \$35.00.

The Water Department was authorized to lay the same in accordance with its estimate.

The Water Department recommend the laying of a ~~two~~ 6" cast iron pipe on 10th. street between "M" and "N" streets at a cost of not to exceed \$125.00.

The Water Department was authorized to do said work in accordance with its estimate and recommendation.

From the Honorable Common Council.

Ordinance #2501, Authorizing the laying of all water laterals from the water main to the property line on "D" Street between the east line of sixth street and the west line of 12th. street. Cost not to exceed \$588.00.

Ordinance #2502, authorizes the laying, from pipe in stock, a four inch cast iron pipe commencing at the present main on 12th. street and "L" Streets, thence south on 12th. street to "M" street, a distance of 380 feet, thence east on "M" street to the east line of 14th. street, with 590 feet of six inch cast iron pipe from stock. At the intersection of 14th. and "M" streets, South east corner, place a double nozzle fire hydrant. Cost of said work not to exceed \$245.00.

Ordinance # 2503, authorizes the ~~taking~~ taking up and relaying a portion of the seven inch kalamein pipe between Moreno and Pacific Beach on the following streets, to-wit; Commencing at the present four inch pipe line at the intersection of Third street and Lewis street in Fifth Street Addition, thence North along 3rd. street to a point 20 feet north of the south line of Stockton street a distance of 700 feet; Cost not to exceed \$200.00.

The Water Department was authorized to do the said work in accordance with

the provisions as contained in the foregoing ordinances from the Common Council provided the cost does not exceed the amount appropriated.

Resolution #2748 from the Honorable Common Council provides for the Supt. Water Department and the City Engineer to investigate and report to the Board of Public Works in writing as to the enlargement of the water distributing system and make such recommendations respecting the same as they may think proper; also as to the necessity of more room in the reservoirs.

Referred to the City Engineer and to the Supt. Water Dept. with instructions accordingly.

Ordinance #2493, provides for a six inch sewer line to be constructed on University Avenue from the west line of Park Boulevard to a point opposite the center line of the Alley between Park Boulevard and Georgia Street, provided the cost of the same does not exceed the sum of ONE DOLLAR.

Ordinance #2500, provides for a large water main on "D" Street between the east line of Sixth street and the west line of 12th. street, using therefor the ten inch pipe and some of the eight inch pipe now on hand, provided the cost does not exceed \$810.00.

The foregoing ordinances Nos. 2493 and 2500, were referred to the city Engineer for plans and specifications.

Map filed by Fred Henking, of Canyada Villa Tract, being a subdivision of Blocks 13, 14, 15, 16, 17 & 18 of Crittendens Addition in the west 1/4 of P.L. 1124, San Diego, California.

Map filed by Allen T. Hawley & Charles L. Sloane of ~~X~~ Idyllwild, being a subdivision of a portion of P.L. 1123, San Diego, California.

Both maps were referred to the City Engineer for investigation and report.

Resolution #2750 from the Honorable Common Council, in part as follows;

"That the contractors (Howard & Long) be notified to refill the sewer ditches (in the 9th. Ward) according the letter of the contract, within 30 days from the date of the adoption of this resolution, and if not so filled within that time The board of public works be, and said board is hereby instructed to complete said work at the cost of said contractors, and retain the amount of the expense in doing said work from the amount withheld from said contractors as a guarantee of the faithful performance and the full completion of all the terms and conditions of said contract.

The Secretary was directed to notify Messrs. Howard and Long in accordance with the said Resolution from the Honorable Common Council.

Certificates from the City Engineer.

J.D. Hooker & Co.,	Gate Valves,	30th. street Water Main,	Due	\$512.10
Solon Bryan,	Sewer,	Alley bet. C & D and 24th. & 25th. "		\$408.00

Filed.

In the matter of the petition of property owners for a sewer line to be placed in Robinson Avenue, from the intersection of the alley in Block #6 of Cleveland Heights, thence in a westerly direction 330 feet, the City Engineer reports that this is not feasible, for the reason that the surface of the ground at the west end of the proposed line is lower than the sewer with which connection is to be made.

Filed.

Charles H. Julian was granted a permit to connect a district governor with the flush tank at University Heights and Fifth street. The work to be done under the supervision and to the satisfaction of the Superintendent of Sewers of the City of San Diego, California.

Secretary was directed to notify Charles Julian accordingly.

The Secretary was directed to notify the Street Department, Water Department & the Fire Department to file their estimates of the amount of Hay, Grain etc. that will be required by their departments for the year ending July 31st. 1907, Said estimates to be filed at the next regular meeting of the Board.

The Secretary was directed to wire R.W. Martindale, P.C. Manager U.S. Cast Iron Pipe & Foundry Co. #951 Eddy Street San Francisco, California, when we can expect the pipe to be shipped in accordance with his contract of March 20th. 1906. (Doc. 2995).

The Secretary was directed to address a communication to the Plumbers of the City of San Diego, California as follows, "That whenever any plumber of the City of San Diego California, engaged in the work of making lateral sewer connections, has, in accordance with the provisions regulating the laying of sewers in said City, completed said work and the same is ready for inspection by the sewer department, said plumber shall give said sewer department 24 hours notice that said work is ready for inspection, and that any sewer not so inspected by said department shall be rejected and the plumber laying and covering the same will be cited before this board to show cause why his bond shall not be forfeited and his license revoked."

" 1242 ' of 4" pipe on Prospect street Grand Ave & Cave Streets,La Jolla.

Placed 4" single nozzle Fire Hydrants at 2nd & Nutmeg streets.

Connected up 4" and 6" pipe at "B" and 2nd. streets.

Filed.

The Water Department recommehd that they be authorized to purchase an 8 X 10 vertical triple pump to be used at Point Loma at a cost of not to exceed \$500.00. This is t o take the place of a compound centrifugal pump operated by a 35 H.P. Gas Engine which is not economical as the consumption of fuel alone costs about \$2.75 per day more than it should. It is expected to place an 25 H.P. Gas E ngine from Mission Valley in place of the 35 H.P. gGas engine to operate the pump.

Recommend the same to the Honorable Common Council.

The regular monthly claims were read and approved.

Adjourned.

Attest; *A. H. Dixon*

Ordinance No. 2492 Providing for the payment of Accident Insurance on the elevator in the City Hall. Filed:

Ordinance No. 2491 Authorizing the connection of the Engine Houses with the sewer. Filed:-

The following communication was received from the City Attorney; Viz:

"The Honorable Board of Public Works,
City of San Diego,

Gentlemen:

Complaint is made to this office that Frank X. Winter is erecting a frame building on Second Street between "C" and "D", in violation of, and within the fire limits prescribed by, Ordinance No. 2530. It seems that he obtained a permit to erect the building before the Ordinance was adopted, but that now that the ordinance is in effect it seems to me that the condition of the building, in violation of the ordinance, would make him amenable to a criminal prosecution.

Yours Respectfully,

W.R. Andrews, City Attorney,

By E.A.W. Deputy."

The Secretary was directed to notify Mr. Winter to stop work on said Building, until such time as the Common Council might grant him permission to proceed.

Upon motion duly seconded, it was decided to recommend to the Honorable Common Council that they grant Mr. Frank X. Winter permission to proceed with the erection of said building.

Commissioners Schaniel and Adams voting aye, Commissioner Gwyn voting no.

It was decided to rescind the action of the Board, of June 14, 1906, in the matter of the purchase of a horse and wagon and set of harness, for the use of the Sewer Department.

The following resolutions were adopted,

BE IT RESOLVED, By the Board of Public Works of the City of San Diego, California, as follows:

That the Superintendent of the Sewer Department of the said City be, and the said Superintendent hereby is, authorized to purchase a wagon for the use of the said Sewer Department, at a cost not to exceed One Hundred and Ten Dollars.

Auditors Certificate attached.

BE IT RESOLVED, By the Board of Public Works of the City of San Diego, California, as follows:

That the Superintendent of the Sewer Department hereby is, authorized to purchase a horse and set of single harness for the use of the said Sewer Department, at a cost not to exceed One Hundred and Eighty Dollars.

Auditor's Certificate attached.

BE IT RESOLVED, By the Board of Public Works of the City of San Diego, California, as follows:

That the Superintendent of the Water Department of the said City be, and the said Superintendent hereby is, authorized to purchase a horse and set of single harness for the use of the said Water Department, at a cost not to exceed One Hundred and Eighty Dollars.

Auditor's Certificate attached.

BE IT RESOLVED, By the Board of Public Works of the City of San Diego, California, as follows:

That the Superintendent of the Water Department of the said City be, and the said Superintendent hereby is, authorized to purchase a wagon for the use of the said Water Department, at a cost not to exceed One Hundred and ten Dollars.

Auditor's Certificate attached.

Commissioners Schaniel, Gwyn and Adams voting aye.

Recommended to the Honorable Common Council that the ordinance providing for the inspection of steam boilers in the City of San Diego, be amended so as to provide a penalty for the failure to pay for said inspection.

The Sewer Committee refers Petition to this Board for estimate of cost of construction of a sewer for west 1/2 of block in Maple Street between 1st. & Front Streets.

The City Auditor files a Statement showing the condition of the Sewer Fund. The amount available for the balance of the year will be \$1384.00 or just about enough to care for the fixed expenses of said department during said time. The Secretary was

directed to notify the Honorable Common Council of said statement and that this Board under the circumstances cannot recommend any further expansions of sewer lines.

The following resolution was adopted by a unanimous Aye vote.

Be it resolved by the Board of Public Works as follows;

That the Board of Public Works have rooms 22,23,24,and 25,in the City Hall,repaired and renoviated at a cost not to exceed seventy-five Dollars,(75.00)

Auditors certificate attached.

The following resolution was also adopted.

BE IT RESOLVED?By the Board of Public Works as follows;

That the Superintendent of Streets be,and he is hereby,authorized to purchase a horse for the use of said department at a cost of not to exceed Two hundred Dollars. (\$200.00).

Auditors Certifiacte attached.

Mr. Walter P.Moore, stated to the board that he wished to have them releive him August 1st.06.

The Board thereupon upon Motion being dmly seconded decided to accept Mr. Moores resignation to take effect August 1st.1906,by the following communication,Viz.

"The Board of Public Works of the City of San Diego,California,has received your request to be releived of the office of Superintendent of Streets.

It is with great concern that this board feels bound to comply with your wishes.

It is not often in Municipal affairs that the "right man is found for the right place",but when it has been demonstrated,as in this instance,it is distinctly a matter of regret,both to the appointing power,and to the City,that the "right man" should be asked to be releived from duties,in the performance of which he has demonstrated his peculiar fitness.

In releaving you,therefore,from your employment as a public servant,to take effect on August 1st.next,we think it only proper that we should express not only on our own behalf,but on behalf,as we beleiveof the people of San Diego,a proper appreciation of your services.It is only just to say that in your department,more work has been done in the interest of good streets and good roads,within the limits of the City,during your term of office than was done in years before you went into office.

You have been found faithful.prompt,energetic and capable in all emergencies, and you have made a good record for good work which we cannot but think will form an incentive to your successors. We feel it therefore now due,that on your retirement from office we should tender you in this manner the thanks of this board."

Signed by all of the Board.

Upon motion the following resolution was adopted by a unanimous AYE vote.

"BE IT RESOLVED?By the Board of Public Works as follows;

That George Hanson be,and he hereby is,appointed to the position of Superintendent of the Street Department of the City of San Diego,California,vice Walter P.Moore, resigned.

The City Engineer files a certificate showing that there is due to the United States Cast Iron Pipe and Foundry Company on their contract \$6752.30.

The claim therefore in said amount was ordered paid.

Thursday 9 A.M.

Regular Meeting

Present Commissioners Schaniel, Gwyn and Adams

Communication from the Water Department recommending the laying off a 2" water main in "C" street from 24th. to 25th. street, was read and filed and upon motion the following Resolution was adopted.

Be it Resolved by the Board of Public Works of the City of San Diego, California as follows:

That the Superintendent of the Water Department be instructed to lay a 2" pipe line on "C" street between 24th. and 25th. streets connecting said pipe line with the water mains in 24th. and 25th. streets, at a cost of not to exceed \$250.00.

Auditor's certificate attached.

The Secretary was directed to notify the Water Department in accordance therewith.

The Water Department recommend the laying of 4" C.I. pipe from the end of the City's present main at the south line of Colton ave, and 30th. street, thence south on 30th. street to the S.C.Ry Co's. track a distance of 950 feet and connect with the San Diego Brewery's pipe line the cost will be about \$162.00 Ordinance No. 2504 provides \$105.00 to do said work, the Water Department was authorized to do said work in accordance with said ordinance and complete the same under the maintenance allowance.

The City Engineer files an estimate of cost for constructing a sewer pipe line in the Alley between "B" & "C" and 24th. and 25th. of \$576.40. There being no funds available in accordance with the Auditor's report, said estimate was ordered placed on file.

The following Resolutions were adopted, viz:

Be it resolved by the Board of Public Works of the City of San Diego as follows.

That the Superintendent of Streets of the Said City Be, and he hereby is, instructed to purchase a wagon and a set of harness, for the use of said Superintendent, at a cost of not to exceed One Hundred and forty dollars.

Auditor's certificate attached.

Be it resolved by the Board of Public Works of the City of San Diego as follows.

The Superintendent ~~of Streets~~ of the Street Department of the Said City, be, and he hereby is, instructed to purchase a horse for the use of said Department, at a cost of not to exceed \$199.00.

Auditor's certificate attached.

Be it resolved by the Board of Public Works of the City of San Diego as follows.

That the water closets on the third floor be repaired and renovated, at a cost not to exceed \$110.00.

Auditor's certificate attached.

Be it resolved by the Board of Public Works of the City of San Diego as follows.

That the Superintendent of the Sewer Department be instructed to furnish forage for the horse used by him in the service of said department at a cost not to exceed \$10.00 per month, from July 1, to December 31st. 1906.

Auditor's certificate attached.

The Boiler Inspector files Semi annual report of boilers inspected by him; Filed:

The Board of Park Commissioners petition for a watering cart and team to be used in wetting down Park Ave. which they are now grading .

The Board have no teams other than in daily use and therefor file the communication without action.

The Board of Park Commissioners petition th have the City Engineer furnish them with plans and specifications for sidewalks curbs and returns, for the west side of Park Ave. from the north line of Juniper street to the south line of Upas street.

The City Engineer was directed to furnish said plans and specifications in accordance with said petition.

The Stanley Contracting Co. was granted permission to tunnel every ten feet for the purpose of safe guarding the old 30th. street water main at Switzer Canon.

The City Engineer was notified accordingly.

Monday 7.30 P.M.

Regular Meeting;-

Present Commissioners Schaniel Gwyn and Adams;-

Reading of the minutes was dispensed with.

The following ordinances were received from the Honorable Common Council, Viz;-

Ordinance #2640, directs the Street Department to re-grade 1st. street between Laurel and Maple Streets at a cost of not to exceed \$590.00.

The Superintendent of Streets was directed accordingly.

Ordinance #2650, directs the construction of a sewer line in 8th. Street 190 feet North of University Avenue at a cost of not to exceed \$250.00.

The Superintendent of Sewers was directed accordingly.

Ordinance #2651, authorizes the moving of the Christian Church onto Lot "J" of Block #46 Hortons Addition, the same being situated at the Southwest corner of "F" and 9th. Streets.

So ordered.

#2652, provides for the widening of sidewalks to 20 feet on Spruce Street between 5th. and the City Park.

Filed.

A communication was received from the Water Department stating that the 30th Street Water Main has been completed and connected up; also that there is 1300 feet of 10" C.I. Pipe that can be taken up, cleaned and put in stock which would be worth about \$1700.00, the expense to do this would be about \$500.00.

There being no funds available in the water department, the communication was laid on the table.

A petition was received from the Waterdepartment for the purchase of an addressing Machine for the use of said Department the cost of which will not exceed \$400.00.

Laid on the table.

The City Engineer filed an estimate for the construction of a drain to be placed under Fifth Street near Brookes Street .

1st. by placing a pipe in the street directly east of the lowest point in said block at a cost of not to exceed \$62.58, or by constructing a drain leading into Brookes Avenue, Cost about \$185.50.

Filed. Superintendent of Streets was directed to investigate and report at the next regular meeting.

The City Engineer files an estimate for the construction of a sewer drain to be constructed from 6th. and University Avenue to Washington Street and estimates the same to cost about \$360.00. This drain is to be used in emergency cases should the sewer stop up, back of the automatic ejector.

The Water Department filed receipts for the sale of old scrap iron sold to Mr. Wm. Plame at Public Auction on September 6th. 1906, and deposited the sum of \$303.80 as the proceeds of said sale.

The San Diego, Brewing Company petition for the return of \$18.34 claimed to be an overcharge for water since the new ordinance went into effect. Upon investigation the Board find that the said overcharge is not correct but the charge as made appears to be right and just, therefore said petition was filed and the Brewing Company notified accordingly.

Communication from Point Loma Homestead, asking that when improvements and changes are contemplated in the vicinity of the Point Loma Homestead, where their general properties are effected, that the management be consulted before action is taken. They refer to the action of the Board in granting the Western Union Telegraph Co., permission to erect telegraph poles along the Boulevard to the Wireless Station.

Filed. Secretary was directed to notify the Homestead people that the matter was immediately taken up as soon as the circumstances were made known to the Board.

The City Engineer makes a verbal request that Stanley Contracting Company be allowed to change the course or line of the B Street concrete conduit in accordance with the plans as submitted herewith, at 4th. & B Streets, and continue the course along said B Street to the East side of 5th. Street.

Granted.

The Superintendent of the Water Department was directed to reduce the Force so as the payroll will come under the limit of \$1200.00 for repairs and maintenance, this being brought about on account of the reduction of the water rates and the revenue received not being sufficient to pay the running expenses in a larger sum than \$1200.00 per Month.

Petition was denied.

John R.Seifert makes application to place a water drain from the S.W.Corner of 5th. & B Streets to a connection with the B Street Flume. The same having been investigated by the Board the petition was upon motion granted,

Marion Wincote makes application to have a sewer placed in 7th. street south of University Avenue.

Upon investigation the Board find that there are no available funds to make said improvement. The petition was therefore denied.

The City Engineer files the following certificates;-

Amount due on the B Street re-enforced conduit,	\$4193.09
" " " " Special castings to Standard Iron Works,	\$167.70.

Upon motion the same were paid.

Superintendent of the Water Department was directed to place a Fire Hydrant in front of the Court House at an expense for labor of not to exceed \$25.00.

The Secretary was directed to advertise for proposals for furnishing Hay,Grain and supplies for the several departments of the City Government,for the fiscal year ending December 31st.1907.

Commissioner Gwyn stated that he had prepared a reply to the attack made by Mr. W. F. Luddington upon the Board of Works and the Street Department of this City and desired to read the same and also that the same be placed upon the minutes of this Board.

The communication having been read it was moved, seconded and adopted that the said instrument be spread upon the minutes. The Communication is as follows:-

"In view of the recent gratuitous attack made upon the Board of Works, and the Street Department of this City, in the City Council by W. F. Luddington, late a member of said Council, in which he stated that the City Council had appropriated the sum of \$5000.00 for the purpose of repairing and placing in a safe condition the approaches to the Old Town bridge; that no attempt had been made by anybody to carry into effect the wishes of the Council; that on September 4th. 1906 a resolution was passed by the Council directing the City Engineer to prepare plans and estimates for the work, but that nothing had been to carry out that resolution; that he wanted his statement to be given the widest publicity in order that the people of the City might know that the Council had done its best to have the matter attended to; and the fault was on the part of the Street Department, the Engineers office, and the Board of Works, we consider it only proper that the actual facts concerning the various charges and insinuations made by Mr. Luddington should be spread upon the minutes of this Board, and given to the public through the press of the City.

Those facts are; During the extraordinary floods of the winter of 1905-6 the approaches on the North side of the Old Town bridge were attacked by water, and almost totally destroyed, -so much so as to render the bridge impassable. In this emergency the City Council, in March 1906, appropriated \$5000 for the purpose of replacing and re-enforcing said approaches, and the work under that appropriation was done by the Street Department under the supervision of the Board of Works. The work was done under very adverse conditions, and was continued until every dollar of the appropriation honestly and economically expended, was exhausted. The books of this office are always open to the public and to any and all members of the Council, and this body, now as always courts the closest inspection and criticism of its contracts and expenditures, by any person, and in any form. It has no secrets individually or collectively. It has, at all times, done its full duty under the law, and shall continue to do so uninfluenced by misdirected or interested partizan clamor.

Since the appropriation of \$5000.00 above mentioned, not one dollar has been appropriated by the council on account of Old Town Bridge or its approaches; and the work of protecting those approaches, which is the apparent excuse for the parting shot of Mr. Luddington, is thrown upon the board of works without a dollar on hand with which to pay for it. In this emergency the board of works is using the force and material of the Street Department, to do the work necessary to protect Old Town Bridge, and to that extent postponing very needed work in other portions of the City devolving on the Street Department.

The Southern bank of San Diego river at old town is crowned by a dyke, or levee, which belongs to and was constructed by the Federal Government. Any change in the bed of the river at or above this bridge which might have the effect of causing the current to impinge upon and erode the Government dyke, is a serious matter, and not to be lightly undertaken without the consent of and under the general direction of the Government Engineers. The board of works sought the inspection and consent of the Government Engineers before venturing to commence any work having a tendency to deflect the current of the river, and it is only within the past few days that a government engineer could be sent here for that purpose.

An inspection has now been made and the consent and concurrence of the government, through its engineers, has been obtained. At the earliest possible moment after obtaining

that concurrence the force of the Street Department was put to construct works to protect the approaches to, and control the flow of the river under the bridge, by a straight ditch or canal in the old channel intersecting the river with the flow of water at a point some eighteen hundred feet up stream, and such work will be continued, without appropriation and to the neglect of other important street work until the bridge is as fully protected as is possible with the material and force at the disposal of the board of works.

The Board of Works believes, and charges, that all of the above facts were fully known to Mr. Luddington when he made his sensational attack upon the Board, and the Street Department, for purposes best known to himself."

No further business the Board adjourned.

Attest;-

Secretary.

President.

San Diego, California, December 10th. 1906.

Monday 8 p.m.

Regular Meeting;-

Present Commissioners Schaniel & Adams; Absent Commissioner Gwyn.

Superintendent of Sewers Bachman being desirous of ascertaining what authority he may have to inspect the 3rd. Sewer that is being constructed at the present time by U.S. Grant from a point on 3rd. and C Streets to 3rd. and J Streets and whether or not the said parties are complying with the ordinances in relation to the construction of pipes the Board after considerable discussion decided to notify Mr. Chas. Julian as follows;-

You are hereby ordered to discontinue the work in laying the sewer line in 3rd. street between C & D Streets until plans of said proposed work shall first have been filed and approved by the City Engineer and adopted by this Board; also that when said sewer line is being laid that all work shall be done to the satisfaction and approval of the Superintendent of Sewers and Board of Public Works; all grades to be given by the City Engineer as is required by Ordinance #2426, of the ordinances of the City of San Diego, Cal. also under the provisions of ordinance #787, of said City, the sum of \$5.00 for each 100 feet or fraction thereof shall be deposited with the said Board of Public Works as a guarantee that all streets in which excavations have been made by you shall be repaired to the satisfaction and approval of the Superintendent of Streets. It will require that you deposit the sum of \$130.00 to cover the streets contemplated to be opened by you.

The City Engineer filed a communication approving the Map of First Addition to Ocean Spray tract, being a sub-division of the southerly portion of Lot 5 of P.L.#1783 of San Diego, California.

The Secretary was directed to approve said map and transmit the same to the Hon;- Common Council for their consideration.

The City Engineer filed a communication asking for 15 days lay off commencing from December 17th. 1906 for E.L. Bartlett.

Same was granted without pay.

City Engineer filed his approval of Map of Lot #20 Pacific Beach, but asks that the owners file a tracing before the Board approves the same.

The Secretary was directed to notify the owner thereof to file a tracing of said tract before the same will be approved by the Board.

It was decided to recommend to the Honorable Common Council that they authorize the Board

the Board to sell at Public Auction one Horse owned by the Water Department, said horse being too high spirited for use of said department.

Absent Commissioner Gwyn.

The reading of the minutes were dispensed with.

O.K. Bullard files a petition to have the water drained from lot A between 28th. and 29th. streets.

Referred to the Superintendent of Streets.

Map called Palm Heights was this day filed for approval, the same being a subdivision of P.L. 1125, San Diego, California.

Ordered referred to the City Engineer for investigation and report, The City reports on Map of "Good's Villa Tract", a sub-division of the N.E. 1/4 of the N.W. 1/4 of P.L. 1125, San Diego, California.

The report reads that Herbert Street, through this tract is 70 feet wide, whereas south of Robinson avenue it is 80 feet wide. The alignment of Herbert Street does not, in any way conform to that of Herbert Street south of Robinson Street. There has been no provision made for the extension of Essex street which is now opened between Robinson and University Avenues. Ordinance 1881 provides that no Alley shall be accepted having less than 15 feet in width.

Said map was held up for further consideration.

The City Engineer reports on Map of "First Addition to Ocean Villa Tract" as follows. Journaline street is 35 feet wide, being one half the width of said street through Reed's Ocean Park Addition adjoining it on the east. In all other respects it conforms to the requirements of the Charter.

Said map was held up for further investigation.

City Engineer files a certificate showing that the Stanley Contracting Co., are entitled to a payment of \$747.38 for work done in laying the Water Pipe Line on Point Loma.

Filed and the said claim was ordered paid.

Board of Education desire to have a water drain from the B Street School connected up with the B Street Flume.

Granted.

The map of Palm Heights upon the showing made by its owners and the approval of the City Engineer was ordered approved and transmitted to the Honorable Common Council for its consideration.

In accordance with an advertisement calling for bids to be delivered on Monday at 8 o'clock P.m. at the office of the Board of Public Works for the construction of a sewer line in 1st. 2nd., and 3rd. Streets between Walnut and Balm Streets, the following bids were received. Viz;-

Stanley Contracting Company,	Check \$250.00	Bid, \$3894.50
H.S. McDonald,	" \$185.00	Bid, \$3609.00
Olof Nelson,	\$200.00	Bid, \$3579.00

Olof Nelson being the lowest bidder, was upon motion being duly seconded awarded the contract to do said work by a unanimous aye vote of the Board.

The checks of the unsuccessful bidders were ordered returned.

Secretary.

D. H. Murray
President.

San Diego, California, December 31st, 1906.

Monday 10 a.m.

Call Meeting:-

Present Commissioners Schaniel, Gwyn and Adams:-

The Board met for the purpose of receiving a petition from the Stanley Contracting Company for an extension of time, the said petition reads as follows:-

"The Stanley Contracting Company hereby respectfully requests your Honorable Body to extend the time for the completion of the work to be done under that certain contract dated March 22nd, 1906, entered into between the City of San Diego and itself for the construction of the "B" street re-enforced concrete conduit, for a period of ninety days from the first day of January, 1907.

There has been delay caused in the construction of this work on account of matters which the Company could not anticipate when the contract was awarded to it in March 1906. The demand for steel and material caused by the earth quake and fire in San Francisco is responsible for much delay in procuring steel and material.

There has also been a scarcity of labor, and heavy rains have caused immense quantities of earth to cave in and to be washed into the conduit, requiring much time and expense in removing the same.

The floor and sides of the conduit have been completed up to a point between Sixth and Seventh streets, and your petitioner has purchased and now has on hand all material necessary for the completion of the work, including over \$5,000.00 worth of machinery

There has been delay in back-filling in order to give the re-enforced concrete time to set, and there have been other matters which caused delay in the changing of specifications for work under the railroad and other places, which your petitioner could not have anticipated in advance.

Your petitioner believes that the entire work can be completed within ~~the~~ ninety days from the 1st day of January, 1907, and is willing to do all that he can to that end and to complete the work at the very earliest possible moment, and therefore, respectfully requests your Honorable Body to recommend to the Honorable Common Council of the City of San Diego that the time for the completion of said work be extended for a period of ninety days from the 1st day of January, 1907, and that your Honorable Board be authorized to take whatever action that may be necessary in order to have your petitioner complete said work at as early a date as possible.

And your petitioner will ever pray."

Upon motion being duly seconded it was decided to transmit to the Honorable Common Council the following petition and attach thereto a copy of the petition filed with the Board for the extension of time.

Commissioners Schaniel, Gwyn and Adams voting aye.

Be it resolved by the Board of Public Works of the City of San Diego as follows:-

That it is the sense of this Board to transmit to the Honorable Common Council the herewith attached petition of the Stanley Contracting Company for determination and appropriate action by your Honorable Body.

Upon advice of the City Attorney that an expression of opinion by the Board of Public Works would be necessary, the Board is of the opinion that the interests of the City under present conditions would be best served by granting said request and the Board therefore recommends said petition be granted.

Mrs. A.J. Sherman filed a bond to blast in front of lots 1, Block 10 on 22nd street, in the sum of \$500.00 Charles L. Sloane & J. Frank Cullen as sureties.

Same was approved. Commissioners Schaniel, Gwyn and Adams voting aye,

Irwin J. Gill files a petition to have the steel cables and concrete anchors that support the sewer between First and Albatross Streets removed.

Thursday 9 a.m.

Regular meeting;-

Present Commissioners Schaniel Gwyn and Adams.

Minutes were read and approved.

Ordinance #2683, provides for extending for 90 days the time of the Stanley Contracting Company on the B Street re-enforced concrete flume; and entering into a contract with the said Stanley Contracting Company to finish said work for the unearned portion of of his former contract.

Filed.

Upon motion the following resolution was adopted by a unanimous AYE VOTE.

"Whereas, the Common Council of the City of San Diego, California, on the 31st. day of December, 1906, adopted Ordinance No. 2683 of the ordinances of said City, entitled, "An Ordinance Extending the time and providing for the completion of the construction of the "B" Street Re-enforced Concrete Conduit by the Stanley Contracting Company in the City of San Diego, California", which ordinance was approved on the 31st day of December, 1906, wherein and whereby the said Common Council extended the time for the completion of the work to be done under that certain contract dated March 22nd, 1906, entered into between the said City of San Diego and the Stanley Contracting Company for the construction of the said "B" Street re-enforced concrete conduit in said City, for ninety days from the 1st. day of January, 1907, and authorized and directed this Board to endorse such extension of time on said contract.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Public Works of the City of San Diego that the President of this Board be and he is hereby authorized and directed, in the name, for and on behalf, and as the act and deed of this Board, to endorse such extension of time on said contract.

Upon motion the following resolution was adopted.

"Whereas, the City of San Diego and the Stanley Contracting Company entered into a contract dated on the 22nd. day of March, 1906, wherein and whereby the said Stanley Contracting Company agreed to furnish all labor and material for the construction of the "B" Street re-enforced concrete conduit in said City according to the said contract and the plans and specifications mentioned and described therein and on file in the office of the Board of Public Works of said City; and

Whereas, said work was not completed on the 31st day of December, 1906; and

Whereas, the Common Council of the said City of San Diego, did, on the 31st. day of December, 1906, adopt Ordinance No. 2683 of the ordinances of the City of San Diego, entitled "An Ordinance extending time and providing for the completion of the construction of the "B" Street re-enforced Concrete Conduit by the Stanley Contracting Company in the City of San Diego, California", approved on the 31st day of December, 1906, wherein and whereby this Board of Public Works was authorized, empowered, and directed to enter into a contract with the Stanley Contracting Company to furnish all labor and material necessary for the completion of the said "B" Street re-enforced concrete conduit, for the amount of the unearned balance of the said 31st day of December, 1906, of the contract price of the said contract between the said Stanley Contracting Company and the said City of San Diego, dated March 22nd, 1906, said work to be completed within ninety days from the 1st. day of January, 1907, and to be done according to the terms and conditions and plans and specifications set forth in said original contract between the said Stanley Contracting Company and the said City of San Diego, and under the direction and to the satisfaction of this Board of Public Works.

NOW, THEREFORE, BE IT RESOLVED; By the Board of Public Works of the City of San Diego, California, in pursuance of the provisions of the said ordinance, that the contract now in the possession of the Secretary of this Board be executed and entered into, in triplicate through this Board of Public Works, between the said City of San Diego and the said Stanley Contracting Company for the completion of said "B" Street re-enforced concrete conduit.

Auditors certificate attached.

Commissioners Schaniel, Gwyn and Adams voting AYE.

The City Engineer petitions as follows;-

"The field work to be done by this office requires four field parties, composed each of one engineer and two chainmen. At present the office is provided with but two regular field parties.

It is respectfully suggested that you adopt such proceedings, as may seem best to you to secure the employment of two additional parties.

It is also respectfully suggested that the chainmen be paid at the rate of \$2.50 per day instead of \$2.00."

Upon motion the foregoing petition was recommended to the Mayor for his endorsement to the Honorable Common Council.

The City Engineer files an estimate for the construction of Storm sewers in "I" Street, from State Street to Eighth Street and in Eighth Street from "I" Street to "H" Street estimating the same to cost \$21,900.00 and in "E" Street from Atlantic to Seventh Street to cost \$29,800.00 making a total of \$51,700.00.

The Secretary was directed to recommend to the Honorable Common Council that the said items be included in the Board issue that is about to be voted on. These sewers being for the purpose of caring for the storm water that comes down 3rd, 4th, 5th, 6th, & 7th. Sts.

Communication from Dr. T.K. Smith in relation to having the grade of the sidewalk changed or lowered in front of lots I & J of Block 210, Hortons Addition the same being on 2nd. Street between Cedar and Date.

The Secretary was directed to address a communication to the effect that this Board has absolutely nothing whatever to do with the changing of grades and therefore his petition could not be considered. The matter of changing grades lays entirely with the Common Council.

The Secretary was authorized to recommend to the Honorable Common Council that this Board be authorized to purchase \$50.00 worth of Postage stamps for the use of the various departments of the City Government,

The City Attorney filed an opinion relative to the placing ~~of the street in the~~ same condition as it was before the Stanley Contracting Company laid the 30th Street water main thereon. The City Attorney is of the opinion that burdon of removing the surplus dirt falls on the Stanley Contracting Company.

Filed.

Applications for work in the Street Department were filed by the following persons

John H. Koop,	1519 Union
Ole Finn,	McGirk Block,
Louis Mathieson,	County Hospital.

Filed. Map of Cuklens Westland Terrace was this day filed and the same was referred to the City Engineer for investigation and report, the same to be returnable ~~at~~ before the next meeting of the Common Council, and if the same is approved the Secretary to transmit the same to the Common Council with the approval of the Board.

The Secretary was directed to address a communication the City Engineer for an estimate of the cost of 1200 feet of 12" Cast Iron Water Pipe to replace the wood pipe in 30th; street south of "B" Street.said estimate to be returned to this board before the next regular meeting.

The City Engineer files a reply in relation to the Sewer pipe that was offered for sale by the Coronada Beach Company, stating that they have found use for the same and that they will not now sell the same.

City Engineer files an estimate showing that Mr. Ed. Fletcher is entitled to the sum of \$350.00 for the construction of a sewer line in D Street between 25th. & 26th Streets. Same was ordered on file.

A petition was received from Wm. Clayton, et. als. for a sewer line to be construe in Park Avenue between Olive and Juniper Streets and along Juniper street to a connection with the Fifth Street Sewer; and that the same be recommended to the Honorable Common Council to be included in the contemplated bond issue.

Referred to the City Engineer for estimate and report, said report to be returned by the next Board meeting.

Attest;-

Secretary.

President.

San Diego, California, January 10th, 1907.

Thursday 9 a.m.

Regular Meeting;-

Present Commissioners Schaniel, Gwyn and Adams;-

The Minutes of the last regular meeting were read and approved.

Resolution #3019 from the Honorable Common Council granting Herman M. Fritz permission to maintain electric sign across 4th & F Streets was read and ordered filed.

Resolution # 3020 granting Patric Martin permission to remove trees from in front of Block #5 Breed and Chase Addition was read and ordered filed.

Certificate from the City Engineer certifying that the Stanley Contracting Co., is entitled to \$1063.65 for work done on the E Street re-enforced concrete conduit.

Certificate from the City Engineer certifies that the Standard Iron Works are entitled to \$636.19 being the first payment on Crosses and Tees as per contract.

Both resolutions were ordered filed.

The Chief of Police files a request for at least ten pairs of blankets and six galvanised iron pails for the use of the prisoners at the Jail.

The Secretary was directed to authorize the Chief of Police to make the purchases provided the cost for the same does not exceed the sum of \$35.00.

The City Engineer files an estimate of \$599.52 for the construction of a re-enforced concrete culvert to drain the water from the intersection of 20th. and N Sts.

The Secretary was directed to notify the City Engineer to file an estimate for a Six by Six Foot concrete culvert for the same leaving out the re-enforced portion.

J.P. Christensen files a Map of the subdivision of Block 5 of P.L. 1141, San Diego California.

Referred to the City Engineer for investigation and report.

Ordinance #2698 provides \$6333.00 for the construction of a bridge over Penasquitas Creek in accordance with the plans and specifications therefore filed with the City Clerk.

Referred to the City Engineer for plans and specifications in accordance therewith.

The Superintendent of Streets recommends that all Hilly Streets be guttered. Upon Motion the Secretary was directed to recommend to the Honorable Common Council that all Billy Streets be guttered at the earliest possible moment.

Verbal complaint was made to the Board that 21st. street at the intersection of N street was not graded while 21st on either side thereof is graded and it is necessary to cross said street in moving a house and would therefore like some action taken at once.

Referred to the Superintendent of Streets to see what may be done in the matter. Ordinance #2686 provides for the purchase of \$200.00 worth of Asphalt per month for the use of the Street Department up to May 1st, 1907.

Referred to the Superintendent of Streets with authority to comply.

Ordinance #2697 provides \$900.00 for the protection of the Oldtown Bridge.

Referred to the Superintendent of Streets to do said work in accordance with the provisions of said ordinance.

Ordinance #2685 provides \$8500.00 for the construction of Barn, Blacksmith Shop etc. for the use of ~~the~~ municipal purposes.

Referred to the Superintendent of Streets with authority to do said work in accordance with the provisions of said ordinance.

Petition from D.C.Collier et als. for a watering trough to be placed at the Junction of Park and University Boulevards.

Referred to the Water Department to place said trough as petitioned.

F.A.T.Shaw tenders his resignation to take effect immediately.

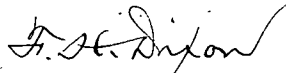

The resignation of F.A.T.Shaw as Street Sweeper was accepted with regrets as Mr. Shaw has been in the employ of the City as sweeper for a great many years and has always been found to be willing and faithful.

The appointment of a successor to Mr. Shaw was held over until the next meeting.

Communication from W.W.Whitson President of Hillcrest Co, for the City Engineer to prepare plans and specifications for sewer lines in said tract, was read and ordered on file for the present.

President.

San Diego, California, January 18th. 1907.

Friday 10 a.m. Adjourned Meeting;-

Present Commissioners Schaniel, Gwyn and Adams;-

The City Attorney filed a written opinion that in his opinion if the Board reserved a sufficient sum of money from the W.C. Jacobs contract for the construction of the re-enforced concrete culvert on H Street between 14th. & 15th. Streets to finish the uncompleted portion of the contract it would be legal.

The Board find that there is due to Mr, Jacobs the sum of \$1930.33 on his contract and that the sum that is deemed necessary to cover the expense of completing the work will not exceed \$850.00. it was therefore decided to allow Mr. Jacobs \$1000.00 and retain the sum of \$930.33 until the completion of the work.

The map of J.P. Christensen's Addition being an subdivision of Block 5 of P.L. 1141, San Diego, California was this day approved by the board and ordered transmitted to the Honorable Common Council for their consideration and approval.

The claim of the Stanley Contracting Company for \$875.00 was referred to the City Attorney to ascertain if the same could be paid without compromising the contract, there still remains to be paid 25% of the original contract price or \$6870.75.

Communication from the Logan Heights Improvement Club to have National Avenue between 12th. & N streets graded through over the right-of-way recently purchased by the City. Referred to the Street Superintendent to ascertain what may be done in the matter. The Secretary was directed to ascertain what money was on hand for this purpose.

The Secretary was directed to address the following communication the Honorable Common Council; Viz;-

" As there so many misfit grades in our City, it is respectfully recommended to your Honorable Body that the City engineer be instructed to check over all streets upon which improvements are contemplated to be made and ascertain if the official grade as established is correct. and if found not to be, then all proceedings should be abandoned until the grade is correctly established; also it should be accurately determined where each culvert or conduit is to be placed in said contemplated improvement.

It is respectfully recommended as the sense of this board that hereafter all culverts and conduits be constructed of concrete or of re-enforced concrete, and that wooden culverts and bridges be entirely done away with.

This decision has been arrived at after having taken in consideration all of the numerous streets that have been improved during the past five or six years and the number of repairs that have become necessary in renewing culverts, and repairing culverts and bridges, placing culverts where none have been provided and the general expense incidental thereto. It is also suggested as a further matter of protection to the streets that at the time when any contemplated improvements are to be made that they should include curbing and guttering. A good large and substantial gutter would many times be the means of saving the street and the saving of many hundreds of dollars during the year in the way of general repairs."

D. J. Adams
President.

San Diego, California, February 14th. 1907.

Thursday 9 a.m.

Regular meeting;-

Present Commissioners Schaniel, Gwyn and Adams.

Minutes were read and approved.

The Southern California Mountain Water Co., file a communication notifying this Board that they will commence delivering to the City filtered water within a few days and suggest that the City Mains be thoroughly cleaned out before said filtered water is turned into the pipes.

Referred to the Superintendent of Water Department with instructions to open all dead ends and such of the fire hydrants as he may deem necessary to insure a thorough cleaning out of the pipes.

The Water Department petition for authority to purchase a single set of harness for the use of the Maintenance Department at a cost of not to exceed \$35.00.

The Superintendent was authorized to purchase said harness as per his recommendation.

Communication from the Water Department estimating the cost of taking up 1000 Ft. of water pipe (10" C.I.) on 30th. street to be \$240.00.

Superintendent of Water Department was authorized to do said work at said amount.

The Water Department recommend the placing of 2" water pipe on Maple Street between 5th. & 6th. Streets a distance of about 168 feet at a cost of \$70.00.

The Superintendent of the Water Department was directed to do said work as per his recommendation.

George Essex petitions for a water main to be laid in Ocean Beach. If the City will furnish about 315 feet of one inch pipe He, Essex, will lay the same at his own expense.
Filed.

In the matter of a private sewer constructed by Samuel L. Wood in 1905 at his own expense, in the alley between B & C and 24th. & 25th. Streets for a distance of 185 feet. Said sewer being a six inch sewer and the work was done under the supervision of the Supt. of sewers and the grades were set by the City Engineer and all work done to the satisfaction of the Board of Public Works. The claim is for \$226.80 and the Board respectfully recommend to the Common Council that said claim be allowed.

The Secretary was directed to recommend to the Honorable Common Council that they authorize the purchase of Six sprinkling Wagons for the use of the Street department stating the said number is one carload and the City would get the benefit of carload rates also that the City is in need of at least two carloads on account of the many newly graded streets and the many contemplated. The cost of the six carts will be \$3300.00. The urgency clause should be inserted in the ordinance authorizing the purchase of the same and the Board should be authorized to purchase them without advertising.

Notify the S.D. Con. Gas and Elec. Company to place lights at 6th. & Park & at Upas & Park Streets in accordance with the provisions of ordinance #2689.

The San Diego Electric Ry. Co. petition for an extension of 90 days within which to pave their portion of D Street between 6th. & 12th. streets and also to be allowed to place said bitumen pavement between said R.R. tracks to a depth of only 5 inches instead of the depth prescribed in the specifications.

The Board directed the Secretary to notify the R.R Co., that owing to the many complaints about the unpaved portion of the street that they must insist upon the paving

of their portion of the street between said points;but that they would allow them to pave said portion of the street in accordance with their petition.

The Santa Fe R.R.Co., petition to do away with the overhead culvert or bridge known as B-265,near Oldtown,which is entirely within their R/W and place in lieu thereof a concrete culvert. Upon investigation the Board find that that they are right and the Board instructed the Secretary to notify them that the permit is granted.

Chase permission to remove trees at La Jolla.

All filed.

The Water Superintendent makes a verbal report in relation to the lumber that was taken from Mission Valley by the employees of the water department and others, as follows Mr. Ferguson has constructed a small house from some of the lumber and the report that his brother has constructed a barn is without foundation as there is nothing to it. I also find that one Baldwin of Mission Valley has taken about 25 pieces of 1-1/2 X 20 flume lumber and placed the same in a barn on his place. This being about the extent of my findings so far but I have not yet finished.

San Diego, California, April 6th. 1907.

2.p.m. Saturday.

Call Meeting;-

Present Commissioners Schaniel, Gwyn and Adams;-

The following communication from the Common Council;-Viz;-

"At an adjourned meeting of the Common Council held on Wednesday evening, April 3rd. 1907, this office was, on motion of ~~the~~ Councilman Goldkamp, directed to notify your honorable body to investigate the rumors or charges that certain lumber belonging to the city of San Diego has been removed, without authority, from Mission Valley.

Your honorable body is also directed, by the terms of the motion, to make a written report of your findings in the matter to the Common Council."

Upon motion the following resolution was adopted by the following vote;-
Commissioners Schaniel, Gwyn and Adams voting Aye;-

"Whereas; Mr. Goldkamp, the member of the Common Council from the 9th. ward, has brought to the attention of this board an anonymous letter received by him charging that certain employes of the City Water Department have stolen old lumber piled up along the flume line in Mission Valley, and asking this board to make an investigation of the matter, and Whereas, -- pending said investigation by this board the said Goldkamp has preferred charges attacking the integrity of this board, at a meeting of the Common Council held Wednesday evening April 3rd. and

Whereas-- at the time of making said charges the said Councilman Goldkamp had full knowledge that this board had, on November 19th. 1906, notified the Common Council that said lumber in question was piled up in Mission Valley subject to loss by flood and theft, and requesting permission to advertise and sell said lumber, and,

Whereas---the said Councilman Goldkamp had full knowledge that it was impossible for this board to dispose of said lumber by sale, or to advertise same without permission of said Common Council;

NOW THEREFORE BE IT RESOLVED: That in preferring said charges attacking the integrity of the Board of Public Works, the said Councilman Goldkamp made improper and groundless accusations and with the seeming intention to damage the reputation of the members of the board and create sentiment against said board for reasons best known to himself.

The Superintendent of the water department files a report of the amount of lumber on hand in Mission Valley at the present time showing it to be as follows;-

At station # 1	14350.00
Small pipe 500 yds. E. of station # 1	1000.00
At station # 3	1000.00
Pile between # 6 & 7 could not get to on a/c/ of water, estimate to contain	6500.00
Amount used by department (water)	10000.00
Total	32850.00 feet."

Same was ordered filed.

Upon motion being duly seconded it was decided that Commissioner Schaniel be authorized to employ 2 men or contractors to go to Mission Valley and look over the lumber there and furnish this board with an accurate estimate of the amount of lumber on hand.

Ordinance # 2800 authorizes this board to advertise for bids for the sale of the old lumber that is piled up in Mission Valley to the highest bidder for cash. Said ordinance being an 30 day ordinance does not take effect until May 7th.1907.

President;

San Diego, California, April 8th. 1907.

Monday 7 P.M.

Regular Meeting;-

Present Commissioners, Schaniel, Gwyn and Adams;

Petition from Property owners for a water main to be constructed on R street between 37th. & Z streets.

Referred to the Superintendent of the Water Department for investigation and report. Communication from the Water Department for authority to lower the water main on Arctic Street from Nutmeg to Spruce streets estimate d cost is \$450.00.

Recommend the same to the Honorable Common Council for authority to do said work in accordance with the recommendation of the Water Department.

Communication from the Water Department for authority to lay about 3000 feet of water pipe line in Pt. Loma. Said pipe being already on the ground but it is impossible to lay the same under the allowance for maintenance and repairs. It is estimated that it will require \$500.00 to do said work.

Recommend the same to the Common Council.

In the matter of the crosswalking of H street between 17th. & 22nd streets; It was moved and seconded that the bids be rejected and the certified checks be returned to the bidders.

The Secretary was directed to address a communication to the Common Council notifying them of the action of this board quoting the bids to the Council and stating that they were considered too high for work on natural soil; also to state that the board is informed that the Common Council has instructed the City Engineer to furnish estimates for the crosswalking of a great many streets and this particular section is included in the estimate to be furnished. All of this work is to be done under the Vrooman Act, which it is believed to be the proper way to do this class of work.

Ordinance #2819 grants the authority to construct Water and Sewer laterals in Fifth street between A and University Avenue.

The City Engineer was directed to prepare specifications for the construction of the sewer laterals; also the Superintendent of the Sewer Department was directed to confer with the City Engineer in relation to said ordinance.

Ordinance #2823, directs the San Diego Consolidated Gas & Electric Company to construct all gas laterals in 5th street between A and University Avenue within 90 days from and after April 6th. 1907

Secretary was directed to notify the Gas Company accordingly.

Ordinance #2817 grants de Lacour permission to move Unity Hall and to erect buildings on lots G, H & I of Block #9 Hortons.

The Secretary was directed to issue said permit when called for.

Ordinance #2821 authorizes the sale of ~~an~~ ^{one} Bay horse belonging to the Water Department. Secretary was directed to advertise for the sale of said horse.

The Superintendent of the Water Department files a report showing the amount of lumber taken from Mission Valley and that he has dismissed all parties implicated that were in the service of said department.; Contractors Engebretsen and Engebretsan appointed by this board to make a report of the lumber remaining in Mission Valley and as to its value. They find 27,272 ft. B.M. and that the hauling and the drawing of the nails etc. will cost

\$177.30

Estimate good lumber 14,000 at \$15.00 per M. \$210.00,

Leaving a value estimated at

\$32.00

Report from d'Hemecourt City Engineer showing the amount of lumber still in the ground to be 38,231, feet B.M. and from the records in the Water Department it is found that there was originally 118,000 feet B.M.

Summary.

Lumber in the flume originally,		118,000. feet
Amount as per report, on hand,	27,272, feet	
" " " " in ground,	38,231, "	
" " " " used by water & street departments,	20,000. "	85,503. "
Amt. lost by flood during the years 1905 & '07 and unaccounted for		32,497. feet B.M.

The Secretary was directed to address a communication to the Common Council embodying the said reports for their consideration.

Filed.

To The City Engineer was referred Map of Websters Villa Tract the same being a sub-division of the South 1/2 of Lot 17 Eureka Lemon Tract, for investigation and report.

The following resolution was offered by Major Gwyn which was upon motion adopted by the board by a unanimous Aye vote.

"WHEREAS: Some four weeks ago, under verbal instructions from this board of works, the Stanley Contracting Company was directed and required to backfill the open conduit on "B" Street, eastward towards 10th street, and to open said street to traffic over the seasoned cement top of said conduit;

AND WHEREAS: the said Stanley Contracting Company failed and neglected to carry out said instructions, and conveyed the earth hoisting apparatus to 10th. street, and against the direction of the City Engineer, and a member of the board of works then present on the ground, and commenced backfilling said conduit from 10th. street westward, on and over the newly finished green and unseasoned cement top of said conduit.

AND WHEREAS: the weight of earth thereby imposed on the newly constructed and unseasoned conduit top between 9th. & 10th. streets has caused said conduit top to sag, and sink between the points above named; and the said Stanley Contracting Company was, a week since, required by the City Engineer to remove the earth and also the strained and sagged conduit top between said points and reconstruct the same;

NOW THEREFORE BE IT RESOLVED: That the Stanley Contracting Company is hereby required and directed to forthwith remove the earth and top of said B street conduit between the west side of 9th street to the manhole just west of 10th street, as heretofore notified by the City Engineer and board of works, and reconstruct the entire top of said conduit between the points last above named, in compliance with the requirements and specifications of its contract for construction of said conduit. Filed.

In accordance with an advertisement calling for bids to be delivered at the office of the Board of Public Works 8 o'clock p.m. for the construction of sewer laterals in Fifth street between A and University Avenues, the following bids were received:-

Schultheiss Bros.	Certified check	\$278.75	Bid	\$5975.00
J.S. Johnstone & Son	"	350.00	"	6150.00
Fred A. Heilbron,	"	350.00	"	6075.00
C.H. Julian,	"	300.00	"	5950.00

Mr. C.H. Julian being the lowest bidder the contract was awarded to him at his bid. Commissioners Schaniel, Gwyn and Adams voting Aye.

Upon Motion the Secretary was directed to make a copy of the resolution in relation to the Stanley Contracting Company and transmit the same to said Company.

Regular Meeting;-

Present Commissioners ~~Schaniel~~ Gwyn and Adams, absent Schaniel.

Before the Board went into regular session the City Attorney was called in and asked as to the legality of the board. The opinion of the City Attorney is in effect as follows. That the Board have the right to hold over in office until their successors have qualified; but his advice is to only act on matters of minor importance and to lay over important contracts for the purpose of saving any legal controversy that might arise.

The Board therefore decided to pass on matters of only minor importance.

The Stanley Contracting Company filed a petition for an extension of 50 days time from May 10th. '07 within which to complete their contract for the construction of the B Street concrete conduit. The same was recommended to the Common Council for their approval.

Map of Websters Villa Tract was reported on by the City Engineer as complying with the requirements of the Charter and the same was referred to the Common Council for their adoption.

The City Engineer filed his approval of the Map of Breamar.

Charles S. Conner filed a protest against the Board adopting the said map as he is the owner of a portion of the land subdivided and does not agree to said subdivision.

The Board thereupon held said map up for further consideration.

The City Engineer filed a report that the Map of Ocean View complies with the requirements of the Charter. Said map having this day been filed with the City Engineer for approval.

The Kindler Plumbing Company filed a bond to open the streets in the sum of \$216.00 C.D. Rolfe and A.H. Sweet as sureties. Same was this day approved.

Claims were read and approved.

Adjourned.

Attest;-

F. H. Dixon
Secretary.

D. H. Conway

President.

San Diego, California, May 11th. 1907.

Saturday 10 a.m.

Call Meeting;-

Present Commissioners, Schaniel and Adams. Absent Commissioner Gwyn.

The minutes of the previous meeting were read and approved.

Messrs. Neely and Jorres the recently appointed Commissioners of Public Works being present presented their credentials of appointment and took their seats as Commissioners of Public Works.

Upon motion Commissioner Schaniel was appointed temporary chairman of the Board.

The contract between Chas H. Julian and the City for the construction of sewer laterals in fifth street between A and University Avenue was read and approved; and the bond therefor in the sum of \$2000.00 for the faithful performance of the contract with the Metropolitan Surety Co. as surety was approved.

The Stanley Contracting Company during the construction of the B Street conduit disconnected a number of sewer laterals that were connected up through the old Flume and he has since neglected to connect them up. The matter was referred to the City Attorney to ascertain whose place it is to make the said connections.

The City Engineer appeared before the board showing a map of the contemplated curves to be made on the line of the San Diego Los Angeles & Beach R.R. Co., at La Jolla at Lincoln Avenue and Connecticut Street desiring the Board to authorize the change.

Upon consulting the ordinance granting the franchise it is found that the matter granting authority to make changes in the line of the R.R. lays entirely in the hands of the Common Council and the Mayor of the City.

Referred to the Council for their investigation.

The Superintendent of Streets was authorized to loan to the Fire Department a team of horses until they purchase a team, which will be very shortly.

The Superintendent of Sewers was authorized to place an inspector on the 5th street work if the same be found to be necessary.

Ordinance #2838 directs the Board of Public Works to cause the construction of a boulevard commencing at a point in Mission Valley near the old County Hospital and running northerly across the San Diego river to the City Limits; said work to be done without advertising and to cost not to exceed \$5,000.00 and to be done under the supervision of the Superintendent of Streets.

Referred to the City Engineer to prepare specifications if it is found by consulting with the City Attorney that said work can be done legally: and report to this board as soon as possible.

Adjourned;-

Attest;-

J. H. Dixon
Secretary.

P. F. Schaniel President.

San Diego, California, May 13th. 1907.

Monday 8.p.m.

Regular Meeting;-

Present Commissioners Schaniel, Neeley and Jorres.

Commissioner Schaniel in the chair.

Claims #4873--5 & 5024 Public Building Fund, 5058, 61, 64 & 69 Water Fund, 5015, 5017, Blacksmith, General Fund & 5060 Street Fund were read and approved.

Ordinance #2832 authorizes the sale of 3 gasoline Engines and 7 pumps in Mission Valley belonging to the Water Department at Public Auction.

The Secretary was directed to advertise for the sale of the same in accordance with the provisions of said ordinance.

The City Engineer files a report certifying that the Map of Ocean View is in accordance with the provisions of the Charter governing the filing of maps and additions

The Secretary was directed to approve the same and transmit same to the Common Council for its approval.

Resolution 3263, directs the Board to put up the street signs recently purchased by the Council for that purpose.

The Superintendent of Streets was directed to comply with the terms of said ordinance.

Ordinance #2834, in effect May 9th. 1907, provides for the maintenance of lights (low arm) at the intersections of 2nd. and Pennsylvania Avenue and at India and Beach Streets

The Secretary was directed to notify the San Diego Consolidated Gas and Electric Company to comply therewith.

The Water Department refers claim against Olaf Nelson for damage to the water main on A street between 25th & 26th. streets, in the sum of \$16.00 for instructions.

The Secretary was directed to notify Mr. Nelson to pay the same to the water dept

The City Attorney files an opinion relative to the claim for damages against the City of W.B. Hage for injuries to horse caused by running into a ditch that had settled by reason of a storm the night previous. The opinion sites that the City is not liable for damages caused to said horse.

The Secretary was directed to notify Mr. Hage accordingly.

Resolution #3281 provides for the purchase of \$50.00 worth of postage stamps for the use of the various departments of the City Government.

The Secretary was directed to make the said purchase.

Resolution #3264 provides for the removal of trees on Logan Avenue.

Filed. Map of Logan Avenue was this day filed and the same was referred to the City Engineer for investigation and report.

The City Engineer filed a map of proposed curves that are desired to be made in the San Diego Los Angeles and Beach R.R. at La Jolla near the intersection of Lincoln and Connecticut Streets. As any change in the alignment of said R.R. lays entirely with the Council and the Mayor of the City the same was referred to the Common Council for its investigation.

The Water Department files a communication relative to putting the Grant Hotel and the Union Building on the high service connecting the 3rd. street water main at A St with the high service thereby giving these houses a good water service at a nominal cost and not carrying out the order of the board of the 18th. of April to put in a 4" main on 3rd Street a a cost of \$300.00.

The Water Department was directed to place a water main on 14th. street between D & E Streets at a cost of not to exceed \$120.00 as per petition of J.C.Frisbæe et als. and the recommendation of the water department.

The Water Department filed a communication relative to the petition of the Fletcher-Salmons Investment Co. for a Water Main on B Street from 30th. to Ida Street etc. Stating that at the present time there ^{are} ~~is~~ no houses on these streets, but they have been graded, and I am informed there are four dwellings to be erected in the immediate future. Estimated cost \$150.00. Filed for the present,

Petition from the India Street property for better water service on India Street from the bridge north. The Water Department report that there is a Water Main provided for in this district by the Bond Issue.

Petition of James McCracken for a 2" main from 30th. & Polk north 300 to Ohio Street.

Referred to the Water Department for investigation and report.

Petition of Sarah M. Utt et als. for extension of water main from 6th. & Ivy to 6th. & Brookes Streets .

Referred to the Water Department for investigation and report.

Petitions for work were filed as follows;-

For Superintendent for Water Department,	Charles Stoltz.
For book-keeper " " "	C.S. Russell, Jr.
For Sewer Inspector, " Sewer Department,	J.B. Hopkins.
For Inspector of Public Work,	W H. Duree.
For Teamster, Street Department,	S.C. Jacobs.

All communications were filed.

In accordance with an advertisement calling for bids to be received at the office of the board at 8 o'clock p.m. on Monday the 13th. day of May. 1907, for the engraving or lithographing of the Municipal bonds for public improvements recently voted, the following bids were received.

Loring & Company,	Cert. Ck.	\$100.00,	Bid \$1989.50
Los Angeles Trust Company.	" "	\$100.00	" \$1500.00

Upon Motion being duly seconded the contract for engraving the bonds was awarded to the Los Angeles Trust Company at their bid of \$1500.00.

Commissioners Jorres Neeley and Schaniel voting Aye.

Adjourned.

Attest;-

J. H. Dixon
Secretary.

P. F. Schaniel

President.

San Diego, California, May 16th. 1907.

Thursday May 16th. 1907, 10 a.m.

Regular Meeting;-

Present Commissioners Neely, Jorres and Graham;-

The Secretary called the meeting together and upon motion being duly seconded Mr. M. A. Graham was duly elected as President of the Board for the ensuing term, and immediately took his seat.

It was moved and seconded that Mr. Frank H. Dixon be Secretary of the Board. There being no other nominations the same was closed and Mr. Dixon was elected by a unanimous vote of the Board.

Ordinance #2868 provides \$300.00 for the purchase of an adding machine for the use of the Water Department. The Water Department was authorized to purchase the same in accordance with the terms of said ordinance.

The City Engineer files a communication approving the map of Logan Avenue Addition. Upon motion the Secretary was directed to approve the same and transmit it to the Honorable Common Council for its consideration and approval.

The Stanley Contracting Company have on hand 9 pieces of 6" C.I. Water Pipe 4 pieces of 8" C.I. Pipe, 2 pieces of 10" C.I. Pipe that they will sell for \$46.00 per ton Cast Iron pipe now being quoted at \$48.00 per ton.

It was recommended to the Common Council that the same be purchased at said price.

As ordinance #2723 provides for the payment of only \$1.00 per month for the hauling of garbage from the City Hall and as the former administration has allowed the claims for \$2.00 per month for the hauling the same and as it requires two men twice per week to take care of the same the garbage men refuse to take the same away for the sum of \$1.00 per month. The secretary was directed to recommend the Common Council to amend the ordinance by inserting \$2.00 instead of 1.00 in said ordinance, also to add the urgency clause in the said ordinance.

Petition from property owners for a sewer line to be run in Alley in Block #29 H.M. Higgins Addition.

Referred to the Superintendent of Sewers for investigation and report.

The Water Department reports on the petition of Sarah M. Utt for a sewer in 6th. Street between Ivy and Brookes Streets, stating that the same is provided for in the bond issue. The Secretary was directed to address a communication to Mrs. Utt stating the foregoing.

The Superintendent of the Water Department and the Superintendent of the Street Department was directed to furnish this board with an inventory of the belongings of the City in their care, at the meeting of Monday evening the 20th. inst.

L.C. Hoffman and Sol C. Jacobs file applications for work on the streets.

Filed.

The Sanitary Dust Removing Company agree to renovate the 2nd, 3rd, and 4th floors of the City Hall and also the walls and ceilings of the Mayor's office for the sum of \$35.00. The Janitor was directed to ascertain what rooms were in need of cleaning

and report to this board.

Adjourned.

Attest;-

F. H. Dixon

San Diego, California, May 20th, 1907.

Monday Evening 7.30 p.m.

Regular Meeting;-

Present Commissioners Neeley, Jorres & Graham.

Minutes of the previous meeting were read and approved.

Ordinance #2869, from the Common Council appropriates \$930.00 for the purchase of Fire Hydrants for the use of the Water Department.

The Superintendent of the Water Department was directed to purchase the same subject to the approval of the Board of Public Works,

Ordinance #2871 from the Common Council appropriates \$1400.00 for the purchase of two teams of horses for the use of the Fire Department.

The Board of Fire Commissioners were authorized to make the purchase of said horses subject to the approval of this board.

The Secretary was directed to address a communication to the Common Council relative to the placing all laterals, sewer, gas, electric light, water etc. in all streets intended to be paved before the work of paving is commenced, in order to save expense in the future and preserve the appearance of the streets.

The Superintendent of streets was directed to confer with the Southern Construction Company and ascertain what is to be done in the way of providing a suitable temporary roadway for the convenience of the public that travel over El Cajon Avenue and Georgia streets as these streets are being graded at the present time.

The Superintendent of Streets was directed to investigate the water hole reported to be located at or near Adams and Florida streets.

The City Attorney files an opinion relative to the replacing of Sewer laterals that have been removed from the B Street Re-enforced Concrete Conduit by the Stanley Contracting Company and cites that in his opinion the said Stanley Contracting Company should replace the said laterals in good working order at the expense of said Company.

The Water Department was authorized and directed to place a Water Main on B Street & Ida Street in accordance with the petition of Fletcher Salmond Improvement Company and with the recommendation of the Water Department provided the cost for labor does not exceed \$150.00, at the earliest possible convenience.

Mr. R. J. Goodbody, in behalf of the Southern Construction Company proposes to dig all necessary trenches along Adams Avenue to Valle Vista Terrace and lay a 4" ^{Screen} Cast Iron Water ~~Main~~ ^{pipe} and upon the completion of the same to back-fill said trench and present said pipe line to the City; all the said Company asks is that the City furnish a pipe man to make the necessary taps and connections and see that the line is properly laid.

The Secretary was directed to address a communication to Mr. Goodbody embodying the said proposition and ask Mr. Goodbody to sign the same if it is correctly understood.

S. T. Goldwaite filed a communication as Inspector for the laying of the Sewer line in 1st, 2nd, 3rd, & 4th. Streets between Palm and Walnut Streets calling the attention to some work that is defective and that he will not pass and asking the Board to examine the same and that he would like to be present ~~with~~ the time of said inspection.

Filed.

San Diego, California, May 28th. 1907.

Tuesday 7.p.m.

Adjourned Meeting;-

Present Commissioners Neely, Jorres & Graham.

The reading of the minutes were dispensed with.

The meeting was for the purpose of discussing the acceptance of the 30th. Street Water Main, ^{and other business} as constructed by the Stanley Contracting Company, Messrs. Goldcham, Woods & Mahler from the Common Council being present; after considerable discussion it was decided to investigate some of the wooden pipe that was taken out and had to be replaced by Cast Iron Pipe and see if in their opinion the said wooden pipe complied with the specifications and they would then be better able to arrive at a discision by their next regular meeting.

The matter was therefore taken under consideration until Friday the 31st. inst.

The plans and specifications for the sewer system in Hillcrest were read and approved and ordered transmitted to the Honorable Common Council for their consideration.

Adjourned.

Minutes of the last meeting were read and approved.

The Common Council referred to this office on June 3rd. a resolution signed by F.J. Goldcamp endorsing Joseph S. Bachman, and requesting his retention in the position of Superintendent of Sewers of the City of San Diego, California.

Filed.

Resolution #3357 from the Common Council authorizing the Hillcrest Company to construct a Sewer System in Hillcrest Addition at their own expense and in accordance with plans and specifications to be furnished by the Board of Public Works, and under the supervision of said Board.

The City Engineer was directed to set stakes for the construction of said Sewer Line.

The Superintendent of Sewers filed a certificate certifying that Chas. Julian is entitled to a payment of 75% of the amount of the work finished under his contract for the construction of sewer laterals in 5th Street between A Street and University Avenue, said amount being \$1530.00. Upon motion the said amount was orderd paid.

The Secretary was directed to address a communication to the San Diego Electric Company asking for permission to place Street signs on the trolly poles designating the names of the streets.

Recommend to the Common Council that this board be authorized to purchase a draughting table for the use of the City Engineers Department of the City provided the cost does not exceed \$35.00.

The Superintendent of Streets was directed to investigate and report to this board what will be necessary to protect the Harrison Street Bridge and if dirt may be taken from 24th. street for the said purpose.

The Superintendent of Streets was directed to investigate the blasting in Albatross Street, complaint having been made that the blasting is too heavy and is doing damage to property in the immediate vacinity.

Recommend to the Common Council that an extension of 60 days time from and afetr June 8th, 1907, be granted to Chas. Julian within which to complete his contract for the construction of the 5th. street laterals.

The following claims were read and approved.

San Diego, California, June 10th. 1907.

Monday 7.30 p.m.

Regular Meeting;-

Present Commissioners Neeley, Jorres and Graham.

Minutes of the previous meeting were read and approved.

Petition was received from property owners for a water main to be constructed in University Avenue and Center Street a distance of about 200 feet.

Referred to the Superintendent of the Water Department for investigation and report.

The Water Department petition for authority to purchase a heavy set of single harness for the use of the department .

The Superintendent of the Department was authorized to make said purchase provided the cost of the same does not exceed \$28.00.

The Superintendent of the Water Department petitions for \$405.00 extra in order to carry out ordinance #2882, to lay the 12" main in Arctic Street between Nutmeg & Spruce Streets, and recommends the laying of a temporary line around said work until the grading of said street is completed, all to come within the estimate as recommended.

The Committee from the Common Council desire to know why the 4" water main in Logan Avenue between 30th. & 31st Streets has not been laid.

Referred to the Water Department for investigation and report.

The Water Department replies in relation to the communication of the Common Councils to the laying of a water main in Grand Avenue; and states that said street is found to be supplied with water lines all right and suggests that Grant Avenue may have been intended instead of Grand Avenue. The work on Grant Avenue having already been executed.

The Secretary was directed to so notify the Common Council.

Ordinance #2918 directs the laying of a 4" water main across San Diego River a distance of 1200 feet, provided the cost does not exceed \$750.00.

The Superintendent of the Water Department recommends that a ten inch main be laid, said main to remain until such time as the water subsides sufficiently to allow the placing of a permanent 4" main as provided for in said ordinance.

The Superintendent was directed to lay said main in accordance with his recommendation.

Ordinance #2920 provides for the moving of Electric Lights from 4th. & Quince to 3rd. and Quince streets.

Secretary was directed to notify the San Diego Con. Gas and Electric Co. to comply with the terms of said ordinance.

The City Engineer files a communication approving Map of Ocean Beach Extension #2, being a subdivision of Lot 2, P/L 204, San Diego, California.

Said map was ordered approved and transmitted to the Honorable Common Council for its consideration.

Upon motion it was decided to direct the City Engineer to investigate and report as to the requirements of the Cemetary Bridge. This request should be deemed as urgent,

Map of Lomas Alta No. 1. being a sub-division of a portion of P/L 206, San Diego. was this day referred to the City Engineer for investigation and report.

Upon motion the City Engineer was directed to investigate and report the requirements of the Harrison Bridge.

The Superintendent of Streets was directed to fix temporarily the Cemetary Bridge

Communication from property owner that a mudhole exists in tenth street between B & C S^Ts. Caused by the Fire Company washing off their Engines.

Referred to the Street Department for investigation and to ascertain a remedy therefor and report to this board.

Ordinance #2919 provides for the Southern Construction Company to build approaches to Howard and El Cajon Avenues etc., and provides for the expenditure of \$200.00 therefor.

The Secretary was directed to notify the said Company to enter into a contract with the City to do said work.

The Superintendent of Sewers calls attention to Sec. 23 of the specifications for the construction of sewer laterals in fifth street between A and University Avenues and recommends that no blasting along the line of said sewers be allowed also that the Contractor broke into a pipe and when attention was called to the fact replaced the pipe and made connection with the sewer at the Y as he should have done at first.

Said communication was filed.

The following applications were received and ordered filed;- Viz;P

N.J.Stark, for Sewer Flusher and N.J.McGue as Cement Inspector, Herman Marks for Clerk in the Water Department.

The Superintendent of the Water Department reports that the Bartlett Estate Company are putting in too heavy blasts along the line of 30th street and that they are damaging the 30th. street water main.

Upon Motion being duly seconded the following resolution was adopted;-

Whereas, the Bartlett Estate Company and John E.Clouse have been blasting in 30th. street and have damaged the 30th. street water main, and

Whereas this board have notified the said Bartlett Estate Company and John E.Clouse to be more careful in blasting in 30th street and not to do such heavy blasting, therefore,

Be It Resolved, By the Board of Public Works of the City of San Diego as follows;-

That the Bartlett Estate Company and John E.Clouse are hereby notified that they will be held responsible for any damages already done or that may be done to City Property in blasting in 30th Street.

The Secretary was directed to notify the said parties in accordance with the said resolution.

Minutes were read and approved.

City Attorney renders an opinion that if the necessary ordinance is adopted by the Common Council that the Board may sell personal property at private sale,

Recommend the Common Council that they authorize the sale of Gasoline Engines at private sale.

The Superintendent of Sewers Bachman was requested to send in his resignation by Mondays Meeting of the Board.

The Secretary was directed to ascertain from the City Attorney if the lumber in the Ivy Street foot bridge is the property of the City or does it belong to the Street Contractor who is grading said Ivy Street.

The Superintendent of the Water Department was notified that hereafter all water pipe lines laid in new additions by private parties of corporations will be for the minimum 2" and shall be adequate for the needs of the locality.

Recommend to the Common Council that a uniform rate be charged for taps in the water service and that a rate of \$10.00 be charged for a tap (3/4") and \$12.00 be charged for an 1" tap, all of said taps to be in ungraded streets.

The Water Department report that it does not know the reason why the pipe line was not laid in Logan Avenue after the pipe arrived.

The Water Department was directed to a 4" water main in Logan Avenue between 30th. & 31st. streets as soon as possible.

Communications to the City Engineer referring Maps of Bird Rock Addition and Map of Alta Roma for investigation and report

To the City Engineer referring matter of a hole of water at M and between 21st. & 22nd Streets to ascertain what may be done to relieve the matter.

To the Superintendent of Streets to accompany the City Engineer to M and 22nd Streets to see what may be done to relieve the water from said location.

The Superintendent of Streets was directed to confer with the San Diego Electric R.R. Company and ascertain what is the best method of placing the Street signs on the trolley poles.

Communication to the Fire Commissioners to notify them that a protest has been filed against the maintenance of a nuisance of water at 10th. and C Streets.

Notify the Bartlett Estate Company to pave the streets along the line of their franchise between 8th. & C Streets as soon as possible.

Ordinance #2927 appropriates an additional sum of \$1200.00 for the construction of the Penasquitas Bridge.

The Secretary was directed to advertise for the construction of the same as soon as the necessary plans and specifications are furnished by the Engineering Department.

Ordinance # 2922 provides for the employment of an Assistant Engineer in the Water Department at a salary of \$2.50 per day.

Referred to the Water Department with authority to employ said extra man.

The Water Department recommend that the petition for a water main in Center street between University Avenue and 200 feet south on said avenue be granted. The cost of

the same is estimated to be \$60.00.

The Water Department was directed to construct said line.

The following applications were read and ordered filed.

R.L.Smith, for position in the office of the Board of Public Works.

Edward E.Meale for Clerical position.

W.H.Hill for position in the Street Department.

C.V.Smith " " " "

G.H.Wetmore Jr. " " Sewer "

John Falkenstein " Inspector of Water Mains.

Upon motion being duly seconded and by a unanimous Aye vote the following resolution was adopted;-Viz;-

Be It Resolved by the Board of Public Works of the City of San Diego,as follows;-

That it be and is hereby declared that the work of furnishing the labor and material for the construction and of constructing the Sewer line in 1st. 2nd. 3rd. between Palm & Walnut Streets and their appertaining structures,according to the contract therefor heretofore entered into between the City of San Diego,by and through this board of public Works and Olof Nelson on the 22nd day of December,1906,has been performed and completed and that said work be and it is hereby accepted.

The following claims were read and approved.

The minutes of the last session were read and approved.

Petition from F.M. Lund et als. for better water service at Cypress and Park Ave. Referred to the Superintendent of the Water Department for investigation and report.

Petition from B.L. Hinman for a Water Pipe line on India Street between Olive & Nutmeg Streets.

Referred to the Superintendent of the Water Department for investigation and report.

Petition from T.J. Weldon for a Water Pipe line in Columbia Street between B & C. Streets, The same being recommended by the Water Committee of the Common Council and referred to the City Attorney for ordinance and in turn referred to this department for an estimate of cost.

Referred to the Water Department for investigation and report.

Communication from the Water Department for permission to lay the side branches of the Fifth Street Water Main between Cedar and University Avenues, and place Fire Hydrants at Fifth and Fir and Ivy Streets. Total estimated cost will be \$235.65

This being an absolute necessity the Water Department was directed to at once install the same at the earliest possible moment.

The Superintendent of the Water Department was directed to turn the Meter located at the foot of H street around that the City might properly register the Water soon to be sold to the Coronado Beach Company.

The Water Department report having laid 2" mains in Winder Street between Arctic and Columbia Streets and in Lincoln Avenue between Centre and Park Boulevard. Filed.

George T. Rogers clerk in the Water Department filed his resignation to take effect at once.

Upon motion the same was accepted.

Upon motion Mr. Joseph Bachman was removed from the position of Superintendent of Sewers of the City of San Diego, California.

Commissioners Neely, Jorres and Graham voting AYE.

Upon motion the name of M. McImmis was placed for the position of Superintendent of Sewers of the City of San Diego, California. Mc Immis was elected to said position by a unanimous AYE vote of the Board. The Secretary was directed to notify him accordingly and ask him to furnish a bond in the sum of \$5,000.00 for the faithful performance of the duties of said office.

Communication from Superintendent of Sewers Bachman that Mr. C.H. Julian is putting in the sewer laterals in 5th street without inspection or any attention to the specifications

Referred to the incoming Superintendent of Sewers McImmis to inspect said work at once and see that the specifications are fully carried out.

Superintendent of Streets was directed to furnish 125 feet of 10" kalamien water pipe to the Southern Construction Company for street drains for the use of the City of San Diego, California.

John Dragsman files an application for general work. Filed.

The following claims were read and approved. 5323 Sewers \$200.00
5310 Office rejected. \$15.00.

WHEREAS, the Board of Public Works have examined the B street re-enforced concrete conduit, and

WHEREAS, the said Board have taken testimony as to the general construction of the same and

WHEREAS the said Board are satisfied that the work of the construction of said re-enforced concrete conduit has been done in accordance with the plans and specifications and to the satisfaction of the Board, therefore,

Be It Resolved by the Board of Public Works of the City of San Diego, as follows:-

That it be and is hereby declared that the contract heretofore entered into between the Stanley Contracting Company and the City of San Diego for the furnishing all material and labor (except the materials to be furnished by the said City of San Diego) necessary for the construction of the B street re-enforced concrete conduit, has been completed to the satisfaction of the said Board of Public Works and that the same be and is hereby accepted, and that the secretary of this Board be and he is hereby authorized and directed to issue to the said Stanley Contracting Company a certificate to that effect.

The foregoing resolution was adopted by the following vote:-

Commissioners Neely, Jorres and Graham voting AYE.

The Stanley Contracting Company file a bond in the sum of \$500. with J. Frank Over and T.H. Hackett as sureties to keep the backfilling and the B Street re-enforced concrete conduit in good order for one year from date.

The said bond was accepted and approved. Commissioners Neely, Jorres and Graham voting AYE.

San Diego, California. June 24th. 1907.

Monday 7.30 p.m.

Regular Meeting;-

Petition from the Secretary of the Board of Public Works of the City of San Diego, California, for an extra man in the office of said Board at a salary of \$75.00 per month

Said petition was recommended to the Common Council for adoption and the urgency clause was recommended to be inserted in the ordinance authorizing the same.

The Street department recommend that the position of General Foreman and Store-keeper be made at a salary of \$100.00 per month also the position of Head Carpenter and General utility man be created at a salary of \$75.00 per month also the position of General Outside Foreman at a salary of \$90.00 per month.

Said petition was recommended to the Common Council as follows;-

General Foreman and Store Keeper at \$85.00, Head Carpenter and General Utility man at \$75.00, and General Outside Foreman at \$90.00 per month each. Urgency clause inserted in the ordinance authorizing the same.

City Engineer files a communication approving Map of Sea Side, being a subdivision of Lot 5 of P/L 1783, San Diego, California.

Referred to the Common Council with the approval of the Board.

City Engineer files a communication approving the Map of Loma Alta No. 1

The Board held the same up for consideration.

Map of Broderick & West was returned not approved by the City Engineer.

The Secretary was directed to notify Messrs Broderick & West that the Map filed by them for approval of this Board was rejected for the reason the same does not comply with the ordinances governing the filing of maps and additions to the City of San Diego, Cal.

A communication was received from the Sewer Department stating that in the matter of the petition of property owners for a sewer line to be constructed in the Alley between M & N Streets and 26th. & 27th. Streets that the same is provided for in the bond issue.

The Superintendent of Sewers was directed to file an estimate for the construction of a sewer line to accommodate the property petitioned for.

Communication from the Sewer Department stating that it cost \$42.90 to place a drain from the Fire Engine House at 10th. street between B & C Streets.

The Sewer Department was directed to do said work as soon as possible.

A communication was received from Ed. Fletcher relative to the City having stored in its Oil cart some crude oil that belongs to him and asking that the same be placed on D street between 20th. & 22nd streets, after he has placed disintegrated granite.

Referred to the Superintendent of Streets to investigate where said oil is and how the same became stored, if stored, in the City's oil wagon.

Communication from the Water Department relative to the cost of a water main to be placed in Columbia Street between A & D Streets estimating the same to be \$135.10

Referred to the Common Council with a recommendation that the same be laid and that the urgency clause be inserted in the ordinance authorizing the laying of the same.

The City Attorney addresses a communication to the Board relative to the recommendation to the Common Council for a uniform charge for the laying of service pipes fixing the rate for all $\frac{3}{4}$ inch service pipes at \$10.00 and for all 1" service pipes at \$12.00

Said communication suggests that pipes in all streets be fixed at a uniform rate and that the Board to determine what rate shall be charged for pipes in unpaved and in paved streets, be charged.

Referred to the Superintendent of Water Department to furnish said estimate.

The City Attorney filed a communication in relation to the authority of the City making repairs to property on streets while the Contractor holds an assessment roll for work done under contract under the Vrooman Act.

The opinion reads in part as follows; "The City has the right to make any necessary repairs thereon (Streets) and that such repairs in no way affect the validity of the assessment roll."

Filed.

Paul Flores files a bond to do sidewalk in the City of San Diego, California, in the sum of \$200.00, V. Bruschi and Adolph Levi as sureties.

The same was upon motion approved.

Applications for work.

Paul Rayburn for assistant in the office of the Sewer Superintendent.

Isaac Slade for clerk. H.C. Reynolds for clerk.

All applications were ordered filed.

In the matter of repairing the Harrison Street Bridge it was decided to recommend to the Common Council on of the recommendations of the City Engineer to place a concrete culvert in the place of the wood structure. The cost for this will be about \$1350.00. To repair the wooden structure will require \$900.00.

The Secretary was directed to recommend to the Common Council that a concrete culvert be placed in Harrison street instead of repairing the wooden structure, provided the cost thereof does not exceed \$1350.00.

No further business the Board adjourned.

Regular Meeting;-

Present Commissioners Neely, Jorres & Graham.

The reading of the Minutes was dispensed with.

A communication was received from the Mayor in relation to the ordinance requiring Fire escapes on all buildings of three stories or over. Said communication directs the Board to enforce the said ordinance, and to call upon the Police Department for assistance in the said matter.

The Sewer Department files a certificate that Charles Julian is entitled to a payment for work in constructing the laterals in Fifth Street in accordance with the terms of his contract, of \$1820.85.

Filed.

The Superintendent of Sewers files a communication to the effect that there are several laterals in Fifth Street that are not in and that are not mentioned in the Contract

The Superintendent of Sewers was directed to have the same constructed provided they can be placed at the contract price for doing the balance of the work, *Mr. Charles Julian agreeing to do said work at same rate per lateral as balance of Contract.*

The Superintendent of Sewers files an estimate of cost for the construction of a Sewer line in Georgia Street and Polk Avenue to be \$345.58.

Filed.

The City Engineer files a communication to the effect that the grade of Hawthorn Street has been so established between 2nd & 3rd, Streets that when the grading is completed that the sewer main between these points which is now carried across the canyon on a trestle for a distance of 50 feet will be five feet above the finished grade; and that the 3rd. street main which forms a junction with Hawthorn street about 35 feet east of 2nd street will be about 7 feet out of the ground. The only remedy is to have the Hawthorn street sewer lowered from 1st. to 3rd. and have the 3rd. street main lowered enough to bring it to the proper grade. Estimated cost will be \$750.00.

The same was ordered recommended to the Honorable Common Council for their approval and that the urgency clause be inserted in the ordinance authorizing the work.

F.M. Gregg et als filed a petition for the construction of a water pipe line on University Avenue between 30th. & Oregon streets.

Filed.

The Water Department filed an estimate of cost for the construction of water pipe lines in the Alleys between Kearney, Logan and National, 20th. to 26th. & Grand and National, and National & Logan between 26th. & 31st. Streets, to be \$12,637.95.

The cost for service pipes Lead & Iron on Logan between 20th. & 26th. and on National between 26th. & 31st. streets will be as follows;

Iron pipe \$2,594.70 and for Lead pipe \$5,510.25.

Filed.

The Superintendent of the Water Department was directed to remove the water Pipe from the bed of the River at Mission Valley and place the same upon the bank out of the way from high water.

The Water Department reports the laying of 557 feet of water pipe in Polk and Ohio Streets.

Filed.

The City Engineer files a communication asking to be relieved from the work of attending to the automatic ejector located at the head of Fifth Street, as the same rightfully belongs to the Sewer Department.

The Superintendent of the Water Department was directed to take charge of the same and have the Chief Engineer of the Water Department look after the same.

The City Engineer reports that the 74 lengths of sewer pipe loaned to Schirm has been returned and the same received by the City Engineer.

Ordinance #2916 authorizes the placing of an electric light at the intersection of E & Front Streets. The secretary was directed to notify the San Diego Con. Gas & Elec. Company to place the same in accordance with the provisions of said ordinance.

The Secretary was directed to recommend to the Common Council that an ordinance be adopted authorizing the Street Department to have a Hose Wagon constructed at the City Blacksmith Shop in accordance with the plans of the Fire Department and the estimate furnished to this Board. ~~Viz: \$850.00~~ ~~See~~ files a certificate

The City Engineer files a certificate certifying that the Stanley Contracting Company is entitled to a payment of \$6870.75, the same being the balance of the contract for the construction of the 30th. Street water main.

Streets to connect the dead ends of mains on 3rd. and Grape and 2nd. & Grape streets; also to supply 2nd. & 3rd. Sts.; also to place Fire Hydrants at S.E. Cor. 2nd & Ash Sts, 3rd. & Beach, 2nd. & Date, 3rd. & Elm and 3rd. & Grape Sts. The estimated cost for the same will be \$320.80.

The Water Department was authorized to do said work and to make two separate jobs of the work.

The Water Department recommend the placing of Side Branches on the Streets that are contemplated to be paved. (Sixteenth, Logan and National Avenues.) Estimated cost for doing said work will be \$266.00.

Recommend the same to the Honorable Common Council.

The Water Department filed an estimate for the construction of a 4" Water Main on Georgia Street between El Cajon and University Avenue also on Georgia between Madison and El Cajon Avenues and a Fire Hydrant at the corner of Polk and Georgia, of \$4114.48.

The communication was filed on account of funds.

Communication from the Sewer Committee of the Common Council referring back to this Board the recommendation to lower the main sewer line at Third and Hawthorn Streets was read and the same was ordered re-referred to the Common Council stating that the Sewer Committee did not understand the facts in the matter.

Hawthorn Street is now being graded under contract by M.D. Goodbody and the City's main sewer crosses this street as well as run along said street, that portion of the sewer that runs across a block in this neighborhood runs on a R/W which has been deeded to the City. All laterals have been connected up by the property owners. They have done their portion and it is up to the City to care for its sewer lines. The grade as established leaves the main sewer in these streets from Five to Seven feet in the air when the street will have been completed to its official grade. We cannot see what the contractor or the property owner has to do with the main sewer line."

The Superintendent of Sewers estimates that the cost for the purchase of a Horse Wagon and Harness for the use of the Sewer Department will be \$300.00.

The Superintendent of Sewers was authorized and directed to make the said purchase, purchasing each separately.

The City Engineer files a certificate that the Stanley Contracting Company are entitled to \$17545.25, this amount being the balance of their contract which became due and payable on the 18th. day of July, 1907.

Filed.

The Secretary was directed to address a communication to Henry Fenton directing him to forthwith replace the guard rail that was torn from the grade between the Old Brick yard and Gilberts ranch by a header wagon owned by said Fenton.

J.M. Cavanaugh files an application for position as teamster in the Street Dept. and Elmer E. Gordon files an application for the position of Inspector on street work.

Filed.

The following claims were read and approved. Viz; -

The Stanley Contracting Company balance of contract B Street Conduit		\$17545.25
Claim #5519	Street	\$16.30

" " 36"	80¢	" " "	"	"	"
" " 42"	95¢	" " "	"	"	"

Total \$228.70

Upon motion the following Resolution was adopted and ordered transmitted to the Common Council for its consideration, recommending that an Ordinance carrying into effect the provisions of said Resolution; The Resolution is as follows; To-wit:

"Whereas, under proceedings taken by the Common Council of the City of San Diego, California, a contract was entered into on the 3rd day of July, 1907, by J. C. Brockway, as Superintendent of Streets of the City of San Diego, and the Barber Asphalt Paving Co., for the paving of Fifth Street in the said City of San Diego, from the south line of "A" street to the south line of University Avenue, including the construction of three culverts thereon pursuant to the specifications, plans and drawings therefor described and mentioned in said contract; and,

Whereas, one of the said culverts has been partially completed by the said Barber Asphalt Paving Company near the north line of the intersection of Olive and Fifth streets, according to said specifications, plans and drawings therefor, and to the satisfaction ~~of~~ of the said Superintendent of Streets of the said City, the top of which has broken and given away by the traffic thereon, showing conclusively that the said specifications were not properly prepared in this: that the strength of the covers over said culverts was not sufficient to stand the weight of the traffic on said street and,

Whereas, new plans and specifications have been made by the City Engineer of said City for the tops of said culverts for the purpose of strengthening the same so that when said tops have been put on said culverts will be of sufficient strength to withstand the traffic on said street; now therefore,

Be It Resolved, By the Board of Public Works of the City of San Diego, as follows;

That the Barber Asphalt Paving Company be and is hereby respectfully requested and directed to remove and re-construct the top of said culvert so constructed near the north line of the intersection of Olive and Fifth streets, and also to construct the tops of the culverts near the north line of the intersection of Redwood and Fifth streets and Brookes Avenue and Fifth streets according to the amended specifications and plans therefor as prepared by the City Engineer of said City of San Diego, with the understanding that the cost of the additional material and labor which shall be put into the construction of said tops of said culverts shall not be paid for, or collected for by the said Barber Asphalt Paving Company, by an assessment on the property, but shall be paid for the said City of San Diego, provided the cost thereof to the City of San Diego, California, does not exceed \$228.50 and this Board recommends to the Common Council of said City that an ordinance be adopted for the payment thereof."

John G. Capron being present desired to have settled the place the drinking fountain which he donated to the City, is to be placed, he wishing the same to be stationed on the south side of "E" street between 4th. and 5th. streets.

The Supt. of Streets was directed to ascertain from the property owners their wishes as to the best place to locate the same and install said fountain in accordance with the provisions of Ordinance No. 3056.

The Supt. of Streets was directed to have the culvert at 3rd. and "H" streets fixed at once.

The time having arrived within which bids for the Los Penasquitas Creek Bridge are to be received, it was decided to open them: *The bid of Chas. Steffgen was accepted all other bids rejected.*

San Diego, Calif., Oct. 17, 1907.

Thursday 7.30 P.M.

Adjourned Meeting:

Present Commissioners Mahler, Jorres and Graham.

The Supt. of Streets was authorized to purchase 300 pounds of Bass for the street sweeping machine brooms.

It was moved and seconded that Mr. Fletcher be notified that the representatives of the South Coast Land Co. are ready to enter into a contract to construct the Los Penasquitos Bridge, and that Mr. Steffgen the lowest bidder for the construction of said bridge has on deposit a certified check for \$125.00, which amount he is being deprived of, and that said representatives are waiting for the deposit of \$3000.00 before closing the contract.

In the matter of the petition of Jas. McMullen for permission to place an oil tank in the street at the intersection of 3rd. and "D" streets, no action was taken after having waited two hours for the representative who was to definitely state the wishes of said petitioner. The consensus of opinion, however, of this Board is that it is unwise to permit the public streets to be used for private purposes.
