perspective

What is the AI for Safer Children Initiative?

**UNITED ARAB EMIRATES
MINISTRY OF INTERIOR**

What is the AI for Safer Children initiative?

Seeks to support global law enforcement in exploring the positive potential of AI tools to combat child sexual exploitation and abuse online

ADVOCACY & NETWORK-BUILDING

Convene events with law enforcement, tech providers and related actors on AI and online child sexual abuse and exploitation.

THE AI FOR SAFER CHILDREN GLOBAL HUB

Develop an online platform, designed to support law enforcement in leveraging AI to combat online child sexual exploitation and abuse.

How will the initiative achieve this?

Seeks to support global law enforcement in exploring the positive potential of AI tools to combat child sexual exploitation and abuse online

ADVOCACY & NETWORKING

Convene events with law enforcement providers and related actors to address child sexual abuse and exploitation.

ETHICAL AND LEGAL PROCESS

Design and implement a strategy to ensure that the initiative is developed in line with all relevant ethical and legal principles and frameworks.

CHILDREN GLOBAL HUB

Develop an **online platform**, designed to support law enforcement in leveraging AI to combat child sexual exploitation and abuse.

WELCOME to the Global Hub to combat online child sexual exploitation and abuse

More than 30 years since the Convention on the Rights of the Child was adopted, children continue to have their rights violated on an ongoing basis. While the digital era has enabled unprecedented opportunities to realize children's rights, it has also intensified children's exposure to risks and harm, in particular the sexual abuse of children.

To help tackle this rising issue, this Global Hub was created to build the capacity of law enforcement agencies worldwide to leverage existing AI technology in combatting online child sexual exploitation and abuse.
