To whom it should concern, and is also authorized plus charged with the in depth review of the arguments presented in these original actions posed ~~to~~ to the supreme court of OHIO; I would like to remind you all that the sanctity and preservation of the American form in constitutionality of justice is at stake. The City of Cincinnati is very well known for its German Heritage and ancestry, a history which started around the advent and Entry into the First World War under Woodrow Wilson, then our united states president. As the Allies and clear that the ideologies of Nazi Germany were adopted and instilled in the American machine up until this particular year to date. In reviewing this packet and the circumstances that brought me to even having to file this original action; it would also stand to reason that the initial argument in my handwritten notice of Appeal ~~which~~ generated Appellate numbers C-220081 then sequentially C-220084, was not addressed in the appeals court's opinion and judgement entry. This realization, to any rationally thinking human being, should suggest a hint of foul play. That foul play is exactly what I intend to expose and exploit in these arguments as the reason for this original action and why the supreme court should be prepared to hear it.

The only one in any other cases and likewise in any case where the subjected being detained, has intimate familiarity with his or her detainment and sufferings under that detainment, is that particular subject. I was well aware of the overcrowded frequency of the jail housing officers not allowing time to shower and grooming myself under their custody. This was done in attempts to affect the opinion of the court clinic doctor that would be in charge with assessing me for a psychological evaluation while being housed in there facility. As I have been subjected to probate court through this process under Ralph Winkler, the clerk of courts made a mistake in moving forward to the probate process through common pleas as they forgot that I was never officially removed out of the custody or jurisdiction of the Municipal Court under Dwane Mallory. Mr. Mallory still had me to return for stipulative purposes as I was still the attorney for my case in Trial case No. 21CRB18033A-E. I waived counsel in open court under his administration and reserve the right to represent myself if the judge deemed so. I would like to have that Jurisdictional violation corrected by the supreme court which is the reason for this

~~the~~ Prohibition portion of this writ, I would like the TRIAL Court under MI2022000044 to hold the trial I so audaciously prepared for under their custody at Summit Behavioral Healthcare as I was completely manipulated by that court and defrauded by the appointment of Michael Mezher to be my court appointed attorney when I had already actively ~~dismissed~~ dismissed all his predecessors. This writ of Mandamus is to compel the Supreme court to force either the Appeals Court or the trial court to have the TRIAL Court + Under Ralph Winkler in Common Pleas Civil Jurisdiction to ~~refer~~ refer this case back to the trial court for the trial whenever had under MI2022000044 or move the entire Probate case out of Probate back to trial in Municipal Criminal so the true criminals which are those four ladies that lied on me in the first place can be brought to justice.

I have attached the original documents I had titled as my Notice of Appeal to the MI2022000044 case as I was unaware that they had already had an appeals court case Number associated with them. The document conforms to the Affidavit requirement of S. Ct. Prac. R. 1202. Institution of an Original Action B(2).

In closing, I would like the Supreme Court to Grant a list of reliefs I have prepared for this particular action as it is well warranted for the atrocities these courts circuits have put me, the same individual through.

1. I need the ~~state~~ and local law enforcement to not mistake or force the Driver's license when expired, to be the legal and contractual instrument when automating people during their routine stops or their legally mandated healthcare systems. I also would like under this to not Allow an officer to proceed with statutory law requirements when it is clear that the ~~arrested~~ arrested is not obligated ~~to~~ or compelled to perform in a certain manner when his license is expired and under law is not subjected to that jurisdiction.

2. I need the state and local law enforcement to create a means of accepting our nation's passports as a legal form of identification. What they have done on my cases on countless occasions was commit fraud where they were shown my passport which is current and up to date then go into their computer and associate it with a now 9 years expired driver's license. We the people need them to always used the most current license known to date as the contractual instrument if any. THIS IS ADDRESSED TO COURT OF APPEALS

3. We need the state to not automatically start charging the inmates medicaid account without formally letting him/her know during each step of the charging process.

4. I and the Nation of Islam will need the 900 TRILLION US. Notes not Federal Reserve Notes I have accumulated through the wrong doings of the Hamilton County Justice Center through the criminal incarceration for B2300067 and for the lawsuit/litigation for MI2021000612 as the Funds are needed to create a separate Nation - state within Nigeria for Biafrans and Black exiles alike. This is Addressed to the OTTO COURT OF CLAIMS.

5. The people would like freedom from court ordered or forced medications ~~especially~~ especially in the case where the Respondant is no harm to him or herself or others. Then the case when no act of violence has been initiated by the respondent, NO forced medicine should be issued. THIS IS ADDRESSED TO THE Common Pleas Probate Division

would like to Add that the Attachments labled Notice of Appeal for B2300067 and for MI2022000044 are sworn in By Me the Affiant Ndubuisi Ezech on March 29th 2023 by Deputy Karen Price so all the statements made in those are TRUE to the Best of my Ability. The Rest of

the Documents in the collection were notarized By Candace  
Pride of the Summit Behavioral Healthcare staff on May 3rd  
2023 in front of various individuals and I just offer it  
up as evidence. Please Include all Documents Passed this  
Page as Attachments/Affidavits to support this original  
action.

(the Aggrieved Defendant)

\* For the sake of this civil suit, I have been forced by the Hamilton County Sheriff's Dept to hand write each copy of Everything I am writing as they are literally trying to obstruct the Justice Due to me through the courts and the statute of limitations that runs out for my case in Civil Probate Infront of Ralph Winkler for I believe MI2021000612 as Attorney Perry Ancona was used to argue my own points I already brought up to Winkler in my hand written motions. Upon review of that hearing I believe was around April 28, 2021, Ralph Winkler tells my attorney not to argue my points, as if he is allowed to direct my hired counsel!

**INVOKE CRIMINAL RULE 22 HEARING RECORDING**

As the Hamilton County Justice Center is the party bringing these charges and allegations of drug possession, the video and audio of the defendant's whereabouts inside the Justice Center and his entire stay, especially the events that lead to him being restrained upon intake, drag off the intake floor in restraint chair to psych where he is forced to urinate on himself as he was told he could not dress out for court appearance on March 6th 2023 because they had unlawfully discarded his cloths due to their forced biological waste contamination in the restraint chair. Very expensive British line called Brooks Bros. All of these documents are therefore material evidence available along with the defendant's social services requests, grievances, Pub Def. Request plus dates associated with them including their responses and officers name and badge numbers responding. As the defendant is entitled to every possible consideration available, that is favorable in his defense. The defendant, as mentioned on the 6th of March in open court, inquired toward his forced attorney, Richard Feil III if he had subpoenaed the evidence listed above. I requested this from him on multiple occasions, both manually in his courtroom and vocally on phone conversations dating back since around the time of my indictment. Included in these requests was notes taken for detainee Ezech by all the social works and docs on N21.

The defendant moves this court to advance the hearing to 3/17/23 and set aside the fictitious and fraudulent report generated by the counselors that clearly presented with malicious motives to ENDANGER or HARM the aggrieved defendant. The defense moves the court to call upon the testimony of the only doctor from court clinic whom attempted to evaluate the defendant on February 13th of 2023 in the presence of a Pacific Islander Deputy named Dalid. The defense also motions to reverse the decision of a finding of incompetent to stand trial as Tom Bauer, Director of the Hamilton County pre-trial services, can not legitimately produce an affidavit to subject the defendant to hospitalization to be restored to competency as an evaluation was never done by Heather Felersteri. The defendant moves to vacate this nonsense EVALUATION, request a Bond Reduction to his own Recognizance and proceed to a jury trial with no further delay!!

Please inspect the recording for hearing held in Judge Mallot's chambers on 1/11/22 for 21CRB18037A-E

As a reminder, this case begun Friday 12/24/22 when a mentee of the defendant wanted to clear his name and record. He was arrested on 12/28/22 with the defendant's property for MOCI Co. and ANVA Freeman is at fault for this fraudulent case.

**THIS CIVIL SUIT WILL BE DEALING WITH JUST THE CASE 20CRB24569A/B TO MI2021000612 FOR \$10 TRILLION\***

TYRELL LOMAX - Felony Probation Violations, in h.3 Custody were INISSAN Altima key and 1 VW PASSAT KEY Belonging to MOCI SUPPLY CO.

The case is very important as Americans must investigate and address the underlying root cause to our societal problems with drug addiction. In my case, a forty year old felony free non-drug addict; it appears the courts and UC Health has a sinister intent to force the later to be the reverse. Upon careful inspection of the proceedings held March 6th 2023, if your honor would cautiously observe the behaviors of the two counselors standing beside the defendant whose life and liberty was at stake; both gentlemen plotted their next conspired act against a man whom unbeknownst to them is a well to do father of three beautiful children ages 9, 8, and 6. Your honor posed the most important inquiry of this proceeding as you ask why might these gentlemen not want to pursue a hearing in the

PROBATE DIVISION of this Common Pleas Jurisdiction. Well the problem with my FRAUDULENT attorney's reply is that the CIVIL PROBATE DIVISION of this court has criminally violated my rights and

**INVOKE RULE 41 ON DISCOVERY INSPECTION PLEASE LAND OF FREE MEN NOT MANNY!**

health as they have unlawfully held me against my will by malicious abuses of processes which the municipal court clerks and Public Defender's office, court clinic which is a subsidiary of UC Health under its non-profit, 301C central clinic Brand. The fact is your honor, this charge is actually involving an entire criminal racket of organizations including our own Hamilton County Sheriff's Department whom through the advent of the Regional Narcotics Unit also known as "RENU", a state instituted Vice squad against Felonious Drug Trafficking, might be the county's number one contributor to the influx of drugs available on every floor ~~and~~ and crevasis of this jail. A complete lack of justice as the individuals enforcing the laws, treat innocent people like me horrendously worst than the criminals that brag about death and mayhem. In ~~one~~ one instance, through the aid of social services notes, I was moved to 521-C-18 where inmates acknowledged that a deputy patrolling the POD, D. Turner did not care nor mind the crack smoking going on in the cell next to mine; nor the inhalation of a synthetic drug called "Tune" which is just Bug pesticides on a sheet of paper. This and many other drugs such as Fentanyl are found on every floor and cycled through the building by porters. This is a conspiracy on a grand scale. Down on N21-psych, drugs like the Anti-psychotic seragril is the number one prescribed choice for sleeping medication and from the research I have done for my brother in 2012 on Anti-psychotic meds, if you are not psychotic or mentally ill, anti-psychotic medicine will induce the psychosis it intends to inhibit. As a very well educated, high level physicist and mathematician, I have deduced that these institutions have created the very high increases of erratic behavior in our society and similar rising numbers of America's mental illness epidemic, hovering around 30% which by standard deviations are largely skewed to suggest that the root cause is the court system's forced medication and the jail systems dual use, as encouraged by Big-Pharma; to use these dangerous drugs for their apparent side-effects in the aid of sleep as they typically cause nausea. Inmates use them to make drunken concoctions, yes your honor, the true criminals are these institutions and the counselors Mark Tierny of the Hamilton County Prosecutors office and the forced Attorney Richard Feil III, from the Public Defender's office. It was told to both Feil and John Kennedy, the supervisor of the felony portion of that office, that inmate Ndubuisi Ezen, upon social services request forms on the kiosks for Public Defenders and speaking to them both that I wished to exercise my right to due process and employ my own attorney first done January 4th 2023. They held me against my will and I told everyone stationed on the floor, for all my arraignments ~~and~~ scheduled, that I wanted to attend and have my own chosen representative. Even Richard Feil asked me on 1/10/23, why I was waiving arraignments and I told him, someone is purposely and fraudulantly doing it because I never left the floor. Upon review of the records, luckily by an Abbott I.T. Deputy P. Rose, he noticed that 1/2/23 said I was present. I simply gathered that upon realizing, after I told Richard Feil 3 or 4 weeks into him falsely representing me, out of sheer fright of misconduct or potential disbarment, he criminally with the aid of some corrupt clerks, adjusted the records to show that I was present on 1/2/23, but even the court officer deputy J. Oliver will confirm along with court clinic Rep. Ciarra, whom works in the building, that it was false. Defendant invokes all of the professional conduct clauses of OHIO that apply to both Attorneys and court clerks and moves this court and your honor to include CRIMINAL RULE 43 and 22 as it pertains to transcripts and recordings of proceedings conducted on March 6th 2023. The Attorney Richard Feil III was given two 2

Hamilton County sheriffs Deputies, D. Petri and D. Click, a former Deputy, Now Working For Butler County, a reason for my conflicting interest with court clinic. These Deputies will swear on oath that two fabricated Evaluations from a doctor whom no longer works for court clinic nor is affiliated with them, forced the Defendant through a rigorous schedule of forced medications in which he tried to argue with probate court. Under Adalada Fernandez, I was abused and tormented. I had used a very expensive Attorney by the name of Perry Ancona to accompany me in arguing my own points in court against Ralph Winkler; As racism prohibited him from acknowledging my intellect. We won in trial ~~MI2021000612~~ for MI2021000612 in May, Judgement For the Respondant as Winkler probably guided Ancona, his buddy to use the transcripts review argument to prove Dr. K Hallly was not sworn in; But I was Reminded Ancona of that in our conference together. They were all my direct arguments. The Defendant also through his competent, unmedicated wit, was able to out smart the Forced Defense attorney, Ransom Hudson and Cincinnati Prosecutors in the 21CRB12033A-E case Heard in front of the great Duane Mallory whom will confirm; that same court, under Ralph Winkler unlawfully detained me at summit in order to inhibit me from attending his criminal hearing held on the 4<sup>th</sup> of January 2022 as the Defendant. Upon waiving counsel in open court (CRIM R. 44C), I signed a document for such a waiver. Mallory immediately granted me the assistance of the same counsel or ~~as~~ ~~Assistant Counsel~~ leaving Ndubuisi Ezech to be his own primary counselor. The same abuse of process has landed Mr. Ezech in the clutches of criminal Kidnapping by that hospital Summit Behavioral Healthcare in Probate case MI2022000012 which dropped off from me outwitting them again. Then comes more fraud, as if that wasn't enough they continue the case under another racist doctor, Vanessa Doyle in MI2022000044. Might I remind your Honor that the person whom is submitting this Appeal and all the Hand written documents of Arguments and motions, is presenting this from previous and self taught etiquets of law and procedures, in a closed cell on commissary sheets, from frequenting libraries for Law around the city and a sound background in Math with Logic and proofs At The OHIO State University; The basis of sound argument as it deals with logic and existensialism, I have Invoked CRIM R. 44A as I am pretty well off and could afford my own counsel, IOB, IO2(3), 5A(1)(2) as they pertain to presence of the Defendant as it is required unless a signature of waiver implying that some party has consistently through the years, forged my signature and I would like to know whom. The simple fact that a person of this compositional Vanaclicar cannot possibly be incompetent to stand trial as I am and have always been unmedicated. Forcing medications to a rationally, well grounded subject only implies that whom ever is doing so's intent is heinously prejudiced and as I am a Blackman, I have watched with my own eyes that it is racism and hatred that drives medical professionals and prosecutorial staff, clerks of courts whom possess the power to control the procedures internally like doctors Vanessa Doyle, Gerard Warren, Gale Hellman, the entire secretarial staff of the Probate office. Dr. Hellman of court clinic, is another fabricator of evaluations that sent me to summit for my first two stints. The first occurred 3

Incident Datetime: 03/10/23 17:00 Incident Location: CJC - N21

On March 10, 2023, I, Deputy Adams, was assigned as the control room officer on G-21. Inmate Ezeh, Ndubuisi (1760639) was on his hour out in A pod. Ezeh was seen jumping from table to table in the pod, and swinging the a mop around as if it were some kind of weapon. Ezeh has made numerous threats toward myself and many other Deputies that work this unit. Ezeh has referred to himself many times as "Shadow King," and stated that he is a vigilante trained in some sort of combat. Near the end of his hour out Ezeh removed his shirt and began doing his ninja moves aggressively while staring directly at me in the control booth. It was at this time that my partner noticed a substance spread across the floor in the middle of A Pod. Ezeh had broken open one of the large "socks" used to block the bottom of the doors and spread the material inside around the pod floor. I immediately notified G-90 of the situation and Lt. Buchanan responded to G-21. Ezeh was placed in his cell without further incident. Both Recordings and A-POD recordings Witnesses D. Merrill → printouts

after a thorough Evaluation by Dr. Sherry Baker whom before my knowledge of law process, felt I should represent myself in 12CRB8361A/B and again under Judge Grant in 16CRB27975 A/B. This system of Forcing Human Beings chemicals that may cause them to commit suicide could be considered criminal attempted homicide and if they succeed, just plain homicide. Constitutionally, The United States's 4th and 6th Amendments are violated, and U.S.C. section 1030 dealing with fraud related activity in connections with computers need to be investigated as some individuals in the Sheriff's Department or the Clerk office such as Captain Wilson and Captain Sampson, have been observed by the defendant as tampering with records. I am an IT expert. An over all trial should be held with a jury of my peers to determine whom the criminals are and if we should continue without minority Biased Penal Justice System. Thanks for your consideration your Honor!

\*AN IMPORTANT Note to Remember is the invocation of CRIM. R. 22 dealing with Recordings of proceedings where it is a fact that a good Judges Name has appeared to be ~~intentionally~~ intentionally smeared by Racist Abuse of Processes going on in the Clerk of Courts through out the years. In analyzing Mallory's 14 week cycle through his required presence in court Room A of the JC, Judge Mallory, whom I have to say is a tremendous judge of character, has never allowed the foolish ruling of incompetent to stand trial scum prosecutors in the Building have intentionally exploited on Defendant, NduBuisi Ezech. He Always waived the Decision till the following day when the old Racist Magistrate, Deborah Cassey, whom on one occasion; in an attempt to keep me stuck in jail while competency is challenged, made an M4 max fine of \$1,000. a \$5,000 straight Bond. At 5 times the Amount of lawfull fine, this shows an intentional excess in Buil. She would will fully find me incompetent, never even caring about constitutional law and Due Process of the law, or Presence of Defendant as Rules 43, 10, and 5 intended. The Jail has now purposefully created an artificial Hell where policies are deliberately made to violate all constitutional law. They house inmates in psych in order to control when they perform regular grooming and hygiene simply to effect the snapshot appearance of inmates that present brilliance as Black Prospects. Adversely, a competency Evaluation is required when an inmate is housed in that location so it is clear that classification is exploiting that loophole. Racism needs to end for the future sake of our country Because upon inspection of Mallory's signature on 12/21/21, Remanded to Summit, I pointed out 3 separate stamps used against him in the Clerk of Courts, showing the age of Mallory as the stamps were clearly his signatures as a young municipal court judge as everyone at the beginning of there career always tries to make those as legible as possible. Dr. April Sutton upon Being made aware of this Plus all of my Meticulous investigations, should have found me competent at Summit, but didn't because, as I was told by multiple staff members there, it is rigged. You have to pay to play!!! Mallory had to all in on the 4th of Jun 2022 to have me participate on Case No. 21CRB18033A-E as my own Counsel and as smart as they thought they were, they were all clueless as to what they were actually participating in, Kidnapping. CERTIFICATE OF SERVICE 5/13/23

I NduBuisi D. Ezech certify that a copy of this notice of Appeal will be sent to the opposing Counselor Mark Tierney of Hamilton County Pres. office or By Asst. Counsel ~~MIKE TRAPP~~ © .4

4/28/23

On 2:28 pm, I got off of a very heated and intense argument with John Kennedy the Supervisor of the felony portion of the Public Defenders office. He did not answer so I called the Pub Def. again then told them he did not answer so I asked to be transferred to the Appellate Division which I found out today 4/28/23 is handled through the same office by the same supervisor who did answer and was told to locate and send my articles of incarceration from 1/1/23 to current and the document I already told him about upon our phone conversation the day prior 4/27/23. He said at first that he did not know my appointed attorney Brian Smith and that he did not know anything about my appeals case until I gave him the number C2300119. then he still would not confirm I had an attorney on the case and stated that I have no attorney on my case and that my Appeal was journalized on March 16th which I did not know as I let him know then, Per Appellate Rule 30(A), I was not given notice of this at all in cell-7 North 21 1000 Sycamore St. Cin OH 45202. He acknowledged after I read him the journal entry from 3/31/23 that an appoint of a Brian Smith did occur and was journalized on that day; But he said he would not communicate with anybody that I asked him to talk to and get documents, antagonized me for wanting answers to help my dire life circumstances and was a complete jerk my entire relations with him. He also confirmed that he remember me talking to him on 2/23/23 when I told him I did not authorize Rich Feil III and wanted to have my own attorney.

## PROBATE DIVISION

## NOTICE OF APPEAL

M12022000012 started 01/07/22

Case No. M12022000044  
Court Never Had Jurisdiction!

In the case of Ndubuisi O. Eze Alleged to be Mentally Ill, Case created on January 19<sup>th</sup> 2022 under Vanessa Doyle.

In response to this allegation of mental illness, I have provided many valid arguments to prove the adverse but it seems as this court is not at all founded in legitimacy anyway. I came to this court under the direction of Municipal Court Justice Mr. Dwane Mallory as I was opposed to ever dealing with the illegitimate court clinic personal that are and have fabricated multiple evaluations that never occurred. The consequence of allowing corruption to fester in our Criminal Justice system is that Doctors like Gale Hellman, now, as I was told, the Head of Court Clinic, are allowed to even practice in the arena of psychological medicine. These people are dangerous. She has now done a total of 2 false EVAs on me beginning in the 2012 case 12CRB 836/A/B where Dr. Sherry Barker, then the Head of Court Clinic found me exceptionally competent and recommended I represent myself. Lisa Allen, a former Prosecutor, threatened that out and did not allow me my constitutional right to engage the court myself and appointed John Keller as my Attorney. He threatened me and told me then that I was never going to see a trial, they were just going to keep requesting competency evaluations. Gale Hellman around the 14<sup>th</sup> of May did an injustice to me by completely falsifying an evaluation that I refused to cooperate with, in front of then inmate deputy J. Oliver and I went back to my cell. I later learned that a whole report was generated from her which found me incompetent for the first time and sent to Summit Behavioral Health care, formally the Louis Center. I spoke to a Doctor Gilday at that time whom convinced me, a naive young man who has never been in such a circumstance, to sign my name on a piece of paper saying I was bipolar because according to her, they were unable to prescribe

~~XXXXXXXXXX~~  
 Me medicine unless I had an underlying illness. she also convinced me that without medicine, The judge would never believe I recovered so I agreed to something that would haunt me the rest of my life. I never took that medicine. Ever some of the Nurses would hand me the waste Basket to discard it cause they knew nothing was the matter with me. After 3 months of this nonsense and a couple of forced injections, I was found competent because I was, not due to medicinal injection. Since then, Dr. Gilday has married Mr. David Rose the Social worker there. Gale Hellman also change the records in 2016 under Her/ brant in 2016 in case No. C16CRB27975A/B. I filed something that through them for a loop then. Since then, Nicole Snowden has falsified 3 evaluations that I could prove ~~2~~ were completely concocted by her from sworn testimony from two Jail Deputies Petri and Click, whom are willing to swear no evaluation ever took place on the days she claimed. One By click literally coming to my cell with her and hearing me in front of her refuse the evaluation. All three sent me to summit where more Doctors like Casey-level lie about Evals that hadn't taken place. This is absurd to say the least. This present Probate case started with a clear violation of Dwane Mallory's orders to bring me to court on 1/4/22 and He had to call summit to have me chime in, into the discussion that occurred between Counsel in his chambers for case No. 21CRB18033A-E. Unbeknowst to Everyone at summit and apparently the Probate process, Mr. Mallory was so impressed with my court Etiquet and presentation in court that he allowed me, in open court on or about the 27th or 29th of October 2021, to Be my own lead Counsel and order then lead counsel ~~to be~~, Randson Audson to be my assistant attorney. Long story short, when Dr. April Sutton did exactly what everyone at summit told me she would do if I don't hire my own evaluator and found me incompetent, I already knew it did not matter as I would still have to stipulate on that conclusion, which I never would. The Hearing for stipulation was set and the final order was for January 25th 2021 and on the 7th of January 2021, Ralph Winkler's Probate court violated that order and moved me against my will to Probate Court and tortured me under Dr. Warren ~~Warren~~ and forced med's under Dr. Doyle's false claims. I will be seeking Damage!!

Money Balance BEFORE this sale \_\_\_\_\_ or just keep it

All of this information was known to everyone involved in this case and in the actual case jacket while I was being unlawfully kidnapped by the Summit Behavioral Healthcare staff. Although no one was initially aware of the legal ramifications behind the unlawful change of jurisdiction to PROBATE DIVISION of COMMON PLEAS, Micheal Mezher my forced attorney in PROBATE was made fully aware of this. This man never had authorization to do anything on my behalf. These courts never really get your permission to operate on your life; they have literally just been taking advantage of a true American whom believes in our unbreakable constitution that provides every available outlet or remedy at law when things of this nature arise. What I have come to realize is that people whom work in the areas and fields of law, intentionally create institutions with internal policies that prohibit the actual living person subjected to its vices, to act in a manner most favorable to their release. These systems have been structured to render the individual helpless; powerless to his own demise while they watch your life deplete. All my caseworkers at GCB have done nothing to aid me at all but have financially reaped the benefits of me being trapped by their system as they are all gainfully employed; funded by our governments Medicaid allotments, hemorrhaging money from wasteful government spending. This is a criminal racket and a scam on the American People! Micheal Mezher was not told to waive my trial in front of Ralph Winkler and he was only able to because I did not resist detainment. I was actually being kidnapped and felt it was my civil duty to witness how far our justice system was willing to ruin a man's life in order to conceal the truth. It's now been 11 years and missing out on the most precious moments in the rearing of my young children's lives. Mr. Mezher was never suppose to represent me and I am sure that Judge Ralph Winkler himself was behind the waiver as he tried at the beginning of my trial for MI2021000612, held on. I believe April 28<sup>th</sup>, 2021; in the false/staged Summit Behavioral court setting; instead of his official court room downtown, inside 230 East 9th street Cincinnati OHIO. As this is now a case of kidnapping I Ndubuisi O.A. of the Ezek family hereby moves this court to Apply CRIMINAL RULE 22 to the proceedings held in Judge Dwane Malbory's court then chambers on January 4<sup>th</sup>, 2022; duely the proceedings held April 28<sup>th</sup>, 2021 with the aid of Perry Anconna whom will confirm that he argued all of my points brought up to him upon our conferances at summit's facilities. Ralph Winkler should know how that Mr. Anconna won on just my points of argument. Before trial even began, he tried to influence the direction of my Counselor's presentation and arguments, in open court; as if he were practicing law from the Bench. He did this in front of various other justices and sheriff's departments as I was smart enough to alert the OHIO Supreme Court and Disciplinary Counsel about the possible scandal that was at this hearing. In his presiding of MI2021000612 and every other involvement with his court, I am charging his PROBATE DIVISION and court clerks, secretarial staff; including the Hamilton County clerk of courts, pre-trial services and sheriff's department with criminal conspiracy and a racket as they were all very well aware of the systemic and fraudulent transfers from criminal municipal jurisdictions, now currently felony Common Pleas criminal jurisdiction with case Number B23000670 → Appeal No. C23000119, to its Common Pleas civil jurisdiction. With all the violations that have been stated, including medical malpractice and mis conduct, adding to this all of the Respondant's criminal and civil handwritten filings, All criminal Rules SHOULD APPLY! Thank You All for your consideration. I would also like to add that the Hamilton County sheriff's are preventing me from pursuing my lawsuit. Litigation for Remedy for 20CRB24569A/B to MI2021000612 and torture has driven it up to the high TRillions of Dollars!!!

I, Ndubuisi Ezek certify, as I am being forced to write this again that a copy of this Notice of Appeal will be mailed to the opposing Counselors for the OHIO Mental Health Board at 2350 Auburn Ave in OH 45219 3/23/23 original date. 3/26/23 Obstruction Date (3)

PACKET SENT TO SUPREME COURT

I started on 2/23/23 asking for a razor as soon as 7:00am hit on 551-D-POD the first person I asked was Hayes at the door. He told me to wait a minute that they weren't doing it yet. I wait till 9:00am and around 9:30am I reach Public Defenders office and confirm whom is supervisor for felonies. I spoke to a Mike H. whom transferred me to the supervisor John Kennedy. The ~~phone~~ phone was a Google phone prescriber or an internet phone. I explained to him that I was told by sheriffs on social services requests to consult with my attorney to get my case numbers from Probate Court for 1/7/22 and 1/19/22, at first he didn't want to do it. but I reminded him that Richard Feil III, the attorney they forced on me and I never met before he did anything which was unofficial on my case, will not do it, and as I am in jail and need to file ~~my~~ things on those cases, someone has to do it. He was in court at the time and had to so he used his cell phone and looked them both up. He confirmed he did not find anything so I asked him about my T.P.O. case with mother of my kids back in 2017 and he gave me the case # C1700032. I asked for the judge and he said it was not listed. Then I asked why I have my bond in my property and am still being held because the sheriffs won't go do there jobs he did not have an answer. This is the first time I talked to him. I asked about recordings of Pub Defenders from jail calls and to have this conversation saved, he said they are not recorded. Phone call from 9:20am confirmed by Mike H. to End of call @ 9:35am. before I talked to Kennedy I again as they were handing out razors at the door by me as I was on the phone with Pub Def, I signal for a razor At D. Eastman, who for no reason said I could not get one. I was on phone getting transferred so I did not ask him why that was the case until I got off the phone. He later tells me that he would have to run around and look for me to get it back and kept procrastinating it. there were 3 deputies then, Hayes Eastman and a third I am unsure of ~~his~~ his name But from the very beginning of that day, I had taken ~~my~~ peanut butter packet off a tray that was a court tray and someone had smart words. I simply reply, "in Africa, we don't waste food and this inmate wanted to fight me because of that statement. I ask him have you been to Africa he said yes then he wanted me to go up to his cell in 41. and fight, I walked away from the situation and when he (1)

*Inmate Rocket from C-18 in south 21 was in this same pod as well as Malikai Holland that was in suicide watch with Aaron Orr in Cell 8 of N21-A-POD and he was in B and they both threatened me repeatedly by like they wanted to kill me!!*

ALL ORDERS ARE TO BE CHECKED IN THE FRONT OF THE COMMISSARY OFFICER and someone is clearly classifying me with them. OR at least attempting to from counselors Notes. of my Money Balance BEFORE this sale Interactions in N21-A-POD

ran up stairs to his room and waited there, I came back in front of the T.V. and sat down and played him no mind. The rest of the guys in the Pod said it was too early for that nonsense. I simply did not engage him at all and minded my own business. I had a little upset moment with the young guys I was playing dominoes with because they were laughing at my misfortune of having a very irritated face from all the hair over my ~~mouth~~ <sup>mouth</sup>.

But after I went to my room and realized they were young men and I should be wiser and went over and made amends with the young man I was mad at for a second cuz he was laughing but he said I was cool and that was that. We played dominoes and talked about a lot of stuff. I explained to them the conspiracy that was clearly going on in front of them and that the ex-inmate Rocket that got transported out was part of it too. One of them was cousins with Rocket and wanted to see his involvement, I ~~went~~ went to my room and got the notarized Bible out and documents and began to show them. They saw that his name was on there and what I said happened happened and they started to side with me clearly seeing a pattern as I explained more. Even a young white guy that went to school for his G.E.D. and wanted me to teach him some stuff wanted to know more so I went to their room as he invited me in and showed him in depth. Before the incident with Rocket's cousin happen which was just him saying "that's my cousin!" but when he saw everything I documented and analyzed my character he saw a clear conspiracy and at that point everyone was on my side. We all hung out joked, I played chess and noticed an attorney at the entrance of 5B. I ran talk to him about a card. He calls me to the door to explain my situation and said he can help and to call him after quite time. Before I could do that I was set up by all of those sheriffs to go back to psych. At first they threatened me with it as if I was going to be bullied for asking for a regular liberty as to showing your face, especially when they meticulously prohibited me through classifications from doing so my entire time in jail from 1/1/23 - 2/24/23 (2)

On February 19, 2023, I, Deputy D. Brewer was assigned as the LC Officer on L-51. Around 1630 hours, while the diabetic nurse was on post, I noticed inmate Holland, Malikai (1759198) pop out of cell 54 and run into the D-pod bottom tier shower. My partner, Deputy Eastman went into D-pod and placed Holland back into his cell without any issues. The South Building was under a Signal 23 at the time for short staffing, and Holland did not have permission to be out of his cell for any reason.

I am not the only person that noticed a conspiracy. My first cellmate Mr. Gibbs whom I just had to ride out to prison early that morning notice it with me my first moment in cell 43 with him as I explained my situation. He tried to help by secretly changing cells for me with a young boy that clearly needed my help and was willing to learn so I got moved to cell 56 with Jeffery whom I was teaching the beginning concepts of trigonometry and calculus for about an hour. Another young guy (white) saw and wanted to know what I knew and came to listen. Long story short, I got along with everyone in there but there one guy that want to fight me the entire time I was there over a dominoes game and even every body at the table told him to stop being petty, I chose to quit that game with him all together to avoid confrontation. He started it up the very next morning and was willing to miss court to fight, even though upon his return, it was confirmed that he was getting out. So as the Sheriff's saw no more people I would possibly get into it with after quite time and that everyone wanted to genuinely learn what I had to teach, they must have concocted a way internally to bring me back to psych and this can definitely be confirmed by everyone in that pod, including my friend Bosely that got out that day before quit time. These Papers are an attestation that the psych floor is involved in my placement in jail because the guys I had confrontations with in person on that floor with inmate Aaron ORR in cell 8 of N21-A was also there in 55-D as if someone was purposely trying to get me in major trouble. His Name Malikai Holland and Sgt. Shaw whom did not transport me downstairs, is on his write up sheet. He is also the person whom came up before Julie in psych and confirmed I would possibly get to shave. I told him I could use clippers cuz he offered but that I was already first on the list with D. Melser. at 7:00pm and that I am a perfectionist and wanted it very clean first with the razor. Next thing I know, Julie comes up and alot of lies are created just from wanting to shave. Also confirmed by Sgt. Porter is, Shaw is the guy whom was suppose to take me to N21-A-7 but he was scared. He was also the Sgt. on duty when I came

Incident Datetime: 02/20/23 21:45

Incident Location: CJC - S51

On February 20, 2023, I, Deputy Tegenkamp, was assigned as Housing Officer on L-51. At the beginning of my shift I locked in all of the inmates on lock in status and insured that all of the doors were secured. At approximately 2145, while securing the unit for quiet time, I noticed that inmate Holland, Malikai (1759198) was out of his cell. I informed him that he is a lock in and is not permitted out of his cell at this time. Holland was secured in his cell without incident. It should be noted that this inmate has multiple recent write ups for stealing commissary as well as fights with other inmates. Due to his recent discipline history, I believe Holland would be a good candidate for Administrative Segregation.

Sgt. Sturgeon notified.

Remember the date of the Probate hearing @ summit, you shot a whole video of your trip on foot to upull + pay ~~copy~~ and sent it to Allison of GCB also pulling the parts and your entire walk was videoed and sent to her. They provided off your son at childrens hospital was sent to her and your entire walk and bus ride there subpoena that from Cricket. that was exactly 2 weeks ~~days~~ before your arrest.

\*The only person I had a problem with was getting out before quit time that is why they moved me, they didn't want anyone hearing what I had to say!!

Proof I Had An Attorney to Consult with Had Sheriffs ever let me make A call or even get my Social service Request to make a call.

There is Also A Notary From Mrs; Karen Price which explains what really happened on a floor. They claimed I didn't get along with anyone But I have proof that they were trying to put me in trouble or harm's way but everyone there liked me and wanted to learn from me When the Sheriffs noticed that they fabricated Documents to move me to psych. The video on each floor will show my true character verses the lies perpetrated on paper by our own sworn officers,

Last Note, it was Because of Karen Price's non-Notary on time in 2021 Jan 6th that Nicole Snowden was able to lie. And she and the Sheriff Dept. are obstructing justice by Not doing Notaries anymore for me past the 28th of Feb also she said that Day she Couldn't make copies because they have purposefully kept my account negative and they have locked me in my cell since 3/6/23 when they made it difficult to attend that hearing to see the lies and how its done!!!

Richard Feil III was forced like Margret Stork of 21CRB18033A-E And Darren Barber of C21CRB14727 and someone is forging signatures on Waiver Because I am always trapped on N21-A-POD on psych floor and it can be confirmed by everyone on that floor including court clinic Rep. Cirra all counselors and deputies especially the Court Deputy J. Oliver whom upon seeing them do it for the first time ran and asked me if it was even legal since he knew I was well versed with law. I told him no on the first time they did it which was 2 years ago with 20CRB24569A/B to M12021000612 - which I won -

D. P. ROSE AS WITNESS  
N.E. 684am 3/29/23

@ 7:45 AM D. Brown saw this  
AND ALL 4 things I had to present

@ 9:01 AM I tried to explain to miss Julie about how long the Sheriff's dept. tried to keep envelopes from me from filing my Appeal. I then knew today is my Birth Day And I explain the notary and the fact they owe me a stamp and some money back because they tried to charge me with something I did not request I showed her the excess papers she asked Did I tell the Sheriff's, I said yeah, the day they did it on Thursday 3/30/23, Friday 31<sup>st</sup>, Saturday, Sunday, Monday and now Tuesday 4/4/23 the day of the scheduled for court And Mrs. EVE confirmed she put it in mail box because I did not trust Adams #708 who conveniently forgets stuff or plain ignorance when dealing with anything serious with me. She look at the Addressee and saw it was to clerks and OHIO Claims offices in Columbus and Appeals 230 East 9<sup>th</sup> St. and confirmed she put it in there. I had her read my new amount of \$667 TRILLION us notes And asked her about the lights being off I told her that they allowed cell-5 to push mountains of feces in front of my door and flood the cell ~~for~~ for 12 hrs on Thursday 3/30/23 when they tricked me with the receipt signing and a lot of copies I did not ask for I also did not get the main copies I asked for as it implicated her. She saw all of this including the fact that both me and Cell-5 want to be apart from each other and she said she will advocate for that. Mrs. EVE + Julie are now witnesses to the constant abuse of all of them towards me. Miss Shalla as well but she is on their side.

Request to  
make a

There is also a Notary from  
Mrs. Karen Price which  
explains what really happened  
on a floor. They claimed I  
didn't get along with anyone  
But I have proof that they  
were trying to put me in  
trouble or harm some way but  
everyone there liked me and  
wanted to learn from me  
When the sheriffs noticed  
they fabricated documents  
to move me to psych. The video  
on each floor will show my  
true character versus the lies  
perpetrated on paper by our

Nurse Shalla saw this notary and I told her shit  
was corrupt in here

@ 10:17am Miss Renea listens to part of my grievance about  
the Sheriff's obstructing justice and the fact I never trim my  
Beard. I mention what happened on Sunday 3/26/23 when  
they did it on purpose, I mentioned Money on Books and Being  
hungry, I asked why Lt. Timon was about to walk around  
and didn't and now she is back. I asked why she skipped  
A-POD on Monday and showed that it took 7 days and obstruction  
to not make the notary for court date rescheduled on 4/4/23

my Birth Day

All witnessed by D. Mathews who confirmed the Sunday  
with the juices and trying to get a cut with Medina, I asked  
if I could get a cut while the main guy who stops it is in the booth  
and doesn't stop it even though D. Mathews mentioned two  
lies they told him that are not true about my use of clippers  
and he knew they were lying about the juice.

she read the note on page # of proof of notary that needs  
to be sent to the courts and explained where M/2021000612  
law suit came from and why Miss Price did not Notarize  
it. I explained that I have been actively investigating the  
Sheriff's dept. and activity in here since 2012 and a lot  
more - she always says she going to come back but  
don't. I showed her my original Appeal that should have been filed on

3/9/23 but Sheriff's kept envelopes from me. created scenarios to never  
let me out of cell to speak to the Pub. Def since I think Feb 26<sup>th</sup> and  
the fact that Dalid witnessed Mrs. Price say I could not get copies  
because my account was negative

CLERK OF  
SUPREME COURT OF OHIO

I have suffered in the hands of our Penal justice system as a Black man in this Country for as long as I can remember. At first I did not know the procedures and Etiquets of law proceedings upon its onset, but through time and in trial and error; I learned what it takes to truly Defend your God given Name in the Officars Courts of Law. AS A Nigerian Origin Decemst~~er~~ whose was also Born in our great city of Cincinnati Ohio, I have had the privelege to experiance two worlds. One in the African Diasophora and the Past under a cruel Dictatur known as Babagindan in the early to late 80's and ~~an~~ A New One with the Aid of my Father, Nanyayobo Ezech whose help carve the advent of the New era of African Democracy and later became the federal Republic of Nigeria. I am an American citizen, Born in Cincinnati Ohio and at the mercy of this court and our states capital ~~as~~ as I have in the Past, Brought to the Supreme Court Disciplinary Counsel. my concerns of the happenings in the Judicial and criminal processes in Hamilton County Ohio. I am submitting this letter

NOTICE IS SENT BY ORDINARY MAIL TO ALL PARTIES REQUIRED BY LAW.  
Deputy: RICK HOFMANN  
PAVAN PARIKH - Clerk of Courts

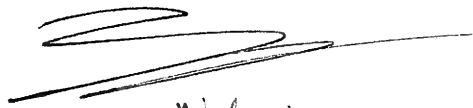

LEGAL MAIL  
OPEN IN THE PRESENCE OF THE INMATE

TO: US SUPREME COURT

Recieved in my Hands By Deputy Lester @ 6:10pm 4/10/23  
5 days later

As of today 4/16/23 The same Trio that torments me, D.S. Lester, D. Lusk, D. May had all day to let us out on an hour to take a shower and look at the kiosk to see about law stuff, or how to structure this Document to file with supreme court US. or The fact that I have hairs growing past my mouth and ingrown hairs hurting me and for about 4 months of incarceration, I have only been permitted to shave once. So I could look Mad!

This Assessment is thruth to The Best of my Recolections  
which is pretty Accurate and I was told By John Kennedy that  
They were not going to give me any Documents forcing hospitalization  
along with Susan Christian of Pre-trial Services and Tom Saues.  
The courts and Pros. + forced Attorney stipulate to a forced  
Hospitalization and medicine which make me suicidal and  
very unproductice as it cause a slew of confussion In the mind.
