**Notification of Alternate Brand Name For Ecology Works Insecticide  
EPA Reg. 67419-1**

This notification is consistent with the provisions of PR Notice 98-10 and the EPA's regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 USC Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

## DUST MITE CONTROL

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

#### 1) FOR USE AS SPRAY

| SPRAY APPLICATION MIXING DIRECTIONS |            |             |             |              |
|-------------------------------------|------------|-------------|-------------|--------------|
| Amount of Dustmite x                | 1/2 cup    | 1 cup       | 2 cups      | 10 cups      |
| Water                               | 1 quart    | 1/2 gal.    | 1 gal.      | 5 gal.       |
| Treatment Area                      | 50 sq. ft. | 100 sq. ft. | 200 sq. ft. | 1000 sq. ft. |

For control of dust mites & fleas in carpet, first vacuum or deep clean carpet in normal fashion. In a clean bucket, mix 1 cup of DUSTMITEX™ in 1/2 gallon of water & fill sprayer. Spray evenly to treat 100 sq. feet. A stiff brush or carpet rake will aid penetration on dense carpet pile.

Before treating furniture, bedding, mattress or drapes, vacuum thoroughly, then test small area to evaluate staining. When treating couches & chairs, remove cushions & vacuum, then spray all crevices & undersides. Allow to dry before replacing cushions. Spray all pet sleeping areas, including pet bedding. **Do Not Saturate.**

Avoid contact with treated surfaces until dry. Run clean water through sprayer to flush pump after use.

#### 1) USING A HOT-WATER VACUUM CARPET CLEANING MACHINE

| HOT WATER VAC APPLICATION MIXING DIRECTIONS |            |            |             |             |
|---|------------|------------|-------------|-------------|
| Amount of Dustmitex                         | 1/2 cup    | 1 cup      | 2 cups      | 10 cups     |
| Water                                       | 1/2 gal.   | 1 gal.     | 2 gal.      | 10 gal.     |
| Treatment Area                              | 25 sq. ft. | 50 sq. ft. | 100 sq. ft. | 500 sq. ft. |

For control of dust mites & fleas in carpet, in a clean bucket, mix 1 cup of DUSTMITEX™ with each gallon of carpet cleaning solution & hot tapwater (or plain hot tap water), then add solution to cleaning machine dispensing tank. Apply 1 gallon per 50 sq. ft. This process drives DUSTMITEX™ deep into the carpet & the vacuum draws out dust mite & flea eggs, dirt, body parts & excess solution (approximately half the amount of solution applied) into the recovery tank.

Before treating upholstery, bedding, mattress or drapes, vacuum thoroughly, then test small area to evaluate staining. Apply DUSTMITEX™ using the upholstery cleaning head. Treat all surfaces including underside of cushions & the wells of furniture. Allow to dry before replacing cushions. Run clean water through machine to flush spray pump after use.

### TREATMENT INTERVAL

DUSTMITEX™ is effective reducing dust mite & flea population densities 4-6 weeks after initial treatment. For dust mite &/or flea control do not apply more than once every 8 weeks.

### STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Store in a dry place. Do not store where children or animals may gain access. Rinse empty container 3 times and discard in trash collection.

### PRECAUTIONARY STATEMENTS (HAZARDS TO HUMANS & DOMESTIC ANIMALS)

Caution: Harmful if swallowed. Avoid contact with eyes. Wash thoroughly after handling. Avoid contamination of food & feed. Do not store where children or animals may gain access. Do not treat pets directly with this product.
