I carefully examined the instru-  
 ments of my solar compass today,  
 particularly the latitude and read-  
 ing apparatus, and found them  
 correct. Sept. 23<sup>rd</sup> 1851.

Louis Fullman.

## GENERAL DESCRIPTION.

The land in this Township is generally rolling. It is covered with a vegetation of Bunchgrass and Sagebrush; and <sup>with</sup> fine timber.

The soil is 3<sup>d</sup> rate.

Some portions of the Township are valuable for agricultural purposes and it is well adapted to grazing.

All the corners set by me under this contract were properly marked and marked according to instructions.
